Twink 4 Butch

by HelenWheelsRidesAgain

Summary

The one where Kyle thinks Catra is a guy and Catra thinks Kyle is a girl while fucking like rabbits.

Notes

Seriously, this whole fic is about Catra and Kyle having sex repeatedly and misunderstanding the other one's name and gender for most of that time. If you don't like that idea, just leave the fic now and save yourself a little frustration.

Kyle is very, very aware that most guys who find him attractive do so for one of a very few limited reasons. One: he's waifish and some guys are into caring for a poor little boy. Two: he's got some serious kicked rained out puppy dog vibes and some guys are into rescues and yes this is different from being a waifish poor little boy. Three: he's a sexual chameleon and enjoys basically whatever his partner does, making him an easy lay and some guys just want to get off. Four: He prefers to bottom and is cool with the baggage that comes with that and some guys are daddies who are into that. That's it. That's the list. His few long term partners have found other reasons to like him and find him attractive after spending time with him, but that initial spark of "wow you are so hot/interesting/intriguing" tends to boil down to one of those four. And honestly? He's kinda cool with that, he's seen poor Rogelio and Lonnie both fight off total creeps with their literal fists, and Kyle would not only not survive such a situation he'd be the jailhouse bitch if he was arrested afterwards. This way he has a corner on the market that he can survive with.

Besides, every so often it lands him a super catch.

Like Carter.

Carter is a short and slender magicat, and also the most handsome motherfucker Kyle has ever seen. He tented from just seeing him that first time, and Carter himself had thought his attempts at flirting were pathetic. He said so directly to Kyle's face but followed that up with, "I like it." so that was still winning. Actually it was double winning, because Carter also likes a casual fuck. Before Kyle knew what was happening he was ass up in a backroom at the club with his leggings pulled down just far enough for Carter to take him rough and quick. Kyle's cum had splashed against the front of his pants and dripped down the material to soak into his leg hair uncomfortably as soon as Carter called him princess, and he'd kept pounding away until he'd come too. Kyle had wobbled home and been woken up by Rogelio who found him passed out on the couch and decided that licking him clean was the best route to go.

So, all in all, one of the best nights and mornings of his life. Huge shout out to guys who like pathetic little meow meows.

It was Lonnie who convinced him to try and find Carter again because, “Apparently this dude isn’t out of your system, so you might as well get him inside you as see where it goes.” And that felt like solid logic.

So out he went to the club again, just three days later on a work night and his questionable decision making was rewarded as Carter found him within a half hour. That’s how Kyle discovered that he actually likes cosmos, since Carter ordered one for him and then ordered him to drink it and called him baby girl so Kyle would’ve done basically anything at that point. That evening ended up with him on his back in Carter’s backseat, legs over his shoulders as he was mocked mercilessly. Then Carter told him to show up a few days later and wear whatever skirt or dress made him feel prettiest, which was way hotter than it should’ve been honestly.

He strutted in wearing his fufu clip and his most bootylicious skirt (something Lonnie always complained and begged him to not call bootylicious, but it is and he’s standing by that thank you very much), his favorite wedges, and a low cut strappy blouse that’s partially see through. Kyle is beyond proud that when he walked into the club looking like hot shit that Carter literally dropped his drink on seeing him. He’d gotten up like a fucking predator at that point, the front of his button down drenched in alcohol and popping a chubby big enough that Kyle saw it from across the room. He congratulated himself on his great life choices as he was forced to suck the dark and stormy out of Carter’s shirt, licking and moaning and thrusting on nothing as a stream of lewd encouragement dripped off Carter’s tongue.

“You look so good on your knees for me, baby.”

“Put that pretty little mouth to good use.”

“I wish I could use you like this every fucking day, princess.”

“You wet girl? You close?”

Oh god, fuck yeah he was! He was so damn close that when he was moved to grind on Carter’s thigh and suck on his nipples Kyle had come right there and then, leaving a wet smear when he was forced up and braced on the wall for the pounding of his life. Carter had wiped his dick off using the back of his skirt before leaving Kyle on the fucking floor to recover for the next hour. Getting home with his clothes rumpled and stained and his makeup smeared had been A Choice which also got him further rewarded as Rogelio and Lonnie had simply looked at one another before pouncing him.

Finally that next morning they asked to learn more, which was a sign that Carter had the makings of being his newest boyfriend.

“He’s orange with pink brown stripes, two different colored eyes, and a big wild mane that I want to drown in. …and a giant cock that’s always hard and ready, and some day I’m gonna suck him off and that’ll lock him down.” Kyle had reported in a dreamy half awake luster that only truly happened when he was in his slut phase while Rogelio grunted in agreement. “He calls me princess, and I think I’m gayer for having my ass fucked by him.”

Lonnie had rolled her eyes but Rogelio had laughed, the wheezing sound only making Kyle melt onto his seat.

“Good to know you’ve found yourself another dom daddy, this dude know you’re committed on the side?”

“I mean, I told him night one that I’m with two people and clean, so, I hope so.”

“Good,” Lonnie scraped her fork against the plate to slurp up the last drops of ketchup she hadn’t used on her eggs because yes this is a casual breakfast conversation thank you very much, “invite him over some time.”

It was difficult to remember to do that since the next time they hooked up Carter had softened his looks a little with a more

feminine cut jacket and a touch of makeup. So Kyle kinda forgot about it in the heat of begging to suck him off and being denied repeatedly, instead having to watch him jerk off until he came in one large burst on the floor. Kyle may have debated licking cum off the bathroom floor, so sue him, but he ultimately didn't and just whined and whimpered as Carter literally asked the rest of the men's restroom if anyone wanted to fuck his ass. Which was the strangest way he'd ever ended up on the servicing side of a bathroom line up, but also hot as fuck to pretend he didn't have a say in it. Carter sat with Kyle in his lap as every guy who wanted a turn took one and played with his hair, whispering sweet nothings to counteract the filth of the act. He's pretty sure he came at least twice during the course of it, mostly because of the soft kisses on his forehead, the brush of Carter's eyelashes on his cheeks, and the gentle nipping of his teeth as he freely marked both sides of Kyle's face.

It was also the first time he went home with Carter, waking up to find him in a pair of boxers and nothing else cooking up breakfast. The food might've burned as Kyle couldn't stop himself from kissing and scratching at Carter's fur, and had a fun little lesson in magicat anatomy as Carter orgasmed just from being scratched above his tail for long enough, but damn it was still magical. The fur on his chest covered his nipples but Kyle enjoyed staring as he ate his cereal afterwards regardless and vowed to read up some more for the future.

The check in text Lonnie sent is what reminded him to ask and Carter had shyly agreed to meet them all in a few weeks.

In the meantime they started fucking every other day and Kyle had to admit it was only hotter to watch his big bad dom ease up on the persona and be a much more goofy guy. Also, ten out of ten for the eyeliner tutorial Kyle got and he was still jealous beyond reason when he saw some of Carter's straight up girly clothes because fuck it he needs them in his dresser right now too okay! But… the more time they spent together the more Kyle was realizing that they weren't really meant to be long term. Absolutely fun to have sex with, but still a little too aggressive and

mean for Kyle to fully relax around. Carter was trying to be nicer, but bitchy was a good look on him and there was a brief talk of calling everything off before they decided to move forward with the meet up, even if they weren't going to date.

"Look," Carter had huffed with a fond eye roll, "just cause you don't wanna be my girlfriend doesn't mean we can't be fuck buddies."

And Kyle had stared at him dumbstruck for a moment because as hot as it could be to be a total femboy and sissy in bed, he didn't like it nearly as much as a casual day to day thing. "You're boyfriend." He corrected. "Just cause we aren't boyfriends doesn't mean we can't be fuck buddies."

And Carter paused, ears twisting and tail flickering as his head tilted before slowly saying, "You mean girlfriends."

What? "No? I mean boyfriends? Unless you'd rather be my theoretical girlfriend in which case I really need confirmation on your pronouns."

Carter stared at him like he was absolute fucking weirdo before saying, "Wait, fucking- you aren't a girl?!"

He blinked and tried to get his brain to reboot because what the fuck? "I- no??? I have a dick?" Kyle slapped his face and groaned, "I mean, girls can have them too, I'm not being territorial, oh god this is coming out all wrong, trans rights- I donate to the trans resource center!"

Carter stared a hole into him until he started cackling, giggling and snorting, and gosh it was all high pitched and cute, but also. "Seriously, Kylie!?"

"Kylie? My name's Kyle."

There was another long pause as Carter slumped so low in his chair that he began sliding out, and then actually slid out to curl

up on the floor before asking, “Kyle? You’re name’s Kyle and you’re a guy?”

“Yes????” He listened to the seconds tick by before connecting a few dots. “W-wait. You said girlfriendS, with an S, as in both of us. You’re not a guy!? Oh my god, what’s your name!?!??!”

Carter uncurled from his shame ball just enough to huff, “Dude, I know I’ve gone pretty hardcore masc with you, but no, I’m still a woman and my name’s still Catra.”

“Catra!?” He squeaked. “N-not Carter?”

“....you fucking thought my name was- how the hell did you mishear Catra as Carter!? Those aren’t even that close!”

Oh wow. Oh wow, oh wow, oh wow. No wonder Cart- Catra had never let him suck hi- her dick! Fuck shit!

“It’s loud at the Crimson Wastes! Holy shit, so, uh, I’m bisexual but I was maybe a super fag for you.” Kyle confesses because fuck it, this is the sort of mix up that requires full explanation. “I'm a twink at the end of the day with the occasional side of god women are pretty.”

Catra snickered as she finished uncurling to smirk up at him from the floor. “Well, I’m more of a soft butch lesbian at best and I was going super masc butch for you since you were into it. Also I thought you were a transwoman. My bad dude.”

Her bad? Her bad!? When was the last time something wasn’t his bad again? “Look, I’m not in love with you, so don’t take this the wrong way, but everything’s always my fault, so right now I love you with my whole ass heart.”

This only made her laugh more as she countered, “I’m aware that you love me with your whole ass, it’s what this whole relationship is built on. But- uh, yeah, we both knew this wasn’t lasting so maybe we should end it here for the sex and romance side. … well, maybe after one more fuck?”

“O-oh? Sure! I, a-hem,” Kyle lowered his voice a little, “sure.”

“Shut the fuck up, Kyle. Get down here and fuck me properly one time, might as well since I’ve been thinking about it, but thought you might not want to use your dick like that since you never seemed to want me to touch it.”

Oh. Oh! Wow! He was so busy trying to hump his way to victory that it had literally never occurred to him that Cart- fucking hell, Catra would be interested. God it sounded good though.

Kyle was already wearing very little, a crop top and skirt because it was just too fucking hot outside, but they were both shed pretty quickly as Catra laughed at him further and striped down herself revealing her pack and play. “Wait!” Kyle shouted, reaching out as she was about to slide the harness off. “Two things, one, I literally saw you come once, how the fuck? And two, can I please finally suck your dick for a minute? Let a man dream big?”

Catra rolled her eyes but stretched out, kicking her chair out of the way to sneer, “I suppose I can’t refuse such a romantic request. Get to it and I’ll show you how it works up close and personal.” Kyle was resting his stomach on the cold tiles of her kitchen before he finished processing that and happily slurped her down, only to be pushed back off as Catra laughed at his eagerness. “Hang on, I gotta pump this baby up first!”

She kept holding his head up and back with one hand as the other went and began to squeeze at one of her nuts. Each squeeze made the dick grow thicker and harder until it was standing at a beautiful attention under his hungry gaze. Wait a minute. “This isn’t what you usually wear.”

Catra grinned and fisted his hair tighter. “Cool to know you noticed, usually I use one of my hard packers, easier to do anal with those. This was a last minute throw on in case we decided to do something, figured it would be easier to either stretch you into it or make you relax enough to take it. This works too though.”

Kyle cannot believe his long held desire to suck Catra's cock is denying him that kind of soft ass play. Life, truly, is cruel sometimes. "Shhhhiiit." He hissed as she lowered him back down.

And god does he work it! This is the one and only chance he has to give her head and he's going to give it everything he's got. It's sloppy and loud and full of tongue, and Catra moans so loud it almost makes him jump when he goes all the way down to gag on it. He chokes a few times to get more spit out, working hard and fast so it turns thick and almost creamy. The dick fits his mouth perfectly and with his saliva all over it, it's easier to ignore the silicone taste. Man, what he'd give to taste salt and funk and must right now. Oh well, can't win them all, and this was definitely the definition of winning. Look it up in the dictionary and you'll find Kyle's blissed out face sucking on this cock because it's fucking working too.

Catra rocked up into his mouth, moaning and groaning as she watched him. Then her eyes dilated in that way that made him want to be her bitch for all eternity, and she hissed at him, "C-close."

Fucking **winning** right now!

He pulled back, letting Catra control his head as she quickly began jerking the packer roughly to force the base across her clit, which is so hot it's a miracle that he doesn't pass out from blood loss. "Ready for my cum? You want it on your face or chest?"

"Oh fuck!" How is he supposed to decide between them!? Apparently that was not a good enough answer as she grunted, eyes closed, and then squeezed just the tip of her dick. Kyle flinched, slamming his eyes closed as a large load of **something** hit his face. It looked like cum, it came out of one of the best dicks he's ever sucked, but also, it's not real? Can he lick it up anyways or is it, like, only body safe not consumable safe? He had questions of a scientific variety.

Catra panted a bit as she recovered, but answered his unasked question all the same. “Cum lube, tip reservoir, squeeze and you pop.” That is so clever it’s unreal, he kinda wants to buy Lonnie one if only she would kill him on sight for it.

Then she pulled him up with a purr, wiping his face off with one hand. “And now we’re gonna put that to good use, boy.” Kyle gasped as her lubed up hand touched his cock, hips pulsing forward with a moan as she growled at him. “You’re going to fuck my pussy.”

“Oh, yes sir!” He doesn’t even think twice as he lined up until something thankfully goes off in his head. “W-wait, I don’t want babies.”

Catra groaned in pain. “Seriously, Kyle? You think I do? You’re a human, I’m not, you literally can’t knock me up. Now fuck me!”

He does not need to be told twice.

Catra is slim in all ways it turns out, because Kyle is just below average size but squeezing into her was actually difficult. He slowed down, jogging his hips and taking time so that her hissing sounds less pained and more pleased. Sinking all the way down until he’s fully hilted and grinning into her chest fluff, proud of reading the room for once even if it’s worked him into a near frenzy. And then Catra squeezed on him rhythmically and his eyes went wide in a panic, “W-wait! Shit, I’m so- so close!” Catra yanked his head back to stare at him incredulously, but unfortunately between the tight warmth on his dick, the pain in his head, and now the judgment in her eyes Kyle squeaked as he came inside her. Without having properly thrust into her a single time. Aw, man.

“Are. You. Serious!?” She hissed, squeezing down hard enough to make him yelp. “Oh no. That’s too fucking bad for you, fuck me.”

Kyle tried, he really did! But even the tiny half slide from his failure of an attempt made him hiss and giggle helplessly. “I- I

can’t!”

The world turned, his shoulders hit the tile hard and his head would’ve too if Catra hadn’t still been holding his hair. “Then fucking squirm.”

He’s barely processed *that* before she starts to bounce on him. Kyle shrieked, laughing at the sensation and twisting hard under her in the least effective attempt to escape ever. He was babbling something, probably begging too, but it was hard to do much more than focus on how much it tickled for her to ride him like this. His brain shifted bringing him back in right as he made the most pathetic sound he’s ever made. “Oh ple-ea-ea-ease stop!” Catra had to shift to keep him down while he was only semi-conscious, his hands were now pinned by his shoulders, giving her the space and leverage she needed to go up and down at the pace she wanted. But his protest made her laugh before she slammed down hard to grind against his pubes for a moment. But she didn’t actually stop moving. “Oh! Oh! Oh! STOP! Oh- FUCK! Stop? Stop!? I- I can’t ! HA! I hate you! Ohhhh I don’t mean that! I don’t- I don’t- MERCY!”

Catra has never once given him mercy because that’s not his safe word and right now Kyle just can’t remember what that is. So his begging is truly in vain.

She flashed her fangs at him, a severe warning about consequences that he’s just composed enough to understand means he is doomed. “Fuck up into me, Kyle. Faster I come, the faster it’s over.”

He tried to get his feet flat on the floor, and it took a herculean effort to make his legs stop shaking long enough for it after the first few failed attempts. This, of course, only delighted her further as the angle changed. “OH GOD!” His voice is strangled as he started trying to thrust into her, but he can’t find a rhythm as his whole body quivered and twitched.

The way her voice rumbled and bubbled when she told him, “Oh I can be your god, princess.”

It had him convulsing in continuous aftershocks and fully unable to properly snap his hips up. “AHHH! Puh-ple-p-SSShhhhhhhhhh!?!?!!!!” At this rate he was going to nut again and he might not survive being fucked through a third orgasm.

Catra’s eyes slid closed and her mouth dropped into an open mouth smile, she finally let go of her iron grip with one hand so she could roughly touch her clit. He was still shaking and almost crying when she came and he gasped in pain as she did. What the fuck are straight guys talking about with tight pussy, ow fuck damn! She rolled down on his cock and dropped all the way down to take him as deep as possible while grinding against him.

“Ah- ah! Ow! Ow, ow, FUCK!” Kyle’s cursing cut out as Catra leaned down and kissed him hard, her tongue diving deep the way he loves, practically throat fucking him as she rode out the last of her own pleasure. He cried out as she gave a few small bounces in terror that there was a round two about to cut his dick off entirely.

She bit his shoulder and grumbled,“Stop being such a wuss, I need to make sure I can get off your dumbass.”

That’s great, that’s good! He’s trapped between feeling so turned on that he might actually come a second time and also in fucking pain from this vice grip pussy hell! “Okay!” He wheezed and she snorted at him.

It takes time, but she slowly worked herself off of him while kissing him as both a distraction and consolation prize. Which is great, except-

“Augh!” Kyle tried to warn her, but it’s a little hard with her tongue literally down his throat, so instead he choked. His cock was wet and cold but the tip was still buried in Catra’s cunt and felt like it’s burning hot. He was half restrained, which is sending him into

another universe, and he was essentially getting face fucked by the world's most skilled tongue. Not even Rogelio can get him this good and his tongue is longer and thicker. This all came together in unholy matrimony as she pulled fully off him causing his dick to slap down against his stomach. It's just enough that he howled as he came again, this time weakly spurting cum all over himself. "Huh-huh-huh, mmmmmm!"

"Way to go, Kyle," Catra mocked after pulling back to look at the mess he's made, "Couldn't fuck me right and came both too soon and too late. Where the fuck am I supposed to find someone as pathetic as you? Shit, I'm ruined!"

He whimpered and squirmed and groaned. The orgasm burned and he cannot believe he just ruined it himself after being tortured for it! He wanted to ask where he's supposed to find a new dom who can use him this well, throw her self-pity party back in her face, but instead he made a bunch of vaguely vowel like sounds as she lowered down to sit on him, sandwiching his dick between her wet folds and his pelvic bone.

"God I'm gonna miss this…" Catra sighed as she petted his chest soothingly, right up until she snorted hard enough with laughter to jerk her hips about and make him squeak. "Sorry, sorry! I just! Ha! I think this is the gayest way a man and woman can have sex!"

He giggled breathlessly beneath her, wincing slightly as she finally got off him. It's 100% true and he is too exhausted to really appreciate it at the moment.

Catra looked at the clock and huffed. "Dude, I have to get going, I have a date in, like, an hour. Think you'll be cleared out before I bring some hot chick home or do I need to make up an excuse for having a wrung out twink naked on my kitchen floor?"

"Awhlgerwhelergmmhmm." He said, flashing a thumbs up.

"Cool."

He stayed down to collect himself, only waking when she poked him with her foot to remind him, "I'm leaving, seriously, clear out in the next hour or text me that you won't."

"Mmm, step on me?" Kyle cringed at his dumb post sex brain but Catra just laughed and obliged. The air punched out of his lungs as she harshly stepped onto his stomach and then his freaking chest before walking out the door. Oh that was gonna bruise like a son of a bitch. He decided to take a moment to breathe through that one.

He woke up when the door rattled and shrieked when he heard Catra's voice groan, "Seriously Kyle!? Look, Scorpia, I'm sorry about this, Kyle is kinda like my dog at this point-"

He grabbed his clothes and scooted past them apologizing profusely and sweating up a storm as he edged his way past a muscle bound goddess who was smiling and laughing along. "No worries, it's happened to us all!" She said and Kyle was tempted to worm back into Catra's house to find out what **that** means but Catra pointed menacingly at him, stopping him in his tracks.

She eyed him up and down with a downright lecherous grin which was making him hard all over again before she winked. "Maybe put those on before the cops get called. Byyyeeee Kyle!" She wiggled her fingers and ducked back inside, shutting the door with a sharp click.

And Kyle flushed horrifically as he realized he was now standing butt ass naked, covered in dry cum, in broad daylight. He scrambled into his clothes so fast he didn't know his shirt was inside out until Lonnie laughed at him about it.

Suffice it to say they never get to meet Carter, but they did get to meet Catra instead which lead directly to his current predicament. Kayla was way too distracted to bowl right and earned his lowest score since he was a kid. He can feel his Midwestern ancestors glaring down at him with a sad sigh as Scorpia smacked his back so hard he's pretty sure something broke.

“Ah, can’t win them all! That’s okay though, you saw how bad I did.” Scorpia had to use one of those bowling ball slide ramp things, but she bowled a weirdly perfect game until the last round where she got a gutter ball for the first time. Kyle would like to know in what universe they bowled a similar game at all, but he did feel a little better regardless. Hard not to when his girlfriend was laughing at him with the most lovesick eyes he’s ever seen, and his boyfriend was giving him consolation snuggles, and his ex-fuck buddy was mocking him into a hard on, and his ex-fuck buddy’s new fuck buddy had scooped him and his boyfriend into a bone cracking hug.

The lesson he decided to take away was that whoring it up was sometimes the right decision to make new friends. He also decided to not share that aloud because this was a family friendly establishment and he did not want to get caught begging for it in the bathroom.
