Summary

After Catra gives birth to Finn, she becomes depressed- feeling that Adora doesn't want her anymore.

It was a lengthy and painful process for Catra.

Adora held her hand the entire time as she pushed for *hours* upon hours, she let out harsh guttural screams as she prepared to bring Finn into the world. She was in labor for quite a while but it was so worth it, the pain and tears were worth it for when Adora and Catra heard Finn's voice for the first time. They were perfect. At least to the two snotty mothers who couldn't stop cooing at Finn for *weeks*!

Adora was absolutely wrapped around Finn's finger, she would do anything for them and was the perfect mother Catra could have ever imagined she'd be. Catra had her worries about being a mother herself, especially after being raised by Shadow Weaver of all people, but Adora reassured her multiple times that she would be amazing and that she had nothing to worry about. Adora truly was and is with her every step of the way.

But something that Catra wasn't prepared for was how much pregnancy would change her body.

She had always been lean and scrawny growing up, she was slightly underweight but not drastically. Not in a way that was of concern, and Catra preferred it that way. She liked being able to fit into small hiding spots that most others couldn't, the ability to climb with ease and to move quickly.

Now, those things are a challenge.

Even after 4 years of giving birth, Catra finds that her body just…isn't the same anymore. Her body isn't the same body from before that Adora was attracted to, she looked different. *Felt* different.

Catra would stand in front of the mirror and hyper focus on little features of her body that was transformed throughout the 9 months she carried.

She would focus on her face. She used to have a slimmer face, almost gaunt in a way but now her jawline was softer and her face more round. It gave her a softer appearance but it made Catra feel self conscious, this face *wasn't her*.

She had gained a curvier body, with a little extra weight around her lower stomach and thighs. Seemingly overnight, her breasts had grown as well and it gave her horrible back pain.

Of course, Catra joined Adora in workouts a couple months post partum, but she had never been able to get back to how she looked before. So even if Catra was technically fit and healthy, her body still looked different and Catra couldn't help but feel the emotional effects of that *hard*.

Adora and Catra had talked about this, about starting a family. Catra had brought it up first and Adora…it had taken a while for Adora to be comfortable with the idea of having a child with Catra. Not that she didn't want to, more so she was afraid. Afraid of their baby facing fear or situations similar to what she and Catra had to go through when they were younger. She was afraid of their baby getting hurt by…anything, really. Adora was afraid of not being able to protect them.

When Adora voiced these fears to Catra, Catra reminded her…

Etheria is *safe.* Horde Prime was gone for good and they have all of their friends to help them when they need it. Most importantly- they had each other. It was a *promise*. Catra was already determined to carry a baby by a unanimous choice of the two women.

Adora still had to be She-Ra and help the people of Etheria and do interplanetary-diplomatic missions as well, and…Adora wasn't too keen on the idea of being pregnant herself. She had

winced at the thought but Catra resolved that she herself wouldn't mind being pregnant.

So Catra stopped taking suppressants and on the apex of Catra's heats every month- they would try for a baby with She-Ra.

They knew that they would have to use She-Ra to get Catra knocked up *indefinitely,* She-Ra could transform the…'*equipment*' needed to impregnate her. It took a while but once Catra got the positive, it had dawned on them that this was *real*. They had talked about the process of pregnancy, how they would want to raise Finn, and most importantly- how this would effect their future in the long term. Raising a kid was a lot of work, lots of late nights and lots of changes to how they lived life before.

Catra giving birth was what made it all so paralyzingly real. Adora couldn't bear to see Catra in so much pain during labor. The recovery was tough but Catra took it like a champ and was so strong. She amazes Adora everyday.

Adora still had to be She-Ra and still had to go out and help different places of Etheria rebuild what was destroyed in the war and by Horde Prime nearly 8 years ago. She couldn't be with Catra and Finn 24/7 but Finn's reaction to Adora coming back home to Bright Moon was a spectacle almost. Everyone always watched Finn's reaction as they squealed and smiled wide as Adora rushed over to Catra, Finn and her friends.

When Catra physically recovered from giving birth, the two had begun having sex again, but there was a major reconstruction to their usual roles in bed. Catra would refuse to be taken care of and usually got Adora off first before pretending to be too sleepy to let Adora take care of *her.* The last thing Adora wants to do is do something Catra doesn't want, but…Adora missed making love to Catra and she missed seeing Catra *happy*. Sex wasn't as satisfying as before when it was clear that Catra wasn't comfortable. Which made Adora flinch when the thought appeared. *Did she do something wrong??*

So after a couple of months, they had stopped having sex as often (which resulted in *rarely*) and were focused on Finn.

Now, Finn is 4 almost 5 and they are Catra's favorite person in the whole entire world (sorry, Adora)

Bow and Glimmer actually had twins of their own a couple months before Finn was born, two girls named Estelle and Angela. And funny enough, Estelle, Angela, and Finn were thick as thieves and would have play dates everyday. Catra couldn't believe that this was real.

She has a *family*.

She is Adora's wife and the mother of their child. It still amazed her some days that this was her new reality. She wouldn't trade this newfound happiness for anything.

But…if everything is so perfect- why does Catra feel like…*this*?

Unwanted.

Unloveable.

Catra would find herself in front of the mirror every day and choose something new to focus on. She couldn't erase the feeling that she just wasn't desirable anymore. This body wasn't the one Adora loved to touch. And she hates it.

Adora knows that something is wrong.

She can feel it everyday. The way Catra's eyes crease and her body tenses when Adora asks her '*what's wrong?*'

Catra would say that she's fine. Simply fine before rolling over in bed, back facing Adora and the distance…so distant. Adora would lie on her back and stare at the ceiling, sighing to herself. *Please be ok, Catra*

She would wake up to an empty space beside her only to find Catra in front of the mirror, just like she was everyday since giving birth. Adora would groggily ask Catra to come back to bed since it was the early hours of the morning (so early that even *Adora herself* wouldn't be up at this time) but she would mutter something about wanting to get ready for the day or just leave. The Catra Adora knew would *never* pass up cuddles.

It all became a cycle. A never ending cycle and Adora couldn't help but feel depressed at the state of their relationship. She wanted Catra to be happy, to make her feel happy, but…she didn't know *how* to do that anymore. She didn't know what she was doing wrong. Adora wanted to believe that it would get better but if she were honest- they rarely got much time together as their workload began to pile up as the years went by.

Of course, they would still kiss and hold hands. They were still wives by all means, and they still loved each other just as fiercely as day one. Even so, Catra didn't seem to feel… comfortable around Adora anymore. All Adora wants is to hug her and tell her just how much she loves her. Show her. Tell her that everything will be ok. That everything *is* ok.

But she's beginning to loose hope.

That was…until she found Catra crying on the bathroom floor.

Finn was on a play date with Estelle and Angela so Adora had already expected Catra to be in their room while Bow and Glimmer helped baby sit Finn. She hadn't expected to come back to this, but she was by Catra's side in an instant.

"Catra? What's wrong? Are you hurt?" Adora asks, panicked and concerned. Catra shakes her head, wiping her tears with the back of her hand, "I'm fine.."

Adora tentatively reached to rub Catra's back in what she believed to be a soothing manner but Catra flinched at the touch which startled Adora.

Adora stutters, "S-sorry…"

Catra buries her head into her knees and hugs herself, "I don't want to feel this way.." her voice comes out muffled and raspy

Adora watches Catra, concerned, "Talk to me, please, Catra. I'm here for you, you know that."

Catra doesn't respond right away, which only serves to worry Adora even more. She leans back on her knees, giving Catra some time and space.

Catra sniffles, still hiding her face. "You don't want me."

Adora's eyes widen in shock at the absurd statement. "What?" Adora says, perplexed.

Catra picks up her head, her face tear stricken, "I don't-" Catra sighs, "I don't look the same anymore. My- I…- just *everything* looks off and I look horrible. You liked how I looked before but I don't look like that anymore. And I don't think I can. I don't want you to see me the way I am, I just want you to remember how I looked before and leave it at that. I want you to love me but I'm not…I don't feel loveable *like this*."

Adora almost couldn't believe what she was hearing. Catra is the most beautiful person Adora's ever known, the fact that Catra has been feeling this way for so long is what breaks Adora's heart. She never meant to make Catra believe that she wasn't wanted by her anymore. But still…the idea of Adora not ever being attracted to Catra is so ridiculous it almost makes her want to laugh.

"Catra…" Adora starts, Catra doesn't look at her, "I fell in love with you for *you*. I don't care how you look-"

Catra looks like she might cry again and Adora quickly changes her choice of words, realizing how that might sound, "No- I- What I mean is…You've always been beautiful, Catra. I've always loved how breathtaking you are, your eyes, your smile, *everything* about you drives me crazy. When we were enemies, I couldn't stop myself from going breathless at just the sight of you. You still do that to me, even now."

Catra still seems to be in her head a bit as she listens to Adora. Adora continues, “Catra- You gave birth to Finn, do you realize how *incredible* that is?? I don’t expect you to look one way or another, and I don’t want you to feel that you have to look a certain way for me. I love you for you. I love you because you are my wife, because you are *Catra*. That will never change.”

Catra looks at Adora with wide glossy eyes, she wipes her face. “You’re not just saying that, right? Do you mean that? Like- really mean it?”

Adora goes to hold Catra’s hand as she nods, “I do. I love you, Catra.”

Catra blushes and throws herself into Adora’s waiting arms, burying her face in the crook of Adora’s neck and Adora holds her just as tightly. “I love you, too, Adora..”

Adora chuckles slightly, almost to herself but it doesn’t go unnoticed by Catra. Catra pulls away from Adora slightly, “Why are you laughing?” She asks, slightly offended. Adora wipes her own eyes, calming her laughter a little, “It’s just..I don’t think there’s ever been a time where I *didn't* want you.”

Adora’s slight smile gets shadowed by a frown, and Catra moves to caress her face to comfort her. Adora cradles Catra’s hand to keep it there. “I know that…I know that I’ve been busy with rehabilitation efforts, and She-Ra and whatnot…and you’ve been here taking care of Finn and helping Glimmer as her advisor. I never meant to make you feel…”

Catra shifts to sit in Adora’s lap, she cuddles into Adora. “It’s not you, Adora, never was. It’s just me. I’ve just been in my dumb head for too long.”

Adora snorts, “I thought I was the ‘dumb’ one?”

”We can share that.” Catra says, eyes closed and enjoying Adora’s strong arms around her frame. They stay like that for a while, before Adora perks up. “Let’s go on a date.”

Catra raises an eyebrow, “What?”

”We can ask Glimmer and Bow to take care of Finn a little longer, right? Let's just have a night about you and me. Nothing else on our mind.” Adora says, looking down at Catra lovingly. Catra snickers, “Don’t let Finn hear you say that.”

“Oh, they’ll be fine! Besides, I haven’t taken you on a date since…” Adora’s eyes widen as she realizes just how long it’s been, “..since before Finn was born…”

Catra laughs at Adora’s dumbfounded face, “You don’t have to, Adora. I know you’re tired from the missions..I would know, I *am* the one who plans them…”

”I want to. I would do anything for you. You know that right?” Adora asks, genuinely. Catra blushes, she nods hesitantly.

Catra looks up at Adora, eyes hooded and so in love, almost dreamily. Adora smiles at her, soft and utterly infatuated, before leaning in. Catra leans in the rest of the way, almost eagerly, a small shudder goes through her body. She forgot how electrifying it was to kiss Adora like this. Passionate and slow. Adora lets out a pleased sigh against her lips as they deepen the kiss.

Catra wraps her arms around Adora's neck and Adora holds her waist, pulling her closer on her lap. Adora brings up a hand, cupping Catra's face. She coaxes Catra's jaw open as their tongues meet tentatively, it's warm and slippery, their tongues flicking against the other before locking and *sucking*. It was too much and too little at the same time.

Catra gasps as Adora possessively grips her tighter. When they pull away, Catra's pupils are blown out and her jaw is agape. Adora chuckles smugly at Catra's cute expression. Catra quickly digs her claws into Adora's shoulders, aroused, "Take me to bed." she says, no hesitation. If Adora were drinking water, she would have probably spit it out at how blunt Catra was.

"But- our date." Adora offers weakly, but what Catra has bestowed upon her was too enticing to resist. Catra puts a finger against Adora's lips, "Our date can wait, Adora. You haven't made love to me in forever, don't make me wait any longer."

Adora's shocked expression is quickly replaced with a flirty smirk and wiggling eyebrows, "Yes ma'am."

Adora hooks a hand under Catra's knees and an arm around the small of Catra's back. She lifts her with ease, Catra blushes. "I didn't think I would ever miss you carrying me everywhere, but here we are.."

Adora presses a kiss against Catra's temple, "I'll carry you whenever you want."

Catra lets out a squeaky laugh and holds on tightly as Adora practically skips towards their bed. Adora places her down gently and scrambles to get on top of her, the both of them giggly with how excited they were. Catra lets out a breathless laugh as Adora rushes to press loving kisses against her throat, she pants out a soft moan. She forgot just how much she missed this, she missed Adora's love.

Adora loves her. All of her. No matter what. Tears gather in the corner of Catra's eyes as Adora mouths at her neck and jawline.

Adora notices a stray tear and stops her fevered kissing to look at Catra, Adora looks at Catra with a worried glint in her eyes. She opens her mouth to say something, but before she can get a word out- Catra's legs wrap around Adora's waist, bringing her hips flush with Catra's. Simultaneously, she wraps her arms around Adora's neck, fingers locking together on Adora's nape. Adora can sense that Catra needs some comfort so she shifts slightly to rub a hand up and down Catra's side, gently. Gods, she missed touching her like this.

Catra's cheeks were a delightful shade of red, and Adora knows she, herself, is in a similar state of want. Catra speaks almost desperately,

"Tell me you want me."

Adora's eyes widen. Catra continues before she can regret the desperation in her voice, "That there's no one else but me. Please."

Adora's breath stutters, she looks at Catra like she hung the stars. "I want you, Catra. Always have. Always will. It's always been you for me."

Adora leans down to kiss Catra, and softly says, "Let me love you."

Catra squeezes her eyes shut as she sits up quickly, almost knocking into Adora, and throws her arms in the air. Signaling Adora to remove her shirt. Adora chuckles, "This is my old

shirt. Looks good on you."

Adora grabs the hem of the shirt and takes it off of Catra, slowly. Catra flushes red at being stripped by Adora after so long. Adora was completely surprised to see that Catra hadn't been wearing a bra, her jaw drops and her face goes red at the sight. Catra takes note of Adora's dumbfounded expression, Catra huffs teasingly, "I outgrew my old clothes. What did you expect?"

Adora leans down to press a kiss on the top of Catra's left breast, feeling her heart beat against her lips. She looks up at Catra, "You can wear my clothes all you want." Adora says genuinely, "I missed this so much…"

Adora reaches up to palm at Catra's breasts, squishing them against her face as she presses careful kisses onto both. Catra lets her head loll back as she lets out heavy pants at the praise Adora was giving her chest. Catra laughs breathlessly and responds, "I think I- *ah*.. might need to go to the tailors for new clothes, but thanks for the..offer.."

Adora looks up at Catra, her face between her soft mounds and smiles in a dorky manner, Catra rolls her eyes and laughs. She uses a hand to push Adora away from her chest, "I think that's enough teasing, Princess."

Adora makes a pouting face but it doesn't convince Catra. "Oh, yeah?" Adora asks, smug, eyebrows raised. Catra nods, smiling. She leans back on her elbows and lifts her legs as an invitation to remove her shorts. An invitation that Adora gladly takes. She makes sure that Catra's tail is comfortably removed from her shorts and underwear first before proceeding, the act making Catra purr with how attentive Adora was to her.

Adora haphazardly threw the two garments behind her, her gaze fixated on Catra's lower body. A shiver sparked through Catra's body as kept her legs closed, shy under Adora's loving eyes. It's been a while since they've done this..

Adora smiles at Catra, too sweetly considering what they are about to do.

Catra quickly reaches up to grab Adora by her jacket and flip them over- pinning Adora to the bed. Adora lets out a small yell at the unexpected turn of events. Catra slowly straddles Adora, running her hands over Adora's abs, using her claws to lightly trail sharp lines all over her. Adora can feel the heat from Catra's vagina on her hips, it made her heart beat faster.

Adora shudders with arousal. She licks her lips, feeling parched seeing Catra *like this*. Vulnerable and wanting.

They stay like this- Adora running her hands along Catra's waist and thighs, accompanied with buzzy purring. It was serene and comfortable. Catra was still shy about Adora looking at her like *this,* looking away from Adora's eyes to focus on something else.

Adora breaks the silence, "Catra…"

Catra leans forward to prop herself over Adora, one hand on the bed by Adora's head and the other trailing a teasing claw up and down Adora's sternum. "Quick question- Would you mind if I shred your clothes?"

Adora snorts out a laugh and almost hiccups at the end at the unexpected question, it's an ugly sound but it's so *Adora* and so *real* that Catra couldn't help but find it endearing. "At this rate, I think I'll let you do whatever you want."

Catra's face lights up, "Good to know."

She unsheathes her claws and hooks them at the top of Adora's jacket and white undershirt, and *rips* all the way to the hem of the apparel. Adora lets out a sharp gasp, she hadn't been expecting that.

They let the articles of clothing fall into tatters, unbothered. Catra hums as she does the same with Adora's sports bra, pants and boxers. Adora grips Catra's hips in an attempt to keep herself grounded. Catra didn't seem to mind at all. Catra sits back onto Adora's hips, and ogles Adora's strong form.

Adora was doing a weird thing called 'bulking' and Catra didn't know exactly what that meant but it whatever it was doing to Adora was definite eye candy. Adora is beautiful. So beautiful and perfect. Catra doesn't know how someone like Adora asked *her* to be her wife. Catra gets off of atop Adora and lays down by her side, Adora immediately misses Catra's warmth above her but is quick to wrap an arm around Catra's smaller frame and cradle her close.

Catra rests a hand against her sternum, content. Adora rubs Catra's back, hesitantly but with so much care behind the action. "Thank You, Adora.." Catra whispers. Adora rolls onto her side to face Catra, lips in a flirty sneer. "Why are you thanking me? I haven't done anything yet."

Catra huffs and rolls her eyes at the juvenile joke before continuing, "I mean…for loving me. Even when I wasn't easy to love. Thank you for staying by my side."

Adora stares at her, stunned. "I'm here, Catra. Don't thank me for that…ok? I'm yours and you're mine." Adora reaches for Catra's hand, and kisses her knuckles, "I always loved you before I even knew what love was. Loving you has always been easy. Loving you was all I ever wanted."

Catra's eyes grow misty as Adora's hesitant hand begins to trail between Catra's legs. Adora waits for Catra's approval.

Catra nods impatiently and Adora beams. Catra lets out a sharp gasp as she feels Adora's calloused fingers spread her lower furred lips apart, gently dipping the tips of her fingers into the slick from Catra's entrance and trails the substance to her clit, circling slowly before repeating the motion again and again and *again*. Catra's legs twitch, aching to trap Adora's never stilling hand.

Adora makes sure to coat her fingers with Catra's slick before pressing a single finger inside, wiggling slightly to stimulate Catra a little more, the heel of her hand rubbing against her clit. Catra lets out a strangled breath as Adora's finger slowly plunges in and out of her. In the stillness of the room, she can hear what Adora is doing to her. It's obscene and plentiful, a never ending symphony, *proof* of her body's want for more. She can feel her slick trail down her thigh and onto the bed. Soon enough, Adora adds a second finger and pulses against her inner wall, in the way she knows Catra likes, before pulling out and then thrusting back in and pulsing.

Catra grasps her shoulders, shuddering with every swirl of Adora's fingers inside of her. She's already so close..

But…she wants Adora to feel this too. She wants to share this pleasure with Adora.

"*Ah*- Adora- *wait*-" Catra says, reaching down to push Adora's hand away from her dripping center, her fingers slipping out with a wince. Adora quickly goes into 'worried wife' mode, "What's wrong? Did I hurt you??"

Catra shakes her head, still catching her breath, "No…no.." Catra swallows to soothe her dry throat, "I just…I want you to feel it too…I want-"

Catra squeezes her eyes shut, embarrassed by what she wants to request. But Adora understands almost immediately. "Do you want the…you know…*thing*?"

Catra nods, “The one where you feel it too. I like that one.”

Adora chortles, “So no She-Ra?”

Catra rolls onto her back as Adora kneels above her, “Not unless you wanna give Finn a new sibling.”

Adora goes red, “I- uhm..”

Catra laughs at Adora’s reaction, “Relax, I’m just teasing you. *But*- Finn is getting siblings at some point.”

Adora hums in agreement, leaning down to kiss Catra’s cheek. Adora quickly shuffles off their bed, not wanting to leave Catra alone a minute longer. Catra waits with her legs spread, claws kneading into the sheets.

Catra liked the raw intimacy of penetration, even if it didn’t always give her an orgasm. She just liked the feeling of being close to Adora most of all. Adora, on the other hand, didn’t really feel comfortable with penetration herself. It wasn’t something she liked, and Catra always respected that. Catra was always attentive to her needs and it went vice versa.

Adora quickly returned to Catra’s side with their toy in hand, Adora shyly smiled at her as she placed the toy on the bed and crawled up to Catra. Catra sits up and stuns Adora as she pushes her to lay down against the pillows, Adora raises an eyebrow and teases Catra. “Eager, are we?”

Catra scoffs, “Oh, shut up..”

Adora shrugs, “I mean- I’m just *sayi-*”

Before Adora could finish her sentence- Catra licks a stripe on her neck, before biting down and suckling. Her voice cracks at the sudden bite. Adora’s hands quickly seize hold on Catra’s waist, eyes shut tightly as Catra leans down to pepper kisses all over Adora’s torso. “Catra…you’re *killing me*…”

Catra gives a coy smile, “Is this ok?”

Adora lets out a pleased sigh, “Yeah…yeah…more than ok.”

Catra continues to kiss along Adora’s taut stomach, feeling the hard abdominal muscles beneath her lips. Adora crosses an arm behind her head, one hand going to rub behind Catra’s ears. Catra begins to purr as she finally reaches Adora’s center. Catra doesn’t waste any time as she swipes her tongue from her entrance to her clit. Adora tenses, letting out a deep groan as Catra repeats the maneuver.

“*Catra-“* Adora breathes out, lost in pleasure. Catra begins purring up a storm as she continues to pleasure Adora, she kneads her inner thighs as Adora grips the sheets and lets out a stuttered shout. Catra sucks Adora’s clit in her mouth, and drinks up whatever Adora has to offer her. Adora feels like she’s seeing stars.

It wasn’t long before Adora threw her head back against the pillow and bucked her hips into Catra’s mouth, a mind numbing orgasm making every part of her body warm and like jelly. Catra slowly brought Adora down from her high, leaving a small kiss on her pubic curls softly. Adora pants harshly, sweating and flushed. Catra hums as she crawls up to kiss

Adora's forehead. "That was *great…"* Adora says, utterly wiped.

Catra rolls her eyes, "You always say that. You finished pretty fast…"

Adora blushes, "…that was…*wow.*."

"Think you can show up that performance, Princess?" Catra teases Adora. Adora's eyes widen, before letting out a chuckle, "Oh, any day, Catra."

"Prove it." Catra says, almost in a brat like manner. Adora sits up and flips their position once again, watching as Catra snuggles into the warm spot Adora's body left behind. Catra seems content, purring as Adora reached for their toy, bedroom eyes following Adora's every move, it made Adora blush. She places the magical toy against her hips and lets it merge against herself. Adora gasps and steadies herself with a pant, the appendage becoming a part of her.

Catra's tail goes up to caress Adora's cheek, worried. "I'm fine, all good! It's just- *yeah*. Still a lot…" Adora says, trying to ease Catra's nerves. Catra holds her arms out, silently asking Adora to get on top. Adora's lips quirk up in a lopsided smile as she crawls up to Catra.

"Can you promise me something?" Catra softly asks. Adora places a sloppy kiss against Catra's forehead, prompting her to continue. "I want us to spend a little more time on *us*. I love Finn and I love our family, but I love you, too. I want us to still honor that. Doesn't always have to be sex- we can go on more dates, spend more time together. Just the two of us. I don't want to lose this, not again."

Adora feels her throat tighten, tears building in the inner corner of her eyes, "I promise Catra…and if I ever break that promise, you have my permission to kick my butt."

Catra lets out a squeaky giggle, “I’ll be sure to quote you on that.”

Adora chuckles nervously, she knows how strong Catra actually is, “I won’t forget.”

The toy against Adora is leaking, erect and aroused. It catches both of their attention as Adora lowers her hand to fist the newly added appendage, neck straining as she coats herself. Catra lets her legs spread, she was painfully wet at this point and more than ready. Adora leans on her forearms, using a single hand to guide the leaking head of the toy to Catra’s entrance. “Ready, Catra?” Adora asks.

Catra nods, shimmying a little more in the sheets to get into a more comfortable position. Adora leans down to kiss Catra, and Catra kisses her back. It’s broken off as Catra lets out a sharp gasp against Adora’s lips, the head of the penis beginning to breach her entrance. Adora hides her face in Catra’s shoulder, continuing to push in, as Catra grasps onto Adora’s back, claws drawn and pricking. Though, Adora doesn’t mind.

Catra can’t keep her eyes open as the discomfort of the initial penetration begins to taper off and make her legs feel floppy and warm, it’s rubbing her in all the right ways. Adora shakily exhales against her ear, overwhelmed with how *good* Catra felt wrapped around her like this. The toy was magical, which meant that Adora could feel everything as if it were her own.

They didn’t use the toy often but when Catra wanted the comfort of Adora’s body flushed against her completely, they would bring it out. It was definitely a favorite.

Adora’s hips jolts as she finally bottoms out, a small sound of skin hitting fur echoing slightly. Catra’s back arches, heart beating faster by the second. The tip of the penis twitching against her walls, deep and satisfying.

Adora lets her body go limp on top of Catra, the two letting out breathless laughs as they enjoy the intimacy. Catra shakily wraps her legs around Adora's hips, she flexes her ankles and *squeezes,* bringing Adora's hips into her own suddenly. Adora grunts as Catra's inner walls ripple and sucks her in deeper. Adora felt like she was about to finish right then and there, and 'coincidentally' Adora feels Catra's inner walls pulse repeatedly, Adora heaves. "*Catra*…" she says, knowing that Catra was deliberately bearing down on her at this point. Her voice muffled by the pillow beneath Catra's head.

Catra feigns innocence, "*What?* I'm not doing anything.."

Adora picks up her head to glare at Catra, partially annoyed, "You always say that.."

Catra tries to move her hips up and down on the mattress, wanting Adora to start. "You gonna keep me waiting, Adora, or do I have to do *everything* myself?"

Adora rolls her eyes, "Needy.."

She pulls out, slowly as to not overwhelm Catra, and pushes back in. There's resistance as Catra's abundant slick pools out from her entrance and makes it easier for Adora as she pulls out again only to push in again, quicker and fevered. Catra bites her lip, excited as Adora begins to ramp up in speed and force. The two make eye contact as Adora snaps her hips against Catra's harder, *faster-*

"Y-yeah…just like that, *Adora*!" Catra says, hips grinding every time Adora bottoms out. Adora's heart beats faster at the praise, and continues to jackhammer in and out of her smaller lover.

Catra arches her back with a whine as Adora continues to bear down on her. There's a mix of stinging pain and pleasure inside of her, but it's addicting. Something that she craves, something that she *needs*.

It feels real. Raw and real.

Adora is panting above her, grunting lowly every time she thrusts in, relishing in Catra's echoing cries. The distant pain and the drowning pleasure is physical proof that Adora loves her. That Adora needs her just as much. That Adora *wants* her.

Catra sobs as Adora changes her angle to continuously plow against her inner wall behind her clit. It sends pressure to her clit, throbbing with never ending pulses. Catra gyrates against Adora as Adora props herself above her, "Catra- I- I'm so close..*so close*.."

Catra nods, "Me too…*please!"*

Adora quickly reaches down to rub at Catra's clit and it becomes the breaking point. Catra lets out a strangled moan as Adora's hips stutter, her thrusting becoming sloppy. There's a warm splash of Adora's cum inside of her, it wasn't as much as She-Ra but it was enough to push Catra over the edge again as Adora rides out their mutual orgasm. Their hips rock together, the pressure slowly ebbing as Catra's tense form falls limp on the bed.

Adora has stray hairs from her pony tail sticking onto her face, she's flushed all the way down to the tips of her shoulders. Spent and satisfied. Catra lets her legs fall from Adora's hips as Adora pulls out carefully and sets the toy aside.

Adora flops down by Catra, jostling her a bit, though Catra doesn't seem to mind as she cuddles into Adora's side, purring.

“You ok, Catra?” Adora runs a hand through Catra’s long hair. It was able to grow back pretty quickly and was just as wild as ever. Catra clears her rough throat, “More than ok…”

Catra picks up her head to meet Adora in a chaste kiss before resting her head on Adora’s shoulder once more. They stay like that for a while, their sweaty bodies huddled up in each other’s warmth. Catra’s purr stutters out as she begins to worry once more about her appearance in Adora’s eyes. The two get dressed and get Finn from their play date.

Finn rushes into the room in the early morning, full of energy and eccentric, they clamber up to the bed and jump up and down in an attempt to wake their mothers. “Mama! Mommy! Get up, get up!!”

Catra blinks the sleepiness from her eyes, giggling as Finn jumps into her arms. “Mommy!” Finn coos, purring as they begin to scent mark Catra. “Good morning, Finnie” Catra says, pressing a kiss against Finn’s wild hair.

Adora sits up and stretches, wrapping her arms around both Finn and Catra. “Whoa, Finn! You’re full of energy this morning!” Adora giggles out. Finn wraps their arms around Adora’s neck and the two wrestle slightly and Finn presses a kiss on Adora’s cheek, purring and energetic.

Catra smiles at the sight, shuffling off the bed to stand in front of the mirror, just like she did everyday as Finn and Adora played on their bed.

Before Catra could even contemplate, something on the mirror caught her eye.

There were red hearts on the mirror, adorning the glass from top to bottom.

And there was a little note pasted on the side of the mirror.

‘Always Beautiful’

it had a small (poorly drawn) doodle of Adora, Catra and Finn- with extra hearts around Catra.

Catra felt her chest warm up as Adora hugged her from behind, Finn joining the hug as well. “I love you, Catra.”

Catra turns in Adora’s arms and hugs her back, voice strained from unfallen tears. “Love you too, dummy..”

Finn climbs up into Adora’s arms as the small family embrace each other.
