Muffing Time

by Dori_Le_Fishy

Summary

"Hey, Adora," That smirk never fails during Catra's greeting.

With an amused chuckle, Adora grinned, "Hey Catra."

"I have a proposition I wanna make to you."

"Oh? How intriguing. For what proposition do you speak of?" Despite the teasing, it was openly exciting to hear. Trying something different or just changing a few variables of what they've already liked excited Adora. Just doing these things with her.

Catra played along, resuming their mini game, "Well, since you so kindly asked," Catra slowly leaned up, getting close enough to brush Adora's nose. Both gleefully narrowed their eyes before Catra raised a brow, "You wanna get muffed?"

This fic took a bit to finish but am honestly glad it's done and hope Azulina98 and everyone enjoys the piece. I won't hold you too long and enjoy!

See the end of the work for more notes

Two hours into the work morning before a notification on Adora's phone shows up. She faintly heard the sound while working on one of the recent file cases reporting about a customer. Something about the customer's dissatisfaction on their raised price for fixing their devices, despite their additional request diverging from the standard. It cost their crew to find parts that the company didn't provide at the time, and unnecessary accessories that could've been personally bought. Nevertheless, it gave Adora *a* job.

It wasn't too long before another notification caught Adora's attention. She was almost done with her file so she could brush it off as a mini break if someone asked.

Adora reached for her phone out of her bag, receiving another ping from her phone. She almost sighed before realizing who was sending the messages, smiling at her phone as she leaned back in her chair, covering her lips with a loose fist.

She opens her messages, all sent from Catra, seeing a text message and two short voice messages, *'Here's a little preview for you <3'*. Hearing those would be a death sentence, especially today. She was already excited as it is and even mentioning about their evening plan before she left for work almost had her bothered for most of the morning. Good to know that Catra was just as excited.

Checking around to make sure the coast was clear, Adora turned down her volume and pressed play on the first voice message, quickly pressing her phone against her ear,

"Hey Adora, bet you're doing fine at work,"

There were a few shuffling sounds before hearing Catra sigh, *"I've been missing you. Thinking about you. I wish you were home right now… Ugh, so bored."*

Adora didn't hear anything for a moment, checking her phone to make sure it was still playing. That was before briefly hearing the

audio again, and pressed her speaker against her ear again,

"Still thinking about you, thinking about fucking you… Mm, and the sounds you make," Another sound of ruffling occurred, then the sound of their bed creaking. Hearing Catra's sigh was followed shortly by light groans, *"Oh…oh god."*

The voice message ends and Adora's face could've been sunburnt for all they know.

Adora checked around her cubicle again. No one seemed to notice and the only person she made eye contact with, she simply waved and smiled before facing her computer. She kept debating on trying to listen to the next message now at her desk or in the restroom cause this wasn't going to slide. She would be killed on the spot because of her girlfriend, and she wasn't even near here!

After considering some thought, and glancing at the restrooms every two minutes, Adora makes her way to the restroom without sparing a single glance. No one else spared a look either as she goes through the door and lets out a quiet, victorious, "Yes," before going to one of the many empty stalls to hear the second recording.

Nothing was being said for a while, in fact she barely heard anything before the phone was grabbed and heard Catra's light grunts again.

"Adora… please…" And that was all that was left, leaving Adora's imagination to spirit.

She leaned against the stall wall, taking a breath with a huff. She felt bothered, luckily not enough to be noticeable, but with another sound of her phone notification; she was challenged on that conclusion.

'Hope you're ready for me, Princess <33'

A couple of images were sent from Catra during and after lunch break. Adora refused to look at them cause she knew.

She knew how much fun Catra had messing with her while at work. It was endearing as it was insufferable, yet she wouldn't ask for anything different. It was kinda fun that way too.

'I know you wanna look Adora <33'

'Answer mee'

More images were sent along with voice messages.

After an eye roll and a quick check of the coast, Adora pulls up her phone. To call her girlfriend hot was an understatement, the same went to beautiful, gorgeous, or stunning. Adora took a deep breath. Her cheeks burned but decided to reply accordingly,

'You look like a brat'

'🖕🏽'
'Damn got you that flustered Princess'

'Idk what you mean'

'Mhm'
Image sent
'Sure'
'But am I your brat?'

'Always <3'

'👅❤️'

Adora placed her phone down on her desk with a small chuckle to herself, returning back to her computer.

“Alright, I’ll see you Monday!”

Adora waved her coworker off while packing her laptop into her work bag, ready to return home. She stepped in the elevator, going down to reach her car before her phone started to buzz. A call from none other than her girlfriend. After such a “ *long”* debate with herself, she quickly answers:

“Catra.”

“*Wow, you answered quick.*” A soft laugh could be heard on Catra’s end.

“Would you’d stopped if I didn’t answer?” The elevator doors opened as Adora headed towards her car.

“*Nope. Since you’ve been ignoring me*”

“I didn’t ignore you, I was working.” Adora got in her car with her phone in her cup holder while the call transferred to her car.

“*Sure,*” Catra stretched out the word, “ *but you answered some of my texts earlier then ignored the rest*. *How mean.”* Catra teased.

Adora chuckled. “Well I’m sorry, how can I make it up to you?” Her range deepened while a smirk curled on her face.

“By coming home.” What a simple request while Adora puts the gear on drive.

“I’ll be home soon, I promise.”

“*You better* come *fast, Adora.*”

Clearing her throat, Adora nods. “Yes, ma’am.” With a satisfied hum, Catra hung up. Adora breathed and started her way back home.

Traffic was gonna be a struggle, Catra knew it. On a Friday night where they've finally planned something together, thinking about the extra wait made her more frustrated than excited. Though as long as Adora is coming home, she would spare this extra time.

Catra laid on their bed, the softness pushing against her back as she stretched. Relaxed, her mind ran again. Thinking of Adora's flustered face, the little groans she tries to stifle, and Catra letting her hand glide slowly across herself.

God, she wanted her touch.

The messages and images she sent were one thing; they helped pass the time but could never make up for the actual feeling. She'd hope Adora felt the same during work.

Her hand dipped lower, reaching past the end of her shirt. Catra could imagine the "hardship" of thinking about Adora wanting to touch her, to feel her, to be there with her right before the photos were taken.

"Ahh…" Catra gasped.

She purred as her hand slipped under her pants, lightly brushing against her panty and grazing her thigh. Her mind thought of Adora's silent, heavy breathing, thinking of how Catra's strap caused such a reaction and how out of it she was for almost 20 minutes.

It felt good.

To say her ego was boosted would be unexplainable. As her fingers circled over her panty, her thoughts slowly drifted.

Weirdly enough, the prosperity of silence with herself and her thoughts was a comforting awakening. The hauntings of her past, her dough-baked relationships and the person she was within

them were nightmares to even think about, yet her soft panting filled the room more than her thoughts.

“Ahh, A-Adora…”

The door unlocking sneaked right passed Catra’s ears before briefly hearing, “Hey, Catra! Sorry I’m late!”

Catra quickly sat up and pulled her hand out.

How long has it been? What time is it?

After checking the clock and releasing a deep huff, Catra stood away from the bed and sighed, “Adora,” as she went to greet her royal dork back from work.

Catra was glad to hear Adora’s work bag be placed on the floor and the shuffle of her suit jacket shifting as Catra approached and met eyes with the culprit. Then Adora smiled at her; it was almost enough to make her night.

Catra swayed as she breezed closer, lightly grasping Adora’s lapels while she softly serenaded, “Hey, Adora.”

“Hey, you.” Adora brought their lips together, “Missed me?”

Catra scoffed at her smug jest but humored her. “Too much.” They brought another kiss, lasting longer as Catra slid the jacket off.

She held it for a moment before lightly tossing it on their couch, never separating their lips from each other. Adora’s hands slowly wrap around Catra’s waist.

Adora felt Catra’s lips move to her cheek, to her chin, then her jaw. Feeling Catra’s hand brush pass her ear to the back of her head, slowly reaching up to the band that keeps her hair intact and let it loose. Her hands hitched up Catra’s shirt, a sigh escaping her lips…

She peeked an eye open when Catra rested her head against her shoulder, “I finished the commission.” She said, pride reigning through her smile.

“The dog one?” Catra nodded at Adora’s question before feeling her arms wrap around her fully, “That’s amazing, Cat.”

“Yeah,” Catra pointed vaguely towards their living area. Over the couch the painting leaned against the wall’s corner. “It was an ass to complete and probably *is* ass, but I was finally able to get it done. So I’ll go with Scorpia to get it delivered on Monday and be done.”

“It is not ass.” Adora said, leaning back enough to see Catra’s face

Catra grins as she glances back, “You say that with such certainty.”

“Cause I am certain! I’m looking at it right now and it’s not ass.” Almost in spite of Adora’s commentary, Catra rolls her eyes as she softly scoffs.

“You’re my girlfriend, you’re biased.”

“But even before that, I said your work is expressive and very memorizing,” Adora pointed out. Catra almost didn’t want to look back at her, to look was to admit she was right. Instead, Adora leaned her head to face Catra, a tug of her smile slowly forming, “Didn’t I?”

Turning over, Catra admitted, “Yes.”

Adora hummed; Catra could clearly hear her cockiness.

“Just like your photos.” Her grin pressed against Catra’s neck, humming as her partner’s hand softly ran through her hair.

A breath emerged. “You liked them?” It was harder to tease with her neck being sucked and her smirks clamped shut to confide her

light moans.

“Nope, they were horrible,” Adora frowned playfully as she leaned up, “Terrible service.” Both started chuckling before fully laughing.

Cooling down, Catra grabbed Adora’s hands, lightly tugging her to their room,

“Oh?” Catra played, “I’m terribly sorry for the poor service. Perhaps a more hands-on approach would be more towards your liking?”

Passing through their doorway, Adora closed their door. Their hands slipped apart as Catra sat on the edge of their bed, beckoning Adora to come closer with her finger.

“Just want the finest and most top-tier service,” Adora mocked as she shuffled her way away from the door, her giddiness preserved as she stood between Catra’s legs. Her knees buckled against the bed from Catra’s hands gliding between her pants and shirt, a sigh passing her lips.

Nerves started to creep up. Adora looking down at Catra made her heartbeat deafening. Catra’s hands didn’t stop; they kept feeling, touching. Nothing was happening, and yet…

The button on Adora’s pants became undone, a sigh refusing to pass. Adora reached for her shirt collar but was stopped by a hand on her wrist. With Catra’s eyes intently on hers, determination, or maybe nervousness, met Adora’s eyes.

“Consider your wish, granted.”

Heavy air weighed down on Adora’s chest. She took a deep breath and she leaned forward to cup Catra’s face. They stare at each other, time seeming as if it wasn’t passing. That was until the silence was broken by Adora’s soft scoff.

“What?” Catra questioned, growing a smile.

“Nothing, I just love you.”

Warmth fill Catra’s chest, taking time to resume unbuttoning Adora’s shirt, “I, I love you too…” Her eyes fell focus on the buttons. “I’m just nervous.”

“Why are you nervous?” Adora asked.

“I don’t know,” Catra answers honestly while she finishes undoing the buttons. “I guess just building up to this versus our usual spontaneity. It feels a little extra special, a little more grand… Y’know?”

Adora nodded. “Yeah, I think I know what you mean,” she murmured. She lightly travels her finger down, down from Catra’s collar bone to the hem of her shirt. When Catra instinctively raised her arms, Adora gingerly pulled her shirt over her head. “But I like anytime with you. I think all of them are special, at least to me.”

She throws Catra’s shirt somewhere before kissing her deeply. Light moans tangled while Catra guides her shirt off her shoulders to fall onto the floor. All of this felt lighter, their relationship and the groundedness of their intimacy. She loved Adora. She was her best friend and more, and she loved it. Everything was special just cause Adora says it was; hell, it was special even before either of them said it was.

They pulled away briefly and Catra cooed, “Aw, you like me. That’s so gay.”

Adora snorts before replying, “The gayest, now kiss me.”

No bicker came as they kissed, their lips staying sealed together as their hands roamed. Catra’s hands ran up and down Adora’s torso, eventually passing it to trace under Adora’s bra. They slipped under and there was a quick break between their lips as Adora mixed a hiss and a breath. Her hands were lukewarm, a separation of her cool fingers yet warm palms. Adora leaned forward, weighing her upper body on her hands beside Catra’s thighs. Catra’s soft hands lightly hold Adora’s breast as they lightly

press them, noticing their distinct movement from Adora's breaths against her neck. Her sounds were minuscule and adorable.

'*To think I'm the one who built her up so much.*'

Adora's thigh almost came up besides Catra's. Catra slid her hand to her back and slipped one hand out to unhook the fabric as the other pushed up underneath the strap. Adora let out a long, drawn-out sigh and a kiss on her cheek was given in return. Adora loved Catra's cheek kisses, just as much as she loved Catra's hands on her skin, not even watching her toss her bra before feeling her hands splayed across her shoulders.

Catra lightly pushed against Adora's chest and tapped twice. "Stand up for me." Adora softly whined before lifting herself up.

Adora stretched and Catra's indecisive focus made her pause on the spot. With her arms behind her head and a grin, Adora asked, "You enjoy?"

Catra scoffs teasingly. "What?" She pulled the blonde's pants past her thighs. "Your cockiness?"

Perching her lips up to continue their game, Adora hummed for an answer, "More or less." She concluded while shimming out of her work pants.

A raised brow and a smirk was left before Catra snorted, "Figures."

Narrowed eyes and playful grins aside, Adora reached her hands around Catra's neck, the soft hair tickling her fingers. In return, Catra guided Adora's waist towards her chest, urging her partner to straddle her. Adora settled on her lap with no further guidance.

A quick breeze of air made it to Catra's scalp from Adora's hands moving ever so slightly. Catra enjoyed the feel of Adora's fingers, and the mute warmth of Adora's stomach.

“Y’know, I’ve always envied how your body wash softens your skin,” She reached right over Adora’s ribcage, her fingers running below her breasts, “It’s so satisfying. Makes you biteable too, like dough.”

Adora found that humorous, “I thought you’re not supposed to eat dough,” Adora snickered, her sighs competing with her laughs as her breasts pressed against Catra’s palms.

“You’re not,” Catra leaned in with a smirk. Adora’s stretch marks met Catra’s lips before she tasted them. A low sigh passes Catra’s nose as she peppered kisses and small bites across Adora’s breast.

Faint moans passed Adora’s lips as she brought Catra closer. She gripped Catra’s shoulder tight with her other hand, lightly grinding.

“ *Catra…* ” Adora breathed and chuckled, brushing through Catra’s hair. “Made me lose my train of thought, heh, *oh…”*

Catra’s lips sucked on Adora’s breast, massaging the other between her fingers and softly pulling her nipples. The deep sighs from Adora were rewards in of themselves, her body relaxed and her excitement barely contained.

Adora leaned her head back, watching Catra against her chest. Her nose pressed below her collarbone while hearing the soft sounds Catra made, small pops before her returned kisses. She lightly tugged Catra’s hair as her lover’s soft bites left an impression on her breast. Her breath hitched shortly before letting out a moan when Catra gave her nipple a hard pinch.

“Patience, Adora,” Catra sang.

Patience was the first thing she was gonna lose. Pushing her chest out while pressing Catra in, she broke the sound of her silent gasp. It echoed, no grace could save it, especially not after Catra’s grinning face on Adora’s breast looking at her.

Her name was called but Adora didn't look, Catra's fingers made her look down at her, hitched with embarrassment.

"That was hot."

"And you're a liar," Adora retaliated.

"But it was, I wanna hear you—all of your range." Hearing their bed sheet swish near Catra as her tail swished from left and back right made her statement prominent. It actually eased Adora knowing its honesty.

Adora let out a breath that was a little louder than previous. Catra purred at the sound and moved her lips to the other breast.

Silent gasps remained but ended louder from Catra's stare. She responded just as much to her partner's approving nods. Her panting started overriding her gasps; Catra's cool fingers and colorful breast aren't helping the ease either. Even her tongue provided benignity to her sounds.

Already feeling hazier, her shoulders lowered and her lips parted, only breaths left before her small vocals. Catra nodded again, humming in praise and pursed her lips harder on her chest. Small vocals became soft moans, and soft moans stirred up pressure as she grinds.

Faint. " *Ah…Catra…"* Crackling. " *Oh fuck…* " And louder. " *Yes!* "

With another pop of her lips, Catra's warmth dimmed as she moved from Adora's breast to her upper chest to leave a kiss against the bone.

Adora's deep breaths were telling, same for the low, constant quake against Catra's back. Catra left her lips against Adora's chest as her hands cascaded. She lightly grips the hem of Adora's panties, pulling back with her finger until she lets it slap into place, causing her lover to jolt.

It was getting harder and harder not to be smug; Adora's little reactions and the effects Catra had on her were rejuvenating. She pressed against Adora's chest so she could move them back further onto the bed. She cupped Adora's face to kiss her as she brought her down to their bed. Adora hovering over Catra as she removed Adora's panties from under her, tossing them aside.

"Oh fuck," Adora moaned as the cool air surrounded her cock. She felt for the back of Catra's bra to unhook and drop it to the floor. Catra wasted no time leaning up to rejoin their lips in another kiss.

"Mmm, Catra…" Adora briefly broke away. "Catra, wait."

Catra leaned back, searching Adora's face, the pressure of her partner's gentle hand against her face bringing her ease. She rested her own hand over Adora's.

"Check in," Adora simply stated.

Catra nodded, a soft smile lighting her face, "Green for me, you?"

Adora gave a thumbs up with a smile in return. "Yes."

Replying with a small "Good," their lips brushed without a kiss. Adora was Catra's main focus: those gorgeous eyes, her toned thighs on either side of Catra's chest, her semi-hardened cock between her breasts; those fingers gliding over her neck and collarbone…

"Hey, Adora," That smirk never fails during Catra's greeting.

With an amused chuckle, Adora grinned, "Hey Catra."

"I have a proposition I wanna make to you."

"Oh? How intriguing. For what proposition do you speak of?" Despite the teasing, it was openly exciting to hear. Trying something different or just changing a few variables of what

they’ve already liked excited Adora. Just doing these things with her.

Catra played along, resuming their mini game, “Well, since you so kindly asked,” Catra slowly leaned up, getting close enough to brush Adora’s nose. Both gleefully narrowed their eyes before Catra raised a brow, “You wanna get muffed?”

The immediate blank look confused Catra.

“Get what now?” Ah. Adora’s scrunched brows told it all, her hands even pausing on the upper part of Catra’s thighs.

Smoothing Adora’s brows down, Catra explained, “Get muffed. Basically where I’m able to finger you around the area where your balls get tucked up.”

Adora slowly nodded along, having that have to be explained to her made her feel a little embarrassed. Nothing with what Catra said, but rather the ignorance of her own body. Finally she admits, “I honestly have no idea how that’d feel, I haven’t even heard of it.” She thought it was embarrassing, thinking it was gonna be a turn off for Catra somehow.

“That’s fine, we can go slow and find out together. If you’re okay with trying?” Catra asked and Adora’s tight chest eased tremendously. Such a comforting response to something that Adora thought would be the end of it. She honestly couldn’t even tell herself why the thought even came.

Before staying silent for too long, Adora agreed, “Hell yeah, I’m game. I trust you to take things slow and take care of me. Thanks for that.”

Catra’s cheeks were dusted pink. It felt nice hearing her girlfriend’s vulnerability and trust in her. It almost left her a little speechless.

“Aw, Adora. That was such a bottom thing to say.”

“Oh, hush.”

Both of them laugh before Adora pulls Catra back in for a kiss. The warmth of Adora’s blush tempered only a bit as Catra’s lips moved down to kiss her neck, chest, and torso while her hands gilded over her legs. Slowly, Catra presses against Adora, easing her to lie against their mattress this time. A soft symphony refilled Adora’s chest, remembering Catra’s mini pride when she gets looser and more lenient with her vocals.

Catra laid beside her, lightly grazing over between Adora’s legs in soft exploration to find her opening. In a moment of pause, Catra reached over to their bedside drawer, digging through their commodities to reach a clear bottle of lube. She pressed down, lining the pump along her fingers and covering them with lube.

With a light touch, Catra slowly eased up to the side, finding and rubbing her girlfriend’s opening before her slick pinky slipped through.

“Catra…” Adora arched her back, welcoming the light penetration with glee.

Catra’s finger kept consistent as it appeared and disappeared inside, “How does it feel?” she asks.

Adora huffed and croaked, “A little weird, but a good weird.” Her head hit the bed with a groan, “Keep touching me, please.”

Catra obliged, using her other hand to massage her chest. Adora’s nipple slipped between her fingers and her partner winced from the sensitivity.

Adora liked it all—the haze she breathed, the feeling of sinking into the mattress, the brief squelch against Catra’s finger, the evening wishing away into the night. Bliss was made.

“Bigger, go deeper,” Adora gasped, “Use another finger.”

Catra swapped her pinky with her ring finger, putting another coat of lube before pressing in and pulling out. With every fast breath from Adora, she couldn't help but lean over with her grin, her ego stroked with every pant. Leaning closer to her cheek, she planted a kiss there for good measure as her free hand felt between her neck and breasts.

Adora's refusal to look at her as she checked in with her was adorable. "This big enough for you, Adora?" Her lips grazed under Adora's ear. "Is this deep enough?" She pressed a kiss. "Am I going fast enough?"

A muff groan was her response. Catra, content with the result, quickened her pace. Adora's back arched, huffing out a moan while holding Catra's head against her nape. Small shakes from Catra's chuckle didn't go unnoticed from her slightly opened lips, which she locked against Adora's neck, kissing and licking the blooming bruises.

"God, Catra… fuck," Adora cursed with a scoff. Taking this distraction, Catra's hand snaked out toward the lube's pump to coat her palm thoroughly before reaching her hand to Adora's cock. Her penetration didn't slow down as she began to stroke. Adora let her beautiful sounds ring out into the air, overwhelmed by Catra smothering her in kisses from her neck, to her shoulder, to the top of her breast.

It brought Catra great amusement to see her partner's reception of her affection, wrapping her tongue around Adora's nipple and humming against it.

A hitched sound escaped Adora, the slow build rising with Catra's lips and hands on every space of her. Catra stroked her dick faster, dove deeper into her hidden opening, latched harder to her breast, and pressed both legs against either side of Adora's thigh as her wetness trails on top of her thigh. Adora's voice slowly broke into a whine, her chest rising and falling faster.

“I see you’re getting close,” Adora winces at Catra’s words. “Aww, baby. Are you gonna cum? Hmm?” The wet sounds spaced out just as Catra slows down the pace of her finger.

Adora’s whine was pathetic to her own ears, but Catra found it compelling and indulged in Adora’s pleasure, her newfound comfort as she picked up her pace. Catra let go of the still throbbing cock and brought her fingers to Adora’s lips, huffing as her girlfriend latched onto them and moaned around them.

“Fuck yes, baby,” she breathes, pressing deeper in her thrusts. “You’re doing so well for me.” She pressed herself harder against Adora’s thigh to grind, enjoying Adora’s squirming. Her lewd sounds vibrated her fingers, turning into groans as Catra’s other finger pulsed deeper in response to Adora’s crying gasps.

Repetitive calls of “Catra, Catra, *Catra* !” built up to a wailing, whimpering orgasm. Catra praised her girl as she pulled her fingers out of her lips to wrap back to her penis, stroking rapidly. “Such a good job. That’s it, I’m here, baby.”

It wasn’t long before Adora’s short breaths grew heavy, allowing her to linger a bit longer before a chaste kiss cut them off. Catra’s soaked hand letting go of her cock as her finger slowly edged out. Purring vibrated throughout Adora’s body as Catra brought another kiss to her lips. Adora held her face against her own before reluctantly breaking apart, smiling tiredly at one another.

“How was it?” Catra purred, pressing her lips against Adora’s forehead.

“Um, let’s do it again. Please?”

Catra laughed at her response; Adora was tickled too, a goofy smile on her face. “I don’t see why not.”

A mini victory followed by a small “Yes!”

Catra rolled her eyes and snorted, “Dork,” before kissing her lover again.

Noticing Catra light grinding, Adora put more intensity into their kiss as her hands gripped Catra's ass. She raised her thigh up further between Catra's legs, nodding as her girlfriend responded by moving her hips for her. "Ride against me."

The beauty in this reward shined through as Catra obliged and ended up cumming on her thigh not long after, leaving their planned night content, fulfilled, and a massive success.
