The Place I Belong

by feistypants

Summary

"Hey ," Catra said, soft and warm.

Adora knew Catra could feel the hammering of her heart under her palm.

"Hi." The adoration lacing her simple greeting was almost sickening.

But Catra smiled anyway , hopping up on her toes to press a kiss to the corner of Adora's mouth. "Are you sure about this? You seem nervous," she almost whispered, lifting one hand up to cup the side of Adora's jaw and rub her thumb over the spot she had just kissed.

"I'm not"…

Catra's cocked brow made Adora pause.

"Okay , I'm a little nervous." Catra's fingers moved to scratch at the base of Adora's skull, urging her on. "Mostly the excited kind of nervous."

---

or: It's their first time in over seven years and Adora is very nervous to be touched again. But they're in love, and she wants to give Catra everything.

Notes

See the end of the work for notes

The day had been perfect.

In an effort to *actually* take the time needed to get to know one another again, Adora had suggested they go on at least one proper date a week. One where they could talk and relax together, not burdened by work that needed to get done or the easy familiarity of being on the homestead together that almost made them forget that they had spent seven years apart.

Every week they tried something different. The first few were simple: dinner, dancing, a movie. Then they tried to expand their experiences. They did a wine and paint night in the next town over - Adora's was awful, but Catra's was stunning. Adora immediately hung it up in the living room of Catra's house and laughed when Catra insisted that they hung up Adora's as well. Then there was hiking, which Adora loved but Catra could live without. They did silly things from their childhood like paintball and bowling, which both wound up with them being out of breath from taking the competition too seriously.

Then, eventually, they got back to the basics.

It had been a few months now.

They had taken it slow.

They had even come to the drive-in fully intending to not do anything but watch this movie. But maybe Adora's first mistake had been putting too many pillows and blankets in the bed of her truck. Maybe her second had been wearing the jeans she knew Catra loved so much. Maybe her final mistake was placing her hand high on Catra's thigh, absentminded fingers teasing at the skin between the distressed tears in her jeans.

But either way, Catra's mouth was hot on Adora's, and her hips were grinding down just right, and her fingers had undone Adora's shirt,

and *fuck* , Adora was about to lose her fucking mind as she dug her nails into the curve of Catra's ass.

"Catra," she heaved, pulling back just enough to speak, groaning lightly as Catra's mouth latched onto exposed skin below the collar of her shirt. "We -aaaah..." The movie was still playing through the speakers hooked over the side of the bed of her truck, but they were parked in the back and no one was paying them any mind. Still, Adora had managed to wait this long, so she protested, "we… shouldn't...not here"…

Catra bit down lightly on the swell of Adora's breast, not deep enough to mark, but hard enough to sting.

Adora let out a hiss.

"What," Catra said, dragging a trail of sloppy kisses back up Adora's throat to her mouth before hovering over her, a smug grin on her lips. "Don't you want me?"

Fuck. She did. So fucking bad.

She had been waiting for this for years.

"I *do. Fuck* ." She couldn't stop the way her fingers dug harder into the soft meat of Catra's thighs as Catra rolled her hips down again.

Catra smiled. "Then what's the problem?"

"We're" A nip on her throat, and a gasp. "We're not *teenagers* anymore, Catr-aaah." Another bite, to try and shut her up. "We have a real bed we can"…

"Isn't this more fun?"

And Adora couldn't deny *that* . There was a thrill she still felt running up her spine every time they heard someone laughing at the concession stand - not close enough that they could figure out what was happening behind the high walls of the bed of her truck, but not

so far that they wouldn't be able to hear if someone got a little *too* loud.

But this was like a whole new first time.

Adora couldn't help but want it to be at least a little special.

And that meant *not* a quick fuck in the back of her truck while some shitty B-list movie was playing.

"Let's go home, please?"

Catra sat up, and Adora could see her fighting the surprise that had weaved into her features.

"What?" Adora tried, hands squeezing lightly at Catra's hips. "Did I say something wrong?"

After a few long seconds - in which Adora feared Catra would sit back down beside her in a huff and say that everything was fine - Catra leaned forward, pressed a quick kiss to her cheek, and said "no. Let's go home," with a smile softer than Adora had maybe ever seen, before crawling off of her lap and returning the speakers to their stands on her way into the cab.

Dazed and still a little foggy brained from all of her blood rushing between her legs, Adora fastened up just enough buttons of her shirt to be decent before tripping out of the bed, pulling the cover over it so she didn't have to gather the pillows, and jumping into the driver's seat with enough force to shake the whole truck.

Catra's eyes raked down the length of Adora, completely disheveled and clearly antsy. Her drooped lids would look bored to anyone else, but Adora could see the hunger in them as she twisted in her seat. Then, in one swift move, she leaned over the console, her fingers gripping into Adora's hair and her mouth locking onto Adora's own. She kissed her for what was *definitely* too short of time, her tongue

flicking at the small gap between Adora's teeth, fangs lightly piercing her bottom lip, drawing Adora in more and more and *more* —

She pulled away, a soft pop from their separation, and whispered, "why aren't you driving yet?"

Fuck.

Fumbling the keys and dropping them before she could find the ignition, Adora ignored the flush on her cheeks and the amused grin from Catra when she finally got the engine started, mumbling a quiet "shut up" as Catra let out a bark of a laugh.

The drive was so tense that Adora could feel it weighing on her shoulders and she couldn't decide if Catra's hand massaging at her thigh - her pinkie occasionally grazing against the burning heat between Adora's legs - was helping or hurting, but eventually they made it back to the homestead, and while Catra was seemingly holding it together perfectly fine, Adora almost clotheslined herself on the seatbelt.

Catra's wild laughter eased the sting just a little bit.

"Whoa there cowboy," Catra teased, circling around the truck and helping detangle Adora from the offending seatbelt before running a warm hand over the back of Adora's neck. "If you wanted to be choked you could have just asked."

"Jesus Christ."

Catra came closer, huddling Adora against the side of the cab, and her free hand slid up the slope of Adora's collarbone, pausing right below her throat. Maybe Adora *was* into a little choking.

"Hey," Catra said, soft and warm.

Adora knew Catra could feel the hammering of her heart under her palm.

"Hi." The adoration lacing her simple greeting was almost sickening.

But Catra smiled anyway, hopping up on her toes to press a kiss to the corner of Adora's mouth. "Are you sure about this? You seem nervous," she almost whispered, lifting one hand up to cup the side of Adora's jaw and rub her thumb over the spot she had just kissed.

"I'm not"…

Catra's cocked brow made Adora pause.

"Okay, I'm a little nervous." Catra's fingers moved to scratch at the base of Adora's skull, urging her on. "Mostly the excited kind of nervous." She swallowed, and leaned forward to give Catra a quick peck on her lips. "But. It's gonna be the first time, and you're clearly feeling more in the *giving* mood, and, well. You know."

Please dont make her say it again.

"I do know," Catra nodded, her touches growing more innocent and comforting. "We dont have to do this tonight."

Adora reacted so quickly that her words came out in an almost jumbled mess. "*Fuck* no holy my god I want this tonight so bad Jesus shit."

The laughter from Catra was soothing.

"We can take it as slowly as you want," Catra said, a little flirty smirk teasing at her lips. "You can be in total control, Ill do whatever you say." Her face got a little more serious as she let her hand press firmly against Adora's chest. "Or we can do nothing at all. It is entirely up to you when, how, and what you want to try. *If* you want to try."

"I." Adora's hands slid up to Catra's waist, pulling her closer and kissing her deep, thorough, and warm. "I want to try. Because it's

you." She bit back her nerves before saying, "and I want you to take the lead. You know what I like. I trust you."

There was a moment of silence where Catra bumped their noses together. "And youll tell me if I do anything you dont like."

Adora pressed back. "Ill tell you if we do anything I dont like."

Catra stepped back just far enough to break the embrace, but let her fingers slide down the length of Adora's arm, clasping their hands together. "Then let' s go upstairs, dummy."

So, Adora followed, giggling slightly every time Catra paused to kiss her again, their teeth clinking together through the dopey smiles that neither of them could wipe off of their face.

It was still a little weird to skip past the room they had frequented as teenagers; but Adora's modifications of the master bedroom had been so worth it when Catra had seen it and almost wept with relief.

Also, there was a king sized bed in here.

Before Adora knew it, the door was shut behind them, and they were *here* , and this was happening.

"I love you," Adora of fered, bringing Catra's knuckles to her lips.

"I love you, too, idiot," Catra replied, tugging Adora closer by the collar of her flannel. "Now take your fucking shirt of f."

Adora could only laugh as Catra's nimble fingers undid the buttons of her shirt *again* , before impatiently shoving it off of her broad shoulders. The rest moved quickly - maybe more quickly than Adora would have liked in her romantic fantasy - but soon enough Catra had her laid back on the bed, straddling her hips, with nothing but the thin cotton of their underwear between them.

Fuck.

She couldnt stop her hands from roaming as Catra kissed her with such intent, running up the length of her spine and down the curve of her hips and ass, and everything felt both familiar and new at the same time and *fuck* , she was so stupidly in love. Adora settled her fingers into the crook of Catra's knees, thumbs stroking over the tops of her thighs, admiring the soft and downy skin beneath her fingertips. So in love.

Then, Catra's own hands started their descent. The hollow of Adora's throat, the dip over her collarbone, the valley between her breasts. Catra's moves were slow, calculated, intentional, and absolutely tearing Adora apart.

Adora let out a shocked gasp when hot lips sucked at the skin of her throat, and Catra ran her tongue over the side of Adora's neck to ease the ache, smiling against the soft rumble of a moan. There would definitely be a mark.

"You're so beautiful," Catra said, the whisper of her breath raising goosebumps all over Adora's body.

Soft hands continued, mouth following closely behind. Fingers ghosted over her chest, barely grazing Adora's nipples before settling flat onto toned abs. Then, Catra's hot tongue flicked once, twice, three times before lips closed over the stiff peak of Adora's breast as Catra's hands sank lower to caress the sharp lines of Adora's hip bones.

"Still yes?" She asked, her fingers pausing just above the waistband of Adora's boxers.

"Still yes," Adora replied, breath heaving. "So fucking much yes."

Lithe fingers hooked into the elastic and tugged the smooth cotton over the hard lines of Adora's muscular thighs, and Adora saw pure hunger take over those striking heterochromatic eyes.

“ *Fuck* ,” was all Catra whispered before she dropped the boxers to the floor, and began a path of kisses from Adora’s knees, around the outside of her thighs and hips and waist and chest and oh god, each one sent a shock to Adora’s core.

“Spread your legs for me, okay?” She punctuated the request with a kiss to Adora’s lips, and, with one hand stroking over Adora’s cheeks, “let me know if you want to stop.”

Adora didn’t think there was any way she would want to stop.

So she did as she was told, shuffling slightly as Catra readjusted to sit back on her haunches and place one knee between Adora’s thighs. If the cool breeze from the cracked window hadn’t told her just how much her arousal had shone, Catra’ s audible inhale of ecstasy would have been enough of an indicator.

“Shit,” she laughed, licking her lips before dragging her eyes away to meet Adora’s flustered gaze. “You’re so wet.”

The flush on her cheeks was quickly making its way to her chest, and Adora couldn’t help but throw her arms over her eyes to hide her burning face. Maybe it was desperation, but she knew her body had never reacted to anyone but Catra like this. She had always thought that maybe there was something wrong with her - maybe she had been a little bit broken.

But no. It was just Catra. No one else was ever what she wanted. Only Catra.

Then fingers wrapped around her wrists and pulled them away from her face, and Catra dipped down to kiss her, hot and hungry, her nails pressing little half moons into the sharp angle of Adora’s jaw , and suddenly Adora didn’t feel so embarrassed anymore.

“You’re fucking beautiful, Adora.” Then, “can I touch you?”

“Please, Catra.”

Her voice was weak - strained by lust and stimulation and realizations - and Catra's hands moved slowly, stroking her stomach, massaging her thighs, working everything around her core until Adora was *dripping* , hips wriggling and begging for contact.

Then finally, relief washed over her as the pads of Catra's fingers gave one soft stroke, shallow between her lips, spreading the slick as far as it would reach before she began her ministrations, working from bottom to top and back again.

It felt so good, and Adora *loved* it, and fuck, she wanted *more.*

Adora wasnt nervous anymore, and the frantic whipping of Catra's tail against Adora's legs told her Catra was holding back - patiently waiting for confirmation that this was okay.

"Catra," Adora mumbled.

"Yeah?" Catra's voice was tight, tension resting in her throat, every part of her resisting, as her eyes remained blown out and locked onto the glistening slick between Adora's thighs.

"I want you so much."

Her ears twitched, giving her away, and Adora knew she had been waiting for *enthusiastic* consent; confirmation that Adora wanted this just as badly as Catra did.

"Please, Catra," Adora begged, desperation curling around her words. "I want you to fuck me."

That was it.

Catra dove in head first, *literally* , her mouth latching on to the meat of Adora's thigh, smeared wet with slick, as she slid two fingers in, just to the first knuckle, testing Adora's limits.

But Adora was so fucking ready , they moved in so easily.

"Fuck," Catra hummed against Adora's skin, practically crying at the contact. "I love you, I love you so much."

Her fingers moved so expertly, stroking in just the right places, thumb curling up to add pressure to Adora's clit, until Adora's words were mere whimpers, only resembling declarations of reciprocated love.

"You're so good, Adora," Catra said, her voice low and raspy and unfairly sexy. Her lips left messy kisses in the junction of Adora's thighs, her hips, her belly. "You're so incredible, so brave."

It didn't take much, apparently, for Adora to unravel.

"Trusting me"…

Adora was gasping as if she had run out of oxygen, her chest heaving as Catra's fingers toppled her over the edge and rode her through the aftershocks.

"That's it, my perfect girl."

Fuck.

Fuck.

Holy shit.

Adora's breathing was ragged, whole body burning as Catra placed a plethora of soft kisses against Adora's skin as she pulled her fingers out.

"Well that was quick," Catra cooed, her voice so gently teasing as she lay her cheek on Adora's hip bone, just inches away from her core, fingers still tracing feather light lines along her lips. Adora quaked with every brush of contact.

"It's - *fuck* - been a while," she laughed, pushing her hair off of her face. "And you're…holy shit." A chill ran down her spine, making her

shiver. "You're so *good* at that."

"Well," Catra started, her voice thick and heavy. Adora looked down just in time to watch Catra suck her slick off of her fingers. "I didn't just forget almost two years of fucking you," she laughed, reaching up and scratching her nails down Adora's stomach. "I know exactly what to say, and *exactly* what it looks and sounds like when you're enjoying yourself."

With a laugh and a heavy sigh, Adora could finally feel her heart slowing down.

But until…

"You taste so good."

And,

"Can I make you come again?"

Fucking *hell*.

"God, yes," Adora laughed, reaching down to run fingers through Catra's locks. "Please, do whatever you want."

If looks could kill, Adora would have died on the spot.

Catra's eyes narrowed, a smug smirk pulling at her lips as her tongue darted to the corner of her mouth while she dragged her gaze over Adora's body. "*Whatever* I want?" She sat up only slightly, her hands sliding over the flat plane of Adora's abdomen, parallel movements leaving her palms to settle over Adora's breasts. "That's a dangerous amount of permission you're giving me, Adora."

All Adora could manage was a whimper as nimble fingers teased her and hot breath danced over her stomach.

Her fingers flexed by her side, tugging up the sheets below them as Catra placed open mouthed kisses along the deep V of Adora's

pelvis. It was almost relaxing, methodical, until Catra bit *hard* into the inside of Adora's thigh, ripping a whining, embarrassingly loud moan from her throat.

Fuck.

"So you still like a little biting, hmm?"

Fuck fuck *fuck* .

Yes .

Her tongue dragged over the mark, and Adora felt her thighs spreading to give Catra even more access. She was practically begging, rolling her hips up to try and get even a hint of contact. Catra's soft fingers teased, touching just enough to play with the cum flowing from her.

"Mmmm," Catra hummed, her lips buried in the joint between thigh and core, vibrations spreading exactly where Adora wanted them. "Can't wait to get my mouth on you, Adora."

God - fucking - *damnit*

"Then put your fucking mouth on me."

Catra's laugh was high and teasing as she caught Adora's heated gaze. "Ooh, I love when you get bossy ." And then, with one lingering kiss right above her clit, Catra said "whatever you say , princess."

And then her fucking mouth was fucking on her.

It started with a slow, languorous lick, from bottom to top, and a gentle kiss at the apex. Adora could feel her hips grinding down involuntarily, could feel Catra's victorious smile, and looked down just in time to watch Catra pull back, a long string of shine hanging onto her mouth.

“ *Fuck* ,”Adora whimpered, dropping her head back onto the pillow in defeat. She was so fucking gone - how could she ever have thought there was even the slightest possibility that she wouldnt *love* this?

Another giggle came from Catra as she cupped Adora’s heat in her palm, rocking her wrist and making Adora writhe beneath her, and - fuck - Adora had forgotten how good it felt to be at the mercy of Catra; free, and out of her head, and not restricted by the limits of working through her own pleasure.

Then her tongue came back.

Everything felt so wet, so slick and hot, that the only reason Adora could discern Catra’s tongue from her own body was the pressure, the motion, the - oh *god* - as she dipped her tongue inside to taste as much of Adora as possible. Catra’s enthusiasm had always taken Adora by surprise, and apparently it still could as she buried her nose into Adora’s clit, possibly suffocating herself in the process.

Catra would devour her, if she could.

Adora knew she would let her.

Soon Catra’s tongue traced the curves of Adora’s lips, and flicked gently over her bud before she moved to bury her teeth back into the meat of Adora’s thigh, earning another, louder moan. Adora knew there would be marks, imprints of fanged teeth dented into her skin, but she *liked* that - liked seeing the evidence of Catra’s want.

She always had.

Fingers curled back into her, stroking the same spot they had before, but this felt so much *more* . Catra brought her lips back to Adora’s clit, wrapping around her and encasing every inch of Adora in overwhelming heat. She couldnt control any part of her anymore, all she could focus on was - was…

Pressure. Stroking, building.

Heat - wet and —

Oh, *fuck* .

Oh —

Catra,

Keep going, just like that, *oh* .

Catr— *aaah…*

Oh fu —

Adora saw white behind her eyelids as she came a second time, bursting stars and moonlight, tearing her apart and putting her back together again and, *oh* , sharp claws digging into her thighs brought her back to earth - the low, vibrating purr and soft, whining moans of a girl between her legs, coming alongside her just from the high of pleasuring someone she loved so deeply.

She wanted to *touch* .

"Catra," she whispered, reaching out blindly , finding only loose curls and the tense fingers of one hand. "C'mere, please."

Dropping her knees to free Catra, clamped between her thighs, Adora let out a pathetic whimper as Catra removed her fingers and her mouth before crawling up the length of Adora's body.

Sweat sticky and overwhelmed, Catra threw herself down, pressing tired lips lazily against the curve of Adora's jaw as strong arms circled Catra's shoulders. They laid like that for a while, silent, Catra's kisses floating from behind Adora's ear to the tip of her chin as Adora stroked fingers up and down the arm strewn across her chest. As they both came down, legs tangled together, and there was no space left where skin wasnt touching skin.

Catra giggled, her fingers finding the tangled hair at the base of Adora's skull. "You're so loud."

She had never been before, and she felt a laugh of embarrassment bubble up from her chest. "Sorry ."

"I like it. Told me that *you* liked it."

"I *really* liked it," Adora said, turning her head to plant a firm kiss against Catra's forehead. "You're..wow . I forgot how good that felt. Like..I just." She was at a loss for words as a dorky tingle of a laugh escaped her. " *Wow* ."

Catra lifted her head just enough to kiss Adora' s lips, slow and chaste, before she mumbled with a smile, "don't ruin it."

"Couldn't if I tried."

As Adora's fingers continued tracing lazy patterns along Catra' s skin, her purrs rumbling louder and louder, Adora could feel a second wind barreling into her. She wasn't about to fall asleep without getting her hands right back on Catra.

"Hey ," Adora said, turning her head to nudge at Catra.

"Hmm?"

"How tired are you?"

Catra pushed up on her elbows, hair pooling around Adora's shoulder as she looked down at Adora with a wicked grin on her lips. "Not at all."

"Me neither ." Adora twisted fingers in those beautiful bouncy curls and felt her tongue dart out to wet her bottom lip. "I want to return the favor."

There was no disguising the way Catra's pupils dilated at the suggestion, but she said "I mean, getting you off was enough to get

me off, and tonight is about *you* .”

Adora shook her head and sat up higher, their noses brushing. “It’ s about *us* . And I’m sure we can do something that gets you of f and also accomplishes the whole getting me used to being touched again thing.”

She certainly had something in mind. Something she wanted to give another go. Something they hadn’t quite mastered as awkward gangly teenagers.

Catra licked her lips. “And that is?”.

Something took over Adora.

In the blink of an eye she had Catra on her back, Adora’s hands braced on either side of Catra’s chest as Adora rolled her hips down to grind against Catra’s pelvis. This position wasn’t ideal in the slightest, but she thought it might get her point across.

There was a fire burning in Catra’s eyes, but she made an attempt to play it off, maybe hoping to keep an air of authority. “Y ou want to scissor? Isn’t that a little cliché?”

Adora hummed as she began pressing open mouthed kisses against Catra’s neck, smiling as Catra leaned her head back to give Adora more access. “Maybe,” she mumbled, her lips sticking to the sweat flushed skin beneath them. “But it’ s probably cliché for a reason.”

A small moan vibrated through Catra’s throat, and Adora ran sturdy hands down the length of Catra’s thighs, dragging her panties over her silky skin. Adora wasn’t sure where they wound up, but as she hooked her fingers under Catra’s knee to pull it up and around her hip, she figured that was a problem for future Catra and Adora.

“W e.” Catra sucked in a short breath as Adora repositioned herself, rubbing one knee gently against Catra’s core - and she was fucking soaked. Fuck. “Never were able to make it feel that good.”

unable to help herself, Adora rolled her hips up again, this time grinding her thigh up into Catra's center, and absolutely bathed in the angelic sound of Catra's whimper. "I think," Adora started, kissing her way up Catra's jaw. "We should." A kiss to the corner of her mouth. "Try again." One more firm on her lips, kissing so tenderly and so openly, that Catra's fingers rose to tangle in Adora's hair as Adora licked into her mouth, tongue tracing the swell of her lips and the arch of her teeth.

Catra's hips were moving now, seeking friction in any way they could, and Adora couldn't help but pull back with a Cheshire grin. "Do you want to try?" she asked, smug and satisfied.

Hips rolled up towards Adora again with a displeased whine, and Adora realized she had full control now; and god, she loved the way Catra looked beneath her. Loved the deep flush on her face, and the countless freckles on her nose and cheeks and shoulders, loved the more prominent beauty marks on her chest and stomach and thighs that Adora had never forgotten the placement of.

She just fucking loved her.

"Baby, I asked you a question."

One of Catra's hands had fallen to Adora's bicep, and her nails were digging in almost painfully.

"Do you want to try?" Adora asked again, lowering her mouth to rest by Catra's ear, pausing.

It was like knowing that Catra - and *only* Catra - still had this effect on her had flipped a switch in Adora's brain, reminding her of how much fun this could be when it was with someone you loved with the deepest part of your heart.

There wasn't a single other person in all those years that Adora had ever imagined *this* with. No, those were all tipsy hookups in frat house or club bathrooms that resulted in Adora fingerbanging some

curious coed who wasnt sure if she even liked girls or not. It was safer; Adora never had to worry about them being too pushy in trying to reciprocate. They were in, the girl came, and then they were out.

This was nothing like that. Thank fucking god.

With Catra, Adora wanted to touch and be touched and never fucking leave this bed. She wanted to explore every inch of Catra and map out every new mark on her skin and re-learn the hills and valleys of her body and let Catra do the same.

Adora lowered her voice to just above a whisper as she dragged her blunt nails down the line of Catra's sharp collarbone. "I need a yes or a no."

Catra was nodding, pressing her mouth uselessly against Adora's throat, and whispering "yes, yes, I want to try please yes just fucking do it."

So Adora sat back on her bottom and used strong arms to maneuver one of Catra's legs over her thigh as the other stayed between her knees, and this felt a little ridiculous and like a game of twister, but Adora could feel all the sweet heat radiating off of Catra and god fucking damn it she just wanted to know how they would feel together.

And fuck, Adora was pretty sure she could believe that god might exist in the shape of Catra's body, in the sound of her pleasure, in the smell of her hair, in the taste of her lips, and in the slick slide of her sweet center against Adora's.

Adora choked back a whine as Catra moved her hips, grinding hard against Adora. She could feel how tightly her fingers were gripping Catra's thigh, and she wondered if Catra would mind the bruises she was sure to leave. The way her claws dug into the mattress made Adora think she wouldnt care.

"God, fuck, Catra—" Adora's voice was strained and shattered. Her eyes opened just enough to watch the rhythmic bounce of Catra's cute, perky tits as Adora thrusted against her. "You feel so — *shit.*" Adora had to squeeze her eyes shut as a shock shot through her spine. Fuck fuck fuck.

A laugh bubbled up from beneath her, and Adora managed to catch sight of those two striking eyes, blown out and mischievous, before she heard "did you say I feel like shit?"

"What?"

Catra pushed up on her elbows, hips still rolling like the roughest storm on the ocean, and latched the fingers of one hand around the back of Adora's neck. "I'll show you who feels like shit."

"I didn't say—ah, fuck, oh my *god*."

The new position was absolutely ruining Adora, teetering her closer and closer to a third fucking climax. It seemed she had lost the upper hand, but Adora loved a little battle for dominance - her and Catra had always been *so* competitive.

So she grabbed Catra's hand from the back of her neck, and pressed nips and bites and kisses up her forearm until Adora was able to get those sweet fingers that still tasted of Adora's own cum between her lips, running her tongue up and down and around and through until Catra was shaking.

"Your fucking mouth," Catra sighed, her eyes screwing shut as she gave in and let Adora pull her even closer. "Next time — *ah*—you're eating me out."

"Ha." Adora wasn't all there anymore. Fuck, everything felt so fucking good and overwhelming and Adora only had half a brain left. "I can do that right now if you want." Her words came out in pants.

Catra's arms were around Adora's neck now, holding her tight, their chests pressed together; Adora wasn't even sure how much of what she was feeling was Catra's cunt or her thigh, but at this point it all felt too good to care. "No. Stay here," Catra said, turning to bite gently against Adora's jaw. "If you leave I'll kill you."

Well, Adora couldn't argue with that.

So she wrapped her arms tighter around Catra's waist and she fucked her like her life depended on it. Maybe it did. Maybe Adora could only survive now by hearing and feeling and making Catra come completely undone. Maybe it was the only thing she was put on this fucking planet to do.

And, Adora thought, maybe the sound of Catra whimpering in her ear as she toppled over the edge would be the thing that made her life worth something.

She followed soon after, pulling Catra as close as she could without physically climbing into her skin, pressing her open mouth against the beautiful line of Catra's shoulder. God. She thought this might be what heaven felt like, and she was so fucking in love.

"Jesus fucking Christ," Catra groaned after a few minutes of just heavy breathing, letting her head loll backwards. "I fucking love you."

Adora couldn't help but kiss that beautifully stretched neck as she laughed, hands rubbing circles on Catra's back. "I love you, too."

Catra sat back in Adora's lap, grinning. "You know what?"

"Hmm?"

"I want..." The grin on Catra's lips was wicked, and Adora swallowed hard - she wasn't sure she had another round in her, at least not before a nap. "To order pizza."

"Oh my *god*." Adora's voice had an overtly lewd undertone as she practically moaned at the idea. "Yes, that sounds so good."

Reaching blindly behind her, Catra let out a grunt and then sat forward so suddenly that she knocked the two of them backwards, Adora's head dangling off the foot of the bed as Catra hovered over her with a smirk. "Hey, Adora."

Oh Jesus Christ.

Before Adora even had a chance to react, Catra was untangling their legs and crawling over her to reach off of the bed, seeming to be trying her best to only go as far as she needed to. "My phone is still in my jacket."

Adora barely heard any of what was said as blood rushed through her ears when she looked up and realized she was face to chest with Catra. She didn't want to start another round, but Adora couldn't stop herself from straining her neck up to nip gentle bites against the bottom of Catra's cute little tits.

"Hey," Catra laughed as she bopped her hand against Adora's head. "Don't start again or else we'll never get the damn pizza."

Finally, to Adora's relief and also disappointment, Catra pushed up off of the floor and threw herself right beside Adora, crossing her ankles on top of their pillows. "So, what do you want?"

"Oh definitely cheesy breadsticks." Adora's stomach growled on cue, and she snorted. "And the biggest cheese pizza they have."

"If you just get cheese pizza you realize that you're just ordering pizza and also pizza that is deconstructed and you have to put your own sauce on, right?"

Adora laughed then, bright and loud, and threw her hands up in the air. "Look there is something just satisfying about controlling the sauce level on the cheesy breadsticks."

“W ell at least get like a veggie or something!”

“Whatever you want.”

“W ell then Im ordering Hawaiian.”

“Barf.”

“Y ou said whatever I want!”

“Y eah but nobody *wants* Hawaiian pizza.”

Catra turned on her side to get a better view of Adora and shoved a sharp pointer finger nail against her forehead. “I happen to *like* the sweet and savory mix, thank you.”Adora stuck her tongue out, and Catra rolled her eyes with a smile. “ *Fine.* How about I get half cheese and half Hawaiian.”

“I love a good compromise,”Adora said, bobbing her head back and forth with the joy of half winning an argument.

Catra shook her head with a laugh and dialed up the only local pizza joint, reciting their order with practiced ease.

Adora couldnt stop looking at her .

She was glowing differently now. Everything about Catra radiated sunlight and warmth and Adora couldnt even begin to explain how lucky she felt.

“A wesome, thanks Marnie.”Hanging up the phone and dropping it back off the side of the bed, Catra scooted forward to press a kiss to the corner of Adora’s mouth. “She said forty-five minutes.”

The words tumbled from her lips again, unprompted. “I love you.”

“Understandable. I am providing you both sex and pizza,”Catra said, a devilish smile on her lips and a beautifully arched brow rising on her forehead.

Adora felt herself pout, much to her dismay, but soon enough Catra was grabbing her cheeks and pressing a ridiculous amount of sweet little popping kisses against her lips, not stopping until they were both laughing too hard to continue.

‘I love you too, dummy .”

And, as she watched Catra push herself out of the bed to grab a thin robe from her closet and cinch it around her waist with a wink, Adora couldnt stop her heart from pounding under her ribs.

Catra.

Catra was worth every single bad thing that had happened since she left. Every single thing led her right back to this house, to this life, to this bed.

Catra was, without any doubt in her mind, Adora’s home.
