The Miracle of the Detachable Shower Head

by queenmillicentofbystander

Summary

A bonus scene from Chapter 6 of my fic "Lips of an Angel." Exactly what it says on the box - Catradora have sex in the shower.

Can't be sure how easy it is to follow without having read the main fic, but if you're in a smutty mood give it a chance.

Notes

I can't promise there will be more of these. We're coming close to the end of the fic and there is only so much time to bone with plot happening. But I thought you all might enjoy this. And I've been told that these little looks into Catra's head are very informative and potentially worth while.

And Res, you have been so busy lately with work and life and everything, but you still manage to squeeze in me and all my neurotic little pleadings for approval. So, thank you. This is for your patience and friendship. (Also, I showed you maybe one paragraph from this scene so it'll be fun for you to be ALMOST entirely surprised.)

Enjoy!

See the end of the work for more notes

Catra doesn't know how long she's been staring, but it's probably been too long. Though, she's not sure what else she's supposed to do. Look away?

Adora Grayskull is standing in her shower, completely naked, with water running in little rivulets over the curves of her body. This is something rare and beautiful and important. This moment should be captured and hung in the Louvre. Who else gets to see this? Who else gets to watch as Adora Grayskull rinses the conditioner from her hair and brushes the water away from her eyes?

Huntara Davis, that's who.

Catra can't help the frown that takes over her mouth.

Huntara probably watches this every morning they're together. And Huntara probably has a bigger, better shower with one of those tile benches and the rain thing and she probably sits Adora down on the bench and… and… Catra doesn't want to finish the thought.

Adora turns her head, smiling when she sees Catra. She reaches for the shower door and pushes it open.

"You coming?" she asks, and Catra can feel Adora's gaze rake over her naked body.

Catra resists the urge to bite her lip. In the second she waits, Adora holds out her hand.

It's like she's saying something with that outstretched arm - like she's *reaching* for Catra. Not just literally. It's like she's asking for her and saying, "trust me."

Or Catra is reading way too much into a mundane physical gesture. Slowly, Catra raises her own hand and takes Adora's.

Adora's smile is blinding. She pulls gently on Catra's arm and leads her into the shower.

The moment the water hits Catra's skin she yelps. "Jesus, Adora! It's freezing!"

Adora laughs, wrapping her wet arms around Catra's torso and shifting so her body blocks Catra from the spray. "It's better for your skin if it's a little cold."

Catra scoffs, reaching around Adora to turn the dial. "Yeah, well, it's better for my mood if it's warm."

Adora tightens her embrace and rubs the tip of her nose over Catra's temple. "I can keep you warm."

Catra almost laughs and drags her hand down Adora's bicep. "Not covered in cold water you can't."

Adora's nose brushes over Catra's cheek bone, and her hands descend Catra's back. "You sure about that?"

Catra shivers as Adora lips graze hers. "Yeah. See? I'm shivering. Cold."

An unwilling smile blooms on Adora's face. "You're such a brat."

If anyone else had said it, Catra's aching heart would've crumpled at those words. Her mother used to call her a brat. And when her mother said it she meant that Catra was rude, spiteful, and unmotivated. She meant Catra was worthless. But Adora doesn't mean that, and Catra can hear the warmth she imbues in the word.

Adora likes the parts of Catra that are stubborn and snippy. Adora likes that Catra doesn't just give her what she wants.

And Catra hopes that she still likes that tomorrow, and all the days after.

"If you wanna take a cold shower by yourself, be my guest!" Catra quips, sly grin on her face. "I'll go find some other hot blonde to help me."

She makes a half assed attempt to turn in Adora's embrace, but is very easily halted when Adora's arms tighten their hold.

"Uh uh. You're staying right here."

Catra snickers, but leans into the embrace. She buries her head into the crook of Adora's neck and for a moment they just stand in the cleansing homegrown rain, holding onto one another like… like…

Like lovers.

Catra hasn't used that word before, not to describe a partner. She's never even let herself think it. She too clearly remembers how her mother would wield it as a weapon - demonizing her father for his "lovers," most of whom were women Catra never knew but who her mother would insist were the end of her parents' marriage. By the time Catra was a teenager she knew better - her dad cheated, yes, but he was ready to end his marriage before that. He was simply looking for a reason - a way to make her mother let go. But when Catra was five? When she was small and feeling feelings bigger than her body, full of misplaced anger and fear because she never saw her Papa anymore, she decided there was nothing worse someone could be, nothing worse you could have, than a "lover."

But standing here, holding onto the most magical person she had ever met, Catra is reminded of the day her stepmother told her that a "lover" is, simply, someone who loves.

"You are a lover, Catra. And you will love so many people who don't deserve it… But someday you will meet someone who does. Someone who loves you with their whole heart and who deserves to be loved by you. You will find your own lover."

Catra takes a slow and steady breath.

Is that you, Adora? Are you my lover?

So softly Catra wonders if she will even feel it, Catra places a kiss on Adora's neck. She expects that, if she does feel it, Adora will make a sound, or even move her hands lower.

And she's almost right. Adora hums happily, but rather than pull her closer or drag her hands down Catra's waiting thighs, Adora places her hands on both sides of Catra's waist and pulls away.

Catra's stomach drops.

But when she looks up Adora is smiling at her softly. She brushes a strand of hair out of Catra's eyes and kisses her gently on the nose. She holds her hand under the stream of water and bites her lower lip. "It's warm now.

Catra sighs. Right. She has to *actually* shower. She wrinkles her nose and steps around Adora, only flinching a little bit when the relatively warm water hits her shoulder.

Before she can take another step, Adora wraps a hand around her arm. Gently, guiding rather than dragging, Adora centers Catra under the stream with back to the faucet.

Catra shudders a little as the water starts to soak through her thick wavy curls, and Adora chuckles.

"Hmm," Adora murmurs, dragging her hands up Catra's arms and brushing the hair off her shoulders, "I love your hair."

Catra rolls her eyes, but when Adora gently grabs her chin and tips her head back, she does as she's told. "It's impossible."

"It's beautiful."

"It's difficult."

"It's…" for a second Adora's brow is furrowed, but soon she's smiling gently and looking at Catra like she's something worth looking at. "It's *you.* "

Catra's jaw falls open with a squeak of distress. "Are you saying I'm difficult?"

Adora's smile doesn't falter. "Mhmm. And impossible." She reaches behind Catra's head and gathers all her hair up between her hands. "And—" she leans in, holding her mouth a heavy exhale away from Catra's, "beautiful."

Catra's eyes flutter shut as Adora leans into her, their lips locking together, and their bodies flush. Catra loves how this feels. She's never been a fan of water, or showers for that matter, but she gets the hype when Adora's wet body slides against hers. When the warm water washes down on her while Adora is biting her lip and holding her face.

Adora breaks their kiss with a final peck on her upper lip, but Catra doesn't realize she's wrapped her arms around Adora's waist until she tries to pull away.

A strangled whine shudders out of Catra's throat, and before she can be horrified, Adora smiles at her sweetly and squeezes her hip.

"I promised I'd wash your hair baby," she whispers, before pulling away again, but not far, to grab a bottle of shampoo off the little built in shower shelf. She watches Catra carefully as she pours some into her hand, and she she steps close enough again, Catra grabs at her waist.

Adora snickers, rubbing the shampoo between two hands. "You're so cute when you do that."

Catra narrows her eyes as Adora lifts her hands and buries her fingers in thick hair on Catra's scalp. "I'm not cute."

Adora shakes her head a little, smile warm and sweet enough to make Catra's teeth sting. "You are." Adora pulls her fingers through the ends of Catra's hair and they get just tangled enough in the waves to make her scalp ache deliciously. "But you're also incredibly hot."

Catra grins. “Oh, really?”

Adora hums in the affirmative. She returns to massaging Catra’s scalp but bends down just enough to press a hot, open mouthed kiss on Catra’s neck. “Especially like this.”

Catra bites back a groan as Adora pulls her skin between her teeth. She gets it, honestly. The way Adora looks dripping wet and naked is singular. She’s so open and exposed, but also strong and sexy. But she can’t relent. If it weren’t for Adora’s hands, mouth, and blistering stare, she’d, honest to god, feel like a drowned cat. And drowned cats aren’t sexy. “Oh, so you hate me?”

Adora snickers against Catra’s neck, and her next words are whispered into the skin just below Catra’s jaw. “No, I just like seeing you… petulant.”

Catra gasps, but Adora goes on. “When we’re out there, you’re so put together. You’re so smart and beautiful and collected. You’re so… unbothered. And when you’re not,” Adora’s mouth slides down Catra’s neck to her collarbone as Adora continues her musings, “when you’re silly, or ruffled, or… dumb? It’s an act.”

Catra shivers and Adora presses a kiss to Catra’s breastbone. “Is it?”

Adora nods, pulling back, her smile warm and sad. “You’ve never been helpless, Catra. But you have been lonely.”

Catra stiffens a bit, but Adora reaches up and cups her jaw. And when Adora’s hands push her head this way or that, she obeys.

“What does this have to do with me being petulant?” Catra sighs, the soapy water rushing down her back as they rinse her hair.

Adora doesn’t respond right away, holding Catra’s jaw in place for several seconds to rinse the last little bit of shampoo out and down the drain. But when the water runs clear, she tips Catra’s jaw down and puts her thumb on the end of her chin. “You’re a performer, Catra. And you’re always putting on a show. But when

it’s just us,” Adora leans in, moving her thumb over Catra’s bottom lip, “the act gets washed away. And I get to look at all of you, not just the parts you want me to see.”

Catra wants to make fun of Adora for the very obvious water/shower pun, but she can’t bring herself to. Instead she counts her own heartbeats and Adora reaches to kiss her gently on the forehead.

“ *... not just the parts you want me to see.* ”

There are so many parts of herself that Catra doesn’t want Adora to see - that she doesn’t want anyone to see. There are parts that are caved in and condemned, some that have gathered dust and others that are worn down and gutted to the studs and grain. There are rooms that look like a tornado tore through, and others with skeletons in the closet. But the worst are the places where the walls have started to rot, where mold grows and it smells sickly sweet and wet. The places that couldn’t be saved from the floods of hurt and grief and anguish she’s weathered throughout all her seasons.

The worst of Catra is the stuff that never really recovered. The stuff she hastily covered in cheap paint, gauche wallpaper, and poorly laid linoleum before she locked it all behind heavy doors.

But Adora has a key and a keen eye. Because Adora’s actually looking at her, and she likes what she sees.

Or that’s what she keeps saying.

But the Huntara Davis shaped shadow that follows at her heels would say different.

Catra fights her composure as a single tear trickles out of her eye. “Hypocrite,” she mutters, but not spitefully, not with any venom.

Adora scoffs quietly, and the sound is full of mirth. “I don’t know what you’re talking about.”

Catra opens her eyes to see the gray blue of a hot desert sky staring back at her. “Okay, sweetheart,” Catra smirks gently, “go ahead and pretend. But I know you’re more than they think you are.”

Adora’s brow arches and she reaches out for a second bottle - this one conditioner. She studies Catra out of the corner of her eye, rubbing the thick cream on both her hands and between her fingers. When she reaches for Catra again, taking her hair up in her hands and dragging her fingers through it, she holds Catra’s gaze.

“What am I?” she breathes, and there’s something vulnerable in her voice. Something desperate that wants to be known - just like that something deep in Catra.

She collects a fistful of Catra’s hair in her hand.“Who am I, baby?”

Catra hums, and Adora cups her jaw again. She tilts her head as Adora prompts her and considers her answer.

“You… you’re not…” the words feel jumbled in her chest. How is she supposed to explain to Adora who she is without revealing how much she is loved?

Adora brushes the last of the conditioner from her hair with her wet fingers and releases Catra’s chin. But as Catra’s eyes flutter open she grabs Adora’s hand. “You’re everything.”

Catra can see the way Adora’s jaw becomes taught, some emotion pulling at her, so she goes on.

“You’re beautiful, and brilliant, and talented, and so… kind.” She lifts Adora’s hand to her mouth and presses a kiss to her knuckles. “But everybody knows that…”

Adora’s voice is breathless. “Is there something they *don’t* know?”

Catra nods and her lips brush over Adora’s fingers. “I think I’m one of the only people who know.”

There’s a weighted pause as Catra opens Adora’s hand and kisses her palm.

“What do you know, Catra.”

Catra let out a gentle sigh against Adora’s palm before turning the hand and cupping her own cheek with it. “I know you’re not their perfect good girl.”

Adora’s breath catches.

Catra pulls gently on Adora’s arm, bringing her closer. “I know you’re ambitious, and anxious, and that you get mad. I know you’re a dedicated perfectionist and you fuck like a god.” Catra smiles a little, turning her head just enough to “kiss” Adora’s hand. “You curse, and your insatiable, and possesive, and so fucking hot it makes me almost angry. You’re messy, and you’re too big to fit in their box. But you’re still perfect. Just like this.”

Catra opens her eyes, and the blue iron that greets her is hot.

“My perfect, pretty girl.”

Adora swallows. “Say it again.”

Catra reaches up, wrapping her hands around the back of Adora’s neck. “You’re my perfect, pretty girl.”

For a second Catra thinks Adora’s going to kiss her. And god, she wants to kiss her. But Adora is a master of restraint. Which, Catra assumes, is what happens after ten years of PR training and constant public scrutiny.

Adora moves her hand, dragging it over Catra’s shoulder and down her back. Her hand stops right at the curve of Catra’s ass, and her nails dig into the flesh.

She leans forward, her mouth at Catra’s ear while her other hand holds her by the waist. “Back against the wall.”

Catra bites her lip and, as Adora moves to pull away, tangles her fingers in her wet hair. “Wait.”

Adora halts, and she starts to rub circles into Catra’s skin with the tips of her fingers. “What’s wrong?”

“Nothing,” Catra breathes, but her hold doesn’t relent. “I just… kiss me?”

Catra can feel Adora’s mouth pull into a smile against her cheek. “Okay.”

When they’re lips slot together Catra feels like she’s staring into the sun. It burns behind her eyelids and she knows she should look away. But she’s not going to. She’d rather live with dark spots in her vision forever than lose sight of the sun.

As they kiss, Adora turns, gently moving Catra so that her back is to the wall. Just like Adora asked her to be.

Surprisingly, it’s Catra that breaks the kiss. She digs her nails into Adora’s scalp and whines when her lips fall to her neck.

She wants to say more, try and explain to Adora just how much she means to her. Those three little words are right at the tip of her tongue, heavy enough to push against her teeth.

But she catches a glimpse of her shadow in the back of her mind and her lips seal shut.

Until they’re ripped apart by a moan.

Adora’s hand digs into the flesh of Catra’s ass and her mouth suckles on Catra’s pulse.

Catra’s veins fill with butterflies. She grips Adora tight, one hand holding her to her neck and the other’s claws buried in the skin between her shoulder blades.

“Mm,” she sighs. “Fuck me, daddy.”

But Adora, instead of sliding her hand or even her thigh, between Catra's legs, pulls away. Catra very nearly whines in protest. Adora closes her eyes and swallows.

"We're not done," she sighs, brushing Catra's hair off her shoulder.

Catra frowns, feeling petulant. "Seriously? Just—" she groans and Adora reaches for the hook in the corner of the shower that Catra's loofa hangs from. "Look, loofa foreplay is fun but I'm good to go and we can—" Catra cuts herself off. Adora isn't listening. Or, she is, but she's not changing her mind.

She rubs the body wash, that she just poured, into the loofa, and she smirks at Catra. "Just stand still for me, baby."

Catra's frustrated groan very quickly slips into a wanton moan as Adora places the loofa on her chest. Slowly, she drags the suds over one breast, circling, and the edges of the bundle of mesh tickle at Catra's nipple. She arches into the touch, and Adora moves slowly across to the other side.

She continues like this, gently dragging the loofa over every square inch of Catra's body - first the front - Catra's collarbone, the tops of her thighs, the crook of her arm - and then the back - the small of her back, the bend of her knee, the nape of her neck. Catra's cheek rests against the cool tile, and her breath comes hard and heavy as Adora rubs circles into the space between her shoulder blades.

"Are you done yet?"

Adora snickers, lowering the loofa and placing her hand possessively on Catra's waist. "Almost. I just need to rinse you off."

"I think you mean, 'get me off,'" Catra bites her lower lip. She can sense Adora behind her. She just wants her closer. She wants to touch her, feel her, and she wants to be held by her. "Common mistake."

Adora laughs, but this time it's almost a giggle. "How about…" Catra hears a soft click behind her, "both?"

The spray of water moves. Once completely blocked by Adora's body, it now thrums against Catra's skin directly, right on the back of her leg.

"Hmm…" the pressure of the water changes with a tiny click, just a little more intense. "Turn around."

Catra does exactly as she's told, and she is rewarded with Adora's self-satisfied smirk and glistening, wet, bare body.

"Good girl," Adora whispers, stepping closer to Catra in the limited space and lifting the showerhead to Catra's collarbone.

Catra shivers under the direct stream of water, though it's warm and welcoming. Adora slowly moves the steady stream of water across Catra's collarbone tracing the freshly washed path with the tips of her fingers. "So good for me," Adora breathes, lowering her head and placing her lips on the wet skin, sucking lightly, and nipping before dragging her lips farther along Catra's body.

She does this over what feels like every bit of bare skin, leaving soft little red welts along Catra's shoulder, hips, and wrists.

And Catra's cunt *aches* .

Adora places her lips just above her pubic bone, whispering something against the skin, and Catra bites her lower lip hard. "Please, daddy," she whines. "Touch me. I need you."

Adora rises from her crouch, and the kiss she leaves behind tingles like a sunburn. "You have me," Adora smiles, kissing Catra softly on the mouth.

And Catra is down so bad, is so fucking stupid for this girl, that she can barely breathe when Adora puts a hand on her shoulder and breaks their kiss to rasp commands against her mouth. "Turn around."

There is a part of Catra that groans and asks " *Again* ?" But that part is quiet now.

Adora peppers her neck in kisses as Catra presses her front to the tile. "Good girl," Adora sighs.

"Your good girl," Catra whispers, and the water brushes across her back, followed shortly by a kiss and a nip between her shoulder blades.

"My good girl."

It doesn't take as long to wash her back, the grace of the way water runs, and when the shower head is lowered and Catra is sure the last of the suds are gone, she moves to turn and beg Adora to take her.

But, before she can push away from the wall, Adora is pressed flush against her back, and the water splashes against her thigh.

"Catra," Adora starts, her voice in a register that doesn't quite fit with the hot, clinging, and domineering hand at Catra's waist, "what's your safeword?"

Catra's heart leaps in her throat. "Fumble."

Adora sighs against Catra's neck and the shower head clicks as the setting is adjusted. "And to slow down?"

"Holding," she says, the water that beats her leg becoming more focused and pressurized. She knows this setting. Her pussy throbs. It knows this setting too.

Absent-mindedly, Catra pushes back into Adora. "Please, daddy. I need you."

Adora kisses Catra right at the crook of her neck. "I've got you, baby."

Unrushed but with purpose, Adora's hand moves from Catra’s waist to press flat against the base of her stomach. She digs her blunt nails into the skin and pulls Catra right up against her. With a tug, she guides Catra through a turn, and now it’s Adora’s back pressed to the wall. And Catra is held hostage by her arm.

Adora lowers her mouth to Catra’s ear, lips grazing the shell. “What do you want, baby?”

Catra’s head falls back against Adora’s shoulder. “You.”

Adora lowers her hand, pushing down Catra’s torso before cupping the space between her legs. “Whose are you, baby?”

Catra turns her head into Adora’s neck as Adora pushes a deliciously long finger through her folds. “Yours!”

Adora places a kiss just below her ear, and Catra can feel the smile against her skin. “Good girl.”

Adora brushes her clit with the tip of her finger and Catra moans.

“Do that again.”

Catra knows she can’t replicate that sound, not on purpose. But she also knows Adora can drag it out of her with just one hand.

Catra’s clit is brushed again, and she moans louder.

Adora presses her mouth to Catra’s ear and even the sound of her breathing tightens the coil in Catra’s groin. “I—” Adora’s voice catches in her throat. “You look so good like this. You look so good, desperate and begging and,” Adora slides another finger through Catra’s folds, spreading them apart, “wet.”

“Mmm,” Catra bites her lip and turns her head so her lips brush against Adora’s throat. “Daddy, please.” She bucks her hips. “I need…”

“What do you need, baby?” Adora lowers her head and her lips brush Catra’s nose. “I’ll give you whatever you need.”

Catra gasps into Adora’s mouth. “Take me.”

Adora smiles against Catra’s shaking lips. “Gladly.”

She spreads Catra’s folds and, with a slow sweeping motion, moves the showerhead and it’s pulsing rain up and down Catra’s thigh. Catra can almost picture the little wind-up handle that must be sticking out of her center as every brush of the water tightens the coil at her core.

She’s going to implode.

Suddenly, forcefully, tenderly, Adora kisses Catra square on the mouth.

And shifts the angle of the showerhead.

Catra nearly screams, and she bites down hard on Adora’s lip. But Adora doesn’t seem to mind. She just groans and kisses Catra harder. Catra lifts an arm and weaves her fingers through Adora’s wet hair, holding her close. She wants Adora to swallow every gasp and moan and whine. When she mewls she wants it to be directly into Adora’s mouth and for Adora to feel her body shake.

The jet of water that was assaulting Catra’s clit slides down her core. And beats against the edge of her entrance. “Ah! Adora!”

“It’s okay, baby. I’ve got you.” The stream moves again, a slow but steady pattern evolving. Clit, down, entrance, up. Catra’s head grows fuzzy as Adora wrist twists and moves the water over her most sensitive places. Places she painted over and locked up.

But Adora has a key and a keen eye.

Catra rolls her hips, helping Adora guide the water, but she needs… more. She needs more pressure and she needs it focused. She can’t go back and forth forever. She has to decide.

Actually, she needs Adora to decide.

Adora huffs against her lips. “How do you want to finish, baby?”

Catra whimpers. She can’t think. Everything is hazy and glowing. But she aches. She needs to be filled.

“Fi—fing—” Catra can’t even finish the word. She leans back into Adora and weakly grabs at Adora’s wrist.

She gets the message.

Without any ceremony whatsoever, Adora drops the showerhead. It clatters to the floor and somewhere in the back of her mind Catra hopes it isn’t broken. Until Adora’s second set of fingers are sliding through the wet heat of her core. Now she can’t think of anything but the way her skin burns and her pussy throbs.

“Adora,” she mewls, thrusting her hips. *Touch me* , she wants to beg. *Fuck me. Make me yours.*

“It’s okay, baby,” Adora quietly moans, circling Catra’s entrance. “I’ve got you.”

The sound Catra makes as Adora presses two fingers into her aching cunt is obscene. And it only gets worse as Adora drags her fingers out, curling them just so. A chorus of “fuck,” “daddy,” and whines punctuate every stroke. The hand Catra has in Adora’s hair has her cornsilk strands in a death grip.

“Please, ahh, daddy, I—fuck I—”

Adora moves one finger to roll over Catra’s clit, and turns her head to breathe in her ear. “You look so good when you come, baby. Will you come for me?”

“A—adora…”

“Catra,” her voice is firm but oh so sweet. “I need you to come for me. I want to watch. Please, be good for me, baby. Come.”

And she does, crying out her lover's name like a prayer.

For several seconds, Catra is completely disoriented. She feels the weak but thick tremors echoing in her pussy, and Adora's strong arms wrapped around her body, holding her up. But she swears her lips are numb and that there are a few stray tears mixing with the wannabe raindrops on her cheek.

"Fuck," she breathes.

Adora chuckles quietly. "Not wow?"

Catra huffs, turning to scowl playfully at her lover. She almost smiles when she sees that she never let go of Adora's hair. "Your praise kink is showing."

Adora laughs louder, standing up a little straighter and adjusting her hold on Catra. "I don't have a praise kink."

Catra scoffs and Adora elbows the door to the shower open, slowly leading her through. Apparently she already turned off the water. "I'm sorry, but the biggest popstar in the world can't *not* have a praise kink. It's impossible."

Adora rolls her eyes, helping Catra lean up against the counter. "It's not, because I don't have one."

Catra narrows her eyes as Adora pulls away slower, her hands brushing hot trails into Catra's skin. "Just because no one's ever called you 'good girl' in the bedroom doesn't mean you don't want them too, Princess."

A sly grin grows on Catra's face as Adora returns to her side with a fluffy blue towel and pink cheeks.

"Well," Adora holds her hand out to Catra, who takes it and stands straight, "if they did it wouldn't be a big deal." She wraps the towel around Catra's body, tucking the end in to keep it from falling.

“Hmm,” Catra sighs, lifting her hand and placing it on Adora’s bicep. “What if I tried something different?”

Adora closes her eyes and Catra wonders how this girl has managed to convince the whole world that she’s not… her. “Catra, we have to get ready.”

Catra bites her lower lips, remembering what Adora said about her petulance. “Just…” Catra lifts her arms, wrapping them around Adora’s neck. She leans in and kisses the corner of Adora’s mouth. “five minutes?”

Adora lets out a sound somewhere between a sigh and a whimper. “What do you need five minutes for?”

Catra grins, dragging one hand down and palming Adora’s chest. “To prove a point.”

Adora moans just a little as Catra pinches her nipple. “You just wanna play with my tits.”

Catra scoffs, pulling her hand from Adora’s chest. “I mean, If you don’t want—“

Adora grabs her by the wrist and leads her hand back to her chest. Catra snickers and Adora sighs. “What were you saying?”

Catra moves her mouth to kiss Adora properly, and when she pulls back, Adora’s mouth chases after her. “I was saying…” Catra brushes her nails over Adora’s scalp and pulls lightly on Adora’s hair, “that you fuck me so good, daddy.”

Adora’s moan tingles in Catra’s stomach.

“You’re so pretty,” Catra almost whines. Her voice has shifted a little, and it’s a little sweeter and needier. It sounds like she feels when Adora kisses her. “My pretty girl…”

A tight sound slips from Adora’s throat and she pushes Catra up against the counter. “Baby—“

Catra silences her with a quick kiss. “Adora,” she whispers, “you’re so good. You touch me just right. No one fucks me like you, daddy.” She tugs on Adora’s hair. “You’re so pretty. I want you. I always want you.”

Adora whines in the back of her throat, and rips Catra’s towel off. She wraps her hands around Catra’s thighs, lifting her up and setting her on the counter. Her mouth is insistent, burning and hungry against Catra’s.

And it’s so good, it’s so hot and desperate and fucking delicious that Catra almost lets it go on.

But they do have to get ready.

She breaks away from the kiss and places a flat palm on Adora’s chest. “Hey, hey…” Adora settles, as though all it takes to tame her is Catra’s touch, “our five minutes are up.”

Adora’s lower lip juts out in a tiny, delicate pout. “Oh…”

Catra smiles gently, leaning in and kissing Adora once on the forehead. “But, I think that proves it. You have a praise kink.”

Adora’s entire body stiffens under Catra’s hands. “So…” she bites her lip hard and Catra resists the urge to pull the poor, abused lip with her thumb, “you were just saying that stuff to get a rise out of me…”

Catra’s heart aches. She reaches out and cups Adora face in her hands. “No.”

Adora relaxes underneath her hands. “Oh.”

“What part of fuck like a god did you not get, sweetheart?” Catra asks, pulling Adora just a bit closer.

Adora smiles a little, knowing. “You also called me pretty.”

Catra rolls her eyes but can't fight the grin she feels growing on her mouth. "I've been calling you pretty since day one. Did you really forget that, princess?" She taps her finger to Adora's nose and Adora's smile grows.

"No… but I like to hear it…"

"Yeah. Praise kink."

Adora laughs and leans into Catra. She buries her face in the crook of Catra's neck and breathes open mouth against her clavicle. "I think it's a Catra kink."

Catra sighs happily, wrapping her arms around Adora's shoulders. A *Catra* kink…? Maybe this is real. Maybe Adora does want her. And maybe… this time Catra won't drive her away.

"Makes sense. I'm hot as hell."

Adora laughs and it rumbles through their joined bodies. She tries to pull back but Catra's grip doesn't give.

"Just a second longer," she murmurs, breathing in the scents of the shampoo and conditioner Adora keeps at her house. "You smell good."

Adora chuckles and returns the tight embrace. "You do too."

And, for some reason that Catra cannot and will never be able to comprehend, in those three words she hears something very different. Something bigger, bolder, and beautiful. Something like —like—

She loosens her grasp and lets Adora pull away. No… Adora isn't saying that. Adora wouldn't.

But the blue rusting iron eyes that meet hers with a timid and raging warmth, make her think "maybe."

Maybe this time… her love will come back. Maybe she’s found her lover.

End Notes

Let me know what you think. It was a struggle to get this one out for a while - I was kinda blocked and also my cat likes to sit on my lap while I write. And I'm sure you can figure out why that might be an issue. But I had to write it. You've all be soooo supportive of this fic (especially you Resmond), a fic I was CERTAIN no one would read, and you deserve a treat.
