The Portrait Of You And Me

by DragonOtakuKip

Summary

Adora comes home from a long day at work to her girlfriend's cooking and gives Catra a surprise after they eat dinner.

Sequel to The Lens I See You Through

(Can be read as a stand alone, but better with context!)

Notes

See the end of the work for notes

Adora slumped over Catra's back, letting out a sigh of relief as she sagged onto her cooking girlfriend— who proceeded to hiss and grumble about how she was 'getting in the way' as she cooked. Catra had never had a problem cooking while Adora hugged her, and it's a routine they'd had long before they officially got together.

Not much had actually changed much in their day-to-day life, they still each had their jobs and flexing work schedules, Catra cooked dinner and Adora made breakfast, they still cuddled as they watched shows. But now they were *more*, did *more*.

Adora loved every second of it.

She had a special 256GB SD card tucked away in a small locked box in their nightstand drawer now. She'd gotten it after their first night together and transferred the pictures she'd taken onto it immediately. Those were photos— *moments*— of Catra that Adora refused to let anyone else see. For the rest of her life she wanted to be the only one to have experienced, to *know,* that side of Catra.

Adora buried her nose in the crook of Catra's neck, rubbing her cheeks over Catra's and marking herself with Catra's scent.

"Do you want dinner or not?" Catra growled with *heat*— a tone Adora now understood the meaning of— as Adora smiled against her skin, wrapping her arms around her waist and snaking one of her hands up her shirt to pet along the soft fur of her stomach.

"I had a *looooong* day at work, I think I deserve a bit of dessert for working *so hard*," Adora groaned breathily directly into Catra's ear, feeling the short fur along her body bristle in response as she hissed to suppress what Adora knew was a moan.

And then Adora's stomach growled, rumbled, *roared*.

Catra deftly moved out of Adora's grasp and went to finish up the food as Adora leaned back against the counter and groaned in annoyance at her own hunger. She loved eating Catra's food— but what she really wanted was to eat *Catra*. Catra, who was smirking at her as she set down their food on the table, wrapping her tail around Adora's wrist and pulling Adora to join her for dinner.

"Food first, then you can have as much *dessert* as you want, Adora." She purred as she slowly lowered Adora onto her seat— her hands traveling from Adora's shoulders down to her chest, her claws brushing against Adora's nipples through her shirt. Adora's head fell back, arching up to kiss her girlfriend— only to stand up and slink to the other side of the table and plop down right in front of her plate with a smug smile and a mischievous glint in her eyes as she started eating.

Adora glared at her, clenching her thighs together and gulping down her desire as she starts to eat at the same *agonizingly slow* pace Catra is. Adora almost choked on her food when she felt Catra's foot rubbing up and down her along her calf. Adora's eyes snapped up from her plate to the woman across from her, nonchalantly eating the dinner she cooked while her foot slid ever farther up Adora's leg. Adora's heart was pounding in her chest,

which she knew Catra could *hear*— just like how she knew that Catra could smell just how wet she was.

"*Catra,*" Adora huffed.

"Something the matter, Princess?" Catra smiled with big eyes and a soft smile filled with faux-innocence.

"Yes... please Catra," Adora was clenching her silverware so tightly in her hand it would probably break at any moment as Catra's foot slid up against her— *touching her* ***there***— and curling her tail around Adora's ankle.

"Please what, Adora? I'm not doing anything," Catra purred, moving to take another bite and flashing her fangs at her.

Adora slammed the silverware down onto the table and stood up abruptly— startling Catra— and walked over to Catra's side of the table. She grabs the back of her chair and wrenches it out away from the table before squatting down to swiftly scoop an arm under Catra's leg and her other behind her lower back before standing back up.

"A-Adora!" Catra's surprised and indignant yelp rang above her as she flopped her lover over her shoulder and marched towards their bedroom.

Adora flipped Catra down on the bed hard, causing her to bounce on the mattress a bit from the impact. Before her girlfriend could recover and flip it back on her Adora grabbed Catra by the ankles and yanked her back so that she was between Catra’s legs, leaning over her from the side of the bed. Catra gasped upon the contact against Adora’s abs, her own arousal soaking through the thin layers of clothing between them.

Adora descended hungrily on her magicat lover’s neck flexing her abs for Catra to grind down on as she bit down on her pulse point. Catra moaned and her tail wrapped around Adora’s waist with a vice grip, pulling and tugging the blonde closer in a desperate search for more friction.

Adora released her bite and kissed along the deep marks left behind by her teeth. She propped herself up against the bed, her forearms framing the flushed face of her breathless lover below her. The muscular blonde brought a hand up to the magicat's ear and gently pet the soft tufts of fur on her ear. Catra helplessly mewled as she leaned into Adora's touch and continued insistently grinding down on her abs. Adora bent down and left soft butterfly kisses along the magicat's jawline, occasionally rubbing her own cheek over her lover's cheeks, forcing Catra to scent mark her. Showing Catra that Adora is hers and that Catra is Adora's. Her action garnered a deep, growling, moan out of her girlfriend.

"Here's what we're going to do, Kitten," Adora spoke directly into the magicat's sensitive ears softly, gently, but with purpose—*command*— she knew her beloved could not resist.

"*Yes?*" Catra's voice came out breathlessly shaky, a hot puff of air right into Adora's ear.

Adora snaked the hand not playing with her lover's ear down towards their hips, grabbing Catra's iron grip tail from around her waist slightly rough. The magicat gave a sudden and high-pitched moan at the motion. Adora fiddled with the tail in her hand as it re-curled around her arm, giving light tugs as she pet it while she attended to Catra's ear with her other hand.

"We're going to get up off this bed in a moment, and then you're going to get the camera and tripod and set them up while I get the SD card," Adora instructed, her lips ghosting against Catra's skin as she kissed her way back down the magicat's jaw.

"Yes, Adora," Catra nodded with a pathetic mewl. Adora moved her hand from Catra's ear down to her cheek and kissed her tenderly on the lips once. The blonde then stood up, pulling her girlfriend up off the bed with her. She kissed Catra on the cheek one more time before turning away to get the SD card as the magicat scampered to their closet for the camera bag and tripod.

Adora carefully punched in the code for the lock which kept their sex SD card safe from the rest of the world. Catra was setting up the tripod and camera behind her, facing their bed. Adora took a deep breath, checking the contents of the little box in her hands. Her doubts started to creep back into her from earlier today. She'd planned this, she had been assertive after getting home in an attempt to psych herself up, to help keep her courage and *do it*. But now her heart was pounding with anxiety once again. She breathed.

In.

Out.

"I've got the camera ready, can I have the SD card, Adora?" Adora could hear the concern in her girlfriend's voice— Catra could easily pick up on her anxiety, she always had since they were *six*.

Adora closed the box, took one last deep breath, and then turned around to face Catra. She walked over to the camera and turned it on— she had put a new, small SD card in it when the magicat was sleeping the night before; special for this moment. Adora pressed the record button and gently walked Catra— tail whipping side to side in confusion and curiosity. Adora understands why, just moments ago she'd been about to fuck her with her abs and fingers along with her '*excruciatingly delicious* gentle touch and care and kisses', as Catra put it. And yet, here she was— anxious for some unknown reason and turning on the camera and pressing record without their sex SD card inside of it.

Adora walked over to Catra, taking the magicat's soft hands in her own, and pressed their foreheads together. It was okay. It would be okay. She was with Catra. Catra wouldn't leave her, would never leave her. They'd been planning their lives together since they were in elementary school.

She took another deep breath, and then pulled away. She kept her eyes locked with Catra's as she slowly dropped down to one knee. Catra's fur bristled, her tail lashing even harder— with *excitement* now— her pupils are blown out and her ears stretching forwards towards Adora in rapt attention.

"Catra, my love," Adora started, her voice shaking ever so slightly — a tremor she knew the magicat would definitely pick up, especially with her full focus on Adora, "officially as a couple we've only been together a few months, but I've been in love with you since the very first moment I saw you. When we were toddlers holding each other in our bed. Walking through the forest behind the house. Sleeping on tree branches and rooftops together. Sneaking out at night and stargazing and taking pictures of the galaxies reflected in your eyes. There's never been anyone else I *ever* wanted. I've always imagined my future with you. Beside you. Growing up together as we have, and growing older as I hope and wish with all my soul we will." Adora took a breath, raising the box up and opening it— presenting the ring, perched up against their SD card, to Catra. Adora heard her breath catch.

"Catra, my one and only love of my life, my love at first sight, my stars and moon— will you take pictures with me, for the rest of our lives?"

Tears trailed down Catra's face, frozen in place. A choked sob escaped her and she came to life, sobbing and gasping for air— trying desperately to rub away tears as she began nodding furiously.

"*Yes* Adora, a thousand, million, trillion, septillion, infinite times ***yes***," She gasped out between sobs, falling to her knees in front of Adora and wrapping her arms tightly around her *fiance's* neck as her tail wound around Adora's waist. Adora set the ring and SD card box down and wrapped herself around the magicat, holding her with her entire body and petting her head as they cried

together on their bedroom floor; intermittently kissing each other intensely hard and excruciatingly softly.

Adora didn't know how much time they spent like that, but eventually they both calmed down enough to breathe and pull a few inches apart. Adora carefully picked the ring up out of the box. With a slight uncontrollable tremble, Adora took Catra's hand in her own and slowly, carefully, tenderly, slid the ring onto her finger. Catra choked out a sob again as she did. They held each other longer, until they heard the camera's recording click off— the hour recording limit having been reached. Adora shifted Catra in her arms and carefully stood up, holding her *fiance* in a princess carry. She walks over to the bed and sets the magicat down gently before moving away. She walks over to where they'd been sitting on the ground and grabs the box, taking out the SD card. She sets the box down on their nightstand and walks over to their camera. The blonde takes out the proposal SD card and puts in their sex one.

With the camera all set up, Adora then went to the bathroom and turned on the sink for some warm water before she grabbed a couple towels. She wet and wrung out one, wiping her face off first before re-wetting and ringing it back out again, and then walked over to the bed. Adora knelt with one knee on the bed while keeping her other foot on the ground, setting both towels to the side as she cupped the magicat's face. She brought the warm, wet towel to her *fiance's* face and gently rubbed her face with it. Adora tenderly dabbed her eyes, softly kissing her eyelids after she finished with them, and the tear trails on Catra's face. Adora then gingerly wiped her face with the fluffy, dry towel. Once Adora had cleaned her *fiance's* beautiful face of her tears, the blonde stood back up and walked towards the camera— looking Catra dead in the eyes— and pressed record again.

A rumbling purr rose from her magicat lover where she sat on the bed, her pupils dilating with predatory arousal, as she stared back at Adora. The blonde strode back over to the bed— this time fully getting on it— and straddled her *fiance*. Adora cupped Catra's cheeks softly and kissed her.

Catra's purr changed into a growl as she licked into Adora's mouth and bit down on her lip with a pointed fang. The blonde groaned into the magicat's mouth at the action and relaxed into her lover's need, granting her full access to *have* her. Catra's unsheathed claws hooked on Adora's shirt collar and tore downwards, shredding her work shirt and pulling its remnants off of the blonde, before discarding the fabric to a far corner of their bedroom. Catra claimed Adora's mouth with her tongue, dancing in tandem with Adora's as her hands deftly undid the hooks of Adora's bra and threw it away in the same direction of Adora's shirt.

Catra pulled back from Adora and dropped to work her fangs down on her neck. The magicat dragged her fangs down Adora's neck, bit down, and left a hickey at the base of her neck. She lapped her rough tongue over the mark and slowly drew it back up to Adora's jaw.

"*Mine,*" Catra growled against her skin as she nipped along Adora's jawline, "*All* ***mine***, to *have*, to *take*," the rumble of the magicat's possession shot directly into the blonde's core.

"Yours, *all yours*, forever and always," Adora breathed, her head lolling back as her *fiance* lavished her neck with flaming possession— Adora would have to call off work sick tomorrow, and maybe the rest of the fucking week too.

With a low, growling, *wanting*, roar Catra grabbed Adora by the arm and wrenched her down on the bed, reversing their positions. Now Adora was laying breathlessly topless on the bed with Catra straddling her while predatorily towering over her, claws pin-pricking into the blonde's sides and making her ruin a perfectly good pair of pants.

Catra smirked at her, fangs bared. The predatory magicat brought a clawed finger to Adora's cheek and trailed it down to her chin, which she cupped lightly in her deadly fingertips— as if her human counterpart of almost pure muscle would shatter at the slightest application of pressure. The featherlight touch was a tantalizing torture to Adora; when Catra began to slowly drag her claws down Adora's neck— pressing down just enough to leave light pink lines behind on her skin, but not draw blood— down her sternum, past her breasts. Adora's thighs were clenched between the magicat's own muscular legs, and she gasped for a breath when her *fiance* took her other hand to join the first, trailing both sets of claws *just* too lightly down Adora's abs. Catra only stopped once she got to Adora's absolutely unsavable pants, hooking into the fabric as she lent down to nip and kiss along the side of Adora's neck she'd left unattended to before.

"Please Catra," Adora begged before she reached down, pulling Catra's left hand up to her face in order to kiss their engagement ring, "*make me **yours***."

Catra's hips jerked down as she groaned at the words. Her magicat *fiance* bit down hard on Adora's neck, drawing droplets of blood and a gasped moan out of the blonde. Growling into the bite Catra moved off her *fiance* to rip open her pants. Catra kept

an iron grip on the blonde’s neck as she tore Adora’s pants the rest of the way off before the magicat hooked her arms under Adora’s knees. Catra had spread Adora’s legs and situated herself between her thighs. The magicat proceeded to pin Adora’s knees against the blonde’s chest when she eventually released her bite and licked the possessive wound she’d left. A mark that Adora knew would stay for a while, if not *hopefully* mar her skin for life.

With a vicious smirk, Catra began kissing and nipping and dragging her fangs and tongue down Adora's thighs, reaching all the way to where the blonde *needed* her, only for her to return back up and meet Adora's lips for a kiss before repeating the action for the opposite thigh. Catra took her time above her, worshiping Adora as if she was a goddess. Finally, she took the flat of her tongue against Adora's folds and *hummed* into her as she soaked in the blonde's slick. The magicat lapped at Adora a couple of times before pulling back to lightly kiss around her clit. Adora watched, her breathing labored and guttural moans leaving every other breath, as Catra abandoned her need and moved in favor of lavishing her abs with the magicat's rough tongue.

Adora was fucking *dying* under Catra's carefully intense attention. Her legs pinned down by her fiance's muscularly lean arms, Adora throbbed beneath her as heat and want and love and need spilled out of her; her abs flexed as Catra marked the blonde with her tongue, her teeth, her *scent*. Adora felt the ghost of Catra’s nipples against her abdomen as her fiance worked her way up to the blonde’s breasts.

“*Catra!*” Adora gasped as the smaller woman bit down on the underside of her breast, sweeping an elongated lick after in emphasis.

“Hey, Adora,” Catra purred with a hungry smirk and predatory eyes, resting her cheek against the blonde’s chest.

Adora’s hips stuttered up at the magicat, legs straining to wrap around her magicat lover, but Catra’s hold on her only tightened, “Ah ah ah— patience love, I’ll take care of you soon, I promise.” Catra’s purr rumbled all throughout Adora’s body as she ordered her taller fiance soothingly.

“But first, I’ve got some beautiful,” She kissed the bite mark she’d left on Adora’s breast, “wonderful,” she kissed above it, “spectacular,” she kissed higher again, “amazing”, another kiss, “gorgeous,” her kisses were inching closer to Adora’s nipples painstakingly slowly, “breathtaking,” so close— she was so *close*, “magnificent,” Catra pinpricked Adora’s nipple with a fang causing the blonde yelp out a moan, “tits to attend to first, *Princess*.” Adora was quivering beneath the shorter woman, her breathing uneven as Catra lavished her breasts with kisses and nips and licks and *bites*. Adora tried to buck her hips, desperate for *something*— to be filled *by* something; preferably *Catra*.

With a sultry chuckle Catra brought her attention up to the underside of Adora’s jaw, biting down gently and letting her purr reverberate through Adora’s throat. The magicat gave the blonde no time to recover from the change in affection before she harshly dragged her claws down the backs of Adora’s thighs, one hand stopping at the hip to keep her pinned while the over moved to tease her entrance.

Catra released the grip on her jaw and licked over the bruise, “What do you want, Adora?” The magicat drawled against Adora’s jaw, “How does my wife-to-be want me,” Catra’s sultry purr poured over Adora, incapacitating her.

“I— I um, I uh,” Adora gulped, trying to *think*— which was fucking **impossible** with how Catra was speaking to her. “I would um,” She cleared her throat; it only reminded her of the work Catra had done on it, “I would like, uh, like, *you, um, very,* very much,” she finished, face flushed and struggling to not grab her future wife's hands and fuck herself with Catra’s fingers.

“Mhmm, I got that, Adora— but do you want me hard?” Catra kissed her suddenly and roughly, “or slow?” her fiance whispered hungrily as she separated for air before the magicat kissed her softly— languid and relaxed.

A shiver crawled along Adora’s spine and she took the provided moment to breathe and think. Catra’s fingers danced around her entrance, not pushing forward but not pulling *back*. Adora lifted her head up to look— somewhere, Catra’s eyes? Her hands? It didn’t matter why she looked, though— and saw the camera pointed right at her and the magicat teasing her. Adora felt a fiery need broiling in her core as the idea sparked into her mind.

“*Eternal*,” Adora huffed, smug in her decision, “Like how I have you,” she clarified at the furrowing of Catra’s brow.

Catra's tail lashed *hard* against her pussy once eliciting a sudden, sharp, high-pitched moan from Adora before it began whipping

back and forth wildly, hitting both the blonde's muscular thighs and the bed beneath them. The magicat's eyes were fully blown and her purr rumbling as she took hold of the proposition.

Adora didn't *like* to be on the other end of the lens— self-worth issues buried deep within her from their childhood had instilled in her an avoidance of modeling outside of group photos. Catra loved being Adora's model; being the object of Adora's full attention, focus, and world.

Adora loved watching Catra capture the world in all its surreal-real beauty. Catra got into landscape because of Adora's dislike of— no, how uncomfortable she was— being in the very same position that the magicat could spend her entire life in. The fact Adora had asked this of Catra was *special;* and rare.

Catra leaned in and kissed Adora so tenderly— as if she could break at any second— cupping her cheeks with both hands after wiping the one that had been teasing the blonde clean. When the magicat pulled away she had a soft smile on her face. Without Catra's hands holding the blonde's legs up they relaxed down to loosely wrap around her fiance. Catra rested their foreheads together, her purr at a low rumble now.

"I love you," Catra loudly whispered.

Adora hummed. "I love you too," she loudly whispered back.

Catra pulled back and extricated herself from Adora slowly, kissing along her body and whispering and murmuring words of love and affection just loud and clear enough for Adora to hear, and no more.

Once Catra was standing separate from Adora she padded away— but not towards the camera. Adora was propped up on her forearms, muscles flexing as she wiggled her eyebrows and smirked when Catra glanced back over. She watched as the Magicat sauntered over to their closet and opened the bottom drawer of the small dresser. It was purposefully tucked, almost hidden, in the corner of the closer. Adora's playful smirking fell when she let out a lustful groan. The blonde's flexing gave out and her body flopped back onto the bed. Adora watched Catra turn around with her mischievous smirk, holding up their strap, hooked on the fingers that had been *touching* Adora just moments before.

"While we're doing *this*," Catra said, careful about mentioning the modeling— even though *Adora* was the one who brought it up— "I thought I could use a fun prop to help... *stage the scene*," the magicat's sultry voice pulled a shiver down the muscular blonde's back as her heterochromatic eyes pinned Adora down as she drowned in them and the promise the magicat was making to her.

Adora hummed her approval before she closed her eyes and breathed. The room was silent save for the sound of Catra putting on the strap. Adora listened as Catra finished equipping the toy and slinked over to the camera loud enough for the blonde to track the magicat's movements.

Catra was slow. Methodical, as she clicked the buttons on their DSLR. Stopping the recording. Adora wanted to clench her thighs. Clicking the camera settings, one by one, *all* the way from video to flashless auto. Adora let her legs relax and spread. Catra removed the camera from the tripod. Adora’s heart thundered in her chest.

Catra walked back to the bed. Loud. Purposeful. The magicat's tail swayed behind her in time with her hips. Her claws clicking against the hardwood flooring. Carving marks into Adora’s heart and sending warm shivers down her spine.

Catra stood at the edge of the bed, camera in hand. She brought one knee up on the mattress between Adora's, and with it and her free hand spread them wide. Adora's breath was nothing more than shallow, loud, *desperate* pants. Catra turned the camera, lining up a portrait shot. Adora had done the very same to the magicat in the past— it was an homage to the blonde's own style. Catra was taking it and making it *hers*. Taking what was Adora's and making it *Catra's* as well.

Adora knew exactly what the shot would look like. The bottom half of the frame would be the focus, with the top half blurred but easily discernible.

A perfect picture of her glistening entrance, the slick surrounding it on her thighs, and somewhat blurry at the very bottom of the frame the soaked spot of the sheets would be visible. Adora— having propped herself back up to look at Catra and the camera between her legs— would be seen above and in her already wrecked state.

Catra smirked, her eyes *hungry*, *predatory*, as she looked down at Adora. Her tail wrapping tightly around the blonde's huge, defined, muscular thigh— probably, no, *definitely* within the camera's sight.

"Smile for the camera for me, *Princess,*"

———————

Adora heard the tell-tale *CLICK!* of the camera, and immediately after the sound of their sheets tearing under her white-knuckled grip on them. Catra immediately pulled the camera back up and into a landscape position to capture the moment. Usually, it was Catra ripping their sheets to shreds as she screamed Adora's name. This was special.

Catra shifted down, placing the cool lens of the camera down in front of Adora's navel, and took another picture. The magicat set the camera aside and positioned herself over Adora, her fingers teasing the blonde's ready wetness.

"*C-Catra*," Adora gasped, there was no way she would be able to last much longer.

"Ah ah ah," Catra purred, nipping Adora's jaw as her tail twitched *dangerously close* to where the magicat's fingers were, "what's

the magic word, Adora?"

"*Please!*" The blonde begged.

Catra sealed their mouths with a biting kiss as she easily pressed two fingers into Adora and began thrusting rough and steady into her writhing fiance.

Adora was so close, the pleasure building and building and building and building and building and building and building and building and building and—

Her **tail**.

Catra's tail started flicking— no, *dancing*— over Adora's clit as her deft fingers worked the blonde harder than jackhammer on cement.

Adora's jaw was locked open in a silent scream, her back arched as a burning, searing, white-hot pleasure consumed her mind.

Blank.

Warm.

Soft.

Loved.

Adora came back to reality with the magicat draped over her, purring like an engine and marking the blonde along her jaw. Adora could tell from Catra's limp tail, absolutely floppy ears, and exhausted demeanor that her *beloved* future wife had gotten off on Adora's pleasure as well.

Adora brought her heavy arms up around Catra, petting along her soft back and basking in the beauty of the moment, like was taking a nap in a sunny spot on a slow summer afternoon.

Catra adjusted herself before she started licking along Adora's jaw, and Adora tilted her head to give the magicat better access. Catra licked a long line up to her ear before puffing a hot breath onto it. A shiver ran down her spine.

“Such a good boy for me, Princess,” Adora felt the strap rubbing against her— she’d forgotten Catra had been wearing— and gasped at the purr in her ear, “good boys listen very well, don't they?”

"*Yes Sir*," Adora replied, basking in the praise.

"Then, because you're such a good, good boy, you can stay here and wait for my instructions— cant you, Princess?"

"*Yes, Sir.*"

Catra smiled against her skin, kissing her way back down her neck and nipping the blonde at her collarbone before pulling completely away. Off of Adora.

She whined at the loss.

Adora waited, straining to hear what Catra was doing as she struggled to compose herself. Catra returned to her a few minutes later, wrapping her arms under Adora's ass and back.

Adora felt the camera remote press into her back in Catra's palm and yelped as the lean magicat lifted the tall blonde off the bed and into her arms, the strap pressing in with ease.

Adora wrapped her arms tightly around Catra, her fingertips digging into her back as she felt the toy filling her. Adora groaned into Catra's ear, having nothing to ground her to reality but the love of her life buried inside of and holding her.

"How do you feel about this, Adora?" Catra purred into her ear and thrust her hips.

"*Fan-fucking-tastic*" Adora breathed, her legs wrapped tight around Catra, her body lit aflame with *desire*.

With a smirk, Catra adjusted her grip to hold Adora by the thighs while her tail curled around Adora to hold and support her lower back.

Catra pressed the button with an audible *CLICK*, and then began to *ram Adora with her cock*.

Adora clung onto Catra for dear life, the only sensations around her were Catra's scent, Catra's grunts, Catra's skin, Catra's tail around her back, Catra's *claws digging into her thighs*. There was nothing else in Adora's world but Catra, and her quickening, rough, steadily thrusting strap.

Harder and harder, with practiced precision, Catra pounded into her. Her carefully crafted muscles— which Adora got to *watch* her build up over their lifetime, *watch* the leaner woman surpass her in certain areas— flexing underneath her as she *lifted Adora up* and then *dropped her down* on the strap in time with the magicat's strap.

Catra's crescendo of thrusts into Adora's pussy grew more and more and more— Adora bit down onto Catra's pulse point, digging

her teeth into her fiance in a desperate attempt to ground herself.

Catra bit down in turn in perfect rhythm with a last, *powerful*, thrust.

Adora screamed into Catra's neck. She tasted blood as pleasure rocked through her body in waves, her walls riveting and clenching down around the toy— around *Catra*.

———————

Catra took care of Adora. She laid them both carefully down and kissed Adora *gently, softly*, *delicately*, as she came down from her orgasm. Adora had her hands tangled in Catra's tail, petting down and along it as she regained herself under the magicat's lavishing love. Adora's breath was deep, relaxed, and even under Catra's rumbling, satisfied purr. Her magicat was perfectly content with her ability to fuck Adora *numb*.

But Adora would *never* just let Catra rail her without returning the favor.

Adora's grip on Catra tightened and before her fiance knew what was happening, Catra was underneath her. Adora kissed Catra's lips chastely and pulled back with a smug smile.

"My turn to *pleasure* my future wife, won't you wait for me to get what I need, Sir?" Adora's voice was *rough* from use— but she knew from the way Catra's ears were directed towards her and the lashing of her tail that it was in no way a *bad* thing.

Catra *mrrp*'d! at the words, and Adora got up to retrieve the camera once again.

Adora straddled Catra when she returned to the bed, holding herself above the strap. One hand held the camera up, and the other Adora pressed against Catra's toned abs. Catra's tail wrapped around Adora's thigh, and her eyes were blown out, wanting, waiting, *needing*.

"*Adora,*" Catra groaned. Adora smiled at her, smug and cocky; utterly confident in her ability to affect her lover.

"Just *relax,* love, enjoy the *show*."

Adora brought the camera sight to her eye and watched through the lens as she took Catra's strap back inside of herself. Catra was panting beneath her as Adora snapped the picture, the strap buried inside of her, with her hand splayed out over her fiance's delectable abs.

Catra's tail *THWAP* 'd against Adora's clit, causing her to double over with a low moan of her own, fingernails digging into the brunette's torso.

"FUCK!" Catra roared, as she heard Adora take a picture of her tail hitting against the blonde for a second time.

"Calm down, Kitten," Adora rasped, quickly recollecting herself.

Adora sat up straight, filled by Catra, and took in the sight below her.

Adora looked at Catra through the lens of their camera, clawed hands fisting into the ruined sheets, hair haloed around her like rich, velvety chocolate curling and framing her flushed face. The soft lighting of their bedroom illuminating her body *just* ***right***.

Adora took great care, adjusting the settings perfectly to capture her beloved in an absolutely perfect shot.

Adora met Catra's eyes through the camera lens, her loving and desire-filled heterochromatic eyes softly gazing back at her.

Adora takes the picture of her fiance below her, filling her, looking directly back through the camera's lens at her.

Adora smiled down at Catra with *intent*, and then she began to ride her.

Adora knew just how much Catra loved her tits, and here she was riding their strap, tits *bouncing* for the brunette as she worked herself on the toy. Adora smirked at Catra and took pictures of herself riding Catra— pictures of where she was thrusting down onto it, pictures of Catra watching and writhing beneath her, even a selfie-style picture as she moved treacherously slowly up and down on the strap.

Catra was vibrating with a needy growl as Adora took her time, meticulously taking pictures from different angles and positions to capture every single sight of Catra in that moment she could.

Adora bent down to kiss around the bases of Catra's ears to soothe her as she continued her slow assault of affection. Adora's free hand reached down to massage Catra's clit, leaving the magicat gasping underneath her leisurely ministrations.

"Such a good girl for me, aren't you Sir?" Adora breathed into Catra's irresistibly fluffy ears, the answering mewl made the blonde chuckle victoriously into them. Adora carefully set the camera as far away from them as she could without prying their bodies apart.

Catra didn't notice. *Perfect*.

Adora brought her now free hand back, Catra was oblivious to the action as she luxuriated under Adora's occupied hand and mouth, and snaked it under Catra's arching back. She dug her blunt nails into the sensitive spot just above Catra's tail, scratching the erogenous area with vigor. At the same time, Adora upped the speed of her ministrations and moved from kissing at Catra's ears to making hickeys along Catra's neck.

Catra was almost sobbing in pleasure under Adora's hands and mouth, the steady pace quickly working Catra closer and closer to her release as Adora sped up the thrust of her hips riding the toy connecting her to Catra.

They quickly caught up to each other, panting and moaning each other's names as Catra gave in completely to her fiance.

They came together, wrapped up in one another, Catra's claws shredding the sheets as Adora's relentless fucking finally made both of them drop utterly limp against each other.

Catra hummed contently to herself in the kitchen. She played with the ring on her finger when she wasn't stirring the pasta in the pot. She was making a simpler dish for dinner, just some tiny shell pasta with basil, olive oil, butter, and pan-seared chicken with a sprinkled layer of a melty white cheese mix on top.

Adora watched her, leaning against the wall, with a soft smile on her face. The camera tugged down on her neck as it rested against her abdomen. Adora brought the sight up to her eye, looking at the love of her life, her future wife— May 15th would mark the day they legally became one another's— and with a soft warmth spreading from her heart to her nose to her ears to her toes to the fingertip resting over the shutter button, like the sun warms the body during a summer afternoon nap, Adora smiled.

Catra turned her head and smiled back at Adora, with that same loving warmth that had taken over the blonde's entire being— and she smiled back at her with all the relaxed joy in the world.

"Hey, Adora,"
