Sword & Scabbard

by She_RawMe

Summary

A being as powerful and breathtaking as She-Ra deserves to have a hot, silky place to sheathe her sword for the day, Catra thinks. And there's clearly only one person on Etheria (and beyond) worthy and capable of receiving such an honor.

But /damn/ is that a tight fit.

-
entirely smut. the whole thing. i am not sorry

Notes

hey guys !! i hope you like this one. its VERY long and very filthy. post s5 finale, happily together, adora likes to give she-ra a dick sometimes for sex because its fun and who doesnt love creampies. this is super unrealistic fantasy sex over the course of a day, and was really exciting but also challenging to write since she-ra is magic and can do anything. adora gives she-ra a knot after a couple rounds but its to satsify catra's magicat physiological desires and to aid in keeping her dick inside for an extended period of time, and not ABO.

on another note, while i do have the sequel for Drill Weekend started and the bones for the other canon-plot heatfic, as well as outlines/ideas for several other dirty things ive teased within the body of my fics, i wanted to post this one now because i do not know when those things will be completed and published now. the majority of this fic was written several months ago, before i found out my long-term partner had been cheating, and unfortunately sex is a very emotion-entangled experience for me and it was difficult to finish this as i have drawn a LOT of my written catradora dynamic from my real relationship. but i know a lot of you have been

waiting patiently and checking my page for the things im working on and have promised you, and i didnt want to drop off the face of the earth indefinitely and leave people wondering or frustrated. i wanted to give you all something in the meantime, and let you know whats going on with those unfinished works ive teased so i decided the best option was to just finish what was closest to being done and publish with an A/N. i know you've all been waiting a really long time for the DW sequel, and im sorry. i hope you can understand that my personal life takes precedence.

i hope you all enjoy <3

See the end of the work for more notes

Chapter 1

"An entire day with no meetings, no talks, no repairs to do… It's almost unheard of."

Catra's slightly raspy voice cut through the background rush of the fountain in her and Adora's bedroom in the castle at Brightmoon. The blonde looked up from looking out the window at the late morning sun to meet Catra's gaze, the magicat leaning against the bathroom door frame. One of the shoulders of her short and loose red silk robe had fallen down, exposing her burnt orange fur and little stripes. Adora's face split into an eager, toothy grin.

"I know. I wonder how we could… fill up that open space. Such a shame to just… leave it empty all day," Adora replied, her words oozing innuendo, walking over to Catra from the windows that filled almost an entire wall. She was in a matching robe, the front open to reveal a thin white tank top and boxer briefs. Thin enough that Catra could make out her nipples. The catgirl eyed her up and down as she neared, hips swaying with each step closer.

Her hands reached out for Catra as she got near and the feline leaned into her embrace, pressing her nose into the nape of her neck and inhaling her natural scent. She would never get tired of the way Adora smelled. Even with the grime and metallic tang of the Fright Zone long scrubbed away, there was an underlying familiar warm and rich scent that had always been uniquely Adora, and it smelled like home.

Catra's lips pressed a kiss into the heated skin of Adora's neck, nipping gently. She kissed her way up to Adora's mouth, the blonde's hands sliding around her waist and dipping to grab at the curve of her ass.

"I wonder, indeed," Catra sarcastically speculated. "But I can think of something really, *really* big that could fill up such a *willing,*

open space, and take up all our time and attention," she breathed, purring as Adora's lips hovered above hers.

Electricity crackled between their lips, making their skin tingle. It felt like their hair was about to stand on end – Catra's fur practically was. Grinning, Catra pressed forward, sealing their lips together and sighing into Adora's mouth. She loved the way Adora's lips felt against hers. Her hands roamed Adora's torso, squeezing her full tits over her tank top and rubbing at her hips and sides. Adora moaned as Catra bit her lip and tugged at her robe.

The silk easily slid over Adora's smooth skin and into a pile onto the floor. Catra's slender fingers, black claws retracted, slipped under the hem of Adora's shirt and pushed up and up, over the rise of her breasts. The blonde finished the job, raising her arms before to pull it off before tossing the shirt to join the robe and kicking both aside as she angled her head the opposite direction, their tongues sliding hotly against one another as their body temperatures rose.

Catra's heartbeat picked up as she toyed with Adora's pale pink nipples, adoring the way she felt them stiffen under her fingers and how her girlfriend gasped into her mouth. The blonde's fingers searched to find the knot tied at the belt loosely draped around Catra's waist, barely needing to pull at it before it came undone and exposed more soft, warm skin and the thick tuft of fur between Catra's small breasts. She wasn't wearing anything under it.

The two continued to kiss, getting progressively more heated, pressed up against each other as their hands wandered, stroking and squeezing. Adora's hand dipped lower, and lower, as her clit throbbed, roaming over the tuft of fur above Catra's center before her finger finally teased at the top of her slit.

Her finger glided easily through wet folds, making Adora inhale sharply through her nose and her clit pulse harder.

"I love how wet you get for me," She breathed out before crashing their lips back together more feverishly, a second finger joining the first to work circles. Catra moaned high in her throat.

"I love how wet you make me," She responded, grinding her hips down into Adora's fingers before sliding her own over Adora's still-clothed center. She smirked into Adora's lips as she felt Adora's wetness through her underwear, seeping through the cloth and getting her fingers slick.

Her fingers stuttered when Adora's dipped down to her entrance, circling the ring of muscle there. She dripped onto her digits, rutting against her hand shamelessly in search of more friction. A fingertip probed inside her entrance, testing her, teasing her, making her keen.

"Bed, *now*," Catra demanded, hips trembling. Adora obliged, pulling Catra with her as she fell onto the bed.

The two collapsed into each other desperately, lips and bodies slotting together. Their thighs slid into the apex of the other's and Adora pulled away to groan, her head dropping to Catra's chest, bearing her hips down on Catra's leg as the catgirl did the same.

The easy slide of Catra's wet folds against the hard muscle of Adora's thigh made the blonde's hips stutter. She wanted to feel that wetness, that slick heat. She wanted to feel it all around her.

Adora's hand snaked down between the two of them as her lips moved to Catra's chest, nipping and sucking as she went. Her fingers found her clit quickly, rubbing it on either side before dipping inside to gather the slippery heat from where it seeped out of her, making the catgirl moan and buck her hips.

"Let's fill that space up, huh, baby?" Adora said sweetly as she slipped a nimble finger inside Catra.

"Fuck," breathed out Catra as she rocked her hips back and forth, reveling in the sensation of Adora finally inside her. The blonde

pumped her finger in and out before circling her clit again, getting a second finger wet with her arousal. *"Fill it."*

Adora's pussy throbbed at the words. Her second finger poked at her entrance, teasing her before pushing inside. The catgirl sighed deeply with the second finger, rolling her hips and adjusting. Adora thrust her fingers in and out methodically, transfixed by the way Catra's pussy gripped at her every time she tried to pull out, as if her body didn't want to let Adora go and keep her inside.

Oh, I'm gonna fill it alright. As much as it can go.

Adora's fingers picked up their pace as she pressed another kiss to the side of Catra's breast. The catgirl was rocking her hips, urging Adora on and making the cutest little sighs in her ears. Her walls started to feel warm and tingly with the friction of Adora's fingers pumping in and out, curling as she bottomed out.

"More," Catra groaned, the width of only two fingers feeling like almost nothing after a few minutes. She needed to be truly stretched, actually feel herself being split apart and speared open.

A third finger came to join the first two, swirling around her entrance to get lubed up with her slickness. Adora fucked her two fingers in a few more times, making Catra's thighs shake, before nudging her hole open with the three and pushing gently inside.

Catra let out a low hiss of satisfaction as she felt a delicious little twinge of a stretch in her pussy. A forceful roll of her hips sucked Adora's fingers in to the knuckle easily, Catra's wetness dripping down her hand and wrist.

"I'm gonna need something really big to fill up my day today," Catra purred, her eyes lidded with pleasure and desire, pupils wide. "Because sometimes I just don't know what to *do* with myself. Do you think you can do that? All day?" She smirked, tensing her thigh as Adora idly ground herself on it, dampening it from her own wet heat.

“All day, filled up all the way,” She responded, plunging her fingers in and out of Catra. “Sounds like a serious job. I think I know just how to help out, it's the least I can do.” Adora was the one smirking at that, pulling her fingers out of Catra to sit back on her heels and leaving the girl to whine and buck her hips at the sudden emptiness.

Adora closed her eyes for a moment, focusing her energy on the warm light deep inside her. She reached in and drew out that warmth, that light, and let it bleed out into the room and wash over her. It rushed up and out from her chest and extended through her body to the tips of her fingers and toes as she felt herself grow taller, broader, and firmer. The warmth between her thighs roared into a blazing heat as she felt her clit swell and grow, lengthening into a semi-hard dick as a set of balls hung below.

The soft golden glow subsided and She-Ra remained on the bed where Adora had just been, Catra staring up with loving wonder. She wouldn’t ever get tired of that magic trick.

The imposing and muscular warrior goddess-being exuded a higher body heat than regular Adora, Catra almost feeling it without even touching her skin. Her thick platinum ponytail swished in an intangible magical breeze and her icy eyes had a light glow. She was still wearing white boxer briefs, but now they accentuated a sizeable bulge, flushed pink skin practically visible through the stretched-thin fabric. Catra’s mouth watered.

The two of them crashed fiercely together again, lips and tongues molding together as She-Ra held Catra’s comparatively small form tight to her rippling body. The blonde curled her massive form around the catgirl to kiss and hold her.

“Been a while, *She-Ra,”* Catra teased, a little breathless, addressing the warrior separately as her arms slid around her well-muscled shoulders and neck. “Let’s see if you can give me what I need.”

Adora was never one to back down from a challenge, especially from Catra. She grinned and claimed Catra's lips again as a single, thick finger slid its way up through her folds. Catra shuddered and moaned into She-Ra's mouth, her hands spread flat against She-Ra's collarbones. She teased her, playing with her clit and barely pushing her finger inside. They both throbbed, a bead of Catra's arousal dripping down.

Frustrated with the slow pace, Catra decided to speed things up by taking things into her own hands, literally. She reached down and palmed at She-Ra's bulge, and the hero's hips jerked and pressed her hardening length into her hand.

Adora moaned and bit her lip, feeling the blood rush down to her newly formed appendage as she got hard. Catra's jaw hung open a little in filthy awe of feeling She-Ra swell and pulse beneath her and she immediately tugged impatiently at the underwear's waistband.

"Okay, these are coming off right fucking now," Catra huffed, feeling her pussy throb and loosen in excitement. Her heartbeat pounded in her eardrums, mind on a one-track ride.

Adora chuckled at Catra's impatience as she shimmied the briefs down the cut muscle of her hips. Catra practically licked her lips, watching transfixed, as the waistband dragged down the v-shape the muscles created towards her center..

Her dick wasn't fully hard yet but it still kind of sprang out of its cotton confines, swinging out and hanging heavy as the broad, pink tip glistened with precum. Catra wasted no time in gripping it, relishing and getting wetter at the feeling of it pulsing and beating like a heart in her hand as it continued to grow. It seemed like an almost magical process itself to Catra as she watched She-Ra's cock thicken and get a little longer, reaching its full size as a fat bead of precum leaked from the head.

"You know, such a mighty being as She-Ra… you should really have somewhere to.. sheathe that sword of yours," Catra's eyes

flicked up to meet Adora's gaze, both of their pupils blown wide and dark with excitement and desire. The blonde swallowed, her entire body vibrating.

"You deserve to have it kept speared *deep* inside something warm and wet, keeping it nice and safe and primed for use. Something you can let loose your release in, whenever you want," She purred, pumping her length lightly.

"Something like a pretty little cocksleeve."

Adora *whimpered* in her throat as Catra wet her hand with her own slick before gripping She-Ra's cock again. Her fingers didn't reach all the way around it, not even close. She would have to wrap two hands around if she wanted to grip the whole circumference. It felt weightier and bigger than anything she had ever taken. Even though she had taken She-Ra's dick before…

Her train of thought was completely derailed as She-Ra's finger suddenly pushed all the way inside her. One of She-Ra's fingers was easily the same size as two of Adora's in her regular form. She gasped sharply, a cry caught in her throat as Adora began to pump it in and out before circling her entrance with a second.

"You ready, baby? Want She-Ra to help fill up *aaaaaaall* that free space and time?" Adora grinned, excited. Her cock twitched with anticipation, pulsing and hot and ready to lay claim to Catra's pussy the way she wanted.

Catra nodded frantically, screwing her eyes shut and keening as She-Ra's second finger slid slowly inside, her entrance tingling from the new size.

"*Fuck* yes, fill me all the way up with your big dick for the whole day and keep me stretched wide," Catra gasped out, rolling her hips into Adora's ministrations. The blonde slowly worked her fingers in and out. Her clit pulsed with need, the wet friction making her body twitch and jerk.

Grabbing a bottle of lube from the bedside table drawer, Adora stroked up and down Catra's pussy with her fingers, itching to push a third inside and stretch her out, feel Catra's tight walls suck her in. She squeezed a few droplets onto She-Ra's thick fingers, wanting to make sure everything went in smoothly and most importantly, pleasurably.

The third finger gave Catra the first taste of that stretch she had been craving and asking for. The tip pressed slowly into her entrance, a steady thrusting pressure from She-Ra as Catra felt herself pull a little taut around the width. Her hips bucked, eager to give the glowing warrior full access and use. She-Ra's fingers were long too, and dug deep inside her, curling into her sensitive front walls. She gave a little yelp as the third section of her fingers pushed inside, slowly spreading her tight walls apart and splitting her lips around their girth, tail thwapping against the bed and her fur on end as she felt her comparatively small entrance clench onto She-Ra's digits. Adora herself felt the sweet resistance of Catra's walls on her fingers, tight and clinging yet soft and silky muscles gripping every surface of her fingers as she manually opened Catra up to be able to take her dick. It was intoxicating, using gentle force to stretch Catra wide and feeling her body's elasticity have to be *earned* . Adora mumbled sweet words of praise as she slowly pumped her fingers, working Catra's pussy open until her thick fingers were easily sliding in and out, her knuckle catching at her entrance.

Feeling She-Ra's three fingers plunge in and out with slippery ease at a snail's pace was making Catra restless. Her fingers bottoming out and spearing deep inside her felt great, hitting the right spots, but the filthy and delicious stretch she had been given had already subsided as her body adjusted to the size. It still felt amazing, she was dripping and threatening to approach her first peak already but she wanted more. She wanted thicker. She wanted She-Ra's cock.

"*More,* " she breathed out, reaching up to toy with her tits and tug on her nipples. The corner of Adora's mouth turned upwards as she smirked, pulling her fingers out and smearing Catra's arousal

over her pink folds and clit, making her tremble as little zaps shot up her core from touching her sensitive nub. Adora reached for the bottle of lube and squeezed some into her palm. The cool gel made her shiver just a little, nipples pebbling into stiff peaks as her hand made contact with her hard cock that had been laying heavy and neglected on a thick thigh, already brewing with a need for release. She groaned and her hips twitched involuntarily, bucking into the friction her own hand as she spread the lube up and down her impressive shaft.

"I can't wait to stuff you full and then keep going."

Adora surged forward and grabbed Catra by the waist, sliding both of them to the edge of the bed and positioning Catra above her lap.

The amazing benefits of Adora having essentially soul-bonded magical superpowers that involved physically transforming her body were that she could make some little… tweaks to her enhanced form. Much to both Adora and Catra's mutual satisfaction, of course.

Catra had been the one to suggest spending some lengthy private time just seated fully on She-Ra's large cock without thrusting, being kept filled to the brim and stretched wide. With their playfully competitive relationship, Adora was almost mad she hadn't thought of it first. She liked the sound of keeping Catra where she rightfully belonged for hours. Like, *really* liked it. She loved being inside her girlfriend when she gave She-Ra a dick and seeing how horny it made Catra to be stuffed full hands-free had always turned her on. Plus, with She-Ra's size and strength, it meant that Adora could even easily walk around holding Catra securely in place with the catgirl's legs around her strong hips if she wanted, her hard length buried fully and deeply inside. An actual cockwarmer. Just for a moment Adora's brain started to

drift - imagine if she could go about the castle at Brightmoon with Catra squeezed onto her dick, everyone able to see their explicit point of union…

But right now, Adora was about to lose it already.

Her ponytail continued to sway lightly in an invisible breeze as the tension in her core stayed taut. Seated at the edge of the couple's bed, her heart pounded as her hard cock stood at attention, throbbing after having been lubed up. The tip dipped down with the sheer weight of her substantial size, drooping towards the floor. And she was *thick.*

Her broad and strong hands were gripped onto Catra's waist, holding the magicat above her own eager hips. Catra had her legs draped over Adora's supple forearms, her hands holding onto her girlfriend's cut biceps and shoulders. The position exposed the magicat's pussy and Adora was taking a moment to selfishly admire it.

Her lips were spread apart a bit, her swollen and sensitive clit on display. She was glistening, practically shining with desire from being manually worked open by She-Ra's fingers and Adora watched as her flushed inner labia almost twitched in anticipation. The blonde's length gave a little jump as she looked at the slick that was smeared around Catra's hole and threatening to drip down onto her lap, the short fur on her inner thighs wetted down from the damp heat. Adora loved just how *wet* Catra got for She-Ra's dick. Not that Catra didn't love Adora's normal form with her pussy, it was just a different excitement for a different way of having sex.

"*Adoraaaa*, come on, I want you to fill me up already," Catra whined, almost pouting at the blonde. She was getting antsy just being held inches away from what she wanted so badly when she was more than ready and waiting, practically dripping onto Adora's lap. Her clit was throbbing in time with her heart; it felt hot, heavy with arousal, and needy. She imagined how her hole would feel when Adora started to slide in – the warm friction at

her entrance right before it gave way to a delicious stinging stretch, She-Ra's hard length practically massaging her insides and sinking deep inside her.

"You look so good when you're waiting for me to dick you down," Adora said, grinning cheekily as she saw how wet and desperate Catra was starting to get, fuzzy ears flicking back and forth. She kneaded her thumbs into the dip of Catra's hips, eliciting a tiny gasp.

"Just fucking fill me."

Adora smirked before letting one hand go from Catra. With She-Ra's strength she could easily still hold Catra's entire weight with the other hand, although the angle was awkward. The two and a half or so feet of height that She-Ra had on Catra definitely helped. Adora's free hand swiftly went to her thick cock, the pink head glistening with precum and the shaft slick with lube. It was burning hot and hard under her firm grip. She lined up the head with Catra's entrance before sliding it up, smearing the underside of her dick with her wet arousal and rubbing against her clit. Catra let out a throaty moan as she felt it easily gliding through her dripping slit, Adora firmly pressing into the sensitive pink flesh. With even pressure Adora dragged it back down for the head to catch at her entrance, soaked with her arousal, the sharp scent strong enough that even Adora's primitive nose could smell it hanging thick in the air around them. The blonde groaned as the very tip of her sank just inside the magicat's pussy. The pulsing and slippery pink muscles were practically trying to suck She-Ra's broad cockhead inside the catgirl as her hips started to buck. Catra felt her entrance milking the head, barely opening her up and making her shiver.

"Come on, Adora, I need to feel you inside me," Catra practically begged, cutting into the silence that had been passively occupied by gasps and heavy breaths.

She was desperate now, her ears pinned flat against her head as her cheeks burned in tandem with her pulsing clit. Her tail

swished and her pussy practically sucked at Adora's cockhead as it just slightly slipped in. But Adora liked making Catra desperate, and liked bringing her to the point of begging. It was very different from how Catra was in other parts of their lives - in the same way that it was different that the usually agreeable and people-pleaser Adora sometimes liked to give into her dominant side and be the one to make Catra beg.

"Adora, *please,*" Catra moaned as her gigantic girlfriend held her steady with only her cockhead keeping just the outer ring of muscle at a teasing stretch. Even though it was just the tip, She-Ra's cock was so big due to the size difference (and just being hung, because of course Adora would make herself have a huge cock when she transformed) that Catra already felt a twinge at the stretch. The same twinge she usually didn't feel until she had more of She-Ra inside…

"Adora–, *hah,"* Catra panted. "Did you make it bigger than usual?" She groaned out, trying and failing to stop her hips from bucking, to stop herself from looking desperate.

Adora smirked, locking eyes with Catra. The catgirl's eyebrows were furrowed up, a fang digging into her lower lip and her tail whipping back and forth. Her ears were flat but not completely pinned against her head now, her mane and strip of fur on her back all fluffed out. A deep flush spread across her face and threatened to move down her chest as Adora watched her struggle to take deep breaths while she was held immobile with her pussy at such a cruel tease of a stretch so she could adjust to the size. Thick drops of Catra's arousal dragged slow, hot lines down the length of Adora's cock as her entrance twitched around her.

"You like the way it feels in your pussy already?" she responded, breath shaky as she held her own waning resolve like it was a

loose sail in a storm.

Catra made a noise that was somewhere between a whine and a whimper. Her head dropped forward, hips twitching as she ached to grind them into the godly being of solid muscle in front of her. She felt like she was burning up, a bead of sweat rolling swiftly down the smooth plane of her back under her fur, and Adora was barely even inside. After a beat she grunted, sounding reluctant to answer Adora.

"Yes," she finally said, breathlessly, her head rolling back as her hand started to wander to her clit, desperate for relief. "It feels so big. I want it all inside me, *please,* Adora," the catgirl panted, the nails of her other hand digging in as she quivered in Adora's arms.

As much as Adora loved hearing Catra beg for She-Ra's big dick like this, right now she wanted to be buried inside her more.

She heeded Catra's pleas. Both hands back at her hips, she began to steadily lower Catra down, stretching her wider and pushing her way into her slick, clinging heat. With how easy it was as She-Ra to maneuver Catra's smaller lithe and flexible form, it was taking Adora a lot of mental strength not to just pull the magicat down completely in one fell swoop and bury herself to the hilt, laying claim to her girlfriend.

No, Adora thought. *If Catra wants She-Ra's cock to stretch her wide and keep her pussy open and filled, then I'm making damn sure she has no choice but feel every second three times over as I slowly split her apart.* She wanted the catgirl to be able to feel herself slowly and steadily being filled and stretched open as the thick, heavy cock of She-Ra is pushed deeper inside her, millimeter by millimeter.

Catra moaned unabashedly, deep and throaty with a sensual rumble of a purr, as her entrance started to burn in the most delicious way. The thicker part of Adora's cock started to slide in, making room for itself inside her and they both fought the urge for their eyes to roll back. Adora's were already glued to where

they were united and she faltered for a moment, almost taking a mental picture of the sight before her while she composed herself. Her thick cock, the first few inches buried inside the perfect pink and glistening pussy of her girlfriend. Her strong muscles were stretched tightly around She-Ra, clenching and unclenching around her length, milking it and urging it deeper inside. Adora could see where the muscles of Catra's entrance gripped tightly into the firm, pulsing skin. The sight of the almost nine foot tall warrior's large dick squeezing inside her average-sized girlfriend's pussy sent a jolt up Adora's spine and she whimpered, throbbing with need.

She-Ra's muscular and broad form shuddered as her dick twitched with a particularly vicious throb, causing the head to jump inside Catra's entrance. Her pussy dripped around the length she had been given as the blonde's dick pulsed inside her. Precum oozed out of the head inside Catra and the catgirl could practically *feel* it around her own slickness because her body was buzzing so much.

Adora continued steadily pulling Catra down, pressing another inch inside. A strained keen scrambled its way out of her throat at how the ridges of the catgirl's pussy hugged her and easily gave entry but resisted her exit. Catra's entrance felt slick and hot in the best way, only primed with so much more to go. It was the type of tight that offered such a sweet, clinging resistance while also being pliant and easily toyed with. The tip was slowly starting to rub against a sweet spot on her front wall as Adora slid her down further.

The catgirl let out a loud whine as she was speared deeper. Her clit throbbed and peeked out of its hood as She-Ra's thick cock had her hole stretched tight, open and urging the blonde in deeper. Her whole pussy was flushed a mouth-watering rosy pink, shining and slippery with her slick. Catra started to tremble, rocking her hips. The hard length fit so snugly inside of her, flush against the soft muscles of her pussy as She-Ra pushed herself in and split Catra apart.

“That feels so fucking good, holy *shit,”* she said breathily, clutching desperately onto She-Ra’s bulky and solid arms and letting out a long moan as Adora moved. Her claws drew pinpricks of red, pressing into her pale flesh. Thankfully She-Ra’s magic prevented any pain from such a minor injury – not that it would have bothered Adora anyway. She was too focused on how her girlfriend's pussy was wrapped around half her cock like she had dipped it in warm honey.

“I love how you feel so *tight* around me but you stretch so easily. You’re perfect,” Adora huffed, brows furrowed, trying not to buck her hips in order to let Catra revel in the feeling of being stretched out. She had wanted to be She-Ra's cocksleeve today after all. “So open and ready for me. The perfect little sleeve to pull onto my big dick and keep it warm.” Adora said between breaths.

Catra whined at Adora’s vulgar honesty. It sent sparks down into her clit, little electrical fire dancing along her nerves while her hole tingled and burned with the sweet stretch from the planet’s most powerful being.

“Mmh, fuck, baby, you stretch me so fucking good,” The magicat gasped out, high pitched and desperate, hips jerking as Adora held her in place. Her tail flicked from side to side, periodically wrapping around She-Ra’s calf and stroking. Adora practically melted at the praise, breathing hard through her nostrils, and gripped at Catra’s hips a little firmer before pushing a few more inches inside at once.

Catra practically yowled, her entrance burning with the friction as she felt the weighty hardness push deeper into her small frame; taking up more space inside her lower belly, filling her, claiming her. She felt like she was spread impossibly wide, her entrance taut around the thick width of her girlfriend’s dick. The ring of muscle was pulled so tightly around Adora’s cock that the blonde was having trouble not snapping her hips up and completely sheathing the rest of herself inside Catra’s small form. The catgirl’s pussy squeezed and hugged at her as Catra both voluntarily and involuntarily clenched around her size.

Adora decided to finally answer Catra's earlier, pertinent question.

"Made it a little bigger, wanted to stretch you out good, stretch that tight pink pussy wide with my thick dick," Adora grunted, breathing heavily and dripping more precum inside her girlfriend's slick heat. She was slipping into a delectably dominant headspace of *my pussy, must keep it stuffed full* . Dirty talk came as naturally as anything. (Until the post-sex clarity would set in and she couldn't believe the filthy things she said and hides her face while Catra laughs at her.)

"Fuck, Adora, I *love* it," Catra half-groaned, half-squeaked as another inch or so of She-Ra's swollen, warm length is pushed inside her core, splitting her apart.

With almost all of her larger-than-usual cock stuffed inside her comparatively tiny girlfriend, Adora's resolve was starting to wear thin. The constant excited squeezing of Catra's perfect pussy on her sensitive cock was bringing her close to her first peak, and she wasn't even fully inside, much less getting real friction. Adora glaced down as she brought Catra down another inch, and *whined,* long and drawn out, at what she saw.

The generous cock Adora had willed She-Ra to have was just starting to make Catra's lower belly bulge out where the head was inside of her. Catra had her eyes screwed shut, jaw slack, as her girlfriend worked her tight pussy open. When Adora whimpered and gasped without a movement to cause it, she opened her eyes and followed her girlfriend's gaze. Her eyes widened when she saw the bulge of She-Ra's cock in her lower tummy, with just a bit yet to be nestled inside of her. The catgirl's mouth started to water and her limbs itched thinking about being so full. She keened, just small desperate vocalizations, ears pinned to her head and her tail thrashing as she frantically tried to get the last of Adora's dick inside her.

Finally Adora all but dropped Catra down on the last bit of her dick, burying herself to the hilt in a quick motion. The two of them practically screamed at the same time as Adora bottomed out,

Catra's ending more like a strangled squeak while Adora's melted into a breathy grunt. The blonde tried to circle her hips, creating friction without wanting to pull out now that her huge cock was finally fully sheathed inside the small frame of her girlfriend. The catgirl responded with a higher pitched moan, underlain by low and raspy *"fuck.."* and a rumbling purr. She ground her hips down into the blonde's and her moan dropped an octave, feeling the head of Adora's cock press deep inside her. Adora wrapped her arms around her waist, pulling her in and the two of them breathed together, clinging to one another, as they took a moment to relish and adjust to how *close* they were. There was no space in between their most sensitive areas now – She-Ra's entire thick length was completely enveloped by Catra's hot and eager pussy, every single millimeter of surface area pressed snugly against her walls.

And Catra felt so *full.* Her entrance was stretched wider than it ever had been, still stinging dully and burning slightly as her arousal threatened to ooze out around Adora's hard cock. She felt She-Ra filling up every single bit of available space inside her, splitting her pussy wide open and buried deep inside her, pressing into her. Adora's cock twitched, prompting Catra to lightly gasp and unconsciously tighten and squeeze around her again.

With She-Ra inside to her hilt, the bulge at Catra's lower tummy was hard to miss. It made Adora's heart skip a beat to see how much of a difference in size there was between them when she was She-Ra. Most of the time she didn't think anything of it, but once in a while… maybe size did matter sometimes. Catra particularly loved penetration and if Adora had the opportunity to see just how much Catra could handle, she was going to take it. Seeing Catra so explicitly stretched around her massive cock made it throb, feeling swollen and achy. It felt the way Catra's clit looked, poking out from its hood all needy and neglected.

She pulled Catra back a little, one hand sliding up her body to hold the back of her neck. Catra's mismatched eyes, hooded with desire, took a second to focus when they slid to match Adora's gaze as she leaned in towards her. Their lips met in the middle,

pressing together before Catra's mouth yielded to She-Ra's tongue. Both of Adora's hands slid to wrap around her as Catra's legs crossed around her hips as she deepened the kiss. Catra's heartbeat thrummed in the thin velvety skin of her ears as Adora's lips slid against hers, as her tongue glided against her own. Quiet, breathy little squeaks and groans trembled in her throat as they moved with one another, immersed in each other in every way.

One of She-Ra's hands wandered back around to her front, snaking up in between her breasts, while the other dropped to grip firmly at Catra's ass. She gently pushed with the hand on her chest, separating their lips with an audible noise, much to Catra's indignation. But before she could cry out or even open her eyes, eyebrows furrowed, Adora slid two thick fingers into her open mouth, scissoring against her tongue. They still tasted like her.

Catra's eyes snapped open to meet She-Ra's icy blue and lightly glowing glaze.

"Get them wet for me?" She breathed out, her dick pulsing deep inside Catra.

Catra closed her mouth and sucked, dutifully not breaking eye contact. Her textured tongue rubbed and massaged at She-Ra's fingers, coating them with her spit. She rolled her hips, holding Adora's gaze as the blonde groaned and dug her fingers into her flesh in response. Adora pulled her fingers out with a wet *pop.*

She immediately crashed their lips together into a messy open-mouth kiss as She-Ra's thick fingers brushed down against her sensitive nub, eliciting a cry muffled by Adora's mouth. She circled it with the pads of her fingers, Catra practically pulling the air out of Adora's lungs and nearly biting her lower lip before her head dropped onto She-Ra's collarbone. She rolled her hips over and over as Adora toyed with her clit, tail thrashing every time she bottomed out and felt She-Ra spear as deep as possible.

The magicat shivered, rocking her hips and moans flowing from her open mouth as She-Ra's big cock made its home amongst her

internal organs. The fullness was unlike anything Catra had ever felt before. It was certainly the most she had ever taken, considering Adora had never made She-Ra's cock this big before. And of course she took every single inch with no issue. How could her pussy resist the thick and heavy cock of her girlfriend, an eight and a half foot tall muscular goddess superbeing? She was *more* than happy to be the scabbard for the sword of She-Ra, Princess of Power.

She completely lost her train of thought as Adora's thumb pulled up the hood of her clit and toyed with it directly. Her whole pussy was tingling, sensations in overdrive from all the stimulation. Adora's fingers were firm and well-paced, knowing just how she liked to be played with. Her entrance twitched involuntarily, making Adora suck in a sharp breath between her teeth. Her slick, wet heat seeped out around the thick length that had her spread so wide, pooling on She-Ra's lap before dripping down her ass and into the bedsheets as Adora rubbed her clit. Her fingers teased and circled around the sensitive skin as she began to twitch and tremble around her cock, held in place to be kept stuffed full and brought to orgasm.

Mewls and cries dripped from Catra's flushed and parted lips as Adora started to coo little bits of praise at how well she was taking her big cock, how pretty she looked with her pussy stretched so wide around her. Her tail thrashed around rapidly as her voice rose in pitch, Adora's ministrations matching and encouraging her rapidly approaching peak. Catra was gripping even tighter around her pulsing cock, Adora's precum adding slick that rolled down their heated skin. Adora ducked her head and wrapped her mouth around one of Catra's brown nipples, flicking her tongue and sucking on it.

It was just the edge Catra needed to jump off of. She careened off, in a free fall enveloped by She-Ra's unyielding and steady arms as she came, a pulsating grip on the length buried deep inside her. She trembled, thighs twitching and toes curling as Adora's fingers slowed and led her through the sweet sail down to the ground. Her pussy relaxed from its almost overwhelming

tension, but gave sharp twitches as Catra basked in the afterglow. The involuntary twitches were sudden, and *urgent,* on her solid dick and Adora bit her lip so hard she expected the tang of copper to wash over her tongue. She needed friction.

Adora swiftly turned the two of them over on the bed and pressed Catra into the mattress, her brown-and-orange-furred legs around her own well-muscled hips. The catgirl squealed and trilled in surprise, the jostling making her bounce once, twice on the huge cock that had her stretched so wide and stuffed so full. Adora's jaw went slack as she saw the bulge in her stomach move with them.

"Mmh, oh, *fuck,"* Catra moaned, eyes squeezed shut and eyebrows furrowed up as Adora's cock somehow slid a little further and dug deep into her, again sending sparks down her pussy to her clit, warming her stretched-taut hole. She was so sensitive from her orgasm that everything was heightened and her fur bristled in response, vertical pupils blown wide.

"You feel amazing on me, I can feel every bit of you moving and shifting," Adora says, her massive form as She-Ra crouching and covering Catra on the bed. She wiggled her hips again, making the catgirl whine and roll hers in response. Adora felt the head of her cock press into Catra's back walls when the magicat ground down and the two of them gasped. Again, the blonde jogged her hips but didn't really pull out to thrust, making Catra groan in frustration.

With her thick cock completely immersed in her hot, dripping, tight pussy, Adora was clenching her jaw and grinding her teeth. She-Ra's muscles flexed as she readjusted her grip on Catra. She wanted friction first, wanted to fuck Catra and cum inside and fill her girlfriend up even more. The thought of squeezing more of herself into the catgirl's already stuffed little pussy made her length pulse, positively vibrating with anticipation. She inhaled and pulled her hips back, the majority of her cock sliding out.

Catra started to let loose an indignant whine from her trembling lips at the emptiness but it was cut off as Adora slammed her hips back into Catra. With Catra's feetpaws up at her shoulders - thank the stars for Catra's feline flexibility and range of motion - her cock speared deep inside her. Catra cried out as the thicker part of Adora's cock swiftly stretched her again.

"Oh, *fuck!"* She gasped, trembling as Adora pulled her hips back again, starting a steady and deliberate rhythm. The blonde's large and strong hands were planted firmly on either side of Catra, supporting the great weight of She-Ra's massive frame. Her toned hips slapped into Catra's, a methodical and resounding wet *thwap, thwap* as sticky skin met even slicker. Catra's body lightly jerked upwards towards the headboard with each thrust into her.

Adora's eyes were fixated on the bulge at Catra's belly. She pumped her hips in slow and deep strides, pulling most of her cock out and letting her shaft rub against Catra's sensitive front wall. With each swing of her hips she watched the bulge disappear, receding with her. As the muscular blonde brought herself back to her again, pushing into her lover like the desperate eternal lapping of the tides, she watched Catra's body completely yield to her size as her cock pushed out the soft primordial pouch of skin that sat above the thick tuft of soft brown fur at Catra's pubic bone. It made her shiver.

"You look so beautiful on my cock like this," she says, gasping between every few words. She-Ra wasn't close to even breaking a sweat but the intensity of the sensations had Adora reeling. Catra felt so tight, like she couldn't believe how she was able to fit all of her cock inside in the first place. "All stretched tight, completely filled up with me. If I were any bigger right now I don't think I would have fit," she praised, the pumping of her hips picking up pace.

Catra mewls, uninhibited, as Adora's hips crash into her faster and faster and make her small breasts jiggle. She trembled and the sensitive ring of muscle at her entrance squeezed over and over She-Ra's impressive girth as she pistoned in and out of Catra,

gripping onto her tightly and urging Adora towards her peak. Catra's hips give a violent twitch with a particularly well-aimed thrust and whatever position they snap back to devolves the rhythm of the blonde's swings to a sudden, lurching staccato.

"Catra, you're gonna make me cum," Adora all but pleads, as if she didn't want to empty herself completely inside her girlfriend and see how much of She-Ra she could fit inside her. Her hips slammed into Catra again and again, a moment taken at the end of each thrust to feel her cock pressing into Catra's walls. The bulge on Catra's belly moved in tandem with her thrusts, externally visible proof that the intimidatingly-sized *She-Ra* was the one inside her. And she could take every single last bit.

Adora's movements were becoming erratic, her muscles tensed and ready to burst like a tightly coiled spring. The heat in her groin and abdomen was demanding and frantic as those strong muscles squeezed tightly around her cock with each stuttering thrust.

"Cum in me, Adora, please," Catra begged, spurring her on by using her claws to scratch at the undercut at the nape of She-Ra's thick neck. She pulled the hero down to press their foreheads together, looking into her eyes. "*I want it all inside me."*

Adora groaned in response, high-pitched and needy and almost unbecoming of someone who was currently such a physically intimidating figure before giving one, two, *three* , *f o u r* last desperate and deep thrusts before tumbling into a vat of that sweet, warm honey.

She spilled deep into Catra, hot and insistent. The magicat felt her cum surge out of She-Ra's twitching cockhead and fill spaces she didn't even know were still left after the sheer size of She-Ra herself. A powerful liquid heat spread into her lower body, spurting out of Adora as she gave a few more half-hearted thrusts. Her heavy balls squeezed and contracted, the last of her cum shooting out into Catra. The blonde shivered, toes curling at the feeling of the hot and sticky liquid around her cock.

After a beat She-Ra's large form pulled back from Catra, sitting back on her heels but careful to remain nestled inside her pussy. Her bright blue gaze lingered on the bulge on Catra's belly. It was only barely bigger to her eyes. *Hm. Guess I've got more work to do,* Adora thought.

"That was so fucking good," Catra finally said after a few moments, breath back in her lungs and the stars just leaving her eyes.

"*You* are so fucking good," Adora retorted, a wide dopey grin spread on her face again. "You feel unbelievable. Still *so* tight and now full of my cum," She said, biting her lip. Her voice dropped an octave as she gave a teasing, cruelly deep and methodic thrust, her still-firm cock sliding easily through Catra's insides from the lubrication of both Catra's ravenous arousal and Adora's cum, their actual bottle of lube forgotten on the nightstand. The catgirl sighed and let out a deep and throaty moan, her claws digging into the sheets and mattress as her head lolled back.

"*So* full," she murmured breathlessly and rolled her hips for emphasis, her small sensitive tits heaving, the longer tuft of fur on her chest sticking up with sweat. She lowered her legs from She-Ra's shoulders and groaned a little from the adjustment, the girthy length just shifting back a few centimeters as the angle of her hips lessened.

She-Ra was still sheathed fully inside of her. Catra rolled her hips again, a fang dimpling her lower lip at the warm pleasure of friction at her stretched-out hole and the poke of She-Ra pressing so firmly against her back walls.

Two warm and large hands made contact at Catra's sides, rubbing up and down at the soft peach fuzz there. Catra started purring as Adora petted her, her eyes drifting shut and relaxing her arms above her head on the pillows as she laid stuffed full of She-Ra. The blonde's broad hands roamed over her sides and chest,

rubbing at her sensitive and heated skin and tweaking her nipples as she passed them. She felt so *full* and content, her pussy at an achingly delicious stretch around her lover's cock that was hard as ever. Even without moving she could feel the head of She-Ra's impressive length laying heavy deep within her, taking space for itself where there was none before. As Adora's hands continued to roam and stroke her into a peaceful trance, her thumbs and side of her palm would brush against the bulge in the catgirl's lower tummy.

Catra could feel the squish of her cum and their flesh underneath the press of She-Ra's surprisingly nimble hands as they swiped over the edge of the bulge and pressed it into the feline underneath her. She gave a little mewling yelp at the sensation. Her walls stretched obscenely around the blonde and just one load of her cum, but they still had the rest of the day for her to continue emptying herself inside without pulling out. The thought made Catra shiver and her clit pulse with excitement.

Adora continued to stroke her, occasionally playing with her breasts and making her groan. Catra could feel her slippery and hard cock moving inside, a smooth glide from her release, and making room for itself among her slick and welcoming muscles as She-Ra's steady hand slid over her. She groaned and sighed, reveling in how filled with Adora she was, before rolling her hips to feel that head poke deep. It made the blonde shudder. Her wide hand that had been idly squeezing and massaging at one of Catra's breasts started to slide down towards her center. Adora lifted her hand away, leaving Catra to whine and stick out her bottom lip in a pout. With herself still deep inside Catra, unmoving, she brought a hand to her pubic bone. A wicked grin split her lips apart.

Adora pressed her hand firmly into Catra's flesh and started to move it upwards. As soon as her hand slid over the pubic bone and onto the plane of muscle and soft flesh, Catra mewled, hips jerking. She kept the pressure even as her hand inched towards

the head where it poked out the most. The catgirl started writhing, her insides being fully subjected to the girth and length of She-Ra as Adora pressed the bulge flat, cock sinking deep into Catra's silky walls.

And then she swung her hips back.

Catra didn't have any time to object to the partial emptiness before She-Ra's mighty hips slammed back into her, the feline's supple legs falling against the bed. Adora was *cruel,* or maybe generous, as she kept her hand firmly over where her cockhead would be pushing out, forcing it to stay flat as she swiftly buried herself hilt-deep in her tight sheathe, the head of her cock spearing deep, deep into Catra.

The catgirl screamed, ending with a snarl that pulled her lips back over her fangs. All her claws extended as she dug her digits into the mattress, puncturing holes in their sheets. Adora felt incredibly deep, almost *impossibly* deep. The feeling of such complete fullness, the stretch of her muscles and walls was completely new and had Catra lightheaded. As She-Ra's thrusts continued to push into that deep spot she didn't even know she had, Catra's moans became loud and urgent, ragged and raw and clawing their way viciously out of her throat with each bottoming out.

"Ador– *ah,"* Catra cried out, shaking as She-Ra buried her entire length inside again and again mercilessly.

Catra's hands flew up to She-Ra's back, scrambling to find a hold. Her claws dug into the hard muscle and she raked searing red lines down the warrior's back, wailing and pressing her forehead into the blonde's neck.

The tension in Adora's muscled stomach was already about to snap. Gritting her teeth she pulled halfway out of her girlfriend before grabbing her hips. Her legs swinging, she spun Catra around to push her face-first into the mattress. One hand remained on her hips, thick and strong fingers digging into the

skin and fur there. The other slid up the plane of her back before tangling in the catgirl's thick mane of hair and yanking as She-Ra thrust herself back in to the hilt.

Catra's volume didn't wane. The new position hit *another* spot she didn't even know she had deep within her as She-Ra's dick naturally curved into it. Her cries and gasps and curses poured out of her mouth like a relentless raging river, as if She-Ra's cock itself had forced the sounds out of where they hid inside her and claimed their space. Her voice started to become a bit raspy as her hair was pulled, jaw falling open and her eyes screwed tightly shut as She-Ra pumped in and out of her. The room was filled with a filthy cacophony of moans and grunts, strained breathing, and the loud squelch of She-Ra's cock plunging in and out of the pussy she had already filled with cum.

Catra's center felt warm and tingly from the friction of her girlfriend bucking into her. She welcomed every single swing of Adora's hips, her body yielding easily to her thickness and spreading wide around her. Their bottle of lube lay askew on the nightstand, forgotten and unneeded, a dirty homemade combination of their cum and Catra's slickness dripping onto the bed sheets as they moved together. She-Ra had Catra's hips in a vice grip with one hand, keeping her ass up and ensuring they pressed as close as possible to each other each time Adora bottomed out.

"You take my dick *so* fucking well, Catra, it's like you were made for me," Adora managed to get out between thrusts, her hand leaving Catra's thick and wild mane and dragging her blunt fingernails down her back before joining the other at her hips. Catra shivered and gave a shuddering groan in response, Adora all but slamming her onto her cock like she weighed nothing. It was almost like Catra was being used as a toy to get She-Ra and her massive dick off.

"You.. *ah*– you were made– f- *fooor.."* Catra moaned and lost her words for a moment, mind hazy and vision unfocused from the euphoric stretch and repeated slippery friction of She-Ra filling her

so completely. She swallowed thickly, her toes curling as she pressed her face into her crossed arms and rolled her hips back hard. Her pussy squeezed around Adora, gripping and practically suckling at it. Her girlfriend continued to pound her into the mattress but her thrusts were starting to become sharp and short, her movements becoming frenzied as the wet sound harmonized with their ragged breathing and cries of pleasure.

"*You* were made for *me,"* Catra finally managed to moan out. "You're so fucking big, so hard for *me."*

Adora grins, heart warm in her chest. That's her Catra. Always a little semblance of control, even when she's the one being fucked like a bitch. She is right though, because Adora *did* make this dick just for her to take. Just to be competitive and remind her who's dicking down who, she responds by grabbing the base of Catra's tail and *yanking.*

The catgirl yowled and her hips dropped for a second, stuttering and forcing She-Ra to hold her in place and losing any coherence as unfiltered pleasured sounds tumbled from her open mouth.

"*Mhm* , big and hard just for you baby, and look how good it's wrecking you." Adora growled, her voice started to shake as the pulsing in her length and balls became more insistent, harder than the heartbeat hammering in her chest. Her hips thrust faster, fist tight around the base of Catra's tail and desperate to spill her heat deep inside her girlfriend again, to fill her even more. To stretch her to the limit, fill her up just as she had been asked.

"Fuck, Catra, I'm gonna cum again," the blonde said, the urgent need that was throbbing between her legs becoming too much. Catra could only whine in response, her eyes screwed shut as She-Ra ruined her. *Gonna give her everything I have, everything is for her.*

Adora's last bit of resistance snapped as Catra's pulsating pussy gave a particularly strong squeeze as she neared her own orgasm. The blonde swore loudly and curled around the catgirl's small and trembling form as she slammed her hips one last time into her, pulling her down at the same time and squeezing every single millimeter inside.

Another round of white-hot and sticky fluid spilled forth from She-Ra, covering Catra's insides with a powerful rush. Catra wailed at the sensation of She-Ra filling her pussy even more, feeling herself stretch to accommodate everything the glowing warrior could give her.

Giving a silent thanks to the magic of Etheria and all the She-Ra's before her, Adora felt a second wave of sticky cum as big as the first spurt out and out of her heavy, pulsing length. And a third, and a fourth, and a fifth. She filled Catra deep, seeping into every single nook and crevice of her throbbing, silky insides. The bulge at Catra's lower belly grew, the primordially soft skin there easily yielding to the thick heat laying claim to the catgirl.

The sensation of She-Ra pouring into her already filled pussy drove Catra to the edge. She quickly reached a hand down between her and the bed, retracting her claws just in time to rub frantic circles over her clit before crashing into a wave of pleasure. Her walls gave a valiant squeeze around the thick cock sheathed so fully inside of her. The effort forced some of the precious fluid to drip down her slit, mingling with her own wetness. She whined at the thought of losing a single drop of She-Ra's cum.

She-Ra tensed and sighed, her grip on Catra's tail releasing as she pumped the last of herself into Catra's molten core. Catra didn't stir beneath her, her walls twitching as her fingers slowed themselves to a stop around her clit.

"Baby I'm so *full,* you're stretching me so much bigger than ever before," Catra whimpered, afraid to move and lose any of the fluid that filled her so perfectly. "I want to move but I want to feel this

fullness forever," the catgirl whined, her tail twitching and an ear flicking against her head.

Well, then it was a good thing that Adora had already factored that in.

She'd been reading up in Castaspella's personal library whenever Catra had been off helping Scorpia dismantle the Fright Zone in hopes of rebuilding the scorpion girl's rightful kingdom. Adora had learned so much about magicat sexuality and reproduction, like that it was Catra's natural instinct to want to keep every drop of her mate's cum inside her. Magicats that had penises would grow a knot at the base of their shafts when they were close to orgasm; the knot would inflate the last bit to its full size as the felines climaxed and spilled into their mate, keeping their fluids locked inside for a bit before deflating and letting them pull out. Magicat vaginas were ridged in a way that offered a lot of satisfying resistance when pulling out and had muscles to grip onto a knot to stay locked together.

"Don't worry baby. I've got you," Adora murmured, pressing soft kisses to Catra's shoulders.

Showtime.

She closed her blue eyes for a moment, concentrating her magical energy. A new kind of heat, buzzing and blinding, sprang to life where they were pressed flush into one another. A soft white light blazed from their joined bodies as Adora willed her form to grow accordingly. There was almost a hum from the buzzing heat that reverberated through both of their cores as Catra suddenly felt an even *bigger* stretch localized just inside her entrance.

The magicat cussed and choked out a sob, shoving her face into the pillows as a knot swelled at the base of She-Ra's already girthy cock. It grew just past her entrance, pressing firm into the

catgirl's slippery inner walls and locking the two of them together. She felt herself expand slowly with the intense girth of the knot in disbelief, having thought she had been at her limit. A sharp sting shot up her core before dissolving into a sea of wet heat as the knot reached its maximum size inside of her and Catra knew she wasn't going to be able to get off She-Ra's cock unless the warrior willed it.

Adora unfurled her bulky form from around Catra. She straightened her back, rolling the tension out of her shoulders before looking down at her girlfriend still face-down on the mattress and positively disheveled, unmoving from the fresh tight stretch. Her length throbbed as the blonde admired how the knot plugged Catra's pussy up to prevent any cum from leaking out, the outermost ring of Catra's slick muscle and skin holding fast, although there was some already shining on her flushed lips. She gave a small, testing jerk of her hips and watched the bulge tug at Catra's pussy, her flesh pulling slightly with it but refusing to yield around the width of the knot as her anatomy gripped onto it. Her cock twitched deep inside Catra at the sight.

The movement had caused Catra to keen high in her throat, sounding tired but pleased. The knot pressed and rubbed into the sensitive spot behind her clit. It fit right into the natural ridges inside of her and she began to move her arms, unsteady, pushing herself up to all fours. She-Ra's knot jostled with the motions, tugging at her entrance and rubbing at her tight walls. She could feel the hot weight of She-Ra's cum filling her.

The catgirl finally found her voice in the aftermath of the sudden and unexpected addition.

"She-Ra had a secret weapon on me this whole time, huh? Where did that one come from?" Catra panted, trying to sound confident while she trembled and shook the hair from her eyes. It was stuck to her forehead with sweat, so it was to no avail. She-Ra's vast but gentle hands brushed the damp locks away before they wrapped around her ribcage, gently pulling her against her bare chest and sitting her up straight, cockhead moving deep inside as

the knot did its job and kept them together. Catra let out a groan that turned into more of a sigh as She-Ra easily supported all of her, willing her body to relax and let her girlfriend's muscular hips and folded thighs bear her full weight. Another squeaky whine slipped out, fangs digging into her lower lip, as gravity pulled Catra's body down and drove the thick length straight up into her small body.

"I've just been doing some recon work, getting to know the territory," Adora said cheekily as she softly massaged Catra's tits, her own larger breasts squished against the catgirl's back. Catra smiled, reaching up behind her head to slide her hand onto She-Ra's neck layered with muscle. She scratched at the undercut there, sighing and closing her eyes as Adora played with her tits, rolling her sensitive brown nipples in her broad fingertips. The blonde pressed her nose into Catra's mane, peppering kisses to her neck and shoulder and nipping under her ear.

"Well, consider the mission successful, *She-Ra."* Catra teased Adora with the name, purring as her girlfriend's large hands roamed her chest.

When Adora's hands danced gingerly over the bulge in her lower belly, Catra took a look down at herself. The swell of her tummy was now large enough that she couldn't see her pussy or where the two of them were locked together. It made her shiver, her pussy giving a light fluttering squeeze. With She-Ra's fat knot plugging her up, there was nowhere for the cum filling her to go as her muscles contracted.

Catra thanked the stars She-Ra had softened a tiny bit and lost just a little length because she felt full to bursting from the volume inside her. She could feel Adora's release squish in her pussy, around the thick cock keeping her agape.

Another weak attempt at squeezing She-Ra's cock didn't quite reach the shaft like it intended but milked at her knot, causing her to jump inside Catra. To both of their surprise, another small spurt of cum flowed from She-Ra's cock as it shrank just the tiniest bit.

“Look how perfectly you took everything I gave you,” Adora crooned with her chin tucked into Catra’s neck and shoulder, gently pressing her fingers into the swell of her belly, the two of them feeling how it threatened to leak around the knot as she squeezed. Catra whimpered and let her head fall back onto She-Ra, feeling everything squelch inside of her.

She was so delightfully, *sinfully* stuffed full. Full of Adora. Full of the powerful *She-Ra* , the naturally heroic warrior princess who towered over her with the silhouette of a mountain. Full of She-Ra’s *cum.* She reached down, grazing a hand over the soft round bulge of her tummy. Her clawed fingers alternated pressing lightly into it and she watched as it yielded and displaced the skin around it, the sticky liquid beneath her flesh giving way to any disturbance.

The sight and sensations only made her pussy throb, small wet drops rolling down onto She-Ra’s balls. It made her want to stay relaxed, and pliant, open and ready to host She-Ra, to form herself to her cock as the perfect sheathe.

Adora’s hands gripped into her upper ribcage as she sat the both of them up, holding Catra as she rose to her knees. She shuffled the two of them to the edge of the bed so she could swing her legs down to the floor in a seated position. Her knot tugged at Catra’s entrance as they moved, and little chirps worked their way into the magicat’s constant purring. Adora rotated Catra sideways across her lap, wanting to give her a chance to close her legs and ease the burn from keeping them spread so wide. They both let out pleased sighs at the sliding friction before Catra hissed lightly as she closed her legs and let them dangle from She-Ra’s lap. The position gave a lovely manual squeeze to her pussy as they settled, making Adora pulse with pleasure. Catra rested her head against her girlfriend’s collarbone, melting into her warm skin and closing her eyes.

She didn’t get much of a rest, though, as Adora wrapped an arm around the underside of her thighs and then ribcage as she stood

from the bed. She squeaked indignantly, not wanting to be moved just in case too much movement let any cum out.

"Sorry, sorry, just wanted to get into a chair that would be more comfortable," Adora apologized, looking around for the best option. There were several chairs in their bedroom, some with arms and some without. She opted for a lounge-type sofa by the large windows, one that had a nice cushy armrest on one side and had longer space on the other side for a person's legs and started to walk over.

Walking with Catra tightly wrapped around her mostly hard cock, even when she wasn't at her full length or firmness, was a completely new round of sensations. She-Ra's bulging biceps and forearms cut from marble made it as easy as holding an empty cardboard box in front of her. She held Catra mostly still as she crossed the sizable room to get to the lounge sofa. Catra really was just stretched around her like a cockwarmer as She-Ra went about her business.

Catra let out little trills and *mmh!* 's with each step that Adora took, her cock jostling inside her pussy and pressing into her walls deliciously in a methodic yet uncontrolled way. They were tiny little jerks topped by firm presses inwards. It was pleasant on where she was stretched around She-Ra's knot, providing a delectable but not incessant friction that would push her towards a peak. Adora finally reached the sofa and sat the two of them down, leaning into the armrest on the right and letting Catra stretch her legs out onto the rest of the chair.

They sighed together, the squeeze of Catra's closed legs and the pressure of She-Ra's knot keeping the two of them pulsing with little baseline zaps of pleasure.

Catra relaxed against the muscled form of She-Ra, lightly tracing a black claw in between her large breasts. She leaned her head into her girlfriend's collarbone, snuggling into her. Adora's left hand rested on Catra's thighs, fingers idly rubbing back and forth as she tilted her head to rest on the back of the sofa. She gave her hips

an experimental soft jerk and She-Ra, eyes closed, exhaled loudly through her nose, thumb pressing just a little harder. She felt the blonde throb against the sensitive muscles of her entrance.

The two of them rested there for a few minutes, their heartbeats coming back down to a normal resting level as the tension bled from their muscles, nestled snugly together. A steady purr continued to rumble in Catra's chest, her fingers flexing and curling lightly into She-Ra.

Catra's hand had been wandering further away from the middle of She-Ra's chest and closer to one of her breasts. She started massaging it, her fingers dancing up to tweak her pink nipple. Adora tried to stifle a high groan in her throat, her chest rising as she inhaled sharply.

"I'm so glad you're all mine today," Catra exhaled, rubbing her cheek against Adora. The blonde smiled and leaned down, her hand moving to tilt Catra's chin up.

"Me, too," She breathed before moving in the last few inches to capture Catra's lips with her own.

The kiss started slow and methodical, chaste compared to what had already transpired. She-Ra's strong arms wrapped fully around Catra, thumbs rubbing soft circles into the peach fuzz on her skin as they kissed.

Catra felt complete in She-Ra's lap, so explicitly stretched and filled with her, while she held her and kissed her like Catra was made of fine porcelain. The heartbeat from inside Adora's chest thudded through sinew and cartilage and threw itself directly against the feline's body, her unnaturally warm skin keeping Catra comfortable and cozy as she angled her head and broke the kiss for the sole purpose of sliding her tongue in and deepening it. Her claws glided across She-Ra's skin to the nape of her neck, massaging into the corded muscle and scratching at the shaved section of her scalp.

“Fuck, I love you,” Adora whispered against Catra’s lips, pressing another firm kiss before nosing her way down the catgirl’s chin and neck and making her purr louder.

“You’re just saying that ‘cause I’ve got your dick wet,” Catra teased, giving a shallow tug of her hips for emphasis. Adora responded with a playful growl.

“No, you’ve got my dick wet *because* I love you,” She retorted, grinning as she peppered wet kisses down both sides of Catra’s neck and chest.

“*So* romantic.” Catra replied, rolling her eyes with a loving smile on her face as she grabbed Adora’s jaw and pulled her into a searing kiss that left them both melting.

Chapter 2

This is what Catra had been wanting. Sometimes she just wanted to spend longer periods of time being more casually intimate like this. Just relaxing with her lover, warm and sated, safe in her strong arms. The two of them kept at a mild level of stimulation and pleasure together, their most sensitive parts snugged up into each other, connecting them, uniting them.

A loud grumble disrupted their peace, making Catra's eyes snap open and her body jolt a little – bumping She-Ra's knot. The blonde looked down sheepishly at her girlfriend, a rosy blush dusting across her pale cheeks.

"Sorry, I think She-Ra is hungry," She tried to hide her giggling, "Using magic to make a huge dick and lots of cum can take a lot out of a girl, who knew!"

The two of them laughed together as her stomach gurgled again, smiles wide as Catra teased her. It may have been Catra's pussy that was stuffed full right now, but she knew she had room to eat some food. Especially since she needed it too – she'd already cum more than once and the sun was only at its peak of the day. They both needed energy to continue.

When their laughter subsided, both of them a little red-faced from the jostling motion it created, Adora put her hand to Catra's little tummy bulge. Seeing her girlfriend's hand at the swell where all of her cum sat plugged up inside her made Catra throb, a strong heartbeat in her clit stuttering back up to full gear after the background pulse of their little breather.

"Are you hungry? Can you even eat anything when I've stuffed you so full?" She teased, grinning good-naturedly at Catra, who playfully slapped her hand away from her belly.

"Yeah, doofus, I still have room for food. Do we have anything in here?" She asked, tracing nonsense shapes on She-Ra's chest and

stomach. She swiped a thumb over her nipple and watched it respond, pink skin pebbling up to her touch. She kneaded softly at Adora's breast, her small hand unable to hold the whole of it. The blonde sighed as her cock twitched, pulsating in Catra's filled pussy. Her own cum was like liquid heat on her shaft, kept hot from Catra's insides. Her head swam through the unforgiving current of lust and back to reality.

"Just some stale crackers and maybe peanut butter. And some random protein rations in my pack, I think, but they're squished. Oh, and a bag of sweets Glimmer gave me that I never ate in a drawer somewhere," Adora paused for a moment, scrunching her face and thinking about what they could do with all that.

Catra watched her think, practically hearing the gears whirring inside Adora's head. She was always trying to think of some strategic way to achieve a goal or complete a mission and sometimes she missed the most obvious of solutions.

"Don't break your brain and just grab the tracker pad and let's radio for the kitchen." Catra said, feeling sorry for letting Adora try and think too hard for too long. Sometimes the blonde didn't realize her brain was basically staring at a brick wall. Poor thing.

At this, Adora looked down to match eyes, raising her eyebrows a little.

"Radio for them? But the tracker pad uses video on it. Aren't they gonna see us?" She said, surprised that Catra hadn't thought of that already.

"I don't care," Catra said, shrugging. It really wouldn't be that hard to keep things out of sight.

Well, she never ceases to surprise me at least, Adora thought. She would have figured that Catra didn't want others seeing her in such a vulnerable position like they were in. Adora hadn't ever considered what it could be like to have people see what the two of them got up to but the thought of another person being able to

see their obvious and vulgar union while they casually interacted with them for something mundane like food gave her cock a powerful throb.

"We can just keep the tracker pad pointed steady at our faces, and they won't even know." The magicat finished, jolting Adora out of her little daydream. Adora's ears burned red at where her mind had gone.

"Oh," she said, voice squeakier than she intended. She cleared her throat, "Right." The blushes from across her cheeks and her ears slowly joined together. Catra cocked an eyebrow, noting her reaction.

"Where is it?" Catra asked, looking around their room for the piece of tech. Even with the war over, the tracker pads were still used daily by everyone to communicate and link up as they rebuilt the planet. She spied it halfway between their sofa and the bed, on top of a pile of several of Catra's outfits. Out of everyone, Catra had the most outfits and she usually just tossed them around when they got dirty.

Adora picked Catra up kind of bridal style but closer to her hips as they stayed knotted together. She easily strode over to the tracker pad, holding Catra in place as her knot and cock jostled and jiggled inside her pussy again. It made both of them ache, their heated skin pulsing where they were pressed flush together.

Catra picked the tracker pad up as Adora held her, standing in place and feeling her soft walls give a weak squeeze. She even felt her throb a little, her own center's heat rising just a tiny bit. The catgirl opened the device, scrolling through the applications before finding the right one as Adora walked them back to the lounge chair and sat them down again. Finding the system contact for the Brightmoon kitchens, she straightened herself in She-Ra's muscular arms.

Adora gingerly shifted her on her knot so they were facing each other again. Catra's lower lips pressed flush into the curly blonde

hairs at the base of She-Ra's cock as the position deepened their connection. Her cock moved inside Catra, making their breath hitch in their throats. Catra grit her teeth and moved her legs to a kneeling position, letting her weight and gravity do the work of driving She-Ra's length deep, letting out a low moan.

"So what kind of food do we want?" She asked the blonde almost nonchalantly after a beat. "You know they'll make you anything, they love you."

Adora rolled her eyes. "They don't *love* me! They're just nice people!" She said. Catra grinned to herself and looked back at the tracker pad.

The two of them decided on getting a couple things to split. Some meat – the kitchen usually had some from this slow, fat terrestrial bird that Catra really liked; some soft aromatic bread that was fluffier than Glimmer's pillows and butter pressed with herbs; some cooked plants and roots that took Adora a *long* time to warm up to, and that Catra still turned her nose up at; and something sweet for after – several different brightly colored fruits cut up in a bowl. After several years of eating real food and not the processed slop from the Fright Zone, Adora was very adamant about getting all the food groups. Something about keeping the body in peak condition in the event of a possible physical altercation. What a dork.

Catra held the tracker pad up, using her reflection to determine an angle that wouldn't show she was naked. She pulled up the kitchen contact channel and pressed her finger against the screen. A second window pulled up on the screen, fuzzy black for a few moments before one of the chefs originally from Dril came into glitchy focus.

"O-oh, Catra! What can I do for you?" They asked, still nervous around the former Horde officer. The other two kitchen staff were seen in the background, different foods in various states of assembly.

"Adora and I wanna get some food. We're *really* hungry," She said, a cheeky and flirtatious purr in the last three words. The tracker pad slipped a centimeter in her hand, a bare shoulder popping into view. The staff member started to nod enthusiastically, and Catra wasn't sure if it was the quality of the feed or if she saw them glance down to the bare skin that Catra's usual top covered.

"Oh! Absolutely! How is Adora?" They said brightly, scrambling around for a way to record what they wanted. Catra grinned wickedly.

"Adora is doing *great,"* She purred, locking eyes with Adora over the top of the tracker pad, her sultry stare burning into the blonde.

Adora's face was flushed a deep pink, her heart skipping a beat at Catra interacting so casually with the kitchen staff while She-Ra's knot still had all her cum and her mostly-hard and definitely still big cock locked inside her pussy. It throbbed, a renewed rush of blood flowing into and down her length and letting it grow a little larger again. Catra felt it.

"You know, she's actually right here," Catra said, not breaking eye contact with Adora. At her words, the blonde's face broke into a desperate pleading look. Her eyebrows furrowed up and she started shaking her head. But her body betrayed her, and Catra could feel how her cock twitched, the pulsing of her knot insistent against Catra's tight entrance. Her fangs dug into her lip as her wicked grin split wider.

"I think she'd love to say hi."

She turned the tracker pad around so that its camera captured She-Ra. The muscular woman shrunk herself down on the sofa a little, trying to get her bare shoulders out of frame. It only resulted in her flexing her hips up into Catra.

"H-Hey-!" She says, strained, her blush deepening. Her cock twitched again, making Catra smirk. Hearing her voice, the rest of the kitchen staff gathered around the tracker pad to say hello. Catra gleefully watched as Adora stuttered and stumbled her way through the idle chit chat questions of how they were doing and how the repairs were coming along. She felt She-Ra's cock grow a tiny bit more as another little rush of blood ran through her length, getting close to its full size again. Tingles went up Catra's spine at the sensation of Adora growing larger inside her. *So Adora has a little bit of an exhibitionist streak then… I can work with that,* Catra thought.

Taking a pause in the staff's questions as an opportunity to turn the device back on herself, Catra flashed them a faux-apologetic fanged grin.

"Okay, Catra, what would you two like?" The first staff member said, voice in a slightly higher pitch. It wasn't clear if it was because of being intimidated by Catra, or because they had seen Catra's lack of clothing and put two-and-two together when she saw Adora as She-Ra when there was no battle – and she was blushing and stumbling over her words, no less.

She rattled off what the pair wanted, going back and forth with Adora over whether to get the vegetables or not. Catra argued she was not going to eat them while Adora didn't take no for an answer.

"Okay, we can whip that up for you. We'll have somebody bring it all up to your room. Oh, one more thing - did you want cheese with the bread and butter?" The staff asked, looking down at their little order slip.

"Yes," Adora and Catra promptly said in unison, making the staff member laugh.

"Alright. And did you want soft cheese or hard?"

Catra’s eyes immediately slid up to lock into She-Ra’s bright blue gaze that seemed to emit a soft glow. Her pupils dilated as she bit her lip.

“Oh, I want it hard.”

The staff member’s goodbye went unheard when Adora tried to stifle a whimper in her throat as her cock jumped sharply, her hips bucking and wiggling her knot inside Catra. A mighty hand flew to clap against her mouth to seal the sound behind her lips - and knocked the tracker pad out of Catra’s hands.

It landed on the floor just in front of them, screen up. The kitchen had just hung up and the screen had gone dark, but not right before Catra saw a split second shot that it captured from the floor: She-Ra’s thick thighs spread wide and her fat cock stuffed inside Catra. Her clit throbbed as she wondered if they had seen.

They moved the tracker pad to the little table to the side of the sofa. They relaxed against one another again, Adora’s head lolling back in comfort. They continued to just enjoy each other’s company and warmth, She-Ra’s dick slowly losing some of its renewed length and hardness but still stretching Catra.

. : .

A loud knock at the door broke the silence, followed by a voice calling out that the couple’s food had arrived.

“One second!” Adora shouted, startled and looking around frantically for a way to retrieve their meal without subjecting an unsuspecting staff member to witnessing them in their current…

predicament? No, that wasn't the right word, as what they were doing was hardly a problem in Adora's eyes. She had her girlfriend's pussy stretched tightly around her hard, huge cock with an impressive knot to keep all her cum inside. Current state fit better.

While Adora was glancing around, no closer to any solution, Catra grabbed a thin throw blanket that was hanging over the back of the lounge chair. She draped it around her ass and brought the corners around front to cover in between them. Before Adora knew what was going on, Catra was calling out.

"You can open the door! Just set the tray down inside or whatever, and then close it again." She said, head turning to the door.

It swung open and the same staff member they had spoken to over the tracker pad stood there with a little multi-level serving cart. They glanced up from where their hand was still on the door handle.

The lounge chair that Adora and Catra were seated on together was in the field of vision of the staff member at the door, even if it was on the other side of the room with the bed in between them. While the throw blanket covered Catra's ass and lower, where She-Ra's cock was buried inside her, their bare chests were exposed to the air. Catra's breasts were only out of view as she looked over her shoulder, and She-Ra was only just barely blocked from view by Catra.

Regardless, the kitchen staff member looked up from the cart to see She-Ra herself, not Adora, with Catra formerly of the Horde seated possessively in her lap with only the blanket around their naked hips.

Adora's heart nearly stopped beating as this person looked at her with Catra seated so vulgarly and shamelessly on her lap. She thought to herself about how there was no way that they couldn't know what was hidden by the thin, loosely draped blanket.

Blushing and heart pounding, Adora's cock gave a sharp jerk as new blood flowed into it. Catra smirked as she felt it and gave her hips a roll, causing the blanket to slip down and expose the top of her ass.

Blushing profusely and forcing themselves to stare at the ground, the staff member rolled the cart inside a little further. They squeaked something about enjoying the food before they swiftly shut the door and Catra and Adora were left alone again. Catra ground her hips down, feeling the knot rub against her sweet spot.

"All right, time to eat," Adora said sheepishly, ears burning from the interaction. She moved to get up but Catra's well-manicured hand pressed into the middle of her chest, pushing her torso back against the sofa. Her cock throbbed too, hardening and regaining the length it had lost; and that reaction wasn't lost on Catra.

"Don't pretend like your dick didn't just spring to attention when a person saw firsthand that we're in the middle of fucking, Adora," Catra said, pressing the tip of a claw into her skin and not giving her any room to hide. "You *liked* that somebody saw us like this."

Adora swallowed. "I.." She faltered, eyes unable to meet her mismatched gaze. Catra narrowed her eyes and rolled her hips to urge her on, making the blonde gasp.

"Come on, *She-Ra,"* Catra purred, making Adora whimper at the way she said the warrior's name. "I wanna hear you say out loud what made you just get *so* hard inside me."

Adora whimpered again, her head falling back with her eyes screwed shut, pulse loud in her ears and relentless in her dick.

"...I want people to see me claiming you," She finally said, cock close to reaching its full size again. "But I didn't think you wanted to be seen giving in to me like that."

Catra couldn't help but be touched by Adora's consideration. She had tried to take Catra's feelings into account back when they

were in the Fright Zone together but hadn't always hit the mark. Now, she had really worked a lot with Perfuma to better herself in that regard, wanting to be the best partner for Catra.

"*There* you go, baby," The blonde whined in her throat at the praise, "Always so concerned with what others may feel... But, Adora, you failed to think –" Catra's hand slid from Adora's chest to grip at her lower jaw, forcing her to make sustained eye contact – "What if I actually wanted that? What if I wanted people to see how well I can fit you – *only* me. How *I'm* the only one who can take you like this, have you like this, have the privilege to be filled this way by the planet's greatest hero." The last few words positively dripped with the saccharine purr of her voice.

Catra's possessively loving words made Adora's groan dip lower in her throat. Catra's walls stretched slightly as the warrior's cock expanded to its full size once again, filling and taking up every bit of space inside and pressing into her slick walls. The magicat shuddered as She-Ra's knot rubbed up against the area behind her clit. The stretch it gave with all the cum already inside was unbelievable, but her tight and slippery muscles yielded easily to She-Ra. It made Catra moan, guttural and drawn-out, as she threw her head back and rolled her hips to seek friction on her throbbing clit.

Another loud rumble from She-Ra's stomach cut through the sensual tension hanging palatable in the air between them, making them dissolve into giggles. The flexing of Catra's abdomen with her laugh made her contract around Adora, and the blonde fought to pump her hips.

"Alright, let's get some fuel in us," Adora huffed, her body alight with the baseline pleasure of being squeezed inside Catra. Her arms circled around the magicat who then wrapped her legs around She-Ra's hips. The blonde held Catra firmly against her as she stood up, making the catgirl's breath hitch as her very swollen clit pressed against the hard muscle there. Tightening her legs to drive her deeper and feel some friction, Catra held onto She-Ra's upper arms and shoulders as she ground herself into her, getting

shallow results due to the knot locking them together. She shuddered as the thick bulge pushed and pulled at her insides.

"Mmh, Catra, come on," Adora tsked as her legs threatened to buckle as she walked over to the serving cart of food. She was thankful when she saw a big jug of water and two glasses on the bottom shelf because they both needed to rehydrate if they wanted to keep going at the rate they were.

She-Ra had one arm around Catra that was keeping her in place on her large dick where she belonged, the catgirl clinging to her as she got mini-thrusts from the blonde walking, and one arm reached out to push the serving cart. She pushed it back to the sofa they had been sitting in as it proved to be the most comfortable place to be with Catra as her cockwarmer.

The two of them ate and drank together, Catra refusing to try the vegetables that Adora was offering. They had idle conversation here and there but when it would die down, the silence in their ears was filled with their pounding pulses. They brought pieces of bread and cheese to each other's mouths and teased each other for getting the herb butter on the corner of their lips. As they ate and joked around, enjoying being together, She-Ra's heavy length lay pulsing deep inside Catra's pussy.

. : .

After a while they were only picking at the food. A comfortable lull in their conversation worked its way in naturally and Adora looked down at Catra's still swollen belly. She had been buried inside her for a couple hours now, and she wondered how much more cum she could fit. It had only been two rounds but since She-Ra was so much bigger than Catra, and it was all She-Ra magic, it was a very large volume.

Adora gripped Catra's hips firmly, the sudden contact making her gasp. The blonde planted her feet on the floor, providing her stability and support. She lifted up her hips with Catra a few inches, creating space between her ass and the seat of the sofa. Catra trilled, bracing herself with her hands on the tops of She-Ra's breasts, pressed into the solid pectoral muscles and soft flesh there.

Adora slowly lowered her hips away from the catgirl, tugging her knot. Catra yelped, her walls stretching around the knot as it just barely shifted. She had been stretched wide around it for long enough that she had been worked open for She-Ra, but her walls still held steadfast. It pulled the muscles of her entrance with it, refusing to fully yield to its width. Clenching her jaw, Adora held steady and instead lifted Catra a little more, making her scream, tail thrashing.

The catgirl trembled and her hips twitched, sucking the knot back inside. It pressed into her sensitive walls and they squeezed down, making Adora shudder. The slick muscles hugging and sucking at Adora's knot started to make the edges of her vision blurry and her mind unfocused as Catra's wetness picked up enough that a hot drop rolled down She-Ra's balls. The catgirl whined and rolled her hips, searching for the friction of her cock against her walls. Her swollen clit throbbed, neglected, as she felt She-Ra give a shallow pump of her hips, the most she could do with her knot inflated. She reached a hand down her body to meet her bucking hips, the little pads on her fingers sliding easily across the slippery hood of her clit and over her flushed, slick lips spread wide around She-Ra's base.

When her fingers brushed against her clit, Catra's body gave a sharp jolt and she keened at its sensitivity. It hadn't been given nearly enough attention as the two of them had been so preoccupied with keeping her stretched wide. The catgirl moaned and rubbed, her fingers scissoring on either side of her hood to massage her clit. Her pussy clenched, gripping around Adora before releasing again.

"*Gods* I love it when you squeeze around me like that," Adora breathed out, smiling as she panted in between words. She was so sensitive from being hard and stimulated for so long that she didn't think it would take much to make her cum a third time. Her balls rested on the sofa, heavy and full with her desire for Catra and teeming with a long-awaited release. "It's like your pussy has a mind of its own and wants to suck me dry." She shivered and clenched her jaw with another squeeze from Catra, this time on purpose as she ground down into She-Ra's hips.

Catra continued to rub at her clit and inner labia, even pressing into where the underside She-Ra's knot was practically bulging out her slick and sensitive flesh, massaging both of them together and making the blonde spit out curses. Adora tried her best to give shallow thrusts with her knot keeping them tied up. As she tried to pull her hips away from Catra's at an agonizing pace, she watched as her knot slowly, slowly tried to emerge, but it barely made any progress before it was sucked back inside of Catra, making them both groan.

"I wish you could see yourself right now, kitten. I want you to see how wide I'm splitting your pussy open, I can't believe you can stretch this big to fit me," She said, unfiltered thoughts tumbling their way out of her brain and off her tongue. "You feel so fucking *amazing* . So perfect around me. I want to keep you here forever, wanna keep my cock buried deep inside where it belongs and just cum in your pussy when I want to," Adora started to ramble, her brain locked into her dominant side. Catra just whined and frantically bucked her hips, desperate and dirty, her ears flat against her head and tail thrashing, as her mate continued.

"Your pussy should stay stretched wide around me, ready and open for me to play with and fuck. I wish I could show everyone how much you stretch to take everything I give you. You even take all my cum," Adora went on, pinning Catra's thighs to her sides with her expansive grip, brain unable to focus on anything that wasn't their sexual pleasure and how to achieve it. She pressed a hand into the bulge at Catra's lower tummy and they both felt the slosh and squish of all the cum She-Ra had filled her

with so far, the additional pressure forcing Catra's walls to bear down on her cock. The friction made her milk at She-Ra's length, the blonde throbbing in response. The catgirl cried out, her pussy threatening to push She-Ra's mighty knot out as Adora pressed on the swell of her fuzzy belly. The two of them were so overstimulated that they weren't going to last long.

"I want all your cum, want it all inside me," Catra managed to gasp out as She-Ra's fingers came down to play with her clit. "Fill me again, *please*, I'm your cockwarmer and you can fill me all the way up with your sticky cum as many times as you need," she says, comfortable and deep in her submissive headspace. It was all she wanted. She wanted to stay right there, filled to the brim with She-Ra's cock and letting her empty her balls inside her pussy over and over until no more could fit and it was spilling out of her. Her pussy ached and pulsed, clinging to She-Ra's oversensitive knot and shaft tightly with a strong spasm.

It was enough to send Adora tumbling into her third climax. She instinctively slammed her hips up into her girlfriend, or as far as she could since the knot kept them close together, the head bumping into Catra's walls. Another thick load of cum started to spill forth, deep into Catra. It was a miracle Adora had lasted this long at all - which also meant this orgasm had been brewing for a lot longer than the others.

She leaned back a little and held Catra in place as the first spurt came forth from her throbbing length, the magicat's legs up and her stuffed pussy exposed as the catgirl writhed, frantically rubbing at her clit. Adora wanted them to cum together, or close enough, this time, letting her drip down onto her lap as Catra brought her rapidly toward her own orgasm.

But She-Ra was already filling Catra so completely that as she released deep into her again, the knot threatened to push out from the pressure, a few drops starting to spill out around where She-Ra had her split wide. Spurt after thick, hot spurt filled her and made her lower belly swell further with the volume of her pent-up need. Catra had never felt such a complete sense of

fullness before - not only were her walls stretched tightly around the thickest cock and knot on Etheria, she had been *further* filled with so much cum that her entire lower belly bulged out. She felt swollen and heavy low in her stomach, and Catra could feel the heat of all the liquid power from She-Ra. She was quietly grateful for the natural extra skin her species had at her lower belly that let her take this much from She-Ra. She felt like the knot was about to pop out and flood their lap with cum - and worried that her own muscle contractions were almost strong enough to push it out completely and open the floodgates.

She-Ra was somehow still coming, although it had begun to wane slightly, her thick length twitching as it shot out her overdue release. The warrior's hips shook against her best efforts, jerking slightly as she emptied herself deep inside. Catra groaned in satisfaction, purring and almost mewling as she felt herself stretch to accommodate her mate's strong and incessant release.

There was so much inside her now that Catra felt her entrance stretch further and further around the knot as it inched out from the pressure within her. If she hadn't been seated on her for so long and kept open, Catra didn't think she could've stretched all the way around it like she was. It slowly pressed and slid against the spongy sweet spots in her magicat anatomy, making her throw her head back and a scream drag its way from the depths of her core.

"Baby, I'm *full,* I'm completely full," Catra panted out, almost incoherent, looking down at her filled-out belly.

Adora *whimpered,* a desperate keen as she looked down to see. Catra's fuzzy tummy was stretched like she had a little beer belly, filled up with her cum. And plugged up with her knot - which was slowly about to lose its claim on her. Her fingers reached down and fumbled a little with Catra's sensitive clit as the catgirl's fingers had faltered and were just digging into Adora, her focus impaired by her ongoing orgasm.

"Just– *fuck*– just a little– *mo-ore–"* Adora moaned out, a few more half hearted ropes of cum spilling into her. Her fingers toyed with the sensitive bundle of nerves above where her cock was buried, eliciting sharp cries and jerks from the catgirl. She rubbed tight and direct circles and quickly Catra was trembling, incoherent and full to bursting. She-Ra's balls squeezed once, twice, three times more and poured into Catra, pushing the knot to its widest point and stretching her pussy right as her fingertip grazed across Catra's clit. The catgirl screamed and crumpled as She-Ra's knot was finally pushed out of her filled pussy with an obscene squelch, the stretch and friction sending her over her peak.

Catra yowled and shook, toes curling as She-Ra's knot popped out. There was an audible splatter as a flood of cum poured out of her stretched, well-fucked pussy onto She-Ra's lap and the floor.

But She-Ra didn't want to stop there, sliding her impressive dick out and watching it bounce, dripping. As her last jet of cum jolted out onto the floor, she continued circling Catra's clit with one hand and immediately thrust two thick but nimble fingers into the catgirl's open pussy and curled hard.

Catra screamed and her hands flew up to press into her eyes, unable to handle it. Stars bust behind her eyelids as Adora hooked her fingers in mercilessly, her cum steadily squishing out with the thrusts onto her lap and now semi-hard cock as she curled firmly into Catra's g-spot while circling her clit and pushing Catra further into a crashing wave.

A new rush of hot liquid spurted out into She-Ra's broad palm, collecting there and splashing over her skin as Catra yowled and shook, her pussy fluttering and squeezing as she squirted and came harder than she had all day. Adora watched as she pumped her thick fingers once, twice, Catra's own cum streaming out and dribbling down her hand, mixing with her own sticky white fluid that seeped out.

She slowed as the catgirl's shivering body did, paying close attention to the way her body twitched. Adora finally released her

breath as Catra started to still, her chest heaving and the tip of her tail flicking. She-Ra's fingers remained inside as Catra folded forward, slumping into her and letting her knuckles keep her stretched pussy open. Hot cum continued to drip down, sliding searing paths down Adora's skin. It was intoxicating.

Using a foot to quickly drag over an ottoman, She-Ra groaned as cum dripped out of her girlfriend's pussy, over her fingers, and down onto her slightly softened cock. She grabbed one of the pillows from the sofa she had them both seated on and rubbed Catra's back before propping her up on the ottoman with her fingers still inside, the catgirl's head rolling back onto the edge of the large pillow. She was still steadily oozing from her swollen and thoroughly used pussy.

Adora whistled as her eyes darted up to the rise of Catra's fuzzy belly, smaller now but not back to normal. The catgirl purred as She-Ra's hand came up to very gently stroke her soft belly fur - before pressing gingerly down on the small bulge made by the golden warrior's cum.

Catra was always beautiful, but Adora thought she was especially beautiful right now. She was completely disheveled, the absolute picture of a divine mess. Her eyes were shut and her already unruly mane was so wild she looked like she'd just fought a feral animal. Catra's chest heaved as her body twitched every few moments, her fur sticking up in clumps in different places. Her ears had relaxed from being pressed flat against her head in pleasure but the tip of her tail was idly flicking. And as Adora pressed down on her belly, she watched her own thick, white cum seep out over her fingers that kept Catra's pussy open.

The catgirl made a few contented noises that weren't quite words but didn't really need to be. She was purring loudly and unabashedly, a warm smile on her face.

"*Such* a good kitty," Adora said fondly, her voice filled with love as she looked at Catra. The magicat nodded, beaming with her eyes still shut in post-orgasm bliss. Her pussy, a little puffy from the big

stretch, gave a few half-hearted squeezes around her fingers, making the blonde chuckle. She wasn't quite ready to be completely empty.

"Did you want another finger, baby?" She asked, giggling. Catra nodded in response, continuing to purr as her tail rubbed softly against She-Ra's calf.

Adora wanted nothing more than to oblige. Cum still steadily dripping out, Catra's pussy was flushed a rich and deep sensual pink from the day's thorough use and constant deep stretch. Sitting on She-Ra's thick knot for several hours had left her noticeably swollen and sensitive, pliant, and open, and Adora was graced with such an explicit view of the aftermath of what her pussy was capable of handling. Her folds were shiny and slippery, wet with both of their releases, and brazenly well-fucked by her, nearly twitching along with her glistening pink clit as Catra squeezed out more cum from deep inside. Adora gave a slow, curling thrust, Catra sighing in satisfaction as the even friction kept her pussy relaxed.

Adora pulled the two fingers out completely and watched as she slid a third finger halfway inside of her girlfriend's beautiful, flushed, and sensitive pussy. It slid in with no real resistance but still a wet cling as Catra mewled lightly again and let out a little moan that sounded like a thanks. She raised her arms and extended her legs out, stretching and arching her back. As she did, she slid down to the knuckles of She-Ra's three fingers that kept her stretched and flexed her abdomen, pushing out a gush of warm, sticky cum into the blonde's waiting hand.

"Oh *fuck, good* kitten, *good* girl," Adora said in smitten awe as she watched her own cum continue to seep out of Catra's pussy as she stretched like a cat, muscles squeezing and flexing around her broad fingers. The catgirl keened and purred at the praise, her stretched out pussy pulsing with a dull satisfaction as her mate's hot cum continued to ooze out. The blonde's other hand resumed idly stroking the soft fur and giving her little scratches before pushing down on her lower belly.

The two of them groaned together as the cum dribbled out, the heat of it extremely pleasant over Adora's fingers. As Adora pushed down firmer Catra keened, her tail thwapped against Adora's leg as she pulled her knees up again, exposing her pussy unintentionally – or maybe intentionally.

Adora inhaled sharply at the view of She-Ra's three thick fingers side by side holding Catra's well-fucked and cum-filled hole open. She pressed into Catra's belly again, sudden, thrusting shallowly and slowly with her fingers as the last big rush of cum flooded over her hand and splattered onto the wet mess on the floor. Swiftly, the blonde buried her fingers to the hilt and made Catra gasp.

She curled them before bringing her crooked fingers out and using the cum she had collected to grip her cock that had begun to swell slightly again, another small round left in She-Ra's reserves.

"So pretty like this," Adora said absent-mindedly, admiring Catra lounging so peacefully with her perfect small breasts and dripping and flushed pussy on display. The catgirl purred even louder, her head lolling back until she mostly faced her partner, who, unbeknownst to her, had begun stroking her cock again.

"You did such a perfect job as my cockwarmer today," Adora said, voice a little strained from the sensation of her strong fingers on her sensitive cock. Catra noticed.

She cracked one of her mismatched eyes open and immediately noticed the repetitive strong motion of She-Ra's arm as the blonde jerked herself off using their shared cum as lube, admiring the work she had done on Catra. The catgirl smiled, not having enough energy for much, and started stroking her breasts, tugging on her nipples.

"Give me just a little more, She-Ra," Catra purred out, a fang digging into her lower lip as she grinned at her partner. The blonde's eyes shot up to meet hers. Catra's grin grew wider.

“You filled me all the way up, now cover me all over.”

Catra shot Adora a look of feigned innocence, looking up at her with her eyebrows furrowed. Adora whined in her throat, the muscles in her abs flexing as her length throbbed, close to one last peak after all the action it had received that day. She fumbled with her free hand, bringing it to stroke at Catra's fucked-out pussy and sliding her other three fingers in to keep her stretched wide but mostly as a possessive move to keep her filled with She-Ra even when her cock was busy.

“Cum all over me. Get it in my mouth,” Catra said huskily, and let her jaw drop open, tongue poking out and resting between two white fangs as she idly toyed with her clit, smearing their cum over her slippery pink skin.

Adora lost it. Thick streams shot out across Catra’s abdomen, landing on her chest and shoulders. As her hips jerked with each pulse it streaked over her stomach too, hot on her skin, and Catra’s eyes closed. She-Ra’s cock throbbed and her insides contracted as she watched it spurt out of the head and land in a filthy vertical line up Catra’s neck and chin, painting her eager tongue.

One more squeeze and Adora was empty, the ethereal warrior’s essence laying claim to every single part of Catra.

The pair were silent for a few minutes, trying to catch their breath and come back down to Etheria. A comfortable silence hung in the sticky air between them, the heavy stench of sex beneath it as the sun sheepishly crept behind the horizon like it was embarrassed at all it had bore witness to.

“Oh.. my.. *Stars.”* Catra finally said licking her lips and swallowing before she hissed as Adora finally pulled her fingers out with an audible *schlick* , over-sensitive. She slowly propped herself up to a

full sitting position. Her skin was still hot but in a tolerable way, buzzing with the excitement of satisfaction. While she felt a little empty without anything inside her and mourned the absence of She-Ra's huge dick inside her, her pussy felt thoroughly worked with a satisfied warmth, and she could feel more She-Ra's cum as it slowly oozed out of her sensitive folds with her change in position. It would drip for a little while longer after how full She-Ra had stuffed her.

"I *know.."* Adora said, almost in disbelief. "That was… amazing. You were really right about trying cockwarming out with She-Ra's stamina, holy *shit.."*

Her wide fingers continued to slowly and idly rub at Catra's swollen pussy, gliding easily over the wet folds in gentle circles and figure-eights. Catra's eyes slid shut again as she softly touched her, only opening again when the blonde's fingers finally stopped, her hand moving to rest on Catra's thigh.

A beat passed before the two of them made eye contact, and immediately their face broke into the same giddy, immature grin.

"I fucking love you."

Adora's smile grew as she laughed, a soft golden light surrounding her as she turned back into her regular form.

"Hooray, my Adora is back!" Catra playfully cheered, mustering up the strength to pull her body up to the blonde and throw a leg around her hips.

"Aw, you really missed regular old me?" Adora said cheekily, smiling as she nuzzled into Catra's mane. Their hearts both jumped a beat as more liquid heat oozed out of Catra's center and onto Adora's skin, rolling down the curve of her thigh.

"Always. I may love what She-Ra can do in the bedroom but… regular Adora is who I fell in love with." Catra breathed out, a soft purr rumbling back to life at the end of her sentence.

She looked up at Adora, and saw that she had the stupidest, gushy smile on her face and her eyes were practically welling up with unshed tears.

"Don't make me overthink my post-nut affection, you sap!" Catra snorted out, rolling her eyes as her tail thwapping playfully against Adora's thigh. The blonde giggled and pressed a kiss to her head.

"I love you too," she said, wrapping her arms around Catra. The catgirl's heart welled, chest vibrating with her purrs as Adora's hand rubbed along the thick stripe of dark fur on her spine.

A moment passed in quiet peace as Catra relaxed, contentedly fucked-out and dripping Adora's essence before the blonde spoke up again.

"We're gonna have to get all of my… cum out of your fur," she said sheepishly, her own body clean after transforming but now a little sticky with Catra pressed against her and She-Ra still leaking out of her.

Catra groaned. She hated getting wet. Well, that kind, at least.

But she didn't really want to fall asleep and wake up all crusty… plus Adora always gave her really good scritches to work the soaps into her fur whenever she managed to wrangle her into the tub.

So the two shared a relaxing shared bath that maybe involved one or two more rounds of Adora giving Catra soft head until she came right onto her tongue, the last of She-Ra's mess licked away. Catra tried to return the favor to Adora now that She-Ra's cock was gone but the blonde was depleted and fully content to just pay full attention to Catra's pleasure. With Catra's fur soft and fluffed up, and smelling like teakwood and pine, the satisfied pair collapsed into their bed and drifted off to a much-needed and deep sleep, limbs entangled.

They were blissfully unaware of the tirade they would later be awoken with after Glimmer walked past the kitchen staff late that night and overheard how the former Horde captain living in Brightmoon had brazenly called on kitchen staff to make them bear witness to the planet’s savior fucking her raw.

End Notes

aahhh i really hope you guys enjoyed this. it was a bit of a unique experience and challenge to write, since it didnt have a slow buildup where the natural finale was an orgasm. i took a long time editing trying to make sure the language wasnt too repetitive, and i hope that effort showed because that first draft was UGGELI lol. And it is also SO long and im... kind of sorry but not really because the reason i started this one is because nothing i was reading was long enough and i felt like they all ended prematurely. and i rarely see femslash cockwarming so i really wanted to write it. it wont be the last, ive got another outline in my docs. i hope it was an enjoyably long read and not a tedious one <3

thanks if you read the whole thing, please drop a comment and kudos if you liked it!! i would love to know what kinds of things people dislike or like about my writing so i can keep it mind for my future works !!
