Notes

See the end of the work for notes

Catherine DaCosta had just finished her hourly stroll around the office to make sure that everyone was doing their job, show her employees that she cared for them and was there for them in case they needed help and was absolutely not snooping at them, ready to pounce them like a tiger should they be misbehaving but most importantly, it showed them that she in fact was working too! Satisfied with her show she sat down and took out her phone where she went straight into the chat group. She searched through the list of active members until she found what she was looking for.

She-Ra is ONLINE

She smiled and pressed 'connect'

Catra_^^ is ONLINE

The answer was instant.

She-Ra: Hiya babe! I thought you were at work!

Catra_^^:I AM... 😊 I thought you were too. Someone is being a BAD GIRL I see. Is it maybe the influence of me? ;)

Catherine made a face. Was that too much? She-Ra could be a bit shy at times so she added:

Catra_^^: Or do you have a day-off? If you do, don't tell me! I can't hear about you being free and wild when I sit locked up in the office. UNLESS you want to send a few of those pics of you in yoga pants…

She-Ra: I AM at work. 😔 No pictures for you today babe. Sorry.

Catra_^^: Noooo… How am I supposed to survive? 😳 Ah well. I just think about you all sweaty and panting… 😏

She-Ra: CATRA! I am at WORK!

Catra_^^: So am I… hasn't stopped me yet…

She-Ra: I need to go! If I am flustered at work my colleagues will never let me hear the end of it!

Catra_^^:aaah, are you ashamed of me! How rude! Betrayal! You are not who I thought you were!

Catherine meant it only as a joke, but there was no reply for several minutes. Sure, she did say she was at work but still. She had read it, she was sure of that. She sent another quick message.

Catra_^^: Babe? What happened? Did I upset you? I was just kidding, you know that don't you! I love you to New York and back! ❤

She-Ra: No, you didn't. ❤ *I just had to talk to a colleague. She reminded me of*

The message had been cut short. Those things happened, Catherine knew it, but it always looked a bit strange. Then another message popped up.

She-Ra: Lunch is coming up and they want to know what we're having. Knowing them it will involve at least one sword fight so I have to go. TTYL, bae! ❤❤❤

Catra_^^: You will beat them all, when a sword is involved, no one beats my She-Ra! Later baby! Still on for tonights movie date?

She-Ra: You know it. White wine?

Catra_^^: And some terrano and cheese. Later. 🍃🍃🍃 *!*

Catra_^^ is OFFLINE

As soon as Catherine had put her phone down, she felt a hand on her shoulder. She looked up to see Georgina, her fellow middle manager from the second section of her workplace. Catherine smiled but Georgina still looked miffed. "Girlfriend. This shit has to stop."

"What shit?"

Georgina rolled her eyes. "Playing dumb doesn't work with me. I can't believe you haven't been found out!"

Catherine smirked. "Hey, the superiors love me! We are the section of Non-Weaver Incorporated that shows the best results. All thanks to *moi.*"

"All thanks to your slaves, you mean."

"They are not slaves, they are all here with the same salary and great dental insurance!"

"Okay, but it is still them that does the work and not you. and stop changing the subject!

"Come on, Glitter! I'm…

"Don't you 'Glitter', I'm me, girlfriend!" Georgina added, as she sat down on the edge of Catherine's desk. It did budge a bit under her generous carcass, but she didn't seem to care. She crossed her arms over her chest and looked at Catherine. "And before you say anything else, yes I know I am here talking to you while I should be busy wielding my whip over my underlings the same way you do, Catra, queen of the crimson waist."

"Waste, Glitter."

"That' s what I said. Waist. And dont call me Glitter . I have a name."

"hah, you look like Glitter . I bet you even taste like Glitter"she added with another smirk.

Georgina rolled her eyes. "t' s not funny, Cat."

"Come on!Y oure one of the girls, you need a nick!"

"I dont need a nick!Georgina is good enough for me!"

"Not for me. Glitter ."

"Fuck you, Cat."

"Already taken, Glitter . Besides, B would be jealous if I took his GF from him."

Georgina sighed. "See, that was what I wanted to talk to you about!"

"B?

"NO!Stop being such a jerk!Y our 'girlfriend'."

"ey!She is my girlfriend!"

"Online Girlfriend! *Online* girlfriend!Which is also totally immature for someone who's 31!And especially!"she added, before Catherine had a chance to interrupt, "someone you havent even met IRL."

"Says the one who found her man online."

"Dting sites is one thing. Y ou met this girl -if she even is a girl"…

"Says the trans woman."

"Not the same thing and you know it!There is a dif ference between honesty, a bit of confusion about yourself or different steps on the transition ladder and outright fishing and grooming!"

"...I think I am a bit too old for grooming, G."

Georgina rolled her eyes and splayed her arms. "You know what I mean! Get. Real. Catherine. And stop chatting with your online girlfriend AT WORK"

Catherine frowned and crossed *her* arms. "Look, I don't see what the issue is for you! If the superiors have a problem with this, they can talk to me directly. Why is this your business?"

Georgina put her hand on Catherine's shoulder. "I just don't think a 30-something woman should waste her time on someone online when she could get basically anyone in this town in flesh and blood!"

Catherine raised an eyebrow. Ah. So that was the issue…

"Not everyone wants sex that bad, G."

Gorgina splayed her arms again. "Then they're boring! But okay, ace is a valid thing, I shouldn't disrespect, yada yada yada. You're not ace, Catherine. Instead, you're the Google definition of a useless lesbian who could get her dream girl if she just dared to ge a bit out of her comfort zone."

"Come on, G! This is how I like my life right now, okay? She-Ra is cool! She's good looking, I mean, that bod is made of steel! 6 feet 1, You know I love them tall, loves to work out, is as much a DD nerd as me, likes the same movies"…

"Okay, I give you that, she sounds like a catch. Still, you haven't even talked to her! Just chatting! Look." She added, standing up from the desk and massaging her bottom, "All I am saying, I know like 15 ladies that would fit you perfectly! I bet there are ladies here at the office that"…

"G. Stop. okay? Stop. I get it. You care for me, but. It's good! She-ra. Is my girl. Okay, so I would love to actually hear her voice someday but. there's no need to rush!

Georgina's shoulders slumped.

"okay . I guess it's your life and you do what you want. But at least *try* to see her and hear her voice *sometime* , okay?"

"Promise, Glitter ."

"Fuck you, Cat."

"Lunch at Rakes?"

"You're paying."

"Why?"

"For calling me Glitter ."

"Alright, worth it. Glitter ."

"Are we going right now?"

"Yeah, just need to do a final check first. Adora!"

A short, chubby girl with glasses looked up from her computer and ran over. "yes, Ms DaCosta?" The walk wasn't that long, but even then, Adora got a bit out of breath.

Catherine rolled her eyes. "Catherine, Adora. You've known me all my life, you *can* use my name."

"You're my boss."

"And since when does that matter , Adora?"

"Okay miss.Catherine."

"You have the numbers on the Salenais merge?"

"Sure, let me get the." Catherine held up her hand.

"Oh, no. Just send it to me so I can look at it after lunch. I just wanted to know if you were finished."

Adora smiled awkwardly and blushed. "Oh. Oh yes. I. I spent a few hours after work yesterday to get it done."

Catherine punched her shoulder lightly. "That's the spirit that will get you promoted, Adora! You will be able to go to lunch with me and G in no time if you keep this up. You know what? You should come! It's been ages, girlfriend!"

"Really?" Adora shined up, but then she began to cough and said, more toned down, "Really? That sounds really nice. But I…." Catherine put her hand on Adora's shoulder (not hard, because Adora was shorter than her.)

"I am telling you that but I can stay here. Perks of being a manager, Adora. You're coming with us! I'm just going to get my coat and then we're off."

She turned, but Georgina stayed. "Coming in a second, Cat. I just need to ask Adora about some numbers."

"Stealing my employees are we, G?"

"Ha ha. We took over the sterling account from you and I just need to check something with Adora."

"Ok. See you two at the elevator?"

"Sure thing."

As Catherine left, Georgina shook her head. "Sorry, Adora. I tried."

Adora sighed. "I heard."

"Adora, you ARE a nice girl. My best friend. Just. Just talk to her. She will understand."

Adoras phone beeped, she had a new message.

"...Maybe."

"Adora, I am just worried about you! You've been crushing on Catherine for how long? Five years? Then? Hm, that's longer than I've been out! It's practically ancient in Queer-time!"

"I know. I know"…

Georgina sighed. "I need to go. But think about it, Adora. You could probably get that digital floozy out of the picture if you just tried! How long have you known Catherine? It has to be around 28 years! You know everything about her, you could probably get her out of her pants and in your bed in no time!"

"G! Stop!"

"I'm just telling it like it is! Wine tonight btw?"

"Sorry ...I have plans."

"Okay , but you know where we live if you change your mind. Let's go then?"

"I need to get my coat. See you at the lobby?"

"Lobby? Is your coat that far away? Alright, alright" She began to wave her hands to avert Adoras reply. "We will wait in the lobby. 5 minutes?"

Adora nodded, and looked after Georgina as she left to meet up with Catherine. Then she took out her phone and checked her messages.

Catra_^^: Hi sweetie! I was thinking, can't we try to do the movie night as a video call tonight? I want to see my babe."

Adora sighed. *She-Ra: Sorry:(My Phone is too old for that. I will try to get a new one around spring, okay?*

Catra_^^: Okay, but don’t leave me hanging for too long! I want to get to know you even better!

Adora had no answer to that. It had been so easy. Using an alias in a chat group about DD. Nothing unusual. Starting to talk with your BF/lifelong crush that also happened to be in that group? A bit out of the ordinary, but okay. Realising said BF doesn't connect who you are and begins to flirt with you? W eird. ...Not telling her and creating a false online persona, using everything you, as the best friend, has gathered over the years of how your BFs ideal woman should be and..starting an online relationship? A recipe for disaster . Stealing pictures from a blond german godess instagram to present as pictures of yourself? Y eah, not touching that with a ten feet long stick.

Georgina wasn't entirely wrong. Sure, Catherine liked Adora. They shared a passion for fantasy books, games and movies. They both loved roleplaying and they had known each other for almost their entire life. She-Ra had known Catherine for three years. B t She-Ra was everything Adora wasn't. B ave. Cute. h t. *Sexy.* Catherines ideal woman. Catherine *loved* She-Ra in a way she'd *never* love her. Adora put her phone back into her pocket.

Any thoughts on how to get out of the video call sitch had to wait. Now she had a lunch to lie herself through.
