A very merry Christ- er, Yule!

by Tanis_Zed

Summary

Catra has finally talked Adora into having a Christmas party! Now she just had to make sure it's perfect!

Notes

Just some fluff I wrote for Christmas. Enjoy. Might add a chapter 2 with some smut, who knows.

Chapter 1

Catra was desperately trying to wrangle Melog and Emily. Her darling pet cat was usually such an angel, but Entrapta had *insisted* on bringing her dumb dog! "Entrapta! Help!" Catra yelled as the big mutt almost knocked over a candle.

"Emily!" Entrapta yelled. "Hier. Platz." Her dog trotted over and happily laid at her feet. "Sorry about her. She gets lonely if I leave her at home."

"It's fine." Catra lied as she calmed her cat down. Both Melog's and Catra's tails lashed in agitation. "I'm just glad you could make it."

"Are you kidding?! I wouldn't miss this!" Entapta practically shouted. "I've never been invited to a Christmas party before!"

" *Yule* party." Catra gently reminded her old friend. "Adora's kinda got some hangups about the religious bits, so it's Yule. Or a solstice party, if you prefer."

"Right, sorry." EntraPta pondered for a moment. "You know, if we want to go *all* the way back, we could call it a Saturnalia party!"

"What the fuck is-" Catra's phone ringing interrupted her. "Just a sec." She checked the caller id, Glimmer. "Yo, sparkles, what's

up?”

“Hey Catra, we’re gonna be a bit late.” Glimmer said in a voice that betrayed her stress. “Bow’s dads stopped by, and, well, you know how it is with them. They sit down for tea, then they bring out snacks, and before you know it you’ve shared a bottle of wine and they’re popping the cork on another.”

“I get it.” Catra chuckled. “Just get your sweet ass over here before they open the third!” The smoke alarm caught Catra’s attention. “Shit. See ya soon.”

“Bye Catra!”

Catra headed to the kitchen, muttering “Honestly, nothing goes right around here.” The sight she walked in on was less disastrous than she had feared. “Perfuma, what’s happening?”

“Don’t worry! Everything is under control!” The flour covered woman smiled. “Just a minor hiccup in my vegan turkey. The ham is fine!”

“More than fine!” Scorpia declared, pulling the pan out of the oven without even bothering to put mits on her pincers. “This honey ham is going to be *delicious!”* Scorpia eagerly smelled her creation. “Ahh! Perfuma, I love and respect you, but *boy* do I miss meat sometimes!”

“I understand.” Perfuma giggled. “Veganism isn’t for everyone, and that’s alright. Everyone has their own journey!”

“So, y’all’re good?” Catra asked. “Dinner’s fine?”

“We have it handled.” Perfuma assured her.

Catra heard a clatter from the living room. “Shit.” She dashed over to find Micha trying to fix a falling tree. Catra darted over and helped the old bastard stand the tree back up. “What the hell happened?!”

“The star was crooked, I was just reaching up to fix it and-“

“The star was fine!” Catra grunted. “Here, help me fix this.” Between the two of them it didn’t take long for the tree to look more or less like it did originally. Fortunately, the presents were fine. “Now, don’t touch it!”

“Okay, sorry.” Micha sat back down awkwardly.

“This Yule is *going* to be perfect!” Catra practically growled. “Adora has *enough* bad memories of the holiday, I am *not* adding any more!”

“Okay, okay!” Micha shrank further into the sofa. “You know, maybe you need a break. Do you think a little break would help?”

Catra took a deep breath. “Yeah. Yeah a break sounds-“ Melog hissing in the other room tickled the edge of Catra’s hearing.

“Bleib, Emily.” Entapta commanded in the other room, but it was anyone’s guess whether the dog would obey.

“Sounds like the break is gonna have to wait.” Catra sighed.

Adora hummed to herself as she drove home, everyone’s presents taking up the back two seats, and Catra’s *special* present hidden in the trunk. She was kinda glad Catra had talked her into celebrating Yule this year. The religious bits still left a bad taste in her mouth, Adora supposed *that* was never going away, but the gathering of friends and family was a good idea.

A call from Catra interrupted Adora’s introspection. “Hey babe, what’s up?”

“Hey Adora,” Catra’s frazzled voice answered. “Glimmer’s having car troubles, can you swing by and grab her and Bow?”

“Sure thing!” Adora answered brightly. “Everything okay on your end? You sound stressed.”

“Everything’s perfect!” Catra said. She was usually a *damned* good liar, but Adora could still tell.

“Catra…”

“Okay, it’s not *perfect,* but I’ve got it handled!” Catra corrected herself. “Don’t worry about anything!”

“I’m worried about *you.”* Adora replied. “Take a second for yourself, my love. The holiday can wait.”

“I-“ Adora heard a smoke alarm going off. “I need to go, see you soon babe!” With that Catra hung up.

“Shit.” Adora grumbled. It had been a mistake, inviting so many people over. She should have just stuck with Glimmer and Bow. But then Catra would have felt like *her* friends were getting left out, and Glimmer wanted to spend the holiday with her dad and-! Ugh, it was all a mess!

But! It was all to bring everyone together! Adora reminded herself that family was what mattered most, and soon enough she had her cheer back! She pulled up to Glimmer's house, and she and Bow rearranged presents to make room. "I thought your dads would talk all night!"

"Yeah." Bow chuckled awkwardly. "I think they *really* wanted to be invited to Adora's party."

"Sorry." Adora grinned apologetically at Bow. "Your dads are sweet, but Lance is… pushy with his niceness. Stresses Catra out almost instantly."

"Yeah… I understand." Bow chuckled awkwardly.

"Speaking of Catra," Glimmer started. "Is she alright? She sounded…stressed out, when I called her."

"I think she's taking things too seriously." Adora sighed. "Which is understandable. We don't really celebrate Christmas, and this whole party thing was her idea. She probably feels responsible."

"Probably." Glimmer agreed.

“Hey, when we get there, why don’t you grab her and give her a little break?” Bow suggested. “She’s probably overstimulated, and needs some quiet.”

“Good idea.” Adora nodded.

When they finally got home everything *was* pretty close to perfect. The apartment looked *beautiful,* the food was almost ready, and it smelled delicious, and Catra had *somehow* gotten Emily and Melog to get along!

And Catra was a *mess.* Her tail was poofed up, her ears were folded back, and her claws flexed in and out. “Oh! Hey Adora.” Catra forced a smile.

“Hey Catra.” Adora smiled back. “Still got it handled?”

“Yep! Everything’s going great!” Catra’s eyes flicked to the presents Bow and Glimmer had volunteered to carry. “Oh good! Let’s get those under the tree and I’ll-“

Adora scooped Catra up in her arms. “Glimmer has it under control.” She carried her girlfriend to the bedroom.

“But! But! But, Perfuma-“ Catra started, but Adora quieted her with a kiss.

“Bow can help in the kitchen.” Adora assured her, as she set her precious kitten down on the bed. “You’ve done so much. Now let us handle the rest.”

“No!” Catra complained like the little brat she was. “I’ve got to make it perfect!”

Adora sighed. “Alright. You asked for it.” Adora grabbed the weighted blanket and bundled it around Catra, before wrapping her arms around the agitated kitty and pinning them both to the bed. “Just relax. You’ve done enough. You’re allowed to rest.”

Catra huffed in annoyance, but her claws finally relaxed, and her tail lost its poof. As she and Adora laid together there, in the quiet and the dark, Catra even started purring, eventually. Adora could see her ears twitch and turn, no doubt listening to the sounds of dozens of little things going slightly wrong. “Hey.” Adora gently stroked Catra’s cheek. “Don’t focus on all that. Only focus on me.”

“Sorry.” Catra whispered. “I got too worked up.”

“Catra,” Adora said gently. “You don’t need to apologize.” She gave Catra a light kiss on her forehead.

“I just…I wanted to give you the perfect holiday.” Catra sniffled. “But I guess I messed that up.”

“You didn’t mess anything up.” Adora assured her. “All I need for the perfect Christmas is right here.” She squeezed Catra.

“Hmmmm. You big sappy dope.” Catra purred.

“Yep. And you love me.” Adora smirked.

“Yeah, I really do.” Catra smiled. Catra planted a kiss on Adora’s lips, which she eagerly returned. Then, feeling a bit… naughty, Adora kissed lower. Catra’s neck, her collarbone, unbuttoning Catra’s shirt to get at her chest. Just as Adora was about to shove Catra’s bra aside to get at the treasures wrapped up inside, a call of “Dinner’s ready!” Interrupted her.

“Fuck. We’ll finish this later.” Adora said.

“Yeah, we better!” Catra giggled. “Come on, let’s not miss our own party.” Catra started untangling herself from the blankets, but Adora just scooped the whole package up and carried her to the dinner table. “Hey!” Catra grumpily wrapped her arms around Adora’s shoulders. “Now you’re just showing off.”

“Yep!” Adora deposited her girlfriend at her seat at the dinner table, and moved to the kitchen to help set the table, stepping over where Melog was taking a nap, curled up on Emily’s head. The side dishes were a bit singed, and Perfuma’s vegan turkey

looked more like scrambled eggs than any meat, but it hardly mattered, the taste is what's important! Adora poker her head into the living room to tell Entrapta and Micha that dinner was ready, and couldn't help but notice that the tree was more than a bit crooked, it was honestly kind if charming. Finally, everything was ready.

Before long, Adora, Catra, Bow, Glimmer, Scorpia, Perfuma, Entrapta, and Micha were all seated at the table, which was honestly a bit too small for eight people. Oh well. Adora took a second to raise a toast before they dug in. "I may not be a fan of Christmas, but I am a fan of *this.* Family, and friends as close as family, gathering to share their joys. Happy Yule!"

"Happy Yule!" The table echoed.

"Now, let's eat!"

Conversations layered over one another as they all set to their Christmas dinner. Catra could probably make sense of them, but Adora only caught fragments, and honestly? She was *much* more focused on this *delicious* ham! "So, Mr. Glimmer's dad…" "Entrapta, I told you, you can just call me Micha." "So, the mashed potatoes have butter in them, but I think that the casserole is safe, and the carrots." "Scorpia, I helped you cook, remember? I know which dishes are vegan." "So, Catra, has Adora popped the question yet?" Adora just about choked on her mashed potatoes. THAT caught her attention.

"Excuse me?" Adora asked once she had finished choking.

“You two have been living together for close to two years now.” Glimmer shrugged. “I was just wondering when you were gonna make it official.”

“Dammit Sparkles!” Catra grumbled. “Not *everyone* gets hitched right out of college!”

“Catra’s right.” Bow said. “They can take things at their own pace.”

“Exactly! Thank you!” Catra nodded.

“They don’t *need* to get married at all if they don’t want to.” Bow continued.

“Well…” Adora cleared her throat, “I definitely *want* to…”

“You’ve never mentioned this.” Catra stared at Adora. “Since when do you want to get married?!”

“I, uhh…” Adora didn’t know what to say.

“Pardon the interruption,” Perfuma said from across the table, “But I don’t think this is the kind of conversation that needs an

audience."

"Right." Catra sighed, before catching Adora's eye and saying, "We'll talk about this later."

A brief awkward silence settled on the table, before Micha suddenly declared, "Who's ready for dessert? I brought pie!" He darted off to the kitchen while Glimmer and Bow gathered the empty plates. Catra tried to help, of course, but Adora insisted that she was still taking her break. Micha came back in with three pies balanced on his arms. "I've got pumpkin, pecan, and apple pie! And don't worry, I made sure all three were vegan."

"That's very considerate." Perfuma beamed. "Thank you."

The pies were *excellent!* The crust wasn't great, but the fillings *more* than made up for it! "So, what next? Should we watch a Christmas movie?"

It was close to eleven pm when Entrapta finally left, giving Bow and Glimmer a ride home. Catra sighed in releif, she loved her

friends, but FUCK too many people were in her house! "Next time, glitter butt can host." Catra grumbled. " *And* handle the logistics."

"You're such a worrier that you'd end up doing everything anyway." Adora teased as she joined Catra under the blanket, snuggling up on the couch. "So… uh."

"The marriage stuff." Catra sighed.

"Yeah." Adora held Catra close to her heart. "I want to marry you. Probably not *immediately.* But someday."

"I… I don't know." Catra mumbled. "I love you, of course! But… I like what we have, and getting married would change it, you know?"

"It might make it even better." Adora said gently.

"Or it might make everything worse." Catra replied. "I'm… scared. I'm scared of ruining what we have."

"I was just thinking…it'd be nice, in case something happens to us." Adora almost whispered. "It'd be nice to be listed as each other's next-of-kin."

“Damn, Adora.” Catra chuckled. “That got dark.” But, Catra had to admit, she had a point. Adora may be close to her moms, especially Mara, but Catra would **hate** for Shadow Weaver to have the final say, should the worst happen.

“I like what we have too.” Adora continued. “And I won’t pressure you into anything, you know that.”

“Just… give me some time to think about it, okay?” Catra sighed.

“Of course.”

They sat in companionable silence for a long while, before Catra eventually grumped “Stupid Glimmer, making us talk about all this important shit!”

Adora couldn’t help but laugh at her. “Hey, if it’ll make you feel better, we can open one of your presents early!”

Catra laughed along, not sure where she was going with this. “Yeah, sure. Which one?”

“The one I had to stash in the bedroom.” Adora said with a coy smile.

“Oh!” Now *that* was a fun direction to go! “What is it? No! Let me guess, is it a pony?” She giggled.

“No ponies. But you *can* ride it.” Adora pulled Catra closer by her chest, groping her tits through her sweater and whispering in her ear. “You can ride it until you faint.”

Catra purred loudly. “Sounds perfect.”

Chapter 2

Chapter Notes

> Happy new years! A little (late) Christmas smut! Gotta say, I really like how this turned out!

Adora had already taken her shirt off by the time they made it to the bedroom. Catra couldn't help but snicker at her, "Aren't you cold?"

"A little." Adora shrugged. "So why don't you open your present." She produced the wrapped box from under the bed. "And we can warm up." She smirked.

Catra rolled her eyes. "You are so cheesy."

"Yeah, but you're smiling!" Adora teased.

"Am not!" Catra laughed. "I'm cringing!" She fibbed. "Give you a few years and you'll be swapping dad jokes with Micha!"

Adora laughed with her. "Open your present, kitten." She grabbed Catra by the hips and pulled her into her lap. "I wanna test it out."

Catra purred and snuggled into Adora's embrace. "You're cute when you're pushy." She slowly slipped her claws under the tape, carefully and *slowly* unfolding the wrapping paper. A quick swat on

her thigh made Catra jump and giggle. “Alright, alright. Impatient, aren’t you?”

“I am *so* gonna get you for this.” Adora chuckled. “You little tease!”

Catra laughed and shredded the wrapping paper, casually flipping open the plain box inside to reveal… the strap-on she’d been considering getting Adora for her birthday. “Ooh!” Catra pulled out the toy and admired it. “I was gonna get you this!”

Adora couldn’t help but laugh. “Really?” She slid her hands under Catra’s sweater, stroking Catra’s abs as one hand made its way up towards her tits. “You have good taste. I made sure to charge it beforehand too,” She circled Catra’s nipple with her fingers, causing the magicat to let out a soft moan, “So it’s ready to go.”

Catra bit her lip and pulled out the leather harness. “Well then. I think you’re overdressed.” She smirked.

Adora stood to get her pants off, and Catra moved to sit on the bed, but a hand on her shoulder stopped her. “Not there.” Adora commanded. She steered Catra to stand in front of her, and placed a hand on top of Catra’s head. “Here.” Adora gently pushed Catra down, until she was kneeling at Adora’s feet. “Good girl.”

Catra blushed and squirmed. “So that’s how it is.” She teased as she watched Adora step out of her pants and into the leather

harness.

"What? I thought it was cute when I'm pushy." She smirked. "Now," she wrapped her hand around the back of Catra's head, "why don't you get this nice and wet for us?" She laid the strap over Catra's face.

Catra tried to move to look for the lube, but Adora's grip on the back of her head didn't waver. Oh! So *that* was her game. Catra licked her lips and lifted herself up, giving the underside of Adora's strap a long lick as she made her way to its tip. Catra wrapped her lips around the end of Adora's 'cock' and slid down, gagging slightly as it hit the back of her throat.

"Good girl." Adora cooed, making Catra hum in delight. "Good girl. Can you go a little deeper?"

Catra pulled back a bit, bobbing her head on the dildo, every time it brushed the back of her throat she tried a little harder not to gag, but *fuck* it wasn't easy! Catra could see Adora's slick starting to drip down her thighs behind the harness, and she was fairly certain that her own panties were absolutely *ruined.* Adora was getting turned on by this! And Catra wasn't about to pass up an opportunity to rile her up even more!

Catra took one last deep breath and pushed herself all the way down Adora's strap, pressing her nose into the now warm leather of the harness. She looked up at Adora, seeing the sparkle in those big blue eyes of hers. If she had room in her mouth, Catra would smirk.

“Good girl.” Adora repeated breathily. “ *Fuck* that’s hot!” She gently caressed Catra’s cheek, and tenderly ruffled her ears. “Tap out if it’s too much.” She said, before taking a two handed grip on Catra’s head, and starting to move her hips. Adora fucked Catra’s face wirh shallow thrusts, starting slow, but quickly picking up speed. Catra held on through the face-fucking for as long as she could, but she only lasted a minute or so before she had to tap out. As soon as she did, Adora quickly but carefully pulled out of her throat, long strands of sticky spit still connecting Catra’s mouth to the strap.

“You there, Catra?”

Catra hummed a response that *might* have been words, and nodded.

“What color is your sweater?” Adora asked.

“Green.” Catra purred.

“Okay.” Adora lifted Catra off the floor and gently placed her on the bed, before peeling her soaked panties off. Catra moved to complete her nudity by stripping off her sweater, but Adora stopped her. “Keep it on. It’s cute.” She smirked. “And one more thing. Wrists!”

All the defiance had been pretty effectively fucked out of Catra already, so she demurely presented her wrists for Adora. She quickly grabbed a coil of rope from the nightstand and tied Catra's wrists together, firmly but not too tight, and then tied her wrists to one of the attachment points on the head of the bed, forcing Catra's arms above her head.

Adora hooked her hands under Catra's knees and pushed them up to her shoulders, easily bending the flexible woman in half, before Adora aligned her strap with Catra's entrance and slowly pushed in.

Catra moaned as she felt herself being stretched around Adora's dildo, it was thicker than the one she and Adora usually used, and Catra was *loving* it! She wrapped her legs around Adora's back, but Adora took hold of her ankles and pinned them above her head. "Those stay there." She commanded. "Unless you want me to tie those too!"

"Fuck!" Catra gasped. "Fuck me already!" She begged.

"As you wish." Adora started pounding Catra into the mattress, clearly as worked up from Catra's blowjob as Catra was. She was fast and rough, and Catra almost cried from how good it was!

Catra screamed Adora's name and strained against the ropes, to little effect, Adora's knots were always *very* secure. Adora leaned down to kiss her, and that was enough to push Catra over the edge, crying out Adora's name once again as she came!

Adora slowed down, but didn't stop. She kept going at a languid pace as Catra coasted down from her orgasm, waiting for her to catch her breath. "Having fun?" She teased. Catra babbled out an answer, but Adora brushed it aside. "Well, we're just getting started!" She reached down and hit a button on the harness, and the dildo inside Catra suddenly burst to life! Catra arched her back as the vibration drowned her in pleasure! "Fuck!" Adora sighed. "That's stronger than I thought."

Adora took Catra's thighs in her hands and sped up her thrusting, pounding Catra with that vibrating dildo. The pleasure was absolutely overwhelming! Catra worried she was going to get lost in it! It rose and rose until the pleasure was more like pain! Catra strained against her bonds as panic started to grip her heart, "Red!" Catra gasped. "Adora! Red!!" Immediately the toy stopped vibrating and Adora pulled out.

"Are you alright?!" Adora asked, cutting the ropes and freeing Catra. "Are you hurt?!"

"Too much." Catra panted. " *Way* too much sensation."

"Okay. What do you need, love?"

"Water." Catra gasped between breaths.

“Okay.” She stood up from the bed. “Don’t worry, I’ll be right back.” Adora darted off to the kitchen and returned in a blink with an ice cold bottle of water. “Here. Would a hug help, or would that be too much stimulation?”

“Want cuddles.” Catra managed. The cold water did a lot to bring her head back together, but she still needed time to cool off.

Adora grabbed the blanket and wrapped it around in them both, before holding Catra close and laying them both on the bed. “I probably should’ve tested that thing a bit before we jumped right in to using it.” Adora stroked Catra’s hair. “Sorry.”

“It’s okay.” Catra hummed, still a bit out of it.

“We can do more testing later.” Adora said. “Do you want to be done for tonight?”

Catra shook her head. “Not yet.” Catra finished her water bottle and tossed it into the garbage can on the other side of the room. “Don’t think you can get rid of me so easily.” She snarked. “Or are you just getting tired?”

Adora let out a sigh of relief, “Oh good, you’re okay.” She matched Catra’s smirk. “So, are you going to behave?”

“Hmmmm… now there’s a question.” Catra purred. Adora didn’t wait for her answer, as she pulled Catra back into a hug, and presented her with a fresh rope.

“Feel like behaving now?” Adora whispered in her ear, her intentions clear.

“Make me.” Catra replied, eager for more bondage.

Adora took her arms and gently pulled them behind her back, “Hmmm… are you feeling a reverse prayer? No, no, an armbinder would be sexier.” Adora muttered to herself. “Sweater off.”

Catra finally stripped fully naked, before Adora pulled her arms behind her back, tying her elbows together and continuing the tie down to her wrists. Catra was immortalized with her chest thrust forward for Adora’s inspection.

Adora took more time than usual checking her knots, making extra sure it was as comfortable as it was secure. Satisfied with her work, she sat behind Catra and pulled the bound woman into her chest. “Here. More cuddles for you, kitten.”

“No fair!” Catra pouted. “I can’t hug you back!” She wiggled in her restraints for emphasis.

Adora stopped her squirming by placing one strong hand on Catra's chest, dangerously close to groping her tits, and the other on her thigh, and Catra immediately spread her legs for Adora. "You don't think it'll be *that* easy to push me around, do you?" Catra teased as she pressed her chest into Adora's hand, "You're gonna have to try harder to dom *me!"* Catra gently stroked Adora's cheek with her tail.

Adora didn't say a thing, she just stared groping the tits that Catra was pressing into her hand, while gently stroking Catra's outer lips, "Fuck!" Catra sighed. "Is… is that all you got?"

"Yep." Adora smirked. "Mouthy little brats get teased." She spread Catra's lower lips, "Good girls who behave get rewards. Are you going to be a good girl?"

Catra gasped and squirmed, trying to maneuver herself into Adora's hands, before gasping out "I'll behave! I will, just *please* touch me more!"

"Was that so hard?" Adora teased as she gently circled Catra's clit. "Now, be a good girl, and thank me." Adora smirked.

"Thank you!" Catra gasped. "Thank you so much!" She moaned loudly as Adora pinched her nipple sharply.

"Thank me for what?" Adora teased. "Be specific, kitten."

Catra gasped for breath, and Adora leaned in to whisper, secret and subtle, “What color are the sheets?”

“Green.” Catra replied, and Adora nodded and returned to her previous position.

“Well, get to it, kitten. Thank me properly.” She lightly flicked Catra’s nipple.

Adora’s fingers were making it *very* hard for Catra to think! The one teasing and rubbing her clit was driving her to orgasm at an alarming pace! “Thank you for tying me up!” Catra gasped, and was rewarded with Adora *finally* sliding a finger inside. Catra thought she could cry for how good it felt! “Thank you for groping me!” Catra bucked her hips into Adora’s hand, “Thank you for fingering me!” Without warning, Adora bit into Catra’s neck, sucking *hard.* “Oh fuck! I’m!” Catra tensed up as her orgasm washed over her, when it passed she sank into Adora’s arms, completely spent. “Thank you for making me cum.”

“Good girl.” Adora praised Catra as she undid her tie. “You did *exactly* what I asked, you’re *such* a good girl.” Catra purred under Adora’s attention as Adora gently lowered the two of them to the mattress. “Comfy?”

“Hungry.” Catra mumbled as she settled into the pillows.

“I can grab us a snack, be right ba-“ Adora tried to stand, but Catra didn’t want to let go. “Alright.” Adora smiled and picked Catra up. Catra wrapped herself around Adora, with her legs fixed around Adora’s waist and her arms clinging to her shoulders. Catra was pretty much supporting herself, but Adora held her with one arm anyway. “But I can’t cook like this.”

“Don’t care.” Catra replied. “I’m not letting go.”

Adora just laughed. “Come on, let’s find something to eat.” She kissed Catra and carried her off.

“Adora.” Catra mumbled, tired both from the rough sex and the hectic day that preceded it. “Love you.”

“I love you too.” Adora smiled sweetly.
