The music was blasting in the dark room, the lights flashing different colors by every second, people were dancing, sweating, singing and drinking, and Adora was having the time of her life. She was there with her best friends, Bow and Glimmer, celebrating her job promotion, and Glimmer, being the mayor's daughter, got them into this hot new club, called The Fright Zone. Bow and Glimmer were dating, and right now, they left to have some fun in the bathroom. Adora never had any problem with that, she was always fine being on her own whilst the two of them had their fun.

Dont pity Adora, she is single because she hasnt found anyone yet, not that she hasnt dated people, but no one really excited her , no one dangerous enough or you know, good enough. It was stupid, just like the dress she was wearing. She was wearing a dark blue, tight short dress, which exposed her cleavage and her long legs, even her broad shoulders that held up the dress by the straps. And a black purse in her other hand. Her hair loose, which was a change from her usual hairdo, The Ponytail. Glimmer convinced her to wear it, in hopes that there might be someone special for Adora in this club.

Adora was standing by the bar, sipping on her Apple Martini as she looked around at the dancefloor. There were fairly attractive people there, some of them were Adora's type, whatever that type might be. But she couldnt help but notice the pair of eyes that were staring at

her from across the room, at the VIP section. The woman has been staring at her for quite some time now, making Adora feel flustered, but also really cautious. She decided to woman up, and look at the woman, to make sure if she was even staring at Adora and no one else.

Adora gulped, she turned her head to the side and looked towards the VIP section. And yes, indeed, the woman was staring at her. It was hard to make out her features due to the darkness, but the woman lifted a hand and crooked a finger towards Adora, gesturing for her to come over. And Adora, without realizing why, did. Her steps were slow, unsure as she walked over to the VIP section, her drink in her hand as she tried to walk properly with her high heels, which was almost impossible.

Adora reached the VIP section, coming face to face with the woman and Adora's eyes widened as she stared at her, she was actually beautiful, she had two different colors on her eyes, one yellow and one blue, and she had short brown hair, she was sitting with one leg over the other, she was wearing a black suit with a red tie. And she was surrounded by three girls, all clinging to her sides as she had her arms wrapped around two of them.

Adora gulped slightly and rubbed the back of her neck nervously. 'Uh, did you call me over? Or have I really gotten too drunk without noticing it?' Adora said with an awkward chuckle, the woman was just staring at her, a soft smirk on her face as she stared at Adora, her eyes moving up and down, taking in all of Adora. Adora cleared her throat, she looked around and all of this felt entirely awkward.

The woman looked at one of the girls, she leaned in and whispered something in her ear, and then all three of the girls got up, and left the VIP section. Adora glanced up at the white-haired female bodyguard that was standing next to the red velvet band that separated the woman from the crowd before she averted her gaze back to the woman, all nervous and flustered. The woman glanced up at her bodyguard and gave a slight nod, the white-haired bodyguard looked down at Adora and slowly removed the band.

'Come in. 'The woman said with a sultry voice, Adora blushed and slowly stepped into the VIP section, her hand was shaking as she held onto the drink tightly, careful to not spill it on the woman and make a total mess of herself. Adora slowly sat down on the couch next to the woman, a few inches between them. This woman smelled so good, her perfume got stuck into Adora's nose, it was not too much and not too little. It was perfect.

Adora looked at the woman, an awkward smile on her face. The woman's heterochromatic eyes were scanning her, looking her up and down once again, a soft smirk on her lips. Adora looked to the side, wondering what the hell the woman was staring at and why didnt she say anything?

'Uh, what are you staring at?Adora asked, raising an eyebrow at the woman and a soft glare in her eyes. The woman averted her eyes back to meet Adora's gaze, still smirking and being so dashingly gorgeous.

'Y ou seemed a little confused. First time?The woman said without answering Adora's question, she picked up her champagne glass

and sipped from it lightly. Adora’s eyes drifted to stare at the woman’s lips when they pressed against the rim of the glass.

Adora quickly looked back at the woman, she bit her lower lip and shrugged lightly. 'First time here, yeah. Uh, is it that obvious?' Adora said with an awkward chuckle, the woman nodded slowly and Adora looked down at her drink, blushing furiously. 'Well, that’s not awkward, at all. 'She mumbled before taking a sip from her drink.

The woman shook her head slowly. 'Not at all. I think it’s quite intriguing. 'She said, raising an eyebrow at Adora.

Adora nodded slowly, she put her drink down on the table and crossed one leg over the other. 'Uh, yeah, Im actually here with my friends to celebrate a promotion. 'Adora said, smiling proudly at the woman.

The woman nodded slowly, she lifted her glass. 'Congratulations. '

Adora chewed on her lower lip, she shrugged lightly. 'Thanks. Uh, and you? I have never seen you here before. I mean, in this city. '

The woman tilted her head to the side slightly, she smirked at Adora and put down her glass of champagne on the table. 'Just moved back to the city after a few years of being away. 'The woman said, licking her lips slowly. Adora’s eyes drifted down to the woman’s lips, they looked so kissable and they would probably taste so good-

Adora shook her head slowly, she glanced back up to meet the woman’s eyes.

Adora cleared her throat and put a hand out. 'Uh, sorry , Iṁ Adora, by the way. 'Adora said, the woman looked down at Adora’ s hand before averting her gaze back to Adora’ s face.

'Adora. 'The woman repeated, testing out the sound of Adora’ s name through her lips. Adora could feel her heart beat faster against her chest when she heard her own name come out through the brunette girl’s lips, and it sounded so beautiful when she said her name like that. 'I like it. It suits you. '

Adora rolled her eyes, she looked away before looking back at the woman, raising an eyebrow at her. 'Let me guess, because Iṁ *adorable?* I have heard that before, it’s getting kind of worn out. ' Adora said, and it’s true, that’s the pick-up line she usually gets and it’s boring as hell, nothing special about it. And honestly, it kinda makes her feel like a kid.

The woman let out a soft chuckle, and god, it was the most beautiful laugh Adora has ever heard. It sounded so beautiful and this complete stranger made Adora feel some kind of way. Well, more than one way. She could already feel heat in her panties, she was actually turned on by this stranger and she has barely even touched Adora.

The woman shook her head slowly, she smiled at Adora. 'That was not what I was going to say, at all. I think it sounds beautiful, just like you. '

Adora’s eyes widened slightly, she stared at the woman with a deep blush on her cheeks, she let out a shaky breath. 'Are you- 'Adora let out an awkward chuckle, she reached a hand up and rubbed the back of her neck. 'Are you actually flirting with me right now?The woman nodded slowly, Adora let out another awkward chuckle and dropped down her hand to her lap. 'Oh, listen, um.'Adora furrowed her eyebrows, she realized that she didn't get the stranger’s name and she gestured her hand towards the woman.

'Catra. 'The woman said with a smirk, Adora looked at her and raised an eyebrow. That’s a weird name, uncommon, but somehow it felt like it was meant for this woman.

'Uh, Catra, right. Look, you are absolutely gorgeous, and wow , really hot. Say, is that Armani?Adora gestured with her eyes towards the suit before averting her gaze back to Catra, who looked down at her suit before lifting her head to look at Adora again. 'But uh, I'm not that kinda girl who leaves with a complete stranger to have a one night stand. 'Adora’ s eyes widened, she put her hands up in nervosity. 'Not that it’ s anything wrong with those kinds of girls, like I really appreciate their boldness. But I'm not like that. '

Catra let out a soft chuckle, she shook her head slowly before tilting her head to the side slightly, her eyes locked into Adora’s own blue eyes and she leaned forward slowly. Adora’s breath hitched as she felt completely paralyzed, she didn't move or say anything as the

stranger, Catra, moved closer to her. Just when their lips were inches away from each other, Catra stopped and looked between Adora's eyes. 'Who said I was going to invite you to sleep with me? '

Adora could feel her heart beat hard against her chest, a fresh pool of wetness coated her panties as she stared into Catra's eyes, the hunger and desire in the heterochromatic eyes made Adora forget all about the club and the music, and there was nothing there except for the way Catra was staring at her. Adora quickly cleared her throat, she looked away and pulled back from Catra. 'No one did. I just wanted to make that clear, so you dont expect anything. '

Catra shrugged lightly, she smirked at Adora as the blonde girl turned to look at her again. 'Good. 'Catra whispered quietly . Adora looked at Catra, her eyes glancing down at Catra's lips once again as a really quiet whimper escaped her throat.

The door of Catra's hotel room bursts open as they stumble in, Adora and Catra are kissing each other eagerly, their hands clawing and pulling on each other's clothes in an attempt to get each other undressed. Catra closes the door with her foot before turning Adora around to press her against the door, earning a soft gasp from the blonde girl. Catra quickly pulled back from the kiss, she went to kiss Adora's neck as a knee pressed itself between Adora's legs. Adora leaned her head back with her eyes closed, she moaned quietly as Catra licked and nipped on her neck, her hands moving up and down Adora's thighs. Adora quickly tossed her purse to the side, biting her lower lip as she kicked off her high heels.

'Fuck.' Adora mumbled quietly, she put her hands on Catra's shoulders as the brunette girl squeezed her hands on Adora's thighs, digging those blunt nails into the skin. She slowly kissed down Adora's neck to her collarbone where she began to suck lightly, leaving a small hickey there.

Catra lifted her head to look at Adora again, she moved her hands to place them on Adora's hips before slowly leaning in, her lips brushing against Adora's own lips. 'Are you sure you want this?' Catra whispered against Adora's lips, almost seductively. Adora blinked her eyes open, and Catra's eyes locked into hers. Adora really wanted this, she wanted Catra to fuck her so hard that she would forget about her own name.

'Yes.' Adora whispered back, Catra's eyes became a shade darker with lust. She quickly grabbed onto Adora's hips harder and turned her around, pressing her chest against the door. Adora let out a quiet gasp, she leaned her head back against Catra's shoulder as the brunette girl started to kiss her neck slowly, her hands moving up on Adora's sides until the rested on her shoulders and she slowly moved the straps of Adora's dress down her shoulders, letting the dress drop down around Adora's ankles.

'You are so beautiful.' Catra whispered against her neck, Adora let out a soft moan at the praise. Catra moved her hands back down to Adora's waist, her fingers hooking into the waistband of Adora's panties and she slowly pulled them down, making them drop down alongside the dress. Adora bit her lower lip, she closed her eyes and Catra's fingers were splayed all of her ass, squeezing it gently.

'Mm, please. 'Adora whimpered quietly , she was so wet and so desperate for Catra right now. She wasnt usually like this, but Catra made her act like this, all needy and desperate to be filled and fucked.

'What do you want, princess? Catra whispered against Adora' s ear, her fingers squeezing Adora' s asscheeks harder. Adora pushed her ass back against Catra's hands, moaning quietly at the nickname.

'Fuck me. 'Adora whispered shakily . Catra let out a soft chuckle against Adora's ear, her hands moving to Adora's inner thighs and she slowly spread Adora's legs apart before moving two fingers between Adora's wet folds slowly, Adora let out a quiet moan.

'Y ou are so drenched, princess. You look so good for me. Im gonna fuck you so hard, you will forget your own name. I will make you scream out of pure pleasure. I will make you come so hard, you wont be able to walk. 'Catra whispered quietly against Adora' s ear. The blonde girl dug her nails into the door, moaning quietly as Catra moved her fingers between her folds.

Catra kissed down Adora's neck, to her shoulder, she brushed her teeth over the sensitive skin between Adora's neck and shoulder as two digits pressed themselves against Adora's opening, she slowly pushed them in. Adora let out a long moan at the feeling of being stretched, she pushed her hips back and Catra grabbed onto her hip

with her free hand, holding her still as she pushed the digits inside Adora, all the way to the knuckles.

'Fuck, Catra.' Adora whimpered quietly, Catra shuddered against her, she was still fully clothed and it felt so hot right now. She slowly moved her fingers inside Adora, thrusting into her slowly. Adora bit her lower lip hard, soft moans escaping her throat as Catra fucked her with her fingers. Her body was pressed against Adora's back, pressing her against the door as she quickened her fingers. Fucking Adora harder and faster.

'Good girl. So sweet for me. Does it feel good, Adora?' Catra whispered against Adora's neck, Adora whimpered quietly as a response.

'Harder. Catra, mm, fuck me harder.' Adora moaned quietly, she reached a hand behind herself and tangled her fingers into Catra's short hair. Catra bit her lip, she started to thrust her fingers harder into Adora, curling them and hitting the g-spot with every thrust.

Adora was so tight, squeezing around her fingers, her inner walls clenching and sucking Catra's fingers inside as the brunette girl kept fucking into her, pushing her against the door. Adora let out the sweetest of sounds, desperate and needy. Catra thrust her fingers into Adora's gaping hole, harder and faster, taking her closer to the edge. Catra sank her teeth into the flesh of Adora's shoulder, making the blonde girl let out a loud gasp, her fingers tightened into Catra's hair, pulling on it, making Catra let out a loud groan and speed up her thrusts.

'Catra, I.l̈m gonna... Ah!'Adora let out a q̈iet shriek, she arched her back and tensed up as she came all over Catra's fingers, her juices spilled onto Catra's knuckles and down her own thighs. Catra kept fucking her through her orgasm, but slower this time. Adora was shaking, her innerwalls were fluttering around Catra's fingers as she settled down from her orgasm.

Catra slowly pulled out her fingers from Adora's gaping hole, they were coated with Adora's juices. The blonde girl let out a q̈iet whimper when Catra pulled her fingers out, she slowly turned around weakly to face Catra. Adora looked at the brunette girl in front of her, Catra was staring at her fingers and Adora slowly grabbed onto Catra's wrist, pulling the hand closer to herself as she locked eyes with Catra. She wrapped her lips around Catra's two fingers, not breaking eye contact with the other girl, and she slowly sucked on the digits, licking her juices and cleaning Catra's fingers.

Catra smirked as she watched Adora taste her own juices, she could feel her own wetness between her legs at the display. Adora let go off Catra's digits with a pop and Catra wasted no time, she q̈ickly picked Adora up, making the blonde girl wrap her legs around Catra's waist and they both leaned in, kissing each other eagerly.

Adora wrapped her arms around Catra's neck, holding onto her as they kissed eagerly. Catra started to move, her hands under Adora's thighs to hold her up as she walked towards the bedroom. When they reached the bed, Catra laid Adora down slowly, careful to not drop her before standing up. Adora looked at Catra with half-lidded eyes, she licked her lips in anticipation as Catra stared down at her.

Catra slowly began to undress herself, first undoing her tie and then getting the rest of her suit off. Adora's breath hitched as she stared at the woman above her, completely naked and she was absolutely gorgeous. Her stomach firm and lean, her long legs and incredible chest. Her breasts were smaller than Adora's, perkier. Shit, she was so beautiful.

Catra slowly leaned over Adora, her knees between Adora's legs as she kissed the blonde girl, this time gently and slowly. Catra's hand reached under Adora, she slowly unclasped Adora's bra and tossed it aside before pulling back from the kiss. Adora looked up at Catra with half-lidded eyes, panting qietly as the brunette girl stared down at her.

'Y ou really are beautiful. 'Catra whispered qietly , Adora bit her lower lip, she reached a hand up and ran a finger down Catra's jawline slowly. There was something different about this girl, something special about her. Could she be the one Adora has been looking for?

'Y ou too. 'Adora whispered back shakily , she slowly leaned up and caught Catra's lips once again, kissing her softly. Catra did kiss back, but almost hesitantly. She slowly pulled back from the kiss, she leaned her head down and started to kiss Adora's neck.

Adora tilted her head back, she closed her eyes and prepared herself for another mind blowing orgasm, that she knew was about to come. Catra made her way to kiss down Adora's neck to her chest,

her hand cupping onto Adora's breast whilst her lips wrapped around a hard nipple, sucking and licking the bud.

'Mm.' Adora moaned quietly, she bit her bottom lip, her nails dug into Catra's shoulder blades as the brunette girl kept ravishing her nipple with her lips and her hand squeezing Adora's other breast, her fingers squeezing and rolling the nipple.

Catra pulled back from Adora's breast, she slowly kissed down Adora's firm stomach, her eyes looking up at the beautiful creature above her as she made her way down to Adora's center. She placed her hands on Adora's thighs, spreading her legs as she placed soft kisses on Adora's inner thighs, making the blonde girl let out a soft gasp. Catra slowly kissed the area right above Adora's pussy before licking a stripe from Adora's opening to her clit.

'Ah.' Adora moaned quietly at the sudden touch of Catra's tongue on her cunt. Adora spread her legs even further as Catra sucked her lower lips between her lips, earning a soft sigh from Adora. Catra closed her eyes, the smell of Adora's arousal clogged her nose, it smelled so good and she felt so hungry right now. She pulled away from Adora's lower lips with a pop before wrapping her lips around the clit, sucking on it eagerly.

Adora moaned quietly, she arched her back slightly and dug her nails into Catra's scalp, pulling her closer to her pussy. Catra slowly lifted Adora's legs, she placed them on her shoulders as she kept sucking and licking Adora's clit. Adora slowly grinded her hips up, moaning quietly. Catra let out a satisfied hum around the bud, she pulled back from sucking on it and flicked her tongue on it, making

Adora go rigid under her. Catra dug her blunt nails into Adora's thighs as she kept on sucking and licking the bud, dragging Adora closer to the edge.

'Mm, yes, fuck. Catra.' Adora moaned loudly, grinding her hips up as Catra kept on sucking her clit, she slowly licked a stripe down to Adora's entrance and shoved her tongue inside, thrusting it slowly, as deep as she can get her tongue inside Adora's gaping hole. The heels of Adora's feet pressed against Catra's back, pressing her closer as her thighs squeezed Catra's head to prevent her from moving away.

A few more thrusts with her tongue, Catra pulled back and went back to suck on the clit again, she flicked her tongue on it. Adora was moaning loudly by now, her nails digging into Catra's scalp, her hands pulling on Catra's hair as she felt herself nearing the edge, and then, she arched her back and let out a loud moan, tensing up and shaking as she came into Catra's mouth, her juices coating Catra's chin and nose as her orgasm hit her like a truck.

Catra let out a satisfied moan against Adora's clit, she slowly pulled back and licked Adora's cunt, pushing her through her orgasm, licking up all the juices that came out of Adora's delicious pussy. She looked up at Adora through half-lidded eyes as the blonde girl came, she licked and sucked until Adora let out a quiet whimper, she was too overwhelmed to continue and Catra pulled back. She sat up on her knees, wiped the cum of her chin with her thumb and an open-mouthed grin spread all over her face. Adora was panting quietly, she blinked her eyes open and stared at Catra with half-lidded eyes. Catra slowly reached towards the drawer, she opened it up slowly. Adora's eyes shifted to watch Catra pull out a black strap-on from her drawer.

“How do we feel about this, Princess?” Catra whispered, wiggling the strap-on in her hand as she smirked down at Adora.

Adora nodded quickly, she bit her lower lip and sat up weakly. “We like it. But uh, can I ride you?” Adora asked shyly, all flustered and breathless as she looked at Catra.

Catra tilted her head to the side, she looked between Adora’s eyes, making the blonde girl blush furiously. Catra then nodded slowly. “Let me just put it on. “She got up from the bed, and pulled the strap-on over her waist, strapping it tightly.

Adora licked her lips in anticipation, the dildo was a little above average, a little curvy and thick. She could take it, even though she had her concern about that. After Catra got herself ready, she laid down on her back and looked at Adora. Catra smirked up at Adora, the blonde girl rubbed her hand over Catra’s thigh as she stared down at the dildo.

“Get on. “Catra said, patting her own hip slowly. Adora threw one leg over Catra’s waist, straddling her. She felt the dildo between her folds, slowly grinding her cunt against it with soft huffs escaping her lips. Catra bit her lower lip, she looked between their bodies and watched Adora’s folds spread open as she grinded down on the length. “Good girl. Put it inside. “

Taking orders was a thing for Adora, she was good at that too, obeying. She lifted her hips slightly, she reached a hand behind herself as she looked down at Catra, her hand grabbed onto the length and guided it into her opening. She let out a soft gasp as the tip pressed against her hole, she slowly pushed down, sinking down onto the length.

“Y oure so tight. “Catra whispered, her hands on Adora’ s hips to help her sink down slowly. When Adora bottomed out, she let out a hitched breath and didnt move, she closed her eyes at the feeling of being filled. She placed her hands on Catra’s chest, supporting herself so she wouldnt fall down because of the overwhelming sensation.

She adjusted herself, letting herself get used to the length inside her before she lifted her hips again, and then sank down. A soft moan escaped her lips as she began with a rhythm of bouncing up and down slowly, taking it so perfectly well. Her previous orgasms had opened her up, stretched her out. And she needed more.

Adora dug her nails into Catra’s chest, bouncing up and down, moaning qietly . Catra was grunting and groaning under her, her hands on Adora’s hips as she guided her up and down. Adora rolled her hips every time her ass slapped down against Catra’s crotch.

Catra looked up at Adora, not closing her eyes as she watched the beautiful goddess above her fuck herself on Catra’s length, taking what she wants and how she wants it. Catra’s eyes averted their gaze to look between their bodies, Adora’ s folds were spread open

with the length inside them. Catra quickly looked up at Adora again when she heard a long moan escape Adora's lips.

Catra let out a groan, the other end of the strap pressed against her own clit, rubbing on it every time Adora moved her hips. Catra placed her feet on the bed, she held onto Adora's hips and started to thrust up her hips to meet Adora's movements, fucking into her.

"Catra..Y. esAh!"Adora cried out, squeezing her eyes shut and throwing her head back as she bounced harder and faster, not stopping. Catra quickly sat up, she wrapped her arms around Adora's waist and leaned in to take a nipple into her mouth. Adora tangled her fingers into Catra's hair, pulling on it, earning a loud groan from Catra as the brunette girl licked and ducked her nipple into her mouth.

The length inside Adora was hitting her g-spot everytime she pushed down, making her go absolutely rigid above Catra, rolling her hips back and forth. Catra's arms around her waist held onto her, the warm lips around her nipple was almost too much. And Adora let out a loud cry as she came again, her orgasm made her shake and tremble in Catra's arms, her hips still moving as she rode out her orgasm.

"So good. Fuck.."Catra grunted, she kissed Adora' s neck as the blonde girl kept moving slowly. "One more. Y ou can do it. "Catra whispered against Adora's neck. The blonde girl let out a quiet whimper, clearly too exhausted to continue moving. But Catra wasnt pleased, she needed one more orgasm from Adora.

She qickly flipped them around so she was laying on top of Adora, the blonde girl wrapped her legs around Catra's waist, her heels pressing against Catra's ass and her arms slipping under Catra's arms, her nails digging into Catra's back. Catra qickly started to thrust into Adora, her face buried against Adora's neck as she grunted qietly against it.

"Y es!Fuck me..Ah.Catra..harder.."Adora moaned, leaning her head back and closing her eyes tightly as she let Catra use her, fuck her. She felt like she was worn out, she was out of orgasms, but Catra seemed determined to pull out one more out of Adora.

Catra held onto Adora's hips tightly, thrusting into the blonde girl harder and faster, the other end of the strap pressed so nicely against Catra's clit, pushing her closer to her own orgasm. Adora was so usable, so fuckable, so perfectly made for Catra.

She didnt stop, pushing and pulling Adora' s inner walls with the length, stretching her tight pussy out and Adora was so good, taking it all, letting out the sweetest of sounds as she dragged her nails down Catra's back.

"Y ou are so good for me, Adora. "Catra grunted, she lifted her head and kissed Adora deeply, earning a soft moan against her lips from Adora. Her thrusts kept up the pace, fucking into Adora with the same force. The room echoed with the sounds of their skin slapping together, their moans and grunts. Catra pulled back from the kiss,

she kissed Adora's neck again, licking and sucking on it, leaving hickeys as a mark.

"D-Dont stop..I..m so close.." Adora moaned, biting her bottom lip as Catra continued to fuck into her, hitting her g-spot with every push. She could feel her inner walls clench around the length, sucking it in and keeping it there. She was so close, just a few more thrusts and…

"Catra!" Adora arched her back, tensing up and squeezing around the length, her nails dug harshly into Catra's back, drawing out blood. The girl above her made shallow, but hard thrusts until she came, groaning loudly against Adora's neck as she rode both their orgasms out with her thrusts.

Adora's arms dropped down on the sheets, she felt so limp and worn out, she was panting quietly as Catra kept on thrusting into her gently and slowly. Adora let out a quiet whimper , and Catra stopped moving. The other girl was panting quietly against Adora' s neck before she pulled out of Adora, she rolled over and slumped down next to Adora.

Adora placed the back of her hand against her sweaty forehead, she had her eyes closed as she tried to regain her normal heartbeat. She felt so tired, so relaxed. Catra was shuffling next to her, removing the strap-on and tossed it aside before she got up from the bed, she walked into the bathroom and closed the door behind herself.

Adora blinked her eyes open, she turned her head to look at the bathroom door with half-lidded eyes. She felt so tired, she could feel sleep creeping up on her. This bed was really comfortable, warm and soft.

After a few minutes in the bathroom, Catra opened the door and walked out. She looked at the bed, furrowing her eyebrows as she watched Adora sleep, snoring qietly . Catra slowly walked towards the bed, she reached a hand down and brushed some loose hair from Adora's forehead, tilting her head to the side as she observed the sleeping beauty.

The sun was shining through the window, Adora blinked her eyes open and let out a loud yawn, she stretched her arms over her head as she looked towards the nightstand with half-lidded eyes. Her entire body felt so relaxed, she actually had a good night sleep and last night was amaizng. No one has ever made her feel this good before. She wasnt even a virgin, but this time, it felt incredible. When Adora's eyes adjusted to the light, she noticed a folded piece of paper on the nightstand. She slowly sat up, being completely naked, and pulled the sheets to cover her chest as she grabbed onto the note with her other hand, opening it up and reading it.

Good morning. Last night was amazing.

I had to leave for work, but make yourself comfortable.

Order some room service, watch some TV or leave.

I really don’t care.

But it was nice and I guess I will see you around.

-C

Adora furrowed her eyebrows as she read through the letter. She felt kinda disappointed that Catra wasnt there next to her this morning, but she also felt some kind of annoyance at Catra’s way to explain herself or even being considerate. *I really don’t care.* Who the fuck does she thinks she is? Adora rolled her eyes, she threw the letter aside before letting out a loud sigh, rubbing her face with her palms.

Then she heard a phone vibrate, Adora quickly lifted her head from her hands and looked around the room with wide eyes. Where is her phone? She noticed her black purse right outside the open door , she grabbed onto the sheets and quickly crawled out of the bed, almost throwing herself on the floor as she stumbled towards her purse. She quickly opened up her purse, pulling out her phone and pressing it against her ear.

'Hello? Adora said, almost breathlessly . She blew on some hair that came over her face as she waited for the other person to answer her.

'Adora!! Where are you!? You just disappeared last night, Bow and I were really worried!' Glimmer shouted out loud from the other side of the phone, Adora closed her eyes and slowly sat up, pulling the sheets around her naked body.

'Shit. 'Adora mumbled, she looked around the room. 'Iʼm at a hotel room, I kinda slept with someone last night. 'Adora whispered, closing her eyes and rubbing the sleep of her eyes with the back of her hand. Glimmer let out a loud shriek from the other end of the phone with excitement. Adora groaned at the loud noise, she pulled the phone from her ear before pressing it back when Glimmer stopped shouting.

'Oh my god, finally!Who was it?What' s her name?How old is she?Does she live here?Is she hot?Glimmer asked, Adora felt so confused and she really didnt know what question to answer yet.

'Her name is C- 'Adora didnt get to finish her sentence because she had another call coming in through her phone, she pulled her phone back and looked at the screen. *The station.* Adora let out a sigh and pressed the phone back into her ear. 'Glimmer , I will call you back. 'She heard Glimmer protest, but she accepted the call from the station instead. 'Hello?

'Adora, where are you?The meeting is about to start in half an hour and youʼre nowhere to be seen?Her colleague, Mermista, said through the other side of the phone.

Adora's eyes widened, she quickly stood up and looked around the room for her dress. She had a meeting in an hour and she completely forgot about it. She cursed Catra for giving her the best night of her life mentally before speaking up. 'Oh, shit, right. Y eah, yeah. Iʼm on my way . Can you do me a small favor?

Mermista let out a loud groan. 'Y eah, what is it?

'Can you go to my locker and get my uniform ready for me? I'm coming in with last night's outfit. 'Adora said, she quickly ran out of the bedroom and she found herself in the living room. This hotel room was huge, it looked more like an apartment and she finally found her dress on the floor. She quickly reached for it, dropping the sheets in the progress.

'Y eah, whatever. I will get it ready for you. Just hurry up. 'Mermista said before hanging up. Adora tossed her phone to the couch and quickly got herself ready , she actually felt disgusting right now. She ran into the bathroom, hoping that Catra would have a toothbrush or something that she could use, and luckily for her, she did. Who the fuck is this girl?

Adora walked into the backdoor of the station, she quickly made her way to the locker room, hoping none of her colleagues would catch her wearing this dress, her high heels in her hands and her hair all messed up. She managed to get inside the locker room and Mermista had seriously put her uniform perfectly on the bench, Adora quickly got herself ready and all dressed up before she ran out again.

Her gun strapped against her belt, her badge on her chest and her police uniform perfectly set up. Adora was a cop. Well, she just got promoted as a detective. She always wanted to be a cop, taken after her father, who was an amazing detective, loved by all of Brightmoon City's citizens. Unfortunately, her father got shot on the back, making him paralyzed from the waist down. And now, Adora was doing her best to make him proud.

Adora reached the door to the meeting room, she gulped, all flustered for coming in later than everyone else as she shakily opened the door to the meeting room. All her colleagues were already seated and all of them stared at her with raised eyebrows, shocked that Adora Grayskull actually came late to a meeting.

'Sorry I'm late. 'Adora mumbled quietly, slowly sitting down on her seat. Her boss was looking at her with a raised eyebrow.

'It's okay, Adora. We're glad that you made it here safely. 'Her boss, Micah, said with a soft smile. She always appreciated him, he was Glimmer's dad and he has known her for a really long time by now. Adora looked over her shoulder and looked at Bow with a tired smile. Bow smiled back at her, he reached a hand forward and placed it gently on her shoulder.

'Welcome, detectives. 'Micah said, clasping his hands together with a wide smile and looking around the room.

'Chief. 'Everyone said in unison, giving their boss a small nod.

'Y ou are all probably wondering why Iv̈e gathered all of you here today. 'Micah said, turning around to look at the board behind him. Adora looked at the board, her hands clasped together as she stared at all of the pictures pinned on the board. 'W e now have something important to tell all of you. I want you all to be cautious after what Im about to tell you. '

Everyone nodded slowly, Adora furrowed her eyebrows as she looked at Micah.

'There is a new family that has been moving into Brightmoon City . They were living here a long time, until they moved away. This family owns one of the biggest corporations around the world. Horde Industries, it's seen as an oil business, shipping and whatnot of that. However, we believe strongly that they are also a mob family, as number one suppliers of drugs. 'Micah said, he placed a photo against the board and pinned it there, causing all of the detectives to avert their gaze to the board.

'This is Shannon W eaver, she also goes by the name Shadow Weaver. CEO of the company. We believe she is the boss of this group of criminals. 'Micah said, looking at his detectives.

Adora stared at the photo, the woman was around fifty years old, she had pale skin, green eyes and black hair. She kinda looked like a criminal, but you are not supposed to judge a person by the way they look. Adora qickly raised her hand, she averted her gaze back to

Micah. 'Im sorry , sir, but how do we know that they are responsible for the drugs going around?

Micah nodded slowly, clearly happy that Adora was asking that question. 'W ell, detective Grayskull, a lot of countries where they have been living, has reported that drugs started to become a huge problem nationally after this family settled there. However, no one has ever been able to prove that they are the reason for it all. '

Adora nodded slowly and thoughts kept wandering in her mind. What if they are not the reason for it? However , it's quite suspicious that drugs became a problem after the family moved there.

'W e are not gonna arrest them out of the blue, that's why I need you all to be cautious about all of this. If this family has anything to do with the drugs, we are gonna prove it and lock them up for good. 'Micah said, he let out a sigh and looked back at the board. He reached into his folder, pulling out another picture before pinning it on the board.

Adora looked behind her shoulder again at Bow, her eyebrows were furrowed. Bow just looked at her, shrugging lightly as he didnt really understand what was going on either.

'And this is her daughter , Catrina Weaver. The heir to the throne, the future CEO of Horde industries. 'Micah said, looking over at his detectives. 'Do not underestimate any of them. They are rich, and they have gotten out of very tight situations. '

Adora turned around to look at the board again, and her heart stopped. Right there, on the board, was a picture of Catra in her suit, getting into her black Lamborghini car. Adora could feel all the blood disappear inside her, leaving her pale and in shock. Her eyes wide as she stared at the picture, her mouth slightly agape.

Just moved back to the city after a few years of being away.

'Oh, shit. '

Adora let out a relieved sigh as the meeting ended, she really needed to get out of that room. She qickly got up from her chair when the chief dismissed them, Bow was staring at Adora with furrowed eyebrows as the blonde girl qickly left the room. The air felt warm, she was actually sweating right now. Adora qickly looked around the precinct, her eyes wide and her face flustered. Do they notice?Can they see that she just slept with the enemy?

She looked towards the bathroom and qickly walked towards it, opening the door qickly and getting inside. She placed her hands on the sink, breathing heavily as she stared at herself through the dirty mirror. Why is it so dirty?Adora qickly grabbed some paper towels, she turned on the faucet and held the paper under it to wet them before qickly wiping the mirror .

Suddenly a hand was placed on her shoulder, she heard her name and she qickly turned around with a startled gasp. It was Bow . Staring at her with furrowed eyebrows. 'Hey , Adora, are you okay? ' Bow asked, tilting his head slightly to the side.

Adora stared at him with wide eyes, panting qietly before nodding qickly , rubbing the back of her neck nervously with one hand whilst throwing the paper towels into the trash bin with her other hand. ' Uh, yeah, it’s just really warm here. Have you noticed?Adora let out a nervous chuckle, turning around again before tossing some water onto her face to cool down.

Bow rubbed her back gently, he shook his head and let out a qiet sigh. 'No, Adora. I havent really noticed that. Did something happen last night?Bow’ s eyes widened qickly as Adora turned around, looking at him with sad eyes. 'Oh my god, youre on drugs. '

Adora furrowed her eyebrows at Bow’s stupid suggestion, she shook her head qickly and threw her hands in the air . 'No, Bow . Im not on drugs. Im a part of the police force. 'Adora rolled her eyes before letting out a sigh.

'So?Cops can be corrupted. 'Bow shrugged, he looked at Adora and shook his head slowly, his hand resting on Adora’s shoulder. ' Hey, seriously, did something happen last night?Y ou just disappeared and Glimmer was freaking out this morning, texting me that you went home with someone. '

Adora stared at Bow, she couldnt tell him the truth. She didnt really know, but still, it felt weird. What if everyone stops trusting her if they find out?Did Catra know that she was a cop?Adora shook her head slowly, she chewed on her bottom lip. 'No. Nothing bad happened. I had a good time last night. It’s just really warm in here, and I really think I should go out for some fresh air or something. 'Adora

gulped, she looked between Bow’s eyes and hoped that he would believe her.

Bow smiled softly and nodded, he grabbed onto Adora’s hand gently. 'I will come with you. 'Adora forced a tight smile, she nodded slowly and both of them left the bathroom together. She just knows that she wasnt really done with their qestions, but she needs to make sure that no one knew the truth about last night.

Catra played with the golden ring around her middle finger, staring at the board with a soft smirk on her face. They were all seated around a long, rectangle shaped table and Catra’s mother, Shannon Weaver, was sitting by the end of it with her daughter next to her. By the huge board at the other side of the room was Hordak, her uncle, which she hated, by the way. It’s a throne thing, he wants it and she will have it. It’s a rival between them two, but her mother is set to make Catra the heir.

Hordak was currently explaining how Brightmoon has changed during the last couple of years, who the mayor was, and members of the police force that they should keep an eye on. The thing about Horde Industries is that;it’ s a normal oil company, they ship and dig oil. That’s it. But behind closed doors, there is a drug cartel and everyone in this room is a part of it.

Catra has moved around to different parts of the world, given that Horde Industries is a internationell company, settled almost

everywhere in the world. Her family is power hungry, ever since Catra was a child, she has been having riches and never once lacked it. She loved it. Every car. Every girl. Every ring on her fingers. And she wanted more. She wanted the power her mother possessed.

'The mayor is Angella Queen, which we are all familiar with. And here is, 'Hordak turned to the board, his fingers grazing over a picture of a man with long black hair and a black beard. 'her husband, Micah Queen, the chief of the police district, here in Brightmoon. '

Catra rolled her eyes, she looked at her mother, who was just staring straight at the board with a concentrated face. Catra furrowed her eyebrows, she wanted to be like her mother, she wanted to be this kind of boss. So she did what her mother did, she looked at the board and concentrated on what her uncle had to say. She was aiming to impress her mother with this mission, to show her that she is ready to take over.

'We did some research before we came here, and these are the most important detectives we need to worry about. 'Hordak said, placing a picture on the board. 'We have this man here, his name is Bow Archerman. 'Catra raised an eyebrow at the picture, he looked to be around the same age as Catra, but still with a soft, hairless baby-face. He had brown skin and faded hair, and didn't really look like a threat. Next picture was a woman with blue hair, brown skin and brown eyes. Cute. 'And here is Mermista. 'The next picture was a white male, with purple hair and a weird mustache. Seriously, purple? This is SeaHawk, which is his codename. 'And another picture, and another, and then another.

Catra was getting bored, her fingers stopped playing with her rings a while ago. Everyone was still focused on the board, and Catra did too, honestly, but she was bored. 'And her . 'Next picture was placed on the board, Catra's eyes widened quickly as she stared at the picture. Blonde hair, blue eyes, ponytail. Absolutely beautiful. Adora. 'Her name is Adora Grayskull, her father was George Grayskull, the detective that is now paralyzed from the waist down after a- 'Hordak stopped, he looked towards the others and smiled creepily. 'An accident. '

Catra gulped slightly, she began to play with her ring again as her heart beat fast against her chest. Why is she so nervous about all of this? Who cares? Adora was just another girl she fucked, no big deal there. But why did she feel like this? Why is her heart pounding like this?

Hordak clasped his hands together, still smiling that creepy smile. ' As always, the drugs need to get out through the streets. Money, money, money. That's our goal. 'Everyone nodded once and Hordak dismissed them all.

Catra quickly got up from her seat, her bodyguard, Scorpia, followed her like a tail as Catra made her way towards her room/office. This company was like a hotel, all the members of the mafia family were living here. But almost all of them had their normal room, which was like huge apartments, with kitchens, bedrooms, bathrooms. Catra, her mother and Hordak had slightly bigger apartments, with more room.

Catra looked at Scorpia as they reached Catra’s room, she patted the taller girl on the shoulder and smiled at her. 'Y ou can go and sleep, big gal. Ill see you tomorrow , alright?

Scorpia looked down at Catra, she smiled brightly and nodded qickly . 'Sure thing, boss. 'She made a salute before leaving, Catra rolled her eyes and let out a qiet sigh. Scorpia was usually happy, a little different than Catra, but good muscles. She would take a bullet for Catra, and given her line of work, Catra needs it.

She opened the front door, groaning qietly as she stepped into her apartment. She rubbed her hands over her face, she could really use some sleep right now. But Adora’s face kept flashing in her mind, that stupid smile. The way she felt. Catra made her way towards her office, she noticed a figure standing by her bedroom, leaning against the doorframe.

'Lonnie. 'Catra sighed, looking at Lonnie with a raised eyebrow . ' What are you doing here?Catra crossed her arms over her chest as Lonnie walked closer to her, a soft smirk on her face, causing Catra to narrow her eyes at the girl.

'Im curious, Catra. 'Lonnie said, dragging a finger down Catra’ s arm. 'Who is that blonde cop?Lonnie tilted her head to the side, still smirking at Catra like she just found the greatest treasure.

Catra rolled her eyes, she dropped her arms to her sides. 'Who are you talking about?

Lonnie rolled her eyes before raising an eyebrow. 'Dont play dumb with me, Catra. Adora Grayskull. 'Lonnie bit her bottom lip, smiling behind it.

'No one. 'Catra glared at Lonnie, taking a step forward to intimidate the other girl. Lonnie didnt move an inch, she didnt even flinch. Is she enjoying this?They have slept once before, a while ago. Lonnie has been asking for more, Catra didnt want more. Nothing to do with Lonnie, really. She is beautiful, and honestly, it was good sex. But something didnt sit right between them two. Maybe it's the thing that they both enjoyed dominance, and Catra isnt the one to be submissive.

'Y ou sure?I saw the way you looked at the picture. Is our Catra in love?Lonnie said with a mocking tone. Catra let out a loud growl, she pressed her arm against Lonnie's throat and pushed her against the wall roughly, causing the other girl to let out a loud gasp.

'W atch it, Lonnie. Be careful what you say to me. Adora is no one, nothing, just like you. And exactly like you, she was just another fuck. 'Catra growled, her face inches away from Lonnie' s as she glared brutally at her. Lonnie's nails were clawing on Catra's arm, which pressed harder against her throat, causing the air to get caught.

'Catra.'Lonnie whimpered, holding onto Catra' s arm. 'I was just joking around.'Lonnie tried to breathe, her eyes were tearing up as she struggled.

'Next time you're joking around, I would suggest you think twice about it. Because I can easily replace you, just as easily as I could kill you. 'Catra threatened before pushing Lonnie back as she let go off her. Lonnie dropped down to her knees, her hand pressed against her chest as she regained her breathing. Catra let out a sigh, she shook her head and turned around. 'Leave. '

Lonnie looked up at Catra's back, her body trembling out of fear as she shakily got up from the floor. She quickly walked out of the room, her hand against her throat gently, shutting the door behind herself. Catra let out another groan, she rubbed her face with her hands and walked into her office.

'Mjau, kitty got claws. 'A voice said in her of fice, it was low and Catra knew exactly who it was.

Catra rolled her eyes, she let out a quiet sigh and walked to her desk chair, sitting down on it. 'Not you too. Doesn't anyone here respect privacy?Catra said, grabbing the bottle of whiskey and pouring it down in a glass before putting it down again.

The person stood behind Catra's desk chair, their hands slowly moving up and down Catra's collarbone before placing themselves on her shoulders, giving her a nice massage. 'Mm, kitten, you're really tense. '

Catra let out a soft sigh, she leaned her head back against the chair and closed her eyes as she lifted the glass to her lips, taking a sip from the whiskey. 'There is a lot to do, DT . Of course Iḿ stressed. '

Double Trouble slowly leaned in closer to Catra’s ear, their lips brushing against the tip of Catra’s ear gently. 'Maybe you just need a nice hole to fuck. 'Double T rouble whispered against Catra’s ear, their hands slowly moving down to Catra’s chest again.

Catra let out a sigh and shook her head. 'Not tonight, DT , Iḿ really not in the mood. 'She usually didnt turn down a nice time with Double Trouble, now that was someone she loved to sleep with. They were submissive, they loved sleeping with Catra without any attachments nor demands. Giving Catra everything she wanted.

Double Trouble rolled their yellow colored eyes, they were beautiful with their long, blonde hair, yellow eyes and gorgeous body. They slowly walked around the chair, jumping up to sit on the desk and crossing one leg over the other. 'I hate when youŕe all business, no fun. 'Double T rouble pouted, Catra looked up at them with a soft smirk, her hand slowly rubbing Double Trouble’s thigh.

'W e need to focus on the mission. 'Catra said, her hand still rubbing Double Trouble’s clothed thigh.

Double Trouble started to grin widely, they looked down at Catra’s hand on their thigh before looking back at Catra. Double Trouble

slowly reached their hand over, they grabbed onto Catra's jaw. ' Speaking of the mission, who is the blonde girl that made your jaw drop?Double T rouble whispered, popping the 'p 'as they stared into Catra's eyes.

Catra qickly glared at Double T rouble, she pulled her jaw out of their grasp as she let out a qiet growl. 'Y ou heard what I told Lonnie, she is no one. I slept with her last night, that's it. She is nothing to me. '

Double Trouble was grinning widely, their hands grasping onto the edge of the desk as they leaned in closer. 'Y ou are looking at this all wrong, kitten. '

Catra raised an eyebrow, she tilted her head slightly to the side as she studied Double Trouble's face with her eyes. 'Y ou are planning something. '

Double Trouble shrugged lightly, grinning down at Catra. 'No. More like a suggestion. 'Catra raised both of her eyebrows, urging Double Trouble to continue. 'I think we should see if that tongue of yours has kept our little blonde cop spellbound. 'Double T rouble ran a manicured nail down Catra's cheek slowly. 'I say we use this to our advantage. '

Catra smirked up at Double Trouble, she put down her glass of whiskey as she stood up slowly. Double Trouble spread her legs, Catra slowly moved to stand between them, her hands rubbing up

and down Double Trouble’s thighs as she leaned in closer, her lips brushing against Double Trouble’s lips. 'Now this is why I love keeping you around. '

Double Trouble locked eyes with Catra, a soft smirk spread over their lips. 'Is that the only reason?Double T rouble whispered, Catra’s eyes darkened with lust before she qickly crashed their lips together.

Double Trouble walked through the hallway whilst humming happily. They slept with Catra once again, and it was absolutely marvelous. Lonnie was standing in the hallway, talking to Rogelio when she spotted Double Trouble. She qickly walked over to them, she raised an eyebrow as she walked with them. 'And why are you so happy? '

Double Trouble looked at Lonnie with a wide grin. 'Arent we usually happy after a good time, darling?DT stopped on their tracks, they looked at Lonnie as they tilted their head to the side.

Lonnie looked at DT, furrowing her eyebrows. 'She slept with you again?

DT nodded slowly, almost satisfied with the look on Lonnie’s face. ' Well, yes, of course. '

'I dont understand, how do you make her sleep with you all the fucking time?Lonnie asked, crossing her arms over her chest in annoyance. Double Trouble let out a dark chuckle, they shook their head as they stepped closer to Lonnie.

'Y ou dont understand how Catra works, darling. She gets wet for power. Give her power, and she will fuck you. She is coldhearted, ruthless, and one day, she will give us everything we ever wanted. Get on her good side, and she will reward you. '

'So her name is Cassie?Glimmer asked, her legs crossed in front of her as she sat down on Adora's bed, with Adora and Bow. Adora nodded quickly , she didnt tell the truth about who she slept with, she didnt realize why . Even though it wasnt her fault, she still felt guilty and weird.

'Y eah, that's it. Cassie. She was nice. 'Adora shrugged, playing with her sleeve of her hoodie nervously as she stared down at it. Glimmer let out a loud groan, she slapped Adora's thigh, causing the blonde girl to lift her head to stare at Glimmer with wide eyes.

'What the hell was that for?Adora asked, furrowing her eyebrows.

'T ell us about her. What did she look like?Glimmer asked, raising an eyebrow at Adora.

Adora rubbed the back of her neck nervously, she gulped slightly and shrugged. Come on, the opposite of Catra. 'Uh, she had long, blonde hair. Uh, she had brown eyes and she was really tall, taller than me. And uh, no abs. And she was wearing a dress. '

'She was blonde with brown eyes?Bow asked, tilting his head to the side slightly. 'And why is the abs thing relevant?

'Colored hair!'Adora shouted out, causing Bow and Glimmer to widen their eyes in surprise. Adora let out an awkward chuckle and shrugged. 'And the abs thing is not relevant, forget I said that. '

'Okay . 'Glimmer mumbled, studying Adora' s face. The blonde girl looked to the side before averting her gaze back to Glimmer . The shorter girl leaned her face closer, narrowing her eyes at Adora. ' You are hiding something. '

Adora shook her head slowly, her heart beating faster against her chest. Did she just get caught?No. Im really not. 'Adora said, forcing a tight smile on her face. She is a cop, for fucks sake. Why does she suck at this?

'Fine, how was she in bed then?Glimmer asked, leaning back again, away from Adora's face.

Bow blushed slightly, he rubbed the back of his neck. 'Uh, is it really an appropriate qestion?

Glimmer rolled her eyes, she crossed her arms over her chest as she raised an eyebrow at Adora. 'Spill it. '

Adora let out a qiet sigh, she managed to force out a believable grin, tilting her head to the side. 'Great. She was great, she took good care of me, and she fucked me really well. I could barely walk the next day. 'Adora held up four fingers, smirking at Glimmer . 'I came four times. 'Adora could feel herself flustered, she was blushing furiously as she spilled out the truth about how Catra was in bed.

Glimmer narrowed her eyes at Adora before smiling widely. 'Great! Im glad you had fun!'Glimmer clapped her hands together once, she looked between Bow and Adora, smiling brightly at them. 'Let' s order some piza, my cute detectives!'

Bow qickly jumped up from the bed, he walked over to his jacket, which was hanging on Adora's desk chair. He pulled out his phone, he looked over at his two friends and pointed at them. 'T wo large margherita pizas should be enough, right?

Glimmer raised an eyebrow at Bow, she pointed her thumb towards Adora. 'Have you met her?Adora let out a dramatic gasp, she looked at Glimmer with wide eyes.

'I dont eat that much!'Adora exclaimed, defending herself from Glimmer’s accusations. Glimmer crossed her arms over her chest, she looked at Adora and raised both her eyebrows at her. Adora opened her mouth to say something, but she quickly shut it when she realized that Glimmer was probably right.

'Yes, hello. Two Margherita pizzas. Could you also add some french fries on the side?Bow said to the pizza shop through the phone, he looked over at Glimmer and Adora. Both the girls gave Bow four thumbs up, Adora nodded quickly , because yes to french fries, she adores them. 'Yeah, thank you. 'Bow said before hanging up, he walked back over to the bed and sat down next to his friends again.

'They should be here in about thirty minutes or so, right?What are we going to do until then?Adora asked, looking between Bow and Glimmer.

'Can we please discuss our mission?Bow said, raising an eyebrow at Adora. Adora looked at Bow, she furrowed her eyebrows. That was seriously the last thing she wanted to discuss, and Bow shouldnt really say this in front of a civilian, even though Glimmer is their friend, and maybe Micah told her already.

'We really shouldnt discuss this, Bow. Glimmer is a civilian, and it’s classified police work. 'Adora shrugged, she glanced at Glimmer from the corners of her eyes. The other girl was staring at Adora with her mouth agape before she glared at Adora.

'Since when did you care about the civilian thing?' Glimmer asked, glaring at Adora like she was seriously pissed at her.

'It's just- If your dad hasn't already told you, that means it's classified. This is not just a robbery or a cat is hanging from a tree situation. And Bow shouldn't have said anything.' Adora said, looking at Bow with a slight glare, causing the boy to clear his throat and look away.

'Geez, Adora, promotion has changed you.' Glimmer said with a soft scoff, looking away from Adora.

Adora let out a quiet sigh, she shook her head slowly. No, not really. The promotion hasn't changed Adora, but sleeping with the enemy certainly has. More importantly, that means the enemy has seen Adora in her most vulnerable state. What if Catra tries to use that to get the upper hand on the police? Adora needs to play it cool if she ever runs into Catra, even though she begs the universe to not let that happen.

'No, it's not that. I just worry about you, and if you know too much, I'm afraid the mob family will use it against us. You know, you're the mayor's daughter and all that.'

Glimmer and Bow stared at Adora with their mouths agape, Adora looked between them until she realized what she just said. She quickly clasped a hand against her mouth, her eyes wide as she stared at Bow and Glimmer. 'I mean- Uh-'

'Oh my god, there is a mob family in Brightmoon City?Glimmer said, she had an open-mouthed grin spread across her face. 'Y ou have to tell me everything!'

'W ell, you see- 'Bow tried to say something, Adora quickly clasped her hand over his mouth.

'No, Bow . She cant know too much. 'Adora let out a sigh, she dropped her hand from Bow's mouth before looking at Glimmer. ' Dont tell your father that I accidentally told you. '

Glimmer smirked smugly at Adora, she tucked a loose hair behind Adora's ear. 'On one condition. Y ou tell me everything now. '

Adora rolled her eyes, she let out a sigh and shook her head slowly. 'This is a bad idea. '

'Bow , spill it. 'Glimmer said, looking at Bow and pointing her finger at him.

'Fine. There is a mob family that has been moving into Brightmoon City. You know Horde Industries?Bow asked Glimmer , raising an eyebrow at her.

Glimmer nodded slowly, she looked at Bow with fascinated eyes. 'The oil industry. '

'Yeah, and it's run by Shannon Weaver, AKA Shadow Weaver. The police believe that she is the boss of this mob family, with her daughter Catrina as the heir. 'Bow said, telling Glimmer absolutely everything. Adora stared at Bow at the mention of Catra's name, her full name, not the name she screamed out when Catra fucked her.

'And what are they doing here in Brightmoon then?Glimmer asked.

Bow shrugged, he let out a quiet sigh. 'No idea. We think they will supply drugs around the city, so we need to find proof that they are a mob family, so we can lock them up. '

Adora looked between Bow and Glimmer, she gulped slightly as she felt warm and sweaty all of sudden. Glimmer let out a quiet whine, she was pouting and crossing her arms over her chest. 'Why does everything interesting happen to you guys?Being a lawyer sucks. '

'Trust me, this is not as much fun as you think. 'Adora mumbled, she rubbed the back of her neck nervously. Glimmer waved her hand towards Adora, telling her to be quiet as she stared at Bow.

'And what else?

Bow shrugged, he looked between Adora and Glimmer. 'That’ s it. There is not enough proof that they are responsible for the drugs, but BCPD is doing everything we can to lock up these bad guys!'Bow said excitedly, grinning from ear to ear as he lifted his hand to give Adora a high five. The blonde girl forced a tight smile, she hit her palm against Bow’s loosely and then they heard the doorbell.

Adora’s eyes widened, she qickly got of f from the bed. She awkwardly made finger guns towards Bow and Glimmer. 'I will get it!'She said before walking, more like jogging, out of the room.

> Heeello, I just wanted to say how happy I am that you are enjoying this story!It means the world to me, and I hope the rest of the story will be just as exciting as you hope!<3

See the end of the chapter for more notes

The quiet room was filled with the sounds of moaning, Adora was laying naked on the bed, her back arching and she ran her hands through short curls of hair between her legs. Adora moaned, her eyes were closed as the person between her legs licked and sucked on her clit like her life depended on it. Adora was whimpering, desperately trying to grind her hips up to meet the tongue that did wonders on her pussy.

Two pairs of hands were gripping onto Adora's thighs, the blonde girl had one leg over the woman's shoulder whilst the other leg was laying flat on the bed. The woman dug her nails into Adora's thighs, holding her spread open as she lavished Adora's pussy. Licking. Sucking. Biting. Every area that she could. Adora was going insane, she turned her head to the side as she squeezed her eyes tighter , she bit her bottom lip, soft moans escaping her throat as she felt herself nearing the edge. The woman slowly slipped in two fingers into Adora's entrance, curling them before thrusting them in and out of Adora roughly. The blonde girl threw her head back, she let out a loud moan as her hands moved to grip onto the sheets in an attempt to hold onto something whilst the woman fucked her with her fingers and tongue.

The tongue disappeared after a while, Adora could feel the body between her legs move further up. The fingers didnt stop their movements, still thrusting in and out of Adora. A strong hand gripped onto Adora's jaw, forcing her to turn her head and open her eyes to stare up at the heterochromatic eyes that were staring down at her.

'Catra. 'Adora moaned, biting her bottom lip as Catra fucked into her harder with her fingers, every thrust brushed against her g-spot. Catra was looking down at Adora with almost a possessive gaze, they didnt break eye contact even though Adora was struggling to keep her eyes open as the feeling of pure pleasure washed over her.

'Y ou are mine, princess. 'Catra whispered, leaning down to brush her lips against Adora's as she thrust her fingers harder and faster. Adora was so close, just a little more, a little harder, faster. Fuck.

A loud noise was echoing next to Adora's ear, it was so annoying and the feeling of Catra's fingers inside her was disappearing slowly as the noise kept getting louder and louder.

Adora snapped her eyes open as the sound of an alarm woke her up from the dream. Adora let out a loud groan, she rubbed her eyes to clear her vision before reaching her hand to her phone, she turned off the alarm and tossed the phone to the side. She stared up at the ceiling, a small whine escaped her lips. 'What the hell was that?

She sleepily threw her legs over the edge of the bed, she let out a quiet yawn and got up from the bed. It was time to go to work, and honestly, she was in no mood. The dream has left her completely wet and horny. What the hell was that? Dreams are a part of our subconscious, but there is no way in hell she is thinking about Catra like that.

Adora got herself ready, she brushed her teeth, put up her hair in a ponytail and got dressed to go to work. She got into her car, drove her way to the station and when she got in, she was quickly joined by Bow, who walked with her to her desk.

'Had a good night? Bow asked, looking at Adora with a raised eyebrow. Adora quickly stopped on her tracks, she looked at him with wide eyes as a deep blush spread across her cheeks.

'What? Adora asked, she let out a cough and shrugged. 'Y eah, I had a good night's sleep. 'Adora forced a tight smile, she patted Bow's shoulder gently before continuing her walk towards her desk.

Bow nodded slowly, he walked with Adora before sitting down on the opposite side of Adora's desk. 'Good, because Micah wanted to talk to us. He got a mission for us, actually. 'Bow grinned widely .

Adora raised an eyebrow at him, she grabbed a pen and swirled it around with her fingers. 'Why are you smiling?

Bow shrugged and smiled at Adora. 'It’ s our first mission as detectives, and we are actually doing some field work right now. '

Adora shrugged lightly, she knew she was supposed to be excited, but this is probably about the whole Horde Drug Cartel thing, and the dream is still stuck behind the back of Adora’s head. Adora forced a tight smile, and nodded slowly. 'It’ s exciting. So, when is Micah gonna talk to us?

Bow looked behind her at the chief’s office, he grinned widely before looking at Adora. 'In about five minutes, I think. 'And just when Bow said that, the door to Micah’s office opened up and Micah took a step out of his office, looking around the precinct.

Adora looked behind her shoulder at him, Micah pointed at her, then Bow and then to Mermista. All of three of them got out of their seats, and Micah turned around to walk into his office again. They followed him inside, Bow closed the door behind them as they looked at their chief.

'Are you three ready for your first mission in this case?Micah asked, raising an eyebrow as he looked between all of three of them.

They all nodded once, Mermista looked like she was already bored with this, even though everyone knew she wasnt. She always had a resting bitch face, like she was done with everything and everyone. She is a good detective, she has been a detective longer than Bow

and Adora has, so they always keep in mind to ask her in case they wonder something.

'Good, because we have gotten some information on this case. I want you three to visit our local stripclub, The Cat, to gain some intel on our drug family. 'Micah said, he walked towards his desk and received three files, with the stamp CLASSIFIED on top of them.

'Why The Cat?Mermista asked, grabbing her file from Micah and opening it up to look through it.

Adora chewed on her bottom lip, she looked down at the file and opened it. A picture of Catra was the first thing she saw. This picture wasnt like the first one she saw on the board during the meeting, but this one was a lot clearer. Catra was wearing a suit, as usual, and she was actually sitting on a chair in a cafeteria, a cup of coffee in front of her. She looked absolutely dashing in that suit, and Adora could feel herself become wet between her legs. She gulped and closed the file slowly.

'Because Catrina, the daughter , is usually there, spending her time and money watching the dancers. 'Micah said, looking between all three of them. Adora ducked her head, she looked down at the closed file and furrowed her eyebrows. Catra is spending time in that stripclub, watching beautiful girls dance for her whilst she throws her money at them. Something about all of that made something turn in Adora’s stomach, she felt like throwing up, and it certainly wasnt because of the strippers, it was more about the fact that Catra was watching them. Is it- Is she feeling jealous?

'Okay , and what is the plan?Bow asked, raising an eyebrow at Micah before looking at Adora. He noticed his friend's unusual behaviour, he nudged Adora's arm gently with his elbow. She looked at him with slightly wide eyes before shaking her head and turned her gaze towards Micah instead.

'I want you three to keep an eye out on her , see who she talks to, what she does, if she meets up with anyone that might have something to do with it. Can I trust you three on this?Micah asked, narrowing his eyes at them and crossing his arms over his chest.

'Y es, chief, we got this. 'Bow said, saluting awkwardly at Micah. Adora and Mermista looked at Bow with furrowed eyebrows, Adora scrunched up her nose at the awkward silence that followed Bow's gesture.

Micah stared at Bow before letting out a sigh, shaking his head. ' Dress up accordingly, like you can actually afford to go there. This place is surrounded with rich people, and these people have power. Make sure to check out the surroundings. Most importantly, make sure to get information on Catrina Weaver. '

Adora gulped slightly, they all nodded in agreement before leaving the room. Mermista and Bow immediately went to their desks to look through the files, and Adora was trying to keep her shit together. This is gonna be rough, but she is a detective, and she has to do her job, pushing all her feelings for this situation aside.

When the night arrived, Adora was taking a ride with Mermista and Bow, all dressed up in fancy suits and dresses. Adora was wearing a white and gold dress, it was a little short, showing off her legs and it was tight, hugging her figure perfectly. She was also wearing high heels, her feet felt really uncomfortable in these, but she had to follow through the mission.

They got out of the car, and made their way towards the entrance of the stripclub, where a large bodyguard was standing there. Mermista walked ahead of her, and Bow was walking behind them. They didnt wear their guns or the badges, trying to fit into this place. As soon as they walked through the doors, the lighting changed and everything was dark except for the purple light that was surrounding the room.

Music was blasting as they arrived into the room, where women were dancing on the poles, earning their share of dollars that were being thrown at them. Adora eyed the room, looking around for Catra or anything else suspicious.

Bow leaned in close to Adora, whispering into her ear. 'She is here. Six o'clock. 'Bow pulled back to look at Adora, he glanced quickly behind her before looking back at Adora. Adora turned her head discreetly, and she immediately saw Catra, sitting on a booth with one leg over the other, wearing a dark colored suit, it was hard to make out the color of it due to the dark, and as usual, her bodyguard was standing close to her.

Adora looked at Bow, she gave him a slight nod and looked at Mermista. “See anything unusual?” She asked her colleague, Mermista looked at Adora and shook her.

“Not yet. Let’ s keep our eyes out for anything. We need to blend in with the rest of the guests. Act like you’ve been here before. “ Mermista said, rolling her eyes at the newbies.

Bow furrowed his eyebrows, he was looking at Catra’s direction before he shifted his gaze to look at Adora. “Our target is staring at you. 'Bow said, it was hard to hear due to the music, but Adora managed to make out what he was telling her.

Adora was blushing as she glanced at Catra, the brunette girl from across the room smirked at Adora and gestured to her to come over with a crooked finger. Adora quickly looked back at her colleagues with wide eyes, she gulped slightly.

“I think she is interested in you, Adora. Great job with the dress. “ Mermista said, crossing her arms over her chest and smirking at Adora. “Get over there. “

Adora’s eyes widened further, she was blushing furiously now as she stared at Mermista. “W ait, what?”

“Go over there and flirt with her . See if she will spill some secrets to a pretty blonde. “Mermista said, tilting her head slightly to the side.

“Mermista is right. “Bow said, biting the inside of his cheek. Adora looked at him with wide eyes, why is he ganging up against her? I mean, we have an opportunity to get close to her now. Just- Play it cool and see if she will bite. “

“Oh, she is definitely a biter . “Mermista made that snarky comment, causing Adora’s blush to deepen as she remembered hers and Catra’s night together.

Adora took a deep breath, she nodded slowly and turned around to catch Catra still staring at her. Adora gulped slightly, she walked over to Catra and tilted her head to the side as a forced smile spread across Adora’s face. It was hard to look at Catra, really, because all Adora could think about is that dream from this morning.

“Hey , Adora, what a pleasure to see you here. “Catra said, holding onto a glass of whiskey in her hand. “Here to dance? “Catra smirked at Adora, she loved seeing Adora blush.

Adora was blushing furiously, but she tried to maintain an act, so she raised an eyebrow at Catra. “Im here to watch, actually . “This will be easy, Catra doesnt know she is a cop, and she doesnt know that Adora knows that she is a criminal.

Catra raised both her eyebrows before dropping them, she patted the seat next to her. “W atch with me. 'Adora accepted the invitation, even though it sounded more like a demand coming from Catra. She glanced at Catra’s bodyguard before slowly sitting down next to Catra, crossing one leg over the other. “Something to drink? 'Catra asked Adora, smiling.

Adora looked at Catra, she licked her lips slowly and nodded. “Y eah, sure, thanks. “Catra glanced down at Adora’ s lips before looking at a waitress close to them, she gestured to the waitress to come over, which she did, and then Catra grabbed a glass of champagne to give to Adora.

“Didnt really take you for a girl that comes to these sort of places. “ Catra said, tilting her head slightly to the side as she stared at Adora, their eyes locking.

Adora forced a smile, it was actually believable. “I enjoy the shows. “ Adora said whilst shrugging, she took a sip from her champagne. Catra was just eyeing her, her eyes slowly drifted to stare at Adora’s exposed legs before she averted her gaze to look at Adora.

“Y ou are really beautiful tonight. “Catra said, smirking softly at Adora before taking a sip from her whiskey.

Adora stared at Catra, blushing. “Thank you. “Adora whispered, and god, Catra looks really good too. Like so good. The dream from this morning kept echoing inside Adora’s mind, like she wanted to

relive that. But she couldnt, and she needed to fucking focus. “ Catra, have you- “

Adora didnt get to finish her sentence as a woman walked over to them, she was wearing really beautiful black lingerie, her hair was brown, wavy and long. And she was really gorgeous.

“Catra, darling, it has been so long. “The woman said with a bright smile, Catra looked at her with a smirk and uncrossed her legs.

“T oo long. “Catra said back, the woman sat down on Catra’ s lap, crossing her leg over the other and Catra wrapped her arm around the woman’s waist. Adora could feel her heart pound harder against her chest, and it stopped when she saw the woman lean down to kiss Catra passionately.

Adora averted her gaze away , she felt a pit of jealousy echo in her stomach. She gripped onto the glass of champagne a little harder, until she couldnt take it anymore. She let out a cough against her better judgement, causing Catra and the woman to pull apart from the passionate kiss.

Catra let out a soft chuckle, she gestured towards Adora with her hand while looking at the woman. “Sorry . This is Adora. “Catra said, introducing Adora to her friend. Catra then looked at Adora, gesturing her hand to the woman. “Adora, this is Ambrosia. “

Adora furrowed her eyebrows, she reached a hand out for Ambrosia to shake it gently. “Ambrosia? Is that your real name?”

Ambrosia let out a soft laugh, she rested her hands on Catra’s shoulders. “No, sweetheart, that’ s my stage name. We dont share our real names in this business, too many horndogs that wont leave you alone. “

“Oh, right, sorry . “Adora forced a soft chuckle, she rubbed the back of her neck.

“Are you one of Catra’ s girls?Ambrosia asked Adora.

Adora’s eyes widened slightly, she glanced at Catra, who was staring at Adora with a smirk, before shifting her gaze to look at Ambrosia. “ No, Im not. “

Catra started to grin widely, she enjoyed that comment a little too much. Like it was a challenge. Ambrosia raised an eyebrow, she smiled softly at Adora. “W ell, that’s too bad, darling. “

Catra looked at Ambrosia, she smiled at the other girl and rubbed her hand gently on Ambrosia’s thigh. ”How about you go and give me and my friend a little show?”

Ambrosia smiled down at Catra, she caressed Catra's cheek gently before getting off Catra's lap, she placed her hands on her hips and turned to Adora. "Enjoy the show , darling. It will be worth it, and dont be shy to spend a little money . "

Adora blushed furiously, she smiled shyly up at Ambrosia and nodded before the woman turned around to leave. Adora looked at Catra, and Catra didnt stop staring at her . "So, are you two dating? "

Catra let out a soft chuckle, she shook her head slowly. "No, we are just friends. "

"Are you a regular here, or something?"

Catra looked at Adora, tilting her head to the side. "Regular? I owe this place. "

Adora's eyes widened. "Y ou owe The Cat? Why didnt she know that? Did Micah forget to mention it or didnt he know either?

Catra nodded slowly. "I know every single person here. See that guy over there?" Catra gestured with her head towards a middle aged guy with a grey suit. Adora looked at him, furrowing her eyebrows. " He is cheating on his wife and he is paying big money for a private show from my dancers. What he doesnt know is that his wife is cheating on him with the poolboy. "

Adora looked at Catra with furrowed eyebrows. “How do you know all this?”

Catra looked at Adora, she smiled at her and shrugged. “I know everything that is going on in this city. “Catra said, she looked between Adora’s eyes before looking towards the stage and taking a sip from her glass of whiskey. Adora stared at Catra, that comment made her feel really uneasy, but she couldnt show it. Adora looked towards the stage, Ambrosia was dancing on the pole really gracefully, she spun around on that pole like gravity wasnt a thing, like her weight meant nothing. Catra stared at Adora, she licked her lips slowly.

“What are you thinking about, Princess?”Catra whispered, sending chills down Adora’s spine. The blonde girl looked at Catra, her eyes shifting to look between the two pairs of heterochromatic eyes. Adora’s eyes glanced down to Catra’s lips before she averted her gaze to meet Catra’ s stare.

“I just- I think they are beautiful up there. “Adora whispered, Catra was leaning closer to her and like a magnetic force, Adora leaned in slowly. Adora’s breath hitched as she felt Catra’s hand on her thigh, slowly rubbing it.

“Y ou know what I think?”Catra whispered, her lips were brushing against Adora’s cheek, causing the other girl to close her eyes and bite her bottom lip. “I think I can fuck you right here, and no one will ever know. “Catra’ s hand was moving further up, under Adora’s

dress to her upper thigh. Adora gulped, she felt herself become flustered and wet as Catra touched her. “W ould you like that?”

“Y es. “Adora whimpered quietly , Catra’s hand was inching closer to Adora’s crotch until her fingers grazed against Adora’ s panties. Adora snapped her eyes open as realization hit her . What is she doing? She pulled back from Catra, and the other girl quickly removed her hand from Adora’s thigh. “No, wait, wait. “Adora let out an awkward laugh, she pointed at Catra. “Y oure really good at this. “Catra smirked at Adora, raising an eyebrow at the flustered girl in front of her. “But uh, we cant. “

“Why not?” Catra asked, tilting her head to the side.

Adora stared at Catra, she tried to come up with a good enough excuse so that Catra wouldnt think she is weird. “W e are in public. “

“Let’ s go somewhere private. “

“I meant, Im here with my friends. “

“So were you last time, didnt stop you there. “

“Im on my period?”

“Is that supposed to be a problem?”

Adora let out a sigh, she knew that Catra was messing with her right now, given the way Catra was trying to stifle a laugh by piercing her lips into a thin line, a smile tried to spread over Catra’s face. Adora looked at her, forcing a smile. “Im not in the mood tonight. 'Adora looked behind her shoulder at Bow and Mermista before looking back at Catra. 'I should probably get back to my friends. “

Catra nodded once, she smiled at Adora. “Y eah, probably. But hey, Adora, if you ever want to recreate our first night together, you know where to find me. “

Adora looked at Catra, she let out a soft sigh as she leaned in close. She closed her eyes and placed a soft kiss on Catra’s cheek. Adora let her lips linger over Catra’s soft skin before pulling back, she smiled forcefully at Catra as she got up. Catra was just staring at Adora as she left the booth and walked over to her friends.

Catra reached a hand up, she grazed the tips of her fingers over the cheek Adora just kissed before a wicked smirk spread over her lips. Scorpia looked down at Catra with a raised eyebrow. “How did it go? “The taller woman asked.

Catra was staring at Adora, she caught the blonde girl looking behind her shoulder at Catra before she changed her focus towards her friends. “I think it went perfectly well. “

“Im telling you, I didnt get enough information except that she owes the club, and she knows the regulars. “Adora said, pacing the floor of the precinct. It was late, no one was in there except for Mermista, Bow and Adora. They were discussing tonight’s events, Mermista was seated by her desk, writing down on a block everything Adora was saying.

“And the woman who sat down on Catrina’ s lap? Did she seem suspicious to you?” Mermista asked, raising an eyebrow at Adora.

Adora furrowed her eyebrows, she shook her head. “No. Just a dancer. “Adora let out a sigh, ducked her head and kept pacing the floor, repeating every moment of tonight in her head. And then she stopped, she lifted her head and looked at Mermista and Bow with wide eyes. “Oh my god, she knows. “

Mermista furrowed her eyebrows, she shook her head slowly. “Ugh, Adora, speak clearly please. Know what?”

Adora shook her head slowly, clearly in shock. “She told me that she knows everything that is going on in this city. Meaning, she knows everything about everyone. “She stared at Mermista, hoping she would come to the same realization as Adora did.

Bow just stared between them two. “Im really confused right now . “

Mermista stared at Adora with wide eyes. “She knew that we were detectives, that means..“

Adora looked at Bow, her heart was beating faster against her chest at the possibility of what she is about to say. “She knows we are coming after them. '

Chapter End Notes

As always, thank you for reading!Dont be shy to tell me what you think, comments are always appreciated!Im posting every Friday/Saturday (depending on your timezone, but it’ s 1am Saturday in Sweden when I post), because there is no job nor school so people can relax, sit back and read mafia heir Catra tell Detective Adora how she would like to fuck her. 3

Goddamn, right, you should be scared of me

Chapter Notes

> Hii, I know I said every Friday, but Im bored and just wanted to update something!So here is a surprise chapter!Enjoy <3

See the end of the chapter for more notes

Catra let out a loud groan as she walked into the building of Horde Industry with Scorpia behind her like a tail. Catra needed to speak with her mother, seeing the cops at The Cat made her suspicious and her gut feeling told her that the hunt has begun. They have barely been here for a week, and everything is already starting.

Kyle, a younger member of the Horde, looked at Catra with a wide smile as she walked past him, he waved at her excitedly. “Hi, Catra. “

Catra rolled her eyes, she didnt look at him nor stopped. “Not now , Kyle. “Catra muttered through clenched teeth, causing the blonde guy to drop his smile and pout slightly. Catra lifted her hand, like a cue for Scorpia to stop following her and she did, standing there with Kyle qietly .

As Catra reached the door to her mother’s room, she noticed that the door was ajar, a little light spread over the hallway from Shadow Weaver’s door, voices were being heard and Catra recognized them immediately. She didnt knock nor open the door , instead she leaned her ear a little closer to the door to eavesdrop on the conversation between her uncle and her mother.

“She is too young to run a business!“Hordak yelled at Shadow Weaver. Catra glared at nothing, she hated her uncle and every time he opened his mouth, she went a little more crazy .

“She is the perfect successor to run my company . “Shadow W eaver said, in a little calmer tone than Hordak. Catra nodded once in agreement, she was the perfect successor to take over, no question.

“She is a brat. A rich spoiled kid that wastes your money on cars and girls. Sister, please, you know that I should be the one to take over if anything were to happen to you. “

“No. “Shadow W eaver got off her desk chair, she walked around the desk to stand in front of Hordak with a wicked smile on her face. “ I've raised Catra to be ruthless and dangerous. She will bring this company to glory some day. I've never felt more sure of anything in my entire life. My daughter is everything this company needs to succeed. “Shadow W eaver's smile dropped as she started to glare at Hordak. “And if you can't accept that, you are free to leave. “

Hordak glared at Shadow Weaver, he let out a loud scoff and started to walk towards the door. Catra heard the heavy footsteps loud and clear, she took a step back as the door opened more widely, and she came face to face with Hordak.

Her uncle glared down at her whilst Catra gave a mocking smile back at him before walking past him into her mother's office. “

Mother, I have news. “Catra said, raising an eyebrow towards her mother, who sat down on her chair again.

Shadow Weaver looked at Catra with a smile, she gestured her hand towards the chair on the other side of the desk. Catra walked over to it, sat down on it and crossed one leg over the other. “T ell me, my child. What news do you bring?”

Catra tilted her head slightly to the side as she stared at her mother with a serious gaze. “The police are after us. They were visiting The Cat, and one of them asked a lot of questions. “Catra let out a sigh, she shook her head slowly. “I could be wrong, but something tells me that the hunt has begun. “

Shadow Weaver narrowed her eyes towards Catra, nodding slowly as she listened to her daughter. “V ery good, Catra. Im proud of you. I suppose we will give them a nice hunt then. “Shadow W eaver started to smile wickedly at Catra, lifting a glass of wine from her desk and taking a sip from it.

Catra smirked at her mother, playing with the ring on her finger. “ And I have the perfect way. “

Shadow Weaver put down her glass, she raised an eyebrow at Catra and leaned back against the chair, folding her hands together. “T ell me. “

“W e will make all of Brightmoon City fear us. “Catra smirked at her mother, she did have the perfect start for this little hunt. She was always trying to prove that she is worthy to sit on that chair, she will make her mother proud. “There is a man, he is one of our delivery boys. He has been taking credit for our drugs, and Iṁ asking you to let me deal with that. “

Shadow Weaver nodded slowly. “Y es, gather a few of our own and deal with this problem, Catra. We cannot let that slide, and everyone needs to know who is in charge. “

Catra got up from the chair, she tucked her hands into her pockets and nodded once. “Y ou wont be disappointed. “

Shadow Weaver smiled up at her daughter, she nodded. “I know I wont, my child. “

Catra turned around and started to walk out of the room, a wide grin spread across her face as her eyes sparked with mischief. She walked through the hallway until she stopped in front of Scorpia, who had been standing there and waited for Catra to come back.

“What did your mother say about all of this?”Scorpia asked.

Catra looked up at Scorpia, shrugging lightly. “Get me Lonnie and Rogelio. “Catra smiled up at Scorpia. “W e have business to attend to. “

After gathering up the people Catra needed to make this job a success, they got into a car and drove towards the docks, where their delivery boy worked during the night. Lonnie, Rogelio and Scorpia were all strapped with their guns, ready to take action if necessary. The thing about the docks late at night, it's usually empty. Only a few people working there, so there wouldnt be any witnesses. Unless Catra wanted it to be.

It was qiet by the docks, the waves crashed against the boats and a few people were smoking their cigarettes, conversations were being heard. Catra and her crew walked around the docks, trying to find the man they were looking for. They were eyeing their surroundings, making sure no one saw them walk around.

"Catra. 'Lonnie whispered, causing Catra to look at her . Lonnie gestured her head towards a man who was walking away from his coworkers, and a grin spread across Catra's face when she realized that was the man they were looking for.

He was walking between two large containers, probably going for a piss. The crew walked towards it, Rogelio looked around to see that they werent spotted. And when they reached the man, he was pulling down the zipper of his pants. Scorpia and Rogelio quickly ambushed him, grabbing his arms and pressing his back against the containers, making the man whimper loudly.

Catra stepped out of the shadows, a tired sigh escaping her lips as she looked at the man with furrowed eyebrows. The man looked at

her with wide eyes, he looked absolutely terrified and Catra loved it.

Catra's sad expression quickly changed, she grinned widely as she stepped closer to the man. "Alec, my friend, how are you?" Catra asked, tilting her head to the side.

"I'm good. "Alec stuttered, he tried to move his arms, but Rogelio and Scorpia held him really hard against the containers.

Catra clicked her tongue and shook her head slowly. "I'm really disappointed in you, Alec. Taking credit for the drugs. "Catra let out a dramatic sigh.

"Listen, Catra, I made a mistake, okay? It won't happen again, I promise. Just give me another chance. "Alec said, he was shaking and staring at Catra with a terrified expression.

Catra nodded slowly, squinting her nose before pouting. "No, it really won't happen again. "Catra smiled at him, she grabbed onto his jaw roughly and forced him to look at her. "You must have a really big dick to be brave enough to go against the Horde like this, Alec. "

Alec was tearing up, shaking as he still tried to pull his arms free from the tight grip from Rogelio and Scorpia. He shook his head quickly , he was trying to say something, but nothing came out.

“I wonder what happens to you when you lose it. “Catra glared at him, she reached inside her suit jacket and pulled out a gun from her holster. She was angry, annoyed and honestly, she just wanted to kill him. Alec’s breath hitched, his eyes widened as he stared at the gun.

“No, no. Catra, please, dont. Please. Im sorry!“Alec begged, tears were rolling down his cheeks.

Catra pressed the tip of the barrel against Alec’s crotch, she glared brutally at him as Alec let out a loud cry. The fear to get caught meant nothing right now, they didnt care. He was going to pay . This is revenge. Alec closed his eyes tightly, tears rolled down his cheeks as Catra pulled the trigger. A soft click was heard and then Catra let out a loud laugh, a little sqeaky . Alec dared to open his eyes slowly, he looked down at his crotch and then lifted his head to look at Catra.

“Safety was on. “Catra said, wiggling her gun in her hand before tucking it back into her holster. She tilted her head to the side as she stared at Alec.

“Y oure crazy . “He mumbled shakily , staring at Catra with red and swollen eyes.

Catra threw her hands up in the air and nodded qickly . “Y eah, Im fucking losing my mind over here. “Catra said, grinning widely . She

dropped her arms by her sides again as her grin dropped. “And you know what makes me even crazier? When people think they can run over my family and get away with it. “Catra let out a sigh, she ran her hand through her hair and looked at Lonnie. “Kill him. “

Alec’s eyes widened, he struggled so hard to get his arms free as he screamed. “No, no!Help!Please, someone!“His screams were muffled as Scorpia pressed a hand against his mouth.

Lonnie looked at Catra, raising an eyebrow at her. “And what are we going to do with the body?”

Catra looked around slowly until she stopped to look at the water by the docks, she smiled and looked at Lonnie, shrugging lightly. “Let him swim with the fishes. “

Lonnie nodded once, getting the message to throw him into the water after they killed him. It would be harder for the police to catch them, and most importantly, it will be a headline for the news.

Adora was walking around by the docks early in the morning, the police were there and they were investigating a disappearance that happened that night. Adora was wearing casual clothes with her detective badge on her belt, looking around for anything suspicious or something that might help them.

Micah was talking to three men that were working at the docks when the crime happened. Adora walked over to him, crossing her arms over her chest as she listened to the conversation.

“I dont know , he just disappeared. He went to pee during our break, and then we just didnt see him anymore. “One of the men said, shrugging. His eyes were red and swollen, like he has been crying.

Micah let out a sigh, he had a notepad in his hand and wrote down everything these men said. “Did you hear something or maybe saw someone that wasnt supposed to be here?”

Another man looked up at Micah, his gaze drifted to Adora slightly before he shifted it back to Micah. Adora furrowed her eyebrows, she looked down at the man. “No, Im sorry . We wish we could help, but- “The man started to snif fle, his eyes were tearing up. “Im sorry . He was our friend. “

“Do you know which containers he went between when you got separated?”Adora asked, taking a step closer to the men. Micah lifted his head to look at her, Adora was just staring between all three of them.

The first man nodded slowly, he pointed towards a dozen of containers a little further away. Adora looked towards the direction the man was pointing at. “Thanks. “She whispered, maybe there

was something there that they might have missed. She decided to check it out, and left.

Adora walked past a few containers until she stopped between two of them, she narrowed her eyes and walked between them, eyeing the sides carefully. Something caught her eye, she brushed the tip of her fingers against the container, investigating a drop of dry blood there. Her heart was pounding in her chest, her eyes focused on the blood as she noticed how it had slid down the container, her eyes following the trail until they landed on the ground. There was a stain of dried up blood, something that wouldnt be seen without a little light.

This was a clean job, but whoever did this was a little sloppy. They didnt want any evidence of the crime, they were careful, and still missed something. But where is the body?Adora furrowed her eyebrows, she looked to her sides. Where is the best way to hide a body near the docks?Adora’ s eyes widened as she stared at the ocean. *The water.*

“Chief!“Adora called out for Micah, she started to jog over to him and pulled on his sleeve, making him turn to look at her with furrowed eyebrows.

'What is it, detective Grayskull?Micah asked, stepping back from the witnesses as they all looked at her with wide eyes.

'The water . 'Adora said, pointing towards the water . 'W e need to search the water, I think the body is in there. '

Micah looked towards the water, his eyes widened before looking back at Adora. 'Shit, youŕe right. Alright, I will send a team to search the water. Hopefully youŕe right on this. Great work, detective Grayskull. 'Micah said, patting Adora' s shoulder gently with his hand before walking away, pulling out his walkie talkie to call for a search team.

The team arrived thirty minutes later, while Adora and the other detectives tried to qestion witnesses and search for more evidence around the crime scene, but no one saw anything. Everyone was standing by the docks, looking down at the water as the search team began looking under the water for the body. It was after a few minutes when some from the search team began to pull up the rope to bring up the two men that went underwater for the body.

Everyone's eyes widened when the body was lowered down on the docks, the victim was pale and wet. Adora crouched down next to the body along with Micah and some other detectives, her eyes scanning the body until her eyes stayed on his throat. It was cut open, a straight line went from one side of his neck to the other. The blood was dried up, the wound was infected due to the water.

"W e need to call the coroner, see what he has to say about all of this. Until then, "Micah said, looking between all detectives around the body. "Make sure that no one comes close to the body , stay here until the coroner comes and help him move the body to the morgue. Cover the body. "Micah said with a sigh, shaking his head before

pointing at Bow, Mermista and Adora. “Y ou three, meet me by the precinct. Now. We need to discuss last night’s investigation. “Micah turned around and walked away to his car.

Adora looked at Bow, furrowing her eyebrows before looking down at the body again. It was a horrid sight to behold, seeing him all pale and almost green was disturbing enough, but the wound was so disgusting, it made Adora’s stomach twist out of disgust.

Micah paced the floor in his office, his head ducked and arms folded behind his back. “T ell me everything that happened last night. “ Micah said before stopping, he sat down on his desk chair, folded his hands together as he looked between the three detectives seated in front of him.

“W ell, we went to The Cat and as you suspected, Catrina Weaver was there watching the girls. “Mermista said, looking at Micah. Adora nodded slowly, she began to chew on her bottom lip.

“W e noticed that Catrina got her eyes on Adora, so we decided to let Adora flirt with her, see if she would tell her anything. “Bow continued, glancing at Adora from the corners of his eyes.

“And Adora seemed to enjoy all of it, maybe a little too much. “ Mermista said, crossing her arms over her chest and smirking at

Adora.

Adora qickly looked at Mermista with wide eyes before glaring at her. “I did not enjoy it. “

“Oh please, both Bow and I saw the way you wanted to kiss her , we noticed her hand on your thigh and everything. Are you seriously going to look me in the eyes and tell me that you didnt enjoy the sex eyes Catrina gave you?”Mermista asked, still smirking smugly at Adora.

Adora could feel her body burn with rage, she wanted to punch Mermista because of that stupid comment. She did not enjoy the way Catra touched her, and- yeah, sure, she was really close to kissing Catra, but she couldnt help it. “I did my job, Mermista, like you told me to do. I flirted with her, of course she would think that I wanted to sleep with her. “

“Enough!Both of you. “Micah said with a slight glare. Adora glared at Mermista before looking at Micah again, her arms crossed over her chest. “A man is dead, and I need to know if the Horde had anything to do with it. “

Adora let out a sigh, shaking her head slowly. “I went to flirt with her , as Mermista had ordered me to do. She didnt tell me much, only that she owned the club and she knew everything about everyone. Which made me figure something out. “Micah nodded slowly , he narrowed his eyes at Adora as he urged her to keep going by

leaning forward slightly. “She knew we were detectives, and she definitely knows we are coming for them. “

“And what makes you think that? It’ s not really unusual for detectives to enjoy strip clubs. “Micah said, raising an eyebrow at Adora.

“No, but the way Catra- Catrina said that to me made me feel really uneasy. “She slipped, that’ s not what they call Catra in here. It’s clearly her nickname, but it’s also really easy to brush it off, because that’s how Catra introduced herself at the strip club. Good enough excuse. “There was something in her eyes that suggested that she knew we were coming for her. “

Micah nodded, he leaned back against his chair. “Good work, detective Grayskull. Perhaps they do know we are coming for them, and this man was a warning. We need a confession. “

“There is no way someone from the Horde would confess of murder . I dont even think they would dare to backstab the Horde. “Bow said, furrowing his eyebrows.

“A family friend is organizing a masquerade party this weekend, it’ s a fundraiser for endangered species. And the Weavers are invited. “ Micah said, looking between all three of the detectives. “I’ve requested that few of my detectives would be present during this party, for safety. You three are among the list. “

“Why are the W eavers even invited?” Mermista asked, raising an eyebrow at Micah.

“They are a wealthy family , and their money could change a lot. But I also want to make this a mission, a quiet one. W e are going to act normal, like we are there for the endangered animals. And you, “ Micah looked at Adora, piercing his lips together. “I need you to make Catrina tell you something. “

Adora’s eyes widened slightly, she nodded slowly. “Y es, sir. “No, she really didn’t want to do this. There was something about Catra that made her feel weak, and she was scared that she would endanger the mission if she got close to Catra. She needs to separate her feelings from duty. This mission comes first.

“Y ou’re dismissed. “Micah said, and all three got up from their seats to leave the room. “Adora, you can stay . I need to talk to you. “ Adora nodded slowly, she sat down on her seat again and looked down at the desk as Mermista and Bow left the room, closing the door behind them.

“Adora, what’ s going on?” Micah asked, tilting his head slightly to the side as he furrowed his eyebrows.

Adora looked up at him, shrugging lightly. “Everything is fine, sir . “

Micah let out a sigh, he ran a hand through his long hair and shook his head. “Listen, kid, you are an amazing cop and that’s why I promoted you to detective. You think outside of the box, you are a good strategist. Just like your father.“

“With all due respect, sir, but I really don’t want to talk about my father. “Adora said, looking at Micah with a steady gaze. Her father would be disappointed in her for losing control, for sleeping with the enemy, for jeopardizing a mission.

“I understand that, Adora. But I still think you’re holding onto an anger about what happened. He was one of my finest detectives, and I see him in you. I know that you will do what’s right, no matter what. “Micah said with a sympathizing smile, he got up from his chair and walked around it to stand next to Adora. “I bet he is proud of you, just like I am.“

Adora looked up at Micah before letting out a quiet sigh, she stood up from her chair. “Thank you, sir.“

Micah smiled softly at her, patting her shoulder gently. “You will do great things, kiddo. “Micah said before leaving the room.

Adora watched him leave, her heart felt heavy and she did miss her father. But he barely recognizes her anymore. Truth is, his paralyzing injury wasn’t the only thing that changed him. With the years, he began to lose his memory as well. Alzheimer. A rare case, because he is not that old. But it happened. She doesn’t really have the heart

to see him some days, it breaks her heart to see him forget about her.

No one told her what really happened to him, just a mission gone wrong. She was determined to make him proud, but how could she make someone proud when they dont even know who she is?

Chapter Notes

> Hello, welcome to another chapter of The Golden Mistake ♡
> For those who missed it, I did post chapter 4 earlier this week ♡

See the end of the chapter for more notes

'Which one?Glimmer asked, holding up two beautiful long dresses, one pink and one dark blue. Adora was sitting on Glimmer's bed, raising an eyebrow at her before shrugging.

'Uh, I like the blue one. 'Adora said, giving a small nod and a bright smile. Glimmer pierced her lips into a thin line, she looked at the blue dress before shrugging and tossing it back into her closet. Adora's smile dropped quickly as she watched Glimmer toss the dress in the closet. 'What the hell, Glimmer?Adora asked, looking back at Glimmer with wide eyes, tossing her hands up in the air slightly.

Glimmer looked at Adora, shrugging and grinning widely. 'What? You said the blue one!That means Im gonna wear the pink one. '

Adora furrowed her eyebrows, she stared at the sheets on the bed before averting her gaze back to Glimmer , shaking her head slowly. ' That doesnt make any sense. '

Glimmer let out a quiet sigh, she slowly walked over to the bed and sat down. She grabbed onto Adora's hand gently, smiling sadly at the blonde girl. 'Adora, I have to tell you something. Something that has been a burden on my shoulders, and I really hope you can see my point of view. '

Adora looked at Glimmer with furrowed eyebrows, she squeezed Glimmer's hand gently and nodded. 'Of course. What's wrong?

Glimmer let out another sigh, she pierced her lips into a thin line. ' Adora, you have an awful sense of style. '

Adora rolled her eyes, she quickly pulled her hand free from Glimmer's grasp and pouted, crossing her arms over her chest. ' Okay, that's not true. '

Glimmer rolled her eyes, she got up from the bed and walked over to her large mirror, standing in front of it and holding the pink dress up against her body. 'Just face it, if you could, you would wear a hoodie and jeans all day, everyday. '

Adora looked down at her outfit, she was wearing a black hoodie and jeans. 'I think it's comfortable. 'Adora mumbled before pouting again. She looked up at Glimmer, and the other girl was just staring at Adora with her hands on her hips, an eyebrow raised and her head tilted to the side.

'That’ s why I have found you a dress to wear for the masqerade party tomorrow night, and yes, I have a mask for you as well. ' Glimmer said proudly, showing off a wide grin as Adora looked up at her with wide eyes. This night is going to be interesting, and all she had to think about is to keep an eye out for Catra.

'Glimmer , something might happen tomorrow, and if it does, I want you to stick next to Bow, okay? He will keep you safe. 'Adora said, standing up from the bed and grabbing onto Glimmer’s hands. ' Promise me. '

Glimmer shook her head slowly, she furrowed her eyebrows at Adora and tilted her head to the side. 'Adora, what is going to happen tomorrow?

'I dont know . But something tells me that the Horde might try something there. 'Adora said, looking at Glimmer with worry in her eyes. She didnt understand why she was feeling like this, but after seeing that man’s body made Adora feel like there is nothing the Horde wouldnt do to get their hands on Brightmoon City , and Adora needed to protect those she loves.

'Okay , I promise. 'Glimmer said, sqeezing Adora’ s hands gently.

The house was huge, and the ballroom was filled with people that wore dresses and suits, their masks on, almost impossible to tell who someone is. Adora was standing by Bow and Glimmer with her navy blue long dress with a leg slit, her navy blue mask around her eyes and tied around her head. The music was calm, people were holding onto their drinks in their hands whilst making conversation, and Adora felt nauseous now.

'Adora? Are you listening to me? Glimmer asked, holding onto her champagne whilst putting one hand on her hip.

Adora quickly looked at Glimmer with wide eyes, she nodded quickly and smiled forcefully. 'Yeah, Im sorry. Im listening. Go on. 'Adora said, gesturing her hand towards Glimmer. The other girl rolled her eyes, but decided to keep on talking. Adora's eyes drifted to look around the room whilst Glimmer talked, until her eyes landed by the large stairs, where a familiar came with a beautiful blond person clinging onto her arm.

Adoora furrowed her eyebrows, anger filled her body as she stared at Catra, wearing a maroon colored suit with a maroon colored mask around her eyes, also tied around her head. The person with her was wearing a fancy green jumpsuit, with a green mask around their eyes. Adora could feel the jealousy run over her, but she didnt quite recognize it, just mistaking it for caution.

Glimmer stared at Adora, her mouth agape before looking at Bow, shaking her head. 'I dont know why I even bother. 'Glimmer said with a sigh before taking a sip from her champagne.

'She is here. 'Adora mumbled, not taking her eyes of f Catra. Glimmer and Bow looked towards Catra's direction, their eyes wide as they watched Catra walk over to the bar with her date by her side. Catra helped her date sit down on one of the barchairs before placing a kiss on her date's cheek.

'Who is she with?Bow asked, narrowing his eyes to get a clearer view on Catra's date.

Adora just shrugged lightly, shaking her head slowly. 'I dont know . Maybe another Horde member. '

Catra looked around the room, it was filled with different kinds of people and she knew every single one of them, from the police around the room to the civilians. She has been scattering around her own lego soldiers in here, ready in case anything comes down. Her eyes were scanning the room until her gaze stopped to look at a blonde girl that certainly caught her attention.

A wide smirk spread across Catra's lips as she noticed who that person is, and god, she was absolutely gorgeous. Catra could feel her heart pounding against her chest as she locked eyes with Adora from across the room, like they were the only two people there.

Catra looked at Double Trouble with a smile, a hand rubbing their arm gently. 'Ill be right back, okay? I think this masquerade ball will be interesting after all. Do something for me?

Double Trouble crossed one leg over the other, they smiled at Catra and raised an eyebrow at her. 'What do you need, kitten?

Catra reached inside her pocket, she pulled out a folded check. ' This is my share for the charity. 'She handed the check to Double Trouble, who took it slowly and opened it up.

Double Trouble’s eyes widened slightly as they stared at the check before folding it back. 'That’ s a lot of zero’ s. '

Catra shrugged lightly, she looked to the side and smiled at Adora, who was having a discussion with her friends. 'What can I say? I care about endangered species. '

'Y eah, right, or you are just trying to impress a pretty blonde. ' Double Trouble said with a grin, glancing at Adora before looking back at Catra.

Catra let out a soft chuckle, she looked at Double Trouble. 'Dont worry, DT, my mind is focused on our plan. '

Catra straightened her suit jacket, she smirked at Double Trouble before looking at Adora, she walked over to the other girl and she couldnt help but to notice how her friends walked away from her as

soon as Catra came closer. Adora was taking a sip from her champagne, pretending to not see Catra walk over to her.

When Catra reached Adora, she smirked and tilted her head to the side slightly. 'Hey Adora. 'Catra whispered, causing Adora to look at Catra with wide eyes.

'Oh, hi. Uh, do I know you?Adora asked, raising an eyebrow . It was hard to not recognize those heterochromatic eyes, but she wanted to annoy Catra a little bit for some unknown reason.

Catra's smirk dropped slightly, she furrowed her eyebrows and looked around before looking back at Adora again. Is she messing with her?Seriously , there is no way that Catra didnt make some sort of impact on the girl. 'How could you not, princess?Is it the mask? Catra smirked slightly, she took a step closer to Adora.

'Oh, Catra, it' s you. Sorry, a lot of people have been talking to me today, and I guess I just thought you were one of those who wanted to flirt with me. 'Oh my god, Adora was being passive-aggressive and she fucking knew that. Why is she acting like this?Where is your date?Adora spat out, cursing herself for being this annoyed at Catra and actually showing it.

'So you did recognize me, huh?Feeling jealous, Adora?Catra asked, locking eyes with Adora and noticing how the pupils dilated in those blue eyes. Catra's heart almost stopped as she stared at Adora. Why does she make Catra feel like this?

Adora broke their eye contact, she rolled her eyes before raising an eyebrow at Catra. 'Jealous? Of what? You? Adora let out an annoyed scoff. 'You wish. 'She said before taking a sip from her champagne.

'Very well. 'Catra looked over at the dance floor where people were lining up to dance. Catra smiled at Adora, she put her hand out and Adora looked down at Catra's hand with a raised eyebrow.

'What are you doing? Adora asked quietly, she lifted her gaze to look at Catra with confusion.

'Do you want to dance with me? Catra asked, looking between Adora's eyes, a soft smile still plastered on her face. Adora furrowed her eyebrows, she looked at Catra and bit her bottom lip before placing the glass of champagne on a tray that walked past her, and she slowly placed her hand on top of Catra's own hand.

'Sure, but uh, I cant really dance that well. 'Adora said quietly, following Catra to the dance floor. She didnt really know how to dance, and the high heels she was wearing didnt exactly make it any better.

"It's fine, Adora. I will catch you if you fall. "Catra said, looking over her shoulder at Adora as they reached the middle of the dance floor. Catra turned around, she placed one hand on Adora's waist whilst holding onto Adora's hand. Adora placed her free hand on Catra's

shoulder, she took a deep breath as they began to move along with the soft music. People were dancing around them, holding onto their partners.

“So, what do you think about the party?” Adora asked Catra, she felt quite nervous dancing with Catra like this, especially knowing that almost all the police force were there, watching Adora and Catra.

Catra rolled her eyes at Adora’s question, she smirked at Adora as they danced. “Oh, please, Adora. I'm done with pretending. I know know you're a cop. 'Catra said, and she loved the way Adora’s eyes widened at that. 'But I'm not the one you're looking for. '

Adora narrowed her eyes at Catra, they were still dancing, keeping a low profile to not seem suspicious. 'Am I supposed to believe you? '

Catra shrugged lightly, she spun Adora around before pulling her closer. 'No, I don't think you're that stupid really. Honestly, I quite enjoy our little cat and mouse play. However, today, 'Catra dipped Adora, her hand on Adora’s back to keep her up, Adora’s leg against Catra’s side as the brunette girl held onto it with her other hand, she leaned down, their eyes locking together as they stared at each other with intensity. 'I would like to be the cat. '

Catra pulled Adora back up again, her hand back against Adora’s waist as she leaned in closer to her, their lips inches away from each

other. Adora stared into Catra's eyes, the other girl was smirking at Adora. 'What is your plan? Adora whispered, it was a little far fetched, but Catra just basically admitted that she was the one they were looking for.

'No plan, really . Just...' Catra tilted her head to the side, the dance kept going and Adora couldn't wait to arrest Catra. 'Chaos. '

Adora furrowed her eyebrows, she could feel Catra squeeze her hand gently. All of this confused Adora. What did Catra mean? I don't- 'Adora tried to say , but Catra interrupted her.

Yellow and blue eyes locked into blue eyes, Catra was staring at Adora with intensity. 'I have people around here, strapped. 'Catra let out a huff, smirking widely at Adora. 'And not the kind I know you love. '

Adora glared quickly at Catra, she could feel herself blush at Catra's words. 'Catra, why are you doing this?

Catra's smile dropped as the music came to an end, Adora looked at her with furrowed eyebrows. 'Like I said, Adora. It's all about the chaos. '

And when Catra said the last word, a gunshot was being heard and people ran quickly in panic, the orchestra stopped the music and ran for their life. Adora quickly looked towards the direction of the

gunshot and saw a man shot towards the ceiling. The screams were loud, people were running towards the exit, falling down and getting themselves up.

Adora qickly looked back at Catra, shocked to see that she wasnt standing in front of her anymore. Adora looked around qickly , she spotted Bow escorting Glimmer out with his gun in his hand, and the police started to shoot against members of the Horde, and in the middle of chaos, Adora saw Catra walk out through a door, which wasnt the exit.

Adora qickly pulled out her gun from her purse, she kicked of f her high heels and began to run after Catra. She ran through the door and ended up in a long hallway, she spotted Catra by the end of it and Adora aimed the gun towards Catra. 'Catra, stop!'Catra kept walking, and Adora kept running until she stopped after getting closer to Catra. 'I said, stop!Or I will shoot!'

Catra stopped, she let out a loud laugh and turned around to face Adora. She shook her head slowly as she walked over to Adora slowly, the gun pressed itself against Catra’s chest. Adora furrowed her eyebrows, she looked down at the gun before averting her gaze back to Catra’s face. 'Then do it. Shoot me. '

Adora shook her head slowly, she could still hear the gunshots, but they felt distance by now. 'Y ou want to die?Adora asked, her finger pressing against the trigger to shoot if it comes down to it.

Catra shook her head slowly before tilting her head to the side. 'Not really. I have a lot of other things I would like to do. Like the way I want to make you scream out of pleasure. I want to fuck you, to kiss you. I think you want that too. I want to make you mine. 'Catra whispered the last sentence. Adora started to blush furiously as she stared at Catra with wide eyes, the other girl was just staring at Adora with confidence, her cocky smirk on her lips. 'I dont want to die. '

Adora bit her bottom lip before letting a qiet sigh, she shook her head slowly and tossed her gun to the side. Catra furrowed her eyebrows, she glanced at the thrown away gun before looking at Adora again. Adora lifted her hands, she pressed her hands against Catra's cheeks gently, caressing her thumbs over Catra's cheekbones. Catra's eyes widened slightly at the sudden affection, her breath hitched slightly as she felt Adora's hands on her cheeks. She could feel her heart beat faster against her chest.

'Y oure right, Catra. 'Adora whispered, her eyes glancing down at Catra's lips. She licked her own lips slowly before lifting her gaze to meet Catra's confused eyes.

'W ait, I am?Catra whispered, she bit her bottom lip as Adora nodded slowly.

'Im so tired of fighting it. I want you, just as much as you want me. I havent stopped thinking about you, I want to feel you again. 'Adora whispered, taking a step closer to Catra.

'I- Really?Catra whispered shakily , her own voice sounded so unfamiliar, so vulnerable. Her heart didnt stop pounding as Adora stood closer to her, telling her everything she wanted to hear without realizing that she needed to hear it.

'Y es. Catra- 'Adora leaned in slowly , a little closer until their lips were inches away from each other. 'Kiss me. '

Catra wasted no time, she grabbed onto Adora's hips and both of the girls crashed their lips together, kissing each other eagerly and sloppily. Catra let out a shaky sigh against Adora's lips as she kissed her deeply, her hands holding onto Adora's hips hard to hold her close. They had their eyes closed as they kissed each other, it felt so good to be connected like this again. Something Adora has been fighting against, and this would break her heart, but it has to be done.

Catra was kissing Adora eagerly until she stopped, their lips brushing against each other as Catra felt something cold and tight around her wrists. Catra blinked her eyes open, meeting Adora's eyes before she let her eyes glance down to her hands. Handcuffs. Catra let out a scoff, she took a step back and looked down at her hands. 'W ow, no one has ever gotten the better out of me before. Didnt think you had it in you, princess. 'Catra said, lifting her gaze to look at Adora with anger in her eyes.

Adora shrugged lightly, she stared at Catra as the police came to the hallway. 'Maybe you underestimated me. '

'Clearly . 'Catra muttered through clenched teeth, she could feel her heart break. Like she was betrayed. Two police officers grabbed onto Catra's arms, leading her away from Adora. Catra glared slightly at Adora, causing the blonde girl to feel guilty and duck her head. She didnt mean to do that, but it seemed like the easiest way for Catra to put down her guard.

Adora was sitting by her desk, swirling a pen nervously around her fingers, tapping her foot against the floor. She felt nervous about what Catra had to say in the interrogation room. Adora had played her, fooled her into kissing her, to put down her guard. What if Catra was so angry that she would tell everyone about her and Adora?

An officer approached Adora's desk, he looked down at her. ' Detective Grayskull?

Adora lifted her head to look at the officer, she furrowed her eyebrows slightly and shook her head slowly. 'Y eah?What' s going on?

'Catrina wants to speak with you. She refuses to talk unless it' s with you. '

Adora's eyes widened slightly, she looked at the officer before averting her gaze towards the door that would lead to the

interrogation room. Adora let out a sigh, she slowly got up from her chair and followed the officer to the room where they held Catra.

The officer opened the door to the interrogation room, and Adora walked in, taking a deep breath as she stepped through the door. Catra was seated at the other side of the table, her hands handcuffed against the table as she looked up at Adora with a smirk. “Hey Adora. “

Adora stared at Catra, the officer closed the door behind her and Adora went to sit across from Catra. Catra was staring at Adora and tilting her head to the side, almost like she was studying her. Adora narrowed her eyes at Catra, feeling suddenly uncomfortable to be here.

“I need to ask you some qestions. “Adora said, raising an eyebrow at Catra before looking down at the file on the table. She let out a qiet sigh and opened the file, pulling out a picture and placing it on the table. “How do you know this man?”Adora asked, lifting her head to look at Catra.

Catra, however, was staring at Adora with a soft smirk, not even looking down at the picture. “Y ou have the most beautiful eyes Iv̇e ever seen. “

Adora’s eyes widened, she blushed and tucked some hair behind her ear. “Answer the qestion. “

Catra let out a scoff, she shook her head slowly and her smile dropped. “Come on, Adora. After making a fool out of me, the least you could do is give me something to bite on. “

“I didnt mean to make a fool out of you, Catra. It was just a way to make you let your guard down. “Adora said, looking at Catra.

Catra’s smirk spread across her face once more. “Let’ s do this another way, huh? How about you ask me a question, I will answer that. Then it’s my turn to ask you something, and you have to answer truthfully. “

Adora shook her head slowly. Why is Catra taking this so well? She should be angry to be locked up like this, like an animal. “Im not playing games with you, Catra. “

“Who said anything about a game? You want to know things, and so do I. It’s a win-win situation. “Catra said, shrugging lightly and playing with the ring around her finger.

Adora chewed on her bottom lip, she had a feeling that Catra was playing a game with her. She would probably lie through her answers, but it was worth a shot. “Fine, Ill go first. “

Catra nodded once, she leaned back against her chair and raised an eyebrow at Adora.

“Do you know this man?” Adora pointed at the picture, and this time, Catra looked down at it. She nodded slowly, lifting her gaze to meet Adora’s eyes.

“He works by the docks, right? I have seen him there, but nothing personal. “Catra answered, she bit her bottom lip and leaned forward. “My turn. “Adora gulped quietly . “Have you slept with anyone after being with me?”

Adora felt herself blush, she looked between Catra’s eyes as she began to feel flustered, warmer all of sudden. “No. “

Catra grinned widely, she leaned back against the chair. “Your turn. “

“He is dead. “Adora said, narrowing her eyes at Catra. “Someone killed him. Did you kill him?”

Catra shook her head slowly. “No. “

Adora rolled her eyes before looking at Catra. “I thought we were supposed to answer truthfully. “

“I am. My turn. Do you think about me?” Catra asked, biting her bottom lip.

Adora’s eyes widened, she let out a shaky sigh. “I- “

“Dont be shy , Adora. Do you think about me, when you lay awake at night? Do you touch yourself, thinking about our first night together?” Catra whispered seductively , licking her lips slowly as she stared in Adora’s eyes. The blonde girl was blushing furiously, her hands felt sweaty and her heart was beating faster against her chest.

“Y es and no. “

“Do you dream about me?”

Adora narrowed her eyes at Catra, she straightened her back and leaned closer to Catra. “It’ s my turn. “Catra raised her eyebrows before nodding slowly. “He was murdered last week, around 4am. I saw you at The Cat until 2am, you left with your bodyguard. Did you go straight home?”

“Y es. “

“What were you doing when you came home? Any nightly visits somewhere? Maybe the docks?”

“No. After I came home, I went straight to my room and fucked a beautiful woman. “

Adora was taken aback, she leaned slowly back against her chair and looked at Catra, with jealousy running through her body. Was that the same woman she came to the masquerade ball with?

Catra clicked her tongue, she shook her head slowly. “You have been asking too many questions, Princess. It’s only fair I get two. “

Adora groaned, she glared at Catra and crossed her arms over chest. “You keep asking stupid questions. “

Catra slowly leaned in, locking eyes with Adora. “How is your father, Adora?” Catra asked quietly, like a whisper. Adora’s gaze softened at the mention of her father, her heart beating fast against her chest. “It’s such a shame what happened to him. He was a good cop. Did they ever catch the one who did this to him?”

Adora slammed her fist against the table and got up from the chair, making it fall backwards before she grabbed onto Catra’s collar, pulling her close. “What do you know about that?” Adora growled, her face inches away from Catra as she glared into her eyes brutally.

Catra was just smirking smugly as Adora held onto her collar harshly, holding her still. “Oh, did I touch a nerve?”

Adora let out a frustrated scream and raised her fist, ready to punch that stupid smirk off Catra’s face when Bow burst into the room.

“Adora!“Bow shouted, furrowing his eyebrows as he stared between Catra and Adora. “What is going on?”

Adora didnt remove her eyes from Catra, still glaring at her brutally before pushing her back against the chair. Adora turned around to face Bow, taking a deep breath. “Nothing. “

“Okay , but uh, we have to let her go. “Bow said, looking past Adora at Catra, who was just grinning, clearly satisfied with Bow’s spoken words.

Adora’s eyes widened, she shook her head qickly . “Why? I almost got what I needed from her. “

“She really didnt. “Catra said with a smug smirk.

Adora qickly looked at Catra, she pointed a finger at her and glared at her brutally. “Shut up. “Adora muttered through clenched teeth before looking back at Bow. “Why should we let her go?”

“Someone confessed. “Bow said with a frown.

Adora’s mouth was slightly, she couldnt really believe what she was hearing. She knows that Catra had something to do with it, and now they are just supposed to let her go?It didnt make sense. Adora let out a sigh, she turned around to glare at Catra. “Fine, let her go. “

Bow nodded, he walked over to Catra’s side of the table and unlocked the handcuffs around Catra’s wrists. The brunette girl slowly stood up, rubbing her wrist as she walked over to Adora. “It looks like you underestimated me, Princess. “Catra whispered, looking between Adora’s eyes and smirking as the blonde girl glared at her.

This is far from over.

Catra let out a frustrated groan as she walked into the building of Horde Industries, she felt utterly fooled and stupid for falling for the trap that Adora Grayskull put out on her. It was annoying, and she hated feeling like a failure. She stared right ahead, walking with heavy steps towards her room where she got joined by Scorpia, who looked at Catra with a sad expression on her face.

'You okay there, boss? Did they hurt you?' Scorpia asked, furrowing her eyebrows as they stopped by Catra's door.

The other girl let out a sigh, she looked at Scorpia and shook her head slowly. 'Im fine, Scorpia. Dont let anyone bother me, okay?' Catra said, glaring slightly up at Scorpia. The taller girl nodded quickly, she gave Catra a salute, causing the brunette girl to roll her eyes and open the door to her bedroom, walking inside and slamming the door shut.

Catra made her way towards the bathroom, she stared at her reflection through the large mirror and honestly, she didnt really recognize herself. Someone was staring back at her, someone calm

and collected. It angered Catra, because that's not who she is. With a frustrated growl, Catra slammed her fist against the glass of the mirror, shattering it into pieces. And there. The reflection that stared back at her was broken, shattered. Just like her . Now that makes sense.

She heard a loud knocking on her door, causing the anger inside her to increase. She specifically told Scorpia to not let anyone bother her, that includes Scorpia, and clearly, Catra needs to do shit by herself, like always. She walked over to the door, opening it up quickly and glaring at practically whoever it would be behind that door. 'I told you not to bother me!' Catra growled, coming face to face with Octavia, one of her mother's soldiers.

'Your mother wants to see you. 'Octavia said, raising an eyebrow at Catra. That woman didn't practically like Catra, she thought she was a spoiled brat, like everybody else. Octavia lost an eye during a street fight, something that Catra always made fun of when she was a child.

Catra's eyes softened, she had completely forgot about her mother's reaction to all of this. She must be really pissed off, or... Maybe not? Catra ran a hand through her hair, she nodded slowly and closed the door behind herself to follow Octavia to her mother's office.

Octavia opened the door for Catra when they reached the entrance to Shadow Weaver's office, Catra gulped slightly and walked in. Her mother was standing by the window, looking out to the streets with her hands folded behind herself. Octavia closed the door behind

Catra, waiting outside as Catra prepared herself for what her mother had to say.

It was quiet, too quiet. It felt almost awkward. Catra looked around the room before averting her gaze back to her mother's back. Catra let out a soft cough to gain her mother's attention. "You wanted to see me?" Catra whispered shakily. She shook her head slowly, straightened her back to seem more confident.

At last her mother turned around to face Catra, she didn't seem angry, but that was usually the worst kind. The calm, collected, but angry type. Shadow Weaver walked over to Catra slowly, making her daughter feel uneasy and scared. "Do you realize how embarrassing it was for me to find out that my own daughter was being fooled and captured by a police officer?"

There it was, the angry, but collected tone that made Catra shake out of fear. Catra shook her head slowly, she stared at her mother with wide, terrified eyes. "I'm not- I didn't- I'm sorry." Catra whispered, she didn't have any excuse to how foolish she was. She didn't know what it was about Adora, but she trusted her, believed her when she told Catra that she did want her. Was that some wishful thinking? Catra was supposed to be smarter than that.

Shadow Weaver let out a sigh, shaking her head slowly. "That's all you have to say? Sorry?"

Catra nodded slowly, she ducked her head and stared at the floor in shame. 'There is nothing else to say . I let my guard down. '

'Look at me. 'Catra lifted her head to meet her mother's gaze once again, but this time, her mother was glaring at her brutally, a disgusted expression on her face. Catra stared at her, fiddling with her ring nervously. Shadow Weaver glanced down at the ring around Catra's finger before averting her gaze to meet Catra's eyes. 'Im very disappointed in you, my child. '

Those words, it has been such a long time since Catra heard them. She has been a good daughter, done everything her mother asked of her. 'Im sorry . '

A hard palm hit Catra's cheek, making the brunette girl turn her head to the side as her cheek stung with pain. Her mother had just slapped her across the face, it was loud and painful. 'I heard you the first time, child. It doesnt excuse your behavior . 'Shadow Weaver let out a sigh, she shook her head slowly and walked over to her desk, sitting down on the desk chair. 'Maybe Hordak was right. ' Her mother muttered through clenched teeth, something that didnt go unnoticed by Catra.

Catra looked at her mother with wide eyes, shaking her head slowly as she walked over to the desk. 'What is that supposed to mean?

'It means, Catrina, that Hordak was right. Maybe youre not ready to take over, maybe youre just a child yet. '

Catra glared at her mother, balling her fists against her sides in anger. 'Im not a child, Im twenty eight years old and there is nothing I havent done for this company. Hordak is jealous, cant you see that?

Shadow Weaver glared at Catra, shaking her head in disapproval. 'Jealous? Cant you see what happened today? You let yourself be fooled, by no other than Adora Grayskull. You let yourself be played with, you let your guard down and you got yourself thrown into custody. 'Her mother didnt know that Adora kissed her, or that she kissed Adora back. All she knows is that Adora Grayskull captured Catrina Weaver.

'Fine! It was a mistake, one that I wont make again. After everything I have done for this company, shouldnt I get at least another chance to prove myself even further? It hurt, to hear her mother say that. Catra has given up her soul for her mother, for this company. She made a mistake, she wont repeat that mistake. It doesnt matter what she does, she dont get to win.

Shadow Weaver's gaze softened as she stared at Catra. 'I dont know, my child. I really dont know how I will be able to trust you to carry on this company. I have a lot of thinking to do. '

'Mom, I just- '

'Enough, Catra! I have made my point clear to you. Leave. ' Shadow Weaver said, staring straight at Catra without breaking eye contact. Catra let out an annoyed scoff, shaking her head in disappointment before turning around to leave the room. She opened the door harshly, and walked out, without closing the door behind herself. She heard Octavia, who was guarding the door, close it slowly.

Hordak. He has gotten inside her mother's mind, making her question Catra and her intentions. Catra needed to eliminate the threat that made her future seem uncertain, she needed to send Hordak a message. As Catra walked through the hallway, she met up with Scorpia on the way.

'How did it go, boss? Scorpia asked, looking down at Catra. The brunette girl looked up at Scorpia, a slight glare in her eyes.

'I have a job for you, keep it for yourself, okay? Catra said, raising an eyebrow at Scorpia. The taller girl nodded slowly, there is nothing she wouldn't do for Catra and that's something Catra was sure about.

Hordak was groaning as he felt pain on his head, like he got hit by something there. He blinked his eyes open, his gaze was hazy and he looked around his surroundings. It looked like an abandoned warehouse. His eyes searched the area, until he came face to face

with Catra, who was sitting on a chair in front of him, her leg crossed over the other.

'Hey Hordak. 'Catra smirked at him as the man tried to struggle through the restraints. His hands were tied up behind the chair, tightly.

'Catrina, let me go now . 'Hordak said, glaring at Catra and stopped struggling as he realized it was in vain.

Catra let out a dark chuckle, shaking her head slowly before glaring brutally at him. 'No. 'Catra stood up from her chair , she walked over to Hordak and crouched down in front of him. She grabbed onto his jaw roughly with her hand, forcing him to look at her. 'Y ou dont get to tell me what to do, youre the dirt under my shoe. Im in charge here. 'Catra growled, letting go of f his jaw roughly before standing up.

'What is the meaning of this?Hordak asked, looking up at Catra with a glare. Catra looked down at him, a disgusted expression on her face.

'The meaning of this is to remind you to stay out of my way . 'Catra said, raising an eyebrow at him before grinning widely. 'Are you scared?

Hordak spat on Catra's suit, glaring at her brutally. 'Of you? You're nothing, but a child who lives off her mother's money and success. '

Those words, those words that keep trigger Catra, that keeps being said to her. Catra glared at Hordak before she forced herself to grin widely again. 'A child, huh? Catra pulled out her gun from her holster inside her suit jacket, she raised an eyebrow at him. ' Children shouldn't play with guns. You know why? Catra glared at Hordak, she slowly aimed the tip of the gun against Hordak's forehead. 'Accidents happen. '

Hordak's eyes widened, he shook his head slowly. 'You're crazy. '

Catra closed her eyes slowly, just for a split second before opening them up again. She nodded and put the gun down slowly. Hordak let out a shaky breath, clearly scared for his life. 'Yeah, usually I'm fucking crazy. 'Catra aimed the gun at Hordak, tilting her head to the side slightly. "But this time, I would like to call myself ambitious. "

"What are you hoping to gain from all of this? Hordak asked, glancing at the gun before looking up at Catra again.

"Except for getting rid of you? My mother won't doubt me anymore, nothing is standing in my way from getting that throne. "Catra growled, glaring brutally at Hordak.

“You're gonna kill your uncle?” Hordak asked, clearly not knowing Catra. No, she isn't gonna kill him, she isn't really a murderer and he is family after all. Or maybe...

”Why? Are you scared of death?” Catra said, turning around to look away from him, she took a few steps forward, away from Hordak.

“No, I do not fear death, Catra. I just don't think you have it in you. You've always been weak, letting everyone do your dirty work. You never get your own hands dirty. “Hordak spat out, glaring at Catra’s back. Catra could feel her eye twitch at the mention of her being weak. She is not weak, never has been. She is strong, powerful and... “You will never get away with this. “

Catra stopped, she stared ahead with wide eyes before throwing her head back, a dark laugh escaping her lips before she turned around. “Unlike you, uncle, I'm a good strategist. I always plan out my attacks before, I always know when to strike and when not to. I'm Catrina Weaver, I'm the daughter of the most infamous drug lord in the world and I'm gonna be the next in line for the throne and no one is standing in my way!“She is losing her cool, her hand gripping onto the gun handle harder until her knuckles turn white. “Not you, not my mother, and certainly not Adora!“Catra was screaming, her face flustered as she began to tear up at the memory of Adora playing with her heart. She was glaring brutally at Hordak, her hand shaking as she held onto the gun.

Hordak let out a loud laugh, shaking his head in amusement. “Look at you, Catrina. You're completely ruined, not sure what you want in life. There might have been a point in life where you knew what you

wanted to be, but now? Y ou're letting your emotions get the best out of you. “

Catra was breathing heavily, she walked closer to Hordak and aimed her gun at him as a tear rolled down her cheek through her brutal glared. “I know what I want, and it’ s what I deserve. I have done everything for this company, to prove myself worthy of that fucking chair! Im stronger than any of you ever thought, Im more powerful than you know! It’ s my throne, and I will even kill you for it!“Catra shouted and pulled the trigger, a gun shot was heard around the warehouse and Hordak’s eyes were wide as blood covered his white shirt. He shakily looked down at his chest, at the blood from the bullet that poured out of him.

Catra stared at her uncle, her body shaking over what she has just done. She watched Hordak stare at her before his eyes fluttered closed, his breathing slowing down until he was dead. Catra noticed the tears that were spilling down her cheeks, her hand losing strength as she dropped down her gun on the ground. She just killed her uncle, she murdered him. Why didnt it feel good to get rid of him? She thought this would make things better , but she felt nothing except... No, she felt nothing. She was completely empty.

Her uncle was right, she has never killed anyone by her own hands, always letting everyone else do her dirty work. It felt weird, to be the one holding the murder weapon, the one who pulled the trigger. Catra took a deep breath, she stared at his dead body with a numb expression on her face. Its over . She did it, and there is no turning back. All she needs to do now is to make sure her mother doesnt know that it was her, she did have a plan. But what did it mean for Adora?

The next day, very early in the morning, Adora went to visit her father at the nursing home. Yeah, it sucked that she had to put him there, but her line of work was a lot. She didnt really have the time to take care of him, and she couldnt really leave him alone. But she visited him, as often as she could. It was hard. There were some days when he recognized her , and some bad days when he didnt. The nursing home took good care of him, even if he was sometimes stubborn.

Adora stood by the reception, waiting for someone to come talk to her. It took a while. Well, not too long, but Adora was still drumming her fingers on the surface, waiting patiently and impatiently at the same time. Finally an older woman came to the front desk, looking at Adora with a sweet smile. 'Adora, dear , how are you?The woman asked, tilting her head slightly to the side.

Adora looked at the woman, she nodded slowly and smiled forcefully. 'Uh, Im great. Everything alright with you?

'Oh, Im fine, sweetheart. Here to visit your father?

Adora let out a sigh, she nodded and dropped her smile. 'Y eah, uh, how is he?Is he doing good?

'He is doing just fine. He is in his room if you'd like to go to him. '

Adora nodded, she tapped the surface of the reception with a shaky hand gently. 'Thanks. 'And with that, she left to go to her fathers room. She knew where it was, like she said, she has been here before, lots of time. Even if her father didnt remember that. She walked through the hallways where all the patients'rooms would be, until she stopped in front of her fathers room. She took a deep breath, preparing herself for his state of mind. She stepped into the room, she noticed her father sitting on his wheelchair by the window, looking out through it as he stared at foggy weather.

Adora bit her bottom lip nauseously before walking over to him, she forced a tight smile and crouched down next to him, her hand on his lap. 'Hi, dad. '

Her father looked at her with a confused expression, he furrowed his eyebrows and stared at her quietly before a wide smile spread across his father. 'Adora, my daughter . Youre here. I was afraid you had forgotten about your old man. It has been a while since I saw your beautiful face. '

Adora wanted to tear up, she wanted to cry after hearing those words. It wasnt a while ago, at all. It was two days ago, but he didnt know who she was. It hit her heart, hearing those words. Nothing would change, no matter how many years go by. 'Y eah, it really has. Sorry, dad, I have been really busy at work. '

Her father nodded slowly, he gripped onto Adoras hand gently with a smile on his face. 'Y es, of course. It must be hard to be a- 'He

stopped, his smile dropping slowly as he tried to remember what Adora worked with. She always aimed to make him proud, but he didn't remember anything about her. Would he really be proud of her? She wasn't exactly doing a good job being a detective, always letting herself get distracted and confused by Catra.

Adora squeezed her father's hand gently, a tight smile spread across her face. 'Im a detective, dad. Remember?

Her father stared at her, his eyes wide before he smiled again. 'Yes, yes. Of course. Forgive me. 'Her father let out a weak chuckle. 'I can be so forgetful sometimes. But the one thing Im sure about is that you look just like your mother. But not the eyes, you got those from- '

'You. 'Adora finished for him, tearing up slightly. She tried to force down her cry, trying to hold herself together through it all.

Her father smiled at her, he nodded slowly and looked back out through the window. Adora stared at him, furrowing her eyebrows. He seemed to be in right state of mind right now, now might be a good time to ask him about his injury. She has always be unsuccessful with that, like it was some sort of trigger to ask about the accident.

'Dad, can I ask you something? Adora asked, she looked up at her father and rubbed her thumb over his knuckles gently. Her father

looked at her, he smiled and nodded slowly. 'Do you remember what happened to you? Do you remember who did this to you?

Her father dropped his smile slowly as he tried to remember what had happened that night, he seemed to do a lot of thinking before letting out a sigh. 'She was a vile woman, Adora. A wful, and- 'He ducked his head, shaking it slowly.

Woman? Adora's eyes widened, she nodded quickly and moved a little closer to her father. 'Y ou remember? Who is she, dad? Is it- Do you remember the case?

Her father lifted his head to look at Adora with sad eyes, he squeezed her hand harder . 'She was awful, Adora, and her poor daughter- She never deserved to grow up in such circumstances, following footsteps that weren't her path. I tried to make it better , for everyone. I tried to make Brightmoon City safe for you, my child, but I failed. '

Adora shook her head quickly , a tear rolling down her cheek. 'Dad, it's okay . You didn't fail, Im gonna fix all of this. T ell me who the woman was, was it Shadow Weaver? Is her daughter Catra? Adora asked, she was so close to crack this cold case, so close to finding out who messed up her life. She just needed confirmation, that's all she needed.

'I- 'Her father started saying, but stopped. His eyes turned absolutely confused as he stared at Adora, he slowly pulled his hand

out of her grasp and pressed it against his chest instead. 'Who are you?He asked, furrowing his eyebrows.

Adora stared at him with wide eyes as more tears spilled down her cheeks. She took a deep breath, she forced a tight smile and shook her head slowly. 'No one. Im no one. Sorry for bothering you, sir . ' Adora said, slowly standing up. She was going to leave, but stopped by his side. She looked down at him, and slowly leaned down to place a kiss on top of his head. Her father flinched slightly before relaxing, staring at the bed with wide eyes as Adora bid her farewell.

Adora wiped her tears, she let out a sigh and walked out of the room. Always the same, never anything different. She needed to crack this case, maybe her father have some files stored somewhere about the cases he had during his more active years. As Adora walked to leave the nursing home, she got approached by the nurse who stood by the reception earlier.

'How did it go, dear?The nurse asked, rubbing Adora's arm gently in a supportive way.

Adora reached a hand up, she rubbed the back of her neck and shrugged lightly. 'It went fine, I guess. How is his medication going? Does he take all the pills given to him?

The nurse nodded, she smiled softly at Adora, almost pitiful. Something that wasnt new to Adora, they always looked at her like

that. Like she was the only person in the world with a father that suffer from Alzheimers. But they mean well, and Adora knew that.

'Yeah, he is doing great with those. You should come visit him more often, it makes him happy to see you.' The nurse said, pulling back her hand and tucking it into her pocket.

Adora looked at her, shaking her head slowly. 'If he remembers me. It's just hard, I guess.' The nurse nodded, like she understood completely what Adora meant. But she probably didn't. 'Have you noticed some change since I signed him in?' Adora asked, hoping to get a good answer from the nurse.

'No, I'm sorry, Adora. But he has been the same, and I really wish I could give you some good news.' The nurse frowned at Adora, shaking her head slowly as she watched Adora's nose scrunch up in disappointment.

'No, it's fine. You don't need to apologize, it's not like it's your fault.' Adora sighed, she chewed on her bottom lip before patting the nurse's shoulder gently. 'Thanks, anyway. As always, call me if something happens or... Yeah, whatever. Take care of yourself.'

The nurse reached a hand up to caress Adora's cheek gently, she smiled sadly at the blonde girl and nodded. 'You too, dear. Your line of work is not something to mess with.'

Adora let out a scoff, she smiled slightly and shook her head. 'W ell, Im not someone to mess with, so I guess its the perfect place for me. '

Adora was sitting quietly around the table at the mayors residence, she and Bow got invited for dinner by Angella, the mayor and Glimmers mother. It was weird when Micah invited them earlier today through texts whilst Glimmer thought it was kind of embarrassing, and for reasons unknown. Adora never understood why Glimmer and her mother always argued, but they did love each other. That much she do know.

'So, Adora, how is it to work as a detective? Micah has told me great things about you. 'Angella said from across the table, she was cutting her steak as she looked down at her plate before averting her gaze to Adora.

Adora smiled forcefully, she nodded slowly. It was great, it really was, and she was grateful for that promotion. However, after visiting her father, she has been feeling shitty and the only reason why she is here right now is because Bow practically begged her to come. ' Yeah, its great. Im so grateful that Chief Micah even considered me. '

Micah smiled at Adora, he shrugged. 'Adora, of course I considered you. It wasnt even something to doubt or even think about, you were

always amazing. Just like your father . 'Micah said, and Adora's smile dropped as she stared at Micah with furrowed eyebrows.

Glimmer let out a groan, she looked between Adora, Angella and Micah. 'Yeah, Adora is great, can we please just talk about something else?' Glimmer said, rolling her eyes before looking down at her plate and cutting her steak.

'Like how amazing this steak is?' Bow said, chuckling lightly as he shoved a tiny piece of meat into his mouth. He moaned quietly as he tasted it, his eyes closed in bliss.

Micah and Angella chuckled at Bow's reaction to the food, he was great in their eyes, the perfect man for Glimmer.

'Chief, I need to see some files from the case my father worked on when he got shot.' Adora said, staring at Micah with a determined look in her eyes. Everyone around the table went quiet, staring at Adora like she was insane.

'For what?' Micah asked, putting down his fork and knife. He furrowed his eyebrows at Adora, folded his hands in front of him on the table and tilted his head to the side as he waited For Adora to answer his question.

'What do you mean? I need to know if Shadow Weaver shot my father.' Adora said, slowly glaring at Micah. What did he mean for

what? What does he think? Adora has been walking around like an idiot, trying to figure out who put her father in a fucking wheelchair and the chief of police won't even help her out.

'Adora, those are speculations that has been going around. W e can't prove that Shadow W eaver shot your father, and I do not appreciate that you're bringing up work around the dinner table like this. 'Micah said, glaring back at Adora like he was daring her to say something.

'Why do you talk to me like you're my father? Adora said, putting down her fork and knife on the table. She could feel everyone's eyes on her. Was she crossing the line right now? My father is dead. ' Adora glared at Micah, her hands shaking on the table.

'Show some respect to his name, Adora Grayskull. Y our father is very much alive, and it's a miracle. Y ou're like a daughter to me, and I demand your respect as well, do you hear me? Micah said in a calm, collected tone. Glimmer's and Bow's eyes were wide as they stared at Adora.

'He might as well be dead. Do you even know what it feels like? Adora teared up, shaking her head slowly. She didn't want to cry , but she couldn't hold it in anymore. 'He doesn't recognize me anymore, he was one of Brightmoon City's finest, and now he can't even walk. Is it really that wrong that I want to find out who did this to him?

Micah let out a sigh, he shook his head slowly and closed his eyes for a split second to gather up his emotions. 'I know what it feels like, because you didn't just lose a father that day. I lost my best friend, and- '

Adora glared down at the table, she began to tear as she remembered her father's state of mind this morning. 'I just need to know who did this to him. 'Adora whispered, almost too quietly for anyone to hear.

'I know you, Adora. I know that you will try to avenge him, but it can be dangerous for you. You could die in the process, and I won't let that happen. I promised him that. '

Adora shook her head slowly in disbelief, her father practically told her that Shadow Weaver was the cause for his injury, but it wasn't never clear. What if it's her mind that is playing with her? Micah knew her, he practically raised her along with her father after her mother passed away when she was too young to remember her. She grew up alongside Glimmer, she saw Micah and Angella as her parents, she really did. But her dad is ruined, and she is going to find out who did this. But what will she do when she finds out the truth?

Catra glared at the piece of paper that Scorpia had written on, she read through it and it wasnt good enough for her plan. Catra lifted her head to look at Scorpia with a brutal glare in her eyes, the anger was running through her body as her bodyguard stared at Catra with wide eyes. “No, this isnt good enough, Scorpia. Make it make sense. “Catra muttered through clenched teeth, ripping the paper in half. “Make sense that the cops went after Hordak, make sense that this is war, make sense that I wasnt the one that killed my uncle. “ Catra said, letting out a quiet sigh as she handed the ripped paper to Scorpia.

Scorpia looked down as Catra handed her the paper, she slowly lifted her gaze to meet Catra’ s eyes. “Im sorry , boss. Ive written it ten times, and I- “

Catra took a step forward, she glared at Scorpia. “And you will write it until it’s good enough. “

Scorpia nodded quickly , she shoved the piece of paper into her pocket. “Y es, boss, I wont disappoint you. Y ou wont regret it. “

“Y ou better not, or I will make sure you do. “Catra said, running a hand through her hair. “ust- Leave. DT is in my room, and Im no mood for their qestions. “Scorpia nodded qickly , she practically ran out of Catras of fice. The brunette girl let out another sigh, she shook her head slowly. They were supposed to write a letter, claiming that the police got to Hordak and they killed him when he resisted them. Simple, and it make sense. But why would they write a letter? Its really weird, and Catra knew that. So she figured out that it would be a threat or something. Doesnt really matter , Hordaks body is rotting in a warehouse far away , and right now, Double Trouble is waiting in Catras room, ready to let Catra use them.

Catra made her way back to her room, where she spotted Double Trouble laying down seductively, smirking up at Catra. 'What took you so long, kitten? almost finished the job myself. '

Catra rolled her eyes, she kneeled up on the bed between Double Troubles legs, rubbing her hands up and down their thighs. 'None of your business, DT. ust because I fuck you, doesnt mean I share everything with you. And you know that. 'Catra leaned down, she licked a stripe up from Double Troubles belly button to their neck, making Double Trouble let out a soft sigh and lean their head back, closing their eyes in the process as Catra kissed their neck.

'Mm, kitten, maybe its my business after all. I have some qestions for you. 'Double T rouble whispered, their hands moving to rub Catras shoulders.

Catra lifted her head to glare down at Double Trouble, tilting her head to the side slightly. 'What kind of questions?

'One, you fucked me three times already , and you haven't kissed me once. Why not?' Double T rouble was grinning widely, almost like a lizard. That was always their smug grin, so devious.

'Are you complaining about something, DT? If so, you're always free to leave. I'm not forcing anyone to sleep with me, and I can easily find someone else to fuck. 'Catra muttered through clenched teeth, leaning up to leave the bed and DT alone. But the other person's hand grabbed onto Catra's wrist, pulling her down until they were face to face.

'Not complaining at all, I get fucked and then I leave. It's a win-win. However, I'm always curious. So my other question is, do you think about that blonde cop? What's her name again? Adora Grayskull. ' Double Trouble grinned up at Catra, looking between her eyes to find some change. They noticed Catra's pupils blow up at the mention of Adora's name, and the other girl quickly let out growl, her hand wrapping itself around Double Trouble's neck, squeezing it tightly, causing Double Trouble to let out a choked out gasp.

'I'm not thinking about Adora, and it's none of your damn business if I do. 'Catra glared down at Double T rouble, hating them for the mention of Adora's name. Something inside Catra stirred in anger , something that made her want to squeeze her fingers around Double Trouble's neck, making them lose the air that was supposed to travel to their lungs and then out again. 'Everyone always seem so ready to push my buttons, and I'm starting to get really annoyed by that. '

Double Trouble's hand wrapped around Catra's wrist and they slowly pulled Catra's hand away from their throat, still grinning widely. 'Easy there, kitten. Forget I said anything, okay? If I'm wrong, then why don't you kiss me?'

Catra looked between Double Trouble's eyes, she was starting to think they were right. Why don't Catra kiss them? Is it because they taste of Adora's lips still linger on her own lips? Is it because she doesn't want to kiss anyone else except for Adora? No, that can't be right. She doesn't care for Adora, she was nothing to Catra. Nothing at all. But another fuck. Catra let out a growl and she quickly leaned down to crash her lips against Double Trouble's lips.

After sleeping with Double Trouble, Catra made her way out of the bedroom as Double Trouble slept in the bed. Catra let out a sigh, she ran her hand through her hair and walked to her office to sit down on her desk chair, pouring out whiskey in a glass. She wasn't feeling satisfied at all, not like she usually does. She felt bored, incomplete, and... Catra took a sip from her glass, closing her eyes as she let the alcohol pour into her system. Half an hour later, whilst Catra was sitting and drinking away her problems, Scorpia came into the office without knocking, making Catra's eye twitch in annoyance.

'Boss, boss.' Scorpia was breathing heavily, like she has been running. Catra furrowed her eyebrows, she looked at Scorpia and watched how Scorpia's shaking hand gave Catra the note that she has been writing on. 'We have no time, boss. She- Shadow Weaver is on her way here.' Scorpia said breathlessly, her hands resting on her hips as she inhaled deeply. 'Jeez, that was a great workout.'

Catra unfolded the note and read through it quickly, her heart pounding against her chest at the mention of her mother coming here. 'It looks good, Scorpia. It looks great, don't worry.' Catra said, reading through the note once again with wide eyes. It looked good, believable. Let's see how stupid her mother can really be.

Shadow Weaver opened the door to Catra's room, walking with heavy steps towards her daughter's office. Catra motioned with her head for Scorpia to stand next to Catra's desk as she heard her mother's footsteps coming closer. When Shadow Weaver came to sight, she wasn't alone. Her own bodyguard standing next to her, Octavia, and Shadow Weaver narrowed her eyes at Catra as she stood in front of her daughter.

'Catrina, have you seen Hordak?' Shadow Weaver asked, raising an eyebrow at Catra whilst Scorpia and Octavia narrowed their eyes at each other. Catra shook her head slowly, the piece of paper in her hand as she stared at her mother. 'I can't find him anywhere, and last time I saw him was two days ago.'

Catra let out a sigh, shaking her head as she handed the piece of paper to her mother. 'Scorpia found this note outside our door today.' Catra could feel her voice almost shake as she tried to fool her mother, but she kept a good poker face, not hinting in any way that she had anything to do with Hordak's disappearance.

Shadow Weaver looked down at the note with furrowed eyebrows as she read through it slowly, Catra and Scorpia stared at her with

intense looks, unsure if she believes the note or not. But after a few minutes of silence, Shadow Weaver's gaze shifted to a glare. 'He is dead, and the police killed him. 'Shadow W eaver nodded slowly, she lifted her head to look at Catra. 'Y our uncle was murdered by the police, Catrina. You know what this means?It was weird, Shadow Weaver didn't seem too sad about all of this, she was still so cold.

Catra tried to fight back the grin that threatened to spread across her face when she realized that her mother actually believed that the cops murdered her uncle. It was perfect, absolutely perfect. She could kiss Scorpia for this. 'It means war . '

Shadow Weaver nodded slowly, she crippled the paper in her hand and dropped it down on the floor. 'And I have the perfect way to avenge him. '

Adora was tired, and she was really in no mood to go to work. She has decided to take a walk to the police station today, it was sunny outside and a nice walk usually cleared her mind. She didn't visit her father this morning, she was still upset about their recent talk and more upset that Micah didn't want to help her out. But this night she made a plan, she was going to find out the truth even if it kills her. She was tired walking around like a headless chicken, looking for answers about everything.

She was close to the precinct, she could hear people around her talk into their phones, some were stressing to go to work, some were working out. Just as Adora could see the building of her workplace, someone grabbed onto her arm and turned her around almost aggressively. Adora's eyes were wide as she came face to face with Catra, who was smirking at her and staring at her.

'Hey , Adora. 'Catra whispered, her hand still holding onto Adora's arm tightly. She was as usual wearing her stupid suits, her hair perfectly slicked back except for a piece of stray hair over her forehead. Her pupils were blown in those heterochromatic eyes, the white around them were almost... Red?

Adora quickly pulled back her arm, glaring brutally at Catra. 'What the fuck are you doing? Don't touch me. 'Adora snarled, fisting her hands by her sides.

'Oh, princess, that's a rude way to talk to someone who has fucked you. Don't you know anything about mutual respect? Catra said, tilting her head slightly to the side. Her eyes glanced towards the precinct before averting it back to meet Adora's glare.

Adora let out a dark chuckle, shaking her head and still glaring at Catra. 'Respect? I don't respect you, Catra. In a matter of fact, I hate you. '

Catra let out a dramatic gasp, pressing her hand against her chest as she pouted. 'You hate me? The pout quickly changed into a

smirk as Catra leaned closer to Adora, licking her lips slowly. 'Let me change that. How about you come with me and I will give you another good time?

Adora rolled her eyes, she crossed her arms over her chest and shook her head slowly. 'Let's see if I can get inside your head, Catra. I will never sleep with you again. Last time was a mistake. You know why? You disgust me, and whatever it is you're hiding, I'm going to figure it out, and I will put you and your family behind bars. '

Catra's smirk dropped slowly as Adora kept her little speech, her heart breaking as she heard Adora tell her that she is disgusting, but why is she feeling like this? 'I'm sure you don't really mean that. ' Catra whispered, shrugging lightly. She felt quite stupid, how her voice was almost shaking.

Adora's glare was brutal, she took a step back and took a deep breath. 'I do. Now can you leave me alone? I need to go to work. ' Adora said, turning around to continue walking towards the precinct. She was so close to it, just a few more steps.

Catra's eyes were wide as she walked faster to catch up with Adora, her hand gripping onto Adora's hand quickly . 'No, wait, you can't go in there. '

Adora quickly turned around and slapped Catra across the face with her palm, the sound was deafening and Catra's cheek was red, it

stung with pain. Adora's eyes softened as she stared at the damage she had done, Catra wasn't looking at her. No, she was looking away, her hand clutching onto her reddened cheek. Adora let out a sigh, she shook her head slowly. 'Just... Let me go to work.' Adora whispered, she gave Catra one more look before turning around to leave again.

Catra turned her head to stare at Adora as she walked towards the precinct, she didn't know what to do. She lifted her hand to stare at the watch around her wrist before her eyes quickly looked towards the precinct. It's almost time, she needed to get Adora out of there. Adora has been walking further and further away from Catra, so the brunette girl quickly jogged after her and she grabbed onto Adora's arms roughly, turning her around and glaring at her. 'Adora, listen to me, you can't go in there. Come with me, now. Or I swear to god, I'm gonna force you to come with me.'

Adora glared at Catra, she shook her head quickly. 'You don't make any sense. Are you going to make me, Catra? Lay one hand on me, and I will arrest you for violence against police.'

'I need you to trust me on this.' Catra said, her eyes soft as she pleaded Adora to trust her. But the blonde girl didn't and Catra couldn't really blame her.

'Trust you? Are you crazy? Why would I ever trust you?' Adora said, pulling her arms away from Catra and taking a step back, closer to the precinct.

Catra let out a loud groan, she glared at Adora and threw her hands up in the air. 'You're so fucking stubborn. '

'And you're a criminal. 'Adora said, glaring brutally at Catra. That word made Catra's glare soften and she let out a shaky breath.

'Even criminals can do good. 'Catra whispered, shaking her head slowly.

'No, they don't. 'Adora said, and it was the truth. Criminals aren't good, right? At least not the Horde, at least not the daughter of the woman who might be the reason that her father is sitting on that wheelchair. 'At least not you. '

Catra's eyes widened slightly, she could feel her heart pounding harder against her chest. She could do good, right? It's not too late for her. Adora was looking at her like she was a monster, like she truly was nothing else but evil. Fine. Catra glared at Adora, she took a step forward. 'I have information on your father that I would like to tell you. 'Adora's eyes widened at that, she suddenly looked really curious. 'On one condition;you're coming with me right now . '

Adora let out a scoff, she crossed her arms over her chest and shook her head slowly. 'So let me get this straight, you will exchange information you have on my father for what? Me agreeing to sleep with you again? Adora let out a quiet sigh, she closed her eyes. 'Im sorry , Catra. 'Adora opened her eyes again, glaring at

the other girl. 'Im not for sale. I dont need your help, I can take care of this myself. '

Catras gaze softened, she shook her head slowly . 'No, I- I didnt mean it like that, I just... 'She didnt mean it like that at all, she just wanted her to come with her. Maybe Adora would give her a second chance, maybe she would like it in the Horde. What is she thinking about? She doesnt even like it in the Horde, so why would Adora?

'Doesnt matter , Catra. Im late for work. 'Adora said, letting out a quiet sigh in the process as she turned around to walk towards the precinct.

Catras eyes widened, why is she failing with dragging Adora out of here? Why is it so hard for her? Why is Adora being so fucking stubborn? Catra looked down at her watch, her heart was beating faster and faster against her chest. She looked at Adora, she was so close to the building. 'Adora, stop!' Catra screamed out, but it was too late. A loud explosion was being heard, the building exploded and a huge inferno was ruining everything in its path. The force of the explosion knocked Catra back, sending her sprawling on the ground.

Adora.

There was a painful ringing in her ear, Catra could feel the blood drip down from her eyebrow and her visibility was low, she could barely see anything except for smoke. She tried to breathe, it hurt like

smoke was filling her lungs. She could hear the screaming around her when her hearing returned, her heart was pounding harder and harder.

Adora.

Where is Adora? Catra tried to crawl forward, it hurt to move and she was fearing that she broke some bones during the explosion. They weren't supposed to be this close, she was supposed to drag Adora out of here before she got hurt. Catra crawled closer and closer to the limp body that was laying down closer to the precinct than where Catra was, she figured that it might be Adora. And it was. She was laying on her back, her breathing was uneven, almost like she was struggling to breathe and she was completely unconscious. Her face covered with dirt, blood and smoke. Catra's heart broke at the sight of Adora like this, she was so close and she could cradle Adora in her arms, or hold her close. Maybe whisper that everything will be okay.

'Adora... 'Catra whispered with a hoarse voice, it hurt to speak. She reached a hand forward shakily, she was so close to touch Adora when a foot landed in front of Catra's hand, separating Catra's hand and Adora's face. Catra slowly looked up with half-lidded eyes, her vision was still hazy .

'Hello, Catra. 'A man said, grinning down at Catra before kicking her across the face, knocking her out. The last thing Catra saw before her vision went white was how two men dragged Adora's limp body away from Catra and then everything went black.

Adora let out a loud groan as she regained her conscious, her head was pounding like she just got hit, she blinked her eyes open and her vision was hazy . She could feel something tight around her wrists, Adora tried to pull her hands free from the restraints, but it was in vain. She was sitting on a chair, her hands behind the chair, tied up in tight knots.

'Y ou are alive. '

Adora looked in front of her with half-lidded eyes, Catra was sitting on a chair as well, her hands tied behind the chair. Catra looked relieved to see Adora alive, she looked fine, actually. Except from the dried up blood on her eyebrow. “What happened?” Adora whispered, her voice hoarse and almost shaky. She slowly looked around, her surroundings weren't hard to miss as her vision became clearer. It’s a warehouse. God, it’s always warehouses. “Where are we?” Adora asked, looking at Catra to see if she had the answer to Adora’s question.

But Catra shrugged, she let out a sigh and looked to the side. “I dont know . I- '

”Y ou knew. “

Catra looked back at Adora with wide eyes before furrowing her eyebrows. She didnt answer Adora' s qestion, she couldnt. Because that would mean she had to lie, and for some stupid reason, the words didnt want to come out. She just looked to the side again, avoiding Adora's stern look on her face.

"Y ou knew that the building was going to blow up. You- Was there a bomb in there?" Adora could feel her patience run out as Catra kept staring anywhere but at her. "Catra, answer me!" Adora raised her voice, regretting it as soon as she started to cough loudly.

Catra qickly looked at Adora to make sure she was okay , her eyes wide. When she made sure that Adora was okay, nothing happened to her, Catra let out a sigh. 'Y es, I knew. 'Catra whispered, looking away again.

Adora stared at Catra, tears pricking in the corner of her eyes. She is not gonna cry right now, at least not in front of Catra. Bow wasnt working today, but her other friends were. Mermista. Micah. Sea Hawk. Are they okay? She hated not knowing, hated it even more that Catra knew and was a part of it. 'How- Why?' Adora whispered shakily, ducking her head as a tear rolled down her cheek.

Catra could hear Adora sniffle, she could feel her own heart break at the sound of Adora's pain. 'W e need to figure out how to get free and leave this place, Adora. 'Catra turned her head to look at Adora, raising an eyebrow at her. 'Pull yourself together . '

Adora let out a weak chuckle, shaking her head before lifting it to glare at Catra. 'Pull myself together? My friends might be dead and it's all your fault!' Adora was yelling, not caring two shits about who might hear them.

Catra quickly glared at Adora, she flexed her hands behind her and leaned closer. 'Yes, and if it weren't for your stubbornness, we wouldn't have been here right now.'

'Are you really trying to blame me for this situation after you blew up the precinct?' Adora snapped back, glaring brutally at Catra and if the restraints weren't holding her back right now, Adora would probably punch the shit out of Catra.

'Jesus, princess, let it go.' Catra rolled her eyes, she leaned back against her chair without breaking eye contact with Adora. 'This is war, what do you even expect? Besides, I'm nothing but an evil criminal, you said it yourself. But don't act like you're so innocent. You're evil too. The difference between you and me is that; at least I admit being evil.' Catra let out a scoff, she turned her gaze away from Adora and looked around her surroundings.

Adora's eyes softened, she stared at Catra and furrowed her eyebrows. That person in front of her just might have caused her friends' deaths. But there was something about the way Catra looked like right, the way the word 'criminal' slipped out of her mouth like she hated to say it. And Adora wasn't evil, right? Sure, she did mean things, but she is a good person. 'I'm sorry.' Adora whispered shakily.

Catra quickly looked at Adora, she raised an eyebrow at her. 'Sorry for what?'

'For playing with your feelings, for kissing you to trick you.'

Catra didn't want her stupid apology, she didn't care about all of that. Sure, she didn't like kissing Double Trouble after that, or anyone at all. Sure, she could feel her heart break when she realized that Adora didn't want her. Sure, she got hurt. But- 'I don't need your dumb apology, Adora. Im fine, it meant nothing to me.' Catra muttered through clenched teeth, glaring at Adora like she wanted to kill her.

Adora shook her head slowly, she narrowed her eyes at Catra. 'You tried to save me today, that must mean something.' Adora whispered, she clenched her hands behind her, they were going numb in the tight knots around them.

'It meant nothing. You meant nothing. The only reason I saved you because I enjoyed fucking you, and I would like to do that again.' Catra snarled, she could feel the anger build up inside her. 'Now that I think about it, I should've let you walk into that building and die.'

'Catra-'

'I dont have feelings, Adora, and if I did, I wouldnt have them for you!'

A loud sound of applauds made both Catra and Adora look sideways towards a man, he was walking towards them with a wide grin and two other men beside him. 'Now that was dramatic as fuck, dont you guys think?He asked his friends, both of them started to laugh hysterically.

Catra rolled her eyes whilst Adora sat there, looking at the man with wide eyes. “Oh, it’ s just you, Tony. Here I was, thinking I got into real deep water. “Catra let out a chuckle, shaking her head. Adora qickly looked at Catra like she was insane, the man was literally keeping them prisoners, they are being kidnapped and Catra is just laughing.

The man, Tony, chuckled and shrugged. “Y eah, you should probably be a little more careful, Catra. Im a shark right now , swimming around you, ready to eat. “

Catra looked at Tony with a raised eyebrow. “Y eah, well, that’s pretty much what I said to Sheila before I fucked her. “Catra was grinning widely, but Tony didnt really appreciate that comment, his grin dropped qickly and he punched Catra across the jaw , making the girl let out a groan and clench her jaw.

Tony let out a satisfied sigh, he ran his hand through his hair and closed his eyes. “Sheila was a slut, ready to fuck anything that

moved. “

Catra cracked her neck before glaring up at him. “Or maybe if you just satisfied her, I wouldn't have to. “

Adora looked between Tony and Catra, she wanted to help. She tried to pull her hands free from the restraints, but it didn't work. She hated to feel like she couldn't move or do anything right now .

Tony was swirling a dagger between his fingers, circling Catra as he grinned widely. “Y ou know, Catra, I've been dying to have a good reason for all of this, and now, I finally do. “

Catra rolled her eyes before looking straight at Adora, her eyes telling the blonde girl to be quiet and not say a word about anything. Adora looked at Catra with furrowed eyebrows, unsure what she was telling her.

“Is this about Alec, T ony?” Catra asked, looking at T ony as he came back in front of her.

“Y ou killed my little brother. Now that's a good reason for me to finally getting to torture you. “T ony said, glaring down at Catra as he pressed the tip of his dagger against Catra's neck. Catra tilted her head back, exposing more of her neck. Adora's heart was pounding as she witnessed the scene in front of her. Is she supposed to just watch Catra get tortured? Or worse, die? Catra killed Alec, she lied to Adora during the interrogation.

“He was a backstabbing little bitch. I liked Alec, cute kid. But honestly, Tony, he was taking credit for *my* drugs. Was I just supposed to let that go? Not good for my reputation. “Catra grinned, but that quickly changed when Tony pressed the tip even harder into Catra’s neck, making a little blood roll down Catra’s neck. Catra was whimpering quietly due to the pain, but she kept herself together.

“I gotta admit, Catra, you made all of this too easy.” Tony said, backing away from Catra as he chuckled. “I mean, we were following you and we were quite surprised to see you without your big dog. And then that explosion happened, and- well, here we are. “

Catra tried to look behind Tony at Adora, but it was hard to see her properly, if he could just step a little out of the way so she could look at Adora, to see if she is okay, if she looks at Catra with hate or disgust. Or worry.

Adora couldn't see Catra, Tony was standing between them, she didn't know if she is okay or if he hurt her. Why is she so worried about Catra? She blew up the precinct, Micah might be dead, her friends might be dead. But there was still some part of Adora that didn't think about that, she didn't see Catra like a monster right now. Adora started to look around, she tried to figure out what to do, how to escape this.

“I miscalculated, I guess. “Catra shrugged, looking up at Tony with a smirk.

“Clearly . Im almost disappointed. “T ony said, he crouched down in front of Catra and looked down at her chest. “I really like your suit. It will be such a shame to ruin it. “He said before pressing the tip of the dagger against Catra’s collarbone, he pressed it in, creating a hole in the fabric until blood spilled out of her collarbone. Catra clenched her jaw, holding in the scream that tried to escape.

“T oo bad you cant af ford anything like this. “Catra muttered through clenched teeth, glaring at him and despite it, she still snapped back snarky comments that definitely didnt help her situation. But she refuses to break apart in front of a nobody.

Tony pulled out the dagger from Catra’s chest, making the girl let out a shaky breath before panting qietly . “Y oure funny . “T ony said, grinning widely as he pointed the dagger towards Catra. “I wonder how funny youll be the more I torture you. “T ony was looking at Catra like he had the most amazing plan figured out in his head, Catra knew that he wanted to make her scream out of pain. He pressed the tip of dagger against Catras thigh, slowly pushing it in and causing Catra to let out loud grunts, clenching her teeth together to prevent herself from screaming out loud as blood poured of her open wounds.

Adoras eyes were wide as she witnessed the scene in front of her , she turned her head to the side and closed her eyes tightly. She could hear Catra grunt out before letting out a scream, Tony was cutting over her thigh now. She wanted to stop this, she wanted to save Catra from the pain. Adora shook her head slowly, she qickly opened her eyes and glared at Tonys back. 'Dont touch her!'

Tony looked over his shoulder at Adora, furrowing his eyebrows as he pulled out the dagger from Catra's thigh. The brunette girl let out another shaky breath, she looked at Adora with half-lidded eyes and shook her head weakly. Tony started to grin widely at Adora, causing the blonde girl's eyes to soften as she just realized her mistake. 'Oh, Im sorry. I completely forgot about you.' Tony said, standing up and turning around to walk over to Adora, his dagger in his hands. 'And who might you be, blondie?'

Adora glared up at Tony, she refused to answer his question and she could take it all, every threat and pain. Catra looked over at them, glaring at Tony for coming closer to Adora.

'Not up to talk? That's too bad.' Tony said, circling Adora and dragging the tip of his dagger over her shoulders. 'You really are beautiful, you know that? Such a sweet treat.' Tony leaned down behind Adora, he pushed some of her hair to her shoulder, exposing her neck as he leaned his nose against her neck, inhaling deeply. 'You smell delicious too.'

Catra could feel herself burning up with anger, glaring brutally at Tony as he touched Adora. Adora was just staring at Catra, almost glaring as she stood completely still. 'If you lay a hand on her, Tony, I will fucking kill you!' Catra growled, glaring at Tony as he looked at her with a smirk.

'Do you have feelings for this one, Catra?' Tony asked, raising an eyebrow as he dragged his dagger over Adora's throat, pressing the

blade against her throat harder before keeping it still against the skin. Adora was breathing heavily, her eyes widened slightly as she feared for her life, her heart beating faster against her chest. 'Is it your girlfriend? If so, it would only be fair for me to have some time with her, just like you had your time with Sheila. '

'Fuck you. 'Adora spat back, tilting her head back to try to pull away from the dagger, glaring up at Tony like she was sending daggers through her eyes.

'One hair on her head, and I will kill you. 'Catra said again, glancing at Adora before looking back at Tony with a glare. She was challenging him, and honestly, he seemed to take that challenge gladly.

'You seem to misunderstand the situation, Catra. 'Tony said with a grin. He quickly dropped it as he started to glare at Catra, slowly pressing the tip of his dagger against Adora's throat and pushed it in, causing Adora to let out a scream of pure agony. Catra's eyes widened, she tried to pull herself free, she tried to get to Adora, but she couldn't. 'You're so used to getting what you want in life, but this time, I'm in charge. '

Catra glared brutally at him, she wanted to kill him for hurting Adora like this. 'Tony!' Catra screamed out, hoping to gain his attention as he started to press the dagger against Adora's arm, slicing through fabric and skin, causing blood to drop down her arm slowly. 'Stop!'

'Give me a good reason to stop. 'T ony lifted the dagger, he looked at Catra with a raised eyebrow. Adora was panting qietly , she ducked her head and closed her eyes to control the pain inflicted on her.

'Dont be an idiot. 'Catra shook her head slowly , she could feel herself tearing up slightly. 'Keep her alive, because when you kill me, the Horde will try to find out who did this. She is a good excuse to use. '

'Why is that?T ony asked, tilting his head to the side as he walked over to Catra, swirling the dagger between his fingers.

'Because she is a cop. 'Catra said with a numb expression, staring at Tony. Adora lifted her head to look at Catra, she couldnt believe that Catra said that, exposing her like this. 'She is a cop, it makes sense that she would be the one that killed me. '

Tony pressed the blade of his dagger against his lips, thinking a few seconds about what Catra had just said. It did make sense, Adora thought. She noticed how Catra glanced at her, causing Adora to furrow her eyebrows to figure out what she was up to. Her suspicion was right however, because a few minutes later, the sounds of gunshots were heard and the two men that were with Tony dropped down dead in front of them.

Adoras eyes widened, she looked towards the door and a group of people walked through it, pointing their guns at Tony until he raised

both his hands, his body was shaking and he dropped his dagger quickly as he stared at them with wide eyes.

'Boss, you're okay . We were worried sick. 'Scorpia said, hurrying towards Catra to untie the knots around her wrist. Catra didn't say anything, she just got up from her chair, still glaring at Tony.

'Give me your gun. 'Catra said, putting out her hand towards Scorpia. The taller girl quickly handed her gun to Catra, and the brunette girl walked until she stood in front of Tony. Adora was staring at them with wide eyes, she was actually fearing for her life once again. She noticed a dark-skinned girl glare at her along with a taller guy with green hair, the blonde guy looked almost innocent. She knew Catra's bodyguard, Scorpia, she knew who she was given all the times she's been with Catra.

Catra glared up at Tony, she quickly grabbed onto the collar of his shirt and pulled him even closer to her until her lips were hovering over his ear. 'I told you I'd kill you if you laid a hand on her . 'Catra whispered into his ear as she pressed the gun against his stomach before pulling the trigger. Adora quickly turned her head to the side, she closed her eyes tightly as she heard the gunshot.

Shit, shit. She killed him.

Lonnie was grinning widely, she pointed her gun towards Adora and tilted her head to the side. 'Can I finish this one?Lonnie asked, looking at Adora with a raised eyebrow. Adora understood that she

was talking about her, so she glared at Lonnie and dared her to do it with her eyes.

'No. 'Catra let out a sigh, shaking her head as she walked over to Lonnie. 'Just- Set her free. 'Catra looked slightly over her shoulder at Adora, she had a lot to say to her. Like how sorry she truly was. For the explosion. For this situation. For... Everything.

Lonnie stared at Catra with wide eyes, shaking her head quickly. 'What? Have you lost your mind? Why would we let her go? It would be one less cop to worry about. '

Catra glared at Lonnie, she moved closer until they were inches away from each other. 'I said, let her go. Scorpia. 'Catra looked towards Scorpia and nodded towards Adora's way. Scorpia nodded quickly, she basically ran towards Adora and untied the knots from around her wrists. Adora slowly got up from her chair, she watched Scorpia walk back to Catra and Adora rolled her wrists to gain the blood flow there again. Catra looked at her, she gave her a slight smile, it was mixed with some sadness behind it, before she left the warehouse with her people.

Adora's eyes started to tear up as she watched Catra leave, she pressed a hand against the wounds on her shoulder. She needed to make sure that everyone was okay, she needed to know if Micah was alive, she needed to know if Mermista and Sea Hawk were okay, she needed- Her heart was breaking apart, she didn't know what to do. She needs to call this in, what is she even supposed to say? Who would believe her? That Catra wanted to save her? Why wasn't she at work? Is she supposed to lie? She got kidnapped,

okay? Then who saved her? So many questions, she needed to figure out what to do and say. But her friends and family were her only priority right now.

She had to put her personal feelings aside.

Before they blow up.

Catra's wounds were taken care of in the car whilst Scorpia drove them somewhere, but it wasn't home. Catra knew the way to her home, but this wasn't it. Apparently her mother had requested her presence somewhere, for something she hadn't told Scorpia, Lonnie, Rogelio or Kyle about. It was weird, and Catra was curious to know what her mother had planned out. But still, all she could think about on the way, is Adora. How she probably hates her by now, how Tony hurt her because of Catra, how she looked at her with such disgust... But the way she told Tony to stop hurting Catra, that... She didn't know what it meant, why she feels like this, but she does and it's nothing she usually feel. This time, killing wasn't an issue because she did it for someone she...

Adora was okay. That's all that mattered.

Catra looked out through the window and her eyes rolled as she noticed another fucking warehouse. How many fucking warehouses

are there in Brightmoon City?Annoyed as fuck, Catra got out of the car and closed the door quickly and roughly behind herself before walking into the warehouse with heavy steps. She was too tired for this, but she knew better than to disobey her mother. As soon as Catra walked through the large doors into the warehouse, she immediately saw her mother and Octavia talk. There were some Horde members sprawled all over the place, Catra glanced around as she walked towards her mother.

'Hi mom. 'Catra whispered, rubbing the back of her neck. Shadow Weaver looked at Catra with a frown, she walked over to her and brushed a thumb over Catra's cut on her eyebrow.

'Catra, dear, who did this to you?Shadow W eaver asked, raising an eyebrow at her daughter.

Catra smiled sadly, she shrugged lightly before forcing a wider smile on her face. 'All taken care of, mother. Nothing to worry about. Luckily the whole GPS chip thing is working. 'That was something so smart, but dangerous. Catra only had it on her suits when she needed to, if she would ever get into trouble and she couldn't defend herself. Like today.

'Im glad to hear that, because I have some news for you. 'Shadow Weaver said, brushing Catra's hair back softly.

'Do tell. 'Catra grinned forcibly up at her mother, tilting her head to the side.

'How about I show you instead?' Shadow Weaver said, she pressed a gentle hand on Catra's back and guided her toward another room. Catra's eyes widened quickly as she spotted someone in the middle of the room, her mouth gagged and her arms tied up on the arms of the chair. The woman had pink hair, she glared at Catra and mumbled loudly behind the gag. Catra recognized that face, she knew who that was.

'The mayor's- and the chief's daughter. Glimmer Queen.' Shadow Weaver said proudly, looking at Catra with a wicked smile. Catra looked up at her mother before looking back at Glimmer.

'What- But this wasn't the plan- I didn't-'

'The explosion was just a distraction, Catra.' Her mother said, placing her hands on Catra's shoulders and stepping behind her, looking at Glimmer over Catra's shoulder. 'So we could capture the real prize. They took a family member from us, so we are taking one from them.'

Catra could feel the guilt drip over her, she could feel her heart beat faster as she stared at Glimmer with furrowed eyebrows.

This won't end well.

Here is another chapter, here we go with some action!

See the end of the chapter for more notes

Adora's heart was racing when she stepped out of the taxi car, she drove straight to the mayor's house after being set free. The kidnapping was hard thing to process, but Adora didn't give herself the time to think it through, always thinking about Micah and if he died during that explosion. She ran quickly to the the door, opened it without knocking and barged into the living room to find Micah and Angella sitting on the couch, Bow was also there, pacing the floor until he stopped to look at Adora with tearful eyes.

Adora looked at Micah, she began to tear up when she found him completely unharmed and safe. She quickly ran over to him, Micah stood up and hugged Adora tightly. 'You're okay. I thought you- I-' Adora hugged Micah tightly, she buried her face against his collarbone and sniffed.

'Im okay.' Micah whispered, closing his eyes. It was such a relief that Adora was okay, they haven't gotten any information yet on who has been hurting during the explosion, and the fact that Adora didn't answer her phone made Micah feel like she was dead, and it hurt his heart.

Adora pulled back from the hug, she wiped her tears with the back of her hand and sniffled. 'Is Mermista-'

'Y es, she is at the hospital, but she will be alright. We lost a few of our own in that explosion, but Mermista is okay. 'Micah sighed, he sat back down next to Angella and rubbed her back as she cried into her palms. Adora furrowed her eyebrows, she looked at Bow and he just shook his head slowly, his eyes were red and swollen like he has been crying.

Adora could feel a hard bang against her chest, something wasnt right. She looked around the room before looking at Bow. 'Where is Glimmer?Adora asked, staring at Bow with a confused expression on her face.

'W e dont know . 'Bow whispered, wrapping his arms around himself. 'She hasnt been answering her phone for a few hours now , which is unlike her. And now- We dont know . '

Adoras eyes widened qickly , she looked over at Micah and Angella. 'Have you called her workplace?

'Y es. They havent seen her , she is- 'Angella snif fled, she looked up at Adora as tears rolled down her cheeks. 'She wasnt at work today, they havent seen her . '

Adora shook her head slowly she ducked her head and stared down at the floor with wide eyes. The explosion happened today, a few hours ago. Adora got kidnapped, but that wasnt the Hordes plan. Catra was there too. But the Horde were responsible for the

explosion, and now Glimmer is gone. Could they have anything to do with it?Adora lifted her head, she looked at Micah. 'I think the Horde has Glimmer. '

Micah furrowed his eyebrows, he glanced at Bow before looking at Adora. 'Why do you think that, Adora?Do you know who was responsible for the explosion?Micah asked, he slowly stood up from the couch.

Adora glanced down at Angella before looking back at Micah. She gulped slightly and nodded slowly. 'Y es, I know who was responsible for the explosion. It was the Horde. 'Adora let out a sigh, everyone in the room were staring at her. 'I was on my way to work when the explosion happened and I was kept hostage by a gang along with Catrina Weaver. '

Bow's eyes widened quickly , he glanced down at Adora's wound on her neck. 'Are you okay?

'Im fine, they didn't manage to do anything to me, nothing fatal at least. 'Adora shook her head slowly , she was about to spill anything that could help them find Glimmer. 'Catrina was in there with me, they were after her because the Horde killed Alec. He was a member of the gang, and he was also one of the Horde's delivery boys. '

'Adora, you have a lot to tell us, it seems. W e will think about this further after we get Glimmer back. 'Micah said, narrowing his eyes at Adora. They needed to find Glimmer, they needed to bring her

home safely. If she wasnt dead yet. Adora was angry , Catra tricked her and now Glimmer is gone, probably dead or tortured.

Catra took a deep breath, she held onto a cup of water with a straw as she tried to calm down her nerves. She is currently at the warehouse, and in the other room was the Mayor's daughter , sitting there, being held hostage by the Horde as a punishment for something Catra *did.* Catra has been lying to her mother, her friends except for Scorpia, who basically knew everything about what Catra was doing and all that. Except for Catra's stupid feelings that keep getting in the way from getting things done. Now she wanted to talk to Glimmer, she could feel a pit of guilt in her stomach, but she tried to swallow it down.

Catra cleared her throat and walked into the other room where Glimmer was sitting, still gagged with a cloth and still tied up in a chair. Catra stared at her with slightly narrowed eyes as she walked over to her, the other girl was glaring brutally at Catra. Catra could see some fight in Glimmer's eyes, causing Catra to raise an eyebrow in an impressive matter. The mayor's daughter was a civilian, she wasnt trained to control her feelings or withstand torture, but this one was a strong person, one that wouldnt cower for the enemy .

Catra smirked down slightly at Glimmer, she licked her lips slowly and tilted her head to the side. 'I brought you some water . 'Catra said, putting down the cup of water on a small table next to Glimmer where they would put the tools to torture Glimmer with, so that they could send it to the police as proof and as a threat. Glimmer was still glaring at Catra, she didnt cry or mumble behind that gag, she was

qiet and angry . Catra dropped her smirk, she looked around the room to make sure they were alone before she looked back at Glimmer. She glanced down at the cloth that was gagging Glimmer's mouth before letting out a sigh and slowly removing it. Catra pointed at Glimmer, glaring at her brutally. 'Dont scream. '

Glimmer licked her dry lips, her eyes were red and swollen like she has been crying, but that must have been when she was alone in here. Catra pitied her, it was her fault that Glimmer was sitting there right now, waiting to die. Glimmer glanced down at the holster on Catra's waist, it was qite visible because Catra wasnt wearing a suit jacket, just a shirt and the gun was right there. Catra furrowed her eyes, she looked down at her gun before looking back at Glimmer. 'Get on with it. 'Glimmer whispered shakily , she looked up at Catra.

Catra's eyes widened slightly , she shook her head slowly. 'What? No, I wont kill you. 'Catra said, her eyes softened as she rubbed the back of her neck nervously. 'Actually , I have a qestion for you. 'Catra was blushing slightly , she could feel herself get flustered as she tried to form a sentence. 'Y oure a girl, and well, youre a normal girl, right?Glimmer furrowed her eyebrows, she nodded slowly and seemed really unsure on what Catra was going with this. 'And you have dated before, right? mean, you look good and youve probably dated before. '

Glimmer looked around the room with her eyes and without turning her head before she looked up at Catra with furrowed eyebrows. The girl in front of her seemed pretty nervous, like she was struggling with something and honestly, Glimmer felt a little uncomfortable at the moment. This situation was weird, uncomfortable and kinda

scary. She is basically being kidnapped and this girl in front of her is babbling about something.

'If you like a girl, or I mean, if you're interested in her and want to kind of confess, but you don't know how- How do you? Is it- 'Catra was staring at Glimmer with wide eyes, she noticed how the other girl was staring at Catra like she was crazy and it felt awful right now. Catra let out a groan, she ran a hand through her hair and turned around. 'Forget it. ' *Idiot, stupid, stupid,* Catra cursed herself in her head. She decided to leave this place before she embarrass herself even further.

'Chocolate and flowers. '

Catra stopped on her track, turning around slowly to face Glimmer with furrowed eyebrows. 'You want to help me?

Glimmer looked at Catra and shrugged, she let out a quiet sigh. 'I mean, I'm not exactly going anywhere and I'm bored, so yeah, sure, we can talk. '

Catra nodded quickly, she raised a finger and smiled brightly. 'Wait, wait, let me just- 'And Catra disappeared out of sight. Glimmer raised her eyebrows as she heard Catra tell someone to hand her a piece of paper and a pen. Catra returned to Glimmer's view and walked quickly over to her, she looked around and grabbed a chair to pull it in front of Glimmer where she sat down with the paper on her lap and a pen in her hand. 'Okay, uh, chocolate and flowers. '

Glimmer nodded slowly, she watched Catra duck her head and write down on the paper *chocolate and flowers* and it was all too weird right now. She didn't seem like the kind of person that usually keeps other people hostages. 'Uh, yeah. But that depends on the girl too. How long have you two been dating or you know, seeing each other? '

Catra lifted her head to look at Glimmer, she pierced her lips into a thin line and shrugged lightly. 'That's the thing. W e uh, we are not dating or anything. Actually, she can't really stand me, so yeah, that's- 'Catra didn't like this, she tried to fight against it, but no one in the Horde talks about this kind of stuff. It's always about the money and the drugs, never about love.

'W ell, chocolate and flowers don't always work with everyone. ' Glimmer said, shrugging lightly. Catra let out a groan, she closed her eyes tightly. 'Everyone are dif ferent. I mean, I love chocolate and flowers, whilst my best friend Adora loves chocolate, but she can't keep a flower alive to save her own life. 'Glimmer chuckled lightly , she felt slightly better to talk about Adora.

Catra was staring at Glimmer with wide eyes as she heard Adora's name, her heart beating faster against her chest. Is it her Adora she is talking about? 'W ell, what kind of things would your best friend like then? If you're, you know , the chocolate and flowers kind of girl. " Catra almost cursed herself for asking this, she felt really vulnerable and stupid right now.

Glimmer chuckled slightly and shrugged. “Adora is a cop, so give her a gun and she would be happy. “

Its her , its her Adora she is talking about. The Horde has kidnapped Adoras best friend. Catra stared at Glimmer with furrowed eyebrows, she tilted her head slightly to the side and thought about the gun gift. Would that be a good gift?Uh, she likes- “

”It’ s a joke. I was just joking. “Glimmer rolled her eyes before looking at Catra with a raised eyebrow. The other girl let out a shaky breath and nodded slowly. Suddenly Catra got up from the chair, she rubbed the back of her neck and chewed on her bottom lip.

“Y ou know what? I should go, but uh, thank you for helping me out with this. I will probably go with flowers and chocolate. My girl seem to enjoy that, so Im gonna- yeah. “And with that she left Glimmer alone, making question marks pop up inside Glimmer ’s head. What the hell just happened?

Adora was pacing the floor in Micahs living room, she kept her head ducked and her eyes closed as she tried to figure out what to do with the whole hostage situation, her best friend was probably scared for her life, she might even be dead and Adora has no idea where she might be. Micah has been calling some detectives over to his house as the precinct was currently not available due to the explosion. Bow didnt stop crying, he feared for his girlfriends life and Adora did everything she could to comfort him. They were alone now in the

living room whilst the other detectives were in the kitchen, discussing Glimmer's whereabouts and coming up with ideas on where she might be.

Adora stopped pacing the floor, she look down at Bow who was sitting on the couch with his face buried into her palms. Adora let out a qiet sigh, she slowly sat down next to him and rubbed his back soothingly. 'Dont worry , Bow. We will get her back. 'Adora whispered, she tried to comfort him once more, even though it doesnt usually work.

Bow lifted his head to look at Adora with tearful eyes, he shook his head slowly. 'What if she is dead, Adora?What if something terrible has happened to her?He asked, looking at Adora with some hope that she might convince him differently. But it was hard, because Adora was fearing that herself. She tried to calm herself down, she tried to be professional and not let her feelings get the best of her. Could Catra really hurt Glimmer?

Adora let out another sigh, it was heavier this time. 'I- I dont know , Bow. But we have to try. She might even be perfectly fine. '

Bow sniffled, he wiped his nose with his sleeve as he glanced down to the wound on Adora's neck. 'S-Shouldnt you get that checked up?Bow whispered, gesturing with his head towards the wound on Adora's neck.

Adora lifted her hand to run her index finger over the wounds, the bleeding had stopped and it wasn't that big of a deal. She has other things to worry about than herself right now, and she would do anything she could to get Glimmer back. 'No, it's alright. Feels like a scratch. 'Adora said, forcing a tight smile as she continued to rub Bow's back soothingly. A few minutes later, as Adora was comforting Bow, she could hear her phone peep. Adora furrowed her eyebrows, she reached into her pocket and pulled out her phone before opening up a text message from an unknown number.

(Unknown)

The Warehouse, southeast of Brightmoon City.

You can't miss it.

She is in there.

Bring back-up.

Adora stared at the message with wide eyes, her heart was pounding faster as she realized that this was an anonymous tip and Glimmer was in that warehouse. Adora quickly jumped up from the couch, causing Bow to look at her with wide eyes. 'I know where she is!' Adora almost screamed as she ran into the kitchen with Bow following her quickly. Adora stared at Micah, she shoved the phone into his face. 'Warehouse, southeast from here. 'Adora said, looking up at Micah with wide eyes. Micah looked between Adora and the phone before looking over at his other police officers.

'Alright, you heard detective Grayskull. I want all of you to arm up, bring everything you can. 'Micah looked at Adora, he placed his hand on her shoulder and smiled gratefully, but sadly at her.

Everyone armed up, they put on their bulletproof vests, their guns in their holsters. Adora was determined, she wasnt scared as she sat in the van, heading towards the location given by an anonymous tip. It’s weird that the tip came through her own phone, but she didnt have time to think about it. The van was nearing their destination, Adora looked over at Bow and gave him a slight nod as the car stopped.

Micah looked over at his police officers, he let out a sigh. “Alright, listen up, we are going in there and there might be some surprises. Do not underestimate them, and please, dont be foolish. “Micah glanced at Adora, causing the blonde girl to furrow her eyebrows. “ We will grab my daughter and get out of there. “

Everyone nodded once before the doors at the back of the van opened it, armed police officers ran out of it casually, stealthy. Making sure to not come across any surprises on their way in. Adora was holding onto her gun handle, carefully and surely looking around in case anyone would come at them at this given moment. It was qiet, almost too qiet as the police force moved slowly into the warehouse, trying to find Glimmer's location.

They all took covers behind some walls inside the warehouse, they all looked at Micah for orders and the older man lifted three fingers before pointing to the left, ordering three police officers to go left, and then he lifted three fingers and pointed right, meaning three police officers go right. And then he pointed towards himself, two fingers as

he eyed Adora and Bow before pointing forward. Everyone nodded once, and walked their separate ways to find Glimmer.

Micah was walking in front of Adora and Bow, almost crouching as he qietly and slowly walked forward, looking around for any surprises. They saw two men guarding a door, Adora peeked her head behind a wall, narrowing her eyes to watch the men. It was just them, and they are guarding something. Or someone. It might be Glimmer. Micah looked towards the direction Adora was looking and he knew, his daughter was in there. Micah then looked at Bow and Adora, he nodded once and Bow and Adora came out from behind the wall, shooting the two men. It was nothing fatal for them, Adora shot one man's leg and Bow shot the other man's shoulder , causing them to whimper and fall down on the ground.

Adora qickly ran to the door , she was surprised to see that all the other officers have arrived to them, clearly not finding anything. All of this has been too easy. Whilst two police officers put handcuffs on the men Adora and Bow shot, Adora slowly gripped onto the door handle to the room, she looked over her shoulder and nodded once at her team. 'Grab Glimmer , at any cost, okay?Adora whispered, causing everyone to nod once. Micah watched Adora give orders, almost impressed with how calm and collected she sounded. He was proud of her.

Adora took a deep breath, she slowly pulled down the door handle and opened the door carefully. Bow saw Glimmer in the middle of the room, her mouth gagged and her hands tied down against a chair. His eyes widened and he qickly wanted to run into the room and get Glimmer. 'Glimmer!'He shouted as he tried to run in, Adora watched her friend run into danger and she qickly ran after him, hearing Micah shout her name behind her.

'Bow , stop!'Adora shouted, pouncing on Bow to tackle him down as a gun shot was heard, Adora let out a loud whimper as the bullet hit her shoulder. Both Bow and Adora were on the ground as the police officers ran into the room alongside Micah, whilst through the other doors, Horde soldiers came in, shooting at the police. It was a gun fight, Adora let out a cry as she pressed her hand against her bullet wound, it hurt so badly. 'Get Glimmer!Ill cover for you, get her out of here!'Adora shouted, she forced herself up, still pressing her hand against her wound as she started to shoot towards the criminals, hitting them one by one with deathly shots as Bow ran towards Glimmer with Adora covering his back.

A criminal ran over to Adora to punch her, but the blonde girl ducked her head, avoiding the hit and hit his head with the end of the pistol grip. She shot his shoulder, causing him to cry out loud. She noticed a man aim his gun towards Bow, but Adora beat him to it, and shot him in the chest, sending him down on the ground. Bow finally got Glimmer free, he helped her up and carried her bridal style out of the room with Adora following them, walking backwards to keep an eye out on Bow's back as she shot towards the enemies.

When Bow and Glimmer were out of the door, everyone followed them out and closed the door. They all quickly ran towards the van, except for Adora who was just looking around the warehouse, wondering if she would find Shadow Weaver or Catra if she just kept looking. But a rough hand grabbed onto her arm and turned her around to face him.

'Let's go. 'Micah said, pulling Adora out of the warehouse in a hurry. The wound didn't feel as much anymore, she needed to get

the bullet out before it get infected and she needed to stop the bleeding. They did get Glimmer free, but this is far from over and Adora knew that. Something about all of this send Adora in a spiral of qestions, why werent Catra here? Who send her that text message? Why was it too easy? Will the two men they captured tell them anything?

When Adora came home, her wound was already patched up. Glimmer and Bow wanted to be alone, so Adora went home. Well, not exactly. She wanted to interrogate the two men they captured, but Micah ordered her home after a medic checked up on her bullet wound, and now she has a large medical patch on her shoulder. It didnt hurt anymore, not that much at least.

Adora let out a sigh as she closed the front door behind herself, she walked over to the counter in her kitchen, she grabbed onto a glass and a bottle of whiskey. Pouring the whiskey into the glass, Adora qickly drank it, feeling the warmth of alcohol run through her body . She needed that. She poured more whiskey into the glass before resting her palms against the counter, closing her eyes and taking a deep breath.

She opened her eyes again, she grabbed onto the glass and sipped from it. Out of nowhere, the sound of the doorbell snapped her out of her trance, making her look towards the door with furrowed eyebrows. Its really late, so who is visiting her? Glimmer and Bow always knock on the door, or just barges into the apartment, no matter if Adora is naked or not. Adora let out a sigh, she walked over to the door and took another deep breath.

She slowly opened the door, and her eyes widened qickly as she stared at the person in front of her.

'Hey , Adora. '

'Hey , Adora. 'Catra said, biting her bottom lip as she looked at Adora. The blonde girl was staring at Catra with wide eyes, like she was shocked to see her right in front of her right now. Catra glanced down at the medical patch on Adora's shoulder before looking up to meet Adora's gaze once again. Catra let out an awkward cough, she quickly showed Adora the box of chocolate Catra got her , deported straight from Switzerland. It was the best kind of chocolate and it would totally work for Adora. 'I brought you some chocolate. 'Catra said, grinning widely.

Adora was shocked to see Catra in front of her right now, but some other feeling ran through her body by the second. A feeling that wanted to wipe that stupid grin from Catra's face. Adora quickly glared at Catra and she immediately threw a punch on Catra's jaw , causing the brunette girl to close her eyes and take a deep breath before wiping the blood from her bottom lip, caused by the punch. Catra let out a soft sigh, she looked back at Adora and raised an eyebrow at her. 'Feeling better yet?

Adora took a deep breath, she nodded slowly. 'Y eah, much better. ' She said before turning around to walk into her apartment. Catra furrowed her eyebrows, she looked down at the box of chocolate that was still in her hands before she followed Adora into the apartment, closing the door with her foot. 'How do you know where I live? Adora asked, turning around to face Catra with a raised eyebrow.

Catra shrugged as she walked past Adora, a soft smirk on her face at the way Adora still let her into her apartment without a fight. Maybe the chocolate did kind of work out. 'I have a tech girl, she is pretty great and she quickly found the address. 'Catra said, walking towards the couch. She set the box of chocolate down on the coffee table before looking around the apartment, a disapproving hum left her lips without any warning.

Adora glanced down at the box of chocolate before looking up at Catra again. 'What?Adora asked with a slight glare, her arms crossed over her chest. She didn't know why she hasn't thrown Catra out yet. Maybe it was the smell of Catra's perfume that made Adora want to keep Catra around. Or maybe it was the company. Or maybe she was interested in what Catra had to say for herself.

Catra sat down on the couch, she lifted her feet up on the coffee table and rested her arms on top of the couch as she looked Adora up and down, the blonde girl was wearing a t-shirt and her uniform pants, kinda sexy. 'I just thought your apartment would be bigger . '

Adora rolled her eyes, she walked closer to Catra and pushed her feet off the coffee table as she glared down at the other girl, Catra then spread her legs further apart as a wide smirk spread across her face. 'Believe it or not, Catra, but not everyone can af ford huge apartments, fancy cars and- '

'Mm. 'Catra hummed, she bit her bottom lip and sat up straighter , she hooked her finger around Adora's belt and pulled her closer

between her legs. 'Do you think my money are sexy?

Adora's breath hitched as she blushed furiously, Catra was leaning closer to her chest. Adora acted quickly, she pressed her hand against Catra's shoulder and pushed her back against the couch. Catra unhooked her finger from Adora's belt and looked up at her with a wide grin. 'What are you doing here?

Catra's grin dropped slowly, she furrowed her eyebrows and looked down at her feet before standing up. 'I don't know. I guess I- 'Catra cursed herself for being unable to form a sentence right now. She felt herself blush slightly as she slowly walked past Adora to the kitchen, where she quickly noticed a glass of whiskey on the counter. Adora seem to have good taste in alcohol, no doubt.

'You guess you what?' Adora said, following Catra to the kitchen and glaring at the back of Catra's head. 'You guess you could come here with some chocolate and make me forget all about the fact that you kidnapped my best friend?

Catra let out a sigh, she turned around to face Adora with furrowed eyebrows. 'I didn't know she was your best friend. 'Why didn't that chocolate help?' She did what Glimmer told her to do, she would give flowers and chocolate to the girl she likes, and Adora wasn't very good with flowers, but she loved chocolate. But the blonde girl was still glaring at her, hating her.

'Does it matter? So if she wasn't my best friend, you would let her die? Adora said, glaring brutally at Catra. She was angry at her , first she killed a few of her colleagues, she send Mermista to the hospital and she kidnapped Glimmer. Did she actually think that chocolate would make everything okay?

Catra shook her head slowly, she didn't know what to say to make Adora feel different about her. 'No, I- 'Catra let out a sigh, she bit her bottom lip. 'I didn't know they were going to kidnap her , I swear. 'Catra said, trying to defend herself, but Adora just rolled her eyes at her, clearly not believing her. 'I promise. I tried to fix it, when I found out it was your friend, I texted you and I- '

Adora's glare softened, she looked Catra up and down in shock. ' Wait, it was you. 'Catra looked at Adora with wide eyes. 'Y ou were the anonymous tip I got. '

Catra nodded slowly, she rubbed the back of her neck nervously as she looked at Adora with sad eyes. 'I thought if I could just fix that, I would- You would maybe- '

Adora glared at her again, causing Catra to flinch back slightly. ' Maybe what? Forgive you for all the shit you've done since you came to this city? Adora was angry , she know she should let Catra explain herself for everything that has happened, she owe it to Catra for saving her twice today. 'Why? Why did you go against your own family for me, Catra?

Catra started to glare back at Adora, her fists clenched by her sides as she felt her heart beat faster against her chest. 'I don't know . Fuck, I don't know why I told you about Glimmer, I don't know why I saved you from Tony, I don't fucking know why I gave you stupid chocolate. 'Adora glare softened as she looked at Catra, who seemed to be a mess right now. 'I don't know . All I know is that you make me feel something I've never felt before. 'Catra said, her glare softening as she looked between Adora's eyes. They were so beautiful, so blue and Catra could drown in them forever. 'I know that you're making me question everything I am and everything I am meant to be. 'Adora's breath hitched as she listened to every word Catra said, her heart beating faster against her chest. 'I know you make me *want* to be good, to make good decisions and I- I don't know why I feel this way about you, but I do. '

Adora quickly surged forward, cupping Catra's cheeks in her hands as she kissed her deeply. The other girl let out a soft gasp against Adora's lips before quickly grabbing onto Adora's hips and kissing her back just as deeply. Catra closed her eyes as she felt Adora's lips upon her own once again, it felt so good to taste those lips again. Adora was kissing Catra eagerly, her hands moving down to Catra's arms before pulling back to glare at Catra. 'I still hate you. '

Catra smirked as she looked at Adora, her hands moving to squeeze Adora's ass through her pants. 'Whatever you say , princess. 'Catra whispered, Adora let out a scoff before kissing Catra deeply again. Adora pushed Catra back against the counter until Catra's lower back hit it, Adora then moved her hands to the front of Catra's shirt and ripped the shirt open, buttons flying around and leaving Catra's chest exposed, with only a lace bra covering her breast. Catra moved her hands under Adora's shirt, dragging her blunt nails down Adora's lower back as she kissed her back furiously.

Adora reached a hand up to squeeze Catra's left breast, feeling her own wetness through her panties as Catra let out a soft moan against her lips. Catra then pulled back, she stared at Adora with dilated pupils and quickly pulled Adora's t-shirt over her head, tossing it aside before leaning in to kiss Adora's neck, sucking and nipping on it, making the other girl lean her head back and drag her blunt nails down Catra's firm stomach as Catra quickly unbuckled Adora's belt and tossed it aside. 'Catra, bed, now . '

Catra nodded quickly , she kissed Adora deeply once again and moved forward to walk out of the kitchen, they were undressing each other on their way towards the bedroom, tossing their bras and shirts all over the apartment until they reached the bed, Catra pushed Adora back until she fell down on her back on the bed. Catra quickly laid over Adora, her knees between Adora's legs as she kissed down Adora's neck until she reached her breasts, taking one nipple between her lips, sucking and licking it until Adora was a moaning mess underneath her, her hands moving up and down Catra's shoulders.

'Fuck, you're so-. 'Catra mumbled as she kept licking and sucking Adora's nipple, her hands holding onto Adora's hips. Adora bucked her hips up, grinding her crotch against Catra's crotch, seeking some kind of friction. Catra licked a stripe from Adora's breast to her neck and then she bit on Adora's neck, almost too hard, and she was surprised to hear that Adora let out a long moan at the roughness, her nails digging into Catra's scalp and her fingers grabbing onto Catra's hair to lift her head roughly before Adora leaned up to catch Catra's lips onto her own again.

As they kissed passionately and kinda angrily, Catra's hands moved down to the waistband of Adora's pants, she tried to pull it down, but

it was hard as they kissed so Catra pulled back from the kiss, pushing down the disappointment that she had to stop kissing Adora for now. She kneeled up between Adora's legs and quickly pulled down her pants as Adora helped her kick them off when they were around her ankles. Catra tossed them aside before leaning down to catch Adora's lips into her own again, kissing with the same passion as before.

Catra fingers ran down Adora's abs, her fingers sneaking underneath Adora's panties until she pushed two fingers between Adora's folds, surprised over how wet Adora really was. A confident feeling ran through Catra's body, she smirked against Adora's lips and slowly rubbed her digits over Adora's clit, causing Adora to let out a quiet moan against Catra's lips.

Adora arched her back as she felt Catra's fingers between her folds, her clit pulsing as Catra rubbed smooth circles with her fingers. 'Mm, Catra. 'Adora whispered against Catra's lips, they didn't kiss anymore, their lips lingering over each other as Catra kept pleasing Adora. 'More. 'Adora whimpered, pushing up her hips. Catra bit her bottom lip, she moved her fingers down to Adora's entrance before slowly pushing in two digits, sliding them in smoothly.

'That's it. Good girl. 'Catra whispered, pushing her fingers in to the knuckles. Adora let out a shaky breath, closing her eyes tightly as Catra pumped her fingers in and out of Adora, curling them so they would hit her g-spot. Fuck, it felt so good. 'Just like that. Catra kissed Adora's neck, she began to nibble on the skin and sucking, making Adora lean her head back and moan loudly as Catra kept fucking her with her fingers.

Adora ran her hands through Catra's hair before gripping onto it tightly, causing Catra to groan against Adora's neck as her fingers pumped harder and faster, in and out of Adora's pussy. 'Catra... Ah... Fuck... Yes... 'Adora whimpered, she squeezed her legs around Catra's hand between her legs, making it harder for Catra to move her fingers. Catra used her other hand to spread Adora's legs apart by gripping onto her thigh hard, Adora was moaning loudly and willingly spread her legs for Catra.

'Keep your legs spread open for me, princess. 'Catra whispered against Adora's ear, making shivers run down Adora's spine as she rolled her hips to meet Catra's fingers, satisfied with the feeling of heat pooling in her stomach as she was nearing her orgasm. After a few more thrusts of her fingers, Adora arched her back and let out a long moan, she pulled Catra's head up by her hair and kissed her deeply as Catra thrusted her fingers to ride out Adora's orgasm.

Catra let out a groan against Adora's lips, she wasn't used to this, letting the other girl take control of the situation. But it was Adora, and it felt right, she would let Adora do anything with her and she wouldn't care. She belongs to Adora, whether she likes it or not. Adora was a little slow with her arm, due to the injury by the gunshot, but still, she could feel the pain fade away as Catra kissed her, their lips moving together and their tongues battling for dominance. It was incredible, Adora was too wet right now.

Adora quickly pulled back from Catra's lips, she blinked her eyes open and stared up at the heterochromatic eyes looking down at her. Fuck, she was really hot, and Adora hated her. But there were some part of her that couldn't control it, like Catra was a magnetic force, pulling Adora in by her smell, her looks and fuck, that stupid chocolate box. Dammit. 'On top of the wardrobe. '

Catra grinned down at Adora as she pulled out of her fingers, she knew exactly what Adora meant. Catra raised an eyebrow down at Adora, they were both breathing heavily and they were trying to catch their breaths, but honestly, all of this felt wrong. She shouldnt breathe right now, she should be kissing Adora. 'There we go, princess. 'Catra said, running her hand up Adoras side.

Adora rolled her eyes as she was panting qietly before glaring up at Catras smug look on her face. 'Shut up, and get it. 'Catra let out a scoff before rolling off Adora, she got up from the bed and walked towards the wardrobe. She could hear some fumbling behind her, clearly Adora was taking off her panties and getting ready to get fucked by Catra.

Catra reached her hand up to the top of the wardrobe, she could feel a box there and she qickly grabbed it to open it up. There it was, a purple dildo with a black harness. Catra raised an eyebrow and looked at Adora, who was tossing her panties to the side before looking at Catra with a glare. 'Really , Adora? Blue? Catra asked, a wide grin on her face.

Adora rolled her eyes, she flipped her middle finger off towards Catra before raising an eyebrow at her. 'Are you just gonna talk or put that on? Adora asked, clearly getting more annoyed as Catra kept talking. Catra raised her eyebrows before looking down at the strap-on, a wide smirk spread across her face.

'Y es, princess. 'Catra whispered before taking of f her pants and boxers, she put the harness around her waist and got herself ready to fuck a goddess.

Adora qickly rolled onto her stomach and got up on her hands and knees, spreading her legs and she felt the mattress dip as Catra kneeled up behind Adora, her hands splayed all over Adora's ass cheeks, licking her lips in anticipation as she admired Adora's ass. So thick and gorgeous, Catra thought, her heart racing as she brought down a hand on Adora's asscheek, slapping it gently , earning a small moan from Adora. 'Mm, good girl, so ready for me. ' Catra whispered, her voice low. Adora ducked her head, closing her eyes.

'Catra, fuck me. 'Adora whispered, biting her bottom lip. Catra grabbed onto the base of the dildo, she brushed the head between Adora's folds, causing the other girl to let out a soft gasp, pushing back against Catra.

'Patient, Adora. 'Catra whispered, she positioned the head against Adora's entrance before grabbing onto her hips, slowly pushing in. Adora relaxed, making sure it would go in smoothly as she waited for Catra to bottom out, to push all the way inside. She was so wet, she could feel the dildo push in smoothly, easily. Catra let out a shaky breath as she bottomed out, her blunt nails digging into Adora's hips before pushing out to the tip. She then proceeded to push forward, causing Adora to let out a long moan. 'Good. Y ouŕe so fucking wet. 'Catra murmured as she looked down between their bodies, she watched the dildo spread apart Adora's folds, moving in and out as she began a rhythm.

'Mm, so good... 'Adora moaned quietly , her hands grabbing onto the sheets as she got fucked by Catra, she could already feel the heat build up inside her, making her clench around the dildo, squeezing it as Catra thrust in and out. 'Harder ... Faster... Please... '

Catra let out a groan as she heard Adora beg for more, she started to thrust harder and faster, giving Adora everything she needed to come. She could feel Adora's inner walls squeeze the dildo, trying to keep it in and the wetness was the only reason that Catra could move in and out despite the resistance. Adora let out loud moans, her hands gripping onto the sheets harder as Catra fucked into her. Catra closed her eyes, she bit her bottom lip and leaned her head back as she felt it all, the end of the dildo pushed against her clit, taking her closer to her own orgasm.

'Fuck, fuck... Mm... 'Catra moaned, she blinked her eyes open and looked down between their bodies again. Adora was pushing back against her, taking it so good. Catra spanked Adora ass hard, causing Adora to throw her head back and groan. 'Fuck, you like that, don't you? Catra asked through broken moans, never stopping her movements. Adora nodded quickly , she ducked her head again.

'Again... Fuck, Catra, again. Harder . 'Adora moaned out, Catra quickly obliged and spanked her other asscheek, harder than before. 'Y es... '

Something was wrong, Catra furrowed her eyebrows and then she stopped. Adora let out a loud whine, she pushed her hips back,

trying hard to make Catra move again inside her. Catra held onto Adora's hips harder, stopping her from moving. She then slowly pulled out of Adora, it felt like shit to hear Adora's disappointed whine. 'Turn around.' Catra demanded, she looked down at Adora and the blonde girl turned around to lay down on her back. Catra leaned over her, her knees between Adora's legs as she guided the dildo back against Adora's entrance, slowly pushing in. Adora quickly wrapped her legs around Catra's waist, her arms around Catra's neck as she looked up at Catra with half-lidded eyes. 'Good, like this. I want to fuck you like this.' Catra whispered, she leaned down and kissed Adora deeply as she began her rhythm again, thrusting in and out of Adora once more.

Adora was moaning against Catra's lips, her lips lingering over Catra's as she got thoroughly fucked by her. Catra leaned her head down, she kissed Adora's neck as she grunted quietly against the skin there, thrusting harder and faster. Adora bit her bottom lip and moaned before flipping them around, she was now straddling Catra's waist, her hand on Catra's chest as she began to roll her hips. Adora was looking down at Catra as the other girl rested her hands on Adora's hips, staring up at her with lustful eyes. Okay, yeah, that doesn't work right now. Catra grinned widely, she wrapped her arms around Adora's waist and sat up to kiss Adora's neck, thrusting her hips up to meet Adora's movements.

Adora rolled her eyes as she panted, bouncing up and down on the dildo. She pressed her hand against Catra's chest again and pushed her down roughly to lay down. The push caused Catra to hit her head against the headboard and let out a loud groan, her hand flying up to touch the back of her head. 'Shit, my head.' Catra groaned again, closing her eyes as the pain ran through her head.

Adora stopped her movements, she stared down at Catra with wide eyes and covered her mouth. 'Oh my god, Im so sorry . 'Adora said, shocked that she caused Catra pain that way. But still, in some way... Adora bit her bottom lip as she stared down at Catra, who was clearly still in pain, and a loud snort escaped her before she giggled. Catra blinked her eyes open, she stared up at Adora with a glare before her eyes softened. Adora was laughing, she was actually laughing, and it was the most beautiful sound Catra has ever heard. Her eyes were closed, she was laughing and she looked absolutely beautiful. Catra could feel her heart stop at the sight, a warm feeling spread across her chest.

'Its okay . 'Catra whispered, smiling softly up at Adora as her thumbs rubbed over Adoras hipbones. 'Get down here. 'Catra said, and Adora blinked her eyes open, she stopped laughing and looked down at Catra before leaning down slowly to catch Catras lips upon her own again. 'Move. 'Catra whispered against Adoras lips, the blonde girl qickly obliged and started to roll her hips, moaning qietly against Catras lips.

Catras hands traveled down Adoras back until they rested on Adoras ass. Adora kept bouncing up and down, she leaned her forehead against Catras shoulder and she was moaning qietly . Catra started to thrust her hips up to meet Adoras movements, she brought a hand down and smacked Adoras ass, urging her to go faster. 'Mm, fuck, Catra... '

Catra closed her eyes, she pressed her nose against Adoras sweaty hair and thrusted up, faster and harder. She kept spanking Adoras ass, gaining long moans and a qicker pace by Adoras hips as they both tried so desperately to come. 'Fuck, good, Im so close. Keep going. 'Catra whispered, moaning against Adoras hair .

Adora tangled her fingers into Catra's hair as she rode the strap-on, she could feel her body lose control as both she and Catra were nearing their orgasms. Adora was a mess, she was moaning and riding Catra like her life depended on it, and fuck, it felt like it did. 'S-close. I- Catra!' Adora let out a loud shriek as she came hard, her orgasm hit her like a truck and she stopped moving, shuddering against Catra. The brunette girl followed quickly , groaning against Adora's hair as she came after Adora.

They didn't move after that, Adora was still panting against Catra's ear as Catra held her close to her body. They were exhausted, and honestly, this was one of the greatest sex ever, Adora thought. God, hate sex really works, after all. After a few more seconds, Adora pushed herself off Catra and started to lay down next to her... Eh... Enemy? Adora's back was facing away from Catra, she stared at the wall with furrowed eyebrows and she suddenly felt a guilty pit in her stomach. What did she just do?

Catra bit her bottom lip, she looked at the back of Adora's neck before letting out a quiet sigh, she took of f the harness around her hips and tossed it aside. 'So, that was amazing, right? I mean, it's me, after all. ' Catra said, letting out a soft laugh as she turned her head to look at Adora. The blonde girl didn't say anything back, she was just quiet and she wasn't looking at Catra at all. That made Catra drop her smile, she furrowed her eyebrows and turned her head to stare at the ceiling.

Catra took a deep breath, she chewed on her bottom lip and closed her eyes. 'I was fifteen years old when my mother decided to show me what happens when you cross the Horde. ' Catra started saying,

she was still staring at the ceiling, but she could hear Adora let out a shaky breath. 'There was a detective, called George Grayskull, who was getting too close to figuring out the truth about Horde Industries. My mother didnt like that, so she decided to teach him a lesson. '

Adora was just staring at the wall, her heart pounding against her chest as she listened to Catra tell her what happened to her father. She was going to tell her, and Adora didnt know what to do. She could feel her hate for Catra slowly disappear, and she didnt feel disgusting for sleeping with her, or like a traitor. But there was still an awful feeling creeping up on her right now. Catra was just laying there, next to her, telling her things after having sex, and it felt- Adora didnt know what she felt right now .

'An anonymous tip got sent to Detective Grayskull, and it demanded that he would meet the person alone by the docks. Detective Grayskull did everything for this city, to keep it safe. For his daughter. My mother left me with my uncle, she told me to watch and taught me what it means to be a leader, to be in charge of Horde Industries. I watched my mother pull the trigger, aiming to kill detective Grayskull. 'Catra continued, she opened her eyes and stared back up at the ceiling. Adora closed her eyes tightly, she could feel tears threaten to come out and one did, falling down her cheek. 'She missed, hitting him on the spine and causing brain injury. It was good enough, because he didnt remember anything that happened, his short-term memory destroyed. 'Catra swallowed thickly , she turned her head to look at Adora and she still hasnt moved. 'I watched it all happen to your father, and Im so sorry . 'Catra whispered, her hand moving up to touch Adoras shoulder .

'Leave. '

Catra's hand stopped, her eyes widened slightly as she stared at Adora. Did she just ask her to leave? But it wasn't her fault, and they just slept together. 'But I- '

'Please, Catra, just- Leave. 'Adora opened her eyes, she stared at the wall as more tears rolled down her cheeks. There it was again, the hate that started to creep up again. She just slept with the person whose mother ruined her father. It hurt, to hear it all over again, to get it confirmed like this. She hated that family, she wanted them dead and- Here she was, a woman that makes her heart jump every time, who makes her feel something different. And she hates her.

Catra let out a sigh, she bit her bottom lip and as much as it hurt her, she slowly got up from the bed and got herself dressed again. She walked towards the door, but stopped and looked back towards Adora. 'Just so you know , I meant it. I'm really sorry . 'Catra said one last time before leaving Adora alone in her bedroom.

Just as soon as Adora heard Catra close the front door , Adora burst into tears, her palms covering her face as she tried to breathe, tried to stop crying, but she couldn't and it hurt so much. She knew that Shadow Weaver was the reason for her father's injury , but she actually got it confirmed right now, by no other than Shadow Weaver's daughter , *after* they slept together again. During the entire intimate moment between them, Adora never felt any hate. In fact, she felt... Love? She was happy , she didn't Catra during that moment, but after hearing the truth about her father, Adora couldn't help but feel the anger, the hate for the Weaver family.

Catra walked towards her room in Horde Industries with heavy steps, glaring at absolutely nothing as she felt anger towards herself. She just needed to open her fucking mouth right then, couldn't she wait? She made love to Adora, and she fucked it all up by reminding Adora why she hates Catra, reminding her that they are on two different sides of a war. Just as Catra was reaching her room, she got approached by Lonnie, who was looking at Catra with a raised eyebrow as she was blocking the door.

Catra let out a loud sigh, she glared brutally at Loonie. 'Move. '

Lonnie shook her head slowly, she tilted her head slightly to the side as she stared at Catra. 'How did the police know about our hostage?'

Catra could feel the anger run through her body again, was Lonnie accusing her of something? Catra balled her fists against her sides, she noticed a audience behind her, it was her own team standing there and watching the scene unfold. 'I guess they were smart and checked every warehouse in the city, because that would be a pretty obvious hiding place, don't you think?'

Lonnie nodded slowly before shaking her head. 'Y ou know what I think? I think someone among us ratted us out. 'Lonnie said, narrowing her eyes at Catra.

'Are you saying we have an impostor among us?Catra asked, she knew exactly what Lonnie was applying, but she would never say it out loud, at least not yet.

Lonnie took a step closer to Catra, she leaned in until her lips almost brushed across Catra's. They locked eyes, and Lonnie smiled smugly. 'I think you're the impostor . '

Catra let out a loud growl, she grabbed onto Lonnie's shirt and pressed her against the door roughly. Lonnie let out a loud whimper at the pain, the team were gasping as they watched Catra pull out her gun and press it against Lonnie's throat. 'Are you accusing me of something, Lonnie? I will fucking kill you. 'Catra growled, she removed the safety from the gun and her finger hovered over the trigger.

'Catra, dont do this. 'Lonnie whimpered, staring at Catra with wide eyes. Kyle and Rogelio tried to help Lonnie, but Scorpia grabbed onto their arms and shook her head, telling them to back off and not get involved.

'Im getting tired of you, Lonnie. All you fucking do is giving me headache, and I will get rid of you if you continue with this shit. One word to anyone about your stupid theory, and I wont hesitate to blow your brains out. 'Catra growled, she pushed Lonnie back against the door as she let go off her. The other girl quickly walked past Catra, her hand against her throat where the gun was pressed.

Catra closed her eyes, she took a deep breath as she put the gun back into the holster. She opened her eyes again, and opened the door to her room. She walk in, shutting the door loudly behind herself before leaning against the door. Catra rubbed her hands over her face, she closed her eyes tightly as tears rolled down her cheeks.

Could the pain just stop?

Adora was sitting in Micah's office the next day, she wasn't allowed to do some fieldwork as her arm recovered from the bullet wound, despite her efforts to convince Micah that she was okay. But she needed to testify what happened when she got kidnapped yesterday, before looking for Glimmer, before sleeping with Catra. She didn't feel very good either, hating the fact that she wasn't allowed to work, hating the fact that she doesn't seem to stop hating Catra, or maybe she doesn't hate her enough. Either way, Adora was feeling shitty and now she was just waiting for Micah to arrive so he could question her, and she intended to give him everything he needed so they could end this war.

After a few minutes of sitting in the office alone, Micah finally opened the door and stepped inside, he looked at Adora with a soft smile as he closed the door behind himself. Adora just stared up at him, with a slight smile before it dropped quickly. 'How are you feeling today, Adora?' Micah asked, he walked around his desk and sat down across from Adora.

Adora furrowed her eyebrows, she looked down at Micah's folded hands on his desk before she lifted her gaze to look at him. 'Just great.' Adora said with a sarcastic tone and shrugged lightly, she couldn't help the roll of her eyes at his question. How did he expect

her to feel? Amazing? Great? After all, she didn't know what she felt anymore.

Micah let out a sigh, he nodded slowly before taking a deep breath, he knew that Adora didn't exactly feel good lately, and it's because her father's past has caught up with her and it's too much to handle at times. 'I understand that, Adora, but I need to ask you some question about yesterday.'

Adora looked at Micah with a tired expression, she nodded slowly and looked to the side to avoid Micah's gaze. 'Yeah, sure, chief.'

Micah gave a slight nod, he looked down at the notepad in front of him on the desk before lifting his gaze to look at Adora. He put a recorder in front of Adora, pressing play to record this conversation. 'The explosion happened around 8 a.m. Where were you?

Adora looked at Micah, she raised an eyebrow and shrugged. 'On my way to work.'

'But you didn't come in, you said you were distracted and prevented from coming into the precinct. Who stopped you?

Adora furrowed her eyebrows as she stared at Micah, unsure if this conversation, this testify would do any good. 'I got stopped by Catrina Weaver, the heir of Horde Industries.'

'Why did Catrina prevent you from going in there?

'I dont know . She just stopped me, she tried to prevent me from blowing up, I guess. '

Micah nodded slowly, he glanced down at the recorder before lifting his gaze again. 'What happened after?

'I didnt listen to her . I kept walking towards the precinct because I had a job to do, but when I reach the doors, the building exploded and I lost conscious. '

'And when you woke up, where were you?

'At a warehouse, along with Catrina W eaver. We were held hostage by a man named Tony. '

'Did you recognize that man?

Adora gave a slight nod, she looked down at the desk and furrowed her eyebrows. 'His street-name is T ung Lashor. He wanted to kill Catrina Weaver for killing his younger brother Alec, the man we investigated by the docks. '

'Are you telling me that Catrina W eaver confessed this?

'Basically , yes, in front of me. She admitted to the murder, however she was not the one who got her hands dirty. Tung Lashor threatened to kill me, he wanted to show Catrina what it feels like to lose someone they cared about. '

'Are you saying that Catrina cares about you?

'No. She doesnt. Thats just what he thought because we happened to be at the same place during the explosion, and- '

Micah furrowed his eyebrows, he looked at Adora and tilted his head to the side slightly. 'And what?

Adora let out a sigh, she looked at Micah and swallowed thickly. ' Before Tung Lashor showed his face, Catrina and I had a heated argument about what happened during the masqerade ball. '

'And what happened during the masqerade ball?

Adora took a deep breath, she closed her eyes to collect her thoughts before opening her eyes again, she narrowed her eyes

slightly at Micah and fisted her hands on her lap. 'W e kissed. I distracted her, got her arrested by kissing her, and I felt guilty about it. '

Micah's eyes were wide as he stared at Adora, clearly shocked to find out how Adora managed to arrest Catra. 'Why did you feel guilty about it? Y ou did what you had to do for the good of this city. '

Adora furrowed her eyebrows again, what did he even mean by that? None of that mattered when she broke Catra's heart like that, the way Catra looked at Adora when she realized that she betrayed her, played with her feelings. Maybe Adora wanted it to be real too, maybe that's why she felt guilty. Because she played with the feelings of one who makes her feel something special too. 'It doesn't matter. '

'Fine, and how did you get free from this hostage situation?

Adora shook her head slowly, she wasn't really sure what had happened, how they did get free. She didn't know how Catra's team found her, but she knew what happened when they did. 'Catrina's team found her, I don't know how, and they killed the ones keeping us hostage except for Tung Lashor. '

'What happened to T ung Lashor?

'Catrina killed him. '

The music filled her ears as Catra sat on the couch at The Cat, she reqested a private show from one of her dancers, Crystal. A glass of whiskey in Catra's hand, she was watching Crystal dance in front of her, her back facing away from Catra as she rolled her hips, showing off her ass in a thong to Catra. Catra watched with an intense look in her eyes, she lifted the glass to her lips and took a small sip from it. Her mind drifting off to Adora, how she left her last night, for speaking up. It wasn't her fault, Catra was vulnerable and she wanted- She felt something, she wanted to be honest to Adora, tell her the truth.

Crystal turned around to face Catra, a shy smile spread across Crystal's lips and Catra smirked up at her, she licked her lips slowly and patted her lap gently, suggesting for Crystal to sit on her lap. The other girl happily obliged, she moved closer and straddled Catra's lap, her knees on either side of Catra's lap. 'Keep going.' Catra whispered, Crystal nodded slowly and started to roll her hips on top of Catra, her hands moving up Catra's arms slowly. Catra let out a soft sigh, she closed her eyes and leaned her back against Crystal started to grind herself down on Catra, a soft whimper escaping her lips as Catra's hands moved to Crystal's ass, sqeezing it lightly .

The alcohol has been running through Catra's body, she did feel a little tipsy and the music felt amazing in her ears, a beautiful girl moving on top of her, dancing for Catra in her underwear, smelling like perfume and her blonde hair... Catra opened her eyes again, she looked up at Crystal who was looking down at her, her mouth slightly agape. Catra moved her hands up slowly to Crystal's hips, she urged

her to keep rolling those hips for her. Crystal leaned her head back, she closed her eyes and her arms wrapped around Catra's neck, pulling her closer.

Catra brushed her nose against Crystal's neck, she licked a stripe up her neck before kissing it gently. This is wrong. Sure, usually her dancers wanted something more from Catra, most people did, and Catra would usually do it. She never cared who she fucked, she had her fair share of sex in these private rooms, but this time, it felt wrong. But still, Catra couldn't stop, even when the feeling inside her screamed for her to stop, this is not-

Adora.

Catra gripped Crystal's hips harder, her blunt nails digging into the skin as she began to suck, bite and kiss Crystal's neck. The other girl kept moving her hips back and forth, grinding herself down on Catra. Sweet, soft moans escaped Crystal, and Catra felt energy rush through her body at that.

A soft cough came from behind Crystal, Catra let out a quiet groan, but she didn't stop Crystal from moving. No, she let her move, guiding Crystal with her hands. 'What?' Catra snapped, her eyes closed as she kept kissing Crystal's neck and shoulder.

'Sorry, uh, boss. But your mother requested your presence, she needed to talk to you.' Scorpia said, averting her gaze away from Catra and the other girl.

Catra rolled her eyes, she nibbled on Crystal's neck and her hands moved to squeeze Crystal's ass. Catra was clearly ignoring Scorpia, and the big girl didn't realize it. 'Should I stop?' Crystal whispered, she looked down at Catra and bit her bottom lip as she kept moving her hips back and forth.

Catra looked up at Crystal, she raised an eyebrow at her and squeezed her ass harder. 'Do you want to stop?' Crystal shook her head, whimpering quietly. 'Then don't.' Crystal nodded, she buried her face against Catra's shoulder and Catra glared at Scorpia over Crystal's shoulder. 'What are you still doing in here? I'm busy, tell her that.'

Scorpia nodded quickly, she rubbed her arm as a deep blush spread across her cheeks. 'Yeah, yeah, sure, but uh, jeez, I did tell her that and well, she, uh, she insisted.'

Catra groaned again, she gripped onto Crystal's hips and stopped her from moving. Crystal let out a quiet whine, she lifted her head to look down at Catra with a pout. 'Sorry, babe, but we need to stop.' Catra gave Crystal a final tap on her ass, the other girl rolled her eyes and got up from Catra's lap, she was still pouting and crossed her arms over her chest.

'That's such a shame.' Crystal said, she watched Catra get up from her seat and look at her with a smirk.

'Always is, but hey , can you do me a favor?Catra asked Crystal, raising an eyebrow at the other girl. Crystal nodded, and then Catra pulled out a stack of money from inside her suit jacket. Crystal's eyes were wide as Catra handed her the money, containing at least 2000 dollar. 'Can you share these around the dancers?It needs to be a fair share, okay?Call it a tip from me. 'Catra said with a soft smile, Crystal's lips spread to a wide grin and she quickly wrapped her arms around Catra's neck to give her a hug.

'Thank you!'Crystal said, hugging Catra tightly .

Catra hugged back before pulling away, she smiled softly at Crystal and pointed at her. 'Fair share, okay?

Crystal nodded slowly, she looked down at the money and let out a soft sigh, clearly happy that Catra was such a generous owner to this club. Catra walked past Crystal, she glared at Scorpia and walked out of the room.

Sure, she did almost sleep with Crystal to remove the pain after sleeping with Adora and getting kicked out of the apartment, but this was Catra, she didn't care about anyone or anything, her own feelings came first and foremost. She would sleep with anyone, she would take what belonged to her, because she grew up, being told that everything in the world is hers for the taking, it belongs to her. The whole world belonged to Catra. But Adora- Catra couldn't have her. Adora has been the only person that Catra has wanted, but didn't get. And it made Catra angry , even if she didn't want to.

The drive home to Horde Industries was quiet, neither Scorpia, who was driving, or Catra said anything on the way back. It wasn't the awkwardness created by Scorpia walking in on Catra and Crystal, it wouldn't be the first time where Scorpia made the mistake to walk in on Catra when she was fucking or almost fucking someone. No, it was the anger that Catra radiated that made the whole silence. They didn't look at each other, didn't speak. It took a long time for Scorpia to realize when to talk and when not to. And as much as Catra hates to admit it, but Scorpia might be her only friend. She is the only one who knows the truth about Hordak, the only one who knows the truth about Adora. And the only one who got Catra's back, no matter what. She didn't trust anyone, except for Scorpia.

When they arrived, Catra wasted no time to walk to her mother's office, aiming to get this over with as soon as possible. She was tired, annoyed and kinda hurt and now her mother will be nagging her head. The doors were closed and Catra was standing in front of her mother's desk, her hands folded behind her back as she looked at her mother. Shadow Weaver was looking down at the desk, some stacks of papers in her hand. It was usually Hordak who took care of this kind of business, looking for the drug supplies and oil supplies to make all of this more believable. But he is not here anymore, and it's all on Catra.

'You wanted to see me? I was kinda busy.' Catra said, raising an eyebrow at her mother. She was getting annoyed with her, as well. She never actually did anything, but she also fought really hard to create this dynasty. She deserved a break, but Catra is the one pulling the strings now, and she is slowly, but surely losing her humanity.

Shadow Weaver lifted her head to look at Catra, she narrowed her eyes at her daughter and nodded. 'Y es, sit. '

Catra glanced down at the chair across from Shadow Weaver before lifting her gaze to look at her mother again. She pulled out the chair , not breaking eye contact with her mother, and sat down on it. ' Whats going on?

Shadow Weaver let out a sigh, she shook her head slowly. 'As you know, we have double agent in the police force. 'Catra nodded once, they did have someone on the inside, thats how they knew the police next move. 'Our hold on Glimmer didnt last very long, and thats because Adora Grayskull got an anonymous text about her whereabouts. '

Catras eyes widened slightly , she could feel her heart beat faster against her chest. Has she been caught? Impossible. No one would suspect her, except for Lonnie or maybe DT. Did they tell on her? Do we know who the anonymous person is? Catra asked, almost too scared to ask that question. She almost didnt want to know the answer to it, but she had to know.

Shadow Weaver narrowed her eyes once more at Catra, she leaned closer towards Catra and drummed her fingers on the desk. The silence between them was deafening and almost loudly. Shadow Weaver then started to shake her head, she pierced her lips into a thin line. 'No, we dont know . Thats why Ive been calling you here. Do you maybe suspect someone to do this to us?

Catra let out a shaky breath, one she didnt know she was holding in. Okay, fine, she doesnt know that Catra was the one who send that text message to Adora. 'No. 'This was an opportunity , to get rid of people who is getting to close to ruin everything for Catra. 'Except- ' Catra pretended to think, she furrowed her eyebrows and frowned at Shadow Weaver.

'Go on. 'Shadow W eaver looked at Catra, like she was alert and curious to what her daughter had to say right now.

'Lonnie. 'Catra said, raising an eyebrow at Shadow W eaver. 'She has been acting a little weird lately, pointing fingers and accusing people of treason, myself included. '

'Lonnie, you say? She is one of your team, Catra, are you sure of this? Shadow W eaver asked, leaning back against her chair and folding her hands on her lap.

Catra shook her head slowly, she was good at this, manipulating people. Thats what she does, and it always works. Her mother wouldnt be an exception for this. 'No, of course not. W e also have Double Trouble, they are known for playing with the winning team, but the Horde is winning, so we can count them out of these thoughts. But Lonnie, she is suspicious and I would see her doing something like this. After all, she is one of my team. And I know them best. '

Shadow Weaver nodded slowly, she stood up from her chair and walked towards the large window, staring out at the streets of Brightmoon City. 'And how do you expect us to handle this situation?

Catra stood up from her chair, she walked to the side and stopped to turn around to face Shadow Weaver's back. 'The thing about Lonnie's accusations, is that she has no evidence backing her. I suggest we handle this discreetly, to not cause any chaos or panic amongst our own. She is respected, and dare I say, loved. ' *Unlike me.* Catra knew she was crossing the line here, stripping away another piece of her humanity, but Lonnie is holding onto a powerful weapon, her suspicion will ruin Catra and as usual, Catra is selfish.

Shadow Weaver turned around to face Catra, her hands folded behind her back. 'Fine, we will do that then, and hopefully you're right about this. Otherwise we will lose a valuable access in Horde Industries. 'Catra nodded once at that, her plan was working perfectly well. Shadow Weaver walked closer to Catra, she placed her hands on Catra's shoulders. 'I expect you to do that discreetly. ' Catra nodded slowly, she was going to be the one who was going to kill Lonnie and all of this became easier with every kill. 'There was another thing I wanted to talk to you about. '

Catra glanced at her mother's hand on her shoulder before she averted her gaze back to Shadow Weaver, she felt suddenly intimidated, a gut feeling that she wouldn't like what her mother had to say, but Catra had to ask. 'What?

Shadow Weaver dropped her hands, she brushed her thumb over Catra's cheekbone and shook her head slowly. 'Adora Grayskull is getting too close, just like her father did. 'Catra's eyes widened slightly, her mouth slightly agape as she wanted to defend Adora, knowing exactly what her mother was thinking. 'I've now sent out Rogelio to eliminate her from our path. '

There it was. It made Catra's heart beat faster, she could hear ringing in her ear and she started to feel nervous, she took a step back from her mother as her mother began to shake. 'Y ou... 'Catra didn't know what to say, she knew her actions right now could expose her feelings about Adora. Catra swallowed thickly, she grabbed onto her shaking hand and held it still. 'Y ou're going to kill her?

Shadow Weaver nodded, she let out a sigh and walked towards her desk again, she sat down on the chair. 'Y es, Catra. We need to be extra careful now, and due to my situation with her father, Adora is a dangerous threat. One we need to remove. '

Catra nodded slowly, her face pale as she stared at her mother with wide eyes. 'Can-Can I leave?Catra asked, furrowing her eyebrows at her mother. Her mother nodded once, and Catra wasted no time to leave this room, away from her mother. She needed to stop the assassination, she needed to find Rogelio and stop him from killing Adora.

Catra walked straight towards their tech girl, her fists clenched by her sides. Thoughts were wandering around her head, unsure if she would be too late now or if she can fix this. Adora can't die. She just-

She cant. Catra slammed the door open to Entraptas room, sweat dripping down her forehead as worry filled her heart.

Entrapta turned on her chair, she grinned widely at Catra and threw her hands up in the air. 'Catra, youre here!Are you finally gonna let me study your psychological problems?Entrapta said excitedly .

Catra decided to ignore it, she walked straight to Entrapta and glared at her. 'No. I need you to find Rogelios location for me. '

Entrapta furrowed her eyebrows before she turned around again, her fingers tapping the keyboard to her computer. 'Y es, just give me a few minutes. '

Catra let out a groan, they didnt have the time for this. Rogelio couldve already killed Adora for all they know. 'W e dont have- '

'Done. 'Entrapta said, clicking one final key on the keyboard and Rogelios position popped up on the screen. Catras eyes widened as she stared at the screen, he was right by Adoras house and there was no time to lose.

Adora was walking home after spending some time at Glimmers place, she went there straight after her meeting with Micah. Bow and

Glimmer were great friends, and they wanted her to come over for some pizza and a movie. And when Adora started to feel tired, she really wanted to go home. Bow even offered her a ride, but she declined. Saying that a nice walk would be good for her, her apartment wasn't too far away and it was about a ten minutes walk.

When Adora arrived to the steps of her apartment building, she could hear some fumbling behind her and a dark voice said, 'T urn around. Don't do anything stupid, because I have a gun. 'The man behind her said, Adora lifted her head and stared with wide eyes at the door, her heart thumping against her chest. It wasn't fear , she is a detective for fuck's sake. No. It was the adrenaline, and the shitty thing about all of this is that she wasn't carrying her gun. Adora swallowed thickly, she turned around slowly and raised her hands in the air.

'Easy there. 'Adora said, raising an eyebrow at the man. Her eyes glanced down at his gun, he was carrying a Glock-17 semi-automatic pistol. It wouldn't be too hard to unarm him, but she needed to get closer. He was probably robbing her or something, but he had no idea who he was messing with. 'I wouldn't want you to hurt yourself. 'Adora said with a slightly cocky tone.

The man was glaring at her, his grip around the pistol handle was tight. He knew what he was doing, and Adora started to think that it wasn't an amateur holding the gun. 'Really? The man said, a smug grin slowly spread across his face. 'Y ou really decide to be a stupid cop when your life is in danger?

Adora shrugged lightly, she glared slightly at the man and shook her head slowly. 'Never been the one to fear death. 'Adora took a step forward, it was a small step, but it still the man cock the gun and glared brutally at Adora.

'W ell, how about you meet Death earlier? Say hi to him from me. ' The man said, pointing the gun at Adora and he was ready to shoot.

'Drop the gun. '

Adora looked to her side, her eyes wide as she saw Catra pointing her gun towards the man. The brunette girl was glaring brutally at the man in front of her, and Adora understood that Catra knew that man. 'Catra?

Catra looked at Adora, a serious expression on her face. 'Y ou've made a lot of enemies, princess. '

'Catra, what are you doing here? Rogelio said, raising an eyebrow at Catra before glaring back at Adora.

Catra turned her gaze back to Rogelio, her glare as sharp as ever . She was still pointing her gun at him, and this situation was too intense. 'I said, drop the gun. '

Rogelio shook his head slowly, he glanced quickly at Catra before looking at Adora. 'Your mother gave me orders, and Im gonna follow them. '

Catra shook her head, she cocked her gun and moved a little closer. 'Dont do anything we will both regret. '

Rogelio let out a bitter laugh before frowning. 'Id rather take your consequences than hers. 'He said, his voice trembling slightly . Adora heard the fear in his voice, his hands were almost shaking as he held onto the gun.

Catra could understand his fear, her mother was more terrifying than she was, and she knew that. Rogelio is one of Catras own, he is practically family. Her mother gave him orders, but Catra is gonna make sure it wont go through. 'Please, dont do this. '

Adora looked between them two, she could still easily unarm the man. But somehow, she had a feeling that Catra would be able to handle this. No one needs to get hurt, but the cop part of her wanted to tackle him to the ground and arrest them both carrying illegal weapons, for threatening the life of a police officer.

Rogelio furrowed his eyebrows, he swallowed thickly and his finger grazed over the trigger . 'Im sorry . '

A loud gunshot echoed in the streets, Adora was closing her eyes tightly and for the first time, she was actually fearing for her life. But she didn't feel anything, and it was quiet. Adora blinked her eyes open, she looked in front of her and noticed the man, Rogelio, laying on the ground with a bullet wound on his chest as he was breathing for his life. Catra was standing next to her, her hand shaking as she held onto her gun.

'Catra, I- 'Adora whispered, she lifted her hand to place it on Catra's shoulder , but she didn't. Her hand hovering over Catra's shoulder, she was trying to find her place. Was she allowed to do that?

'Go. Report this. 'Catra said, staring blankly down at Rogelio's body. He was still alive, he was still fighting for his life and Catra could feel another part of her humanity strip away.

Adora nodded slowly, she glanced down at Rogelio before lifting her gaze to look at Catra. 'I won't tell anyone that you had anything to do with this. '

Catra could feel sadness wash over her, she killed another one of her team and this wasn't anything Adora could fix or make her feel any better about. He is going to die, and once again, Catra was the cause of it. 'Go. '

Adora nodded again, she wanted- Fuck, she didn't know what she wanted. She wanted to thank Catra for saving her life, again. She

wanted to hold onto her and comfort her. She wanted to invite her in, kiss her and tell her that everything will be alright. But this feeling will go away, sooner or later. After all, she had only one mission and it was payback.

When Adora walked into her building, she was planning to report the accident- No, the murder- to the police and Catra would have some time to run away from the crime scene.

Catra started to tear up, she kneeled down next to Rogelio and pressed a hand against his chest. Rogelio was looking up at her, his eyes half-lidded as he struggled to breathe. Blood was gushing out of his chest, where one of Catra's bullets penetrated his chest. Blood washed over Catra's hand, and Catra didn't notice the tear that rolled down her cheek as she watched her friend struggle.

Rogelio let out a weak cough, blood spilled down his mouth as he looked up at Catra with teary eyes. 'Why?' He stuttered, trying to breathe and survive this.

Catra furrowed her eyebrows slightly, she looked down at him with sadness in her eyes. That's a good question. She should've let him kill Adora, then all her problems would go away. But why? Why did she kill him? He was a part of the Horde family , her family.

Why?

'Because I love her . '

Adora was already standing by the body when the rest of the police force arrived to the crime scene. She was very careful when she called them, she first made sure that Catra was out of sight and now she was standing alongside her colleagues, investigating the body and trying to find out what happened here. Adora knew, of course she knew. She was there, and Micah had already told her that there were a lot of calls coming in about this situation. Witnesses. Shit. Adora was worried, she was worried that the witnesses might have seen her or Catra by the body. Maybe someone saw the whole situation. Maybe not. Adora was good at keeping cool during stressful situations, and there was no different here.

Micah was crouching down next to the body, he was wearing black gloves as he searched the pockets of Rogelio's jacket for identification. Micah pressed his lips into a thin line as he looked at the body. 'When did this happen?Micah asked, lifting his head to look up at Adora.

Adora took a deep breath, she shook her head slowly. 'Around 11:27 p.m. 'Adora whispered, almost hesitantly . She wanted to say a different time than the time she stood here with Catra, the murder

happened around 11:23 p.m. She needed to say a time that made sense when she called the police, otherwise they would be asking her why it took so long to call them.

Micah stood up, he let out a loud sigh and looked towards his other officers. 'I want you to knock doors and ask witnesses if they saw anything. This murder was intentional. 'Micah said, a few of ficers nodded their heads and went into several buildings around the neighborhood to ask out witnesses for the crime. Adora was watching them until her gaze landed on Micah when he looked at her. 'He had a gun. 'Micah said, looking down at Rogelio's gun on the ground next to him. 'His face... '

'He is a part of the Horde, isn't he?' Adora asked, raising an eyebrow at him. Micah nodded, he frowned at Adora before picking up his walkie-talkie. He turned it on, and spoke directly to it, asking for a coroner to come by.

Adora bit her bottom lip, she crouched down next to Rogelio's body and looked at his face. Her mind was drifting away to Catra, and her heart was beating fast against her chest. Even though the police might not be on to her, the Horde might be.

'W e are going to take in the body, and look into this. 'Micah said, crouching down next to Adora. 'Whoever it was that killed him, couldn't be a part of the Horde. Why kill their own?' And he was right here, in front of your building, Adora. 'Micah looked at Adora, raising an eyebrow at her.

Adora looked at him, she furrowed his eyebrows. 'What are you thinking about?

'Dare I say it, Adora, but I think he was coming for you. 'Micah said and Adora's eyes widened. She has been caught, right? He knows. Rogelio was after her and the chief of police knew about that. Maybe he suspected her, maybe he thinks she was the one who killed Rogelio.

'Why would he come after me? Adora asked, raising an eyebrow at him. She needed to confuse him, to take the eyes away from her.

'I don't know . It's just a thought, Adora. 'Micah shrugged, looking down at the body. 'W e will know more after taking out the bullet. What I can see so far, this isn't a bullet wound from one of our guns. '

Adora nodded slowly, she looked at the bullet wound and then she shook her head. 'There is no reason for him to go after me. 'Adora whispered, ducking her head and closing her eyes.

'Maybe there is. Y ou're George Grayskull's daughter . You were the one who got an anonymous text about Glimmer's whereabouts. Y ou are the one who caught Catrina Weaver at the masquerade ball. You're the one Shadow W eaver might fear. 'Micah said, looking at Adora with furrowed eyebrows. The blonde girl lifted her head, she looked at Micah and shrugged lightly. 'Do you think Catrina W eaver might be the cause of this man's death?

There it was, the suspense of Catrina Weaver. Catra. 'Why would she do this to one of her own?Adora asked, shaking her head slowly. 'It doesnt make any sense. '

'It does. If there is feelings involved. People do a lot of things for the people they love. '

Catra was in the bathroom in her room, the door was closed and tears were running down her cheeks as she aggressively tried to wash all the blood of her hands. It didnt go away , she had to rub her hands together and still, it didnt go away . Rogelios blood washed down the sink, Catras vision was hazy and blurry as she began to sob quietly . Why didnt it go away? She killed Rogelio, she killed another one from the Horde. For Adora. Shit, the blood... Its too much... She shot him... Thats it... Its not meant to be this much blood. It doesnt go away at all. Even though the blood is running down the sink, there is still too much blood on Catras hands.

The faucet was running, warm water that burned Catras skin washed over the blood, but still, it didnt go away . Catra was sweating, she was crying and shaking. Why didnt it go away? What has she done? She is going to die for this. They will know . They will all know. And she wont survive this. Maybe its for the best. Maybe... If she just died, everything will be better. For her. For Adora. For the Horde. But no. She wouldnt admit it, but Catra is afraid of dying. All alone. Unloved. A monster.

Adora.

Adora is okay.

Why doesn't the blood go away?

Adora is okay.

It's too much.

Adora.

It's all your fault.

Adora is fine, that's all that matters.

You killed them, Catra.

For Adora.

You're a monster.

I know.

A loud bang on the bathroom door snapped Catra out of her destructive thoughts, her heart was still racing and the blood was almost gone from her hands as she stared down at her hands with wide eyes. It was too much on them, and now... You can see her skin again, you can see her hands and the blood is gone. Catra swallowed a sob, she shook her head as she continued to wash her hands. 'Leave. ' The knocking continued, Catra shook her head slowly. She turned off the faucet, the water stopped running as she closed her eyes tightly, taking a deep breath. 'I said, leave. 'Catra snapped, but the door opened slowly and Scorpia walked inside with furrowed eyebrows.

'Boss, are you okay?Scorpia asked, she tilted her head slightly to the side as she looked at the back of Catra's neck.

Catra took another deep breath, she opened her eyes and turned around to face Scorpia. She noticed Scorpia's shocked expression when she saw the tears in Catra's eyes. 'I messed up, Scorp. I fucked up, big time. 'Catra said, her voice was shaking alongside her body. “She is going to kill me. “Catra whispered, she just knew that her mother would see red about this. She wouldnt spare Catra just because she is her daughter.

“What, who?” Scorpia asked, she closed the door behind herself before walking closer to Catra, her eyes were filled with concern as she towered over Catra and looked down at her.

Catra ducked her head, she wrapped her arms around herself and hugged her own body gently. “My mom. When she finds out what I have done, she- “

”If youŕe talking about Hordak, I wont tell. Catra, you dont have to worry about me telling on you. Youŕe- “Scorpia let out a sigh and furrowed her eyebrows. “Y ouŕe my best friend. “

Catra lifted her head to look up at Scorpia with wide eyes, tears rolling down her cheeks. She did trust Scorpia, she even considered her to be one of Catra’s closest friends. Well, she was her only friend. “It’ s not that. “Catra whispered, she shook her head slowly and dropped her arms to her sides. “I killed Rogelio. “

Scorpia’s eyes widened at the confession, she couldnt really believe what Catra was telling her. She killed Rogelio, that was one of Scorpia’s friends. One of Catra’s team. They were family. She could understand Hordak, because he was always mean to Catra. But Rogelio trusted Catra, he followed her and helped her. “Why?”

Catra let out a sigh, she ducked her head again and closed her eyes tightly. Every time she close her eyes, she could see Rogelio’s dying body, the way he looked at her as she betrayed, the way his eyes looked when he drew his last breath. “I had to... He was going to kill Adora. “Catra looked up at Scorpia, her eyes red and puf fy. “I couldnt let him kill Adora. “

Scorpia wrapped her arms around Catra, hugging her close to her chest. Catra's eyes were wide as she felt the affection given by Scorpia, she wasn't used to this. Scorpia was always trying to hug Catra, but Catra never returned that, feeling annoyed by the closeness. But this time, Catra needed this. She felt comforted by this, she felt warm and safe. So Catra did what she thought was right, she wrapped her arms around Scorpia's waist and hugged back tightly. Catra closed her eyes tightly, she nuzzled her nose against Scorpia's chest and sobbed quietly as the bigger girl held onto her.

'It's okay , Wildcat. It's going to be okay. I got your back, always. ' Scorpia whispered, she closed her eyes slowly and rubbed Catra's back gently.

'She is going to kill me. 'Catra whispered back between quiet sobs, Scorpia just hushed her and wagged her gently.

'No, I'm not letting that happen. 'Scorpia whispered, shaking her head slowly. 'Maybe she doesn't even know what happened. '

Catra pulled back from the hug, she looked up at Scorpia and wiped her eyes with the back of her hand. 'Why did you come for me?

Scorpia lifted a hand to rub the back of her neck nervously, she bit her bottom lip before shrugging. 'Oh, uh, well... 'Scorpia let out a

sigh, she dropped her arm back to her side again. 'Y our mother wants to see you. '

Catra's eyes widened slightly , she nodded slowly before rubbing her face with her palms. 'Okay , uh, tell her Ill be there in a minute. ' Scorpia nodded, she turned around to leave, but Catra grabbed onto her hand, causing Scorpia to look at her again. 'And Scorp, dont tell her anything. '

Scorpia smiled slightly and gave Catra a slight nod before leaving the bathroom. Catra let out a shaky breath, she turned around to look at herself in the mirror. It was so clear that she has been crying and she needed to control her feelings now, she needed put her head up high and she needed to look like she was in control of everything, like she has nothing to hide. Catra went ahead, she washed her face with water and adjusted her suit before leaving to meet up with her mother.

As Catra arrived to her mother's of fice, Octavia was opening the door for her and Catra stepped inside, an uncertain and nervous feeling ran through her body as she looked at her mother sitting down by her desk, her head ducked as she wrote on some papers. Octavia walked into the room, she closed the door behind herself and Catra turned her head to the side and glanced at Octavia with the corners of her eyes.

Catra let out a sigh, she looked back at her mother and folded her hands in front of her. 'Y ou called for me. 'Catra said, her voice trying to stay calm and collected, but she could feel it shake slightly. She needs better control of her feelings right now.

Shadow Weaver looked up at Catra, her eyes weren't glaring at her, but you could still see the anger in them, the way they almost turned red in rage. Catra knew, right that moment, that Shadow Weaver knew something that would make Catra regret it all. Shadow Weaver slowly got up from her seat, she walked over to Catra. 'Yes. There is a matter I would like to discuss with you.'

Catra cleared her throat, she nodded slowly. 'Yes, of course. What is going on?'

Shadow Weaver tilted her head to the side, she towered over Catra and looked down at her. 'Rogelio is dead, Catrina.'

Catra widened her eyes on purpose, she shook her head slowly. 'What?'

Shadow Weaver let out a sigh, she nodded and glanced over at Octavia for a second before looking at Catra. 'Yes. And the thing is, Catrina, that you're the only person that knew that Rogelio was going to kill Adora Grayskull tonight.'

Catra's heart was pounding against her chest, she could feel the sweat on her forehead as she stared at her mother, her eyes filled with fear. 'W-What? Are you blaming me for his death, mother?'

'Should there be a reason not to?' Shadow Weaver asked, raising an eyebrow at Catra.

Catra swallowed thickly, she glared at Shadow Weaver and balled her fists against her sides. 'Adora could've been the one that killed him.'

'Adora Grayskull was the one to report this murder. The mole in the police force told me that Adora Grayskull knows nothing about the incident.' Shadow Weaver narrowed her eyes down at Catra, a cold feeling radiating from her and it send chills down Catra's spine.

Catra's eyes were wide as she stared up at Shadow, she was shaking and she knew that. Fuck, if she only could calm herself down just a little... 'I have no idea what you're talking about.'

Shadow Weaver grabbed onto Catra's chin roughly, forcing the girl to look up at her as she glared down at her. 'You were the only one who knew about this. You're the only one to suspect here, Catra.'

Catra pulled her chin away from her mother's grasp, she glared up at Shadow Weaver. 'I had nothing to do with it.'

Shadow Weaver looked furious, she was clenching her fists by her sides. She let out a quiet sigh, shaking her head and softening her gaze. 'I'm really disappointed in you, Catrina.' Shadow Weaver said as she circled around Catra. 'Betraying your own family for a

girl. 'And Shadow W eaver stood in front of Catra once again, towering over her as she looked down at her. 'Have you forgotten who you are?'

Catra's gaze softened slightly before she glared back at her mother again. 'Im Catrina W eaver, your daughter. The heir to this empire. '

Shadow Weaver furrowed her eyebrows, she placed her hand on Catra's cheek and caressed it gently. 'Y ou were raised to be a ruthless leader, a fearless individual. One that would take this empire to glory. 'Catra's eyes softened at that, she leaned her cheek slightly into Shadow Weaver's touch before her mother dropped down her hand from Catra's cheek. 'But this girl has been confusing you, distracting you from your real cause, your purpose. '

Catra shook her head slowly, she stared at her mother with wide eyes. 'No, I- 'Catra looked down at the floor , furrowing her eyebrows. Adora has been a distraction, she did confuse Catra, but the feeling Catra felt whenever she saw Adora or heard her was better than anything in the world. 'Why would you kill her? She hasn't done anything to us, she can't do anything to us. '

Shadow Weaver glared down at Catra, she placed a finger under Catra's chin and lifted her head to look up at Shadow W eaver. 'Y et. Thanks to your little stunts lately, Adora Grayskull is close to ruin our empire. With revenge as a motivation, and your little acts of betrayal, this woman will be our destroyer. '

Catra didn't know how to fix it, she didn't know what to say or do. Her mother knows it all, there was no point in denying it. She could see all her secrets in Shadow Weaver's eyes, and there was no escaping it. Catra was going to die tonight, and there is nothing that can be done. 'Mother , wait, I- '

Shadow Weaver sighed, she tilted her head slightly to the side and furrowed her eyebrows as she looked down at Catra. 'Y ou killed your uncle, Catra. You murdered Rogelio. You told Adora about Glimmer's whereabouts. Y ou saved her from the explosion, and betrayed us all. '

'I did it for us!' Catra screamed out, taking a step back from her mother. Catra was angry by now, she knows she has made mistakes, but everything that is going on in her heart and mind is Adora, the way she looked and smelled, the way she was and talked. Everything. 'I swear to God, lay a hand on her and Ill ruin everything we've built. I will destroy everything you've worked. I will- '

Shadow Weaver started to laugh, almost cruelly, making Catra shut up and stare at her mother with wide eyes. 'Oh my dear child. Y ou actually think you will survive long enough to make it? Shadow Weaver shook her head slowly, she walked to her desk and sat down on her chair. 'Y ou are selfish, Catrina. Always has been, and always will. Everything you ever do is for your own good. '

Catra could feel the tears prickle in the corners of her eyes, she wanted to cry and scream and kill everyone. She needed- Fuck, she

didnt know what she needed. She needed to get of here, she needed to see Adora and...

'From this day on, I disown you as my child. 'Shadow W eaver said with a sharp tone, staring right into Catras soul. Catras eyes widened as she listened to her mother, her body shaking and she could feel her breaths become heavier. 'Y ou are no longer the heir to the throne, youre no longer my daughter . For everything youve done for this company, I will give you five minutes to disappear out of my sight. '

Catra stood still, still staring at her mother in disbelief. Is it- Thats it? Its over , she is nothing now. No one. Her mother doesnt want anything to do with her, her friends dont want anything to do with her. And Adora... She hates Catra. She has nothing now. And she needed to run.

As tears rolled down Catras cheeks, she turned around and opened the door before running through the hallway. She didnt know where to go, where to run. She didnt have a home anymore, she didnt have anyone in her life. She kept running through the hallways, her heart was racing and her body was shaking. She tried to breathe, she tried to hold on, but she couldnt hold back the tears that rolled down her cheeks, the sob that got stuck in her throat.

When Catra got out of the building, she immediately saw her black Porsche car outside, waiting for her. She needed to get in, and she was so close. With her hand on the door handle, Catra was ready to open the door and just then, a gunshot was heard and Catra let out a loud scream as a bullet penetrated the side of her stomach, making

Catra close her eyes tightly and cry out. It hurt so badly, the blood and the pain echoed in her body. Fuck!Catra opened her eyes, she looked up and saw Octavia with a sniper by her mother's window. Catra glared up at her, she pressed her hand against her wound and qickly got inside the car . She needed to get out of here, now. As Catra turned the engine on, Octavia shot a few more shots against the front window of the car. Catra ducked her, and pressed her foot down the gas pedal to get the hell out of here.

Catra winced, her hand were shaking as she held onto the steering wheel, driving further and further away from Horde Industries. Her other hand was pressed against her stomach, she was trying to keep tight hold on the wound to prevent the blood from keep spilling out. Her white shirt has already become stained with blood, and Catra could feel herself lose vision, her body was shaking and she was starting to sweat. She didnt know where to go, she couldnt go to the hospital because there was no one to trust. It hurt...

Catra kept driving, she drove too fast and she begged the universe that the cops wouldnt pull her over. But she needed to go somewhere, she needed to get the bullet out and stop the blood. Her hand was red now, her shirt was stained and her body was losing strength. At last, Catra pulled next to a sideway, she stopped the car and weakly got out of it. She was limping to a building, opening the front door weakly until she got where she needed to be.

Adora was pacing the floor in her living room, her thoughts were all over the place, mostly about Catra. Micah was on to her, he knew that Catra and Adora has something going on. The thing is, Adora

didn't even realize that she and Catra had anything going on. She has spent so much time, convincing herself that she hates Catra. But here she is, in her living room, still worried about Catra and wondering if she's alright.

Just then, a weak knock on the door snapped Adora out of her thoughts and she stared at the front door with wide eyes. Another weak knock and Adora quickly walked over to the door , she opened it and her heart stopped as she saw Catra look at her, all pale and sweaty. 'Catra?

Catra was panting quietly , she was staring at Adora with half-lidded eyes. Her hand was pressed against her side and Catra was swaying in her feet, trying to balance herself as she stood up. 'Hey , Adora... 'Catra whispered shakily before slumping forward. Luckily for her, Adora quickly caught her in her arms, holding Catra up.

'Catra, what's wrong?Adora whispered, she pulled Catra inside and closed the door with her foot before continuing to walk backwards, to the couch. She laid Catra down, and when she heard Catra wince, Adora furrowed her eyebrows. Her heart knew that something was entirely wrong, something happened. Adora was breathing rapidly, she looked down at Catra and slowly her eyes drifted down to Catra's hand where she was holding onto her side. Blood. 'Catra, what happened?

Catra let out a weak chuckle before her face scrunched up in pain. ' I messed up. 'Catra's breaths were uneven and quick, like she was struggling to stay alive at this point.

Adora grabbed onto Catra's shirt with both fists, and quickly ripped the shirt open, leaving Catra in only her bra. The blood was gushing out of her wound, and Catra whimpered at the pain. 'Fuck, you've been shot. 'Adora quickly ran to the kitchen, where she retrieved gauze, two towels and alcohol. When she returned, Catra was still laying there, her hand pressed against her wound as Adora kneeled next to the couch on the floor. 'Catra, I'm gonna pull out the bullet, okay? And it's gonna hurt. '

Catra looked at Adora with half-lidded eyes, her vision was so unclear, but still, she could make up those blue eyes and Catra gave Adora a weak smile. 'I've handled worse, princess. Just do it. ' Catra let out a small cough, causing Adora to feel pity for the girl on the couch.

'Okay . Let's just- Bite this. 'Adora said, rolling up a towel before holding it over Catra's mouth. Catra opened her mouth, and bit onto the towel. This was just in case she would scream, and the last thing they both need is the police sneaking around. Adora looked at Catra one final time before she grabbed onto the bottle of vodka, pouring it onto her hands. 'I'm sorry for this. 'Adora mumbled, Catra removed her hand from her wound and Adora slowly shoved in two fingers into the wound, looking for the bullet. Catra let out a muffled scream behind the towel, tears rolling down her cheeks as Adora tried to remove the bullet. It was too deep in, but Adora could feel it. Just. a little more...

Catra kept screaming, her hands clenching by her sides and she arched her back. Adora could feel herself tear up, she pressed Catra's hips down with her other hand as she slowly pulled the bullet

out of Catra's wound, tossing it on the floor. The blood was now just gushing out, and Adora quickly grabbed onto the bottle of vodka. She scrunched up her nose and poured the liquid into Catra's wound, sterilizing it. Catra let out another muffled scream, her body was shaking and Adora felt bad for doing this to her. But she had to do it.

After sterilizing and removing the bullet, Adora wrapped plenty of gauze around Catra's waist and over the wound, and sealed it with some medical tape. That's it. She is done, and Catra... Adora looked up at Catra, the other girl was breathing heavily and her eyes were closed, her face was sweating and her cheeks dried with tears. She was so pale, and if she didn't come here, she would've probably died. But the night is young, and Catra might still not be able to make it. Not without proper care.

Adora bit her bottom lip, she slowly stood up and picked Catra up bridal style, making her way to the bedroom to make sure Catra lays down on a more comfortable place. Adora put Catra down on her bed, she let out a quiet sigh and kneeled up on the bed next to Catra, she brushed some loose hair from Catra's forehead. 'Catra, you need to go to the hospital. 'Adora whispered, and Catra blinked her eyes open to look up at Adora tiredly.

'C-Can't. I can't trust them. 'Catra whispered back, she raised a hand weakly and Adora looked down at it with furrowed eyebrows before grabbing onto Catra's hand gently. 'Adora... 'Catra was breathing weakly, she had a hard time to keep her eyes open. 'I don't think I'm gonna make it. '

Adora looked down at Catra's face, a tear rolled down Adora's cheek. 'Don't say that. 'Adora glanced down at the gauze around Catra's waist, the blood has already soaked through it.

Catra smiled weakly up at Adora before the smile dropped slowly. ' At least I got to meet you before I died. '

Adora shook her head slowly, she squeezed Catra's hand gently . ' You're not dying, I'm not letting you die. '

Catra let out a weak chuckle, closing her eyes as the pain kept running through her body as she chuckled. 'What's up with cops and having savior complex?

Adora shrugged lightly, she raised her other hand and ran her fingers gently through Catra's sweaty hair . 'It's a part of the job. '

Catra blinked her eyes open, she looked up at Adora. Her lips felt so dry, she felt weak and warm, but cold at the same time. 'Here I was, thinking you actually cared about me. '

More tears rolled down Adora's cheeks, she leaned down and pressed her forehead against Catra's as she closed her eyes. ' Please, hold on, Catra. I can't lose you too. 'Adora whispered, she leaned in close and placed a soft kiss on Catra's lips. She couldn't lose her too, she couldn't- How did this criminal sneak her way into her heart like this? Why does it hurt her to see Catra like this?

Catra kissed back weakly, Adora's lips upon her own felt better than ever, felt more real and it felt right, warm. It made her heart beat faster, it took her breath away in a way that death wouldn't and if she died, at least her final moments were with someone she loves. A tear rolled down Catra's cheek, she squeezed Adora's hand weakly and when Adora pulled back, Catra didn't open her eyes, still cherishing the moment.

Adora let out a shaky sigh, she slowly laid down next to Catra on her side, watching Catra with intense eyes. She has never seen her like this before, she had so many questions about what happened, but right now wasn't the time. She needed to make sure that Catra wouldn't die. Catra rolled weakly onto her healthy side and blinked her eyes open to look into Adora's eyes.

'Please, don't leave. I don't want to be alone. 'Catra whispered, she didn't want to be alone. She didn't know if she would be able to make it out alive, but she didn't want to be alone when she takes her final breath.

Adora pierced her lips into a thin line, she wrapped her arms around Catra's shoulders and pulled her closer until Catra nuzzled her nose against Adora's neck, inhaling deeply Adora's smell. 'I'm not going anywhere. 'Adora whispered, nuzzling her nose into Catra's hair and closing her eyes as she silently cried over Catra.

Catra tucked her hands between their chests, she bend her legs slightly until she and Adora fit like two puzzle pieces. Adora's body

was warm, she was perfect and it felt like home to be this way. Catra just wished it was under other circumstances.

Like a dream.

A future with them together.

Without anyone standing in their way.

Not the law or the crime.

Not the good or the bad.

Not the right or wrong.

Just them.

They were laying in the bed, half an hour later, still wrapped up in each others arms. Catra was feeling slightly better, she was still in pain, still pale and her breathing was still slow. The gauze around Catras waist was soaked in blood, and honestly, she was bleeding out. Adora was tired, she was really tired and all she wanted was for Catra to be okay. But the other girl was refusing medical care, and soon, it would all be over for her. Adora could only wait as the person she- Adora let out a quiet sigh, she looked down at Catra and watched how the other girl was breathing heavily and slowly.

'Catra? Adora whispered, squeezing her arms gently around Catras shoulders. The other girl let out a weak hum and nuzzled into Adoras neck, Adora could hear her inhale sharply and her heart received a hard hit. She couldnt let Catra die, even if she had to drag Catra to the hospital. 'You need medical care. I cant- You will bleed out if we just lay here, and I dont have the right equipment to patch you up. '

Catra shook her head weakly, she gripped onto Adoras shirt with her fists and whimpered quietly. 'We cant. 'Catra was stuttering, every word felt like a knife against her side. 'We dont know who is working with her, I cant trust anyone. '

Adora let out a qiet sigh, she turned slightly around to grab her phone from the nightstand. 'Fine, then we will call people that I can trust. '

Catra blinked her eyes open, she looked up at Adora weakly as the blonde girl called someone she could trust. For some reason, Catra trusted Adora to make the right decision for her, she trusted Adora to keep her safe. As Adora waited for the other end of the phone call to answer, she glanced down at Catra every now and then, making sure that Catra was still breathing. They did lock eyes, causing Adora to blush slightly before lifting her gaze to stare at the bedroom door again.

Finally, the other end of the phone call picked up. Adora let out a deep breath and closed her eyes for a split second before opening them up again. 'Bow , where are you?

'' I'm at Glimmer's, are you okay? It's really late, Adora. ''

Adora knew it was late, it was past midnight and Bow was probably sleeping by now. 'I know , Im sorry that I called this late, but uh, its an emergency. 'Adora said, looking down at Catra. The brunette girl stared up at Adora with half-lidded eyes, she didnt really have long to live because she could feel all the blood leaving her body and her heart wasnt beating fast enough to pump more blood into her system.

'' Adora? What kind of emergency? Is the horde back? You know what, I'll be there in a minute. Just- I'll be there. ''

Adora nodded slowly, she let out a sigh. 'And Bow, can you bring your suture kit?

'' Uh, yeah, sure. Bye for now. ''

'Bye. 'Adora hung up the phone, she looked down at Catra and rubbed her arm gently. 'I called my best friend, he knows what to do. He is very good with stitching people up. 'Adora gave Catra a slight smile, the other girl was just looking up at her. 'We need to explain our... Uh... Current situation?

Catra let out a weak chuckle and then she knit her eyebrows together as she felt pain on her wounded side. 'W-What is our current situation, princess?

Adora was blushing, she reached a hand up and rubbed the back of her neck. 'Well, I- They don't know about us sleeping together and I might have lied about who I hooked up with that night when we were at the Fright Zone. '

Catra furrowed her eyebrows, she looked down at Adora's neck and she felt some kind of disappointment in her chest. Did Adora feel ashamed of her? Of course she does. A detective sleeping with a criminal. The shame... 'Yeah, uh, we need to tell the truth, right?

Adora let out a sigh, she nodded slowly and got up from the bed, leaving Catra there alone. 'Y eah, but it might not look good at all. '

Catra rolled weakly to lay down on her back, her hand pressed against her abdomen as she looked up at Adora with half-lidded eyes. 'No, not for you. But you trust them?Catra whispered shakily.

Adora just looked down at her and nodded slowly, she did trust Bow and Glimmer to not tell anyone about her... Uh, lover?But she can already hear Glimmer's disappointed tone. They had every right to be disappointed at her, but still, she couldnt help it. The woman laying on that bed, struggling to stay alive, meant so much to Adora. She means something to her.

'With my life. '

It barely took ten minutes when Adora heard a knock on the front door, they are here and Adora was still unsure what to tell them. Catra was still laying on the bed, still breathing heavily, still looking pale and almost lifeless. Adora quickly went to the door and opened it up, Glimmer and Bow stood in front of her with frowned faces.

'Y ou guys came, thank god. 'Adora muttered before letting out a sigh and walked back into the apartment. Bow and Glimmer followed her inside, and Bow closed the door behind himself, carrying his suture kit.

'Of course. Is it about the wound on your shoulder?Glimmer asked Adora, raising an eyebrow at the blonde girl as she seemed to be able to move her arm pretty fine.

Adora looked between Bow and Glimmer, shaking her head slowly. 'No, uh, we... I really need your help with something else. 'Adora bit her bottom lip nervously, she furrowed her eyebrows. 'I just- Please, dont get angry. '

Bow and Glimmer shot each other a glance before they followed Adora into her bedroom, and when they walked past the bedroom door, both their eyes widened at the sight in front of them. The heir to Horde Industries was laying in Adora's bed, a blood soaked gauze wrapped around her waist and she was looking pale, sweating and dying. Adora looked down at Catra with sad eyes whilst Catra was staring at Bow and Glimmer, her eyes barely kept open.

'You!'Glimmer said with a brutal glare. She was so angry , she wanted to walk over and punch Catra right on the face. That thought seemed have controlled her body as she walked with heavy steps over to Catra, her fists by her sides. Adora watched the scene in front of her and quickly walked to stand between Catra and Glimmer.

'Glimmer , wait, please. 'Adora said, looking behind her shoulder at Catra before looking back at Glimmer with a frown.

'What is she doing here?' Glimmer asked, looking at Catra over Adora's shoulder. Catra wasn't glaring at Glimmer, she was just trying to keep her eyes open.

'She needs our help.' Adora whispered, she looked at Bow who was still staring at Catra with a shocked expression on his face.

'Why would we help her? She kidnapped me.' Glimmer turned her glare at Adora, her fists were however relaxing by her sides. Bow made his way to stand next to Glimmer, grabbing her hand gently to calm her down.

'Because I-' Adora looked at Catra again, biting her bottom lip before looking back at Glimmer and Bow again. Oh no, she felt nervous now. She didn't know what to say, but there was something that just wanted to be let out. 'Because I think I'm in love with her.'

Everyone in the room, including Catra, widened their eyes at that confession. Catra was staring up at Adora, her heart beat faster now and she let out a deep breath that she didn't know she was holding, something that she didn't know that she could muster in this weak state.

'What?' Bow asked, furrowing his eyebrows as he stared at Adora. 'You are in love with her?

Adora let out a sigh, she ducked her head and shrugged lightly. 'It's a long story, and I promise I will tell you everything, but- We need to save her. Please. 'Adora lifted her head to look at Glimmer , placing her hand gently on her shoulder. 'If not for her , then do it for me. '

Glimmer's gaze softened, she looked at Adora and nodded slowly . ' Fine, for you. '

Catra was laying on her side, she was staring at Adora who was standing next to the bed with her arms crossed over her chest. Adora is in love with her. Catra didn't care about the glares she received from Glimmer, she didn't care that Bow was opening up his suture kit to stitch Catra up. No, because Adora was in love with her. Yes, she did say she thinks she is in love with Catra, but that was good enough.

Because Catra loves her too.

'Okay , Catrina, are you ready?Bow asked as he poured some alcohol on the wound. Catra let out a groan and closed her eyes tightly, Bow already made it clear to her and Adora that he didn't have any kind of anesthetic, but Catra told him that she doesn't really care. She has done this before, and it went perfectly well. But fuck, it did hurt and she knew that this wasn't the worst part of it all.

Catra let out a weak chuckle, she blinked her eyes open and looked up at Adora with half-lidded eyes. 'Please, you are going to stitch me up. Let's not be so formal, call me Catra. '

Bow glanced up at Adora and Glimmer before looking down at Catra's wound. The blood was still gushing out, and the gauze that was there before really kept it together, but Catra was still losing blood during the time. Bow took a deep breath and took the prepared needle and thread in his hand before slowly stitching up Catra's wound. The brunette girl let out a shaky breath, her hands were clenching the sheets as Bow continued with taking care of Catra.

Adora was watching Catra's face, her eyes glancing to the wound every now and then. 'How does it look?' Adora asked Bow , her fingers drumming on her bicep nervously. Glimmer let out a sigh, Adora could tell that Glimmer hated that Adora cared for the criminal.

Bow looked up at Adora with a frown, he nodded slowly and smiled slightly at Adora. 'It's fine. Y ou did a great job with keeping the blood stable. 'Bow looked back down at the wound, and continued to stitch Catra up.

Catra let out another whimper, her hands were shaking as she gripped the sheets harder, her knuckles turning white. Adora kneeled down next to the bed, her hand was brushing Catra's hair of f her forehead as she stared at Catra's pale face with sympathy . 'Hey , Catra, you heard that? It's going great. Y ou will be fine. '

Catra blinked her eyes open, she locked eyes with Adora and she was breathing rapidly. She could feel it all, her body wasn't strong enough to take this. Adora placed her hand over Catra's hand and slowly squeezed it, causing Catra to loosen her grip on the sheets and grab onto Adora's hand properly. 'Ill be fine?Catra whispered shakily, squeezing Adora's hand in comfort.

Adora nodded slowly, she could feel the tears prickle in the corners of her eyes. She wanted to cry out of happiness, Catra was going to be alright. Adora caressed Catra's cheek gently, her thumb brushing over Catra's cheekbone as the other girl leaned into the touch, she closed her eyes and let out a shaky breath.

'And done. 'Bow said as he cut the thread with a scissor . Adora let out a relieved sigh, she looked up at Bow and mouthed a thank you before looking down at Catra again. 'She should probably sleep for now, and make sure to clean the area every now and then. 'Bow was giving Adora instructions even though he knew that Adora already knew all of this. It's a part of their training and the only reason Adora even called him was because she didn't have a suture kit.

Adora looked at Bow, she nodded slowly before looking down at Catra. 'Ill be here, don't worry . 'The other girl was staring up at Adora, she was so tired and it was obvious. The best thing for her right now would be to sleep, and even though Adora wanted to stay here to comfort Catra, she needed to explain herself to her best friends. Catra nodded weakly, her eyes were too tired to stay open, so she slowly closed them. Adora let out a sigh, she pulled the blanket over Catra's body.

Bow already packed up his suture kit and left the room with Glimmer, probably a little annoyed with Adora. But Adora didn't care, because Catra will be okay. She will be fine, and after she wakes, she will... Do what, exactly? Shit, she just said that she might be in love with Catra. Oh my god, she is in love with Catra. What if Catra doesn't feel the same? Adora pushed that thought away for now, because it didn't matter. All that mattered is that Catra will be okay.

Adora leaned down to place a soft kiss on Catra's sweaty forehead as she heard the other girl snore quietly. She was really cute like this, sleeping and looking all innocent. But she wasn't innocent, she has done some horrible things and it's Adora's job to put these kind of people behind bars. Will everything change now?

When Adora left the room, Bow and Glimmer were already seated around the kitchen table. Adora walked past the couch, she glanced at the blood stain on the couch and made a mental note to get that cleaned up. Adora looked at Bow and Glimmer, a forced grin spread across her face as she looked at a glaring Glimmer. Oh, she wants to kill her.

'So... Cof fee anyone? Adora said, clasping her hands together with a forced grin on her face.

After making some coffee for her friends, they were all seated around the table and Adora could feel the awkwardness between all of them. Obviously Bow and Glimmer were waiting for Adora to start

explaining herself, but she didn't know what to say. So she hoped they would just ask her something and she would just answer truthfully. But they didn't. Glimmer was just looking at her with a raised eyebrow, her hands folded on the table and Adora could sworn that it was Micah looking at her. Bow was just staring down at his mug, swirling the coffee with a spoon.

Adora looked around the kitchen with furrowed eyebrows, her fingers drumming on the table. She couldn't help it, just a few seconds later, a whistle escaped her lips. Then Glimmer let out a loud groan and pinched the bridge of her nose.

'Adora, I swear to God, if you don't start talking in about five seconds, I'm gonna burst into the room and wake your sleeping beauty to interrogate her. 'Glimmer said with a stern tone, looking at Adora with such intensity that Adora was staring at her with wide eyes and nodded quickly.

'Fine, fine. Uh, well, Catra and I- So- At the- Uh... 'Adora reached a hand up to rub the back of her neck nervously, glancing at Bow to ask him to help her out, but the man was avoiding her gaze, still staring down at his mug, clearly trying to keep out of the way.

'Come on, Adora, it's late and I'm working tomorrow, but I'm not leaving until you explain yourself. 'Glimmer said, again with a stern tone. Adora looked at her friend with furrowed eyebrows, she knew that Glimmer was stubborn and she would demand an answer sooner or later, so it would just be better to get on with it.

Adora let out a sigh, she nodded slowly and looked down at the table. 'W ell, that night when we were at The Fright Zone, I didn't go home with someone named Cassie. I went home with Catra, and this was before I knew that she was a part of the Horde. We slept together, and then I found out about who she really is during that meeting. 'Adora said, gesturing to Bow to show that she found out the same time as he did. 'And I tried so hard to hate her , but she kept making me question everything. She has saved my life countless of times, and- '

'And she kidnapped me. 'Glimmer said, glaring at Adora. That's true, Catra did kidnap Glimmer, but she also saved her.

'And saved you. 'Adora said, looking at Glimmer with a slight smile before it dropped. Glimmer's glare softened, clearly interested in what Adora had to say next. 'She didn't know that they were going to kidnap you. When she, uh, figured out that you were my friend, she texted me. '

Bow lifted his head to look at Adora with wide eyes, he stopped swirling his coffee with his spoon. 'She was the anonymous text. '

Adora looked at Bow, she nodded before shifting her gaze back to Glimmer. 'Y es, she told me where you were. '

'And the explosion? A lot of people died, Adora, our people died. Mermista ended up in the hospital. 'Bow said, his tone wasn't as

sharp as Glimmer's. He just wanted to know the truth about all of this, and he didn't seem angry with Adora.

Adora sighed, she glanced down at the table and started to fiddle with her fingers. She knew that, that's why she has so many issues with being in love with Catra. She is a criminal, she has done awful things to people Adora loves. 'I know that, I just... I can't help it. She makes me feel warm, and safe, somehow. I don't know.' Adora let out a deep breath, she lifted her gaze to look back at Glimmer and Bow. 'Im not even sure she loves me back, so it doesn't really matter.'

Glimmer looked at Adora, she shook her head slowly before letting out a quiet sigh. 'You are an idiot, aren't you?' Glimmer said, raising an eyebrow at Adora. The blonde girl was just staring at Glimmer with wide eyes, clearly confused on why she is an idiot this time. 'Catra is in love with you too.' Glimmer closed her eyes for a split second before opening them up again, she looked at Adora. 'When I was hostage in the Horde, Catra kept asking me questions about dates and what to do when you like someone. I suggested chocolate and flowers, and-'

Adora's eyes softened, and Glimmer didn't get to finish her sentence, because Adora did it for her. 'She brought me chocolate.' Glimmer nor Bow knew that Catra brought her chocolate, but there it was, a little confirmation she needed.

Bow stared at Adora before taking a sip from his coffee. 'She brought you chocolate. The daughter of a famous drug lord brought

you, a detective, chocolate. 'Bow was closing his eyes and nodding like he understood it all, but nothing did make sense.

Adora watched Bow before looking down at her mug again, she watched the steam from the hot coffee rise. 'Y ou cant tell anyone, especially not Micah. I already thinks he is on to me, and I really dont want to lose my job. And- '

'Do you trust her?

Adora lifted her head to look at Glimmer, whose qestion has been echoing in Adora's head over and over again. A qestion she has been asking herself lots of times, making her doubt everything. But still, somehow, she did trust Catra. It might be those couple of times Catra has saved her, or the fact that Adora is in love with her.

"Y es. "

Glimmer looked between Adora's blue eyes, searching some sign of doubt and uncertainty, but there was none. Adora did trust Catra, and in some way, it did make Glimmer angry, but she loves Adora. So she can accept this, even if there is some feeling creeping up on her. Something that tells her that Catra will betray Adora or break her heart in some way.

'Fine, if youre sure about this, then I cant do anything, but to support you on this. 'Glimmer said, standing up for her seat and looking down at Adora. 'I have to go, Im working tomorrow . 'Bow

and Adora got up from their seats, both looking at Glimmer with unsure expressions on their faces. None of them could tell if Glimmer was angry with Adora or not, but at the same time, a part of Adora didnt care.

'Okay , uh, you will call me tomorrow, right?Adora said, looking at Glimmer with furrowed eyebrows. Her friend looked back at Adora, a slight smile on her lips. Glimmer then nodded, she walked over to Adora and gave her a tight hug before pulling back.

Bow walked closer to Adora as Glimmer made her way to the front door, he put his hands on Adoras shoulders and smiled softly at her . 'Call me in case anything happens, okay? will see you tomorrow at work, and Adora- 'Adora looked at Bow , her eyes soft and she was so grateful for him. 'Be careful, okay?

Adora nodded, a slight smile on her lips as she watched Bow walk to the front door as well, both him and Glimmer leaving the apartment. Be careful... Yeah, Adora is walking on really thin ice, but in some way, she is loving it. She wasnt sure what to do about all of this, she doesnt even know why Catra is shot, she doesnt know what she will do about Micah. But when Adora walked back into her bedroom, she watched Catra sleep so peacefully on the bed. She was snoring qietly , her face has regained its color and she wasnt sweating anymore. It seems like Bows stitching has made wonders on Catra.

Adora bit her bottom lip, she slowly laid down on the bed next to Catra and carefully rolled onto her side, she tucked a hand under her head as she watched Catra. The brunette girl was breathing normally, her chest falling up and down as qiet snores left her

mouth. Catra was laying on her healthy side, her hands under the pillow and her knees tucked up. She was adorable, so quiet and peaceful. Adora took a deep breath, she laid an arm over Catra's hip and closed her eyes, slowly falling asleep next to Catra.

Shadow Weaver was sitting by her desk, her hands folded together on the surface of the desk. She looked at Octavia, raised an eyebrow and tilted her head slightly to the side. 'Did you manage to catch up with her?

Octavia folded her arms behind her back, she looked at Shadow Weaver and shook her head slowly. 'No, she managed to escape, but I know where she is hiding, if she is not dead yet. '

Shadow Weaver started to grin widely, she stood up from her chair and walked over to the large window, staring out at Brightmoon City. She folded her hands behind her back and let out a deep breath. ' So my daughter is still alive, hiding among the citizens of Brightmoon City. '

'Do you want me to finish the job?Octavia asked, her hand moving to touch the gun in her holster.

Shadow Weaver turned around to look at Octavia with a wicked grin on her face. 'No. I want you to bring me Scorpia. '

When Adora left the house that morning to go to work, Catra was still sleeping peacefully. Adora made sure to wash the wound and wrap it up again before heading out, and Catra was actually feeling better now. She wasn't sweating this morning nor was she pale, but she was still pretty tired. And right now, Adora was sitting by her desk, waiting for Micah to look for her. It was advised that she would stay at home today, given last night's events, but Adora was never one to stay still, always wanting to work and do her job.

She was on desk duty, and it annoyed her, because she was finally able to work on the field, but after everything that has happened to her lately, she hasn't gotten the chance to do so. Bow was out there, patrolling the streets along with Sea Hawk and Mermista, and Adora was just sitting and writing and signing and... Ugh, Adora rubbed her face with her palms, her elbows rested on the surface of her desk. Out of nowhere, her phone began to ring and Adora snapped out of her tired moment, she looked inside her pocket and pulled out the phone to answer an unknown number.

'Hello?

''Adora?''

It's Catra. Adora sat up straighter on her chair, her mind alert to what Catra had to say. Honestly, Adora was fearing something bad, maybe she should've stayed at home. Remembering where she was, Adora had to act normal.

'Oh, hi, aunt Carol. How are you?' Adora said, looking around the precinct at her other colleagues, making sure no one was paying attention to her. The precinct they used to be in was destroyed during the explosion, so they are now inside another one, a smaller one, so it wasn't really the best place to hide something.

''What, no? Who the fuck is aunt Carol? It's me, Catra.'' Catra said from the other side of the phone, her voice was hoarse and she sounded really tired. And confused on why Adora just called her aunt Carol.

Adora let out a sigh, she rubbed her eye with her fingers. 'I know. Uh, how are you holding up?'

Catra let out a quiet groan, Adora could hear the bed creak a little and understood that Catra was sitting up. *''I'm okay I woke up a couple of minutes ago and well, you weren't in the bed with me. I'm not used to people leaving my bed, Adora, it's always the other way around.''* Catra let out a weak chuckle, she stood up from the bed and walked over to the mirror in Adora's bedroom, looking at the wound.

Adora rolled her eyes at Catra's comment, of course she would joke even if she was feeling awful. 'I had to go to work. How is the wound looking?Adora asked, eyeing her colleagues.

Catra watched the patched up through the mirror, she wasn't wearing much except for her pants and her sports bra. *'' Looking good, princess. I have another problem. ''*

Adora's eyes widened, she glanced down at her desk and was ready to leave in case Catra needed her. 'What?What's wrong?

Catra placed a hand on her stomach and pouted slightly, fully aware that Adora couldn't see her right now . *'' I'm hungry ''*

Adora's eyes softened before she rolled them, Catra was hungry and that's all. That's her problem. Adora relaxed back into her chair , she took a deep breath before exhaling. 'Then make yourself something to eat. '

Catra walked back to the bed, she chewed on her bottom lip as she sat down on the mattress. *'' Uh, yeah, about that... I don't- W ell... ''*

Adora furrowed her eyebrows, she covered her mouth with her hand to stifle a laughter that wanted to come out. 'Y ou don't know how to cook?

Catra glared at the wall, she knows Adora was making fun of her. *'' No, Adora, I don't. I never had to, always had someone cook for me. Instead of judging me, can you give me some advice? ''*

Adora let out a sigh, she rubbed the back of her neck and shook her head. 'Uh, order some pizza? There is a pamphlet on the fridge, they have great pizza. '

Catra was quiet for a few seconds, Adora could still hear Catra's breathing through the phone. *'' When are you coming home, princess? ''*

Adora's heart stopped, which it usually did whenever Catra called her princess. But this time, it was the voice, it sounded so deep and longing. Adora wanted to just grab her stuff and go home to Catra, but she can't. A part of her is still holding back on whatever they had, afraid that it will ruin everything. She still needed to process her feelings for Catra, for the entire situation.

'Soon, I promise. '

Catra smiled at the other end of the phone, a slight blush spread across her cheeks. *'' Can't wait. And by the way , ''* Catra was quiet now, making Adora wait patiently for her next sentence. *'' I'm in love with you too. ''*

Adora's eyes widened, she was blushing furiously as she stared ahead, at absolutely nothing. *I'm in love with you too.* The words, the echoed in her head and hearing Catra say those words made Adora's heart beat faster . Adora let out a cough, trying to change her face expression so the others wouldn't notice her blush. 'How long have you thought about what I said last night?

Catra smirked before biting her bottom lip, she was also blushing and it wasn't something she usually did. *'' I even dreamed about it. ''* Catra whispered before hanging up the phone, leaving Adora with her mouth agape in shock. Nope, she needs to go home. Adora quickly got up from her seat, she grabbed her stuff and looked at a colleague with a frown.

'Uh, can you tell Micah that I'm not feeling so good, so I'm gonna leave to rest?' Adora asked, raising an eyebrow at her colleague. The woman smiled at Adora and nodded, and then Adora left the precinct to go home to Catra.

Catra called the pizza place, she ordered a Margherita pizza and she was so looking forward to sink her teeth into something yummy. It barely took twenty minutes for the pizza to arrive to Adora's place, and when Catra heard the knock on the front door, she immediately got up, wearing Adora's hoodie which was too big on her and a pair of sweatpants. She looked homeless, but she didn't care at the moment. All she cared about was eating something good. And Adora wasn't home, so eating her wasn't an option.

Just as Catra arrived to the front door, a weird feeling crept up on her, paranoia. What if the pizza delivery guy was something from the Horde, or... Yeah... She did have her money, but there were on her credit card, so she quickly grabbed some money from Adora's nightstand. Catra pressed her ear against the front door, narrowing her eyes to focus on the sounds from the other side of the door.

'Yes?' Catra called out, hoping the person on the other side of the door would answer her.

'Uh, Adora? Is that you?' The voice said, it sounded like a woman. No one she recognized, but she could be wrong, so she played along.

'Yeah, it's me. Uh, you can put the pizza outside the door and I will slide the money under the door?' Catra asked, looking down at the money in her hand. She had enough bills to pay for the pizza.

'Yeah, sure, but are you okay?' The delivery girl said, her voice was sounding kinda concerned and worried.

'Yes, uh, just a little cold and I wouldn't want to make you sick or anything.' Catra said back, rolling her eyes at herself. What is she doing? Just open the damn door.

'Oh, I'm sorry to hear that. I will put the pizza outside the door.' The woman said, and then it was quiet. Catra didn't hear any footsteps,

so the woman didn't leave or anything. 'Adora, uh, I was just wondering... 'Catra furrowed her eyebrows, her hand pressed against the door as she tried to hear what the woman was about to say. 'Look, I've been delivering your pizzas for a while now , and I was just wondering if you'd like to have dinner with me sometime?

What!? Catra's eyes were wide as the woman asked Adora out on a date, Catra could feel the jealousy run through her body. Who the fuck was this woman? On a date?

The woman let out a soft chuckle, it annoyed Catra's guts. 'Y eah, like a date-date. I like you and I've wanted to ask you out for some time now, and I- '

The woman didn't get to finish her sentence as Catra opened the door to look at her with a raised eyebrow, causing the woman to drop her stupid smile and stare at Catra with wide eyes. 'Adora had to go to the bathroom. 'Catra lied, she glanced down at the pizza before looking up at the woman again. 'Who are you?

The woman stared at Catra, unsure what to do or say next, but she went along to answer Catra's question. 'I'm uh, Sarah. Who are you?

Catra tilted her head slightly to the side, she smirked slightly at the woman in front of her. She was cute with brown eyes and long, brown hair. 'I'm Catra, Adora's girlfriend. '

Sarah's eyes widened quickly, she took a small step back and handed Catra the pizza box. 'Oh, I didn't know Adora had a girlfriend.'

Catra's smirk dropped, she grabbed the pizza box and then she put the money in Sarah's hand. 'How would you know? You're a pizza delivery girl, nothing else. Do you think Adora would tell *you* who she is dating, what she is doing-' Catra let out a huff, a wide smirk spread across her face. 'Who she is doing.'

Sarah shook her head slowly, her mouth agape like she was trying to figure out what she to say. 'Uh, well, I-'

'And that's the thing, isn't it? You're *nothing* but a pizza delivery girl. Do you think Adora would go for someone like you? I make more money in a day than you do in a year.' Catra moved her eyes up and down, taking all of Sarah in before letting out a huff.

Sarah ducked her head, she looked down at her clothes which had the logo of the pizza place on it before looking up at Catra. 'There is nothing wrong with being a pizza delivery girl.'

Catra shrugged lightly, she grinned at Sarah before piercing her lips into a thin line. 'Whatever makes you sleep at night. If I ever see your face here again, I won't be so kind. And trust me, this was the kindest I would ever get.' Catra glared at the woman, she could see in Sarah's eyes that she was scared and embarrassed by all of this. 'Now, if you'd excuse me, the pizza is getting cold.' And with that,

Catra shut the door right on Sarah's face, leaving the woman shocked and confused to what just happened.

Catra looked down at the pizza box, a smile spread across her lips as the pizza smell came to her nose. She was so looking forward to eat this yummy pizza, maybe watch something in the meantime.

When Adora arrived to the front door of her apartment, she took a deep breath and opened the door slowly. The only sounds in the apartment were coming from the TV in her bedroom, and she figured that Catra was probably watching a movie or something. Adora closed the door behind herself, she hung up her jacket and walked towards the bedroom. As she stepped inside, her eyes widened slightly as she watched Catra shove an entire pizza slice into her mouth, her eyes closed as a soft moan escaped her lips.

Adora glanced at the TV, Catra was watching the news and she was eating an entire pizza with a satisfied look on her face. Adora couldn't help the small smile that spread across her face, Catra did look so relaxed and sweet at the moment. That almost made Adora forget about all the horrible things Catra has done for the past few weeks. Adora took a deep breath, she walked closer to the bed and that's when Catra snapped her head up to look at Adora with wide eyes.

'Mm, Adora, you are home. 'Catra mumbled with her mouth filled with pizza, she continued to chew as Adora sat down on the bed

next to Catra.

Adora looked at Catra with a raised eyebrow, a smile on her face. 'Are you enjoying the pizza?

Catra swallowed the food in her mouth before nodding quickly, a wide grin spread across her face. 'Have you tried this? It's actually the best pizza I've ever had. 'Catra said, grabbing a slice of the pizza to give it to Adora.

Adora took the slice, she glanced down at it before looking up at Catra. 'I mean, I have eaten it before, but I'm not the one to turn down delicious pizza. 'Adora said before taking a big bite from the slice in her hand. Catra was just watching Adora, her eyes filled with love and admiration. Adora closed her eyes as she savored the taste before opening them up again, her eyes wide as she noticed Catra staring at her. Adora began to blush, she swallowed the food in her mouth and put the slice back down into the box.

'Uh, Catra... 'Adora started, she grabbed a napkin that Catra had on the bed and wiped her fingers. Catra's smile dropped slowly as she noticed Adora's more serious face, clearly noticing that the moment was gone now and something was about to be said. 'What happened to you? Adora asked, looking at Catra with furrowed eyebrows.

Catra let out a sigh, she shook her head slowly and looked down, she couldn't really face Adora right now, but this was bound to

happen. 'W ell, I- A lot happened, I guess. I did some things to the Horde, I killed some important people there, and I- '

Adora knew that she really didn't want to hear it, but she had to. She has feelings for Catra, she is a murderer and a criminal, but Adora tried so hard to find some good in Catra. She knew that Catra did most things for Adora's sake, at least that's what Catra has been telling her. 'Please, Catra, tell me everything. '

Catra let out another sigh, she lifted her gaze to look into Adora's eyes, hoping that Adora would see the truth, that she would believe and trust Catra... Forgive her... 'I killed my uncle, Adora, because he was threatening my legacy, I killed Rogelio because he wanted to kill you, I told you about Glimmer because I found out she was your friend. And after all that, my mother found out, somehow. So she did what she did best, she tried to erase my existence for the company, for the betrayal. '

Adora let out a shaky breath, Catra got shot because she did it all for Adora. Well, except for her uncle. That was selfish, evil and- Adora let out a soft cough, she could feel her eyes tear up and she didn't want to cry right now. 'Did you take care of your wound when you woke up?Adora asked, her hand reaching down to lift Catra's hoodie to see the wound. Catra's hand immediately wrapped around Adora's wrist, holding her hand in place as she stared at Adora.

Adora lifted her head to look at Catra, confused on why Catra wasn't letting her lift the hoodie. Catra was just quiet, staring between Adora's blue eyes before slowly leaning forward. Adora's eyes widened slightly and she pressed a hand against Catra's chest,

stopping her from moving any further. 'Adora... 'Catra whispered, biting her bottom lip. Fuck, she really wanted to kiss Adora, and honestly, Adora wanted to kiss Catra. But...

Adora closed her eyes, she leaned her forehead against Catra's and let out a shaky sigh. 'This wont end well for us. 'Adora whispered, her other hand dropping down from Catra's chest to rest on Catra's thigh instead. Adora slowly blinked her eyes open, and their eyes met, it was intense and so right.

'Maybe not. 'Catra whispered back, her eyes staring into Adora's soul. Catra raised a hand to tuck some hair behind Adora's ear . 'But wouldnt it be a shame to waste it?

A desire surged through Adora's body , the way Catra's finger brushed against her cheek when she tucked the hair behind Adora's ear. The way Adora's fingers flexed on Catra's thigh and Adora couldnt help but to surge forward to catch Catra's lips upon her own. Catra quickly got into the rhythm, kissing Adora back with the same force and love that Adora kissed her. There it was, why did it always feel so right? So perfect? All the questions in Adora's head disappeared when she tasted Catra's lips, when she felt Catra's warm hands on her.

Catra grabbed onto Adora's hips and pushed her body onto Adora's, causing the blonde girl to lay down on the bed properly as they kept on kissing. Catra's hand pushed the pizza box down to the floor , forgetting all about it as they kept going. Adora let out a shaky sigh against Catra's lips, her hands moving up and down Catra's back as Catra settled her knees between Adora's legs. Adora moved her

hands down Catra's sides and then Catra let out a quiet whimper. Oh, right, the wound... Catra didn't stop kissing Adora, but Adora pulled back from the kiss and stared up at Catra with wide eyes.

'Shit, your wound... I forgot.' Adora whispered, Catra was just staring down at her with lustful eyes.

'I don't care.' Catra whispered before leaning down to kiss Adora's neck. Adora leaned her head back, she closed her eyes and bit her bottom lip as her hands rested on Catra's shoulders.

It felt so good right now, the way Catra was kissing her neck, nibbling and licking in places that drove Adora crazy, but the wound... Adora blinked her eyes open and pushed Catra back, causing the brunette girl to let out a quiet whine and pout down at Adora with a sad expression. Adora smiled up at Catra, she reached a hand up and caressed Catra's cheek gently. 'But I do, so... As much as I love this, you need to relax.'

Catra let out a soft groan before rolling off Adora, laying on her back next to the blonde girl. A soft smile spread across Catra's lips as she glanced at Adora through the corners of her eyes. Adora bit her bottom lip, she rolled onto her side and pressed her chest against Catra's arm. Catra turned her head to the side, she looked at Adora and let out a soft sigh. 'You are driving me crazy, Adora Grayskull.'

Adora rolled her eyes, she slowly circled her finger over Catra's clothed chest and glanced down to watch her finger, blushing at

Catra's words. 'Y ou probably tell that to all girls you are sleeping with. '

Catra's smile dropped slightly , she furrowed her eyebrows. No, that wasn't true at all. She hasn't ever felt this way about anyone before, she never knew what love was supposed to be. Catra pressed a finger under Adora's chin and lifted her head so that Adora would look at her. 'No, I don't. Adora, I'm in love with *you.* '

I love you.

Adora's heart was pounding against her chest, the more she heard those words, the bigger her worry became. It was so hard to believe that this would work, but what if Catra's the love of her life? What if she loses everything if she lets go of this? After her father's accident, Adora hasn't really felt in peace. Always something that made her worried, scared or angry. But laying here with Catra, it all went away. She was in peace, she was calm and happy. Adora stared up at Catra with wide eyes before leaning up to place a soft kiss on Catra's lips. 'I'm in love with you too. '

Catra's smile returned to her face, she turned her head to look up at the ceiling as she wrapped an arm around Adora, holding her close to her own body. 'How was work?

Adora let out a sigh, she rested her head against Catra's shoulder and closed her eyes as she kept circling her index finger on Catra's chest. 'It was alright, I guess. They put me on desk duty , given the

recent... Well, the things that have happened lately. Micah didn't want to put me on field, he worry about me. '

'Micah... He is the chief of police, right? And Glimmer's father?' Catra asked, furrowing her eyebrows as she glanced down on Adora's finger. Is she... Is Adora drawing a heart?

Adora nodded slowly on Catra's shoulder, she let out a sigh. 'Yeah, and he was my father's best friend. He has taken care of me every since the accident. '

Catra bit her bottom lip, the guilt is eating her up again. She looked up at the ceiling and furrowed her eyebrows. Was she supposed to apologize again? What if Adora tells her to leave again? What if she messes this up? But still, she needed to tell Adora how sorry she was. 'Hey, Adora, Im really sorry for what happened to your father. '

Adora blinked her eyes open, she lifted her head to look at Catra with such a calm gaze. Adora lifted her hand, she caressed Catra's cheek before pressing her hand to turn Catra's head to look at her. ' Listen, I know that you feel guilty about this, and Im sorry I kicked you out last time you apologized. But none of that was really your fault. I know that now. 'Catra wanted to cry, she even teared up a little. Did Adora just forgive her? You don't need to apologize, you were just a child when it all happened. But Catra... '

Adora let out a sigh, she ducked her head down to avoid Catra's gaze. 'Adora, what is it?' Catra asked, curious on what Adora had to say next.

Adora lifted her head again to look at Catra, her eyes changed and they were now determined, sure on what to do next. 'Im going kill your mother for what she did to my father. '

Catra could feel her heart skip a beat, she bit her bottom lip and looked away from Adora. Adora was planning to kill her mother, and with every right too. But was Catra just gonna watch it all happen? Should she stop Adora from going that far? Should she stop her mother's inevitable death? Either Catra lose Adora... Or she will lose her mother... There is nothing to do about this, she couldnt stop it from happening. But she could decide what she would do, and she has decided to fight for the person who makes her happy, the person that makes her want to be better. Catra turned her gaze to look back at Adora, a small smile spread across Catra's lips.

'Then Im with you. Every step of the way . '

Adora let out a deep breath she didnt know she was holding, she looked down at Catra and slowly leaned in to kiss Catra softly on the lips. Catra closed her eyes, returning the kiss as her heart beat faster against her chest. Yes, this was it. She never wanted to lose the feeling Adora gave her whenever she kissed her, whenever she looked at Catra.

Just as they were kissing softly , their lips lingering on each other, they could hear the doorbell and Adora slowly pulled back from the kiss, a faint blush on her cheeks as she looked down at Catra. 'Let me just get the door. 'Adora whispered, her eyes glancing down to Catra's lips before averting her gaze back to Catra's heterochromatic eyes.

'Expecting someone, princess?Catra smirked up at Adora, causing the blonde girl to roll her eyes and get up from the bed with a smile.

'Not really , and it can't be Glimmer or Bow . They usually text or just barge in. 'Adora said, making her way to the bedroom door . Catra grinned widely, she quickly got up from the bed and jogged after Adora as the blonde girl left the room. Adora could hear Catra's footsteps behind her, and Adora couldn't help the smile that spread across her lips. When Adora reached the front door, Catra quickly wrapped her arms around Adora's waist and kissed her cheek, causing Adora to let out a soft giggle as her hand grabbed onto the door handle of the front door.

'No, wait, don't open the door . Maybe it's an emergency and you need to leave me alone in this apartment. 'Catra mumbled as she kissed down to Adora's neck, a soft smile on her lips.

Adora bit her bottom lip and smiled, she rolled her eyes. 'Don't worry, okay? I will just say that I'm sick or something. 'Adora turned around in Catra's arms and wrapped her arms around Catra's neck, pecking her lips with a soft kiss. 'Hide in the kitchen, okay?W e can't let anyone see you in here. It might be Micah. '

Catra pouted and unwrapped her arms from around Adora's waist. 'Fine, but you promise you won't leave?

Adora lifted her hand to caress Catra's cheek gently, she shook her head and whispered, 'I promise. 'And at that, Catra smiled softly and nodded before walking to the kitchen.

Adora let out a soft sigh, her smile dropping slowly as she turned to face the front door. It could be Micah, and what if Glimmer or Bow told someone about them. They wouldn't, right? They are her best friends, and even though they didn't exactly approve any of this, they would never betray Adora like this. Adora took a deep breath, she closed her eyes before opening them up again, gaining all her courage as she opened the front door. And to her surprise, no one was there. Adora furrowed her eyebrows, she looked towards both sides of the hallway before her focus dropped down and she stared at a box in front of her door.

It was a brown box, not that small, but not that big either. There weren't any adress on it nor a name. Adora slowly crouched down to pick up the box, her heart pounding in her chest as she walked back into the apartment, closing the door slowly behind herself.

'Adora? Catra called out, clearly uncertain why she hasn't heard any noises except for the door since she left Adora alone. Adora slowly walked into the kitchen, her eyes fixated on the box and Catra furrowed her eyebrows as she watched Adora place the box on the table. 'What you got there?

Adora shrugged, she lifted her head to look at Catra before looking back down on the box. 'I have no idea. I just found it in front of the door, someone has left it there. '

Catra looked at the box, she walked to stand next to Adora as they both stared at the box. Catra then shrugged, she reached her hands forward to open up the box. And that's when Adora's hand grabbed onto her wrist, stopping her from opening it. Catra looked at Adora with wide eyes, she didn't understand why Adora just stopped her . ' What?

Adora looked at Catra with wide eyes, shrugging lightly. 'What if there is a bomb in there?

Catra raised an eyebrow at Adora, she glanced down at the box before lifting her gaze to Adora's face again. 'And wouldn't it be better to find out? I mean, if we open the box and there is a bomb, then we will just figure out how to disarm it or you know, get it somewhere more safely. And if it's not, then we will know . '

Adora glanced down at the box, she knew that Catra was right. It would be better to find out if there's a bomb, and then they will know what to do with it. Adora let out a sigh, she looked at Catra and glared slightly before nodding. 'Do it. '

Catra nodded once before looking down at the box, she slowly opened it and both the girls let out a loud gasp when they noticed

what was in there. A bloody, severed hand. Both Catra and Adora stepped back, shocked and horrified at the sight in front of them. Their eyes were wide, and Adora could feel herself wanting to throw up, the smell was disgusting and the sight... 'Oh my god, Catra, it's... '

'I know . 'Catra whispered, she took a step forward to look more clearly at the hand. The hand was pretty pale, which was obvious, given the loss of blood and you know, a body that wasn't attached to it anymore. But Catra's heart stopped when she noticed something on the wrist, a small tattoo. A scorpion. Catra's hand immediately flew to her mouth, her face turning pale in shock.

Scorpia.

Catra took a step back, her heart was pounding too hard, it felt like she was going to die. Adora was just staring at her, it was really unclear to her why Catra is acting like this. 'Catra, what's going on? '

Catra's mouth was agape, she tried to say something, but nothing came out. She was still shocked, and she had no idea if this meant that Scorpia was alive or not. Either way, her right hand was gone, and it's all Catra's fault. Adora furrowed her eyebrows, she took a step forward and looked down into the box. There was a note next to the hand, and Adora took it. She glanced at Catra before unfolding the note.

Adora looked down at the note, she swallowed thickly before reading what it said. 'This is what happens to the people who loves you. But dont worry, my child, her death was rather painful. 'Adoras voice turned low when she read the last meaning, she qickly looked at Catra and she noticed that Catra was crying, tears rolling down her cheeks.

'She is dead. 'Catra was staring ahead, her eyes were red and tears didnt stop rolling down her cheeks. Catra didnt make any sounds, she was just... Heartbroken. It felt like her heart has been ripped out of her chest and all of this is her fault, Scorpia is dead because of Catra. And thats what happens to the people who loves her. The Horde knew that Catra was here, they know that Adora is hiding her and they will kill Adora for this.

Adora dropped the note on the floor and qickly wrapped her arms around Catras shoulders, hugging her tightly against her chest. Catra couldnt help but to hug Adora back, she buried her face against Adoras shoulder, she closed her eyes tightly and then it all began, she immediately started to sob loudly and it hurt so bad. Adora held onto her, the blonde girl could feel her own eyes starting to well up with tears, and she closed her eyes tightly as a few tears rolled down her cheeks. It hurt Adoras heart to see Catra like this, and she figured out that it was Scorpia, given the tattoo that Adora has seen a couple of times before.

Scorpia is dead.

She is dead.

She is dead because she was loyal to Catra.

Catra could hear the voices in her head, she could feel her heart break over and over again. That one word, that one word she has been calling herself for years, more so recently. That word that tore open her flesh, that broke her heart, that made her lose every inch of humanity she had left. That word... Something she could never fix. That one word... Something that she deserved.

Monster .

Catra was crying, for what felt like hours by now. Her heart breaking over and over again, because her best friend is dead. And it's all because of her. It's her fault. Adora has been trying to comfort Catra, shedding a few tears along with Catra, holding her body against her own as Catra kept shaking, kept sobbing. Yes, Catra has been crying, mourning. But her feelings changed through the tears and now all she could feel was anger towards the Horde.

Catra pulled back from Adora's arms, she wiped her tears and started to pace the floor in the kitchen. 'She is dead. 'Catra stuttered, her voice was low and she was so tired. She closed her eyes tightly, and balled her fists by her sides. Adora was just watching her, her own eyes were red and puffy. And she had no idea what to tell Catra to make everything better right now. Catra opened her eyes again, she stared at the wall and quickly glared at it before punching the wall hard. 'She is dead!'She shouted loudly , her hand aching because of the blow.

Adora lifted a hand to cover her mouth, shocked to see Catra so angry and hurt at the same time. She needed to be there for Catra, she needed to comfort her. 'Catra, please, I know you're sad and... Please, just don't hurt yourself. 'Adora said, taking a step closer to Catra.

Catra looked at her, she was still glaring brutally. This time, she was glaring at Adora. 'I don't care right now , Adora. Scorpia is dead, and I'm gonna make my mother pay for what she has done. '

Adora shook her head slowly, she was disagreeing to Catra's plans right now. It wasn't the right time to plan a revenge attack, even though Adora could understand, better than anyone. 'Catra, please, you're not exactly in top shape to do anything right now . Your wound- '

'I don't care!' Catra shouted, still glaring. Still angry . Still hurt. 'I don't care, Adora. Scorpia lost her life because she protected me, because she was loyal to me. 'Adora was staring at Catra, her eyes wide in shock that Catra was raising her voice at her like that. Adora didn't mean anything bad by it, she understood where Catra was coming from, but this could be the end of everything.

Adora let out a sigh, she took another step closer until she stood face to face with Catra. Adora reached forward, grabbing Catra's hands in her own. 'I understand, Catra, I do. But we need to be smart about this, we can't just rush into battle like this. W e need a plan. '

Catra let out a sigh, she relaxed her body and stared at Adora as a few tears rolled down her cheeks. 'I dont know what to do. 'Catra closed her eyes again, she ducked her head and shook her head slowly. 'She wont come back. She is gone. '

Adora cupped Catra's cheeks in her hands and slowly lifted the brunette girl's head, causing Catra to blink her eyes open and stare into Adora's ocean blue eyes. 'W e will figure something out, okay? Trust me on this, Catra. She wont get away with it. '

Adora leaned her forehead against Catra's, both girls were closing their eyes and Catra slowly wrapped her arms around Adora's waist, holding her close.

'I lost her . 'Catra whispered shakily , the tears didnt stop and all she wanted to do right now was to stop crying.

Later that night, Adora rolled around in her bed, her mind still sleeping and as she threw a hand towards the other side of the bed, it felt empty. Like something was missing. Adora blinked her eyes open, she stared at the empty side of the bed with half-lidded eyes. Catra. Where is she? Adora furrowed her eyebrows, she slowly sat up and rubbed the sleep off her eyes. All she remembered is that she and Catra went to bed, where Catra was still crying against Adora's shoulder until they both fell asleep. And now Catra is gone.

'Catra?' Adora called out tiredly , she threw her legs off the bed and stood up. Maybe she has gone to the bathroom or something. Adora looked towards the bathroom in her bedroom, and no, the lights were off and the entire apartment was quiet. Adora's eyes drifted away to her nightstand,, where she usually kept her gun and it was gone. Oh no... Adora's eyes quickly widened when she realized that Catra has probably gone after her mother by now. Not caring about her pyjamas, Adora quickly ran out of the bedroom and to the front door where she grabbed a jacket and quickly left the apartment to catch up with Catra.

With Adora's luck, Catra was barely out of the building when Adora caught up with her. 'Catra, stop!' Adora called out for Catra, and Catra stopped right on her tracks. She didn't turn around to face Adora, she just stopped and ducked her head.

'I'm going, Adora, and please, just- ' Catra let out a sigh, she closed her eyes and inhaled deeply before exhaling. 'Don't try to stop me. '

No, that's it. Adora wasn't trying to stop Catra, because she knew , no matter what she did, Catra will do this. Despite Adora's warnings, despite the odds against her, Catra will kill her mother and she will think about the revenge every day until she does. Adora knew what it felt like to be consumed by the thought of revenge, it could ruin your way of living, stop you from being truly happy. So Adora took a step forward, and another, and another... Until she reached Catra's hand and interlocked their fingers together.

Catra slowly lifted her head, she slowly turned around to face Adora with furrowed eyebrows. Adora smiled slightly at Catra, she took her

other hand and tilted her head slightly to the side. 'Im coming with you. '

Catras eyes widened slightly before she shook her head. 'Y ou dont have to do... '

Adora took a deep breath, she reached a hand up and caressed her index finger against Catras jaw . 'I dont approve any of this, but there is nothing I can say that will make you forget about revenge. And there is no way youre doing this alone. 'Adora cupped Catras cheek gently, causing the other girl to lean into the touch with her eyes closed.

'Adora- 'Catra whispered, she blinked her eyes open to stare at Adora. This dumb cop is ready to risk it all for Catra, maybe she does have her own agenda, but she didnt have to do it tonight.

'Wherever you go, I will always follow . 'Adora whispered, she leaned her forehead against Catras and both the girls locked eyes, it was always like staring into the other persons souls and all Catra could see was Adoras pure, kind and perfect soul. It always made Catras heart flutter against her chest, her breath stopping like all the air disappeared from her lungs, but somehow, in a way, she would always survive as long as she has Adora with her.

'It will be dangerous. 'Catra whispered, biting her bottom lip as she stared into Adoras blue eyes, drowning in them.

Adora let out a slight chuckle, she took a step back and shrugged. 'I live for the danger. 'She said, causing the corners of Catra's lips twitch upwards, she wanted to smile, but her heart was too heavy right now. 'Just let me get my stuff, okay?'

This is it, Adora and Catra drove to Horde Industries with the car that Adora's dad left for her when he wasn't able to drive anymore and they were currently standing in front of Horde Industries, which was password protected. It was always better than having keys for the doors, always safer. Adora managed to find two bulletproof vests in her closet along with a handgun, so she and Catra would have one each. All of this was terrifying, but both the girls were determined to get some justice for the pain Shadow Weaver has caused upon them both.

Adora looked over at Catra, she pulled her gun out of her holster and placed her other hand on Catra's shoulder, causing Catra to look at Adora with furrowed eyebrows. 'Are you sure about this?'

Catra took a deep breath, she looked towards the large Horde building and then she nodded. Yes, she was sure, and she was happy to have Adora right next to her right now. Because even though Catra would never admit it, she was terrified right now. ' Yeah, let's do this. '

Adora nodded once before gripping the gun handle with both hands, she looked towards the building with a slight glare. 'Do you know

any secret passages?Adora asked, glancing at Catra before averting her gaze back to the building as both of them slowly started to walk, both holding their guns in their hands.

Catra looked around the building, unsure if she should use the secret passage they have behind the building. She wasn't sure if anyone was guarding it, even though it's late at night. Shadow Weaver usually kept all around watch, in case someone does anything like this. 'There is one, but I'm not sure if we should use it. It could be guarded, but yet again, it could be Kyle that guards it and he is- ' Catra let out a sigh, she kinda did miss Kyle's stupid face right now .

'Let's try it. 'Adora said, glancing up at the cameras by the front door. 'There are cameras there, and I'm guessing that's an all around watch too. 'Catra nodded at that, she glanced up at the cameras before looking at the corner of the building.

'Yeah, let's take the secret passage. Come on. 'Catra said before waking her way towards the corner of the building to walk around it. ' There is a dead spot, where the camera can't see us. 'As they walked to the back of the building, both the girls had their hoods on in case someone saw them and Catra managed to put in the password for the secret passage, and to her surprise that her mother didn't change it, the door clicked open and Catra grabbed onto the door handle to open the door more widely so she and Adora could slip through it.

They were inside now, and Catra could feel her heart pounding against her chest. Adora was breathing heavily, she tried to keep steady and there were no guards behind that door. It was completely

empty and quiet, something felt entirely wrong. Adora furrowed her eyebrows, she looked around as they kept walking silently through a large hallway. They turned their heads to make sure no one caught them by surprise, but it was still empty.

'My office- 'Former. 'Is that way. Come on, let's- I need to find something there. 'Catra whispered, Adora nodded and followed Catra wherever she went, still looking around for anything.

Their guns were loaded as they walked through another hallway, towards Catra's former office. Adora turned her back towards Catra, watching their surroundings as Catra opened the door to the room. When Catra walked into the room, Adora walked backwards with her and closed the door behind them. Both the girls lowered their guns and Catra quickly walked to her desk to open a drawer, where she retrieved her own gun.

'What's that?' Adora asked, walking closer to the desk as she watched Catra pull out a golden Glock, causing Adora to raise an eyebrow at Catra as the other girl smiled down at her gun. 'A gun. You came here because you wanted to grab a gun.'

Catra looked up at Adora with a offended expression on her face. 'It isn't just any gun. It's my baby.' Adora rolled her eyes at that, clearly getting a little annoyed that Catra was risking it all because of a stupid gun.

'Let's just- Do you know where your mother's of fice is?' Adora asked, looking around the room. It was a really nice room, almost as big as Adora's living room. It had a large desk, a glass cabinet with different types of expensive alcohols, a few paintings on the wall and then there was a door there, where Adora couldn't exactly see in.

'Y eah, it's on the fourth floor, we can take the elevator.' Catra said, still looking down at her gun before putting it into her holster. She raised her gaze to watch Adora's eyes glued towards the door to her bedroom. 'That's my bedroom.' Catra said, causing Adora to look at her before looking back at the door.

Adora let out a sigh, she looked at Catra and gestured her head towards the door to the hallway. 'Alright, let's get the job done.' Adora turned around to leave along with Catra until they heard a mocking laugh coming from Catra's bedroom, stopping both the girls on their tracks and Adora quickly raised her gun towards the bedroom door.

Catra was just staring at the door, the gun she got from Adora was raised and she slowly glared as a person stepped out of the bedroom door. Catra's eyes widened, she slowly dropped her gun as she stared at the person. 'DT?'

Double Trouble let out a soft chuckle, she leaned against the doorframe and crossed their arms over their chest. 'W ell, well... The lost kitten has finally returned home.' Adora was still glaring at the person, she refused to lower her gun despite Catra's reaction to seeing her. Adora remembered the person from the masquerade ball.

'What are you- 'Catra shook her head, she walked closer to Double Trouble, causing the other person to stand up more firmly. ' Listen, Scorpia is dead. Shadow Weaver, she- '

Double Trouble let out another chuckle, their grin was wide and almost lizard-like. Adora felt almost uncomfortable by it all. 'I know . Who do you think told Shadow Weaver about it all?

Catra's heart stopped, her eyes were wide and she looked absolutely confused and betrayed by Double Trouble's actions. ' What are you saying? You told Shadow Weaver? Catra shook her head slowly, still unsure what to say about this. 'How did you know? '

Double Trouble rolled their eyes before shrugging lightly, they slowly began to walk circles around Catra. 'I overheard you and Scorpia talk about it. I just knew that I had to report it to the boss. 'And then they stopped in front of Catra, their grin still plastered on their face.

Catra glared brutally at Double Trouble, she grabbed onto the collar of their shirt and roughly pushed them back against the wall, causing them to let out a loud whimper. 'Scorpia is dead because of you!' Catra shouted at their face, still glaring brutally. Adora took a step forward, she wanted to stop this and tell Catra that this wasn't what they came here for.

Double Trouble looked at Catra with a grin, they raised their hands and pushed Catra back, causing the other girl to stumble back and let go of Double Trouble's shirt. 'No, Catra, she is dead because of you. '

Catra's glare softened, they weren't wrong. If Catra didn't betray the Horde, Scorpia would've been alive now. 'Why did you do it? Catra whispered, she looked at Double Trouble with a betrayed expression.

'Don't act so surprised, Catra. You know I always play for the winning team. 'Double Trouble said with a raised eyebrow, they glanced at Adora and started to smile creepily. 'As soon as I realized that you were falling in love with our cop over here, I had to be careful. 'Double Trouble looked back at Catra, their finger slowly moved down Catra's chest. 'The way you came home and fucked me, and then- 'Adora furrowed her eyebrows as she listened to Double Trouble. 'Kept moaning her name. '

Adora could feel herself blush at that, she started to glare brutally at Double Trouble, her finger pressed against the trigger in case it needed to come down to that.

'Stop... 'Catra whispered, shaking her head slowly.

Double Trouble pouted playfully, they tilted their head slightly to the side. 'Was it the hair?

'I said stop!' Catra shouted, she pulled out her gun and pointed it towards Double Trouble's forehead, glaring brutally at the teasing person.

'Catra, stop it. 'Adora said, taking a step forward until she was able to put her hand on Catra's shoulder. 'This wasn't what we came here for. 'Catra was locking a glare with Double T rouble, the gun was right there and all Catra had to do is pull the trigger. She hated that Double Trouble could see right through her right now, they knew that Catra wouldn't do it. Her moral was standing right next to her, a hand on Catra's shoulder.

Catra let out a groan, she put down her gun and looked away. ' You're lucky, DT. I'm not here for you. 'Catra whispered before turning around to walk away, Adora was following Catra.

'Good kitten, run along now. 'Double T rouble said with a grin, and Adora couldn't take it anymore. She turned around and threw a hard punch across Double Trouble's jaw, causing them to fall down and lose their consciousness. Adora glared down at Double Trouble, and Catra was staring at Adora with wide eyes, shocked that Adora just punched Double Trouble.

Catra stared at Adora with wide eyes until a wide grin spread across her face. 'W ow. 'Catra said, blushing slightly. Why was that kinda hot?

Adora let out a sigh, she turned around and walked past Catra with a smug smirk. 'That nickname annoyed me. Come on now . '

Catra followed Adora with her eyes, her heart fluttering as she kept blushing. 'Y es, ma'am. 'Catra whispered before following Adora.

Why was this place so empty? The only one they have seen was Double Trouble, and other than that, no one else. It was weird, but it was easy. Maybe too easy. They walked until they arrived to Shadow Weaver's of fice door. Adora slowly opened the door whilst Catra aimed her gun, ready to take down anyone for Adora. Adora looked at Catra behind her shoulder, Catra gave a small nod, and then Adora pushed the door open. She quickly raised her gun as she noticed Shadow Weaver standing by a large window, looking out towards the city.

Catra closed the door behind herself and raised her gun at her mother. 'Shadow W eaver. 'Catra said, causing Shadow W eaver to lift her head, but still not turning around.

Adora was standing face to face with the woman who ruined her father, she tried to control herself from pulling the trigger right now. Both she and Catra had a lot to say, and she did not want to rush any of this. 'T urn around, hands where I can see them. 'Adora said, her finger hovering over the trigger.

Shadow Weaver turned around, she grinned widely and looked between Catra and Adora. 'W ell, what a nice surprise. Im glad to

see you back home, my child. 'Shadow W eaver said, looking at Catra with a creepy smile. Catra glared brutally at her mother, her finger over the trigger and her hand was slightly shaking. Shadow Weaver shifted her focus to look at Adora, still smiling creepily. ' Adora, what a pleasure to officially meet you. '

Adora glared at Shadow Weaver, she took another step forward. ' Trust me, youre gonna wish you didnt meet me. '

Shadow Weaver raised an eyebrow at Adora before letting out a dark chuckle, it was sending chills down Adoras spine. 'Y ou certainly caught your fathers cockiness, thats for sure. Even though you look more like your mother. '

Adoras glare became even more brutal at the mention of her father . 'Dont you dare talk about my father . '

Shadow Weaver folded her hands in front of her, she tilted her head to the side and smiled. 'How is he holding up? Ive always regretted that I didnt shoot more precisely to end his pathetic life. '

Adora let out a growl, she placed both her hands on the gun handle and was ready to shoot until Catras hand placed itself on top of Adoras gun, stopping her from shooting. 'Dont waste your bullets. ' Catra looked at Shadow Weaver, she took another step forward until she came face to face with her mother. 'This isnt real. '

Adora's gaze softened, she didn't understand what Catra meant until a small glitch appeared on Shadow Weaver. Adora's eyes widened, she lowered her gun and stared at Shadow Weaver. 'It's a hologram. '

Shadow Weaver lifted her hands and started to clap slowly. 'V ery well done, both of you. I'm almost proud of you, Catra. '

'Y ou knew we were coming. 'Catra stated the obvious with a soft glare. She should've seen it all coming, the way the building was empty, the way Double Trouble didn't stop them from coming here.

Shadow Weaver shrugged lightly, she smiled smugly at Catra. 'I figured you'd come and seek revenge for Scorpia. '

'Y ou didn't have to kill her . 'Catra muttered through clenched teeth. She cursed herself for falling for this stunt.

'Oh, poor thing. 'Shadow W eaver said, turning around to look out through the window again. 'Kept trying to justify her betrayal with loyalty. She loved you, Catra, and considered you her closest friend. But you- 'Shadow W eaver let out a sigh, obviously a mocking one. ' Did you ever stop to think what would happen to her when you betrayed us?

'I'm gonna kill you. 'Adora muttered through clenched teeth. She could feel the anger run through her body, for the way Shadow

Weaver speaks to Catra, for her father.

Shadow Weaver smiled, she looked out before turning around to face the girls again. 'Not before I kill you. 'Shadow W eaver's hologram disappeared.

The door clicked shut, both Adora and Catra turned around to face the door with wide eyes. Catra quickly ran to the door , she tried to open it, but in vain. The door locked and Catra banged her fists against the door. 'Y ou fucking bitch!'Catra shouted at the top of her lungs.

They were trapped.

Adora stared at Catra with wide eyes until a noise made her shift her focus to the vents. She furrowed her eyebrows and narrowed her eyes to look clearly into the vent. Is that- Adora's eyes widened as she noticed green fog coming out of the vents. 'Catra. 'Adora called out, causing Catra to avert her gaze to look at what Adora was staring at.

Catra's eyes widened quickly , she noticed what it was the second she laid her eyes on it. 'Adora, cover your mouth!Don't breathe it in! 'Catra said before covering her mouth with the collar of her shirt. Adora quickly did the same, she looked around the room with wide eyes and tried to figure out what to do before the toxic gas kills them.

Adora's eyes shifted until she looked at the window and she quickly walked over to it to look down. They were about four floors up, and there was truck outside. It could tamp their fall, and Adora considered Catra's wound, but they would die if they stay here. Adora looked back at Catra, and Catra was looking around the room, trying to figure out what to do. 'Catra, we need to jump!' Adora shouted, Catra stared at Adora with wide eyes.

'Are you crazy?! We are going to die!' Catra shouted back, she walked closer to Adora. She glanced at the window before looking back at the blonde girl.

'We are going to die if we stay here! We can do this! There is a truck down there, it will tamp our fall and we might survive this!' Adora shouted back, the room was filling up with the toxic gas and they didn't have much time.

'Adora-' Catra shook her head slowly, she pressed the shirt harder against her mouth and nose. She wasn't sure about this, but Adora was right. They are going to die either way, at least fought.

'We can do this.' Adora said, she grabbed onto Catra's hand in her free hand and both the girls turned to face the window. Adora looked at Catra, she was still covering her mouth with her shirt. 'Together.'

'On three.' Catra said back, she looked at Adora before they both stared at the window.

'One. '

'T wo. '

'Jump!'

They ran towards the window, and Adora used her shoulder to smash the window, sending both the girls out through the window with their eyes closed. They were screaming, and midair, Adora wrapped her arms around Catra, pressing her against her chest and covering her head with her arms. They landed on the truck, Adora's arms kept Catra's head safe and they both let out a groan.

Adora opened her eyes quickly , she felt so much pain on her shoulder where she landed, but she didn't have time to cry about it. They needed to get out of there, now. 'Come on!' Adora shouted, she quickly grabbed onto Catra's hand and pulled her up before jumping down the track. Catra let out a whimper, she pressed her hand against her wound as they ran towards the car. It didn't work. They fell right into a trap and it's all Catra's fault. Adora was right, they should've thought this through. Catra could feel the tears threaten to come out, but she tried to push them back down again.

When they arrived back home again, Adora was already forcing Catra to sit down so she could patch her wound again. They didnt speak, they didnt say anything at all. It was qiet, and both of them felt like failures right now. They didnt think this through, and they almost died in the process. Was it worth it?

Catra looked away as Adora finished taking care of her wound, Adora let out a sigh and stood up from the floor. 'Im gonna take a shower. 'She whispered before making her way to the bathroom.

Catra qickly stood up and grabbed onto Adoras arm, stopping her right on her tracks. 'Adora, Im sorry . 'Catra whispered, she did feel guilty for all of this.

Adora turned around slowly to face Catra, she bit her bottom lip and shrugged. 'Nothing to apologize about, Catra. Y ou didnt know that this would happen. '

'It doesnt change the fact that you almost died because of me today. 'Catra whispered, she let go of Adoras arm.

Adora shook her head slowly, she furrowed her eyebrows as she looked at Catra with confusion. 'I chose to come with you, it was my choice. '

'Adora- 'Catra looked at Adora with a sad expression. 'They know where you live. They know Im here. 'Catra said, hoping Adora

would understand what she meant by it.

'Ill be fine, Catra. Dont worry . 'Adora said with a slight smile, she reached a hand up and caressed Catras cheek. 'Lets just sleep for tonight, and we will figure out a plan. A good one. '

Catra leaned into the touch before sighing. 'Thats the thing. Is it worth it? Adora dropped her hand, she tilted her head slightly to the side and furrowed her eyebrows. 'Lets just- Lets disappear , you and I. Ive a lot of money in my account which my mother cant touch, and we could get a nice apartment in another country, and live our lives without all of this. '

Adoras eyes softened, she took a step back and rubbed her shoulder. 'Y ou mean- We are just going to give up?

Catra shook her head qickly , she reached forward and grabbed onto Adoras hands in her own hands. 'No, no... Its not giving up, I just- I almost lost you today, and I just dont see revenge as a good reason to lose you. '

'Thats basically giving up, Catra. Im doing this for my father , just as you should be doing this for Scorpia. 'Adora said, glaring slightly at Catra. 'Y oure asking me to be selfish, you are asking me to leave my duty behind, to leave my father behind. '

Catra groaned, she tilted her head back and rubbed her palms over her face. She could feel the frustration grow. 'What does it matter , Adora!? They are gone, and they are not coming back!' Catra glared back at Adora again, she was just speaking out of frustration, honestly.

Adora shook her head slowly, shocked about the words that are slipping out of Catra's mouth. Adora balled her fists against her sides, she could feel her own anger building up. 'Y ou know what, if you want to run away like a coward, do it. Im here to fight for what I believe in, for the people I love. 'Adora turned around to leave, a frustrated sigh left her lips.

Catra watched Adora walk away with wide eyes, and the thought of losing Adora just came back, but in another way. Catra quickly made her way to stand in front of Adora, she grabbed onto her hands and shook her head. 'No, no, wait... Adora, please, see where Im coming from. Can you just drop that righteous state of mind and- '

Adora glared at Catra, she quickly pulled her hands back. 'I cant believe you. Just one mishap and youre already giving up. I thought you loved Scorpia, cared for her. '

Catra stared at Adora, her eyes tearing up. 'Im a selfish person. You knew that when you got to know me. '

Adora let out a scoff before her eyes softened, she crossed her arms over her chest and shrugged lightly. 'Maybe I thought you would

change. '

Change? Catra looked between Adora's eyes, and those blue eyes were filled with anger and disbelief. Catra didn't know what to do, she didn't know what to say right now. But she was selfish, always has been. She can't lose Adora, not for those who are already dead. Not even for the living.

'Im- 'Catra wanted to say something, but she couldn't right now. The way Adora was looking at her, she has never seen Adora look at her like that before.

'Im not turning away when people need me, Catra. Im going to kill her, with or without you. 'Adora said before walking past Catra, her own tears filling up in her eyes. A tear rolled down Adora's cheek, and she quickly wiped it away with the back of her hand. She could feel Catra's gaze upon her, but Adora didn't turn back. She couldn't look at her right now, she couldn't really believe that Catra was ready to give it up. After one failure.

Adora's heart was breaking, she knew what Catra meant by everything, but still, for those she loved, Adora was always willing to cross the line, to sacrifice for the sake of her loved ones. She has devoted her life to make Shadow Weaver pay for what she has done to Adora's father, and that wouldn't change.

Not for herself.

Not for Catra.

Not for anything.

When Adora woke up the next morning, she felt like shit. She didn't get a blink of sleep tonight, rolling around the bed, changing the sides of her pillow over and over again. Catra never returned to bed, but Adora did hear Catra in the living room, and she slept on the couch. They had a small argument last night, and Adora knew that Catra was right. She was just frustrated that she didn't turn back around when they arrived at Horde Industries. She felt it in her guts that something was wrong, everything was wrong. But she was too consumed by revenge, and she was so close to get what she wanted.

She couldn't turn back around.

Adora got up from the bed and put a morning robe on, it was kinda chilly today and she always wore a tank-top and shorts to bed. She walked out of the bedroom, and her eyes glanced over to the couch in the living room. Yeah, it did look like someone slept on it. With the blanket, and a pillow. But where is Catra? Adora let out a quiet sigh, and made her way to the kitchen to grab a cup of coffee. She didn't work today, given that she told Micah yesterday that she would go home because she wasn't feeling well. This is her punishment now.

To Adora's surprise, and relief, Catra was standing in the kitchen by the stove. She has yet to notice Adora walking in, and Adora watched Catra stare at two eggs and bacon that was lying on the kitchen counter. Adora furrowed her eyebrows when Catra then pressed her palms against the surface of the counter and glared down at the eggs.

'Alright, listen up, you don't like me and I don't like you. Y ou don't want to be cooked and I don't want to cook. But we are in this together now, and you're gonna do what I tell you to do. 'Catra muttered through clenched teeth, Adora couldn't help herself and a snort escaped her. She covered her mouth quickly , and Catra turned around with wide eyes. 'Uh, Adora, good morning. 'Catra said and smiled awkwardly at Adora, she reached a hand behind herself and shoved the eggs and bacon right behind her so that Adora wouldn't see them.

Adora crossed her arms over her chest, she raised an eyebrow and smugly smirked at Catra. 'What are you doing?Adora asked, taking a few steps closer to Catra. The other girl was just staring at Adora with an awkward smile as she leaned back against the counter.

'Uh, nothing. 'Catra answered, she started to grin awkwardly . Adora crossed her arms over her chest, and smirked smugly at Catra.

'Y ou sure about that?

Catra stared at Adora with wide eyes before letting out a sigh, she dropped her shoulders and pouted. 'Fine, I tried to make some breakfast before you woke up, and you know, surprise you, but uh, yeah, I had a few complications. '

Adora let out a soft chuckle and shook her head. 'As much as I appreciate it, I dont really enjoy eating burned breakfast. 'Adora grinned widely at Catra, causing the brunette girl to let out a scoff and pushed Adora back gently with her hand. Adora let out a soft giggle before biting her bottom lip, staring at Catra with a soft gaze in her eyes.

Catra let out a soft scoff before rolling her eyes. 'Fine, princess, you might actually be funny. 'Catra said as she looked at Adora, she slowly started to frown and ducked her head to look down on the floor. 'I guess its my way to apologize for last night. 'Catra lifted her head to look at Adora, who was just staring at Catra with a small frown. 'Im sorry . '

Adora let out a sigh, she shrugged lightly. It wasnt entirely Catras fault, Adora didnt exactly do the right thing last night either. 'Im sorry too. 'Adora shrugged, she tilted her head slightly to the side. ' I guess I was just so frustrated that we walked into a trap, and the thing is I felt that trap coming as soon as we infiltrated Horde Industries. But I didnt let my gut feeling take control, and I guess I was just consumed by the whole revenge thing, and I was so close- ' Adora was babbling by now, she knew that. She wasnt very good with explaining her feelings, but she did her best.

Catra took Adora's hands into her own, causing Adora's eyes to look into Catra's heterochromatic eyes. Catra smiled softly at Adora, she reached a hand up and slowly caressed Adora's cheek gently with her palm. 'Look, the plan sucked last night, and we both were pretty angry. Im not giving up, but we need to be more careful, smarter if we are going to able to pull this off. '

Adora reached a hand up to place it over Catra's hand on her cheek, she closed her eyes and inhaled deeply. 'Dont sleep on the couch next time, it kinda sucked to sleep alone. 'Adora whispered before blinking her eyes open to look at Catra.

Catra smirked smugly at Adora, she wiggled her eyebrows. 'Did you miss me on your bed, huh?

Adora rolled her eyes, she wrapped her arms around Catra's neck and pulled her closer. 'Stop being overly cocky and kiss me. 'Adora whispered, she glanced down at Catra's lips before lifting her gaze back to Catra's eyes.

Catra wasted no time to crash her lips against Adora's, making the blonde girl let out a soft moan as both the girls closed their eyes. Catra's hands made their ways to Adora's hips, And Adora quickly jumped up to wrap her legs around Catra's waist. They kissed each other passionately, greedily. Catra then laid Adora down on the table without breaking the kiss, she climbed up on the table and slowly made her way to kiss Adora's neck. Adora let out a soft moan, she leaned her head back and her hands tangled themselves into Catra's hair.

'Iʼve missed this. 'Catra whispered against the skin of Adoraʼs neck, her hand slowly moving down to Adoraʼs lower abdomen.

'Me too. 'Adora whispered shakily , she bit her bottom lip. God, how she just wanted Catra to just fuck her right now, she wanted Catra to make her scream, cry out of pure ecstasy. But Catra was just kissing Adoraʼs neck, her hands moving to hold onto Adoraʼs hips as she nibbled, kissed and sucked on the skin of Adoraʼs neck.

Adora let out a soft whimper, she tilted her head back and turned to the side to give Catra more access on her neck. But something was bothering Adora, she kept hearing tapping and she blinked her eyes open as Catra kept ravishing her neck with her lips. Adoraʼs eyes widened as she noticed Glimmer standing by the door frame, her arms crossed, tapping her foot as she glared at Adora and Catra.

'Glimmer!'Adora shouted, and out of instinct, she pushed Catra of f her, causing the brunette girl to let out a scream and fall off the table to the ground. Catra let out a loud groan on the floor, her eyes closed in pain. Adora qickly sat up, she looked down at Catra with wide eyes, worried about her. 'Shit, Catra, Im sorry!'

Catra sat up from the floor before standing up, she rubbed her lower back and groaned. 'Itʼs fine. 'It was not fine, Catra could feel her annoyance building up. Whatʼs wrong with these people?

Adora qickly looked at Glimmer , she was blushing furiously. ' Glimmer, what are you doing here?Adora asked, she slowly got up from the table and rubbed her arm nervously.

'I came over to ask you if you'd like to grab some breakfast with me before Im going to work, but it seems to me that you two were pretty busy. 'Glimmer said, raising an eyebrow at a blushing Adora.

'W ow, you seem to be very observant. 'Catra muttered through clenched teeth, almost too qiet for anyone to hear , but Glimmer did hear that.

Glimmer looked at Catra with a glare. 'And you seem to be feeling better. '

'I felt a lot better a few seconds ago, before you barged into this apartment like you owe this place. 'Catra said, crossing her arms over her chest and glaring at Glimmer. Adora just looked between them two with wide eyes, too embarrassed about this situation.

'Listen to me, Horde scum, Adora and I have barged into each other's space since we were kids, and it is not going to change just because you're here. 'Glimmer said, taking another step into the kitchen.

Catra's glare softened, she smirked smugly at Glimmer . 'If you want to join us, all you've to do is ask. 'Catra said, raising an eyebrow at

Glimmer.

'I- 'Glimmer said, ready to spurt out the next words more harshly .

'Guys, knock it of f. 'Adora said with a sigh, she looked at Catra and raised an eyebrow. 'Be nice. '

Catra stared at Adora before rolling her eyes, she looked back at Glimmer and sighed. 'W ould you like some coffee?

Glimmer smiled, it was kinda smug and Catra wanted to wipe that smug off her face. 'Y es, thank you. All black. '

Catra rolled her eyes before looking at Adora. 'And how do you like your coffee?

Adora smiled softly at Catra, she slowly sat down on one of the chairs around the table. 'A little cream and two cubes of sugar , thank you. 'Catra looked at Adora with a soft smile, she nodded slowly before turning around to make them all some coffee.

Glimmer made her way to sit down on another chair, next to Adora. She looked at her friend, a soft smile spread across Glimmer's lips. ' How are we holding up?

Adora looked at Glimmer with furrowed eyebrows, she wasn't really sure how she was going to answer this question. Honestly, she didn't want Glimmer nor Bow to find out about their little mission last night. She would probably get a lecture from Glimmer about being an idiot and not thinking things through before running into battle. So Adora did what she did best, she started to pretend. She smiled softly back at Glimmer and nodded. 'We are doing great, actually. Catra's wound is getting a lot better, and I can't wait to go back to work.'

Catra listened to their conversation, she couldn't really deny the fact that she didn't want Adora to go back to work. Honestly, their relationship felt like it was doomed. Wait, relationship? Are they even in a relationship? How could they even be in a relationship right now? When the odds were standing against them like this.

Glimmer nodded slowly, she looked at Catra as the brunette girl put the cups down on the table and sat down on another free chair herself. 'Well, my dad sure does miss you there.' Glimmer said, looking back at Adora before picking up her mug to sip the hot coffee.

Adora glanced at Catra before shifting her gaze back to Glimmer. 'Yeah, uh, I bet. He doesn't know about Catra, right?' Adora was worried, of course she was. Glimmer had a big mouth sometimes, not on purpose but sometimes, it could just slip out of her.

Glimmer furrowed her eyebrows, she shook her head quickly. 'No, of course not. You told me to keep it between us, and that's what I'm

doing. '

Catra picked up her cup of coffee, she took a sip and glanced at Adora. She couldnt help the guilt that crept up on her , she cant help but to blame herself for Adoras secretive behavior .

Adora took a deep breath, she shrugged lightly before nodding. ' Yeah, Im sorry . I just kinda worry about that, Im guaranteed getting fired for hiding her like this. '

Catra let out a sigh, she put her cup of coffee down on the table before looking at Glimmer. 'So, how did you two become friends?

Glimmer looked at Catra, she raised an eyebrow at her before smiling at her. 'W ell, our dads have always been friends, and I guess that just happened. 'Glimmer looked at Adora with a soft smile, causing Adora to smile back at Glimmer. Glimmer then looked at Catra, she shrugged. 'When Adoras dad had the accident, she got to live with us, and we are practically sisters. '

And there it was, the guilt became bigger and bigger. The accident. Adora lost her father. Catra watched it happen.

Adora was glancing at Catra with sad eyes, unsure what to tell her. She knew that Catra didnt have anything to do with it, she was just a child, but still, she did blame the Horde and she did care for Catra, even loved her. She couldnt really blame her . So Adora watched

Catra's eyes turn sad, her eyebrows were down and she looked at her cup. Adora reached her hand forward to put it on top of Catra's hand on table, causing the brunette girl to look at Adora with slightly wide eyes.

'It's fine. 'Adora simply said, forcing a soft smile at Catra. Catra did the same as Adora, she forced a tight smile. It wasn't fine, it wasn't okay. No matter what Adora did tell her, Catra felt guilty about it.

Catra's smile dropped slowly, she bit her bottom lip as she started to feel nauseous about the whole situation. She looked between Glimmer and Adora as she slowly got up from her chair, her hand moving away from Adora's hand and the blonde girl stared at Catra with furrowed eyebrows and a frown. 'Im sorry , but uh, I think Im going to bed and... Let you two be alone. 'Catra said with a sigh before leaving Glimmer and Adora alone in the kitchen, she made her way straight to the bedroom, not sure what to do there, but she would be alone and that's what she deserved.

Adora chewed on her bottom lip nervously before looking at Glimmer, the other girl stared at Adora with wide eyes. 'Did I say something wrong?Glimmer asked, she wasn't sure what went wrong, but Catra did feel bad after Glimmer told her about hers and Adora's relationship.

Adora shook her head slowly, she let out a sigh. 'No, it wasn't you. Im sorry, it sucks to ask you this, but- '

'Y eah, I think it's a good idea. 'Glimmer said with a pitiful smile before standing up. 'Call me later?

Adora nodded, she smiled slightly at her friend as she got up from her seat. 'Of course. '

When Glimmer left the apartment, Adora immediately made her way into the bedroom where she saw Catra snuggled up in the bed, her knees tucked up against her chest. She looked so vulnerable and innocent, almost like a child. Adora slowly sat down on the bed next to Catra's body and put her hand on top of Catra's hip. 'Hey , what's wrong?

Catra closed her eyes for a split second before opening them up again, she let out a quiet sigh and stared at the nightstand. 'Did Glimmer leave?

Adora nodded slowly, Catra wasn't even looking at her right now and it sucked. 'Y eah, I sorta kicked her out. Now, tell me what's bothering you. '

Catra glanced up at Adora before sitting up on the bed, she looked away from Adora and shrugged. 'I guess- 'Catra let out another sigh, she turned her head to look at Adora. 'I want to see your dad. '

Wait, what? Adora wasn't sure if she heard it right, but did Catra just ask to meet up with Adora's father? Adora wasn't sure how she felt about it, she knew that Catra felt guilty about the whole thing, but still, she doesn't know how her father will react seeing Catra and if he is having a bad day, Catra's guilt will eat her up alive. She knew where Catra was coming from, and she did make that request. How could Adora turn her down?

Adora chewed on her bottom lip, she stared at Catra with furrowed eyebrows. 'Catra, if this is about the guilt, I have already told you- '

Adora didn't get to finish her sentence as Catra shook her head slowly. 'You told me it's fine. Yeah, I get it. But I don't think it is. ' Catra licked her lips slowly, they felt dry and why did she feel like crying? I guess I just wanted to see him, to see how he is doing. '

Adora let out a sigh, she ducked her head and tried to think for a second. After a few seconds of thinking, and the way Catra's gaze burned her head, Adora finally lifted her head to look at Catra. 'Fine, but whatever happens, good day or bad day, I don't want you to feel guilty about what happened to him. Because it is not your fault. '

Catra let out a sigh and nodded once, she knew that Adora's words didn't really help her with the guilt trip she has been having. Catra even doubts that she would feel this guilty if it wasn't for Adora. It was Adora's father, and that's why Catra is feeling guilty about it. She left the Horde for Adora too, she threw away her whole life for Adora. And she has never once regretted it, but now the guilt is eating her alive, tearing her flesh and breaking her bones. Adora lost

her father because of her mother, because of the Horde. What if Catra could have stopped it?

They were outside the nursing home by the afternoon, and Catra has been covering herself up from head to toe, wearing a large hoodie with the hood over her head, and some baggy sweatpants, so no one would see her. She wasn't really worried about that, she was more worried about coming face to face with Adora's father. She followed Adora into the nursing home, and Adora went to reception to talk with a nurse. Catra looked around the nursing home, a pit of guilt in her stomach. He has been forced to live here now, forced to be taken care of and watched over.

Suddenly a hand grabbed onto Catra's hand, causing the girl to look at Adora with slightly wide eyes. Adora just smiled softly at her, her thumb brushing over Catra's knuckles. 'Are you ready?'

Catra took a deep breath before nodding. No, she wasn't ready, but this is as good as it would get. Adora started to walk further down the hallway, holding onto Catra's hand to comfort her. It was hard for Adora as well, but she tried to remain strong because it was enough nervous energy coming from Catra. Adora then stopped in front of a door, and slowly opened it for Catra to walk in.

Catra's eyes immediately landed on a man sitting on a wheelchair, and it wouldn't take a genius to figure out that it was Adora's father. Adora slowly let go off Catra's hand and walked over to her father,

with a tight smile on her face. Catra saw it too, even though she was standing by the door and fiddled with her fingers nervously.

Adora slowly kneeled down in front of her father, she grabbed onto his hand and smiled forcefully at him. 'Hi, dad. How are you? Adora said, and her father slowly looked at Adora with a tired smile.

'Sweetheart, you're here today . 'George said, reaching his hand up to caress Adora's cheek gently. 'Im doing good today , just a little tired, is all. '

Adora nodded, her heart swelled with happiness when she heard that her father had a good day today. They were rare, but they happened. 'Y ou have a guest today, and you might know her. ' Adora said, she looked over her father's shoulder at Catra and reached her hand out for Catra.

Catra took a deep breath to calm down her nerves before walking over to Adora, and then Catra slowly looked at George. The man stared up at Catra with narrowed eyes before his eyes widened. ' Catrina. '

Catra's heart stopped as she heard her name come out from George's lips. It felt suddenly wrong to be here, to think that she could fix everything she has caused to this family. Catra slowly kneeled down next to Adora, and swallowed thickly. 'Hi, mr . Grayskull. '

Adora looked between her father and Catra, she wasn't sure how all of this will go, but she does hope for the best. 'Catra wanted to speak with you, dad. '

George smiled softly at Catra, he slowly reached his hand forward to caress Catra's cheek gently, causing the brunette girl to flinch slightly before forcing herself to stay still. 'You have grown up to be such a beautiful young woman, Catrina. '

Catra stared at him with slightly wide eyes, she could already feel the tears prickle in the corners of her eyes. She wanted to cry, she wanted to apologize and beg him for his forgiveness.

'Im going to grab a glass of water for you, dad. 'Adora said, standing up from the floor. She placed her hand on top of Catra's shoulder, causing Catra to look up at Adora with tearful eyes. 'Do you want anything?Adora asked, Catra shook her head slowly. Catra wasn't a person that was used to being vulnerable, she probably don't want Adora to see her break apart right now, because Adora should be the one to cry, not Catra. So Adora decided to leave them alone, so they could talk it out.

When Adora left the room, Catra looked at George with sad eyes. 'Mr. Grayskull, Im so sorry for everything my family has caused yours. '

George tilted his head to the side, he furrowed his eyebrows and shook his head slowly. 'You have nothing to apologize for, my child.

You were not the cause of this, there was nothing you could've done. '

That's not true, she watched it all happen. She could have stopped her mother, she could have convinced her to not go to the extremes. But she didn't. 'I could've stopped her . 'Catra whispered, a tear rolling down her cheek.

'You were just a child, Catrina. This was out of your hands, but the fact that my daughter has brought you here today, I must just assume that you're not a part of the Horde anymore. '

Catra shook her head slowly, she ducked her head and quickly wiped the tear from her cheek. 'No, I deserted, I left them. They were coming after Adora, and I couldn't- '

'So you protected her . 'George said, smiling weakly at Catra. Catra lifted her head to look at George with furrowed eyebrows. 'You were never like your mother, Catrina. '

'Im not a good person. 'Catra whispered shakily , her hands on her thighs and she gripped onto her pants, her knuckles turning white.

'That's not true. You're a good person, who has done bad things. But everyone can change, my dear child, even those who grew up under your circumstances. 'George said, he smiled softly at Catra

before his smiled dropped slowly. He looked out the window, where the sun was shining.

'She deserves better than me. 'Catra whispered, her eyes looking down at her hands on her thighs.

'Adora is not perfect, Catrina, she is human. Just like you. 'George said, turning his head to look at Catra. 'If you have decided to change for her, then it must be enough. What you do next is all that matters right now. You have done horrible things in order to survive in a cruel environment you were forced to grow up in. '

Catra let out a shaky breath, she chewed on her bottom lip and shrugged. 'I feel like I've lost all of my humanity . Maybe I'm not meant to be saved, maybe I'm being selfish for staying with her . '

George let out a deep chuckle, causing Catra to look at him all confused. Why was he laughing?My daughter has never taken the easy road, and she would never stay with you if she didn't love you. Have you ever stopped to consider that maybe you're both being selfish, and it's not a bad thing?Maybe you two being together is destiny. Maybe this relationship will be the end for the war between Brightmoon and the Horde?Catra listened to his every word, and George raised an eyebrow with a soft smile. 'Maybe you and Adora are meant to fix everything?

Catra took a deep breath, she slowly took his hand as another tear rolled down her cheek. 'No matter how you see it, mr . Grayskull, I

feel guilty about what happened to you, and despite your kind words, I have to apologize for everything. But I promise you, my mother will pay for what she has done to you. To Adora. '

Adora was standing outside the door, holding a glass of water in her hand. She didn't mean to eavesdrop, but her body stopped her from walking away. Tears were rolling down her cheeks, her heart heavy at both her father's and Catra's words. Hearing Catra tell her father that she didn't deserve Adora broke her heart, hearing her father's kind words towards Catra made her heart fill with happiness, and all of it became too much. She needed to prove to Catra that she loved her, that she deserved her. That Catra's past meant nothing, but her future does.

The ride back home was quiet, neither Adora nor Catra said anything the entire way home. They didn't have anything to say right now, Adora was just trying to figure out what to tell Catra when they got home. As soon as they walked into the apartment, Adora quietly closed the door behind herself and Catra turned around to face Adora with a raised eyebrow.

'Is something wrong? It was weird that you were so quiet during the ride home. 'Catra shrugged, she didn't know why Adora was so quiet. Catra thought that the visit was fine, like there wasn't anything wrong it. Catra was able to apologize, George had a good day, and Adora seemed happy there too. Something was bothering her.

Adora just walked over to Catra, she wrapped her arms around Catra's neck and pulled her close to kiss her deeply. Catra's eyes widened in surprise before she melted into the kiss, her hands gripping onto Adora's hips as she kissed her back just as deeply.

Adora pulled back from the kiss, she looked at Catra and smiled softly at her. 'You deserve me. 'Catra's eyes widened at that, she glanced down at Adora's lips before looking up to meet her eyes again. 'You are absolutely perfect, and you're a good person, Catra. '

Catra didn't know what to say, she just stared at Adora, tearing up as she heard everything Adora said to her. 'Im not- '

Adora kissed her deeply again, cutting her sentence in half before pulling back again. 'You are mine, Catra. You are good enough for me. '

There it was, something inside Catra snapped and she quickly pressed her lips against Adora's, kissing her with all her might. Adora quickly kissed back, moaning softly against Catra's lips as they moved towards the bedroom, not breaking the kiss along the way. When Adora felt the bed hit the back of her knees, she laid down and pulled Catra down with her.

Catra settled her knees between Adora's legs, they kept removing each other's clothes, starting with removing their shirts and then their pants, leaving them both in their underwear. Catra leaned her head

down and started to kiss Adora's neck, Adora tilted her head back and closed her eyes, her hands moving up and down Catra's back as Catra ravished her neck.

'Mm, Catra... 'Adora moaned quietly , Catra brushed her fangs against Adora's neck before sucking on the skin. Catra slowly moved a hand under Adora's back, causing the blonde girl to arch her back and Catra unclasped her bra, taking it off Adora and throwing it to the side.

'Fuck, your body ... 'Catra whispered, she kneeled up and looked down at Adora's chest. She could feel Adora's gaze upon her , she was laying so perfectly still, all for Catra's taking. Catra moved her hands up Adora's sides before leaning down to take a nipple between her lips, sucking on it. Adora let out a soft groan, she leaned her head back and closed her eyes. Her hands tangled themselves into Catra's hair as Catra kept licking, sucking on her nipple.

After doing her job on Adora's breasts, Catra slowly made her way down, kissing down Adora's body until she kneeled down on the floor. She kissed the inside of Adora's thigh, her fingers playing with the waistband of Adora's panties before slowly pulling them down. Adora was watching Catra, biting her bottom lip. Fuck, she was drenched and it seems like Catra noticed it too as a satisfied hum escaped from Catra.

'Y ou are drenched, princess. 'Catra said, the smell of Adora's arousal clogged her nose and fuck, she was addicted. 'I can't wait

to taste you. 'Catra whispered, kissing the insides of Adora's thighs, so close to where Adora actually wanted her mouth to be.

Adora let out a qiet whimper , she craned her neck to look better at Catra, her eyes half-lidded as she waited, almost impatiently. 'Then get on with it. 'Adora whispered shakily , biting her bottom lip as she watched Catra look up between her legs, their eyes locking and Catra's eyes were filled with lust.

'Patient, princess. Let me appreciate what's mine. 'Catra whispered, teasing Adora even more by placing kisses on her mons pubis.

Adora let out a groan, almost frustrated. This didn't go fast enough, Catra was teasing her and Adora is really getting annoyed. Could she just please fuck her already?Y ou have me for our entire lives, Catra. You can appreciate me forever, but right now, I need you to fuck me. '

Catra let out a soft chuckle, she grabbed onto the undersides of Adora's thighs and hoisted her legs up. Adora got the hint, and she placed her legs on Catra's shoulders, hoping that Catra would get on with it now. Catra didn't waste anytime, she immediately began to suck Adora's lower lips between her lips. Adora let out satisfied sigh, and her leaned her head back against the mattress, her eyes closing and soft moans escaping her lips as Catra began to appreciate her just like Adora wanted right now.

Catra began to lick from the entrance to the clit before taking the sensitive bud between her lips, sucking on it and licking it. Adora let out soft moans, her hands gripping onto the sheets as she grinned her hips up to meet Catra's tongue. Catra smiled against Adora's pussy, she pressed her hands on Adora's hips and held them down on the bed before continuing to suck the clit between her lips.

Adora let out a soft cry, she reached her hands down to grab onto Catra's short hair and press her mouth harder against her pussy. ' Fuck, Catra, yes... '

Catra almost suffocated in there, but it wasn't a bad way to die. Eating Adora out was addicting, she loved it and could continue doing it forever. It was her favorite smell, her favorite taste, and the sounds Adora made in the process was everything, it was music in her ears. But Catra was far from done, so she pulled back, earning a whine from Adora. It almost made Catra laugh, she was so desperate right now.

You taste so good.' Catra said, she licked down to Adora's entrance again. Her blunt nails were digging into Adora's hips, holding her still as she licked her. Catra removed her hand from Adora's hip and slowly pushed a digit into Adora's entrance, causing the blonde girl to slightly arch her back and a long moan escaped her lips. Catra began to pump it, in and out of Adora's entrance and flicked her tongue over Adora's clit.

'A-Another.' Adora moaned, Catra pulled out her finger and slowly pushed two digits inside without removing her tongue from Adora's clit. Adora was so tight, so Catra pumped her fingers gently,

stretching Adora out as she continued to suck and lick her clit. Adora moaned loudly, one hand holding onto Catra's hair and the other hand grabbing the sheets, doing her best to ground herself.

'P-Please, Im so close..Harder..Faster..'.

Catra pumped her fingers harder and faster, her tongue speeding up, she took the clit between her lips and sucked hard. Adora let out broken moans, she turned her head to the side and tried to push down to take Catra further inside herself. It felt so good, she was so close and Catra was treating her so good right now, hitting every spot with the curl of her fingers, her tongue ravishing her clit.

Her body stilled, she arched her back and threw her head back as her orgasm hit her, her body felt like it was on fire. She screamed out Catra's name as she came, the blonde girl continued to lap up the juices that came out of the blonde girl. She cleaned her up gently, pumping her fingers gently to guide Adora through her orgasm.

When Adora let out a soft whine, Catra stopped. She pulled out her fingers and removed her face from between Adora's legs, she wiped her chin with the back of her hand with a smug smirk on her face. Adora was panting qietly , she fluttered her eyes open and looked at Catra through half-lidded eyes.

'Satisfied, princess?Catra asked, raising an eyebrow at Adora.
The blonde girl let out a shaky laugh, she tried to catch her breath, but she was far from done now.

'I need- Catra, I want you to fuck me again. G-Get it. 'Adora was panting qietly , her words were a mess, but Catra understood what Adora needed right now, and it was Catra's pleasure to give Adora what she wanted.

Catra qickly got up from the bed, she walked over to Adora's wardrobe, almost in a hurry and grabbed the box where the strap-on was contained. She immediately pulled down her boxers, she put the harness in place, all whilst Adora was making herself comfortable on the bed, laying down more properly. When Catra got herself ready, she ran back to the bed and the toy bounced between her legs, making Adora giggle lightly.

Catra kneeled down between Adora's legs, the toy was hovering over Adora's pussy as Adora wrapped her legs around Catra's waist, pulling her down to lay over her. 'How is your wound doing?Adora whispered as Catra reached between their bodies to wrap a hand around the toy, guiding it towards Adora's entrance.

Catra looked down at Adora with a grin. 'Never been better . 'Catra said before pushing the toy inside Adora, causing the blonde girl to let out a soft groan as she got filled by the toy. Catra kept pushing in, Adora's wetness made it so easy for Catra to slide in, even though she could feel some resistance.

When Catra bottomed out, Adora was panting qietly and looked up at Catra with half-lidded eyes. She bit her bottom lip, Catra wasn't moving and her hands were gripping onto Adora's hips. Adora

reached a hand up to caress Catra's cheek gently, their foreheads pressed against each other as they stared into each other's eyes.

'I love you. 'Adora whispered, looking between Catra's yellow and blue eyes.

Catra let out a shaky breath, hearing those words made her heart flutter in her chest. Adora loves her. And she- God, she loves her too. 'I love you too. 'Catra whispered, leaning in to catch Adora's lips into a soft kiss. Then Catra began to move her hips, thrusting in and out of Adora.

Adora let out soft moans against Catra's lips, her hands moving to drag her nails down Catra's back. Catra pulled back from the kiss, she leaned her head down to kiss Adora's neck as she sped up her thrusts, fucking harder and faster into Adora. Pulling her inner walls with the toy, making Adora arch her back as the toy brushed against her g-spot with every thrust.

'Catra, yes, fuck... 'Adora moaned, her eyes closed tightly. Her nails digging Catra's back and her nose pressed against Catra's hair.

'I love you. 'Catra moaned against Adora's ear, thrusting rapidly into Adora. It felt amazing, the way Adora's nails scratched her back, the sounds coming from Adora, the way Adora's heels dug into Catra's lower back. The way Catra could tell Adora she loves her.

Adora couldn't help but to moan at that, her hands tangled themselves into Catra's hair in order to hold onto something, anything. Because Catra was rearranging her guts, pulling her inner walls with the toy. She could hear Catra's grunts and moans against her ear, and Adora turned her head to the side, pressing her nose against Catra's temple. 'I-I love you. Don't stop. '

Catra wasn't planning to stop, she needed to keep going. She needed to give Adora everything she wants, she needed to make her come, scream out Catra's name out of pure ecstasy. Catra dug her nails harder into Adora's hips, probably leaving bruises there, but she was too far gone to care. She could feel Adora's inner walls squeeze around the dildo, holding it in and the other side of the dildo pressed nicely against Catra's clit, pulling herself over to an amazing orgasm.

'Fuck, you're so tight, princess. 'Catra grunted against Adora's ear, thrusting with the same pace to keep it up. 'You're taking it so good. 'Catra moaned quietly, she leaned her down to suck on Adora's neck, not caring at all for the marks she might leave on her.

'Fuck me... Catra... So good... 'Adora said through broken moans, she was already so close to coming. She could feel a small orgasm rip through her, her body shaking slightly, but Catra continued, determined to make Adora come again. Together.

Pushing and pulling Adora's inner walls with the length, stretching her tight pussy out and Adora was so good, taking it all, letting out the sweetest of sounds as she dragged her nails down Catra's back now, possibly marking her too.

“Y ou are so good for me, Adora. “Catra grunted, she lifted her head and kissed Adora deeply, earning a soft moan against her lips from Adora. The entire room echoed with the sounds of their skin slapping together, their moans and grunts. Catra pulled back from the kiss, pressing her forehead against Adora's forehead. Both girls were sweating, and it felt better than ever.

“Im so close.“Adora moaned, biting her bottom lip as Catra continued to fuck into her, hitting her g-spot with every push. She could feel her inner walls clench around the length, sucking it in and keeping it there. She was so close, just a few more thrusts and…

'Come for me again, princess. Adora, I love you. Fuck, please... ' Catra moaned, her legs were straining with effort, but with every sound of Adora's moans, she gained more strength.

“Catra!“Adora arched her back, tensing up and squeezing around the length, her nails dug harshly into Catra’s back, drawing out blood. The girl above her made shallow, but hard thrusts until she came, groaning loudly as she rode both their orgasms out with her thrusts, sloppily and slowly now.

Adora’s arms dropped down on the sheets, she felt so limp and worn out. Adora let out a quiet whimper , too overwhelmed to continue, and Catra stopped moving. They laid there for a few seconds, catching their breaths before Catra pulled out of Adora, she slowly rolled onto her back next to Adora and removed the strap, tossing it aside.

They were panting heavily and Catra blinked her eyes open to turn her head. She wanted to look at Adora, wanted to see the girl who told her that she loves her. Adora could feel Catra's eyes upon her, so she blinked her eyes open, turned her head to the side and smiled weakly at Catra.

'You are driving me crazy.' Catra whispered, smiling weakly at Adora. The blonde girl let out a weak scoff, she cuddled closer to Catra, pressing their sweaty bodies together. Catra wrapped her arms around Adora's shoulders gently, pulling her closer.

'Mm, good.' Adora whispered breathlessly, closing her eyes and nuzzling into Catra's collarbone.

'Adora, do you want to order pizza?' Catra whispered, knowing the effect it would have on Adora.

Adora's eyes widened, she looked up at Catra and nodded quickly. 'Yes, please.'

Adora and Catra waited for the pizza delivery, too exhausted to make anything to eat after their love making. It was amazing, and Catra seriously felt a lot of stress disappearing from her body. Adora

was cuddling against Catra's side, her nose against the skin of Catra's neck as she nuzzled into it.

'You smell so good.' Adora whispered, smiling against Catra's neck before placing soft kisses on it.

'I smell like sex.' Catra said, rolling her eyes as she wrapped her arms around Adora's shoulders, holding her close.

Adora giggled against Catra's neck before lifting her head to look into Catra's eyes. 'You always smell like sex. So hot, and always making me go crazy with your perfumes.'

Catra smirked up at Adora, and raised an eyebrow at her. 'Oh, yeah? Is it time for you to admit that you fell for me the first moment you saw me? In my expensive suit, my fancy drinks, my sex-smelling perfumes.'

Adora rolled her eyes, she smacked Catra's shoulder lightly before grinning down at her. 'Oh, please, like you didn't just leave your own family and throw away your money for me. Who is the simp now, huh?

Catra let out a chuckle, she shook her head slowly before shrugging. 'What can I say? I'm a slut for good pussy.'

Adora dramatically gasped at Catra's comment before rolling of f her with a pout. 'Okay , that was mean. '

Catra knew that Adora wasn't serious, so she started to laugh sqeakily , and Adora found that too adorable, so she couldn't even pretend to be mad at Catra right. Adora started to giggle alongside Catra, both the girls falling into a fit of laughter. It felt good right now, to just laugh and forget about all of it.

Catra wrapped her arms around Adora's waist and pulled her back to herself, holding her close and placing a soft kiss on Adora's cheek. ' Im just messing with you. My heart belonged to you the moment I laid my eyes on you. '

Adora stared at Catra with a deep blush on her cheeks. God, how she loves her. She can't imagine a world without Catra, and despite everything that is going on, Adora doesn't regret a thing. Catra was meant for her, they fit each other perfectly. Two halves that became a whole. Two sides of a war, but their hearts were meant as one. Catra is Adora's soulmate, and she would give her the entire world if she could.

Adora leaned in close, she kissed Catra softly and Catra returned the kiss. As always, it felt so right and Adora could feel her heart flutter in her chest. When Adora pulled back from the kiss, she looked down at Catra with a smug smirk on her face. 'Say it. '

Catra rolled her eyes, she knew exactly what Adora wanted to hear and she had no problem at all to say it again. And again. And Again. Until her last breath.

'I love you. '

Adora started to kiss all over Catra's face. Her nose. Her cheeks. Her forehead. Her freckles. Her chin. 'Again. '

Catra let out a chuckle, she leaned her head back and closed her eyes. 'I love you. '

Adora let out a soft sigh, she nuzzled her nose against Catra's and whispered, 'Again. '

'I love you, Adora. '

Adora leaned her forehead against Catra's, causing the other girl to open her eyes and lock eyes with ocean blues. 'I love you too. ' Adora whispered back, kissing Catra softly on the lips again.

'No matter what happens, I will always love you. 'Catra said, they sounded like such a love struck couple, but god, she did love her. Her heart filled with joy whenever she heard Adora laugh, she would

wreck the entire world for Adora, protect her from anyone. Give her everything.

'Nothing is going to happen to us, Catra. W e will put an end to all of this, I promise. 'Adora said, caressing Catra's cheek gently with her hand. She did believe that, it wasn't just a lie to make them both to feel better about the situation. She did believe that they will both end this war. In one way or another.

The doorbell started to ring, and Adora's eyes widened q ickly . The pi a was here, and she was so looking forward to it. 'Stay here, okay? Adora said to Catra with a raised eyebrow before getting up from the bed. Catra bit her bottom lip as she stared at Adora's naked figure, the beautiful curves and fuck, that ass. If Adora didn't cover herself up in five seconds, Catra would say fuck you to the pi a and grab Adora to fuck her again.

But to Catra's disappointment, Adora grabbed onto the morning robe and put it on before leaving the bedroom to open the door. Leaving Catra alone in the bed with a pout on her lips, grateful that Adora couldn't see her disappointment.

Adora bit her bottom lip, a smile on her face as she walked towards the door. Right now, life felt too good to be true. She had amai ng sex with Catra, they confessed their love once again, in a different way, and now she is getting pi a.

When Adora opened the door, her eyes widened before she furrowed her eyebrows. There was a guy standing there, with a pizza box in his hand. Adora tilted her head to the side as she grabbed the pizza box. 'Uh, where is Sarah?Adora asked, it was usually Sarah that came over with her pizza and it was kinda strange that she wasn't here today. Maybe she was sick or something?

The pizza delivery guy raised his eyebrows at Adora before shrugging. 'She didn't want to deliver your pizzas anymore, something about your girlfriend threatening her or something. 'He was chewing gum, and looked completely unbothered, almost high on drugs.

Adora's eyes widened when she heard about a girlfriend threatening Sarah, and she knew that it was Catra. Adora forced a tight smile and handed the guy the money needed for the pizza before shutting the door when he left. Adora took a deep breath, the smell of the pizza clogged her nose, but she was pissed of f right now. She made her way to the bedroom, her eyes watching Catra, who was leaning her back against the headboard with a wide grin.

'Hey there, sexy . The bed missed you. 'Catra said, wiggling her eyebrows and patting the mattress with a smug grin on her face.

Adora raised an eyebrow at her, she slowly kneeled up on the bed and put the pizza box down. 'Catrina W eaver. 'Adora said with a stern tone, causing Catra to drop her grin as her full name was uttered from Adora. 'What did you do?Adora asked, leaning her face closer to Catra's.

Catra's eyes widened, she looked around the room before turning her gaze back to Adora. 'I have done a lot of things, you have to be more specific. 'Catra said, raising an eyebrow at Adora.

Adora groaned, she threw her hands up in the air before glaring at Catra. 'Did you threaten Sarah? Have you lost your mind?' Adora said, her tone becoming higher.

Oh shit, Catra could feel the fear as anger displayed in Adora's eyes. 'Ah, shit, yeah, about that... '

Adora groaned again, she opened the pizza box almost angrily and grabbed a pizza slice. 'I can't believe you threaten people after everything, and her, out of all people. She always arrive early with my pizza. 'Adora said before taking a bite from the pizza slice.

It was hard for Catra to tell if Adora was really angry or not, given that she keeps eating her pizza like that whilst telling Catra how annoyed she is with her. 'Uh, well, I can't really tell if you're annoyed or not right now. 'Catra whispered, almost too scared to speak loudly. She glanced at the pizza in Adora's hand whilst Adora was chewing and glaring at Catra.

When Adora swallowed the food, she kept glaring at Catra and then smacked her lightly on her shoulder. 'Im angry with you, but Im hungry too. So Im multitasking. '

Catra rolled her eyes and a smile spread across her lips. 'W ell, she kinda asked you out and I got jealous so I told her that I dont want to see her here again or she will be dealing with me. 'Catra shrugged like it was no big deal, and tried to grab a piza slice from the box.

Adora glared even more brutally at Catra, and quickly shut the piza box on Catras hand, causing the brunette girl to stare at Adora with wide eyes. 'Are you actually confessing to this crime?

Catra stared at Adora before smirking at Adora, she tilted her head slightly to the side and raised an eyebrow. 'What if I am, of ficer? Are you going to arrest me?

Adora let out a scoff before leaning closer to Catras face, Adora then smirked smugly at Catra, causing Catra to lick her lips and waiting for Adora to kiss her. 'Y ou are such a bad girl, Catra. Youre making me so wet. 'Adora whispered as she brushed her lips across Catras, her hand moving to grab onto Catras jaw . Catra let out a shaky sigh, she was so ready for this and then Adora turned Catras head before licking a long, wet stripe over Catras cheek.

Catra let out a loud whine and pulled back from Adora, making the blonde girl let out a loud laugh and lay down on the bed.

'Y ou are disgusting. 'Catra said whilst wiping her cheek with the back of her hand, her tongue out between her lips in disgust.

Adora shrugged, she sat up on the bed and grinned at Catra. 'Y ou deserved it. '

Catra shook her head slowly, she furrowed her eyebrows, and was now more confused than ever. 'So youre not mad at me?

Adora let out a sigh before shaking her head, she opened the piza box again and looked at Catra. 'I was, but hearing you get jealous kinda made me think it was sweet, I guess. In a fucked up kind of way, but still, Catra, dont go around and threaten people. '

Catra pouted playfully at Adora as she grabbed onto a piza slice. ' But it is so much fun. '

Adora rolled her eyes, she looked at Catra before smiling. 'Y eah, but you should be happy that she didnt call the police or anything. '

Catra shrugged, she looked down at her piza slice with hungry eyes. 'Probably didnt go to police because she is in love with you. ' Catra muttered before taking a bite from her piza slice.

Adora let out a sigh, shaking her head slowly. 'She is not in love with me. '

Catra swallowed before looking at Adora with a raised eyebrow. ' She asked you out. She is in love with you. '

'She probably meant it in a 'friends 'kinda of way . 'Adora shrugged, grabbing another piza slice.

'She said, and I qote, I like you and Ive wanted to ask you out for some time now. 'Catra finished, looking at Adora with raised eyebrows. The blonde girl swallowed her food, and blushed furiously as she stared at Catra.

'Okay , that was- Uh- 'Adora shrugged and grinned at Catra. Maybe she should just continue to annoy Catra a little bit. 'T oo bad I wasnt there. I would probably have said yes. '

Catra qickly glared at Adora, she felt the jealousy run through her body again. 'W ell, give her a fucking call if you want her so badly then. '

Adora let out a snort before giggling, she qickly leaned forward and kissed Catras cheek gently. 'No, I only want you. Y oure my *girlfriend.* 'Adora said with a smug grin as she leaned back on her knees.

Catra knew that it was hit on what she told Sarah, that she was Adoras girlfriend. Catra started to blush, she looked down at her piza again. 'Shut up, dummy . 'Catra muttered through clenched

teeth before taking another bite from her pizza. Adora just started to laugh furiously, loving to see Catra's blush on her cheeks.

'You know what we should do?' Adora asked, raising an eyebrow at Catra. The other girl looked at Adora with her mouth full of pizza, chewing as she listened to Adora's suggestion. 'We should go out on a nice walk, it is a good night, it's warm and the stars are shining especially bright tonight.'

Catra nodded, she swallowed the food and smiled softly at Adora. 'Sounds like a plan.'

It was sure a beautiful night, the stars were shining in the night sky, and it was kinda chilly, but it wasn't cold at all. Adora and Catra made sure to put on a lot of clothes, hoodies to cover their heads and clothes that were a little big on them. They had to be smart about this, a night walk isn't worth getting captured by either the Horde nor the police. They were walking hand in hand, which was unusual for them to do, always too scared to do so. But today was a good day and they wanted it to end good too.

They were walking by a park, and it was quiet there, only them two around there. Just like they wanted. Adora's eyes widened as she stared happily at some swings. She looked at Catra with a dopey grin, causing Catra to narrow her eyes at her. 'Are you five?

Adora let out a chuckle, she squeezed Catra's hand and quickly dragged her towards the swings. 'Come on, it will be fun!'

Catra grabbed onto the chains that were holding the swing up, and stared at Adora with a raised eyebrow. 'So we are just going sit on them, and just sway back and forth?

Adora rolled her eyes, she sat down on the swing and grabbed onto the chains holding it up. 'You are acting like you've never played with one of these. 'Adora said, pushing her feet on the ground before realization hit her . She stared at Catra with wide eyes as the other girl looked at Adora with a raised eyebrow. 'Oh my god, you haven't used one of these before. '

Catra stared at Adora like that was obvious already, she shrugged and raised both eyebrows. 'Uh, my childhood wasn't exactly all about playing in the park. It was more about world domination. '

Adora shook her head quickly , she stood up from the swing and grabbed onto Catra's shoulders, almost forcing her to sit down on the swing. 'Unacceptable. 'Adora said as she walked behind Catra. Catra let out a sigh, she grabbed onto the chains and got herself ready for whatever Adora was doing.

Adora grinned and pressed her hands against Catra's back before pushing her forward, swinging her back and forth. Catra's knuckles turned white as she gripped onto the chains even harder, too scared to let go and scared to fall face first on the ground. 'Adora!' Catra

shouted, closing her eyes as she got further and further above ground. Adora jumped behind her, pushing her forward every time and Catra could hear Adora laugh behind her.

'Stop being a pussy , Catra!' Adora laughed, enjoying Catra's fearful screams a little too much.

'Stop, or Im gonna- 'Catra didnt get to finish her sentence when Adora stopped the swing by grabbing onto the chains and halting it. Catra almost forgot how strong Adora was, then she does something like this. Adora walked to stand in front of Catra, her hands on the chains as she leaned forward to Catra's face.

'Or you gonna do what?' Adora asked, raising an eyebrow at Catra with a smug smirk.

Catra glared playfully at Adora before leaning in to kiss her deeply, she heard Adora let out a soft gasp against her lips before melting into the kiss. They then heard a laugh behind them, snapping them both out of the kiss and instead looking towards the direction of the laugh.

Catra's eyes widened as she noticed Lonnie standing there alongside Kyle, Octavia and a few other Horde members. Catra qickly got up from the swing, she glared brutally at Lonnie and balled her fists against her sides.

'Lonnie. 'Catra muttered through clenched teeth, she could feel the anger rise and Adora was radiating the same energy, her hand behind herself as she brushed her fingers against her gun handle. They werent foolish enough to step out of the apartment without some back up. Catra had hers too, and Adora did hope that it didnt have to come down to it. They were outnumbered, and the Horde had the upper hand on this.

'That was just so cute, Catra. 'Lonnie said with a playful pout before laughing again. Catra wanted to punch her right now, make her regret even coming here. Lonnie stopped laughing, she crinkled up her nose in disgust. 'It disgusts me. '

Catra was breathing heavily, she couldnt withdraw her gun now . They would kill both her and Adora without hesitation, and immediately. Catra couldnt risk that. 'Aww, Lonnie, have you missed me this much? I never would expect you to follow me around like a lost puppy. '

Lonnie rolled her eyes, she took a step forward towards Catra, and automatically Catra stepped forward again. Adoras hand brushed against her sleeve and she could feel Adoras fingers holding onto her sleeve loosely. Catra had to prove that she is still the same ruthless, dangerous person she has always been, even if that wasnt the case anymore.

'Stop flattering yourself, Catra. Y our mother sent me to follow you, hoping I would be able to deliver you a message. 'Loonie said, smiling smugly at Catra. Then two Horde members grabbed onto Catras arms, holding her tightly and pulling her to the side. Adora

reacted immediately, she pulled out her gun and pointed it towards Lonnie. In response to that, every Horde member, except for the two holding Catra, pulled out their guns to point it towards Adora.

'Let her go!' Adora said, her finger hovering over the trigger and her glares sending daggers towards Lonnie. 'Or I will shoot. '

Catra struggled to get out of their grips on her arms, but at vain. They were bigger and stronger than her, she wouldnt be able to pull herself free from them. 'Lonnie, I will fucking kill you! If you touch her, I will kill all of you!' Catra screamed, trying to pull herself free, she tried so hard. Instead she got a hard punch on her stomach, making her choke and lean forward in pain.

Lonnie looked at Catra with a raised eyebrow, she tilted her head to the side before looking at Adora, who was staring at Catra with wide eyes. 'Y ou know, Adora, I always felt so jealous of you. You were able to catch Catras eyes immediately , almost making me feel like Im lacking something. 'Lonnie said before shrugging lightly . ' Maybe she just thought you were easy enough to manipulate, or maybe you were good enough to manipulate her?

Adora watched Lonnie pace back and forth, she was glaring brutally and once and then, her eyes glanced over to Catra. 'Y ou have five seconds, or I will shoot you. 'She didnt know what to do right now , how to fix this. She knew that she had the disadvantage, and she felt stupid for taking a night walk. They just tried to be normal for once, but they cant.

Lonnie let out a sigh, she looked at Catra and shrugged once. ' You're not dying tonight, Catra. '

Catra furrowed her eyebrows, she looked over at Adora before looking towards a Horde member who cocked his gun and pointed it towards Adora. Catra quickly looked at Adora, her heart beating faster against her chest. Then she heard it, the gunshot that would turn her entire world upside down.

'Adora!'

Chapter End Notes

Horde Lord Adora won the votes, so Im currently writing the first chapter to that!Looking forward for everyone to read it <3

'Adora!' Catra screamed at the top of her lungs, tears running down her cheeks as she stared at Adoras body on the ground, blood gushing out of her chest. The goons were still holding onto Catras arms, stopping her from running over to Adora as the blonde girl struggled to breathe, her hand pressed against the wound on her chest. Catra quickly glared at Lonnie, she tried to break herself free from the brutal hold on her arms. 'Im going to end you!'

Lonnie walked over to Catra, shaking her head with her lips pierced into a thin line. 'I dont think you will. 'Lonnie pressed her hand against Catras cheek, her thumb brushing over Catras cheekbone before she grabbed onto Catras jaw roughly, forcing her to look at Lonnie. 'You have two choices. You can either stay here and get caught by the police, or you will run away and leave Adora to die. '

Catra pulled her chin away from Lonnies grasp before spitting on Lonnies face. Lonnie closed her eyes in disgust, she wiped Catras spit from her cheek with the back of her hand before throwing a hard punch against Catras stomach, making the brunette girl to fall down on her knees and gasp for air.

'Lonnie, uh, I have called the police and- 'Kyle said, glancing down at Catra with pitiful eyes. Catra had her hand against her stomach, she could feel all the air disappear from her lungs. She slowly glanced at Adora, who was still struggling to breathe, her hand covered in her own blood as she tried to hold a pressure against her wound.

'Good, let's go. 'Lonnie said, looking down at Catra and shaking her head slowly. 'It's too bad, Catra. Y ou could've taken over the whole world. 'Lonnie said before leaving the park alongside the other Horde members.

Catra weakly crawled over to Adora, she kneeled up and looked down at Adora with tears running down her cheeks, her own hands shaking as she pressed them tightly against Adora's wound. 'It's going to be okay, Adora. Hold on, they are coming for you. 'Catra whispered, she could feel her own voice shake as she tried to keep herself together.

Adora looked up at Catra with half-lidded eyes, blood rolling down from the corner of her mouth. 'Catra... 'Adora stuttered, her arms laying flat on the ground.

Catra shook her head slowly, a broken sob escaped her lips as she tried to keep the blood pressure stabile. Adora's face was starting to lose its color, slowly turning Adora's pink cheeks pale. 'Don't speak, save your strength. '

Adora's hand weakly reached up, she pressed her palm against Catra's wet cheek. Catra closed her eyes tightly, more tears rolling down her cheeks. This can't be happening, she can't lose her, not now. 'I-... '

Catra blinked her eyes open, she looked down at Adora's face and a loud sob escaped her throat. 'Please, don't leave me. I can't do this without you. I love you. Please. 'Catra said shakily, her hands on Adora's chest kept getting bloodier and bloodier. From the distance, Catra could hear the police sirens, coming closer and closer. Help is on the way, and Adora is going to be okay, right? They are coming to save her.

'Catra, run... 'Adora whispered shakily, her hand falling down on the ground again as she struggled to stay alive right now. Catra stared down at Adora with wide eyes, and she had already made her mind. She won't run away, she won't leave Adora like this. Catra lifted her head when she heard the sirens coming closer and closer, and then she saw the blue lights. They were so close, all she had to do was to shout and scream for help.

'Someone help!' Catra screamed at the top of her lungs towards the direction of the police lights. She heard car doors getting shutting close and Catra looked then down at Adora with tearful eyes. Adora's eyes were closed, her chest heaving up and down quickly, she was still breathing, but she was struggling so hard and Catra feared that every draw of breath might be the last. 'Adora, please, stay awake. They are here, you're going to be okay. 'Catra said, leaning down to press a soft kiss on top of Adora's pale lips before pulling back.

'Hands up where we can see them!' A police of ficer shouted from behind Catra. She closed her eyes tightly, her hands pressing harder against Adora's wound on her chest. 'Now!' The police of ficer shouted again, every police officer around her had their guns pointed at her.

'She is dying... 'Catra whispered before looking up to glare at a police officer in front of her. 'She is dying, and she will be dead if you don't help her right now. 'Couldn't they just help Adora? W as arresting Catra more important than saving their friend's life? Catra was angry now, and anger mixed with sadness made her extremely dangerous.

The police officer in front of Catra looked towards his colleague before nodding once, making the other police officer walk over to Catra and Adora with his gun still pointed towards Catra. He then kneeled down next to Adora's body, and hovered his hands above Catra's hands. Catra looked at him, her gaze softening as she looked at the police officer. She took a deep breath before removing her hands from Adora's wound, and the area was quickly replaced by the police officer's hands.

'Get the paramedics. 'A police of ficer shouted as Catra slowly got up, her eyes glued at Adora and immediately another cop grabbed onto Catra's arms, folding them behind her back before putting handcuffs around her wrists.

'Catrina W eaver, you're under arrest for attempted murder on a police officer. 'The cop behind her said, but Catra didn't care. All she cared about was to make sure Adora would make it, that Catra

wouldn't hear that Adora has died. She just begged God, the universe or whatever, to make this right. To save her. To let Catra die rather than Adora. And the blame... Adora wouldn't be in this position if it wasn't for Catra. And it killed her.

As the paramedics put Adora on a stretcher to carry her to the ambulance, Adora turned her head to look at Catra. Her vision was hazy and uncertain, but all she could see was Catra being led away by a cop. Her hands bound by handcuffs. Adora tried to speak, tried to scream for Catra. For the cops to let her go. But nothing came out as they both got separated, away from each other.

Catra looked over her shoulder at the ambulance driving away with Adora before she looked forward again, staring at the blue lights of the police car. It's over. It doesn't matter.

Adora is going to be okay.

She have to.

Catra was sitting in the interrogation room, her wrists handcuffed against a metal bar attached to the table. Her thoughts have been wandering off to Adora, no one has told her anything, and why would they? She is a criminal, sentence for her crimes against Brightmoon City. The worry was eating her alive, she had to get some

information on Adora's state, right now. Or she might lose her mind, thinking about the worst scenario.

Living without Adora.

She can't do this, she can't handle this all alone. Her heart can't take this anymore, she can't imagine a world without those beautiful blue eyes, without that goofy grin.

Without Adora's love.

Life was too hard already, and even though everyone was hunting Catra down, she still felt happiness. All thanks to Adora. The risk to lose her right now, Catra had no idea what to do anymore. She couldn't fight back, couldn't do anything but to wait. Just as Catra was starting to cry again, the tears prickling in the corners of her eyes, she heard the door to the interrogation room open. She looked up, her eyes wide and her heart pounding when she spotted Bow, staring at her with pitiful eyes.

'How is she?' Catra whispered, furrowing her eyebrows and looking at Bow with her eyes, filled with sadness and worry.

Bow let out a sigh and shook his head slowly, he looked down before looking back up again. 'She was in a critical state, but they are doing their best to make sure she gets through this. She is having surgery right now.' Bow said, looking at Catra.

Catra stared at Bow, shocked about what he said, and she was praying that Adora will survive the surgery. She noticed Bow's eyes, red and puffy. It seems like he has been crying, probably for Adora's sake. 'I didn't do it, Bow . No matter what they say, I didn't hurt Adora. 'Catra said, ducking her head as a tear rolled down her cheek.

'I know . 'Bow said, causing Catra to lift her head to look at him with wide eyes. 'I don't think you did, and neither does Glimmer . 'He shook his head slowly, furrowing his eyebrows. 'They are coming to interrogate you, and Catra, I'm sorry . '

Catra stared at him, she knew exactly what he was going to say, and she has accepted it. She has done bad things, and she should be punished for the crimes. 'Bow , thank you, but there is no reason for you to warn me. I know what's coming for me, but all I need to know is if Adora will be okay. '

Bow nodded slowly, he knew that Adora meant everything to Catra, and vice versa. He admired Catra's boldness, he admired her for accepting her horrible fate. He was worried about Adora too, worried that she wouldn't make it. But he also knew that Adora was strong, and stubborn when it comes to this. She could do it, she could fight and win. 'I will make sure to update you when I can. 'Bow said before leaving the room, another sigh escaping his lips.

Catra took a deep breath, the news about Adora's critical state took a toll on her. All she can do now is wait for the next news to come

through. As Catra waited, for what felt like hours, Micah stepped into the room. Catra looked at him, not glaring, just looked. Almost tiredly.

'Catrina W eaver. 'Micah said, closing the door behind himself before pulling out a chair, sitting on it. Catra just stared at him before sighing, she ducked her head and looked down at her handcuffed hands. 'I have a few qestions for you. '

Catra didnt say anything, she didnt know what to say right now . She is still thinking about Adora, and Micahs voice just sounded like it was muffled.

'Im sure you know why you are in here. 'Micah said, folding his hands on the table and raising an eyebrow at Catra.

Catra then lifted her head to glare slightly at Micah, she balled her hands into fists. 'I didnt do it. '

'Which part, Catrina?Micah asked, leaning back against his chair . 'Blowing up the precinct?Kidnapping my daughter?Killing Alec?Or perhaps trying to kill Adora?

Adora.

Catra's heart stopped, her eyes widened before she shook her head quickly . 'I didn't try to kill Adora. Do you think I would be staying over her body and stop the bleeding if I tried to kill her?

Catra noticed how Micah's eyes widened slightly , he knew that it was weird that she stayed like that. That she tried to save her. 'Catrina, I have worked as a police officer for a long time, and I know what people would do to seem innocent. '

Catra let out a sigh before shrugging lightly. 'I never said I was innocent. '

'Do you admit to these crimes then?

'How is Adora?Catra asked, staring at Micah with such worry in her eyes. She needed him to stop asking irrelevant questions, none of that matters. She was going to jail, there is no doubt about that.

'It's none of your concern. 'Micah said, glaring at Catra with anger . Right, she was like a daughter to him.

'That's all that I care about. Y ou can spare me the speech about the crimes I've committed against Brightmoon City . I know what I have done. I need to know that Adora is going to make it. 'Catra said, glaring at Micah with such anger right now. Why is he so stubborn? She can totally see where Glimmer got her behavior from.

'Y ou are in no position to ask for anything, Catrina. You made it too easy for us to put you in jail. 'Micah said before letting out a sigh. He seemed tired too, worried about Adora. Catra almost had pity for him.

'I dont care. 'Catra said before letting out a dark chuckle. Micah stared at her with furrowed eyebrows. She then stopped laughing and began to glare at him. 'I have *nothing* to lose anymore, everything I ever cared about has been taken away from me. No matter what I do, I dont get to win. 'Catra said whilst tears threatened to spill from her eyes. She ducked her head to avoid his gaze, so he wouldnt see the tear that rolled down her cheek.

'Catra, stop talking. 'Someone said, the door closing and Catra lifted her head to stare at Glimmer with wide eyes.

Micah stood up from his chair, he looked at Glimmer with wide eyes. 'Glimmer , what are you doing here?

Glimmer looked at Micah with a raised eyebrow. 'Catra is my client, Im here to defend her . '

Catras eyes widened even further , she stared at Glimmer with her mouth agape. Her expression almost matched Micahs, both were so shocked over what Glimmer just said. Glimmer took her suitcase, she placed it on top of the table and slowly sat down on a chair next to Catra.

'What is the meaning of this, Glimmer? Adora is having surgery right now because of this woman. 'Micah said, pointing at Catra as he glared at Glimmer.

Glimmer took a deep breath, she looked at Catra and shook her head slowly. 'Dont answer any questions, they have nothing on you and we are planning to let it stay that way. 'Catra nodded slowly , still staring with wide eyes and an open jaw. Glimmer rolled her eyes, she placed a finger under Catra's chin and pushed her chin up so that Catra would close her mouth.

Catra rolled her eyes, she looked at Micah and smirked at him. ' Now this is going to be fun. '

Micah glared brutally at Catra as he sat down on his chair again. He glanced at Glimmer before looking at Catra again. 'What were you doing by Adora's body tonight?

'I- 'Catra opened her mouth to answer the question, but Glimmer placed her hand on top of Catra's thigh under the table, stopping the other girl from speaking any further.

'My client was taking a midnight stroll when she heard the gunshot, she immediately ran for rescue. 'Glimmer said, looking at Micah. Catra was almost impressed how fast Glimmer was able to lie, guess it was a lawyer thing.

Micah let out a sigh, he looked at Glimmer before averting his gaze back to Catra. 'We got a call in about a shooting. Was it you?' Micah asked, raising an eyebrow.

'Yes, she decided to call the police when she heard the gunshot.' Glimmer said, glancing at Catra through the corners of her eyes before looking back at Micah.

Micah nodded slowly, he looked at Catra with his head tilted to the side. 'You know, Catrina. I know my daughter, her way of defending her clients. I know she is lying to me. I just don't know why.'

'All of that is irrelevant. If you have no reason to keep my client locked up, Im asking you to set her free.' Glimmer said, narrowing her eyes at Micah. Her father was looking at her, still shocked at her behavior. Catra just looked between them, her eyebrows furrowed and confused on what's going to happen now.

Micah let out a sigh, he stood up from his chair and looked down at the pair in front of him. 'Fine, you can go for now. But we are far from done.' He looked at Glimmer with such disappointment in his eyes, it almost reminded Catra of her own mother. Micah left the room, he slammed the door behind himself roughly.

Catra looked at Glimmer with furrowed eyebrows. 'Why are you here?' She asked Glimmer, confused on why Glimmer would sit here and lie to her own father for Catra's sake.

Glimmer looked at Catra, she shook her head slowly before shrugging. 'Because I know you didn't hurt Adora and Adora would never forgive me for leaving you here defenseless. '

'I guess a thank you is in order then. 'Catra smiled slightly at Glimmer, the other girl looked at Catra with a sad smile.

'Don't thank me yet, Catra. You're free for now, but I don't think it's over. 'Glimmer said, shaking her head and letting out a sigh.

'Do you think I will able to see her?Catra asked, biting her bottom lip and looking at Glimmer with sad eyes.

Glimmer smiled sadly at Catra, she placed her hand on Catra's shoulder. 'Listen, Bow told me that they are taking shifts at the hospital to guard Adora when she has finished surgery. When it is Bow's turn, we will sneak you in. '

The next morning, Adora blinked her eyes open, she felt so drained and weak right now. Her vision was so unclear, blurry until her eyes adjusted to the bright light in the hospital room. She turned her head, looking around the room with half-lidded eyes. 'Catra?Adora whispered, her voice was so hoarse and quiet. She looked down at

her hand, she had a tube and needle on the back of her hand, her chest was bandaged up.

She got shot.

Catra.

She was taken by the police, she is probably so scared and lonely right now. Adora needs to see her, she needs to get up from this place and she needs to go to Catra. She needs to defend her, help her out. Adora slowly tried to sit up on the bed, supporting herself by placing her palms against the mattress. A loud groan escaped Adora when she felt the pain from moving. Suddenly a doctor ran over to Adora, he placed his hand gently on her shoulder, causing Adora to look up at him.

'T ake it easy, detective. You had a rough surgery, and you should take it easy these couple of days. 'The doctor said with a soft smile, pushing Adora back gently onto the hospital bed again.

Adora shook her head slowly, she was breathing heavily as she looked up at him. 'No- I- I have to go, I need to... '

The doctor shook his head slowly, he frowned down at Adora. 'No, you dont need to do anything, but to rest. '

Adora closed her eyes again, she took a deep breath and felt the pain in her chest. 'Did I have any visitors when I was out?

The doctor nodded, he lifted the blanket to properly lay it over Adora's chest. 'Y es, two of your friends visited you last night. '

'Any ... Did any of them have two different colors in their eyes? Adora asked, blinking her eyes open to look up at him weakly.

He shook his head slowly, smiling softly down at Adora. 'Not that I can recall, no. '

Catra hasn't visited her , there must be a reason for that. She is locked up in the prison by now, probably wondering how Adora is doing. Probably going mad at the thought of losing her. She couldn't just lay here whilst Catra cried, screaming herself to sleep. She needs to see her. 'Can you call my friends and tell them I've woken up?Adora asked, her voice trembling. The doctor nodded, he smiled softly down at Adora before leaving the room to call for her friends.

Adora waited, it felt like hours and she kept looking at the police officer that was standing outside her door, guarding her. Micah probably put him there, to keep Adora safe. Usually she was grateful for Micah's attempt to keep her safe, but at times, it could annoy her . Especially now. Even if Catra wasn't locked up, she wouldn't be able to visit Adora right now. She would have gotten arrested, or Adora would have gotten fired. It's all too messed up.

A while later, Glimmer and Bow popped up by the door. They both looked at Adora with tearful eyes, they practically ran over to her to hug her tightly. Adora winced, the pain was still there and she was incredibly sore after the surgery.

'Sorry . 'Glimmer said, pulling back from the hug as tears rolled down her cheeks. She wiped her tears away with the back of her hand.

Bow looked down at Adora, his hand against his mouth as tears rolled down his cheeks. 'W e thought you wouldnt make it. '

Adora looked between her friends, she cant even imagine how worried they were for her. 'Where is Catra?Adora whispered, glancing behind Bow and Glimmer at the police officer before looking back at her friends.

Glimmer sighed, she shook her head slowly. 'She is at your place, she was taken custody by the police, but I managed to buy her some time. '

Adora furrowed her eyebrows, she looked up at Glimmer and shook her head qickly . 'No, you cant leave her alone. She is going to go after them. 'Adora said, she felt the panic through her body . Catra was probably angry, and she usually did something stupid when she was angry.

'She was thinking about it. 'Bow said, he grabbed onto a chair and pulled it next to Adora's bed before sitting down on it. 'But Glimmer convinced her to stay put, so she could come and visit you. '

'How?' Adora said, she was relieved to hear that Catra was at her apartment, that means she wasn't locked up like an animal. She was free, but what was she doing? Is she just laying in Adora's bed, waiting to hear from Bow and Glimmer? It doesn't sound like Catra, and that makes Adora worried.

'I'm the next shift change, so after we leave, we are coming back and we will bring Catra with us. 'Bow said, smiling softly at Adora and grabbing onto her hand gently.

Adora looked up at Glimmer, she smiled weakly at the girl. 'Thank you, for buying Catra some time. 'Adora sighed, she looked down at the blanket on her. 'I don't know what I would've done if she got locked up. '

Glimmer shook her head slowly, she grabbed onto Adora's other hand and squeezed it gently. 'You don't have to thank me, Adora. There is nothing I wouldn't do for you. 'Glimmer smiled softly down at Adora. 'And don't tell her I said this, but I've grown fond of her actually. '

Adora smiled weakly up at Glimmer, she shook her head slowly. 'She wouldn't stop teasing you about it. 'Adora said before chuckling

weakly, she then let out a groan and closed her eyes. Damn, she cant even laugh.

'Dont worry , Adora. ust relax for now , and I promise, we will get Catra for you. 'Bow said, sqeezing Adoras hand gently . The blonde girl looked at her friends, a soft smile spread across her lips. She was so grateful for them, always has been. No matter what, they were always by her side. It meant the world to her.

It was lonely in the hospital room, Adora was still waiting for Bow and Glimmer to come back, and it has been two hours since they left her here. The pain has settled down a little, even though Adora still felt qite sore after the surgery . The police officer by the door was always in duty, looking around the surroundings. He looked almost as bored as Adora was, and Adora could feel the tingle to return to her own duty. She wasnt one to relax. Like at all.

She only wanted to see Catra right now. She just needed to see her.

Adora eyed the police officer by the door, she narrowed her eyes at him, craned her neck and just watched what he was doing to pass the time. When she noticed that he didnt do anything at all, she let out a groan and dropped her head on the pillow. It was soooo boring. She closed her eyes, took a deep breath and just drifted her thoughts away to whatever. The Horde. Catra. The police force. Micah. Everything is too much. And then a familiar voice was heard and Adora qickly opened her eyes to look towards the door .

A weak grin spread across her face when she spotted Bow with his uniform on, he talked to the police officer and it was time for a shift change. It wouldn't take long until she saw Catra now.

The police officer nodded before leaving, and Bow looked at Adora with a wink. Adora let out a soft giggle, she leaned her head back against the pillow again and she was breathing softly, her chest heaving up and down.

Catra.

'Bow.' Adora called out for him, looking at him with half-lidded eyes. 'Where is she?' Adora asked again, almost too quietly. She still felt so weak.

Bow immediately walked over to Adora, he grabbed her hand and smiled softly down at her. 'She is on her way, okay? Just hold on, you will see her soon.'

Adora's swallowed thickly, it hurt again. Why does it hurt so badly?

Catra.

'Bow , I know I made it through the surgery. But why does it feel like Iḿ dying?Adora said, breathing heavily and looking up at Bow .

'Y ou are not dying, Adora. Youŕe going to be fine, you just need to relax. 'Bow said, caressing his thumb over Adoraś knuckles. Adora nodded weakly, she closed her eyes and her breathing slowed down.

It felt horrible, her chest felt heavy against her chest, like something was pressing against it. She is okay, and she will be fine. Even better soon, because Catra is coming to her. She is going to see those beautiful eyes again, and itś all going to be better .

'Adora?

Adora blinked her eyes open, she looked towards the door, her vision was unclear. She was tired, so tired. A good nap would be great now, but that thought ran away as soon as she saw Glimmer by the door with a soft smile. And from behind her, someone with a large hoodie came into the room.

Catra.

Catra walked immediately over to Adoraś bed, she grabbed onto Adoraś hand and looked down at her girlfriend with tearful eyes. ' Adora, youŕe okay . 'Catra said, sitting down on a chair without letting go of Adoraś hand.

The corners of Adora's mouth twitched up slightly. How is she so beautiful? Didn't Glimmer tell you that I'm a fighter? Adora chuckled weakly before groaning quietly.

Bow and Glimmer looked at each other, agreeing silently to leave Catra and Adora alone, keeping an eye out in case the police or the Horde decides to interrupt this moment.

'You are such an idiot.' Catra whispered before leaning down to kiss Adora softly on the lips, almost afraid to break her. Their lips lingered onto each other, Catra squeezed Adora's hand and Adora let out a soft sigh against Catra's lips.

'Yours...' Adora whispered against Catra's lips, her eyes closed as she remembered the taste of Catra's lips again. Why did it feel like it was years ago? Like it wasn't just last night since she felt Catra's lips upon her own, their hands together.

Catra pulled back from the kiss, she looked at Adora and a tear rolled down her cheek. She slowly lifted her hand to place it on Adora's cheek. 'I'm so sorry.' Catra whispered shakily, her thumb caressing Adora's cheekbone.

Adora weakly lifted her hand to place it upon Catra's on her cheek. She shook her head slowly, looking at Catra with half-lidded eyes. 'It wasn't your fault.' Adora assured her, but she could see it in Catra's eyes, that disbelief.

'They came after you because of me. Y ou got shot because of me. ' Catra said, she sounded like she wanted to cry. Adora looked up at Catra before lifting Catra's hand, placing a soft kiss on the back of it.

'Catra, you dont understand what you mean to me. 'Adora whispered, closing her eyes and nuzzling into the back of Catra's hand. 'I love you so much, and I would take a bullet for you any day . '

Catra shook her head slowly, whispering softly. 'I love you so much, Adora, and I would kill for you. '

Adora opened her eyes to look at Catra with wide eyes, shaking her head slowly. 'Catra, please, dont do this. 'She knew exactly what Catra meant by that, and Adora believed her. Catra is planning to kill everyone in the Horde, she was planning to walk into battle on her own.

Catra swallowed thickly, she pulled back her hand from Adora's own hand. The blonde girl glanced down at their separated hands before looking up at Catra again. 'They hurt you, almost killed you. '

'Listen to me, we will do it together , okay? Whatever you are planning, please dont. 'Adora tried to sit up, she did her best to get up, but she couldnt. It hurt.

Catra stood up from her seat, she looked down at Adora with a slight glare. 'Im not risking your life anymore. Im going to end this, all of it. 'Catra said, and the look in her eyes wasnt filled with sadness anymore, it was anger. Seeing Adora like this broke her again, she felt the anger rage through her body.

'Catra, please, if you love me, stay . Dont go. 'Adora felt the tears roll down her cheeks, she didnt even realize she was crying until she heard her voice break.

'Im sorry , Adora. Ive done horrible things for myself, to keep the throne, to make sure I come out on top. And now they tried to kill the only person that has ever mattered to me, the one who holds my heart. They are not getting away with it. 'Catra said, glaring down at Adora.

The blonde girl stared up at Catra with wide and tearful eyes, she didnt know what to say. She could see the hate and anger Catra felt towards the Horde, and she couldnt stop her right now. 'I-... '

Catra leaned down slowly, she placed a soft kiss on Adoras forehead. 'No matter what happens to me, I want you to know- ' Catra pulled back to look into Adoras eyes, the blue oceans in her eyes always made Catras heart jump. 'Y ou are the best thing that has ever happened to me. 'Catra said, placing a soft kiss on Adoras lips before turning around to leave the room, pulling up the hood of her hoodie over her head to avoid getting spotted by anyone.

'Catra!'Adora screamed out, tears rolling down her cheeks as her heart was pounding harder and harder against her chest. 'Please... 'Adora whispered shakily , choking on a sob.

Glimmer and Bow rushed into the room with wide eyes, they looked at Adora. 'Why did Catra leave?Glimmer asked, walking over to Adora to worry as she saw the tears in her friends eyes.

'She is going after the Horde. 'Adora said shakily , she pressed her hands against the mattress and pushed herself up. 'W e need to stop her. 'Adora said with a new form of determination in her voice. She grabbed onto the tubes on her hand before pulling them off, wincing at the slight pain she felt.

Bow shook his head qickly , he grabbed onto Adoras arms to stop her from getting up. 'Adora, please, you need to calm down. '

'How!?Adora raised her voice, glaring at Bow . 'How am I supposed to calm down when the girl I love is running off into a dangerous situation?What if she dies!? I cant calm down, I need to go to her!I need to help her!'Adora said with a raised voice, pushing Bow out of her way before getting up from the hospital bed. She looked back at her friends, glaring at them with dried tears on her cheeks, her eyes red and furious. 'So, are you coming or not?

Bow and Glimmer looked at each other before Bow looked back at Adora, nodding once. 'First, we need back-up. '

'Chief!'Adora yelled out, running into the precinct with Bow and Glimmer right beside her. Everyone around the precinct was staring at Adora with wide eyes, she was breathing heavily and she could feel the pain on her chest increase with every step she took. All she could think about is Catra, and how time was important right now. They needed to act qick, or else she could lose Catra forever .

Micah stared at Adora with wide eyes, shaking his head qickly . ' Adora, what are you doing here?Y ou should be at the hospital and rest. 'Micah said before turning his head to glare at Bow . 'How could you let her leave the hospital?

Bow shook his head slowly, he furrowed his eyebrows. 'Listen, chief, Adora has great intel that could help us capture Shadow Weaver. '

'Dad, please, just listen to what they have to say . 'Glimmer said, taking a step closer to her father.

Micah just glared at Glimmer, he raised his hand to point a finger at her. 'Y ou defended a Horde member, Glimmer, so you dont have a say on any of this. '

Glimmer then started to glare at her father, she balled her fists by her sides. Adora let out a qiet sigh, she walked closer to Micah and shook her head slowly. 'W e need to go to Horde Industries, I think Ive a plan to capture Shadow W eaver and end all of this. '

Micah let out a sigh, he crossed his arms over his chest and raised an eyebrow at Adora. 'I know you are determined to find Shadow Weaver, but all of this is too dangerous, Adora. You are not exactly in perfect health right now, and I strongly advise you to rest until you feel better. '

Adora let out a groan before glaring at Micah. 'No, I dont need to fucking rest. 'Micahs eyes widened when Adora swore at him, disobeying his direct orders. 'I need to stop the Horde, and I have a plan to do so, but I need all the cops at the place. '

Micah looked between all three of them with furrowed eyebrows. They all seemed so sure about all of this, and Adora has always shown great determination and confidence when it came to her plans. 'Fine, lets hear it. '

Catra was staring at the Horde Industries with a brutal glare, her hand carrying her gun. She had already send a message to Shadow Weaver, to meet up with her. She also made sure to tell her mother that she came alone, and that they should finish it once and for all.

As Catra waited patiently, she also made a plan on how to do this. She wasn't stupid, she knew her mother would probably have a back-up plan, someone to protect her. Catra was counting on dying today, but she would get to kill her mother first before dying. If she is going down, Shadow Weaver will go down with her. Catra was feeling the panic and stress, but she didn't let it take control of her mission.

They hurt Adora.

And they will pay for that.

Suddenly Catra heard some noise and she quickly stared up at the direction of the noise, footsteps coming closer and closer. When the person became visible to Catra's eyes, the brunette girl glared brutally at her.

'Mother , you finally showed up. 'Catra said, gripping onto the handle of her gun even harder now until her knuckles became pale.

'Catrina, it has been so long, my child. Come and give your mother a hug. 'Shadow W eaver said, grinning a wicked grin. She spread

her arms, mocking Catra with the chance of a hug. She hasn't really hugged her mother before, she was always so emotionally distant.

'You seem awfully calm for a day that will be your last.' Catra said, smirking at her mother as she raised her gun and pointed it at Shadow Weaver.

Shadow Weaver dropped her arms and raised an eyebrow at Catra. 'Oh, please, I've always known you were ruthless, but killing your own mother? That's low, Catra, even for you.' Shadow Weaver rolled her eyes, taking a few steps closer to Catra until the gun pressed against her chest.

Catra's eyes widened, she glanced down at her gun before looking up at Shadow Weaver again. 'What are you doing?'

Shadow Weaver let out a sigh and shrugged lightly. 'Isn't it obvious, daughter? I'm giving you the opportunity to end my life right now. Why don't you take it?'

Catra's finger hovered over the trigger, her eyes wide as she stared at Shadow Weaver. Why couldn't she press the trigger? Why didn't her body obey her mind, and just shoot? Something was holding Catra back, something that whispered in her ears. Something that echoed in her mind.

Don't shoot her.

Catra could recognize that voice, a voice that has recently been a moral compass for Catra. That voice belonged to someone she loved, someone who saved her humanity.

Adora.

Catra let out a groan, she lowered her gun and turned her head to the side. 'I can't do it. '

Shadow Weaver let out a dark chuckle, shaking her head. 'Im disappointed, Catrina. You have become so weak, and the worst part is, you were meant for greatness. '

Catra glared brutally at her mother, breathing heavily. 'I was never meant to become like you. You are cold and bitter, and you have nothing to live for anymore. You are a plague to this world. '

Shadow Weaver nodded slowly, she took another step forward and glared down at Catra. 'No matter what you do, you will always be a criminal, a monster. Someone who would murder her own family for her own selfish needs. '

Catra's eyes widened as she stared up at Shadow Weaver, suddenly feeling so small and weak. It was true, no matter how much she tries

to be good, she will always be a monster. Her crimes cannot be forgiven, she wouldnt allow herself to forgive.

'Catra!'

Catra immediately looked behind herself when she heard Adora scream out her name, she could hear loud footsteps and she knew that Adora was coming. No, this cant be happening. Of course she wouldnt just stay in the hospital bed, Catra miscalculated that due to her own anger. When the footsteps came closer, Shadow Weaver took the opportunity to grab Catra and turn her around, making Catra drop her gun. Shadow Weaver pressed her arm against Catra's throat, holding her tightly against her own body as she pulled her own gun out and pressed it against Catra's temple.

'Adora, dont!' Catra screamed out, her hands holding Shadow Weaver's arm tightly.

Adora came into view, her gun pointing at Shadow Weaver as she stopped on her tracks, a few steps away from Catra and Shadow Weaver. 'Drop your gun!' Adora said, glaring brutally at Shadow Weaver. She glanced at Catra, her heart pounding with adrenaline and fear. The fear of losing Catra if she made own wrong step.

'Adora, such a pleasure for you to join us. 'Shadow W eaver said, smiling creepily at Adora whilst holding the gun against Catra's head.

'Adora, what are you doing here? You shouldve stayed away. ' Catra said, looking at Adora with sad eyes.

'I couldnt leave you to do this on your own. We are in this together, right? Adora said, glancing at Catra with a slight smile before glaring back at Shadow Weaver again.

Shadow Weaver rolled her eyes before smiling creepily again. ' Such an awfully romantic moment. Adora Grayskull has come to watch her lover die. '

Adora glared brutally at Shadow Weaver, her finger hovering over the trigger. She was ready to shoot, but she needed to be careful to not jeopardize Catras life right now. 'You cant take anyone else away from me, Shadow Weaver. I have already lost my father, I refuse to lose Catra. '

Shadow Weaver let out a dramatic sigh, nodding slowly as she kept her arm tight against Catras throat, keeping her in place. 'Yes, poor George, but if you ask me, it was good riddance for my part. '

Catra stared at Adora with wide eyes, her hands pressing tightly against Shadow Weavers arm. She could see the anger in Adoras eyes, she was ready to kill Shadow Weaver, and Catra needed to figure out how to get free from this hold. She was worried that Shadow Weaver would shoot Adora first, and make Catra watch it all happen.

'Why did you do it?Adora asked, she was trying to bring out a confession from Shadow Weaver, something that could help the police during trial.

'He was getting in my way . 'Shadow W eaver said, glaring at Adora. She was showing some anger at the memories, resentment for what Adora's father did to Horde Industries.

'He was close to exposing you to the world. 'Adora said, smirking smugly at Shadow Weaver, triggering her to spill all her secrets.

'He was close to nothing!'Shadow W eaver said, raising her voice louder. Catra's eyes were wide, she stared at Adora and wondered why the fuck Adora tried to make Shadow Weaver angry.

'He almost ruined your company , he played you over and over again. 'Adora let out a chuckle, shaking her head. 'Until you couldn't handle it anymore, you lost your cool and decided to murder him. '

Shadow Weaver let out a dark chuckle, tossing her head back before glaring back at Adora again. 'The only regret I have in life is that I didn't aim better when I shot him. '

'But you missed, and that's exactly it, Shadow W eaver. You're nothing if you don't have your soldiers, your strategists, your

daughter. 'Adora said, pouting playfully and tilting her head to the side. 'Y ou're going to lose everything. '

Shadow Weaver was starting to get even angrier, she pressed the gun harder against Catra's head and shook her head slowly. 'Im done playing your little games, Adora. '

Catra's eyes widened when she spotted Octavia behind Adora with a gun in her hand, pointing it against Adora's head. 'Adora!' Catra screamed out, and Adora's heart stopped when she felt the gun press against the back of her head.

'It's time for you to die. 'Shadow W eaver said, glaring at Adora.

'Drop your gun. 'Another person said, Catra recognized that voice and her heart filled with joy when she saw Scorpia next to Octavia, pointing a gun at her. Shadow Weaver's eyes widened in surprise, and everyone were pointing guns at each other. However, Catra and Adora had the upper hand when Scorpia showed up, setting them three against two.

'Scorpia, you're alive. 'Catra said excitedly , she couldn't help the wide grin that spread across her face and tears filled her eyes. Scorpia is alive, and she is here to help them.

Scorpia looked at Catra and nodded quickly . 'Huh? Oh, yes, I lost one hand and I was kept in a cell, but uh, Entrapta let me out and

now Im here to save my wildcat. '

Adora looked at Shadow Weaver with a smug smirk. 'It looks like youre outnumbered, Shadow W eaver. 'Adoras smirk dropped as she began to glare at Shadow Weaver. 'T ime to give up. '

'Never . 'Shadow W eaver said, she snapped two fingers together and every Horde member surrounded the place with their guns pointing at Adora, Catra and Scorpia. Adora looked around the place with wide eyes along with Catra and Scorpia, but neither Adora nor Scorpia lowered their guns even though they were surrounded right now. 'Im never giving up on what Ive built. '

'And Im never giving up on those I love. 'Adora said, looking at Catra with a soft smile before looking at Shadow Weaver with a glare, she lifted her hand and snapped two fingers together. And all of sudden, the police surrounded the place, pointing their guns on every Horde member, making them all drop their guns and raise their hands in defeat.

Shadow Weaver looked around with wide eyes, looking absolutely defeated. She turned her gaze to Adora with the most brutal glare she has ever witnessed. 'Y oure going to pay for this. '

Catra let out a groan, she used her arm to elbow Shadow Weaver right on her ribs, sending the woman to stumble back and get off balance. 'Adora, now!'Catra screamed out, moving to the side quickly as Adora aimed her shot and pressed the trigger , shooting

Shadow Weaver on the chest. Shadow Weaver's eyes were wide as she stared down at her chest, blood gushing out and through her shirt, she dropped her gun and dropped down on her knees.

The other police members put the Horde members in handcuffs and led them away to the police cars. Adora quickly ran over to Catra as a police officer grabbed onto Catra's arms, folding them behind her back and putting handcuffs around her wrists. Adora's eyes were sad as she watched the scene in front of her, Catra being arrested once again.

Catra glanced at her mother, who has fallen down on the ground with her eyes open, but her heart stopped. She was dead, and Catra could feel such a relief in her chest. She was getting handcuffed again, and none of that mattered right now. She looked at Adora with a smug smirk. 'Im impressed, princess. Didnt think you had it in you. 'Catra said, feeling happiness upon seeing Adora again.

Adora bit her bottom lip before smiling and shrugging lightly. 'Maybe you underestimated me. '

Catra let out a soft chuckle, she shook her head slowly. 'Clearly . ' Catra gave Adora a small wink before being led away from the scene. She remembered that conversation, those words that meant something entirely else when Catra and Adora said it the last time. At the masquerade ball. After Adora broke Catra's heart. Who knew that those words would mean something entirely different now?

Adora followed Catra with her eyes, watching her get into a police car and driving away. She let out a sigh, closing her eyes and taking a deep breath. When she opened her eyes again, she looked at Shadow Weaver's lifeless body laying on the ground, on her own blood. She did it, she finally killed Shadow Weaver and Adora could feel some kind of peace inside her, like her fight is over now. She has avenged her father and hopefully he will be proud of what she has done.

Micah approached Adora with a frown, he placed his hand on Adora's shoulder, causing the blonde girl to look at him with slightly wide eyes. 'Good job, detective Grayskull. It's because of you, Brightmoon City can sleep peacefully tonight. '

Adora stared at Micah, she could feel the tears in her eyes and she qickly hugged Micah. 'Thank you, chief. 'Adora said qietly , sniffling. She felt so in peace right now, she finished what her father started and it meant everything to hear that from Micah.

Micah hugged Adora back tightly, just like she was his own daughter. He placed a soft kiss on her head before whispering. 'Y our father will be proud of what you've done today. '

Adora nodded against Micah's shoulder, she pulled back and looked up at him. 'What is going to happen to the rest of the Horde members?Adora asked, trying to find out what will happen to Catra after this.

Micah let out a sigh, he rubbed the back of his neck. 'They are going to stand trial for the crimes they have committed. '

Adora's heart dropped, she might lose Catra anyways. She has done horrible things, she was Shadow Weaver's right hand, and who knew how the judge would see it? Would anyone care that Catra helped them out? Would it make any difference? Would that save Catra from going to jail?

Three Days Later

Catra let out a deep breath as she sat down on her seat, she looked up at the jury before glancing down at her hands. She has been spending three days in police custody, waiting for her trial to begin. She has been nervous, and she hasn't gotten an opportunity to meet Adora just yet. It has been tortured to not see her, and now everyone was in the court room, and Adora was there, she was just as nervous as Catra was. They had no idea how this would go, and they didn't know what Catra's sentence would be.

Catra looked behind her shoulder at Adora, the blonde girl was looking at Catra with a frown and sad eyes. It broke Catra's heart to see Adora like this, and they haven't gotten the chance to celebrate Shadow Weaver's death either. Catra smiled sadly at Adora before looking at Glimmer next to her.

'W e got this, right?Catra asked, unsure if this would work in her favor.

Glimmer looked down at Catra with a soft smile, she sat down on her seat before bringing up a fist. 'W e got this. '

Catra smirked at Glimmer before bumping Glimmer's fist with her own fist. Both the girls looked towards the judge with confidence, and waited for the judge to begin the trial.

The judge looked over the court room. 'The court holds a trial for Catrina Weaver versus the state of Brightmoon City. 'The gavel slammed down, and the trial began.

The Courtroom was qiet when the judge arrived into the room, everyone stood up to honor the judge until she sat down on her high chair. Catra was feeling rather nervous, but she also felt qite calm, given that Glimmer was standing right next to her, ready to defend Catra. Glimmer told Catra that Scorpia got lower sentence for being one of the reasons why the Horde got caught, and she was feeling confident that Catra would get the same sentence.

But Catra wasnt so sure, she was Shadow W eavers daughter , her right hand. Catra has done horrible things, she was the mastermind behind almost all of the Hordes plans, and she would probably face life in prison.

Everyone sat down on their seats, Catra could feel Adoras eyes bore into the back of her neck and she wanted to turn around once again, but she needed to stay focused for what was about to come for her.

'The court holds a trial for Catrina W eaver versus the state of Brightmoon City. 'The judge said, slamming down her gavel on her

desk. 'Lawyers, if you may?The judge said, looking at Glimmer before looking at the prosecutor.

The prosecutor stood up, he looked over at Catra before looking back at the judge. 'W e are in trial for the crimes Catrina Weaver has committed against Brightmoon City. '

Glimmer took a deep breath, she stood up from her seat and looked over at the judge. 'W e plead not guilty. '

Catra took a deep breath, she looked behind her shoulder at Adora, who just smiled sadly at Catra. The worry in her eyes was still there, and that made Catra worried too. Catra let out a sigh, she looked back at the judge.

'Alright, sit down. 'The judge said, letting out a sigh as Glimmer and the prosecutor sat down on their seats. Glimmer looked at Catra, she placed her hand on her shoulder to comfort her, to make her feel like it was going to be okay. 'Prosecutor , you can call in your first witness. '

The prosecutor stood up from his seat, he looked towards the doors where the witnesses would go through. 'The state calls Lonnie Davis as our first witness. 'And through the doors came Lonnie, her hands were handcuffed and she wore some sort of dress. Catra wouldve laughed if this situation wasnt serious, and she knew that Lonnie would have a lot to say that would bring down Catras defense.

Lonnie glanced at Catra with a glare as she walked up to take a seat at the witness stand. Catra just looked at her, her eyebrows furrowed and a frown on her face.

'Ms. Davis. 'The prosecutor stared saying, walking over to Lonnie with a soft smile. 'Y ou were a member of the Horde, werent you?

'Y es. 'Lonnie simply said, nodding once.

'Do you recognize Ms. W eaver?The prosecutor asked, looking over at Catra before looking back at Lonnie.

Lonnie looked over at Catra before looking back at the prosecutor. ' Yes. '

'W ould you like to tell the jury what Ms. Weaver's role meant in the Horde?

Catra looked at Lonnie, she pleaded with her eyes for Lonnie to not say anything. But at vain, the woman just glared at Catra before taking a deep breath. 'She was Shadow W eaver's right hand, she was the strategist in the Horde and she has planned out almost all of the attacks since we arrived to Brightmoon City. '

Lonnie was being direct, staring Catra down as she spoke every word. Catra let out a disappointed sigh, she ducked her head and shook it slowly. This is all going to go like shit, Catra will spend the rest of her life in prison and she wont get to see Adora anymore, she wont be able to touch her or smell her , she wont get to kiss her or hold her hand.

'So what youre telling the jury , is that Ms. Weaver was in charge of most of the attacks on Brightmoon City?

'Y es. '

'W as she some sort of leader to you?

'Y es. Catra was in charge of everything, she was our leader and she called the shots. '

The prosecutor looked pleased with himself, he looked at the judge and nodded once. 'No further qestions, your honor . 'He said, looking at the jury before walking back to his seat.

Glimmer placed her palms against the surface of the desk in front of her and Catra whilst getting up from her seat, it was her turn to interrogate the witness. Glimmer let out a deep breath, walked over to Lonnie and tilted her head slightly to the side. 'Ms. Davis, is it true that youve had some sort of sexual relation with my client?

Catra couldnt help the slight smirk that spread across her face when she noticed Lonnie's cheeks turn red, she was blushing at that statement.

Lonnie nodded, blushing. 'Y es, I had. '

'I cant really blame you, she is a very attractive woman. 'Glimmer said, looking at Catra behind her shoulder and noticed immediately how the brunette girl stared at Glimmer with a smirk. Glimmer rolled her eyes, she looked back at Lonnie. 'And it wouldnt shock me if you didnt let go of her . '

'Objection!'The prosecutor screamed out, glaring at Glimmer before looking at the judge. 'How is all of this relevant?

'Declined. 'The judge said, glancing at the prosecutor before looking at Glimmer. 'Continue. '

Glimmer smiled up at the judge and nodded. 'Thank you, your honor. 'Glimmer looked back at Lonnie. 'It must have been so hard for you to know that Ms. Weaver didnt want you anymore. 'Everyone in the courtroom were qiet as they listened to Glimmer , Lonnie didnt have anything to say . Her mouth open, but nothing came out. 'Have you ever considered getting revenge for that?

Lonnie looked at Catra before looking back at Glimmer. 'I- '

'Let me remind you that you're under oath here, Ms. Davis. ' Glimmer said, raising an eyebrow at the girl.

Lonnie let out a sigh, shaking her head slowly. 'Y es, I have considered revenge. Do you have any idea what it felt like to be replaced like that? As soon as she was done with me, she just left to fuck someone else. '

The prosecutor let out a quiet groan, he slapped himself on his forehead before glaring at Lonnie. Glimmer smiled smugly at Lonnie. 'Thank you, Ms. Davis. 'Glimmer said, walking back to her seat. She glanced up at Adora, who was smiling sadly at Glimmer.

Catra glanced at the jury, they were murmuring among each other. She then looked behind her shoulder at Adora, winking slightly at the blonde girl. Adora shook her head slowly, she couldn't really understand how Catra could be so calm right now.

Lonnie got escorted out of the witness stand by two guards when they were done with her. It was time for Glimmer to put her witness on stand, and she called out Adora Grayskull to stand. Adora sat down on the witness stand, fiddling with her fingers as Glimmer got up from her seat and walked over to her friend.

'Detective Grayskull, could you please state your full name to the court and your profession?Glimmer said, raising an eyebrow at Adora.

Adora took a deep breath, she glanced at Catra before looking at the jury. 'My name is Adora Grayskull, and Im a detective for the BCPD. 'Adora said before looking back at Glimmer .

'Detective Grayskull, you have been a part of this case since the Horde arrived to Brightmoon City, am I right?

Adora nodded qickly , staring at Glimmer with wide eyes. 'Y es. '

'Then you might remember the day when the BCPD had to save me from the Horde?Glimmer said, looking at Adora.

'Y es. '

Glimmer walked over to the jury, looking at them with a stern expression on her face. 'I got kidnapped by the Horde, the police had to send a rescue team to save my life. 'Glimmer pointed out, making sure that the jury knew what happened. She went back to Adora, looking at her with a raised eyebrow. 'Did you get a text message about my whereabouts?

'Y es. 'Adora answered.

'Do you know who sent that message to you?

'Y es. I later found out that Catrina Weaver sent me the text message. '

Glimmer let out a sigh, nodding slowly. 'So, what you are telling me is that Ms. Weaver told you where I was? My exact location?

'Y es. Catrina Weaver saved your life. '

Glimmer nodded, she looked at Adora with a soft smile before looking up at the judge. 'I have no further questions, your honor . ' Glimmer said, making her way back to her seat.

Adora looked at Catra, they locked eyes and looked at each other with such love and worry. They were trying their best to keep it together, to not fall apart in each other's arms. Catra also felt some anger towards the prosecutor, he was being annoying and totally trying to keep Catra away from her freedom and from Adora. It was his job after all.

The prosecutor got up from his seat, he let out a deep exhale as he stood in front of Adora. 'T ell me, Detective Grayskull. Do you

remember the explosion on the police precinct? The day Ms. Queen got kidnapped?

Adora looked at the prosecutor, nodding slowly. 'Y es. '

'W ere you in the precinct during the explosion?

Adora let out a sigh, shaking her head slowly. 'No, I wasnt. '

'W ere you not supposed to work that morning?

'Y es, but I got delayed, so I wasnt there. '

'What were you doing that morning?

Adoras eyes widened slightly, she looked at Catra before looking back at the prosecutor, almost glaring at him. 'I was in my own hostage situation. '

'Along with Ms. W eaver, I assume?

Adora's heart stopped, she knew what he was coming with this and she was under oath, after all. 'Y es, I, along with Catrina, got kidnapped by a rivaling gang. '

'And what happened during that time you and Ms. W eaver were held hostage by the rival gang?

'The leader of the gang aimed to hurt Catrina, torturing her . '

'Why?

Adora furrowed her eyebrows, she looked at the prosecutor before looking at Catra. Catra smiled sadly at her, nodding discreetly for Adora to continue and to tell the truth. Adora refused, Catra noticed it in her eyes. But she needed to tell the truth, because the prosecutor will bring Horde members to witness and if they find out that Adora lied under oath, she will pay for that.

'Because Catrina murdered his brother . 'Adora said, swallowing thickly and looking back at the prosecutor.

The prosecutor seemed pleased with his effort, he managed to brand Catra as a monster once again. Adora felt the shame in her body, she regretted speaking the truth, but Catra looked at her, wanted her to speak the truth.

'No further qestions. 'The prosecutor said, walking back to his seat.

Glimmer got up, she walked over to Adora and pierced her lips into a thin line.

'So if I understood this correctly , you and my client were kidnapped by a rivaling gang, with the leader being Tony, AKA Tung Lashor. Am I correct?

'Y es. '

'And do you know who T ony's brother is?

'Y es, his name was Alec. He is a member of the gang, who worked under the Horde. '

'What did Alec do for the Horde?

'He supplied the neighborhood with drugs. '

'What happened to T ony after the kidnap? How did you and my client escape?

'A few members of the Horde came to Catrina's rescue, and Catra-' Adora closed her eyes before opening them up again. 'And Catrina killed Tony. '

'So what you are telling the court is that Ms. W eaver saved your life and removed a dangerous criminal from the streets?

'Y es. '

'W ould an evil person do something like that? Glimmer said, walking over to the jury. 'She saved my life, she gave the police a helping hand to save me. She spared a cop's life, removed a dangerous criminal from the streets. Making sure you and your children sleep safely at your homes. ' Glimmer looked at the jury before looking back at Adora. 'Did you and Ms. W eaver begin to plot against the Horde?

'Y es. Catrina wanted to end the Horde. '

'Why?

'Because she knew that they were a plague in Brightmoon City . When I first met Catrina, she was a stuck-up brat who wanted to ruin the world, but the more I got to know her, she was the most caring person I've ever met. '

'Did Ms. W eaver ever tell you that she wanted to be better?

'Y es. She tried so hard to be a better person than what she was raised to be. She saved my life countless of times, she fought for the people she loved. She saved your life, Ms. Queen, and she tried to help the police to bring the Horde down. The Horde is gone because of Catrina Weaver. '

Glimmer nodded slowly, she winked her approval towards Adora before walking back to her seat.

The prosecutor made his way to the witness stand, looking at Adora with furrowed eyebrows. 'Detective Grayskull, how is your father doing?

Adora's eyes widened at that, shocked to hear about her father all of sudden. 'Uh, he is doing alright. '

'Y our father, George Grayskull, has suffered an awful accident, am I correct? All at the hands of the Horde. '

Adora glared at the prosecutor, anger filled her veins and she wanted to smack the prosecutor. 'Y es, at the hands of Shadow Weaver. '

'The Horde has never cared for anyone, but their own. Which can give us a hint during the Masqerade Ball, which was a fundraiser for endangered species. 'The prosecutor said, looking at the jury . ' The Horde decided that it would be a perfect opportunity to spread fear in Brightmoon City, with Catrina Weaver leading the charge. In fact, Detective Grayskull herself- 'He looked at Adora. 'Arrested Catrina that night. '

'She was falsely accused, we had to let her go a few hours later . ' Adora said, glaring slightly at the prosecutor. She was getting annoyed and frustrated with his qestion.

'Y es, but you arrested her for a reason, didnt you?

Adora let out a sigh, she nodded once. 'Y es. '

'And what was that reason?

'W e thought she had killed Alec, but another man confessed to the murder. '

She didnt tell him about the confession Catra gave her when they danced at the Masqerade Ball, and to Adoras defense, he didnt ask about it explicitly, so she didnt lie under oath.

'But he didnt kill him, did he?No, you told the court that T ony wanted to kill Catrina for the murder of his brother. '

'Y es. '

The prosecutor nodded, he looked at the jury before looking up at the judge. 'Im done with my qestions for now . '

Adora got off the witness stand, she walked past Catra back to her seat. They locked eyes, both the girls looked at each other, longing to feel each other again. It was so hard to watch all of this unfold, and the next witness was a mystery.

'The state calls in Double T rouble. 'The prosecutor said, folding his arms behind his back as he watched Double Trouble being escorted by the police towards the witness stand.

Both Catra and Adora started to glare brutally at Double Trouble, Catra was balling her fist under the table as anger rose inside her.

'Hi, darlings. 'Double T rouble said, grinning widely at Catra before looking at Adora with a wink.

'Could you please state your full name to the court?The persecutor asked Double Trouble.

They looked at the prosecutor with a raised eyebrow. 'Oh, no. My name is Double Trouble, it's more dramatic that way. 'Double Trouble said, grinning widely at the prosecutor.

'Uh, alright. 'The prosecutor said, rubbing the back of his neck nervously. 'Double T rouble, what is your relation with the defendant?

Double Trouble shrugged and grinned at that qestion, looking at Catra. 'W ell, we were fucking each other, of course. '

Adora glared even more brutally now, clenching her fists. God, they are so annoying.

'And during these times when you and Ms. W eaver had sexual intercourse, did she once mention anything about her plans?

'Y es, we could discuss strategists after our many rounds. Catra and I are both very manipulative, we play people to fall into our hands. The difference between me and her, is that I always play for the winning team. '

'Could you tell the jury the part when you found out that Catrina Weaver killed her uncle, Hordak Weaver?

Double Trouble nodded, grinning widely. 'Y es, Catra kept it secret that she had murdered her uncle, however I later overheard her and her bodyguard discuss the matter. '

'And why did Ms. W eaver kill her uncle?

'She was getting mad with power , ready to dispose of anyone who got in her way. He was always uncertain about her, always knew that she wasnt up for the job to rule Horde Industries, and she snapped. '

'So what you are telling us is that Ms. W eaver is unstable and with one inconvenient moment, she could go so far to kill anyone?

'Y es. '

Catra let out a growl, she slammed her hands against the surface of the table in front of her and got up. 'DT , you fucking bitch!'She was getting angry, they kept convincing everyone that Catra was a monster.

The judge slammed the gavel down, glaring at Catra. 'Ms. W eaver, settle down!'

Glimmer grabbed onto Catra's suit, pulling her back down to her seat. 'Knock it of f, you're not making all of this easier . '

Catra let out a sigh, she sat down on her seat again and glared brutally at Double Trouble.

'No further qestions, your honor . 'The prosecutor said, looking at Glimmer with a smug smirk as he walked back to his seat.

Glimmer glared at the prosecutor before looking at the judge. 'I have no qestions to this witness. 'It was for the best, Double Trouble wasn't anything that could help Catra's case, but there was one person who could. 'The defending side calls Scorpia to stand witness. '

Scorpia walked over to the witness stand, she looked all over the courtroom. She has already gained her own sentence, and now she was up here to protect Catra once more.

Glimmer walked up to the witness stand, smiling softly at Scorpia. ' Would you state your full name to the court?

Scorpia nodded quickly. 'Yes, yes. Uh, my name is Scorpia Ash.'

'Ms. Ash, you were my client's bodyguard during her time at the Horde, am I correct?

'Yes.'

'And would you say that Ms. Weaver has changed her way these last couple of months?

'Oh, yes. My wildcat is now a better person. You know, before she became good, she was really ruthless. Like a killing machine, it was always so impressive.' Scorpia said, giggling. Catra let out a groan, slapping her forehead. This isn't going well.

Glimmer's eyebrow twitch at that, she stared at Scorpia before letting out a sigh. 'How would you say that Ms. Weaver has changed for the better?

'Well, she has become more considerate towards other, she wanted to do good and she did her best to do so. She even became happier. It wasn't like that fake happiness I used to see, it was genuine happiness this time.'

'Was Ms. Weaver unhappy a few months ago?

'Y es, it was hard to talk to her, she could become angry all of sudden. '

'How long have you been Ms. W eaver's bodyguard?

'All our adult lives, pretty much. '

'Why do you think Ms. W eaver was unhappy?

'She had a rough life, um, Shadow W eaver wasn't exactly the mother of the year and wildcat had to prove so much to her. '

Glimmer nodded slowly, she looked at the jury with a sad smile. Glimmer then looked back at Scorpia. 'Did Ms. W eaver ever try to stop anything that happened in the Horde?

'Y es, she saved your life and she tried to end the Horde with the police. '

'Ms. Ash, your hand is gone. W ould you like to tell us about that?

'Oh yes, uh, I lost my hand because Shadow W eaver tried to punish Catra. She thought Catra would lose her mind if she thought that I was dead. Luckily, Im alive and uh- W ell, I dont have a hand, but still Im okay. '

'Did Shadow W eaver do that a lot? Coming up with various brutal punishments for Ms. Weaver?

'Y es, she could threaten those Catra loved or hurt Catra physically and mentally. '

'W as she abusive towards her daughter?

'Y es, in many ways. '

Catra furrowed her eyebrows, she looked down at the table in front of her and her mind drifted away to everything she has gone through.

'Thank you, Ms. Ash. I dont have any further questions. '

The judge looked at the prosecutor when Glimmer went back to her seat. 'W ould you like to ask the witness questions?

The prosecutor shook his head. 'No, your honor . I have no qestions for Ms. Ash. '

Scorpia got off from the witness stand, and both Glimmer and the prosecutor kept calling in their witnesses. Glimmer called in the cops and those who cared for Catra, whilst the prosecutor kept calling the Horde members who hated Catra for ruining their empire. It was a long trial, and Adora couldnt really tell how it will go, it felt like they just went back and forth. Catra was proven innocent then very guilty, then innocent and then guilty again. It was maddening, almost tiring. But all she could think about is how Catra is feeling right now, knowing almost everyone was against her.

The prosecutor stood up from his seat, it was his time to call in a witness. 'The state calls Catrina W eaver to the stand. '

Everyones eyes widened and you could hear a few gasps of shock coming from the audience. Catra qickly looked at the prosecutor with wide eyes, unsure what he wanted to ask her. She always thought that he would bring in the Horde, making Catra look like a monster. But she never thought he would call her up to the witness stand.

Catra let out a deep exhale, she stood up from her seat and looked behind her shoulder at Adora before walking towards the witness stand.

'W ould you state your full name to the court?The prosecutor asked, raising an eyebrow at Catra.

'My name is Catrina W eaver. '

'Ms. W eaver, what was the purpose of the attack at the Masqerade Ball?

'T o spread fear in Brightmoon City. '

'Y ou got arrested shortly after, but the police let you go because there wasnt enough evidence against you for the murder of Alec, am I correct?

'Y es. '

'Another man confessed to the murder , did you know that man?

'Y es. '

'Who was he?

'Another Horde member . '

'Why did he confess for a crime he never committed?

'Because Shadow W eaver payed him to confess, to take my place behind bars. '

'Did you murder Alec?

'No. '

'Did you have a hand in the whole thing?

'Of course I did. I was the strategist. '

'Did you know about the explosion at the precinct?

'Y es. '

'How?

'I planned it. '

'Did you know about Ms. Queens kidnapping?

'No. '

'Why not?

'Shadow W eaver planned it behind my back. '

'Detective Grayskull got shot in the chest, you were arrested at the crime scene. Did you shoot her?

'No. '

'Who did?

'Another Horde member , Lonnie Davis was in charge. '

'Why did they shoot Detective Grayskull?

'T o get back at me. '

'For what?

'For killing Rogelio, another Horde member . '

'Why did you kill him?

'He was sent to assassinate Detective Grayskull. '

'And you stopped him?

'Y es. '

'Why?

'I couldnt let him kill her . '

'Is that when you started to become 'good '?

'No, I saved Ms. Queen's life after her kidnapping. I didn't want anyone to die anymore. '

'But you still killed Rogelio. '

'Y es. '

'Again, Ms. W eaver. Why?

'Because he wanted to hurt Adora. 'Catra glared at the prosecutor , balling her fists in her lap. 'That's the truth. '

'V ery well, let us discuss your uncle, Hordak Weaver. Why did you kill him?

'Because he threatened to take the throne. '

'The throne being Horde Industries?

'Y es. '

'So you killed him?

'Y es. '

'How?

Catra looked the prosecutor before looking behind him at Adora. The blonde girl was staring at Catra, her eyes filled with tears and Catra's heart broke. It's her fault that she is here right now , she needs to speak the truth. Catra looked back at the prosecutor.

'I kidnapped him, tied him up on a chair and then I shot him. '

Everyone around the courtroom murmured, talking among each other. Some in shock, some in disgust. The judge slammed her gavel, asking everyone to stay quiet before asking the prosecutor to continue.

'Without remorse?

'No. I felt nothing. '

The prosecutor smiled, satisfied with Catra's answers. Catra ducked her head, closing her eyes. She felt so angry about her uncle, she never really got over it.

The prosecutor walked to his seat, Glimmer got up to ask Catra questions.

'Ms. W eaver, tell us about your childhood. '

'I was born in Brightmoon City , raised here as a child, but we began to move around a lot during my teenage years. '

'How was your relationship with your mother?

'My relationship with my mother was cold, we didn't have any love for each other and our relationship would look like it was all business. '

'Did your mother never tell you about your father?

'No. '

'Did your mother ask you to do horrible things as a child?

'Y es. '

'Like what?

'She shaped me to become the new leader of the Horde. I planned out murders, drug deals and various businesses. She kept telling me about my responsibility, she raised me to be ruthless, cold and- '

'Continue. '

'An unstoppable force of evil. '

'But you decided to change, why?

'Because I didnt want to be evil anymore. I met someone who meant everything to me, and she made me a better person. '

'Did you ever think that you could be a better person?

'No. Like I said, I was raised to be cold. I never imagined someone would love me, and I never felt love before. Not even from my own

mother. '

'Ms. W eaver, I seem to have a hard time to understand why you didnt feel any remorse when you killed your uncle. Did you ever feel your own humanity slip away with every life you took?

'I lost my humanity a long time ago. I was raised to fight for the throne, I thought I didnt feel anything, but with every kill, I started to lose my mind, crying myself to sleep, seeing my own reflection calling me a monster for everything I have done. '

'Do you regret your decisions?

'Y es. '

'W ould you accept any punishment?

'Y es. '

Glimmer looked at the jury and pointed her finger at Catra. 'This is a person who regrets the decisions she made in the Horde. This is a person who grew up under horrible circumstances, where she was taught to kill in order to survive. She never got a chance of love, never had someone who made her feel like she was worth saving, worth to love. And when she finally got to sense a feeling of love,

she began to change her ways. This is not a monster, this is a person who just wanted to be loved. '

The jury had to leave the courtroom to make their decision, it was exhausting to wait for the sentence. Catra hoped that the jury would have some sort of sympathy for Catra and give her some kind of mercy. It was nerve-wrecking to wait for the final decision.

Finally the jury came back to sit down on their seats, one of them handed a note to the judge before returning to their seat. The judge took a deep breath, she unfolded the note and read through it before looking over at the courtroom.

'The jury has come up with a verdict. '

Catra took a deep breath, she closed her eyes and calmed down her nerves before looking at the judge. Everyone was standing up, waiting for the sentence to be spoken up.

'Y our sentence is five years in prison. '

The gavel slammed down, the whole courtroom was erupted with people speaking to each other, the police put handcuffs around Catra's wrists as she looked at Glimmer with tearful eyes. 'Thank

you, Glimmer, for everything. 'Catra said with a soft smile, Glimmer's own eyes were tearful as she hugged Catra tightly.

'We did it, Catra. 'Glimmer whispered before pulling back. The police started to escort Catra out of the courtroom.

'Wait!'Adora screamed out, running from her seat towards Catra before grabbing onto Catra's face, kissing her deeply as tears rolled down Adora's cheeks.

Catra kissed back, just as deeply, like this was their last kiss. It broke Catra's heart to not be able to touch Adora the next five years, but at least she didn't get life in prison. They didn't care about those who watched them, those who saw their love clearly this time. They couldn't stop kissing each other, they didn't want to stop. The taste of each other's lips was addicting, they needed this. This kiss was meant to last for the five years that are about to come.

Adora pulled back from the kiss to catch air, she leaned her forehead against Catra's. 'I love you so much. I don't know how I can live my life without you. 'Adora whispered, caressing her thumbs over Catra's cheekbones. She didn't know what to do, she could visit Catra, but it won't be the same. This is what they aimed for. Catra would never get free after all she has done, but five years is better than a lifetime.

They could do this.

Catra smiled softly, she looked into Adora's eyes as a tear rolled down her cheek. 'I love you too. W ait for me, princess. '

'Always. 'Adora whispered, closing her eyes and inhaling deeply to smell Catra one last time.

'Y ou promise?

'I promise. '

SixY ears Later

It was a beautiful night, the stars were lighting up the entire sky and the people of Brightmoon City where gathered around behind a big mansion in the garden. Paper lights were hung up around the garden, servants walking around, serving everyone champagne as they waited for the hosts of the party to make an announcement. The night was filled with joy, people talking amongst each other, celebrating something big.

The mayor and her husband were beyond themselves, making sure that everyone had a wonderful night. It has been six years since the Horde disappeared, most of them still locked up in jail, some of them were free, but have moved away from Brightmoon City to start a new life somewhere else. The streets were clear from crime, the new chief of police did a wonderful job to keep the criminals locked up.

Yes, it has been six years since the Horde disappeared, and now the guests are waiting for the hosts of the party. The qestion is, where are they?

Adora was giggling as Catra wrapped her arms around her waist from behind, the brunette girl kept kissing Adora's neck as they stumbled into the bathroom. 'Catra, knock it of f. '

'Make me. 'Catra said, grinning against the skin of Adora's neck as she tightened her arms around Adora's waist, keeping her in place against her chest.

Adora rolled her eyes, she looked at herself through the mirror, her long hair was up in a high ponytail. She was wearing a long red dress with a bare back, she raised her hands to put earrings in her ears. 'If you keep kissing me like that, I swear to god we are going to be really late. '

Catra let out a satisfied hum, still kissing Adora's neck. 'Good. ' Catra was wearing a black suit, her fingers covered in rings. She pressed her hands against Adora's lower abdomen, pushing her rear back against Catra's crotch.

Adora let out a soft sigh, she closed her eyes and leaned her head back against Catra's shoulder. 'Y ou decided to host this party, so we are not going to be late. You need to make your- Oh... 'Adora bit her bottom lip as Catra nipped her neck gently, her teeth grazing over Adora's skin.

'Y ou were saying? Catra whispered seductively , nipping Adora's neck as her hands slid down Adora's covered thighs.

Fuck, if it wasn't for the party, Adora would jump at Catra and just let her have her way with her. After five years in prison, Catra has become more passionated in bed, she have missed touching Adora, to kiss her properly without those five minutes goodbye. Luckily for Catra, she was in jail together with Scorpia, so her bodyguard was there to protect her in case someone decided to mess with Catra.

Five years...

And now they are together again.

Adora moaned softly as Catra kissed up her neck until her lips grazed over Adora's earlobe. She started to suck Adora's earlobe between her lips, nipping gently on it. That was always a weak spot for Adora, and Catra knew that. She took advantage of it.

No, not tonight.

Not right now.

Adora turned around despite Catra's tight grip around her waist. She looked at Catra with a raised eyebrow and a disapproving look in her eyes. Catra stared at Adora with wide eyes before rolling her eyes. 'Ugh, fine.' Catra muttered through clenched teeth before grinning widely. 'Are you ready?

Adora bit her bottom lip, she smiled lovingly at Catra and reached her hands up to fix Catra's tie. 'Y ou look really handsome. 'Adora whispered, her eyes glowing with love.

Catra blushed softly at that, she looked at Adora and took a hold on her hips. 'And you're going to steal everyone's breath away , Ms. Chief of police. '

Adora rolled her eyes as she smiled brightly. Micah decided to retire from the police force three years after the Horde disappeared, he recommended Adora to be the new chief of police and she gladly took the role of that. She has done a great job so far, making the streets safer from crime.

'Come on, let's go out and keep our guests entertained. 'Adora said, grabbing onto Catra's hand as she started to walk out of the bathroom.

'If anyone flirts with you, they are dealing with me. 'Catra said, squeezing Adora's hand gently with a smug smirk on her face.

'Good, because Sarah is coming to the party . 'Adora said, grinning smugly. Catra couldn't see her smug grin, kinda proud of herself.

Catra dropped her smirk as soon as she heard Sarah's name, she could feel the jealousy surge through her body. She knew that Adora

said that to mess with her, what she didn't know is if that was true. Did Sarah really come here?

Mayor Angella Queen approached the stage with a microphone in her hand, she was about to announce the hosts. She was smiling brightly as everyone's attention aimed at her , they were curious about the big announcement that was about to be spoken out about.

'Hello, and welcome everyone. I hope everyone is having a lovely evening. 'Angella said, looking around at the guests with a bright smile. It was always comforting with her smile, something motherly and safe. 'It's my honor to announce the hosts of this party , so give warm applauds to Catrina and Adora Grayskull. '

All the guests applauded with such force as Catra and Adora walked towards the stage with bright smiles on their faces. Adora waved excitedly at Glimmer and Bow, who waved back with wide grins on their faces. Catra helped Adora to get up the stage, the blonde girl was wearing high heels and they were a little tricky to walk in, but luckily for Adora, Catra was there to catch her if she falls.

Mayor Angella handed the microphone to Catra with a soft smile, she nodded once at the brunette girl before getting off the stage. Catra looked at Adora with a soft smile before looking over at the guests. 'Hi, and thank you for coming tonight. I wonder how many of you are holding back on punching me, but... 'Everyone laughed at that, it was obviously a joke. There was no bad blood between Catra

and the citizens of Brightmoon City . They all knew that Catra had changed, they knew she served her punishment in prison.

Adora squeezed Catra's hand gently , she knew her wife was being nervous about all of this. It is the first time she had to stand in front of so many people since the Horde disappeared. It worried Adora, as well, but she knew her wife has changed and she have done her best to take care of the damage that the Horde has caused Brightmoon City.

'I would like to apologize to everyone in Brightmoon City for the pain the Horde has caused, and especially to my wife, Adora. 'Catra said, looking at Adora with a slight smile. 'I owe her everything, I wouldn't be standing here if it wasn't for her . She has made me a better person, she has made me someone I wanted to be. '

Everything just felt a lot easier now that Shadow Weaver was dead, the Horde gone and Catra was standing here, in front of all of Brightmoon City, with her beautiful wife by her side and her friends looking up at her. This was it, this belonging, this happiness is what Catra has been thriving for.

Adora looked at Catra with tearful eyes, she was so grateful for Catra, to see who she has changed to be. Catra has become more considerate, she has become kind and such a good person. She has wanted to use the money she had left to give to the poor, to those who had less than them.

Catra took a deep breath, she looked back at the guests and smiled. 'That's why I have decided to create Grayskull Industries, where the main priority is to fund Alzheimer research and building of prosthetics to make sure that everyone has equal opportunities in life. '

Adora's mouth was agape, she stared at Catra. She didn't know that Catra was going to fund Alzheimer research and build prosthetics, Catra refused to tell Adora what her new project would be about, but now she knows and she didn't know what to say. Every one of guests applauded for Catra, whistling and shouting in celebration. Catra grinned widely at everyone before looking at Adora, she tilted her head to the side.

'Surprised, princess?

Adora let out a deep breath, she looked at Catra and shook her head slowly. 'You are amazing. '

'No, this is all because of you. 'Catra said, she wrapped an arm around Adora's waist and pulled her close. 'The way I see it, *you* are amazing. '

Adora pressed her hand against Catra's cheek, she leaned in and kissed Catra deeply. The brunette girl let out a soft sigh against Adora's lips as she kissed her back just as deeply. The familiar taste of their lips was always something that took Catra's breath away, her

heart stopping with every movement, every taste, every touch. At last, it would be them together, forever.

'So it's the second day in prison, okay? And then Catra got into a *big* fight with one of the girls there, and poof, both of us stayed in isolation for a week or so. It was crazy.' Scorpia said to Bow and Glimmer, slapping her hand over her thigh as she began to giggle. 'Everyone got really scared of Catra.'

'Why did they start to fight?' Bow asked, his eyes wide as he listened to Scorpia's story.

Scorpia shrugged, she looked between Bow and Glimmer. 'They knew who she was and they tried to scare her to give them money, but no, my wildcat didn't take that very good and bang, they started to fight and Catra won.' Scorpia said with a wide grin.

Glimmer let out a sigh, she looked down at Scorpia's hand. 'How is your new hand?'

Scorpia raised her hand, which a mechanical prosthetic took its place. 'Oh it's great, Entrapta built it for me, and it can basically do everything a normal hand can do.'

Catra and Adora walked over to their friends, hand in hand with big smiles of their faces. It's great to see their best friends getting along this good, and all of this was too good to be true.

'Hi guys!' Adora said, interlocking her fingers with Catra's as they reached their friends. Adora looked around with furrowed eyebrows before looking at Glimmer. 'Have you seen my dad?

Glimmer nodded with a soft smile. 'Y eah, he is with my dad, they are having some bonding time again. '

It was a good day for Adora's dad, he seemed pretty normal today which was great so he could enjoy this day alongside everyone else.

'Are you guys having fun?' Adora asked, looking between all of her friends with a smile.

Bow looked at Adora with a wide grin, nodding quickly . 'Y eah, Scorpia was just telling us about a fight she and Catra got into in prison. 'Bow said, looking at Catra with a raised eyebrow .

Adora's eyes widened, she quickly looked at Catra with shock. 'Y ou got into a fight?! And you didn't tell me?

Catra glared at Scorpia before looking at Adora with soft eyes. 'Uh, well, nothing worth mentioning. '

Adora rolled her eyes, she tilted her head to the side. 'Oh yeah? Adora looked back at Scorpia with a raised eyebrow, asking her silently to tell her about the fight.

'Oh, Catra got into a fight the second day in prison because of the girls wanted to blackmail her to give her some money and-and... ' Scorpia glanced at Catra who was shaking her head quickly behind Adora, asking Scorpia to stop talking. Please, for the love of everything, stop. talking.

Adora stared at Scorpia with her arms crossed over her chest, and a eyebrow raised. She narrowed her eyes as she saw Scorpia's eyes look behind her, so Adora quickly turned around to look at Catra. The brunette girl stopped shaking her head, she looked at Adora with wide eyes.

Suddenly calm music started to play around the garden, Catra grinned awkwardly and grabbed onto Adora'hand. 'How about we dance a little?

Adora rolled her eyes at Catra's attempt to avoid the subject before smiling, they could talk about this some other day. 'And if I fall? Adora asked, glancing down at her high heels before lifting her gaze to meet Catra's smug smirk.

'If you fall, Ill catch you. 'Catra said, leaning in to kiss Adora's cheek gently.

'Ugh, too cute. 'Bow said, placing a fist over his mouth as he stared at them with wide eyes.

'T oo cheesy. 'Glimmer said, rolling her eyes as she took a sip of her champagne. They were cute, and she was really happy for them. After everything that has happened, there is nothing standing in their way anymore.

Adora smiled lovingly at Catra, her eyes were locked with Catra's eyes. 'Im counting on it. 'Adora whispered as she and Catra began to make their way to the dance floor where everyone started to slow dance.

Catra placed her hands on Adora's waist as the other girl placed her other hand on Catra's shoulder , they began to move around to the music.

'Y ou look so beautiful, Adora. 'Catra whispered, squeezing her fingers over Adora's waist as they kept dancing under the moonlight.

Adora raised an eyebrow at Catra, a slight smirk on her lips. She could feel the blush on her cheeks, and it never seize to amaze her

how Catra could still make her blush after all these years. 'So a prison fight?

Catra's smile dropped as she looked at Adora. 'Uh, you were not supposed to find out about that. 'Catra let out an awkward chuckle, she looked around the people on the dance floor to avoid Adora's gaze on her .

'W ell, now that I do know about that, how about you tell me what happened?Adora said, taking a step closer to Catra.

The brunette girl swallowed thickly, she looked up at Adora and shrugged. 'I had to defend my honor , they were trying to blackmail me to give them money, and you know, Ive anger issues. 'Catra shrugged before shaking her head slowly. 'T rust me, Adora, I did my best to stay out of trouble. '

Adora nodded slowly, she knew that Catra did try her best to change her old ways and she has forgiven her for the most, but she worries. Of course she was worried. Five years without properly seeing her hurt, like really badly. And now she is finally with her again. This past year has been one of the greatest years in Adora's life.

'I know you did. I know how hard you try , Catra, so I guess I can forgive you for not telling me about this. 'Adora said, leaning her forehead against Catra's with a soft smile on her lips.

'There wasn't a day that went by that I didn't wish I could get out of there, to come home to you. 'Catra whispered, closing her eyes as the music filled her ears, her feet moving as her hands held onto Adora.

'You're home now, Catra. We will never get separated like that again. It's you and me forever. 'Adora whispered, closing her eyes and inhaling deeply as the familiar smell of perfume clogged her nose, it smelled like home. Like her Catra.

'You promise?

'I promise. '

That's it.

After everything that has happened.

After every high and low.

After every tear and smile.

Everything is finally perfect.
