Summary

Catra and Entrapta are horny idiots for one another and kinda go in on a master/pet relationship.

Pet Play

Chapter Notes

> No sex this chapter, just horny idiots getting their shit together for once.

And it had almost been a normal week too.

"Question: are you a therian?"

"Ex-excUSE mE!?"

"You are excused! I'm not sure what for, but that's okay. Before you leave though, can you tell me if you're a therian?"

Catra is going to die. Right here. Right now. Self combustion. Jesus fucking Christ. She has never been this embarrassed in her life and that is really saying something considering the dumpster fire **that** has always been.

"Oh, sorry!" Entrapta genuinely looks apologetic and nervous as she taps her fingers together. "Is that insensitive to ask? Shoot, I shoulda done more research first."

How is this whole exchange making her horny? *Please don't let it be the uWu-ness, PLEASE don't let it be the uWu-ness!! Just be humiliation like a normal fucking person! …wait*. She needs to not be thinking right now.

"No, I mean, I don't think it is, like, sensitive, but, uh, just, like… unexpected." Yup. That was a whole series of words Catra is decently sure didn't make any sense. Fine, she would allow herself to do a tiny bit of thinking. "Okay, so, I guess technically? Yeah but I don't like, ID that way. I don't think I'm actually a fucking cat right now. But…the, uh-" This is the worst decision she's made since her last worst decision. "-connection? A-hem, the connection to cats is very…yup. And maybe I was one before."

So much for never telling anyone anything from her fortune reading sent from some deity or mystical being several years ago. Madam Razz should've been a crackpot but for $100 she told Catra about her past life as a warrior cat woman, then accurately picked apart her whole life to that point before making some predictions about the future that have either been horribly accurate or disturbingly accurate after a brief period of thinking it was all bumpkis. Oh well, Catra's brain doesn't have much function around Entrapta anymore besides behaving like a cartoon wolf going hubba-hubba awooga awooga, so, par for the course.

It's just too bad that whatever latent semi-attraction Entrapta's had for her is certainly dead now. Like, this is the sort of information that can't be unknown. Catra hates to say it's been a good run, but it has been. Maybe she should finally fake her death and try to move to another country? That always sounded like a nice way to be murdered as an idiot tourist and wind up on true crime shows for the next ten years. Well. Maybe five. Ten's extensive for a basic bitch case like that.

Entrapta, however, has never enjoyed fulfilling expectations. Instead her eyes light up like she's seeing new tech for the first time, and she claps her hands while squealing, "That is so interesting! And cute!"

"Not cute! I was a warrior!" They both pause before Catra hisses.

"You know, I can see that." Entrapta nods. "That's just so cool though, I wish I was a cat warrior in a past life. Instead I was just Jan de Witte."

What was her life- "Who's Jan de-"

"Don't worry about it. Do you remember anything from being a cat? Did you have claws that could slice through metal?? Did you have giant cute fluffy ears??? Did you still have mommy issues???? WERE YOU FURRY ALL OVER!?!?!??!"

Catra has been forced by some invisible force to stand stock still as Entrapta mimed out various things with her hands, drawing closer and closer until she literally screamed in Catra's face while patting her stomach under her shirt as if she'd find soft luxurious fur there instead of a course and patchy treasure trail.

"Oh wow, you're still furry now! Is that because you were a cat!? **Can I be a cat with you next time**!?!?!"

Their noses are literally pressed together. Entrapta's are an indistinguishable blob of colors. Catra can smell the sour candies Entrapta ate earlier. They are breathing in the same air. See, ***this*** was a totally normal situation to be horny about! Why couldn't she have gotten her hard on during this part only instead of the whole humiliation thing she was never ever going to unpack ever. Entrapta's tits press more firmly into her own and Catra is basically living for this now.

Wow.

"Awwwww, nuts!" Entrapta mumbles, pulling back a little with a thoughtful frown. *Totally normal to be thinking about ball sacks right now, don't worry about it, she said nuts, this is- this whole thing is normal.* "On second thought I don't think I can be a cat with you, claws, color blindness, and a tail sound like safety hazards in a lab. I'm sure I'd come up with alternative measures and accommodations but what if those aren't invented yet and then it takes more time for me to have access? Hmmmm, I'll have to think about that some more. But you promise I can make measurements and study you though, right? Maybe get some claw casings, pet you all over, test your bite strength, give you kisses on your ears, all the goods right?"

What, and this could not be stated firmly enough, the fuck was her life?

Wait.

"P-pet me all over and kiss me???"

Big oof, way to sound not desperate and instead super cool.

“Yeah! I mean, I could do that now with you too but you know.”

“Uh, yeah, I mean, you totally could. I’m down for that. Yup.” Aw. The humiliation horny again. Hmmmmm. Okay, fine, maybe she’d spend some time unpacking that. “Please forget I said any of that.”

“I mean, okay, but that means I’m not gonna touch you and kiss you either.”

“.....I am rescinding my request, but I want it noted that it’s under duress.”

Entrapta’s smirk has no right to be that hot. “Sure.”

“Aaaand you planned this. How did you-” Hang on a minute. “Wait, you’ve never liked the touchy touchy before.”

Entrapta tilts her head in confusion before nodding slowly. “I can see why you’d think that. I dunno, sex is weird and my feelings on it shift a lot. Not sure if I’m asexual or just some weird version of stone, maybe a service top? Hard to explain, but that makes it wonderful in its own way! I don’t want to be touched, but I don’t mind touching on special occasions.”

“And this is a special occasion?” Catra slowly looks around Entrapta’s living room as if Scorpia is going to jump out from behind the giant flat screen and scream surprise while holding a cake. This is about as not special as it gets. They’re literally just hanging out like they normally do, the only difference actually is that Scorpia is missing because she double booked super pal trio time with spouse time. Happy wife, happy life and all that jazz.

“Well, duh!” The worst part is Entrapta isn’t looking at her like she’s any kind of particularly stupid pet and Catra kinda wishes she was. Ugh, she’s ruined now. “I don’t think I’ve ever gotten you alone in here when I’m not in refractory and also just wanting to sleep!”

“That’s not…huh.”

Yeah, turned out Catra spending extra time on leg day after she drove Entrapta home that one time had either been prophetic or was being rewarded. She still wasn’t sure which, but she’d done a lot of hauling Entrpta’s heavy ass around, including up the stairs to her home. She’s still proud that she only absentmindedly kissed the top of Entrapta’s head once when tucking her into bed, and perhaps she should be less proud about it but fuck that noise.

“Exactly! Anyhow, I made some huge assumptions leading up to this and realized I needed to clarify a few things with you before the petting thing. So, and this might be rude, as a therian are you into any pet play? Or is that a stereotype that I don’t know of? I really tried to come in mostly blind to this so we could share a new experience together!”

UHHHHHHHHHHHHHH-

“Uhhhhhhhhhhh- I don’t- uhm, that is to say, I’m not sure that’s related?” Oh that’s the squeaky voice now. Great. As Entrapta only continued to give her undivided attention, Catra is pretty sure she’s going to die before the new experience can even commence properly. *With petting! And kisses! Shut up, brain*. “But, uh, yeah? I guess??”

“That. Is. Excellent news! The return period on the collars already ran out, so hopefully you like one of them.”

CollarS. With an S. Plural. Multiple so she can choose her own.

Hubba-hubba? She reflexively swipes at her chin for drool and is pleased there is none. *Hard yes on the pet play.*

“C-cool, and yeah turns out I am definitely into pet play.”

“EVEN BETTER! Hang on, I’ll go get them!”

There’s a crash and a bang and Catra swears she doesn’t blink but somehow Entrapta is already cackling away in another room.

Probably relieved that her ballsy ass bullshit works on someone. *Testicles again, huh?* "Oh my god, shut up!" Catra hisses to herself and is almost instantly assaulted by an arm covered in several collars.

There's a black pleather one, a red nylon one, a thin metal one, one made of chain, a pink one with frills, and finally a blue one with a white bow and bell.

And she has to choose ONE!? Man, sometimes life is unfair. No, wait, she can't return any of them! Fucking **score** , sometimes life does break right!

"Ever worn one before?" Entrapta asks, waving a hand in front of her face to get her attention, which Catra is going to pretend has nothing to do with her being distracted.

"Yes. Well, I mean…" When she was real little, she'd had an old, fart filled pit bull named Pibble. Pibble was supposed to be an attack dog but was really a pile of mush, an absolute muppet of a guard dog that did a better job raising her than her own mother. When Pibble passed Catra had kept his collar and hid it. Several years later she'd put it on to feel closer to him. Cat to dog, ya know? It hadn't been a sexual awakening or anything like that, she just liked the security and safety it brought and the closeness she felt with him. But that felt like something no one would believe considering what a fucking freak she is, especially considering how little sex she's actually had in her life due to said being a total fucking freak. "It's been a long time. But yes."

"Mm'kay, so you can't wear it too long then, don't want to hurt your neck and all."

She once slept in that damn thing. Put her in coach, she could do it! "It hasn't been that-"

"Bad kitty!" Entrapta said it without any firmness but Catra's mouth still snapped shut. "Don't make me get the spray bottle. I will!"

“.....I’m not sure that’s part of pet play???”

Then again most pet play Catra saw was pups. Hmm. Maybe it was?

Entrapta’s response was a huff. “Seriously? That’s where you wanna draw the line? I mean, I can! It’s not a problem, just surprised is all.”

So Catra ignores that for both their sakes at the moment, instead refocusing on the collars. Yeah, the nylon one is tempting right now but blue bell is calling her name. If she’s going to be a pet cat now, she’s going full spoiled house cat and finally going to fulfill a dream she figured would require reincarnation.

“Nice choice!” Entrapta’s voice slips a little too easily into a huskier range. Oh boy. “Shirt off first.”

“Eep!” Catra squeaks a little but carefully peels off her shirt.

“Jeans and socks if you’re comfortable with it. You’re wearing underwear, right?” Entrapta barely waits for her to nod before haphazardly throwing the rejected collars aside. “Great! Come here when you’re done.”

Is she comfortable with that? Catra has pictured having sex with Entrapta way too much to be healthy, and it usually features clothing on. *Pets you idiot, pets!* Off they go and she manages to bluster just enough false confidence to pretend this doesn’t make her knees shake with nerves. It’s fine. This is fine.

“You are being such a brave little cat.” Entrapta praises as Catra finishes slinking over, and she flushes a little bit with pride at that. Nice to be recognized. “Okay, I’m gonna put this on now, so put two fingers against your neck.” It’s an awkward bit of maneuvering as Entrapta fails to latch it correctly the first time and then spins it backwards to get on before gently turning it forward again. The material is soft against her throat and the bell jingles merrily the whole time, and Catra is feeling great thanks for asking.

Finished with her task, Entrapta admires her for a moment with an indulgent grin before jumping onto the couch with a bounce and patting her lap. “Lay down with me?”

“Sure, sounds good.” Is she supposed to be speaking? She has no idea how far this is going. It’s only as she’s shifting on the couch herself to get her head in Entrapta’s lap that Catra realizes she’s wearing her bright blue boxer briefs with bananas all over them. So much for ‘I feel like shit so I better wear the funny ones because when I remember it’ll make me laugh’ being a good idea. Oops. “I-it’s laundry day tomorrow.”

Entrapta’s smile would almost seem genuine if her eyebrows didn’t wiggle like that. “Sure. Comfy? Great! I'm going to pet you now.”

And wow! Wow, wow, wow!

Catra is just melting into the attention. Entrapta’s hands move so out of sync that it feels intentional, her left moves to gently scratch at her temple and the right does those full long body strokes. It’s both a blazing trail and sweet warmth as fingers slide from her throat down her chest, down her stomach, and stop at her waistband. It’s charged but it’s not. It’s sexy but it’s soothing. Her body would be at war with itself if it wasn’t so relaxing. Turns out pets are the best thing in the world, are there people who don’t like pets?? Idiots!

Huh.

“Never thought I’d like someone touching my body hair.” Catra notes that her voice sounds a little far away and cannot care about it. “Used t’ hate it.”

“I’m sorry you felt that way,” Entrapta whispers, her fingers wiggling a little this time, “I think it’s really neat.”

Catra grins to herself as her eyes slip shut, “You think everything different is neat.”

“Yeah, cause it’s all interesting! Normal things are boring. They’re always like that. But unique things? It’s just so cool!” There’s a slight pause on the pets before Entraptas says, “I’m gonna kiss your forehead.”

“Huh?” Catra mumbles only half alert as Entrapta quickly kisses her forehead leaving a cold somewhat damp spot where her lips touched. Hmm. “Why’re you wearing chapstick?”

“I figured you wouldn’t appreciate chapped lips. They seem very rough to go anywhere sensitive. Do you like it? It's root beer flavored!!”

“Scented.”

“Pfft!” Entrapta scoffs. “Only if you’re a coward.”

Catra laughs and the fingers on her stomach tickle a little as they bounce.

“You are very pretty when you smile.” Entrapta informs her the same way Catra thinks she would deliver the most important information in the world. Instead of some life altering event, post apocalyptic admittance, or hollywood a-ha moment though, it’s to make this observation.

It’s still Catra’s turn to scoff, slitting her eyes open just enough to shoot a deadpan look up at her. “Right. EEP!”

Instead of continuing to stroke down her chest, Entrapta grabbed a couple hairs to give a small yank to. “I’m still serious about that spray bottle, it’s just out of reach right now and I am pretty sure the joke is you are legally required to stay sitting when there’s a cat in your lap, but also I’m just telling you the truth. So don’t be mean about it! My kitty is the prettiest kitty, and I like when she smiles.”

Pretty is not really a Catra descriptor when people see her body. She’s been told (way too often by way too many liars and/or deluded idiots) that she’s cute when she’s covered up or recently

shaved or waxed or plucked, whatever it is she's tortured herself with. Half the reason she's had so little sex is because being cute or even hot in a bitchy way from the neck up does not usually line up well with people for the rest of her. Hair in weird places with weird coarseness, tits so small they're non-existent, clit so big that half the time she thinks of it as her dick- like bodies are weird and varied but hers is supremely weird. Not pretty.

"Okay, well, you're a weirdo then. OW! Dude, what the fuck!?"

This time it was a firmer hair pull on her stomach. That shit hurted!

"What did I just tell you? …maybe I should invest in impact play gear? I figured we'd mostly just be snuggly with pets and sometimes I can brush your hair or something, but I'd absolutely figure out how to use a crop right now if I had one."

Whoops, that's a boner for sure right there. A quick glance down shows the world's tiniest tent. Well. Damn.

"...yeah I can work with that." Entrapta mumbles as her finger tips brush along the yellow band of her boxers and go no further even if her eyes are clearly looking.

Fuck's sake, does she have to do everything around here? Catra tries to speak casual and confident and is pretty sure she managed better than a nervous chihuahua. "You can touch me there too, if- uh, you know, you want."

Entrapta hums, her fingers tap, and then she returns to stroking from Catra's neck down. "Good to know." So Catra tries to relax again and let her work, and it almost does until her fingers unexpectedly stray further down and for just a moment her sex is being cupped in a firm warm hand.

Catra gasps and jerks, hips stuttering for a moment before the hand retreats.

Entrapta's face is pure faux innocence and her voice is dripping with evil as she says, "I think I'd rather watch you touch yourself if that's what you want. I just want to pet my pretty, sweet girl. I bet you look even more beautiful like that though."

Her brain short circuits and Catra is vaguely aware that her eyeballs must have turned into a slot machine showing all bells or something because Entrapta snorts and giggles at whatever face she's making.

God she wants that!

And also that's just…

"Or we can just enjoy this too." Entrapta's hand has wandered from her temple to a gentle scratch around the back of her ear. "We have time for more later."

More! Later there's more! Wowie!

Catra, for no reason whatsoever, has decided to try and die peacefully here in her sleep. No reason. None.

Chapter Notes

See the end of the chapter for notes

Catra already knew this little fact about herself, but she decides to mentally highlight it and underline it a few times. She is smart and sexy and suave as hell, but when it comes to Entrapta she is just the dumbest cocky motherfucker you've ever met. She's making some sort of stupid sound right now in fact, caught between a whine and a curse as her hips rock of their own accord. The vibrator was supposed to just help distract her during the very long process of being tied up, but Entrapta is being a perfectionist about the ropes and Catra has lost her ability to speak at some point along the line. Entrapta probably planned this honestly. Catra swallows roughly, the metal of the collar digging into her neck and that only makes her moan again.

"Almost there!" Entrapta whispers, distracted sounding as if Catra is an afterthought and that's honestly so fucking hot, what the fuck, why is that so fucking hot?

Her hips jerk, and the plug in her ass sends out a signal to the vibrator turning it off. Again.

Riiiight, I'm a fucking MASOCHIST now apparently!

Entrapta had called the world's most evil torture device the No Orgasm Prototype Electric, or the N.O.P.E., which she had presented complete with jazz hands and too proud of a smile at how Catra had groaned in pain at the name. This was the original and having already passed Entrapta's quality assurance tests she

was starting to make the first few kits to sell to other people. The demand, she'd assured, was quite high!

And, this could not be understated, Catra had thought it would be fun to use again after all of that testing. For this. …Yeah, that "distraction" had turned into the world's longest edging session.

And Catra had asked for it.

God, she is stupid when it comes to Entrapta.

"And done!" Entrapta cheers as she plucks the last rope to double check its tension. "You haven't come yet, right?"

No, Entrapta, she wants to say, *I have not fucking come yet can you please get on that????* "NNNgggggghhhhhhhh-EAAAAaa!!!!!" Is what actually comes out.

"Perfect!"

Was it? Was it really?

She wiggles her hips with what is absolutely not desperation and is rewarded as the vibrator clicks back on.
"FFFFFAAAAaaahhhHHHHH!"

Entrapta brushes past her which makes her sway, the ropes creaking slightly as she is jostled, and Catra just knows it was on purpose. This is definitely not their first rodeo, and she's pretty sure she should get a punch card for how often she's managed decent suspension time. Some sort of free pets or orgasm for being a good girl deal. Maybe she should bring it up? *Why do you want to bring marketing into the bedroom?* There's no good answer to that. She twitches as Entrapta finishes hoisting her fully up into the pose so she can-

Catra blinks as the camera flashes and if she wasn't already inverted she'd be blushing all the same.

She’s not sure what the name of this particular position is. Entrapta told her but she’s kinda forgotten at this point. Her legs are tied ankle to thigh, forced apart to expose her like a frog tie, the ropes around her chest are in a box tie keeping her hands clasping at her elbows. Her left knee is pointed up towards the ceiling and she’s hanging low enough that her hair rests on the ground. Honestly, she feels much more supported than she thought she would which is great because now all her brain wants to focus on is how degrading this feels. You know, like any one would enjoy. Jesus fuck.

The camera snaps a second time without the flash and Entrapta compares the two photos.

It is somehow just as embarrassing as she’d thought it would be to be fully clothed as she starts to shake, her whimpering must be extra pathetic because Entrapta’s head whips up with wide eyed excitement. She finally, finally flicks the off switch for her devious sex toy and the wonderful vibrations don’t stop this time. The camera lifts and starts to snap over and over as the buzzing wand pressed firmly to Catra’s center works away. She tries to jerk her hips like that would dislodge it and then her mouth drops open in a silent scream. The orgasm feels intensely concentrated between her legs, her clit pounds away in time with her heart as she gasps and squeaks and groans. Fire and lightning from the soles of her feet that crackle up into her chest until she can’t breathe. She can feel that she’s soaked through her underwear, but Catra can only wonder if she’s soaked through her pants too. Hard to know at this angle but she was laying on the floor for the most part earlier, so, probably. She’s definitely sweating a ring around her neck and through the pits of her shirt. So that’s gonna suck on the way home.

There is no aftershock as the vibrator keeps buzzing away, simply launching her into some other plain of existence where she can speak again. “AH FUCK!”

“Good girl,” Entrapta praises as she continues to move about, drawing close to get a picture of her red, sweaty face before

focusing the lens on her crotch.

Catra must sound like the world's worst singer. All vowels, pitching up and down, as she hisses and moans.

Yeah, she's an idiot and she told Entrapta that this was something she daydreamed about. And when she was this dedicated to it, well, sometimes reality was hotter than fiction. This is exactly **why** she told Entrapta about this in detail.

"Are you gonna come again?" Entrapta asks, bubbly but almost clinically and it makes her writhe. "Excellent!" She skips away, whirling around with too much flair on purpose, smirking as Catra glares at her and she flicks something on the camera. "Great, I'm recording a video now!"

Her eyes bug out a little at that but there's little she can do about it now. "NRGH!!! Fu-SHIIIIIIIIT!" Her whole body trembles and tries to snap shut as she comes, this time she can feel some cum dripping on her leg, rolling up into the wet mess of curls that feels soaked through as she ruts mindlessly against the toy. It's too much! It's- oh fuck she wants it to never end and needs it to be over! Her head is *pounding* and being upside down this long- She knows Entrapta will put the camera down any moment now to lower her and start taking her out of it. She loves suspension, but inverse isn't something she can handle for long at all.

Catra still wants to come a third time.

Sure enough the camera is placed down on the table and Catra is lowered just enough that her top half is laying on the ground letting her head spin as her heart pounds away on what feels like the outside of her ribcage.

Catra does manage to notice two key things though:

1. The camera is still facing her and recording
2. Entrapta has undone her own belt and is now reaching into the toy box

"OOhhh!?" Catra says instead of asking what the fuck she thought she was doing I am dying jail for Mistress for ten thousand years. *Don't call her mistress, that'll go right to her head!*

Entrapta grabs her lush and doesn't bother with anything else before she slips it into her pants, the front of them bulge and Catra stares intently like she'll be able to see her slip it inside her pussy. The buzzing between her legs becomes almost secondary as Entrapta moans and begins to furiously work herself over. She has to be rubbing her clit. Catra whines and pitifully watches, wishing that she was ever allowed to touch. God she'd kill if she could be Entrapta's foot rest again, watching her fuck herself from only a foot away from the end of the dildo. She doesn't think Entrapta would ever fuck her face, but a man can dream very heartily from that distance!

Catra squeals as she comes, eyes screwing shut with the force of it and suddenly the buzzing stops. The rest of her touches down on the floor gently, Entrapta's bare hand sips under her cheek to cushion it against the floor, wet fingers stroking along Catra's sideburn to make sure she's okay coming down and to distract as she pulls the plug out. The point is fingers by face. Yum. *And the award for greatest showing of willpower goes to, me.* She doesn't lick by an act of god, but she'll make sure to thank Entrapta when she accepts the award.

She's hazy the whole time that Entrapta unties her and gets her clothes half sorted, barely put together when she pushes up onto her hands and knees with some guidance to make sure she won't collapse. Oh yeah. She's soaked through just about everything at this point. Catra slurs, "Oh fuck."

"Oh good, you're back!" Entrapta is once again touching herself, smiling as Catra watches her from the floor. This is a great angle, this is nice, she could watch this forever- "I was worried you were gonna miss the bus."

The bus?

Oh fuck her whole life, the fucking bus!

Catra stumbles to her feet, fumbling her wallet and keys back into her pockets and grabbing the gatorade Entrapta left out for her as she somehow goes more red than she was before. Again, she's an idiot and **told Entrapta** about something that really should've been in fantasy land.

Entrapta sounds far too smug and pleased as she cackles, "Have fun, take photos when you get home!"

Have fun. Fuck her! ……..she will though.

The first leg of her return trip is filled with horror and shame as some random dude straight up wolf whistles at her and an old woman glares on the first bus. Yup. Everyone can definitely tell she' got fucked good. The walk after barely helps and the second bus ride is at least mostly empty. So some serious side eye from the driver is actually an improvement. She flops into a seat in the back so he can't hear the quiet squishing sound as she does so.

But Entrapta has to win at everything in life, so when she finally gets home and pics up her cell to send Entrapta a few pictures as promised, she's met first with a slew of lewd photos from the photo shoot and then a full frontal nudity shot of Entrapta sitting with her legs spread wide open showing off her well fucked pussy and the used dildo next to it.

Attached to that final picture is the message:

If you're a good boy I'll let you lick it clean next time.

I am the goodest boy, I am such a fucking good boy that even Adora is ashamed of it. Catra thinks to himself, quickly snapping a few probably blurry photos of himself fully clothed in the mirror with how bad he is shaking. *Jesus fuck, I am the best boy!*

Look, when Catra wants to be pampered and maybe a little bratty, she is all about that cat life. When he wants to be a very good boy

who is fucking used up and drained bone dry…well, dogs are good for some things.

His phone vibrates with one more message:

Good pup 🐶🐶

How is he so horny for this bullshit?

> The NoGasm just feels like something Entrapta would invent, ya know?

The Goodest Boy

Chapter Summary

> Catra enjoys some gender and an ass pounding because he is a goodest boy even when he's been a bad boy. Any near death religious experiences and lectures on chemical structures are complimentary.
>
> A very happy and belated b-day to Entrapta!

Chapter Notes

> So I got into my master's degree program, yay! But I was let in a week late due to electronic and software tomfuckery delaying everything, boo! So I ended up completely missing the self imposed posting deadline which would've coincided perfectly for Entrapta's b-day. Major boo!
>
> But hey, we're here now baby!
>
> I mentioned it a little at the end of last chapter, but Catra is going to enjoy his gender fluidity so if that's something you aren't about this is not the chapter for you. :)

God he is bored to fucking tears.

Okay, not that far yet. But still bored! He’s been kneeling here for the last hour. Harnessed up in a bodysuit and everything. Besides running through some basic commands and letting him rut against her boot for a few minutes, Entrapta has all but ignored him. The occasional head pat given. Twice he got the command to touch himself, and twice he was told to stop. The heat has cooled into a seriously uncomfortable and cold wet patch.

He whimpers sadly and his back fucking hurts from sitting up straight for so long. *Please at least let me jack off again, fucking*

use me somehow!

"Aww, it's okay buddy." Entrapta mumbles as she works, testing the newly assembled self-thrusting dildo before starting to package it up. But it does come with one hand drifting over to ruffle his hair and scratch under his chin and that's attention so he'll take it.

Cause, yeah, as he'd expected she quit her tech job to make sex toys. Way more lucrative apparently, and also she knew if she asked for it back Catra would give it to her in a heartbeat. Bow is doing a great job learning Entrapta's systems and making them usable by the general techsavy population. It's just not the same.

He can't believe that he misses the days he'd catch Entrapta jilling in a back room. Jesus Christ.

He whines again, aiming for a more tangible or actionable pity and finally gives up, melting to rest his chin on the desk to make eyes up at her. *Take the hint Entrapta. I'm begging you. This is starting to not be sexy anymore. I am dying over here, and I'm being good and not talking like you said so fucking Help Me Out Here!*

"Well lucky for you, I'm now done." Entrapta is smirking and Catra has the distinct feeling he somehow played right into her hands.

Her evil sexy mad scientist hands.

Entrapta hops up to her feet, snapping her fingers and pointing down and he flushes bright red at it. That is a heel command if he ever saw one, and he is so fucking deranged that somehow that's a turn on. He scrambles to crawl next to her as she walks them across the room and pats the top of the black fucking machine, making the stupid pink dog dong on it wobble. Catra swallows hard, already putting two and two together. "Plug it in."

" Fuuuck . " He softly hisses, doesn't mean to but holy shit! Holy shit! He's barely finished following the order when he realizes he spoke at all. Maybe she didn't hear? He decides to continue being

an idiot and hope. That almost goes out the window when he turns to look for more instructions and has to cough instead of snort.

Entrapta is trying so hard to keep her evil mean sexy persona up but she is wiggling with excitement now, and it really comes across as more repressed dork. She shakes her hands out and hums as she does a little twirl. "OKAY! Get your ass prepped and get it in you before I get back, I will be right right back!"

Well fuck.

He fumbles the zipper on the body suit and is only now understanding why Entrapta tried to get him to wear that stupid tail butt plug earlier. Could've made his life easier but that just wouldn't be him, would it? *Stupid, get the good lube!* Right. He glances at the door and makes a dash on two feet to grab the little tub of "grease" before scampering back. It's decently quick work to get one finger in then two, he's still trying to relax more on the third finger when Entrapta waltzes back in.

Oh fucking hot shit damn!

Her hair has been pulled into a single tight ponytail to hang down her back, allowing the top she's wearing to feature beautifully. It's two leather sides held together with laces across her front, and the effect is Catra gets to drool over the best side boob he's ever seen and her fuzzy tummy. It cuts off just at the swell of her hips leaving her exposed to his hyper focused stare. *Please let me sniff you, I want to snuffle down there so bad, even just your panties, fucking hell!* He almost misses the thigh high stockings and garters which would accentuate her legs perfectly if not for her regular work boots still being on.

He snorts at the sight and Entrapta rolls her eyes. "They're comfortable! And I didn't say to stop prepping that ass."

Well, no she didn't, did she? Nice, nice, nice.

He keeps at it until his shoulder starts to ache and looks up with a hopeful whine.

"Okay, show me." Entrapta chuckles because apparently she didn't expect a face full of ass that fast, but that was her mistake honestly. There's the distinct snap of latex gloves before she pulls his cheeks apart using the suit to keep distance for just a moment, then three fingers slide in easily as he relaxes letting her in. "Good boy!" His hips twitch and Entrapta withdraws. "Okay get it in, go on, get it in!"

Ugh, does the stupid baby talk voice have to work? Is there no depraved depths he won't pop a boner for when it's Entrapta involved? *Probably not.* It's a fair assessment and he quickly gets himself impaled, the bulk of dildo is slimmer than three of Entrapta's fingers but if there's any speed on it tonight he'll be glad for the extra room from the bulge in the middle. Entrapta had called it a knot and Catra had scoffed with disdain and the misplacement of it. Which was a totally normal reaction. Shut up.

"Okay, now for the punishments!" Entrapta sounds absolutely pleased and if Catra had dog ears they would be flat against his head. "You didn't get it in before I came back, so that's one. I heard you on two feet, that's two. So I think we will keep this nice and tidy then."

He's not sure what that's supposed to mean until Entrapta loops the straps around his thighs. Being tied to the fucking machine means he can't force it out and it means she's going to keep it going deep the whole night. Catra decides to not mention that this doesn't seem like much of a punishment, and doubles down on that as she moves to clip his wrist cuffs onto his chest harness. The result leaves him half hunched over with his hands up in a begging position.

Again. Not really a punishment.

At least it isn't until she grabs the remote and starts the machine.

No thoughts, head empty.

He's being fucking at a painfully slow pace, the knot of the dildo stretching on the way in and out at such a glacial pace he irrationally fears it won't make it each time. It feels wonderful and terrible and yup, this is a punishment now for sure. He tries to wiggle his hips and whines when it changes nothing besides making Entrapta smirk down at him.

He's only suffered a few minutes before his already strained back starts to bitch about no longer being ramrod straight, and it makes him hunch further in with a groan of pain.

"Aww, let me help you puppy." Entrapta coos as she bounces to the toy board and chooses a strap, which makes him whimper harder and drool just a little bit. She saunters back and pulls her little work stool over to sit on in front of him, scooting forward just enough that the push of the machine presses the tip of the dildo past his lips. It's short, thank fuck, he can't stand gagging, but he gives it his all by pushing further down than the machine is forcing him.

He is going to give her the blow job of a lifetime. He can feel it in the way her wide smile has become fond as she watches him. "Suck on the way up." She is steady, confident. He hollows out for her and she gasps in delight. "There, that moves it better in me."

In her!?

Hot fucking damn!!!

This is so a reward, what the hell, she's actually letting him pleasure her even in this roundabout way? His eyes must be sparkling because she laughs at him and helps guide him up and down. The burn in his ass isn't easy to forget, but he can put it aside now in favor of giving the world's slowest and sloppiest head. His insides clench and walls pulse, his dick jumps when Entrapta groans into his hair. *Goodest boy.* He decides.

“Mmmm,” Entrapta hums as if in agreement and he’ll take it. “Ready for more?” Yes! She snickers and shakes her head through a soft moan. “C’mon, how do doggies show they’re excited?”

Oh come on! He pleads with his eyes but Entrapta only seems more amused. “Okay, well if you want to stay like this, then that’s-”

God this is humiliating, but he barks around her cock. Entrapta laughs at him, and he gives it another try. The arf sounds more like unf as he swallows her back down and works to not gag at the sensation, and when she doesn’t move he keeps it up. Yipping and yapping as best he can, wiggling his butt and moaning as the slow pumping in his ass barely moves.

“Gooood boy!” She waggles the remote as she turns the speed up. “Keep barking.”

“Arp, harf, UNF,” he whines and sucks as he’s pulled back, tries to rally on the way back down, “Arck! Huf! Hup! HUP!” God he sounds so fucking stupid right now, fucking hell. But the machine is getting faster. “Ruff! Hufp! Hup, HUp, hupupunf, UCK!” She doesn’t even ding his cursing, and the machine is still getting faster. Okay, so, maybe not a reward in the end? Still hot!

Catra looks up, trying to figure out when she’ll stop, but all she does with his pathetic sounds is making him bob faster on her cock. Dragging it in and out, and driving him wild as the dildo in his ass begins to really push and drag him thanks to the knot. Entrapta watches through barely slit eyes, keeping them open just enough to watch him bounce. Okay, he’s desperate enough to not care what he sounds like, fuck, he just wants to come already! Half meaning to and half unintentionally, he literally howls, “OoooOOOoooohhhhHHHAAAH!”

“Fuck!” Entrapta drops the remote and digs her hands into his hair, using it to help push and pull him with even more force as she starts to grind down hard against the base of the strap. Slobber rolls off his chin and soaks into the neck of his puppy suit.

This is a fucking wet dream made flesh and enacted by a goddess. He's not whipped by the way, it's hot! And- and- he moans as he watches with wide eyes. *Holy shit. Is she!?*

Entrapta gasps, hips rocking violently as she comes. All that hidden strength of hers comes into play holding him almost still on her, nose against the leather harness and chin pressed into her dripping folds. He's held so firmly that the machine feels like it's turning him inside out now instead of directing him. With Entrapt's hands on him, the smell of her, the sound of her, oh god he was gonna- Catra whined as he came, jerking hips only making the machine feel better. His whimpering and movement also makes Entrapta growl before she sets to work fucking his mouth in earnest. *Is this heaven? Did I die from boredom and go to heaven?*

"Gooooood boy! Oh good, good boy!"

Yes I am! Oh fuck! Fuck fuck fuck! Ah!

God he wants to come again, but even once through ass play was something of a miracle. His pussy clenches at the thought of how empty it feels, the friction of the suit rubs across his dick. It's just not enough and Catra whines, "HuuUUuuUUCK!"

"Oh yeah!" Entrapta hisses, fumbling for the dropped remote and turning the machine up to the last level.

They both scream at the change in pace and after Entrapta stops shaking it hits Catra that she's come a second time. God it was so hot, she rarely-

And then Entrapta literally collapses to the side, the remote slipping from her fingers entirely as she goes floppy. There's one eternal second as he processes what this means exactly and there is no dignity left as he pleads.

"T-Tra-Trapta! AH! Puh-PLEASE!? HA! Ohhhh, plEAse!"

She moans incoherently up at him.

I'm gonna die. This is actually how I die.

The machine is at warp fucking speeds and- "FUCK! TR-TraAAPTA!" His voice warbles and breaks as he pulls on his hands, but unfortunately Entrapta chose this harness and restraint system for a reason. And that reason is fucking him over royally. "Hah! Ha-ooohhh, fuckin', MERRRG!" Okay, okay, hands are a no go, legs? *Stupid ass motherfucker.* He moans hard enough that his **throat hurts** and pulls at his legs, wiggles his butt, even lowers his head to the ground to try and use his fingers to crawl in a truly mindless bid for freedom. But unfortunately he is still strapped to the machine of fucking death and destruction. His fucking guts are getting turned and he is dying and Entrapta hasn't even managed to roll over yet.

His crying and whining as officially hit ranges that actual real dogs can probably hear. *Fucking hope no neighbors call the cops for animal cruelty, I'd rather die by dick thanks.*

"AHHhhhhhooooooooohhhhhh, HAH! Entrapta!!!! NGHFUCKGODDAMN!"

She hums and twitches, but he knows the reality of the situation. This dildo is going to ram him for all it's worth, and Entrapta would never let all her calculations and measurements be shoddy enough that it will slip out for anything less than the world's most powerful orgasm.

And Catra isn't going to be able to come again.

It feels like heaven. It feels like hell.

God bless whoever made that stupid thick cream lube.

His moaning becomes nonstop, open mouthed and so intense that his face is now being dragged roughly through a pool of his own drool and Catra is pretty much clocked out when he hears an angelic voice. If only he could connect his brain back to his mouth, the things he'd be able to beg for right now.

“Oh that’s hot.” Entrapta mumbles, having rolled over just enough to watch with a hazy grin.

“MMmmrrrrrrgggg!” Catra tries to beg. *SAVE ME SAVE ME SAVE ME, WEE-WOO, WEE-WOO!!* Somehow his attempt to telepathically have her hear his mental sirens doesn’t work because instead of saving him, she just moans again, “Oh good boy that is so fucking hot!”

Ah fuck! She either needs to get this turned off or get him off! Tears prickle at the corners of his eyes as he was forced to stay sitting at the edge, just far enough back to be unable to fall and just far enough forward to imagine it could be any second. Catra can’t speak, so she howls instead.

“Poor boy! Oh poor boy, let me help you.”

He forces his eyes open and watches Entrapta crawl over, hope building for a glorious moment before watching her PUSH the remote AWAY like a the fucking secret sadist she is. Voice of an angel? Voice of the fucking devil, fucking fuck! And then her fingers press against his soaked center, rubbing firmly through the body suit.

He thrashes, ears ringing, vision whiting out, barely even aware of anything besides the sensation of fire ripping through his body, the distinct feeling he’s not breathing anymore, and the obscene feeling of squirting all over the floor-

And he wakes up with his head in Entrapta’s lap. Both of them cleaned up and in their pjs on her couch. On the TV is some youtube channel that’s …polishing a penny? Catra squints at it. Yeah, polishing a penny until it’s so shiny it looks like a copper mirror. Neat. A hand pats his head and his eyes slip shut again. It doesn’t matter how he got here after all, Entrapta is taking care of it.

He wakes up the second time face down on the bed with a groan as Entrapta massages a knot out of his leg. He manages to croak,

“Mmmmmmmm nice.”

“Good! Are you with me again or is this a fake out? Is this how it feels when I go floppy? How much time do you think has passed? I wanna compare it! What did you think about-”

He wakes up **again** thanks to sunshine gently washing over his face, the sun’s radiance and warmth would be like soft kisses. …if it wasn’t also because of Entrapta’s alarm clock which is programmed to simulate an explosive sound set so loud that Catra yelps, twists in the sheets, and crashes onto the floor only to be joined a few seconds later by Entrapta who seems to have thrown herself onto the floor out of solidarity.

“YOUR FUCKING ALARM-” Catra begins at a very reasonable volume level only to cut off as he gets kissed. Like, wow, really kissed really good. Kiss! Nice. Nice nice nice. Kisses are nice!

“I apologize for nothing. Except maybe your ass. Didn’t mean to flop out on you yesterday that hard.”

“Don’t ever apologize for pounding my ass.” Is the first thing he manages to gasp as he gets his breath back. This is how he keeps getting himself in these stupid ass situations.

Entrapta sits up and claps her hands. “Apology rescinded! Do you want silver dollar pancakes or cereal?”

There on the floor Catra realizes that if he was gonna fall in love this is the moment it would’ve happened. Kinda nice to pass the aro test honestly.

“Pancakes.”

“Nice!”

He stays on the floor for a moment longer before calling out, “And some aspirin!”

“Aspirin doesn’t really help with muscle soreness!” Entrapta shouts back, head popping around the door frame. “Would you like ibuprofen or acetaminophen? The anti-inflammatory-”

He grins up at her and mentally curses as his pussy unhelpfully asks for a turn on the fucking machine because apparently dork ass rambling also does it for him. *Oh yeah, this is exactly how I keep ending up on Entrapta’s floor.*

In the end he gets ibuprofen with the pancakes and suffers through the complimentary chemistry lesson.
