Let The Cards Decide

by Xenakis (IceRosesCrown)

Summary

The Winter Solstice party is over; Castaspella has been a great host, but her guests left quite a disaster, so it's time to clean.

Her partner will surely help her, no?

As expected from Shadow Weaver, she'll help... *on her terms*.

Notes

Oh yes, taking a shot at this again!
I did consider making a continuation of *I'd Say You Needed It*, but I think it's better to go with whatever new idea I come up with.

Once again, I am writing here on AO3 as I go, like a savage lol- AHEM, and we shall see what comes out of this…

PS: I FORGOT THE SUMMARY! ADDED IT NOW!

Chapter 1

The couple had just seen their last guests out.

It had been a *long* evening celebrating the solstice and now… they had to clean.

—Forget it. I'll do it tomorrow.

—Bea— Castaspella pleaded. —Just help me pick things up…

—I didn't even *want* to celebrate the solstice. Much less *host* the celebration. I indulged you, now you let me *rest* already.

With a long sigh, the young woman resigned herself to her fate: she'd have to clean that mess on her own.

—Never say I don't love you enough— she complained, making Shadow Weaver smirk.

—Es, I didn't say I wouldn't clean. Just that I'll do it *tomorrow*— she clarified, approaching Castaspella and keeping her from picking up the dishes from the table by holding her between her arms. —So why don't you follow my lead and leave this for now? The mess won't go anywhere, unfortunately…

—Well, no. I can't just leave this here— she insisted.

—What do I have to do to convince you?

—Just help me, Bea.

—Boring…

—Of course it's boring! This isn't a game!

—A game, you say?— Shadow Weaver repeated, pensive yet never letting go of her. —That's it: forget this and play a game with me.

—I'm not in the mood…

—Really?— she insisted, pulling her closer to whisper in her ear. —Not even for some… strip poker?

Castaspella froze between her arms, eyes wide open and face red.

—Really?

—Of course.

—But you don't like it that much…

—I don't. You, on the other hand, *love it*. I will gladly give it a chance if that makes you leave this mess for tomorrow.

—You're terrible, Beatrix— Castaspella sighed. —Get the cards, then. We'll play in our bedroom.

Giggling, the young woman rushed to turn off the lights that remained lit in every other room, hesitated a bit before leaving the dining room as is, and finally joined her partner.

—I don't understand how you can like this gamble games so much…— Shadow Weaver sighed, shuffling the deck. —There's no control over the odds. You depend on *luck*.

—With how much of a cunning deceiver and observant manipulator you are, one would think you'd love these games…— the young woman argued, sitting on the edge of the bed. —But at least the stakes aren't that bad in this case. No matter who loses the round, we both win— she added, with a mischievous shine in her eyes.

—And that's the only reason why I'm actually playing.

—Obviously— she chuckled. —Alright. Let's begin.

It wasn't long before both were half naked.

Shadow Weaver usually had bad luck, but Castaspella would occasionally lose, on purpose, keeping them evenly matched.

After "losing" another hand, it was finally time for the young woman to take off her bra… and she didn't hesitate to make a show of it.

Setting down her cards, she gave Shadow Weaver a defiant look as she slowly, deliberately detached the clip on the back of her bra.

A delighted smirk appeared on her lips when her partner swallowed hard in anticipation, and so she delayed it even more.

—Why are you stopping?

—Hmm, I'm slightly cold already…

—Don't be a bitch now.

—Says the Queen of Bitches herself— Castaspella mocked her, keeping a hand over her bra, holding it in place. —If you want to keep playing, then be a dear and turn on the *heat*.

—Won't wait until we finish? How impatient…— she mocked her back, smirking broadly enough to show her fangs.

—You can always convince me…

With a breathless laugh, Shadow Weaver accepted —Then I will. If I run out of clothes first, you get to top.

—You have three to go, I only have one— the young woman argued.

—Then you better stop losing on purpose.

And so she did.

Her chest was finally exposed, and along with the bra, she dropped her pretense.

For the most part…

Teasing a bit, Castaspella made her think she was about to lose every time, only to pull a better hand at the last minute and snatch victory without much effort.

Shadow Weaver first took her socks off.

Then, her bra, without much dallying.

And when it was finally time to take off her panties, she didn't hide her annoyance.

While she stood up from the bed to remove her last piece of clothing, Castaspella cheerfully celebrated —Guess I win! Again! Who would have thought?

—I hate you.

—You *love* me.

Shadow Weaver couldn't help smiling slightly as she finally dropped her panties and sat back on the bed.

—Sure. What now?

—Now… You're *mine*.

Without so much as a yelp for warning, Castaspella jumped across the bed, catching the woman's wrists, and held her down on the mattress.

Poker cards flew around, some got trapped under Shadow Weaver's body, and the rest littered the floor along with their clothes.

Chapter 2

Chapter Notes

Now yes, welcome to the show :3

See the end of the chapter for more notes

Shadow Weaver still disliked poker.

But she had to admit that strip poker had its own way of being fun.

That kind of stakes were something she could enjoy even if the odds were entirely out of her control.

And now she was… enjoying the consequences.

Castaspella wasted no time and soon had her moaning loudly.

The young woman did *wonders* with her fingers…

While holding Shadow Weaver's wrists over their heads with one hand, she reached between the old woman's legs and carefully stimulated her most sensitive spot, her fingers sliding easily against the moist skin.

She tried to hold back at first, bite back her moans, but the pleasure… she couldn't understand how it was possible to send such delightful signals to her brain with just the touch of two fingers.

Soon enough, Castaspella's digits found their way inside, and the breathless moan that escaped Shadow Weaver made her blush.

The young woman chuckled and leant down to kiss her scarred naked chest. As her fingers moved in and out at a slow pace, reaching deeper each time, she began licking between the old woman's breasts. Then, her thrusts gradually quickened, her licking turned to biting and sucking…

Shadow Weaver cursed breathlessly and struggled against Castaspella's grasp, wanting to cover her mouth.

But she wouldn't let go; she knew the old woman felt ashamed of the sounds that left her, and she enjoyed them so much…

So she only redoubled her efforts; she bit harder, reached deeper with her fingers, her movements became more deliberate, and Shadow Weaver felt herself become undone…

Only when the old woman stopped struggling did Castaspella let go of her wrists.

But she was far from done.

Releasing her hands allowed the young woman to crawl back over Shadow Weaver, place herself between the old woman's legs, and start again.

It was now her tongue working wonders inside her.

Castaspella held her scarred legs tightly with both hands, pressed her mouth between her thighs, and closed her eyes as she began sucking.

Once again, she was slow, careful, deliberate.

Every time she sucked, every flick of her tongue, every tease of her teeth, with the sole intention of making the tired Shadow Weaver moan more.

The old woman surrendered herself to Castaspella, breathed shallowly, and made no efforts to keep her eyes open.

Delight and pleasure took over her senses…

When relief finally graced her, Shadow Weaver thought she'd fall asleep immediately.

She didn't.

She couldn't.

Her body was tired, but her mind felt so *energized*.

Castaspella had to help her reach the bathroom, freshen up, and return to bed but, once comfortable, she just wanted to talk.

—Es… Uh, did you… enjoy it?

—As much as you— the young woman chuckled, her arms around Shadow Weaver's waist. —Or did I misunderstand your reactions?

—Much as I dread the pathetic whimpers I made…

—Aw, don't say that! I love how you sound— Castaspella interrupted her, humming lowly and giving her a peck on the neck.

—I don't even want to *think* about how I sound. The point is: I enjoyed it very much, yes. But I wanted to be sure you did too— she finally managed to admit. —If you want me to return the favour…

—While I would certainly love that, Bea, we can leave that for another time— the young woman giggled. —I think I drained you from strength— she commented, laughing again.

—Don't sound so proud.

—Oh, I'm *very* proud. How would I not?

—If I think too much about it, I won't let you do it again— Shadow Weaver warned her. —And if you dare mention it to anyone, I'll call you "crazy".

—Bea, I would never say anything that might make you regret being yourself around me— Castaspella assured her, serious. —And I wouldn't want to ruin this…

—Good…

—However, if you *really* want to return the favour, I would rather you just rest now with me and help me clean up in the morning.

—I said I would, yes— Shadow Weaver reminded her, rolling her eyes. With a sigh, she willed herself to relax and closed her eyes, leaning closer to the young woman. —But, in that case, ah… sleep well, Es.

—Sweet dreams, my Love— she replied, holding her closer.

As the women drifted to sleep, sunlight began slipping through the windowsill, illuminating the discarded clothes still littering the ground along with the mess of poker cards.
