PINK AND PURPLE

Chapter Summary

Huntara goes to Brightmoon and has fun.

Chapter Notes

This is the first chapter, if you see any updates from now on, it's mostly me fixing my grammar mistakes or changing Angela back to Angella.

Huntara had been curious about the Palace Adora, and her friends had come from; Brightmoon. And so, she embarked on a perilous journey in which she risked life, limb and sometimes her hair. Once the royal palace was in sight, she reminded herself of her goal, to fuck the princesses of Brightmoon.

She made her way to the beginning of the bridge and from there she could see the gates. She spent five minutes of walking and felt no closer to the damn things. “Damn it, how long is this bridge?” Huntara thought to herself. Finally, after another five more minutes it mercilessly ended; a guard was posted outside the gates.

“Hello! My name is Huntara” she greeted the guard with a big confident smile. That usually wins most people over.

The guard had not been watching the bridge and was startled by the big woman, she spurted out the tea she had been enjoying. Seeing someone so tall and big was unusual for her. Well, aside from the queen herself.

But the queen was slender, delicate, serene, regal, like she came out of a song of great legend; In apparent opposition to this, the big woman, standing before her, was rugged, sweaty, dirty, made of pure iron & muscle, as if she had just come out slaughtering a deer in the woods.

She tried to maintain some facade of dignity as she managed to ask, “Hello Traveler, what is your business here?” in between coughing fits.

“I am looking for princess Adora, can you help me please? I am a friend of hers” Huntara replied, her smile starting to falter.

“Oh, you are one of her friends? Hmm, let me think…” The guard paused thinking to herself, then she spoke “right now princess Adora should be in the library, but I don’t know where princess Glimmer is, but all visitors are granted entrance to the palace, so you are free to go inside.” Huntara thanked the guard and went inside, she would ask Adora about Glimmer.

On her way to the library, she realized she did not know where anything was and had neglected to ask for directions. The grand hallways and corridors had blended into a maze. After walking for a while, she accepted she was lost.

“Sheesh, I haven’t seen another guard since I got here, where is all the security?” Huntara pondered and meandered on.

After an eternity of walking around seemingly endless corridors, Huntara noticed a sound coming from a hallway, it was a wet sound. At first, she ignored it, but moments later a faint moan came from the same direction. She turned her head “Huh? I wonder what is making that sound, well, no harm in checking” Huntara thought as she turned the rest of her body to find out.

Curiosity was nipping at her heels as the sound became clearer. She walked towards the source and as she turned the corner, she saw at the end of the hall a door, ajar.

The sounds could be heard clearly now, it was the unmistakable sound of sex. She quietly sneaked towards the door, bent slightly, and peered inside. She knew she was intruding, but Huntara could not help herself. Through the crack she saw the figure of a young plump girl with purple-sparkly hair, she was rocking her head. As

she looked up, she noticed a guard was bracing himself against a nightstand, pleasure carving his face.

After a few moments, a realization dawned on Huntara, that plump girl was Glimmer! The princess was sucking on the guard's dick like she was a backstreet whore. She had not expected this, and she had never seen Glimmer naked before, but she was not about to complain.

The guard said "Princess, please hurry, if we are caught by the queen, I'll lose my job and maybe worse" slightly sloping lower as the pleasure increased.

The princess did not react to what the guard said, instead continued to suck with greed. With a higher voice the guard said "Princess!" a plop was heard as she pulled her lips off the guard's dick. "Oh relax, my mom is not going to find out, now be a good boy and let me enjoy this" Glimmer said with slight annoyance in her voice, quickly she went back to work, though with increase vigor.

Huntara was stunned, at first, she thought the guard was blackmailing the princess, but Glimmer was the one in control. She kept staring into the room with lust filling her eyes as she witnessed Glimmer sucking a dick like she was eating a delicious meal.

"Damn, I wish I had known the girl was such an easy lay, I would've made a move back in the desert" Huntara mused. Regardless, she realized this situation had presented a golden opportunity.

Just then she heard another sound, she looked down and saw the guard releasing his sperm inside the princess's mouth. Glimmer swallowed everything without spilling a drop. "Princess that felt amazing" the guard grunted; Glimmer continued sucking.

The princess did not relent slurping and gobbling the dick as if it owed her money. The guard started to look like he was in agony

now “I can’t anymore, I’m dry” The guard protested as he tried to free his dick.

Glimmer finally relented and reluctantly let go; She kept her mouth open as she played with the guard’s jizz, swirling it with her tongue, after a few moments she gulped it down. “Ugh, why can’t you last any longer?” Glimmer said frustrated. “I’m sorry princess but as much as I love your mouth, I’m dry, there is nothing coming out of me now and I need to get back to my post before people notice” The guard explained as he zipped his pants and dressed himself.

As the guard made his way through the door Huntara hid herself behind a large piece of furniture. She wanted to get to Glimmer without interruptions. Before stepping inside, she peered through again. The plump girl was not even dressing up, instead she had her legs spread wide and was jacking off while sitting on the edge of the bed.

“This is one horny girl” Huntara thought, finally she decided it was time to say hello.

The door burst open as Huntara kicked her way inside. Making an entrance can be fun at times. Glimmer was startled and vanished with a puff only to reappear a few seconds later. “WHAT THE FUCK! HUNTARA!” Glimmer screamed angrily, Huntara bursts into laughter at Glimmer’s reaction. “We don’t see you in years only for you to sneak up and scare the crap out of me” Glimmer continued yelling, despite giving Huntara a clear view of her naked body Glimmer did not feel embarrassed, too caught up in her anger to care.

Huntara would have continued to poke fun at Glimmer but after she recovered from laughing so hard, she remembered why she was here and after the arousing display earlier her patience was nearly gone.

She approached the princess while she continued to voice her complaints. Once Huntara was standing in front of the girl, the

princess went silent. “What… what are you doing?” Glimmer stammered while looking up at Huntara’s face, but her view slowly shifted down to the big woman’s crotch. “Well, I didn’t expect the princess of Brightmoon to be such a hungry slut and seeing as how the guard couldn’t satisfy you, I’ll finish the job” Huntara answered.

“The audacity of this women! Does she really expect ME! the princess of Brightmoon to do what she wants?” Glimmer’s thoughts raced through her mind. She was staring at the crotch in front of her and was about to voice her dissatisfaction when her nose caught a wiff of Huntara’s musk. “I…” Glimmer’s voice died down. Huntara had just come from a month-long journey, she had not taken a bath in weeks, the musky odor, mixed with sweat, mud and even a tinge of blood, hit Glimmer like a brick in the face, ensnaring the plump girl in a spell.

“Now if you’d be so kind, please stop talking and get to work” Huntara said with a smirk. Glimmer quietly nodded her head in a daze. Glimmer seemingly recovering her senses was hesitant “but… I… should not “. “Oh, for fuck’s sake, I’ll do it” Huntara said frustratingly, she zipped her pants open.

Suddenly Glimmer lost half her field of view, but the musk had gotten stronger. It was so strong she was practically drowning in it. The princess’ mind had been filled with Huntara’s smell. “Oh god… this is so… big~” Glimmer whined. “Ok, seems the smell might be too much for you, but I’m getting impatient here” Huntara grabbed Glimmer’s head and pulled her unto her crotch crashing her nose right in between her balls and shaft.

The throbbing cock felt hot on Glimmer’s face, and the smell continuously overwhelmed her senses as she breathed deeply. “Come on princess, I know you can suck like professional; I just saw you” Huntara said. Glimmer blushed at the thought of Huntara watching her suck off the guard, it made her pussy wet. Looking at the cock Glimmer was not sure how big it was, but it was bigger than any of the guards she had serviced before,

certainly it had more girth. Finally, she started to lick Huntara's hairy balls. "Ooh, that feels good" Huntara cooed.

Working all around her balls, Glimmer licked every inch of it down, the taste was stronger than the musk, not that she minded, in fact it was motivation to increase her efforts. She did not neglect the shaft, her tongue was moving up-and-down to lather every crevice and vein stretching over the length, finally she made her way to the cock's light purple head. Glimmer wrapped her mouth around the head, with her left hand she started pumping the girthy cock and with her right she was massaging the balls. "Oh yeah, that's right slut, keep working on my cock and balls, it feels good" Huntara grunted as she enjoyed the sensations.

This went on for a few minutes before Huntara ordered Glimmer to take more of her dick. Glimmer quickly obeyed; with eagerness she took more of the throbbing cock inside her mouth-pussy. She opened her mouth as wide as she could and started to bob her head up-down. "Damn this girl must have been sucking off every guard in the palace" Huntara thought as the pleasure rose. Glimmer was sucking hard as the dick moved inside her mouth, luckily, she had no gag reflex and so she was able to take the entire length down her throat.

Caught off guard Huntara had to brace herself from Glimmer's refined technique, she did not expect it to feel this good. But Huntara decided it was time for her to take control of the pace, she grabbed Glimmer's head with both hands, and started to skull fuck the heiress of Brightmoon.

Throbbing cock was filling Glimmer's mouth as she smashed her face into Huntara's hairy crotch. She had to hold herself up by grabbing unto Huntara's thighs, they felt hard and massive in her hands. The thought of what Huntara could do with those legs passed Glimmer's mind, but quickly dissipated. Huntara was moaning continuously as she forced Glimmer's head back and forth; the heiress was grunting, gasping as she was forced to use her throat, but despite the abuse she had been moaning all along, muffled of course.

“Ok, get ready princess” Huntara knew she was getting close.

Without a warning Glimmer was shoved backwards unto the bed as Huntara straddled Glimmer's head, without letting her dick escape the girl’s mouth. Huntara started pumping ferociously and fucked the plump girl's head against the bed. Glimmer could do nothing to stop the pounding, instead she lifted her hands and held on Huntara’s toned ass cheecks. “That’s right princess, time for you to drink my baby-batter, don’t worry I’ll fill you up with it later.” Huntara grunted as she continued to pump.

Glimmer’s face was streaming with tears from her eyes and nose, she could hardly breath anymore, she was starting to see sparkles, but her crotch was throbbing more than ever as she started to furiously rub her pussy with one hand. “Oh god, I think I’m going to pass out if I cum right now” Glimmer thought.

Huntara was getting closer, she grabbed Glimmer by the hair and yanked with force as she simultaneously shoved her cock. Grunting hard Huntara let out a moan as she started spurting cum down Glimmer’s abused throat.

Glimmer swallowed as best she could, but the guards had not prepared her for this. For so much volume. The pleasure sent small shocks through her body and Glimmer started pissing herself, the stream was clear and sparkly surprisingly-or-not. Huntara finally pulled her dick out and with the last squirts she covered Glimmer’s face and hair with her cum.

She got off the bed and moved to smell Glimmer’s sparkly piss, “Damn princess, that was the best blowjob I’ve ever had” Huntara said. Hearing no response, she turned her head up. Glimmer’s face was smeared with a mix of cum, sweat and tears, cum still gushed out of her mouth and streamed down her chin, she had passed out after pissing herself. “Oh, I guess that was a bit much for you” Huntara remarked. Huntara cleaned herself with a used towel that was nearby and zipped her pants.

“Well, time to find Adora, I’ll just let Glimmer rest here” Huntara said to herself as she headed out the door.

***

Queen Angella was sweating, covering her mouth, blushing. She watched, from an elevated position in the air near the ceiling right above the door; Huntara leaving Glimmer’s room, closing the door, and going down the hall, presumably to find Adora.

Slowly she flew down from the high ceiling and landed quietly.

“I can’t believe I just saw Glimmer piss herself unconscious and I simply stood, watching; Worse, I think I enjoyed it” These thoughts were filling Angella’s mind as she walked away from the door, too scared to confront her daughter.

She had just witnessed her daughter’s sexual act shortly after Huntara had gone into the room. She heard a loud noise as she was walking down the hall looking for Glimmer. Rumors had been circling that Glimmer was sucking off every guard in the palace, but obviously these things were not true.

At least, that is what she thought until she had peered through her daughter’s bedroom door and saw Glimmer suck Huntara’s dick like she had already done so a hundred times before.

Angella was unsure of what to do, she was too scared to confront Glimmer and worst of all she had not felt so aroused in years. She decided confronting Huntara was the best course of action.

FURY MEETS ROYALTY

Chapter Notes

Here are chapters 2, 3 and 4

I've had these chapters done for a week now, but chapter 5 is taking me forever to finish, so I decided to release them.

Please Enjoy.

The grand hallways and corridors of Brightmoon Palace echoed, filled with heavy thumps of boots and nonsensical voices of someone speaking to themselves. Huntara was beside herself, twice now she had forgotten to ask for directions, twice now she had gotten utterly lost, and for kicks it happened in the same damnable palace. Though, presently, her mind was preoccupied with the thought of finding a bathroom, the last thing she wanted was to piss in the middle of the hall. "Damn it, why didn't I think to ask Glimmer where the library was? I should have used the bathroom in her room when I had the chance" Huntara muttered to herself as she walked in a steady pace.

A voice proclaimed loudly "There. You. Are." Huntara turned around to face the source and found she had to twist her head up, quite unusual for her. A striking figure stood before her, one with flowing, purple-pink hair that sparkled faintly. Her skin a tint of light purple. "I have been looking for you" Angella said with a firm face, crossed arms, translucent wings spread wide and shimmering in the light as they folded closed.

Angella's attire consisted of a sky-blue cape that reached just above the elbows, draping her slender shoulders. Light pink leotard and purple leggings tightly hugged her lithe bodice, accentuating her small curves & bumps, sharp violet heeled boots raised her stature, enticing everyone who passed with her regal posterior. White pristine gloves covered her hands. Despite the queen's conservative etiquette, it gave her a sensual presence.

"Woah, who is this woman? she is taller than me, and she looks beautiful!" Huntara thought, amazed, though she seemed oddly familiar. "Who are you?" Angella asked, frowning.

The best way to avoid looking flustered is to look mad and ask questions before the other person has a chance to ask questions back; at least, she thought so. Suddenly, a pungent smell caught the queen’s nose, the smell was a mix of sweat, blood and... sex.

Angella tried her best to ignore the invading odor as she repeated "I said, who are you?".

Huntara caught herself staring and gawking with her mouth open, she closed it. Huntara responded "My name is Huntara, nice to-", "Why are you here?" Angella asked quickly, cutting Huntara off before she could finish.

The queen knew all visitors were allowed into the palace; she is the one who decreed it so. But they are not meant to wander everywhere as they please, much less sneak into the bedchambers of the queen's daughter. The indignity that this woman had violated her daughter’s sanctity with her dirty, disgusting, smelly, hairy, throbbing... big, delicious cock. The memory of the event and the smell caused Angella's face and neck to bloom red.

"Are you ok?" Huntara asked, not understanding why the woman had just flushed red.

"My status does not concern you, now tell me. Why are you here?" Angella retorted while regaining her composure and color. She was not about to let anyone see any weakness.

"Oh, no reason, I was just curious about this place and I'm visiting my friends Adora and Glimmer" Huntara replied, she neglected to say why though, but this woman did not need to know, regardless of how arousing she was.

"Well, I was not aware that you were friends with Adora and my daughter". Angella said. "Wait a minute... if Glimmer is your

daughter, then that must mean you are the queen of Brightmoon!" Huntara exclaimed. She was certain she had seen her somewhere before but could not put her finger on it.

"Yes, yes I am" Angella said with an air of authority, but not pride. "This is a friend of Glimmer, maybe I misjudged the situation, maybe all the rumors of my daughter are true" Angella dashed these thoughts, "no, I need to find the truth of this, but I can't ask this woman or Glimmer, I'll have to interrogate the guards." Angella's thoughts continued.

Huntara had been standing for a good minute waiting for the queen to say something else, but she ran out of patience and needed to get to a bathroom and Adora, so she asked where the library was. The queen was broken from her train of thought "The library?" Angella said, "Perfect, sorry Adora" Angella thought, smiled, and then said, “I'll be happy to help my daughter's friend.” before proceeding to give directions to Huntara.

"Thank you for the help, I'll be sure to repay you for your kindness; but now I need to find a bathroom, my dick has been killing me to take a piss for too long" Huntara said as she went to hold her loins. Angella found the woman incredibly crass, but at the remark, she could not help but notice the bulge of Huntara's cock outlining her pants. "Oh gods, it is big, what had she meant by repaying my kindness? does she mean doing what she did to Glimmer, but to me?... I wonder what it would feel like" Angella's thought as she felt heat and moisture gather in her own loins.

Snapping out of her own fantasies Angella said "Well, best be on our ways, don't want to keep Adora waiting".

"You are right, see you later" Huntara said and turned to leave.

As she walked away Angella stood still while her eyes followed Huntara's every step. Her mind was again lost in fantasies of sucking the woman's cock. A few moments after Huntara was out of sight, she shook her head, reprimanded herself for letting such

dirty thoughts distract her and started to head towards the palace gates.

Angella's steps seemed heavy as she approached the palace gates, the thought of questioning the guard about Glimmer's alleged activities had slowly become a daunting and embarrassing undertaking. She started to doubt whether the rumors were true again, and wondered if bringing the subject up herself would only bring legitimacy to false accusations. Maybe, Huntara was a one-off event.

These thoughts clouded her mind, and she stopped walking. "Maybe this is a mistake." Angella thought, "Damn it, I should have asked Adora instead of sending that brutish woman to her". She started cursing herself for directing Huntara to her; Turned around and started to walk towards the library. "I was foolish, damn it all."

THE BLONDE AND THE FURY

Chapter Summary

Huntara meets Adora in the library and have sex.

Adora had already been in the library for hours. She had been enjoying a rather pleasant reading about between two women, one of them been a cat-woman, caught in a bad romance which predictably led to spontaneous vigorous fornication. At this time the library was empty and Adora had been thoroughly indulging in her carnal desire.

Sounds of wet squelches, exasperated breathing, whimpers, moans, accompanied by a periodical turn of a page filled a light corner in the library.

Adora's hands slithered, writhing as she played in and around her pussy. Warmth spread through her body. The feeling was thrilling, her heart was beating hard, she was addicted and knew she had to continue reading, to savor each sensation, prolong the pleasure. Adora thought of Catra in times like these, she missed the feel of her mouth, the smell of her sweat, her fur as it gently caressed her body as they copulated. Most of all she missed her girlfriend's feline cock, she loved the taste, the roughness in their shared love.

"Catra, Catra, Catra, hmmmmph" Adora moaned as she continuously rubbed her pussy, drawing ever close to the release she sought. The echoing thumps of heavy boots sent Adora into full adrenaline, her mind started to race as she tried to decide what to do. Her mind was in full alert, her hands never stopped, the thought of been caught in such a shameful act sent her heart racing full gallop. The exhilarating feeling overrode her senses and she ignored the echoes as they continued to grow louder and louder.

"Adora?" Huntara said as she approached the blonde, only seeing her head, but the wet sounds of the girl had already reached her ears. "I should count myself lucky" Huntara said as she finally reached the table. Adora's body was in full display. Her face was flush, sweating. Nipples were visibly hard and perched beautifully on her modest breasts. Adora's thighs were parted, her pussy was glistening with arousal and the girl was masturbating furiously.

"Oh, Hey Huntara, I'm sorry, I didn't hear you come in" Adora said, her gaze focused on the dick that just walked into her vision. She did hear her, and She didn't appear sorry in the least, in fact it seemed she was fighting the urge to tear hands away from her own crotch and into Huntara's. "You do not look sorry to me" Huntara said as she unzipped her pants and set her cock free, only half-hard. "Let's see who is better with their mouth, you or Glimmer" Huntara continued. With one hand Huntara grabbed Adora's ponytail and gently guided her mouth closer.

Wordlessly Adora closed her eyes in submission. She happily accepted her place between the large balls of Huntara.

Adora licked and sucked around the darkened balls. Huntara's other hand slid down and began to stroke the small of her back. It felt good, but it was not enough to satisfy the lust that burned within Huntara. As her fingers touched the soft skin, Huntara could not help herself and her hips bucked forward.

Whimpers came from Adora's mouth, filled with balls. Huntara was full mast now. "Come on, get working upwards".Huntara's voice commanded. Adora silently complied and dragged her tongue flat across the hot length until she kissed the head. Slowly her mouth parted and started to play with the head of Huntara's cock. Adora moved slowly, sucking softly, her eyes opened looked up, locked on Huntara's.

Softly Adora bobbed her head up, down, and sideways; She licked and sucked on the warm popsicle indulging fully in her desires. The strong musk of Huntara already had enchanted the blonde girl into full submission. Hungrily she sucked, anxious to receive a

reward for her efforts, one of her hands never left her crotch as it greedily pumped two middle fingers inside herself.

Huntara gripped tighter and tighter as Adora's technique started to take full effect on the large woman. "That feels great" Huntara groaned. "But I think this will feel even better".

Her hand was still gripping Adora's ponytail. Her other hand moved to holding the edge of the table. Huntara then move her hips forward until she felt her cock warm from the tip to base. Adora's started to shed tears from her eyes, mucus from her nose, gurgling gags groaned out of her mouth. Despite this Adora stared into Huntara's eyes, her focus never faltering and now her other hand was groping her left breast.

Looking up at Huntara, her lips quivered as she struggled to breathe. "Mnnn" Adora whimpered as she adjusted her mouth to the invading warmth, her throat sore from the constant pressure applied by the thick cock. Adora motioned her head back and forth, while Huntara was fully sheathed she ground her throat muscles against the shaft. Huntara huffed and puffed in pleasure as Adora continued to move her head rhythmically.

The sounds of slurping and moaning grew louder and louder as Huntara's grip tightened and tightened.

"Oh, oh FUCK" Huntara bellowed, quickly she used both her hands and held Adora's head down.

Adora's face was smothered by Huntara's hairy crotch, her throat coaxed the gush of warmth that enveloped her from the inside. The sensation of having her mouth abused for someone else's pleasure, the intense heat of cum she was forcibly swallowing, and her own diligent fingers drove Adora into a state of pure bliss as an orgasm coursed through her body.

"Oh yeah blondie, that's good, I love that" Huntara whined, pleasure bending her words.

Huntara pulled her cock out of the blonde girl's abused throat. A low pop sound came out as her cock was set free; Adora was breathing hard, but despite seemingly been exhausted had not stopped fingering herself. "Damn Adora, I thought Glimmer was the slut, but you are no better" Huntara grinned.

It took Adora a few hard breaths before responding "Ha, well Glimmer only goes for the guards, she can't last half as long as I do, besides she is still a virgin", she said this with a smile and pride in her eyes. This was news to Huntara. "Sometimes I'll spend an entire weekend just having sex with Catra" Adora Continued. Despite having a conversation Huntara, she still hasn't stopped fingering herself.

Adora went on "You know one time we-" a raised hand rudely interrupted her. "I'd love to hear about your sexcapades, but right now I've got more pressing things to do; I'm also a little tired of standing up, move over" Huntara replied. Huntara sat down next to Adora, who had stopped masturbating, and pushed the table to make more space. "Get on top of me, I'm going to take your pussy for a ride" Huntara said. Adora gave a sultry smile as she straddled herself on the big woman. The height difference was such that Adora's head nested neatly between Huntara's supple breasts.

"Let me free these puppies for you" Huntara said as she stripped off her shirt and vest.

Her great bosom was still tied around with a cloth. "You can handle that, can't you?" Huntara said. Adora nodded and as she gently unwrapped the clothing, hard nipples grazed her touch. "don't mind if I do" Adora said, once the breasts were free from their imprisonment Adora quickly took a dark nipple into her mouth and suckled.

"Yes" Huntara moaned. "Spoil those puppies" Huntara added. Adora did not respond but instead began to massage her tits. Though Huntara looked and smelled like a flexed piece of raw iron. Her breasts were soft and smooth; nipples delicate and

responsive to the wet embrace of Adora's tongue. Eagerly Adora sucked the large tits, in rhythm she would switch from on to the other, making sure that Huntara enjoyed it as much as possible.

"Ahh yes" Huntara groaned. "Do that again, I like the way you're handling my girls" Huntara complimented Adora. Then, with both hands, reached down and grabbed Adora's toned ass. "But don't worry, I haven't forgotten about you" Huntara said. Roughly she handled the ample meat that was sitting on her lap. With no warning she lifted Adora just enough to ease her fervent cock inside.

"Oooooh!" Adora squealed as the first inch of Huntara's cock drove inside her. The intruding cock was thicker and longer than anything Adora had previously dared to use. "Oh god, Catra isn't nearly this big" Adora thought. Adora pressed her hands on Huntara's shoulders, holding herself up. "let's take it a little slow" Adora smiled warily.

"I got you blondie" Huntara whispered into Adora's ear. She shifted one of her hands, and with her thumb started to rub gently on Adora's clit. "Ohhh shit! Fuck that's good" Adora moaned.

Adora's hips began to rock back-and-forth. Huntara slowly pushed her cock deep into Adora's wet snatch. Her thumb pressed in Adora's clit; easing her cock further and further until Adora was fully seated. Huntara's thick cock was all the way inside Adora's tight hole.
"That's good" Huntara grunted. "Don't neglect my girls" Huntara grabbed Adora's chin and gently directed it to her right nipple. She moved the hand over Adora's head coaxing her to continue.

A delirious gaze was overtaking Adora as she hungrily slobbered her mouth over the hardened nipple. So eager and proactive you'd think she was expecting milk to come out. Huntara's overwhelming breasts were pliant, warm. Adora's hands could not remain idle and with renewed energy; she caressed, groped, and roughly handled the magnificent bosom present before her.

Sweet moans left Huntara’s lips as she enjoyed Adora’s touch. She then held Adora's ass tightly, and began to buck her hips forward, rocking her cock inside the hot cunt. Adora moved her mouth from the dark nipple to Huntara's mouth, kissing deeply she started to bounce on the cock filling her inside. With every thrust, Huntara's thighs collided with Adora's ass cheeks. With each collision came the smacking sound of flesh against flesh.

"Yes, oh yes" Huntara muttered under her breath.

Pleasure was coursing through the tangle of bodies and limbs that procreated in the library. Deep in their mingling and busy in their work. Unbeknownst to them; the debaucherous melody of moans reached the ears of Queen Angella. She had come to inquire Adora about Glimmer, but instead she was once again witness to a sexual act.

"What are they doing in there?" Angella muttered quietly to herself.

The queen was intrigued by what she saw. "It looks so dirty… filthy" she thought. "They should be ashamed". Yet as she continued to watch her crotch started to feel warm. The queen had just recently walked into the library, but in her shyness flew high in the ceiling to hide when she started to hear the moans coming from a corner of the chamber. Still curiosity got the better of her. Now, she sat in the rafters watching the depraved scene unfold before her eyes.

"No" Angella whispered softly. "Not here. Not now. It is wrong. It is not proper."

Still Angella watched the lewd display with growing lust. As she sat, her hips began to gyrate in sync to the movement of the bodies below. Slowly, she shifted her hands, one to her small breast, the other to her crotch. "I shouldn't be doing this, I was almost caught last time" Angella thought, though last time her hands were not pinching her nipples and rubbing her crotch.

With a gentle stroke of her fingertips, she teased her twitching bud. Eagerly she stroke, faster, harder. Her whole body was heating up and beads of sweat glistened on her forehead.

"Oh God," Angella whispered. "It feels so good" she moaned softly. "I can't believe I'm doing this" she cried in muffled whimpers. It would be improper for the queen to be caught masturbating.

In fact, Angella had never masturbated in public. It wasn't something that queens did. Yet, in the course of a day the heat inside her had swelled and overtaken the rational side of her mind. She couldn't stop exploring her royal pussy. "Please no more" Angella pleaded in her mind. "I need release." Her thighs clenched together. She gasped sharply. A hot burst of liquid splattered against the wall behind her. "Ooooh!" Angella cried.

Her hips shook violently as her climax passed through her body. "Oh Heavens, I hope they didn't hear this" Angella silently muttered to herself.

They did hear, they'd been hearing Angella since she had flown up to the rafters. Every slick, spatter, and most definitely her beautiful moans of pleasure. With no spoken words, Adora and Huntara had agreed to continue fucking in the queen's purview. "Enjoying the show?" Huntara proclaimed loud enough for Angella to know it was her.

Angella's heart stopped and in her panic shot of out the library like an arrow. Leaving a sparking trail of her slick.

"Oh well, I'll deal with her later" Huntara said. She was already getting back to business.

Always the people pleaser. Adora had been concentrating on rocking her firm ass up-and-down, doing her best effort for Huntara. In return, she felt Huntara eagerly thrust deeper inside. With all her might, she squeezed down on Huntara's cock.

"Yessss" Huntara hissed. The mighty Hunter was filled with pleasure.

Huntara's balls slapped Adora's ass with each deep thrust. "That's right blondie" Huntara cooed. "Bounce that ass."

Adora loved hearing praise, it drove her wild. Faster, harder, she bounced her trained ass off Huntara's rock hard dick. "Oh, shit I'm cumming!" Adora moaned loudly. Huntara held Adora's hips, pumping her cock in and out. "Oh God! Oh God!" Adora moaned in a high pitch, as an orgasm shook her body and forced her thighs closed in an attempt to strangle Huntara's legs.

"Fuck" Huntara moaned.

As Adora rode her orgasm, Huntara could hold no longer. She drove her cock deep. "Unggghh" Huntara grunted, as she came inside Adora's quivering cunt. Pump, pump, pump. It felt like liters were entering her womb, Adora had not planned for it, but she wanted every drop Huntara was giving her. "I just got to remember to take a morning after-pill" Adora locked that in her mind.

"AHHHHHHH" Adora screamed, as she rode the waves of her second climax. Huntara held on tight until finally Adora relaxed.

"That felt great" Adora panted. "Catra never fucked me like that."

"Ha, I got more where that came from" Huntara responded and palmed Adora's delectable ass.

SPARKLING ROYALTY

Chapter Summary

Glimmer joins the party.

Glimmer awoke in bed, sheets soaked from the night before. She stared at the ceiling trying to remember what she did yesterday. She recalled giving Huntara a blowjob until she passed out. She thought about how great her orgasm was. She had never experienced a high so euphoric, the sensations in the moments before passing out felt otherworldly.

"I wonder how it would feel like if I took Huntara's dick Inside me" Glimmer thought. Despite the princess' promiscuous activities, she had kept her virginity. She only gave blowjobs to the guards because it would be improper for a royal to actually have sex with a commoner, but still, she blew every guard in the palace. Despite Glimmer’s previous reservations, Huntara's act was the drop that broke the damn.

"What harm can come of taking Huntara's dick inside me?" She reasoned. If she liked it, then by all means, she should enjoy it.

Rebellious and energetic as always Glimmer got out of bed and got dressed in her usual pink-purple outfit, spandex shorts, short-sleeve leotard and a pair of white winged boots. She loved showing off her thighs, she was proud of their size and how it made every guard turn their head. She had a small chest which made her succulent ass stand out more.

As she walked out into the corridor, she heard the sounds of someone moaning. Her curiosity led her to investigate further. She turned into another hallway and finally stood outside Adora's room. She opened the door and peeked inside. There she saw two naked bodies writhing together.

Glimmer gasped, her eyes widened, and mouth opened. It was Adora and Huntara. They were lying on a floor mat, fucking. "How long have they been at this?" She wondered. She knew Catra and Adora had sex, Adora bragged about it all the time. But she never caught them in the act before.

She stood there, transfixed. Adora looked dazed, her body glistened with the sweat. She had both arms over her head. Huntara was on top, pounding Adora's wet cunt. She watched Adora's tits bounce up and down in rhythm of Huntara's thrusts. "Oh God" Glimmer whispered. "I bet that feels amazing".

Her nipples hardened as she watched them fuck, her panties started to stain from the excitement. She rubbed herself through the thin fabric. "They're so loud, don't they care if someone is watching?" Glimmer thought. She could hear Huntara grunt with each thrust. "I wish she'd fuck me like that."

Then Glimmer noticed Adora was turning her head to look straight at her, and she knew Adora would see her. "Shit!" She panicked.

Quickly, she teleported behind the couch in the room, only a few feet away from the action. Huntara continued to pound away, oblivious to the intruder. "Oh God" Glimmer thought. "What if they catch me? what will they do?" She glanced back to check on them. Adora was lying flat on her back, Huntara grabbed her hips and then spun her around unto her knees. Quickly she reinserted her cock, grabbed Adora's long hair, and pulled, forcing her to arch her back. Adora's mouth gaped open as she moaned. Huntara slowed her pace, not wanting to end things too soon, but she pushed deeper. Adora's cunt was gushing pussy juice down her legs leaving a large stain on the mat.

SMACK. Huntara's free hand came down hard on Adora's left ass cheek, leaving a faint pink mark.

Adora winced at the sudden pain but continued to moan under Huntara's assault. SMACK. "OH GOD OH GOD!!!" She shrilled, her voice echoing out the room and into the hallways. "FUCK ME

HUNTARA, FUCK MY CUNT HARDER THAN CATRA EVER DID!!" Adora continued wailing loudly. SMACK. She didn't care who heard or saw.

Adora's moans interlaced with each slap sent her voice into higher octanes forming into songs of pleasure.

Huntara's lustful moans filled the air, the pussy was intoxicating and only served to arouse her more. SMACK. Huntara loved the feel of Adora's ass, years of military training honed it into the perfect sculpture of muscle and just the right amount of give to see it reverberate at every slap. SMACK. Adora's ass was now red hot. SMACK. SMACK. SMACK. Huntara would do this all day if Adora ever asks.

Her whole body shook as Huntara continued. SMACK. "OH YES, YOU'RE MAKING ME FEEL SO GOOD" Adora screamed.

With each plunge of Huntara's cock, and each heavy slap on her rear, Adora's orgasm approached. With each thrust, Huntara pushed her own climax closer. The blonde woman panted and moaned louder as her pleasure reached higher peaks, her hair shining golden in the light.

"AH AH AH AHHHHHH" Adora yelled, her body became taut as the waves of ecstasy progressed starting at her toes, up her legs, down her back and into her mind. Huntara swelled inside Adora. "OH SHIT FUCK, FILL ME UP HUNTARAAAAAAAAA!!!" Adora shouted.

Huntara's orgasm came upon her too. "Fuck" Huntara grunted quietly, pushing herself deep into Adora. "Shit" She hissed; her entire body tensed as she unleashed a load inside the lecherous snatch.

Her cock pumped out a stream of thick white cum. It splashed inside Adora's womb and overwhelmed it. Huntara's cock kept pumping.

After half a minute Huntara slowly withdrew her deflating dick from the used hole. Cum gushed out as Adora squirmed. Slowly, Huntara rolled off of her sweaty body and laid flat on the floor mat, gasping for breath. Adora laid there, panting. She turned and suddenly faced Glimmer, noticing her for the first time. Her cheeks flushed red. Her hair was loose and wild. She gave Glimmer a sly smile.

"Hi" Adora said in a flirty tone. She rose up on her elbows. "Enjoyed the show?" Adora said.

"I... uuuh.. well ... you see" Glimmer smiled sheepishly.

"Well, I know you enjoyed it, why not try it yourself? or is that too much for the princess of Brightmoon?" Huntara teased while stroking her semi-erect cock for another round.

"No! I mean-" Glimmer stammered. "I couldn't."

"Why not? You seemed to enjoy it. At least that is what it looked like" Huntara grinned.

Glimmer blushed furiously.

Adora took the chance and grabbed Glimmer's hand and pulled her towards the floor mat. "Come on," she giggled, "you can have my turn now, I'll take a break" Glimmer looked between Adora's legs and saw Huntara's cum still oozing from her pussy lips. "That is going to be me next" Glimmer thought.

Shaking her head, as if to block out any doubts. "Ok, let's find out what the fuss is about." Glimmer said. She climbed on top of Huntara. Her eyes drifted over to Huntara's massive cock. She felt herself getting wet. "Oh, this thing is huge" she muttered. The protruding dick was almost up to Glimmer's belly button.

"Let's get rid of these clothes" Huntara said, and before Glimmer could react, she ripped a hole giving her access to her sparkling cunt. And then she ripped her shirt, leaving her small chest and diamond nipples exposed.

"Hey those aren't cheap you know" Glimmer protested.

"Shut up, we're fucking" Huntara said with a wicked grin. She leaned forward and kissed Glimmer's neck. The princess moaned softly and held unto Huntara's broad shoulders. Huntara wrapped her hands around Glimmer's waist and held her tight against her. Huntara slid her tongue into Glimmer's mouth and started to explore the princess's mouth.

Glimmer's pussy was soaked, her nectar flowed so much she was drenching Huntara. Huntara slid one finger inside Glimmer's twat. She found her sweet spot and rubbed it gently. Glimmer whimpered. Huntara slipped two fingers into the princess and curled her fingers. Glimmer let out small moans. Huntara took the same fingers and slurped up Glimmer's sweet flavor, sucking them clean. She reinserted her fingers but now used her thumb to play with Glimmer's clit. A small orgasm shook Glimmer, her legs trembled.

"You're so wet and I like your reactions" Huntara said grinning, "I think your royal pussy is ready for my cock" Huntara whispered in Glimmer's ear. Those words sent a shiver down Glimmer’s spine.

Glimmer loved being touched by the big, beautiful woman. She wanted to feel Huntara's cock inside her. "Just relax, go slow" Huntara instructed.

Glimmer lifted herself up and balanced her virgin cunt right over the large dick. Slowly she lowered, she gasped when the head of Huntara's cock pressed against her entrance. The head was inside. Glimmer started to pant. "This already feels huge" Glimmer thought while lowering herself a few more inches.

"This royal cunt is so good" Huntara groaned, she resisted the urge of slamming her cock upwards. Seeing the princess taking her cock without help was thrilling. Her cock was now half-way buried. Huntara had patience but it never lasts. She thrusted upwards and sheathed herself fully.

Surprisingly, despite losing her virginity, Glimmer did not feel any pain, instead the sensation of being stretched filled her with pleasure. "Ahhh" Glimmer gasped as she breathed out. She had never felt this way before.

"Do it… do it again, do it harder!" she begged Huntara. Huntara obliged, she pulled her entire cock out and then she slammed her full length back into the princess. Again and again, she fucked Glimmer's cunt. Each thrust made Glimmer’s body bounce and reverberate, her thighs were as big as Huntara’s despite been half her size, and Huntara couldn’t stop admiring them with her hands as she caressed them.

Huntara pounded away at the princess, pushing her to the limit. "Fuck me harder, cum inside me!" Glimmer moaned. Huntara didn't need any further encouragement. With all her might she slammed into the princess' pussy. She bit her lip to keep from screaming. Her whole body trembled uncontrollably. Glimmer's neck was exposed and Huntara instinctively bit her. The princess screamed.

"Yes! Yes! I WANT YOUR BABY" Glimmer cried. A torrent of juices poured from her gaping cunt, coating Huntara's shaft. Glimmer felt her body seize up, and her muscles spasmed. Her eyes rolled into the back of her head. Huntara pushed until her cock was fully buried and released her cum into Glimmer's womb. The sopping pussy was filled until a mix of cum and pussy juice dripped unto the mat.

Glimmer lowered her body on the mat and there laid quivering for a moment or two. Her mind swirled with thoughts of how amazing sex really was. She moved her hands to her cum-filled pussy to feel how full she was. "Shit, I might get pregnant from this" Glimmer thought. Huntara smiled "Well, how was it?".

Glimmer giggled. "I never felt so good" she said, "I mean, look at you, you're gorgeous. But next time we have to try something different."

"Like what?" Huntara asked, her lustful smile returning.

"You know, maybe some other position, or maybe we can use the mirror and watch each other while we do it. Maybe even try a toy."

Huntara laughed. "A toy? I don't think so" she said. She paused, thinking, and then finished saying "although, if that toy is your mother Angella, I might consider it."

"Hahaha" Glimmer laughed. "You'd love that wouldn't you? though, I love that idea too." Glimmer said. "Yeah, she is so sexy, her legs are to die for" Huntara proclaimed. "Yeah, the thought of seeing my mother riding your dick sounds hot" Glimmer answered.

"Having the queen and princess of Brightmoon slobbering my dick sounds like a dream" Huntara grinned. "But, for tonight, I'll settle with this beautiful pussy." Huntara reached forward and grabbed the princess' hips.

DEGENERACY IN THE REGENCY

Chapter Summary

Angella, Glimmer, Adora and Huntara find themselves in the throne room.

Chapter Notes

It is finally done, I simply could not decide on the scenario, and I re-wrote the entire chapter a few times over.

Please enjoy! It feels good to be done.

Angella was deep in thought. She thought of what had transpired a few days ago. She thought of sounds, echoes, those that reminded her of what she had seen. Of the scent that made the heat between her thighs unbearable. She thought of Adora, how the girl's sweet moans were a melody that urged the queen to succumb to her innermost carnal desires. Of her daughter, how her rebellious nature always made her emotions go wild. Huntara, she thought of Huntara, the source of all these recent events. But most of all, she admonished herself for falling prey to her own depravity. How could she allow these things to happen?

She sat alone in her chambers, contemplating her actions. "I could have stopped all this, why didn't I?" Angella thought. It would be only a matter of time before her indiscretions came to light. What then? She knew she couldn't hide forever, but the thought of what to do and how to proceed, things had gotten complicated. Wine was her great adviser tonight and she already had a few glasses.

Angella held her glass to her lips and took a small sip, savoring the flavor of the vintage. She turned her head and stared out the window into the starry night, moonlight shone on her face. As she set down her glass, she heard a knock on her chamber door. She looked up wondering who was knocking so late at night.

"You may enter" The voice was smooth and seductive, as expected of the queen.

A small stature opened the door and let itself inside, as it approached, she recognized it was her daughter Glimmer wearing a feather light nightgown, which sparkled purple-pink as it became shaded with moonlight, made in the same fashion as her own nightgown.

She had not spoken to her daughter in the last few days, partly due to her busy schedule, but mostly because she had been avoiding Glimmer and didn't know how to confront her.

"Glimmer, I'm surprised to see you awake so late." Angella said. Glimmer had been silent and looked almost meek, very unusual. "Have you been eating sweets late again? you know how they give you a sugar rush." Angella continued as she continued to sip her wine, she wanted to steer clear of any topic involving Huntara.

"No, I have not mom" Glimmer finally answered. She took a chair and sat to the left side of her mother. "Listen, I want to show you something."

"Show me what dear?" Angella asked.

"Well, I can't show you here, you'll have to follow me" Glimmer smiled deviously.

At this Angella froze, her mind raced with the possibilities. She wondered whether Huntara told Glimmer that the queen was a perverted peeping tom. Or perhaps Glimmer was simply showing her a new toy or bug she had been playing with. "It's late Glimmer..." Angella was cut-off "It will only take a few minutes." Glimmer looked at Angella with the best puppy eyes she could muster.

"But...." Angella stammered, "Pretty Please" Glimmer was now holding her hands together and her teeth were bare in a big grin as she begged. In her sparkling gown the princess looked like a delicious cupcake begging to be eaten.

"Oh fudge, lead the way" Angella chuckled and smiled. In the end the queen always indulged in her daughter's whims. Glimmer grabbed Angella's hands and lead her out of the room.

The hall was dark and silent, but the giant clear windows that lined the halls let in plenty of moonlight, so much it was easy to navigate without a torch light. "Where are you taking me" Angella asked but she recognized the path they were going, and she knew it led to the throne room. "It's a secret, but don't worry you'll find out soon enough." Glimmer answered as she turned a corner.

They came upon the grand double doors leading into the throne room, the entire length of each door was covered in silver leafing and vines entwined around one another. The top of the door had a beautiful mosaic design of a woman's head and shoulders, with wings that spanned the doors, similar to Angella's.

"Okay now I'm going to put these on you" Glimmer took out a pair of pink posh blindfolds for sleeping. They were made from silk and tied behind the back with ribbons. "Keep your eyes closed!" Glimmer giggled and placed them over Angella's eyes. She pulled the knots hard to ensure a tight seal. "Ok, stay right there, I'll be right back, do not move" Glimmer said.

Darkness engulfed Angella, she could not see anything, and the only sound she heard were a few footsteps and then the open and shutting of a large door as it was locked, most likely for the throne room. "I wonder what Glimmer is going to show me?" Angella mused as the minutes ticked away. She had not thought about it much, but she had just realized that she never walked outside her bedchambers once she was in her nightwear, and standing now by the throne room made it feel like she was barely wearing anything. The feather light nightgown kept her comfortable and fresh in the bed, but in the middle of the night, while standing in the hall, it did a poor job of keeping her warm.

She knew that a few guards still wandered dutifully and been seeing blindfolded in the hall sent a tinge of heat down to her

belly. But a sweeping cold breeze flowed through her nightgown and easily snuffed it out.

"I hope Glimmer hurries up; I'm feeling rather cold now." Angella whispered to herself. The queen felt goosebumps throughout her arms and legs. She hugged herself to keep warm and could feel how stiff her nipple had gotten. "Glimmer needs to hurry" Angella whispered as she started to caress her breasts. Masturbating at the worst times is a habit the queen has never shaken. Every nerve ending in her body was tingling, she wanted nothing more than to rub her fingers against the fabric covering her breasts. "Well, I need to keep warm, and this is an easy way to do it." Angella said encouraging herself onward; She knew how risky this was, she knew that Glimmer could open the door at any moment. But these thoughts only made her actions more exhilarating.

Her left hand moved down to her inner left thigh and began rubbing softly, slowly moving upwards until she reached the hemline of the nightgown. Her right arm wrapped around her torso and pushed the material aside to reveal her breast completely. They were small and perky, with puffy pink nipples protruding outward. Angella couldn't see, but she used this opportunity to imagine Glimmer sucking on her nipples as eagerly as she sucked on Huntara's cock. She imagined her hands groping her ass cheeks and squeezing her firm butt. In fact, she pictured Glimmer grabbing hold of both her tits and pulling them towards her face. She imagined her tongue darting between her erect nipples and lapping up their juices.

A trickle of guilt pierced her heart, she knew that fantasizing about her own daughter was wrong, but as she continued stroking herself, she soon forgot about it. The heat from touching her pussy grew stronger and the warmth spread quickly throughout her entire body. As she rubbed harder, faster, and deeper, she felt her breath quicken. "I need to finish soon" Angella thought. "If I don't get off, my head will explode". With every passing second her climax came closer. Finally, when she felt like there would be no stopping her orgasm, a soft knock came at the door.

Angella froze, "Yes!" panic in her voice was obvious. "You can come in now!" Glimmer's voice could be heard. Angella's mind was racing, she didn't know whether or not to pull back her nightgown, she knew that Glimmer could walk in and catch her masturbating. This wasn't supposed to happen! But what other choice did she have? "Oh yeah, I forgot I blindfolded you, I'll come out." Glimmer said cheerily. Angella had stopped and pulled herself together just in time. There was a loud click as the lock turned. The door opened.

Glimmer poked her head out and said "Ok, we are ready". She looked at Angella with a knowing smile on her face. Angella couldn't see Glimmer and she tried her best to appear calm and collected. "Why did you take so long?" Angella asked with more shrill in her voice than she intended. "Oh, we just wanted to make sure everything was perfect" Glimmer answered as she walked out the door. Truthfully everything had been ready from the start, and Glimmer had simply been spying on Angella through a secret peephole. She even timed her knock just in time to stop Angella from reaching her orgasm.

"Come on, mom, we don't want to keep them waiting~" Glimmer said almost singing the last word. She grabbed Angella by the waist and guided her forward, she could smell her arousal and excitement. Angella stumbled slightly as they entered the throne room. "Glimmer what are you going to show me?" Angella asked in a low shaky voice as she was guided to the center of the room where she could feel the moonlight shine on her face and her dress sparkled brightly. Angella was nervous and unsure of what to do.

"Ok mom, just follow along, don't say anything and don't protest" Glimmer whispered in Angella's left ear. "I need you to get on your knees, okay?" Glimmer continued speaking the word softly. Angella hesitated for a moment but decided to do as told. She was unsure of what Glimmer had planned but knew she would never hurt her. Besides, it made her heart stir when she gave in to commands.

Angella felt someone grab both her wrists and lift them over her head. "Glimmer what are you doing" Angella asked with a slight alarm in her voice. "I told you not to say anything" Glimmer whispered as she felt a collar wrap around her neck. "Glimmer I'm not sure about this..." Angella said as her concern and arousal continued to increase, however despite her protest, she stayed pliant. "Don't worry, but since you can't stay quiet, I'm glad I brought this" Glimmer said as she brought a ball gag to silence Angella's mouth. "Glimmer wait" Angella said before Glimmer put the gag on her. At this point Angella's heart was beating hard.

Glimmer still had work to do, she brought a pair a handcuffs for her mother that kept her arms tied to her neck collar, her elbows remained over her head, but her hands were now tied behind her neck. She also bound Angella's wings and linked them to the same collar.

Blind, bound and gagged, Angella had not expected to be in this situation, but she has not tried to do anything to stop it either. It had been a cold night, but she was sweating from her own heat. Her nightgown clung to her body, knowing that it would transparent and easy for anyone to see her erect nipples only served to excite her more. More than sweat flowed from her panties.

"We know you have been spying on us, we know you have been touching yourself every time" Glimmer said as she walked around. "And now... we are going to give you exactly what you have always dreamed about" Glimmer's words were making Angella shiver and tremble with anticipation.

Glimmer grabbed Angella's breasts, squeezing hard and roughly through her nightgown. Angella couldn't hold a moan as she tried to wrestle free, but it seemed like she was putting little effort into escaping.

"You know... I never realized how much I love your tits, mom" Glimmer said. They were small, but her nipples were bigger than usual as they jutted against her gown. Glimmer pinched the left

nipple, twisted and rolled in her fingers. "Oh, they look delicious" Glimmer remarked as she took the right nipple in her mouth sucking through the nightgown. She suckled on the right nipple almost like she expected milk to come out.

Angella started drooling through her gag, the pleasure and sensations her daughter was delivering to her tits was exactly what she wanted, what she needed. Eagerly she arched her back and thrusted her chest forward, lending Glimmer better access.

Suddenly Angella felt someone crawl between her legs. It was Adora, but Angella couldn't see her. Adora whistled and said, "You are dripping wet your Highness, I won't need to get you ready, but I'll have a taste anyway." She wrapped her arms around Angella's thighs and pulled her head closer to the wet cunt. From there she could easily see the queen's panties were drenched with pussy slick, and the stain of her slit and clit were visible. Angella's pussy smell was overpowering Adora's nose.

Angella moaned as a tongue began to lick her swollen clit, swirling it rapidly in circles. Adora was hungry and eager as she sucked on the hard clit. In response to Adora's touch, Angella began to buck and writhe under her grip. Adora then inserted two fingers inside the dripping hole, while continuing to lap at the throbbing clit. She curled her fingers upward, massaging the walls of the vagina as she continued licking the clit.

Adora could feel the queen getting close, so she increased her efforts by rubbing the clit with long strokes. She took her fingers out and stuck her tongue as deeply as she could. As she did so, the queen screamed moans into the ball gag and clenched her thighs closed as she came. The orgasm rocked her body and lasted for a minute, leaving the queen panting and gasping. When she finally regained control of her breath, Adora removed her face from between Angella thighs, allowing her to breathe.

"Oh my god mom, I would have never guessed you were such a slut!" Glimmer giggled excitingly as she got behind Angella. She released the strap for the ball-gag "Now, I'll need you to use your

dirty mouth" she said as she stole a kiss from her mother. Glimmer reached down and grabbed the hem of the gown. Pulling up, she exposed the large mound of ass flesh. Then, grabbing both cheeks, she squeezed them together and smacked them with a loud slap.

Adora placed a yoga mat in front of Angella and she was gently pushed down into a doggy position with her chest flat on the mat. Her large firm ass stuck out prominently and enticing to all. Her nightgown clumped down to her chest.

"Glimmer, Glimmer, Glimmer..." Angella panted deliriously, her breath was hot and heavy. "What are you doing?" she gasped. Her eyes fluttered open and shut inside the blindfold. Her mind was hazy and confused. She didn't understand why Glimmer was spanking her bottom like that. But it didn't matter, it made her pussy squelch every time.

"I'm showing everyone here how much of a whore you are" Glimmer explained as she slapped her mother's ass again and again. The sound of skin slapping skin echoed throughout the room. Every smack sent a jolt of electricity straight between Angella's legs.

"This is so wrong..." Angella whimpered as another spank landed. The pain was intense, but it also drove her crazy with desire. Glimmer didn't want to stop, as her hand started to numb from all the spanking. Finally, when her arm grew tired, she stopped and stood over her mother. Angella's butt cheeks were red, covered in welts, and her pussy was dripping juices onto the floor. She looked more like the town whore rather than a queen.

Glimmer reached down and spread the lips apart, revealing her pinkish-red interior. With a single finger she rubbed the wet hole. "Wow, you are so ready." A final spank almost sent her into another orgasm.

"Ok, Huntara she is ready for you" Glimmer said. Huntara had been sitting naked in a corner, stroking her cock eagerly. She had

been enjoying the performance. Quietly, she stepped behind the queen and dropped to her knees, placing her hands on Angella's hips. Her cock positioned at the entrance of the royal cunt of Brightmoon.

"Beg for it" Huntara said, she squeezed Angella's hips tight against her groin. Her hard cock pressed into the crack of the queen's ass, making it even more uncomfortable. Angella had stopped thinking now, and to Huntara she had only a few words to say "Please, fuck me...please fuck me..." the queen pleaded.

With one slow thrust, Huntara buried her entire length deep into her new toy.

The queen moans of ecstasy filled the throne room as the large woman rammed her way into her womb. Huntara pulled back, then slammed forward forcing her entire length into the tight cunt. Huntara grabbed Angella's long hair and wound it around her hand, using it as a handle to control a bucking mare.

Her breathing was rapid, shallow gasps that forced her breasts to rub against the mat with each intake of air. The pleasure coursing through her body was overwhelming. The feeling of being taken, of being used as a toy for someone else's gratification was driving her insane. She couldn't take it anymore; she needed to be filled, impregnated. Her motherhood instincts wanted to give Glimmer a new sibling.

Huntara put her full weight over Angella and continued pounding away, holding nothing back. There would be no mercy given tonight. She pumped in and out of Angella's gushing pussy.

The queen turned her head to the side, and through a gap in the blindfold, noticed her daughter as she was fucked by a woman just as big as Huntara, but she had gold flowing hair. She realized Adora had transformed into She-ra. Angella watched as the goddess used her golden strap-on to fuck her daughter senseless.

She did not have much time to think about her daughter, as Huntara grabbed her thighs and lifted her into a full nelson position. "What..." Angella said in sudden alarm. Once in position Huntara started pounding her harder than before. This was too much for Angella, and her mind went blank as she felt herself going into yet another climax.

"Oh God, Oh God, I'm cumming!" Angella screamed as Huntara pounded her mercilessly. Huntara had also reached her limit and drove as deeply as she could, releasing inside the hot womb. As Huntara's seed poured into her, waves of pleasure vibrated throughout Angella's body.

As she came down from the high of her fourth orgasm, Huntara released her grip and lowered the queen slowly to the ground. Angella was still reeling from the waves of orgasm as her body curled as best she could while bound and blind. As she waited to regain control of her body, Huntara took the time to remove her blindfold and her bindings. Finally, after a few minutes Angella had control of her body.

"That was the best sex I've ever had" Angella said breathlessly. Huntara smiled and responded with "I knew you'd like it once we got started." They both laughed.

Glimmer was coming down from her own orgasm as she said, "Yeah Mom, sorry If I scared you, but I'd knew you'd be too shy if I told you what our plans were."

Angella looked at her daughter mischievously. "Well, I hope you aren't done yet" she replied as she rolled onto her hands and knees, presenting her round firm ass to Huntara. The giantess crawled towards the queen pushing her large cock into the waiting hole.

The golden goddess got behind Glimmer and pressed her dildo against the entrance. Glimmer gasped as the golden dildo slid easily into her pussy.

Angella woke up in her bedchambers in Brightmoon Palace. It was late afternoon, or early evening, depending on how one looked at it. She wondered why she had such strange dreams last night. Did she dream them, or did they really happen? What caused those feelings of lust? Was it the wine or the atmosphere in the room?

Angella was about to lift herself into a sitting position when she felt a body next to her. It was Glimmer. At that she lifted the cover of her bed and found two more women lying on the bed with her, it was Huntara and Adora. She noticed that all of them were naked, including herself.

After a few moments of confusion as she stared at the naked women, she remembered how wild things got last night. All of them ended up having sex with each other until dawn. She remembered Huntara planting a seed inside her. She held her hands to her stomach. "I hope it holds; I would be thrilled to give Glimmer a new sister."

Glimmer stirred awake, opened one of her eyes and said in a low voice "How are you feeling?". Angella smiled, kissed her daughter in the forehead and said, "I feel better than I have in years, thank you."
