Summary

"What are you?"

Her heart began to slowly beat faster. She'd had time to calm down as Catra had adjusted the straps and positioned her how she wanted. The end result was something Catra was going to enjoy, but the process was all Glimmer's desires.

"Your fuck toy, sir."

"That's right. And what don't fuck toys do?"

"Spoke unless spoken to, sir."

"And what do good fuck toys do?"

"Take it all, sir."

Notes

Turns out I'm still a whore for glitra in this AU, even if they are way nicer and healthier in their sex in this fic lol. Some actual non-hate sex but fully they are leaning into what they've done before :p

Yes, I'm leaving this open to people without an account so I'm sure I'll get AI scrapped, but I know a few folks were at least commenting as guests on the series so I'm leaving it open for y'all.

See the end of the work for more notes

“Ready?”

Glimmer swallowed thickly, breathed in and out through her nose, tried not to think about how she wouldn’t be able to very soon. Ankles and wrists strapped to her thighs, feet tied together sole to sole, it left her wide open. The elbow ties and the posture collar made her fully immobile. Anyone else above her would read her nerves as something to be concerned about, but not Catra.

No. Catra sat on the edge of the bed, one hand trailing up and down the towel she’d put under Glimmer’s ass with a smirk earlier and the other propped casually up on her knee. From this angle she couldn’t see the gag, but Glimmer would bet good money it was still gripped in her other hand. She sat completely impassive now, almost bored looking as she waited, and honestly that was hotter than anything else she could have done.

They’d been working on a lot with their sex safety, and Bow should be proud, wherever he and Adora had gone off to today to allow this to go down. Glimmer’s brain unhelpfully added, *oh it sure will go down.*

“Ready.”

Catra didn’t move an inch, her hand trailing up and down without pause. It made a wave of desire wash over Glimmer’s whole body, knees quivering before she relaxed again. She swallowed again and much softer tried again, “Your toy is ready, sir.”

She still didn’t move, but now at least her eyes began to look Glimmer’s body over. That was a good sign, even if it made her flush worse. It was probably only thirty seconds, but it felt like minutes before Catra finally made eye contact again.

“What are you?”

Her heart began to slowly beat faster. She’d had time to calm down as Catra had adjusted the straps and positioned her how

she wanted. The end result was something Catra was going to enjoy, but the process was all Glimmer's desires.

"Your fuck toy, sir."

"That's right. And what don't fuck toys do?"

"Spoke unless spoken to, sir."

"And what do good fuck toys do?"

"Take it all, sir."

Catra barely shifted, leaning just enough to trace her claws down the inside of Glimmer's thigh. It was more than enough to make the metal clasp clink and jingle like a bell. "And what," the claws suddenly sunk into her flesh hard enough that she yelped, automatically tried to move without being able to, "did you," she let the air hiss out between her teeth to stop from cursing as the burn grew worse as the claws raked slowly down over and over and over again, "not fucking do?"

Glimmer gasped, a little lightheaded as Catra went back to feather light strokes. The tickling was almost as bad as the pain.

"Your toy spoke and didn't take it all, sir!"

Catra finally smiled, cruel and sharp as she lifted the gag up to where Glimmer could see it again. Earlier the silicone had looked almost disappointingly small. It certainly didn't seem small anymore.

"Broken toys can be fixed, though. I will fix you right back up."

Her eyes fluttered at the rush going through her body. Fuck they hadn't even started yet!

"Th-thank you, sir!"

Catra's chuckle was deep and thick, and it made the hair on her arms stand on end. "Thank me after. Mouth."

She opened as wide as she could with the collar interfering a bit, stuck her tongue out as far as she could towards her chin.

Catra waited again, her eyes going half lidded as Glimmer's jaw started to barely ache, then she lifted her free hand to her mouth to suck on her middle finger. Taking her time as Glimmer stayed still and patient, and then sliding it into her mouth. She moved it slowly, barely in then out. Pushing in deeper whenever the mood seemed to strike her until Glimmer gagged, then a second finger was added both pushing just before that spot only to push past it again and again. It was once Glimmer managed to acclimate and stop gagging that Catra pulled out. She left a wet trail between Glimmer's breasts, over her stomach, past her shaved mons, and then suddenly and forcefully she shoved them into her pussy.

Glimmer gasped, groaned automatically before she could help it. She snapped her mouth back open to wait again.

The fingers pumped in and out until she was slick enough for a third, each time Catra sunk into her Glimmer couldn't help the noises that came out of her, each time she left Glimmer tried to breathe and relax. Her jaw definitely hurt now, she was having to think more actively to keep her mouth open and tongue out. She would catch her mouth half closed and force it open despite the growing ache. Four fingers swirled around her, smearing wetness not only all over them but all over Glimmer.

She was not surprised when Catra shoved them deep enough into her mouth to make her instantly gag, her body half convulsing, a tear leaking out the corner of her eye- and then she wiped her hand dry on her breasts, making sure each nipple felt cold and sticky.

"Drink." It wasn't a question, just another demand as Catra squeezed the water bottle, barely enough warning so that she didn't choke on the spray. Glimmer scrunched her nose and still

almost gagged from the flavor, a plain electrolyte mix was mostly just salty and gross. It made Catra snicker and condescending pat her cheek before she withdrew.

Cold silicone pressed into her, dry enough to be uncomfortable, and only stopped when Catra reached the leather bit that held it firmly to the gag itself.

“Mouth.”

Shit! Glimmer opened it again, both almost frozen until Catra blinked slowly at her.

“Four inches. That’s it.” Catra mused as she shook the toy cock inside of her. “Would you get off on it if I fucked you with this?”

“No sir, your toy would not get off if you fucked it with this.”

Catra purred, actually began to purr. “That’s right, you couldn’t come if I fucked you with something this inadequate. I want you to remember how small it is before you start choking on it and begging like a bitch for me to take it out.”

“Yes sir, thank you sir.”

Catra thrust it into her roughly a few times before pulling out and swirling the head and ridges around her lips and clit. When she held it over her mouth, it literally dripped onto her tongue. Then Catra pressed it in, slowly and shallowly. The belt jingled and it made Glimmer whimper.

“Hold.”

Glimmer gently bit down on it, just enough to keep it in place as Catra pulled her up quickly but fluidly by the d ring on the front of the collar. Leather slid behind her head and up the side of her face.

“Third hole. Suck.”

Glimmer did. The toy was realistic and felt fantastic as it slid over her tongue, in and out, shallow enough that she could breathe through her nose as she began to relax her throat. Clear her head as best she could. She gasped as Catra clicked the vibrator onto its low setting, running it slowly from one thigh across her exposed core to the other. Just low enough to miss her clit, high enough to barely reach her entrance, mostly good enough to tease her and spread her slick even further. It was only after she'd relaxed and held still for a few minutes that Catra finally slid the head up to rest on her clit.

Glimmer moaned around the dick, letting it drop deeper before gagging and working to push it back out. She sucked and moaned and twitched as an orgasm slowly built under her skin. Liquid heat that pooled heavily just above her core, only to stop with a pathetic whimper when Catra turned it back off.

"Relax."

It was a harder order to follow as her brain tried to both desperately chase the denied high and began to whirl with fear.

Catra pushed gently on the leather until Glimmer gagged again, releasing it just enough to stop there. "Hold." Glimmer gently bit again and listened as Catra opened the clasp and pulled the strap through more. "Two, mmmm, and three. Good."

Glimmer experimentally tried to breathe through her nose and nothing happened. A small bolt of fear rushed through her before she began to breathe around the cock instead. Catra didn't wait for her to acclimate before turning on the vibrator again, this time going directly to press it against her clit. She used more pressure and held it still, leaning back far enough that Glimmer couldn't see any part of her anymore. She swallowed roughly as spit gathered at the back of her throat, body straining towards the pleasure, excited to get what it wouldn't receive. If Catra wasn't still sitting on the bed, Glimmer wouldn't even know where she was.

She bemoaned silently her lack of blindfold, that would be so fucking hot.

Instead she twitched and thrust up into the pressure, listened to the sound of spit starting to gurgle, and swallowed until she was certain she would actually come. The vibrator pulled away and Glimmer's clit jumped hard enough it actually hurt. Her hips still thrust hopelessly for a moment as she thought she might still peak- only for Catra to tap the vibrator repeatedly on her clit. Her brain felt foggy, her body couldn't figure out which way it was going, and the orgasm receded again. The vibrator turned off as she groaned and whimpered.

"Now that you're all warmed up we can begin."

Glimmer's eyes popped open wide at that, searching for Catra and still only seeing a small corner of her shoulder. Warmed up? Fuck that, this had to have been part of the punishment! There was no way Catra was serious… right?

When Catra sat up again she was all fangs and delighted sneering. "What doesn't a toy do?"

Glimmer swallowed, didn't get it all and swallowed again. "Oiy ooughn awk, eer."

She pressed down on the gag, making the silicone sink in deeper as she asked, "And what do good toys do?"

Okay, fuck, she'd been serious! Glimmer desperately tried to calm the odd rush of panic as the toy pressed uncomfortably into her soft palate. "Oiy ache ah eh eh-" The words were basically unintelligible already, but as she gagged hard enough to move the toy out then back in they were lost. Another attempt to swallow and prevent herself from choking on spit only made her gag again, the toy moved roughly out then rushed back in uncaring. She whimpered as fear made her go taut. *I won't stop gagging, I'll keep going and throw up!*

Catra scoffed. "Stop whining and answer me!"

“Oiy ache ah eh eh ihen, eer!” She gagged again, and felt something rush up her throat, but nothing came out fully.

The toy pulled back, just enough for her to catch her breath. “Shhh, relax, and be good for me.”

She whimpered, but stilled and that was enough for Catra to grab the strap and slowly tighten it again. As the head pressed fully into the back of her throat Glimmer had to concentrate to stop herself from gagging further. To let it sit there. *Enjoy it. You enjoy being used. Let her use you.*

“Four, there we go. Starting to get you fixed up nicely now.”

It was uncomfortable, she couldn’t breathe as deeply as she wanted to, she was hyper aware of the way her nose started to feel clogged up and that the pressure from the cock was going to slowly release that into her mouth. The idea of swallowing her own snot and mucus was enough to make her gag and almost triggered another round of it. But Catra pulled it back again, as far as she could with the strap secured, giving her another chance to relax into it.

This time Glimmer did her best to clear her head, to enjoy the cock in her mouth, at her throat. She wanted to be able to do this for Catra but she never wanted to practice it. Two birds, one stone. Take a punishment, start learning a skill.

It was only as she closed her eyes that she realized a few more tears had leaked out and run down her face.

The vibrator started again, gentle against her as Catra purred with it. “I love when you look like this. Soft and blotchy, pink and red. I’m getting hard just from watching you cry. You know I’m just going to edge you like this, over and over. Once I get bored maybe I’ll just get myself off, I don’t think you’ve earned my cock. Don’t want to reinforce a bad habit in a broken toy.” Catra’s claws dragged slowly down her ribs, and Glimmer choked, coughed, gagged, and held her breath as she felt her stomach flip again.

She waited until she was sure she wouldn't gag again to slowly relax herself back to a sedate position. "Hmmm, maybe if you behave very very well, I could fuck your ass and come on your pussy." Glimmer moaned at the thought. Her throat aching and ass aching together with her empty cunt and jumping clit- fuck it sounded good in the worst ways possible. "Maybe if you do everything I want you to, I'll fuck your mouth and come down your throat instead." Glimmer twitched hard and Catra whipped the vibe away, oh she was going to come, there was no way Catra could stop it this time!

Glimmer screamed as Catra brutally squeezed and twisted her clit, pulling up enough that she lifted her hips in desperation to not have it ripped right off. And the scream turned quickly into nothing more than high pitched gurgling, she swallowed wrong- half inhaled and choked. Coughed hard enough that her head hurt. Her body began to writhe, mind going into panic as a small amount of vomit made it into her mouth. *I'm going to suffocate, I'm going to fucking suffocate!*

Catra pulled the gag back and released her clit, one hand rested over the collar, the heat soaking through to her neck. "Shhhhh, calm down. Calm down and relax and it will stop. Swallow." She did. "Breathe." She did. It took a lot more time than anything else she'd done before she got it fully under control. Tears rolled down the sides of her face and she looked up with begging eyes as Catra watched her carefully and smiled. "Good girl, that's how a good toy works."

She went a little limp in the sheets as Catra reached for the buckle, the high pitched tinkle of the metal almost soothing.

And then it began to tighten again.

She stared and whimpered, but held perfectly still afraid that any movement would trigger another fit of coughing or choking. Her heart raced and mind blanked as the cock pressed in deeper, now firmly into the top of her throat. She could still swallow, still breathe around its slim profile. She wasn't going to suffocate. She

was okay. She wanted to be used. She reminded herself a few times how much she enjoyed being used, and felt herself relax into it.

No gagging this time.

Catra smirked viciously. “Oh, baby, you look so fucking good like this! Scared and helpless, and giving up! Fuck!” She leaned down, her rough tongue licking painful stripes up her cheeks as she lapped up Glimmer’s tears. Teeth nipped at her ears as she licked them clear, a growl erupting from her chest as she left a quick scent mark across the gag. It pushed the toy in further and it hurt as Glimmer swallowed, she gagged. Her whole body tried to snap up and in, but the ties held her in place. Her hips began to scream with protest, her elbows ached from their ties, the collar felt suddenly tight-

Catra pulled the gag up as far as she could, just far enough for Glimmer to swallow before letting it go, letting her choke, then pulling it up for her to swallow and gasp, down until she shook, up so she could desperately swallow and gasp. Air rushed thin and reedy around the toy, past its glans to her aching throat. Up and down, up and down. It made her feel sick, it was so much worse than just being still!

Catra’s lips were feather light at her ear as she whispered almost reverently, “Cry for me. Choke for me. Take it all for me. Take it. Take it you fucking bitch, you love to choke on cock, don’t you? You love it because I tell you to, because you’re a slut who can’t help it. That’s why I made you my toy, remember? So fucking take it!”

It felt like torture, it felt like an eternity. But finally, Catra moved it slowly back into position and left it still. “Cough.”

Glimmer whimpered but coughed. The toy moved a surprising amount still, out until the gag pulled painfully tight, then thrusting in. It felt like someone was fucking her mouth. Her eyes fluttered as she choked, tears rolled slowly. She pictured Catra standing in

front of her, naked and smiling and laughing as she thrust roughly into her mouth. Unlike reality, in her mind, Catra pushed deeply, as deep as the toy, deeper.

It made her moan, and roll her hips.

Catra smirked victoriously as she moved back down. The vibrator clicked on, rested on her clit for only a moment before she flipped it to high. Glimmer shouted with surprise, and it was nothing but a gurgle. The cock thrust as she did, and she struggled. Catra moved, jerkily and impatient to get in a new position, turned now so she could hold the vibe but still loom over Glimmer to watch her face as she writhed and gurgled and whimpered and-

The vibe moved off, then on, then off, it tapped her clit, her thighs, ran down the slick so thick now that it covered part of her ass. Glimmer twisted, as if the straps would give up and let her move. The input was so inconsistent and enthralling that she simply couldn't keep up. Couldn't come but didn't calm down either. The head of the toy barely moved left and right in her mouth but it made her throat feel irritated and dry. She curved her tongue to keep it in place in the center, imagined it deeper, and then the vibe stopped.

No amount of writing or wiggling or trying to beg through the gag worked, it was deep enough that it didn't even sound like words. Which was for the best, stars, it really was for the best that Catra couldn't know she'd tried to speak. Catra watched with a grin, dropping the vibrator to rub at her crotch, her now free tail whipped through the air and smacked harshly into the bed and over her knee, then went the other way and tickled her cheek. She didn't move at all until Glimmer finally went quiet and limp.

"Your tits look great when you blush all the way down like this. Wish everyone could see them like this, to know I see it whenever I want." She leaned down and lapped at the underside of her breasts, licking up the sweat before she bit firmly into them. Glimmer gurgled, her head throbbed between the coughing, the way her neck tensed and strained without thought in the collar,

and the gag forcing her mouth and throat open. Catra kissed softly at her chest as she stood up. “That way they’ll know who you belong to. Ready for the last part?”

Last part?

She swallowed, imagined it and groaned. Nodding as best she could.

Catra laughed brightly as she leaned down, “There’s my good girl again!”

And slowly she tightened the gag.

It felt both good and horrible as the head slid down her throat. When she swallowed it almost pushed past that into her esophagus. It hurt, but it made her gush. She gagged, choked, gurgled, gasped. Catra barely pulled the gag back before slowly letting go each time. It was her own body that made it brutal, each cough made it thrust roughly into her now. No longer an insistent lover but and uncaring one. One looking only for its own pleasure. Using her. She was being used by a literal toy. It made her fucking melt.

Catra turned on the vibrator again, teasing her and torturing her and forcing her only to deny her. Over and over, she lost count as she was forced to focus on her breathing and relaxing her throat. Only to have her body betray her and force her attention between her legs again. When she focused on the cock the pleasure from the vibrator would lessen, sometimes vanishing as it became too rough or the angle turned bad. When she focused on the impending and impossible orgasm, she’d gurgle and choke. Be skull fucked by nothing more than silicone and her own body, the more it fought the intrusion the harder and deeper it became. Catra said nothing, just watched. Eyes burning, claws digging into the mattress as she stared at Glimmer’s face, then tits, then cunt. Never ending. It was never ending. She was going to be trapped like this forever!

It sounded like heaven.

She wished it was Catra fucking her mouth like this. Maybe Bow or Adora could use the vibe. Fuck, maybe Bow could control Adora to eat her out. Oh, fuck, that sounded amazing!

Suddenly the vibrator pushed firmly against her clit and stilled, Catra leaned over more to stare at her, sounded wrecked as if she'd been the one getting denied, "You did so good, here's your reward. You can come now. Come for me. Come for me!"

She tried to gasp before she came, but when she did it didn't even matter. The cock sank all the way into her fully open throat, silencing her scream before it even began. No air flowed out, nothing could come in. Her legs snapped shut with enough force that the elastic bands on her feet stretched, allowing her to partially close them. Her body curved and curled and rocked towards Catra, towards her master, her owner, her everything. And then as she began to involuntarily relax, she gurgled deeply around the toy in her throat, air finally rushing out in a desperately fast stream so she could swallow and gasp.

The vibrator dropped and slid, and Glimmer mindlessly tilted her hips after it, wanting more, wanting another.

Pain in her throat as the cock pressed back in, Catra having to tighten the gag before releasing it.

Her body reacted instantly, she rolled as much as she could to the side coughing a huge glob of spit and snot out. Her stomach flipped, a small amount of bile came up, and was spit out just as fast. She instinctively tried to breathe through her nose but it was so clogged she couldn't. She choked on nothing, coughed out more spit and snot. Violently she snorted and coughed, getting everything from her nose into her mouth to clear it. The idea of it made her gag and cough and choke again, flying out violently. And finally, gasping she spit. Then spit again. She cleared her throat and was shocked there was more to spit out. It dripped

down her cheek and chin, rolled into her ear, coated the towel and the sheets.

It took er a dazed few moments to realize that the frantic breathing wasn't her own, barely turning her head she watched as Catra jerked off. Looking up open mouthed she swallowed thickly as they made eye contact, trying to get her brain to do anything at all. Catra grunted as she came. Cum splashed thick and hot onto her shoulder, a small amount managed to land on her chin, most of it landed in the same spot Glimmer had desperately emptied herself.

She let herself flop fully back onto the bed and just listened to the high pitched buzzing in her ears for a few seconds as she tried to take stock.

Her hips really fucking her, so did her shoulders of all things. Her jaw almost didn't hurt at all, even if her throat did. It felt kind of like a weirdly specific sore throat during a cold. If that came with the oddest sensation that something was missing. Glimmer knew what it felt like for her pussy to feel empty, even her ass, but never her throat.

Catra finally gathered herself enough to slice through the binding on her feet and Glimmer groaned gratefully as she lifted her legs so her feet were flat on the mattress. She was not surprised to feel wetness under them. She was covered in quickly cooling sweat, hyper aware that she could feel her own cum on her legs and ass and even a little on her lower back. She coughed roughly as her throat throbbed but otherwise stayed still as Catra quickly worked to take all the straps off. As they were thrown carelessly onto the bed she'd slowly move her freed limb. Flexing her knees and elbow, rolling her wrists. Stretching her calves and forearms with nothing more than a slight tilt.

As soon as the collar was off, Catra's fingers pressed into her neck and that was almost as orgasmic as her actual orgasm.

“Drink?” Catra asked as she worked, and Glimmer nodded. Happily letting her squirt it into her mouth, the saltiness almost tasting good after everything.

Instead of saying thank you sir as she intended, Glimmer let out a rough croak and cough. Cleared her throat, hummed softly.

“You’re welcome. Sleepy?”

Glimmer huffed and smiled, this time when she tried to speak she whispered and it worked. “Actually, weirdly feel refreshed and wired. Wanna suck your cock, though.”

Catra laughed, a surprised bark that turned into uncontrollable giggles. “I fuck you like that and you have the gall to be awake and still want to suck me off!?”

She hummed warmly, “Shoulda waited and not blown your load.”

Catra was still giggling a little as she half flopped on Glimmer’s stomach and petted her head from the world’s most awkward angle. “I wouldn’t have let you. Pretty sure you need to rest your throat after that.”

Just the mention made it feel emptier and also hurt a lot more. Glimmer grumbled and whined as she blindly searched for the water bottle and took another sip. Without the post mind altering orgasm haze it was disgusting once again. “Fine, want tea then!”

“Lemon and honey with it?”

Glimmer smacked at her back and managed to accidentally slap her butt earning a startled yelp. Nice! “Yes, with lemon and honey! Up, wanna shower too.”

Catra trilled a little with her amusement, but got up with a stretch big enough that Glimmer heard her back pop with it. She turned to help Glimmer stand, waiting just in case. But she felt steady and strong, and smirked as Catra rolled her eyes, hands in the air before walking to order them some drinks.

Only pausing as Glimmer pushed the bathroom door open to say, “Next time I’ll lock it on you, have you kneel and drool all over your tits for a while.” Then impishly skipped away.

As if that wouldn’t make Glimmer clench on nothing, the bitch! “Let’s see how you do when I put it on with the o ring to shut you the fuck up!”

Catra squeaked and Glimmer decided that meant she’d won. But shower. Shower before gloating and victory tea. Hell yeah.
