# Complicated

by HelenWheelsRidesAgain

Summary

Glimmer's sex and love lives are somehow more complicated than Sea Hawk's. The good news is all she needs is a little honesty and all her dreams can still come true.

# Not So Secret Background Fic for Authorial Reasons

Chapter Summary

> No sex, just Glimmer and Catra coming clean about their past.

Chapter Notes

> Originally this was something I wrote just to figure the situation out myself and I never intended to post it. But. I think it adds something so up it goes.

To say living together in the castle after the end of the war with her boyfriend, the girl she unsuccessfully tried to date, and that girl's former ex and current girlfriend who she'd had secret hate sex with but now actually cared about her was awkward was pretty much the understatement of the century.

At least it was for Glimmer.

It took a year before she almost cracked, and in desperation had instead told Bow she had a secret she wasn't ready to share and that she was scared he'd hate her for it. She felt awful about how anxious that had made him and she let him know it happened before they even knew about Prime and was long done. It helped. A little, but he'd done his best to give her space on it until he couldn't take it anymore and told her it was killing him. Glimmer begged for one more week and he agreed.

She'd spent most of that week figuring out how the fuck she was going to talk with Catra about it. Because for all intents and

purposes, Catra acted like nothing had happened and having gotten to know her a bit better Glimmer could now say that was Not Good. Or at least, Not Healthy.

She laid awake at night, pressed up against Bow as she stared at the ceiling and wondered.

Did Catra still think about it? Did she miss it? Did she touch herself thinking about Glimmer or wishing Glimmer was fucking her? Adora definitely didn't know, but did Catra ever think of her when they were… did she feel as mixed up about it too? The guilt, the lust, the shame, the anger.

She'd asked Bow once to try being more aggressive with her, hoping to purge Catra from her system, but he had quickly called it off. He didn't mind if she got intense with him, although his version of intense felt like child's play compared to Glimmer's, but he hadn't enjoyed turning it back on her. That was fine, genuinely it was fine, but she still craved it. It's actually what had made her tell him in the first place, he'd been feeling bad about leaving her high and dry. She'd just meant to explain why she was the way she was, but fuck her whole life. Glimmer just couldn't seem to handle that kind of conversation. And now it felt like she was going to lose him if she couldn't figure out how to talk to Catra about the one thing neither of them had ever addressed.

Hence, the whole, you know-

"Hey, you said you needed to ask me something?"

Catra, unlike everyone else, never knocked on her office door. Simply walking in like she owned it, and if that had come with a cocky smile and a little swagger it would've been equally hot and infuriating. But no, like always she just seemed curious as she casually walked over and hopped onto her desk. Glimmer had cleared a space of papers in advance knowing that was a fight she was never gonna win. Maybe a mistake considering what she needed to talk about. It meant Catra was now looming over here, her warm thigh pressing into Glimmer's arm. There was a pause as Glimmer fought her blush down and she swore she saw hunger flash across Catra's face.

"Yes. And, uh, well, this isn't going to be easy and I don't know how to broach this delicately?"

Catra blinked in surprise, her demeanor shifting into both cautious and concerned. "Okay, well, we don't really stand on bullshit so, just say it."

"No, I guess we don't." Glimmer nervously chuckled and hoped she wasn't about to fuck over two of her most important relationships in one fell swoop. "I told Bow I had a secret and after a few months of me hoping he'd forget, he didn't. I have to tell him tonight, it's the deadline he set, but it's about what we used to do."

Catra could've been made of stone and lightning, like an avenging goddess for how quickly she shut down. "Absolutely not."

“Okay, well I’m not asking permission to talk about my own fucking life thanks. I wanted to ask-”

“Well it’s not just yours is it?” Catra snarled and hopped off the desk to pace a bit. “It’s mine too!”

Glimmer leapt to her feet as well and the argument well and truly began.

“I know that! That’s why I’m talking to you-”

“Literal hours before a deadline. You could’ve fucking warned me!”

“This is me warning you!”

Instantly Catra was in her face, so close their noses almost touched as she hissed. “This is you trying to cover your ass, don’t try to twist it around now.”

Glimmer shoved her back hard enough that she stumbled. “Oh fuck you! I’m trying and now you just want to shove words in my mouth!”

“Am I wrong then!?”

Yes! No. Sort of. “It’s more than that!”

“Right, right. You just want to throw me under the tank so you can keep your new boy toy, is that it?”

Sparkles danced in her hands and Glimmer forced herself not to grab them. “Do not talk about Bow like that. Ever. Your problem is with me and with telling people the truth.”

“...my problem,” Catra was clearly trying to be calmer in apology, but honestly it just felt shittier, “is that once Bow knows then Adora is going to figure something out real fucking quick. And I can’t…I can’t lose her again. There’s your fucking truth .”

Great, now she felt like a monster for trying to be honest with her own boyfriend! What a horrible thought. No, it was true, wasn’t it? Sort of, but also not. Okay, Catra was more mature then she used to be, saying she was a liar had not been a good move. Honesty back.

“Bow might leave me.” Her voice shook with the admission but Glimmer was glad it made Catra stop. “He doesn’t like it when I want things like that, and once he knows how far I took it- he might leave me.”

She wasn't aware that Catra had moved until she was wrapped up in her arms, face buried in the crook of her neck.

"He won't, Bow's a good guy and he loves you."

"Why would Adora leave you then, she's good too."

"Heh, yeah, too good. I've done a lot more than you though. … we're still figuring it out sometimes. This might, I don't know, we went too far."

They stood there like that, just comforting one another until the hug suddenly became stiff and awkward. Each of them staying unsure how to disengage. And then Glimmer felt a small pressure against her stomach. "Uhhhh." Catra tried to shift her hips back but a bit too late for that.

One time they had met in the woods and Catra had smothered Glimmer as best she could with her hands while fucking her. The lack of air had been scary but it sure made her hyper aware of everything else happening to her. Her head had hurt for hours afterwards, her orgasm had been intense and when Catra recovered she'd wiped her dick off on Glimmer's cape and simply walked away without a word. It took Glimmer a few more minutes to pull her clothes back on and that night she'd been haunted by the way it felt when Catra had trapped her against the tree to rut against her.

The memory of that experience suddenly hit her like a bomb to the face.

"O-okay." She took a small step back and Catra quickly retreated to sit in the chair across the desk, crossing her legs like that was going to hide anything. Glimmer was glad she didn't wobble too badly as she returned to her own seat. "Right."

"Yup."

Damn her for being the better actor!

"Okay. Okay, so, uh, Adora isn't gonna leave you anymore than Bow's gonna leave me. Right?"

Catra's face soured a little, tail flicking with anxiety. "Sure."

"The correct answer is right, no one is leaving anyone. We just need to talk to them. Or, well, I need to talk to Bow. You and Adora are your own thing, I'm not telling you what to do." Did Catra look slightly disappointed? Her brain misfired a bad joke, "Unless you want me to."

"Pretty sure that's what got us in trouble in the first place." Catra grumbled, slumping in her chair with blazing cheeks.

Oh! “Wow. Really? I thought you hated it when I-”

“I did! Sometimes. Shut up, like you didn’t get off to me bossing you around too!”

This was just a painful reminder that no one was bossing her around anymore. Damn it all. “Fuck yeah I did, that’s the problem now.” Oh damn it all . “Forget I said that.”

“Sorry, did you just admit you want me to dick you down still?”

“I said nothing of the sort!”

“Weird, it totally sounded like,” Catra pitched her voice just enough to be obnoxious beyond all reason, “Oh Catra, please let me be your little whore again.”

She really should not be getting turned on by this. “Can you please NOT do that when I literally just told you I’m suffering!?”

There was a hesitation as Catra’s nose twitched and eyes narrowed, like she was considering something. It made Glimmer want to eat her alive. But Catra huffed softly and leaned back deescalating the situation and leaving Glimmer uncomfortably wet.

“Fine. …so what are you gonna tell him? Are you gonna tell him how-” Catra literally bit her own tongue and collapsed a bit in her chair.

“How what?”

“Do you want me to make you a puddle right now or not? I caught myself. You’re welcome.”

Glimmer covered her mouth just in case she somehow ended up across the table trying to kiss her. “Wow. Okay. Uhm. Just telling him the basics of it? That we had s-sex and it was, uh, pretty fucking rough?”

Catra was cherry red, her ears were pinned, but her tail was doing that slow lashing thing that did not help Glimmer be less horny about the situation. “It wasn’t that bad.”

Not that bad!? “We literally spilled blood. You left me tied up for HOURS! I left you crying . It was pretty rough!”

Catra rolled her eyes. “You could take it and I didn’t cry that much, you cried way fucking more.”

“I did not! You know what? Table that. The point is we were not having safe sex.” Glimmer felt another realization wash over her. “Holy shit, you could’ve gotten me pregnant. We never even used

a condom. Holy shit we dodged a bullet!” Catra only looked mildly uncomfortable but her legs were somehow crossing more aggressively. “Is that seriously a turn on for you? What, did you want to breed me or something?”

“Glimmer,” Catra voice was dangerously smooth and it made more heat bloom inside her, “unless you want me to vault this desk and fuck you on it face down, you need to shut the fuck up and stop.”

She kinda wanted that, but without Bow knowing she didn’t want it enough to go for it.

Huh. Glimmer had never once considered what would happen if Bow knew and was okay with her having the occasional hook up with Catra. She was pretty sure the amount of eye fucking she was doing would make someone faint.

“Final. Warning.” It came with a low half-growl this time.

“Sorry, sorry, distracted thought. You’re right, I’m sorry, that was too far.” They stewed in the silence before Glimmer nervously started, “So, uh, that’s it I guess.”

“Great. Well, have fun and tell me if our lives are ruined or not.” Catra stood up casually, reaching quickly into her tights to adjust herself. Glimmer watched intently, mouth watering a little as she flipped herself up under her waistband to look more presentable. “Later.”

And then the bitch had the audacity to walk out like nothing was wrong.

What the fuck!?

It was a supreme effort of will to not chase her down and just start making out in a hallway, and instead Glimmer teleported to her room for a quick rub out and then a very cold shower.

She was dressed in her pajamas when Bow got back in and looked at her with surprise. But he smiled all the same before changing into his sleep pants and they both laid down on the bed to snuggle.

“So. You ready?” He asked as gently as he could, but Glimmer could feel how tense his whole body still was.

“No, but I need to anyways.” She weakly joked and then held on tighter. “Uhm, so.” Fuck she really shouldn’t have talked to Catra today, now everything just had a tinge of her high libido on it. “Catra is fucking hot, right?”

Strong opener, idiot.

Bow relaxed a little with a snicker. “Yes, I know you think Catra’s hot, you aren’t subtle babe.”

“Right, right, right, well, that’s because we used to have sex.” Glimmer waited but there was no response as he processed that. “Like, really unsafe rough mean sex between battles. After the portal.”

Strong answer, idiot. Now Glimmer could fling herself off the bridge to the moonstone in peace.

“Are- seriously? When did you two?” Bow’s fingers flexed on her back as he tried to pull her closer. His voice cracked like it hadn’t in a long time, “How often was this?”

Too often. “A lot more than I want to admit to. So, uh, pretty much any chance we got for a while.”

“Oh wow. Okay. Uh. I’m the words guy, just, hang on.” He leaned his head back to make eye contact. “Wait, unsafe how?”

She whined and buried her face back into his chest. “Every way it could be. …don’t make me say it.”

“And there weren’t any, uh, kittens?”

Glimmer laughed, play punching at his arm. “Yes Bow, I have a whole gaggle of secret children I birthed. Sorry about that.”

“Right, duh, that makes sense.” He muttered to himself as he relaxed.

She needed to know- rip the bandage off. “Do you hate me?”

“No Glimmer, I don’t hate you. It’s not like we were together. Not that you two couldn’t still- I’d just want to know. Also maybe use protection, like at least some kind of contraceptive? I don’t think I’d survive that.”

Huh?

“Seriously? Are you not, like mad at all?? I’d be mad!”

“I’m not mad. A few things are making a lot more sense right now actually.”

“Hey!”

“Babe, seriously, I love you but subtle is NOT in your wheelhouse.”

Catra watched as Adora nearly fell deep asleep, a little drool leaking from the corner of her mouth and everything. It made her heart clench and stomach swoop and twist. Alright, fuck it, Sparkles wasn't gonna be the only one owning up tonight. After considering how to wake her partner, Catra settled for a gentle fake slap to the face which made Adora take a hearty swing at her, "H'wha?"

Catra snickered at her and Adora glared back, still half asleep and probably thinking Catra was just messing with her. They'd just had slightly desperate sex and Catra had pretty much finished her afterglow before Adora was even halfway finished. Heh, she did finish nicely though. Better to get it on the table before she found a semblance of her sanity somewhere.

"I used to fuck Glimmer." Elegant.

"Huh!?" Adora startled more awake, clearly trying to figure out where this came from.

"Before Prime, I fucked Glimmer. A lot."

"O-okay? Uhhh-"

“That’s where I picked up,” Catra waved vaguely at the headboard as if the magical restraints were still going to be there. “Lot of trying things on the fly.”

Adora looked at the headboard too, pupils growing and blushing down to her tits. “Cool. So I need to get her a gift basket or something then? Cause-”

“Adora!” Catra half gasped and half laughed, incredulous and maybe a bit too grateful. “No!”

Shit, that was her bad for being a little teary eyed. Adora was sliding back into her asshole mode and that was too hot for her to handle right now. “Oh, I see. Maybe we can have her open you as a gift instead then.”

“Sshhhit!” That would- wow. Wowwowowow. Adora still loved her and she wanted to watch? “You’d watch that?”

“I’d let her tie me up to watch her untie you.” Adora gasped, popping upright in bed as an idea hit her. “Or maybe the other way around? You already got to have her, I haven’t, and I love hearing you beg for it. Babe please!”

Oh no that would just kill her, all the blood would stay out of her brain too long if they did that. So Catra could really only hiss, “You had your chance!”

Adora looked at her deadpan. “And my sexually repressed ass would’ve found the time and nerves…when exactly?”

“.....not my fault you were a little bitch about it.”

And somehow she was surprised when Adora pinned her against the bed for that one. Whoops.

“Just for that, I’m gonna make you be a little bitch about it.”

Catra sneered, “Was that hotter sounding in your head?”

And Adora smiled sheepishly, “Yes? Catra, can I fuck you?”

“Always.”

---

“So,” Bow casually handed the spoon back to Adora who got the next scoop of ice cream, “that kinda sucked.”

“Major ass.” She agreed, shoving the whole scoop in and then squirming with a groan of pain at the brain freeze, but Adora still remembered to hand the spoon back.

“Facts.” Bow nodded sagely, got his next scoop and added, “They still want to bone.”

“Oh yeah, pfft, like!” She smacked her forehead like that would alleviate the pain instead of making it worse. “I know Catra would love Glimmer to boss her around, but I almost got her to come just from describing a fake scene of her domming Glimmer instead of touching her. She gets too nervous when it comes to being super mean with me in bed, I mean, she’s Catra so she gets mean but not to that level. Clearly they want to fuck”

“Way more detail than I ever needed to know, and highly concerning. Glimmer said they were unsafe in all ways and that was about it.” He passed the spoon back after Adora made grabby hands for it.

“They were a little past just unsafe. Seriously, there could’ve been long term damage. We’re talking internal bleeding and broken necks, Bow.”

He decided to pretend he didn’t understand what she’d said and move on in his life for his own sanity. “Or babies.”

Adora paused, spoon halfway to her mouth. “Or babies.” She said a little breathlessly and he genuinely couldn’t tell what the emotion behind it was.

For a while they ate in silence before Adora asked, “So how’re we gonna get them to fuck regularly to deal with…allll of that?”

“They could literally just ask one another.” Bow snickered at the face she pulled. “I know, but it’s true. Ok, actual ideas. Uhhh, we could set them up to role play?”

“No way that would last or they’d go all out again.” Adora tapped her chin before a truly devious grin split her face. “Or we could deny them until they’re riled up and suggest they go for it.”

“Adora, sweetie, I want to LIVE thank you.”

“Coward.”

“I’m being practical. I could tease her up but denying her outright more than once? She’d hogtie me.”

Adora wagged her finger at him. “You’d love that.”

“Not the point.”

“Bah!” She scraped the last bit of ice cream from the bottom of the container. “Okay, so I edge and deny Catra for a week-”

“Adora, I want to LIVE!!!”

“Ugh! For, uh, I don’t know three days? You tease Glimmer and hint at fucking Catra. We lock them in a room with rope-”

“Rope safety.”

“They’ll find a way.”

“...I hate that you're right, but still.”

Adora nodded with way too smarmy of a grin. “I am right, thank you! So teasing, locked room, and boom. Fucking like honeys.”

“.....” Bow bit his lip hard and made himself nod along, voice sounding happy and normal to respond, “Exactly, fucking like honeys.” Oh he hoped no one ever told her the actual saying.

“Best partner’s duo kills again.” Adora cheered.

“Is that what it’s like when I make a name?”

She smiled evilly, “Why yes, yes it is.”

# Glimmer's Turn

Chapter Summary

Glimmer was really going to have to thank Bow and Adora for the set up.

Chapter Notes

Turkey day for all my americans, enjoy the smut at the dinner table :)

For everyone else, just enjoy the smut wherever you happen to be :D

Glimmer had basically known what Bow was up to as soon as it started, she just hadn't been able to figure out why or how he planned to make it work. She enjoyed him being more assertive in bed, and she had thoroughly enjoyed being "made" to tell him some fantasies she had about Catra and then about Adora and then about him. It was hot! But it had also been so unlike him that she knew he was scheming.

At first she thought it was just to show that he really wasn't bothered by her past with Catra. Then she thought maybe he was trying to set up a foursome for her birthday or something. But now he was acting weird today and it was not her birthday for several more weeks.

On the plus side her wondering had been quickly solved when her schedule somehow cleared itself and he brought her to a room far out of the way in the castle before telling her to have fun, shoving a very small key into her hand, and pushing her inside. Because leaning against the wall looking out at the waterfall outside was Catra, who seemed shocked to see her there.

Scheming.

"Uh, you aren't Adora."

"Thanks for noticing!" Glimmer half sneered as she walked over and immediately noticed the way Catra was refusing to fully turn around. "Bow basically dragged me in here and said to have fun. I think he locked the door."

"So? You can teleport. I'm waiting for Adora."

Scheming!

"I saw her leaving with Swift Wind on the way here. I think they want us in here together."

Catra stared at her slack jawed for a moment before snarling, "Oh I am going to kill her."

"They're setting us up." Glimmer confirmed doing her best not to giggle as Catra's fur fluffed up. "Aww, what's the matter? You seem pent up."

“Bitch, I AM pent up! She was supposed to unlock- UGH!”

Unlock? Glimmer ran her middle finger over the small key in her palm again. Oh this was totally a sexcapade set up and she was not going to complain. Unlock what? No collar, not a surprise there, Catra would probably maul someone for that. No cuffs. Her clothes weren’t her typically close fit ones, but she didn’t see any locks either.

“Well if you’re **very** good,” Glimmer made sure to add extra syrupy sweetness to her voice, “I can do it instead.”

There was the a-ha moment. Her eyes widened, mouth slightly opened, then clicked shut. Catra whipped her head around to face away from Glimmer again, but that did nothing for the ears turning backwards to listen and tail lashing that gave her away regardless. Interested but nervous? Maybe considering it still?

“You don’t want to be good for me?” Glimmer simpered. *C’mon dumbass, give me a sign already!*

Catra relaxed, fully falling into her role seamlessly. “Nah, I’m a *nightmare* , remember?”

Good enough!

She glanced around the room as she scoffed, taking stock of what she had to work with. Which…wasn't all that much. Some boxes and broken bits of statues they still didn't know what to do with were stored up here. Nothing that would get damaged by exposure to the elements considering a large chunk of the wall was missing. Waterfalls were kind of Brightmoon's thing but this time the view was unintentional, the damage to the castle had been pretty severe when Prime invaded and there was no rush to fix this particular room. It also meant that anyone down in the gardens *could* look up and see them even if they couldn't hear them over the water. Good to know, but she probably couldn't take advantage of it this time. She grimaced as she finally noticed some rope on one of the crates and mentally made a note to either have it checked out or thrown out.

Magic it was.

"Well if that's really how you want to be then-" the sparkle bomb was for show and also to make Catra move. It crackled and Catra hissed at the sudden bright light, thrown off just enough for Glimmer to quickly cast a restraint band onto one of her ankles, catching her at the end of her surprised jump keeping her up on her toes and off balance. Nice! "-I guess I'll have to make you be good. Now hold still, I haven't practiced multiples of this one yet, it might hurt."

A bold faced lie, Glimmer had tested them extensively before using them on Bow who had been delighted. But it made Catra's breathing pick up as she tried to dodge the next one, and a nervous Catra meant Glimmer could teleport in to grab her wrists and properly lock them in place above her head, teleporting again to avoid the foot slash and secure that leg too.

Catra growled as she tugged and shifted, sneering down her nose as if she hadn't basically asked for this. "Fuck off!"

"Nah." Glimmer took her time looking her over, stepping forward and running her fingers slowly and softly over her sides. "I think I finally have you where I want you."

For all of her growling and hissing, Catra couldn't help a few moans as Glimmer began to gently squeeze her breasts. Her breath hitched as Glimmer trailed a hand over her throat, applying a small amount of pressure before forcing her fingers into her mouth. Catra sputtered, tongue recoiling as she tried to pull back, but Glimmer only tightened her grip allowing her to tilt her head back and forth as if she was inspecting her.

She smirked as Catra's tail slapped against her legs in direct contradiction to her glaring. "I think you like it." An attempt to shake her head only resulted in Glimmer yanking her down by her jaw which got another moan. She really didn't care if that was pleasure or pain right now. "Yeah you do. Literally locked up and waiting for someone to order you around, it's your favorite. Speaking of…"

Glimmer almost let go before tightening her grip and digging her nails into the soft flesh under Catra's tongue, just one last reminder, "Behave."

Pushing her shirt up revealed nothing new, although Glimmer did take a few minutes to just rub and pinch at her nipples. Catra twitched in the cutest way and Glimmer snickered. She had missed it. “Awww, sweet thing aren’t you?” Catra huffed but managed to hold back her commentary.

Next she pulled down her pants, continuing her exploration for the lock and was absolutely rewarded.

“Oh wow,” Glimmer was breathless for a moment as she looked.

Catra wasn’t wearing underwear, instead something almost like a jock strap. Thin leather straps around her thighs connected to an intricate metal cage Decorative metal swirls pressed into the sides of her balls which were held up close to her body thanks to the cage. A metal tube in the front had to hold her shaft but Glimmer was having a hard time picturing how. It looked so much smaller than her memory of Catra’s length.

She had spent an unhealthy amount of time thinking about Catra’s dick over the last few years. Especially after realizing that she seemed to enjoy a bit of pain. She’d thought about using thin cords to tie tightly around her, perhaps connecting them to something else to force her to choose a pain, or just tying them too tightly. Ironically she’d learned the name of that particular fantasy after Adora had taken Catra to several different safety training sessions. Glimmer had been embarrassed and hadn’t even been there, which only caused her to be jealous of the whole affair. Catra tied up and whimpering was one thing. Catra tied up so tightly she couldn’t move an inch while some stranger closely observed her body and casually gave notes on how Adora could improve it was another all together. Predicament bondage was not

for Bow, but chastity he had been willing to experiment with. They hadn't gotten to it yet, but Catra-

"Take a picture Sparkles, it'll last longer." Catra snarled at her, testing the magic holding her up to no avail as if that would hide the twitching of her hips and slow lashing of her tail.

"I don't know, I think you're into this." Glimmer used just the tips of her fingers to drag along the small amount of exposed skin she could see and snickered as Catra gasped and squirmed. "I bet you'd be rock solid if you were wearing this, huh? But you like that, you've always liked being used." She hooked her fingers into the back of the cage and tugged lightly, luxuriating in the moan she got. "It's not enough for you anymore though is it? She just can't get you off the way I can, or else you wouldn't have gone looking for me at all."

"D-don't flatter yourself!"

"You're right." She wiggled just enough to pinch at the delicate bit of skin there, only increasing the pressure as she spoke. "You'd trap anyone in here to get your ass fucked right now. I almost forgot what a whore you are, no wonder she has to keep you caged. You wear a leash for her too?"

Catra's deep growling sent shivers down her spine, the hair raised on the nape of her neck. It had been a long time since she'd heard it. "Go **fuck yourself** , let go of me right fucking now!"

Glimmer twisted her hand and smirked as Catra desperately wiggled her hips trying to escape the pain as if that would dislodge her instead of make it worse. "You don't even know what you want, do you? But I do."

"FUCK YOU!"

She let go and grabbed the cage, shaking it roughly and delighted by the squeak she got for it. "We're not getting anywhere with you running your mouth, you're just making it worse for yourself. But since it's been so long, I'll be nice and help you out. Next time, you get to beg for the privilege."

*Think quick Glimmer, how to gag her without using something too questionable like that random loop of rope. Who even knew how long that had been there.*

She squeezed her legs together to alleviate a little of her own arousal and then almost laughed. She was rusty at this!

"...you can't find anything can you?" Catra half purred. Clearly delighted by how long it was taking her and being far too smug for someone who's tiptoes barely reached the ground. "What's wrong? Too much of a drain to cast a little more magic? How embarrassing."

Glimmer grit her teeth and ignored the taunting, refusing to fully listen as Catra began to needle her non-stop. She talked a big talk

but Glimmer did not want to get so carried away that the magic hurt her, and right now it might. Glimmer's panties, soaking through with her slick though? Yeah. Those and Catra's own thin belt would work.

Catra's voice cracked, breath hitched as Glimmer wordlessly began to undress, turning around to tease. She could feel her eyes burning into her back as she slowly teased her panties off. Sliding them off slowly enough that she hoped a strand of cum stuck from them to her as she bent at the waist to lower them all the way off. She could hear the sound of Catra shifting restless behind her while she stepped out of them, and the whine was much louder when she purposefully used the cloth to wipe herself clean. Perfect.

"You wanna taste don't you?" Glimmer hummed as she walked back over a little too pleased by Catra's blowout eyes. "I'll let you, you just have to say that you want it." She easily pulled Catra's already undone belt out through the loops and she was sure it wasn't even noticed.

Catra swallowed hard, licking her lips a bit as she debated the merits of denying it before huffing and glancing away with a nod.

"No, no, no. You have to *say* it. Unless you don't want to taste me at all, is that it?"

"No!" Catra blushed, cringing at her outburst.

Good. She hoped it burned in her chest.

"So you do want a taste?"

It was whispered but desperate. "Yes."

"Good girl. Close your eyes and open your mouth."

First Glimmer went up on her toes just to finally kiss her. Open mouthed and loud, groaning as they both became frantic before pulling back unwillingly. She grabbed Catra's chin to force her mouth open further, and after gathering up what she could, spit harshly into the back of her throat. Catra coughed as it hit, jerking a bit, and Glimmer moved quickly. One last rough swipe with her panties coated them in fresh slick before she jammed the ball into Catra's open mouth. Bi-colored eyes flew open with shock but Glimmer was already looping the belt around her head, tightening it to keep the makeshift gag in place.

"Awww," Glimmer coo'd as Catra snarled, shaking her head like that would dislodge the gag and tested the strength of it. "You look so fucking stupid like that. Sucking on some frilly panties." She ran her hands through Catra's short hair, missing the length she used to purposefully muss into a knotted mess. "Does that make you hard, baby? Pathetic."

She trailed her fingers down and frowned as they met cotton instead of fur. Right, she was getting ahead of herself. Should she

just rip the shirt off at this point? Glimmer glared at it as she considered, and didn't see the headbutt coming. She staggered back with a yelp, blinking away stars as the top of her head throbbed in pain. The world didn't quite spin as she cursed and looked up. Catra, despite the slight squint from her own pain, looked far too smug. Tied up, gagged with dirty panties, locked up in a cage, she should've looked defeated. An old rage boiled over and Glimmer returned the favor with a punch.

Catra writhed, the magic held her upright as she yowled, unable to do much more than take it.

"I almost forgot that you're a fucking *animal* . You want me to treat you like one too? Fine. Wish granted!"

Catra's eyes went wide as Glimmer yanked her shirt up, then on a whim pulled it over her face and head. It wasn't the best blindfold, it wasn't the best muffler, but it would take more options away from Catra and let Glimmer have the access she needed.

There was no easing in.

A gut punch that she could hear made Catra almost vomit. Grabbing her nipples to twist and then pull outwards making her scream and thrash before she dug her nails in to scrape down her sides. Catra wailed uselessly through her gag, jerking hard enough to slam her own head against the wood paneling behind her with a crack. Slapping her inner thighs hard enough that Glimmer's hands stung.  Whatever Catra was trying to say was

completely lost through all the layers, but the pain and fear made the sounds that much sweeter.

"I was *trying* to be nice to you. I gave you every option to let me be sweet on you. But you just can't help yourself, have to make it a problem, you just like fucking yourself over. Or maybe that's the point?" Glimmer was panting as she slowed down, throwing a few lighter jabs into Catra's now reddening stomach, digging her nails in on the last hit to scratch down hard. "You like being hurt. It's just the natural order isn't it?"

Oh fuck.

Glimmer froze as soon as it left her mouth because that was way too fucking far.

And the time bubble popped.

She was the queen of Brightmoon, not new and desperate but respected and powerful. Prime was gone. The Horde was done. Catra wasn't her enemy, Catra was her friend- one of her best friends. Bile burned in her throat as she looked her work over.

Half naked, restrained with *magic* (something Glimmer knew Weaver used to do), Catra was exposed and helpless. Skin covered in deep scratches, some enough to draw a few beads of blood and her torso bruising. Her hands rested now on Catra's chest, jumping up and down as Catra outright sobbed.

“Shit, shit! I’m sorry, I’m so sorry! Fuck!” Glimmer quickly reached up and pulled her shirt down and was ready to get her back on the ground when Catra shook her head. “W-what?”

Her face was a mess. Fur and hair pushed in random directions from her struggling, her cheeks and chin were almost dripping with spit and sweat and tears. But her eyes were clear and bright as she glared Glimmer down.

“...I’m getting you down.”

But Catra shook her head again, exhaling roughly through her nose to clear it of snot, not even seeming to care that it rolled over her lip to soak into the gag.

Heat pounded between Glimmer’s legs and her head swam a little. “No? You want- wait, do you want to keep going?”

Catra whined and nodded desperately, rocking her hips a little against Glimmer’s stomach as if she’d find relief that way. The guilt receded, leaving a strange hollowness before relief crashed over her.

“Okay,” her voice shook and she rested her forehead against Catra’s chest again to breathe deeply, “okay but I can’t go that far again. I don’t want to go that far again.” Catra huffed but it was

followed by a grumble and another firmer grind of her hips on Glimmer's belly. "Ow! Okay, that kinda hurts. That's metal you asshole!"

Catra looked far too pleased by the admission and rocked roughly, forcing Glimmer to pull away. "Oh fuck you!" And that was enough to pull the shirt back over Catra's head.

Okay. Okay. Catra wanted this. She needed to get back in the mood and her role.

Glimmer scowled a little as guilt tried to worm back in, forcing it back as she traced the worst of the scratch marks. She took her time, gently pressing into each of the worst hit areas to listen as Catra hissed and groaned. Muscles tightening and loosening under the now slow and deliberate assault. Occasionally she pinched, or added new scratches. And then she began to bite. Some soft and others hard, the hardest went on Catra's tit, and Glimmer was pleased to see the indent bruising perfectly around her nipple.

"What is Adora going to think when she sees you?" Glimmer whispered, very pleased as Catra froze slightly under her touch. "Does she know what a whore you are? How you like to be treated like an animal? She can't get you off because she's too soft on you. That's why you wanted me all to yourself." She made her voice rougher and deeper, hissing as she left her longest set of scratches. " *Greedy slut.* "

She kept going, lowering herself onto her knees and dragging Catra's pants down further in the process. Only once she passed

her knees did Glimmer stop. Her fingers ached from the pressure but that one was fucking worth it. Moving up gingerly, almost reverently Glimmer switched tactics entirely. Now her fingers danced lightly as she left open mouth kisses on her ascent. Spending time to lick and suckle as she reached the cage, some on her pelvis and across her pubes, some on the apex of her thigh, before finally suckling on the small amount she could of Catra's balls. The skin was warm and flushed, covered in salty sweat that she lapped up happily as her captive moaned and shuddered under her mouth.

When Glimmer pulled away with a wet pop, Catra whined and desperately tried to thrust to find her again. "I bet you could come from just that, couldn't you? But I don't want to waste you just yet. If you come now, I won't have much left to play with."

Catra tried to hiss through the gag, but it didn't quite work. So, she was still sensitive about being one and done, nice.

"Don't worry, I won't make you come too quickly." Glimmer held her hand out and pictured the key that was resting in her pocket, just far enough away that she refused to leave and get it. Her magic sang and it popped into her hand. The metal was only cold for a moment as she dragged in along Catra's ass. "In fact, maybe I won't let you come at all even without this. I'd hate to send you back to Adora without something new to think about. Mmmmm, I like that."

The lock clicked open as Catra whined, a wet sucking sound as she struggled to beg.

“But I suppose if you are very, VERY good for me I could change my mind.”

Catra’s entire body trembled at the promise, and then she went limp in submission.

“Oh? You like that idea now don’t you? See, if you’d just been obedient from the start maybe I would’ve already let you come.” Glimmer did her best to keep her voice soft and not grimace too hard as the cage came off.

Catra’s cock was red, having pressed against the metal as she’d gotten hard, with slight indents from the metal left in the sensitive skin as it peeled away. Without the barrier it twitched and throbbed, slowly growing as her balls moved up and down. She tried to imagine if this was her pussy and it made her wince with sympathy before flooding with new slick at the idea that Catra had enjoyed that. Oh yeah, she knew it would be hot.

“Fuck.” Glimmer whispered as she leaned forward and carefully used the tip of her tongue to lick at the worst of the indents. Catra groaned, rutting up as if she’d just been swallowed whole instead. Glimmer chuckled darkly at that licking around her words, “Oh, you’re so sensitive! How long has it been since she let you out? How long since you last came?” The groans became wild and Glimmer jerked back and waited. Catra’s balls were pulled tight against her body again as her cock twitched hard, bobbing up and down. Once. Twice. And then she whimpered. “So close!” She simpered and returned, licking broader stripes until Catra gasped. She giggled as she watched it throb again.

“Oh this is gonna be fun.” Glimmer lightly slapped her dick, watching it bounce as Catra began to plead. “I told you, I’m going to take my time. Now be a good girl and be quiet, unless you don’t want to come, then beg for it like the little slut you are.”

It was too much fun to listen as Catra tried to be quiet for her. Each lick, every tiny soft suckle seemed to keep her right on the edge. Despite her efforts she did make sounds. Whined, a high pitched nasally sound, and groaned from deep in her chest when she was right on the edge. It was just enough to make Glimmer stop, losing count as she kept working.. Hips involuntarily twitching and wiggling as she tried to keep still. Fuuuck, Glimmer hadn’t even told her to stay still, fuck that was hot! The longer she went the more precum drooled out, no amount of eager lapping seemed to fully take care of the problem and Glimmer was more than happy to let it drip off to the floor.

She made sure to have a firm grasp at Catra’s base before carefully sucking her tip, and instantly had to stop and cackle when Catra shrieked. Her hips pumped furiously into the air, making her ass slap loudly against the wall. It was actually comical to watch.

“I should charge admission, do you know how many people would pay cash money right now to see who the real Catra is? Not some big bad soldier,” Glimmer quickly sucked Catra into her mouth, going down to her hand before popping off again, “Just a whore desperate to come.” Down again, starting the whole process over. “Fuck, I love when you squeal like this!”

This time, she took a deep breath as she pressed down again, making sure to relax her throat as she buried her nose in Catra’s

bush and held herself there perfectly still. The hand that had been holding her base dropped instead to pull harshly at her balls, as if Catra would try to pull away. She could feel it throbbing in her mouth, on her tongue. It was so fucking tempting to let her come and swallow it all. Glimmer almost gave into that thought before remembering her own personal rule. I come first, she comes maybe.

She whipped her head backwards and squeezed her hand harder, but it was too much.

Catra wailed as she came in thick ropes, far more than Glimmer remembered but clearly not enough by the way she whined and thrashed and began pleading through the gag. Mostly it splattered onto her own stomach, the rest dribbled back down her shaft to drip to the floor. Oh it was fucking hot to watch her ruined orgasm. But it also wasn't what she'd told her to do.

"Bad choice. What did I **fucking** say? You weren't going to come early and what did you just fucking do? When I'm finished with you, you're going to clean up this mess you made bitch. And I hope you enjoyed it, because you aren't coming again." She sneered when Catra weakly thrashed and babbled. "No, good girls get to come. Bad girls don't, and I think this is almost worse than not coming isn't it? You're still hard and aching and desperate for more, I bet it didn't even feel good did it? And just to think, if you would've followed my very simple instructions you could've come inside me but I guess that's too difficult for you. Too fucking stupid to know when to quit."

Glimmer stood up and tried to ignore the ache in her knees, lifting her hands to lower Catra first to her feet and then further. In her

exhaustion and despair, it was like lowering a ragdoll to the floor. Attaching her wrists to where the wall met the floor and bending her legs just enough to both give her some future support and expose Catra further. Glimmer roughly pulled her tail out to the side with a grin at her yowling. "Shut up." After a moment of consideration, she pulled Catra just far enough from the wall to ride her more easily.

When Glimmer pulled her shirt off her face this time, she pulled it behind Catra's head and snickered as she winced and screwed her eyes closed against the light. God she was a fucking mess. Where she'd already looked used before, now she looked obscene. A mixture of drool of Glimmer's long cooled slick coated her chin and throat which had overflown onto her cheeks and even dribbled down towards her shoulders now. Glimmer wondered if it was going to join the ropes of cum she'd half dragged Catra through.

"Oh fuck yeah."

She didn't waste any time, moving efficiently to straddle Catra's hips. She grabbed a fist full of her hair and yanked it until they made eye contact. "Do not fucking come." Catra nodded miserably, wincing as it tugged worse. "Good. Watch." Glimmer shoved her head down forcing her chin to her chest to ensure a good view as she lowered herself onto her cock.

"OoohhhHHHhhh ffffuuuuck!" Glimmer sighed as she bottomed out with a groan, no resistance to her demands. She didn't know how long it had been since Catra came, but Bow had certainly known today was the day when he'd been teasing her all morning. She had needed this!

As she adjusted quickly, she also chuckled. “Aw, you’re so little!” Catra snorted at her and Glimmer laughed harder. “Seriously, I always remember you as huge but damn. Either Bow is very well endowed or you’re just so delicate. How cute!” Catra growled and it stuttered and mixed with a purr as Glimmer began to move. “See? This is what you’re meant to be. My cute little kitten.” Catra groaned and huffed, ears pinning as she began to rock up into her. “And I think the secret here is that you want that. You want me to control you, to dote on you. If I just kept you naked and collared at my feet, you’d be so blissed out of your cute little mind. Ohhh!” She shuffled to get her feet more under her, thrusting harder and faster. She was not going to last long but Catra was on a hair trigger already. “Oh my swe-ee-ee-eet baby girl!”

Catra whined, shaking and starting to try and look away.

Absolutely not. Glimmer tightened her fist with a snarl. “But you know how pitiful that is, how sad and pathetic it is to want to be someone’s pet. So you want to pretend it’s not exactly. What. You. Neeeeeed.”

Oh fuck, she- OH FUCK!

Glimmer let Catra go to lean back on her knees, diverting her hand to rub furiously at her clit. All it took was seeing Catra watching. The tip of her nose and tops of her cheeks showing through her lashes. She was so fucking hot.

“AH! AHHHooohhhhhh!!”

Her hips twitch hard, the pace turning from white hot pleasure to tortuous in seconds. Glimmer slipped, slamming back down as she clenched hard, leaning forward to bite Catra’s ear in some desperate bid for control as she came. And then the wave of bliss, small aftershocks making her rock and jerk, milking every last bit of pleasure out. Enjoying the heat and the pressure as she slowly relaxed, her body turning into a puddle as her mouth dropped open and her head drooped down further until she rested her forehead on Catra’s shoulder with a breathless, happy sigh. Oh that had been good. That had been so goooooood.

It took a little while for her mind to surface from the haze, and she immediately realized a few things. Catra was shaking like a leaf, hips desperately grinding up the scant amount she could under Glimmer’s full weight, and she was crying again. Whimpering and crying. And still rock fucking hard.

Glimmer involuntarily clenched around her and Catra rubbed her cheek over Glimmer’s hair. The buckle from her belt caught and pulled making her hiss.

“Good girl,” She half slurred and half groaned as she forced herself upright again. Peeling off of Catra’s body to fumble with her gag. It was hard to be coordinated but Catra’s growing desperation was making it harder. “Shhh, stop moving so I can take this off.” It still took effort but eventually she loosened the belt, letting it drop around Catra’s neck to pull her now truly ruined panties out of her mouth.  “Aww shit that’s hot.” They fell from her numb fingers with a wet plop before sliding off Catra’s chest to the floor.

Catra's lips were red and swollen where the belt had dug into them for so long, her head all but flopped to the side so she could spit the remaining drool to the floor. Her eyes were red and puffy, and unfocused as she panted and gasped for air. She was perfect. She was so perfect.

Glimmer could feel herself clench down again just from watching and Catra's legs bounced as she hissed and squeaked. "Puh-please, I- I- I- oohhh, I can't." Her voice became breathless and thin as she begged. "I can't!"

"Shhh, good girl, you were so good for me." Glimmer soothed as she forced some strength into her legs to lift up. They both moaned as Catra slipped loose, slapping back down harshly before Glimmer lowered herself to sit again. Rocking just a little to grind her clit for that last bit of pleasure.

And also to be a total bitch.

"OH! Oh PLEASE!"

"Mmmmm, feels so good baby girl. You feel so good like this. Relax." Glimmer nipped at her jaw, kissing slowly up until she caught Catra's lips. "Relax now. I said you weren't coming again and I meant it. Just enjoy what you're getting."

Catra whimpered into the kiss, “I’m gonna die!”

Glimmer chuckled but ignored it to kiss her again and again, waiting until she felt Catra’s body going slack and her breathing even out.

“See? Still alive, miss drama.” But Catra’s only response was a slight snore. “....holy shit, are you passed out? Catra?”

Glimmer released the magic holds and immediately had to catch Catra before she tipped over. The limp woman jerked at the sudden motion, but stayed down as Glimmer lowered her head to the floor. Her heart felt like it was going to burst looking down as Catra curled up into a ball and slept. Cute as hell, she decided as she tiptoed to her clothes and started to dress before freezing in place.

That’s what she would’ve done before. Dressed and left Catra to pick up the pieces. Glimmer turned to look at her again and bit her lip as she dropped her tights and walked back over. Wow. She had known for a while that what they used to do was fucked up, but that would’ve been seriously beyond the pale. And worse, for how they used to leave things it would’ve seemed tame.

But right now, Catra might wake up and still be so far under in subspace as to not know what to do, and Glimmer was not going to abandon her to that again. She’d experienced that on her own, and it had left her feeling hollow and dirty.

Fuck that noise.

"Catra?" Glimmer stroked her arm gently, trying to coax her out of the ball. "Alright sweetheart, I need to move you a bit. This spot is, uh…" Glimmer glanced around at the avantgard splashes of fluid and winced. She was going to need to mark this room as off limits until she personally finished mopping and scrubbing in here. "Kinda gross now actually."

"MMmmhrdrarghhh." Catra unintelligibly grumbled, but at least flipped over gracelessly to curl around Glimmer's knees instead. "Ishnice."

Glimmer blushed as she looked down. Catra had lost some of her erection, but it was still half hard and coated in Glimmer's cum. She kinda wanted to choke on it and had to reason herself down from just going for it. Okay, okay, ask first. "Hey, do you want me to touch you?"

Catra whined but at least woke up enough to respond. "I- I don't know." Glimmer winced and hoped that wasn't a bad thing. "'S a lot righ'now."

"Okay, well, I owe you then."

Catra's sleepy frown turned into the cutest, dumbest little smirk in the world.

“Shut up,” Glimmer grumbled, softly flicking her ear specifically to make it itch and flicker.

“You like when I’m a bastard.” Was Catra’s counterpoint.

Shame it was a good counterpoint.

“Shush!” They both giggled a little, too tired to do much more. “Hey, I’m gonna teleport us to bed. We earned it.”

“Yer bed.” Catra pressed a kiss to her ankle and Glimmer rolled her eyes but did as she was told. The number of times her or Bow had found Catra sleeping in Glimmer’s old bed was frankly hilarious. Apparently it was comfy and high off the ground and had great sun making it the best napping spot. It also meant that they’d once silently fucked on their main bed on the floor while watching Catra’s limp tail to make sure they weren’t caught. Hmm, maybe they could do that again sometime with her in the know. Or the reverse. Oooh! *Focus!*

As if her thoughts could be read, Glimmer deflected, “You’re obsessed.” But dutifully teleported them as requested.

Catra finally uncurled, stretching big and wide with a huge yawn before wiggling around the bed for a moment to find a

comfortable spot. “And you’re a sucker, your bed, your sheets to wash.”

Glimmer had to blink the hearts out of her eyes as she looked around and realized that Catra had just smeared dust, sweat, cum, tears, and even snot all over her pristine sheets.

“Oh you bitch!”

Catra smirked a little too proudly before asking, “Water?”

“Ugh! You’re a menace!” But Glimmer teleported to the bathroom anyway to get her a glass only to shriek right as Bow screamed in surprise on the toilet.

“Glimmer!?”

“SORRY!! Water! Needed!”

She fumbled the glass and then grabbed Bow’s as well, filling them up quickly and far too aware of how messy she looked right now. Oh this was a little bit humiliating and that made it a little hotter than she needed right now. But at least her boyfriend seemed to agree.

“So,” he was forcing the casualness but she could feel the very genuine shit eating grin without looking, “had fun?”

“Pffft!” Glimmer glared at him but it was kind of ruined by the blush and smile. “You should see the other guy. But don’t. She’s in the bed.”

“Our bed?” Bow asked, voice tinged with horror at the imagined cleaning needed.

“My old one. Just, when you’re done, ignore us.”

“Oh, forest’s blessing!” He moaned in relief, slumping down slightly. “Yeah, no worries, will do. I gotta tell Adora anyways. … you two gonna, uh, hit it regularly you think?”

Glimmer paused to think before smiling a little. “I have no clue. But babe? Thank you for understanding.” She leaned over to give him a peck on the lips and then grinned a little evilly. “Let me know what you think of Catra’s taste.”

“What!?”

Glimmer rushed out in one short sentence, “Set us up better next time sucker, bye!”

“Was that Arrows?” Catra asked, clearly barely holding onto consciousness as she chugged her water glass.

“Don’t worry about it.”

“‘Kay.”

Glimmer made sure Catra had settled fully again AND that Bow had skittered out of the room giggling like a school boy before going back to the bathroom and soaking their hand towels in some warm water. Catra fell asleep somewhere during the cleaning process and it allowed Glimmer to take a short hot shower. Her nose scrunched on her final return to the bed, but she laid down anyway and let Catra wrap around her back with a sigh. Yeah, this was nice.

# Catra's Turn

Chapter Summary

Catra gets to take some revenge >:)

Glimmer whined as Catra changed the angle and pressure again, the hand at her throat only gripping harder as she tried to shift her hips.

"No, no, no. You know better." Catra purred, moving the shower head away completely.

Yeah, she *should* have known better.

What Glimmer had figured would be an epic nap turned out to be the rest of the evening and most of the night. They'd slipped out of bed together and she'd actually felt awful seeing the shape she'd left Catra in.

There was a large bruise across her cheek from the punch, the scratches had scabbed over leaving an incomplete mosaic of lines and crescents. Her stomach was blooming a variety of nauseating colors only punctuated by Glimmer's bite marks. If she'd seen Catra looking like this without knowing exactly what had happened… well, she would've assumed the worst. Without even thinking she'd moved closer to apologize.

But Catra had grabbed her wrists when she reached out with a wince. “Tell you what. I’ll get you back my way and then it’s even.”

Ugh, and Glimmer had fallen for that soft voice and gentle approach! How stupid could she get?! Their way was not something easy to manage!

“Oh!” Glimmer wheezed, smacking the cool tile under her hands as Catra practically ripped her claws down her back leaving stinging trails. She screamed as hot water poured over them making it *worse* . “AH, FUCK YOU!”

“Relax, not even half of what you did to me, is it? So how about you shut the fuck up and stop being such a spoiled bitch!?”

The shower had been offered in good faith, even if she was a little suspicious when Catra said they should go together. And they did clean up first, which had lulled her into a sense of false security. Glimmer had been completely caught off guard when Catra slammed her up against the wall and sprayed her with nothing but cold water. Her mind had frozen as she shouted in surprise, only to then be flipped around and be shoved closer to the wall.

“My turn.” Catra’s voice had dripped with dark promise and Glimmer hadn’t been able to do anything but moan as Catra ground against her ass.

That had been a while ago. Glimmer whimpered and gasped as the water turned away again going from too hot to too cold.

"Count them," Catra grunted before slapping her ass. When Glimmer only yelped and moaned, Catra gave one hard slap to her cunt and growled, "Count. Them."

"One!"

"Wrong." Another slap to her pussy and then a quick light one to her thigh. "Start over. Now."

Her body twitched the next smack went back to her ass. "One!"

"Are you fucking stupid? What do you say when you count?"

Uhhhh, Glimmer was throbbing and dripping wet and it wasn't from the water. She could barely think with how thick the steam was. Two quick spanks to her cunt for failing to answer. "Shit!"

Catra snickered. "Close." She moved to thrust against Glimmer's ass again, refusing to fuck her properly yet. "You say sir, don't you slut?" Oh! She didn't want to! She didn't want to say that!

Water poured over her face and Glimmer's attempts to escape it were thwarted by claws at her throat. "Take it." She couldn't breathe! The spray came up at just the wrong angle to breathe! "You can do it. Take it." Catra's encouragement didn't mean much in the face of panic, but the claws dug deeper keeping her still. "There." The water finally moved away and Glimmer coughed as her lungs fought overly hard to breathe.

But Catra really wasn't ready to cut her any slack. "Count."

She pushed away and Glimmer whimpered as the cool air hit her back again. The spanks started just as hard as before and she shook, wheezing, "One, sir." Smack! "T-two, sir." SMACK! "AH, three, sir!" She gasped knees shaking as she went light headed, but the pause let her at least not collapse. The next two landed in quick succession. "Four- FIVE, SIR!" Her ass and thighs were burning almost as badly as her chest did. The next one landed squarely on her cunt and Glimmer wailed "Six!" Another harder slap landed, and she started to cry as her pussy throbbed in pain and pleasure. "Seven-"

"Wrong."

"W-wait!" The water was freezing as it hit her abused backside and she yelped.

Catra hissed in her ear, lowering the water to spray painfully against her clit. "Six. Sir. You fucking forgot one of TWO words you had to remember so we are still on six until you learn to count. Use your fingers if you're too stupid to keep up!"

“OHOHOH! S-six, sir, I’m sorry sir!”

“I haven’t hit you yet, bitch.”

Glimmer desperately tilted her hips, pressing her tits harder into the tiles trying to escape. “Yes- yes, sir!”

The water finally abated again and Glimmer shivered from the mix of hot and cold. Eyes squeezed shut as the tears overflowed and waited for an eternity before the next hit finally landed, softer than before on her ass. “Six, sir.”

“There you go, not so hard is it?” Catra asked, going almost twice as hard on the other side.

“SEVEN, SIR! N-no, sir!”

The last three were like lightning, full power on each cheek and then her burning red cunt.

“Eightninetensir!” Her legs gave out, and the only reason she was spared a concussion was Catra catching her. Water sprayed awkwardly up and splashed off the tiles onto them both as she was lowered to sit in the tub.

Catra sneered, cheering like she was talking to a small dog, “Good whore! Who’s a good little bitch? You are!”

Glimmer moaned and sobbed, shrieking as she was forced to sit. It hurt bad enough she was sure she’d never sit again, but Catra forced her to stay down and slid her forward towards the shower head before climbing in behind her. Catra was smaller than Glimmer, but when her legs locked in over her own, there was no way to close them again. No option to fight back, Glimmer collapsed backwards onto Catra’s chest and whimpered as she watched the other woman grab the dreaded shower head again.

“This time, you’re going to behave aren’t you?” Catra asked, chuckling darkly as Glimmer squeaked and twisted slightly, as if that would stop her. “I think you will, unless you want another ten just for your cunt.”

She’d fucking die from that!

Glimmer trembled as the warm stream of water hit her again, grateful for how close it was to her body. It lessened the sting of the pressure making it feel more like she was being aggressively eaten out instead of slapped. She moaned, eyes rolling as Catra used her free hand to add more lines across her breasts only stopping to pinch her nipples on occasion with a chuckle.

It was fucking torture! This was torture! Sure, she’d roughed Catra up yesterday but this was actually fucking torture!

The water stung and soothed, offering more and less without any sign of stopping. Her ass was surely purple after the most recent spanking. Her chest felt like it was covered in a thousand papercuts. And she couldn't catch her breath, every time she almost did Catra would hurt her worse or choke her out. Glimmer had come, and had only been saved the embarrassment of it thanks to the sheer amount of water pouring over her washing it down the drain before Catra could notice. But hadn't felt the same, almost weaker and far less satisfying she had taken the rest of the abuse desperate for a little relief. This seemed like the opposite of relief!

"Aww, poor baby." Catra cooed as she lifted the nozzle away, making the water hurt as it smashed into her. "You're so sooffffft." There wasn't even a thought in her head to deny it, she was too far gone. Catra chuckled fondly as she brought it closer again. "See, this is the difference between us. You bottle shit up and take it out on me when we're alone, I don't. If I ever lost it on you the way you like to hurt me, Glimmer, do you know what would happen?" Her head buzzed as another not-orgasm passed through her, her sobs softened into hiccups as she shook and trembled. "You'd be fucking *dead* . Instead of cumming down the drain, you'd just bleed out." Oh fuck! "You know that though." Oh holy fuck! The pressure changed, the angle changed, fire ripped up her body from the soles of her feet and she whined, throwing her head back wishing she would just come properly. "You like that. You like knowing that I might be an animal, but at least I'm not a fucking monster."

Glimmer screamed, desperately rutting into the water which never changed in pressure and uselessly clawing at Catra's legs to try and break free.

“But your my monster,” Catra purred, kissing her neck with such devotion that it made her heart ache, “and I like you like that.”

“PleASE! Oh! Please let me cum, I wanna cum- please fuUUuuUCK ME!”

The water finally stopped and she shuddered as Catra roughly got up. Glimmer didn’t care as she was forced forward to lay face down, didn’t care that it hurt when her hips were dragged up into the air. She didn’t even care as she struggled to breathe around the water flowing down towards the drain. Catra slid inside of her, shallowly thrusting until she could bury herself fully inside with a groan. And that soothed more than anything.

“So fucking good- shit! Look at you! Mhph!” Catra thrusted into her harshly and her thoughts turned to syrup. If she wasn’t so far gone, Glimmer was sure it would hurt. But instead it was a soothing balm as she weakly twitched and came properly with a deep guttural moan. “That’s right, oh fuck, shout it out, let him hear you!”

Huh? The angle shifted and she wailed, “Wh-wh-ah-ah-AHHHH!”

“Fuck yeah! Oh!” Catra sped up, roughly using Glimmer’s hips to force her back even harder. “B-Bow’s in your room, bitch. He’s been lisssstening. Oh FUCK, I th-think he likes hearing you like this.”

Glimmer howled, as she came again shuddering and trying to thrash as Catra buried herself to the hilt with a harsh grunt and growl. Her cock pulsed and warmth rushed inside of her as Catra stayed still, letting her feel as much as she could before giving her hips a few more pumps. There was one more gasp as she pulled out, a single warm strand of cum arcing onto her ass. She could feel their combined cum leaking out of her as she was lowered to lay fully face down. The water turned off and the harsh scrape of the metal rings on the shower curtain made her shudder.

There was a rustle of a towel as Catra barely dried herself before opening the door to the bedroom.

"Hey Arrows," Bow? Wait, was he actually- and to her mortification she heard her boyfriend shriek, "Calm down, I've seen a dick before. You want in on this while she's still fucked out? Bet you could make her pussy overflow right now. Or, you know, you can finish jacking it but I know what I'd prefer."

For one glorious moment she was both horrified and yearned for Bow to take Catra up on the offer, for him to see her like this. Laid out like a whore.

"Oh my gosh, are you okay!?" Is what he said instead.

Catra laughed. "Don't worry I paid her back nicely, but you already knew that. Looks like you were having fun listening in.

Next time we can even let you watch, maybe you can take some notes."

Bow squeaked at that, before clearing his throat. "Uh, m-maybe next time? I'm not really into the whole domination thing."

"I bet she'd be willing to tie you up first." Catra cackled at whatever she saw before stepping back into the bathroom. "Fine, your loss, have fun." And then the door clicked shut again as the towel was thrown on the floor. "As for you, I wish you could see yourself right now, it's hot as fuck."

Glimmer weakly groaned into the tub and sighed with relief as Catra carefully pulled her out to lay on her back on top of the towel she'd dropped. Her body ached and she knew it was going to hurt for a few days, but right now it was heaven compared to the watery hell she'd just dealt with.

"Comfy?" Catra snickered when Glimmer flashed a thumbs up. "Good. I think you have one more for him to get off to, right?"

Uh, what!? "N-noooo?" She really wasn't sure who she was trying to convince.

"I know you do, c'mon, I know you do." Catra's fingers danced around the edges of her slit, not touching yet. And Glimmer knew that where once upon a time that would be a demand, it was now a question.

Her voice shook as she tried to wrap her head around that. “Y-yes s-sir.”

Catra’s breath was hot as she got comfortable between her legs. “That’s a good slut. Be nice and loud for him.”

Catra’s tongue was unique. Long enough to reach the end of her chin when fully extended, the edges were so soft and smooth that the slight rasp in the center could feel overbearing when she wanted it to. There was no way in hell she could stay quiet as Catra started to eat her out, moaning as she licked and sucked.

Glimmer pulled at her own hair, already nearly screaming as Catra switched between several feather light flicks with the tip of her tongue and single long broad swipes across her clit. She was already so sensitive that it hurt, but fuck it also felt so good when her lips closed around her hard clit to suck. The slurping was unnecessarily obscene but the deep lewd squelch her tongue made diving into her cunt was somehow worse. Catra groaned as she tasted their cum, seeming to try and pull it out with long curving strokes, digging her sharp fangs into Glimmer’s puffy lips as she went.

“OHHHH! AhhhhhAAAAAH!” Glimmer couldn’t shut up, almost sobbing through her pleasure. “Oh yes! Oh fffuck yes! Catra, oh FUCK! NGHH!” She whined as Catra pulled her tongue out.

The order was gruff. “Play with your tits princess.”

“Yesss ssssir!”

Catra’s mouth slotted back into place as she suckled, and Glimmer shrieked as she pinched and played with her nipples, massaging her breasts and squeezing involuntarily as she trembled. The cuts from earlier bled and the scratches stung but she was mixed up beyond reason now. She was feeling lightning across her body, pain and pleasure, and knowing that her *boyfriend* was listening on the other side of the door-

“I’m gonna come!” She was pretty sure half the castle could hear her by now. “Oh sir please don’t stop! I’m gonna- I’m- oh sir, please!!”

Outside the door there was a wordless shout and Catra doubled her efforts at it. Bow was really there. He was listening to her getting fucked by their once enemy. He was getting off on it.

She howled, shaking so badly her voice pitched up and down, but Catra didn’t force her to ride the crest of the wave. Instead gently letting her down with a soft purr that tickled as she licked at the cum leaking out. Along her ass, her inner thighs, even cleaning up her center with a careful dedication while Glimmer gasped for air. Her only contribution was shaking her head mindlessly back and forth on the plush towel under her as the aftershocks rolled through her. Her eyes slipped shut so she could just breathe and calm down, but the exhaustion pulled her down further.

When she came to fully, she was tucked into bed snuggled into Bow’s chest as he read a book.

She was fully prepared to simply go back to sleep when she spotted the full glass of water and barked out a laugh, scaring Bow which only made her laugh harder.

# Catra Gets a Second Turn as a Little Treat

Chapter Summary

> Glimmer knows better than to trust Catra when it comes to having sex in a cabin.

Chapter Notes

> This was originally a re-do for the previous chapter but I ended up liking them both lol.

Their little fuck-a-thon had, it turned out, only been a beginning.

When her birthday had arrived it was with the hoped for foursome which had ended up with her stuffed to the brim while eating Adora out and coming hard enough that she had a headache afterwards. Totally worth it, but holy shit!

Then, true to Catra's prediction Bow had enjoyed being tied up to watch them fuck like bunnies. And it turned out true to Adora's prediction, Catra then enjoyed much the same.

Glimmer really wasn't sure when her sex and love lives had become more complicated than Sea Hawk's, but she wasn't really complaining either. Sure she wasn't sure if she had two girlfriends and a boyfriend, was in a chevron and had an extra fuck buddy, or if Bow was her main and Catra and Adora were girls on the side. And considering Sea Hawk had gone full monogamous with Mermista it now also made her the sloppiest bisexual probably on the planet. But the rewards were great, and if anyone had a problem they could kiss her royal ass, she'd **earned** some goodness in her life damn it all!

And that attitude had gotten her into trouble.

In fact, she was literally in trouble right now.

Catra had suggested the cabin for a night of sex and Glimmer had eagerly agreed under the mistaken idea that it was her turn considering Catra had fucked her in the tower facing out towards the garden just the week before. Ha! She should've known better. Catra had taken control instantly just by showing up wearing her most formal attire. Dark purple boots that usually looked black complimented by her tight leather pants, a flowing short sleeve shirt made without any buttons thar Glimmer could find, and her hair pulled up into a ponytail. Glimmer, meanwhile, was there in her regular clothes with a set of comfy but grubby pajamas.

So you could see how it wasn't her fault that she'd all but melted on the spot!

And if she'd been rewarded for being compliant, she wouldn't even be complaining!

Instead, she'd spent the evening being teased up towards but never reaching the edge, and now her body was being used. Not even as a toy, which would at least be fun for her too. No. Catra had slowly stripped down and positioned them both so she could masturbate while looking at Glimmer's dripping slit. It was hot, but also, distinctly not a reward!

She grumbled and wiggled her hips, but Catra only chuckled as she  laid back further on the bed, bending one leg to give easier access to herself as she started to pump up and down her length.

Glimmer was not drooling, but it was a near fucking thing.

“Crawl to me.” Catra was enjoying herself far too much but Glimmer was willing to humor her with only a dry glare over her shoulder before obeying. She felt stupid as hell awkwardly shuffling back on hands and knees, she ducked her head a little to try and gauge where she was at. “Na-ah-ah! Head up, just crawl.” Bitch. Glimmer growled softly but Catra still laughed at her, claws danced across her ass and guided her further back. “Allll the way.” She could feel Catra’s breath ghosting across her exposed pussy, and her hips twitched a little hoping for a miracle. “Not yet.” The soft wet sound of the lube increased and Glimmer could feel Catra’s arm bouncing against her thigh.

“Catra-” Claws raked across the bottom of her ass.

“I know you’re a whore, but be patient. I’m not warning you again.”

Glimmer glared across the room, bit her lip hard as Catra moaned, and sighed with frustration as she slowly started to come down completely. She hadn’t even gotten that close but it was annoying to be toyed with, and without something incentivising her she grew a little bored. A little distracted.

She glanced down past her breasts to watch as Catra touched herself and wished she was touching instead. One moment she was on all fours bemoaning her fate, the next she was face down in the mattress. Catra had deftly wrapped her legs around Glimmer's head and shoulders, using one foot to press her face down hard enough that she struggled just to make a pocket of air. The only benefit was knowing that Catra had stopped touching herself as two strong hands grabbed her hips from underneath with enough force to bruise and hauled her pussy up higher.

Catra's tongue, fuck, so soft- "AH!" So rough! She'd never bled from such treatment, but she had been handily taken out of an orgasm by it and sore for days afterwards. And today it was rough on her, the suction causing her to yelp with pain before any pleasure started to take over. The edges teased, the center punished, but she was getting worked up higher than before. Vaguely Glimmer wondered if Catra had wanted her to not obey, but it quickly vanished under the building wave of pleasure. Only to stop right before she could come.

"Oh FUCK! Ah-ah! Catra! Oh, please!?"

"Wow, you really thought I'd let you come after you ignored me?" Catra laughed sharply before dropping Glimmer entirely, slinking out from under her to grab something.

Glimmer knew her chance when she saw it. She scrambled slightly to escape, terrified for a moment she'd fall off the bed, only to be hauled up hard enough to hurt by her shoulder. Her momentum changed, her balance toppled as her head cracked against the headboard.

Catra wasn’t done.

“I don’t reward stupid little bitches. Where the FUCK do you think you’re going?”

Shit. She didn’t even know, she just knew whatever Catra had been cooking up now was going to be worse.

It was all just happening too fast to counter. Glimmer groaned and fought as she was manhandled further back onto the bed, her flailing elbows made purchase and Catra snarled as she punched the back of Glimmer’s head causing stars to burst in front of her eyes. She couldn’t coordinate herself as Catra tied her hands behind her back, folding them together hand to elbow. Glimmer was barely getting her senses back only to lose them again, shrieking as Catra pulled her head up by her hair. Something cold and hard met her throat as she was shoved down again and Glimmer only realized it was a collar of some kind right as it clicked shut and a wave of prickling washed over her body. There was a metallic taste on her tongue and something astringent that stung her nose. Catra slapped the side of her head harshly as she got up from the bed. “Stay still!”

Okay, that was enough!

Her head pounded as she reached for her magic and she suddenly knew what the collar was. A dampener. Not enough to fully cut off her magic, no. If she was a mage it would have, but as a princess

the moonstone was more powerful than a piece of antimagic tech. It was harder to do though and she wasn't sure what to think of the bolt of arousal that hit her alongside her understanding. Catra had probably had to do some serious research to find one of these, and Glimmer hated how much she enjoyed the idea of it.

She got off on hurting Catra, but she also got off on being helpless.

Probably shouldn't have ever admitted to that one out loud.

The blindfold came on fast and rough, jostling her aching head and making her whine. Then a ripping sound before tape wrapped around her mouth.

Yeah, definitely shouldn't have admitted to that.

She groaned and snorted, tried to dislodge the tape gag but it helped nothing. Well, that wasn't true. It helped stupid fucking Catra by giving her the chance to grab Glimmer's legs and painfully cross her ankles behind her back into basically a hogtie. She sat on them, forcing Glimmer's knees apart before reaching down and haphazardly rubbing at her.

Glimmer yelped and twitched as Catra roughly ground circles into her clit only to switch and slam her fingers into her cunt. Pounding away until she was screaming and shaking, then returning to her clit. "You love to come don't you princess? That's

what you want?” Glimmer nodded harshly as she shook and moaned. “Too bad.” Two fingers pushed into her, once, twice, and then retreated just long enough to Catra to slap her pussy. That got another scream, more from surprise than pain, the second spank to her aching cunt landed harsher sending stinging pain up her spine.

Her mind quickly melted under the assault. Clit, pussy, slap. Pleasure on pleasure and pain. Trapped by the onslaught, she couldn’t even count or keep track as she started to sob. Begging and pleading as she cried. It wasn’t until she was so far gone as to even stop trying that Catra stopped, cupping at her dripping center and shushing her.

“There you are, that’s your “reward” for being an impatient little bitch.” Despite her panting, Glimmer believed her when Catra sneered, “Don’t try me again, I can go all night like that.”

But her hands were much more gentle as she slid off of Glimmer, freeing her legs. Fingers trailed down the back of her leg and vanished, and she fought off a wave of dread as she heard Catra walking away.

The floor creaked as she found a spot and after an eternity she asked, “Do you wanna come?”

Glimmer moaned and nodded, trying her best to say yes and failing miserably.

“Good! Then get yourself off.”

What? She froze, confused as she rocked her hips back. Maybe Catra wanted her to fuck herself?

“Nu-uh. You had your chance to come on my dick and you chose not to. Find something else.”

Glimmer whined, tugging at her hands. Sure she’d love to, if she wasn’t fucking tied up and blindfolded!

“Stupid as always. Crawl around like a fucking worm and find something to fuck yourself on, or you can always decide you don’t want to come anymore. Those are your options.” She laughed at Glimmer’s whimpering but there was far too much malice in it. “Start crawling. Ten, nine, eight-”

Glimmer scrambled to get her knees under her, and her first attempt to sit up failed from her panic. But the count down stopped as she struggled upright and shuffled up on her knees. The pillows had been near her head, she could- she could use those right? Catra giggled as she fumbled the pillow with her knee, finally mounting it and humping onto it. The cool cotton made her shiver and within a few minutes she knew it wasn’t enough. She was sensitive, sure, but now she wanted pressure and intensity. Oh fuck her, this was going to be a lot more complicated then she thought.

The bitch laughed this time, almost cheering as she cooed, "Giving up? That's okay, that's your pillow to sleep on after on. Go on, look again!"

Glimmer growled, pent up and aching and frustrated as she carefully made her way to the edge of the bed, first trying to rub herself on the firmer edge of it only to squeak as she slipped to the floor. It hurt as she crashed on her side, and her head spun. But apparently she lay there a bit too long.

"Tch. Giving up already?"

No she was not giving up, her head fucking hurt, stupid cat!!

Glimmer blindly began to search, having to use her face or feet or her ass to feel out each possible spot as Catra kept her running commentary. The humiliation of the act only made worse by how bad she was at completing it. She flushed with shame as she tried and tried. The corner of what she was sure was the nightstand had been too rough. The stupid carved handles of the chair hadn't provided enough support. The floor was covered in small wet patches each time she stopped with a sob of frustration to try and grind herself on the wood. Each attempt on a new item to grind her clit on or try to get in her pussy failed.

"I'm gonna piss!" Catra wheezed, having laughed too hard at her latest failure to get whatever this slim thing was inside her cunt. Glimmer didn't even know what she was using, thoroughly disoriented in the room. "Oh fuck!"

And that was all she could take, she collapsed onto the floor, curling into herself. Humping pathetically into the air as she squeezed her legs together to relieve the pressure somehow. The blindfold had to be drenched in tears and sweat by this point. She was horny beyond thought and frustrated and giving up.

"Awww, poor baby!" Catra softened her voice and it burned, still chuckling a little as she walked over and crouched down to pet her hair.

Even that felt like white lightning to her desperate pussy. She'd never been pushed this far before.

"Now you know how that fucking feels, don't you? Yeah," Catra snickered softly, her laughter finally dying out, "you love to leave me just like this. If I were you I'd leave you here and let someone find you. Red and dripping cum, your legs are a fucking mess princess. Who knows, maybe they'd find you still trying to get off." Her voice was smooth as velvet as she sneered, "Maybe they'd take turns fucking you too."

Glimmer felt another desperate at the thought, on the verge of sobbing. Shaking as she tried to jam herself into Catra's legs, into her arms, inside her chest. The idea of anyone- no! No! Please! Please no!

"Shhh," Catra drapped herself over Glimmer's body, "oh sweet baby, shh. I won't do that to you this time. Oh, you're just

breaking my heart. Tell you what, if you promise to behave, I'll let you come still. Are you gonna be a good girl for me now?"

*Yes! Yes, please, just don't leave me!*

"Yeah you are. You learned your lesson didn't you?"

*Yes, yes, I did! I did, oh sir, please!*

"See? If you just knew your place when we started tonight, none of this would have had to happen. But when you don't wanna be my baby girl, when you just can't help but be a demanding little slut, I have to put you in your place." A soft kiss pressed into her temple. "But I got you now. I'm getting up for a minute, okay? I'm gonna get a nice little reward for you for being good."

Glimmer sniffled and moaned, pleading silently to no avail. She would be a good girl now, she would. She would, even if it meant suffering alone again.

Catra got up and padded across the room, and within seconds was returning, this time Glimmer could hear the click of her shoes on the floor, passing her before settling again. "Okay baby, come over to me. Come over to my voice, good girl."

Oh it was the hardest thing she'd ever done. Forcing herself back up onto her knees which screamed at her from all her crawling,

shuffling awkwardly until something smooth and warm tapped her thigh.

"There we are, and like I promised, I'll help you get off now. Fuck my boot, baby."

Glimmer whimpered as she struggled to find and mount her boot, in part from the pain and in part from the realization that she still had to do it on her own. But Catra tilted her foot enough to help keep her seated and then gentle hands pulled her forward to rest her head on her lap.

"There you go. Now fuck yourself." Catra sighed with pleasure as Glimmer began to rock, carding her fingers through her hair. "Good girl, just like that."

The leather was warm between her thighs and Catra's skin was burning against hers. The fingers playing with her hair soothing her aching head, and the claws tracing occasionally down her jaw made her shudder. This time, Catra whispered to her, no longer mocking and belittling.

"You're doing so good," she softly cheered, groaning alongside her pet, "you're fucking my boot so good. It was so hot to see how desperate you were, fuck baby, I can smell you everywhere now." Glimmer could feel the shift of Catra's hips as she barely rocked, her cock rubbing against her throat and jaw. "Mmmm, I love when you give up for me. You're so fucking hot when you give in to that desire. Being my good little slut, doing whatever I want. Ooooh, fffuck, princess I love hearing you cry for me." Glimmer's

hips stuttered. Her orgasm was building slow and soft and syrupy inside her. “Yeah, you let me see the real you. Angry and broken, and baby you’re so beautiful when you do.” Oh fuck. “I wish I could always have you like this, c-collared at my feet.” *Oh FUCK.* “Shit, I’m so close baby, are you?” Yes, yes ohhhh YES! “Goooooood.”

The claws danced past her ear and sliced the tape, pulling it carefully away from her lips.

“Nnnnngh!” Glimmer still couldn’t speak without it. She wasn’t sure she could speak at all.

“There’s my girl. You wanna suck my dick baby?”

Glimmer didn’t even have to think, her head moving without her input. Mouth opening and waiting.

“OH!” Catra gasped, one shaking hand resting at the back of her head. “Holy shit, Glimmer, that’s so fucking hot, you’re so blissed out! Take that cock.”

With the warmth in her mouth, the firm pressure never too deep, she lost herself. The world was warm and soft. Leather and fur and gentle words that dripped into her ears like honey. She moaned as her orgasm hit not with the shocking intensity she’d expected, but instead like a deep ocean wave. Rising just enough to be seen as it washed over her. Glimmer moaned, sinking

deeper, only stopping when her lips met a firm hand and whining when she couldn't go further.

"Ohhh fuck! Oh you're so good to me, a-ah! I'm close, baby, I'm so close!"

That voice, oh she loved that voice when it was so lost like that. She moaned again, grinding herself slowly onto the leather boot and bobbing her head. Each time managing to push the hand off a little more and more. She wanted it, more of it! More pressure, more heat, more!

Catra gasped, a small delighted half laugh. "I don't think th-that's a good idea princess."

Why wouldn't it be? She wanted it, it's all she wanted. More than anything, it's what she wanted.

"Fuck!" The hand finally slipped away and she slid all the way down, sighing happily as her nose buried into thick course hair. It smelled so good too. Sweat and musk. She barely lifted before going down again and moaning. She could feel Catra pulse hard, the balls under her chin pulled up tight.

She sucked as hard as she could, pulling up slowly and was rewarded as Catra hissed and painted her mouth. Thick ropes of cum that splashed against her tongue. Oh it was so good! It was

so good! She'd been so good. She'd earned it. She barely managed to swallow before lowering down again.

Catra yelped, barking a laugh as she did, cock twitching and sensitive as Glimmer pressed down to feel the glans press back into her throat. "S-shit! Ah! Okay! Okayokayokay! That's enough!" She jerked and laughed, trying to keep her hips still to not hurt her while Glimmer stayed put and whined. She didn't want to stop. She didn't want to stop at all. Up and then back down got another harsh hiss of air, a wheeze as Catra cupped her face gently but firmly and began to pull her off. "Th-that's enough!" Glimmer sucked hard, lashed her tongue and Catra doubled over, her legs jittering so hard that Glimmer was pretty sure she came again from it. She had just enough freedom to take her all the way one last time before finally being pulled off so quickly that it literally popped out of her mouth.

Glimmer whined desperately and Catra moaned with relief.

"Oh- oh fuck," Catra wheezed, her legs shifting under Glimmer as she tried to cross them protectively but unable to do so from the position she'd put them in. "Th-that was, ohhhhh, n-no!" She caught Glimmer's head as she tried to lean back down and lick. Catra giggled helplessly, "Stop it! You little shit!"

"MMMmmmm, but I want…" her own voice was rough and breathless as she rocked against the boot. "I- I need m-more, ohhhh, ssssir!"

“Baby, you got it all, I promise.” Catra shushed, ragged and soft all at once.

Two fingers still pressed to her lip and Glimmer gratefully sucked on them. Luxuriating in the feel of them, the strength as they pressed against her tongue and then into her throat. “Choke.” The gentle command made her gag but the fingers didn’t move. Her hips ached as she ground harder and faster. “C’mon princess, choke on it.” This time she did, tears stinging at her eyes as she coughed and then came hard with a squeal. “Good girl! There you go! There’s my good girl.”

The fingers pulled out and Glimmer gasped for air. Fully collapsed as Catra awkwardly reached around her to untie her hands. She huffed, grateful for the freedom as thoughts slowly came back to her. She grinned madly to herself and darted in to give Catra one more lick.

As expected, she full out screamed, fumbling the rope and dropping it to the floor as she rushed to push Glimmer’s head away, only to push her closer in her desperation. “NO! You-Glimmer!”

She laughed, hand gripping the chair with what little strength she had as she managed to get another few licks in before stopping. Exhausted and sated and happy as Catra laughed with her. “Taste good.”

“Yeah, but I’m empty. I promise, no more left!”

“MMmmmm,” Glimmer grumped as she was lifted off the floor and placed back onto the bed. “Soft.”

Catra chuckled at her and rearranged her before warning, “Keep your eyes closed. I’m taking this off, but keep them closed until I tell you to open them.”

Glimmer sighed, half asleep already. “Mmkay.”

She still winced as the blindfold came off, just the light hitting her eyelids was enough to hurt for a moment.

And then the satisfaction and exhaustion rolled over her again and she turned onto her side. Glimmer sighed and rubbed her cheek into something cold and wet, grumbling at the feeling as Catra snickered at her. “I know, I’m almost done, just hold still.” Something passed between her thighs again, warm and soft for a few moments before Catra crawled onto the bed. “See? All done sleepy head.”

“Shhu’up.” Glimmer didn’t have the strength to yank her down, but luckily Catra curled up around her anyways.

“You shut up. Go back to your cum pillow.”

Ah. Right. Oh well. She couldn’t be bothered right now.“Fugyoo.”

“Night night baby.”
