No. No they will NOT go well.

Notes

HO BOY!Pay attention to the tags and warnings please!

Ihad a dumb idea that wouldn't rest, so Ishredded this out over about three hours. Three, unrepentantly horny hours.

Comments are, as always, greatly appreciated!

See the end of the work for more notes

“Alright Entrapta, what’ve you got this time?” Catra asked, folding her arms and staring at the inventor. It was strange to see Entrapta in her own lab again, she spent most of her time in Hordak’s sanctum these days.

“Well! Remember the murder virus from a few weeks ago?” Entrapta said excitedly. “The one that drove She-Ra berserk?”

“You mean the one that almost got us killed?” Scorpia interjected. “Oh yeah, I remember.”

“Good!” Entrapta smiled. “I was able to recreate the virus using data fragments and operational logs from previously infected systems!”

“Why would you do that?” Scorpia asked worriedly.

“Why wouldn’t I?” Entrapta replied, confused.

“So, are we in danger?” Catra asked. “Because the last time that virus got loose, it didn’t end well.”

“Oh, we’re perfectly safe!” Entrapta assured her. “I was able to recreate the virus and its effects, but not its transmission vectors. It’s

presently isolated to a single device, and cant spread unless I deliberately infect another system."

Huh. That could *actually* be useful! "Another system. Like She-Ra's sword?" Catra asked, grinning evilly.

"Easily!" Entrapta nodded. "Here, I'll whip something up!"

As Entrapta tinkered away, Scorpia pulled Catra aside. "Uh, Catra, are you sure this is a good idea?"

"What? We have another chance to get She-Ra as our own pet berserker, and this time without the death worms! What's the downside here?" Catra huffed.

"She-Ra almost killed you last time." Scorpia said flatly.

Catra rolled her eyes. "*Please*, I had her handled!"

"No, *I* had her handled, when I tackled her sword out of her hand." Scorpia grumbled. "Look, I'm just worried you'll get hurt again."

"So I'll bring backup!" Catra shrugged.

"Here you go." Entrapta handed Catra an ominously glowing ring of red crystal and metal. "Just attach that to She-Ra's sword, and it'll infect it."

"Look, wildcat, if this is really the same virus as before-"

"Oh, it's not the *exact* same virus." Entrapta interrupted Scorpia, "The original virus was lost when you broke the disc. But! My recreation had the same effects on my bots when I tested it out, so it *should* have the same effect on She-Ra as the original. I think."

"'I think' is *not* encouraging!" Scorpia said.

"Scorpia, why are you being so weird about this?" Catra sneered. "Just grab Lonnie Kyle and Rogelio and let's get ready to *finally* capture She-Ra!" She smirked. "This is gonna be fun!"

Baiting Adora out into the open was as easy as ever. Her instinct to save everyone made her *so* predictable. They drew her into the whispering woods, for an easy ambush and extraction. Catra had hardly finished her 'hey Adora' before the first opportunity to attach Entrapta's virus ring presented itself. Catra deftly slipped the device onto the hilt of the sword and waited for Entrapta's tech to work its magic.

Except..something was wrong..dif ferent. Instead of shaking and yelling like a psycho, Adora was..laughing? "Uhh, Entrapta? What gives?" Catra asked into her comm.

"We lost the signal." Scorpia's voice said in her earpiece, "Don't worry, I'll get her back on the line."

Adora suddenly bounded towards Catra, her eyes glowing a dangerous red. "Hey Catra." She smirked. "You know, I'm not sure what you did to me." She grabbed Catra by the collar of her jumpsuit, faster than Catra had ever seen her move, faster than she could react. "But I *like* it!" She laughed cruelly. "All those silly things like holding back' and 'self control', they just seem so..unimportant right now!" She pinned Catra to a tree, like she weighed nothing.

"Uhh, Adora, what are you-" Catra couldn't even finish her sentence before Adora was pressing her into a kiss, pinned between her grip and the rough tree trunk at her back, Catra couldn't pull away or wiggle free, all she could do was press and claw at She-Ra's unyielding form as Adora's tongue roughly forced its way into her mouth. Eventually, after *far* too long, Adora pulled away. "What the fuck!?" Catra asked, panting.

"You know what *does* seem important right now?" Adora asked, ignoring Catra's yelling. She brought her face just millimeters from Catra's, and Catra half worried half hoped that Adora would kiss her again. "You're hot, kitten. *That's* what's important." She smirked. "And I'm horny."

With a flash of multicolored light Adora's clothes vanished, and Adora's sword shifted into a bracer, the glowing red ring settling around the blue gem. "You're overdressed." Adora said simply, tearing open Catra's top to reveal her breasts. Adora wasted no time getting her hands on Catra's tits, roughly groping her without a care in the world.

"Hey!" Catra yelled. "Not so rough!"

"Shut up." Adora told her, not even looking at Catra's face, instead staring at the tits in her hands. "Damn I should have done this *years* ago!" Adora mused, roughly pinching Catra's nipples. "I bet you would have followed me to the rebellion if I had already made you my bitch." She flicked Catra's now erect nipples.

Catra whimpered and squirmed, gripping Adora's wrists, trying to pull her hands away, but She-Ra's arms were as unyielding as rocks. Catra suppressed a moan as Adora played with her more. "Oh, you like that?" Adora teased cruelly. "You *like* it when I call you my bitch?" She pulled on Catra's abused nipples, causing her to cry out in mixed pleasure and pain. Adora smirked and tore open more of her clothes, revealing her pussy to the open air, leaving Catra even more vulnerable to Adora's cruel lust.

"Oh! Would you look at that!" Adora laughed. "My bitch is wet!" Adora grabbed Catra's pussy, shoving two fingers in and lifting Catra's hips, making her scream and cry. "But of course you are!" Adora teased as she rubbed Catra's clit with her thumb. Catra tried to claw at Adora's eyes, but Adora just dropped her, causing Catra to crumple to her hands and knees as her legs failed her.

Catra tried to crawl away, but Adora pounced, grabbing Catra's wrists and tying them behind her back with the tatters of her own clothes. Adora picked Catra back out of the dirt and shoved her face against the tree again. "Naughty kitty ." Adora admonished. "But you've got a *great* ass, so I'll forgive you."

"Adora! Please! Stop!" Catra sobbed and screamed.

"I told you to shut up!" Adora growled. "Uh, you were more fun when you were moaning!" Adora turned her around again, lifting one of Catra's knees with one hand, fully lifting her off the ground. "You know, I've learned a *lot* about how to use this sword," In a flash of light, the sword of protection was pressed against Catra's throat. Catra could feel a tiny drop of blood begin to make its way down her chest as the razor sharp blade pressed against her neck. "I could gut you, right now." Adora said, red and glowing eyes burning into Catra. Adora let the moment last until Catra was shaking with fear. "But… I'm not a necrophiliac. So I'll have my fun first." She smirked. "Do well and I might keep you." The sword started glowing again. "Hey, wanna see something cool?" In a flash of light, the sword changed shape, settling into a dildo. Of course. Entrapta's stupid fucking ring was still attached too, sitting near the base of the thing like a cockring. "Pretty , isn't it?" Adora licked the gaudy gold dildo, a slight spark arcing to her tongue as she got to the ring, "But that's not the cool part. The cool part is that when I do *this…"* She pressed the base of the dildo to her clit, and it.well, Catra had no other way to describe it than it *merged* with her clit, "It does that! And now ." Adora ran the golden head of her cock over Catra's folds. "Now I can *feel* it." She smirked. "Like I said. Cool."

Adora roughly shoved herself into Catra's pussy, causing her to yelp in discomfort at the sudden insertion. "Fuck! That hurts asshole!" Catra growled.

"Really? Feels *great* to me!" Adora laughed, thrusting upwards further, fully burying herself in Catra's depths. "But here, let me help you." She pinched and pulled at Catra's clit as she began moving, "There. Don't say I never did anything for you." She smirked.

Adora's pounding gathered strength and speed as she went, Catra was sure her hips were gonna break! And it was starting to feel… good. "Shit! This shouldn't feel good!" Catra gowled, not quite realizing she said it aloud until she heard Adora laughing.

"Of *course* my bitch feels good from getting pounded!" Adora laughed, not slowing her thrusting for a second. "After all, this is what you're *for!"* She moved her hand back to Catra's nipples as she continued fucking Catra into the tree. "You're just a slutty hole for me to use! That's all you've ever been! You just didn't know it yet!" Adora pinched Catra's sensitive nipples, and as much as she didn't want to, Catra found herself biting her lip as her orgasm rocked through her. "Ah! Look at that. My bitch gets off on being put in her place!" Adora grabbed Catra's other knee and lifted it too, folding Catra in half against the tree. "But! I haven't cum yet. So good news, bitch. You get to feel good some more."

Catra could only moan as Adora thrusted like a woman possessed, she was fairly sure her ass would bruise from the ferocity of it all, and at that moment she absolutely did not care. Catra was approaching another orgasm when Adora hilted herself inside and finally stopped. "Ahhh, there it is." Adora sighed. A second later she

pulled out, and Catra saw a faintly glowing white fluid seeping out of her abused pussy.

s that?" Catra panted.

"My cum? Y ep." Adora smirked, "have *no* idea if I can knock you up..but that' s not gonna stop me from trying!" Adora thrust back in, using her own cum as lube to fuck Catra hard and fast once more. Adora took a few steps back, bringing Catra with her, and Catra was left dangling in the open air, suspended only by Adora's grip on her waist. "This should feel natural for you," Adora teased and she pulled Catra up and down her cock, using her..like..like a toy . "Being tossed around and fucked like the cock sleeve you are." Adora smirked. " *My* cock sleeve."

Catra was completely helpless, she couldn't even kick her legs as Adora pulled her onto her cock over and over. Her head dangled backwards as she hung limply in Adora's grip. "Y ou know, you'd look *really* good with a cock in your mouth right now." Adora mused. "Maybe after I finish breaking you in, we can bring you to plumeria, have you apologize to Perfuma for what the horde did to her flowers or whatever." She snickered. "Oh who who the fuck am I kidding, I just wanna see you blow a girl while I fuck you."

Catra moaned senselessly as another orgasm tore through her brain, *fuck* was she getting off on thinking about being used like that? Thinking was getting..hard. So very very hard..like Adora' s cock. Adora shuddered in pleasure as she felt Catra tense up in orgasm around her cock, "Ohhh that' s good." Catra was fairly certain she could feel another load of cum pouring into her, and sure

enough, when Adora dropped Catra to the grass she was still cumming, showering Catra in the glowing white cum. "Oh fuck, you look good like that!" Adora said. "Knocking you up will have to wait, first I'm gonna cover you in my cum!"

Catra rolled over and weakly tried to drag herself to where Scorpia and the others were hiding. They could get her out of this mess! "Where are you going?" Adora dragged Catra back by her ankle, and hefted her hips into the air, leaving her face down in the grass, and ass up for Adora's pleasure. "We've barely even started!" She buried herself in Catra's pussy again, and Catra could barely even muster the energy to be upset about it. All she could do was ride out the waves of pleasure as Adora fucked her unresisting body, again. "Mmhh, not that it isn't fun to break you." Adora said as Catra weakly shuddered in yet another unwilling orgasm, "But fucking this hole is getting dull." She said, even as she pulled out and let loose her magic cum all over Catra's back and in her hair.

Catra still didn't bother moving. Adora was gonna fuck her however Adora wanted to, not matter what Catra did. Even Adora's strong hands groping and spreading Catra's ass cheeks didn't rouse her. Adora depositing a heavy glob of spit on her asshole, now *that* got her attention. "Wait! Not there!"

"What? I thought I'd be nice and give you some lube, and *this* is the thanks I get?" Adora huffed.

"Please not there!" Catra begged. "It hasn't- I've never-"

Realization drew over Adora's face. "Still an anal virgin?" She chuckled. "What, have you not fucked *anybody* since I left?"

Catra blushed and hid her face in the grass.

"... seriously?" Adora asked, the cruelty dropping from her voice for a split second as her blue eyes flickered through the red glare for a moment. "Catra, that's..." The red light took over her expression once more. "That's so *cute!"* Adora hefted Catra into a full nelson. "Don't worry, I'll make your first anal experience memorable."

She pressed the head of her golden cock against Catra's tight ass, pressing *hard.* "Realax, bitch. I'm going in one way or another, might as well not get hurt."

Catra tried to relax, she really did, but she just couldn't. When Adora got the head in she screamed in pure pain, and it only got worse when Adora hilted herself in one hard thrust. "Hm. I think I might have torn something." Adora mused as she considered Catra's agonized crying. Blood dripped around Adora's strap as she started to move anyway. "Yep. Definitely tore something." She huffed. "Well that's no fun, how is your ass supposed to squeeze my cock if your guts are all torn up?" She tried a few more thrusts, and Catra was *certain* she was going to die like this. "Here, lemme fix that." Golden light tinged with flecks of red washed over them, and the pain in Catra's ass faded to nothing, immediately replaced with pleasure. "That's better." Adora smiled and started thrusting into Catra's ass, overwhelming her with pleasure.

"What- ah! What did you do to meeeeeee?" Catra managed to gasp out as what was left of her brain was drowned in pleasure.

"I healed you, of course." Adora chuckled. "I didn't pull out though. Why would I? And now , your ass is the *perfect* shape for my cock." She emphasized her point by giving Catra a particularly deep thrust, which filled her ass just *perfectly.* "Forever ."

Catra babbled out a meaningless response, and Adora continued fucking her ass. There was another orgasm coming for Catra, and it was bigger and faster than the ones before! Catra stopped fighting it, and let herself drown in the pleasure! "Y eeeessSS!" Catra screamed as she came from her ass, her pussy unleashing a torrent of fluids onto the grass.

"Holy shit!" Adora laughed. "I don't remember you being a squirter!"

"Keep fucking meeeeeee!" Catra begged, delirious with the pleasure.

"Hah! As if I'd say no!" Adora pounded Catra' s ass until she was shooting her cum into her bowls, but she didn't slow down for a second, Catra came again and again as Adora fucked her ass, it was so fucking *good!* She whimpered sadly when Adora pulled out and set her on the grass, but she realized what was going on when she saw Adora jerking her golden cock just inches from her face.

Catra opened her mouth and stuck out her tongue, lifting her breasts with her hands to give Adora a more inviting target for her cum, and Aodra painted them *all* when she finally came. By the time Adora's orgasm was finished Catra's face and tits were dripping with She-Ra's magical glowing cum. "Fuck that was good."Adora said, detaching the dildo from herself as Catra swallowed the cum that had managed to find her mouth. It tasted...like comfort, in a way that Catra was in absolutely no state to think about. "But I'm not done."Adora said, lifing Catra by her hips and flipping her upside down. "Try not to pass out before you make me cum."She said, shoving Catra's face into her pussy.

Catra immediately started eating Adora out, eager to pleasure her, and Adora teased the tip of the dildo over Catra's asshole again, as she held Catra up with one hand. Catra moaned into Adora's pussy and tried ever harder to make Adora feel good.

In the bushes, about three or four meters away from the action, Scroptia, Kyle, Lonnie, and Rogelio watched with concern and… other things.

"Shouldn't we help her?"Scorpia asked as she watched her wildcat get her ass fucked with a dildo while eating She-Ra out.

"And risk getting the same treatment?"Lonnie replied. "No fucking way!"

“Guys! I have a signal!” Kyle said excitedly , before getting shushed by the group. “Sorry .”

“Hello? Is anyone there?” Entrapta’ s voice came from the comm pad. “Did the virus work?”

Scorpia glanced back over to where Catra was squirting in She-Ra’ s face with the magic dildo buried to the base in her ass. “Y eah. It worked.” She looked back at Entrapta. “A little too well, how do we turn it off?”

“W ell, you can just remove the source of the virus from the sword.” Entrapta said.

“Not an option.” Lonnie said immediately .

“Then it’ s a waiting game.” Entrapta said. “I was actually about to warn you about this before the signal cut out, but that virus carrier has a limited battery! So you only have a small window of time to get Adora back to the Fright Zone!”

“A limited battery! Perfect!” Scorpia sighed in relief. “How long will it last?”

“Around eighteen to thirty-six hours!” Entrapta answered.

Lonnie, Kyle, and Scorpia all groaned as one, Rogelio had already wandered off to make camp. "I guess we're waiting a while." Lonnie huffed.

"W -Well, they've got to get tired eventually ." Kyle said, looking over to where Catra was on her knees, eating Adora out while she pounded her own ass with the magic dildo.

Twenty-nine hours and forty-one minutes later~

Adora had not, in fact, gotten tired. Catra, on the other hand, had definitely gotten tired. But every time she had passed out from exhaustion She-Ra had used her healing magic to revive her, so it had been a nonstop marathon of fucking in every conceivable way.

When the virus ring had *finally* run out of power, Adora had lost her She-Ra form, in the middle of fucking Catra, again, and passed out from exhaustion. Scorpia made the call to drag her somewhere else for the princesses to find her. She knew Catra wanted her captured, but looking at the state Catra was in..yeah, it was better to just pretend this never happened.

"D you think she' s brain dead?" Lonnie said, looking at the poor force captain, sprawled face down ass up on the grass.

Catra was covered head to toe in Adora's glowing cum, not that she seemed to mind, and she occasionally shivered and shuddered with the aftershocks of her numerous-beyond-counting orgasms. Lonnie crouched down behind her to get a good look at the state of her cunt, and *wow.* Catras pussy and ass were gaped and drooling Adora's cum, occasionally twitching, but never quite closing. Lonnie wondered something, and she made a beak with her fingers, pressing her hand against Catra's slick asshole. Her whole hand slipped in up to the wrist, completely effortlessly, and Catra's pussy weakly squirted onto the grass when it did.

"Adora *really* did a number on her!" Lonnie said in combined amazement and slight horror, as she tried to pull her hand free of Catra's ass. Getting it out proved to be more of a trial than getting it in, and she ended up accidentally fisting Catra to yet another orgasm before she could get her hand free. "Let's just get her home."

"Yeah." Scorpia. "And Entrapta is deleting that virus." She said with finality.

A few weeks later~

Keeping Lonnie in line after the incident with Adora had gotten *much* harder. Catra did her best to be the hardass she had always been, but whenever she tried to push Lonnie too far, she just reached behind Catra and shoved two fingers up her permanently lubed ass, and Catra *melted* into a pliant puddle of fuck. Dammit. Adora had fully and completely broken her brain! How was she supposed to win a war like this?!

About three-ish years or so later~

Catra considered the old red ring. Entrapta had said that it infected the sword, not She-Ra herself...but it *might* still work, even with Adora having broken the sword. Catra charged it with enough power to last around six hours and looked for her wife.

"Hey Adora?" She said, hiding the ring behind her back. "I found an old toy I wanna try out"…
