A Kitten By Comparison

by sultrysapphics (sappysapphics)

Summary

Adora and Catra are ready to take a step into trying something more sexually deprived than ever before, something that Catra has been waiting for with bated breath, and is more than she bargained for once it starts blowing out her back~

((Catra is a size queen and gets what's coming to her~))

Notes

Catradora in 2024?? YES!

I originally wanted to write this fic in June, because I still love these two and their dynamic, but things in life got in the way and my original draft was lost to time. That killed my energy to actually making this piece, losing about 2k words like that, but I am proud that I sat down, pushed through the feelings and just got this whole piece written and done.

I hope you enjoy, it's a kinky one for sure.

See the end of the work for more notes

“I don’t like that look on your face…” Catra groaned, rolling her eyes even as she arched her back to raise her ass. Lying on her front like this, with her body stripped and tail swinging high. “like you’re gonna get more out of this than I will…”

The sheets of the royal pair’s chambers in Brightmoon Castle rarely emerged from a night without being thoroughly desecrated and ruined, but both Adora and Catra knew that they would not be making it out of tonight in any reasonable condition. They would have to ask for another set.

An unknown perk of the pining after each other that the couple had spent much of their childhood into adulthood grappling with, was that now they were together, there was some extra spice in the bedroom that was hard to ignore in nearly all moments of their life. Every stare they shared held a little of that romantic beauty they cherished and the messy sexual need they desired~

Tonight was one that both had been looking forward to for a longggg time~

“Oh, honey~” Adora laughed, with a snort at the beginning, unable to suppress the goofiness one last time before slipping into the more assertive persona Catra loved so much in bed. “that’s the idea~”

A flash of golden light emanated from behind Catra, allowing the feline woman to only gulp in expectation and experience a sensual shiver from the roots of her hair to the base of her spine. Followed by a second jolt as two much bigger hands grabbed her thighs like chicken drumsticks being torn off the body to be chewed on and devoured. Catra was pulled back by only her thighs, and within a single touch, had turned soaking wet at her core.

“For me to use you like a sleeve on my cock~” She-Ra giggled, dressed in her full dress and armour as she let her cock slap itself down on Catra’s ass and slide back and forth between her cheeks.

“It’ll melt this mind of yours with pleasure, that’s the goal- but I’m the one really enjoying the show~”

The discovery that She-Ra could meld her weapon into a futa cock during her transformation was a shocking one for Catra, and one that had slowly made its way into their personal life. Discussions about gender and their future had naturally come along, fertility tests after that, and then a slowly mounting series of explorations with this new tool in their arsenal had begun.

Catra HAD taken it inside before… with some effort the first time and some slowly gathering ease the times after that, but it was never completely comfortable, and that was what Catra loved about it. It made her feel so small and breakable to be impaled on this length, only made into a heavenly sensation by knowing that it was her love wielding this weapon, someone she trusted absolutely. However, Catra had specifically requested for tonight… no more gentleness. Tonight, Catra wanted to be broken by it.

“What’s a poooor Horde soldier to do when the powerful She-Ra has her so defenceless~” Catra purred, her voice fluctuating as she wiggled her butt back into her lover's length. Pushing it up against She-Ra’s torso as her tail and butt moved like kites in the wind, back and forth, swaying fluidly. Catra smiled, folding her arms and resting her chin in them. Her eyes squinted as she looked forward, taking her last opportunity to get in some bratty backtalk~ “Won’t the mighty She-Ra please have mercy on this misguided little kitty~?”

“What’s the mighty She-Ra to do when a Horde soldier starts backing her bare ass up into her cock like a little slut~” She-Ra responded, rolling her eyes and growling a little as she roughly grabbed Catra by the air and lifted her torso as if she was made of paper to arch her back into a full bend and bring her lips to Catra’s feline ear to whisper the remainder of her statement. “why should I have mercy when I can just take what’s mine?”

“Be gentle, Princess~” Catra responded, drooling and licking her lips. “this isn’t how you treat prisoners~”

“Right you are-“ She-Ra responded, bringing her lips down to Catra’s neck and kissing it gently. “it’s how you treat property.”

In a single motion, She-Ra thrust her cock inside of Catra, pulling her hair, and biting down on her neck.

The sensations all hit Catra in a blur.

The feeling of having her most sensitive of spots, her private little pussy split open and mounted upon the proudest, roughest and biggest cock there ever was was one thing. The pulling of her proud mane of hair, a symbol of her pride and sanity, that she had accidentally shared was also a weak spot for Adora to use, was another. The biting into her neck, repaying what she had dealt to Adora so many times with a tinge of irony that spoked the fires of humiliation, was the nail in the coffin. Catra wailed, before being driven silent by the bombardments on her nervous system.

Catra’s body shook at the feeling of being filled and then erupted into fireworks of pleasure that suffused her entire being as she was stretched. The length of She-Ra’s cock filling her, and then starting to pump back and forth slowly was a sensation comparable to the euphoria of any sunrise or sunset. Being bombarded with light and love, and most importantly, lust. It flooded every corner of Catra’s mind like wine spilling from her lover, only for Catra to lick it off the floor for another sweet and tangy drop.

“O-oh fuck~” She-Ra swore, the ever-bright and pure princess being too defiled by this experience. She pushed Catra down by her hair to drive her face into their sheets, leaning her body over to well and truly eclipse her partner in size, crushing Catra between the bed and her boobs, as she pounded her slowly but forcefully.

“KAHHHH~ YUGH~ AUGH~” Catra moaned relentlessly, especially as She-Ra’s body fell on her like a weighted blanket. She was pinned between the bed that had become such a place of comfort for her to escape the horrors of the Freight Zone, and a machine

of pure womanhood on top of her, unleashing a hammer of pleasure that rocked the structure under them as if it was made from toothpicks. “GAH~ ADOR- KAH! ADORA~ DON’T FUCK ~AH~ ING STOP~”

"Catra!" She-Ra whimpered, the few notes of a moan making their way out of her mouth as her face clenched. The tight feeling of being inside of her partner while in this enlarged form was driving Adora wiled. So intense of a feeling that it made her hesitate for a moment, but hearing Catra's words of encouragement and enjoyment, she began once again to pound her way into and out of her smaller partner. Stuffing and slamming her into their bed with each thrust.

"YOU'RE GETTING BIGGER!!!" Catra yowled, her arms extending to scratch into their bed, fumbling for anything to hold onto that could possibly steady herself in this trying time and finding nothing. She just fumbled and flailed in place as the feminine amazon dominating her further crushed her beneath her weight and split her open with every thrust. Catra knew her fumbling was futile, that was exactly what was doing it for her in this experience. The futility of being something so much lesser, beneath her partner, who could conquer her this easily.

"You just feel so good! And I feel so... powerful!" She-Ra laughed, taking it in stride, being on Cloud Nine while Catra beneath her was tumbling through the phases of pleasure and pain she loved so much to be on the receiving end of. "Why are you struggling!" She-Ra remarked, the power immediately going to her head as she saw Catra scratching. "Bad kitty! No scratching! And certainly no escape!" She-Ra licked her lips, letting go of Catra's body completely, only to lean over her even more, grab each of her wrists and pin them down to the bed. She raised her hips in a higher arch and thrust downward HARD-

"MPHHHHH~" Catra muffled, biting down on a bunch of bedsheets hard, drool running from her mouth just as intensely as her jaw clenched. Her fangs punctured the sheets, but Catra continued to clench as her lover hammered her sex with

increasing wetness and hardness every moment. Catra was barely keeping her thoughts coherent with the pace as it was, and Adora was slowly speeding up. Yet... no safe word to speak of left Catra's mouth-

"You've always been a pillow princess, but I think this is a new low for you~" She-Ra whispered into Catra's ear affectionately, placing a kiss at the base of it as she smirked wider and wider. "now you're nothing but a cocksleeve for me~"

Catra's hands tensed even further, and let go of the sheets in her hands, even her scrambling coming to a close as She-Ra continued to fuck her harder and harder, her mind was going numb. The word 'cocksleeve' started to rattle around her head as her body untensed and just let the waves of pleasure tumble her cognition over and over again. She was putty and water, all thrown into a chaotic tumble that she could find no bearing. A ship capsizing over and over, a ruined thing breaking down in every dimension. Her deep bite into the sheets beneath her even went lax, as her mouth opened to let out a guttural moan, muffled in the sheets, and she could only drool with a slack jaw.

"A thoughtless little toy that I can wear on my cock~" She-Ra purred into Catra's ear, as started to rise from laying on top of Catra, to kneeling behind her, and then standing. She-Ra carried Catra with her as she moved, holding onto her wrists to slowly pull her arms behind her back, and eventually wear a suspended Catra fully impaled on her cock, kept upright by her arms being pulled behind her back. "a decoration~ a trophy~ let the troops of the Freight Zone that served beneath you see what happened to their leader~ domesticated and worn on my dick!"

"...imfpb-" Catra mumbled, her words collapsing part way through and just blowing out of her lips as meaningless vibrations. She felt weightless being carried this way, far from a burden, far from a pain. An instrument of pleasure carried around with the sole purpose of being used by her love... it felt like heaven. It felt like their first night together, it felt like their first date in Brightmoon eating in a clean cafe, it felt like the comfort after every night of

relieved trauma but this time she was overwhelmingly turned on and blasted with pleasure that her body was even sensitive to the evening air blowing through a window. Freedom like this was beyond her ability to comprehend before, but now... She-Ra could do this whenever she wanted... "m.....mm...." Catra mumbled, her body only able to do one thing. What it always did. Grin. A smile spread across her face that was every bit as mischievous as she had been as a tactician, that was every bit as pained as she had been when alone, that was every bit as happy as she was now she had fallen in love. Everything she was, in one smirking grin, and one last bit of energy to speak- "I'm not... domesticated..." Catra mumbled, before redirecting her remaining energy to brace for impact, knowing her partner would punish one final act of rebellion. Her tail batted at She-Ra's face, just about reaching her chin.

"Oh is that what you think? You don't think that the very fact that I can pick you up and manhandle you like this means that you're completely mine~?" She-Ra hummed, holding Catra like she weighed nothing, even as her body wriggled in place around the length inside of her.

"Prove~ it~" Catra panted, the cock inside of her feeling warmer and warmer as it kept her flexible body stretched. She was expecting the impact still, her body tensed and ready but it still wouldn't come. She was so close to going completely blank in her mind being thrown through orgasmic hell, but Adora wouldn't take that last step!

"How~?" She-Ra said, smirking even wider as she adjusted her grip on Catra's wrists and bounced her slightly in place. "How could I possibly do that, hmmm, let me think..."

"You could fuck me hard," Catra said, all whimsy vanishing from her tone as she smouldered, her consciousness coming back as she frowned deeply, staring away from Adora but trying to crane her neck to look back at her lover with a death stare at her antics. "Like I. Want. You. Too."

"Wait..." She-Ra faked a gasp, the look of shock on her face being so manufactured it may as well have been holographic. "you *want* me too? But you just said you aren't domesticated?"

"I WAS DIRTY TALKING! I WANT YOU TO FUCK ME ADORA!" Catra shook in place, trying to punch at the air in frustration as she lashed out in place, wiggling and tugging against Adora's immense strength. "I WANTED TO BE PUSHED DOWN AND FUCKED HARD! I WANTED TO BE BRATTY AND BE COY! I WANTED YOU TO PROVE IT BY FUCKING DESTROYING ME NOT GETTING INTO WORD GAMES! YOU GOOFBALL!"

"And I just wanted you to say it~" She-Ra giggled, adjusting her grip again before pulling her cock back and HAMMERING into Catra again.

"KAH!!!!!!" Catra yelped in the instant, after having pulled herself back up out of the depths of subspace, she was just as instantly sent hurtling back down into the familiar domain of punishment and pleasure. With a single thrust, all of Catra's energy spent in regaining her focus after a mind-blowing beginning was proven just as pointless as her words had been. Adora knew what she was doing, she knew Catra would get all worked up, just so she could hit her down again and reinforce that there was a reason Catra was the one being used like this, and it was because she liked the inferiority of being nothing but a toy or a pet on the lap of the strongest woman there ever was.

"I knew you'd have more fun if you started wriggling again~" She-Ra bellowed, pulling back for more powerful thrusts than before, putting the pendulum swing of her hips behind each impact that wetly clapped against Catra's ass. "and it's always nice to feel the moment that you stop, because you've consigned yourself to just shut up and take it~"

"I~ FUCKAHNG~ HATE- YOU-" Catra snarled, biting into her lip as her eyes rolled back again, shedding the heat from her heart through her skin as her tail was stiff in place from the constant

bombardment of her nervous system with the most electric delights. "AND THIS~ FAT AGH~SS COCK!"

"This mouth is a little too active for me." She-Ra noted with a wrinkle of her nose, as she tugged back one of Catra's arms to hold her up, and slid the other arm from her wrist, to grasp her throat gently. Aware that she could easily do serious damage, She-Ra applied the gentlest of pressure. Just enough to make Catra tighten around her and gasp for her, as her lust for breathplay was fulfilled as well.

She-Ra walked forward, the experience of walking and carrying a passenger relieving her of the need to thrust, as Catra bounced in place whispering and gasping as the body using her moved without her ability to control or prevent. She walked forward and hopped down off of the bed, resulting in a thrust that smashed into Catra's womb and temporarily knocked every bit of air from her lungs. She-Ra relieved her grip on the throat pressure wise, and kept it there to guide Catra as the guardian princess sat on the edge of their bed, allowing Catra to now be bounced on a length that was perfectly positioned to enter her at the angle She-Ra knew would drive her the wildest.

"You've always liked this angle, but you're not a fan of riding me on my back. So here- on my lap, and I've got you on all sides." She-Ra explained, cupping Catra's chin with the hand around her throat to raise it so that they could see eye to eye. Turning Catra's head to be looking upside down at her owner above her. "Meow for a kiss~"

"Mew~" Catra whispered, partially because of how out of breath she felt, and partly out of feebleness. She stared at her lover with wide open, diluted and vulnerable eyes. Taking in her lover's face was like staring at a goddess, that she was ready to serve with all her might. Catra puckered her lips weakly, eyes gently shutting.

"Good kitty~" She-Ra encouraged with a pleasant smile, as she leaned down to reciprocate the kiss and started to thrust into Catra from beneath, bucking her hips up to put effort into giving

Catra the best possible night that she could. Catra's cheeks puffed up and eyes went wide, but before a noise could emerge, her tongue had surrendered to She-Ra's, and she was simply putty in her impossibly mighty hands.

She-Ra's other hand had slid around to begin flicking her finger at Catra's nipples, so both of Catra's arms had been freed to enact the feeblest action she could.

She draped them up around the back of She-Ra's neck in order to pathetically try and lift herself up on her partner's body, just to begin riding her lap. While a sweet gesture, trying to contribute to this act of lovemaking, the package inside of Catra was big enough that she would only manage to get a third of it out before losing strength in her arms and dropping back down again. This was pleasurable of course, but given how hard Adora was hitting her with each thrust, it was a motion that was almost entirely futile.

And that was exactly why Catra was committing to it. Each time she raised herself with all the remaining strength in her arms, feeling how tense the muscles in them already were, and then feeling them fail only 1/3rd of the way off of Adora's length that bulged her stomach... Catra was reminded of just how stuck she was, and what the consequence for attempted escape would be. Like an object held in place by a pole in the centre, unable to move because of its grounding, Catra couldn't flee, because she wasn't strong enough in the moment to hoist herself off the stabilising pole inside of her.

She-Ra may have noticed this, but she didn't comment upon it, her mouth too mixed up with Catras in a prolonged oral domination that may have lasted a whole lifetime. The two sunk into each other like halves of a greater whole, the contours of their bodies slotting together like a destined duo. They shared air as effortlessly as they shared words, bodies rising and falling, pushing and pulling like nothing could now bring them apart.

"I love you so much~" Adora said, with the softest voice she could for someone currently in a state of deep and unavoidable arousal. She pulled back from the kiss to place a big smooch on Catra's neck, and begin to thrust again. Feeling her lover's body stiffen and then relaxed, submitting to the pleasure after the shock subsided.

"I love you toMPH-" Catra responded, eyes fluttering as her thoughts fled through her ears, chased away by the demons of domination and desire. Her reply to her lover's honied words was interrupted by She-Ra resuming their makeout session and using her arm to hold Catra's breast and play with her nipple, to pull Catra even closer against her body as she fucked her. "mmmm~"

"My Princess~" She-Ra teased, pulling back from the kiss again with a smirk, throwing the nickname back at Catra to turn her cheeks dark, before diving back into another kiss. Her upward thrusts grew faster and more directed, making Catra bounce in her lap, being pulled even more into the arch created by She-Ra's body that the smaller and flexible Catra was being slotted into. A place where she could be smothered and pleasured hopelessly and constantly. A place Catra never wanted to leave.

"Prrrrrbbbrrrrrrbbb~" Catra purred, unable to speak any longer, her eyes rolled back in her head and then closed. Submitting completely and totally to the domination of her lover, and letting herself be drawn to the sweet, kind, and enthusiastic sexual paradise they created.

The brutal fucking of her girlfriend's cock evicted her from her own mind, and pulled her into Adora's world, where this would last, forever.

End Notes

Hope you enjoyed ;)

I had a lot of fun writing this one, and though it's not the most in-depth fic I've ever written, I really enjoyed the process of writing and editing it. I love these two and I'm glad that they get to live out their canon relationship with all the love they have earned, and in the world of fandom, they get to fall even deeper in love with each other.

-and fuck each other in extremely kinky ways, because c'mon you know that the moment they realise what kink is, THESE TWO are a 1000% getting freaky.
