A happy Queen, an even happier Horde Lord

by cerraelortobruno

It was a silent night. There were no soldiers walking through the halls and the sounds of machinery were rather low. It was almost unbelievable. Only the rain could be heard. The sound of the droplets hitting the ground and the ceiling was relaxing…
There were almost no days like this back in the old land of the Fright Zone, but under Adora's command everything was possible. Speaking of her, she was sitting on *her* throne at the moment. She had a long day checking out tanks, among other machinery, and soldier's practices. She was exhausted, but being the Horde Lord, it was expected of her to be doing what a *Horde Lord* must do. Hordak was not always this diligent as Adora is, but he was out of the picture now. People in the Fright Zone forgot about him fairly easily and fast.

And now, as a Horde Lord, she had to take decisions.

What is she going to do with her soldiers?

Such a difficult question.
The letter in her hands, which she received earlier this morning, was proof of how much responsibility she had as a new leader and lord of a land.

"Dear She-Ra,
It is claimed that you successfully finished up the two threats the Princess Alliance has been fighting for too many years: Hordak and Shadow Weaver. Our messengers reported that you did it with the magic of She-Ra, we are formally inviting you to join the Rebellion, as She-Ra is believed to be the savior of our beautiful world, Etheria.
We are looking forward to hearing from you.

Princess Alliance."

Adora sighed for the tenth time in five minutes. What can she do with so much responsibility?

There were a lot of things to consider…

"Wow, look at you…," said a raspy voice. It was the perfect attention getter for Adora "You look like shit".

"Ha, ha…" Adora laughed in an ironic tone, she knew this girl's antics so she will play along "Thank you so much, Catra…"

Adora looked up at the girl in front of her. She knew by heart the complexion of her. Tan skin, unruly hair, chubby cheeks, slim body… and those hypnotizing mismatched eyes.

"You are welcome, my dear…" *Catra* whipped Adora's legs with her tail, the latter just looked amused. Well, at least something was a little more relieving than thinking of people's future.

Catra placed both hands on the armrest and leaned her body to be inches away from Adora's lips. The blonde girl arched an eyebrow, whatever Catra was about to do could be: ask her a favor (do something risky) or mess with Adora. She knew it.

"Do you want to see my new acquisition?" she whispered near her lips. Her eyes staring right at Adora's. Oh… how much she enjoyed whenever Catra messed with her.

Adora nodded yes.
"Let me see, my love".

As soon as she received the affirmative question, Catra opened wide her mouth and sticked out her tongue.
Adora smiled with satisfaction at that *view.*

"Look at you…" She gently placed her finger on Catra's chin "Who gave you permission to get a tongue piercing?" She couldn't help but entering her thumb inside her mouth. She placed it comfortably pressing Catra's tongue. The cat girl didn't react to pain, there was any to begin with. She only felt that finger teasingly set down over her piercing.

The blonde girl assessed that mouth closely. Every single detail. Catra's fangs caught Adora's attention since *always,* since she knew what to do to satisfy herself in solitary, she knew that Catra's mouth was going to be the death of her.

Her tongue looked amazing with that little black ball in the middle. Adora never found appealing that type of body modifications, but Catra *-being Catra-* appropriated that style.
Catra's mouth was fascinating. And her voice too… Adora knows she is willing to do *anything* for that brunette girl in the most literal way possible.

"I asked permission to myself" said teasingly as she licked Adora's middle finger. She heard the blonde girl groan softly. Catra introduced that extremity inside her mouth and started sucking it. Taking her time as she stared at Adora "And I said yes…"

Maybe she pampered Catra *way too much* and that's why she is a spoiled brat nowadays…

“Well, I am glad you did” she kissed Catra’s nose tenderly. She never meant to confine Catra’s freedom, both have grown up in an abusive environment and both agreed to change it.

But everybody knows Catra is turned on by Adora’s possessive fetish...

Catra took off Adora’s finger and spoke again.

“What gets you so concerned? Do you want to talk about it?”

Adora meditated it a bit. But finally, she handed Catra the letter.

“Oh, this is what makes you so…” she cradled Adora’s face with one hand “dumb faced?”

“What is that supposed to mean?” rather than offended, Adora was confused. Catra’s antics are sometimes hard to understand.

She clicked her tongue and made her best ‘resting bitch face’. Never stop smiling.

“I don’t know, you have to see your face with my eyes to understand it”.

Adora huffed and looked away. Of course, Catra was going to laugh in her face. She couldn’t blame her.

But Catra understood her beloved dumb blondie was not in the mood to get teased. They could discuss about this letter issue. However, Catra being a brat, was not going to let this opportunity go.
She sat on Adora's lap, placing her legs comfortably on the armrest.

"And now you sit on my throne?" said Adora as she trailed her eyes on Catra's lithe body. How much she adored that beautiful body. That waist so inviting to be gripped by her hands. She loved caressing Catra's curves. Her fingers knew by heart every single place in the brunette's body.

"But you *are* sitting on your throne, sweetheart" answered nonchalantly "I am sitting on *mine."*

Catra readjusted herself on the older girl's lap. Wiggling tauntingly as she hugged Adora's broad shoulders. The blonde girl placed her hands on the small of her back and thighs. Adora sighed as she felt that delicious pressure between her legs. Catra's movements over her lap were always welcomed.

"You speak too much" she kissed Catra's jaw suavely "Aren't you a bit too pampered?" she set her lips on Catra's skin again and kissed carefully, as if Catra's body was made of porcelain.

"I like to use my mouth to speak my mind" answered the cocky brunette. Her tail was swinging amused. How *good* it felt to mess with her favourite Etherian "And also, I don't think I am spoiled enough, you know?"

Adora chuckled darkly, she has heard worse things from Catra but this was her worst lie so far. She *IS* definitely a spoiled brat.

"You have no idea how long it took me to tame this mouth…" Adora grabbed Catra's chin with extra care, she inserted her thumb in the girl's mouth again. Repeating all the previous process of assessment.

"You have no idea how much work I had to do to tame this little mouth of yours…" She licked Catra's lips very slowly "How hard I worked to tame every single part of you and still you managed to turn into a pampered girl, is that right kitten?"

Catra sticked out her tongue, showing off the piercing she so proudly got. This was a fun game for her. Adora's patience was big, however, messing with *that* patience was the fun part.

"Oh, please…" she retorted "Don't say it like it was such a big deal!" Adora looked amused at Catra's defense. Poor silly kitty. "Oh, forget about that. It definitely *is* a big deal, after all I didn't manage to put all of it in my mouth…"

Catra massaged Adora's bulge tenderly, with enough pressure not to harden it. She could hear the blonde girl gulp soundly. Oh, her weak point…

Adora was *so* easy to tease. And how much fun it was!

The blonde girl was confident, commanding and determined. A fearless 1,78cm woman made of solid muscles and fixed intimidating gaze. However, whenever Catra shows up with a new idea (a risky trip) her mindset rotates on satisfying the brunette's necessities/ desires as fast as she can. Anything Catra wanted, she shall receive it. There was no way Catra was going to bed without her little treats.

A happy Queen, an even happier Horde Lord.

"You are so annoying, kitty" she kissed Catra's neck slowly and repeatedly "My annoying, precious kitty…"

Catra hummed as she melted on Adora's ministrations. It felt good to be kissed so tenderly by the most good-looking person in the Fright Zone, or dare she say *Etheria.*

"I am annoying, but who keeps spoiling me?" Catra kisses Adora's cheek now. She places her plump lips on that delicate skin and leaves kisses, one after the other "Who keeps giving me everything I want? Hmm?" she kisses one more time, but now it is turn for Adora's lips to be taken care of. She plants a kiss against the blonde's meaty lips and this is cue to ignite the whole battle against each other to assert dominance in the kiss.

Adora loses this time. Catra licks those tender muscles. Adora now feeling that new texture in Catra's tongue. It felt like heaven, something new she didn't know it would feel *this* good.

“Ah…” Adora moans but Catra’s mouth muffles it. She grips her waist firmly, her big hands holding possessively the smaller girl’s body.

“Catra…” another moan muffled by the mentioned girl’s mouth. “You definitely came to me for this…” The cat girl bites Adora’s neck. She bites and licks. Bites again and sucks till her pale skin is decorated with a big, deep bruise.

“It’s bedtime, sweetheart…” she bites again and sucks <>hard enough to make Adora gasp “Your wife has been waiting for you for <> hours , don’t make me sleep naked alone”

Catra is *always* serious whenever she warns Adora about something. She knows her wife like the back of her hand, well, they grew up together. She knows how much she overworks herself, her self-sacrificial tendencies… Adora was an open book for the kitty.

“I am *never* going to miss a chance of sleeping with you, kitten…” said Adora “But isn’t it cold to be sleeping with no clothes on?” It was raining profusely in the Fright Zone; it was even chilly in the halls. Catra’s health was an important matter for Adora.

“That’s why I came here to take my amazing, strong and hot wife to bed…” She kissed Adora on the lips one more time “If you come, I’ll take care of you the way you like…”

Catra winked her honeyed eye and bit her lip. Adora sighed heavily, she was not tired… she was *defeated.*
No one could beat Adora before, not even her platoon, not even Hordak or Shadow Weaver. But Catra, her long-time friend, knew how to play her cards. Knew every weak point the blonde girl has. But Adora, far from feeling embarrassed, accepted her fate with open arms. If the cat girl wanted to take advantage of Adora, then the girl shall obey.

"Oh, Lord…" Adora chuckled to herself and wondered "What kind of black magic did I do to get a wife like her?"

The *wife* arched an eyebrow, a sly smiled was painted on her face.

"Oh?" she said "If my memory doesn't fail me, it was *you* who proposed first…" She showed off a little golden pin Adora found on one of their trips to their conquered towns and gifted it to her beloved girl. Catra kissed Adora's ear with care. Adora shrugged due to the electric sensation running through her spine.

Adora kissed her in the neck, right in the middle of it and left a trail of kisses from that slim neck to her jaw. Then, she moved to her chubby cheeks, one of her favourite features of the brunette girl. How can she not love it? Those cheeks were inflated and showered in freckles.

"And I don't regret it, not yesterday, not today and certainly…" She kissed Catra's red lips " *Never ever will".*

“Good girl, baby…” Catra kissed back so passionately that Adora had no other option but holding very securely her wife’s thighs and lift themselves up the throne.

Catra squeaked at Adora’s strength show. It was the oldest trick in the book but it never failed to arouse the brunette girl.

She took her wife in her arms, the pure bridal style, to their bedroom. She walked through the halls with a purring girl cuddling and kissing her cheeks from time to time.

Little brat Catra won this round.

……

The room was warm and cozy. Adora reached the bed and laid Catra carefully on it. It was filled with a lot of plushies, pillows. And the whole room was decorated with band posters, books and their wardrobes were full of clothes. Catra’s little treats Adora so diligently complied.

“Well…” Catra said as she rose her tone… expecting something from the taller girl.
Adora caressed Catra’s cheek lovingly, and the other girl placed a hand on her abs.

“Would you let me massage you?”

Her tails swinged around, like a kitten waiting the *right* moment to attack a prey.
Even her pupils were blown up.

” She is so predictable…” she thought worshipfully.

“That would be lovely, dear” she responded with a soft smile.
Catra got up of the bed and faced Adora’s body, well… she had to look up to fully face those grey blue eyes.

Sapphire and honey clashed with grey blue gems.

They were under a spell in which their slow movements and hypnotizing glances made it *impossible* to escape. Those eyes never stopped staring at each other.

Their bodies slowly pressed against each other. Catra’s chest against Adora’s. Two strong hands captured the younger girl’s waist and attracted it till their hips collided. Now, personal space

was reduced to zero. However, it wasn't an issue for these two lovebirds.

Catra stroked Adora's abs going up to her chest to end up possessively choking her throat.

"I know what you need, Adora" she purred. Her raspy voice was the perfect bait to trap Adora under *another* spell, one in which only Adora could be put in. Catra has many attributes to play with. She knows she is beautiful, or dare I say that there was not even a word that could express just *how* gorgeous she is. She knows her features are hard to find, not everybody could have tan, caramel skin. Or an unruly, disheveled mane framing her face in an enchanting fashion. Not everybody *has* two impossibly perfect eyes and freckles decorating her skin. Whoever dared to say God doesn't exist, they shall shut their mouth because there is no other artist capable of the creation of this precious creature. *Of this dangerous woman.*

"In fact, I can feel it…" she licked her wife's rosy lips as she emphasized her statement with a little thrust. Her front pressed against that bulge growing inch by inch inside those cargo pants.

Adora groaned as that pressure relieved a bit of her desire to just bulldoze her wife right where she was. Catra's hips lingered for a couple of seconds that felt like hours. The blonde girl reciprocated that pressure with *more* pressure. Her bulge squashed deliciously against her wife's body.

“You know it, love?” she asked to the cat girl. A mischievous grin painted the girl’s face “What does a good girl do when she knows what I need?” slowly, as she was speaking, Adora stroked Catra’s curves up to her shoulders and then, to her hair. She firmly grabbed a small sum of it. Catra gasped as she let Adora manipulate her head as she wanted.

Catra smiled satisfactorily. No… that was not that smile.

Adora feared it with her life, she knew that mischievous smile. The *type of smile* Catra always pulled whenever she was about to do something trickery and *get away with it.*

She thrusted her hips against Adora’s. She pulled her closer to her warm body, involving her in a hottish embrace.

Her hands pressed the taller girl’s neck a bit *harder,* drawing a gasp of her mouth. The member throb strongly due to that. Those grey blue eyes only reflected lust and… a silent plea for mercy. For release.

Catra let go that bulky neck to tease other parts of that hot body. Her fingers caressed the texture of that white turtleneck, those breasts felt so good to the touch. Then, her abs, which felt like little bumps. Catra’s favourite pastime was trailing her fingers forming paths on that toned stomach.

She lowered her knees, till they touched the floor. Now, she was face to face with that visible tent between her wife's legs. It looked very tensed, like a rubber band ready to snap at any time.

Adora, standing up waiting patiently for Catra, looked down at her lovingly. The view she had from there was spectacular. Imagine it… You are all warmed up by the hottest girl you have ever seen in your life. You are lucky to *be* her wife. And your daily life revolves around getting teased by this mischievous woman, you hear her girly laugh every time you fall in her traps. And at night… she is the one expecting *you* to satisfy her, to spoil her in bed. Under the sheets. Only the mattress knows the type of *lucky bastard* you are.

Catra rested her cheek against the bulge. Her hands played mockingly with the waistband of those greyish pants.

Adora was getting progressively hot and bothered. Her arousal was palpable.

Her fingers hooked the waistband securely and then, obnoxiously slow, she pulled Adora's pants down. Her eyes never stopped staring those pleading grey blue orbs.

When the pants hit the floor, Catra came face to face with the *issue* she so kindly was going to fix. The light grey boxers showed off a generous sight of the member Adora had between her legs. For once, Horde's sense of fashion was a plus because those boxers were translucid and Catra could appreciate the length and thickness of that member.

She licked her lips. God… it was incredible how a muscle was capable of making her moan and scream with pleasure and lust while laying on a mattress.

Catra sticked out her tongue and caressed the length with it. Getting it wet. Her piercing rubbed deliciously Adora's penis.

The taller girl gasped. Her cheeks turned red.

"…That feels amazing, love" she gasped again. Adora tried her best to not lose her composure and start fucking Catra's mouth right away. She liked the thrill of it, even if it made her suffer a bit.

"Do you like the piercing?" The magicat stopped wetting the undergarments and sticked out her tongue sporting that little black ball in the middle.

Adora's cock throbbed. Which both girls totally saw.

"Yes!" Adora released a breathy laugh. She licked her lips as she fixed her gaze on those mismatched orbs again.
She pushed her hips till her bulge touched Catra's tongue again.

"Do I really have to confirm it?" She arched an eyebrow.

"I like to confirm how ruined you are thanks to me, big girl" Catra pressed an open-mouth kiss on the tip. Her lips were shaped like an 'o' to suck it. The salty taste invaded her tongue, Adora was absolutely *ruined* and Catra enjoyed every single second of it.

The length spasmed again and grew an inch extra. The last of it. Catra noticed how hard and broad it was. Definitely this was not going to fit in her mouth.

"Baby…" moaned Adora. Her voice *pleaded* for mercy, to be rewarded with relief "Quit teasing, please…" Her eyes were almost watery. Another thing she completely liked was getting humiliated by the brat in front of her. Catra's devilish personality was, among others, her *weak* point. Her Achille's heels.

Adora moaned soundly when Catra sucked particularly hard the clothed tip. If that felt good, she could only imagine how heavenly it would feel to fuck Catra's mouth. To fill every cavity with her big cock. To cum deep inside her, to fill her up with their kittens. To paint her chest, ass, face and tongue with her white-hot seed.

The blonde girl could only reach bliss once she made her way inside Catra's pussy.

"I don't want to suck it"

UH!?

“Wh-what...” she squeaked. How in the world was that possible? The magicat laughed at the scene. The Horde Lord in a vulnerable state, hot and bothered, hearing the shattering news that her member was not getting sucked any time soon.

“What happened, my Lord?” she got up again. Their height difference was still evident. Catra could not fight back with her stature of 1,65 centimeters. But maybe, fighting with fists were not her ideal weapon… oh no.

“Were you scammed?” Catra pouted her lip and furrowed her eyebrows. Mocking her wife in the process. Adora was having none of it. No…

“…You played with me” she narrowed her eyes. Her hands grabbed Catra’s chin possessively making the girl fix her gaze with hers. Catra could perceive a glottal growl coming out Adora’s throat. Despite the girl’s anger, the rascal never stopped pouting and mocking her “You *spoiled brat,* how dare you misbehave like that?”

Adora got closer to Catra, their noses brushed slightly. Those grey blue eyes reflected pure anger and desire of revenge. How could Catra do this?

But Catra was far from scared. She pressed herself on Adora’s body. The wet underwear was palpable.

“What?” she asked challengingly “Does it surprise you that you haven’t completely tamed your wife yet?”

Catra grabbed Adora's turtleneck and pulled it up. Adora complied and helped Catra undress her. She also pulled out her bra.

Now, *this* was the view the cat girl was expecting so much. She licked her lips hungrily. Adora's breasts were beautiful. They were big, round and swollen. Her pink nipples were Catra's favourite candy. Well, the second favourite.

Her eyes examined Adora's whole body. Her mismatched orbs fixated on those abs. Years of calisthenics worked out really well.

"I bet you want to fuck me rough tonight just because I messed with your ego…"

Adora inhaled and exhaled as a cold hand grabbed her cock securely. Those long, slim fingers trapped her throbbing member.

"I bet you want to cum inside just to teach me a lesson…" she whispered as she got progressively closer to Adora's ear. It was possible to hear the synchronized heartbeats of the Horde Lord and her Queen.

"You want to make sure I won't disobey again…" she bit Adora's ear and pulled tenderly "Guess what, my love? I am never going to obey a word you say…"

Adora's patience was a pressure cooker. This time it exploded…

She captured that thin waist again making Catra yelp. She deserves the punishment for being an absolute, obnoxious, disobedient brat.

Adora united her lips with Catra's and started a rough kiss. Messy, noisy, dirty kiss. Her tongue licked Catra's, feeling that little ball's presence with it. She sucked Catra's tongue suavely, just to make her moan.

The kitten's half-closed eyes reflected her state of bliss she was put in. From her throat came out the naughtiest moans ever heard in the Fright Zone.

"Ad-Adora…" she moaned with abandon. Their bodies, like two magnets, reunited again pressing lustfully.

Adora sucked hard one last time and then she left Catra's tongue with a loud *pop* sound.

"You like messing around with me, Catra…" groaned Adora as she checked out the magicat's body. In her mind she was listing which part of her body attack first. The beast inside of her growled for release, to let it out and have fun with the girl that damaged her ego.

"Look at the mess you caused…" roughly, she pressed Catra's hand making it squeeze her cock. Catra gasped as she sensation of the thick muscle in the palm of her hand "And you are *definitely* going to fix it"

Catra's teasing unleashed the insatiable beast inside Adora. The ruthless, hungry and dominant monster that liked to fuck till exhaustion. Till there was no more seed to fill Catra with.

She turned her wife around, making her face the big mirror on the wall. It was so wide it almost fit every corner of it.

Catra saw how little her body was in comparison with Adora's. Her was slimmer, with defined curves, the muscles of her four-pack abs were prominent. However, her muscular body would get stronger but never taller. She accepted her fate a while ago.

On the other hand, Adora was tall, much more muscular (even though she complains about being scrawny), the curve of her hips was accentuated, her chiseled abs and absolute bulky arms and legs.

Both were absolute killing machines. Catra was particularly more sadistic and cynical than her wife. Well, in her defense most of her enemies mocked her for being part *cat.*

Adora ran a hand over Catra's clothed body. Her second-in-command uniform was the best outfit Catra ever used. And Adora saw her on a suit. That boob window was sinfully attractive. Also… those socks. Adora was indeed a lucky bastard.

Her hand ended up cupping Catra's breasts. The cat girl gasped as she, intentionally, pressed her ass against her wife's member.

"Look at the Queen of the Horde…" she whispered on Catra's furry ear "she is ready to be used, to be filled up in cum…" Adora pressed a deep kiss on her cheek. She felt the warm skin with her lips. Catra *was* aroused "my precious, dirty kitten is ready to ride me, to take me in her mouth. *All* of me… she is waiting to swallow my seed, to milk me for hours…" Catra moaned deeply, her hair stood on end. That last part seemed so interesting. Like a <> great plan.

"I will happily milk my big girl all night long…" Catra could see by the reflection of the mirror how Adora, with her left hand, fished out her cock. She needn't see the member to know just how hard it was. It was evident as the strong tip was pressed between her ass cheeks. Catra gasped soundly as the member tried to force its way through her shorts, but it was just for the show. Adora was just teasing her back.

"I think you are ready for that…" Adora said. She started unzipping Catra's horde uniform. Her corset was her favourite part, she liked to come face to face with that magnificent back and shoulder blades, every muscle of it felt so good with her fingers, and tongue. She was extra careful to take out the sleeve attached to the corset, Catra helped too as she pursued Adora's warmth. Now she was half naked, only her shorts and socks remained intact "What do you think, kitty?"

Before even answering, Catra took Adora's hand and walked her to their bed. It was big and the mattress was new. The last one had to be discarded due to an issue involving claws.

“Promise me not to claw the bed this time, my love…” Adora sighed. *Why was she even bothering?* She knew that tomorrow in the morning they would have to go to the nearest mall to buy another. It was also a big excuse Catra used to drag Adora to buy new clothes and plushies. Of course, the taller girl could never say no to her wife.

“That depends on you, my dear” she nonchalantly answered “The problem is that I am sure you *won’t* go soft on me tonight…”

The answer was definitely *I am going to scratch our new mattress just because you are fucking me deliciously hard and it will be your fault, not mine.*

Adora knew it. And she sighed defeated. *Oh, well… she tried*

Catra hoped on the bed, her tits bounced with that graceful movement. Adora undressed completely, she threw her boxers next to Catra’s uniform.

The magicat started taking off her socks but Adora’s voice stopped her.

“What is it?” she asked out loud, but Adora’s lustful gaze answered her unnecessary question “Oh… Are we kinky tonight,

my Lord?" she licked her lips in anticipation. A sonorous purr came out of Catra's chest when she saw Adora's enormous tip oozing precum. She could smell it. The pretty kitty was excited to take that big, heavy cock with her mouth, with her tits and most importantly with her wet, wanting pussy.

There was nothing in this life that compared to the pleasure that brings being Adora's cocksleeve. No, Adora was her walking dildo.

"Yes, my love…" Adora grabbed her length and lifted it up. She massaged Catra's lips with the tip. The cat girl was in all four, waiting for that delicious milk. Adora smiled at the obscene image of her wife using her cock as a lipstick "Are you ready?"

Catra nodded energetically "Yes, Adora! Hurry up, I want to drink your milk" she pouted, her lips never stop touching that fat tip. Her cheeks inflated prettily. That image was enough for Adora to portray how Catra would look once her mouth was full of her cum.

"Open wide"

The kitten obeyed and opened up her mouth. She sticked out her tongue and her fangs were displayed proudly.

Adora wasted no time and inserted inch by inch inside that warm cavity. The hottish breath of Catra made her moan in relief.

Catra was in absolute *bliss.* The spoiled brat finally received the treat she wanted: the heavy cock of her wife in her mouth. And she was going to drink her seed!? Catra was definitely a lucky, pampered kitty. She was happily coddled by her Adora.

The brunette girl bobbed her head sucking as much as she could till drops of saliva fell on the bed. She moaned around the cockhead and Adora could not stop thinking how *good* it felt to be inside Catra's mouth. She was careful with her fangs and her gag reflex was non existing due to their several sessions 'taming her mouth'.

Catra stroked the heavy member with her mouth. Her piercing added new pressure in the silky-smooth muscle. Adora moaned soundly. Those ministrations were better than any wet dream she has ever had.

The magicat placed a hand around the penis, stroking it with her thumb for a couple of seconds. Meanwhile, her mouth was sucking greedily Adora's precum. It tasted good, but nothing compared with the real treat.

"Yes, baby girl…" she sighed as she grabbed a small sum of hair with her big hand. Catra moaned in response "You do it great, I love how hard you suck it… how hard you make me…"

Catra tried her best to take every inch in her mouth, but Adora was just huge and her jaw wasn't capable of opening up even more. But her wife made it clear that she shouldn't force herself or she would get hurt. Adora was *very* overprotective when it comes to Catra.

“I want to drink your milk, Adora…” Catra whimpered, begging for her favourite candy. The most delicious delight in Etheria.

The older girl smiled at her kitty.
“Of course, my love. I’ll let you drink as much as you want”

She thrusted her hips in and out, fucking the warm cavity. Catra’s head bobbed as her mouth was used like a toy. Adora’s balls hit her chin as she thrusted in and out. The brunette girl’s pretty eyes started getting watery and her tail lashed out like a whip.

The room filled up with wet noises and the smell of sex.

Catra felt the bulge in her mouth harden even more. *Finally…*

Adora took out the member and pointed the cockhead to Catra’s mouth. She tried to warn her but a long shot came out the tip hitting the opening. Catra swallowed as fast as she could, but Adora was giving *too much* so she couldn’t drink it all so, naturally, some milk ended up on her face, chest and shoulders.

Spurt after spurt hit Catra’s pretty face. The kitty hummed delighted as she caught some with her needy mouth. Her wife tasted delicious.

Adora sighed as she last stream of cum left her body. She was covered in sweat; her heavy breathing reflected her exhaustion. She was pent-up since no one knows and the sudden realize was *almost* too much for her. But her cock still stood proudly, the veins even more prominent and the whole length was inflated. A clear sign to keep going.

Catra licked the tip till it was completely clean. No milk will *ever* be wasted.

"Good girl, keep your toys clean…" Adora sighed satisfactorily. The brunette girl hummed contented, she was so dirty covered in cum. So ruined and yet so satiated.

"Can I ride you now?" Catra inquired "Or do you want me to keep your cock warm?"

Adora sat comfortably on the corner of the corner of the bed and spread her legs. Catra was really fortunate to see an absolute strong, muscular woman waiting for her so eagerly. If there was *one* good thing the Horde ever had was Adora's presence. Her whole existence in that hellhole was a miracle for Catra. The blonde girl that grew up by her side and protected her from every danger in the Fright Zone. That explains why Adora is so possessive and overprotective with Catra. But she doesn't complain anymore.

"Well?" said Adora as she patted her thighs "Are you coming?"

She learned to take advantage of Adora's protective, jealous nature.

"I'm going, darling. I'm going…" she sings sang as she crawls to her wife. Adora chuckled at the cute scene of the kitten walking in all fours to her.

"You have to undress me first…" Catra whispered in Adora's ear. She laid her cheek on the blonde girl's crotch as she accentuated her ass up for Adora to see. She was still on her shorts and socks.

"You are right, my love…" said the blonde girl with a fond smile. She caressed that long, wavy hair. Entangling it around her fingers. Catra couldn't help but purring in delight… "But remember you have to model for me first."

Catra's eyes beamed up. *She loved modelling for her wife.* She rapidly stood up and her front faced Adora's. She could smell the sudden rise of the blonde girl's arousal as she scanned the tiny frame of her wife. Her small, strong shoulders. Her meaty thighs. Those perky tits that shouted for attention. To be stroked. To be sucked ravenously. To be bitten. *Anything* Adora could do with them would be perfect.

Adora placed her hands on Catra's sides. Her skin burned as if her blood was boiling inside her. *Oh…* how much she desired to fuck

her rough to feel a fraction of that heat.

"Hop on the bed and put on a show for me, kitty…" she said "and *only* take off the shorts. Leave the socks on" Adora massaged her cock tenderly, the cockhead was gaining a reddish colour due to blood pressure. Her whole body was screaming to breed Catra once and for all. Wait was taking too long...

As Catra was taking off the shorts, Adora prepared the camera of her tracker pad. Thank God it has a high resolution because she liked to see every detail of her wife's body.

Catra sank on her knees and straighten her back. Her perky tits stood up for attention.
She swinged her tail slowly, tauntingly. She placed her small hands on her knees and looked *right* at the camera. Adora, almost drooling, was taking a lot of pictures. Before going to bed they would decide which of them are the best.

"Wow!" exclaimed Adora as she took another photo "That's my gorgeous wife! Show off those fangs, kitty!"

Catra opened up her mouth and that set of white teeth showed up. Those long, pristine fangs almost made Adora faint.

Now, the cat girl showed off her tongue piercing. Her tongue and teeth were connected by a trail of saliva.

"Oh… that's hot" said Adora "Now, baby, could you show off a bit of your body for me?"

Catra complied. It was not common of her to comply *this easy…* She was not called 'Bratra' for nothing.

The brunette laid on the bed, her tits stand proudly and Adora had to do *everything* not to rush and take care of them. She bent her knees and displayed the socks that *always* drive Adora crazy. Needless to say, Adora was completely horny and needy. Way too damn needy.

And Catra's gaze wasn't helping at all.

"Like that?" purred the kitten. She accentuated the arch of her back by pushing her chest up.

"Yes, baby girl. You are doing it perfect" complimented Adora "As always, every feature of you is beautiful" The blonde girl took a close-up picture of her tits. This one definitely goes to the album.

"Do you like my socks?" asked again. Her tone was definitely meant to catch Adora's attention, to put her under a spell and play with her. Catra lifted her muscular legs. The black socks fit so good on her. Her fingers and black claws…
Gosh, that image will accompany Adora for the rest of her life.

She couldn’t help it… Catra was just too much for her.

“I *love* your socks, baby…” she answered delightfully “I love how good you look with them”

“Would you fuck me hard if I keep them on?” Catra said, pouting her lips.

Oh, no… Adora’s brain short-circuited.

Catra changed her pose. Her chest was pressed comfortably on the mattress and her round ass was pushed up. The long tail swinged lazily as a silent invitation for Adora to grab and tug it.

Adora nodded slowly, she was in a trance...

“Yeah?” continued “Would you cum inside and out if I ask you?”

Adora let go a breathy, desperate response “Of course, my love! There’s nothing in this world I wouldn’t do if you ask me!”
If there was a Congress listening to this conversation, they would rapidly determine who has who on a leash.

Adora whined hopelessly as she took five, six… who knows how many photos in a span of seconds.

"Yeah? I can ask you anything I want?" Adora nodded desperately, as if that response would provide her of release, relief, Catra's heat…

"Well, then…" she purred "How about you eat me out? It's been a long time since you do that…"

That was a false statement. Adora ate her out yesterday. She had her three meals and Catra saw stars three times that day.

"Yes, my Queen…" she responded like an obedient, submissive puppy ready to receive a reward. Catra found that image really hot, a big woman whining and pleading to satisfy her… the same woman that defeated their enemies and took over the Fright Zone.

Oh, little horny Horde Lord Adora. So strong and intimidating on the field… but in their bedroom she was a lesbian disaster, ready to fulfill any wish her wife has.

If by any chance Hordak was capable of watching this scene, he wouldn't be capable of processing the fact that the woman that slaughtered him was a desperate, needy mess.

A needy mess thanks to Catra.

“Yes, baby girl...” Adora laid on the wide bed “Do you want to ride my face?”

Catra's eyes twinkled and her chest rumbled soundly, strongly. That plan sounded better than anything else. You see, Catra and Adora have been together since they were babies. But oficially wives since they were 19 years old. Pretty young to be getting married, but they couldn't care less. Not before, not now that they were *ruling* the Fright Zone. They have been hiding their relationship for too long that they were practically making out the lost time. Their thousand discarded mattresses knew better than anybody else...

The magicat positioned herself to ride her wife's mouth. Her cunt was shining and throbbing wantingly, Adora could smell it. The strong, intoxicating scent of Catra invaded her nosetrils. Oh, Lord...

Her strong thighs cornered her head, it was impossible for Adora to escape. Not like she even attempts to...

“You look amazing from this angle” Adora sighed, she was almost daydreaming...

“I look amazing in any angle, darling” answered and winked to her wife. Was she wrong? Absolutely not.

“Oh, cocky. Aren't we?” Adora arched an eyebrow, her eyes shone with something Catra identified easily as pure and dirty *lust.* By that delicious gaze Adora was averting Catra *knew* how fucked up she was.

“Let's see how cocky you are after this...” Catra was about to retaliate, but the blinding lights and a single *FOR THE HONOUR OF GRAYSKULL!* made it impossible to even articulate something coherent.

Soon rather than later, her upper thighs were captured by the iron grip of two *enormous* hands. Catra yelped in surprise and delight. How convenient... Adora always had a Plan B to pull out if necessary. And She-Ra's presence was always welcomed.

“Hey, She-Ra” the cat girl slurred as she saw the Goddess beneath her. Her golden crown reflected Catra's image. Adora did have a great view from there.

“Hey, kitty” the huge woman answered. Adora's eyes twinkled as she saw how this little show aroused her girl a little more to the point that those folds were dripping sinfully “Someone wants attention. Should I relieve my girl? Does she want to fuck my mouth?”

Without any warning, She-Ra's tongue lapped a line on Catra's folds, collecting her honey. She hummed as her tastebuds were

invaded by that sinful, forbidden seed. The sole mention of that honey was tabu. And Adora like everything that was prohibited.

Her lips gained control of that pretty pussy and sucked strongly, deeply. Catra's eyes rolled back at the potent and sudden wave of pleasure running from her cunt up to her spine.

“ADORA!” whined the hopeless kitty. Both her eyes were sinfully staring absentmindedly at the ceiling as her wife slurped her juices. The whines and wet, obscene noises Adora made on purpose filled up the room “Fuck me with your tongue! Ah!” she managed to say as her breathing started to rage. Adora, *She-Ra*, obbeyed the orders of the tiny girl. The difference of sizes was inescapable. She-Ra's frame could easily crush Catra's by accident. But was that going to stop Catra from using She-Ra for pleasure? No, not at all.

That big tongue hardened and forced its way inside Catra's needy cunt. That sponged lips welcomed it as if it was the dirtiest, nastiest kiss ever given. Adora's cock craved for being the one giving the attention to that tight hole. Catra needn't turn her back to see the massive muscle increase her size and width. Food enters through your eyes they said, but Catra's favourite treat had many ways to be eaten.

“Oh God... good job, big girl” Cara tangled her hand in Adora's golden hair. She was careful not to pinch her Adora with her nails “You do it so... so great” Catra closed her eyes to focus on the sensation. To focus on the way her pussy was getting fucked by that humid muscle. Adora's whines...

If she kept going she would definitely cum in that pretty, skillful mouth.

“Oh, baby girl... you taste so good” another slurp made Catra moan in abandon “I want to eat you out forever, I want to fuck this cunt with my mouth for the rest of my life”

Catra gasped as her aroused body heated a little more. Her stomach twisted deliciously, she knew by heart what was about to happen.

“Don't stop, don't you dare to stop Adora...” Catra started to weakly thrust forcing her lips on Adora's wide tongue. Trying to get completely fucked, ruined...

The small girl was doing the impossible to top at that vulnerable state. To be the one dominating Aora, but that big tongue reminded her who is *fucking* who.

“That's right, oh... oh my Lord” Catra whined “Fuck me hard, my Lord” she moaned soundly and freely. Catra liked to have the control of the situation, liked to be commanding... who knew she could reach climax by giving up control?

Her cum splashed Adora's face. It was so sudden that Adora literally yelped. She opened her mouth widely, her tongue caught as much honey as she could. It tasted better than she ever imagined. Two big hands gripped possessively Catra's ass and pressed her cunt against her mouth. Adora slurped and swallowed Catra's seed. She tasted so good, it was unbelievable how addictive it was.

Catra was recomposing slowly, as her wife was cleaning her cunt with her tongue she was inhaling and exhaling to recover. The state of bliss almost makes her pass out. It wouldn't be the first time anyway.

“Dear Lord...” she sighed exhausted.

“Yes, sweetheart?”

“Ah... not you, Princess” Adora chuckled and rolled her eyes.

“Want to keep going or do you want to rest?”

“WHAT!?”

Catra spat. She looked at Adora as if she has said the worst thing in the world. Well, she kind of did.

How dare she doubt her wife's resistance?

Catra, the magicat capable of getting fucked for hours. The girl that looked intimidating in the streets but was submissive and breedable on the sheets. The brat that made her wife's hormones go crazy. How could Adora think for a whole second that *Bratra* was tired?

She squashed She-Ra's face, making her form a little pout with her lips.

“Just for that offense you are not going to pull out tonight” She sentenced with that tone that always made their tropes shit themselves. Adora couldn't stop that pathetic high-pitched noise escaping from her throat.

“Wh-What!?”

She liked whenever she used Catra as a cocksleeve, but she knows how painful the cramps are whenever her dick stands hard for too long. That poor muscle suffered every time Catra clamps shut her cunt to prohibit its exit.

“Bu-but Catr-”

“No *buts,* Adora” Catra imposed herself over Adora's complaints “You deserve it for being a bad girl”

Adora sighed defeated. She had to admit that it was true... She doubted her wife's stamina and now her poor cock was about to pay for it. Dumb, little Horde Lord.

“Yes, my Queen”

“Cheer up, dummy” Catra set free Adora's head and placed a tender kiss on the tip of her nose. The blonde girl hummed contented. She couldn't be mad with her wife for punishing her. She was grateful for that.

“Now, can I ride you, my love?”

With a raspy, wanting voice like that. Hips that incited Adora to take a bite of. A body with perfectly hot features... How could Adora say no? It was impossible. And if she ever says *no* that would be the end of Adora's luck, life and legacy.

“As you wish, my dear”

She used to be a little worried whenever Catra rode She-Ra, because Adora's penis was big, bulky and long and she is *only* human. But She-Ra is an eight-foot tall woman with a wide, well-developed musculature in *every* part of her body. This statement included her big crotch, the muscle which normally weighted two kilos with She-Ra's towering power weighted 6 kilos and the length and width varied a lot. Which once was the width of one Monster can now twiced the size.

What Catra couldn't take completely with her mouth, as She-Ra it made the task even more difficult. However, this never once before stopped Cara from trying.

“Heh, your knees are trembling...” Adora giggled as she pointed Catra's knees with her finger. The cat girl lowered her ears and her face turned crimson; becoming self-aware of it “What happened, kitty? Did anybody fuck you so good it turned you into jello?” Adora now laughed at her own joke. Meanwhile, her wife was trying her best not to kick this girl's big ass...

Catra sighed and facepalmed...

“Yes” she spat “Unfortunately, the one who fucked me this good has the sense of humour of some Nickelodeon sitcom”

Adora pouted offended. Better not ask what kind of sitcom Catra was talking about.

But then in a stroke of genius... a good idea occurred to Adora.

“Hey, Catra, what if we...” she couldn't contain that little mischievous giggle resonating from her chest “roleplayed?”

This suggestion seemed to interest Catra. Her ears stood up and her eyes dilated. She was *easy* to read...

“Mmm? What do you have in mind, Adora?” she asked as she slowly approached her wife again. Her hips tauntalizingly swayed from side to side till she straddled Adora's torso. She sat there letting the hard stomach caress her silky folds.

Adora gulped at the sudden heat hitting her body. Catra's raspy voice never failed to turn her on, whenever she spoke slower and sexier it was the second Adora *knew* she was about to give herself away to whatever pamper Catra wanted.

"I was thinking about roleplaying as if we were on a 'secret relationship', I don't know" Adora shrugged "maybe as if I were a hero and you a villain and our love were forbidden"
Catra nodded at the idea, it was a simple but attractive prompt. She liked roleplaying, though they did it almost never, so the idea of doing it *now* was thrilling.

"And why am I the villain and you the hero?" she questioned as she arched her eyebrow. Adora did not answer right away, instead she grabbed Catra's thighs with a strong, careful grip and picked her up. Being She-Ra this task was even easier. With a rapid movement, she pinned Catra against the mattress positionating herself over the small magicat.

"Because villains are hot, and my girl is hot..." she kissed Catra on the lips. The brunette moaned at the praise and returned the kiss with some nips, she knew Adora loved it. Their naked bodies made contact, the heat emanating from them fused as well as their heartbeats.

Catra's wet folds were brushed by the big cockhead of her wife making her moan wantingly. She desired to be Adora's right now.

“Also, villains always lose...” Adora pushed her cock slowly, the entrance was not opposing resistance. Catra gasped as her chest spasmed due to the sudden rush of pleasure “and I want you to lose control, to lose your mind... I want to be the person that makes you cum and cum, to make it impossible for you to forget who railed you up so good that night”

She thrusted hard inside Catra's folds. It was hard, shallow... but made Catra's eyes roll back as her mouth let out a throaty moan.

“Oh! Lord...” Catra said “Oh my God... Ad-Adora...”

Her legs intertwined Adora's torso, giving more freedom and facility to be fucked by this might woman. Adora thanked this detail because now she could thrust in and out the way she wanted.

“Oh, Adora...” Catra said as the woman above her was fucking her “What would your friends say if they fin out the hero is fucking their worst villain? What would they say if they find out how you beg me to let you suck my pussy?”

Adora thrusted again, bottoming out that big cock inside her wife's cunt.

“I don't care about what they would say...” she forcefully answered, as she got hypnotized by the way Catra's tits bounced

with every thrust “But I definitely have to say that you are *my* size queen”

The 'hero' kissed passionately the 'villain' beneath her, not even stopping her ministrations. Their lips united deliciously, wantingly. Catra's tongue caressed Adora's lips, the little piercing added a new effect on that sensual treat.

“Your size queen, Princess...” Catra smiled in the middle of the kiss “And you are only *mine,* you are forbidded from having a sidechick, I don't care if it's to hide our relationship”

Catra stroked Adora's tits and nipples, she was extremely aroused, those nipples were very, *very* hard.

“Sidechick?” Adora answered, not even breaking the kiss, her hands found its way to Catra's waist and grabbed it possessively “Do you really think those girls are like you, kitty? They don't stand a chance against you. They are not my size queen, my submissive kitty, my fuckable, breedable woman”

As soon as she said it, Catra buckled again to fuck herself using that cock to satisfy her. To pacify her needs. She was so close to lose control...

Her hips moves were messy, needy and sloppy. But they worked wonders. Adora moaned contented, she liked being Catra's dildo.

She swore to die being fucked by Catra if that meant being *the only* person satisfying her.

"Am I breedable, Princess?" she gasped and fucked herself once again "Then why don't you breed me? Mmm? Are you afraid of what people would say if they find out your heir is the product of a forbidden love?"

Adora got more excited at this statement, the *thrill* of Catra's teasings were the fuel to keep fucking her. She closed her eyes and just felt the sensation of her hard muscle entering and exiting that velvety entrance. The pressure Catra -voluntarily- put, caging her dick inside of an abbrasive embrace. The heat invading her system.

Oh, no... in the end it was Adora who lost control.

"My kitty..." she gasped "If you continue like this... Ah... I swear to God I will knock you out with a numerous litter of kittens..." she heard Catra gasping as an intense rumbling made her chest tremble. The purring of Catra was increasing its volume "You will be a good mother to our children, you and I will learn to take care of them, to be strong to protect themselves and to be loved. Don't you want to see if our babies would be as cute as you are?"

Catra's legs grip tightened as if the idea of Adora pulling out was *sin.* No... she can't be saying those things to pull out, to ban her from fulfilling that wish.

“You will be a Princess too once I marry you, once you have given birth to our children” Adora felt how Catra cuddled her neck. She has still her eyes closed, she only felt the heated contact of her wife's lips against her sensitive skin “Would you like to be my prince? And then move out somewhere quiet, to raise our kids and be happy. No heroes and villains. Just you and I...”

As she was thrusting her size queen, she felt her lower abdomen twist the way she knew a strong, inminent burst of semen was coming.
Catra felt like daydreaming imagining that scenery of her wife and her. Oh, poor little kitty got enamorated of a fantasy.

“Come inside me, Adora!” she panted “I order you to breed me! Now!”

Adora could not even stop herself from cumming after that cry. Her whole body gave away to Catra.

And she did not regret it...

…….....

After that lovely session, Catra and Adora were taking their time checking out the photos Adora took. The album was getting better

day by day.
Catra remembers with a smile the day Adora proposed it, she knew the blonde girl liked to take pictures but she wasn't expecting to be included in one of her photos.

“See? This one highlights your pretty face, kitty”

Catra pouts “But I don't like how it makes my forehead look, it looks shiny...” She swiped to another picture of the numerous lot. Adora *did* took a lot of pictures, one better than the other.

Oh, by the way, they are still naked. Also, Adora is getting punished by Catra by not pulling out her cock. Little size queen was enjoying being filled up. Adora was praying to survive the cramps...

“But this one is so cute... look at your cheeks and eyes” The blonde girl gasped, she was <>so in love.

“Yeah... that could be. Hmm, but I prefer the one in which your whole body is reflected in the mirror”

“WHAT!?” Adora's cheeks turned red “Oh, no... delete it”

“No way!” Catra objected “This one is *mine*”

And so they continued to decide which photo was better. The night started because the Queen of the Horde wanted to show her tongue piercing AND sleep with her wife. Oh, and there was another thing...

“Wait! I just remembered the letter!” Adora gasped. Catra rolled her eyes and stroked her cheeks, her girl gets anxious for nothing.

Catra peppered kisses to that pretty face. She missed doing it. “Whatever those princesses want, they want get it easily, Adora. You are a Lord Commander and I am Queen Commander here, so I order you to stop worrying. I'll answer for you”

“What? Catra, please don't start a war...”

“The only war I'll start is you and me fucking for hours in this bed” she sentenced. Adora was suddenly too intimidated to protest “and don't worry, I am a good diplomat” she winked an swayed her hips to calm her wife down. She was getting nervous for nothing...

Adora sighed.
“Okay, kitty, as you wish. Okay, so... as we were fucking I had this great idea for another photoshoot...”
