Amity's Lucky Night

by AlduinCockSmasher

Summary

Amity and Luz try to get it on but then Catra (who may be crossfaded) walks in on them. Don't question Luz and Catra's dynamic too hard. I didn't.

Notes

Crossover porn makes my brain go brrrr

See the end of the work for more notes

Amity had come over to spend time with her favorite human for the weekend. Luz had straight up ran to the door before Amity's fingertip even left the doorbell. The door swung inwards to reveal Luz's happy grin, obviously excited to see her cute witch girlfriend duh. She nearly jumped into her arms, ready to spend some quality time with her awesome girlfriend at last.

"Luz!"

"Ami!"

Luz stepped aside letting Amity into her shared house, closing the door in a near slam eager to join her girlfriend . Coming to her side, intertwining their fingers. Leading her to her room.

"Cmon, you're finally here! We can watch that robot game movie I was telling you about during class the other day."

Amity smiled fondly at her as she was lead by the hand to Luz's room. Listening and watching her face as she explained everything she knew about the movie she oh so wanted to watch with her. As they walked down the hall to Luz's room they passed a closed door near the middle.

Catra's room.

Was she her sister? Roommate? Guardian? Amity never really knew her to ask what their dynamic was. Nor why Luz lived with someone she was unrelated to. Whatever, a friend she lived with.

Catra wasn't quite human nor witch or demon. Magicats is what they're called, if she recalled correctly. The older feline never really paid her any attention, busy with her own life. Not really having much to converse with a witch teen.

The felid was nice, sort of. Very snarky and would've been a naturalist if it weren't for the crime of "public indecency". Seriously, she obviously didn't believe in the garments called underwear. Anytime she'd glance at her for too long she'd see a

blinker on or the strain of her sheath against her tight gym shorts. She'd buy them pizza or whatever grub to munch on when Amity would come over to Luz's place before heading out or locking herself in her room. Claiming to "green out" and stumbling around the kitchen for morsels of food in the later hours.

She had to admit, the first time she had met

Catra, she thought she was quite attractive. Her heart belonged to Luz with all her being of course but you could admire the attractiveness of another person from afar, no harm no foul.

Her blue and yellow eyes that always seemed to be on the hunt. The sharp fangs that would catch her bottom lip whenever she gave a cheshire grin. Her orange fur had dark rich orange stripes throughout her coat. Her under-appreciated muscular frame. Short brown hair that had started to become overgrown. But Catra was already taken. Not like that would make a difference, Catra was way out of Amity's age range, literally an adult paying taxes.

Okay but what if she was kinda freaky-

'No! Bad Amity!'

Shaking the dirty thought from her head, the witch focused on who she was really here for. Spend time with girlfriend! and maybeee some cuddles with a few wandering hands.

Luz led her into her room. Tidy and neat, well if you don't open the closet door and see the junk Luz didn't know where to hide. She had a tv placed across from her bed, perfect for some movie cuddling.

Amity kicked off her shoes and sat on the lavender bed. Scooting to make room for Luz to join her. Luz had wandered to her desk, rummaging around before pulling a medium sized plastic bag filled with some beef jerky. A snack Luz had been introduced to and fallen in love with.

“You just have those by your desk?” Amity teased, giggling at her girlfriend.

Luz tsked with a big grin crawling on her face. She knew it was ridiculous but still did it anyway.

“Well I can’t leave them out in the cabinet because Felix the cat and Barbie over there devour them all, bulking or whatever.” She gestured with her thumb over her shoulder. “Now gimmie the remote over there.”

Twisting to grab the remote she felt a dip in the mattress. Turning back to toss it at Luz’s lap. She let out an exaggerated “ouch!” before grabbing it and turning on the TV. Selecting their thriller movie.

As their hour and fifty minutes ran by, they gradually began to shift closer. From leaning on shoulders, arms wrapping around each others body, to semi-straddling. The witch’s free hand drawing circles on her human’s stomach to chest. Resting her head on her collarbone, pressing her ear to hear the soft, gradually increasing, thumps of the human’s heartbeat. Her fingers beginning to pinch and knead around her breast.

Luz glanced down at her, the sensations of her mammaries being squeezed through her shirt pulling her out of the thriller movie. The warm hand experimentally squeezing the tissue. A manicured thumb circling around where the nipple’d be. Touching and teasing hesitantly, not wanting to overwhelm Luz’s exceptionally sensitive mammary.

A soft groan left her lips in a whisper. Bringing her fingers to entangle into purple hair, bunching the strands and pressing into her scalp gently. Swiftly reaching for the remote to pause their movie, cuz cmon now, get some game AND THEN watch the movie.

“Fuck, Amity...”

A pointed ear twitched against her collarbone. A hand trailing down her graphic-tee, slithering back up underneath to pinch and circle at her erect nipple.

“No bra today? Guess this date was a little more casual than I thought,” Amity purred softly.

“Can’t keep the goods- unff fuck, locked up all day, y’know?” Luz quipped, biting back small moans and gasps.

“Then I guess it’s time to open up shop.” Bringing her hands to bunch up the bottom of Luz’s tee, Amity pulled the shirt over her head. Her eyes landed on Luz’s exposed tits. The dark nipples erect and ready for some lovin’.

Amity shuffled onto Luz, setting her rump on Luz’s lap. Pale hands snaking up to knead a handful of the warm fleshy breasts. Moving her hands in a circular motion, letting go to watch them drop and bounce only to repeat.

She grinded her clothed wet pussy down onto the firm thigh below. Legs encased in tight black leggings clutching around the femur region to gain stronger friction. Throwing her head back in a soft moan.

Luz’s hands grabbed at Amity’s hips, resting right at the curve of her hip bone, pushing her down harder against her thigh. Now it was Luz’s turn to fully gaze at her girlfriend getting off to her body. Hands pressed against warm breasts to steady the witch’s motions. Her hips speeding up, humping and jerking frantically.

“L-luz! fuuuuck!..-“ Amity panted. Her brows tight knitted above her clenched eyes. Her jaw slack, letting out breathy huffs as she felt the beginning embers of her orgasm draw near. Her clit grinding so deliciously against all the fabric, rubbing and applying pressure just the right way.

“That's it, Ami. Fuck yourself on me.”

She nodded frantically, her pink tongue lulling out her mouth. Amity's hands squeezing quite roughly at Luz's tits, who was too entranced at the sight before her to really care.

The bed frame hit the wall with a frantic thunk. Springs crying and squeaking as the witch continued humping the human's thigh.

The tight heat in her belly tightened and tightened. Speeding up her grinds to further and further chase her aching relief. Taking a deep breath, Amity doubled her efforts. Luz's hands squeezing reassuringly at her hips. The flames of climax beginning to finally overtake he-

BAM

"What's up, sluts!"

Beneath the doorway stood the cat herself, Catra. She was surprisingly wearing boxers, although tattered and barely strung together. The revolutionary sight quickly discarded by her bare everything else. Her tits out and about like no one's business sporting semi-thick gold nipple rings. An overgrown bush of dark brown fur trailing from her belly button to the abyss of her crotch. Hazed heterochromic eyes watching as the horny teens scramble to untangle themselves, cursing and blushing with their faces a dark hue.

"Catra, what the fuck!?" Luz shouted, fumbling to pull her shirt back on. Her elbows caught on the collar, making it practically impossible.

"They used to do this thing called teaching you god damn manners y'know?!"

Catra threw her head back howling in laughter. Her big fangs protruding from her gaping maw. Leaning herself up against the door frame to not double over onto the ground.

Amity watched as Luz yelled at her untrained cat for a roommate while Catra's hyena shrills doubled. Her face was bright red and

embarrassed after just being caught in the act. She was so close too! She squeezed her thighs together to satiate some relief. After being unwillingly edged, she could not form a nasty insult to their unwelcome guest.

Turning her eyes to the bantering magicat, she found herself checking out the lean felid. The way her arms looked so perfectly sculpted and massive when she'd cross them despite being covered in fur. Her shoulders were strong and firm even laying pressed against the doorframe. The top of her pecs prominently flexed when she'd adjust her stance, medium sized breasts squished between her arms and chest.

Amity's eyes widened as she set her eyes on Catra's welcomed package.

Despite the effort of putting on some kind of bottom underwear, the scattered holes from years of wear and tear could not completely hide the magicat's sheathe. Her balls nearly ready to shred the underwear and hang freely out of its tight prison. A damp wet spot staining through the fabric where the center of her dark furry sheathe would be.

Amity gazed up and down from her barely contained crotch to tensed up arms. She could still hear Luz fuming, rambling about boundaries and common decency, but she could no longer hear Catra. She'd gone awfully quiet.

Her eyes darted to Catra's face.

She was staring right at her.

She saw her checking her out.

Fuck.

"What's your malfunction?" Catra uncrossed her arms, pushing herself off the door frame onto her heels. She padded along into Luz's room, the slight bulge in her undies bouncing with each

step. Grinding to a halt at the edge of the bed, right where Amity was sitting criss-crossed.

She brought her clawed hands to her hips, swaying them side to side lightly. “Something caught your eye?” she quipped. A deep rumbling growl emanating from her chest. A flash of big teeth appeared on her face in a wide grin.

Amity felt her face flush even harder, no doubt her face was bright red. Her ear twitched, amber eyes darting to look over at Luz, who was sitting on the floor. She’d let her shirt hang loosely on her neck after trying and failing to hastily put it back on. Her anger simmered down rather quickly, instead watching as Catra stalked up to the witch with curious intent.

“You know how to speak, right?”

She looked back up at the towering magicat, eyes failing to avoid glancing at the twitching bulge practically in her face. She swallowed dryly.

“Y-yeah...”

“Then what’re you looking at?”

She lowered her head in a small tilt, avoiding even looking at Catra. She felt her palms begin to clam up and sweat, nails digging into her palm in a clenched fist. Ears tilted semi-airplane mode as Catra practically interrogated her for looking at her basically nude body.

“I’m not one to go after younger girls like you but the way you’re staring at me makes me feel like you’re just asking for it.”

Amity gasped, eyes widening to look at Catra’s shit eating grin. She looked at Luz who had her jaw slightly agape. Before she could protest, Catra continued.

“I can smell how wet you are y’know,”

She tightened her thighs together, knees clacking.

“I’m getting turned on so I’m making it your problem.”

Catra turned her head lazily to Luz

“Let me borrow her for a bit, will ya?”

Luz nodded slowly, her face beginning to warm and flush at the thought of Amity being ravished in front of her. She’s not a cuck or anything, never really found herself getting off to the idea but this instance was fueled from curiosity more than lust.

“Ok...”

Catra winked at her, “sweet.” Turning her head back to Amity, she tightened the grip of her hand on her own waist, swaying hips coming to a halt. “What do you say, Amity?”

She hesitated, battling internally. She can’t just have sex right in front of Luz! Especially with someone who could get a dedicated dateline special doing so.

But then again, she was really fucking horny.

The unsheathing cock before her wasn’t helping clear her mind either. The faint musk emanating from her tight boxers made her mouth water, tongue tingling to get a taste of it. She’d never given a blow job before and thick cat cock didn’t look very beginner friendly but she her mind was to fogged and pent up to think rationally,

Amity looked to Luz once again, eyes asking for permission explicitly from her.. Luz appeared to have caught on, gulping before nodding her head slowly at her. She turned her back to Catra. She nodded as well.

A deepening pleased growl rumbled from Catra’s throat. Tail lazily swayed behind her as she brought her thumbs into the waistband of her tattered underwear.

“Cool”, she muttered through her teeth.

She swiftly pulled her underwear down to her feet, stepping out of them before straightening her back and tossing them to the side. Her thick red cock bounced high in the air, smacking against her fuzzy belly. Angry purple veins pulsed along the shaft like vines to an old pillar.

She huffed, bringing a claw to scratch right above her shaft, creating a kind of awful scritching sound. Catra turned and tilted her head, feeling the satisfying pops in her neck before clapping and rubbing her hands together.

“Alright let’s get this started before my high wears off and I start to regret this.”

That explains a bit.

Amity hesitated, shifting to her knees and scooting closer to Catra. She sat face to face to the throbbing erection, wet from being constantly encased in a sheathe. Her anatomy was intriguing to the curious witch, a pale hand coming to grasp the firm shaft.

It was breathtakingly warm and a bit slimy, her thumb just barely grazing her middle finger around the girth. It pulsed and jerked in her hand, eliciting a sharp gasp in her mouth. Her face still red but of genuine lust rather than embarrassment.

She stroked it from base to tip, watching as the clear fluid pearled up and dripped down the ribbed tip. The tiny dull barbs bumping against her palm. It twitched in her grasp.

“Mmpff, there we go...” Catra groaned, bringing her hand up and flicking the gold rings on her nipples. The dark bud hardened a few seconds later. She brought her hand down onto Amity’s head, digging her fingers into her scalp, nudging her forward.

She yelped at the sudden movement. Her cheek slapping against Catra’s thigh, nose forcefully buried in the dark pubes. In her shock, as she tried to push away she inhaled deeply.

The musky sweat invading her senses, she could almost taste it in her throat. Musk couldn't even describe the smell. Catra's natural earthy scent combined with the combination of her cooped up sweaty furry sack. A faint scent of nicotine embedded deeply into her fur, she must've been busy before sauntering over here.

Amity must've stayed there long after Catra had let go of her head, judging by the hand nudging her head.

"Hey, stay with me now you little weirdo. I can tell you like the scent but that's not the plan for tonight."

A tan hand grasped at her pale shoulder before being easily pushed down onto the mattress with a muffled yip. Landing on her back she shuffled up to rest on her elbows.

Catra placed a knee on the bed before climbing up. Her thighs encasing Amity's legs between them, letting her loom over the small witch. She grinned sinisterly, placing both hands on the mattress around Amity's head.

"I'm gonna pound that tight little pussy of yours into this fucking bed 'till you're stuffed with my cat spunk for interrupting my night,"

Catra hissed almost angrily if it weren't for her throbbing red boner spurting precum all over Amity's belly.

Hands seized Amity's waist before effortlessly turning her into her belly like a rag doll . Amity scrambled to grab fistfuls of the sheets as Catra's hands gripped at her black leggings.

"Wait hold on-"

Her plea fell on deaf ears as she was cut off by a loud shred. Catra swiftly ripped her leggings open with her bare hands. Revealing her soft supple ass and drenched pussy. "Damn, no underwear? Guess you really are looking for a good lay today," Catra teased.

Amity’s face burned red as she felt Catra’s hands begin to knead and pull her cheeks apart. Thumbs hooking down to spread her pussy apart, inner muscles twitching from the cool air. She couldn’t help but gasp and shudder as a warm glob of spit landed on her perineum.

Catra’s tongue lulled out her maw, mouth open to get a better scent of her horny prey. Her warm breath sent a shudder up Amity’s spine. She leaned down and pressed her wide tongue against her pussy and up to the tight ring of muscle of her asshole.

Amity let out a soft moan, letting her forehead fall to the bed as Catra ate her out. Her grip on the sheets had loosened, occasionally tightening when Catra’s rough tongue would catch on an opening and press in ever so slightly.

Catra shifted all her attention to Amity’s wet pussy hole, her tongue lapping up the wet slick. Her tongue slipped in rather easily, rough papilla brushing against the walls deliciously. She groaned hungrily and pressed her face deeper against Amity’s pussy. She began to properly eat her out, licking and sucking to get that witch snatch properly loosened up for a deep rut sesh. Pulling her tongue out to catch a breath of air before sloppily diving back in, strands of thick saliva coating around Amity’s pale thighs as her tongue swirled and pushed into her loosened walls.

Amity continued to mewl and squirm under the assault. Her back arching and pushing her hips back onto Catra’s tongue. Her jaw slacked as she drooled into the sheets, kneading them with her fingers like a cat.

The real deal’s tongue pulled out of her wet cunt, slick matted onto the fur on her chin. Catra licked her lips satisfied with her prep job, huffing her warm breath against her pussy. She spat on the twitching hole before standing back on to her knees. She grabbed her still hard cock and slapped it on top of the witch’s ass with a wet plap.

Amity yipped again. She turned her head back to look at Catra above her shoulder. “Think you’re good enough to take me now?” Catra sneered, her mouth in a snarly grin but her brows soft. Genuinely asking for Amity’s affirmative.

“Just..” Amity hoisted herself on her elbows under her chest, getting onto her knees and spreading wide, showing off her puffy aroused lips. “...get in there already,” she mumbled.

“As you wish,” Catra purred, pressing the tip against her wet slit. Grabbing Amity’s hips and pushing her hips forward, her cock sinking in inch by inch rather easily. A low groan emitted from her chest. Pressing forward until her scruffy belly pressed against Amity’s ass, fully balls deep. Amity exhaled sharply as the wind got knocked out of her, she clenched her eyes shut, biting her lip rather roughly. Her knees began to buckle as she tried to clench around the fat cock sheathed within her.

Catra snarled as she pulled her hips back and began thrusting slowly. Her tail froze behind her as she closed her eyes to savor the warm cocksleeve. Claws pricked pale skin with a tightened grip as she picked up the pace, pulling out less than halfway before slamming back in, a soft plap muffled by her fur echoed between them. “Yeahh... there you go, take that shit deep inside you like a good little whore,” Catra growled breathlessly,

Amity cried out as Catra began to rut into her recklessly. Her knees buckled under the assault, her hips supported by thoughts and prayers along with Catra’s death grip. Feeling her body being shook back and forth as she relished in the pleasure of being used. Her face smooshed against the sheets as she continued to mewl and moan helplessly. Her eyes crossed before clenching shut as the barbed dick stretched and rearranged her without care.

Catra let go of Amity’s hips, laying her body on top of her, the cold metal of her nipples rings pressing against her shoulder blades. Before Amity could relish in having the warm magicat’s body on her she grunted as Catra pulled her into a headlock. Cheeks squished against the biceps around her head. Catra pushed all her

weight down on the witch, making her sprawl out onto the mattress as she continued to fuck her.

Amity could barely lift her hips as Catra began to pound into her for real. Balls colliding onto her leaking snatch as the cat pulled out to the tip before slamming all the way back in, barbs scrapping viscously against the clenching walls, creating an almost buzzing sensation reaching her neglected clit.

"God, fuck, fuck, p-please!" Amity sputtered, voice shaking from the intense rocking. Her hands clenching the sheets so tightly they could rip at the flick of her wrist. "Please what, huh?," Catra huffed into her ear, making it twitch and flick under the hot air, a faint trace of alcohol heavy in her breath, "This pace not enough for you? I bet you want to be ripped apart like the little fuck toy you are, right? No wonder you took my dick so easily, fucking slut!" She bellowed, her hips doubling down and pistoning into the tight cunt below without mercy.

She grunted and laughed, savoring the quick moans and mewls from Amity as her hips slapped against the witch's ass. Bringing the arm on top of Amity's head to her own hip, keeping her headlock tight on Amity with the other around her face and neck. Amity shuddered and moaned as her hands scrambled to grip Catra's arm, nails digging into her thick forearm but she ignored the cutting pain and continued to rut into the teen.

A tingling pressure forming in her pussy, slowly building and building until she couldn't take it anymore. The constant slapping and pressuring on her clit and insides sending her over the edge along with the slowing lack of oxygen. Her body froze as her tongue lulled out her mouth, eyes widening before rolling into her head, she cried out and came abruptly around Catra. Thighs clenching as she tried to cross her legs but was held down under Catra's weight.

Her high came to an end as she ragdolled on the mattress, taking in deep gulps of air as the feeling of her brain spinning began to die down. Her pussy clenched around the dick still hilted inside

her that had ceased thrusting. Amity signed contently before regaining herself, before she had a chance to thank her satisfier she was caught off by her own sharp moan as Catra pulled all the way out and slammed back in before jackhammering into her like a feral beast in heat.

"Oh, no... *I* say when we're done!"

Her pussy was hypersensitive, not given enough time to recover before Catra's brutal onslaught. Nails once again dug in deeper into Catra's arms, almost breaking the skin, but Catra didn't care. She kept fucking into her like a horny dog, desperate to get herself off, not caring that her bitch wasn't ready to continue.

"Oh god, oh god, fuck me, fuck me, s-shit!" Amity blabbered as the horny fuck on top of her began to thrust sporadically, sloppily loosing her rhyme as she begun to near blowing her load too. Catra snarled and roared as she felt her orgasm creep up on her, her hips quickly pistoning in and out of Amity. She could feel her own thighs straining and her core burning as she pounding into the greedy pussy.

"I'm gonna fucking cumM!" She roared, quickly pulling out and sandwiching her twitching cock between Amity's asscheeks before blowing ropes of cum onto Amity's back, sticking to some of the fur of her belly. A continuous growl shuddered in her body, her dick twitching as the streams began to die down. She released Amity from her hold, Amity's head limping down to the bed as she tried to catch her breath, tongue out like a dog. Catra chuffed before straightening her back and resting back onto her haunches.

She greedily took in the view of Amity's wrecked state. The red blush burning from her ears to her shoulders, drying smeared cum spilt all over the small of her back along with her thoroughly stretched out pussy, still twitching and contracting around nothing. A red hue on her ass checks from the repeated clapping of Catra's hips sent a chuckle through her.

Catra ruffled Amity's hair before shuffling off the bed, reaching down to grab her thrown away rag of boxers. Her cock, satisfied, softened and retrieved back into her brown sheathe, making it easier to slide her underwear back on. She yawned before straightening her back and turning to Luz, who was still on the ground watching. Her face was flushed, the scent of her arousal obvious the magicat after witnessing her girlfriend getting absolutely wrecked by her sleazebag roommate. Luz was staring at Amity before she teared her eyes to Catra, her jaw slightly dropped.

"Go take care of her, lady needs some aftercare and I'm not doing it," Catra said nonchalantly, scratching her armpit before turning to walk out of Luz's room. "I'm fucking hungry and unfortunately starting to get back to my senses. So, yeah. I'll be in my room. Don't bother me." It was all she said before sauntering into the hall, scrounging for food.

Luz looked back at Amity's sprawled body, shakily getting up on her feet to walk over to the bed. She crawled on top, laying next to Amity, who was still slowly catching her breath. They remained silent, basking in each other's presence before Luz spoke. "Is it ok I thought that was kind of hot?" She wondered aloud, chewing the inside of her mouth waiting for Amity to register her words. Amity couldn't help but smile and let out a strained giggle, crawling up to her elbows and scooching closer to Luz, resting her temple against her shoulder.

"Yeah, I guess it was," she mumbled, still recovering after being slowly choked out. They laid in another moment of silence, the tv screen defaulting into its screensaver, its little stock buildings and references passing by. Luz watched for a moment before searching for the discarded remote, successfully finding it between the pillows before going back to their movie. "Can we keep watching?" She asked curiously. Amity smiled, resting her ear against her chest, listening to her soft heartbeat, "Of course, Luz."

"Sweet."
