Cat scratches (Catradora)

by SurpriseBoxes

Summary

Demanding lips trailed down Catra's jaw with a trail of saliva, catching the throat with the same lust with which they began, and without any barrier of clothing, Adora had complete freedom to take one of the nipples into her mouth, sucking and licking.
-Ahhh... -Catra's eyebrows curled in delight and her mouth opened, lost in the light tickle that the blonde hairs caused on her torso -Ad- Adora-
-I'm with you Catra, don't be afraid.

Notes

Another one of the most iconic and adorable couples out there, I still remember the most shocking moments of this series and the way these two made me scream, get mad, roll around in bed, rejoice and even cry. I hope you guys enjoy this simple and sweet scene.
English is not my language.

See the end of the work for more notes

The night passed as usual, most people slept, the guards did their work, Bow and Glimmer rested with no other worries than the unknown future for the world. The war against Horde Prime left many consequences for those who fought and stood victorious.

Among those people were Catra and Adora, dedicated much of their time together healing the physical and emotional scars left by the battle as well as those they have been carrying since they were children. Currently they both attend therapy, practice anti-anxiety exercises and fight nightmares and night terrors.

For her part, Catra has done everything in her power to gain the trust of the people of the kingdom, proving time and again that she has changed, but it is not easy. If Lord Hordak is in constant limbo over whether he can be reintegrated into society, then she is in a similar situation.

Fortunately he has Entrapta by his side, and she has the warrior savior of the whole universe.

-And then, the evil sorcerer launched a powerful attack against the defenseless heir to the throne, thinking that by killing her he could be the new king.

-What an idiot he is, by killing her he only condemns himself to the fact that no one will accept him as king.

-Exactly.

-Not to mention that it takes a tedious and political process for someone who is neither heir nor direct relative to aspire to the throne. The jerk just wants to get blood on his hands, and he's not even doing it right.

-Oh really? -Adora arched an amused eyebrow at her girlfriend leaning on her while reading the book for both as a relaxation exercise -And what should he have done to commit a correct murder according to you?

-Easy, wait until the heiress to the throne is alone, because it's ultra obvious that the prince will arrive to save her at the last moment, fight the wizard, defeat that idiot and the heiress will kiss him, very cloying.

-It looks like you read the book on the sly.

-It's called deductive talent.

Adora rolled her eyes while smiling, taking a subtle glance at the book in her hands to see if her girlfriend was right.

-*But what the wizard didn't count on was that the brave knight in shining armor would arrive in time to swing his sword and block the magical attack thanks to the properties of the white weapon and*... you're right, it happened exactly as you said.

-Talent Adora, talent.

The blonde snorted tiredly, closed the book and set it aside before wrapping her arms around the cat girl and snuggling better into the bed. The only light in that warm night was the lamp next to the furniture, so they could fall asleep at any time without discomfort, and Catra's purring added to one of her ears brushing Adora's cheek provided enough peace and quiet to rest.

But for some reason, they still couldn't sleep at all well.

Catra was lying face down on top of Adora, wrapped in the warmth of both bodies consummated in sacred embrace, the first one in a gray shirt and green shorts, and the second one in a wide white nightgown that exposed the entirety of her legs. Anyway, that mattered little since they both lay under the covers to better contain the heat, even if the night was already warm.

"Cat stuff" Adora thought.

She stood gazing up at the ceiling for quite some time without becoming aware of her own hand stroking Catra's mane and ears until the tip of the tail appeared in her field of vision. The fifth

limb wagged back and forth slowly, demonstrating Catra's happiness at being there with her.

Adora's other hand descended the nape of her girlfriend's neck tangling her fingers in the dark hair and enjoying the nice feeling on her chest. Catra hid her face further into her neck inhaling the scent of her skin and purring in her ear.

-Catra?

She received a sound of hesitation, but it was more than enough of an answer.

-Can't you sleep?

-No.

-Is it because of something bad?

-No.

-Do you want to talk about it? -She wasn't surprised not to hear an answer or that the body on top of her became rigid - It's okay, I'm not going to push you.

-I feel like the wizard.

-What?

-The evil sorcerer in that book... his indifference, his cruel acts...

-Catra listen to me.

-And you're like the knight who rescues everyone-

-You're not like that, look at me -She held the cat girl by the shoulders to make her stand upright on her chest -Look at me Catra.

Eventually the brunette's stubbornness ended and she lifted her head, letting her turquoise and yellow eyes make contact with the

blonde's gray eyes.

-You're not what you were, now you're looking to be better.

-But it doesn't take away what I did, all the hurt I did to others, the hurt I did to you...

-I love you Catra.

The brunette's teeth clenched trembling in the embrace Adora gave her, her legs even wrapped around her torso not wanting to let go.

-Remember the words you said to me on that occasion, each and every one of them is how I feel about you, and nothing will ever change that. I'm with you and you with me.

Claws dug into Adora's white nightgown, but she didn't care, not when her girlfriend was suffering from one of her many anxiety attacks, a new struggle they are both going through. Sometimes it's Catra who suffers them, sometimes it's Adora, but they always support each other so as not to fall into the abyss of despair.

-I still hear those voices.

-You mean when you were mind-controlled?

-Yes, it was a single voice, repeated thousands of times, and it wouldn't stop, it wouldn't stop, hammering the same thing over and over and over.

-What were those voices saying?

The grip on the white nightgown became even sharper just as Catra's forehead pressed against Adora's chest, almost as if she were in a position of supplication.

-They said I was shit, that you would go away, that you would abandon me because I was a hopeless case, they said I deserved

to be alone forever...And my conscience couldn't react, I just followed Horde Prime's orders like a puppet.

Adora could understand well what Catra was referring to as she still remembers the horrible moment of seeing her with that white dress and green eyes in that eerie dead expression, but above all, the period when they managed to free Catra from mind control and she acted very paranoid.

She deduced that it was the aftermath of being manipulated from the inside.

-And do you believe them, Catra?

-No...but they're right in-

- They don't, they are not right Catra, they were just the evil acts of a selfish wizard who sought to hurt you, and I understand that you also did bad things that you are not proud of, but I did them too, and if I had a chance to find my place in the world, then so can you. Please allow yourself to forgive yourself just as I forgave you.

Tears stained the blonde's neck, the claws in the nightgown became fists as tense as the brunette's shoulders and arms that kept her tail down, the sobs were not long in coming and the irregular breathing was noticeable in the spasms of her back.

-It's all right, let it out -Adora smiled with her eyes closed, caressing her girlfriend's shoulder blades as she covered them both with the sheets.

-I love you.

-I love you too Catra.

After a few minutes, the cat girl withdrew her tear-dampened face to let her nose caress the blonde's, feeling the warm breath on her lips.

The temptation was too much to resist and the two kissed, Catra holding Adora's cheeks with both hands and Adora holding Catra by the neck with one hand and the other resting on her lower back. The contact started out very intimate, but quickly became intense, wild and adventurous. The beating of both hearts combined.

Each mouth struggled to keep pace, rapid kisses, emitting sorrowful sounds, as if desire and lust dulled their common sense. Or perhaps, it was an involuntary reaction from both women to get away from the previous discomfort. Perhaps, pleasure could soothe them.

Adora bit Catra's lower lip and tugged lovingly, tearing a breathless gasp from her before slipping her tongue into the cavity and wrapping it around her girlfriend's tongue, enjoying the heat that formed between her legs. The claws dug into her cheeks a little, not enough to cut her, and far from worrying her, she was glad because it showed how turned on her girlfriend was also.

They continued prolonged tongue kisses staining the corner of their mouths with saliva, a couple of drops trickled down Adora's jaw and Catra's hips took on a consciousness of their own to rock against Adora's abdomen to seek friction at her core.

-Catra...I don't know if we should... -She bit her lip as Catra's mouth attacked her neck with kisses, bites and licks that would undoubtedly leave marks in the morning -Are you sure?

-Yes, very sure.

The cat girl's mouth moved slowly back and forth across the blonde's throat relieved that the blonde had thrown her head back to expose more of that sensitive area. Adora moaned softly with her lips half open and her hands clinging to Catra's waist as she rubbed against her body. The clothes began to become a nuisance for both.

And then what Adora so feared and at the same time desired happened. Catra dug her claws into her back and pulled down, and her first reaction was to let out a high-pitched scream.

-Catra! -It didn't hurt that much, she knows her girlfriend wouldn't hurt her, but they were certainly scratches to be reckoned with - Don't do that.

-But you like it.

-Don't do it here and now.

-Don't you want them to hear us, or don't you want them to hear you moan my name?

Adora frowned, very different from Catra's playful smile. There was no longer any trace of the sadness of a few minutes ago except for dried tears on her cheeks.

-It's more fun when you moan my name.

-Like this?

The blonde managed not to scream this time when her girlfriend clawed at her back again, though she gritted her teeth and hissed digging her fingers into the brunette's shirt.

-I'd like to see the red lines I left there, I imagine they'll heal quickly.

-Sometimes you still have that cruel side of you.

-You said you didn't have a problem with that.

-I don't, not at all.

Catra's lips returned to Adora's neck with wetter and calmer kisses than the previous ones, bringing her girlfriend back into the trance of pleasure, making her sigh and close her eyes.

The slight burning was still present on her back but it lacked relevance to what the two were doing, or rather, the adrenaline from taking things further than they should.

The sticky sensation of saliva on her neck and collarbone was comparable to the one born between her legs, staining her underwear. She whispered her partner's name countless times in a call for the two of them to attend to the greatest need of all, and luckily Catra understood because she desired the same, so revealed by the wet spot left on Adora's white nightgown and shorts.

Catra shed her own shirt in one swift movement, becoming naked from the waist up and revealing her breasts to Adora's glazed eyes. She didn't give her time to admire it because she grabbed the edges of her nightgown and pulled upward to give it the same fate as her shirt.

In a matter of seconds, both women were left in just their underwear and shorts respectively.

-You are so beautiful.

-You too -Adora wanted to kiss Catra again but she pushed her with a hand on her chest, making her lie down on the bed.

-So good and noble, I used to think that bothered me about you, but now I understand that I always liked you very much.

The savior of the universe pressed her lips together in a taut line and arched her back at the gentle touch of those hands on her breasts, kneading the soft flesh as a tender purr was heard above her.

-You never stopped fighting for me.

-I never will...

-Thank you Adora -She bent down to kiss her girlfriend and lay her face on the breasts she was touching -Please be quiet.

The stimulation on her erect nipples awakened a need that had been dormant for some time and that last sentence from Catra ended up making her explode. Before her girlfriend could continue playing with her body, Adora grabbed her by the hips and turned them both on the bed, reversing positions.

-A-Adora?

The puzzled look in the two-colored eyes could do nothing against the hunger unleashed in the expression that hovered above.

Adora took Catra's swollen lips in an unrestrained passionate kiss, sneaking her tongue in as soon as she had the chance to enjoy the pleasurable discharge on her spine and the stifled moans of the girl who was now lowering her ears and clinging to the sheets. The longer the contact lasted, the more and more the excitement grew between the two being demonstrated in the intensity of the kisses.

Demanding lips trailed down Catra's jaw with a trail of saliva, catching the throat with the same lust with which they began, and without any barrier of clothing, Adora had complete freedom to take one of the nipples into her mouth, sucking and licking.

-Ahhh... -Catra's eyebrows curled in delight and her mouth opened, lost in the light tickle that the blonde hairs caused on her torso -Ad- Adora-

-I'm with you Catra, don't be afraid.

The brunette managed to stop shaking and regulate her breathing, even though those teeth grazed her nipples and that tongue licked back and forth clouded her mind, forcing her to dig her claws into her girlfriend's back.

The brunette managed to stop shaking and regulated her breathing, even though those teeth grazing her nipples and that tongue licking back and forth clouded her mind, forcing her to dig her claws into her girlfriend's back.

Adora didn't claim that, independent of the possible pain and marks that would leave on her skin, she liked knowing how much Catra was enjoying it. She looked up slightly to meet the pair of nervous eyes complemented by the lower lip caught between her teeth and considered that the perfect moment to jump further.

She slipped a hand inside the shorts and her fingers met Catra's wet heat just as her mouth opened to moan, and she took the opportunity to kiss her.

The cat girl squirmed on the mattress struggling to keep up with the kiss, which was difficult given the new attention she received between her legs. The sensation of having her shorts on while her girlfriend touched her folds proved uncomfortable and exciting at the same time. Every few moments she would exhale exhaustedly only to have Adora's tongue enter her mouth, driving her into a frenzy.

Adora couldn't see Catra, not wanting to break the magic of the moment by opening her eyes, but she was able to get a mental picture thanks to how well she knows her.

Ears bent, eyebrows arched, cheeks flushed, saliva stains on her lips, neck and breasts, nipples hard, belly taut, and of course, the sight of the movement of her fingers under the shorts, tracing patterns up and down the dripping center, groping the entrance only to move up and tease the clitoris a bit. She could even deduce that Catra's legs were spread and glued to the mattress so as not to get in the way of the fingering.

Very intense sensations overwhelmed Catra, making her gasp into Adora's mouth and shake her hips helplessly, curling her toes and wagging her tail from side to side. Eventually one of the fingers entered her vagina so slowly that she had to remain frozen and rigid so as not to emit any loud noises. Her inner walls embraced the digit that entered up to the knuckle and bent inside to caress her.

-Ahh- Fuck-

-Do you like it like this Catra?

Adora waited for an affirmation from her girlfriend, and when she expressed a nod with her head thrown back and chest exposed, she proceeded to pump her finger into the warm interior, making sure every penetration was pleasurable.

-Fuck! -Catra put a hand to her mouth and looked apologetically at the action on the lower half of her body.

The end of Adora's strong arm disappeared inside her shorts and she could make out the movement beneath it, which made the experience even more exciting.

She brought her hands to her girlfriend's face as the hair began to tickle her nose and kissed her with all the passion she could muster, moaning from the inside of her throat and rocking her hips in agreement with the finger inside her. She made sure Adora didn't pull away by pressing down her back with both hands, digging her claws into her in the process.

The blonde hissed for a second before resuming the kiss and intensifying the back and forth of her hand, doing a good job of ignoring the burning Catra's claws caused on her back with the demonstration of her pleasure. Red lines running up and down, maybe the occasional drop of blood, but nothing the great savior of the universe couldn't handle. After all, she faced countless threats with Shera's power, she can avoid thinking about the marks she will have the next day if she does not interrupt the well-being of her beloved.

A pleasant warmth invaded both from the closeness of their bodies, their chests together, their mouths, palms with black claws on the back full of scratches. There came a moment when Catra stopped the kiss to breathe and bite her girlfriend's shoulder from the orgasm about to occur. Again, Adora's self-control was tested and thankfully she kept it in check.

A new digit entered the cat girl's core and from there the destination was clear. Catra sobbed into Adora's neck rocking her waist as the sound of wetness echoed from the fingers moving in and out of their intimacy, and Adora focused her energy on the arm she used to stimulate her girlfriend, leaning against the back of the bed and supporting the weight of Catra who was now hugging her neck.

Her thumb repeatedly stroked the clitoris and that was it.

The inner walls clenched the fingers and a surge of wetness bathed Adora's hand inside the shorts, staining them further at the same time as Catra's legs closed and stood rigidly outlined towards Adora. The stimulation lasted as long as the climax lasted and as a result, Catra was in heaven for what seemed like an eternity, her eyes closed and her mouth open with no sound coming out of it, and not releasing her grip on Adora's neck, careful not to dig her claws in this time.

Slowly her consciousness began to lower back down into her body suffering from spasms in her chest from the agitated breathing and her thighs from the pleasure that shot through her groin.

Adora contemplated her in silence, she experienced a new satisfying sensation in her heart, like when she manages to protect the people she loves, only this time it is much more intense, more intoxicating. She paused her fingers and waited a bit before pulling them out of her girlfriend's sticky interior, smiling at her body's reaction when their tip accidentally brushed against her sensitive clitoris.

Catra could see through her glazed eyes as that hand left the inside of her soaked shorts and moved up her breasts until it was between their faces. Her girlfriend sandwiched the view between her and her covered digits the blissful wetness of her fingers trickling down like drops of honey.

After a relaxing and comfortable moment of silence, the blonde brought her fingers to her mouth and enjoyed the taste, closing

her eyes only to open them again while maintaining eye contact as she sucked on her own digits.

Catra's gaze remained lost in the lascivious image of her girlfriend.

-Is that another trick you learned from Shera...?

Adora's lips curved. Even with no energy and a tired voice, Catra didn't lose her sarcastic sense of humor.

-Maybe, it's a good technique to defeat you.

-And you didn't use it before.

-No, it would be very unfair, I would have beaten you in any fight in an instant.

-You wish...I kicked your ass lots of times.

-And now I do too, just in different ways -She placed a tender kiss on her girlfriend's forehead, smiling at the embarrassed reaction it provoked in her -Feeling better?

The answer she got was Catra's tail rubbing against her cheek, one of her hands took it lovingly and held it in contact with her face, she too purring from the pleasant caress.

Minutes passed without either moving from their position, Catra lying exhausted with Adora on top of her rubbing her cheek on her tail with eyes closed. The feeling of nakedness competed with the uncomfortable soaked clothes between their legs and if that wasn't enough, the late hours of the night began to take their toll on the tiredness of both.

However, the fire they awakened with their carnal desires was far from extinguished.

Adora leaned down to give Catra a kiss on the nose before descending with more kisses down her body, leaving light bites on

sensitive spots until she reached the edge of the last garment. Her fingers paused as she looked her girlfriend in the eyes.

-Do you want to continue?

The brunette closed her lips inward and with a chagrined expression nodded, brushing the backs of her fingers across the blonde's warm cheek and using her tail to stroke the other side of her face.

The shorts carefully slid down the long legs until they disappeared somewhere in the bedroom and now, aided by the light of the lantern beside the bed, Adora could behold Catra's body in glory and majesty, but she didn't dwell on that for long as her mouth craved more of that delicious honey she barely got a taste of just a few minutes ago.

Adora lifted one of Catra's legs and kissed her ankle, moving leisurely down the inside of her calf, knee and all the way down her thigh, taking care to bring her tongue into contact with the skin as well to pick up the salty taste. When she reached her girlfriend's sacred center, she repeated the same with the other leg, taking her time.

Catra was never the most patient person in the world, and it took its toll on her having to wait for her girlfriend to take her to heaven again. She bit her lip, settling better on the bed with her head on the back resting with her elbows on the mattress and spreading her thighs wider now that Adora was finally done tempting her body. The constant tingling in her crotch was just the preamble.

A warm breath was followed by the exploratory movement of a tongue tracing from bottom to top in her folds, drawing a gasp from her and causing her back to arch. Then came another lick, and then another, until that mouth gained enough confidence to stick to her wet core. This time the stimulation went straight to her little bundle of nerves, those lips sucked mercilessly and Catra could do nothing but watch with delight and surprise at the

evidence left of their night of passion on Adora's back, the scratches from her claws.

Adora continued to keep her attention on the oral, she hugged Catra's raised leg with one of her arms and with her free hand pressed the other thigh that was still on the bed. She could even feel Catra's foot resting somewhere on her back and that brought back the memory of the burning on her skin. However, the intoxicating aroma and taste of the hot core on her lips took her mind away from anything else.

During the storm of pleasure, Catra managed to bring one of her hands to Adora's hair and hold it in a makeshift ponytail, reminding her of the way it used to look before. She kept her grip that way on her girlfriend's head while her other hand dug her claws into the mattress, feeling every brush of that tongue on her clit like a thousand bombs exploding inside her.

The sounds of both broke the peaceful silence of the night, one trying to keep her lips together so as not to moan too loudly and the other sticking her face between her girlfriend's legs, smearing her jaw and nose with the wetness she loves so much.

All the while the evidence was cat scratches on her back.

End Notes

It was very comforting to write about Catra and Adora, honestly it would be wonderful if we could have seen more of the aftermath after the war, but at the same time, the ending of the series is too beautiful to risk changing it, so everything else we can intuit.
Thanks for reading, I'm currently writing the first chapter of a modern Korrasami AU fic, and if I'm lucky I'll finish it soon.
