Your Ass is Grass (and I'm Gonna Mow It)

by feistypants

Summary

Catra laughs, and crosses her arms over her chest, the glass gripped in her fingers under her arm. "Damn, honestly it' s a shame you werent serious about the free head thing. That would have been a hilarious way to get me in bed."

Well, how many times does Catra have to poke about it before Adora takes a fucking hint?

"I could be serious about it."

Catra seems to freeze, as if her confidence has been a front this whole time. She doesnt say anything, and Adora starts to panic.

**

Adora and alcohol don't mix, and when someone takes her up on a drunkenly posted ad for free labor (and free fun) she can't find a good reason to bail. Fortunately for Adora, she could be in and out before the responder even knows shes there. Unfortunately for Adora, she finds herself completely enamored by the hot stranger screaming at her from the porch.

Notes

Hello!Welcome to a monster of a smut fic that really should be half the length it is, but got completely out of hand. I hope you enjoy!:')

POV switch with each break (**)

See the end of the work for more notes

Adora is fairly certain she can hear colors. Or see sounds. Or taste pictures or something. She doesn't know for sure, but the throbbing of her brain against her skull is agonizing enough to make it all feel accurate.

"Adora?"

No.

" *Adoooooraaaaa* ."

Absolutely not.

But pads of two fingers are pressing against her eyelids, pushing them open and letting the blinding light of the new day burn her retinas. A groan escapes her throat as another groggy voice asks, "are you alive?"

She slaps the offender away before letting her head loll to one side, cheek smushing against the cool tile of what might be the kitchen or the bathroom floor. She can't really tell. Either way it feels so fucking good.

"Glimmer. what was in those drinks?"

Adora can hear Bow slowly picking up bottles around the room as he lets out soft grunts of discomfort in tandem with Adora. So, she's in the kitchen then. Cool. And both Glimmer and Bow seem to be doing better than she is, somehow.

"I don't know!"

"Too *loud* ," Adora manages to say , soaring high above her expectations for herself in this state.

Glimmer lets out an annoyed little huff before Adora hears her hop up onto the countertop. "It was something from Aunt Casta. but it

was home brewed so I have no idea how strong it was." She sighs and mumbles, "knowing Casta... probably strong."

"Considering how bad I feel," Bow says, with a pathetic attempt at a laugh, "I could have told you that."

Adora turns very, *very* slowly onto her stomach, sighing with relief as she hits a fresh and chilly patch of tile. She has never in her life felt quite *this* bad, and Adora swears right then that she will never drink again. She makes note of where she can feel the ceramic against her skin, and is grateful that she seems to at least be wearing shorts and a tank top.

Sometimes when she gets drunk she makes weird decisions~~, b~~ut they had stayed in last night, so how many weird decisions could she have possibly made?

"Um"…

Glimmer hops down from the counter~~. H~~ow she is in better shape than both Adora *and* Bow, Adora can't even begin to guess~~, a~~nd squats down beside Adora's shoulder. Using every ounce of energy she has left, Adora manages to peer up at her friend, noting that the rectangle pressed against Glimmer's chin is Adora's slate gray iPhone.

"What do you remember from last night?" Glimmer asks, tapping a nail against the back of the phone.

"Um," Adora tries, lifting her head just enough to have it hurt slightly when she drops it back down against the floor. "We were playing… Mario Party~~.~~ which I was winning"—

"You were *not*."

"Yes I *was* ~~a~~nd then"… Adora swallows back against a wave of nausea and presses her forehead against the floor. "Then um, you and Bow started being coupley and mushy and gross and I"…

Nope. That was it.

"That' s all I got."

"Do you remember?" Gemmer seems to be racking her own brain as well. "I feel like we were talking about needing to get you laid."

Adora lets out a single laugh before pushing up into a pathetic Child's Pose, tucking her chin against her knees. "For some reason you're usually talking about getting me laid." "Y eah, okay, it's been a long fucking time, but Adora just.doesnt really see the appeal in random hookups. "So I would be zero percent surprised."

Adora doesnt think she will have much luck remembering anything else.

Gemmer slides the phone across the floor , setting it beside Adora's cheek. "Y ou have an e-mail."

"I really dont care, Gemmer ."

"W ell. You posted an ad last night, apparently."

Adora is always posting ads. She makes her living off of odd jobs from Craigslist or TaskRabbit. Why on *earth* is Gemmer bringing this up? In fact, why was she even looking through Adora's phone in the first place?

"Okay , and?" Adora says, pushing up a little further to sit back on her haunches, propping her torso up on her elbows. "It was probably just one of my prewritten ones. I usually post ads on Fridays."

Then Bow says, from way above them, with terror in his voice, "oh no. I remember."

Well.

Um.

Adora sits up, pushes her messy nest of hair off of her face, and holds a hand out for her phone. Why on earth are Glimmer and Bow being so weird?

She taps in her passcode, scrolls down on the email app that Glimmer already has open, and tries her damn best to figure out what the fuck could be evoking these kinds of anxious expressions on their faces.

Then she sees… *it.*

Response To Your Posting: "I cut grass for free and also eat pussy"

>> Sunday morning. Needs to be done by 9am. Lawn mower will be left outside for you.

Adora feels the blood drain from her face as her heart starts pounding in her ears. Oh no. Oh *no* .

It starts to come back to her in flashes.

"Oh, cmon Adora it'll be *funny* !" Glimmer had said.

"What girl is going to respond to this mess of a posting?" Adora had snorted, making sure to add a request for consent even in her wildly inebriated state.

Then, Bow had frowned and shrugged, looking over her shoulder. "I mean, probably not one you'd *want* to date."

Glimmer sang, high pitched and slurred, "well good thing it's not for *dating* !"

Adora doesn't remember actually *posting* it, though.

She clicks into her account, frantically searching for the offending post.

I cut grass for free and also eat pussy (Etheria)

Hi. Need help with that pesky grass that keeps growing? Spare yourself and don't sweat. I come, mow your lawn for free, and also eat your pussy (only if you want to). Shirtless service.

Ladies only. No chumps. Actually, if you have beer I might consider it, but just the shirtless mowing not anything else.

God bless and stay safe.

Oh fuck. Oh what the actual god given fuck. She had posted it. She had fucking accidentally hit the goddamn fucking post button.

And someone *seriously* replied?!

Adora deletes the ad as quickly as she possibly can and opens up a message to the responder. She can cancel, right? She can message this person and apologize, tell them that it was a dumb mistake, and explain if she *has* to. Or...Adora supposes she could just go cut the fucking grass.

She can't really risk tanking her reputation.

She groans.

"What are you going to do?" Glimmer asks, plopping onto her behind and sidling up beside Adora. "I mean...do you think it's a real response?"

Bow sits down on Adora's other side, holding out his hand in a silent request for the phone. "I mean, who would respond with an actual address if it *wasn't*? This is like, not even ten minutes away from your parents' house, Glim."

Scoffing, Glimmer crosses her arms over her chest. "Well, if they live up that way they're probably rich as fuck. Why are they replying to a *free* lawn mowing ad?" Adora's arms have fallen limp in her lap as Glimmer gasps and clasps her hands over her mouth. "Unless they're *only* responding to the pussy eating?"

No. Adora can't fucking handle that possibility.

"Adora, you're not going to just... with some random person, right?" Bow asks, placing the phone back into Adora's half curled fingers. "You don't know who else they've... you know."

Glimmer nudges up against Adora. "But maybe they're like, super fucking hot. And rich. And if you give them the best face riding of their life maybe you can get yourself a sugar mom"—

"*Glimmer*."

"What! Adora could *use the money*—"

Glimmer has never been fucking good at whispering. And they were literally talking over Adora.

"She's not going to hook up with some stranger from the internet!"

"Well maybe she *wants* to! She hasn't even tried dating anyone since Sta"—

"Oh my god *stop*," Adora snaps, throwing herself backwards onto the floor again and pressing the heels of her palms into her eyes. "*Please* stop talking." She gives them a few moments to exchange the glances she knows they will before she says, "I'm just going to mow the lawn. I'll go over stupid early and hopefully get it done before they even notice I'm there."

Patting a hand against Adora's knee, Bow says, with a smile laced into his words, "they might not even be there! They're leaving the mower out so it seems like that's a huge possibility!"

Glimmer isn't saying anything for once, and Adora feels guilty for being happy about it.

"Yeah, for sure."

The next day, Adora gets up before the sun even rises, throws on a pair of basketball shorts and a plain white t-shirt, and debates for only a second about wearing shoes nicer than her trusty, easy-to-clean crocs. She knows it wont matter;she' s trying to avoid this person anyway. And who knows~~if~~ they *were* responding to the pussy eating of it all, maybe the crocs will deter them.

Glimmer always calls them a cock~~s~~orry— *croc* -block, but Adora rarely sacrifices comfort and utility for aesthetics. Sometimes this works in her favor.

Locking the shitty, creaking door of their good-enough little house behind her as she leaves, Adora finds herself hoping that Glimmer and Bow are still asleep. She just doesnt feel like dealing with them yet. It's only about six am, but the August heat is stifling already, and she cant imagine itll be long before it wakes them up.

After a short moment to let the air around her settle again, Adora sighs and climbs into her equally shitty truck, cursing the three times she has to turn the key before it decides to cough to life.

"C'mon, Darla"…

Sometimes Adora wishes that she had just sucked it up and stuck out the expectations that had been set upon her by her family. Maybe she would be living somewhere nicer, driving something better, not fist fighting grown men who dont know what No' means at Private Parties, and definitely not mowing lawns at the ass crack of dawn for fucking free because of a bad decision made after yet another shitty fucking day.

Only sometimes.

There's no way it would have been worth it.

Adora shakes her head and punches the address into her phone before switching Darla into reverse, backing out onto the empty street, and starting the thirty minute drive to mow a fucking lawn for free.

It only winds up taking her twenty six minutes, and Adora finds herself already missing the slight dusky cover of early morning as Darla chokes and rumbles down the streets of polished neighborhoods full of houses she could never even dream of having enough money to own. Why *did* this person respond to a free lawn mowing ad? People like this usually had fully staffed gardeners and landscapers~~hir~~ing someone of f of the classifieds was probably something that wouldnt even cross their minds.

The GPS directs her down a more secluded side street onto a charming little cul de sac, and Adora notices immediately that this place seems to be a little less well kept than the houses surrounding it. There is no shaping to the shrubbery, there are a few weeds on the pathways, and the grass is uneven and long.

Granted, it still looks better than most houses Adora sees~~b~~ut next to the others in this neighborhood it looks *almost* run-down.

Adora pulls up to the curb and kills the engine, checks the mailbox against the address listed in the response to confirm, and breathes out a heavy sigh. Hopping out of her truck, Adora glances down at her watch to see that it is still only six thirty seven. The sun has just come up, and the neighborhood is still quiet, and Adora realizes that she’s about to be the world’s largest dickhead.

Who mows their lawn this early in the morning on a Sunday? Assholes. That’s who.

It would be at least a little better to wait until seven, right? Plus, the person had said it needed to be done by nine, and this yard will take at least an hour. So, yeah. Seven it is. Adora will wait until seven. She leans against Darla and pulls out her phone, checking for any notifications. A couple hits for some furniture moving and assembly

later in the week~~,~~ which Adora immediately accepts~~,~~ a reminder about a dentist appointment, and multiple texts from their group chat.

⚔️🛡️✨ BEST FRIENDS SQUAD ✨🛡️⚔️

Glimmer ✨: did u already go? cant wait to meet ur next meal???? 😉😉😉

Bow 🛡️: Glimmer , we talked about this! Leave Adora alone, she's not going to have sex with a stranger :(

Glimmer ✨: awww ur no fun 😒 what if the girl is rly super hot tho? 😭😭😭😭 maybe adora will think w her pussy for once!

Bow 🛡️: Glimmer. Adora does not have the libido of a raging horny teenager. like someone else in this chat. 🤭

Glimmer ✨: when have I ever denied that i like 2 be railed?????

Okay. Adora needs to stop this before it goes any fucking further.

Adora ⚔️: can you guys not in the group chat

Adora ⚔️: also one huge pro of being ace is that i am unable to be swayed into making bad decisions by the promise of good sex unlike your hypersexual ass

Glimmer ✨: 😢😢 rude!

Adora ⚔️: now in the nicest way possible will you both please stop texting me

Adora ⚔️: im here and just waiting for a respectable time to start mowing lol

Adora ⚔: though i feel weird just lurking outside this strangers house

Adora ⚔: but oh well

Shoving her phone into her pocket, Adora blows out a sigh, letting her lips vibrate along with it. Now, if she left a lawn mower out for a stranger to use.where would she leave it? Her eyes begin to scan across the property, landing on a small shed around the side of the house. Bingo.

Adora does her best to stay on the pathway, but the gate that opens to the backyard doesnt appear to have any stepping stones leading up to it, so she steps on the grass as carefully as possible. Would it be out of line to suggest that the owner add them? Maybe. But the house is so pristine that it seems a waste to have this one part of the yard get run down.

Aaaand the gate is locked.

Okay.

Well.

It only comes up to her waist~~tha~~t' s easy enough for Adora to clear ~~bu~~t what if someone *sees* her? She can only imagine that someone is already keeping their eye on her after she had come bumbling up the road in Darla. What would she even say if someone approached her?

"I'm just here to mow the lawn, ma'am."

They would surely ask what company she worked for.

"Oh, no, I'm a… private hire."

Well *that* doesnt sound shady at all.

“I’ve just been hired to come mow.”

They’d say, there are a million *reputable* companies that do that around here. Why would they hire *you*?

“I didn’t say it was their lawn that needed mowing.”

Adora’s cheeks flush as she rolls her eyes at herself. Gross. She definitely can’t say that. Not that it even made any damn sense—god, is she still hungover or something? Christ. She takes a deep breath and vaults herself over the short gate, landing back on the ground with a soft thud, and takes a moment to look around to see if anyone is watching her. So far, so good. Nice. She flicks the lock up from the inside, and swings the gate wide open.

Making her way back to the little shed, Adora finds herself relieved to see a classic push mower set right beside the door. Riding mowers were more efficient, sure, but Adora hasn’t mastered them yet. At this moment in time, she still lacks the control it takes to make the lawn look as nice as she knows she can. Since most people who hire her for yard work are at a more middle class income level, they usually don’t have riding mowers, and therefore Adora rarely gets to practice. And for some reason she’s determined to make this lawn look nice.

Since she’s doing it for free, she supposes that there’s really no obligation to do her best work…but Adora couldn’t slack like that even if she wanted to.

She checks her phone. Six fifty two.

> **Glimmer ✨**
>
> hey babe im sry if i made u uncomfortable 😟😟 i just care abt u & think u would benefit from a good romp u know?

God lord.

Glimmer ✨

like obvi it doesnt have 2 be a stranger from the net but I just want u 2 keep an open mind!

like maybe this person is ur future wife!u wont kno if u keep avoiding girls! 💞💞💞

Adora ⚔️

im not avoiding girls

i just havent clicked with anyone in a while ok?

even with star we were just better as friends yk?

i dont really want to get into my lack of a love life rn though. ill text you when im headed back

The clock on her phone *finally* says it's a minute past seven, and Adora shoves it deep into her pocket before Glimmer can reply. She knows it's still insanely early, but hopefully with the sun fully up, and the fact that it gets hot as hell during the day, the people here will understand and forgive her. Plus, it's not like shell ever see them again, right?

She slaps her hands down on the handlebar and shoves the mower out from its resting place. A slight wave of relief washes over her as she realizes it's a battery powered mower, *not* gas. At least itll be a *little* quieter~~ma~~ybe she wont leave the neighborhood with quite as large of a target on her back.

God, she really cant stand the idea of bothering anyone, can she?

Pathetic.

After taking a moment to plan out her path, Adora shoves her headphones in, pulls her phone back out, turns on one of her many

pumped up workout playlists, and presses the ignition button on the mower. She turns her head a few times to check for any angry neighbors before starting her route.

Up. Down. Left. Right. Perfect little stripes start to appear as she makes progress. It's going well, much more quickly than she thought it would, and she's already finished up the backyard in what was probably less than forty minutes. Without all the trees and little things to avoid and mow around, Adora is sure the front yard will take even less time.

Up. Down. Neat little verticals leading the eye up to the house. Up. Down. Up—

Adora trips to a stop.

Waving her down from the porch of the house is the most beautiful woman Adora has ever laid her eyes on. Shit. Holy shit. She's all tanned skin and wild curls and perfect eyebrows that are knit low on her forehead and oh, shit. She's saying something.

Adora kills the motor and tugs one earbud out, hearing just the end of a shouted "hey!"

The woman blows out a clearly frustrated breath and places her mug down on the railing, frowning.

"Uh, hi," Adora offers with a half hearted wave. The woman cocks her eyebrow and Adora feels an unwelcome heat pool low in her stomach. "Did I wake you? I'm sorry, you said you needed it done by nine so I just"—

"Isn't this a shirtless service?"

Huh?

Adora looks down at her white t-shirt, tugging briefly on the front of it before her eyes rise back up to the woman, who now has half a

smirk on her lips. "I, um."Adora is absolutely fucking dumbstruck.

"I mean,"she says, pointing her finger up and down Adora's form, and Adora cant stop her eyes from lingering on the gap of her pajama shirt that is nowhere near buttoned to the top. "That's what the ad said."

God what the fuck, even her voice is doing things to Adora.

"So."…

Her arms are crossed over her chest, and she's looking on expectantly with those sharp eyes, and..yeah, what the hell. Adora can do that. She's got a sports bra on anyway and she works hard as hell for this body, so..yeah. She can do that.

Why not?

**

The sun hasnt even risen when Catra starts going through all the paperwork that she had left out on the table last night. She cant say she isnt overwhelmed by it, and she knows inheriting this stupid house was one last fuck you from her aunt. She had left no guidance, no direction;not even a lingering lawn service to help.

Catra never wanted this. In fact, she had made a point of putting as much fucking space between herself and her family as possible without getting any lawyers involved. She shouldnt have been surprised when she got the call. She shouldnt have been surprised that her aunt would leave her this stupid fucking house.

The first thing Catra did was call a realtor. She just wanted to sell it and move on with her life. But there are appraisals that need to be done, and legal shit she barely understands that needs to be approved before she can. Apparently her aunt left very specific instructions on what Catra had to accomplish before it could be put on the market, and there were no ways around it.

But she didn't have any fucking money to do all of it. And of course her aunt didn't *leave* her any fucking money. Just a fucking house. That she made fucking difficult to sell.

She has been searching the classifieds and random odd job sites for weeks, just trying to find people who are affordable and at least have some sort of reputation or good ratings to help with the shit that needs to be fixed. Maybe she wasn't being the most responsible person by responding to an ad posted at two in the morning by some guy that boasted sex alongside the free labor...but he had specified some sort of consent, and Catra figured if she didn't have to see him, it'd just be over and done with. She just needed her lawn mowed before her realtor came over. And it was free.

She'd figure out the rest of it later.

It is barely past seven when she hears the lawn mower start up.

Well, at least he showed up. Hopefully he doesn't butcher her fucking lawn. Catra takes a sip of her coffee and sighs, dropping her chin into her palm. She'd check it out after he left and see if she needed to touch anything up~~b~~ut for now she is just praying to whoever the fuck is listening that actually responding to this goddamn ad wasn't her stupidest move to date.

Hopefully he doesn't try to talk to her.

Catra rubs at her eyes and scratches once behind her ear as she tries to scan over all these fucking documents again. Honestly they're all just wordy and full of unnecessary legal jargon and~~if~~ she's being totally honest with herself~~sh~~e probably needs to scrounge up the money for a stupid consultation with a lawyer instead of just giving herself a headache trying to decipher them.

Shit.

As she stretches her arms up over her head, rolling her neck in the process, the phone starts ringing. She catches herself glaring at the

phone as if that will make it stop, and sighs with relief when it goes to the answering machine.

She has to figure out how to get this number disconnected.

"Sharon? Sharon, dear ," the voice rings out over the speaker of the answering machine. This woman must not know she's dead. "I appreciate you finally taking care of that mess of a lawn, but could you tell your, um, *help* , that she is incredibly rude, mowing this early? Did you forget the HOA rules? Anyway, thanks dear. Havent seen you in a while. Hope you're well!"

Catra snorts.

Then realizes that the voice had said *she* .

Oh. That's interesting.

Definitely not an ad Catra would have pinned on a woman.

Suddenly, Catra cant help but give in to her curiosity .

She stands up abruptly, grabs her mug around the rim, and follows the sound of the mower out towards the front lawn. Just a peek wouldnt hurt, right? Just to see what kind of woman would post— and follow through with ~~th~~is kind of job. And. Catra rolls her eyes at herself for even *thinking* about the *possibility* of taking her up on the second half of the ad listing. Maybe if she were hot enough. But that was doubtful. Catra wasnt *that* desperate. Her hand did well enough when she needed it.

Catra spots movement through the window, and steps up closer, pushing the curtains aside. It takes her eyes a second to adjust to the sunlight before they land on—

Oh .

Oh, *shit* .

Haloed by the early morning glow is an actual, literal fucking goddess in dumb shorts and even fucking dumber crocs. But, poor clothing choices aside, Catra finds herself itching to see more of the tall, broad blonde whose soft smile and gentle bob of her head are ridiculously endearing. Her white t-shirt is already clinging to her muscular back, dampened with sweat, and when she lifts up the hem of her shirt to wipe at her brow, Catra gets a glimpse of fucking sculpted as shit abs and, okay, fuck, maybe she's close to fucking drooling.

What cruel fucking asshole thought it would be funny to put *that* amazon fifty feet away from her , found from a job search that mentioned fucking eating her out? Sure, Catra has had her share of messy one night stands, but not with someone from the internet. Not with someone who comes out of the gate advertising that they want to eat her pussy.

Oh, Jesus Christ. Why on earth is she even *thinking* about this?

No.

She could enjoy her eye candy for the time being. She deserves that much. And then it would be over, and Catra could take a cold shower and forget about the hot stranger in her yard. But...maybe she could indulge in at least one dumb thing from the post.

Catra whips open the front door and steps outside into the sticky hot August air and pushes her untamed curls back over her shoulders. "Hey!" she calls out, to no avail. "Hello!"

Damn it.

Stepping up to the railing, Catra waves her arm with vigor. "Hey! Hey you!" Jesus Christ. "Heeeeey!"

Oh. Oh no.

Catra wishes the woman had never looked up. Those baby blues have put out a personal fucking attack on Catra, and she fights down the shock she knows would be evident on her face. Instead she huffs out a sigh and puts her mug down.

When the woman waves from close to her chest, Catra digs her nails into her palm to stop herself from ogling the size of her hands and her tits. "Uh, hi," she says, and Catra scrunches her face up into a forced eyebrow raise of disdain. "Did I wake you? I'm sorry"…

She sounds so fucking sweet and Catra doesn't hear the words she actually says, just the honey smooth tone of her voice, and before Catra knows what she's doing, she interrupts, saying "isn't this a shirtless service?"

Those big blue eyes blink up at her a few times before hee thick fingers pinch at her tight white t-shirt, and Catra is absolutely taking this moment of distraction to admire how the swells of her biceps are making the sleeves work overtime. She can't help the smirk that starts pulling on her lips. If Catra had known *this* was who posted the ad, she probably would have considered taking her up on the second half of it.

The woman looks back up, her cheeks pink. "I, um"…

So, bold in text. Bashful in person. Cute.

"I mean," Catra gestures to the woman's form, and doesn't miss the way her eyes drop below Catra's eyeline. "That's what the ad said, so"…

After a moment, the woman squints up at Catra, shrugs a little, and reaches up over her head to pull at the back of her collar and okay, maybe she is just as bold in person after a moment of gathering herself. Catra can't look away, not when she's being given the show of a fucking lifetime. The woman isn't even doing anything particularly hot; all she did was pull her shirt up over her head, her abs flexing with the motion, and shake out that luscious ponytail with

a small gasp for air after the shirt was fully off. But damn, Catra had never enjoyed a woman stripping for her more.

Except now...now the woman was jogging over to the porch. Oh. No. That wasn't part of the plan.

"Hah," she huffs, stopping at the railing, still on the grass below Catra. "Sorry, I just need somewhere to, uh, to put this." She holds the bunched up shirt in her hand and points at the wood below Catra's hands. "Okay if I leave it up here?"

Catra swallows hard, and narrows her eyes. "Whatever. That's fine."

"Awesome, thanks!" The woman hops up to reach the top of the porch, catching her toes on the slats as she throws her shirt over the edge. Then, with one arm wrapped around the railing, she extends the other one out for a shake. "I'm Adora, by the way."

A small hum of uncertainty escapes Catra's throat before she clasps that big~~ca~~alloused and warm and sexy and oh god how would it feel against her *skin* ~~h~~and in her smaller one, shaking once. "Catra"...

The woman— *Adora*'s ~~se~~yes light up as she smiles a smile so large that Catra isn't even sure it should fit on her face, and starts shaking Catra's hand with more enthusiasm. "Super pleased to meet you," she says, and Catra can't help but wonder if she's just got some sort of customer service voice on, or if she really is just...like that. Catra drops her hand and takes a step back, completely ignoring how *large* Adora looks up this close.

Fuck. Was that rude?

Adora's shrinking smile makes Catra think it was rude.

"Sorry, I'll, um, get back to it."

Before Catra can say anything else, Adora hops down with a soft thud in the dirt, rolling her shorts at the waist and revealing a deep v

cut into her pelvis. Christ. What the fuck. She pops her earbuds back in, gives Catra another small smile, and then starts the mower back up. Catra hates that she wishes she had a gas mower so she could have watched that strong body tug at the starter.

Ah, fuck it.

She deserves this.

Hopping up and swinging one leg across the railing to dangle over the yard, Catra sits against the post, sips on her coffee and watches this fucking goddess go up and down her lawn with the mower. Every time she bends down to toss away a rock, Catra doesnt shy away from ogling her ass. It's built and round and god how often is this woman at the goddamn gym?

People dont actually *look* like this. Not normal people. Not people Catra can touch.

And yet, here is Adora, an Amazon Reincarnated rising up from the depths of who the fuck knows where, and Catra is lucky enough to bear witness to her glory. Jesus fucking Christ. And the fucking ad keeps rolling through her head, and Catra cant stop thinking about it, and oh *god* Catra might actually weep at the knowledge that there's probably no way it is ever going to happen.

But at least she can stare for a bit. At least she can think about how it might feel to run her tongue over each of those cut abs and bite into those round shoulders as she gets closer and closer and—

As if Catra's thoughts have been projected onto the house behind her, the next time Adora turns to come up from the sidewalk, her cheeks are flushed and she has caught Catra's eye. Fuck. Why is it so intense? Why is she looking at Catra like she could eat her alive?

Well, she *was* the one who posted the ad. Maybe *she* is thinking about it, too. The way her eyes had lingered on the gap in Catra's

shirt.the way she was so willing to strip down to her bra.would she actually *do* it, if Catra asked? But Catra cant ask—

But then Adora's tongue darts out from her mouth, rolls over her bottom lip, and Catra is going absolutely fucking insane. Shitshitshitshit.

Catra feels a warmth pooling between her thighs.

Look, she's big enough to admit that maybe she d *oes* want to hook up with this particular strangerbut she' s damn sure not going to initiate it. There wouldnt be enough time unless they went *right now* and, what, is she just going to call out over the lawn mower: *Hey Adora? About that free pussy eating—I'd like to start that now…* Ugh, no. That would be *mortifying.*

Plus, she fucking needs the lawn finished.

And it's not like she can schedule a hookup. Once Adora leaves today, she's gone for good. Catra knows this. And she's fine with it. Mostly.

But god, Catra hasnt felt this on fire from just looking at someone in.well, ever , maybe.

When Adora comes around again she's still staring, and Catra zeroes in on the way her mouth is popped slightly open and her tongue is flicking behind her teethit wouldnt even be noticeable if Catra wasnt fucking dreaming about Adora' s tongue between her lips, on her throat, teasing her chest and stomach and dipping lower until it buried deep inside of her and god fucking *damn* it.

Fuck!

Catra can feel that her cheeks are burning. In a pathetic attempt to save face, she hops down off of the railingdoing her best not to scurryand retreats back behind her door , practically slamming it closed behind her. She leans back against it and presses a palm

against her chest in the most lackluster attempt ever to calm her horny gay heart down. Okay. She just has to get through this, and make it long enough for Adora to leave...and for the realtor to come...and she has a meeting with a client later...but after *that* she can easily rub one out and forget about the walking wet dream outside.

Easy.

Until it isnt.

There's a knock on the door, and Catra startles.

**

Adora is fighting back a blush as she stalks back over to the lawn mower. She just *had* to get up close and personal, huh? Just *had* to see that beautiful face full size so that she could see if she had freckles or not on that cute little nose? Well, now she's seen it, and now she sees those gorgeous mismatched eyes every time she blinks. Cool. Awesome. Great.

Not to mention how fast Catra had pulled away from her. She was probably disgusted at Adora even trying to know her name after seeing that stupid ad!Oh god, what the hell did she think of Adora?!

Shoving her earbuds back into her ears, Adora risks one glance up at Catra to see what can only be disgust still painting her features. God damn it. Offering a smile anyway, she starts the mower back up and continues on her stupid little lines. Up, down, up, down. She cant help but look up at the porch with each opportunity.

Catra is sitting on the railing with one leg dangling, and the other bent up at the knee. She is holding her coffee cup from the top of the rim in the hand that is braced on her upper leg, and Adora cant help but watch each time she brings that mug to her lips. God, Adora is so goddamn focused on her *lips*. They are plush and juicy and

Adora is so fucking gay, and god she wants to kiss those fucking lips.

She wants to kiss Catra everywhere, actually.

Which is a development.

It's rare enough that Adora feels any sort of crush-like romantic attraction, but even less often is sexual attraction. Catra has spawned both somehow in just saying five words to Adora. She's always liked girls who were just a little bit mean and bossy, but this feels pretty ridiculous. This has never happened before, and it's not like Catra did anything *special*. She's just beautiful. And somewhere in Adora's gut, it feels like she might be important. Adora groans as she leans over to toss a rock out of the way before continuing.

Up, and Adora's eyes are lingering on the way Catra's top is spread even wider in this position, and how her chest shifts and swells when she moves her arm. Down, and Adora is thinking about how good that dark velvet skin must taste, how supple it might be beneath her rough palms.

Up, and Catra is staring at her, and she is staring right back. Adora licks her lips, and Catra's eyes catch on the movement.

There's no way she's thinking about it too, is there? But she did respond to an ad that included the *offer*. But she probably just needed the free lawn care and the shirtless service, apparently.

Down, and Adora wonders what Catra might like her partners to do with their mouths; what Catra might like *Adora* to do with her mouth.

Up, and this time Adora swears she can feel a spark shooting down her spine when their eyes meet again. It requires a conscious effort to keep her tongue in her mouth as it flicks at the back of her teeth. Running it over her lips twice in just as many stare downs would be too fucking obvious.

Down, and maybe that's a good thing. Maybe she *should* be too fucking obvious.

Up, and. Adora just catches the front door slamming shut.

Damn it.

She's so stupid.

Adora puts her head down and finishes the last few rows of the lawn, sighing with relief when she can finally shut the mower off for good. The sun is beating down on her now, and she can feel her shoulders burning already. Damn. She should probably put her shirt back on. There's not much point in keeping it off if there isnt an insanely attractive woman staring at her anyway.

As she makes her way to the porch, Adora cant help but smack her lips together. She is incredibly parched, and the drive home will probably take forty minutes or more by the time she heads out~~so~~ that sucks. Shell just have to stop somewhere to buy a bottle of water or something. It's not like she's going to ask Catra.

Her shirt is exactly where she had discarded it, and it crumples under her fingers as she picks it up. It is still damp with sweat— which the humidity isnt helping~~and~~ now there' s dirt on it. Great. She uses it to wipe at the sweat that has gathered on her forehead, and stares at the closed front door.

She should. she should let Catra know that she' s leaving, right? That's the courteous thing to do. She can just knock, say *'hey, I'm headed out, thanks for the business, please tell your friends!'* , push the mower back to the shed, and then leave. That's a totally normal thing that normal people do when they leave someone's house. Yeah.

She knocks.

The door opens.

And instead of her perfectly rehearsed normal farewell, what tumbles out of her mouth is: "I'm so sorry to even ask, but would you happen to have some water?"

Great. Catra is staring at her like she has three heads.

"N-never"—

"Yeah," Catra's voice cuts over hers, and Adora clamps her mouth shut. "Sure. One second."

Adora watches Catra retreat back into the house, and continues to stand there awkwardly, twisting the cotton of her t-shirt between her fingers. She can feel the cool air from inside the house through the door, and it may be the most refreshing thing Adora has ever felt. She wishes she could go inside, because of course the air conditioning in her truck is busted, and they rely on fans at their home to keep the electric bill low, and god all Adora wants to do is lay on the stone floor of the foyer;she can practically feel the crisp cold of it against her skin.

Catra reappears, seemingly a little flustered. "Um, I thought I had bottles but I don't..."

"Oh. Well that's okay. I'll just head out."

"But you can come in for a bit if you want."

They both stop talking at the same time, gazes locked together, and Adora feels her whole face light up.

Catra finishes, "you know, to, um, cool off. And drink some water."

If Adora isn't mistaken, a deep red flush is spreading over Catra's cheeks and nose, and it is the cutest fucking thing Adora has ever seen. "Um, yeah!" Adora almost shouts, overeager and excited. She coughs, and bounces up on her toes, and laughs one awkward little chuckle. "That would be amazing, if you really don't mind."

Catra's eyes flick up and down her form, and she turns to head deeper into the house with a wave over her shoulder for Adora to follow. "Sure, no problem." Then, as Adora steps into the house and shuts the door behind her, Catra adds, "can you just leave your shoes at the door?"

"For sure!" Adora fumbles slightly as she bends down to kick her crocs off, grunting with effort as the heel strap gets stuck. She braces her hand on the wall and feels a switch click under her palm ~~lig~~ht floods from the ceiling, and Adora can't help but let out a low whistle as her eyes land on an intricately decorative fixture on the ceiling. "Nice place you've got here," she says, flicking the light back off. "Crystal chandelier in the foyer? Classy ."

She hears a scoff from another room and follows Catra's voice. "It' s ridiculous. I think that tacky thing cost more than my degree."

Adora's eyes are dancing all around the house, taking in all of the extravagant and quite frankly overwhelming pieces throughout the halls. "Then why~~ow~~ ~~"sh~~e stutters as her hip bashes against the corner of a counter she hadn't noticed. "Why did you buy it?"

Catra laughs~~it'~~ s raspy and has a soft squeak and oh god she' s so cute~~an~~d rolls her eyes. "Y ou think *I* bought a single thing in here?" She scans over Adora's face, clearly noticing her clenched lips, and smiles. "Please."

"Y eah," Adora breathes, dropping her shoulders. "Y ou don't really… um." She swallows around the lump in her throat and thinks about her words. "Y ou just seem more, um. down-to-earth than most rich people I've interacted with." When she risks a glance at Catra, she is smirking with an eyebrow cocked. Damn.

She gives Adora another short laugh. "Y eah. Rich people suck." Then she turns to the cabinet and is stretching up to reach the glasses and Adora can't help it; her eyes dart down to that perky , plump ass of Catra's, the short shorts doing nothing to help as they

rise up just over the bottom swell of her cheeks. Oh god. Adora needs to stop looking. Stop looking! Right now!

Her head whips around just in time for Catra to turn back and point at the fridge, where Adora hyper focuses all of her attention. There are three different types of ice and this fucking fridge can dispense *sparkling water* ? What kind of asinine backwards universe has she fallen into?

"Any preference?" Catra asks with a semi-monotone voice, and her face looks like she is just as out of her element as Adora.

"Uh. just. the uh, normal water I guess? And whatever ice, or no ice," Adora can't seem to stop blabbering. "Whatever you're doing I can just do the same whatever is easier for you"—

Catra's look of confused annoyance makes Adora snap her lips shut.

"Okay . One *normal* water coming up." There' s a hint of gentle mockery in Catra's voice, and Adora flushes pink.

God. Why is she like this?

When Catra turns to the fridge to fill their glasses with ice, thank god Adora leans backwards on the counter , bracing her elbows on the marble and stretching out her stiff back. Her eyes land on the large skylights and she can't help but smile. Those are a luxury she would love to have. "I've always wanted skylights," she murmurs, turning her head back to look at Catra, who is staring at her . Adora's going to have a permanent blush on her cheeks at this rate. "Maybe rich people got *something* right."

Catra breathes out some sort of a laugh before thrusting one of the glasses forward, shaking it enough to make the ice clink around. Adora stands up straight and reaches out to grab it, and their fingers touch, and oh, that felt like a *literal spark* .

"Thank you," she manages, before lifting the glass to her lips, ignoring the way her hand is slightly trembling.

They sip their water in silence.

Adora is itching to talk ~~to~~ say anything to get this beautiful fucking woman to talk to her. "So." Oh god. She didn't have anything planned. Why the hell did she open her mouth? Shit. Catra is staring at her and she swallows hard. "Do you like... rent this place?"

Catra answers in short ~~it~~ 's my aunts."

"Oh! Is she away or something?"

"She's dead."

Great, excellent. Bring up her fucking deceased relatives. Fucking smooth as hell, Adora.

"Oh god, I'm so sorry."

But Catra laughs ~~it~~ 's bitter and harsh. "Don't be. She was a homophobic piece of shit who would have preferred if I was never born and who only left me this piece of shit house to torture me from her fucking grave."

Adora presses her lips together, worrying her brow as she waits to see if Catra has any more to add. She just looks away, and Adora doesn't know what else to say besides "I'm so... sorry."

She has reached out slightly, her hand only inches away from Catra's arm before she notices. Catra's eyes are burning holes in it, so Adora whips it back to her side, digging her fingers into the hem of her shorts.

"It's fine."

It doesn't feel fine, but Adora is glued to the floor and doesn't know what to say ~~be~~cause honestly, what *could* she say? What do you

say to someone trusting you with a very private part of their life when you've only known them for an hour , tops?

"So, anyway , um," Catra stammers as she puts her glass down on the counter. She pats at her pocketless pajamas and frowns, eyes darting around the room. "Do you have V enmo or something? I can pay you like, at least a little bit"—

"Oh absolutely *not* ," Adora laughs, shaking her head, weight lifting from her chest. "This was advertised as a free service, and that' s exactly what you are getting."

Catra perks up, as if she might enjoy a challenge. "No way ," she says, smirking and leaning a little closer. "Let me pay you."

There's no helping the way Adora starts scanning over Catra's face. Her nose is scrunched slightly as she argues, and Adora feels her knees get a little gelatinous. "Dont even think about it." She' s always been good at putting out a different energy than she feels inside. "Y ou got your lawn mow and your shirtless show." Adora cant help but give her a little flex, and a maybe too flirty wink. "All for free, just as advertised."

Then, Adora's heart drops into her stomach when Catra says, "well I havent cashed in the free head, so you have to let me pay you." Her cheeks are burning, and she knows she is staring, but Catra keeps talking, with a mischievous little smirk on her lips. "Honestly with an ad like that, I was fully expecting some nineteen year old frat boy." She shrugs and crosses her arms, which does not help Adora keep her focus above the swell of Catra's chest. "Not some lesbian in her late twenties."

Oh god. Oh my god. Oh my fucking god.

Adora would like for the earth to open wide and swallow her whole and spit her out on the other side of the planet. Is that Glimmer? Is that where Glimmer is? Actually , where the hell *is* Glimmer? Oh god that is *not important right now.*

"I mean, I much prefer a lesbian in her late twenties, so it's a win for me. But Im assuming it's off the table, so.cash it is."

Adora's lips are glued shut. She cant speak. What are words? What is a single English word that she could say right now? Just. Anything. Any word. Any word at all.

"Yes, lesbian."

Oh Jesus fucking Christ. Could she beg any harder to be struck by lightning right now? At least Catra looks amused, those varicolored eyes are shining, and right as Adora thinks she might faint, Catra reaches forward to shove on her shoulder and says, "I'm just fucking with you."

Maybe the gulp for air that Adora takes in is on the overdramatic side, but she blows out a fake laugh and deadpans "ahha, good one."It takes another moment to calm herself back down, and as Catra finally holds up her phone again, Adora grins and says "I'm still not taking your money."

"Fine, fine."Catra sets her phone back down and crosses her arms, leaning her hip against the counter. "How about the free head?"

And as Adora drags her hands down her face in absolute mortification she groans, "oh my god."

Catra giggles again, and Adora has to admit that she's already a little bit in love with the sound of it. It echoes through the kitchen and Adora thinks she might do whatever it takes to hear it again and again and again before she has to leave. "You really didnt expect me to not mention that, right?"She asks, a smirk *still* on her face, as if she wasnt currently making Adora want to bury herself ten feet beneath the ground.

"Well I was hoping you wouldnt!"Adora almost yells, but there is a laugh behind it.

"Honestly , you dont strike me as a coerce strangers on the internet to let you tongue their vag kinda girl"—

"Y ou couldnt have put that *any* other way?"Adora interrupts.

Catra ignores her and continues, "So if youre so embarrassed by it, whyd you post it?"

"Ah, well, you see, I have friends who want me to get laid,"Adora says, tipping her hands up and down as if they were a scale. "And *they* have relatives who homebrew their own alcohol."

"Oh, that' s a winning combo right there."

"Y eah so, thanks for not making it weird at all, really great, super appreciate it."

Adora crosses her own arms over her chest to mimic Catra's stance, and their eyes meet in the middle as Catra says, "my pleasure,"as if it really was.

A semi awkward silence falls over the room, and Adora moves to take another swig of her water, begging the blush to ease from her cheeks.

"So, would you?"

She couldnt really be asking..could she? Is she going to...no way.

"W ould I..what?"

Catra wont look her in the eye, so Adora braces herself to show a godly amount of restraint.

"Be head to a girl who responded to an ad like that."

"Uh,"Adora averts her gaze, and starts picking at her cuticles. "I guess that depends."She can feel the exact moment that Catra' s

eyes have landed on her again.

"On.what?" she asks, tentative and almost shy .

Adora swallows and Catra's eyes have locked into her fidgeting, waiting for an answer. "On.the girl, I guess," Adora finally says, and it's the truth;but Adora doesnt have to admit that Catra would absolutely be *the* girl. "I think." She looks up at Catra then, and sees something she cant qite place gleaming in her eyes. "If there, um, was a spark. Or something. Then, you know.why not?"

They are keeping eye contact, and it is intense, and Adora can feel her stomach twisting up into knots. She cant be the only one who feels this, right? Her breath hitches when Catra sucks her lower lip between her teeth, and hugs herself around the waist.

"I see."

"Y eah."

Catra's phone starts ringing, and they both startle, Adora coughs once and suddenly her glass of water is the most interesting thing in the world. Wow. The little beads of condensation sure are neck and neck in their race to Adora's fingers.

"Sorry , um, it's my realtor.give me a second."

"Sure, sure. T ake two seconds." Catra tosses an amused smile back at her as she walks away, and opens the door to another room. "Or , you know, as many as you need," Adora tries to call out before the door closes.

Could she be any worse at this?

**

Catra shuts the door and presses the answer button on her phone, clenching it so tightly in her fist that her knuckles are turning white. "Hello?"

"Hi Catra! I mean, Miss Driluth. It's Mr. Smith? Your realtor!"

Why does he always greet her as if she hasn't known him since elementary school?

"Yeah, hi," Catra runs a hand through her hair and glances at the clock. Shit. He's supposed to be here in thirty minutes. "Is everything all right?"

"Oh, well, you see"…

Catra can feel her throat tightening up. She knows where this is going.

"My husband's car broke down, and when I went to pick him up to drive him to the shop, I realized I didn't have my ID!" He laughs, and Catra rubs at her temple. "So I had to go back home, but then apparently a pipe had burst—you know, just my luck."

"Please get to the point."

He shuts up quickly, clears his throat and, with a nervous chuckle, says, "I need to reschedule. Does next week work?"

Fuck.

"This is the third time you've cancelled!" She can feel tears prickling at the corners of her eyes and she practically growls in frustration. "Look, you're my only option here, and I want this to work out, but I need you to do your job and help me get rid of this damn house."

His voice is quiet when he says "I'm very sorry, Catra. I understand your frustration. But also, there's a ton of work that needs to be done before we can sell it. We're in a bit of a bind here, anyway."

"You're supposed to be helping me figure it out! I got the grass cut this morning!"

"And what about the rest of the landscaping? Or the missing shingles in the back? Your aunt was very clear in her will and, seeing how powerful she was around here, I dont know how far well get if we try to cut corners."He sighs and Catra feels her heart drop into her stomach. "I know how hard it is for you. I remember . And I promise Ill help you. But I have to reschedule today ."

Catra blows out a heavy sigh as she drops into the closest chair she can find. "Yeah, all right. Call me tomorrow and we can set up another day. I hope all your shit turns out all right."

"Thanks, Catra!Enjoy your Sunday!You should do something fun!"

She hangs up with a short goodbye and lets her head dangle over the back of the seat.

Yeah, there's something fun she wants to do.

But she's made that fucking weird enough. Adora was just being sweet, and maybe trying to get to know her, but Catra had to go and be her normal, damaged as fuck self*and* *then* Catra couldnt shut her fucking mouth and had probably made Adora uncomfortable. She honestly wouldnt be surprised if she walked out of this study and Adora was just gone.

The frustration of it all is getting to her. She can feel her throat squeezing tighter and she pushes the heels of her palms into her eyes to stop the tears before they start. This is so stupid. This is all too much. She never asked for this. What did she do to deserve it? She was doing so well on her own, and her art was finally starting to take off, and now, whatshe has to give all of that up?

Christ.

The door to the room creaks open with a soft knock following it. Catra can see the door from her dangling position, and Adora is peeking through the crack. Shit.

"Sorry , I dont mean to barge in, but I just heard some" Adora scrunches up her face, as if picking her words carefully. "Y ou sounded upset. Are you okay?"

Catra doesnt know what it is, but Adora feels safe. Adora feels like someone she can open up to. Hell, if it goes wrong, she never has to see her again.

But that thought doesnt really cheer her up.

What the fuck.

"This house is my goddamn hell."

Adora seems to recognize this as the invitation in that it is and steps closer, shutting the door softly behind her. "What' s the deal with it?" she asks, moving to sit cross legged on the floor in front of Catra, smiling softly as Catra rolls her body around the chair and tucks her knees up to her chest. "I dont mind listening if you want to vent or anything. But I also understand if you dont feel comfortable sharing with a stranger."

Her smile is so warm, and her eyes are so kind, and what the fuck has Catra got to lose?

"My aunt hated me. She hated everything I was, everything I chose to be." Catra' s chin is on her knees, and Adora is looking up at her, and she cant believe she' s telling this stranger anything. What kind of angel was she? "My mom died when I was young, and my dad worked a lot so I was here most of the week. And then she always blamed me for my mother's death."

"Shit," Adora breathes, and Catra is relieved that she doesnt ask what happened.

"Y eah. So. It only got worse when I came out. She was a huge fucking bigot." Catra laughs slightly as her eyes land on Adora' s still

bare stomach. "She'd fucking hate that I've got a girl shirtless in her house."

"Well good," Adora scoffs, leaning back on her palms. "I'll rub my grimy lesbian hands all over her stuff if you want me to. Double the gay payback."

Catra laughs then; full bodied and hearty for the first time in weeks. Ah, she likes this girl.

Oh.

Yeah. She does. Wow.

So what she says next is stupid.

"After that I should just have full blown wild lesbian sex in every room of the house, and then maybe she'll roll over so many times in her grave that she'll somehow fall lower than the hell she's definitely already residing in."

Adora is chuckling, but a pink tinge is back on her cheeks. "I mean, maybe a big gay orgy would be even better." She shrugs her shoulders and smiles up at Catra. "How many could you invite?"

"Well I've already either fucked, broke the heart of, or been turned down by most of the ones I know." Catra notices Adora's face falter. "But that's only like... three people."

"Hah." Adora rubs at her bottom lip. "Well all I've got is my roommate or my ex. Neither of whom you should invite to an orgy."

God. This is so stupid. It's awkward, but in a fun way, and Adora is so pretty when she laughs, and Catra wants to keep making her laugh. What kind of luck did Catra have that she wound up meeting Adora like this? She honestly can't tell if it's good or bad.

Because now they're joking about sex and orgies, and Catra doesn't want to admit that she wants to fuck Adora—doesn't want to admit

that maybe she wants a little more than to *just* fuck Adora~~but~~ does Adora now think she's just fucking anyone? Is this the absolute worst way to get to know someone?

"Oh well," Catra sighs, feigning drama as she drops her head to her shoulder. "Guess itll have to be old fashioned one-on-one sex."

"Guess so."

There's that stupid tension again.

Catra has never been shy about letting people know when she wants to hook up with them, and she cant quite figure out what's different this time. Is it because she genuinely *likes* Adora? This whole day has felt so easy, and they really seem to click, and god, Catra feels so weird. She's never felt this way so quickly before.

"So yeah," Catra sighs, breaking the silence. Adora's attention is back on her, and she spills out the rest of the story. Well, the short version, anyway. "Then she left me this house to sell but like, with all these caveats and all this work that needs to be done before I can sell it, and I dont have the money to do it all, so it's going to take forever."

Adora frowns. "She didnt leave you any money to do it?"

"Of course not. That would mean she cared about helping me."

A hum is vibrating through Adora's throat. "That makes so much more sense as to why you responded to my ad," she laughs, shaking her head. "I was wondering what someone on this side of town needed free lawn care for."

Catra cocks a brow. "Again, I can pay you."

"No, that's not~~tha~~t's not what Im getting at." Catra can hear Adora's fingers drumming on the floor as she thinks. "Well, I do like...home repair and stuff like that~~I~~ mean it's just freelance so it's

not super professional~~but~~...maybe I can help with some more stuff?”

A light flares up in her chest at the prospect of spending more time with Adora, but she falters. “I probably can't pay you much.”

Adora gives her a crooked little grin then, and shakes her head. “I wouldn't charge you.”

Huh.

“Why?”

“You just”…

Catra steels herself for pity.

“I want to help. And I really think that you deserve to have someone help~~no~~ strings attached.”

Oh.

The air that rushes out of her feels like relief.

She can feel her fucking eyes getting wet. Shit.

Adora has sat up now, and has draped a warm palm over Catra’s knee. She squeezes and says, “so just tell me what needs to be done. And I'll do what I can.”

Catra doesn't even know what to say. She manages a weak “thank you” as Adora stands up, warmth flooding her face.

**

Adora excuses herself to give Catra a minute to catch her breath. She wasn't about to let her know that she could see the redness in her eyes and the puffiness around her cheeks, because Adora thinks

that Catra might be the type to respond negatively if she thinks you're doing anything out of pity.

Besides, there's still plenty for Adora to do right now—she remembers seeing an edger by the shed earlier, and figures it couldn't hurt to tidy up the walkways and lines around the back patio. Then, when she is done with that, if Catra still needs some time she can trim the hedges. Adora is grateful for the almost ten years of experience she has of doing random labor; she can help someone who deserves it, and she's not sure she would have gotten to meet Catra without it.

She blushes slightly at the implication. She doesn't know what'll happen after she leaves today. Maybe Catra is just being overly nice. Maybe Adora is picking up on things that aren't actually there. But things have felt...easy, and new people *never* feel easy for Adora. That makes her kind of want to see Catra again.

She can only hope that Catra likes her, too—at least enough to let her do some more work around the house.

Her phone chimes in her pocket and she groans, just slightly.

Adora ⚔️: werent you the one telling me NOT to have sex with a stranger????

Bow 🏹: Well it’s different if you like her!

Glimmer ✨: 

Adora ⚔️: im moving out.

Glimmer ✨: NoooOoooooooOOOOOOO

Bow 🏹: no!

She shoves her phone back into her pocket probably harder than is necessary then walks stiffly out of the front door. Adora knows her friends mean well, but that was *not* helping her feel more normal or relaxed about this whole situation. Yeah, *yeah* she wants to do all sorts of things with Catra~~,~~ but she’ s not going to let her stupid gay brain dictate how this goes. She can just ask her if she wants to get a drink sometime.

Or coffee. Adora thinks maybe Catra is too aware of how Adora and alcohol mix.

There are people out on the street now, and Adora is getting more than one not-so-nice stare down. Could be due to her being a shirtless stranger who mowed at seven in the morning, or maybe they can just feel all the gay sexual energy radiating out of this house. Judging by what she’s learned of Catra’s aunt, it doesn't seem to be out of the question for people who knew her and maybe were friends with her to feel similarly.

Adora scoffs and grabs the abandoned mower, pushing it into the back yard.

She's dealt with plenty of homophobes in her life, but never anyone close to her. It must have been so fucking hard to feel hated by someone who was supposed to love you unconditionally. Yeah, sure, Adora had eternally disappointed her mother by dropping out of med school, but at least she hadn't like… *disowned* her.

With a shake of her head, Adora puts the mower back where she found it before grabbing the edger. She fiddles with the controls just to make sure she's sure of how it works before she starts, making quick work of the lines around the stone patio. There is something so satisfying about getting a crisp line on the edge of a lawn, and Adora hopes Catra likes it, too.

She gets the walkway, around the fence, and around the small flower bed before making her way up to the front yard. Adora makes a note to remind herself to tell Catra to consider installing some stone pathing through this gate before she starts getting the line around the porch.

"Hey, Adora." Catra's voice sultry and unignorable makes Adora lift her head up, and she can't stop the dopey grin she knows is spreading across her cheeks. "What are you doing?"

Adora looks between Catra and the tool in her hand and says, "edging the lawn?"

The chuckle that comes from Catra makes Adora wonder if she has said something wrong, until Catra says, with a lilt of humor in her words, "either the lawn has been really good, or really, *really* bad to deserve that."

What exactly Catra is hinting at dawns on Adora and she feels her cheeks redden, but…this feels like it could be flirting. Maybe. Possibly. And Adora doesn't want to screw up by not returning the right energy.

"Well, I just like to make sure that the lawns I'm taking care of are… finished."

Oh god, Adora doesn't think there's any *other* way to possibly read that smirk on Catra's face as she says, "and that requires edging?"

Adora is *not good* at this kind of flirting—she never has been—and she's scrambling to continue the innuendo. But all she manages is: "sometimes. Depends how they look after the first round. Of mowing."

The way Catra's lips press together tells Adora that she had *not* nailed it, but maybe Catra will forgive the lack of finesse. She hopes her horrifically inept flirting at least might be a little charming. Or endearing. Or…funny, at the very least.

"Well," Catra practically purrs as she leans over the railing, her wild curls falling over her shoulder and drawing Adora's eyes back to her fucking chest, now a gorgeous round swell as it presses against her arm and dear god in heaven Adora has to fight the urge to stare, and snaps her eyes back up to meet Catra's gaze. "I've never been mad at skillful edging. Sometimes it's what brings the finish to a higher level, right?"

Fuck.

Fuuuuuck.

Come *on.*

All Adora can do is swallow around the suddenly dry patch in her throat, nodding pathetically. "Yeah. It just, um, it depends what… what will provide the best outcome." Come on. She can do better than *this*. She *is* better than this!

"Seems like you're dedicated to providing an incomparable service."

Jesus Christ. Okay. Catra didn't need to call her out like that. It's not *that* obvious that Adora is a people pleaser, and also a liar, is it? Unless Adora is reading this all wrong.

Oh shit.

What if she *is* reading this all wrong? How can she check? What can she do to be sure? She...she *has* to be sure.

Adora decides to be bold—at least if she fucks it up, she can just run away in the wake of her shame and humiliation and never see Catra again. What's the risk? Well. Not seeing Catra again sounds kind of shitty, but—

She steps forward, leaning the edger against the porch, and braces her hands on either side of Catra's elbows as she finds herself close enough to feel the way Catra's breath hitches. "I make sure to leave my clients satisfied," she says, absolutely laying it on thick. "If they're not, then I haven't done my job. So," she cocks her brow and smirks. "Are you?"

It's almost impossible to hold Catra's gaze as her varicolored eyes dart back and forth across Adora's face, as if trying to read her. "Am I what?"

"Satisfied."

As Adora runs her tongue over her lips, and Catra's eyes follow the slow drag of it, Catra says, with a challenge in her words, "not yet."

Adora hopes it isn't just her who feels the thick tension that has settled over them, stifling and exciting at the same time. She wants to jump over the railing and kiss Catra right *now*. She also wants to drag this out as long as she can.

"Then I'd better get back to work."

Adora all but snatches the edger up and turns it back on, whipping the lines of the lawn into perfect alignment. Catra's nails have dug into the wood of the railing, and Adora isn't sure if this will lead to anything, but maybe she's having fucking fun playing with the idea of it. This kind of sexual flirtation is not where Adora usually winds up, but it's easy with Catra. Bantering and teasing and challenging is all flirty and fun and hot, and Adora isn't sure she's ever had someone give her the space to flirt this way before.

It's always been compliments and flowers and niceties. Adora is good at that for a little while, but it gets so dull so quickly. She likes a challenge, someone who gets her fired up, and Catra. Adora wants to win her over.

As she turns to change what edge she is working on, she can't help but look back up at Catra, who is definitely still staring at her with an intensity Adora doesn't think has ever been directed at her before. It's really fucking hot. There's no way she can leave here without asking Catra out~~there~~ just *isn't.* Adora feeling attraction to someone is rare enough, but she's fairly certain she has *never* felt this much actual desire for *anyone*. Especially not someone she hardly knows.

It's honestly baffling. But she likes it.

By the time she finishes up the lawn, she can feel her whole body burning up; and it isn't just from the heat of noon creeping in. Adora moves quickly to return the edger to the shed~~no~~ticing that Catra has headed inside~~an~~d shuts the door, metal creaking as it clangs together.

She peers back up to the porch and breathes a sigh of relief when she sees Catra standing there again, an icy glass of water in her hand.

"Figured you might like a quick drink," Catra calls, a grin on her lips as her eyes lock onto Adora. "Before you go."

Adora does something just over the line of showboating, and pulls herself up the side of the porch and over the railing, fully aware of how that motion will make her biceps and abs flex as she hauls her body weight up and over. "Yeah, definitely, thanks!" Pure delight takes over her as Catra's eyes have dropped below Adora's eye line, watching every twitch of muscle as she moves. "Really appreciate it."

Then, she's standing right in front of Catra, whose eyes are quickly flicking between the ground, and Adora's eyes, and Adora's body, and Adora decides to show her some mercy as she reaches over to grab her discarded t-shirt and tug it back over her head. It is damp and sticky and awful, but Catra seems to relax a bit, so it was worth it.

Their fingers touch just briefly as Adora takes the glass from her hand, and drinks it in a few solid gulps. She probably should have sipped, or at least not have been a total animal as she wiped the dribbling water from her chin, but Catra is simply watching with amusement painting her features.

Adora takes in a gasp for air before signing with relief.

"So, I should, um, be heading out," Adora says as she hands back the glass to Catra. "It was...um." What could even sum it up? "Kind of the highlight of my week, meeting you."

The pink tinge on Catra's cheeks hints that Adora maybe went too far. But…

Catra laughs, and crosses her arms over her chest, the glass gripped in her fingers under her arm. "Damn, honestly it's a shame you weren't serious about the free head thing. That would have been a hilarious way to get me in bed."

Well, how many times does Catra have to joke about it before Adora takes a fucking hint?

"I could be serious about it."

Catra seems to freeze, as if her confidence has been a front this whole time. She doesn't say anything, and Adora starts to panic.

"I just mean, um, I mean, you just keep poking about it and bringing it up and, shit." She threads her fingers through the loose hair at the front of her scalp and shrugs. "Okay, I was going to ask you if you wanted to go out anyway but fuck it," Adora says, her confidence building. "If you flat out reject this idea then I've probably been reading everything all wrong anyway, right? So, um"…

Get it the fuck together.

"If you want to hook up right now, I am like… *so* down. And serious. And then I'd still want to take you out on a date, so, you know, you don't think I'm just using you for sex or whatever. Or. God. Okay. I just mean, um, I'm kinda *really* into you, and if you're into me, too, then, you know"…

She still hasn't said a fucking word.

"All right. Since you still haven't responded there's a chance I am way off base here, but I think I'm just going to shut up and actually give you a second to speak."

Adora clamps her lips shut, and gestures pathetically with her hands for Catra to go.

She waits. And she waits.

And Catra doesn't.

Shit.

"I'm sorry. I'm obviously stupid, so I'm just gonna"—

There are arms around her neck and lips pressing clumsily against her own and cold droplets of condensation are hitting the top of her shoulder and *oh, okay*.

Catra just needed a minute to boot up, maybe.

So does Adora, apparently.

But before she can fully register what is happening and respond in kind, Catra is pulling away and mumbling something that Adora doesnt even have the mind to comprehend before she reaches out and presses a firm palm against the small of Catra's back, bringing their bodies together and kisses her again, soft and slow.

She hears the distant thud of glass hitting the wood beneath their feet.

**

It's fucking unfair that Adora is so goddamn charming and hot and stupid all at once. As she wraps her arms back around Adora's neck, Catra cant stop her mind from flipping between being incredibly annoyed at the fact that she is now kissing this dumb stranger and incredibly grateful that she is now kissing this dumb stranger. But Adora's hands are stroking up the curve of Catra's spine, and when one comes all the way up to cup the back of her head gently as the other presses firmly into her lower back to pull her closer, all of the negativity that was prickling at her mind melts away.

Yeah, she's just grateful.

Adora's mouth is sweet and plush and pliable, and as Catra takes in a breath through her nose, she feels the tiny pressure of Adora's tongue~~tes~~sting the waters, it seems~~br~~ushing across her lower lip. Catra wants to give Adora everything she could possibly ask for as she tilts her head further to the side, continuing to kiss Adora slowly enough for her to deepen it. And, *god* , this feels so fucking good. Catra hasnt been kissed like this in.years, probably . Maybe ever. The attention is overwhelming;and Adora kisses in a certain way that draws a soft little whine from Catra's throat, and does it again and again and again.

A car horn blares outside, and Catra suddenly remembers that they are still standing in her doorway. As much as she doesn't care about what these assholes think, she would definitely rather have some privacy.

"Inside," she mumbles as Adora's mouth starts smearing kisses across her cheek as if she hadn't even been fazed by the noise. Catra pulls away, just enough to give Adora the space to step over the threshold, but she suddenly feels cold and hates the fact that Adora isn't kissing her for even a second. As soon as the door clicks shut Catra has her fingers tangled in the sweaty white t-shirt that Adora had stupidly pulled back on as Catra pulls her flush against her own body.

Adora's lips spread into the dumbest, dopiest grin Catra has ever seen, and she whispers an equally dopey "hey," as her fingers drag the hem of Catra's shirt up on her stomach, stroking over her skin. "You sure about this?"

God. Of course she's considerate, too.

"We can go out first, or, if that's not what you want"—

Catra pulls Adora down to meet her at eye level and grins at the flush spreading across Adora's cheeks. "You're cute," Catra says, before pressing one chaste kiss against her pouty lips. "Yes I would actually really love to go out with you~~, b~~ut right *now* I really want you to go down on me."

A smirk stretches quickly across Adora's lips and she lets out a soft chuckle. "You're the boss."

"Damn right," Catra says, twisting her fingers tighter in that damned white shirt and giving it a demanding tug. "Now kiss me again."

Adora doesn't miss a beat, and in a show of just how much work those beautiful fucking muscles can do, she scoops her hands under Catra's ass and lifts her up to sit on her hips, turns quickly on her

heel, and presses Catra's back up against the wall. "This okay?" She asks, a hint of mockery on her lips as she stretches to smudge her lips over Catra's ~~as~~ as if she hadn't heard the whimper of a gasp that had slipped out from Catra's throat at the action.

"Am I okay with being tossed around like a rag-doll?" Catra's tone feigns consideration before she threads her fingers through Adora's pretty perfect ponytail and snaps the hair tie in one swift motion. "*Yeah*. I'm definitely okay with that."

She watches as Adora's hair falls over her shoulders, then reaches up to pluck out the small pins that hold Adora's bangs back. Adora's eyes are tracing along her features, soft and enchanted, until Catra can't take it anymore. She tightens her arms around Adora's neck and pulls her in for another searing kiss.

Adora tastes like earth.

Not in a *dirt* way, but just in a. Catra isn't even sure that she can properly explain it. There's just something warm and welcoming in the flavor of her that Catra wants more and more and more of. A subtle sweetness lingers in the aftertaste, and Catra is already addicted.

Strong arms cradle her body as Adora pulls slightly away from the wall to lift one hand upwards to tangle into Catra's curls, tugging gently to encourage her to lean her head back. Adora's lips pause a hair away from Catra's throat, warm breath ghosting over her skin.

"Do you." Adora starts before swallowing and pressing her nose against the underside of Catra's chin. Catra can feel a line of goosebumps prickling in every place their skin is making contact. "Do you like your neck kissed?"

Oh god, this is going to be torture.

"Yes," Catra pants, nodding against the curve of Adora's forehead. "God yes."

Warm lips waste no time before pressing against her throat, tracing a path down the line of it, pausing at the curve of her collarbone before finding their way back up the other side. Adora finds the spot where Catra's jaw meets her neck meets her ear, and Catra can't help the way her nails dig into the meat of Adora's back. God. She wants to touch and be touched and Adora can't touch her how Catra wants her to if she is holding her up against this fucking wall.

"Upstairs," Catra says, her throat dry with the effort. "Bedroom."

Catra thinks the way that Adora's hips rock into her must be involuntary, but it is making this so much fucking harder. She will *not* fuck Adora on the floor of the foyer. She is not a horny teenager with fifteen minutes to get it done while her parents run to the store. No. She is an adult and Catra will get fucked in her homophobic aunt's bed like the good lord intended.

Even though it's literally the last thing she wants to do, Catra moves to unwind her legs from around Adora's waist and drops her bare feet against the floor, but Adora seems to disagree with this separation; she presses the whole of her body against Catra, using her now free hands to cup her jaw and tilt her head upwards.

"I don't. I don't normally do this," is what Adora says.

Catra swallows her lust for a moment, her fingertips gripping at Adora's elbows. "We don't—"

"I *want* to," she cuts in before Catra can finish, much to Catra's relief. "I just. wanted you to know. For some reason. That. I just. uh, I mean *you* are." Adora's face is bright red, and she squeezes her eyes shut. "I, um. I just—"

Catra leans up to kiss her and provide some excuse for Adora to swallow whatever it is she had been trying to choke out, and Adora nods against her, whispering a soft "okay, bedroom" as they part before stepping back and letting Catra lead the way.

She practically runs. She is big enough to admit that she wants this more than she has wanted anything recently, and before she knows it, she is laying on top of the covers, with Adora crawling over her.

Catra is completely swept up in it~~the~~ feel of Adora' s strong arms under her hands, the musky scent of freshly cut grass and sweat, the taste of her tongue as she presses Catra down into the plush mattress~~and~~ it is almost too much. She cant remember the last time someone kissed her as if there was nothing sweeter in the entire world. Adora kisses Catra like she is a drop of water in a desert, like it may be their last day on earth and Adora is determined to leech every second of joy out of it.

A thought prickles in her mind: if this is how Adora kisses a stranger, what would it feel like if she loved you?

Adora pulls back just enough to plant a kiss onto the corner of Catra's mouth before she pauses, hovering over Catra, her hair falling like a river over her shoulder. Those beautiful blue eyes search Catra's for a long minute~~no~~t giving away anything that she is thinking~~be~~fore Adora brings her mouth back down to Catra' s in a searing, but far too short kiss.

Catra almost complains, but then Adora's lips and tongue are making moves on her neck and throat and all Catra can do is tilt her chin up to give Adora all the access she could possibly want.

When Adora nips gently at the skin by Catra's jaw , Catra cant help the whimper that vibrates up from her throat. When Adora soothes that sting with a sweet lave of her tongue, Catra sighs with content. "That okay?"

Were it anyone else, Catra thinks that the check-ins would frustrate her beyond belief when she was just trying to have a quick fuck. With Adora though, it's not a lack of confidence or experience that initiates them;she can tell by the *tone* of how Adora asks that it is for confirmation that it feels *good* . All Adora wants is to make sure

Catra is enjoying herself—and how could she possibly be mad about that?

Catra threads her fingers through those golden locks and nods as she tugs Adora up to her mouth again. "Yes. Bite me," she whispers against Adora's lips. Adora's breath quickens when Catra adds: "Mark me." Catra wants to drown in those blue ocean eyes, now dark and stormy, overwhelmed by lust. "You can just do things, you know. I'll tell you if I don't like something." She smirks at the way Adora swallows, winking and saying, "unless it's something freaky. Then ask first."

"Oh I don't bring out the weird things on the first go," Adora teases, her thumb stroking at Catra's cheekbone. "We've definitely gotta go on a few dates before you learn all my deep dark kinky secrets." The smile playing at her lips is sweet and silly, and Catra can't help but stretch her neck up to kiss Adora.

"Can we do like two dates a day? I'm dying to know…"

Adora snorts an ugly, endearing laugh before pushing Catra's curls back off of her forehead. "Well let's see how this goes first," she winks, as if she couldn't even imagine this going any way other than spectacularly. "However, what I definitely *don't* think is hot"…

Catra braces herself, worrying that she has somehow done something wrong.

"Is…infections. So, um," Adora sits back on her haunches and holds her hands up in front of her chest. They are…clearly the hands of someone who has been working in a yard all day, and Catra is incredibly grateful for her foresight. "Bathroom?"

"Um, yeah." Catra sits up and coughs once to clear her throat. "Just to the left. There's, um…there should be a nail scrubber thing in the medicine cabinet."

Adora simply grins and waddles her way off of the bed, giving a double thumbs up on the way. "Okay , awesome," she says as she makes her way to the door. "Be right back!" Her voice fades as she skitters down the hall, and Catra cant help but laugh.

God. She' s such a fucking dork.

Laying back into the plush blankets, Catra cant help her mind from starting to spiral. This is too much too soon, isn't it? Catra usually pushes people she actually likes as far away as humanly possible. But not Adora. Adora, Catra realizes, is someone she would like to stay close enough to learn every thumping rhythm of her heart, to feel every whisper of a breath across her lips, to hear every barely audible snort that accompanies a held back grin.

Adora, Catra realizes, is something wildly special.

And Catra is going to scare her away eventually.

She sits up as Adora comes marching back into the room, her hands up and her face serious as she announces in a booming, caricatured voice, "I am now sterile!" and giggles the whole way back to the bed. "Did you miss me?"

And it surprises her when she realizes that maybe it' s okay to take that chance.

"Maybe," Catra smiles, as Adora crawls over her again. "Maybe not."

Adora shrugs and says, "well, I could leave," and before she can say anything else, Catra tugs her back down to her lips.

Then they are kissing again, and Catra is digging her nails into Adora's shoulder blades, and Adora's fingers have paused at the buttons of Catra's sleep shirt. "Do it," Catra mumbles through their joined lips, a shiver running up her spine as the cool air hits her freshly bared skin.

Adora's hands are warm and thick and calloused and feel fucking wonderful stroking up Catra's ribs;her whole body shivers in anticipation of how they're going to feel elsewhere.

Adora is tentative as she drags her thumb along the bottom curve of Catra's breast, most of her focus still targeted on the way their mouths are moving together, and Catra feels like she might go insane if Adora doesn't start touching her with more intention *right now.* So, she catches Adora's bottom lip between her teeth and pulls back slightly, relishing in the soft, breathy moan that she gets in return before wrapping her fingers around Adora's hand. "Touch me," she practically whispers, dragging Adora's palm over the swell of her chest. "I *really* like my tits played with."

An airy, short laugh puffs out from Adora's chest, her eyes sparkling before she nods and rolls her fingers in a rhythmic squeeze. "You're really fucking hot,"Adora says as she lowers her mouth to kiss at Catra's collarbone. "Have I mentioned that?"

"What,"Catra says, slightly flustered, but mostly pushing her tone towards a teasing provocativeness. "You like a girl who tells you what to do?"

"I thought you had already figured that one out."

She had, but it was still fun to poke at. "Yeah, spotted it a mile away. Who else would even consider posting an ad for free head?"

Nipping hard enough to make Catra squeak, Adora mumbles "are you ever going to stop bringing that up?"

"Probably not,"Catra says, her words laced with amusement as she scratches her nails over Adora's shoulder. "It's funny because it was such a dumbass move."

Then Adora pops back up to meet Catra's eyes, grinning. "Well, it worked, didn't it? So you can tease me for the rest of our lives if you want—I'm still coming out on top."

The implication of that level of togetherness makes Catra's chest burn with an unfamiliar ache. Adora doesn't know her yet, doesn't know all the bad shit she's capable of—but Catra doesn't want to dwell on that right now. Not when she's at the mercy of literally the hottest person she has ever had the pleasure of fucking.

"Shut up," is all she manages, but she knows her cheeks are red. "Start using that mouth for what you advertised."

Adora laughs and then presses a firm kiss against Catra's lips. "You're impatient." Another kiss against her cheek, her jaw, her throat. Catra feels Adora's fingers scratching at the waistband of her pajamas. "I like to take my time." Her breath is hot against Catra's skin as she kisses down further, laying a path between her breasts. "Like to make sure my partners are as ready as physically possible, you know?" Her mouth runs along the curve of Catra's breast, teeth grazing gently over the skin before her tongue drags slowly over Catra's hardened nipple.

At some point Catra's fingers slither under the hem of Adora's shirt, and she is pulling it hard over her head before whipping it across the room as Adora laughs. Catra really, *really* likes that laugh. Catra really likes that they are laughing.

Catra really likes Adora.

How?

She doesn't really like anyone.

Catra can't help the little yelp that escapes her when Adora nips at the bottom of her breast, but she quickly digs her nails into Adora's hair to hold her in place as her lips wrap around Catra's nipple and gently suck. "Don't stop that," she practically moans, rocking her hips upward as firm fingers start to massage into them. Oh, fuck yes.

She knows that she is drenched already, but each slide of Adora's thumbs so painfully close to the crease between her legs and her

core as Catra desperately rolls her hips in waves makes her wetter and wetter and *wetter* and fuck, Catra needs to be touched right *now* .

"Adora," she gasps, reaching forward to wrap her fingers around Adora's wrist. "Please."

Adora wastes no time.

Bracing one palm on the bed next to Catra, Adora slides her other hand between Catra's eagerly spreading thighs, finally fucking touching her where she needs it most. It is over her clothing, but truthfully Catra probably *needs* the barrier. She might have cum from one touch otherwise.

"Tell me what you like," Adora whispers as she brings her mouth back up to meet Catra's, kissing her once. "Hard? Gentle? Fast or slow?"

Adora had almost found the perfect rhythm on her first guess, which has Catra writhing. "A-a little slower . More pressure." Adora adjusts, and Catra uses her hand that is still wrapped around Adora's wrist to redirect the placement of her fingers. Adora laughs slightly, mumbling an apology, following exactly where she is guided.

"Better?" she asks, amused, as Catra' s head presses back into her pillows at the shock that shoots up from her core.

"Jesus Christ."

"I'll take that as a yes."

Catra can already feel her brain shutting off, slipping into no-thinking-only-feeling territory as Adora's unsurprisingly skillful fingers work her up. She manages a nod, but that's about all she can do before she whimpers and tilts her head to the side, hoping Adora will catch on and bring her sweet mouth back down to Catra's neck.

She doesand she *does* .

And Catra wants more.

After releasing Adora's wrist, Catra uses her now free hands to start pushing down on the waistband of her shorts and underwear, grunting with the effort. She can feel Adora smirking against her throat. Her fingers pause their motions, but keep a firm pressure applied to her clit as Catra bucks her hips up in a pathetic attempt to get her pants offit is only now hitting her that she cant reach far enough, and that Adora's hand is stopping them from moving.

"W ant some help?"Adora asks, and the smugness dripping from her words is hotter than Catra is prepared for. Catra can feel desperate pleas rising in her throat, but she refuses to beg.

Instead, she opens her eyes and locks her gaze onto Adora' s, says "take them of f,"and watches with delight as Adora' s pupils dilate, swallowing the beautiful blue that surrounds them.

And, once again, Adora does.

Catra doesnt think she has ever been with someone who did everything with intention like Adora does. There is no frazzled, desperate or clumsy removal of clothing or touching or anything. No, Adora kisses her once firmly on the lips, then sits back on her heels and presses her fingers into Catra's hips. She slides her hands down painfully slowlyto catch onto the already lowered waistband, and pulls ever so gently.

Once Catra's shorts have made it to her mid-thigh, Adora bends down to let her mouth trace behind the drag of the cloth along the outside of Catra's thighand *that* is what makes Catra whimper and rock her hips. Adora doesnt falter , simply continues her slow path, inching cloth, kissing skin, lifting Catra's legs upwards so that her knees wind up hooked over one of Adora's shoulders. Finally, the shorts are over her feet, and Adora flings them somewhere across the room, before biting gently at Catra's ankle.

Damn it. Catra is definitely going to cum ridiculously quickly.

Adora leans forward again, Catra's legs folding with her, and Catra realizes "how come I'm fully naked and you've still got a bra on?" — then reaches out to dig her fingers under the straps of Adora's sports bra, dropping her feet back to the mattress on either side of Adora's body. "C'mon hotshot. You weren't shy before."

Adora just laughs and nods before sitting up and wrestling with the garment.

Her tits pop out almost immediately, and god, Catra can't help that her eyes fixate on the bounce of them while Adora is still struggling to get the tight garment over her head. They're bigger than Catra was expecting, and Adora is shaking around and giving Catra *quite* the eyeful as she fights with her bra, and Catra can't stop her hands from rising to press into Adora's ribs as Adora finally gets the bra off.

Jesus Christ. Catra is dying to touch her. *Really* touch her. She hopes Adora lets her. She hopes Adora wants her to.

**

Adora shivers at the touch — the just barely there pierce of Catra's nails in her skin — and presses her palms back into the bed. "You can," she squeaks out of her clenched throat, coughing once to clear it. "If you want" —

Her eyes roll back as she slams them shut when Catra's hands slide so quickly up from Adora's ribs to her chest and press firmly against her already hard nipples. Shit. Oh, *shit*, is all her brain manages when sharp canines press into her jugular. Palms drag up the top of her tits, over her collarbones and back down the sides of her chest, and Catra licks her tongue against the sting, and Adora is about to melt. It isn't frequent that she gets this wildly turned on, and she will not take it for granted.

Catra's teeth and tongue trace down Adora's newly exposed skin until they are latched onto the underside of her breast, sucking and biting and making Adora's legs wobble underneath her weight. She clamps her eyes shut and just enjoys it, lifting one palm to cup the back of Catra's head and support her as she is stretched up to reach Adora's chest. Catra's thumb runs smoothly over Adora's neglected nipple as she teases at the other one with her tongue, and Adora sucks in a shaky gasp. She is fucking soaked, and she ruts her hips pathetically against Catra's, legs still opened wide around Adora's thighs.

Catra whimpers, and Adora suddenly remembers that she came up here with a fucking mission. "Fuck," is what she so intelligently manages to say before shaking her head and pressing Catra back down into the pillows. She drags her fingers down all of Catra's curves, enjoying the sweet shivers that tremble through her body. "I want to keep touching you, but you're really distracting."

"I'm sorry," Catra smirks, twisting a lock of Adora's hair around her finger. "I wasn't expecting those tits, and there was no way I was ignoring them."

A laugh rips from Adora's throat and she nods. "Okay, fine. But now back to you."

Catra's eyebrow quirks as she moves her hands to rest them under her head, dragging her eyes down to where their hips are mere inches apart—only Adora's shorts separating them—before snapping them back up to meet Adora's gaze. "All right, fuck me like you mean it."

Oh, she fucking will.

But first, she kisses Catra again. It is firm but relatively chaste, warm breaths exchanged as Catra slowly parts her lips to let Adora taste even more of her. She can't help but lick, a slow drag of her tongue up from the corner of Catra's mouth. Adora pulls back just enough to

smudge her lips across Catra's cheek, smiling into her skin as Catra tilts her head back to give Adora more access to her neck.

Adora starts her descent, taking her time, sucking marks and soothing them with her tongue all the way down her throat, her collarbone, her chest. Adora pauses to nip at Catra's breast, before kissing a firm line down her sternum. When she reaches her stomach, Catra's hips roll upwards, clearly desperate for attention.

"I want to use my fingers first," Adora hums into the soft fuzz across Catra's belly.

"God yes," Catra pants, her fingers flexing into the sheets. "Please."

Adora already knows how wet Catra is—she saw it before—but she can't help how her heart starts to hammer in her chest as she pushes one of Catra's knees to the side and drags her fingertips up the inside of her thigh to reach sweet slick already smeared between her legs. "God," Adora breathes, kissing once above Catra's thick curls. "All this for me?"

The moan that escapes Catra's chest as Adora presses two fingers against her lips is the sweetest thing Adora has ever heard. She starts a slow massage, working Catra up even further, until she brushes featherlight against her clit. Catra gasps as her head presses into her pillow, and Adora smothers her satisfied grin with Catra's skin. Everything is so delectably slick as Adora finds the rhythm that Catra had set her in before.

"F-uck," Catra hisses, one hand flying up to dig into Adora's scalp. "More. *More*."

"Inside?"

Catra whimpers as she nods, one of her legs pressing against Adora's elbow. "Yes, oh my god."

Excitement vibrates through Adora's entire body and she fails to hide it. She presses slowly with one finger; how easily it slips in sends another pulse to her own core. Fuck. "More?"

"More."

She goes for two, using her other fingers to keep a solid pressure around her cunt as she strokes against Catra, swallowing back her own lust. "God you feel so fucking good," Adora says as she drags her nose down along Catra's pelvis, taking in all of her scent. "You smell so good, you *look* so good—"

Catra is panting, her head nodding in some sort of affirmative, but words are not coming anymore.

"I *need* to know how you taste."

The fingers gripping Adora's skull tighten and push downwards, and she takes that as a sign to go ahead.

She pulls her fingers out with a sigh as Catra's body protests, but Adora wants at least one full taste before she continues.

Adora grabs a spare pillow and coaxes Catra's butt up in order to slide it underneath, tilting her pelvis to a better angle as Adora sinks down lower on the bed. Most of her bottom half is no longer on the mattress, but being face deep in what is probably the most beautiful cunt she's ever seen is worth the discomfort. She can't keep her admiration in.

"I hope you've been told before how fucking pretty you are," Adora breathes, letting her words whisper across the wet, sensitive skin between Catra's legs. "I could stay here all day, just looking at you."

A strained laugh comes from above. "As long as you touch me, take all the time you want."

A smile pulls on Adora's lips. "Whatever you want." She strokes her thumbs slowly up either side of Catra's core, spreading her just wide enough to see her sweet little bud before pressing her tongue flat against as much of Catra's pussy as she could cover.

Catra gasps, and Adora doesn't think she's ever tasted anything better.

She laps up every last drop of her before she pulls back just enough to peer up over Catra's stomach. Her chest is heaving with heavy breaths and her fingers are curled into the pillow beneath her hair.

"Yeah," Adora says as she licks one small flick of her tongue against Catra's clit. "I knew you were going to taste amazing."

An impatient huff escapes Catra's lungs as she lifts one foot off of the bed before smacking it softly against Adora's back. "Stop messing around." Catra's body shivers as Adora blows out a soft laugh against her exposed skin. "If I were face deep in your words, not mine, such a pretty, amazing tasting pussy, I don't think I'd be talking nearly as much as you are." Her foot slides down the expanse of Adora's back as she presses her knee to the back of Adora's head, gently nudging her face closer to Catra's burning core. "I want you to show me how much you like it."

Adora meets Catra's heated gaze as she licks her lips and sucks in a heavy breath. Oh, she can show her all right. She dives right back in.

The curses that tumble from Catra's mouth are encouraging as Adora finds the rhythm and pressure that evokes the best response. Catra seems to like firm, constant pressure. Adora's jaw will probably hate her after this, but she puts in one hundred percent effort regardless.

Though she might still tease a *little*.

Catra lets out a high pitched gasp of a whine when Adora eases up off of her clit and sinks just low enough to dip her tongue inside of her. There's no denying that Adora is savoring this~~the~~ attraction, the sensations, every piece of this that she still cant fully wrap her head around~~and~~ she tilts her head back only enough to catch Catra's eyes over her belly. She presses her tongue in shallowly again, flattening it as she does, and cant help but huff a confident little laugh as Catra's eyes squeeze shut.

Something akin to a plea whispers over Catra's lips, and Adora drags her tongue back up to her clit. She presses one, two, three fingers in over the first knuckle, and waits for Catra to shift her hips just slightly. She breathes a soft *yes*, and Adora nods.

Catra is so warm and inviting and beautiful, and Adora is lost in her. In her scent. In her flavor. In the way she feels. Fuck. Adora takes back every single time she has said she wasnt one for random hookups. This is easily the most random way it could have happened, and Adora didnt even hesitate.

Nails dig into her scalp and Adora continues, keeping a firm and steady pressure and rhythm as her fingers dance alongside her tongue. Catra's fingers pull tighter on Adora's hair and her jaw is aching but Catra is rolling her hips in time so fucking deliciously that everything else falls away;and when she comes with a gasp and a breathy moan, Adora feels all of the blood in her body rush right between her own legs.

Fuck. Fuck fuck fuck. She had already been fucking turned on, but now she thinks she might actually die if she doesnt get off. That's not what she's here for, that's not what the agreement was, and Adora will hold off until she can park her truck somewhere secluded on the way home and fuck herself efficiently.

Catra's breath is heaving as she comes down and releases her grip on Adora's hair. "Fuck," she sighs, pressing her palms against her eyes. "*Fuck.*" Her knees drop open and she huffs another sigh that

sounds like it has a smile behind it. "What the fuck. Who the fuck are you?"

Adora can't help the pride that swells in her chest. "Oh, you know ," she says as she starts to crawl up Catra's body, leaving kisses on all the skin her mouth passes. "Just your friendly neighborhood lesbian."

" *Ugh.* You're a *nerd* ."

She reaches Catra's face in time to see a fond smile snap off of her lips. "If you know the reference," she starts as she drags her fingers over Catra's ear to push her hair off of her face. "You're at *least* as nerdy as I am for making it."

Catra scowls and rolls her eyes before blowing out an *almost* seemingly annoyed breath and shoving one hand against Adora's shoulder. "Whatever ," she says as she wraps her arm around Adora's neck to pull herself up off of the mattress. "My turn." Catra kisses Adora with a fervor she hadn't been expecting and urges Adora's body to turn, pressing her back into the bed. "What are you okay with?"

Oh, shit.

"U-um," Adora stammers, averting her eyes and swallowing against the lump in her throat. "You.you really don't have to if you don't want to I am completely f—"

"I don't do anything I don't want to do, Adora."

No, Catra doesn't seem the type.

If the smug smirk that pulls at Catra's lips is any hint, Adora assumes her face must be painfully red. Her mouth moves to press against Adora's throat, and she squeezes her eyes shut.

The problem is this: Adora thinks that being touched by Catra might just be one of the universe's most incredible experiences possible. However, Adora has never gotten off by someone else's hand, and she knows it will put a damper on this incredibly fun afternoon. She doesn't want to risk that.

"I'm," she starts, pushing back on Catra's shoulder because no mouth should feel that fucking incredible just on her *neck*. "I'm so, so totally fine."

She is not.

"Really?" Catra does not sound convinced.

"Oh, yeah. One hundo." Adora does not sound convincing.

Lithe fingers cup around Adora's chin to tilt her head back as lips trail a hot, overwhelming path along her skin. "You sure?" Adora's hips buck upwards involuntarily as Catra's free hand slinks downwards to slide under her shorts and trace lightly over the damp fabric of her boxers. Fuck. She lets out a soft whimper. "Because it doesn't seem like you're sure."

Then, with all of her blood pulsing with a forceful demand between her thighs, Adora manages to say the single most intelligent excuse that her brain can muster up.

"I'm sweaty."

Catra pauses, and Adora freezes, and the whole world stops to laugh at her.

"You know," Catra murmurs, pressing her nose behind the curve of Adora's ear. "I've got this crazy new invention that might help you out."

"Oh?" Adora squeaks, her fingers squeezing at the soft plump hip that is hovering over her own.

"Yeah, Im not sure you would have heard of it." Catra's nails scratch against Adora's skull and she feels her eyes roll backwards as she shuts them, lost in every single touch. "It's called a shower."

For some reason, this might just be the funniest thing Adora has ever heard, and she bursts into hysterical laughter, throwing her head back into the pillows. "Oh my god." She snorts and presses the heels of her hands into her eyes. "Right. Im sorry."

Catra lets go of Adora's chin and starts stroking soft lines down her collarbone. "It's fine," she says as she places another kiss against the corner of Adora's lips. "Do you not like to be touched?"

Snorting a laugh of absolute disbelief, Adora shakes her head, her hands still covering her eyes. "No, I mean, yes." She blows out a breath. "I *do*, but I"…

This is fucking embarrassing.

Catra is waiting patiently.

"I usually dont, um." Adora gnaws at her lower lip before peeking out between two parted fingers to find sweet varicolored eyes looking on with interest. "I finish. When someone else does the work."

"Ah," Catra's hums, nodding as she presses her lips together. "I see."

Adora flushes red again. "Im sorry, I know it ruins it. I can just get you off again and call it"—

"That's not what I said."

"Oh, yeah, but that's totally fine if"—

"Do you want me to touch you or not?" It doesnt come off as impatient or irritated, but Adora still hesitates. When she doesnt answer, Catra swings her legs across Adora's lap and lets her hair fall over her shoulder to curtain them in. The thin fabric of her

basketball shorts and boxer briefs is doing nothing to shield the warmth radiating from between Catra's thighs. Fucking hell. She is so close to combusting. "You know that coming isn't the only fun part of sex, right? That sometimes all the other stuff is just as good, if not better?"

Adora blinks a few times and shrugs. "I guess"…

A little fanged tooth peeks out over Catra's bottom lip as her eyes scan over Adora's body, catching on the soft hair that is peeking over her waistband. "So we can just have some fun. Not stress too much about it. If you want."

She does want. Oh fuck does she.

"If not, it's okay, but I just wanted you to know that I don't care about that." Catra pauses to scrunch up her nose. "I mean. I *care* that you feel good. It just doesn't make me want to have sex with you any less knowing you might not come."

Adora flushes deeper at the sincerity lacing Catra's words. She nods and pushes up to rest on her elbows. "Okay . Yes." She reaches forward to cup one hand around the back of Catra's neck as she pulls her back into a kiss, and then she laughs. "Should I go shower?"

Catra's pupils are blown out over dark eyes as she hums before pressing her nose into the curve of Adora's neck. "Is it gross if I say no? It's like…" her tongue darts out to lick a line up Adora's throat and a shiver shoots down Adora's spine. "Kind of hot."

Okay.

"If you—" Adora gasps as Catra's teeth graze her jugular and the hand in Catra's curls tightens. "If you say so."

"I do say so."

**

Catra moves quickly to grab Adora's wrists and slams them against the mattress. Her breath stutters and Catra finds her stomach roiling with delight. Having someone built like Adora beneath her~~b~~etween her thighs, under her thumb~~m~~akes Catra feel powerful and uninhibited. She kisses her, hard and fast, and can't hold back her smile as Adora stretches her neck to follow when she pulls away. Adora's mouth smells and tastes like Catra's cum, and the mixing of it with Adora's well-earned natural musk has Catra almost salivating. "You're really hot."

Adora's eyes darken as she drags them down Catra's body and squee~~z~~es her hands into fists.

"Like you genuinely might've been sculpted from my wet dreams."

She laughs and her head rolls to one side as she does, revealing more of her long neck. Catra immediately brings her mouth back down to meet Adora's skin, kissing and nibbling a path along the muscle, down to her collarbone, and right back up. Adora's laughter turns into soft moans, and Catra grinds her hips downwards. Adora rolls hers up to meet in the middle, and Catra digs her teeth harder into Adora's skin.

It earns her a much, much louder moan.

Fuck. Catra wants to pull every sound she can out of this woman. She kisses down towards Adora's chest~~dr~~agging her fingers down built arms as she moves~~ov~~er her sternum, onto her sculpted abs, and revels in the way Adora's body tenses and relaxes beneath her. Catra keeps moving her hands to follow, scratching lightly over Adora's skin, and scrapes them through the light patch of hair that leads exactly where Catra wants to go. When her fingers hook under the waistbands of Adora's shorts and underwear, she peers upwards to ask for permission.

Adora nods, and Catra tugs.

Those shorts had hidden so much of what Adora's bottom half looked like, and being given access to all of her sends a shiver down Catra's spine. With no grace at all, she whips Adora's shorts to the other side of the room and presses her palms into the meat of Adora's thighs. "I'm so glad I responded to your stupid ad," Catra says as she slides her hands upwards, admiring the bulk underneath them. She digs her thumbs into the muscle and watches with intrigue as Adora flexes it slightly in response.

"Me too," Adora hums, sitting up on her elbows to look down at what Catra is doing. An amused grin pulls at her lips. "You okay down there?"

Catra sits up higher on her knees before pushing on Adora's hip. "Roll over."

Adora flushes a sweet pink, and Catra gnaws at her bottom lip, cheeks burning.

"I want to look at your ass, okay?" Adora laughs, and Catra bites back her smile. "I just know it's going to be perfect and that those stupid shorts were hiding it."

It doesn't take much convincing for Adora to start to twist her body, and Catra is trying so desperately not to drool over the way her marblesque physique moves. Soon she is laying on her stomach and Catra scoots back to sit on Adora's thighs as she places her hands on Adora's shoulder blades, leaning over her. "Ugh. I was right. Even your ass is flawless."

"You say that like it's a bad thing."

"No, it's a great thing, I was just hoping you had *some* flaw so I could be sure this *wasn't* a wet dream."

Adora barks a laugh again and rests her chin on her crossed forearms, closing her eyes. "Fortunately for you, I've got lots of flaws."

"Oh yeah?" Catra taunts as she drags her nails lightly across Adora's skin, leaving a bright red line in her pale flesh. "Name one."

There's a long pause before Catra realizes that this is definitely too intense of a conversation for a meet fuck and she suddenly wants to put her foot in her mouth. "Nev—"

"I can't act to save my life," is what Adora says with a shocking amount of sorrow lacing her voice, and Catra is so taken aback by the absurdity of it that she falls into a fit of giggles and presses her forehead against Adora's shoulders. "You're laughing? I just confessed my deepest flaw to you and you're laughing!"

"I'm sorry," Catra wheezes through the laughter she cannot seem to stop. "You just sounded so serious!"

Adora clicks her tongue and twists at her waist to face Catra, mischief shimmering in her eyes as her mouth is agape. "I am serious! That is definitely my worst flaw. You can ask my best friends. They'll agree." She shrugs and turns her chest back into the mattress. "The amount of R-rated movies I fucked up getting tickets to when we were young teens... they'll never fully forgive me for that."

The weird tense moment has broken, and Catra presses her lips against the back of Adora's neck in an almost apology. "I'm so sorry to bring up such awful memories," she says. "Let me make it up to you." She combs her fingers through Adora's hair as she pushes it further over her shoulder onto the mattress. Her eyes are dancing across the muscles of Adora's back, nails drawing loops and swirls in all the dips of them before Catra brings her mouth back down to Adora's neck. If it's the last thing she does, Catra will lay her mouth on every inch of Adora's skin. She starts slowly: one. Pause. Another. Pause. She drags her thumb over one of the wet spots, says, "god I want to dig my teeth into you," and smirks when Adora's throat lets out an involuntary whine.

"You can, I"…

Catra watches Adora's shoulders flush pink.

"I like it."

That's enough permission for Catra. She bends at the waist and drags her fangs down a long expanse of skin, latching on at the bulge of muscle that rests over Adora's ribs. Adora sucks in a hiss of air, and Catra laves her tongue over the mark. A soft, breathy curse leaves Adora's lips and she drops her forehead against her arms.

The salty sharp taste of sweat is almost overpowering, but Catra is ridiculously into it. She drags her nails across skin again before scooting her butt further down Adora's legs. The curve of Adora's spine into the swell of her ass is one of the most enticing things Catra has ever seen, and she can't *help* it. She bends down quickly to snap her teeth into the bulk of Adora's cheek, smiling at the soft yelp that bubbles up from below her.

And she definitely doesn't miss the subtle grind of Adora's hips into the mattress.

As she drags her hands over the swell of Adora's ass and dips her thumbs low enough to feel the heat radiating off of her core, Catra can't look away from the small twitches of Adora's muscles and how they react to every move she makes. Catra presses in and up on the bottom curve of Adora's butt, and the glistening shine of her arousal makes an appearance. Fuck. Her thumbs dip lower, touching skin that has been smeared with slick, and massages gently into it.

She licks her lips and watches with extreme fascination as Adora's hips roll back into her hands, clearly seeking out more. Oh, Catra will give her *more.*

"Get on your knees."

Adora twists to look up at her. Those stormy blue eyes will be the death of Catra. She smirks. "Like hands and knees, or chest down ass up on my knees?"

"Guess."

A hunger flickers over Adora's features, and Catra thinks it might be time to lean into bossing her around a little bit. She starts to rise up onto all fours.

"Wrong."

Catra moves swiftly as she slides her hands up to Adora's shoulders and shoves her face back down into the mattress. She presses her whole body tightly against Adora's, rolling her hips into Adora's ass. Maybe she will get off again. She would like it. Adora would like it. Sounds like a win-win.

But first…

Adora presses back into her with a whimper, and Catra slips one hand around to squeeze at her chest, playing gently with Adora's nipple as she bites at her neck again. Adora moans, and Catra presses harder into her, seeking any relief.

They stay like this for a little while, just grinding into one another, until Catra notices Adora's arm shifting, reaching under her stomach and, oh, no, that won't do.

When Catra's fingers wrap around Adora's wrist right before she makes contact with her own clit, she lets out something that is adjacent to a sob. "*Please*."

Catra hooks her chin over Adora's shoulder and presses a kiss right in front of her ear. She slides her hand into Adora's palm, laces their fingers together, and says, "show me what you like."

Another whimper escapes her.

But she doesn't hesitate in moving, guiding Catra's hand between her thighs~~h~~er fucking glorious thighs~~a~~nd Catra lets out some choice words of her own once her fingers dip into the slick, hot valley

of Adora's cunt. She unlaces their fingers and cups her hand around Catra's, showing her the exact rhythm and pressure that she wants.

"Yes," Adora pants, pushing her forehead harder into the pillow and her ass higher into Catra's pelvis. "Just like that."

Their fingers are moving synchronously, and Catra cannot believe how fucking hot it is or how turned on she is, and how she wants nothing more than to be the person who gets to make Adora cum over and over and over again. She digs her teeth into the muscle between Adora's neck and shoulder as she starts rutting her hips against Adora's backside in time with their fingers circling her clit.

Adora moans, deep and guttural, and Catra thinks she might get off just from *this*. "Tell me what else you want," Catra says, sucking a mark into Adora's throat. "Show me how you make yourself cum."

There's a whimper, and Adora slides Catra's fingers away from her clit, towards the warm, throbbing entrance of her pussy. Fuck. Catra's chest rubs against Adora's back as she reaches, adjusting for their height difference, and the pressure on her painfully sensitive nipples sends a new wave of wetness between her legs.

It is almost too much when Adora presses one of each of their fingers inside her, together.

It is probably too much when she leads Catra to pump their fingers in a way that makes Adora's back arch and lungs gasp for air.

It is definitely too much when she rolls her hips to fuck herself on their entwined hands, grinding her clit into their joined palms as she makes some of the most delicious noises Catra has ever heard. Fuck. Fuck. *Fuck!*

Catra moans into Adora's skin and bites down again, hissing at the hint of copper she tastes on her tongue. Adora whimpers and starts moving their hands with more pressure, and Catra really fucking

wants to look at her face when she cums, but Adora is clearly enjoying this, but Catra is so selfish— *Fuck.*

She can wait.

She can *wait.*

Adora hums, low and tight, and her free hand starts to dig into the sheets.

"How does that feel?" Catra asks before dragging her tongue over her last bite mark. "Are you"—

"It's— *good* , but N..not..no," Adora sighs, and her hips try moving in a different rhythm. Catra feels like something isn't quite right, and Adora's back is suddenly tense, but not in the same way it has been.

So maybe it will be fine. And god, she wants to see her fucking face.

Catra lets go of Adora's chest, pulls their hands out of her cunt and flips her onto her back so swiftly that Adora is left with her jaw wide open in shock as she looks up at Catra with dark, blown out eyes.

"Wh"—

"Sorry , I" Catra pants as she hauls one of Adora's legs up and over her hip. "I couldn't help myself," she says, as she straddles Adora's other thigh. "I wanted to see and feel more of you."

"I mean..we were pretty much ~~ha~~ah ~~to~~uching everywhere. Also," Adora sighs as Catra hovers over her heat, barely an inch of air between them. "Wasn't this supposed to *aah*— "

Catra can't help but grin as she grinds down into Adora, all slick and hot and overwhelming. Her hands fly up to Catra's hips, fingers digging in hard enough to bruise, and firm enough to hold her still.

"This was *supposed* to be *me* giving *you* head."Catra' s hips try to move, but Adora holds steady. "I dont need all of this attention."

Something flutters behind Catra's ribs, and she feels an irresistible urge to lean down and kiss Adora~~s~~oftly , sweet~~a~~nd smiles as one of Adora's hands leaves her hips to curve around the back of her head. She pulls away, but only enough to speak. "Maybe not, but I like giving it to you."

From this close she can see the pink flush darken on Adora's nose in real time, blurring the few freckles that dot her skin.

"Oh."Adora' s eyes dart to the side, and she bites at her lip. "I, um, I wasnt close."

Catra nods. "Okay ."

"It wasnt because of you,"she rushes to say . "It..it was so fucking *good* Im just~~I'm~~ sorry ."

Christ, this woman. "For what? Y oure having fun, right? Are you okay?"Catra presses another kiss to the corner of Adora' s lips, and feels her hand slide down to cup around the back of Catra's neck.

"G~~o~~d yes, Im okay , just..too in my head. I dont think it' s going to happen. At least not like that. I felt"…

She looks so ashamed, and Catra will not stand for this. "Hey , that's okay."She lays flat against Adora' s chest, trying to ignore the stretch she feels from their still entangled legs. "I just like touching you. But Ill stop if you dont want me to anymore."

"G~~o~~d no,"Adora laughs, rolling her head to the side and wrapping her arms around. Catra's waist. It is protective and warm, and Catra has to fight off the involuntary purr she can feel starting low in her chest before it begins. "It felt… *so* good."She bites at her bottom lip and averts her eyes. "I just..I know it' s frustrating when you cant get your partner there. And I dont want to let you down. I"..her

throat bobs as she swallows. "I usually just, um, take care of my partner and then take care of myself later."

Catra blinks as she sits back up, both of them wincing at the friction where their hips are still joined. "That's." She takes a second to mull over her words. "Didn't your partners *want* to take care of you?"

Adora offers her a shrug and starts drumming her fingers on Catra's thighs. "I don't know. Probably. I didn't, um, really give them the chance after a while." She pulls on Catra's legs. "Can we try something?" and it sounds like the end of that conversation.

"Sure," Catra says as she focuses on the warmth of Adora's palms stroking over her skin. "Anything."

"I think"…

"Hmm?"

"You should sit on my face."

Catra's eyes shoot wide as a shocked blush blooms on her cheeks.

"Then we can touch me together again at the same time. Because holy shit that was fucking hot." Adora rolls her hips into Catra's, just slightly, and a smirk pulls at her cheeks as Catra bites back a satisfied moan. "If that sounds good to you."

A bark of a scoff bursts out of Catra's chest as she urgently starts to untangle their legs. "If that sounds good to me? Are you kidding me?"

Adora begins to laugh~~br~~ight and open~~as~~ Catra starts to crawl up her body in record time. "I'm guessing this is a yes," she snorts, her eyes squeezing shut as she wipes at the corners of them.

"No shit," Catra scoffs, pausing once her knees are practically tucked into Adora's armpits. She watches as Adora's eyes open back up, she blinks once, and then hones in on the fact that Catra is already

here. Her pupils dilate, and she sighs a heavy breath, and Catra swallows hard around the dryness in her throat. "So?"

Only a second passes before Adora starts to shimmy down the blankets, tucking one shoulder at a time to the other side of Catra's knees. There is no humor left in her expression as Adora's eyes zigzag across Catra's cunt, over her belly, down to her thighs that she knows are still shiny with slick, then back up to meet Catra's gaze. She opens her mouth as if to say something, but instead swallows her words and catches her lower lip between her teeth.

Catra jumps slightly when warm hands slide up the side of her thighs to cup around her ass, but settles into the support quickly. They never break eye contact, and Catra's heart is hammering so hard against her ribs that she thinks it might crack them. Adora's stormy blue irises have been all but swallowed whole by her pupils, and her stare is so intense as she lifts her head up from the bed, straining her neck, and places one soft kiss against Catra's clit.

"Fuck," she hisses, a shock running up through her stomach. She's still sensitive, but god all she wants right now is to ride that perfect face.

"Sit," Adora says, her voice short and vaguely demanding as her hands pull down on Catra's hips, and Catra feels a heavy pulse between her legs.

What the fuck. Catra doesn't normally like when she is told what to do, but Adora's cocked eyebrow and heated stare has her practically melting with desire to be as obedient as possible. Shit. Who is this woman, and why does Catra want to give her everything she could possibly think to ask for? Why is she crumbling under her thumb? Why does she *like* it?

Letting her knees slide further out on the bed and bracing her hands on either side of Adora's head for balance, Catra lowers down until she can feel Adora's hot breath ghosting over her. "Tap three times if it's too much, okay?"

Adora licks her bottom lip before pressing them together to fight a smile that Catra thinks is loudly screaming that she would be completely content to suffocate while eating pussy. Ha.

Her fingers sneak around to caress the insides of Catra's thighs with a feather light touch, sending another spark of want burning in her core. "Kay," is all Adora says, and Catra finds it infuriating. Or hot. She doesn't know anymore. Not when Adora still hasn't broken eye contact. Not when Adora's fingers alternate between barely grazing over her skin and digging into the meat of her thighs. And definitely not when she stretches her neck up just enough to close the distance, laying one long lick of her tongue across Catra's lips before flicking it gently against her clit and dropping her head back to the mattress.

"*Kay*," Catra fails to sneer, the little bit of mockery she was hoping to portray falling flat in her delivery. "Just—"

Adora pulls Catra down by her hips to meet her tongue, and ~~oh~~ *god* her tongue. Catra has already learned that Adora is more skilled with it than any one lesbian has the right to be, but her real talent seems to lie in her ability to read Catra like a large print book. Every noise that escapes her, every tiny clench of a muscle or twitch of a finger points Adora in the right direction. Is it hyperawareness, selflessness, or is she just magic?

A gasp tears from Catra's chest when Adora dips her tongue inside, just slightly, before sliding up to wrap her lips back around Catra's bud.

They still haven't broken eye contact, but Catra is close to giving in. Until she remembers.

"Want to— *hah*— touch you," she pants, sliding her fingers down the length of Adora's arm that she can reach. She shivers when Adora hums an affirmative against her, the vibration almost overwhelming.

But then Adora is lacing their fingers together again and guiding Catra to lean back just enough to reach with her other palm pressing flat against her lower back. Almost the second they hit Adora's warmth she moans, and Catra has to squeeze her eyes shut. It's all so much. Adora swirls their fingers through her wetness and never slows the rhythm of her tongue and Catra feels her whole body flushing hot. Maybe she hadn't thought this through. She wants to touch Adora but she can't focus enough with Adora's mouth moving and sucking and her fingernails digging into her back and Catra brings her free hand down to press into Adora's chest, squeezing slightly at the soft swell of her breast.

Adora lets out a low grunt as their fingers on her clit speed up and her mouth moves to give attention to all of Catra's cunt, and she is so sensitive and so close and, *fuck* , Catra really is *so selfish* .

She snaps forward at the waist, slipping her fingers from Adora's grasp so that both of her hands can bury deep into Adora's hair, pushing with enough force to tilt her head back further. "Harder ," she mewls, her voice desperate and weak. "Please."

Adora does not disappoint.

Catra can feel Adora's hands come back to her hips to dig in and hold her steady as she locks their gazes together again. Her stare is almost too intense to bear. "You're so good," Catra practically whispers as she strokes one thumb across Adora's forehead, softening the furrow of her eyebrows.

Everything is overwhelming and Catra is overheating and she cannot differentiate her body from Adora's tongue and she has to close her eyes or else she might say something stupid, but she can still feel those stormy blues boring into her face, so she pushes her hands harder into Adora's hair and rolls her hips into Adora's willing mouth, and she's pretty sure she can feel Adora's hips moving as if she is seeking out friction, and god, Catra wishes she could give it to her.

But she is so close.

“Just like that,” she pants as Adora finds the perfect rhythm and pressure to get her to climax. “So good, you’re…oh god. D-don’t stop.”

She knows she will have Adora’s fingers bruised into her skin for days with how tightly she is holding her, but Catra cannot find a single fuck to give.

“I— *oh*— your mouth—fu—ck, *Adora—”*

a low “mhmm” is hummed against her .

“I’m, *oh*— g-gonna… ”

Adora is definitely thrusting uselessly into thin air. Her next “mhmm” is more strangled and desperate as her tongue and lips and jaw work even harder.

Catra is bent over fully now, with her hair falling in curtains around them both. “ *Yes,* ” she hisses, and her whole body tenses around Adora as she fucks herself on Adora’s mouth through the aftershocks of her climax.

**

Did she just—

Adora clamps her knees together as she drags her tongue up Catra’s slit one final time before shifting up between her thighs. She settles Catra’s bottom on her chest and swallows hard.

She’s never cum without direct stimulation before, and she is honestly in disbelief even as her muscles twitch in the aftermath. Fuck. It wasn’t a particularly big or life changing one, but she definitely did. Is it weird to be so insanely turned on by getting someone off that you cum without even being touched? It is, right? It must be. Her cheeks bloom with heat as Catra’s breathing slows and

she huffs out a few broken laughs. She is so beautiful, and Adora feels shame creeping up her neck.

"God," Catra says, and it is laced with pleasure. "Holy shit. I—" She opens those striking varicolored eyes and finally releases Adora's hair to drag her thumbs slowly down Adora's jaw. "I, um." Catra licks her lips and swallows, the bob of her throat catching Adora's attention. "Fuck, I'm never speechless."

Adora feels the tightness in her chest relax as she laughs, stroking her fingers over Catra's skin. "I'll do that as many times as you want. Every fucking day if you want me to." She would die happy buried between Catra's thighs.

Catra's fingers stroke delicately over the line of Adora's throat. "Do you want to try you again?" She asks, biting at her bottom lip. "I feel bad that it's been...very much about me."

With a scoff, Adora lays her head back further into the pillows and closes her eyes. "I'm really okay."

Catra starts to move her body down Adora's, her hips sticking to sensitive skin and sending small tremors down Adora's spine. When Catra lays flat on top of her, slotting their legs together again, Adora can hardly repress a full body shiver.

"Are you sure?"

The first thing Adora sees when she opens her eyes is Catra's staring right back, as if she were studying Adora's face. "Yes," Adora says with a thick swallow. "I'm sure."

Catra's lips scrunch to one side and she shrugs. "I really wouldn't mind fucking you all day to see if we can figure it out, if you wanted."

Adora laughs again and drags her fingers up Catra's spine. "That doesn't sound like the *worst* thing in the world."

"Could be fun."

"Maybe."

"I want to hear what kind of noises you make when you come."

A blush spills over Adora's nose as her mouth sprints a mile ahead of her brain and says, "I mean, you kinda d"—

Her brain finally catches up when Catra's brows shoot up high on her forehead. "I *did*?"

"Um, no, what?"

"Did." A smile is pulling at Catra's lips.

Fuck. This is embarrassing. "*No.*"

"Oh my *god*." Catra brings her palms up to cup either side of Adora's cheeks as her eyes sparkle with delight.

"I"—

"Wow," Catra practically giggles as she leans down to bump their noses together. "So service top is, like, *underselling* just how much you like giving, huh."

"Shut up," Adora laughs as she tries to fight the mortification that is roiling in her throat. "You're really hot."

"I mean, obviously." She tucks her hands under her chin to lay on Adora's chest and still keep her head propped up. "But I can definitively say this is a first."

Adora grimaces, slightly loosening her hold on Catra's body. "Sorry."

"*Sorry*?"

"Sorry?"

Catra shoots up to sit on Adora's hips again, pressing her palms into Adora's shoulders. "Seriously? What the fuck are you sorry for?"

"I- you dont find it weird?"

" *Weird* ? Are you kidding? You're so into me that you came just because you were so turned on by getting me off. That's like the fucking *dream* ."

Adora snorts ungracefully. "The *dream* ?"

"Yeah, obviously." Catra leans down to press a kiss to the corner of Adora's mouth, which she happily obliges. "Who wouldnt want that?"

With another laugh, Adora says, "If you say so," and runs her palms up and over Catra's shoulders to settle on her neck, thumbs stroking down the long lines of it. Catra's eyelids droop slightly as a soft smile settles on her lips and is she. "Are you *purring* ?"

Catra's whole face flushes red and she shoves a hand against Adora's cheek before flinging herself off of Adora's body to settle into the mattress. "Shut up! You came without being touched!"

"Oh my god," Adora murmurs, rolling onto her side in order to wrap her arms around Catra and pull her tight to her chest. "It's." She presses her lips softly against the rumbling in Catra's throat, and smiles. "It's so cute."

"I am not cute."

"You are."

"Am *not* ."

"Hokay ."

As Adora presses another kiss to Catra's neck, an annoyingly familiar ringtone pops the bubble of bliss she has been living in for

the last. fuck, how long has it been? With a groan, she rolls away from Catra's warmth and starts to search for her haphazardly discarded phone. When she finds it, the flashing screen of a FaceTime call is staring up at her. Definitely not.

She answers it as a voice call. "Hey, Glimmer."

"No way did you deny FaceTime!"

Adora makes quick work of snuggling herself back into Catra, who is stifling a laugh. "I'm not camera ready," she says, nuzzling her nose up against Catra's ear. "What's up?"

"Nope. I need to see you're alive and well."

"What?"

"It's been like. ten hours since you left!"

Adora pulls the phone away from her face to check the time, and sees it reads 12:07. "It's only been like six." She is both surprised and confused at how it has simultaneously already been six hours, and *only* been six hours.

"Six. Ten. Same thing when you've gone to a stranger's house and might've been murdered!"

"I told you before I wasn't murdered!"

Catra snorts a laugh and Glimmer gasps, clearly having heard it through the receiver. "Are you still with her?" Her tone has completely changed, and Adora feels a blush burning at her face. "Please FaceTime me, I want to see her!"

"You're so weird. What if we're—"

She was going to say naked, but Glimmer would be even weirder about that. Especially since it's true.

"At a movie?"

Catra laughs even harder at that, and Adora claps a hand over her mouth to muffle it. She knows how stupid that was, and she can practically hear Glimmer rolling her eyes.

"Then you're being awfully rude to the other moviegoers even talking on the phone, *Adora* ."

Another FaceTime call pops up, and Adora groans.

"Just answer it," Catra says, humor lacing her words. "Maybe she'll see you naked and—no, nevermind. That's a treasure."

Adora's blush spills to her chest as she swallows, and answers the call with the camera pointed at the ceiling. "See? I'm alive."

Glimmer's face fills the screen as she leans in to inspect the image Adora's camera is capturing. "No. I want to see you!"

"Why!"

"Because I need to know you're *alive* and not being held captive!" The smirk on her face is mischievous, and Adora knows she's just looking for good fodder to use to torment her about this later. "Soooo," she sings, swirling her finger in front of the camera. "Turn it around, Catyskull!"

With an irritated groan, Adora caves. She flips the camera to front view and angles it off so that all Glimmer can see is about half of her face and her shoulder. "Okay , here. See? I'm alive. Not being he"—

"Are you in bed *naked* ? Have you guys been fucking for *six hours* ?!"

Catra breaks into full blown hysterics now, and Adora slaps a hand over her face in an attempt to hide her embarrassment. " *No* , also that's none of your business!"

"Great lesbian sex does tend to last for hours, though, she's right," Catra stage whispers.

Glimmer's face lights up.

"Goodbye!"

Adora hangs up and slams her phone face down into the bedspread. Catra is still laughing, and Adora can't help but smile with fondness blooming in her chest when she turns to look at her. "Remember how I told you my friends want me to get laid and also have no boundaries?"

"You hadn't mentioned that part," Catra says, wiping at the tears in her eyes. "But it was fucking funny."

Adora dives at her then, digging her fingers into Catra's sides in an unrelenting attempt to tickle her. She shrieks a laugh and shoves her hands against Adora's shoulders. "Funny, huh? You won't think it's so funny when they're your friends, too."

"Who said I want to be friends with your friends?" she struggles to get out through the laughter, her obvious attempt at contempt falling flat. "Maybe I want— *ah!* Maybe I want to run away to the middle of nowhere with you~~a~~nd fuck you until you can't walk and then— *murder you*."

"You know," Adora says, a devious smile on her face as she wraps her arms around Catra's body and presses her mouth to flushed skin. "I'd be okay with you murdering me by fucking me."

"Then it's a date."

Pulling back just enough to meet Catra's eyes, Adora feels something softer washing over her features. "Yeah, it's a date." She leans in to kiss Catra again, and weaves her fingers into her curls. Adora likes her so much that it's almost comical considering she only met her a few hours ago, but she absolutely cannot wait to get to

know Catra better. "Want to plan for dinner tomorrow? You know, an actual date?"

Catra presses her lips together and nods, stroking her nails down Adora's cheek. "Sounds great."

**

It's stupid how safe and comfortable Catra already feels when Adora pulls her closer, tucks her under her chin, and starts running her fingers up and down the curve of her spine. There's just something about Adora that Catra can't quite put her finger on; like she's known her forever. She has spilled an important part of her life story to this stranger, fucked her in ways that Catra usually reserved for relationships, and is feeling a knot turning in her stomach at the thought of Adora leaving. It's weird. And a little unnerving. And also incredible.

She shivers at the loss of warmth when Adora's hand leaves her skin to slap around on the mattress, presumably in search of her phone. "Hey," she says, pulling one shoulder just far enough back to put about an arms width of distance between their bodies. "Can I get your number?" Catra looks down from Adora's beaming smile to see a phone being held up in offering. "Before I forget to ask."

"You'd forget?" Catra says with a cock of her eyebrow as she takes the phone from Adora's fingers, silently delighting in the panic that floods over Adora's features. "Wow"…

"I would be right back on your doorstep the second I realized," she says in a hurry, dropping her hand back to Catra's hip and digging her fingers in just slightly. "No way am I not seeing you again."

Catra's heart flutters into her throat.

"But. I probably should get going, yeah?"

No. She should stay forever.

Catra hums as she finishes entering her contact information and tucks the phone underneath the pillow Adora is laying on. "I guess I *do* have work to do. I have a meeting in." She sits up just enough to see the alarm clock over Adora's shoulder. "Shit. Like forty five minutes. And I should probably clean up first."

"Oh. Shit."

Adora whips the blanket off of her lap and starts to gather her belongings. Catra can't help but stay in bed and watch her muscles flex with each bend and shift of her body as she moves around the room. She is mumbling slightly to herself as she steps into her shorts and boxers and pulls her shirt over her head, then grumbles under her breath when she finds her bra.

She shoves it into her pocket, puts her phone into the other one, and then starts tapping her fingers together.

Catra slides out of the bed and grabs her thin cotton robe from its hook before shrugging it over her shoulders and tying it at the waist. There's no point in trying to get her pajamas back on when she's about to hop into the shower anyway.

When Adora's eyes lock onto her, both of her hands drop back to her sides, and it is clear where her gaze has landed.

"Hey, Adora," Catra says, firm and sharp, as a hot flush starts spreading under her collar. "My eyes are up here." The tone is playful, but Adora looks like she had just been caught with her hand in the cookie jar.

"Sorry," she groans, before pressing the heels of her palms against her forehead. "You're so hot it's unfair."

With a laugh, Catra steps forward and wedges herself into the bends of Adora's elbows, resulting in an almost hug. "I mean," she starts, popping up onto her tiptoes to press a line of kisses against Adora's jaw. "You can stay longer. I don't have to shower alone."

The groan that leaves Adora's throat is full of regret as she grasps her fingers firmly around Catra's biceps and pushes her back to arm's length. "I cannot *believe* I am saying no to this." Her brows are furrowed together as her eyes scan across Catra's face. She is so pretty, and Catra also can't believe she's saying no to this. "I don't think you'd make your meeting if we did that."

Okay. That's…

"True," Catra says in a laugh, stepping out of Adora's reach. She slides her fingers into Adora's palm and pulls her towards the door, sliding her own phone into the pocket of her robe on her way. "All right. Let's get you out of here then, before I change my mind about letting you leave."

Adora snorts and follows, squeezing Catra's fingers as they close in on the front door.

Before she can open it though, Catra is being spun around, her back is being pressed into the cool metal of the door, and Adora is cupping her jaw and pulling her in for a far-too-hot-to-be-a-goodbye-kiss.

It leaves her breathless.

"You know," Adora mumbles into Catra's lips before placing another soft kiss against them. "When I woke up yesterday with the worst hangover I have ever had the joy of experiencing, I definitely didn't think I would ever say this. But." Those sweet blue eyes are shining with her smile, and Catra is helpless against it. "I'm *so* glad I got drunk and posted a stupid ad."

Catra can't help but laugh as Adora presses their foreheads together and strokes her thumbs along Catra's jaw.

"Absolute best case scenario, I gotta say."

Catra tilts her jaw up to kiss Adora once more before pushing against her hips. "Okay , you have got to get out of here, dummy, or else I wont ever work again."

"That' s fine. We dont need money ."

" *Go* ,"Catra says, reaching behind her to pull open the door . "I'll see you tomorrow, right?"

"Absolutely ."She maneuvers around Catra to step into her (god, still horrible) crocs before putting one foot out the door. "I'll call you."

Catra's heart clenches in her chest, and she hates herself for this moment of weakness. "Y ou promise?"

But then Adora strokes a hand down her hair, settling it onto the back of her neck, and smiles. "I promise."

"Okay , good,"Catra bites, trying her best to put on some mask of a tougher skinned front and not reveal the weight that just those two words lifted from her chest. "Because I dont fuck just anyone like that."

It looks like Adora is holding back some sort of a laugh, but she nods and holds her hands up in defeat. "Dont worry , Im calling."

Then, because she will never, ever let Adora go if she doesnt end this right now, Catra kisses her again, and then shoves her to the edge of the porch before retreating back into the house. " *Go* ,"she smiles, before shutting the door on Adora's cut off " *bye!* "

She presses her back against the door again, listening intently for the sound of Adora's car door shutting and an engine roaring to life. Once she drives away Catra will take a record breaking speed shower, and then—

Her phone starts to ring from her pocket. The number isnt in her contacts. Shit, it could be her client."Hello?"Catra answers the

phone, a little frazzled as she starts to walk towards the linen closet.

"Hello," the woman replies, and Catra's ear twitches. "Is this Catra?"

"Yes, hello, is this, um... Ms Salineas?" She tugs at the door and pulls a fresh towel down.

"No, no, this is"…

A snicker breaks the tension, and Catra rolls her eyes with a smile. What a dummy.

"Adora?"

"Yes, you remember me! I'm honored."

Catra pads across the hallway back to the foyer to peer out of the front window, and sees the rusty bucket of a barely running truck idling at the curb. "How could I forget?"

"Listen, I was thinking. T... omorrow is too long."

Pressing her lips together, Catra watches as Adora moves animatedly behind the wheel.

"Is that so?"

"Yes. So, what do you say about going on a date tonight?"

A blush kisses her cheeks, and she presses a hand against her chest. "Tonight?"

"Yeah, at like seven? Eight? I know a really cute little diner, so it can be casual. Since it's such late notice."

God, this woman. "I might have to move some other dates around"—

"Other dates?"

"Oh, yeah, I had, like, six planned for tonight."

"Ha ha."

She watches as Adora presses her head back against the seat and turns her head to glance back towards the house, unable to see Catra through the mirrored windows.

"I'm just kidding, you know ," Catra says, tugging at her curls.

"I figured. Six is a lot of dates for one night. Though I would've been impressed. Maybe felt a little less special, though."

She takes a risk. "I would have canceled them all for you."

The smile that crosses Adora's lips is so bright that Catra could have seen it from the sun.

"Yeah? Really?" She pauses, and even if Catra couldn't see it, she still would have heard the smugness that laced into her joy. "You like me that much? That's kind of embarrassing for you."

Catra bites back "It was just because of the head," as Adora snorts at her quick retort.

"Okay , sure."

"Actually , I think I won't cancel my eight other dates."

"It' s eight now?"

"Yes. Text me the address. Maybe I'll show up."

"I'll take that gamble."

They both hang up, and within fifteen seconds a text comes through.

Unknown Number: it’s Raż s on that cul-de-sac at the edge of the woods :) do you know it?

Catra: I know the place.

Unknown Number: great!Ill be there at 7:30? hope to see you?

Catra: hmmm, would you look at that, all of my other dates jıst canceled on me.

Unknown Number: wow, bummer. but what a stroke of luck for me ☺

Catra: Ill see you there, Adora.

Unknown Number: I cant wait 😊😊😊
