Unconditional Love

by Beans00

Summary

Catra goes into a heat cycle while Adora's in space, she tries to hide it.

Notes

I'm still pretty new to writing smut, so please take this fic lightly hahaha ^^ This was a suggestion I got on my last smut fic that I was really inspired by, thank you so much!!

It was happening.

And at the worst time ever. Adora was out in space on a week long distribution trip to haul supplies to whatever planet was in need. After Prime's reign ended, many planets began reaching out to other planets and everything that was once destroyed or barren began to flourish. Towns were rebuilt, families reunited, food went from scarce to abundant. Things were great, obviously.

But some planets signed some contract with Glimmer, who repped for Etheria. Suddenly, they had to make annual hauls to bring out supplies to help planets that didn't have the resources to rebuild. Catra wasn't complaining until it was Adora who had to go and Catra couldn't come with because of her duties on Etheria.

Just when Catra didn't think the week couldn't get any worse- she woke up in her and Adora's bed alone covered in sweat and heat. Sweltering, unbearable heat. At first she thought she was catching a fever, maybe she got the bug Frosta had a couple of days ago. But Catra didn't feel sick nor nauseous, she just felt an extreme pain on her lower abdomen and she was incredibly wet…down there.

Her heat was barely starting and Adora was still a week away. This is about to be the worst week ever, Catra thinks to herself.

Catra shifted in her chair uncomfortably, her face beet red and her tail puffed and alert. She was trying so hard to listen to Glimmer, who was going on about something war restoration related, but she couldn't hear over the buzzing in her ears. Maybe she was a little nauseous at this point. She tried to take medication for her heat specifically to lower the effects but truthfully they weren't doing much. And she ran out, too, so there's that.

"-and regarding the towns- Catra?" Glimmer addresses Catra, signaling for her to continue the speech. Catra breaks herself out of her thoughts, she stands up shakily and responds, "Yes. So far, Elberon is still in need of home restoration and agriculture assistance so I was thinking that maybe Perfuma could go over there and help them out with the agriculture part, given that their land isn't as plant prone as Thaymor or Sea Elf Village."

Perfuma nods with a smile, "Of course! Happy to help!"

Catra tries to return the smile but it comes out more awkward and shy, she continues, "Thanks, anyways, the home restoration is a lot of heavy lifting so I think Scorpia and Bow could help out in that area."

Scorpia and Bow share a look, both on best friend terms very excited to work with each other. Scorpia looks over to Perfuma who smiles at her sweetly, a bit different than how she smiled at Catra, causing Scorpia to blush.

"And…that's it, I think.." with that- Catra sits down, feeling like her legs might give out any minute. Glimmer excitedly claps her hands together, "Well- that adjourns this meeting! Remember, tomorrow we have the meet up brunch here in the war room!"

Catra let's out a breath she hadn't realized she was holding, Melog comes up next to Catra's chair and drawls out a meow and a purr.

'I sense there's a lot of pain from you, Catra. What is wrong?'

Catra turns to Melog still seated, everyone is still lingering, standing and talking amongst each other so it doesn't look too strange. "Nothing, Melog. I'm just…I'll be okay. Don't worry about me, buddy."

Catra pets Melogs head, who doesn't seem very convinced of Catra's answer. They meow louder, catching the attention of Bow and Glimmer. They both share a concerned glance. They knew that Catra wanted to go with Adora, the two couldn't stand to be apart for longer than a minute.

It was very…dramatic when Adora had to go.

2 days ago:

Adora wrapped her arms around Catra's torso while Catra held on tightly to Adora's shoulders. They shared small kisses and sweet words. Adora had her bag packed and ready for the week. Bow watched tearfully from the corner while Glimmer was pretty amused given that they were being kind of dramatic. She would admit that it was quite cute.

Finally, Catra stood on her tip toes and exchanged one last long kiss with Adora before Adora reluctantly let go of Catra and

climbed up the steps of the ship, Darla. Catra didn't leave their room for the rest of the day.

Bow and Glimmer smile to each other before making their way over to Catra, Catra almost jumps out of her seat when she sees Bow and Glimmer standing next to her. "Hey, Catra. You okay?" Bow asks, genuinely. Catra does her best to answer without snapping, "Yes- I'm fine, why does everyone suddenly think I'm not?"

Glimmer holds up her hands in a mock surrender, "We were just checking in…we know you miss, Adora. We do too."

While they all hung out together, Catra never spent time with Bow and Glimmer without Adora. It was different, not bad just… different. But Catra wouldn't call this 'hanging out' either, so what did she know.

"Yeah…I guess." Catra sighs. Bow and Glimmer smile so genuinely at her, Catra doesn't know how to take it. "Let's get some lunch, I swear I'll starve if I wait any longer." Catra finally drawls out. Bow giggles and Glimmer excitedly says, "Ooh! They just set up picnic tables in the royal gardens, we should eat there today! Sure the dining room is nice but it's nice to be outside."

So the 3 begin making their way to the kitchen for food. Catra still looks flushed, it doesn't go unnoticed. Glimmer gives her a pointed look, "Looks like you could use it!"

Catra stops in her tracks, causing Bow to bump into her, "Wha- What's that supposed to mean?" she says lightheartedly and

accusatory, ignoring Bow stumbling behind her. Bow apologizes, “Woops! My bad, Catra.”

“I’m just saying, you’re red like a tomato on your cheeks. Either there’s no air coming through the castle or you’re just embarrassed to be seen with us!” Glimmer teases Catra, Bow joins in ignoring Catra’s growling, “Yeah! You’re not embarrassed to be friends with us, are you?”

Catra clenches her fists, her tail poofing out, “ACQUAINTACENTS AT BEST!”

“Aawww! She’s so cute when she’s angry!” Bow says, his voice squeaking. Catra grumbles, “I’m not cute..”

”Hey! How come Adora gets to call you cute?” Glimmer asks. Catra blushes even more but she decides to tease Bow and Glimmer back, “Because she’s tolerable!”

Bow and Glimmer feign hurt, “I’m hurt!” Bow clutches at his chest. There’s a short moment of silence before they all burst out laughing, Catra feels a sharp pain in her lower abdomen again, she clutches at her stomach. Her laughing ceases and Bow and Glimmer notice.

Bow looks concerned, “Woah, you okay, there?”

Catra waves her hand, "Yeah, yeah, I'm-"

A strong contraction hits her. Her vaginal entrance is stretching and clenching around nothing, pushing out slick, as if it's preparing to take Adora's…NOPE NO! Not going there!, Catra thinks to herself. It hurts slightly and leaves her legs wobbling and numb. She's never told anyone about her heat other than Adora. Adora used to cover for her, so Catra could hide out in the dark spaces of the Fright Zone. Sleeping it off and waiting for it to pass. It usually never lasted anymore than 2 weeks or so.

She trusted Adora with something so deeply personal and vulnerable and she couldn't believe she was about to do so with Bow and Glimmer. But she truly did consider them friends.

Bow and Glimmer hurriedly rush Catra to the nearest chair, helping to lower her down. Catra is trembling and her face is red.

"Are you sick? You don't look so good!" Glimmer asks, Bow panics and tries to fan air to Catra's face with his hands. Catra's eyes until then have been tightly shut and fighting back tears. She wants Adora here so bad…

"No…I just…" Catra finally opens her eyes to see both Glimmer and Bow listening intently. "I'm in heat. It hurts…a lot…"

"Oh…OH"

-the collective reaction from the two left Catra wanting to roll her eyes. "And Adora's…not here." Glimmer says, feeling bad already for sending Adora on that mission. "Well- is there anything we can do to help in the mean time? Do you need medicine or something for that?" Bow asks gently.

"No..no, usually medicine works but I already took the suggested amount and it didn't really help. Taking more than that only leads to chaos." Catra responds, not wanting to make eye contact after her embarrassing confession. "You didn't have to do the meeting if you weren't feeling good, we would've understood." Glimmer says simply, genuine.

"No! It's worse being constantly aware that Adora's light years away on some planet while I'm here dumbly waiting for her to come back. I'd rather do something than stand idle, even if I'm in…you know…"

Glimmer and Bow make awkward noises of understanding of Catra's situation, all awkward hands fumbling and awkward coughs and noises of affirmation and understanding. "Well maybe lunch *is* just the thing! Come on, let's get going, if you're feeling up for it! We can call Adora on my tracker pad so it can feel like she's having lunch with us!" Bow holds out a hand to Catra. Catra takes it with a rare genuine smile from her.

The week was over but it would take half a day for Adora to come back. During the dreadfully long week, Bow let Catra borrow his tracker pad to talk to Adora whenever she wanted to, which she greatly appreciated. So much so that she even gave Bow a *hug*.

Bow had stars in his eyes and Catra crossed her arms and looked away, “Don’t say anything.”

Since then, she had yet to tell Adora she was in heat, not wanting to stress Adora out in anyway. Catra wasn’t exactly sure *why* it would stress Adora out but she knew that her heat also now involved Adora and Adora already had so much on her plate. She didn’t want Adora to worry about her so she opted for keeping it a secret until it went away. And maybe it also had something to do with the fact that this is Catra’s first heat in a while and that it was also her first heat while dating Adora.

Catra lays on her bed on her stomach, she held the tracker pad in front of her. She’s practicing with the tracker pad camera angle to try to see which position was most flattering. She was a bit afraid that Adora would find her unattractive, she wasn’t sure where the sudden fear came from. It was most likely her heat, the thought made her even more frustrated. Once she’s satisfied, she dials Adora.

Adora’s dumb hopeful face shows up on the screen, her face lightens up even more at the sight of Catra. “Catra! Hey-“

“Are you almost back, Adora?” Catra asks, softly. Adora smiles, “Almost- I put Darla on autopilot since the trip back is pretty smooth. Literally no asteroids in this area! Miss me already?”

Catra scoffs, "You wish!"

Adora had *no idea…*

Adora takes a moment to admire Catra, the screen being bigger on Darla's ship.

Catra tries to steer the conversation to Adora's safe return, "So- how long are you going to be?"

"Oh- Uh…I think I'm about an hour away or so! Shouldn't be too long." Adora says, cheeks slightly pink.

"Finally, I swear your friends get dumber with one less brain cell." Catra says jokingly

Adora raises an eyebrow, "Hey! You missed this one brain cell! Anyways- they're your friends too, Catra. They're a lot to get used to, I know- but they care about you, too."

Catra smiles, "Yeah…I guess I can see why you like them so much. They're not so bad…"

Adora lets out a small laugh, “You didn’t give them any trouble, did you?”

“Is that your first assumption? I didn’t cause any chaos this time around, Adora. Who do you think I am? I swear on…*one* of my lives.”, Catra says nonchalantly. Another spike of pain, her vaginal entrance is still pulsing and it feels like her insides are shifting. It’s painful, it causes Catra to let out a small groan.

Adora sees Catra’s face of discomfort, her playful expression leaves quickly. “Catra? Are you okay? What’s wrong??”

“Nothing Adora, it’s nothing.” Catra says gruffly. Adora doesn’t look convinced, “I’m almost there, I’ll arrive in about 30 minutes.”

Catra jumps up, “Shoot! I have to go now if I want to meet you!”

Adora smugly replies, knowing it would get a small rise out of Catra, “Uhh I’m pretty sure we’ve met already.”

Catra’s jaw is agape before she flaps her hand at Adora, dismissing her through gesture, “Ugh dork! Hold on, I’m going.”

The Princesses are all already at the ship's landing spot, Catra gives Bow his tracker pad back and anxiously awaits for Adora to land. The pain her heat brought is still bugging her incessantly, but just because Adora was back didn't mean that she was going to ask Adora to…she just wasn't going to do that! She's never had sex while in heat, but she knows that she doesn't want to drive Adora away with it. Her thoughts are chased away by Darla entering everyone's line of sight.

Darla begins its slow decent to Etherian ground, the metal legs of the ship pressing softly into the grass.

Catra's tail raises up, it was kind of strange to see Catra so excited. The Princesses almost gawk ar Catra's stance, it was so unlike her. Usually she was brooding and nonchalant about everything. But now- Catra's pupils were wide and her tail was in the air, her hands were clasped tightly together.

At last the doors to Darla opened and Adora walks out holding her duffel bag that carried her belongings.

The Princesses all crowded around, Catra stayed behind slightly. She wanted Adora to get her greetings from her friends out of the way so that she could properly talk to her.

Adora's smile is so big and happy, Catra ignored the pain in her stomach as Adora finally approached her. Her eyes soft and full of

love. Adora plants her hands on Catra's hips, "Hey, Catra."

"Hey, Adora." it comes out weaker than Catra expected but Adora doesn't seem to mind. Catra stands on her tip toes to kiss Adora, Adora leans down slightly to meet Catra's lips.

It lasts for a bit, but it's the most physical romantic action Adora's given Catra in the longest time, Catra moans into the second kiss causing Adora to pull back with a red face. Everyone had heard it which made Catra embarrassed.

The Princesses are all blushing and knowingly start giving the both of them space. Adora was gone for a week so obviously the two would want some alone time.

Catra hides her face in Adora's jacket, "Woah- what was that?" Adora asks, amused. "Shut up." Catra says, muffled by Adora's jacket.

Then again, another sharp pain- except this time it's sharper than before. Her claws dig into Adora's arms, Adora winces. Catra quickly lets go of Adora in favor of gripping her stomach tightly. Adora's amused expression quickly disperses as she tries to aid Catra, "What's going on? Somethings wrong"

Catra faces Adora and Adora just then notices how flushed her face is. The slight tremble in her legs and fingers, how glossy her eyes are from unfallen tears.

It started to click in Adora's mind.

"Are you…Are you in heat?" Adora asks, concerned. Catra finally lets the tears fall, letting out a shaky breath. She nods, ashamed. Adora's eyebrows knit in understanding, she hugs Catra, holding her close. The Princesses have all already gone inside the castle, giving Adora and Catra some time alone. "Why didn't you tell me before?" Adora asks.

"While you were in space? Adora, I don't want you to feel responsible for taking care of my heats when they come. I didn't want you to know. It's my first in a while." Catra says, almost in a whisper.

Adora feels herself blushing as she thinks of how to phrase what she wants to say next, "I…I want to help."

Catra stiffens in Adora's arms, she pulls away from the embrace slightly. "What?"

"I want to help, with your heat. Heats are only shared with uh…a mate right? Would you want that? For me to be that for you?"

Catra couldn't believe what she was hearing. It was almost too good to be true. The fact that Adora had already researched

about this somewhat left her heart beating erratically. Catra responds, "Yes…Yes, of course I want that. But it's not too weird for you?"

"What do you mean?" Adora asks

Catra looks away from Adora's loving gaze, "It's not going to be like quick sex, it's…it's going to be a while until my heat goes away…"

Adora kisses Catra's forehead, "I'm here, Catra. Always."

Catra smiles cuddling into Adora's embrace. They pull away slightly, Adora wraps an arm around Catra's back and one arm under Catra's knees. Catra squeaks as Adora picks her up, "Adora!!"

Adora smiles at her despite the implication of what they were about to do, Catra covers her blushing face in embarrassment as she's carried in front of everyone through the castle.

Catra grips the headboard with her claws as Adora pounds into her from behind, she can't get a breath in before Adora's

slamming into her again. It feels so good, and it satiates her heat. Adora, although being rough, reaches around to rub Catra's clit sensually and gently, a big contrast to the brutal thrusts.

They'd never had sex this aggressive before, Catra was always afraid of it and Adora was afraid of hurting her. So gentle was always the way they both preferred it but maybe this was awakening something in the both of them.

Catra all but screams into their pillow as she comes on Adora's cock, Adora's thrusting turns shaky and uncoordinated- "Catra! I'm so…close.."

She pushes Catra down with her body as she finishes inside of Catra. Catra doesn't make a noise as Adora grunts into her neck and ear, panting harshly. She finally collapses, and Catra continues purring as she was when Adora first entered her.

"Catra…are you okay?" Adora says when Catra doesn't say anything. Catra continues purring, "Yeah…"

Catra shifts, silently signaling for Adora to get off of her only to push Adora onto the bed on her back. This was new.

"Like this? I don't think we've ever done it like this." Adora says, curious and excited. Catra settles herself sitting just above Adora's groin, she runs her hands over Adora's chest and abs. "You work so hard all the time…you need to relax.."

Catra uses a claw to snap off Adora's hair tie. Adora looks a bit annoyed at that, "You do know I don't have an unlimited supply of those, right?"

"So?" Catra says, smug. Adora squeezes Catra's thigh, trailing her hand to cup Catra's pussy. Catra grabs Adora's wrist to move it away which surprises Adora. "Huh?"

Catra moves down to settle her body between Adora's spread legs. Adora's penis is standing upright, hard and slick from being inside of her. The head is a dark pink, leaking out fluid and twitching slightly. Catra hadn't ever done oral sex before, but she was willing to try for Adora. She was incredibly grateful and happy that Adora was helping her.

She kissed the base of Adora's cock, Adora covers her mouth with her hand. She was not expecting this. "Catra…wait- your heat…I can still…go…"

Adora could barely talk as Catra peppered kisses all across her length, it was making her see stars. Catra observed Adora's expression from where she was and was deeply satisfied at the reaction. Adora's hand tentatively made its way to Catra's hair, gripping slightly. Catra moves her own hand, putting hers on top of Adora's one that's holding her hair and encouraging her to grip tighter, to take more control.

Adora obliges, gripping tighter and maneuvering Catra's head so that her lips were at the tip of Adora's penis. Catra makes one last momentary eye contact with Adora,

“Please..” Adora mutters. Catra smirks as she finally decends on Adora’s cock. Her tongue swirls around the swollen head, she uses her hand that isn’t propping herself up to rub whatever she can’t fit in her mouth.

Adora’s hip twitch slightly upwards, “Catra!”

Catra bobs her head up and down, trying to take as much of the girth as she can. She can feel the cock in her mouth, warm and hard. She can feel the texture of the veins, the sticky head where Adora’s precum gathers up, the taste, Catra doesn’t think there’s much of a taste other than slightly salty, but there’s something else there that’s so…Adora-like that she can’t help but want it more.

Catra sucks on Adora’s penis, making her cheeks hollow, Adora can’t keep her eyes open anymore. Catra was so *intense* like this.

Usually Catra preferred slower, more gentle sex, she liked being able to make the moment last longer. Adora loved it that way, too, every moment they spent making love was precious to her. But *this…*this was certainly experimental and new in all the best ways.

Catra wasn’t usually a talker in bed and neither was Adora but given that they were treading in uncharted waters with Catra’s heat, they checked in. Catra lifts her head from Adora’s penis, she has slick on her chin, “Adora?…”

Adora's hand is still fisted in Catra's hair, when she realizes that Catra has stopped- her eyes open slowly. Adora's almost horrified at how rough she was gripping Catra's hair. She lets go and replaces it with soft gentle touch, cupping the back of Catra's head. "I love you…so much." Catra says, her voice is slightly raspier than usual. Adora sits up, pulling Catra into her lap. "I love you too…"

Catra shifts until she's comfortable on Adora's lap. Adora kisses her, open mouthed and passionate. Catra reaches down and uses her hand to fist Adora's penis, fast, while using her thumb to swipe that the wetness trailing out from the tip. Adora holds onto Catra's thighs straddling her, her head drops to Catra's shoulder, shuddering. Her legs kick out on the bed, jostling Catra slightly.

Adora suddenly jerks her hips upwards, "Ah- Catra!"

Adora ejaculates all across Catra's stomach and breasts, her penis spasms slightly as it goes flaccid in Catra's hand. Catra continues pumping her fist until Adora grabs her wrist. Adora brings her wrist to her lips and kisses it softly, gently.

Catra writhes in her lap.

"Catra?.."

"Adora- I need…more…please"

Adora suddenly got an idea but she wasn't sure how Catra would take it. She decides to take the leap anyways.

"What about She-Ra?"

Catra stops moving, her eyes widen. She looks terrified at first until she thinks it over. "You don't have to if you don't want to. I'd never want to do anything that you don't want. I know you never liked She-Ra but- I just think…you know with her stamina and size, she could…help?"

"Yes…"

Adora does a double take, she hadnt expected for Catra to say yes so…right off the bat. "Are you sure? She's a lot bigger than you, which means she's probably bigger down there too"

"I mean- she's you, right?" Catra says simply. Adora nods, affirmative, "Well- yeah, pretty much. But I sense there's something else?.."

Catra sighs, "I don't know…it's just for a long time I didn't see you in She-Ra. I always…It was always easier to put a barrier between you and her because you were so different as She-Ra. It was… easier to hurt She-Ra than to hurt you."

Adora listens intently, Catra wraps her arms around Adora's torso and Adora does the same. "I've only ever seen She-Ra in battle, I've only ever fought you as her…it's about time I start making better memories for her, after all- you *are* She-Ra and there's no barrier I can put between you anymore."

Adora smiles into Catra's bed hair, "You don't hate her?"

Catra shakes her head, "No…"

Catra moves to get off of Adora's lap, she lays herself down on the pillows and spreads her legs. Most of the pillows have dropped on the floor, much to Catra's dismay. She worked hard on the makeshift nest. She waits for Adora…but Adora's just staring her, gawking almost. It makes her face flush even redder than before.

"What?" Catra finally says. Adora looks dumbfounded and fond, "You're so beautiful…"

Adora never said that to her often, maybe it was because she let Adora cum inside of her?? She didn't know why Adora was saying this. Catra faces away, "Yeah…okay."

Adora climbs on top of her, "I'm serious…I'm not good with my words, Catra, you know that."

Adora uses her free hand to brush back Catra's bangs slightly, getting a better look at her face. "You've always been so pretty. I could never keep my eyes off you, even when we were cadets in the Horde. Did you know that I have to fight down She-Ra to not come out when I'm around you?"

Catra's eyebrows furrow, "Why are you telling me this?

"Because I want to. We spent so much time apart during the war. Even being apart for a week made me realize that I have to appreciate this time more. Appreciate you more."

Adora gulps and Catra takes a deep breath, "We've both been so busy with the restoration projects that I just…I guess I just never made the time for us. We haven't even had our first date yet…"

Catra raises an eyebrow, "We've been having sex for some time now, does a date still count after that?"

"Of course it does, Catra. It always will." Adora links her hand with Catra's, their fingers slotting together perfectly. Catra listens.

Catra wipes at her eyes and cheeks with her hands, sniffling. "Dummy. You know I'm more emotional when I'm in heat, you should've said all that sooner. I'm all gross right now."

Catra gestures to Adora's cum staining her stomach and breasts and her tussled hair. Adora laughs, and without anything else to say, she finally transforms into She-Ra.

She-Ra, much like Adora was, is naked. Though she's still glowing somehow. Catra gapes at just how much bigger Adora is like this. Towering over her, but She-Ra is careful to not squish her.

Their hands are still interlocked. She-Ra's hand is different. Not bad just…different. Bigger, broader and more calloused than Adora's.

Catra is still crying from Adora's sweet words, but she's smiling and so, so happy. She-Ra smiles at her, and in that smile she doesn't see her enemy…she sees Adora.

Their hands part as Adora begins to rub Catra's pussy, using her fingers to spread her wetness over her slit. Catra breathes out shakily, it felt different. Adora's fingers were bigger than Catra's own, and they were soft and slightly calloused from weilding a sword. But She-Ra's fingers were huge…

Catra feels one of She-Ra's fingers press into her entrance. Catra grips the bed sheets below her, she knows She-Ra won't hurt her.

Her finger is longer and thicker as soon as She-Ra's finger presses in to the hilt, it feels like Catra's already taking 2 fingers at once. But she needs more. Her hips move and shift, and she whines, "Adora…"

She-Ra thrusts her finger, and uses her thumb to stimulate Catra's clit simultaneously. Catra pants harshly, her claws tearing up the bed sheets like she did the headboard. Catra arches her back as She-Ra's finger flutters against her walls. "Catra…" She-Ra groans out, Catra could almost swear that as She-Ra- Adora's voice is stronger- louder..

"Inside- Adora…I can take it." Catra reaches down to wrap her hand around She-Ra's cock, it was so girthy that Catra couldn't wrap her fingers around it fully, the very knowledge made her walls clench around She-Ra's finger. She-Ra reaches down tentatively to try to kiss her, but she stops halfway. Catra senses the hesitation.

Catra smiles softly at her, before pulling her down the rest of the way. Adora was bigger like this, so their lips didn't meet every time, exactly. When She-Ra kissed Catra's chin and Catra kissed She-Ra's nose, they both laughed. "We'll work on it." Catra says.

She-Ra felt giddy at the words, implying that they will be using She-Ra in bed more often.

Adora, as She-Ra, began to rub her cock through Catra's folds. Catra whines.

She-Ra's penis felt huge pressing against her the way it was, she felt an incessant pull in her lower stomach. She wanted Adora to ram it in already, the thought scared her. She loves gentle sex but there was just something in her that wanted something raw and

rough, especially now.

Catra was so lost in her own thoughts that she hadn't processed the fact that She-Ra's cock was already trying to press into her. To feel it trying to push past her entrance reminded her of their very first time.

It had hurt a bit, Catra hadn't ever taken anything inside when she and Adora had sex for the first time. With more practice, Catra was able to take Adora's penis without needing a couple of minutes to adjust to the stinging pleasure.

This was, in a way, her first time with She-Ra and feeling the bigger head pressing into her, she felt the stinging.

She-Ra notices Catra's breath hitching, the same way it did when…

"I'm a lot bigger like this. We can stop if it hurts.", her voice is so sincere and calm and loving. Catra doesn't know how she does it. "I want this…so bad, please don't stop- just give me a bit to get used to it. You're really big.. even if I'm in heat.."

She-Ra smiles softly, leaning down to press kisses and hickeys to her neck. She pushes forward slightly, the head begins to breach Catra's entrance, Catra gasps as she quickly moves to rub her clit to ease the tension. Adora stops kissing Catra's neck, becoming more worried by the second, she didn't know if Catra would be able to take her cock like this.

"You okay, Catra?"

”Yes…” Catra says through gritted teeth. Catra’s entrance is pulsing and she isn’t relaxing enough to take She-Ra. She-Ra pulls out, the tip of the cock head coming out. Catra almost sobs, “No..”

“It’s okay, I just…” Adora’s (or She-Ra’s more accurately) voice trails off, unsure of how to finish her sentence. Catra is panting, still in pain from her heat, “Adora?”

”I don’t want to hurt you, I’m like 5x your size like this..” They both look down to see the comparison. She was right.

She-Ra’s penis looked like it would snap her legs off her body if she went inside. But Catra wanted it so bad. She really needed Adora. She gets an idea.

“Wait…let’s switch positions.” Catra suggests. She-Ra looks at her curiously, “What?”

Catra shimmies out from under She-Ra, forcing Adora to sit against the headboard. Catra straddles She-Ra’s lap, She-Ra’s penis standing in between them. Adora’s hands automatically grasp onto Catra’s shoulders, “Like this? Are you sure?”

Catra nods, her gaze full of love. Adora trusts Catra, so she grips the bottom of her cock to keep it steady and watches as Catra tries to settle herself over it. In this position, Catra has a little trouble guiding the penis to her entrance, unsure of where it is.

She fumbles slightly as the penis keeps slipping through her folds, she gets frustrated and lets out a growl.

Adora helps out, she maneuvers the cock head until the head dips and disappears slightly. Catra takes it from there, she begins lowering herself slowly. It feels easier this way, the stinging stretch is still there but this time Catra is in control and Adora feels more relieved this way. She wouldn't hurt Catra with She-Ra's size by accidentally going too rough or too deep.

It's happened before, even without She-Ra, where Adora would thrust too roughly causing Catra to wince out of fear or thrust too deep making Catra hiss at her. They were both still new to this, and they would communicate what they liked and didn't like. Now with Catra in heat, they were experimenting with what worked for that. Catra wanted rough and deep, which Adora wasn't sure she could do without the fear of hurting her. So this position was practically perfect. It was also a new position to them, which left them both excited.

Catra lowered herself another inch, wetness drenching She-Ra's cock to the base. "Ohh…Adora- it's so big.." Catra moaned out. Adora shuddered, "Yeah?"

Catra bites her lip as she feels her walls pulse around the head, lowering herself even more. The pain in Catra's stomach was beginning to disappear as more and more of She-Ra's cock entered her. Adora gripped Catra's hips, leaving bruises. "Catra…" She-Ra sighed out.

After a couple of minutes of adjusting, Catra was fully seated. Both Catra and Adora let out a shaky breath. Adora was struggling to not come as Catra pulsed around her cock, she was so much

deeper than ever. Catra didn't know what came over her, usually she's scared if Adora goes too rough or too deep but now- the fear was long gone. This night alone will probably change how they have sex from now on. Catra guesses the heat awoke something in Adora too as Adora leaves bruising marks on her hips.

Catra tentatively raises her hips and slams them down to the hilt again, Catra gasps out Adora's name as she repeats the motion. Adora starts thrusting upwards in tandem with Catra's downward thrusts. It's slow but hard, their skin slap together obscenely as they thrust against the other.

Soon, Catra is picking up the pace, her eyes grow glossy and her jaw goes slack as she brings her hips down harder and harder. She-Ra's penis inside Catra's vagina making squelching noises every time their hips part and every time they meet. It was loud… louder than they'd ever been. Catra lets out open mouthed moans as Adora continues thrusting from below, using her feet as aid on the bed. She-Ra is still propped up on the headboard and with each thrust, she feels the scratched wood shifting against her back.

Adora lets out grunts and moans, her face is red and she can hardly breathe with how much force she's using to thrust into Catra. She sits up and away from the headboard, slinging an arm around Catra's waist and continues thrusting. "Adora- Adora- Adora…yes!"

Catra's repeating Adora's name like a mantra, Catra begins to gyrate her hips to get more stimulation on her clit. "It feels so good…" Catra says, her voice shaky and raspy, she stares at the

ceiling. Adora does her best to respond, her face buried in Catra's tits, "I'm so close, Catra…so close."

Catra cups Adora's face as she makes eye contact, their thrusting grows sloppier and faster. She-Ra's hips are wet and sticky and so are Catra's, they're both covered in sweat as if they were drenched in the Mystacore pools, but they don't stop. Catra begins leaning backwards and She-Ra aids her, holding onto her waist.

Like this, Catra feels the cock hitting her spongy wall with every thrust. She holds desperately onto She-Ra's arms as she continues to thrust into her. "ADORA!" Catra says desperately, her breasts bounce almost violently with every rapid thrust She-Ra gives her. Catra begins clenching around Adora's cock, squirting her fluids. It sprays out around the base of the penis.

Adora can't hold back anymore as she leans forward, she pins Catra on her back and hurriedly thrusts until she comes inside.

Catra's back arches as she lets out a yowl, Adora's semen feels sweltering and hot inside her walls. But given that she's She-Ra right now it feels like she emptied the entire ocean inside of her. Catra falls limp onto the mattress, Adora as She-Ra is still coming. Her hips twitching against Catra slightly, thrusting and riding out her orgasm.

Suddenly there's a bright flash and Adora plummets on top of her, Catra lets out a small 'oof' at the sudden drop but she's quick to wrap her arms around Adora who's panting like she just ran a marathon. Adora was still inside of her, preventing the semen from dribbling out.

Catra thinks her heat is satiated for now, but she knows she'll be needing Adora later..

Adora's eyes are wide as she props herself over Catra. "Are you okay?"

Catra looks tired and like she might fall asleep at any point, she's sore between her legs but she's never felt so good in her entire life. The incessant pull in her lower stomach is pretty much gone for the moment, "I think my soul just left my body…I didn't think I could ever take it rough like that. I was always scared to…to…"

Adora laughs, "I was scared of hurting you, every time. This was certainly…new"

Catra snickers, "I guess we both held back a lot before…"

Adora shivers as she begins to pull out, "are you still in pain?"

Catra shakes her head, Adora shifts so that they both lay side to side. "My heat isn't over, it'll probably come back in the next couple of hours or so. Are you absolutely sure you're okay with this?"

Adora's eyes are full of love as she pulls Catra into an embrace, "Always.."

Adora pulls the blanket over the two of them, there’s a comfortable silence, save for Catra’s buzzing purr.

“Hey, Adora?”

”Yeah?”

”I love you..”

”Love you, too, Catra..”
