It had been an INTERESTING day. That was what Adora was very certain about. Well, honestly, it was one of the few things she could focus on as her hands gripped at silk sheets and she managed to bite her lip. Her mind was a fog as he felt the flesh of her ass ripple with a meaty slap as hips churned into her from behind. Her nipples tugged against the bedsheets as slender fingers gently held her head in place, face to the side, allowing breaths to escape in blissful gasps.

"Goodness, Adora, you take it so well."

The clipped, gentle British accent floated through her blissful mind and he cooed happily only to gasp as the pace increased. Her eyes fixed on the hand planted against the sheets near her, only to hum happily as it vanished to plant itself on her hip with a firm grip. The fingers threaded through her hair tugged and Adora moaned as her head was pulled back. She arched, her breasts pulled free from silky sheets as cool, air conditioned air pebbled her nipples.

The angle was *just* right as the strap slid into her once more. She knelt on a luxurious bed and had, moments before, been ass up and face down. Now her host had now pulled her back into a glorious position while she continued to piston into her. Adora's voice was now just a happy gurgle as she mewled out her enjoyment. Lazily she cupped at her breasts and tweaked her nipples. She heard the faintest chuckle of amusement as a breath ghosted her ear.

"Such a good guest, most entertaining."

Adora smiled, her eyes half lidded as the thick strap slid into her again, bottoming out. The series of events had been *incredibly* confusing. Sher gasped as a hand snaked up from her hip to briefly cup at her breast, before it travelled further to briefly wrap around her throat to squeeze as another thrust impaled her. She gasped as the motion stilled and she felt herself lifted from the mattress, knees now hovering above it, supported only by the thick invader in her depths and the hand around her throat.

Colours floated around the room, motes of light that sparked her nerves. Ghostly, translucent wings, gossamer thin, fanned out and around, enveloping her and her current paramour. The voice in her ear whispered again.

"Are you well, dear?"

"Uh.. huh…" Adora managed to mewl out. The hand at her throat massaged at it before it released and trailed a finger down, between her breasts; it dipped down as the fingers in her hair tightened. Pinpricks of sensation danced over her skin and her breasts throbbed as she yearned for the touch of something, *anything*. A mote drifted close and slid over her nipple, which caused her to buck. A giggle, throaty and deep, sounded at her ear again, while the hand ghosted town to where the strap entered her. Deft fingers played with her slick folds before they focused on tweaking gently at her clit. Adora's moan was deep and filthy as she tried to hunch forward, her thighs shaking as she felt her orgasm build. The fingers switched to swirl and tease, a regular thrum of motion that sent a shiver with each twirl.

Adora huffed, breathing hard through her nose as tendrils of light danced over her skin. They had texture, depth and *substance*. Her arms were pulled back and her hands grasped at the hips pressed against her. Ghostly, glowing tendrils bound her wrists there, while another set seared against her breasts, applying pressure and sensation without marring the skin. Motes of light danced over her budded nipples and she squeaked.

The hips withdrew, pulling the strap out slightly, which made Adora groan in disappointment. She tried to chase the sensation, but the hand in her hair and the strange glow held her fixed, levitated, as the hips slapped into her again. The rhythm repeated then began to speed up. Adora blinked, voice lost as she was railed, sparks of sensation dancing over her chest as her partner played with her, drawing her through another release. The mattress splashed with her release as she keened, her body shaking with the sensation, her abs tightened as she struggled against her position and spit dribbled from the corner of her mouth as she grunted and gritted her teeth.

The skin of her chest was flush red with desire and pleasure and her hair stuck to her head, sweaty and flat.

A final thrust was coupled with a delicate and quiet moan of joy from behind her and Adora felt the press of a pair of pert breasts against her back while warmth erupted from the invader inside her core, pooling delightfully and dripping out from her tight depths, sliding down her inner thighs as her body couldn’t contain anything more. The hand in her hair slid down and under her breasts, while the other remained at her crotch, gently easing her through this shaking sensation, coaxing a gentle wind down from her.

Adora's head flopped back, her eyes hazy and filled with swirling colours. Soft lifts kissed at her neck, then her cheek, while long, pastel hair practically floated on a non-existent breeze in her peripheral vision.

"Such a good girl. Your generous nature is truly something to behold. And such stamina!"

The glowing bonds faded and the arms pulled away. Adora fell forward with no resistance and face planted into the mattress with a faint *thwap*. Her partner gasped in surprise and Adora moaned as the strap pulled out of her.

She rolled onto her side and smiled drunkenly up at the concerned face that stared down at her. She waved a hand, weakly, "Don't worry Angella. I am *gooood*. Are…. are you ok? I feel.."

The woman's worry morphed into a smile as she settled onto the bed next to Adora. The tall woman looked like she'd stepped out of a glamour magazine: her skin was a slightly darker hue than her daughter's, while her face looked more sculpted and like a statue of some classical goddess, or an image captured in stained glass. Which, given she was a Fae, wasn't too far from the truth most likely.

Angella Moon reached out a hand and gently moved a strand of hair from Adora's face, her smile now slightly mischievous, "Oh I am very well indeed. But I could do with a little more, if you are willing?"

Adora chuckled and rolled onto her back, her eyebrow arched in challenge. Glimmer's magic had basically been a bit of an aphrodisiac. But whereas Glimmer had inadvertently amplified their nascent attraction (Much to Adora's delight), Angella was much more focused. She had also been *very* clear up front. Heck, their initial conversation as Glimmer had bid them a cheery *"Bye bye, have fun, leave some in the tank for me!"* had been mostly around Angella giving her some solid reassurances.

The Fae liked to be *very* clear on things - the do's and do nots, as it were. Plus Adora had jokingly asked her if she'd steal her name if she said something untoward during.

Angella had just smiled kindly, "Dear, if you can remember your name during, I will be frankly amazed."

She hadn't been bluffing.

Adora's eyes widened as she watched Angella unbuckle the strapon that was belted to her waist. That had been a surprise, but Angella had demonstrated the enchanted element with the fact the thing ejaculated a warm mixture that sent her insides into a frenzy, while angella seemed to devote her magic to more *atmospheric* touches.

It was deliberate, focused, all to bring Adora up and up and *up*, until she burst. After that initial flirtation, Angella had kissed her

and Adora had found herself led down the proverbial garden path and into a fairy ring. Then had her chimes rung.

She was happy to return the favour and her eyes watched, hungrily, as Angella dropped the strap to the floor, before she slid the thin, undone silk robe from her shoulders. Her long legs stretched as she swung them over Adora's head. Kind eyes looked down as a Angella smiled, before she caressed Adora's face, "And you are sure?"

The blonde's arms hooked around Angella's thighs and tugged, "Second breakfast is calling…"

Angella snorted in a very unladylike way, "That's hobbits d— ooooh!" her regal voice hitched and trailed off as she was pulled down and Adora's tongue flicked out. She practically feasted, her mouth sucking at Angella's folds, exploring and invading as she studied her newest lover's intricacies.

Angella leaned forwards, her hands gasping at the foot-board at the base of the bed. The Moon's were clearly into more kinky stuff, as the foot-board was modelled like a set of stocks. So far Angella hadn't made use of that with Adora, but the day was young.

The motherly woman groaned and her breasts swung as she gyrated her hips. She ground into Adora's face, riding her as she breathed heavily through her nose and bit at her lip. She released one hand from the foot board and groped at her own breast, then let out a shrill cry as Adora flicked her clit, then sucked at hit. She

bucked as Adora then pushed her tongue *inside*, then tweaked at her own nipple roughly, pulling it out. Adora chuckled throatily and Angella tried to glare down.

"Dirty girl, such …. ruffian. Do… do you… oh … like that?"

Adora's response was to redouble her efforts. Angella tried to move but found she was locked in place by the blonde's surprising strength. It was something she noted probably warranted some investigation, but the thought frittered away as Adora's focus began to bear fruit. Her body felt like a fuse had been lit and her eyes widened in surprise at how quickly she was coming along.

The blonde's eyes stared up at her, pupils blown and hair fanned out like a halo. Angella met her gaze, eyes locked and unable to break away.

"I… I'm close… I…" Angella's eyes widened and she let out a wail. Both her hands shot down and gripped Adora's hair. She pulled the girl's face into her crotch as she rode out her orgasm. Her clit throbbed and her insides clenched and pulsed. As she began to settle she felt a pair of fingers probe her entrance before they slid inside. She bucked again and bit her lip as a growl escaped her, before Adora got her back on another climb. This one was even quicker as Adora sucked and pistoned, now just using one arm to hold her in place. Angella didn't release her own grip and rode out the sensation, the pleasure, while she soaked Adora's eager face.

Time blurred and light kaleidoscoped across the room. Her wings began visible and snapped out, bursting with sparkling motes as

they strained. Angella arched and her voice was silent as her mouth gaped.

The light vanished and Angella collapsed to one side, panting.

She stared at Adora's satisfied smirk and snorted, "I may have to arrange a rota with Glimmer when you visit."

"Why thank you, your majesty."

"You are far too cocky for your own good…" Angella murmured. Adora propped herself up and boldly leaned over to kiss the older woman. Angella groaned and returned the kiss sloppily, before they broke apart, "Though I will now inflate it further and ask if you will be rushing off?"

Adora shrugged, "I need to stay in town, get some more photographs for the article… so I'll be around before my next, uh, tour."

A knock at the door caused the pair to glance over, before a friendly male voice came through, faintly muffled, "Darling, are you decent? And more importantly, is your friend? I don't want to startle the girl or make her uncomfortable!"

Angella chuckled, while Adora went bright red and scrambled for the covers. The Fae smirked and sat up, "Come in dear, she's

decent, but I will say she isn't your way inclined."

The door creaked open a crack and a Japanese man with a neatly trimmed beard and long, styled black hair peered inside, keeping his eyes mostly averted. His gaze locked onto Angella and he beamed, "Ah, wonderful. I am glad you're having a relaxing day! And hello! You must be Adora. Micah, a pleasure to meet you, sorry to interrupt, just wanted to say, Hiroshi will be nipping over a bit later, but won't be staying. His daughter and her fiancee are in town as well. He would like for us to catch up with them?"

"Ah wonderful, lovely girl, that Ms Sato. you'd like her, Adora. "

Adora nodded as she pulled the covers up. The man, clearly Angella's husband, sighed, "Ah we're making the poor girl awkward. I'll leave you to it. Don't mind me! Lovely to meet you Adora, I'm sure we'll have a proper catch up when my wife has finished monopolising you!"

With a chuckle he closed the door. Adora blinked, surprised. Mostly by how her embarrassment was slowly fading and at how *normal* this felt. She frowned as Angella huffed, then yelped as the woman yanked the covers away, "What? Clearly I feel I need at least two more good body shakers. Now, are you up to it?"

Adora snorted and shook her head in happy resignation, then shuffled around to lay down once more, "Your throne awaits, your majesty."

“Most kind. Now, I won’t let you go without. Let’s see if you can focus.”

Adora’s eyes widened as the strap levitated up from the floor, borne by glowing motes of light. The dildo separated from the harness as Angella straddled the blonde’s face. Adora’s eyes crossed as the silicon phallus slid inside her depths and began to *pulse* with heat and sensations. She steeled her resolve.

Challenge accepted.

The door creaked open again a few moments later and Micah leaned in, hand up to cover his eyes as he placed a bottle of water into the room, “Sorry sorry! All well? Glimmer’s asked if, maybe dar, you can pop one of the muffler wards up? All ok otherwise?”

Angella managed a yelped “Fiiiiine!” while Adora’s hand appeared over the edge of the footboard, only shaking slightly, in a thumbs up position.

The door clicked shut.

Truly, an *INTERESTING* day.
