Double Trouble

Chapter Summary

> They grinned darkly, the expression unnatural on that familiar face. "What? This is what gets to you, isn't it, kitten? You think about her all the time. And when you're all alone in the safety and privacy of your First Captain's quarters, you come apart to thoughts of her doing such naughty things to you. Isn't that right, Catra?"

"This is ridiculous," Catra grumbled, tail twitching as Double Trouble spread her out on the sheets of Adora's old Hoard bed.

Fingers pried at the hem of her shirt, a sharp nail trailing along her stomach, making her breath hitch. "Ridiculous?" Double Trouble repeated, feigning injury. "Oh, Catra, darling, you *wound* me. Last I recall, *you're* the one who came to me craving some...*rest and relaxation,* shall we call it? And I'm only here to *serve,* kitten." They leaned in to lap at her twitching ear.

Catra groaned and turned her head. "Don't call me that."

"Call you what?" Trouble pressed. "*Kitten?* You seem to like it, though. Well, at least your *body* does," they teased, trailing two fingers down her breastbone while their other hand pulled her shirt up to her taut—

"Wait," Catra stopped them, gripping their wrist. "I...are you sure you know what you're doing?"

Trouble chuckled deep in their throat. "Of course I do. I'm an *expert* by this point." Their hand trailed over the plush slope of her chest as they settled between her legs. "Why?" they breathed. "Do *you* know what *you're* doing, kitten?"

"Of course I do!" she protested, arching into that attentive touch. "I just…wanted to make sure you weren't an am—*ahh!"*

She cried out as Trouble jammed a knee between her thighs, making her head spin and a rush of heat build in her core. She panted softly, barely opening her eyes.

"Whatever you're thinking, darling, I need you to forget," Trouble instructed, leaning in to kiss the side of her neck and wrapping their tail around her thigh. "I want you to forget everything and focus on how you feel *right now."*

"How can I forget?" Catra whimpered. "We're so close to finally conquering Etheria. I can't just—*oh!"*

"I told you to *forget,"* Trouble growled, lifting her shirt to her armpits and fondling her breast with firm, adoring rolls of their palm. "Forget, and let me make you feel *amazing."*

Catra blushed hard, quickly turning her head to the side.

And arching up into Trouble's hand.

"Good girl," Trouble breathed, moving to kiss and suckle that soft, bronze peak. "Sweet little *kitten."*

"Ah!" she cried, jerking and mewling as Trouble pawed at her pants, moving to slide them down her hips—"Wait!" she whimpered.

"Shh," Trouble murmured, pushing her hand aside and slowly removing the garment, drawing it down and off her legs, leaving her—

"Ooh, commando, huh~?" Trouble teased, hands creeping reverently up her thighs. "Why am I not surprised?"

"Shut up," Catra groaned, shifting to pull her shirt up and over her head, leaving her entirely exposed, tail twitching in anticipation. "Now you."

"Ah-ah," Trouble said, tsking softly. "Not yet, dear. *I'm* in charge right now. *You* just get to enjoy the *ride."*

Catra groaned, but completely forgot how to protest when Trouble's hand wandered south to cup her bloom, sliding a finger between her petals to collect plentiful dew. "Oh, *good girl,"* they purred, swirling a finger over her little bud and forcing pressure to coalesce in her core.

"Double...Trouble…" she breathed, legs spreading even wider as that mischievous hand worked her rose with attentive motions. "...More."

Her partner purred, tongue sliding over their lip. "As you wish, kitten."

Catra trembled.

And cried out when she felt two long, searching fingers slide inside her, opening her up, making her whimper and sigh with need. "Double Trouble…" she breathed.

"You took me so easily," Trouble cooed, slowly working their fingers in and out of that wet heat. "You may not have done this with anyone else, but you have participated in *solo* missions, haven't you?" They chortled deep in their throat.

Catra blushed hard, but said nothing, squirming as those fingers wormed deeper inside her. "Hnng…."

Trouble chuckled. "Tell me, kitten. What were you thinking about? Was it *her?"*

Catra's breath caught. "...Her?" she sighed, uncertain.

"You know…" Trouble said, changing form even as their fingers wriggled with her body. *"Her."*

Catra stared, dumbstruck.

Hurt.

And *painfully* aroused.

As Double Trouble shifted into a doppelganger of none other than —

"Change back," Catra growled, voice deathly quiet.

They grinned darkly, the expression unnatural on that familiar face. "What? This is what *gets* to you, isn't it, kitten? You think about her all the time. And when you're all alone in the safety and privacy of your First Captain's quarters, you come apart to thoughts of her doing such *naughty* things to you. Isn't that right, Catra?"

"Change back," she repeated, voice cracking.

"Do you imagine her touching you like this?" Trouble pressed, swirling their fingers inside of Catra's liquid heat. "Touching you, tasting you, *fucking* you? Hard and fast? Or long and slow, making prolonged, delicious love to you *all night long?"*

"Change back!" Catra cried, tears forming at the corners of her vision, her whole body trembling with heaving sobs. "Change back *now."*

Double Trouble met her murderous gaze for a long moment.

And finally conceded. "Oh, alright. If you insist." They lifted their face and returned to their original form, large, chartreuse eyes meeting Catra's pained gaze. "But you know I'm right."

Catra said nothing.

Merely spread her legs and arched her back in offering.

The only words to emerge from her mouth were, "Just fuck me already."

Trouble chuckled, pushing their fingers in deep before pulling out entirely.

Catra was about to protest, but she was stopped short by the sight of Trouble removing their pants to expose a smooth, green carnation.

She stared, mesmerized by the trail of slick seeping out, trickling down their thigh.

She swallowed.

“Like what you see, kitten?” Trouble asked with a curled smirk. “I can change it, if you’d prefer~.”

“No,” Catra said, inadvertently purring at the sight. “This is...this is perfect.”

Trouble licked their lip. “I figured as much,” they said, climbing up Catra’s body and looming just above her mouth, “because I want to feel your *tongue,* darling, if you would oblige me.”

Catra stared with wide eyes at the bloom presented to her.

The sight of dew dripping forth, of those soft petals *pleading* for attention.

“Oh, where are my manners?” Trouble said, turning about and breathing eagerly over Catra’s curls. “I’ll taste *yours* if you taste *mine.”*

Catra swallowed, far too tempted by the sweetness of that sex.

She took a breath.

And dove in, lapping and suckling that sweet little fruit.

At the same time, she felt a long, searching tongue and lithe, spreading fingers slide between the petals of her rose.

She cried out, tickling Trouble’s bud with her tongue, swirling up in search of that delicious entrance before pulling away, gasping for air.

"Remember to *breathe,* darling," Trouble reminded her, quickly finding her entrance and pushing that long, reptilian tongue inside, forcing her to gasp and cry out. "Breathe between *laps.* God, I love how it feels when you *taste* me," they said, tongue sliding in and out, leaving Catra whimpering in desperation.

Her tongue dragged along those soft folds, finally finding Trouble's entrance and dipping inside, tasting their warm, slippery flesh, drowning in pure sensation. It was almost enough to make her forget her mission.

Almost.

Her tongue slid out to glide down to that little bud once more, licking, suckling, *nipping*—

"Ah! Easy with the teeth, kitten. Use more lips and tongue," Trouble corrected her, still teasing her bud.

Catra nodded, resorting to kissing and sucking in place of biting, feeling slippery dew dripping down her chin as Trouble pulsed against her mouth—

"A-*ahh!"* Trouble cried out, pushing back against her. "More. *More!* Don't stop! *Don't stop!* It feels amazing, kitten. I'm can't—I'm gonna…o-*ohh, yes~!"*

Catra couldn't help purring at the wave of slick that burst out of them.

Their folds pulsed and trembled as they came, and Catra could taste their release on her tongue.

Was this how *she* tasted?

Catra shook her head, refusing to think of her at a time like this.

Trouble panted for a long moment, slowly collecting themself. "Good job, kitten; I'm impressed," they said, pulling off and meeting Catra's suspicious expression.

“What about me?” Catra demanded, quirking an eyebrow. “Don’t I get to finish?”

Trouble chuckled softly. “Oh, darling, be patient. I would *never* forget my lover~.”

“Lover?” Catra blinked, a tad taken aback.

“Don’t look so *serious,* dear. I only mean it as an endearment. Here,” Trouble said, leaning down to caress her soft rose, twirling her curls in their fingers. Their middle digit caught on the hood of her bud, and they gently swirled it, tickling and pressing her sensitive clit with attentive motions.

Catra groaned and clawed the sheets at the wonderful sensation, quickly coming undone just from that simple touch.

Which was why she was so surprised to feel a prehensile limb gliding along her folds and pressing at her entrance. “What…?” She glanced down, trying to determine what—

A long, slender, green tail.

Playing with her folds, spreading her slick, prying at her entrance.

“Double Trouble…” she murmured, face flushed, parting her thighs and offering herself. “Take me. Fill me up. Fuck me. Make me forget all about *her.”*

Trouble paused.

And smiled. “With pleasure, *darling.”*

And they shoved their tail inside of her.

Deep, deeper.

Making her whimper, cry out, *scream.*

Tears slipped down her cheeks as she came apart, that hand still working her clit, that tail thrusting into her. In and out. In and out.

Driving her insane with unchained pleasure, with lust, with desperation to—

"Trouble!" she wailed, hands flying up to grip those narrow shoulders. "I want to cum! Please, *please,* let me cum!" she pleaded, openly sobbing into the cool air. *"Fuck!"*

"What are you waiting for, kitten?" Trouble teased, still pumping her soft insides with their tail, swirling her little bud with their thumb. *"Cum* for me. I want to see you completely *unravel."*

Catra didn't need to be told twice.

She came with a long, surrendered mewl, hips lifting, body trembling as she released wave upon wave of slick dew over Trouble's fingers and tail.

She slowly came down with a long sigh and panting breaths.

Stared up at Trouble, lids hooded, body weak and sated. "Double...Trouble?" she breathed.

"Shh," they said, pressing a finger to her lips and extracting their tail from her body. They pulled their slick-coated fingers to their lips, tasting her essence with a long, verdant tongue. "You did well, Catra. We simply *must* do this again sometime. I am *honored* to be your first."

Catra nibbled her lip, but Double Trouble pulled away before she could speak, fixing their pants and handing Catra her clothes, which she only half-heartedly accepted. "Ta-ta, darling. I hope we get the chance to *meet* like this again."

And with a flick of their hair, they sauntered out the door and were gone.

Catra sat there, holding her clothes to her chest, taken aback by the abruptness of their departure.

She lowered her eyes to the bundle of garments, trying to swallow her pain before it consumed her.

Memories of a beloved past friend.

Her heart ached at the thought.

She felt a burning in her face.

Pressed an angry arm to her eyes to wipe away any prospective tears.

Threw the bundle of clothes across the room and curled up under the sheets, grabbing the pillow hard enough to tear it with her claws.

A name settled on her tongue, but she refused to say it aloud.

She gnawed feverishly at her lip, burying her face in the pillow. Trying to block out those haunting dreams that plagued her sleep.

Once again, without fail, she found herself completely and utterly alone.

That treasured, loathed, beloved name fell from her lips.

And she sobbed into her pillow, far too aware that a name was now all she had.

Adora

Chapter Summary

> "Close your eyes," she instructed.
> Catra watched her. "Why?"
> Adora gave her a long, mischievous look. "Trust me. You're going to love this."

That warm, soft, coppery skin felt so *enticing* under Adora's palms.

Peach fuzz on her cheeks.

Silky hairs on her arms and legs.

That adorable bushel of curls hidden between her thighs….

"I don't think I've seen you naked since we were little," Adora said, dragging the backs of her fingers along those ticklish sides.

Catra's tail twitched as she writhed beneath her partner. "It has been a while, but that didn't really count back then, did it?" She tried to hide herself, turning her legs to disguise her soft little bloom.

"Don't worry, Catra," Adora said, stopping her thigh with a firm, yet gentle touch. "You don't need to hide. It's nice to see you like this again."

Catra's cheeks turned the softest shade of pink, and Adora leaned in to kiss each of them in turn. "I really, really missed you."

"I missed you, too," Catra replied, eyes glistening up at her. "I never thought we'd...we'd…."

"Do something like this?" Adora offered with a timid laugh.

“Yeah,” Catra admitted, offering a bashful grin in return. “I mean, I’ve dreamt about this, but I never thought...it would actually happen.”

Adora quirked an eyebrow. “Dreamt about it, huh?”

Catra blushed harder and rolled her eyes. “What? I told you I’ve loved you since day one. It was likely to happen when I...got older.”

Adora was still giving her that shit-eating grin. “Catra *likes* me~.”

Catra slammed her head back against the pillow. “Insufferable,” she groused.

Adora was still grinning, but something about it seemed softer, more serious. “Catra?”

“Hmm?” Her ears pricked with interest.

Adora’s hands reluctantly parted from her skin—just long enough to tug at her own clothing. “May I, please, make love to you?”

Catra blinked up at her.

Slowly, longingly.

Her lids drooped, and she willingly parted her thighs. “Do you even have to ask?”

Adora laughed, leaning in to capture her soft lips, caught off-guard and oddly aroused by that rough tongue and pointed canines.

Meanwhile, her hands worked to remove their clothes, parting just long enough for her to remove their shirts, until they were both completely exposed.

Adora sighed with relief, pressing their warm chests together, slipping a heated thigh between her lover’s. “Oh, Catra, what is

this?" Her breath caught as she felt the dewy slickness of that rose spilling over her skin, warm and wet and oh so *inviting.*

"Quiet...you," Catra ground out, rutting against that strong muscle, spreading her slick as more and more spilled forth. "Adora, I want...I need *more,"* she breathed, groaning and grinding against her leg, gnawing at her own knuckles.

Adora's tongue swiped over her upper lip. She pulled away just enough to slick down her fingers in her own mouth, moving to slide them between Catra's mauve petals. "Oh, wow. You're *drenched."*

Catra moaned deep in her throat, burying her face in her hands. "Don't tease," she moaned, one hand reaching down to spread her folds, revealing a slick, raw, explicit view of her sex. "Just...touch me, Adora. Don't make me wait anymore."

Adora hummed. "Of course not," she said, fingers teasing her lover's clit, making Catra purr and growl. "I'm just mesmerized by how *beautiful* you are—especially like this."

"Flattery," Catra pointed out. "Nice try."

"Is it working?" Adora asked with a soft chuckle.

"Maybe," Catra admitted with a smile. "Where were we?"

"Oh? Oh, we were *here."* Adora took the second to drag her finger downward, pushing deep into Catra's body with one long, insistent *push.*

Catra cried out, gnawing on her fingers, legs spread and bent, accepting Adora's finger deep inside her. "A-Adora!"

"Is it too much?" she asked, pulling out just a tad.

"No! No…" Catra cried, gripping her arm to keep her in place. "It's good. I love it. I love having you inside me. Adora, I...I want more," she admitted, swallowing her pride. "Please, Adora. *More."*

Adora didn't keep her waiting.

A second finger slid in beside the first, writhing within Catra's body, leaving her whimpering and writhing, legs spread, body blossoming.

Still, Catra clenched, sucking her in to the knuckle. "Adora, *more."*

Adora blinked.

And grinned, forcing a third finger into Catra's heat, driving her into the bed, thrusting in and out. "How's this?" she asked, gripping Catra's hip.

"It's not enough," she said bluntly. "Adora, I want to truly *feel* you. I need all of you inside of me. *Now.* I just…don't know how."

Adora tried to comprehend what she meant.

Her fingers continued to thrust and writhe within Catra's heat, plunging and pushing hard enough to rock her along the bed.

And then an idea struck her. "You want me inside you, Catra?"

"Yes! Yes…" she begged, tearing up with need. "God, I want you to *brutalize* me. Please, Adora. I want you to *fuck* me."

Adora pulled away just a tad. "Close your eyes," she instructed.

Catra watched her. "Why?"

Adora gave her a long, mischievous look. "Trust me. You're going to love this."

Catra took a breath.

And did as she was told, relaxing into the sheets.

"No peeking," Adora said, making her partner chuckle.

There was a flash of light, and an object appeared in Adora's hand.

That familiar sword.

She took a breath, closed her eyes.

Another flash, and the sword changed form.

Still long, thick, and hard.

Adora dragged her fingers along its length, feeling out every ridge and bump and synthetic vein.

She smiled.

Brought it close to her.

Another change, and the object was clasped about her hips.

"Can I look now?" Catra asked, brows creased.

"One more thing," Adora said.

A familiar chant fell from her lips.

Catra's eyes flew open.

Long, golden hair.

Brilliant, blue eyes.

That flanged crown with a ruby jewel adorning its crest.

And—"What is that?"

Adora smiled. "You said you wanted *all* of me. Well, here I am."

Catra's eyes widened, mouth dropping open like a fish's.

“Cat got your tongue?” Adora teased, fondly caressing her lover’s breast.

“Haha,” Catra mocked, tail twitching. “So, what now?”

“Oh, just this,” Adora said, pressing the tip of her artificial sex to Catra’s entrance. “May I~?”

Catra blinked several times, suddenly aware of what exactly was happening. “Wait; you want to...to….”

“To *fuck* you, just like you asked,” Adora explained, gripping Catra’s hips. “Will you let me?”

Catra’s gaze softened.

Her lids drooped.

And she spread her legs even wider, wrapping them about Adora’s waist. “Yes,” she purred, tail flicking. “God, *yes.”*

Adora chuckled.

Lined herself up with that sensual rose and *pushed.*

Catra dug her claws into the sheets, hissing and purring at the same time, legs squeezing tightly around her lover as the entirety of that length sank inside of her.

Once Adora was fully seated, she held still—long, blonde strands enshrouding them both.

Catra panted, full to bursting with sex, clenching hard around the length inside of her, sweat beading on her brow, staring up at her lover with bleary eyes. “Adora...it’s big….”

“Is it too much?” Adora murmured, careful not to push any deeper.

“No,” Catra assured her, smiling deliriously. “It’s perfect. I love it. I want you to take me, Adora. *Just* like this.”

Adora's hand moved between her lover's thighs, caressing their union for a long, reverent moment.

And then moved upward, thumb catching on her hood, swirling Catra's clit.

Her kitten mewled with delight, heels knocking against Adora's back.

And then she thrusted.

The force of She-Ra's might slammed Catra hard into the sheets, opening her up wide on her impressive shaft, pummeling that place deep inside that made her— *"Adora!"*

"Sorry; sorry," she said, easing up a little, taking Catra into her arms and gently sliding in and out of her body. "I'll be gentle, love. Please, forgive me."

"Ah...it's okay," Catra assured her, giving her a delirious smile. "You're *really* strong like this." She scrambled out of Adora's arms, resting on her hands and knees, tail raised high, exposing the plush curve of her bloom. "Fuck me hard, Adora. Take your sweet little *kitten."*

Adora blinked several times.

And chuckled darkly. "That is absolutely the *dirtiest* thing I have ever heard you say."

"Yeah, well, this is the dirtiest thing we've ever done, so…." She blew a raspberry against the pillow.

"Touché," Adora agreed, aligning herself once more and sliding smoothly into Catra's heat.

Catra cried out once more, so outrageously full, tail flicking from side to side.

Her own fingers played with her clit as she slid back and forth on that cock, legs spread wide, body overwhelmed by the girth and power of that magnificent form plowing into her.

She squeezed it tight, anticipating every aching inch, trapping it inside her like a predator, pounding back with just as much force, grinding against Adora's hidden sex.

She felt a shift behind her—Adora's fingers dipping behind her fake cock to play with her own bud. Her breaths turned fast, desperate, erratic.

Catra slowed her pace, enjoying the wonderful push and pull of Adora's impending release. "Go ahead, Adora," she teased, moaning lewdly, arching her back like a cat in heat. "Make your mark. Do it. I want you to. Fill me up with your *essence."*

Adora shivered and jerked, shoving herself deep into Catra's body. "Catra, I'm...I'm...I'm *cumming! Ahh~!"*

She tightened, twitched, jerked, and wailed, cumming hard and fast behind the toy, panting and moaning as her release consumed her.

Catra thought she had more control.

But watching Adora come flying apart—hearing her gasp and moan—imagining her slick *pushing inside*—

It was more than enough.

Catra's fingers suddenly froze on her bud as she yowled, releasing over her hand, over that massive toy within her.

She held on, gasping and mewling, clutching the pillow, tearing into it with her claws.

Adora pulled her close, kissing her shoulder, seating Catra even deeper on her shaft, forcing a loud mewl from her kitten.

They both came down together, bodies trembling, coming apart and alive as one being.

After a long, trembling moment, Catra lifted herself off the toy, which promptly disappeared into its pocket dimension.

Catra mewled. “I can’t believe...you used the sword of She-Ra as a *strap-on,”* she said, flopping down onto the bed and taking her now-normal Adora down with her. “That seems like a total abuse of your power. What would LightHope have to say?”

Adora horse-lipped and laughed outright. “Exactly what you just said—severe misuse of my powers, irresponsible practice, not taking She-Ra seriously—blah, blah, blah.” She faced Catra with a wide smile. “But it was totally worth it.”

Catra rolled her eyes, smiling and leaning in to touch their foreheads together. “God, you’re perfect,” she murmured, pulling the covers over them.

Adora smiled, gently kissing her nose and nuzzling her lover, enwrapping her in her arms under the blankets. “I love you, too~.”

Catra purred, contented by Adora’s warmth, her gentle presence, strong and careful all at once, as if Catra were something precious.

Catra found it far too easy to drift off in her arms, comfortable and safe. Warm and loved.

Treasured and held.

And finally together.
