Adora heaved a huge sigh and put down their spoon. The ice cream could wait.

It had been a days hoot, it had been a week really . Work had been chaotic and frustrating and they had been looking forward to a quiet simple night with their wife. Their wife who had been picking at every little thing, from the inconsistent sizes of the potatoes Adora had cut as part of their dinner to how much sweet tea they had poured in their glass. Some of that was just Catra, and normally Adora let their wife's sharper edges roll off. But after that last remark, cutting into how wide Adora's mouth opened when they took a bite of their ice cream, enough was enough.

"Someone' s feeling a little bratty tonight," It took considerable control to make sure their voice stayed light and even, to make certain to not incite the situation, but Adora had a feeling that them being in control was key here.

Catra's ears went flat, but Adora saw the corner of her mouth twitch upwards for just a second and her eyes soften with a mischievous glint.

"I dont know what you mean." Catra chirped back.

"Sure, you dont.. Not at all like you're looking for a little attention."

Catra took a sip of her tea, tail beginning to flick at the end. But she didnt respond. t was enough of a green light to press forward.

"After all, you normally like what Ido with my mouth."

"Dummy ," Catra said with a scof f, but no longer were her ears pressed down against her head and Adora could see her tail swaying low and slowly behind her. Still all good signs. "I shouldnt have to watch you eat like a cow."

"Fair point," Adora pushed their bowl away and raised their arms up, stretching. t was a bit exaggerated, but they knew how much their wife enjoyed the muscles along their arms and shoulders. And Adora liked showing off. "Guess that settles it then."

"Settles what?"

"I'll have something else for dessert," Adora' s voice dropped low, their gaze pointedly dropping towards their wife' s chest. "Something even more delicious than ice cream."

"A wful confident, arent we?" Especially with that line." Catra rolled her eyes, dismissively, but maybe readjusted in her seat, eyes brightening at the deep tone.

"I like my odds." Adora smirked, "Upstairs, Cat?"

Catra paused, ears dropping again. Mumbles, "You've had a shit day."

Adora nodded, "I did. But it might be nice to think about something else ya know." Their voice took more of an authoritative tone. "What is it that YOU want?"

Catra looked away and bit her bottom lip, her cheeks turning rosy. She murmured something under her breath.

"Ahh" said Adora in dawning realization. "Someone wants to have a bit of control taken away tonight?"

Catra whimpered in response.

Then she lifted her face and looked at Adora. Her eyes softened. She wrung her hands in her lap and spoke.

"I understand if it's been a hard week and you would rather not play tonight. I just want you." she whispered tentatively.

"I see," said Adora with a smile. "It has been a long week, but perhaps this is just what I need." She patted her lap. "But, I'm gonna make you tell me what you want first. In full detail."

Catra visibly gulped. That had not been the plan at all. The PLAN had been to drive Adora into a state where spankings were given without having to ask for them. Actually having to tell her handsome spouse what she wanted was not her favorite thing. She crawled into their lap and wrapped her tail around their leg, placing a hand on Adora's thick bicep.

"Could I uhh just prep the room while you finish your ice cream and then you would know?"

Adora considered it. They looked into their wife's eyes and nodded. "If that's easier. I will let you get away with it this time." She paused. "BUT," she said louder. "Now you're going to be a good girl aren't you?"

Catra nodded swiftly and gave her beloved a kiss on the cheek before taking off to the bedroom.

Adora sighed happily and tried to guess what Catra would lay out on the bed. The paddle for sure. Handcuffs seemed likely. And the strap was a given. An hour ago, they would have said they were too tired to play tonight but now?

Adora found their second wind and strolled up to the bedroom to find out what their wife had been craving this evening. This was going to be fun.
