From a spell she and Shadow Weaver found, Castaspella had successfully become Pregnant with a child that is genetically and biologically theirs. Now it's finally time for the birth

Notes

This prompt 'Birth' was from the She-Ratober 2025 prompt list

-Location: Mystacor Palace-

By using a safe spell that Castaspella and Shadow Weaver found, Castaspella had successfully became pregnant with a child that was Both biologically and genetically Hers and Shadow Weaver's. They hadn't 100% expected the spell to work, but it did work. Since the day Castaspella had found out she was successfully pregnant from it and told Shadow Weaver, Both Sorceresses were filled with joy.

Since then, almost 9 months had passed by rather quickly. Now, Castaspella was 8 and a half Months along in the Pregnancy. Nearly at full term now.

Though, right now, The Head Sorceress was lying in bed with the blanket covering her bump. The Older sorceress had insisted on her resting and not pushing herself to go about her usual duties as Ruler of Mystacor. The Older sorceress had told her that She herself and The Head Sorceress's Daughter Evelyn, could handle things.

But the Head Sorceress was Restless. She needed to do something. She felt like she'd lose it if she had to stay in this bed any longer. So, she got up from the bed and walked out of the room after adjusting her cape, so it protectively covered her bump, even though most of Mystacor's residents knew by now that their Head Sorceress was pregnant.

-Location: Palace Hallways-

Now out of the room, Castaspella slowly and quietly roamed the halls. It felt wonderful to be out of that bed for a few minutes. She could finally stretch her limbs a bit.

The Head Sorceress honestly enjoyed the momentarily quietness of the halls. At some point, she even wondered into the hall of sorcerers, where statues of past and even current sorceress stood. For just a moment, she looked up at Light Spinner's statue, Shadow Weaver's "past life". But as she did, she heard a bit of commotion. Two student sorcerers were fighting about something.

Castaspella, even though knowing she should ignore it and not stress herself, went to check it out and maybe break it up. The two student sorcerers were accusing one another of trying to sabotage the other's progress in sorcery. But the moment they saw Castaspella approaching, they stopped for a moment.

"Can you two **Please** stop accusing each other of something? I swear, you guys always have to find something to fight about."
The Head Sorceress huffed, already annoyed with them.

But that didn't work now. The two student sorcerers went back to going at it. And that only ended up stressing Castaspella a lot, which wasn't exactly good. But thankfully, Castaspella's daughter, Evelyn, ran over, yelling something at both students which got them to run off. Then, she came closer to her mother.

"Mom…" *Evelyn started to speak, but not without even a slight smug expression at catching her mother not resting like Shadow Weaver requested, and instead stressing herself,* "You're supposed to be resting. Not stressing yourself."

Evelyn then smirked.

"I don't think Shadow Weaver will be too thrilled to hear you went against her request of you resting more."

At that, the head sorceress felt a sense of dread.

"Please, do not tell her. I don't need more of her overprotectiveness." *The Head Sorceress Groaned,* "I'll go back to the room and rest. I swear, Sweetie. Just please do not tell her."

And as if right on cue, the dark sorceress practically appeared out of the shadows.

"I see you've gone against my request." *The dark sorceress spoke slowly, in that usual tone of hers,* "Can't even rest properly while Pregnant, Hm?"

The Head Sorceress just sighed, knowing she was definitely caught now.

"Fine... Take me back to bed then..." *She sighed in defeat*

And then, the dark sorceress led the Head Sorceress back to their room.

-Location: Shadow Weaver and Castaspella's room-

After reaching the room, Shadow Weaver lifted the younger woman and put her on the bed, making sure she was comfortable before taking her mask off.

"Honestly. I might just have to restrain you to the bed at this point. You never want to rest properly." *The dark sorceress started to scold the younger sorceress, but in a bit of a lighthearted tone, nonetheless.*

"I know, Shadow. But I feel like if I continue to stay trapped in this bed any longer, I'll end up losing my mind." *The younger sorceress sighed, clearly looking restless still.*

"You need the rest, Casta." *The dark sorceress started to talk again, now sitting on the edge of the bed,* "Especially because we're so close to meeting the baby. You told me earlier you had been experiencing those pains again. So, you need as much rest as you can get."

And just as they were talking to each other about that, Castaspella felt a sudden wetness between her legs. It was finally time.

"Uhm… Shadow…?" *The younger sorceress spoke quieter this time, wincing as another sharp pain hit.*

"It's Time, Isn't It?" *The older sorceress spoke, though concerned, knowing that tone.*

All Castaspella did was just nod. But that was enough for Shadow Weaver.

"Alright. Let me get the healers Then. Just stay put, please." *The dark sorceress thankfully calmly spoke in a way that made the younger sorceress not stress about the big moment having finally arrived.*

And after about almost 5 minutes after Shadow Weaver left, she returned with a group of Mystacor's healers.

-Location: Medical Wing-

The Healers and Shadow Weaver were successfully able to get Castaspella to the Medical wing of the palace and onto one of the beds. While the Healers quickly worked to prepare the head sorceress for the birth, the dark sorceress did what she could in

trying to comfort the head sorceress, sensing her fear and worry. The moment was finally here, and it was progressing fast.

"Alright Head Sorceress. Whenever you're Ready." *One of the healers spoke, letting Castaspella know it was finally time.*

And after what felt like an eternity, which for the head sorceress was just half an hour of agony, The baby was born, its piercing cry filling everyone's ears. The dark sorceress, who usually didn't show much emotion in any type of situation, had tears in her eyes as she watched one of the healers hand the crying baby to the younger sorceress.

"I actually did it…" *The younger sorceress breathed out once she was holding their daughter. To them, she seemed so small, yet precious.*

"Anything specific you want to name her?" *The dark sorceress asked quietly once the baby drifted to sleep.*

"I want to name her Daisy. After your favorite Flower." *The head sorceress quietly chuckles, remembering how Shadow Weaver once said Daisies were her favorite, and that she found them Cheerful.*

And that made the dark sorceress smile, before reaching over to try and hold the sleeping newborn. And Luckily, Daisy stayed

asleep once the dark sorceress had her in her arms against her chest.
