Summary

Adora goes to a rock concert and is found in a back hallway by the lead singer, Catra, messy sex ensues.

Chapter 1

Adora didn't know how she had even gotten into the situation she was currently in, pressed up against a wall, getting jacked off in a back hallway by one of the most popular rock stars of the time.

Adora didn't want to even go to this concert, but Bow and Glimmer had dragged her to it, a special deal for three pit tickets to the pair's favorite band, Cat Burglars. She didn't want to sit hours outside the venue to get on the barricade, and she really wanted to just curl up and read her book when the music started. When the lead singer, Catra, jumped on stage though, Adora could admit, she was pretty smoking hot. After the concert, she had wanted to go straight home, but had lost Bow and Glimmer in the crowd, and wound up in a back hallway. The very same back hallway that Catra was walking in.

Adora froze up, and Catra said something about noticing her in the crowd. It didn't matter, Adora wasn't listening, glued to Catra's body, lithe and curvy in all the right places. A bulge appeared in Adora's pants and Catra didn't need to say much more.

A minute later Adora's pants where unbuckled, and her enlarged penis was receiving rhythmic strokes from the cat, who was at the same time planting wet kisses on the back of her neck.

"You taste delicious" Catra whispered into her ear, before continuing her assault. Adora was being face first pressed into the wall, with her hands bracing the cold bricks, starkly contrasting the warm fingers currently fondling her cock. Catra spit on her hand, then stroked up and down the shaft, increasing pressure around the tip to maximize the feeling while lubing it up. Evidently she had done this before. Adora tried to keep her mouth shut, but with each pass it became more difficult.

"Let it all out baby, I want to hear you" Catra whispered again, in a half-raspy voice, because she had just gotten done with singing

a full concert. This was too much, and Adora began letting out desperate moans as the fiery feeling built in her core.

"oh...it's too much..." Adora was able to get out, before immediately drowning back into pleasured moans at the hand of the cat.

"We haven't even started" laughed Catra, who snaked her free hand up to Adora's breasts, fondling them through the fabric of her shirt. The sudden stimulation forced out the loudest moan from Adora yet, who's knees began to weaken at the amount of pressure and pleasure building in her core. Catra stuffed the hand up Adora's shirt, massaging them directly, and pinching the nipple between her fingers, dragging it out and repeating.

The wet hand job Adora was receiving was reinforced with even more spit, though the pace became erratic, as Catra intentionally drove her near the edge before releasing the pressure on the throbbing cock. Catra did this multiple times, each shorter and shorter than the last, as Adora now did not even try to hide her moans, desperate and needy for release, she begged Catra.

"Please...Let me cum...please..." Catra ignored this, continuing to ring Adora out with the messy hand job. Precum mixed with spit as Adora's length was readying to blow. The enlarged cock was veiny and engorged, not used to being refused release.

"I'd like to hear you beg, girl" Catra laughed once more, switching breasts with her free hand. Adora obliged, desperate for release.

"Catra...Please I'm so close... I can't..." Catra heard this and smiled. Her hands increased in tempo, the spit covered cock was pounded ferociously, and Adora sailed over the edge.

Thick ropes of cum began to spurt from Adora's cock, painting the wall in front of her with semen. Catra continued the strokes, ringing out the last of the cum out of the length. In all, Adora blew 12 ropes onto the wall in front of her, which began to drip down as Adora collapsed in Catra's arms.

Catra caught her, holding her up to stand, but still keeping a hand around her waist and around her neck. Adora was coming to from her momentous orgasm, bliss being replaced with embarrassment.

"You're coming with me for a little bit longer girl" Catra whispered into her ear from behind, and then yanked Adora down the hallway, still with her cock hanging out.

"Adora, actually" She managed to get out, before a hand clamped her mouth shut. Catra pushed her into a dressing room, which was also furnished with a bed. Weird.

"Well, Adora, it's your lucky day. Sit. Strip." Catra commanded, and Adora did so. Now naked on the bed, she looked back at Catra, who had stripped as well. Her eyes drifted over the whole package, the cat's toned form showed visible abs, small, perky breasts and a surprisingly glistening sex. Apparently Catra had enjoyed the previous encounter just as much as Adora did.

Catra finished throwing off the last of her clothes, and pounced onto the bed on top of Adora. Using the arms of her jacket, Catra tied her wrists together, She almost protested, but realized her own penis gave away her returned arousal. The wet cock was once again throbbing for any stimulation. Adora was laid flat on her back, head on the pillows of bed, with Catra hovering above her, about to stuff the penis straight into the wet pussy.

"Wait...What about protection?" Adora placed a hand on Catra's chest, and she paused for only a moment.

"I'm on the pill" She then promptly sat down on the enlarged length, taking the entire penis in one go. Catra then leaned down to whisper into Adora's ear, barely audible.

"Besides, I like it raw" With that, Catra raised her hips and slammed them down again, producing a gasp from Adora, who had not had this feeling in a very long time.

Setting a brisk pace, Catra speared herself on Adora's cock again and again, covering it in wet slick, mixed with leftover cum and

spit from the previous hand job. The wet slap of flesh on flesh rang in the dressing room. Adora could only watch as both of her hands were restrained above her head by only one of Catra's. Each thrust of Catra built even more pleasure inside Adora, though also seemed to be getting Catra riled up. The previously silent cat was now grunting with each thrust, obviously near the edge herself.

The pussy was leaking wave after wave of lovejuice onto Adora, drenching her penis and thighs, and staining the bedspread below. Though Catra continued pounding the helpless woman from above, with each thrust producing ever louder moans from her. Adora was silenced by Catra's mouth slamming into hers, pulling her into a slobbery kiss. Catra's tongue fought to taste Adora's, over and over again. Pulling away from her, Catra planted messy kisses down Adora's neck, sucking hard to leave marks. The pleasure and slight pain from the kisses went straight to Adora's core. Catra's spit now covered Adora's upper chest area, and she began playing with the woman's fat tits. Fondling them both with one hand, switching in between, Catra grasped desperately at the milk jugs, kneading and rolling them, eliciting sound after sound from Adora.

Catra's back arched in pleasure, and her thrusts once again began to get erratic, though only because she herself was nearing the edge, so was losing focus on the rhythm. This irregularity was torture to Adora, who in response, arched her hips and slammed upwards into Catra's messy cunt, forcing both of them over the edge. The unexpected thrust upwards made Catra scream out in pleasure, and slump over on the woman beneath her. At the same time, juice exploded from Catra's pussy, dousing Adora's entire nether regions and drenching the pillows beneath them. After the thrust, Adora fell to the bed, still inside Catra, and involuntarily pumped a whole load of cum directly into Catra's quivering pussy. Adora was still pumping several seconds later, her body making sure every bit of semen was in the cat's mess of a cunt.

The two lay there for a whole minute, Adora's cock still in Catra's sex, as the cat regained her senses. She quickly extricated the

penis from herself, and silently ran to get a towel to wipe down the two. Adora lay there for a few more seconds, catching her breath as well, until she felt a towel rub around her still sensitive sex.

"Sorry about all that, I don't usually come that hard" Catra was now cleaning her lower half, wiping off the combination of cum, sweat, love juice, squirt, and spit.

"All good, a little help here?" Adora moved her bound hands in front of Catra.

"Um yeah one second" She quickly untied the not, returning the jacket.

After rubbing her wrist, embarrassment flooded Adora again. She quickly dressed, trying to race out of the room. She was stopped by a voice behind her.

"Wait!" She turned to see Catra holding out a piece of paper with several numbers on it. Adora sheepishly took it, reading Catra's number and a little evil smiley face on it.

"Thanks...have a nice night." Adora turned, red with embarrassment, and with several hundred texts and calls from her two friends that she had completely forgotten about during the encounter.

"Adora, call me!!" She heard Catra yell after her, with a barely perceptible note of desperateness in it.

Chapter 2

"Do you think she forgot the number?" Catra fretted, pacing around her dressing room, every few moments looking back at her pale green manager. Double Trouble was one of the first people to notice her talent, quickly becoming her manager in the very early days of Catra's career. Double Trouble was lazily lounging on a fluffy chair, absent mindedly scrolling Hordegram with one hand, brushing their hair with the other.

"She'd certainly remember the dick you gave her" Catra flushed at the comment before continuing her fretting, having almost immediately told the shapeshifter of her encounter the day before. Double Trouble gave her a strange look that Catra did not see, they seldom saw the feline so worked up over anything, let alone a girl she'd hooked up with for maybe 20 minutes.

"I'm sure she'll text soon, they always do" DT's tone turned from the usual witty to consoling, unsure of how to respond to this new side of Catra. Clicking off their phone, the shapeshifter stood, and pointed towards the door. "Come on, lets go, you've got sound check and then hair and makeup soon, and this is doing nothing for your complexion."

Catra followed them out the door, still checking her phone every few seconds. Double Trouble thought the sound check went well, though they could easily see that the cat's tail couldn't stay still. Even through the concert, the shapeshifter watched from the wings as Catra couldn't really get Adora out of her head.

When Catra returned to her phone after the concert, she screamed in excitement. A tiny little notification bubble appeared from an unknown number.

unknown: Hi! This is Adora.

Finally calming her breathing, Catra thought of how to to respond, finally settling on:

C: hey Adora, how's it hanging?

After sending it, her face burned with embarrassment. Why had she sent something like that? Why was this so hard? Normally she was the one that was cool and collected while people pursued her, not the other way around.

A: Good! my friends, Bow and Glimmer were sort of freaking out so I wasn't able to text last night!

C: sorry about that lol, didn't mean to concern them

A: It's totally cool, they were fine in the end after I got them ice cream.

Catra paused for a moment before sending the next text.

C: How about ice cream again, tomorrow?
At 1:00 at Blue's?

Double Trouble had double, even triple approved Catra's outfit before she even walked up to the ice cream shop, though the cat was still nervously fiddling with a zipper on her black denim jacket. The small joint was done up in shiny chrome repurposed from an old airliner, neon signs denoting the shop as "Blue's Diner and Icecream". The red leather seats at the bar were unfortunately the exact same color as Catra's pants.

Catra opted for a booth, attempting to peruse the menu, though her eyes flitted to the door each time it dinged. The selection of ice cream Sundays at Blue's were always interesting, continually changing around almost every week during the warmer months. Catra was too busy reading the description of 'Entrapta's Mechanical Ice Cream Marvel', a strawberry Sunday with purple

toppings and a 'surprise' on the inside, to notice the blonde haired girl walking up to the booth.

"Hi Catra" Adora spoke tentatively, after all, she didn't really know Catra that much, it had only been a couple days since their 'encounter'. Catra Jumped, mentally kicking herself for being snuck up on, that was usually her thing. What was wrong with her?

"Hey Adora, any trouble getting here?" Catra stood, slightly flustered, and extended a hand that Adora shook. The pair sat down across from each other in the booth. Catra noticed that Adora's eyes sparkled ever so slightly, had she put on makeup?

The waiter came over, took their orders, and went off, placing down two blue sodas that had made the place famous. Catra had played it safe with the 'Double Chocolate Dessert', and Adora had gotten the Entrapta Sunday.

"So what made you want to form a band?" Adora asked, as she thought they might as well get to know each other while the ice cream came.

"Well, I realized no one was making music that I liked, so I made some in my bunk at the Horde Zone School, and my bunkmates liked it as well. It kind of went up from there..." Catra trailed off, not really knowing where she was going, she just made a band with her friends and it worked. Adora's eyes lit up at the mention of Catra's school.

"No way! You went to HZS too? What company?" Catra choked on her soda, the carbonation rising up through her nose instead of going out her mouth. Settling down, Catra instinctually made a hand sign that was instilled into her since a young age, pointer and pinky raised to make horns while the thumb, middle and ring fingers made the head of a drake. Adora Smiled at this, one of those smiles that lights up the entire face, and Catra wouldn't be surprised if her teeth shined in the dark.

"Blue 42, Drakes, you?"

"Violet 12, Pegasi!" Adora in turn intertwined her fingers to make a flapping motion with them.

"I'm pretty sure we destroyed you guys at the squad skirmishes every time" Catra laughed, remembering her days of training to be a warrior, before the whole band thing took off.

"Only at capture the flag, we win in deathmatch easily" Adora retorted, and somehow the smile got even brighter.

After a time of reliving their school days, comparing teachers and complaining about the headmistress, Shadowweaver, their ice cream came. Adora dove into hers, while Catra nibbled at the chocolate monstrosity she was given.

Catra noticed how Adora's blonde hair fell over her shoulders, somehow at the same time looking both effortless and completely meticulous. The cat was now suddenly aware of every hair on her body, how the huge head of layered brown wouldn't behave even when Double trouble had worked on it. Just looking at the girl was enough to get Catra's heart, and core, going.

"Let's walk around yeah?" Catra asked, attempting to sound casual, though somehow sounding rushed. Adora didn't notice, she agreed, and the pair paid the bill, walking out to the sunny day in Thaymor. They found a public park a few minutes walk from Blue's, and began walking down it's snaking pathways, both working at their ice cream.

Catra was growing restless, everything about Adora was attractive, and her mind was going places she'd rather not. The woman's strong form moved in such a way that it was hard to think. Adora's thigh length white sundress wasn't helping matters either, as it exposed the woman's powerfully defined back muscles, as well as her strong collar bone noticeable under the lush skin. They continued conversation, about Adora's job, their friends, their shared interests of reading the same authors. Catra

thought to herself that it was the most she'd cared to share with anyone in a very long time.

The path of the park turned left, though a dirt path continued straight into a large group of trees and bushes.

"I need some shade, don't you?" Adora turned back to Catra, oblivious to the things she was doing to the cat. Catra nodded, and followed Adora into the grove. After some walking through bushes and ducking heads, they happened upon an old park bench, wooden slats in between metal artistry that had room for two.

Catra had eaten only some of her ice cream, though Adora was almost down to the cone of the strawberry sunday as the pair sat down on the bench.

Suddenly, there was a loud 'POP' noise, as the remaining ice cream of Adora's Sunday exploded onto her. Catra, in astonishment, remembered the 'surprise' that Entrapta's Mechanical Ice Cream Marvel came with.

"Oh! I didn't think that was the surprise!" Adora laughed, which sent another pang from Catra's spine to her core.

"I didn't either haha" Adora rummaged in her bag, reaching for some napkins to clean her face, neck, and upper torso with. She came up with a single napkin, thin and measly. Catra looked in hers, though didn't find any either.

Catra watched as she tried to make do, wiping some of the ice cream off her face, though as it soaked up more and more strawberry, it instead turned to just spreading it around even more.

"Now what are we gonna do?" Adora grimaced, looking down into her lap. Catra realized at this moment how close the two were. The outside of their thighs were touching each other, and shoulder to shoulder on the small bench, it didn't leave much

wiggle room. As Adora looked up into Catra's eyes, Catra lost herself in those pale sparkling blues.

"How about this..." She leaned her head forward, and her lips gently pressed against Adora's strawberry covered cheek. Moving her tongue to lap up the sweet ice cream, She felt Adora's breath shudder, and Catra retreated, waiting for a reaction from the woman. Adora sat there, panting slightly.

"yes...please" Adora seemed to struggle to even form those words, and Catra drew in again. The cat licked all around Adora's face until all that was left was Catra's saliva, and then she descended to the neck. That strong, supple neck. Peppering kisses and licks over the entire surface, trailing down to the collarbone, Catra cleaned Adora of any trace of strawberry cream.

Finishing her task, Catra zeroed in on the fact that Adora's erection was pitching a tent of her sundress, and the cat looked up at the woman. Adora was now panting wantonly, almost ready to burst from just the touch of Catra's tongue on her body.

"Catra...I need you" Adora whined, taking the cat's hand and guiding it to the covered member. Catra let loose. The lust that had been building all throughout their time together rushed straight to Catra's head, erasing any thoughts of the fact that they were in a public park. A secluded area of the park, but a park nonetheless.

Catra began by getting to her knees on the ground, parting Adora's strong legs, and flipping up the hem of her skirt to reveal the bulging cock, poking out of the tight underwear Adora had tried to contain it in. Catra ripped the underwear off, tearing on side of it and took the uncovered penis in her hand and mouth a the same time.

Adora let out a small moan as Catra took the tip into her mouth, swirling her rough tongue around it, producing even more sounds from Adora. Catra's hand began working up and down the cock, stroking along with the movement of her head. At the same time

as the blowjob, Catra was undoing her own pants, pulling them off to reveal a glistening pussy, and the cat dove two fingers into the hole right away to alleviate the pressure that had been building there.

Switching hands, Catra covered the member in her own juices, as well as the slobber produced from her own mouth bobbing up and down on Adora. The woman's hands were gripping the wooden slats of the bench, though they moved to the back of Catra's head.

"Catra I'm close!!" Adora almost shouted, arching her back and pushing down on the cat's head as she reached the edge. Catra, in turn, closed the seal of her mouth around Adora and sucked, gripping it with immense pressure.

This sailed Adora over her limit, and the cock began to spurt white hot ropes of cum into Catra's throat. Swallowing as Catra felt the member pulsing in her mouth, she continued to suck, draining Adora for as much as she could. Adora fell back onto the bench, wiping the sweat from her brow, she looked down at Catra.

"You are...Amazing at that..." She squeaked out as Catra released the cock from her mouth, spilling only a few drops of lovejuice onto Adora's thighs. Catra stood, kicked off her pants, and climbed over Adora, presenting her moist pussy to the girl. Leaning down to whisper into Adora's ear.

"Job's not finished baby" This was all Adora needed apparently, as the member immediately began growing once again, back to it's full mast within a few strokes of Catra's hand. The cat straddled Adora, hovering over her before sitting directly onto the cock. With a wet noise, it slid all the way to the base.

"Good Girl Adora" Catra whispered into her ear again, rising up and down on Adora's sex. Catra grabbed roughly at the woman's tit's, white fabric barely covering the hardened nipples. Adora moaned under the stimulation, the heat from her dick and assault on her breasts was beginning to overload her lust addled brain.

While Catra speared herself on Adora, her pussy produced evermore slick and juice to lubricate it. Adora continued to mewl under the cat, though as the slick coated the cock, Catra's tempo was too slow for Adora.

"I'm sorry Catra..." The woman then picked up the cat, laying her out on the wam ground, with Catra's legs up in the air. Adora began pounding Catra's sex with a forceful rhythm, and it was now Catra's turn to turn into a moaning mess. Catra tried to move her hands, but Adora pinned them above her with one hand, using the other to hungrily grab at Catra's tits through her shirt.

Suddenly the Cat's ears pricked up, pointing towards the path.

"Hrgh...I hear people" Adora, unable to think of anything more than the blissed out mess of the girl under her, continued pounding.

The assault on Catra's slobbering pussy forced a moan out of her, the loudest yet, but it was stopped halfway by Adora's hand clamping around her mouth.

"Can't have them...hear" Adora whispered, and these words had Catra's sex constricting around the cock as it rammed in and out with a ferocious tempo. Adora let go of Catra's mouth, only to replace her hand with her mouth, taking Catra in a wet kiss, tongues intertwining, desperate for each other.

Adora attempted to say "Where should I cum", but that was lost in translation of the pair's interlocked tongues, and came out a series of differing grunts as Adora's thrusts became erratic. Catra sensed this, and crossed her legs behind Adora, making her unable to pull out. Catra then tried to say "In me" but it was interrupted by a moan.

Adora's thrusts sped up just slightly as she reached her climax hard, and then stopped as she drove one last thrust directly into the destroyed pussy under her. At this, Catra climaxed as well, her pussy clenched around the cock, her back arching in pleasure,

and her sex letting out a stream of love juice, coating the pair's lower regions in slick. Adora's cock let loose inside Catra, pumping semen directly into Catra's womb for several seconds.

Adora stared down at the sated Catra beneath her, and as her breathing returned to normal, she gently pulled her soft dick out of the battered pussy. Sitting up, Catra rubbed her eyes, and looked at the woman before her. Her dick now hung limply, covered in the combination of Catra's juices and Adora's cum.

"Let me take care of that..." Catra bent down, once again taking the cock in her mouth, before going all the way to the base, and licking off any remaining cum. With a pop, she let go of the penis.

"That was amazing Catra" Adora smiled again, back to her old self. She stood, fixing her dress, though realized that her underwear was torn to shreds.

"Sorry about that, Guess you'll just have to go commando" Catra teased, wiping up as much slick as she could from her nether regions before putting her pants back on.

After making sure that nothing was showing, the pair exited the grove, and moved quickly to Adora's nearby apartment to clean up, and Catra tossed the ice cream that she had neglected to eat the rest of, in favor of a much better meal.
