Zip Tied Cables Can Be Shibari (if you're not a coward)

by HelenWheelsRidesAgain

Summary

It is not Entrapta's fault that tech is this hot, meanwhile it is distinctly Catra's fault for knowing what she gets up to in the server room and still giving her 24/7 access to it.

Notes

Well organized wires are horny and seeing it is sex.

You know I had to do it to them.

“What the fuck?” Catra asked, wishing she could feel more annoyed about this than resigned but oh well. “Entrapta, seriously? Again?”

When Catra had accidentally taken over half the business, she had not expected the number of times she was going to find her IT lead in unexpected areas masturbating away. She liked Entrapta, would even call her one of her own best friends, and despite her fears their relationship had never soured due to Catra’s assholish nature… or being caught in her fursuit at a convention, which was basically hell on earth when it happened but natural now. It was a little like her friendship with Glimmer in that they both knew something about the other that could handily destroy them.

All things fair and balanced, as it should be. Probably. Look, Catra wasn’t claiming to be good at friendship but equal power was probably part of it.

The point here was that somehow society had determined she was a sexual deviant for being a cat on her free time, but people like Entrapta were fancy free to do whatever. Okay, that was a little rude on her part, but c’mon! Most people who ID’d as objectum-sexual were probably not jacking it in server rooms because they thought the well organized wires being color coded and tied with zip ties to be that hot. Especially if they themselves could never get the fucking wires neat and tidy.

Does Bow know about this? Does he know? Catra banished that thought to the void to never be looked at again. She did not need to consider the ethical implications on that one.

“It’s not my fault god made them this hot in shibari.” Entrapta affirmed as strongly as she could while not stopping her hand’s movements in the slightest.

Catra groaned in pain, stepping into the server room to shut the door. It was highly unlikely anyone was roaming the hallways at one in the morning, but you could also never guarantee that Adora was not locked in the building somewhere trying to get “just one more thing” done. And she really couldn’t even start to guess at her reaction to this.

“Okay, first, never call zip tied cables hot in shibari. Kink tomato or whatever the fuck. Secondly, you know this is considered inappropriate behavior in the workplace and inappropriate use of the facilities. This is a fireable offense.” Catra sighed as Entrapta let loose a loud moan. “Wires, public places, being watched, and now what, punishment? Cop kink? Actually don’t answer that.”

“W-well I’m close, so either stay and watch or leave.” Entrapta huffed, a little red and a little sweaty as she began to thrust into her hand more fully.

Catra could only be a little annoyed that Entrapta knew she wouldn’t do shit about the situation so her threats were toothless. “Are you gonna be all floppy afterwards?”

“Probably!”

"Ugh." She sat down and leaned back against the door. This was always a one part super hot and one part super turn off situation for her. Catra always kinda wanted to participate, but more in a touching Entrapta way which her friend was not about. She had tried once to touch herself but Entrapta had wanted to know a full run down of what she was feeling and thinking as it happened ruining the mood. Nope, it was no good. Catra would just have to jerk it later. For now, there was nothing to do but wait it out here or wait outside where she wouldn't know when the other woman was done and in need of assistance.

So here she was. Watching. Listening.

God fuck this was also probably a kink wasn't it? Was this cucking? Was she cucking herself? *Stupid thoughts or sexy lady?*

It was an easy pick.

Entrapta was still fully clothed, the front of her work pants bulging out as her hand moved, jingling her belt buckle as she went. Entrapta always rolled her sleeves up, so her forearm was completely visible. The muscles flexed back and forth, well defined from all the heavy lifting and rock climbing. It was hypnotizing to watch and try to guess what she was doing. Was she stroking her clit? Plunging fingers in and out? Maybe she was doing something else. Catra's mouth practically watered as she imagined getting to eat her out while Entrapta tapped away at her own clit, grinding and riding down onto her tongue.

Of course she occasionally couldn't help but look up at Entrapta's face, pink and sweating, eyes closed and mouth opened as she worked away. Every so often she'd make a ridiculous face that only made Catra feel more fondly of her.

And true to her normal life, Entrapta simply couldn't shut up. Moaning, hissing, humming. "Ah, ah, ah!" Up and down in pitch. Sometimes she muttered things; harder, more, please, faster. When Catra was lucky it was two words; I am, I'm yours, you're mine, fuck me. Fortunately and very unfortunately she didn't get to hear her favorite phrase tonight, not a single, "Daddy, please!" that she could pretend was meant for her.

Entrapta quickly straightened out her legs and Catra perked up, watching as best she could the way her hand sped up one last furious time, Entrapta leaned her whole torso forward almost doing a crunch as her legs stiffened. Her mouth dropped open into a silent scream, eyebrows furrowed hard and then her hips began to spasm up and down as she rode the wave back down. Humming as she finally relaxed completely, not even bothering to move her hand.

Catra would pay cash money to lick it clean.

Fuck, she needed to help out now or risk fucking whatever this was up.

So Catra carefully stood and walked to the small desk crammed in the corner of the room, and quickly fished out the roll of paper towels from its drawer. She slung Entrapta's bag over her back as

she returned with her fist full of absorbent materials (as Entrapta had once demanded with a post sex slurring that should have killed Catra dead on the spot but didn't because god hates her personally).

"Hey," She spoke softly as she could, just loud enough to be heard, "Wipe?"

"Mmmmmmmkay."

Catra chuckled and poked at Entrapta's forearm, still trapped in her pants with the paper towels. "C'mon Trap, I know you don't want me poking around down there so wipe."

"Mmmmmmmmmmmm," Entrapta protested, eyes still closed. Yep. Fully floppy.

She rolled her lips over her teeth a few times before asking, "Can I pull your hand out and at least clean that?"

"Mmmhmm."

She still went a quickly as she could without being rough. Quickly wipe on the back, work the finger and cuticles (Entrapta had once complained about her hand smelling like pussy hours later and Catra had a totally normal person reaction to that) then the palm of her hand. "I'm gonna zip and button you up." Entrapta grunted

and she quickly got her sorted back out. “Am I good to pick you up? I’ll drive you home.”

Entrapta whined, but it came with the world’s most pathetic grabby hands, so that was a win.

Catra was thankful as fuck that she exercised regularly. Carrying her own bag was easy on its own. Slinging it over to one side of her stomach so Entrapta’s bag (which was heavy as FUCK what the actual fuck was in there???) was on the other side, so she could carry Entrapta on her back and then stagger to the elevator to get to the stairs to get to the parking garage was something else entirely. She almost fumbled her keys at the finish line, but luckily Entrapta caught them and then tried to open the door herself, with about the same amount of success and a drunken toddler.

Sweating and panting for air, painfully aware of her still throbbing desires Catra carefully plopped Entrapta into her seat and abandoned both bags into her footwell. She took a minute after buckling herself into the driver's side and wheezed, “That’s why you never skip leg day.” before starting the car.

“It’s hot,” Entrapta agreed, as if this didn’t instantly make things in Catra’s pants get that much worse. Or better. Depended on your point of view really.

Catra could only huff, “You with me again, Princess?”

With her eyes still closed, Entrapta sighed, “Meeeeehhhhhh, a lil. Home time please!”

“Okay but you’re walking your own ass up all those stairs when we get there.”

“Awwww,” Entrapta finally opened her eyes to pout more effectively, “but I like it when you carry me! It’s very snuggly!”

Was it supposed to be an ego stroke? It didn’t seem like it, but hot damn Catra would take it and preen. “I know you think it’s hot when I almost rip my shirt by flexing, but-”

“Wait! Can you do that!? For real!?!?” Entrapta was, somehow, on her knees without her seatbelt on to stare at the elastic cuffs at squeezing at Catra’s biceps as if polo’s were suddenly leather harnesses.

“SEATBELT!”

Entrapta whined, but pulled it to snap back into place. Around her legs and hip so she could stay sitting the way she was.

“You know the rules, sit on butt and seatbelt if you want rides from me!”

Entrapta huffed but adjusted before half glaring and sarcastically throwing up some jazz hands, "Ta-da!"

"I'd clap if I wasn't driving. And I don't know, about the shirt thing, I'd need a smaller shirt to try it with but probably not."

"Still hot." Entrapta said with some serious conviction, frowning when Catra giggled. "It is **not** my fault god made it hot with bondage! I already told you this!"

Mmmm. Being tied up by Entrapta? Delicious. Fuck, she'd probably get fucked with all her clothes still on too. Holy hell, that was an image. Getting off enough to sweat and soak through her clothes and then have to go home in public. *Okay, this is hitting some mission critical levels.*

"Was that too far?" Entrapta asked, now sheepish and twisting her fingers together. "Sorry, I never know where the flirting line is with you."

Flirting with me. She's been flirting with me!? On purpose? On purpose! Be cool! Be chill! Be normal! "It was perfect, shotpocket material you know?" *You fucking idiot.*

"...just to clarify, you do masturbate using me as material to get off, right?"

Catra would have melted into her seat if she wasn't **driving** and somehow supposed to pay attention while living in a porno. Fuck it. All in. "Ye-es?"

"Oh good! I never know if I put on a good enough of a show for it, glad that you like it." And with that Entrapta began to happily hum before digging through her bag like a rabid raccoon. Catra forced herself to come to a safe stop at the next stoplight before turning just in time for Entrapta to pop back up with a child's juice box in her hands. "Ah HA!"

Okay, cool, they were done talking about this for now? Apparently? Catra was still watching Entrapta slurp enthusiastically on her straw, so she caught the smirk right before she heard her say, "Green."

"G-green!?" *Did she think this whole thing was a scene!?!??! Wait, was it a scene? She'd like it to be a scene!*

"Green light." Entrapta pointed and to Catra's horror, it was, indeed, green. She basically floored it, causing Entrapta to whoop like the speed demon she is.

The rest of the drive was short, silent, and so thick with Catra's own sexual thoughts that you could cut it with a knife. *Maybe I could get one out quickly before driving off? That is illegal, do not do that.*

“Well, here you are. Carry your own ass and bag of bricks up and text me home safe.” Catra grumbled to her steering wheel.

But a hand waving in her face was enough to make her look over, just in time to watch Entrapta frame her boobs with her arms and smile. “Thanks for the ride, sweet dreams!” And then bounce out of the car to literally skip to the entrance of her apartment complex. You know, like an evil masterminded villain but worse because she's also hot.

So. This was her life now. Cool. She could live with this.

Catra’s phone buzzed, and when she checked it she coughed hard enough to choke. Apparently Entrapta dyed her pubes as the picture showing the inside of her door was blurred out in favor of her mons and a sliver of tummy. Which was at complete tonal odds with the next text, “Thnx agan cu tmrrw 🤑 ".

Yup. Home time. Homeward bound. *Mmm bondage. Shut. Up!*
