Touchdown

by TheNiceCountess

Summary

Adora is team captain of the Fright Zone-High football team and it's just before the playoffs. Catra is head of the cheerleading team and wants to pay her girlfriend one last visit before the game starts.

or

Catra is out here wanting and then getting it to the edge of what she can handle.

Notes

See the end of the work for notes

-Adora-

Adora leans down to redo her shoelaces yet again. She knew she was the last one still in the changing rooms and as much as she didnt want to make her team run late, for today she wanted to be sure everything about her equipment was perfect.

She straightens up and takes a look at herself in the mirror.
Her football gear made her look even broader than she already was and with her helmet on she would have trouble recognizing herself, were her name not printed in the front and back of her chest.

She forces herself to stop gnawing at her bottom lip and blows a strain of hair out of her face.
She wasn't used to being this nervous.
Adora lets the game plan run through her head one more time, until a noise rips her out of her thoughts.

“Hey Adora!” She hears a purr from behind.

“Catra!” Adora’s eyes light up and she turns around.

“I was worried you weren’t gonna show up.” And yet there she was, beautiful as ever, lazily leaning against the doorframe smirking over at her in a way that made Adora’s heart flutter.

“And not wish you good luck before your big game?” Catra pushes herself off the door and makes her way over to Adora.

“What kind of girlfriend would I be then?”

Her tail swings behind her. She stops only a few steps away from the blonde and cocks her hip.

“By the way … I like the new look.”

Catra extends one hand, slowly feeling down the curve of the frim protective pads covering Adora’s chest. The blonde feels her face heat up from the unexpected compliment.

"Don't you need to- I don't know, be out there?" Adora asks, genuinely confused.

As head of the cheerleading team Catra was supposed to be out on the field for the pregame show, along with the other cheerleaders and the high school marching band.

“The girls can manage the pregame show without me. Besides, Dee said they'd cover for me.” Catra’s voice trails off, as she takes another step.

Her chest is now almost touching Adora’s. The blonde was trying her hardest not to get distracted by how close Catra now was, even if her hand was groping her chestpiece in a way that made it more than obvious what her girlfriend was thinking about.

“But you- You'll join them later right?” Adora manages, feeling her cheeks take on a rosy tint already.

She loved being on the football team, but sometimes the way Catra showed her hunger for her, especially if Adora’s training schedule didn't allow them any time together for a while, seriously made her consider quitting entirely.

“Of course I'll be there, as always. My eyes on you, cheering you on the entire game.” The feline moves more slowly now, taking her time to drape her arms around Adora’s shoulders, leaning in so close her breath tickled warm against the blonde’s cheek.

“But first I need to wish you good luck.”

The words were merely a whisper, as Catra softly lowers herself in front of Adora.

The feeling of her breath alone made Adora’s gut twist with a raging fire, a want she only knew one way to satiate.
And watching the feline go to her knees in front of her, as if it was the most normal thing in the world, only made it so much worse.

She feels the Catra’s clawed hands let go of her shoulders, moving over her chest, scraping over her protective pads until they find their way to the waistband of her pants.

“Catra? Do you really think that's a good idea?” Adora’s breath hitches and she feels a firm tug on her pants.

“I don't care. You look way too hot in this.” Catra’s words drip with a frantic hunger.

“Catra-a.” Adora whines desperately.

Her pants were already half way down her thighs, when she sees her girlfriend smirk and look up at her.

“Oh … Someone is getting excited for the big game I see.”

The blonde manages to produce an even more desperate whine, as Catra’s fingertips slowly trail over the bulge in her underwear.

“I really dont think this is a good idea.” Adora reaches down to cup her soft furry cheek.

The touch makes Catra look up at her again, dropping her cocky smile at the look the blonde gives her now. A signal clear as day.

Adora knew Catra would never do anything she didn't want.
And she knew that trust went both ways.

“And it's more likely that your cute skirt has me this excited than the game.” Adora admits chuckling.

"Very well. If you don't want to come out to play, I can understand.” Catra’s tone is more casual now though still keeping

a playful edge. The look in her eyes, as she raises herself up from the floor however shows she understood Adora wasn't up for it.

“But do you at least want to know what's underneath my cute skirt?”

Adora’s face is flushed red and she gives the feline a jerky nod that makes Catra’s lips twist into her signature smirk again.

“For good luck.” She winks at Adora, before pulling up the green and red fabric.

Her hips are as beautiful as ever. The rim of bright pink panties wind around them, a cute strip of lace fabric on the waistband and a small bow on the front. Catra only gives her a moment to look before she drops the skirt again and smirks at the oggling Adora.

The feline turns around and runs one finger over the edge of her skirt, lifting it just enough to reveal her curvy ass, the back of the underwear sneaking its way beautifully between her cheeks.

It was a thong!

Adora’s mind is set on fire again, but before she could manage even a single thought or have a single word make it past her parted lips, Catra steals her view away.

She moves the finger up in a deliberately slow motion having the skirt drape back over her ass again and takes a step towards the door.
The movement lets the blonde snap out of her trance.
Adora reaches out with her hand and catches her girlfriend's wrist.

“Wait wait wait- So you're just gonna get me riled up, strip tease me and then leave?”

Catra could be a cruel tease at times, but she usually left Adora with at least a little something to bridge the gap to when they could see each other next.

“Without even a kiss?”

“What? You said you weren't sure if it was a good idea if we did more.” Catra tries to play innocent but her cocky grin betrays her.

Her voice takes on a more sultry tone. “And you know if you see something more you want, you can always just … take it.”

Her tail jerks aggressively and her mismatched eyes flicker dangerously up at the blonde. Her chin is lifted in provocation.

This was a challenge.

Adora reaches out and wrenches her close by her wrist, taking hold of the other one as well, before throwing her around and pushing her into one of the lockers.

Her back hits the metal with a thud. A huffy breath escapes her before Adora presses her chest with the hard protection pads against Catra’s green crop top.

“Is this what you want?” Adora asks. Her voice grows dark, as she lets the pretend anger boil up in her. Anger that she wast really feeling; anger she just summoned out of her to punish Catra with.

And from the flushed expression and the small fang of hers biting into her lip she couldn't seem to wait for it.

“I mean its not about what i want, but fuck yes, I do!” The response is huffed, breathy and the look the feline gives Adora is enough for her to almost lose it completely.

“But-” Catra interrupts, making Adora halt immediately.

The blonde loosens her hold on Catra's wrists, wanting to make sure her girlfriend was ok before continuing. The feline slips one of her hands out of Adora’s grip, placing the index finger on the blonde's lips before she has the chance to lean in and kiss her.

“Only if you want this too.” Catra’s soft words make her smile.

“I do!” Adora answers under her girlfriend's finger.

Catra practically beams at her with excitement and slowly places her wrist back above her head for Adora to pin down again.

But before Adora can close the grip on her wrist again, she feels Catra lean forward, pressing their lips together, letting them fall into a heated kiss.

The blonde keeps her arms pinned against the locker door, as she furiously engulfs Catra’s lips with hers. She can feel the sharp canines tug at her, pinching desperate to feel more of her.

With a reluctant grunt she decides to reward the feline's desperate movements, pushing one knee in between her furry legs.
Adora can feel the sharp breath Catra’s draws from her lips.

“You know where I'm going with this?” The blonde asks, whispering the question into their kiss.
She keeps the commanding tone that she knows never fails to make Catra squirm with excitement.

The response she gets is almost a moan. “Mhm-”

Adora turns her head separating from their kiss. “I’m going to take what I want …” She says, speaking, as if it were a fact already set in stone, though still giving Catra the chance to intervene.

She doesn’t.
Only biting into her lip with her adorable fang again, looking up at the blonde in anticipation. The look makes Adora grow only more bold. She brings Catra’s wrists together over her head, pinning them against the locker with only one hand.

“And you-” She takes the filines chin between her fingers, raising it a bit higher.

“You will be my pretty little toy, as always.” The words earn her desperate whimper.

Catra’s body starts squirming harder, as she reaches the junction of the feline’s thighs with her knee. The soft pressure is enough to already make Adora feel her girlfriend's wet folds shift in her panties.
The sensation makes the blonde’s lips twist into a triumphant smirk.

“You're wet already … Did you miss me using you that much?”

The blonde let’s her thumb run over the feline’s lower lip. Without a word Catra lets her yaw fall open, taking the thumb into her mouth as a response, gently closing her lips around it, leaving the question unanswered.
Adora can feel the rough ridges of the feline tongue move against her finger, as Catra starts sucking gently.

“You're so fun to play with.” Adora sighs, pushing down with her thumb, rolling it over her tongue slowly. A deep purr erupts in Catra’s chest, as she softly sucks her thumb in deeper.

“But let's make sure you're nice and ready for me… hm?” Adora asks, but doesn't wait for an answer this time, gently starting to grind her knee up against her girlfriend’s clit.

Her breathing deepens. Adora can feel her hip grind down rhythmically against the pressure. The soft moans Catra hums through her nose fill the locker room.

Adora can feel the wet spot between the furry legs seeping through her pants, covering her in a thin layer of slik.
The blonde pulls her thumb back against the sucktion, slipping it out between Catra’s lips with a soft *popp*.
She eases up the pressure between the feline's legs.

Their eyes meet.
Catra’s breathless face looking up at her, as Adora slips her hand

under her skirt, delighting in the feline's face scrunching up and a soft moan spilling out between her huffed breaths.

"*Adorah*-"

She lets her fingers run over the soaked fabric first, before casually pushing it aside to slip a finger in between the warm folds underneath. Adora watches Catra's mismatched eyes widen, the obsidian pupils expanding, rolling back into her head, squirming, still pinned between Adora and the locker.

"Adora- Please!" The desperate plea is music to the blonde's ears, but the she decides she is not yet done playing.

She cocks her head, casually slipping one finger into her girlfriend before asking innocently. "Please what?"

Catra's flushed face says more than a thousand words. She moans furiously, her insides tightening on Adora's finger. She can feel her girlfriend shifting, pushing her hip down to take as much of the blonde's finger as possible.

"Please fuck me already!" The request is even more desperate, just the way Adora likes it.

She smiles pulling her finger back out of Catra, which earns her another desperate whine.

Adora shrugs. "If that's what you want." She purposefully keeps her tone casual, as if she didn't care one way or another.

She flips Catra around with practiced ease and uses her forearm to push her upper body into the locker again. The sudden movement makes the feline yelp. Her chest hits the metal door with a thud.

Adora draws back to slip out of her pants and underwear, before taking a moment to admire the sight in front of her.

Catra's chest and cheek are pressed against the locker. Her face turned to one side letting her azure eye peek at Adora from behind the curls of her wild mane.
Her back is arched a little, eagerly stancing her legs apart enough to give the blonde access.

Adora places one hand on her exposed midsection. The crop top is pushed up a little against the locker door, showing more of her beautiful back. Adora's fingers slip around her fuzzy waist and tummy, reaching under Catra's skirt to slowly pull her panties down.

She leans into the feline, making sure to let her feel the pressure of her chest against her back. A muffled moan sounds from the furry little body under her.
She smiles. This was going to be fun.

-Catra-

"*Hgggggn*-" Catra's groan drips with desire, as the pressure of her girlfriend's fingers winding around the base of her tail sends a wave of electricity up her spine.

But that feeling is nothing against the firm tug Adora gives the furry appendage next, guiding the feline's hips down enough to let her feel her head brush against her flower.

"I want you to moan like a whore for me." Adora's voice is assertive. The dirty words flush Catra's brain with pure ecstasy.

She feels the pressure increase at her entrance, as her girlfriend pulls down on her tail, letting her hip slide onto her length. Catra lets out a deep moan, feeling the familiar stretch of her head slipping inside.
But Adora gives her no time to think.
Her squirming body held against the metal door, held in place.

The weight of her girlfriend behind her, keeping her there, as she thrusts up into her body.

Catra's eyes glaze over. Her meowl rumbles with a furious purr.

The feeling deep inside of her, of Adora filling her. Her hot cock buried all the way to the hilt.
She can barely take it all in before the blonde pulls back again, leaving her empty of that blissful sensation.

Catra can feel her insides tighten in anticipation. She bites her lip hoping her Adora won't take her time with her like she had done other times before.

Luckily she doesn't have to wait before Adora thrusts up again, pulling the feline's hip into her brutal movement, her hand still wrapped around her tail.

The feeling of Adora wrenching her in, to slap hard against the blonde’s hips, makes the room seem to disappear around her. The only feeling left is the filling warmth that Adora gives her now. Over and over again.

Her hip bucking forward, keeping a rough rhythm, keeping her teetering on the edge.
Catra's mouth lazily falling open, her cheek and chest pushed into the locker with every thrust.
Her tongue drops out of her mouth, her breaths reduced to sinful moans, her body pushed closer and closer to her peak.

The waves of pleasure washing over her dulling her brain, numbing her thoughts.
The only sound she hears, the huffing of her girlfriend behind her and the slapping of their hips. She feels Adora’s back arch, her member throbbing into her g-spot.

“I'm going to fill you up so nicely…” She groans into the feline's neck, before releasing into her.

Catra breaks.

The words and the feeling of Adora grinding into her take her over the edge. The divine feeling of the blonde inside of her, filling her out so thoroughly, pumping her cum all the way into her.
Feeling the warmth spread throughout her body, as she rides her orgasm out against her grinding, twitching hips.

When the squirming spasms of her own orgasm finally die down, Adora's release slowly stops, leaving both leaning against each other and the locker, desperate to catch their breaths.

“Wow!” Catra manages after a while of only panting.

“That was…” Catra trails off.

"Yeah!" Adora cuts in chuckling softly.

“Fuck I needed that!” The blonde admits, slowly raising herself up to a wobbly stand.

“You looked like it.” Catra cuts back playfully before softly pulling up her panties again.

“You need to take some time to unwind if you have such a big game coming.”
The feline playfully punches her shoulder.
“I pretty much only saw you in the gym, or training with your team.”

A flicker of guilt moves across her girlfriend's face.
Catra steps close to her and cups the blonde’s cheek.

“Hey! Everythings alright. I’m ok without you for a few weeks! What I meant was please make sure you take some time for yourself before the next playoffs, ok?”

Adora manages a timid smile, her face still flushed red.

“Whether that's with me or just doing something on your own I don't care, just something you do for yourself.”

Cara smiles back at her.

“Ok.” Adora nods, her smile brightening into a big blissful smirk.

They stare, lost in the others eyes for a moment until Catra manages to tear her eyes away from her beaming girlfriend to look at the clock.

“Fuck its almost time! Ok I have one more thing!”

Catra feels Adora’s curious look on her back, as she turns around.

She slips her fingers under her green and dark red frilled skirt and bends over forwards.
Her wild mane flows over her shoulders and covers her face with curls of hair, making a show of her impressive flexibility.

With her thumbs hooked under the rim of her bright pink panties, she rolls them down the entire way to her ankles before stepping out of them, a cheeky smile on her lips.

Catra lets her bright azure eye blink up at Adora, making sure the blonde gets a good look of the wet fur between her legs showing from underneath the short skirt.
She leaves the underwear dangling off of her index finger, as she straightens up.

Catra smiles, noticing Adora’s eyes dart to the dark spot in the fabric showing how well her girlfriend had done her handiwork.

She steps forward and slips them into the blonde’s pocket.

“I have another pair in my locker to wear for tonight.” She gives her girlfriend a thievish smirk.

“You keep this one.” She supportively pats Adora’s chest and looks up at her for a moment.

She notices Adora’s eyes flicker to her lips.

Catra leans close, giving the blonde one hard tug on her collar so she can place a kiss onto her slightly rosy lips. She still has to raise herself up onto the tips of her toes, extending her tail back for balance.

The kiss is short and soft but filled with all the gratitude and genuine love Catra could put into it.

“Good luck baby, I'll see you out there!” She whispers onto the blonde's lips.

She is about to turn away, as Adora takes her wrists again for a moment, keeping her where she is.

The movement is gentle and Adora holds Catra’s hands more softly this time, slightly massaging the feline’s palms with her thumbs.

She smiles down at her.

“Thank you.”

-Scorpia-

“Adora, hey buddy!" Scorpia greets their team captain, as she comes into the waiting room.

She wasn't usually this late to show up, so Scorpia was just glad nothing had happened to her.

The blonde’s cheeks blush red at the greeting and Scorpia gives her a warm smile.

“Hey ... why are you sweating, the game hasn't started yet?" She asks, noticing Adora’s hair and forehead are wet with beads of sweat.

“Are you sick?”

The blush on Adora’s cheeks grows only brighter.

Then suddenly Scorpia feels something hard bump into her exoskeleton. It was Lonnie next to her thrusting her elbow into Scorpia’s side.

Curious she leans down as the woman starts whispering over to her: "Catra was in the locker room with her."

Scorpia knits her brows together.

That didn't make any sense, the Cheerleaders had their own changing rooms so why-
"Ohhhhhhh!” She exclaims, as the revelation washes over her.

“She was helping Adora change!"

Scorpia always knew Catra was a nice person under her rough exterior, sadly she was pretty alone with that opinion. Lonnie only gives her a puzzled look.

"How nice of her."

She didn't care that other people disagreed with her of course, but she still liked it when she got to feel validated.

Lonnie’s hand slaps into her forehead with a groan, but before she can say anything else, the soundcue for them to run onto the playing field echoes from the speaker and their team starts to move, Adora in front everyone else behind her.

End Notes

Hello lovely people!
Thank you very much for reading.
I hope you had fun. :3
As always feel free to leave a comment and tell me what you think.
