Summary

After nearly two months of having no time to themselves, Catra and Adora make the most of their time alone to be intimate with each other and give into their desires, falling into a long night of heavy, passionate love.

Notes

This fic is an extra chapter to my original fic: Finding Halfmoon. Although not necessary for this one-shot, I highly advise reading Finding Halfmoon first if you want to follow the story.

Finding Halfmoon Readers - This story occurs directly after Chapter 4 (Visions) ends. This extra chapter explores the intimate night Catra and Adora share together. It involves laughter, care and of course passionate love making.

See the end of the work for more notes

“I love you Adora.”

Moving in slowly, I passionately kiss her. At first its slow and soft. Adora hands steady themselves on my back, holding me close to her. My arms rest around her neck. It’s tranquil, peaceful and steady. However, it’s not long before all of that pent up frustration from not having time to be intimate with each other becomes too much to bear. The steamy shower probably hasn't helped either.

We seize our opportunity alone to give into our desires. Our kisses become my hungry, more demanding. Our once smooth body touches become more eager, tugging at the others clothing, which has now become nothing more than an inconvenient barrier between us. Moving with grace, I gently turn and lower myself on our bed, pulling Adora on top of me. We part only to catch our breath. Adora’s pupils are blown wide and I wouldn’t be surprised if mine are too.

“Catra… do you want to do this?” Adora asks. I can hear her heart beating at an increased pace. I can sense she wants this, just as much as I do

“I want this Adora, but only if you want this too. I love you.”

That gives Adora all the confirmation she needs… “I love you too.”

Adora meets my lips eagerly with more hungry kisses. Adora’s lips taste so divine. I know I kiss her regularly, at every possible opportunity to be honest, but something feels different. It’s probably the fact that after so long of waiting we’re finally getting to give into our desires, surrender to one passionate night of love making. I’m not about to waste this chance. I’m going to surrender myself to Adora and show her how much I love her to the point where she will no longer be able to speak.

Our tongues dance together as we both battle it out for oral dominance. I feel Adora’s body shift slightly on top of mine, pleasure building in an area that one might have forgotten with how long it’s been since we were last able to be like this. The

materials of clothing between us have become too much, unwanted and in need of being discarded. My body yearns for skin to skin contact, the feeling of Adora's hands and lips on my naked form.

Adora's hands start to roll up the bottom of my shirt. *I guess she feels the exact same way.*

"Can I take this off?"

"The quicker you get it off Adora the better."

Despite us being like this many times Adora always asks if it's okay to do something before she does it. It's one of the things I love about her. Sometimes it can be a bit annoying when your body is practically yearning for relief but consent has never been more important to me. It's what makes her so… *Adora.*

As Adora rolls my shirt up she places a series of light kisses to my abdomen and continues upwards. She deliberately avoids my chest, teasing me as she goes.

"*Adora…* you're killing me here."

Adora giggles and helps me sit up, only then proceeding to remove my shirt completely. My lips meet hers once more and my hands start to make their way under her shirt. I tease her left breast giving it an experimental squeeze. I'm rewarded with a deep moan. She seems more turned on than me. I help Adora remove her shirt. Now only our bottom halves remain unexposed.

Skillfully, I move to roll on top of Adora so that she is now below me and I remain in control. In all honestly I don't think she has noticed the change in position, she's too busy whispering my name and devouring all the kisses she can take. It's highly amusing and sexy. I start to nip at her pulse point, determined to leave a love bit there.

"Mhm Catra."

I smile against Adora's neck. Her scent is simply to die for. I can tell how turn on she is right now, I can smell her, but it's not enough. I need to feel her completely, see her in all her glory.

One of my free hands slowly rakes its way down Adora's body, leaving very faint scratch marks as I go. Turns out that Adora loves the feeling of my claws racking over her body. When we were still getting used to being like this with each other, finding out each other's likes and dislikes, my claws accidentally dug a bit too deep into Adora's back, causing her to bleed a little. At first I panicked. I was only able to envision the scars that I had left on Adora's back from one of our many battles years ago. I thought I hurt her again and I hated myself for it. Thankfully, all it took was the bright light from She-Ra's healing powers to make them disappear. To my surprise, Adora liked my scratches, *or at least to an extent.* She found it pleasurable.

It took a while for us to work out the balance between pleasure and discomfort but we got there eventually. It's one of Adora's *many* kinks. I'm not going to deny the fact that I also have some kinks but I'm certain that I don't have as many as Adora.

My hand trials further down Adora's body whilst I continue with my quest to leave marks across her neck and collarbone. I may not have an engagement gift yet but these marks are a temporary way to show everyone that she is mine and I am hers.

My hands eventually reaches the waist band of Adora's shorts. My claws slides back and forth, across the thin layer of fabric just above where I want to go.

"This okay?" I ask, just to make sure that Adora is still comfortable with what I'm about to do. Not that she wouldn't be but it's always considerate to ask.

"More than okay. Do you want me to take them off?"

"I think I've got this *princess*."

My tail bats against the top part of Adora's left leg, close enough to her delicate area for her to feel it but not enough to give her any form of relief.

"Well then what are you waiting for?"

Adora's tone is flirtatious. *Stars she knows what that does to me. She did it deliberately.* My lips meet hers once more. Adora's hands start smoothly stroking through my hair. My hand makes it journey south, past Adora's short curls and down to where I feel fresh heat building. I carefully retract my claws. I don't want Adora to get scratched down there, the thought of that alone sounds painful… *ouch.*

"Oh Catra."

Adora's head falls back to her pillow as my fingers make contact with what I can only picture as her gorgeously swollen pearl. Her grip on my hair tightens before she strokes through it once more. My fingers trial closer south to her entrance. The feeling of how wet she is already is enough to turn me on. I'm not sure how long she'll last.

I'm not sure how long I will last.

I remove my hand from her shorts, clear wetness shining on my fingers. When Adora looks at me in question, asking what I'm up to, I lick them clean, exaggerating my tongue movements. Adora blushes and her pupils blow even wider.

"You taste good *princess*…" I reposition myself above her so that it's easier to remove her short… "*but I think you'd taste you from the direct source*."

Adora's breathing hitches and she bites her lower lip between her teeth. She sits up slightly and nods as I ask one final time if she is okay for me to remove her shorts. I make the process agonizingly slow, leaving a series of kisses down her legs until she is completely naked in front of me. She looks amazing, picture

perfect. It's clear that she is ready for me to take her here and now, but I want to make this last even longer.

Prowling up her body like a predator after their prey, I leave a series of kisses, light scratches and nips across her body. I deliberately miss the area where she needs me most and painstakingly slowly make my way back to her lips.

When I come face to face with the Heart of Etheria scar I pause for a moment. I know scars are reminders of the journeys and events that we have had to overcome to get to where we are today, but I can't help but feel sorry for Adora and angry towards the others that she, the person who I love more than anything, had to carry that burden and expectation of literally thinking that she was worth more dead than alive.

Adora looks to me slightly upset. I know how self-conscious she is about this scar. She's only ever spoken to me about it. I smile at her and place a gentle kiss over the scar. This makes her smile. I hold my body over hers once we're face to face. Propping myself up on my elbows keeps me from crushing her. Adora's arms lazily loop around my shoulders. Her smile is as bright as ever, her gorgeous long blonde hair splayed out across her pillow, her eyes as mesmerizing as always.

"You're beautiful Adora. Perfect in every way imaginable. I love you so much and I am so lucky that you're in my life. I love your smile, your body, your personality. I love everything about you. I'd be lost without you. You're my everything. You know that right?"

Adora starts to blush even harder and she turns her face away. My hand stops her from completely turning away from me. She looks back at me, leaning into my touch. Love shines through her eyes.

"It's all true you know. You're my world Adora. I love you so much and I promise to show you that every single day, both in words and in actions. I'd very much like to show you that now... that's if you still want to do this?"

"I still want to. I very much want to. It's just difficult to hear all that stuff sometimes. You know I struggle to see myself the way you do. Although…"

Adora's smile starts to return and she moves one of her hands to stroke my cheek. Instinctively, I lean into her touch and start to purr.

"…getting to be with you like this, getting to share my life with you, loving you and you loving me in return is making all that clearer to see, easier to understand. I love you Catra. You are my world, my everything."

Learning to love ourselves hasn't been easy for either of us. Growing up in a toxic environment has that effect on you. However, with Adora by my side and the power of our love for each other makes me feel like I can take on the world. I'm capable of anything because of her, because of Adora… *my Adora*.

Mine and Adora's lips meet once more, but unlike last time there is no rush, no hurrying to get tonight moving. It's peaceful, steady and tranquil. After a moment or two I decide it's time that we get back onto what we had initially been leading onto tonight. My instincts result in my body lowering onto Adora's body, pushing our hips slightly together. Adora hums in response, giving me all the confirmation I need to continue… *or at least that's what I thought.*

Adora smiles against my lips. One of her arms move to my waist and she suddenly flips us over.

"Ador-ah."

Now she's on top of me. I try to get up to retake our previous positions but to little success. Adora straddles my hips and takes my hands, pinning them above my head. Her grip is light, I could get out of her hold if I wanted. Adora looks hot from this angle but right now that's not the point.

“Thought you were a bit quicker than that Catra.” Adora says through a fit of laughter.

“Yeah well I was kind of focused on a mission to show you how much I love you.”

“Oh and you can, but only after I show you how much I love you first.”

“I think you’re forgetting who tops in this relationship Adora.”

“Oh please, you like it when I’m on top. Besides, if we’ve proven anything when making love to each other it’s that we’re both switches and it doesn’t really matter as long as we both have fun and find it pleasurable.”

Adora is not wrong with any of what she just said, but still I wanted to pleasure her first. Ah well, I least I’ll know how loud to make her scream my name afterwards.

“Well on that note, what are you waiting for? *I’m all yours princess.”*

Adora slightly giggles and lowers her body against mine. It’s only then I remember that I still have my shorts on and how hot I’m starting to feel down there. The sooner we get a move on the better.

“You remember our safe words?”

“Green means all good. Yellow means slow down and check in. Red means stop. Right now Adora I’m very much green so *go go go.*”

Adora giggles to herself and her lips make immediate contact with my pulse point. Her hips push against me, pressure slowly building. She’s not going to get much of a result if she doesn’t remove my night shorts anytime soon.

Adora slowly moves down to my bare chest. She kisses my breast bone before nipping, sucking and licking my very sensitive and erect right nipple. Her free hand massages my other breast, her fingers occasionally toying with my other nipple. My claws dig deep into our bed sheets, hips raising to meet Adora's slow thrusts, my teeth biting my bottom lip desperately trying to muffle my moans.

"Don't keep it in. I want to hear the beautiful sounds you make."

The slutty tone Adora uses is enough to make me even wetter down below. I really hope she gets a move on. I use one of my free hands to gently guide, *or rather push,* Adora further south. She starts to laugh as she continues to tease my breast…

"Impatient are we?"

"*A-Adora… uhm…* I swear if you don't get down there sooner or later, I'll… *mmm…* be doing it myself. I need you now more than ever. I-I'm not sure I'll last much longer at this pace."

Adora would usually drag this out longer, tease me as much as possible and make me wait. However, this time she chooses against that and picks up her speed. She's probably just as desperate for release as me.

Adora continues to leave a trail of kisses down my stomach and on either side of my hips. When Adora reaches my shorts waist band she asks one last time if she's okay to remove them. I end up helping her as with my tail batting side to side uncontrollably it becomes a little difficult to do. No matter how hard I try to stop my tail from batting it's almost impossible. I'm so pent up and aroused that I need her, I need to feel Adora's touch soon.

"Wow. You're really wet."

"Yeah no shit!"

"It's beautiful Catra. You're beautiful. *You're so ready for me aren't you?"*

"*Adora… please."*

Adora moves to lie flat on her stomach. She places as series of kisses to the insides of my ankle's, to my knees and then the upper parts of my thighs. Adora gently spreads my legs apart, my feet resting besides her shoulders. Her breath is so hot, I can feel it already. If I'm this sensitive now what will it feel like when she finally touches me.

Using my arm, I prop myself up so I can get a better look at her. Adora looks so focused, concentrated on her target. Her eyes find mine and she smiles…

"Is there anything you don't want to be to do tonight?"

I shake my head… "Give me all you got. I can take it."

"Let me know if you want me to slow down or stop."

Adora's eyes line up with her target once more. I prepare myself for what's about to come. I'm not worried in the slightest but I feel that I may be slightly more sensitive than usual, especially considered that we haven't been together like this in a while.

"Oh fuck."

My head falls back the second Adora makes contact with what I can only imagine as my very swollen bud. I'm struggling to keep myself up, my arms are already shaking. Usually, it takes more than the first touch to start feeling the pleasure it ignites within me but not tonight. Tonight I feel like I might get off from this touch alone.

Adora satisfyingly hums as her tongue begins to work harder. I'm certain that's she's going to make this a competition to see who can get who to cum the quickest. Well, as desperate as my body might be for release, I'm not going to lose that game.

Her swipes become longer, alternating between my clit and entrance. My claws are now fully exposed, ripping and tearing into

the bed sheets. Adora suddenly slows down. I'm not sure why as I haven't hit my peak yet. At first I'm confused. I look to her, ready to protest when I notice that she is holding two of her fingers up. She has that devilish smirk on her face.

I'm going to die with my legs shaking in the air aren't I.

Adora slowly lowers herself back down. I can feel her fingers gliding up and down my entrance gathering up as much lubrication as possible. It's probably not needed, my body would easily take her at this rate. My hips jolt forward slightly when I feel Adora's initial touch. I had no control of it, it was pure instinct.

Adora simply hums in amusement as she slowly pushes one finger at a time into my entrance.

"Oh!"

There is no resistance. As I predicted, I easily take Adora's fingers, my inner walls tightening around her.

"You took me so well then Catra. Are you okay for me to start moving?"

I take a few deep breathes, allowing my body to adjust to this new yet familiar feeling. This is nothing new for either of us but like I said, we haven't done this for a while so my body will be very eager to get on with it.

"Yeah, yeah I'm good. You might want to start slow at first and then build it up. I don't think I'm going to last very long."

Adora nods in understanding and repositions herself slightly so she can watch me crumble, *her words not mine*, under her touch whilst she works. She pulls out slowly up to her first knuckles and thrusts back in. As promised, at first she goes slow, but as my wetness builds and heat rises her thrust become faster. She angles her fingers slightly so she's hitting the right spot with every touch. My body falls back, overcome with pleasure.

"Oh f-fuck… that's it Adora… right there… that's it… oh…"

The pleasure deep within is starting to build. A tight knot forming just below my belly button. There's no way I'm going to last much longer. Not a chance.

Adora's body shifts. When I open my eyes, which is difficult to do, I find that she is now towering over me. We're chest to chest, eye to eye, sex to sex. *Oh stars she's using her hips to make her thrusts deeper.*

The palm of Adora's hand rubs against my clit as her fingers thrust even harder.

"A-Adora..."

My words are lost to the pleasure as I feel my climax nearing.

"That's it Catra. You're doing so well. You're being so good for me. I want to *see you, hear you, feel you* when you cum."

My legs fly around Adora's waist and my arms wrap around her shoulders, holding on for dear life. One of my hands flies to her scalp, my nails dipping into her. My tail bats uncontrollably, sometimes hitting her sex accidentally… *how has she not cum yet?*

"Ah-Adora… uhm… I-I not… oh… I don't think I can hold on much longer!"

"Then let it go Catra. Don't hold back. You've done so well for me. You deserve this… I'm here and I've got you… I love you… *cum for me."*

"ADORA!"

I cry Adora's name with pleasure as my climax peaks. It's a violent one too. My body shakes uncontrollably, my hips rise to meet Adora's final thrust. My tail actually stops swaying uncontrollably and stiffens straight up. My claws dig into Adora's shoulder. My

climax lasts for a few minutes with the aftershocks showing no mercy. It's probably my longest climax yet. Adora eases me through it all as I come down form my high.

When my body shakes stop, my tail relaxes and its tip moves side to side, my claws retract and my arms lower to Adora's side, only then does Adora lay to the side of me, pulling me close to her. She whispers sweet words to me and places soft kisses to the top of my ears. It takes me a few moments to come round. That orgasm was intense.

"That… was… something else."

Adora laughs and throws her head down against her pillow.

"You're telling. That *was* something else. I don't think I've ever made you cum so hard."

"I don't think I've ever cum that hard. Although I am surprised that you didn't cum."

"Well I nearly did. It was so intense I had to hold myself back. I didn't want to risk blacking out from my own pleasure that I wouldn't get to see you climax."

I snuggle close to Adora, my cheeks scenting her as she holds me close. It's a Magicat thing, scent marking you mate after an intense love making session. It reinforces bonds and lets others know that that person is your mate. My purring gets increasingly louder.

"I love you Adora."

"Awww, I love you too."

"Give us a minute and I'll rock your world."

"You don't have Catra. I enjoy making love to you."

"Don't try and pull that crap with me Adora. It's called *'making love'* not *'one person does all the work and receives nothing in return* love'. Besides I can smell how turned on you are and if I was that pent up then stars knows how desperate you are for release to. If you don't want to do it that's fine but I need to know… what do you want Adora?"

Despite the war ending over a year ago, Adora sometimes still struggles with accepting some of the things she wants, stuff she deserves. She's getting better at being a selfish when the time is right and when its acceptable, but she still sometimes pushes her needs and wants to the side. We're working on it. We'll get through it together.

I look to Adora to find her smiling, blushing slightly. *Stars she's beautiful*.

"What do I want? I want you to make passionate love to me. I want you to release me from all the pent up frustration I have been feeling. I want to scream your name when you make me cum. I want to hold you close all night long and tell you how much you mean to me. I love you Catra."

"Well I hope you're ready Adora, because I will not rest till we achieve all of that."

My lips, just like so many times before, find Adora's once more. This time our kisses are soft and slow. We're in no rush to get anywhere but I can tell by Adora's body twitches that she's eager to get a move on.

I position myself over Adora's body and she spreads her legs apart, allowing me to fully sink against her naked form. Her hips eagerly thrust upwards to meet mine. *Stars she so wet down there, she's definitely ready for me.* Just like Adora did with me, I slowly make my way south leaving a trail of kisses and nips as I go. I stop at her breast to give them some *special attention.* I have Adora withering under my touch and begging for more.

"Catra… uhm… as much as I love what you're doing right now*… oh stars…* I don't know how much longer I'll last."

I release Adora's nipple with a wet, loud pop, before making a circular patterns with a single claw around the other.

"And you were calling me the impatient one."

Adora goes to say something but I cut her off when I give her breast a tight squeeze. Her chest rises into my palm. Her hands fly to her pillow as she tries to cover her mouth with its corner. She fails her attempt to keep her moans at bay.

"Do you like that Adora?"

Adora is only able to respond with a satisfying moan. She's definitely not going to be able to last as long as me. Better get a move on.

"I won't tease you no more. I'll give you what you want, but I want to hear all the wonderful sounds you make."

"Catra."

After placing a final kiss to the centre of Adora's sternum I continue my journey south. Her scent becomes stronger, more powerful the further I go. It's intoxicating. I get myself lying flat on my stomach and lift Adora's legs to rest over my shoulders.

Adora looks beautiful from this angle, so divine, so needy, so ready for my touch. I gently kiss above the top of her curls, then the inside of her left knee, then her thigh. Adora holds her breath, ready for what she think I'll do next, but I foil her plans and move to kiss the inside of her right knee and then her thigh.

"I though you said you wouldn't tease me anymore?"

I look up to find that Adora has propped herself up. She tries to look frustrated but that fact that she is so flustered makes it

almost impossible. I smirk at her and run a single claw up and down the inside of her leg, teasing her even more.

"I know I did… *but I lied*. You know *teasing* is my whole thing and this is payback for you teasing me."

Adora smiles and slightly laughs. I swore I heard her say *"yeah I deserve that."* She leans forward slightly and her hand rests on my cheek. I lean into her touch purring.

"You ready?" I ask one last time, just to be sure that nothing has changed.

"More than ready. Give me all you got."

"Okay. Tell me if it becomes too much and you need a break."

Adora smiles at me and I smile at her. One last deep breath and I dive in, giving her my all. The second my tongue makes contact with her gorgeous swollen pearl, Adora's head flies back and her hand forms a tight grip in my hair, pulling me closer to her.

"*Fuck… that's… oh Catra."*

My strokes show no mercy. I alternate between her entrance and clit, wetness building as I go. Adora's hips thrust against my strokes, impatiently taking as much as I'll give.

"Catra… hmmm… please… inside."

My eyes look up to find Adora staring back at me. She has her bottom lip held between her teeth and her pupils are wide. She's close but my tongue is not enough for her to reach her climax.

I hum against her, letting her know that I understand. I stop my movements for a moment so that I can glide two of my fingers across her slick entrance. I can tell that Adora is more than ready to take me but that doesn't mean I shouldn't lubricate to make my entrance easier.

“You ready?”

Adora nods and I line up my fingers with her entrance. There is no resistance what so ever. She takes me easily. There is however, a little bit of restraint when I push my fingers in as far as they’ll go. Adora hisses slightly, adjusting to the new position. I can tell that she is at the yellow point with our safe words so I give her a few minutes to adjust. She’s tight, very tight. It won’t be long until she hits her climax.

“Let me know when you’re ready for me to start moving.”

Adora takes a few deep breathes, steadying her thoughts, allowing herself to relax. Once she is comfortable and has the right angle, she opens her eyes once more and speaks…

“I’m ready, but I’m not sure how long I’ll last.”

“I guess we’ll find that out together. I’ll start of slow and then speed up.”

Just like I promised, I start of slow, pulling back up to my first knuckles and then slowly thrusting back in. Adora’s wall tighten immediately. She definitely not going to last very long. The more comfortable Adora gets, the quicker my thrust get. I double check how she is using our safe words and Adora reassures me that she is very much in the green area. It’s not long before she’s moaning in ecstasy and fresh heat is pouring onto my hands.

“Oh Catra… y-your so good at this… oh… I’m getting close.”

That’s the only que I need to put the next part of my plan in motion. Adora follows my movements with her eyes and I lower myself back onto my stomach. Her hips are thrusting to meet my fingers and she’s practically pulsating around me. I look to her one last time before I make contact with her swollen pearl, licking and sucking as powerful as possible.

“Oh fuck!”

Adora’s body collapses against the bed sheet, her free hand gripping them tightly.

“C-catra… I… ohhh… I don’t think… ah… I’m close.”

Adora’s breathing becomes uneven and her hips start shaking violently. I can feel her walls closing around my fingers. She’s going to climax any minute now. I have to use my free hand to hold her to the bed, my claws slightly digging into her hip bone.

“Catra I… don’t stop. I’m so close... I'm gonna...”

Adora’s hand finds mine and she laces our fingers together. Her walls tighten one last time and her hips shake erratically. My efforts are about to be rewards…

“CATRA!”

One final thrust is all it takes for Adora to start shaking uncontrollably. Her climax takes over, showing no mercy. Her hand tightens their grip as pleasure washes over her. I ease her through it all, even the tiny aftershocks. Once I feel Adora’s body relax, the shakes subside and her breathing even out, only then do I climb and lay on top of her. Without second thought, Adora’s arm wrap around me.

I kiss every visible part of her: her neck, her forehead, her shoulders, her nose and finally her lips whilst whispering sweet nothings to her…*“I’m here”… “I’ve got you”… “I love you”… “You did so well”.*

After a few minutes, Adora’s post-orgasm state fades and she places a gentle kiss to the top of my head and strokes soft patterns through my fur.

“That was amazing. Is it selfish to want to ask if you're up for another round?”

Surprised by her comment, I burst out laughing, tears threaten to fall from my eyes…

"After how long we had to wait before we could like this again, no it's definitely not selfish. Do you think you can handle another round?"

"Only one way to find out, but I think it'll be a quick one."

Adora's lips crash against mine. Teeth and tongues make it slightly messy and uncoordinated. Adora's hands move to grab my rear end, pulling my hips down as her hips rise to meet mine. A moan escapes from my lips and Adora smirks teasingly knowing that she achieved that.

Adora keeps a firms grip on my hips whilst I try to get myself better positioned by having my hands rest on either side of Adora's head. My once calm and relaxed tail starts to bat side to side aggressively again, the excitement and awaiting pleasure is building fast. Once I have the perfect angle, my body starts to move at it's own accord, instinct taking over. Our sexes meet and electric pleasure fills our bodies. We only stop kissing to speak and to catch our breathes.

"Is this okay?" Adora asks as one of her hands move to stroke through my hair.

"*Ah…* m-more than okay… *oh fuck…* but I don't think I'll last very long."

"Me… *oh…* me neither."

Our thrusts become more eager, more demanding, more powerful. I can feel myself and Adora getting wetter down there, ultimately making it easier to move against one another. It's not long before Adora is a moaning mess. I'm really glad we had these walls sound-proofed or the whole of Brightmoon might be able to hear us.

"Oh Catra… I'm so close… so close."

"A-Adora… oh… me too… I'm… I'm… oh fuck."

Adora devours my words before either of us can scream the others name. Adora's hands form tiny fists of the back of my shoulder blades, her nails digging in slightly. My claws rip and tear the sheets below us. Our climaxes hit at the same time, both more powerful than the last. It feels incredible, amazing. I never thought sex could feel this wonderful.

When our climaxes subside my arms give way and I collapse on top of Adora. Just like always Adora is there to catch me. Nothing is said whilst we let our bodies relax. Adora comes round before I do and reaches for the towel that we have for such occasions. I hiss slightly at the first initial contact. I'm more sensitive than usual. It's not long after that I come around. The first thing I do is place a soft kiss to Adora's chest…

"You okay?"

"More than okay. That was incredible. You were amazing Catra."

"Thanks but I can't take all the credit. You were pretty amazing too."

Adora kisses the top of my head and start to makes random patterns across my back, massaging my shoulders every so often. My tail, despite being as heavy as it currently feels, moves to wrap around Adora's leg. I tighten and relax it every so often as it moves up and down Adora's legs, feeling a slight muscle twitch each time. It's a simple way of massaging Adora's legs without having to move. My purrs become louder and beats to a soothing pace. Our heart rates start to relax and beat as one.

"I've missed this." Adora says calmly.

"Yeah, me too. I think we need to try and not leave it as long next time. I know things have been difficult but I love being like this with you. Thank you for tonight. It was incredible."

"You don't need to thank me. We both needed it… but thank you too. I love you Catra."

“I love you too Adora.”

Suddenly, as if all my energy has disappeared, I start to feel very sleepy. Adora starts to yawn and so do I. Using my tail, I pull a blanket over the both of us and we settle down for the night. Sparkles won’t be very happy that my claws have ruined the bed sheets but it was a worthy sacrifice for a night that was much needed.

Adora and I fall asleep within a matter of minutes, both of us holding each other close, never letting go. It’s the best nights sleep either of us has had in a very long time.

End Notes

Hope you enjoyed reading this extra chapter for Finding Halfmoon. This is only the third time I have ever written smut. The previous two times it hasn't been as heated so I wanted to make this more intimate and more passionate. I hope I did it justice.

Hope you enjoy reading this fic. Please let me know what you thought in the comments. I love hearing your thoughts. There are plenty more extra chapters to come but until then, please continue to enjoy reading Finding Halfmoon 😊

Please drop by the archive and comment to let the author know if you enjoyed their work!
