Summary

Set years after the fall of Horde Prime, Adora and Catra's relationship has grown to something neither of them could ever have imagined. Recently they have been busy with meetings and committees and just want a few moments alone to connect. They are able to find a peaceful moment together, but will they be able to relax?

(Basically my first attempt at writing a fluffy, smutty Catradora fic.)

Notes

I got the inspiration for this from a couple of Ansdrela's drawings.

Chapter Summary

Catra and Adora find time to connect in their favorite spot

Chapter Notes

This chapter has been updated to fix grammatical errors, flow, and other technical issues.

Adora finally finished her day. Which was nothing but meetings and planning for the new Alliance Committee which will include leaders from every town across Etheria. A new Committee where everyone can come together in a shared space and have a voice in Etheria's future. It was Glimmer's idea, and it was a good one. Unfortunately, It was just proving to be much more complicated than once thought. Even the Princess Alliance was easier to get started, and they had to travel all over Etheria to convince and beg the other Princesses to join. But trying to show leaders from all over the planet the importance of attending a monthly meeting? Yeah, that was not easy.

Life isn't easy. It never had been for Adora in the least; why would it be now? All she wanted was a quiet night with her love and to fall asleep early. She couldn't remember the last time she had more than a moment alone with Catra. Maybe they could take a relaxing bath together. She knew that would be good for the both of them, and gosh, did it sound nice.

She walked into their room and called out, "Hey Catra?" There was no reply. This was unusual as Catra usually finished her Alliance tasks and meetings earlier than Adora did. But the room looked exactly how they left it in the morning before they said their goodbyes and went to their respective meetings. Walking to the bathroom she asked, "Honey, are you in here?" The bathroom was also empty. She made her way past the waterfall, and no cats were sighted swimming in the calming water. Melog was

nowhere to be found either. That really meant that Catra was not here.

If she was going to look for Catra, she was going to do it comfortably. Was it too early to change into bedclothes? Never. Making her way past the bed to the armoire, she picked out a comfortable pair of pajama bottoms. Tossing them on the bed, she started to take off her belt and jacket to place on the desk. She knew Catra hated that she kept her jacket and belt on the desk, but it was a habit that she couldn't break since the first day she stayed at Brightmoon. She didn't have to neatly lay her clothes out or follow any strict rules anymore. She could leave her clothes the way she wanted to, and it felt empowering.

She hoped that one-day Catra could get to that point too. But, she knew that Catra needed to have some sense of control in her life since she had lived for so long without any. And if that meant that she organized her clothes, then that was just fine. Adora had noticed that Catra would find little ways to test the reality that she was out of the grasp of the many rulers who took her autonomy away. Sometimes being late to a meeting was Catra's way to control her level of engagement. Glimmer would often be upset, but knew the importance of Catra's tardiness to her liberation.

Setting her jacket and belt down, Adora's eyes were drawn to a folded piece of paper that lay intentionally on the middle of the desk. Everything else was cleared off around it, which was unusual because there were always a stack of plans and forms to review. The note simply said:

Come to our place ♥

Sometimes Adora wondered how they were so connected. There had been so many times that Adora was thinking about something, and Catra had a question or comment about that very

topic. It was hard to deny their connection. Whether it was from growing up together or because they were soulmates, whatever it was, she was thankful. Catra's hand writing had always been neat and easy to read, which in a way made sense. She was able to control that.

Heading out of their room, she walked toward the little nook they frequently decompressed in. She wondered what Catra had in store for them. Adora had not had time to even look out of a window today, let alone enjoy the nice weather Brightmoon had been having. She hoped they would be able to enjoy it a bit tonight, maybe a walk in the gardens.

As she arrived at their spot, she stopped for a second to take in the silence that was common in this part of the palace. This is why they enjoyed this little nook, they could get away from everyone else while also being in a familiar, safe place. This area of the palace was generally only used when the Princess Alliance Annual meeting was scheduled. It lasted an entire week, and every Princess stayed at Brightmoon in this wing of the palace. They didn't care much for the week because it was hard for them to get time alone with each other and the formal dinners and ceremonies were a bore. But damn, did they look good all dressed up. They had been known in years past to sneak off for a quick make-out session between meetings. But, Glimmer caught them one year and put them on speaker support to make sure they stayed at the event. When the event ended, they were too tired to change clothes by the time they got back to their room, let alone have sex.

When she turned the corner, she saw Catra looking out the window, and Melog curled up under the windowsill. Catra's tail was casually swinging behind her. One of her ears twitched before she held her hands up for a full-body stretch.

"Hey Catra"

"Hey Adora," She looked back with the sweetest smile Adora had ever seen.

"What are you doing, honey?" She walked toward the woman in the window.

"I thought it would be nice for us to watch the sunset together. It has been such a busy day for us both, and we haven't had much time together this week. How does that sound?" She met Adora halfway and put her arms around her neck, and gently kissed her.

"I've missed you."

Adora cupped Catra's face. "I've missed you too." She pulled their foreheads together.

They stood next to each other, looking out at the landscape. Birds were flying out of the Whispering Woods in the distance, the water was calm below the palace, and a light breeze brought the scent of blooming flowers to their little getaway. Catra's tail lay lazily on Adora's shoulder, and her head resting on the other.

"How was your day? I heard that the expanded Alliance is off to a *rough* start." Catra turned to Adora.

"Yeah, it's been a challenge. I'm glad Scorpia has been heading it. She has a way of keeping folks on task and positive. I'm sure it helps that Perfuma is next to her polishing her exoskeleton." Adora shrugged.

They laughed, and Adora moved to kiss Catra's temple.

"I love you."

"I love you too."

After the fall of Horde Prime, Catra had made it her mission to help Adora take care of herself and deal with the guilt that motivated her every move. It had been a long bumpy journey, but with the help of basically everyone in Perfuma's kingdom, they had made decent progress. Although she would never admit it, she was focusing on Adora to help alleviate her feelings of guilt and avoid dealing with some of her issues head on. To her credit,

she had made the first move to restore many damaged relationships.

"Yeah, trying to convince the leaders of each town to join the Alliance and attend monthly meetings has proven to be almost impossible. They just want She-Ra to come to their aid when something goes wrong. We are *trying* to change that. She-Ra can't be everywhere, and people have to learn how to protect and rebuild themselves. Our new focus has been empowering rather than saving." She said as she traced her finger on Catra's shoulder.

Adora was lost in thought as she continued to trace along Catra's clothing line, "W-What about you? How was your day?"

"Oh, we are trying to figure out how to expand the aqueducts in the Crimson Waste. There has been way too much expansion too quickly in the last few years, and they are having a hard time keeping the place hydrated. I think we have narrowed down a general plan and location, but Huntara has been having a difficult time with the gangs. What was left of the Horde split off between the Crimson Waste and The Fright Zone. We can't just send an army in to take them out. We have to support Huntara in uniting the Waste. And with half of it being clones, it has been a challenge, to say the least. "

Catra sighed and looked down at her hands. "I feel like I'm doing things that are helping people, Adora. They trust *me* to help them. It feels... *good* ." Her voice softened.

Adora looked at her for a moment before tucking a loose strand of hair behind her ear and taking her hand. "I can only imagine how good that feels for you. I'm so happy that you have found a role that you feel connected to, honey."

"Me too," she adjusted to move her arms around Adora's waist.

"I've always believed that I was just destined to feel alone. And I know a lot of that was because of how I treated people. I don't

deny that. It just feels nice to make a difference and help people rather than hurting them."

Adora reached over and kissed Catra's temple and ear. "I know how hard it's been for you to come to terms with that. I hope that you have felt supported, honey. We all love you and are glad to have you. "

"Thank you" She nuzzled closer to Adora, feeling how loved she was.

Adora felt thankful when Catra opened up about her feelings, it has been a long journey, and they were in a good place. A *really* good place. Emotional expression around the rest of the Alliance was still a bit of a challenge. But, she was working on it and making progress. The weekly therapy sessions and having Melog there for support most definitely helped.

They stood there for a while, enjoying the sunset until only a sliver of light remained over the mountains. Their small talk and light conversation melted into shoulder rubs and smooches. Melog got up from their resting place and quietly walked out of the room.

Catra unlocked her arms from Adora's waist and took a step back to slip behind her.

"Hey, Princess…" She moved the blonde ponytail to the side and kissed the nape of her neck. "There is one..." She placed soft kisses up Adora's neck. "...thing" She lightly kissed her ear "...that would help us relax even more".

Adora took a quick breath and turned her head toward Catra. "What did you have in mind?" She grinned.

Catra's hands trailed up Adora's torso, cupping her breasts. She whispered in Adora's ear, "I want to take care of you."

"Mmm, I like this idea." Adora moved her head back, resting it on Catra's shoulder, allowing her to continue to explore her body.

It had been a few days since they last were able to experience each other, as the onslaught of meetings was far worse than she realized. She was thankful that even during stressful times, they managed to prioritize alone time together. Even if it was quick, they keep the connection strong.

With that, Catra allowed her hands to explore Adora's body. Her fingers were trickling up and down her sides, moving under her shirt and bra. Adora inhaled sharply when Catra's hands lifted the intimate fabric. Feeling hands palm her breasts and delicately circle each nipple with a finger.

Adora let out a soft moan in response to Catra's efforts.

"How does that feel?" As she worked her hands down Adora's torso, feeling the swell of each muscle before reaching the hem of her pants.

"You always feel *so* good." She turned around and pulled Catra closer, lingering above her lips before softly kissing her. Their kisses remained sweet and slow; Adora switched their positions, pushing Catra into the windowsill. She looked down at Catra while moving her thigh between her legs.

Catrs bit her lower lip as the muscular thigh put pressure on her center. Catra parted Adora's lips with her tongue and pushed their mouths together. The heat was rising within her.

Their breaths were increasingly labored as they pushed and pulled into each other. Catra stopped for a moment to lower herself on Adora's thigh, wanting to increase the pressure on her core, moisture was building with each movement of her hips. "Mmm." She loved the way that Adora's muscles felt and this was one of her favorite activities.

She stopped her gyrations and moved from Adora for a moment to catch her breath. "Adora…" She just realized how easily Adora could distract her from her plans. She was conflicted, should she

keep riding Adora's thigh and find her release, or should she bring Adora to her peak like she so desperately wanted?

Catra locked eyes with her love, "Oh no, Princess. This is not how this is gonna go. Turn around." She smirked.

Adora whined, "Catra..."

"Awwww, is the princess frustrated?"

With a grunt, Adora turned around. Knowing that whatever Catra had in store would leave her breathless. Pushing her ass back into Catra, the woman grabbed her hips and rocked in sync with her. "Mmm...such a tease."

Catra moved Adora away from her to jump up to sit on the windowsill, she then pulled Adora back and rested her chin on her shoulder. She finished by wrapping her legs around the blonde. "Now, I wonder if I should even *let* you come?" she breathed as she moved her hands to the band of Adora's pants, dragging her finger under the material.

Adora whimpered at the question.

She loved when Catra denied her. Not knowing if she would be allowed release was quite the turn-on for the warrior. It usually meant that when she *could* come, the orgasm was much more intense.

Leaning back on her perched lover, "Please let me. It's been days!" She pouted.

Catra's hand slipped under Adora's underwear, dragging her finger gingerly up her slit.

"Mmmm, look, who's already wet…" She moaned in Adora's ear. Catra knew what this would do to Adora, and she knew what it did to her. The feeling of Adora's slick drove her wild. She was always keenly aware of Adora's arousal, thanks to her heightened sense of smell. She wouldn't lie and say it had not thrown her off

in the meetings they had been in together or that it wasn't making things difficult now.

Adora moved her hips to meet Catra's fingers, wanting so much more pressure than what she was getting. Her breathing was ragged, but she knew the more she begged and pushed to be touched, the longer she would be teased. She couldn't help it, she wanted to be touched the way only Catra knew how.

Continuing her light touches, Catra had a choice to make-would she tease her until she was a begging, desperate mess? Or would she bring her over the edge quickly, over and over?

She parted Adora's folds and began slowly circling her clit.

Adora loudly moaned," Catra..."

Catra's fingers maintained their movements as Adora slapped a hand over her mouth, attempting to mellow her moans.

"Princess, if you keep making that much noise, someone will interrupt us, and you won't be able to come. " Her tail wrapped itself around Adora's waist.

Adora nodded and tried to keep her composure.

Letting her fingers slip down to Adora's opening, she only allowed them to dip slightly in, then work back up to her clit with tight circles.

She repeated this a few times until Adora whimpered, "Please, Catra...please..."

She moved her free hand up to Adora's chest, holding her up as her fingers quicken their pace. Adora was having a hard time keeping quiet. The quick strokes on her clit were bringing her closer and closer to the edge.

"Wait...I don't...want to come...this fast," she tried to keep her voice low as she rolled her hips in motion with Catra's

ministrations. It felt so good, she wanted to feel Catra's fingers forever, but her orgasm was building much quicker than she expected.

"You don't wanna come, Princess? Then I guess you'll have to make sure you don't." Catra's fingers increased their speed and pressure, knowing that Adora wouldn't be able to hold out much longer. Catra was having a hard time not moaning, seeing Adora so desperate. She could feel how wet she'd become simply by pleasing Adora. The woman below her closed her legs and moved her butt back, trying to hold off the building orgasm. But she couldn't, Catra's fingers knew precisely how to bring her over the edge.

Adora was practically panting as her climax spread through her. "Mmm…. I'm com-m...oh… I'm coming..." Her hand tightly grabbed Catra's thigh as she came. The intensity of her orgasm moving through her body as she struggled to stay standing. She rode out the aftershocks as Catra's claws dug into her chest imperceptibly. Catra had been with Adora long enough to know exactly how to touch her as she finished.

"Catra…" As she regained some sense of reality, her breathing came back to normal.

Catra gently nudged Adora forward as she jumped off the sill. Switching their positions. "How are you doing, Princess?"

"That was so hot and felt so damn good."

"I knew you'd like that. Are you ready for more? Because we're not done yet." She smiled as she dragged her claws down Adora's sides, lowering herself to her knees. She hoped that Adora wasn't attached to that particular shirt, as there wasn't much left of it.

Adora stood there watching what her partner was doing and moaned, "Please."

Catra looked at her blue-grey eyes while she hooked her fingers in her waistband. In smooth motion, Catra slid Adora's pants and

underwear down.

Adora gasped at the chill air meeting her exposed skin.

Catra wasted no time trailing soft kisses up Adora's thighs, tasting the slick that was left from her release. She ran her hands up the backs of her legs to cup Adora's muscular ass. Oh how Catra loved Adora's ass. She continued her light touches across Adora's body by dragging her claws down to Adora's calves while getting closer to Adora's waiting center with her kisses. The way Adora was moving under her was intoxicating.

Adora moaned at all of the different sensations. Her breathing was ragged again as Catra's tongue traced her outer lips, not breaking eye contact.

"Are you ready?" Catra hummed.

Adora whimpered as she nodded. "Yes, please."

"Mmmm..." she moaned before parting the soft folds in front of her mouth and quickly swiping her tongue up. Adora shuttered at the touch, grabbing the window sill to keep standing. She was still so sensitive from her orgasm, and Catra was going to use that to bring her over the edge again.

Catra flattened her soft tongue and licked up Adora's slit, focusing her attention on that needy little clit. Only moving away to tease her entrance, which frustrated Adora even more.

"Oh please, I want you inside." She rocked her hips against Catra's tongue, watching every stroke.

"I love when you beg," She increased her speed to provide Adora with some sort of relief. She pulled her face away to lick two of her fingers before placing her tongue back on the sensitive nub and slid her fingers inside.

Adora threw her head back and rocked down on Catra's fingers, knowing she wasn't going to last very much longer. "... Don't

stop... don't stop…"

"Come for me, baby," she pumped her fingers with more fervor.

Adora's knees buckled as another orgasm surged through her. Her slick walls tightened around Catra’s fingers. Catra quickly wrapped her free arm around Adora's thighs to help keep her up as she came down from the high of her release.

"Catra...wow…" Covering her face with her hand.

'Hold yourself up, Princess,"

But she couldn't. Her legs felt like jelly. Adora sank to the floor next to Catra, grabbing on to her while she calmed down.

Catra ran her hands through the blonde's messy hair as they sat there together. "How are you doing?" Catra said as she lifted Adora's chin.

"I'm so good. I feel so relaxed. Can we just sit here for a few more minutes?" she nestled her head between Catra's chin and neck.

"Of course, honey."

“Thank you.”

Several moments passed before Adora lifted her head and ran her hand through her hair. They both stood up, Adora trying to get herself together. Catra on the other hand had other plans and started toward the door, turning long enough to smirk at Adora. "It looks like you may need a minute to compose yourself." She wiped the corner of her mouth with her thumb and winked, her tail casually waved behind her. "See you soon, Princess" She left the room.

Your Turn.

Chapter Summary

Catra is going to get the teasing of a lifetime.

Chapter Notes

Well gosh, I sure do love this chapter!

Adora stood in the middle of the room and watched as Catra casually walked out. Surprised by Catra's nonchalant exit after the fucking she just gave her. *Oh, Catra, you have not experienced the amount of teasing you are about to.* She finished dressing and took a deep breath before she walked out of the nook. With the state that her clothes were in, it was evident that she had not been alone.

Catra thought about what delicious things Adora would do to her as she made her way back to their room. With what just transpired, she knew she was in for one hell of a night. A surge of arousal spread through her just thinking about it. Being a brat always paid off with Adora.

When Catra arrived in their room, she walked over to the armoire to toss her clothes in the laundry basket. She noticed Adora's jacket and belt lying on the desk. After getting undressed, save for her underclothes, she hung the jacket and belt up for Adora. She rubbed the fabric of the ugly red garment that had brought her so much joy and pain. You would think, after a lifetime of

intense training and strict rules, that Adora wouldn't be so messy. But, it was her way to push back after leaving The Horde. It was tame compared to what some of the others had done to cope.

She walked over to the bed and jumped on, adjusting herself to wait for Adora's eventual entrance. After she fixed her underclothes, she took a deep breath. She didn't want to wait fully naked and seem desperate; otherwise, Adora may not give her the release she wanted. And, honestly, she was unsure if Adora would give her what she wanted regardless.

The recognizable sound of their bedroom door opening excited Catra. She moved her head onto her hand, propping herself on her elbow. "Hey, princess, how are you doing?" She said with a smug grin.

Adora walked toward the bed and looked down at Catra, with fire in her eyes. She did not speak, only scanned the woman who left her breathless moments ago. Catra was thrown back by Adora's demeanor, her eyes widened, and any sense of control she thought she had quickly disappeared. Her tail curled around her waist.

Not wasting any time, she stepped over to the bed and gently pushed Catra's shoulder down. Catra's ears lowered as she looked up at Adora. Her cheeks warm as she watched her partner move her legs over her hips to straddle her. She cupped Catra's face and leaned down to kiss her, then moved their foreheads together. Adora always had a way to make her feel loved.

"I'm doing very well after you took such *good* care of me. I want to take care of you now. Is that okay?"

Her ears stood up, and she nodded. "Yes, I want you to."

Adora moved her hands up Catra's torso and lifted her top, exposing her breasts. While she kept eye contact with Catra, she moved her hands over the brunette's chest, circling her erect

nipple lightly with a finger. Catra arched her back into the motion, moaning. "Adora…"

Touching Adora had already almost sent Catra over the edge; she wouldn't be surprised if her shorts were soaked through. She loved how Adora's hands felt on her body, touching every sensitive area and fueling the heat burning in her core.

Adora replaced her hands with her mouth on Catra's chest. She gently sucked and licked the waiting nubs. Catra clawed at Adora's back as a surge of pleasure fanned through her. Adora knew from the sounds Catra was making and the claws digging in her back that Catra could come quickly. But, she hadn't decided if she was even going to let Catra come at all.

She ran her fingers along Catra's torso down to the band of her shorts. Lightly dragging her finger along the hem. "Let's see how wet you are." Moving her butt lower on Catra's thighs, she pulled down the front of Catra's shorts just enough to see her glistening lips. Adora couldn't help but moan at the sight. Her mouth watered, thinking about how the folds would taste and feel in her mouth. Looking up at Catra with a smirk. She slid her hand over the slick lips; she wasn't expecting exactly how dripping Catra was; she bit her lip "oh...you are *really* wet."

Catra inhaled sharply as Adora's fingers teased her lips but did not give her the pressure she wanted. She moved her hips to create more contact on the strong hand. Adora slowly shook her head and pulled her hand away. "Not yet."

Catra groaned.

She brought her fingers to her nose, taking a deep breath, Catra's intoxicating scent filling her. "Mmmm." she sighed. Catra did not expect Adora to do that; she felt her cheeks warm. Adora wouldn't admit it, but sometimes after they had morning sex before their respective daily meetings, she would delight in knowing that she could smell Catra on her fingers anytime she wanted.

Adora stood up from the bed, turned away from Catra, and removed her shirt, well, what was left of it, and her pants. Turning around, she saw that Catra had changed her position and was on her side watching Adora's little display. She looked at Catra and lifted her bra off, and slowly lowered her underwear. She stood naked in front of Catra, watching the woman on the bed taking in every inch of her muscular body.

Adora casually walked to the side of the bed, climbed on, and slipped behind Catra. Her ears moved back while looking at Adora. She didn't know what was coming next. Adora had surprised her thus far.

She felt strong hands move over her hips and pull them into the body behind her. Adora grinded herself into Catra's ass, kissing her neck and biting her shoulder. Catra clawed at the bed, lavishing in the feeling of Adora's mouth and the pressure on her ass. Adora moved her hand over Catra's hips and sides, stopping to make brief circles over her stomach muscles.

Catra tensed as fingers moved over her stomach. She felt soft hands trickle up her torso, circling her breasts but very noticeably avoiding her sensitive nipples. Needing more contact, she pushed her ass into Adora. "Please"

An audible smirk left Adora's mouth. "Are you frustrated, honey?" As she rolled Catra's nipples between her thumb and finger. Catra gasped at the pressure and whimpered as Adora continued to grind her pelvis into her ass. Catra's tail wrapped around Adora's waist.

It was already too much. Catra needed to be touched; she needed to come. Usually, by this time during sex, she would have had multiple orgasms. But, the game that Adora was playing was drawing it out much longer than she anticipated.

Adora slid her hand gracefully under Catra's shorts, instantly parting the wet lips and making contact with Catra's clit. She cried out at the touch, not expecting it so quickly. Adora continued to

make slow circles, only stopping to slip her fingers' tips into Catra, providing little relief.

"T-That's not...fair…" Catra could sense Adora's smile and amused chuckle as she continued to tease her. Focusing on her clit with more fever, Catra scratched at the bed as her climax was quickly building. "Please don't stop."

With that, Adora slowed down and then stopped, which made the desperate woman whimper and groan. "Adoraaa!"

"Lay on your belly," Adora asked as she lightly pushed on Catra's shoulder. Catra moved onto her stomach and held her arms close to her face. "Can I take my shirt off?"

"No."

Adora slipped Catra's shorts off, making sure to gently remove her tail from the garment, and moved her legs over Catra's thighs. Catra looked back to watch what she was doing; her tail waved curiously slowly in the air.

She dragged her nails over the bare cheeks below her, running the back of her hand gently over the expecting ass. She softly grabbed Catra's tail and pulled her hand slowly over the entire length of the appendage. Using her thumbs, she parted the moist folds to enjoy the view briefly. Then moved her hand between the waiting thighs below her, running her fingers along with the slick. "Such a waste of all this wetness."

"Then why don't you just fuck me already." Catra said in a huff.

"Is that what you want? My fingers? Do you want me to fill you?"

"Yes! What else do…" Adora slid two fingers in.

Catra moaned loudly and grabbed the sheets. "Oh fuck."

Her fingers started pumping quickly inside the now groaning woman.

"D-deeper….please, I need…" Adora obliged, filling Catra with the full length of her fingers.

"Oh, please don't stop... I'm so fucking close."

She pulled her fingers out.

"Adora! Please!" She Whimpered and pushed her face into the sheets, loudly grunting.

She pulled Catra's hips up with one arm while pushing her head down with the other, then moved behind to enjoy the position. "Mmmm, you look so good like this." She kissed each cheek and Catra's slit. Parting the folds with her tongue, she licked her needy little clit until Catra's moans became pants, and she stopped.

She didn't know how much more of Adora's teasing she could handle. She was past the point of need; she was *desperate.* Every way Adora has touched her has been exquisite. All she wanted at this point was to release the tension. *Please.*

Adora bent forward and whispered in Catra's ear, "for the honor of Grayskull," and with a flash of light, She-Ra appeared behind Catra. She would never admit it, but those words had taken on a whole new meaning in the last few years. It was not easy to be comfortable with Adora also being her long-time enemy, but it had been such a healing experience for the pair. The few times that She-Ra made an appearance during sex had been incredible.

She ran her fingers gingerly over Catra's back. "How are you doing?"

"Please let me come."

"Awww, so desperate for me."

She brought two fingers to her mouth and licked them before running them along the waiting slit in front of her. She slid her fingers slowly inside as Catra pushed her hips back to feel all of She-Ra's thick fingers.

All she could do was moan. Words were not something that existed anymore for Catra.

She-Ra didn't move her fingers out; they stayed motionless inside, feeling Catra's walls move around her. She grabbed Catra's hips to stop her movements. With that, She-Ra lightly started to curl her fingers, giving Catra the stimulation she desperately needed.

"...please…"

She withdrew her fingers and slowly slid them back in, curling her fingers only as she vacated the opening.

She increased her speed, allowing Catra to ride her fingers for a few moments, then she slowed, pulled her fingers out, and reentered with a third finger. She-Ra's fingers were not small by any means. The stretch was exhilarating to Catra; she could barely hold back; she rocked against the fingers pumping inside her. "Oh...just like that…nnngggahhh..." Arching her back and wrapping her tail around She-Ra's forearm. Her claws dug into the bed as the thick digits filled her. Adora pulled out, leaving the woman frustrated and empty below her.

"Adora...please. I can't wait any longer."

Catra hoped that what came next would allow her release. She loved when She-Ra fucked her, leaving her breathless below the hero as she relentlessly pumped into her.

"Please…" whined Catra, not wanting to wait any longer. This was the game they played, the game they loved. She wanted, *needed* , to come. And thinking about all the things that She-Ra could do to her made her even more desperate.

Finally, learning how to harness the magic of Etheria, She-Ra was able to create things at will. Her favorite thing to materialize was a nice strap that she could use to bring Catra to an inarticulate mess. She-Ra licked her fingers before adding the extra lubrication to the tip of the strap that had just appeared, hearing

the desperation in Catra's voice made it hard to deny her any longer. "Are you ready?"

"Yes, please," pushing back on She-Ra.

She-Ra placed her hands on the waiting woman's hip; she gently rested the tip at Catra's opening. Catra pushed back and started to take the length slowly. It easily slipped into her. She-Ra slowly pulled out and reentered with the same speed. She knew Catra could take this size without any issue, but she wanted her to feel every inch.

Catra's moans intensified as she was slowly filled with each thrust. She clawed at the bed, trying to gain purchase as she pushed back on She-Ra. "H-Harder…" she grunted. She-Ra obliged.

She grabbed Catra's top tightly and threw herself into the moaning woman.

It was almost too much. She was so sensitive after being teased for so long; each entry brought her closer and closer to climax. She-Ra's stamina was unmatched, and she could keep up with Catra's needs. And she *needed* She-Ra right now.

Between pants and moans, Catra begged, "Can...I?"

She-Ra panted, "Come for me."

Catra relaxed her muscles and allowed She-Ra to take her fully. It only took a few thrusts before she was taken completely over the edge. "Adoraaaaa!" She pushed back into She-Ra, taking everything she was giving.

She-Ra slowed her movements to help her partner ride out her orgasm. She finally slowed to a halt and started to pull out.

"Adora, wait! Too...sensitive...please just wait," she curled her shoulder under her.

"Okay, baby...just tell me when."

She-Ra gently ran her hands over Catra's body as she calmed down. Her breathing became regular, and she quietly spoke, "Okay."

A slow movement of her hips, and she withdrew from Catra. A groan escaped her as she was left empty once again.

A bright light flashed, and Adora laid next to Catra, holding her and kissing her shoulder.

"I love you."

"...I love...you too," As she lay there basking in the post-orgasm bliss. Adora moved closer to Catra, laying her head on her shoulders and lightly running her hands over her back.

After a few moments, Catra moved a bit to turn over to cuddle with Adora properly. The steady sound of a purr filled the space between them.

"All I can say is...wow." She looked into Adora's eyes.

Adora giggled. "Does that mean you liked it then?"

"Oh, very much. I would *really* like to do that again."

Adora Smiled. "I think I can honor that request."

Catra pulled Adora in tighter. "What do we tell everyone when I have a hard time walking tomorrow?"

Adora lifted her head to the sounds of Glimmer and other voices passing outside their room.

"Honey, I think they already know." She placed one last kiss on Catra's cheek before they both drifted off to sleep.

Chapter End Notes

Sometimes I want to just delete this fic, but I know it's good to see where I started and how I've improved. For a first fic with no experience with writing fiction, it isn't terrible. haha. I hope that I can continue to improve.
