Can I Hold Your Hand Tonight ?

by Souless_Zaofu

Summary

It's Adora's big day. Her birthday ! Catra has planned out a string of events for Adora to enjoy her day.

Notes

Hey let's start with HAPPY BIRTHDAY TO ADORA ! I really really really wanted to type something for Adora's birthday since I had did something for Catra's. You all got a good 12k one shot out of me. This was very fun to write and I hope you all enjoy. Also Adora goes by she/they pronouns so don't fret if you see the use of they/them in there.

T.W. mentions of gender dysphoria

See the end of the work for more notes

Today’s the day, it’s Adora’s birthday and Catra has been a lot more energetic lately and this makes Adora a bit more excited for her birthday.

Catra’s forced Adora to take a break from going to the gym. Adora tried to convince Catra that she only needed to take the day of her birthday off, but Catra wasn’t settling for anything other than the whole week. Plus she had that power to tell Adora what to do.

All Adora ever did was workout to keep in tip top shape, I mean what MMA fighter wouldn’t want to stay in tip top shape ?

When Catra had decided to be She-ra’s new manager she knew it was going to be a challenge. People looked up to Adora, kids wanted to be like Adora when they grew up, so Catra had to make sure Adora was nothing but her very best. That also meant making sure she wasn’t overworked and was very well rested.

Catra would jokingly flirt with Adora during their training sessions just to make her lighten up and not take *everything* so serious all the time, but what Catra didn’t know was that in come due time she would actually thrive to flirt with Adora. To see her blush when Catra would give her that all too familiar grin.

At some point Catra found herself falling for Adora and she was certain Adora was doing the same.Even when they weren’t at the gym or talking contracts for the next fight they’d hang out like they’ve been friends for years on in.

Of course the nosy media would have butted their noses into it. How could they not ? Etheria's top fighter and what seems to be one of the *finest* managers anyone has seen in a while, together? That was hot news that people were actually eating up.

It took Catra and Adora six months of knowing each other and another seven to actually get into a relationship. Honestly Catra never thought Adora would ask her out, but here they are.

Now it's been two years since then and they're still one of the hottest couples around. However, Catra in a very stern and scary tone told reporters to keep their noses out of their relationship. She doesn't want to see anything about their relationship on the news, on social media, and sure as hell doesn't want to see people whispering when she walks past.

To Catra's surprise they actually listened, it was very rare that she ever saw anything about their personal life on social media, which was great because she *hates* too much attention.

Now back to the day at hand, it's Adora's birthday and Catra has to get ready to make her special day perfect. Turning over in bed she looks at Adora who's holding her oh so tightly as if to make her stay in placeforever and ever. Catra smiles as she looks at the peaceful look upon her face and places a chaste kiss on her forehead. Carefully she grabs Adora's arm and removes herself from the bed placing a pillow where she should be.

Catra swiftly sneaks away to take a bath, which will be useless in about an hour or so but this has to be perfect and precise. After slipping into the bath she slips on a very intricate piece of red lingerie and then puts on her black silk bathrobe.

Okay, now that I'm somewhat dressed I have to cook breakfast.

Catra swiftly moves from the bathroom to the kitchen. The house belongs to Adora but Catra's moved in sometime ago and even now it never fails to amaze her how beautiful the place is. Adora's a very tidy person, beautiful paintings hung across the walls of the hallways, throw pillows on the couch, a warm cozy fireplace for when it gets too cold outside.

Catra's favorite part though, is all the pictures of them scattered around the house. The picture of her and Adora on Catra's first birthday together; that night was delightful, is Catra's favorite of them all. Adora took Catra to Spain and the place was beautiful. If anyone is going to plan something grand and spectacular it's Adora, but two can play that game.

Catra, even two years later, still manages to one up Adora somehow. No she didn't plan for them to leave the country; not this time at least, but she did have a string of events planned out for them to do and it was all going to go *perfectly* .

In the midst of her cooking bacon Catra hears a creak from upstairs.

Shit, she woke up sooner than I expected.

Okay, so everything was going to go *almost* perfectly.

Catra feels a pang of fear shoot into her stomach but she can't rush cooking or it's going to be burnt, but she doesn't want Adora to ruin the whole idea of breakfast in bed. Catra might have to let this surprise fail because she can hear Adora walking upstairs and now she's making her way downstairs.

Just as she expected Adora comes downstairs and wraps her arms around her waist as she rests her chin on her shoulder.

"So this is where you are."

Adora says as she whispers into Catra's ear and kisses her cheek.

"Yes it is."

Catra purrs softly as she turns her head kissing Adora on the lips quickly.

"You put a pillow under me, were you trying to do something sneaky ?"

Adora asks as her thumbs rub over the silky fabric of Catra's robe feeling for the curve of her hips.

"Well, I was *trying* to make you breakfast-in-bed, but I suppose that now that you're out of bed it doesn't count anymore. So now I'm making a big birthday breakfast."

Catra waves her hand to the food she has cooked stacked on a plate and then to the bacon she's currently cooking.

"Ohhhh ! I'll go lay back down then."

Adora says as she pulls away from Catra sounding overly excited.

"You're already up, and you I both know you'll get too fidgety to just sit in the bed without something to do."

Catra chuckles at the excitement in Adora's voice but shakes her head at the idea of her going back to lay down.

Adora pauses and brings her fingers to her chin and sighs softly. Adora knows that Catra is right, she's way too fidgety to just sit and wait.

"You know me all too well."

"It's only fair that I do."

Catra replies with a smile as she finally takes the bacon out of the skillet and onto the plate of food she made for Adora. Picking the plate up Catra slides it over on the island in the middle of the kitchen and motions Adora to sit and eat.

“Thank you, love.”

Adora kisses Catra’s cheek sweetly and proceeds to take her seat on the other side of the island.

Adora knows Catra can cook very well; she helped her make the ham for this past Christmas and it was absolutely delicious, it took all of Adora and some of Catra’s scolding to not eat the whole thing herself and save some for Glimmer, Bow, and the rest of their friends that came over for the holiday.

Now that this big plate of food was just hers to enjoy there was nothing stopping her from absolutely devouring it, except there was. Catrais there telling her to take her time so she won’t choke.

“I’m not gonna choke.”

Adora reassured Catra as she went back to eating.

“You are if you’re inhaling your food like that.”

Catra warns her again but Adora doesn’t listen.

“Why would I do that and your cooking is so good.”

Adora speaks mouth full and small food particles flying out her mouth.

“I appreciate that you like my cooking but I don’t want you to choke. Especially not on your birthday.”

Catra says as she wipes a piece of food off her face that hit her as a result of Adora talking with her mouth full, she doesn’t say anything about it because Adora already has an apologetic look on her face when she realizes what she’s done.

This time Adora takes Catra’s words into consideration and slows down, though it’s a little late for that because all she has left on her plate is what looks to have been spare eggs and a piece of bacon. Originally, there were four pieces of bacon, two pancakes, an omelet and a small portion of scrambled eggs. Yes, Adora literally devoured her meal in about twenty to thirty minutes.

“So, what does the beautiful one have planned for my birthday? I've taken the week off and so far we’ve been to an opera show which was beautiful, went on a ferri which was also very nice might I add, and last night we watched movies and cuddled all night. I don’t think there is much more you can do to top off this birthday week.”

Adora chuckles as she can’t really think of much more Catra could do for her. She appreciates it truly, her friends always tried to make her feel special on her birthday but never like this. She has to; and will, admit Catra has really outdone herself.

Adora doesn’t know what she’s done for Catra to go this far for her birthday but she appreciates it. Honestly Adora thought after that stunt she pulled for Christmas her birthday couldn't be much more she could do.

Catra had gotten Adora a real sword with her name engraved in it on one side and on the other it said ‘My She-ra’. The nickname was something that meant a lot to Adora. That same phrase was something her mother used to say to her because she was so obsessed with a movie where the main character was called She-ra. Adora was so grateful for that gift that it actually brought her to tears. On top of that the sword was perfectly made to look like the sword from the movie, and it cuts things.

Adora may have found out that last part the hard way, but nevertheless the sword was real.

Catra never thought she’d see the day Adora cried, but that was a real tear jerker for her. There was also another present that Catra gave to her and when she picked it up to unwrap it Catra swiftly whispered in her ear that it would be wise not unwrap it in front of their guests. That had Adora antsy all night to get the guests out the house so she could see what it was.

When Adora had finally gotten all of their evening guests out the house she ran to open the box. Catra wasn’t there to see her reaction, but at first it was a bit of confusion and then there was a little light that went off in her head.

Catra had gotten her an erection rod for her packer, how Catra knew she was considering buying one still boggles her mind almost a month later. Let’s just say with that new item in hand Catra had herself a merry little Christmas by the end of the night.

(Adora tended to have spouts of gender dysphoria and would wear a packer. At first she was scared to tell Catra about it because she thought she would've thought it was weird, but Catra was actually very supportive and told her as long as she was happy that it didn't matter what she thought or anyone else.

When Catra first learned that information she asked that reporters refrain from calling Adora Ms. Grayskull and they respected that without any questions.

Adora soon found out when Catra became her manager being called Mr. and sir and receiving more masculine compliments made her feel a lot more confident in who she was.)

Now Adora waits for Catra to answer the question at hand, what else could she possibly have planned for her birthday. She's already outdone herself with a week's worth of events, there wasn't possibly anything more she could do. Except there was.

"Oh don't think I'm down for the count hun. There's so much I have planned for you today."

Catra says with a genuine smile mixed with a mischievous grin.

"Oh ? May I know what's on the itinerary ?"

"Yeah, why don't you come find out right now."

Catra sashay’s around the islands to Adora allowing her silk robe to fall opened a bit.

Adora’s eyes go wide, she’d wondered why Catra didn’t put on any clothes yet, but she’s sure she has her answer now.

“Babe you look amazing.”

Adora's mouth hangs open as she speaks and she can’t help but touch Catra lightly.

“I bet I’d look even better on your bed. That is.. If you aren’t too full from your meal, sir.”

Catra’s voice is raspy yet silky and sultry all at once and it makes Adora’s head go round and round.

Eyes darkening, Adora grabs Catra by the waist and throws her over her shoulder beginning her very fast march upstairs. Catra laughs softly and taps Adora’s back.

“Hey, you better not drop me or there won’t be much celebrating for you today.”

Catra warns and Adora doesn’t really respond; she just hums.

Once Adora’s brought Catra back to their room she throws Catra down on the bed which rightfully so gets a small yelp from her.

Catra sits up in anticipation looking up into Adora's darkening eyes.

"You take those pretty little clothes off for me while I grab something."

Adora's voice is low, husky, and authoritative; and just because it's her birthday Catra complies on the first order and strips for her.

When Adora turns back to Catra she sees her stretched along the width of the bed, hand trailing up from her thigh to her breast and back down very slowly.

"Look at you being so obedient and sexy for me."

Adora approaches the bed and turns Catra onto her stomach.

"What are you-"

The sudden change in positions confuses Catra, she knows Adora prefers missionary over any other position they've done. So this is different and not what Catra expected; for morning sex at least.

"What's your safe word, Kitten ?"

Adora’s voice rings out low, sending a chill down Catra’s spine. During the course of their relationship they’ve figured out that they both like the sub/dom relationship in the bedroom, even though Catra tended to throw her brattiness in it Adora would never complain; she actually liked the challenge sometimes.

Oh, so this is what we’re doing.

Catra smirks and looks back at Adora seeing the handcuffs in her hand. Then a moment later she speaks up not wanting Adora to have to repeat herself.

“Mercy.”

“And if you want me to give you a break or slow down?”

“Yellow.”

“Your color ?”

“Green, sir.”

Catra’s voice is breathy as she looks back at Adora with those eyes that have a familiarity of hunger and lust.

Adora loves the dom dynamic but will make sure Catra is okay no matter what, because behind the act she loves her so much and would never stand for her to be uncomfortable.

"Good. Now bring your arms back to me."

With no hesitation at all Catra gives Adora her arms and feels the handcuffs tighten on her wrists.

"What are you going to do to me sir ?"

Catra asks as she was actually curious, it wasn't often they did different positions so it had her mind turning with possibilities.

"Hush up Kitten, I'm going to take care of you in the end, that's all you need to know."

Adora says as she takes a moment and then caresses Catra's ass before placing a firm smack on it.

Catra jumps at the sensation and then bites down on her lip nodding a bit.

"Lift that pretty little ass for me."

Catra can barely do it with her hands bound behind her back but she does manage to arch herself off of the bed just a bit.

Knowing Catra's dilemma, Adora helps her lift up just where she wants her.

"Count them out for me, Kitten. If you don't, don't expect to cum today."

Adora says as she props herself up on the bed behind Catra placing a much stronger smack on Catra's ass.

"One."

Catra whines, turning her face to the side on the mattress so she can be heard.

"Good."

Adora praises her simply as she rubs her ass right before another smack rings through the air, but this time Adora reaches her free hand to carefully play with Catra's nipples and feel them stiffen under her touch.

"Two."

Catra calls out letting out a breathy moan at the feeling.

It's something funny about how Adora's hand perfectly cups her breast that makes her want to touch them more and more.

Adora then places two firm and stronger smacks on Catra’s ass, she watches as her hand reddens her cheeks with each strike.

Adora knows not to strike Catra too hard, but she also makes sure they are firm enough just to bring that slight sensation of tingling pain.

“Three, four .”

Catra bites her lip trying to stifle her moan and the sensation.

“Is my kitten all worked up for me ?”

Adora can smell Catra’s arousal as it slowly begins to make the inside of her thighs moist and glisten.

“Yes,sir-”

Adora smacks Catra’s ass in the middle of her response causing her to yelp a bit.

“Five.”

Catra calls out shakily, she wiggles her hips a bit as the slick between her thighs start to become more and more evident of her getting closer to her climax.

Catra doesn't think she could get off on a spanking alone but at this rate she just might and they’re only at five.

“Sir, please. I need you.”

Catra whines, begging Adora to give her the fullness she’s chasing for.

A stronger and more firmer smack than before rings through the air.

“Six !”

Catra screams out a moan and drops onto the mattress.

“You’ll take what I give you and enjoy it. Isn’t that right, Kitten ?”

Adora moves her hand from playing with Catra’s nipples to her waist and pulls her back up into the air followed by another smack.

“Y-yes sir. I’m sorry sir.”

Catra’s ass is a burning red and Adora’s handprint feels like it might be permanent with the amount of power she has behind each strike.

“Seven.”

Catra's voice cracks over the word and she actually feels tears swelling up in her eyes. She isn't sure if these are tears of pleasure or pain but she hears Adora say something about a speed round and Catra perks up a bit trying to prepare herself.

Adora rapidly and more firmly spanks Catra, barely giving her time to call out the number she's on. Adora's ideal goal was to get to at least twenty and praise Catra for being such a good girl for her followed by the reward of relieving the ache between her legs.

It's only when Catra gets to sixteen does she drop back down onto the mattress burying her face into a pillow.

"Fuck, yellow, yellow."

Catra's ass is severely red from how much harder the spankings were than the first. Adora stops immediately and pulls Catra's torso up so that she can sit up on her knees.

"Are you okay ? Was I too hard ? I'm sorry."

Adora kisses Catra's cheek, tasting the salty teardrops from her face. Adora looks at Catra with concern and frowns at the thought that she may have taken it too far.

"No, you were perfect, it was just a little too much for me."

Catra's voice is still shaky and Adora sighs a little with relief feeling a large amount of guilt off of her chest.

“You did so well for me, Kitten. What do you need?”

Adora asks as she kisses her cheek again before wiping those stray tears from her face.

“I need you inside, please.”

“You’ve earned it, Kitten. Do you want me to take the cuffs off ?”

“Yes please.”

Without another word having to be said Adora takes the cuffs off of her wrists and rubs them softly before she walks around to the other side of the bed and kneels on it in front of Catra.

“Wrap your legs around my waist and your hand around the back of my neck.”

Catra quirks a brow at the demand but does it nonetheless.

Adora very carefully, runs her finger through Catra’s slick, causing her to mewl at the sensation. After rubbing the slick over her dick

Lining herself up with Catra’s entrance, Adora looks up into her eyes.

“What’s your word ?”

Adora asks before proceeding.

"Green, sir."

Adora nods and wraps her arms around Catra's waist, hugging her tightly as she moves her hips up into Catra allowing herself to slide all the way to the base.

"Oh fuck, Adora."

Catra moans softly as she allows herself to lean back in Adora's grip.

"You're taking me so well, Catra."

Allowing Catra to get acquainted with the feeling Adora slowly rocks her hips into her.

Watching carefully to make sure she's in no discomfort Adora doesn't take her eyes off Catra, not for one moment. Plus she really likes to see Catra's face when she's getting close to her orgasm; one of Adora's favorite past times when she has the chance to say the least.

Catra bites her lip enjoying this position already, honestly hoping she'll remind Adora she likes it once she comes out of her subspace.

Once Adora knows that Catra is enjoying herself she allows herself to thrust into her at a faster and harder pace. Not only that, but Adora takes advantage of the position, taking Catra's breast into her mouth purposely leaving dark bruising hickies that are to last for at *least* a week from now.

"Oh, fuck… "

Catra pants out through loud and drawn out moans.

Adora's hitting all the right spots and Catra's not going to last much longer, somewhere in the back of her mind she knows that but she can barely communicate that to Adora in actual words.

"Are you close Kitten ?"

Adora knows the answer to the question, it's really a test to see how far gone Catra is.

"Adora-."

Catra mutters through broken and choppy breaths as her eyes begin to roll to the back of her head as her walls tighten around Adora's dick.

"Come for me baby, you're doing so well."

Adora pulls them back onto the mattress as Adora slowly and carefully rides Catra through her climax.

Catra moans louder and closes her eyes tightly, the feeling slowly becomes too much for how sensitive she's become. Adora can tell she's *really* sensitive with the way her face contorts as she tries to ride her through the aftershocks.

"You're such a good girl for me on my birthday, Catra."

Adora says as she carefully slips herself out of Catra after a moment, which receives a low whine.

"Baby ?"

Adora calls out as she brings Catra down to her chest to run her fingers through her hair.

"Hmm."

Catra groans, snuggling against Adora.

"I need you to come back to me."

Another groan rises from Catra and Adora kisses the top of her head.

"What's your name?"

"Catra Horde."

Catra mumbles as she turns her head a bit.

“Your occupation ?”

“Being your manager and bad ass girlfriend.”

Adora chuckles lightly and kisses the top of her head once more.

“And where are you?”

“In our room… I’m back now, can you stop asking questions and cuddle me?”

“I know you are. I just like hearing you call it *our* room.”

Adora laughs a bit and pulls the covers up over them and brings her hand to gently rub Catra’s ass.

“Do you need ice, ointment, or anything ?”

Adora remembers Catra yelling out her safe word and looks down at her.

“Nah, just keep rubbing it with your soft hands and I’ll be fine. Now hush and cuddle.”

Catra says as she tucks her head under Adora’s chin.

Adora stifles a laugh and continues to rub Catra's ass with both her hands until she falls asleep.

***

Catra's the first to wake from the post sex cuddles, she hadn't expected herself to go into such a deep subspace. Mostly because she hadn't expected Adora to be so dominant with her, but it was perfect so she can't complain.

Turning over to read the clock on the dresser Catra read 1:06 and jaw slacks a bit.

It's a new record for their post-sex cuddles they usually didn't go over over an hour, and the last time Catra had checked it was ten in the morning. The sex of course made up a lot of that time but she was sure she hadn't lasted long.

"Adora."

Catra lifts up off of her chest then looks down feeling something graze her cunt. Adora didn't even take her packer off before nodding off.

Shaking her head a bit Catra pushes down on Adora calling her again.

“Adora, babe wake up.”

Adora groans softly as she cracks an eye open to look at Catra.

“What is it ?”

“Get up and take a shower, morning sex wasn’t the only thing you’re getting out of me today.”

Catra says as she rolls over onto the side of the bed.

“Adora does not want to get up, check in later.”

“Please sir?”

Adora cracks her eye open again to Catra to see a sinister grin on her face.

“That was a dick move.”

Adora rolls her eyes and turns over on her side.

“It got your attention though. Now get up, we have things to do.”

Catra pushes Adora’s lower half out the bed and Adora sighs with annoyance as she slides the packer and harness off.

“Babe it’s only one o’clock. It’s too early to be going out amongst others.”

“But it wouldn’t be too early to workout, now would it ?”

Catra crosses her arms over her chest.

“Working out is a part of my daily life so, no it’s never too early for that.”

“You know even now you still confuse me.”

Catra says as she walks over to the bathroom.

“Yeah, but you love me.”

Adora follows after her with a cheesy smile upon her face.

“That’s without a doubt.”

Catra purrs the words as she slides the shower door open and turns the water on.

Adora leans on the sink watching Catra grab two washcloths from the closet and smiles as she hands her one of the two.

“So, will you tell me what all you have planned ? I’m *dying* to know.”

Adora draws the word as she leans her head back like a child.

“You will see when we get there.”

Catra says pointedly as she notices the shower water begin to steam up the bathroom. It’s honestly a blessing they don’t have to wait for the water to heat up for long, because Catra just knows the longer more goes unsaid the more Adora is going to bug her to spill the beans about her plans.

Sliding into the shower Catra allows the water to hit her body, warming her up slowly. Basking in the warmth of the shower alone wasn’t Catra’s plan so she looks over at Adora who’s taking off her tank top and joining her.

“Hey, Cat ?”

“Yes love ?”

Adora’s eyes linger like she’s hesitant to speak and Catra frowns thinking something may be wrong.

“Hey, what’s wrong ?”

Catra can’t really tell if it’s the shower or Adora, but it seems like Adora’s crying for some reason.

“You know, I know the day’s not over yet, but so far. All week you’ve made me feel so special for my birthday. I know Glimmer and Bow have tried to exceed my expectations ever since my mothers passing and I appreciate their efforts but it never felt like this before. I just wanna say thank you, for everything.”

Adora’s smile to Catra is one hundred percent genuine and Catra smiles back, pulling Adora into a hug she sighs a bit.

“You don’t have to thank me. This is really all my pleasure. I just want to make sure you have the time of your life. I see how hard you work out there everyday, and I know your mother would be so proud of the wonderful person you’ve become.”

Catra leans up to capture Adora’s lips while still hugging her. Catra only pulls away when Adora begins to and proceeds to wash herself and then Adora’s back when she asks for the help. Adora does the same for Catra making it a fair exchange.

When Adora goes to reach for the shampoo Catra swats her hand away without any explanation.

“What are you doing ? I always wash my hair when I shower.”

“Yeah, I know. Just put it off for today, for me. I told you I have a lot planned for us to do.”

Catra smiles lovingly before slipping out of the shower and to slip some clothes on.

Part three of Adora's most memorable birthday complete. Now it's time to make all the other pieces fall accordingly.

Adora comes out of the shower and wraps a towel around her body and watches as Catra gets dressed, then looks at the clothes laid out on the bed. *Blue Jeans and long sleeves ?*

Adora tilts her head at the outfit and then looks over at Catra who's dressing just as casual, if not more.

"I see today is a more casual day compared to the rest of this week."

Adora comments as she goes to put on her underwear.

Catra chuckles a bit and smiles as she plops down on the bed.

"Well, it's an activity. I don't want you messing up your good clothes."

"All my clothes are good clothes, though."

Adora pouts as she puts her pants and socks on.

“I can buy you more blue jeans and shirts, but I’m not gonna make you put on a suit so you can ruin it.”

“Am I getting a suit ?”

Adora perks up excitedly

“I didn’t say that.”

“Can I get a suit?”

Adora gives a smile feigning innocence and Catra rolls her eyes.

“We’ll see.”

Catra says as she grabs her phone and slips it into her pocket.

“Really ?!”

Adora does a small wiggle dance as she smiles.

“Yes, now come one before we’re late.”

Catra grabs her purse and begins to walk out the room before noticing Adora hasn’t moved yet.

“What?”

Catra half turns to her as she stops in her tracks.

“I just love you, *so* much.”

Adora has her dopey smile on her face and begins to walk to her.

“I love you too, you big sap.”

Catra grabs her hand and walks her to the car.

Adora insists that she drives but that would mean that Catra would have to put the address in the GPS and then that would ruin surprise number three of the day and Catra refuses to allow anymore surprises be ruined.

Now the two of them have a casual conversation that really goes in one ear and out the other to fill in the silence. It’s only when a song that unlocks one of Adora’s core memories does she really pay attention to the music Catra’s been playing.

“I love this song ! It plays during my favorite movie and at the end !”

Adora perks up in pure happiness and the smile on her face is contagious because Catra can’t help but laugh and smile.

“Does it really ?”

Catra asks with curiosity in her voice and if Adora hears her question she doesn't acknowledge it in words because now she's shouting the lyrics of the song.

"WE MUST BE STRONG AND WE MUST BE BRAVE. WE GOTTA FIND EVERY BIT OF STRENGTH THAT WE HAVE AND NEVER LET IT GO. OOOOOH!"

Catra's ears are shot from Adora trying to hit the higher notes, she must admit Adora was close but because this is in the midst of her excitement she doesn't care to sing it correctly.

"You sure you want to be a fighter babe ? I'm sure you'd do great in a band."

Catra says jokingly but maybe it could actually be considered if Adora wanted to.

Adora reaches over to the radio and starts the song over and bops her head to the instrumental until the lyrics start.

"We're warriors, unstoppable."

Catra smirks a bit as she looks over at Adora knowing she's about to mess with her mind.

“We feel the evil coming. And shadows all around. Danger surrounds us, but won’t bring us down.”

The lyrics get caught in Adora’s throat when she hears Catra say them before she’s able to.

“When did you learn this song ?!”

Adora asks, trying to get over her initial shock.

“I’ve seen the movie once or twice since we’ve started dating.”

Catra says with a smirk as she continues to look at the road knowing that Adora is burning a hole in the side of her head with the way she’s staring.

“Baby close your mouth before something flies in it.”

Catra says as she catches a glimpse of Adora’s jaw slacked open in her peripheral.

Regaining her composure Adora closes her mouth and doesn’t sing the rest of the song but just sitting in thought. When the next song plays Adora perks up again and then looks at Catra once more.

“Are you playing all my favorite songs or something ?”

“What makes you think that ?”

Catra tilts her head a bit as she turns to Adora.

“Babe, I love you but we don’t have nearly the same taste in music.”

“Well, I guess we’ll never know because we’re here now.”

Catra parks the car and slips out the car.

Adora looks around and the parking lot has a fair amount of cars in it but the space seems to be an outside facility saying that there’s not any roofing to the place.

From first glance it looks like the place has places you can… climb on? Everything also seemed to be painted by some modern day abstract artist. The spots of paint from the distance that Adora can see the art seems very scattered.

“Are we doing some kind of abstract art ?”

Adora asks as she walks alongside Catra trying to get a better look at the place but the place was covered by a barrier preventing Adora to look inside without actually walking through the front entrance.

Catra lets out a loud hefty laugh while she grabs Adora’s arm.

“No, but you are somewhat close hot stuff.”

Catra finally pulls Adora through the front entrance which seems to be the only place that has actually roofing alongside some other rooms, but other than that the facility was mostly outdoors from what could be seen.

“Hello, welcome to QuickShot Paintball. I’m guessing you’re here with the party in waiting?”

A vibrant young lady spoke from behind a desk and looks at the both of them with a warm smile.

“Yeah, I hope we aren’t late. We kinda let time slip away from us.”

Catra says with a pleasant chuckle in her throat.

“No no, you’re actually just in time for your scheduled party. I see your waivers have been filled out online so you can walk right through these double doors and enjoy your session. Oh also Happy birthday Mr.Grayskull.”

The young lady smiles brightly at Adora whose jaw has been slacked open the whole time. Feeling a sharp nudge from Catra, Adora’s mouth opens and closes several times before she clears her throat and smiles at the young lady.

“Thank you.”

Adora then proceeds to walk through the said double doors which leads back outside with Catra and much to her surprise her friends are here.

"Paintball ?! Really ?! I've never done anything like this before."

Adora's voice alone shows she's exhilarated by the idea, but the look on her face. It makes it all worthwhile, because she looks so amused and happy. Just what Catra wants; it's a sight that she never wants to see fade from Adora's features.

"I know and I know you watch all those airsoft videos on YouTube but, one I couldn't find any gear for you that would get here in time and then I couldn't find any facilities that were opened around this time."

Catra sounds a bit apologetic that she couldn't get Adora exactly what she was interested in but Adora cups her face and pecks her lips a few times with gratefulness.

"Babe. This. Is. Perfect. I could never ask for more."

Adora pecks Catra's lips at each word and it makes Catra melt underneath her.

Suddenly the both of them hear someone clear their throat and as they turn to look at who it was they see Glimmer standing in front of a group of their friends.

“Glimmer ! Bow !”

Adora shrieks like a five year old would when they see a pony for the first time.

“Happy Birthday Adora.”

The couple speak in unison as they gather into a group hug.

The rest of the group that Adora had yet to acknowledge were none other than Perfuma, Scorpia, Lonnie, Mermista, Seahawk, and a friend of Adora’s they just call Swifty. (Kyle and Rogelio were invited, but because these kinds of activities aren’t exactly something Kyle participates in so he opted out and would much rather just send a gift with Lonnie. Rogelio also decided to stay back with Kyle so he wouldn’t feel to bad for not showing up.)

The rest of them wish Adora a happy birthday and Adora’s radiant smile shines over all of them, and again this is just what Catra wanted. Seeing Adora take time to have fun and kick back with their friends is definitely something she’s going to have to make her do more often.

Once everyone seems to be starting up a small talk just to fill in the silence an employee stepped out from a side area grinning at them all.

“Hey there folks. I see the whole party is here so why don’t we get started. First I’ll get you all geared up and then we’ll go over a few key rules to keep you all as safe as possible.”

When Adora returns with all her gear on, Catra feels obligated to take a photo of her. One, it’s her birthday and these are memories to look back on. Two, Adora looks fine as hell with all this on.

“Hey folks, by the way please don’t hold the gun up vertically, the latch can fly open and you could lose some of your paintballs.”

The employee calls out but Adora doesn’t seem to hear him because that’s exactly how she’s posing for her picture right now.

“Adora wait, don’t hold-”

Just as Catra warns, Adora's latch flies open allowing the paintballs spill out onto the ground.

Both of them pause and watch as the paintballs graze the ground and roll around. In stunned silence the both of them look up to the instructor whose mouth gapes open just slightly followed by a laugh.

“My bad. I didn’t mean to.”

Adora lowers the gun into her arm crevice and chuckles a bit.

“It’s okay, let me go get you some more.”

The employee laughs again before slipping inside the facility and returning with some ammo for Adora's gun.

"Thanks,"

Adora says nervously, which just gets a simple nod out of the employee.

Once given the chance the rules are explained thoroughly and explicitly so there is no room for questions.

"Now that we've got all that talking mumbo jumbo out the way, I need two team leaders. But I hear that it's a special someone's birthday so why not allow them to be team captain number one. Who do you think the other captain should be ?"

The guy turns to Adora allowing her to choose who the other captain to be.

Adora takes a moment to look out amongst the group and hums.

"Hmm, Glimmer has pretty good leadership skills."

Catra doesn't comment on the oversight because she has a feeling when it comes to choosing who is on whose team she'll end up on Adora's team.

Catra guessed right and Adora's cards played out pretty well if she did say so herself. There was her, Adora, Lonnie, Seahawk, and Swifty.

Honestly Catra doesn't know why Adora chose him over Scorpia but she won't question it too much. The only downside to their team was Swifty and Seahawk because they both talk *too* damn much for Catra's liking.

If Catra hears Seahwak express his admiration for Mermista in another sea shanty she just might shoot a paintball down his throat.

The first game that the group settles on is team deathmatch, or less explicitly said; elimination. The game was one of the simplest that had been offered.

The two teams start on opposites of the field and eventually progress around until one team has successfully eliminated the other from the game.

Turns out Adora and Lonnie have pretty great aims. Catra takes some time to get acclimated to the action, Seahawk was okay for the most part, but Swifty… Swifty absolutely sucks. He was the first to get eliminated and Catra rolled her eyes, but at least she didn't have to hear his annoying voice until the next round.

Perfuma was Glimmer's disadvantage, she wasn't really the type of person to engage in these kinds of activities. Everyone knows she'd much rather sit and sing kumbaya and meditate, so she's an easy target. Next for Glimmer's team would have to be Scorpia or Mermista.

The one to really look out for was Bow, his aim was precise and if he missed it was because you were lucky.

Adora had made a precise plan for everyone to take on one of the other's. She herself was sure she could handle Bow, Catra was to take on Glimmer, Swifty had Mermista, Seahawk had Perfuma, and Lonnie had Scorpia.

The end of the match was an intense one that took place near the center of the field. Of course it was Catra and Adora against Glimmer and Bow. They had done so well avoiding fire from the other couple.

All their teammates that had been eliminated watched intensely as the two couples went at it.

They all had to be careful, unsure of how much ammo was actually left in their guns and too anxious to check it out now.

"Babe, I have a risky plan."

Catra whispers, in the back of mind she finds herself laughing at how serious she's taking the game.

"Talk to me."

Adora says as she looks down at Catra.

"Run over to that barrel to our right. If our target layouts are the same Bow is going to shoot at you leaving him unaware of the target on his back."

Adora's not sure if she comprehends the plan all the way but if Adora gets out that leaves Catra against the two of them and who knows how this match will turn out then. Their time is ticking away and it would be good to win the match so Adora shrugs a bit and takes off across the field to the barrel.

Catra peaks her head around the corner seeing exactly what she wanted to see; Bow with his eyes locked and aimed at Adora. Catra's finger squeezes the trigger once, then twice, and one more time for good measure.

"Hit !"

Both Bow and Adora call in unison and that makes Catra pull back around from the pillar to hide herself.

Watching Adora walk off the field alongside Bow is somewhat worrisome because now she just has to figure out which side of

the field Glimmer's on.

The only way Catra's going to get Glimmer is to mercy rule her; get so point blank close that Glimmer has no choice but to give up.

Moving swiftly from barrier to barrier Catra kicks up some dead leaves on the ground and watches as a paintball splatters on a wall to her right.

Great, we're on the same side so it'll be easier than trying to run all the way around.

Catra gets as close as she can get and waits for Glimmer to make a move. It's only when Glimmer runs to the right side of the field does Catra mumble a curse under her breath.

Catra takes a risk and pulls the corner while aiming at Glimmer inching closer and closer into her peripherals.

"I think that's game Sparkles."

Catra says as she practically stands over her from at least three feet.

"How did you- ?"

Glimmer looks at her in awe and stands up with her hands in surrender.

“I have my ways.”

Catra says with a smirk to which Glimmer just rolls her eyes.

“Wooh ! Way to go babe !”

Adora shouts from the balcony she had watched the rest of the match from.

Catra turns around looking up at her as she takes off her mask with a smile.

The group continues to play two more games with a round in each. One being capture the flag, which Catra found out why Adora chose Swifty and why they were called Swifty in the first place. The other game being bomb squad, which they almost lost but luckily Catra was able to slip the last ‘bomb’ back to their base before the timer ran out.

Once the group was all worn out *and their paid session time had expired* they wished Adora a happy birthday once more before handing over some cards and or gifts.

Glimmer and Bow had given Adora a case of smooth whiskey that came from overseas. Adora isn’t a heavy drinker, but when she does drink it’s rather light so she knows the case of whiskey should last her a long while.

Perfuma and Scorpia gave her a ring with the letter ‘S’ engraved into it and Adora immediately understood what it meant.

Lonnie, Seahawk, and Mermista all gave Adora cards with money. Lonnie explained that Kyle was too indecisive to actually pick out a gift for her from all of them and Mermista didn’t trust Seahawk with handling the gift she had planned to give her.

Adora’s happiness doesn’t falter when the money is given to her and genuinely thanks everyone for coming to celebrate with her.

The car ride back with Catra is filled with small talk of how much fun she had.

Adora actually tells Catra that paintballing is something she might do with Bow every now and then. They made great competitors with each other, but what would it be like if they were on the same team?

Catra doesn’t oblige with the idea; if it’s something that would make Adora happy, why would she deny her that pleasure?

Once they got home Catra instructed that Adora quickly take a shower, because apparently Adora has an appointment for something else.

“Wait, what are we going to do now ?”

Adora asks as she takes off her paint splattered clothes.

If Catra heard Adora's inquiry she doesn't acknowledge it.

Another surprise I'm supposing . Adora guesses to herself and walks into the bathroom.

"Adora, *do not* wash your hair while you're in there"

Catra instructs as she slips out her clothes and relaxes into bed as she turns on the TV.

"Babe ! My hair literally has splattered paint in it. What do you mean ?!"

Adora shouts from inside the shower.

"Adora. Grayskull. If you wash your hair I myself will come in there and kick your ass ! Leave it alone !"

Catra shouts back with no malice in her tone but she is very serious when she tells Adora to leave her hair alone.

Adora lets out a loud groan from inside the shower which lets Catra know that they're not going to try anything. Once Adora's all freshened up and comes back into the room they look at Catra and then the TV.

While they're getting dressed Adora notices that Catra hasn’t moved from the bed so they turn to her tilting their head.

“Babe, I thought we had an appointment to go to.”

“No, I set up an appointment for you baby.”

Catra answers nonchalantly.

“You’re not coming with me ?”

Adora sounds a little disappointed and that makes Catra look up from the tv.

“No, baby. I have something else planned. I will see you later, okay ?”

Catra speaks with a fond smile trying to ease that disappointment off of Adora’s face.

“Okay, but how am I supposed to know where I’m going ?”

Adora asks as they continue to put their clothes on.

“I sent the address to your phone. Also when you finish with your appointment please text me.”

Catra mentions as she turns back to watch what’s on the tv.

“I shall remember to do so.”

Adora dresses themselves casually but then somewhat formal as well because they’re not exactly sure what this appointment is for. So they figure a white turtleneck with gray slacks should suffice for somewhat formal.

“Okay babe, I’m about to go. How do I look ?”

Adora asks as they splay their arms out and slowly spins for Catra so she sees their outfit.

“You look handsome, love.”

Catra says as she sits up off of the bed with a smile.

“Can I get a kiss before you go ?”

“Of course you can.”

Adora bends over kissing Catra and cupping her jaw, when Adora tries to deepen the kiss however, Catra pulls back with a smile.

“Get out of here before you’re late. You need to be there by 6:30.”

Catra speaks low as Adora pouts like a child

“Fiine.”

“Don’t be such a baby, you will have all night to kiss me

Adora grabs their car keys and proceeds to leave the house.

While Adora makes their way over to this unknown appointment they try to wonder what it could possibly be but comes up short every time.

When Adora pulls into the parking lot they notice that the building isn’t fairly large nor is it super small. A decent sized building is what Adora calls it in their mind.

As they step into the building they are met with a waiting room full of people sitting and on the wall in front of them is a singular door and then what seems to be a check in desk.

Adora isn’t sure what this place is until she catches a glimpse of a hair and barber logo. Adora’s never been to this place before and just from the looks of this waiting room it looks nothing like a barber shop nor a hair salon.

Approaching the check-in desk Adora leans forward to the clerk sitting there.

“Hi-... Umm my girlfriend set up an appointment for me… She told me it was at 6:30.”

Adora speaks in almost a whisper, feeling a bit nervous about this place.

“What’s the stylists name ?”

The clerk asks looking up at Adora and then back down at a log book on their desk.

“Oh, umm.. Give me a second.”

Adora shoves their hand in their pocket whipping out their phone to see if Catra had said anything about the stylists name, but there was no mention of a name.

“I- umm.. She actually didn’t tell me. This is all a surprise to me really, she didn’t exactly tell me that she had set up a hair appointment for me.”

The clerk just hums as they look back up at Adora.

“Okay hun, what’s your name ?”

“Adora… Grayskull.”

Adora breaks into a sweat, they’re not really sure why they’re so nervous about a hair appointment, but they are.

“Oh ! We’ve been expecting you !”

Somehow the clerk getting excited by hearing Adora’s name makes them a little more nervous. They aren’t sure what to expect from this place, but if Catra sent them here then it couldn’t be all bad.

“D.T darling, your birthday client is here.”

The clerk says as she clicks a button on her desk.

Nothing comes through the other end but after a moment of standing there that door next the check in desk swings open. A very vibrant and youthful person with long blonde hair stands in the doorway with a pleasant smile on their face.

“You must be Adora.”

They say as they hold the door open for Adora.

“That’s me.”

Adora follows behind them feeling a bit of that anxiety slip from their body.

“Catra talks about you *all* the time. I was wondering when I’d get to meet you.”

DT says as they lead Adora to a closed off room where sits the clients chair, a washing station, and a bunch of other hair appliances.

The room is tidy and very professional and Adora is satisfied with the look of it.

“So, this is where she disappears when she says she’s gone to get her hair done huh ?”

Adora says and it’s clear in their voice that they're impressed.

“Only the best.”

DT toots their own horn and turns the chair around for Adora to sit in.

“Now, Catra told me to have you looking handsome when you’re done. So, what are you thinking ?”

Adora sits in the chair and looks in the big mirror in front of them touching their long locks of hair and then hums.

“How bout we cut off a few inches ?”

Adora had been thinking about riding of their ponytail for a while so they could style something shorter with an undercut.

“Oooh, are you sure about that ? I know hair grows back but you look like you have more of a big chop in mind.”

“Yeah, followed by an undercut. The front length stays though. I have to be able to keep my hair poof.”

Adora states patting the poof on top of her head.

“I hear you loud and clear, but you’re definitely going to need a wash.”

DT takes Adora’s ponytail down and runs their fingers through her hair.

“Is this ?”

They rub their fingers together looking at the colors rub off on their fingers.

“Is there paint in your hair ?”

“Oh, yeah we went paintballing today, and Catra refused to let me wash my own hair, so I apologize for that.”

“I can’t complain when she’s paying well.”

DT then turns Adora’s chair around and points over to the washing station.

“Go sit over there and we’ll begin your appointment.”

Adora with a slight nod walks over to the wash station and sits in the seat that reclines back when they lean back far enough.

By the time Adora’s appointment is finished they feel like a brand new person. They honestly feel lighter, mentally and physically .

When Adora texts Catra saying that the appointment is finished they’re tempted to send Catra a picture but wants to surprise her.

“Hey.”

DT calls from behind Adora and they turn around slowly to look at DT.

Adora’s jaw slacks for what must be the millionth time today because DT is holding a black clothes protector bag that obviously had clothes in them due to the hangers, what seems to be a box of shoes, and a slender jewelry box.

“Your friends stopped by earlier and said to tell you that this is from both them and Catra.”

“I have quite a few friends.”

Adora says as she can’t exactly pinpoint who they could be talking about.

“Short girl with pink pixie cut and tall man with a high top fade.”

DT explains simply and Adora smiles.

Glimmer and Bow, those two alongside Catra never fail to surprise me .

“Thank you…. Is there uh somewhere I can change ?”

Adora asks as she takes the items from DT and looks around.

“There’s a bathroom down the hall to the left. You can’t miss it.”

DT opens the door to the room and Adora simply nods, spewing out a quick thank you as they left.

Once in the bathroom Adora hangs the Clothes on a hook and unzips it to unveil a beautiful crimson red suit jacket followed by a white button down and black slacks.

“Am I getting a suit ?”

“I didn’t say that.”

“Can I get a suit?”

"We'll see."

Their conversation from early in the day plays in Adora's head and she can't help but do a little happy dance as she looks at it. It's so beautiful and the seams on the jacket seem to be hand woven too.

Looking at it was one thing, but putting it on ? Putting it on makes Adora look down right sexy. Adora opens the shoe box to find crimson red dress shoes to match the suit jacket.

Then last but not least was the slender jewelry box. Opening it carefully Adora's eyes widen to find a cuban chain bracelet and necklace to match.

There's also a note inside the box. Unfolding the the note a smile spreads across Adora's face as it reads,

Happy birthday Adora, we hope you enjoy this present, since we know you like to dress to impress we thought you'd like this present a lot more can a couple bottles of whiskey,

- *Your best friends, Glimmer & Bow*

P.s. Catra better not break that chain off of you tonight.

Adora let out a hefty laugh knowing that the last part had to have come from Glimmer. Turning in the mirror after putting on the new pieces of jewelry and admiring herself for just a moment, Adora straightens her clothes out feeling a sense of prIde wash over her.

Just as Adora finishes up putting the items she had on into bags and boxed her phone dings in her pocket.

It's a text from Catra reading, ` *Hey my love, meet me at The Dragon's Daughter* 😘 ´

The Dragon's Daughter was an upscale restaurant franchise owned by Seahawk, so this put a warm smile on Adora's face once more. It's a surprise her cheeks don't hurt from how much she's been smiling today, but she doesn't want to stop. She doesn't want to ever stop feeling this happy because of her friends, because of Catra who formulated this entire week just for her.

Adora doesn't know if there's a time frame that she should get to the restaurant or not so she drives at a moderate speed.

Getting out of the car Adora makes sure to grab her phone and then approaches the front entrance.

Upon entering the building, Adora's jaw slacks for the; you know what if Adora's slacks *again* it just might fall off. For the gazillionth time Adora's jaw slacks open when her eyes find Catra waiting at the front of the restaurant for her, but Catra's jaw does the same thing.

Opening and closing several times, Catra's throat is dry at the sight of Adora. She knows she sent Adora to go get her hair done however she wanted it done, but to come back with much shorter hair and an undercut was *not* what she was expecting.

"Babe, you look so fucking hot."

Catra approaches Adora, placing a hand to their jaw and caressing it.

"I am *definitely* saying the same about you."

Adora looks down at Catra holding her hand against her face.

Catra wore a crimson red dress to match Adora's suit and black high heels, her hair was curled and the way it flowed down her back made it look a lot more luxurious than normal.

Adora never took Catra for a super feminine person, and especially didn't take her for a whole makeup get up kind of person. Sure she'd seen her do it a few times here and there, but

seeing her wear it now all glammed out makes her look even more stunning in a way that Adora didn't think was even possible.

"Adora, Catra, my dearest friends. Allow me to lead the way to your seats."

The voice belongs to Seahawk who as opposed to earlier in the day is well dressed in a suit.

Catra looks at Adora and then holds her hand out with a smile.

"You coming ?"

Catra asks as she tilts her head.

Taking her hand, Adora follows Catra who follows Seahawk up to a balcony seat.

The table set up seems far more elegant than that of the ones inside.

"Here you all are, and to make sure your birthday is the finest it can be, I will be serving you all tonight."

Seahawk sounds more than delighted to do it but Adora frowns with a bit of guilt.

“Oh no Seahawk, you don’t have to do that.”

Adora says as she pulls out Catra’s seat for her and then takes her own.

“No no. I insist.”

Seahawk smiles greatly and hands the two of them menus before stepping back.

“Right outside they like to play drive in movies. Watch a movie or two and enjoy your special night. Do you want a moment before I ask what you want to drink or do you already have something in mind ?”

Catra cuts Adora off just as she was about to speak and places a hand on top of hers.

“A bottle of champagne. A birthday is a celebratory thing, is it not ?”

Seahawk nods sharply and announces that he will return shortly with a fresh bottle of champagne.

“How’re you feeling so far about your birthday ?”

Catra asks hoping the answer is one like music to her ears.

“This birthday has been stellar, thank you baby. For everything.”

Adora feels that emotional spark go off in her head and she doesn’t want to cry but she truly appreciates how far Catra’s taken her birthday.

“I’m glad….. So, you decided to do a big chop on me huh ?”

Catra’s hand reaches across the table brushing some fly aways from Adora’s hair poof back.

“Yeah, I had been thinking about doing it for a while now and what better day to do it than now?”

Adora blushes under Catra’s gaze, it’s not an intense or lustful gaze, but it’s full of admiration and love.

“I love it, it makes you look really hot. I also see you got Sparkles and Arrow Boy’s other gift.”

Catra notes the necklace and bracelet that insinuates Adora’s features well.

“Yeah, Glimmer said ‘P.s. Catra better not break that chain off of you tonight.”

Adora chuckles at the way Catra scuffs and rolls her eyes.

“The next time you talk to Sparkles you tell her to kiss my ass.”

“Noted.”

Adora laughs a bit and then looks over as Seahawk returns with their bottle of champagne.

“Were you all ready to order ?”

Seahawk takes out a notepad from his pocket and looks at the both of them.

“I’ll just take a chicken cobb salad without the onions though.”

Catra already had what she wanted in mind because neither her or Adora had glanced inside the menu to see what they wanted to eat.

“Your salad dressing and soup ?”

“Ranch and lemon rice, please.”

Catra smiles quickly before handing her menu over to Seahawk.

Apparently with the handful of times Adora’s been here she too already knows what she wants.

“I’ll take a T- bone steak and a loaded baked potato. Light on the bacon bits and sour cream please.”

Adora hands over their menu as well and turns back to Catra to engage in small talk and takes a few sips of champagne here and there.

The night is quiet and candle lit for the most part. When their food finally arrives Adora takes her time eating, first starting with the baked potato.

Catra had Adora's attention all night, until the drive in movie screen cut on. Adora perked up at the sight. She had never attended anything like it before so to technically do it now was amazing.

It was *even better* when she realized what movie was playing.

"Babe ! They're playing She-ra !"

Adora speaks in an excited hushed whisper and Catra looks over at the movie screen .

"You wanna stay and watch it to the end ?"
Catra had worked at her meal slowly as well starting with her soup and then her salad.

"Hell yeah ! Can we ?!"

Adora's like a kid in a candy store just starstruck by what's before her eyes.

“Of course we can.”

Catra says with a smile that she cannot wipe from her face.

At some point during the movie Seahawk had rolled back around to check on them but Catra put a finger over her mouth so as not to distract Adora.

With a swift nod Seahawk was gone and then back again will boxes for their food. Catra carefully boxes up and bags Adora’s food before returning her attention back to the movie.

By the end of the movie it had been at least two hours of Adora reciting the movie line for line and laughing her ass off. Then something happens, when Adora thinks her favorite song from the sound track is about to play she hears something much much slower. More mellow than the original.

Confusion washes over Adora’s features and she turns to Catra a bit.

“This must be some new ver-”

The first line of the song is sung and Adora’s words get caught in her throat. That voice sounds so familiar. Turning back to the big screen that was just playing Adora’s favorite childhood movie her jaw drops. It’s a photo slide show of her and Catra, and all their

friends,and… is that ?! It’s a picture of Adora with her mother when she was a toddler.

“Catra- That sounds so much like you…”

The tears in Adora’s eyes swell up and Catra shushes her and urges her to continue to watch the rest of the slide show.

By the time the song ends, Adora now knows that Catra sang her tears have stained her cheeks awfully.

And there’s the one part that Adora hadn’t expected, well none of it was expected but this part sent her toppling over the edge.

Catra cupped Adora’s cheek and turned her face to her while in unison at the end of the song says, “Hey, Adora.”

Just as Adora was about to make a comment she hears the loudest most cheerful thing ever. From the drive-in movie in unison a crowd of people that sounds exactly like their friends shouts, “Happy birthday Adora !”

“How did you get - How did you do all this ?”

“Shh, I have my ways. I have my ways.”

Catra says as she leans across the table kissing Adora's lips and wiping her tears from her face.

"Babe, you can fucking sing ?! That was fucking angelic. I didn't know you could sing like that."

Catra's laugh is loud and raspy; it nearly puts Adora in a trance.

"I've got one final surprise for you for tonight. Are you ready to see it ?"

"Babe, I love you so fucking much. I hope you understand that."

Adora says as she sniffles while chuckling.

"I love you too."

Catra continues to caress Adora's cheek with her thumb which she instinctively leans into.

Getting up to leave the restaurant Adora follows Catra out and then to her car. Catra instructs that Adora follow her while driving so that they can get to the last surprise.

When they get there, Adora stares in awe. Catra really bought a room at the best suites in Brightmoon and on top of that got one of the presidential rooms.

“Wait, babe. I don’t have any night clothes, or toiletries for that matter. “

Adora realizes this once they enter the elevator of the suite.

“Baby, I’ve been planning this since like August, I’ve got you a couple pairs of clothes, your toothbrush, I had packed you some hair ties as well but I guess you won't need those for a while. I told you I had everything planned out for today.”

Catra rubs Adora’s arm and then the elevator dings. They’re on their floor and Catra ushers Adora to their room quickly; it wasn’t often she wore heels so now after wearing them for so many hours her feet are starting to kill her.

Once Adora is inside the room she notes how it could be large enough to be an apartment. Adora’s stayed in fancy hotels for fights before but just for the hell of it wasn’t something she did too often.

“Hey babe our room has a hot tub on the balcony, you wanna go soak in it for a while ?”

Catra had made her way into the bathroom to wash her face full from makeup as called out to Adora. When Adora doesn’t answer her, however, she comes out of the bathroom and looks into the bedroom as Adora was taking off her suit jacket.

“Adora?
Catra calls out again and then approaches her.

“You okay ?”

Adora grabs Catra and kisses her long and deep. Caught by surprise Catra’s eyes widen and she stiffens at the contact.

“My god, babe, what’s gotten into you ?”

Catra asks as she chuckles, pulling away.

“I love you. So, so, so, *so much* . I don’t know if I’ll ever be able to make this up to you. I just want to show you how much I love you for this and how much I love you in general. And I can’t stress how much I appreciate this.”

“You *don’t* have to make it up to me. How many times do I have to tell you I wanted to do this for you ?”

“Yeah, I *know* what you said, but really I want to.”

Catra wasn’t sure what Adora wanted to do until she looked up into her eyes. Those slated blue eyes are darkening by the second and it makes Catra shudder.

“Oh okay.”

Catra’s voice comes out softer and weaker than she intended it too and Adora grabs her by the waist pulling her in closer.

With how close she pulls her in, Catra can tell Adora’s wearing her packer at this very moment. Unlike earlier this morning Adora moves slow and takes her time with Catra like she’s a valued work of art.

Adora’s hands carefully trace around Catra’s back feeling for the zipper to her dress.

Feeling the zipper slowly travel south Catra looks at Adora and they stop.

“I’m sorry, I didn’t even ask.. May I ?”

Adora moves their hands from the zipper and waits for Catra’s consent which is expressed in a,“It’s okay, I want you to, it’s your birthday anyways.”

Adora doesn’t take her birthday as a time to take what she wants. She'll ask for consent in any shape or form until the day she dies even if it’s a simple “what’s your color.” She knows that if she and Catra spend the rest of their lives together it’s going to drive her crazy at some point but she doesn’t care.

Bringing her hand back to finish unzipping the dress Adora stares at Catra like she’s an absolute goddess and in her eyes she is.

As the crimson red dress hits the floors Catra slips out of her heels becoming four inches shorter than she just was.

Adora keeps her touch gentle as she undresses Catra. Then, she carries her over to the bed and kisses her like it's what she needs to suffice in this life.

Trailing down her neck to her breast Adora grazes over the hickies from this morning. Adora then takes Catra's breast into her mouth, stimming a soft moan from the woman beneath her. Adora feels Catra's nipples harden under the touch of her tongues and allows her teeth to graze them softly.

Catra arches her back into Adora's mouth letting out a breathy and raspy moan escape from her throat. Adora then releases Catra's breast from her mouth followed by a soft *pop* sound. Catra looks at Adora pouting from the lack of stimulation and Adora chuckles softly.

"It's okay, Kitten, you don't have to work for it tonight. I'm gonna give you what you want."

Adora says softly as they sit up on their knees between Catra's legs and proceeds to unbutton their shirt slowly revealing their nude colored binder.

Throwing the shirt off to the side somewhere with Catra's dress and heels, Adora also slips off their binder taking a slight deep

breath. Lowering themselves between Catra's legs, Adora kisses the inside of Catra's thigh where her arousal makes it glisten in the dim light.

Taking a deep breath Catra moans softly feeling Adora get closer to the ache between her legs.

As much as it's in Adora's nature to want to tease and taunt Catra to get what she wants they won't do it. They want to show Catra how much they appreciate how she's made this day more than special for them.

Adora then places a chaste, *as chaste as a kiss to the cunt can be* , on Catra's clit then slowly draws her tongue through her folds. Catra's already so wet just from Adora kissing and sucking on her breast. Somewhere in Adora's mind she doesn't think it's hard to please Catra, which doesn't really make a difference to her.

Adora then teases at Catra's entrance before dragging back up to her clit and flicking her tongue.

This is enough to make Catra buck her hips into Adora mouth, so Adora does it again, and again, and again until Catra is practically fucking herself into Adora's mouth.

When Catra's hips start to stutter in movement Adora slips her forefinger into her making Catra buck her hips and scream out a moan.

“Fuck- Adora~”

Catra leans her head far back into the mattress and Adora catches her lips slowly thrusting her finger in and out.

“Babe~ that feels so-”

Adora slips her middle finger in alongside her pointer finger.

“Dammit~”

Catra melws as she parts her lips against Adora’s.

“You gonna cum for me baby ?”

Adora looks down into Catra’s eyes as they flutter open.

“You’re doing so well baby.”

Adora whispers soft praises and Catra isn’t sure when she grabbed a fistful of Adora’s now short hair but what she does know is that as she’s about to teeter over the edge into her climax while making eye contact with Adora.

“Adora- I’m s-so close.”

“Cum for me baby.”

Adora captures Catra's now swollen lips once more as she curls her fingers inside of her.

Catra lets out a high cry of Adora's name as she topples over into her climax and pants heavily. Adora rides her through the aftershocks slowly and carefully before slipping her fingers out and sucking on them a bit.

"Did you want to taste ?"

Adora asks kindly and Catra lazily takes Adora's fingers in her mouth tasting the saltiness of her cum.

Adora then rubs her fingers off on the side of the bed and pulls the cover up over them.

"Hey babe."

Adora calls out quietly hoping Catra isn't too tired for these next few words.

"Hmm ?"

Catra hums tiredly as she snuggles her head under Adora's chin.

"You've made this one of the best birthdays ever. Thank you…. Seriously, thank you from the bottom of my heart. I don't know where I'd be without you."

“You’d be one shitty fighter without me.”

Catra says groggily and then chuckles.

“No, but seriously. You don’t have to keep thanking me for anything. I wanted to do this for you. It’s to show my appreciation and love for you.”

“Well, I’m feeling very loved and appreciated.”

“Great, now hush and cuddle me.”

Adora laughs softly and kisses the top of Catra’s head.

“Yes ma’am.”
