# Eliminated scene from Is That a Challenge? - Ch 2

by Xenakis (IceRosesCrown)

Summary

It's the second day of being in a formal relationship, and the women have once again taken office work home…
But not for long.

Soon enough, they both find themselves enjoying a relaxing moment at Castaspella's bathroom, which turns out to be… hotter than imagined.

Notes

So! A few days ago was I talking with a friend and thinking about *Is That a Challenge?*, which I incorrectly recalled as an e-rated fic.
Which it's not.
So this scene was only implied, not explicit… And, naturally, I had to write it XD

So here it is! The eliminated scene at Castaspella's Onsen! (which, may I remind you, her father called "Steam Grotto" lol)

See the end of the work for more notes

—This is the most relaxed I've been in a long time…

—That's good to hear— Castaspella smiled.

—If I had this bathroom at home, I would hardly leave the house— the woman commented, humming contentedly.

—You're welcome to stay as long as you want… or until the water goes cold— she giggled.

—Aren't you afraid I might overstay my welcome?

—Not really…

—I don't believe you. You wouldn't dare give me such a free pass…

—Is that a challenge?— Castaspella asked, looking back at the woman with a brow raised.

—You seem to love challenges lately— she pointed out.

Pushing herself away from her side of the bathtub and moving closer to Shadow Weaver, she replied —I particularly like *your* challenges…

—Is that so? Then what should I dare you to do next, I wonder— the woman joked.

—Careful what you wish for— Castaspella warned her, sitting on her lap and leaning forward to kiss her.

—Up to now, I'm more than satisfied with everything I've gotten.

—Glad to hear that— she sighed, before planting another kiss on her lips. —I was worried you might have some doubts now…

—It's all been really fast, yes, but the more I learn about you, the more I like you.

Her tone was completely serious; no teasing or mocking, she meant it. And that was exactly why it took Castaspella aback.

—That's…

—Yes, I mean it.

—I'm glad— she finally managed to let out, blushing as she looked away. —I've been so nervous all evening…

—You can relax— Shadow Weaver assured her, wrapping her arms around Castaspella's waist to pull her closer. —Forget your insecurities, will you?

—Perhaps you can help me with that…

—Gladly— she smirked, and kissed her again.

The old woman's hands slowly slid down her partner's back until she could grab her butt-cheeks. With a tight grip, she lifted Castaspella up and turned around to sit her at the edge of the pool.

—I must admit… I'm not completely sure sex is allowed inside an onsen…

—This one is private: whatever *you say* is allowed— Shadow Weaver smirked. —So, is it?

She took a moment to consider it.

Something told her that her father would *hate* the idea…

But then she recalled this place was now hers. As long as she keeps it working, why shouldn't she indulge a bit?

—It is allowed… *But*, I'm serious, be careful.

—Of course— the old woman promised, slowly kissing Castaspella's inner thighs, moving closer and closer to her crotch.

The young woman tried her best to hold back a moan, but it was impossible… As soon as she felt Shadow Weaver's tongue, her strength left her.

With her eyes closed, she gasped and arched her back, so out of sorts that she didn't think about her balance on the edge of the pool.

But there was nothing to fear, as her partner quickly wrapped her left arm around her waist to keep Castaspella from falling.

Yet the young woman didn't notice; she only let herself enjoy the feelings and sensations around her.

The heat of the steam against her body, the waves of pleasure causing goosebumps through her, her wet hair sticking to her back, and the firm grasp of Shadow Weaver's hands keeping her safely in place.

The burden of keeping her father's onsen operational was suddenly something she was grateful for.

—Mmm, wa-wait…— Castaspella managed to mumble, making an effort to open her eyes. —Let me down… Please.

—Sure— the old woman accepted, helping her back into the water. —What do you want?— she then asked, whispering in her ear.

—I want to touch you— she replied, sliding her hands down Shadow Weaver's torso while leaning forward to kiss her neck. —And kiss you…— she went on, doing as much while her fingers traced the old woman's scars under the water.

Castaspella's slender fingers tenderly brushed along the trail of scars that extended through her partner's body, while her tongue enjoyed the feeling of her fangs and the split lip.

She didn't let herself float on the water, wanting to stay as close to Shadow Weaver as possible.

Then the old woman moved her hands too, itching to get her fingers inside Castaspella, yet she didn't let her.

—What's wrong?

—I-it's not a good idea under water… Trust me, *I want it*, but... maybe it's better to leave *that* for after dinner— she suggested, leaning forward again to kiss her more. —But… you're welcome to bite me again— Castaspella then added, with a mischievous look.

—Fantastic— Shadow Weaver smirked, pushing her back just enough to be on top of the young woman.

She let her bite around to her heart's content. It felt exhilarating and satisfying… gave her a surge of arousal.

Moreso when the old woman bit her chest.

However, at some point, the water's temperature would drop.

When that happened, the women were practically forced to leave the Steam Grotto.

—While I *would* have preferred to stay a bit longer, we really need to have dinner already— Castaspella laughed. —Shall we get going?

—Sure— Shadow Weaver smirked. —The faster we finish eating dinner…

—…the sooner we'll get to *that*, yes— Castaspella giggled.

Her smile became softer as she gently adjusted the bathrobe around the old woman's waist; then, she placed both hands on her chest, tiptoeing to kiss her briefly.

End Notes

Well, that was all for now :D

Turns out, water sex (be it shower or in a tub, or an onsen in this case) is less recommendable than anything else. It can be sexy and all, but it's more for foreplay than for any kind of penetration… for many serious reasons…
So, uh, yeah, maybe this was short and more focused on sensations than on the actual sex, but I hope you enjoyed!! Thank you for reading!!
