You the One Fish in the Sea

by Yourmomsfav7

Summary

Adora's hot, Catra too. they meet, they bang.

Notes

it's my first fic and I'm not from an English speaking country so be kind please :)

anyway, this will be pure filth, be prepared.

Chapter 1

“Adora, I swear to God, if you don’t get out right now…”

“Just one thing and I’m good, I promise Glim.”

“What are you even doing?” Glimmer said while trying to enter the bathroom in which Adora had been stuck in for the past hour. “You literally wear a different version of the exact same outfit every time we go out. FBI, open up! Why did you even lock the door?”

“ No I do *not* , thank you very much,” she disagreed, letting her friend enter.

“My fucking ass-”

“Language, babe!” was heard coming from the kitchen.

“Sorry, Bow!” she yelled back then turned back to the other woman in the bathroom. “But for real bro, you need to innovate, the lumberjack lesbian has made her time." Glimmer said while looking disapprovingly at her flannel x blue jeans x Timberland combo. Yes it wasn't the most stylish outfit out there, but it got the job done.

"But I like it," she contested, dragging the 'like'.

"I know," Glimmer affirmed, the words filled with…pity ? "You have so much lesbian thirst trap potential, it hurts to see you dress like that. I'm hurting, can't you see that ? Please, please, I'm begging you" a pause, certainly for dramatic purposes. "Let me do a *Clueless* makeover, it's what the universe intended when making us friends," she pleaded, her hands in a praying like position in front of Adora.

"...A what ?"

"YOU DON'T- no. I'm not even- let's just not."

Silence filled the room, Adora wondered if she should say something since her question seemed to have deeply offended Glimmer, but she knew better.

"OK so," her friend began, after taking a minute to rethink their whole friendship. "Makeover, yeah ?"

No definitely wasn't an option. "...Sure?" It wasn't supposed to sound like a question but it probably did.

"You are so fucking lucky I love you," she muttered.

☆

20 minutes later, the 3 friends were all inside an uber. 15 more and they finally arrived at their destination : *Milk* , a new club that just opened in the city and that Glimmer 'absolutely needed to checkout' .

Apparently, the shorter woman knew 'someone' , so the bouncer let them in without having to go through the long line of waiting people trying to get in.

The smell of alcohol mixed with sweat filled their nose when they entered and very loud R'nB blasting through various speakers made Adora momentarily lose her hearing, she was pretty sure.

They all followed Glimmer's "drinks first" protocol and went straight for the bar. Well, as straight as possible with how ridiculously packed the club was.

When everyone was 2 shots down, they went to the dance floor and the night truly began.

☆

"Oh my God, I'm a fucking genius !"

Not hearing anything over the noise around them, Bow and Adora yelled, "WHAT?!"

"I'M A FUCKING GENIUS" Glimmer screamed, slightly maniac, then pointed to various places on the dance floor, by the bar or on tables where different women were looking at them.

“What happened ?” Adora said into her ear, confusion clear in her tone.

“I,” was all she proudly responded, looking at the ceiling for some reason.

“THEY’RE CHECKING YOU OUT, ADORA” Bow screamed.

“I knew there was potential with what you have going on. Fuck, I’m so GREAT!”

Adora had to agree, the sleeveless crop top highlighted her toned arms and sculpted midriff really well. so much that she had to take a few minutes to flex in the mirror before they left her home.

“LANGUAGE, HONEY!” her boyfriend yelled while dancing. Glimmer just squished herself to him so they moved together then kissed one of his shoulder blades.

When Adora looked around again she caught a few smiles and appreciative glances directed at her. She loved having the effort she put into her body acknowledged, and some of those women were like, *way* out of her league, but she didn’t feel like bringing anyone home tonight.

Feeling a little tired of the constant dancing, Adora asked her friends if they wanted something to drink, and after the clear ‘NO, THANKS!’ she got back, the blonde woman left for the bar.

She asked for a beer, when she got close to the barmaid and patiently waited for it. Looking around, Adora was suddenly hit with the sheer powerfulness of the gaze she was met with. She might have questioned if you could qualify what she was feeling as the Sublime since it wasn’t really from nature, but her brain just stopped working for a moment right there.

“Your beer, Blondie,” violently interrupted her not-thoughts, and she turned back to the pinkette serving. After taking her drink and saying a hurried ‘thank you’, she searched for the most piercing, beautiful eyes she ever had the chance to come across, but didn’t find them. With a pout, she took one of the two seats that had just liberated next to her and a swing of her beverage.

Someone sat next to her. “What the fuck are you looking so sad for ?” she heard right after, from a gorgeous voice.

Surprised, she looked up from the counter then right to the newcomer, and saw those bright heterochromic eyes again. “Huhhh…” was all she managed to spit out. The woman was even more splendid from up close : her defined brown curls fell a bit past her ears, a sharp fang poked from soft looking pink lips, and the tight, *tight* black jeans she was wearing coupled with a bralette partially hidden by her leather jacket accentuated the curves of her lithe frame.

“Hellooo,” the literal goddess said, snapping her fingers in front of Adora’s face. “I swear, I always go for the strange ones,” she complained to herself ? maybe ?

When the faculty of speech came back to Adora, she stammered, “Umm… HI ? uh oh didn’t mean to scream sorry, didn’t register the music was less loud here. Ha! umm… so- yeah I’m not sad I was just… thinking! Yeah! that's what was happening.” Nothing could illustrate how embarrassed she felt right now, words were just spilling out of her mouth.

“Real smooth, Princess. Yeah, ‘thinking’ seems like something you do often. Try being more discreet when checking a girl out next time at least”. Then smirked, fangs on full display.

“I wasn’t- well I was, huh, sorry?” Shock and horror was all Adora felt.

Mystery Woman looked her up and down with a noticeable pose when she reached her belly. She came back to her face with her eyes dark. “ It’s alright I guess, you’re better than some old creep, for sure. Wanna dance ?”

Scared she’d make an even bigger fool of herself, Adora simply nodded, eyes wide.

Then, Mystery Woman got up and went to the dancefloor, she turned to the blonde and said “ you comin’ or what ?” with a wicked smile. Adora had no choice but to oblige and follow her.

☆

They’ve been dancing for approximately fifteen minutes, you could even say full on grinding since Mystery Woman got bored of Adora just standing awkwardly next to her, and decided to take

matter into her own hands by turning around, pressing torso against back and grabbing her hands and putting them around her waist. After that, the blonde's body and mind finally agreed to cooperate when she realized that what was happening was real.

The lithe woman moved in a sensual and controlled manner that made Adora's heart violently thump against her sternum. When enough courage was summoned, she pressed closer to the warm body in front of her by letting her head fall on her shoulder, and lightly kissing her neck. "Fucking finally" she heard through the loud latino song that her companion for the night mouthed the lyrics of a couple minutes ago. Mystery Woman then turned and took her by the collar to have their mouths violently clash against one another.

Her lips are indeed very soft, and a faint contact with one of her fangs nearly made her faint. Adora grabbed her hair trying to control the furious rhythm. A whine escaped Mystery Woman's lips, who quickly let Adora guide their make out. The blonde brushed her tongue on her bottom lip, then entered the brunette's mouth when she opened it.

By pulling a little the hair she earlier grabbed, Adora stopped their kiss and the movement was followed by a moan from the smaller woman. They were both gasping for air, and Mystery Woman's beautiful irises got almost wiped out by her expanding pupils. With a hoarse voice, Adora managed, "let's get out ?", right into her ear.

Chapter 2

Chapter Summary

They fuck part.

Chapter Notes

The moment has finally arrived.

This chapter is probably written way better that the first, because I was really excited to post it and didn't take time to make it a great incipit.

Hope you enjoy!

After they managed to get past the horde of drunks and the exit, Adora placed her hands on Mystery Woman’s hips and backed her onto a wall. Their eyes met and for a moment and everything went silent, it was just them. She really wasn’t planning on doing anything tonight but she knew she’d regret it her whole life if she left the club without her. The woman in front of her broke the tension and kissed her in that same hurried way she did earlier.

Adora pulled away, “wait, wait. What’s your name ?”

“Wanna know what you’ll be screaming tonight, huh ?” she grinned.

“You’ll be the one doing the screaming, babe,” someone said, and it was Adora apparently ?

Mystery Woman had a slight flush that made the freckles Adora just noticed stand out. “‘Babe’ ? getting bold, princess.”

“Well I don’t know your name, gotta go with what I see, I guess. You do call me ‘princess’ for some reason.”

“Catra. You ?”

She tried the name on her tongue, “Catra, pretty. I’m Adora.”

“Hey, Adora.” *Dear Lord, her voice !* “Mine’s close, wanna continue the night there ?”

“Yes.” She must’ve died saving the universe in her past life to have this good of a karma. “I just need to text my friends real quick.”

"Yeah, same. If I don't tell Scorp' I'm going, she'll contact the emergency and have helicopters and dogs searching for me everywhere."

"She must be a great friend."

Catra looked down, fond, "the best. Anyway, my car's this way."

Adora followed her while sending a message on the 'Best Friend Squad' group chat.

☆

"Kinks ?"

Catra brutally stopped the car at the same moment the greenlight in front of them turned red. Maybe she was an actual goddess. "What the fuck ?! I'm driving, dude !"

"Sorry," Adora said, rubbing the nape of her neck, "I just want you to have a good experience and communication is a must for that."

Catra looked at her suspiciously, searching for something, after finding it (or not ??) she looked back to the road. The flashlight turned green again, and she started the car's engine on. "Yeah,

sure, whatever, just wait for when we arrive, I'm not planning on meeting God tonight. Not by accident, at least."

That's a *really* high expectation Adora will try her hardest to meet.

☆

Adora placed wet kisses behind Catra's ear, which she seemed to *like* .

"I'm trynna focus, stop it," the brunette muttered, and after finally opening the door, she turned, grabbed the hem of Adora's top, pulled her through the threshold, then pinned her on the now closed door, and everything was done in a fluid, controlled way that made it all the more hotter.

After a big gulp, the blonde said "so…kinks ?" with hazy, big blue eyes directed to the hypnotic heterochromic ones in front of her.

"I like a hard top that'll put me into my place, okay," she voiced with a perfectly arched eyebrow.

"O-okay," the blonde responded. She felt a single drop of sweat running down her temple.

"Light chocking's great, degradation too but nothing dehumanizing," Catra said and Adora was suddenly mute, mouth opening and closing without a word, so she continued, "I also leave a *lot* of marks. What about yours ?"

"I- um I like to provide ? To put my partner first. Always. Really gets me going."

"Fuck. Okay," Adora looked at her, waiting for…something? "Kiss me, dumbass".

"Oh! Sure, sorry," she said eyes wide, Catra just looked at her with a small smile tugging the corners of her mouth.

Adora took a deep breath while looking at her lips. She bent down a bit and caught Catra's lips between hers. She moved slowly, appreciating how she felt against her, like her kiss awoke something that was sleeping for a long time. A tong traced her bottom lips and she granted it access without having to think twice about it.

Catra started to walk backwards to what she guessed was her room, but they bumped into furniture that was on the way and

Adora picked the beauty up bridal style so it would be easier and also just a little bit to flex.

"You're so corny," Catra teased, but she already had a hand on her biceps, feeling the muscle contract.

"Where's your room ?"

☆

Adora was caging the brunette with her arms who was on her back in the middle of the bed, hair disselved and piercing eyes hazy with bliss while the blonde kissed her way to her sternum. "Can I take it off ?" She said while nosing at the bralette that was keeping her from losing the remaining of her sanity, her jacket and Adora's crop top were already somewhere on the ground of her organized bedroom.

"Yes," Catra breathed, voice parched. She moved her hands from around Adora's arm to help her take it off. Once that was done Adora stopped breathing and just looked at her. She didn't know if it was just because she hadn't gotten any in a while, but this felt unusual.

Catra put her hands on the back of the blonde's head to get her to finally do something. And she instantly brought her mouth to Catra's left nipple and sucked. She busied one of her hands with the other nipple and heard a low moan from the brunette. She kept it going for a while, then took the other one with her mouth which was a good choice considering the small whine the other woman let out.

"Fuck, you're good." Another whine, then she pushed Adora's head again, directing her. But this time Adora took both her wrists and kept them firmly under Catra with one hand so she could get back to what she was doing.

It's only after whines turned into moans that she started moving down, leaving a trail of kisses until she reached her jeans waistband, then, she looked up in Catra's eyes, let her hands free, and unbuttoned her pants when she gave a slight nod of her head. Adora wondered how tight clothes could really be before you just had to buy others; this woman's pants seemed glued to her skin. After a good half minute of struggle another pair of hands came to help.

With the jeans down, she took a moment to look at the beauty under her. Her hands had migrated from under her back to beside her hips, grabbing at the sheets while Adora's moved up and down the woman's firm thighs. She had on really cute deep red panties that the blonde wanted to tear with her teeth.

Good Lord.

"Get to it already," Catra grunted.

"Yes, ma'am," parting the brunette’s thighs apart with a wide smile. She bent down and cut straight to the chase, lapping up her *hot* center through her underwear. Catra left a small squeal at that, pushing her head with her shin. All Adora's body followed, leaving her on her back. "Ow," she said dramatically.

Catra made quick work of getting up and bracketing her head with her legs. "That's what you get for being such a tease," she smirked, mayhem visible in her splendid eyes.

Adora couldn't resist it when it was *right there* , and just pushed the red panties to the side to lick, long and wide, through her wet folds. Catra moaned and lost her balance, so Adora, thanks to the inviter of weighted crunch, managed to press her to the bed, then her legs to her chest so she had easy access to the prettiest, most delicious vulva and 'got to it'.

☆

Adora moved her head from Catra's beautiful, plump, ass to talk, "you good ?"

"I've been worse I guess," she responded, breathing heavily. "Lemme a few minutes and we can go again."

"Take you time, babe."

"I will strangle you right now."

"I thought that was *your* thing."

☆

"Urgh! Why are you so heavy ? Get up, dude."

"Huh?" Adora murmured trying to understand why she had a groggy voice coming from under her.

"Move!"

She opened her eyes and got up from the hot skin she was laid across, to rub her eyes, then fondly looked at the wonderful woman she spent the night with.

"Finally, bro," Catra said and turned around so they were face to face. "You sleep so weird," but instead of the slight venom that was there before, she sounded more…distracted.

"Heyy," Adora said when she saw that the woman was looking at her nude, save her briefs, body. "Good sleep ?" She asked, knowing damn well the answer.

"I have no filter when I wake up so I'm just gonna say it and regret later," she took a deep breath. "I thought being so good that you put your partner into bed was a myth, you know ? Something straight girls say when they just got literally tired of the boring sex that they fell asleep. But I will seriously have to apologize to Jessica. Fuck, I never slept that well. I feel like I had an out of body experience after the 7 orgasm, and the ones that followed just blended into one big moment of extasic bliss."

"...the dumb ones pound the hardest," Adora cockily said. And bent back down on Catra, a leg parting both of the brunette’s open.

"You're so lucky I thought about the morning sex, you would have been kicked out the door, I swear," she claimed, though it had no bite to it.

"Yeah, I seriously doubt you could even get up right now if there was a billion dollars knocking at your door," she answered while working her way to Catra's drenched cunt waiting to be served. She got a broken whine and flushed cheeks when she got to it.

"Take the strap," she grunted while grabbing the wet and teared through sheets, the second casualty of Adora’s relentless energy next to the now damaged wall against her headboard.

"Do you have something to wash it first ? There's dried fluid all over it I'm sure."

"Yeah, last drawer, on your side, and stop smiling like that, you look stupid," she said with a blush that highlighted all her beautiful features *so well* .

"Hmhmm, I bet," she retorted, and bent to kiss Catra's forehead.

☆

Once the strap was firmly rested around her hips, Adora came back to the pretty woman and got between her pretty legs. She

paused and just starred at Catra, who was looking straight into her eyes with her piercing ones. The brunette put her hand on the nape of her neck to get Adora closer, and kissed her, nothing erratic like the other ones she initiated, it was slow and full of an unknown meaning. Adora had one arm next to Catra's head to hold herself while the other one started its descent onto the body of the goddess laying under her.

"You're beautiful," she exhaled moment before she pushed a finger, then quickly another one, into the brunette throbbing center. She just moaned in response and Adora kept going, not even getting her ready because it was *clearly not* needed, just enjoying herself. But she left that tight warm before Catra could get too close, and ligned the strap with her entrance.

"Stop dragging this out and just go the fuck-" she cut her sentence with a loud, lewd, moan caused by Adora thrusting to the hilt in one go.

"You were saying ?"

"Shut the -" another moan even more sexy than the precedent interrupted her again when the blonde sled out and back in like lightning. " I hate you! Keep going, please," Catra sobbed.

Well, that's a first. Throughout all their long, long night, she didn't even get close to muttering something vaguely reassembling begging.

So in response to that, Adora made the generous decision of giving it to her just the way she liked, and started a slow, hard pounding that got Catra's eyes rolling into her skull, her back arching and her nails tearing new holes into the destroyed sheets.

"Stars, you're so pretty like that, taking me so nicely. You love it, huh? having my cock inside you, me fucking you so good you can't say shit, just letting me take whatever I want, however I want," Adora grunted through her teeth, just letting out all the filthy things her brain came up with that had Catra voicing incomprehensible noises.

After a particularly powerful she thrust out of the brunette -who just uttered a high-pitched whine- turned her around, lifted her ass up in the hair and resumed to where she left off once she entered her. "Say how much you love it, having me pound so hard into your slutty cunt. Say it."

After deep breaths interrupted by deeper moans, Catra finally managed against the mattress, "I love having you pound so hard in - ah! - in my slutty cunt!"

"That's right you do, whore." Adora said. Sensing her close by the pussy juice dripping down her and making the noises that left her body increasingly sloppy. The blonde pressed herself onto Catra's back, passed her hands under the brunette’s armpits and reached her neck, now covered with blooming bruises, to circle them with her strong digits, then press, just enough for the show's third act to begin.

Catra slammed herself on the strap three final times, her body went rigid, then she let out a broken moan, and it started violently shaking for a moment, so Adora went slower to work her through it. Eventually, the brunette’s body just spread out, unmoving, under her.

After a few minutes Adora kissed behind Catra's ear and slowly pulled out. She got up, took off the strap and went back to where she found bottles of water in the kitchen yesterday.

She gave one to the brunette -more like put it in her eyeline, because she really wasn’t moving-, when she got back, inhaled the other and tried to find a part of the mattress that wasn't drenched to lay down.

Five minutes or so later, Catra began to show signs of life, and a couple more after, she took a big chunk of water. "I'm hungry," she said after putting it's cap back on and turning to Adora.

"You just wanna be filled all the time, huh ?"

"…where did the blubbering mess from last night go ?" Catra questioned, genuinely wondering.

"Fucked her away, I guess," Adora shrugged. "There's a really good brunch I know that's not far from here if you want ?"

"Do they make savory crêpes ?"

"Yup, and they have delicious pies."

"I'll oblige only because I'm really starving," the brunette insisted, not convincing one bit.

So, they both dressed with Catra's clean clothes, since it was too cold outside for the blonde to go in a crop top, trying not to stare too much at each other. And when they got close to the door, Adora stopped and looked at the other woman.

"Is this a date?"

"Sure, yeah, whatever, dumbass."
