Always Adora, Especially to Catra

by toosoapie

Summary

But now, her whole body had been at attention since the moment their lips had met at the door. And she wants more. She wants more so badly.

They're both silent for a moment, as Adora feels where her cock presses against her pants and meets Catra. Their breath lingers in the air as they both pant, their arousal only having grown in the quiet moments as they both consider what this means; what they want.

"Adora," Catra starts, her hand falling onto Adora's stomach. "Do you…do you want to?"

Despite the fear, despite the nerves threatening to swallow her whole, she's never been more sure of anything when she breathes out "Yes."

Notes

hi yes I couldn't sleep the other night and ended up writing this entire fic in my head and then writing the whole thing yesterday and now I have tweaked it and here it is! it's both a first time smutfic and a gender study for a nonbinary transfem adora who I projected some of my gender feelings onto (as a nonbinary transmasc). anyway, it's just a short lil thing that wormed it's way into my brain, hope you like it!

See the end of the work for more notes

Catra and Adora stumble through the door of the bedroom, giggling, feeling warm and fuzzy from the small buzz they've both acquired over the evening. Over the last few months since the war ended, it's become a weekend tradition for the other princesses to come over to Brightmoon to spend the evening playing games and chatting. After years of much of their time spent together revolving around winning a war, it's been a nice change; as well as a way for everyone to get to know Catra.

Tonight, however, Frosta was absent from the festivities, and Mermista ended up bringing a couple bottles of something called rosé that she said Seahawk gave her claiming that they "fell off the back of a boat"-- whatever that means. The night delved into more laughter than usual, and Adora and Catra felt a level of carefree that they could hardly ever recall. Adora felt uninhibited, slightly overheated, and like she wanted to wrap herself up into Catra and live there forever.

As the door closed behind them, their fingers tangling, their giggles starting to dwindle, they found themselves drawing closer, an undeniable magnetism that brought their lips together, both of them releasing sighs of relief as they met. It was as if they both had been waiting, craving, all night to feel each other.

The soft slide of their lips became more fervent; Catra's hands framed Adora's face, pulling her down closer, her tongue sliding across her lips in a way Adora knew immediately what she was asking for. She opened her mouth, letting Catra's tongue slide into her mouth, and once their tongues met she felt a shockwave throughout her whole body. She felt like her head was swimming, and immediately started directing them towards the bed, mouths never ceasing, stumbling along until the back of Catra's legs hit the bed and she fell back.

Catra's face was flush, lips swollen, and she was panting in a way that matched Adora; she'd never felt this way before. They'd made out like this plenty–really, *plenty*–of times since the war ended, but never had Adora felt her whole body respond in a way

that made her feel almost out of control. Feel as if she wanted to sink her teeth into Catra and feel her in every way possible.

As she stood over Catra, looking at her gorgeous, splayed out form, more time had passed than she realized, lost in the view. Catra ended up tugging on the bottom of Adora's shirt, pulling her down on top of her.

"Oof!" Was let out from both of them in unison, immediately realizing the issue in Catra's action.

It didn't deter them, however. "Move up the bed," Catra said from beneath Adora, who quickly obeyed. She scrambled to the head of the bed, laying down, as Catra quickly followed behind her. She straddled Adora, and one thing immediately became apparent to both of them: Adora was hard. It wasn't that she had never gotten hard before while they made out, but Catra straddling her had happened less often, and even more rare was having the two coincide. It was understood that neither of them were ready for that, so whenever they found themself in this position, they had a silent agreement to ignore it.

It wasn't that Adora was uncomfortable with her body, but she was also aware it wasn't…the same. But that didn't matter with Catra, did it? Adora had been Adora since she was six years old and realized she didn't really like being grouped with the boys, and liked it better when she was grouped with the girls, even if she didn't feel like she quite fit with either.

There was a boy in a different squad with the same name as her, but she didn't want anyone to think she was a boy too, so she tweaked her name. She didn't want to stray too far from the familiarity of the name she'd been called for the first six years of her life, so Catra and her threw around random sounds to accompany the first half of her name, until they both liked the sound of "Adora."

Whoever didn't get Adora's name right, immediately met Catra's wrath, so it quickly caught on. Even Shadow Weaver eventually

gave up on using Adora's old name, as she had stopped responding to it, not even realizing she was being spoken to. She was Adora, and everyone knew it.

The idea of being a boy or girl didn't go much further than the division of groups and what shower and locker room they were meant to use. Some parts of being a boy, however, Adora didn't want to lose. She liked wrestling with the other guys, would watch them go at it and miss it, but didn't want to join for fear that people wouldn't think she was Adora anymore. Catra noticed, though, of course she did, and one day tackled her from behind. They broke into giggles and their tiny bodies tangled as they didn't much more than roll around on the floor, but Adora had never had this much fun with the boys. She knew wrestling with Catra didn't change anything; she was still Adora, especially to Catra.

As Adora grew older, and everyone's bodies started changing, she felt more and more out of place in the boys' locker room, and started showering in the girls'. Nobody questioned it, or thought much of it, aside from maybe a day or two of curious staring at the differences of Adora's body to theirs. Of course, she never really noticed how Catra stared a little longer.

As the girls' bodies changed, and Adora's didn't, at least not in a way she liked, Catra saw her best friend start to hide in herself a bit. So of course, she did some sleuthing, figuring that since some of the older cadets were given some sort of supplement to bulk up their strength that also seemed to make their voices deeper, facial hair grow, etc., there had to be something for the opposite, right?

On Adora's 14th birthday, Catra showed up at their bunks, something behind her back, a mischievous grin on her face. She'd snuck some sort of hormone supplement out of the infirmary that looked like it would do the trick.

Whatever it was, it was a very low dose, and kind of just made Adora moody, so after a few months she stopped, but was forever

grateful to Catra for even trying.

It wasn't until Adora got to Brightmoon, she learned she *could* take something to make her body change how she hoped; make her breasts grow, her hair and skin softer. They offered her further changes, but she declined. She never felt out of place with that aspect of her body.

Once she and Catra got together, however, she finally became more aware of it, and more nervous about it. She knew she was Adora, always Adora, especially to Catra. But that didn't make it any less scary, so they'd held off. She knew Catra wasn't ready either, so it was easy for them to stop before things went further.

But now, her whole body had been at attention since the moment their lips had met at the door. And she wants more. She wants more so badly.

They're both silent for a moment, as Adora feels where her cock presses against her pants and meets Catra. Their breath lingers in the air as they both pant, their arousal only having grown in the quiet moments as they both consider what this means; what they want.

"Adora," Catra starts, her hand falling onto Adora's stomach. "Do you…do you want to?"

Despite the fear, despite the nerves threatening to swallow her whole, she's never been more sure of anything when she breathes out "Yes."

Catra doesn't waste a single moment, opting to start small, lifting Adora's shirt, as her hands trail up Adora's abs, and reach the underside of her breasts.

"Can I–"

"Please."

Catra immediately goes to pull Adora's shirt off; she sits up to help remove it, and her sports bra quickly follows.

Adora feels her nipples hardened even further in the open air, and she knows her blush has splashed all the way down her chest. Catra stares wide-eyed, in awe; it's not like they'd never seen each other, but it had never been like this. They'd always been quickly showering in the unreliable hot water of the communal showers; just a task like any other. They may have stolen glances here and there, but it was never like this. Never a moment to admire, drink in, and memorize every inch.

Adora is still sitting up, enjoying the closeness of having Catra straddle her and having her arms wrapped around her waist.

"God you're beautiful," Catra breathes out, her hands slowly reaching out, and Adora shudders as she feels her small hands palm both breasts. Somehow, Adora's breasts grew quite large over the few years that they had had the chance to grow, and she can't help but be kind of proud of it.

Catra begins to squeeze and massage, a reverent look in her eyes, and Adora feels herself get lost in the feeling, Catra's palms brush her nipples, and she's desperate for more. Thankfully Catra's hands-on exploration doesn't seem to be enough anymore, and she lowers her head to take a nipple into her mouth. Adora can't help the *"Oh!"* that loudly comes out of her, one of her hands going to the back of Catra's head and tangling in her hair to hold her there.

She feels herself throbbing in her pants, and as Catra starts sucking and swirling her tongue, she wonders if this on its own will make her come. Eventually she starts to feel lightheaded, and brings Catra with her as she falls onto her back. The sudden shift startles Catra, and she finally lets Adora's tit go, looking up at her with a slight look of concern.

"You okay?"

Adora breathes deeply, the lightheadedness subsiding. "Yeah, yeah, just…wow," is all she can manage and Catra laughs, crawling up to meet Adora's lips again.

She kisses her softly, gently, and whispers, "Just let me know if you need to stop, okay?"

Adora nods, whispering back "Okay."

Catra kisses both of her cheeks and the tip of Adora's nose, making her giggle, and then starts kissing down her neck, her chest, her stomach, and Adora's breathing starts picking up again. But she doesn't feel lightheaded this time; only excitement, anticipation, and nerves that continue to fall further and further back into the depths of her mind. Adora feels sure and comfortable with Catra, and wants more than anything to feel her in the deepest way possible. Nothing could stop her from wanting this right now.

Catra looks up, meeting Adora's eyes as her fingers reach the hem of Adora's pants. She immediately answers the question in Catra's eyes with a fervent nod, and Catra begins slowly pulling Adora's pants off.

She helps kick them the rest of the way off, her legs haphazardly flailing in a way that makes them both laugh. Now she is only in her boxer briefs, the rest of her entirely bare. Catra seems to sense this imbalance, and quickly pulls her shirt and bralette off.

"Oh fuck," is Adora's immediate response to seeing Catra's tits for the first time in over three years. They're perfect; small enough that Adora could fit her entire hand around them, her brown nipples hard in a way that makes Adora's mouth water, and she feels herself twitch below at the sight. She notices Catra's fur grows thicker towards the center of her chest, forming a soft tuft that Adora wants to live in.

Catra laughs, and simply says "Figured I should level the playing field," a small smirk playing at her features that drives Adora

absolutely wild.

Catra looks down at Adora's cock nearly bursting out of her boxers, a small wet spot where the tip is. Her eyes are wide, and Adora's heart is racing as Catra reaches out, rubbing at the swell.

"Fuck," is all Adora manages, as her head flies back against the pillow, her eyes screwing shut. It's nothing like when she would touch herself; Catra's small hands on her dick are already driving her wild, and she needs more. Luckily, Catra seems to want more immediately as well, and quickly pulls Adora's boxers down. Her cock bounces out once it's freed from the fabric, standing upright, clear liquid glistening at the top.

Catra's eyes are wide, her mouth slightly agape, and Adora watches mesmerized as she slowly brings her finger to the tip, dipping into the pre-cum leaking from her dick, and pulls away, letting a string form between.

That seems to snap something inside of Catra, because suddenly she dives her head down, and takes the head of Adora's cock into her mouth. Adora's mind swims; she moans loudly, the feeling of Catra's tongue against the tip shooting electricity through her whole body, and she immediately grabs one of her own tits, squeezing at the nipple.

Catra gently starts to shift further down her shaft, and Adora only spends a moment being nervous about her fangs, before she puts it out of her mind; she trusts Catra, and knows she won't hurt her. She only gets a couple more inches down, the feeling and action new, and it takes everything in Adora not to thrust into her mouth. She knows Catra's not ready for that yet, and Adora has a feeling she would come in seconds if she began to do that.

Even without that, Adora's starting to realize she might actually come anyway. But she doesn't want to, not yet. She needs more.

"Catra," she pants out, and her girlfriend removes her mouth, looking up at her; her eyes are hooded and face flushed, her lips

swollen, and she looks utterly wrecked. Adora's never seen a more beautiful sight.

Before Catra can ask if she's okay, Adora almost begs "I want to feel you."

Catra nods, and starts sitting up; before Catra can even think about getting off of Adora to remove her leggings and underwear, Adora simply tears them both off of her.

Catra looks down in shock, and looks back at Adora, mouth wide as Adora looks at the tattered pieces of clothing in her hands in surprise.

"Adora!"

"Sorry! I don't know what came over me," Adora says sheepishly, tossing the pieces of fabric aside.

"You're buying me new ones," is all Catra says before she's laying on top of Adora, kissing her with tongue and teeth, their tits pressed together. Adora's never felt so close to Catra, but she still needs *more*.

She reaches down between them, her hand stopping in the thicker patch of fur just above Catra's pussy.

"Can I?"

"*Please*," is all Catra has to say before Adora's sliding her fingers into her soaked folds, her cock twitching again at the sensation. She rubs at her clit, and unfamiliar act, but one she finds herself immediately addicted to. The sounds Catra is making drive Adora nuts; she's far more vocal than Adora is, whimpers and moans spilling out of her mouth endlessly.

Her hips are moving against Adora's hand, and eventually Adora simply flattens out her hand to let Catra grind against it.

"Fuck, Adora, I need you inside."

Adora doesn't need to be told twice, as she slips one finger in, reveling in the warmth of Catra's cunt. She feels her walls immediately clench around her finger, and Catra stutters out "*More*."

Adora slips another finger in, feeling Catra stretch out around her, as she continues to grind against her fingers and palm. Adora starts sucking on Catra's neck, wanting to taste her, not wanting to waste a single moment in touching her, feeling her.

Catra's moans grow louder, her movements faster.

"*Fuck!* Inside, Adora, I need you inside."

"I'm already–"

"I need *you* inside."

Adora's movements cease as she realizes what Catra means; she slowly pulls her fingers out. Catra pulls her head from where it had been buried in Adora's neck, and faces her, panting and flushed.

"You're sure? You're–you're ready for that?" Adora asks tentatively; she didn't really think this was something they'd do their first time. She figured it'd be something they'd work towards, get Catra ready for.

But Catra appears to be ready now, nodding her head. "I'm ready."

Adora nods, and Catra sits up, letting her soaking cunt settle onto the shaft of Adora's cock, pressing it into her abdomen. The feeling surprises both of them, and almost unconsciously, Catra grinds her clit along the length of Adora's dick, and they both moan.

Catra's hips begin to move back and forth, as she rubs herself against Adora, her hands on her stomach, as Adora grips Catra's hips, helping her to move back and forth.

The sounds coming out of them are loud and endless, Catra's clit gliding back and forth against Adora's cock driving both of them wild.

Adora feels it all happen suddenly and at once; a wave shoots through her, and at the same moment her eyes wrench shut, she hears Catra say, "Fuck, Adora I'm gonna–," and immediately she feels herself spill over. She feels her cum shoot onto her abdomen, as Catra's movements stutter out, and where Adora's shout goes silent, Catra's cry rings out through the room.

She collapses onto Adora, both of them panting; neither of them expected to come just from that, but they seem to share the same thought; they need *more*.

"I still…I still want to–" Adora says between pants and Catra immediately starts nodding, her forehead against Adora's sweaty chest.

"Me too."

She sits back up and looks down at Adora's member; it's started to soften, but even just Catra's intent stare has it start to stiffen again. For good measure, however, Catra takes it in her hand, and begins stroking up and down.

"God, you're so big…" she mutters, and Adora's not even sure if she was meant to hear it, but it makes her rock hard.

Catra feels and sees the change, and looks up at Adora, a smirk on her face.

"Ready handsome?" Adora can barely speak at this point, and all she can do is nod rapidly.

Catra lifts herself up, still holding Adora's dick, and lines her up with her cunt. Slowly, Adora feels the tip of her cock meet Catra's entrance, and then slide further and further into her, as Catra sinks down onto her. They both shudder at the feeling, and Adora's grip on Catra's hips tightens. Her hands find Adora's

stomach again, as she leans forward and starts moving her hips up and down, as Adora moves hers to meet Catra's rhythm.

Catra is moaning, her sounds lewd and intoxicating, and Adora feels something almost primal take over. She suddenly flips them, slamming Catra onto the bed, and bracketing her arms around her head to hold herself up. Catra lets out a yelp, but it quickly turns into a loud moan as Adora starts thrusting into her in earnest.

Catra tears Adora's ponytail out, letting her golden locks curtin over them, and wraps her arms around Adora's shoulder, her legs doing the same around her hips, as Adora slams into her. Adora's head is swimming, the feeling of Catra wrapped around her cock, their bodies pressed together, the sound of Catra's pleasure loud in her ear. This was what Adora wanted. This is what she needed.

Catra's claws pierce into Adora's back and the pain just fuels her; Adora feels drunk, the buzz from earlier nothing compared to the sensation and haze surrounding their bodies right now. She wants to live in this moment forever, feeling Catra as deeply and intimately as possible.

"Fuck, Adora!" Catra cries, Adora's unrelenting pace quickly pushing her over the edge. The feeling of Catra's cunt tightening and contracting around Adora's cock rips her orgasm from her body, and she feels herself spill into Catra, moans falling from her mouth as she continues to thrust into her, their orgasms happening in tandem and making them feel as though they last forever.

Once the electricity coursing through their bodies seems to finally taper out, Adora gently collapses onto Catra, careful not to crush her. They simply pant together, Adora's sweaty body against Catra's fur, her cock still wrapped in the warmth of her cunt; a steady purr begins in Catra's chest.

After a few moments, they're breathing returns to normal, and Adora slowly pulls herself out of Catra, causing them both to shudder. She's careful to do it without removing herself much

from Catra, wanting to keep their bodies as close as possible and feel the rumble of Catra's purr.

She starts to kiss Catra's face, slowly and almost sloppily, and Catra starts giggling. The haze begins to dissipate just enough for Adora to realize what a mess they've made. Adora's covered in sweat, Catra's fur is matted and sticky in some places, and there's no way either of them can fall asleep this way without regretting it in the morning.

"Baby, we gotta shower."

Catra immediately grumbles, her closed eyes telling Adora she had every intention of falling asleep just like this.

"Come on, we'll regret it otherwise. You really wanna deal with dried cum in your fur tomorrow?"

Catra just grumbles more, but shifts her body a bit in a way that tells Adora she's not entirely opposed to the idea, but moving is not ideal at the moment.

Adora smiles, gives Catra a quick kiss on the cheek, and wraps her arms around Catra's back, lifting her up with her. Catra's legs, never having unwrapped from Adora's hips, hold her in place as she carries her with her to the bathroom.

Adora holds Catra as she uses one hand to turn the shower on, making sure it's nice and warm before finally stepping in. Deeming the temperature and environment suitable, Catra unwraps herself from Adora and stands on her own feet, her eyes still closed. Adora grabs Catra's special soap, and starts at her shoulders, massaging it into her fur, and Catra finally opens her eyes. She smiles sweetly at Adora, who continues to wash Catra's entire body making sure to scrub out the leftovers of their activities. She delicately washes Catra's tail, careful not to tug on it, and finally rinses out all the soap.

After Catra's body is nice and clean, she moves to wash and condition her hair, careful not to get anything into her ears.

Catra's eyes fall close again, a purr starting up again, as Adora's fingers massage her scalp and work through any knots in her hair. Once that's all done, Adora goes to grab her own products, before Catra beats her to it and snatches her shampoo.

"My turn," is all she says, before she gets on her tiptoes and starts washing Adora's hair. Luckily, Adora bends down so that Catra doesn't have to strain herself. She goes through the whole process just like Adora did with her, the quiet sound of the water and the warmth enveloping them, their love filling this little world they stand in.

Once they're both clean, they dry off, and Adora grabs a second brush to help Catra brush out her fur, as they are both exhausted at this point, and desperate to get to bed.

Normally they'd put on sleep shirts and cozy shorts but neither of them seem to want to create any barrier between their bodies yet, so they both only get into underwear, intent on being wrapped up in one another for the rest of the night.

Just as they're about to crawl into bed, Adora notices something. "Wait–", she says, and Catra pauses, looking to Adora who points at the sheets. Catra turns to where Adora's finger is aimed; the sheets are wrecked. A crime scene, really. Catra grumbles, but she begins to quickly tear the soiled sheets off the bed, while Adora grabs some fresh sheets from a drawer. Adora hands one end to Catra, and they make quick, if not slightly sloppy work of getting the fresh sheets onto the bed.

The second every inch of the mattress is covered, Catra falls into the bed, and Adora is quick to join her.

Their bodies quickly entangle with one another, Catra's face buried below Adora's chin, and Adora's hand massaging one of her ears. Catra's purr fills the room, threatening to lull Adora to sleep almost immediately.

As she feels her body feel heavier, sink further into the bed and comfort of Catra's body, the only words Adora can think to say to fully encompass what she's feeling is "You're my favorite."

Catra snorts, and snuggles impossibly further into Adora. "You're my favorite too, dork."

Adora smiles, and soon falls asleep surrounded by the scent of their mingling soaps, Catra's soft fur, and a love all encompassing.
