Call Me By Your Name

by Lost_in_the_mycelium

Summary

Glimmer tries to have a serious conversation about Catra's role in the Etherian court. Catra just wants to flirt with her girlfriend (and maybe cares about helping Etheria, but shh, don't tell anyone).

Notes

See the end of the work for notes

Catra's planning and organizing skills have been useful for Etheria's reconstruction. Using her mind and body to rebuild, after a lifetime of fighting and destruction, is healing.

That doesn't mean she wants her work *acknowledged*.

"You need an official title!" Glimmer insists.

Catra once craved status, but achieving it left her hollow. She knows what she really wants now.

She shoots her girlfriend a wicked grin. "What title outranks She-Ra?"

Adora immediately blushes. "Uh…queen?"

Catra turns back to Glimmer triumphantly. "Okay, I'll be the queen."

"You *can't*—"

"Too late," Catra says, pulling Adora eagerly toward the exit. "Meeting dismissed!"

End Notes

I had a half formed idea about writing a fic examining Catra's complicated feelings about reconstruction and holding any kind of position of power post-war…but I decided to turn it into a silly drabble instead. XD This is also me lovingly poking fun at the show a little bit because, let's be real, there is no rhyme or reason to character's titles (what even makes someone a princess?? Who knows!)

I've had a WILD couple of weeks so I wanted to write something quick and fun, but I am still very much working on the next chapter of my ongoing fic if anyone here is reading that.
