Adora is a Good Little Soldier

by softhoneybun

Summary

Adora is a good little soldier, as always. And Catra takes full advantage.

OR

Catra kidnaps Bow and Glimmer and Adora has to do what Catra says to get them released...

Notes

lol yeah, basically this is a lesbian smut fic. Mild spoilers for season four. It is not well-edited so sorry about that. It's mostly dialogue but I'll fix that at some point.

Warning: squirting/piss kink ahead. Proceed with caution.

Also, is it just me or do you think Catra would curse A LOT if she was allowed to?

Catra tugged Adora's head back harshly, causing Adora to wince and tears to spring up. "A w, look. Is the great hero going to cry?"

"Catra, let me go."

"I dont want to," she snarled with a grin, gripping Adora' s chin rough enough to draw blood with her claws, "and now , I get what I want. I take what I want. Like you always did."

"Like I always-" Adora' s face contorted into confusion, distracting from her anger for a brief moment. Then Catra hissed slightly and tightened her grip.

"Ah, ah, ah. Y ou've talked enough. Now , you're going to listen and obey. Be the good soldier you always wanted to be. If you speak, Ill just make this even harder on you. Got it, princess?" Catra' s voice turned even more venomous with the last word. It reminded her of why she had to do this. It reminded her why she needed to win.

"Catra-" Adora started but was stopped in her tracks when Catra slammed her to the ground, straddling her;a clawed hand still digging into Adora's jaw.

"Man, you're even more stupid than I thought! I just told you. Dont speak another fucking word until I tell you that you can. For such a good soldier, I thought you'd be able to follow orders better. Guess I was wrong. Have you really already forgotten all your training? Pathetic."

Catra paused, waiting to see if Adora would speak out again. To her surprise, Adora pursed her lips tightly and just stared up at Catra with a stoic look. "Do you remember when we were younger and you asked me if you could call me Force Captain?" Catra laughed mockingly but her cackle lasted just a moment too long and Adora could tell it was Catra's mean laugh. The laugh she used when she wanted to pretend she was in control. The laugh she used when she was emotional and pretending not to be.

Adora bit her tongue to harness the snide comment that she wanted desperately to share. She ground her teeth and looked away. She could be the bigger person here. Catra was clearly just trying to get a rise out of her and she couldn't give that to her . . . but until that is, Catra said, "Oh man! You made that same stupid face back then too! You were sooo embarrassed about wanting me to boss you around."

"Yeah, and you laughed at me! Just like you are now . Why do you have to be so mean?" Adora fumed, feeling tears of frustration and past hurt spring to the surface.

"Oh Come On! You liked it back then and you like it now! Even after everything I've done to you," She cooed, "And oops! Looks like you broke the only rule. again." Adora thought that maybe Catra was just making threats to annoy her or just because it was fun because let's face it - Catra enjoyed getting under Adora's skin. But then Catra's eyes darkened as she pulled out some kind of device.

"I guess you need some extra motivation to be obedient, huh?" Then she spoke into the device, "Scorpia, you got them?"

"Oh hey , yeah! Uh, I can confirm! The mission was definitely a success! Do you need-"

"Put them on."

"Adora! Adora!" Bow's frantic voice filled the air and Adora's face filled with horror, "Bow! Bow , are you okay?"

"Adora, Catra's just using us to get what she wants from you, don't listen to her!" Glimmer 's voice came in and Adora leaped up, ready to fight again.

"Catra, let them go!"

"Oh, Adora," She clucked her tongue in mocking sympathy . "I'm going to! Like I want your pathetic sparkly princess and weeping friend to be anywhere near me. They're just. . . bargaining chips. You

do what I say, and follow the rules, and Ill let them go!And if you dont.well, Im sure I dont need to tell you what would happen then."Adora' s shoulders sagged in defeat. She nodded.

"V ery good,"Catra purred, walking slowly back over to Adora.

"Now , are you going to be good for me, soldier?"Catra' s voice took on an unexpectedly serious and authoritative tone;the tone of a captain giving strict orders. Adora's belly twisted with a long-lost sensation.

"Y es, Force Captain!"Her voice came out firm and sure. Catra was right. She had been a good soldier and still knew how to be one. For Glimmer and Bow, she could swallow her pride and be what Catra wanted her to be.

"Good girl,"Catra purred again, and again, Adora felt something she hadnt known she would ever feel again. This feeling was warm and softer. Sweeter, but laced with shame.
"Cat-Force Captain. What.what should I do?"

"Kneel."

And so, Adora did what she did best and also what she did worst;as she was told. Catra grabbed her by the hair anyway, yanking her forward onto her hands. "Stay here."Catra walked over to the chair in the corner of the room and dragged it noisily across the ground. Always one for the dramatics. Adora resisted the temptation to snort out a laugh. Barely. She ended up having to hide it behind a cough.

"What, something funny , princess?"

Adora's spine stiffened at the nickname, "No, Force Captain. Im sorry."

"Good. W ell, since that's the case Im just going to sit here for a minute. It's so exhausting keeping you in line."With that, Catra placed the chair about a foot away from Adora's left side and

plopped into it with an exaggerated huff. Then she crossed her feet onto Adora's mid-back. As though Adora, the most powerful princess in all of Etheria, was a fucking footrest. Like Adora existed only to be her furniture. It was humiliating and absurd.

Adora hung her head and closed her eyes, willing Catra to just be done playing around already. She knew Catra was power-hungry and mean but why did she have to make this so intimate and personal? Why couldn't she just fight Adora like a normal enemy? Without her sword, Catra could land more blows and overpower her more easily. Why did this have to be so psychological?

"Just do it for Glimmer," Adora muttered to herself, not intending for Catra to hear. But Catra's ears twitched and she growled, kicking Adora onto her side before pouncing on her again.
"What do I have to do for you to pay attention to me!?" Catra had the slightest hint of tears in her eyes. Adora had hurt her feelings by focusing on Glimmer when Catra finally had Adora to herself.

"Force Captain, I'm sorry!" Adora tried to appease her but then Catra had a clawed hand around her throat, cutting off anything else she had planned to say. Adora made some kind of sound like a whine and that was new. Catra tightened her grip and noticed how rigid Adora's body got. Adora always fought back. Had Catra crossed a line?
She let go, "Oh god, are you okay, Adora?"

Adora's breathing was fast and her face was all red, she looked up at Catra with wide eyes, "Woah. You've uh, never done that before." She weakly tried to make a joke of it but Catra could tell the princess was flustered beyond belief.

Catra laughed, "Aw, did you like that? You're such a freak." But now that it was clear Adora wasn't horribly injured or appalled, Catra wanted to experiment. She wrapped her hand around Adora's throat again but didn't apply pressure and watched carefully as Adora gasped slightly and closed her eyes, expecting the same treatment

as before. It was more submissive than anything Catra had seen her do before. Catra was invigorated.

"Tell me, Adora, how does it feel? Do you like having me being the only thing between being able to breathe or not?" She applied a slight bit of pressure but was careful to allow enough air that Adora could give a verbal response.

"Yes, Force Captain." And she did. She felt like lightning was sailing through her bloodstream, up and down her arms.

"Fuck," Catra breathed out, and all at once, gave in to her temptation. She kissed Adora hungrily and when Adora kissed back just as fervently, her tail flicked excitedly.

Adora giggled a little, making Catra insecure. "What?" She snapped harshly as she pulled away.

"I just forgot that your tail does that when we kiss. It's cute." A small smile graced Adora's face and Catra blushed and hissed.

"I'm NOT cute. And you're one to talk. You're the one who likes me being on top. How embarrassing is that? Anddd you like this." Catra tightened her grip again, reveling in how Adora's face and body immediately contorted into a tantalizing display of desperation.

"Ca-Catra." Adora's cheeks were red and her eyes were half rolled back and it was so delicious that Catra momentarily forgot about the rules she put in place.

"What do you want? Tell me, soldier."

"You, please."

"Gooood girl," Catra drawled quietly and retracted her claws so she could tease Adora between her legs. "Jesus, Adora. You're fucking soaking. Just from this. Has it been a while?

Adora couldn't even form a response, just started grinding into Catra's touch. Catra rubbed her finger along Adora's clit and purred at the way her legs shook from it.
Finally, she had had her fill of playing and slipped two fingers in roughly, knowing Adora liked a little pain.

"Oh god, yes! Force Captain!" Adora moaned out and Catra got nervous for a second that Scorpia might hear. So she clamped her hand tight around her ex-lover's throat as she sped up.
"Don't want them hearing you, now do we? Your sounds are just for me, princess."

Adora's legs trembled faster and Catra could tell from the tightening of her belly that she must be nearing her climax already. But Catra wasn't ready for this to end quite yet.
"Ah, ah, ah. You're not just going to be a pillow princess today," she laughed, halting her hand.

Adora whined but halted her hips. Ever the obedient one. It was something Catra had always both loved and hated. "Good girl." Catra pulled out slowly and made a big show of licking her fingers clean which made Adora blush even more.

"What should I do now, Force Captain?" she whispered.

"Make me cum, Princess," Catra grinned, sliding up to straddle Adora's sweet face. Adora immediately started licking broad strokes across Catra's damp underwear, nuzzling closer and moaning against her clit.

"Fuck, Adora," Catra moaned and wrapped her hand into her hair, making a fist. She pulled her closer and Adora complied, letting Catra use her for her pleasure. Catra stood swiftly and Adora hated how desperate her whine sounded.

"Oh be quiet, will you? I'm just taking these off." Catra slid her panties onto the floor next to Adora's head and knelt back down, hovering just slightly over Adora's lips. "Say please."

"Please, Force Captain. Let me taste you."And that was all the encouragement Catra needed. Soon she was placing all her weight onto the blonde's face, not caring if she could breathe or not. Adora sucked and licked and moaned like it was what she was built to do and Catra wasnt convinced she wasnt.

Then, Adora nibbled gently on her clit and stroked her tail from its base to tip and that was it. Catra threw her head back with her mouth wide open and came rutting into Adora's hot mouth.
When her orgasm subsided, she released Adora and looked down at the most beautiful sight she'd ever seen. Adora was red and panting, covered in drool and cum. Her hair was disheveled and her eyes were glassy.

"Y ou look like an absolute mess,"Catra laughed.

"Gee I wonder why ,"Adora quipped back but was still deeply out of breath. Catra leaned down and kissed her sloppily, loving the string of spit that hung between their open mouths when she pulled away.

"Now , I think you deserve a reward, huh?"

Adora's eyes lit up and Catra smirked, returning her hand to Adora's now dripping cunt. "Fuck, seemed like you really enjoyed that didnt you?"

"Y es, Force Captain,"Adora gasped, closing her eyes.

"Look at me."Catra stopped her movements until Adora met her gaze.

"I want you to look at me until I make you cum, got it?"

"Y es, ma'am."

"Good girl."Catra fucked her at a torturously slow pace, scooting back so she could lick at her clit while maintaining eye contact.

"Fuck, Catra! I think I'm going to-" Adora arched her back and suddenly she was squirting all over Catra's hand with a shrill scream.

"Oh my god!" Catra laughed. She removed her fingers and wiped her hand on Adora's cheek.

"Look at you! Have you ever done that before?" She couldn't hide the amazement in her voice.

"N-no." Adora's voice was trembling and there was something in her tone. Shame, maybe?

Catra softened for a second. "Hey . That was really amazing, princess. You're such a good girl for me."

Adora blushed more and Catra got a towel for her to clean up with. "Now come on, wipe yourself up. You're a wreck." Suddenly Catra couldn't meet her eyes anymore.

"Thanks, Catra."

"Whatever . It's not because I like you. I just don't want the others to see you like this."

Adora smiled. "Uh-huh, sure." She kissed Catra's shoulder tenderly and said, "I missed this."

"Me too."

"If you came to Bright Moon with me things could always be like this."

Catra stiffened. "Come to Bright Moon? Are you kidding me? What, because I fucked you you think I'm going to give up everything I've been working for?"

"Catra-"

"Enough!" Catra yelled. "How stupid are you? We're enemies, Adora. You left," her voice shook on the last words and she hated herself for it. She let herself be weak for a moment and that was a mistake. "Get dressed. Ill have Scorpia get your sword." With that, Catra stood up, walked over to the exit, and slammed the door behind her. A few minutes later, Scorpia arrived with her sword as promised.

"U..I dont know why she's giving this back to you. Kinda seems like the opposite of what we have been trying to do but orders are orders"…
Adora said nothing and so Scorpia set the sword down awkwardly and left. She knew it was just another power move from Catra. Letting her walk free with her weapon after all this. It was just another game.

"Catra!"

Catra slunk back into the room, cold as ever. Like nothing had happened. "You're free to go, princess." All the hostility was back in her voice.

"Fine. But what I said still stands. You're always welcome in the alliance."

"Yeah, whatever."

"Now what about your end of the bargain? Release Bow and Glimmer." Adora's voice was firm.

"Oh, Adora." Catra's voice dripped with sugar-sweet malice, a wide smile growing on her face as she took one last blow against her opponent's pride.
Adora looked expectantly at her devious rival. "I dont know how to tell you this. Those voices you heard? They werent Bow and Glimmer. That was Double Trouble. But it's been fun deceiving you again. And with the same trick, no less. You really do amaze me."

And before Adora could say a thing, Catra was gone. For good this time.
