The Beast's Clutches

by ProteinBlob

Summary

Adora is on the hunt for a beast that's eluded her all day, but finally it seems like she has it in her clutches.

It was late at night as Adora ran through the Whispering Woods. Her breath was hot and short, sweat running down her body. In the distance, she could hear rustling in the bushes that kept getting further away the more she tried getting closer.

Eventually, exhaustion got to her and the young woman found herself resting against a tree. She could hear what was in the bushes getting further away, prompting a frustrated groan from her.

"Been hunting for hours…haven't got anything from it…" The blonde groaned as she wiped her forehead.

"Maybe I should just head home…No! No, I'm so close! I can't give up now." She assured herself between breaths.

As she talked to herself, the creature she was following started inching closer and closer to the blonde. It made sure to keep quiet as it hid in the bushes, going slow and steady.

"The next chance I get, I'm gonna catch it." Adora clenched her fist tightly, a determined look on her face. She was completely unaware she was being stalked.

It wasn't until it was right behind the woman that Adora felt something was up. She couldn't even turn around all the way before she felt something pounce on top of her with a snarl.

Adora fell back on the ground, looking up at the face of her girlfriend. She loomed over the blonde, teeth gritted and a low snarl leaving her. She was completely naked, her claws digging into Adora's shoulders.

With a grunt, Adora kicked the other away before hopping to her feet. She watched as the naked Magikat kept her distance, her tail raised and her gaze intense. She kept her hands raised defensively, ready for her to pounce again.

Catra remained on all fours, back raised while she eyed up the woman in front of her. Every step she took towards her, Adora took another step back, keeping her distance.

After a few steps, Catra stopped, looking the other up and down. She immediately took notice of the erection the other had in her pants.

Adora stopped as well, wondering what the other was thinking. She had to think of a way to catch this beast. She'd been trying to catch her all day, but she escaped each time. Not this time, though.

The two stared each other down, unsure what move the other would make. Catra's tail swung slowly from side to side while she slowly reeled herself back.

A few seconds later, Adora took a step forward, lowering her hands. As soon as she did, a smirk formed on Catra's lips before she lunged towards the blonde, pinning her to the ground again.

A yelp left Adora as she fell back to the ground, once again pinned down by the creature. She tried to shove her away, but her legs wrapped tightly around her waist and kept her from flying off. Soon enough, she lacked the energy to try and buck her off.

A low hum left Catra, lifting her hand up and baring her claws.

Adora braced herself for the attack, hearing her grunt and watching her bring her arm down. But she didn't feel anything.

After a few seconds, she watched as her clothes had been ripped apart, sliced straight down the middle. Both her shirt and pants had been cut through, even her underwear, leaving her naked.

Her erection popped out from her underwear, smacking against Catra's groin. Her face burned bright red in embarrassment, turning back to the Magikat.

With a smirk, Catra lifted herself up before lining the tip of Adora's cock with her own sex. Gritting her teeth, she forced herself down her thick, throbbing length in one go. Her head shot back as a shrill, pleasured cry left her.

Adora cried out as well, suddenly feeling Catra around her cock. She then felt her claws dig into her shoulders once again before Catra started slamming herself up and down her length.

Catra was relentless as she slammed her hips down to Adora's over and over. Her eyes remained shut and her teeth were grit tight.

The blonde dug her hands into the earth beneath her, overwhelmed by the promiscuous beast. She was positively motivated in getting bred by her, and Adora was tempted to let her have it. But she knew the moment she finished, she would take advantage of her weak state afterwards.

And that was when she got an idea. But for now, she'd let the other have her fun, doing her best to resist the urge to cum.

The longer the two kept going at it, the tighter Catra's grip was on her. Her body hunched forward, and her snarls of pleasure grew more shrill and frequent. Her tail continued to swat behind her as she slammed her hips faster and harder against Adora's.

Adora could feel herself throbbing and dripping inside the wild Magikat. She squeezed around her cock in the best, most perfect ways. But she couldn't blow just yet, she just had to hold on. Her fingers dug tighter into the ground, clutching tightly onto clods of dirt.

Catra could feel Adora twitching faster inside her, smirking down at her while her hands traveled down to the other's chest. She could feel herself edging closer to climax by the second, pleasured grunts leaving the Magikat while she started to bounce faster.

Gritting her teeth, Adora resisted the urge to thrust into her, worried that even a single jolt or movement of her hips was

enough to set her off. She'd just have to wait and hope that Catra would finish herself off.

As she laid down on the ground, Adora took notice of the vines that hung above the two of them. Could definitely be helpful if this worked. But Adora was fighting for her life as it is.

A low snarl left Catra, accompanied by even more as she hunched forward. She was getting closer and closer to finishing, riding Adora as fast as she could. She could feel the other throbbing and twitching faster inside her, hoping to make her cum right before she did. As soon as Adora finished, she would make her hers.

Gritted moans and grunts left Adora, doing her best to hold back from cumming, but if Catra didn't make it the most difficult thing on the planet. Adora grew worried that she wouldn't last long, this was practically a life-or-death situation.

It was neck and neck for the two on who would finish first. Between Adora's insistence on not cumming and Catra's frantic riding, it was a tossup between who would pop first. Their bodies tensed up and grunted moans left both of them.

By a miracle, it was Catra that climaxed first, signaled by her head shooting back and a pleasured moan erupting from her. Her entire body shuddered in bliss, going slack on top of Adora.

Adora was glad that she was the one to last the longest, now she could put her genius plan into effect!

Taking advantage of Catra's fatigued state, Adora promptly pulled out of Catra before shooting up to her feet and grabbing a vine from a low hanging branch.

Catra fell back on the ground, a yelp leaving her as she tried to react. But her post-orgasm exhaustion left her too slow for the other.

In the next moment, she found herself tied up with the vine with her arms and legs behind her head. Her pussy and ass were

spread and exposed to the other. She struggled against the restraint, trying to break out of it, but was unable to.

"Finally! I got you!" Adora cheered, looking down at her catch. She noticed Catra roll her eyes before she leaned down to pick the other up.

Catra let out a huff as she was picked up, now feeling Adora's cock resting on top of her exposed sex. Her cheeks flushed red, and a shiver ran up her back.

"And now that you're mine, I can do whatever I want with you~" Adora smirked, biting her lip and gripping Catra's thighs tightly. She then lifted Catra up so that her tip lined up with her slick lower lips.

In one motion, she slammed Catra all the way down her shaft, prompting a groan from the Magikat. She just finished riding her, so she was definitely more sensitive.

Adora, on the other hand, wasted no time in forcing Catra up and down her cock like a sex toy. She had a pleasured smile on her face while she looked down at the overstimulated beast.

Catra's eyes rolled back, and her mouth hung agape at the feeling of the hunter's thrusts. She was unable to break free of her bindings, having no other choice than to be used by her.

Adora widened her stance, making sure she didn't fall down as she continued to force the other down her cock. Her nails dug into Catra's flesh, clinging on tightly. Every time she forced herself inside her, her cock throbbed faster and harder, dripping pre into her sex.

Their pleasured cries shot out into the night air, joining the sounds of the woods along with the sound of Adora's waist slamming against Catra's. Her balls smacked against Catra's ass, filled to the brim with jizz. After being teased by the Magikat prior, Adora was anxious to fill her up for real.

“Mmm!~ That’s right! You’re finally mine!” Adora practically screamed, “Who’s the better hunter now?~” She teased, leaning her face closer to the other’s, smirking down at her.

If Catra’s eyes weren’t already rolled back in pleasure, they would certainly roll in annoyance. In any case, the Magikat could feel herself edging closer to orgasm once more. Shrill whimpers left her mouth as she felt Adora slam herself inside her faster and harder.

Primal grunts and groans left Adora’s lips, now thrusting inside Catra as well as forcing the other down her cock. Each time she felt her hips collide with hers, Adora could feel herself close to climax. And unlike before, she fully intended to fill the other to the brim.

Catra continued to pull against her restraints, as feeble as it was. Her whimpers grew more shrill by the second, knowing full well that Adora was going to finish inside her. On top of that, her own orgasm was edging closer and closer.

It felt like Adora’s thrusts were going at lightspeed, the young woman nearly going She-Ra in the midst of her fucking. Of course, she made sure that wasn’t the case.

Finally, after what seemed like an eternity of Adora railing her, she slammed her cock in one final time before pumping her hot, thick load into her. A pleasured roar erupted from the blonde, ecstatic that she finally got the chance to finish.

Catra as well climaxed, letting out her own wail of climax. Her sex tightened around Adora’s cock, milking every drop of jizz out of the woman. In no time at all, she could feel herself becoming more bloated from her release.

Adora’s nails dug into Catra’s thighs, keeping a firm hold on her while making sure her cock was as deep as it could be inside her. Every twitch and throb of her member prompted a whimper from both of them.

It wasn't long before Catra's pussy was leaking with Adora's seed, it dripping on the ground. Her hands and feet clenched tightly above her head, body shuddering in bliss.

Adora's legs trembled, threatening to buckle the longer she remained standing. After a few more seconds, she shot the last of her load inside Catra, leaving both of them gasping for breath.

With the last of her strength, Adora managed to set Catra down on the ground before sitting her bare rear on the grass. Both of their bodies gleamed with sweat in the moonlight.

"Whew, that was pretty fun~" Adora exhaled, turning to Catra.

"Told you it'd be~" Catra retorted before flexing a claw down to cut through the rope binding her wrists and ankles together.

With a groan, she stretched her whole body, arms and legs popping in relief. "But damn, was it hard to keep that position up for so long. Almost got a cramp."

Adora couldn't help but chuckle at the sight of her girlfriend with her belly bloated with jizz stretching herself across the forest floor, while it was dripping out of her sex too.

"Sorry. Just got caught up in the moment." Adora apologized before she watched Catra crawl towards her with a grin.

"Don't worry about it." She assured before resting her arms on Adora's legs, looking up at her with a grin before focusing on her cock. It was covered in jizz and slick.

Catra promptly took it upon herself to lick it clean, running her tongue up and down the other's half-hard member.

Adora gritted her teeth with a whimper, the feeling of the other's tongue making her tense up and groan. Catra didn't stop, however, despite how much she felt Adora jolt and writhe.

“What’s the matter? Too much for ya, *hunter?*” Catra teased with a smirk, one of her hands lightly raking the woman’s chiseled thigh.

Adora looked back down at her girlfriend, one of her eyes squinted. “Well, thanks to you, neither of us have clothes to get back to Brightmoon in.”

“Eh, you can just call your horse here to pick us up.” Catra assured.

“Yeah, but it’s always weird when I’m naked around him. Plus, I feel like he gets…’excited’ when he sees me nude.” Adora confessed nervously.

“Well, as long as he doesn’t try anything. Unless you’d rather take the walk of shame across the bridge.” Catra suggested before flicking her tongue off the tip of Adora’s cock.

By that point, she was fully erect once more, throbbing and twitching with life. Catra couldn’t help but smirk, proud that she could earn this kind of reaction from the other.

“Maybe later?” Adora suggested, as if Catra would pass up another round in the sack.

“Definitely later.” Catra nodded.
