by Xenakis (IceRosesCrown)

Summary

It's a random day in Mystacor when Castaspella falls asleep briefly on Shadow Weaver's lap. Until the young sorceress wakes up in quite a mood…

Or

In which Castaspella and Shadow Weaver have a (long) hot moment together

Notes

Damn, I'm on a *smut* roll!
~~If you saw me post smut literally the other day, no u didn't XD~~

There's hardly any rest, it's long, and it's intense.
But, there are *some* spaces to breathe in between hot scenes

I hope you enjoy!

When Shadow Weaver saw Micah walk into the library, she was suddenly at a loss for words for the first time in her life.

His utter confusion was exactly what you'd expect from him seeing his sister fast asleep on the dark sorceress' lap. The problem was… explaining it.

—What- Why- How…

—Shh… She's asleep— Shadow Weaver shushed him, hoping he wouldn't wake her up and make things even more uncomfortable.

—But… why!?

—Why *what*?

—Why is she sleeping… *on your lap*!?

—Ask her… *after* she wakes up— she replied, giving him a warning look. —Now, shut up.

—I- Ugh…— he grunted, deciding to leave the library without another word.

Well, that was *fun*.

However, his question wasn't that strange, anyways.

Why was the sorceress so comfortable sleeping on Shadow Weaver's lap?

The old woman had no idea herself.

She was reading peacefully one moment, and the next thing she knew, Castaspella was making herself comfortable there.

Well, the young sorceress *had* been acting quite cozy around her lately, and getting closer.

But that couldn't mean anything, right?

Right!?

Unless…

Oh, no. She didn't even want to consider it.

How ridiculous.

Why would Castaspella have any… interest in her?

Regardless, Shadow Weaver couldn't keep thinking about it as the young sorceress stirred awake.

—Hello there— the old woman smirked.

—Hmm… Hi— she replied, groggy.

—Comfortable?

—Very.

—Why?

—Huh?

—Why are you sleeping there?

—Why not? You allowed me…

—I didn't even notice until you were asleep— Shadow Weaver clarified.

—But you didn't wake me up or anything. I take that as permission— she giggled.

—Wrong. Learn some boundaries— the dark sorceress reproached her.

—I'd rather test them— Castaspella smirked, taking one of Shadow Weaver's hands. —At least with you, that seems like the best approach.

Right after, she moved the old woman's hand to her mouth and started kissing her fingers, one by one, slowly and deliberately.

Oh, that was… something.

At first, Shadow Weaver was enthralled.

She couldn't help but stare as the young sorceress pressed her lips against each of her clawed fingers, kissing them slowly, almost sucking the light-gray skin a bit before moving onto the next finger.

She wasn't sure how long it went on before she managed to speak again.

—Don't start something you'll be unwilling to end.

Castaspella chuckled.

Why was she *chuckling*?

—Maybe I'm trying to start something… that I *definitely* want to finish…— she told her, with a lustful shine on her eyes. —What would you say then?

—I would say this is not the place for that.

—Why don't you take me somewhere more suitable, perhaps?

—Why should *I* do it?

—Your teleportation spells are better than mine— Castaspella whined, looking up at her with pleading eyes.

—Fine…— the old woman sighed, casting the pertinent spell without any effort.

As soon as they disappeared, a man let out a long sigh outside the library.

Micah had returned just a bit earlier, yet remained outside next to the door as he heard his sister had woken up.

And now that he heard the whole conversation, he could hardly believe it.

—What are you getting into, Casta?

The sorceresses appeared on top of Shadow Weaver's bed.

It was the first time Castaspella entered her room since the woman moved in.

It looked quite different from the generic room they had first given her.

—Interesting what you did with the place— she noticed. —Has *you* written all over— she chuckled, turning to face her. —So… where were we?

—Are you sure about this?— the old woman asked, despite knowing full well it was she herself who wasn't certain.

—I am… Are you? If not, this is the moment to tell me to back off— Castaspella told her.

The dark sorceress considered it for a moment.

She wasn't sure, but… she wanted to see where this could go.

—Convince me— she finally said, reigniting that spark of lust she had seen in her eyes before.

—Gladly.

Crawling closer to her, Castaspella made herself comfortable over the old woman's lap and took one of her hands again. She brought it to her mouth and once more kissed it deliberately, deeply, almost like making out with Shadow Weaver's fingers.

Why was she letting her tease her this way?

Why had she challenged her to this instead of immediately pulling her closer for a proper kiss?

She was starving, and Castaspella was pretty much tantalizing her while staring defiantly.

Unable to control herself, Shadow Weaver swallowed hard but kept looking at the young woman kissing her fingers.

She could feel her heart pounding, blood rushing to her ears, and her breath becoming shallow.

She wanted her.

Right now.

She needed those lips against her mouth, against her body… Between her legs.

But she wouldn't dare say it, nor make a move.

—A-are you sure you won't… regret this?

—I am not, but I find that difficult— Castaspella replied, letting go of her hand. —However, I can promise you *will* regret it if you don't do anything right now.

—Like what?

—What do you *want*?— she asked back, her tone low and… seducing.

—I-I think…

—Mhmm…

—I want you to kiss me more.

—Good, because it's just what I want to do— Castaspella smiled, leaning forward to kiss the corner of her mouth. —You don't have to hold back, you know?

—You don't want me to act on my impulses— Shadow Weaver warned her.

—I'm asking you to do so— the sorceress insisted, leaning forward to kiss her properly now, supporting herself with one hand on the pillow behind the old woman.

Dropping all her weight on her, she pressed her body against Shadow Weaver's, deepening the kiss and humming contentedly.

Soon, the dark sorceress had her hands on Castaspella's back, lowering them until she reached her butt.

She would be lying to herself if she said she hadn't been wanting to hold it like that for a while now. It was firmer than she thought, and the way the young sorceress hummed when she squeezed it encouraged her to keep exploring.

Digging her claw-like nails a bit, she moved Castaspella closer to her body to have her properly sit on her lap, knees parted to place her pelvis against Shadow Weaver's abdomen.

Then, the young woman went from kissing to biting her lower lip, and let the dark sorceress support her weight as she grabbed the rim of her dress and pulled it back, revealing her naked legs. Next, she lowered the top of it, uncovering her chest.

Acting on instinct, just as Castaspella insisted, Shadow Weaver grabbed her legs tightly and broke the kiss to lower her face and instead kiss the young sorceress' breasts.

She immediately held the old woman's head against her chest, looking up to the ceiling, barely able to hold back a moan.

Castaspella was far from regretting this.

Testing the limits a bit more, Shadow Weaver scratched the soft skin of her legs, finally breaking her resolution not to make a sound, and Castaspella's moan overwhelmed her with lust.

Before she could think better about it, the dark sorceress was biting her right breast, making the young woman arch her back, as if wanting to press harder against her teeth.

Holding onto the back of her neck with both hands, Castaspella enjoyed every bite Shadow Weaver gave her, every scratch, and let her know just how much she liked it by gasping and moaning in reply.

Once satisfied, the old woman looked up at her, breathless, and was met with another deep kiss while Castaspella's hands got lost between Shadow Weaver's abundant hair.

—I… need more— she breathlessly said, breaking the kiss.

—Tell me— the young woman exhorted her. —What do you want?

—I-I… don't know— she lied.

—And I don't believe you— Castaspella laughed, brushing her lips up her cheek and closer to her ear. —Don't be shy, tell me what you want…

—I'm not shy— the old woman scoffed, looking away. —But… it's nothing proper.

—I think we're past the point of proper or not, woman— the young sorceress pointed out. —So, go ahead, tell me what you want, no matter how nasty— she insisted, chuckling.

—Fine— Shadow Weaver sighed. —Can you, uh… e-eat me?

A wide smile appeared on Castaspella's face, and she sat up with her back straight.

—Is that it?— she asked back. —Hardly nasty, I'd say.

—Just- Will you or not?

—Of course— she giggled, planting one last kiss on Shadow Weaver's lips. —Care to remove your robes a bit?

—Sure…

Blushing furiously, the old woman grabbed the lower part of her dress and pulled it all back, uncovering her heavily-scarred legs. Dark gray lines extended up and down, and Castaspella's first instinct was to trace them gently.

—This is impressive— Castaspella sighed.

—Is it?

—For me, yes.

—Don't be ridiculous…

—Are you seriously calling me- Do you want me to do this or not?

—Yes.

—Then don't be a baby and enjoy it— Castaspella reproached her.

Without losing any more time, the young woman lowered herself between Shadow Weaver's legs and slowly kissed her way from her right knee to her crotch, following the scars and occasionally biting down.

Finally, Castaspella's tongue found its way into the old woman, who gasped in surprise and gripped the bed-sheets with both hands.

Shadow Weaver drowned in ecstasy and lost her sense of time.

She had no idea how long it had been since the sorceress began licking and sucking between her legs, but she had enjoyed *every second of it* and didn't want her to end.

She was completely surrendered to her, and didn't even try to hold back her moans anymore.

Why hide the pleasure she was feeling?

And Castaspella was certainly glad to be hearing Shadow Weaver enjoy it.

It had taken a lot of courage from her to be so... bold.

But it paid off.

Her lust had been pilling up for a while, and she could no longer bear it.

Now she could finally quench her thirst…

Eventually, Castaspella withdrew, panting heavily, yet looking as hungry as when they began.

She crawled over Shadow Weaver and met her in a hot kiss again, cupping her face with one hand and pressing down on her chest with the other.

—Not done yet?

—Now it's your turn, I'd say— Castaspella smirked.

—Fair.

They kissed once more before Shadow Weaver pushed the young sorceress around to be on top of her. The look she gave the old woman sparked her arousal once more, and she began by pinning Castaspella's hands over her head with one hand, while the other carefully penetrated her with clawed fingers.

The young woman closed her eyes and let out a pleased sigh, her body tensing for a moment.

Waves of warmth and coldness shoot through her from head to toe, muscles hardening and relaxing with each move of Shadow Weaver's fingers inside her.

Moaning between each breath, Castaspella surrendered to the pleasure and allowed herself to enjoy the moment.

The dark sorceress' clawed fingers gently moved back and forth inside her, always careful not to scratch her or draw blood, but that care was driving her crazy.

Shadow Weaver lowered her face to brush her lips against Castaspella's, smirking whenever she struggled to free her hands from her grasp, and every time the young woman moaned, she kissed her neck or bit her lip briefly.

They both lost track of time, yet they couldn't care less about how long it had been.

Eventually, Shadow Weaver removed her fingers and sat on top of Castaspella, still holding her hands above her head.

—That's all?— the sorceress asked, breathless.

—Who said that's all?— she replied, snickering. —Don't you like kissing my fingers? What about now?

—Of course— she nodded, immediately kissing and licking Shadow Weaver's hand as soon as the old woman neared it.

—I wouldn't have expected… any of this— she admitted, blushing still. —I enjoyed it greatly — she added.

—As I did— Castaspella sighed, between one finger and the next. —Thank you…

—For?

—Playing along— she hummed, finally done. —Rest with me? I would continue, but…

—If you disappear for too long, it will get suspicious.

—Right.

—But we should freshen up first.

—Yeah, um… Can you help me?

—Of course— the old woman laughed.

A bit later, the women were laying in bed together, now clean and refreshed, just resting between each other's arms.

It was apparently quite late already, so they knew it'd be assumed they both had gone to sleep and probably no one would search for them, so Castaspella decided to spend the night there.

After all…

Why not?
