Summary

After Adora gets injured trying to protect Catra from an angry mob, Glimmer insists on the both of them taking a break after the distressing incident. She rents them out a small cottage in the woods.

TW/ only for beginning part

Violence, blood, trauma

Catra hadn’t been expecting the blow.

The man who dealt it stands triumphantly, with a burning hatred in his eyes. Catra tumbles to the ground, the box she was carrying lands with a heavy thud. It’s contents scattering. Catra tries to get up but the man roughly grabs her shoulder and spins her so that she is facing him- “This is for my home-“, he punches Catra in the face, she lands on the ground. “For my family-“, once again…

Catra can barely focus on anything. Many of the village people either don’t try to stop him or watch in amusement. A crowd begins to form as voices both angry and justified fills the air. Catra doesn’t want to use her claws on the man, she can’t find anything to say as he lets loose on her. Punching anywhere he can reach, the crowd only gets louder.

Catra tries to protect her face as she lets out grunts of pain. The man raises his fist once more before he’s suddenly thrown off, Adora throws the man away from Catra.

“Catra! Are you okay!?” Adora asks, her voice wavering with worry. The man gets up and tries bounding towards Catra again. Adora lets out a growl as she tries to wrestle the man away, the man gets furious and pushes Adora so hard that she bumps her head on the ground. “Adora!” Catra shouts.

Glimmer appears in a shimmer of sparkles and breaks up the crowd, “Enough! Everyone go home- this is unacceptable.”

The man scoffs and kicks dirt towards Catra.

Adora sits up with a groan and rubs the back of her head, Catra wastes no time in running over to her, Catra begins scanning for more injuries on Adora. “I’m okay, Catra. But…”

Catra was bleeding from her nose and she had a forming bruise on her cheek, Adora channeled her healing powers to Catra’s injuries. And Catra was scratch free. They both stood up, facing Glimmer as she oversees the villagers trying to stir up more drama.

As the crowd dwindles, Glimmer turns to face Adora and Catra with worry in her eyes. “Catra, I know you want to help but we can’t keep risking your safety like that, we can handle the supply distribution. At least for now. People…well they don’t really trust you yet. The war barely ended.”

Catra looks down, upset. “So- what- I’m supposed to sit up in the castle, pampered and safe while everyone else does the work?”

”Catra- she’s right. I was terrified when I saw that guy on top of you, hurting you, I just…these people won’t hold back. It’s best if you lay low for a while, then we can figure something out. But I can’t stand seeing you come back from missions bruised and hurt, you wouldn’t even tell me how they happened. I’m sorry, Catra, but I agree with- ow!”

Adora suddenly clutches the back of her head. Catra's stubborn expression quickly changes to that of concern, she rushes to soothe the area Adora's guards with her hand. "You got hurt… because of me..", Catra says simply and vulnerable.

Adora opens her squinted eyes and she tries to quickly soothe Catra's worries, "No- I'll be okay- I'm fine." Adora's hands find Catra's waist. The quirk in her eyebrow and smile tells Catra the exact opposite.

Glimmer sighs, "You two need a break."

Adora startles, "What?"

"You two got hurt while on mission. I don't want you guys worrying about each other. It's too dangerous for Catra to go on missions and it's not safe for Adora to work while injured."

"I'm not-!" A sharp headache sears through the back of Adora's head. "-well…maybe only a little injured but-"

"There's no debate on this! I'm the Queen, remember?", Glimmer says, slightly smug.

Catra looks down in regret.

How could Catra forget the fact that she's the reason Glimmer is Queen? It seems that no matter how hard she tries to atone for her past misdeeds, there's always something to remember.

Adora glances at Catra, who seems lost in her head again.

They haven't had much time to explore their newfound romantic relationship, with the missions and all…maybe the break is what they need to heal and grow. "Okay…we'll take the break.", Adora says.

Catra looks exasperated, "Huh!?"

Adora faces Catra, "We could use one, right?"

Adora was learning to be more selfish from Perfuma…this was one of the times Catra would say it backfires.

"I don't know, Adora..", Catra crosses her arms. Glimmer squeals, "Great! Then it's settled!", she grabs their arms as she teleports them away from the town. Catra squeaks.

Glimmer teleports the three of them to a small cabin in the woods. "What- Glimmer-", Adora starts but she quickly aids Catra

who is dizzy from the teleportation.

"This- is a getaway cabin! It's basically in the name 'getaway' cabin. Where you can 'get away' from life's troubles and worries for some weeks of relaxation!", Glimmer says with excitement.

Catra scoffs, "And Bright Moon was off the list, because?"

"Because you both kind of work there. It wouldn't be fair to take your weeks off there"

Adora walks up to the cabin, "It looks a little old…are you sure this place isn't abandoned or something?"

Glimmer takes Catra's hand and drags her up the steps to the porch. "I'm sure! We always send maintenance for this cabin, it surprisingly doesn't get much visitors."

Catra lets out a chuckle, "It's not hard to see why-"

Adora lightly elbows Catra, "Thanks Glimmer, we'll make due."

"I'll have someone send for your clothes and belongings, just make yourselves at home!" Glimmer poofs away.

Adora and Catra share a look.

Catra kneads her claws on the bedding, the bed squeaks against her biscuits. She gets frustrated as the bedding snags on her claw. "Adora- is this bed going to fit both of us? It's kind of small…"

Adora finishes putting the last of their clothes in the closet. "Catra- it's only for 3 weeks. Besides, we haven't really spent much time together since the war ended. Maybe this'll be good for us."

Catra blushes as she sits on the bed, "Maybe…"

Adora sits beside her and pulls Catra in for a chaste kiss.

Their kisses were, more often than not, chaste. With the both of them constantly on the move, working and working till exhaustion there wasn't much time for their budding romance. They haven't had many make out sessions since the war ended.

One of them had ended with Adora fussing over Catra after her hand skimmed over a hidden injury that Catra was trying to keep secret from her.

“I just…” Catra sighs “I feel like the more I try to make things better, the worse the reaction. I’ve been trying to ‘put my heart on my sleeve’, as Perfuma calls it, and all it’s gotten me is a punch in the face. More than once.”

”Just give it time, Catra. Believe me- when I first defected from the Horde, no one trusted me either. When I went out into the towns, I got attacked like you. But when they saw that I just wanted to help, they slowly started trusting me and believing in me. It unfortunately just…takes time.”

“Time that people don’t want to give to me. I hurt these people, Adora. Every Anti-Horde propaganda points either to me or to Hordak. I was on the front lines, when people remember who captured their towns as Horde territory, they’ll remember my face. I can’t take any of that back. I can’t change what I did or what side I chose to be on. And I can’t change what people think of me or how they react when they see me. It’s justified even if I wish it weren’t.”

”Catra, don’t say that. What that guy did to you today wasn’t justified, that was-“

“It wasn’t just him! I mean every time- every single time. When I’m out on a mission, I see their faces. Some are angry, hurt or… or scared. Of me. It’s every single time. How can that not be justified? I don’t deserve a break.”

Catra turns away from Adora and continues to stress knead. Adora reaches around to stop Catra’s hands. “You’re right…”

Catra's heart drops, she doesn't know what Adora is agreeing to but given that Catra basically laid her guts out, she was sure it wasn't good. "What?", Catra says, concerned.

"I sometimes don't believe that I deserve good things. Sometimes I wake up and I look at you sleeping beside me and I wonder what I did to deserve having someone as amazing as you as my girlfriend. The only girl I could ever want and she's mine. Sometimes I feel like you deserve better than me, that I don't deserve to be loved."

"Adora, I-"

Adora shifts so that she's leaning on Catra. Her front flush against Catra's back. Her hands still holding Catra's hands. Adora gently coaxes Catra's fingers to unsheathe themselves from the bedding, she flexes her own fingers on top of Catra's and admires the differences in their hands.

"I love you, Catra. It's not going to be easy. Everything that we went through…it still hurts but we take care of each other. I'm not leaving you alone, Catra. However long it takes, everything is going to be okay. I promise."

Catra feels tears glazing over her view, she twists around in Adora's embrace to face her. She cups Adora's face in her hands as she brings her in for a bruising kiss. It's wet with tears but suddenly, Adora winces as she grasps the back of her head.

“Sorry…my head hurts.”, Adora says. “Give me a moment, okay?” Adora smiles genuinely at Catra as she begins glowing a steady gold before the light dies down, Catra shields her eyes.

“Better?” Catra asks.

“Much” Adora says quickly, she leans in again and kisses Catra again. Her lips tentatively press against Catra’s. The feeling still sends her soaring.

Catra softly gasps as Adora runs both of her hands along her back, firm and gentle at the same time. Catra’s claws instinctively start to unsheathe as she fiddles with the collar of Adora’s red jacket. Catra lets herself be pulled into Adora’s lap, their lips sliding together perfectly.

Catra teases Adora’s bottom lip with her teeth, pulling at it lightly before kissing her softly. Adora massages Catra’s thighs, squeezing at the areas Catra was the softest. Adora turns her head to deepen the kiss, her tongue probing the corner of Catra’s mouth. Catra accepts her, their tongues flicking each other with each kiss. But it’s quickly broken off, leaving a trail of wetness between their lips.

Adora pulls away, her hands lifting Catra’s hips slightly. “Sorry-sorry-“ Adora says quickly, she reaches for a pillow.

Usually during a make out session, Adora will stuff a pillow between their hips. She doesn’t want to make Catra uncomfortable in any way, but her…’part’ has a mind of it’s own. Catra had pointed it out at first, smug and teasing, when she felt

it press against her. Which, of course, made Adora embarrassed. Since then, if they were even just cuddling, Adora would put a small pillow between their hips. This annoyed Catra but she knew that it was mostly for Adora's own peace of mind.

This time, though, seeing Adora trying to put that barrier between them again, Catra stopped her. "No…I want to feel you."

Adora turns as red as her jacket, the hand that was gripping the pillow relaxes and makes its way back on to Catra's hips. Catra lowers herself onto Adora's lap again. Adora lets out a soft exhale, Catra adjusts herself until they're in a position where they can feel each other. She feels Adora's boner press onto her clit, her underwear sticking uncomfortably to her.

They stay in that position for a bit, kissing and rocking against the other experimentally. Adora finds a position that she likes and thrusts roughly upwards against Catra, Catra doesn't feel much from it but the look on Adora's face is everything to her.

Adora wraps her arms around Catra's torso, Catra holds Adora's head against her chest as Adora grinds against her. "Do you…Are you going to…" Catra wasn't sure how she was trying to phrase her question but Adora got it anyways. "Yeah…but I…I'm- are you?" Adora could barely talk as she ground her clothed member against Catra's folds covered by her leggings and underwear.

Catra let out a small breath of a laugh through her nose, "No- it feels good but I don't think I can like this."

Adora halts her fevered movements, she loosens her arms around Catra's torso, moving her face away from Catra's chest to meet

her eyes. They're both sweating and panting, red in the face. "Tell me how to…" Adora says breathlessly.

"How to what?" Catra asks, equally out of breath.

Adora gulps to soothe her dry throat, "To..take care of you…how to make you feel good, better than good."

"We take care of each other, Adora, remember? We'll figure it out." Catra smiles and reaches for Adora's hand. They lock their fingers together.

They share one more kiss before deciding to get ready for the night. "It's getting dark.." Catra points out. Adora clears her throat, "Oh…you're right…how long have we been..?"

They both check the time…1 hour and a half. It was their longest yet. Adora felt weirdly proud and, according to Catra's expression, she thinks the feeling is mutual.

Catra, with wobbly legs, gets off of Adora's lap but is embarrassed to find a wet spot on Adora's pants. "Woah…" Adora says, giddy. Catra is mortified but Adora is amused. "Adora! G-Go change!"

Adora lets out a laugh “You know- I think I might just keep these pants as a keepsake.”

”WHAT!? No!! Adora-!” Catra yelps

Ahh…the rare occasion Adora got to tease Catra back, it finally came. Catra crossed her arms and pouted, facing away from Adora. Her face was red from embarrassment. *Clearly* not as amused. Adora’s laughter starts to subside as she hugs Catra from behind. “Sorry…I just had to- it was-“ Adora laughs again. The laughing starts to catch up to Catra, “Dummy, only you would laugh about something like this.”

Catra leaves a small peck on Adora’s lips before standing to change into her night wear. Which was just basically the standard grey Horde sleeping top and bottoms.

Adora began to toe off her boots, she moved to remove her socks but she caught sight of Catra changing before her. Usually, Catra didn’t mind if Adora watched, in fact she would more often than not encourage it. Catra would purposefully touch or move to a position that would push her breasts together. Watching Adora get flustered and turn away always gave Catra satisfaction.

Catra removed her shirt, she notices Adora watching. She smirks as she bends down to take off her leggings. Giving Adora a good view of her cleavage. But Adora didn’t look away this time, this time she kept watching. Catra felt herself blush…

This is new…

Catra rolled her leggings down her thighs and did the same with her thigh socks. She steps out of the pile of her clothes as she reaches for her top. She slides it on. Adora lets out a huff. It didn't sound disappointed, more so entranced.

Catra slid her thighs together and noticed that her underwear had turned cold and was still wet. She grimaced as she decided to slide them down from her legs, but she had momentarily forgotten Adora was still watching. Adora's jaw was slack and her eyes were trailing up and down her legs. Her intense gaze lingered on Catra's pubic area.

The fur there was thicker and softer, meeting down to Catra's puffy folds that had a much shorter fur pattern than her pubic mound. Adora felt herself harden, almost to a painful point. Catra hadn't tried to put on her underwear, instead she settled for watching Adora who was watching her. Her own slanted eyes trailed down to gaze at Adora's penis straining against the fabric of her pants.

Adora shook her head and looked away, redder than Catra had ever seen her before. Adora tried to readjust herself from the outside. Adora felt so aroused that it was starting to hurt. Catra followed the action with her eyes, she squeezes her thighs together but given that she was standing it didn't do much to stop the wetness that began to trail down her thigh. Catra let out a small moan, Adora's eyes widened. She'd never heard Catra make such a noise before.

When Adora looked up, she saw Catra with a hand between her legs. She wasn't touching herself in a sexual manner, but more so observing herself. Adora watched closely and intensely. When Catra moved her hand away, it left with a slick trail. Adora let out a shaky sigh at the sight.

Neither of them could take it anymore.

Adora quickly marched over to Catra, taking her in her arms. Catra squeaked as Adora roughly groped her ass and thighs. She was making such intense eye contact with Catra as her hands roamed over her body. Adora's battle ridden hands made their way to Catra's breasts, still contained under the bra and top, and squeezed sensually and softly. Adora knew that Catra had sensitive boobs, and was told to not press too hard when they cuddle or to not put too much pressure.

Catra panted out, "Adora…"

Catra was quick to press kisses against Adora's jawline and throat. Adora could barely focus, her thumbs pressing gently against Catra's nipples, feeling them harden against her thumbs. Catra moaned Adora's name, and suddenly it was all Adora wanted to hear. Wasting no time, Adora leaned down to hoist Catra up by her thighs.

Catra wrapped her arms around Adora's shoulders and her legs around Adora's waist, continuing to leave open mouth kisses along the length of Adora's slim neck. Catra feels herself being placed

on the small bed gently, she adjusts herself against the pillows.

Adora hovers above her, Catra was practically naked save for her top. It was time to change that- Catra used one of her claws to tear between the middle of the top, letting it fall to tatters around her. She tore through the straps of her bra and discarded both of the remnants to the side of the bed. Her boobs were perky and the perfect size for Adora's hands.

Adora sat back on her knees, quickly undoing her belt holding her jacket together. While removing her jacket, her hands got caught in the sleeves so she waved her arm around trying to get the jacket off. Catra giggled, which…which was so unlike her but the sound was vulnerable in a way that squeezed Adora's heart. She lets out a small nervous laugh of her own at her predicament.

Catra sits up and helps her remove the jacket all the way. Next was her shirt.

A white compression turtleneck with long sleeves. Standard horde clothes. The material was stretchy yet tight. Much like Catra's own clothes but it offered more space to breathe given that it wasn't exactly *skin* tight. But it did manage to hug Adora's muscles in a way that left Catra swooning. Catra helps Adora out of it, leaving Adora in her sports bra. Catra lets out a shaky moan as she trails her hand over Adora's abs.

Adora always noticed Catra sneaking glances at her when they're out on missions. Adora works more with the heavy lifters when she's not with the crowd of admirers and fanatics, given that she's She-Ra and all. She would watch Catra overseeing that the

mission is successful, often helping out with supply distribution.

When Catra glances her way, Adora makes sure to flex her muscles a little more, to give Catra a good view of her abs when she uses the bottom of her shirt to wipe off sweat. It always leaves Catra swooning and breathless.

“So…you like my muscles, then?” Adora asks in the heat of the moment, and intense curiosity. Catra chuckles, “Of course I do, dummy. I like to seem them in action.”

”Huh, is that so?” Adora asks, getting a big head at the compliment. Catra rolls her eyes, before teasing Adora forwards, “Shut up and come here.”

Catra lays back against the pillows and drags Adora down for a kiss. Which Adora is eager to return. The kisses start off shy, small ones here and there. But Catra grabs Adora’s jaw and teases it open, Catra drives her tongue inside and Adora does the same to Catra.

The feeling was strange but addicting. Catra’s tongue felt rough, given her part cat biology, sliding along Adora’s own softer tongue. It was wet and warm, intensely so. Adora’s tongue would lightly poke at Catra’s fangs, sometimes by accident but she couldn’t help but admit that she liked the sensations.

Adora started kissing harder and faster, leaving Catra struggling to catch up. “Ah- Adora!” Catra said in between tongue fulls.

”Adora- I’m still more naked than you are. Let’s fix that..” Catra says breathlessly as she manages to break off the kiss by sitting up. Adora looks absolutely gone and sweating from the intensity. Catra is quick to claw Adora’s sports bra to shreds, but Adora is too aroused to care.

Catra gapes at the sight of Adora’s chest, she trails her hands from her abs to her breasts and squeezes. Adora lets out a sigh,

“Does that feel good?” Catra asks, nervous.

Adora nods, humming, “Yeah…yeah..”

Catra worried that her claws would accidentally hurt Adora, she liked to keep them sharp but the way Adora was looking at her: with so much trust, it made her claws unsheathe without her meaning to. She wanted to so badly keep that trust. Catra softly trails her claws down Adora’s tight stomach and to her belt and grey pants.

With nervous hands, Catra undid Adora’s belt and her pants along with it. She didn’t shred the pants nor the belt, now feeling a little more nervous knowing just how special and important what they are doing is.

It was both of their first times.

Catra hadn't ever had an orgasm through masterbation, not because she didn't want to but because everytime she tried, all she could think of was Adora. Adora, who was her enemy at the time. It felt wrong, gross and made her feel guilty. Her claws would always get in the way so it just left her more frustrated than when she'd start.

Adora had before, but only as a stress reliever. Though it wouldn't be often, her mind was on winning the war. When she'd try, she could only think of Catra before chasing the thoughts away and focusing on the goal. But she was always left with a deep empty feeling.

It had to be special.

The moment both Adora and Catra realized that, they started taking things slower.

Adora's eyes were glued to Catra's as she removes her pants and underwear. Adora props herself over Catra, kind of like a push-ups position, Adora thought. Catra's eyes were wide and curious, and shy. It was so unlike Catra to see her so bashful and quiet.

Then again- Adora hadn't ever had a chance to really look at Catra when she was naked. It was always quick glances and never

more. But here- with Catra beneath her, chest rising and falling shakily, legs clamped together hiding what's between, and a flushed face.

Adora wanted to absolutely ravish her. She can feel her penis bobbing slightly below her, touching Catra's inner thigh.

Catra can hear her own heartbeat. Her pussy is clenching around nothing, begging to be filled. Adora and Catra just stare at each other, never breaking eye contact.

Adora breaks the silence, "You're so beautiful, Catra"

She says it so simply, like it's a fact. It makes Catra's throat close up and her legs aching to be spread. Catra doesn't know what to say. She's not as open hearted as Adora is, her emotions aren't as easy to read and she always hides what she feels because being vulnerable is a weakness.

Catra feels weak in many ways right now, but for some reason- she's okay with it.

Catra's hand makes a path from Adora's wrist, propping herself over Catra on the bed, to Adora's shoulder. Feeling the trembling muscles.

Adora doesn't mind the lack of response, because she knows that Catra is listening.

"Catra…is this okay? Are you comfortable?"

Catra smiles, "Yeah, I'm comfortable. This is more than okay."

Her gaze falls to the penis resting on her thigh, it looks big from where Catra is. The head is swollen and pink, leaking something clear and white. It had veins all around, it looks like it might explode at some point.

Adora knows where Catra is looking, it makes her self conscious but the insecurity quickly disperses as Catra wraps a fist around her cock. Adora's hips jog forward on instinct.

Catra's hand is so warm and soft, "Can I touch you, Adora?"

Adora nods fast and eager, which makes Catra laugh. "Well you are already…I wouldn't mind if you kept going." Adora says trying to rouse Catra to moving her hand.

It was hard to maneuver since Catra was laying down and jerking Adora off but she made it work, Adora's eyes shut close as she

lets out grunts.

Catra dragged the precum building up at the head and spread it all over Adora's penis. Adora was so close…so, so close.

Adora's eyes shoot open when she realizes that Catra isn't touching her anymore.

She looks down to assess only to see Catra touching herself using the hand she was just using to touch Adora. Adora's stomach bubbled with excitement at the sight.

It was the most erotic thing she could have ever imagined.

Catra spread the precum on the entirety of her vagina, her entrance gaping and pushing out juices of her own. Catra was so worked up, she was sure the moment Adora would touch her, she'd finish.

Adora reached down to remove Catra's working hand, Catra let out a whine.

Adora wasn't sure what she was doing but she knew she wanted to pleasure Catra. She used her middle and ring finger to drag the juices at her entrance up to her clit and rubbed sensually before repeating the gesture. Catra bucked her hips forward, her claws tearing into the sheets.

“Adora- ah… Adora, put your fingers in, please…”, Catra said, almost too quietly. But Adora could hear her. The cabin was practically in the middle of nowhere, there were no nearby villages, no Princesses, no Swift Wind, no nothing. It was just them, naked on the bed, the bed squeaking whenever they moved too roughly or fast, and the sound of their breathing and their heart beats.

Both so loud that they could swear the other could hear.

Adora probed her middle finger, unsure where Catra’s entrance was. She started getting nervous..

Catra reached down to help her, no snarky response, no teasing, Catra’s lithe fingers grasped both Adora’s middle and ring finger and pushed them into herself, past the tight ring of muscle.

Adora felt her cock twitch at the feeling, Catra was breathing so harshly, her claws tearing up anything they could find. Adora thrusts her fingers all the way in, Catra moans.

“Can you…push them upwards? Kind of towards yourself?” Catra asks

Adora nods dumbly but she complies to the best of her abilities. She pushes forward and bends her fingers towards herself like

Catra asked. Catra was already so aroused, her walls pulsing all around Adora. Tightening and untightening. Her walls, hot and wet. Adora pulled her fingers out and pushed them back in and repeated the motion of pressing forward and towards herself.

Catra was moaning louder than before, encouraging Adora to keep going. It isn't until Adora's fingers brush against a spongy wall that her fingers flutter against, the moment she presses against it, Catra all but screams. "ADORA!"

It should startle Adora but she sees clear juices dripping down her wrist and onto the bed, Catra clenches her thighs and traps Adora's hand as she rides out her orgasm. Adora got goosebumps at the sight.

Adora keeps her hand still before Catra coaxes Adora to remove them, she does. Catra is still panting hard from the intensity. "Oh…that was…so good.."

Catra covers her eyes with her forearm. She would roll her eyes at the expression Adora has, giddy and stupidly proud of herself.

Catra's legs were spread, she uncovers her eyes to see Adora's penis hardened and slick and ready.

Adora was watching her with such soft eyes, and an even softer smile. Catra held out her arms, a silent invitation.

Adora gets back on top of Catra, propping herself on her elbows.

“Adora, do you want to?”

Adora was confused at first, she didn’t understand. Weren’t they already having sex?

Catra could see the gears turning in her big head, she opts for wrapping her spread legs around Adora’s waist and pushing her forwards, the head of Adora’s cock brushing Catra’s entrance.

“O-OH! THAT- I…are you sure? I don’t want to hurt you.”

”Adora, you’re not gonna hurt me. I want this- more than anything.”

Adora smiles, leaning forward to meet Catra’s lips in a kiss.

Adora wished she was counting how many kisses they had shared that night. But a passing thought alarms her, she pulls away from the kiss suddenly, leaving Catra shocked and disappointed.

”Wait- but what about protection!? I didn’t think we would be having sex so soon, what if I get you pregnant?” Adora worriedly asks.

Catra barks out a small laugh, “Adora- I‘m on birth control for my heat, remember?”

Adora blinks once…twice, she smiles with a smile so wide it almost creeped Catra out, but it was just one of the many things she loved about Adora. Her emotions were plain as day.

Adora grips the base of her penis, angling it towards Catra’s entrance. Catra began to feel nervous but excited, Adora leaned down to press kisses to Catra’s throat. Her free hand that wasn’t supporting herself kept her cock steady as her hips pushed forwards slowly.

Catra could feel the head at her entrance, pushing and not stopping. It hurt a little, it was stretching her in a way Catra didn’t even think was possible. Catra let out a pained groan, Adora raised her head at the sound, worried. “Are you okay? Does it hurt?”

“A little, but I’m okay…keep going..”

Adora pants, the heat of Catra’s entrance making it hard for her to talk. “I don’t want to hurt you”

”You’re not going to…please- Adora, don’t stop” Catra says, she pushes her hips down trying to get more of Adora in her.

She wasn’t lying when she said that it was a little painful, but there was something primal in her that wanted her deeper inside, her juices kept dripping out making the stretch a little easier. Adora slowly pushes her hips forwards, the head breaching the narrow ring of muscle and entering her.

Catra grasps to hold onto Adora’s back, Adora was trembling at this point. The heat was unbearable, Catra was so tight. Adora almost couldn’t keep pushing forwards, Catra was wrapped around her, moaning in her ear.

Adora needed a moment to not finish so soon, Catra’s walls were pulsing around her cock. Catra could feel when Adora’s penis twitches inside of her. When Adora pushes the last few inches in, it presses against the spongy wall that Adora’s fingers had just explored not too long ago.

Catra whimpered at the feeling, her voice going up an octave. Adora collapsed on top of Catra.

She was sure if she started moving, she would finish on the spot. Catra was writhing beneath her, begging her to fuck her into the bed. “Adora- please!”

Catra’s hips were gyrating trying to get Adora to thrust, Adora picks herself up from laying on top of Catra to being propped above her on her hands. Their hips were fully flushed together. Their pubic areas touching the other.

It felt so intimate.

And it was. By gods it was.

Catra looked absolutely wrecked despite Adora not even starting yet. Adora was fairly sure she wasn't doing much better, she almost came just from trying to enter her.

Adora used one of her hands to grope Catra's breast, a little rougher from before but Catra looked like she didn't mind this time. She whines and arches her back. Catra's claws tear the pillow she's laying on.

"Catra…I love you, so much"

Adora didn't give Catra a chance to respond as she pulls out almost all the way and thrusts back in. Catra lets out a sharp cry, the tip of Adora's penis presses against her wall-

Adora thrusts again- Catra's legs flail out and she covers her mouth with her arm, tears running down her temple, face flushed "Ah- Adora!"

Adora's hips were trembling with the effort to not come, at least not until Catra does. She thrusts again, and this time instead of pausing- she keeps thrusting

In and out

out and in

Catra’s boobs are bouncing and she can’t keep her eyes open, her mouth is open in sharp gasps and moans. Adora watches intensely, she can barely keep herself propped up but she wants to watch Catra while she fucks her.

Adora sits on her heels slightly, she grabs Catra’s waist and thrusts hurriedly in the new position. With the position, Catra feels Adora hit the spongy wall with every thrust. She can barely take it- her back arches and her legs spread shamelessly wide, her hips rotate around Adora’s cock for more stimulation.

Her walls clench around Adora’s length and she lets out a long drawn out moan of what Adora thinks is her name. But the sight and the feeling of Catra coming on her cock is enough to draw out her orgasm that she’s been holding back since they started.

Adora roughly thrusts forward, the bed squeaking beneath them as Adora pushes Catra into the springs of the mattress with how hard she pushed inside of her. Adora’s penis twitches once then Catra feels it.

A hot splash against her walls, painting them white. Catra pulses around Adora, Adora empties her semen inside of Catra. It feels never ending, Adora keeps squirting her fluids and Catra accepts every bit of it. Catra’s body loses its tension and she falls limp on the bed with Adora on top of her. Adora is still thrusting weakly, pressing soft kisses against her throat.

Catra roams her hands across Adora's back, it's sticky with sweat but she knows she herself is probably worse off because she's covered in fur. So she can't really find it in herself to care.

Catra begins purring as Adora weakly props herself on her forearms to look at Catra. Catra smiles and Adora returns it.

"You're purring"

"I know" Catra says, as matter of fact, no longer ashamed.

"I like it" Adora's smile is so genuine and full of love

"Yeah?"

"Yeah.."

Adora pulls out, their combined juices trickling out around Catra's folds. Catra bends her legs forwards, stretching them. She already feels sore, she feels a deep ache inside but is so deeply satisfied and happy in the moment. And she just can't stop purring.

Adora reaches for her discarded white shirt, she stands and leaves the room. Adora smiles to herself, her own legs feel wobbly from how happy she is. She puts her shirt under the tap. When she returns, Catra is sitting up on the bed, worried. But her face

smooths out when she sees Adora again, her purring resumes. “It’s okay- I’m here” Adora says softly.

Catra sighs, “I thought you were upset..”

Adora’s brow furrows, confused, ”Why would I be upset?”

Catra lets herself fall back onto the bed, prompting Adora to follow

”I don’t know…it’s dumb”

”It’s not dumb, Catra. You can talk to me- I’m here.”

”Was I good?” Catra asks

Adora wasn’t sure how to answer, she didn’t really get what Catra meant. “What do you mean?”

Catra sighs, “You made me feel really good…I just- I don’t know if I did the same for you.”

Adora snorts, stopping herself short of a laugh

Catra looks slightly offended, “Wha- Don’t laugh at me!”

”I’ve wanted that for so long, I wanted you, only you. And you accepted me in return. That was everything I could have ever wanted, you were perfect.”

Catra blushes, “Don’t ever go a day without being inside of me somehow”

Adora’s eyes widen at the dirty insinuation of those words but she laughs and returns it with just as much cockiness, “Don’t threaten me with a good time”

Catra shoves a pillow against her face, the pillow falls as Adora laughs before wrapping her arms around Catra, and Catra doing the same.

“I love you, dummy”

”I love you too, you stubborn brat”
