Warm light from the communicator pierced the darkness of the broom closet like a knife. Dusty motes swirled in the hazy beams, dancing like faeries in the claustrophobic gloom. Old, forgotten armour and cleaning supplies littered the floors and walls, pushing in on all sides to fill the tiny space. Princess Perfuma stood paralyzed in the centre of the cramped room, heart pounding in her chest as she watched her device's screen with rapt attention.

"Oh man.." Scorpia gasped, her back arching as her hips ground down into Perfuma's pillow. The soft fabric felt silky between her thighs as she dragged herself repeatedly up and down the seam, her legs twitching periodically as she slipped into a smooth rhythm. Her back faced the camera; her rump, thighs, and crotch in full show to Perfuma as she pleasured herself. The rest of the frame showcased Scorpia's bed in her quarters, the duvet and cushions in a chaotic state of disarray. Warm light spilled over her body, the bright desert sun pouring through a distant window to highlight the landscape of Scorpia's back.

A strangled moan escaped her girlfriend as her clit rubbed hard against the damp material encompassing her vulva, the seam firm enough to evoke the fleeting feeling of her lover's fingers.

"I feel- ah- I feel bad. I'm ruining your pillow, baby." Scorpia's tone, although distracted, didn't read as anything other than seductive to Perfuma. Her coy teasing voice revealed to the flower princess just how much she *really* cared about ruining her girlfriend's property.

A hard and intentional thrust of Scorpia's hips confirmed Perfuma's suspicions as her partner's long segmented tail swished playfully above her.

"I-ah, I wish you were here, flower. It's just not the same when you're not around."

Scorpia’s movements slowly picked up in pace, sweat painting her skin in an artful sheen, blush tinting her shoulders and what little Perfuma could see of her face a rosy pink.

The flower princess swallowed dryly, her hands gripping the sides of her communicator fiercely as she screwed her eyes at Scorpia’s writhing visage through the soft static of the screen. Her stylish summer jeans started to feel far too restrictive for her body, the stiff denim uncomfortably tight around her panties.

“ *I- wow.* ” A soft moan slipped from Scorpia’s lips, her thighs and tail twitching and convulsing as she ground her hips harder and faster than before into the pillow.

“This feels so good- you, ah, you *feel so good.*“ Scorpia huffed needily, her head ducking out of view for a moment as she pressed her face into the mattress in front of her. Edging further with each jolt of her hips, she struggled to remain in control, her body straining against the immense pressure that threatened to push her over the edge at any moment.

“Fuck.” Perfuma whimpered desperately. In a scattered daze she stumbled backwards, slamming absently into the closet wall. Her impact sent the ancient denizens of the closet clattering to the floor, thick swathes of dust puffing up from the ground to sting at her eyes. Irritated by the chaos her folly caused, Perfuma frustratedly kicked aside the mess forming within the closet. In favour of cleaning up after herself, she impatiently slid her hand down her stomach to come to rest on her bulge, her fingers kneading desperately at her clit through the tight denim. Her

remaining hand held steadfast onto her communicator, the console growing slippy as her hand began to sweat.

Pointedly not looking downwards, Perfuma feverishly palmed at the distortion in her jeans, fighting the temptation to take off her pants right where she was. *She couldn't pull it all out- not here* . Not when anyone could walk in and catch her doing, well, whatever *this* was. A nervous excitement ran up Perfuma's spine as she thought about just how exposed she really was here.

A sharp gasp from Scorpia on the communicator punctuated the air within the closet, sending a shudder down Perfuma's spine. Her clit twitched angrily in protest to Perfuma's continued restraint from the confines of its denim prison.

It… it was probably okay to at least open up her fly right?

"*Oh Etheria Perfuma*-"

Perfuma hissed in mounting frustration as her lone hand fumbled clumsily with the button of her jeans. The one day she doesn't wear loose clothes is the day Scorpia finally decides to surprise her with this?

Releasing her grip on the pants, she frantically searched the closet for a place to set the communicator down. Trying desperately not to make any noise, Perfuma precariously set the device on a discarded armour rack, the dusty armatures groaning in protest at their sudden use.

Stepping back a little, she took in a lungful of the cool air flowing through the slats on the closet door, the chilled breeze offering Perfuma a brief moment of clarity.

Recalling where she was, she attempted to listen for people shuffling around nearby. Observing silence, the flower princess assumed the coast was clear and proceeded to tear her fly open with both hands, her fingers protesting mildly as they scraped against the metal zipper. Upon opening the fly, her panties spilled from within her jeans, the dainty pink lace noticeably damp around her tip.

With a shaking hand Perfuma reached into the garment to confront her clit, trying her hardest to stamp down the prickling feeling of shame at the back of her mind. Her free hand moved to position itself firmly against the wall above the armour rack in an attempt to hold herself steady, her knees wobbling dangerously beneath her.

"I need you so badly right now, my Flower." Scorpia crooned, her sultry words drawing Perfuma away from her thoughts. A series of confident thrusts into her pillow followed, the material around her vulva damp with arousal.

"Do you- ah- do you see what you do to be me baby? I can't function without you here.You're making me such a mess."

Scorpia, glistening with sweat, shone through the screen like an oasis, her body a reprieve from the cool desert of the closet. Perfuma imagined herself a weary traveller, desperate to quench her thirst in the calm waters of Scorpia's shimmering form.

With this image in mind, Perfuma squeezed her eyes shut as she apprehensively pulled her clit out from within her panties and began to rub tentatively at her shaft. Shivering slightly, she let out a quiet moan as she followed up her movements with a series of

long, smooth strokes. As her clit twitched gratefully in response, she found herself fighting the urge to be more persistent in appeasing her desire. Despite being as exposed as she was within the dank closet, she didn't want to accidentally rush headlong into the experience.

Perfuma hadn't completely expected this. Sure, the couple had talked about trying out some long-distance intimacy, and Perfuma had proposed that the next time Scorpia felt the urge, she should call her, but the flower princess could sincerely say she was not entirely expecting her girlfriend to actually follow through with it. Especially not at two o' clock in the afternoon, without clarification on just *where* exactly Perfuma was when she made the call (although the pair *had* discussed trying more… *public* acts of intimacy as of late). The flower princess was in equal parts proud of what looked to be a big step up in confidence from her partner, and nervous to see if this play would go over as smoothly as she hoped it would.

Unable to resist her girlfriend's call, the lanky woman had dove into the nearest available space to attend to her girlfriend's needs. As it were however, the broom closet- despite being readily available- was unfortunately exposed to the public. As she became more aware of her situation, Perfuma found her thoughts drifting onto the confused and angry stream of consciousness that insisted that this is not what *real* girls do. Gritting her teeth, the princess attempted to will those thoughts away. Here was her beautiful girlfriend- naked and vulnerable- doing this for *her*, because she loves her and trusts her. *Why* couldn't she extend that same love and trust to herself? Why should being here in this moment make her any less of a woman than Scorpia was?

"Why can't I just have this for once without having to *fight* myself to earn it?"
Perfuma gasped quietly, a painful tightness in her chest threatening to tear her from the moment. Her hand stilled where it was on her clit as a deep sense of shame rolled over her. She wanted this, she really did. She wanted to be able to explore her sexuality without spiralling, without feeling like she was imposing on some strange aspect of womanhood that deemed her an outlier- an imposter.

Her eyes flicked once again to the screen where Scorpia continued her motions, unaware of her partner's inner turmoil. Taking in a deep, shuddering breath, Perfuma attempted to steel her thoughts.

If doing this is not what a 'real girl' does, what does that make Scorpia? If Scorpia is a woman, and she can do this and still be a woman- that means that I can do this and still be a woman too, right?

Perfuma let that notion settle into the recesses of her mind as she took in a series of calming breaths, relaying the mantras her therapist had suggested for moments like these. She wanted to be present here, to enjoy something new and exciting with her partner. If she could work through her inhibitions towards vanilla sex with Scorpia, then surely she could work through experimental play too?

Taking in a few more stabilising breaths, Perfuma's hand once again continued its motions against her clit, her muscles relaxing as her thoughts began to settle somewhat. Perhaps there was a discussion to be had in the future about setting up a meditation plan before they dove into any more play? It seemed to be working here, so maybe it would work in other situations like this?

Distantly, voices echoed from outside the enclosed room, drawing closer with every second- the sound piercing through her spiral

like a rose blooming amidst thorny bracken. She would meditate on those thoughts and feelings later, at a better time. For now though…

"Shit!" Perfuma hissed, her breath coming out in frantic bursts. She didn't want anyone coming in here, not now, not with what she had gone through to get here. Briefly releasing her clit from her grip, she reached over to the communicator and turned down the volume. If she was going to be caught, she didn't want to unintentionally drag Scorpia down with her.

Satisfied with this, Perfuma once again reached for her clit, biting down a moan as she came in contact with the sensitive skin. Passing her palm up and down the length, the flower princess quickly worked back up to her prior pace, groaning at the tightness twisting in her base.

Rutting into her hand, Perfuma bit her lip, trying desperately to stifle her moans as she increased the speed and tenacity of her strokes. Her clit throbbed in her palm, each pass of her calloused fingers sending spikes of arousal into her core. She widened her stance as she thrusted her hips relentlessly into her palm, her clit pulsing in her fingers with each frenzied movement of her pelvis. The air in the closet grew humid, sweat beginning to stick Perfuma's clothes to her skin.

The view on her communicator shifted as Scorpia's tail whipped by the screen- her girlfriend had raised her body onto her knees and was leaning out of frame, her hips still jerking clumsily against her pillow as she fumbled with something on her bedside table.

"W-what?" Perfuma whispered, praying whoever was nearing her hiding spot couldn't hear her. Scorpia twisted lithely to look at the

camera, grinning broadly as she pulled an average-sized and obnoxiously pink rabbit dildo within sight of the camera. *"Cool right? I had it custom made in Salineas; they, uh, they like their sex toys over there. Quite- ah, quite big on tentacles."*

Sidling back comfortably into her original position, Scorpia set the dildo onto the pillow with all the confidence and grace of someone who'd had plenty of practice. For a long, savoury moment she rubbed herself up against the head of the toy, gasping as the firm silicone pressed hard on her swollen clit. Perfuma stared, enthralled as Scorpia ground against it sensually, her arousal slickening the rigid shaft of the dildo.

"Vibrations: on, power level: three." Scorpia huffed, shuffling slightly against the toy. To Perfuma's surprise it glowed a soft purple and buzzed to life, vibrating incessantly against her partner's vulva. Scorpia moaned at the sensation, her back arching as she revelled in the vibrations.

"Like it? The sorceress who made it said the magic would make it, uh, easier *for me to use, to say the least. It's got this like- knob-type thing? It's for my clit. I-I've never seen anything like it. Top of the line stuff- just like you."* Scorpia said sweetly, peeking over her shoulder to look at Perfuma through the screen. The flower princess couldn't help but melt at the compliment, feeling herself turn into a blushing mess. For fear of being discovered Perfuma bit back the compliment on her tongue, opting instead to smile softly at her girlfriend.

Turning her head away from Perfuma, Scorpia hummed happily as she resumed her movements against the vibe, her labia gliding over the firm material in slow, methodical motions.

Perfuma panted as Scorpia teased her, her partner's strong muscles rippling with each controlled thrust against the toy. The scorpioni's thighs convulsed, making it clear that she was just as much teasing herself as she was her partner.

"I know you want me. Say it." Scorpia's voice crackled over the line, sultry and dripping with lustful compassion. Spreading her knees wider she adjusted herself so that Perfuma had a clearer view of her pussy, her knees digging deep into her duvet as she ground playfully against her toy.

The flower princess let out a muffled moan, her clit stiff and slick with sweat in her hands as she tugged at it enthusiastically. The soft fabric of her panties grazed her member with every stroke, her movements still somewhat limited by her garments.

"I-I want you. Please-" She whispered, voice strained by arousal and the fear of being caught. The voices were just outside the door now- Glimmer and Bow- they were looking for her. She wasn't in her room.

"I can't hear you~" Scorpia cooed, a clear intent in her tone. Did-did she know? Could she hear them too? A moan brought her back to the scene ahead of her. Scorpia's movements against the toy were torturously slow. She teased her entrance with the head, her tail swaying entrancingly as she let out a quiet mewl.

"I-" Perfuma started, wincing at her volume as the retreating voices faltered somewhat. Were they listening?

"Don't leave me hanging here baby~"

Inhaling sharply, Perfuma leaned in close to the communicator.

"I want you. *Fuck* Scorpia I want you so goddamn bad."

Scorpia giggled softly before grinding deep onto the toy.

"I heard you the first time. I just wanted to watch you squirm."

Before Perfuma could protest, Scorpia welcomed the dildo up into herself, taking it all the way to the base without so much as a wince. A moan clawed its way out of her chest, her body shivering violently at the new sensation.

Perfuma's hips snapped forwards at the sight, her knees catching the edge of the armour rack with a loud thunk. The pulsing pain in her legs went unnoticed as she slipped her hand up and down her clit in short and sharp strokes, her core tightening as she found herself teetering on the edge of a deep orgasm.

"I wish this was you. I can't stop thinking about it- about you *, inside me. I'd ride you just like this. You'd grab my tits, squeeze my ass-"* Scorpia moaned, her tone slightly frenetic, *"Oh gods 'Fuma, I need you so bad."*

She could hear her friends' voices closing in, but found herself strangely unable to care. Perfuma fixed her gaze firmly on Scorpia’s back and ass as she bounced on her toy, a seamless string of moans pouring from her lungs like a song. Perfuma watched, captured by the slick sounds of Scorpia’s pussy as her girlfriend pushed the dildo in and out of her entrance in an effortless rhythm. A whine escaped her as she tried to imagine herself laid there beneath Scorpia, their hips meeting in explosive collisions as she rode Perfuma’s clit. She wanted to feel her girlfriend above her, wanted to sink her teeth into firm muscle, to drag nails down her statuesque body as she fucked her. Gods above- the things Perfuma would do if she was there.

Just the way Scorpia’s body moved… the effortless roll of her hips as she fucked her toy… her vast muscles clenching and loosening with every pass of the dildo… her desperate needy moans as it buzzed relentlessly away at her clit…

The hand that was pressed firmly against the closet wall clenched tightly, her fingers turning red and then white as Perfuma dug her nails deep into the smooth drywall. With every frantic stroke of her dominant hand, beads of precum slipped down her shaft and around her fingers, dampening her silky pink panties.

“I-I’m gonna-”

A soft click of a door handle came to Perfuma’s attention, and with barely a second thought the flower princess summoned a barrage of vines to twist the handle shut again.

“Not this time. You can wait until I’m *done* .” Perfuma hissed impatiently.

Ignoring the confused murmurs, Perfuma continued to frantically pump at her clit, a desperate finality creeping in with every little movement, a feeling like a wave of static pulsing through her, starting within her crotch and fizzing up through her chest, arms, and head.

Through the screen, Perfuma watched as Scorpia reached her peak, her moans and whines completely silenced as she coiled in on herself, tail and claws digging into the mattress as she shuddered around her toy, riding out the waves of her orgasm with a series of deep, languid thrusts.

The flower princess groaned desperately upon seeing this, her hips rutting up again and again into her palm as she pulled her supporting hand from the wall to dip into her panties. Her calloused palm slipped past her clit to softly cup and grasp her testes, massaging them in a gentle contrast to her frantically pumping hand.

With a final few strokes, Perfuma reached her climax, waves of pleasure ripping up through her body like a violent tempest as she emptied herself all over her hands and onto the dusty floor below her.

“ *Fuck* Scorpia-” She grated lowly, trying her hardest to remain somewhat quiet as she sank into the comforting blanket of afterglow.

On the other end of the line, Scorpia adjusted herself to face the camera, exposing the full extent of her nudity to Perfuma for the first time since the call began.

Later , Perfuma thought upon feeling a twinge of interest from her clit. The freckled woman gently tucked her member back into her jeans, grimacing a little at the earned (but still rather uncomfortable) dampness in her panties. As she wiped her hands off on an abandoned scrap of fabric, she turned her gaze to the communicator. A warm, toothy grin greeted her, obvious mirth painting Scorpia's features.

"Broom closet, huh?" Her girlfriend's voice rumbled through the line, a promise of laughter in her tone.

"Oh-! Shush, you." Perfuma hissed playfully, "You knew what you were doing."

Raucous laughter erupted from her partner.

"Yeah, yeah I did."

A brief pause, and then:

"W-was that okay, though? It's just- you said that- uh, that you might like me to surprise you. A-and uhm I thought, well, what's more surprising than in the middle of the day, right? I mean- I

know we discussed more, uhm, play in public but in retrospect m-maybe you meant like we'd be together in person doing it or-or," Scorpia sputtered, a blush deeper than the one she already sported blooming across her face. *"I-I just hope I didn't cross any boundaries? I mean- you seemed to enjoy it but, uh, well, I dunno maybe I was just projecting and-"*

"Scorpia." Perfuma interrupted, a grin finding its way across her own face now, "It's okay. Really. I liked it a lot… I- I do think there may be some more boundaries, or like, certain measures we need to set for future play, but for a first attempt I think it went pretty well. I'm proud of you, of *us* ."

Scorpia nodded slowly, deliberating for a moment before she spoke. *"Okay, we can do that. I'll be back in Brightmoon two days from now- we can talk about it then, maybe? Over tea?"*

Perfuma hummed her approval, her eyes locking with her partner's through the screen. For a moment the pair just sat, bathing in their afterglow as they took in each other's slightly-frazzled appearances.

"Y'know," Perfuma hummed softly, "It's truly astonishing that you can video call me stark naked and ready to go, but somehow only be nervous *after* you've already made us both cum."

"T-That-! Well- I-uh. Huh. I guess it is a little silly." Scorpia sputtered, the blush that had been on its way out moments before returning in full force.

Perfuma smiled harder, a new warmth blooming in her belly as she took in the sight of her big goofball of a partner.

"You know I *love* you right?"

Scorpia smiled coyly before burying her face in her claws.

"I love you too." Came the slightly muffled reply.

"And hey-" Perfuma started, waiting for Scorpia to look at her again before continuing, "Maybe it turns out I have a bit of an exhibition thing myself."

Just as Scorpia opened her mouth to speak, alarm and excitement painting her features, Perfuma ended the call.

"I suppose that'll be *her* surprise for the day." The flower princess hummed bemusedly, grabbing the device from the rack before calling back her vines and swinging open the closet door.

"Bow.. Glimmer." Perfuma greeted her friends with a courteous nod, ignoring the duo's astonished (and equally mortified) expressions as she padded off down the hall to her personal suite.

-////-

“Hey Bow?”

“Yes, Glimmer?”

“Tell the guards we need to *deep* clean Broom Closet B36, please.”

End Notes

I imagine Perfuma's relationship with her clit is a complicated one. Usually she's pretty okay with it, but when she's in a highly vulnerable position- such as she is in this chapter and some of the coming ones, its easy for that dysphoria to rear its ugly head.
Also sorry if any of the formatting is off, I transferred this from a google doc to the rich text and I'm not quite sure if it will work quite right lol.
