The Bid

by masternoveller

Summary

Adora is in need of money – she's deep in debt with her mother in hospital requiring expensive treatments and medicines that she can't afford but needs to live. Her job doesn't pay well and there's pretty much zero chance of advancement.
So, she comes up with a plan to make a lot of money and in a short amount of time.
Selling the only thing she really has control over – her virginity.
It's humiliating but it's the only way she can think of without her friends going into debt with her.

Catra wins the bid and calls her an idiot.

Notes

So... this isn't supposed to be a hard hitting fic... none of my fics generally are...

This is more of a reconnection fic between 2 people.
1 having a hard time and the other already gone through those hard times.

Anyways, it's an idea I had the other day so I decided to write it down.
So, yeah.
I'll be getting to my other 2 fics now...
Enjoy.

See the end of the work for more notes

The Bidding Begins

"Adora, you can't be serious about this." Glimmer sighs out, "We can help! I'm sure if we get all our friends together…"
"No, Glimmer." Adora shuts her friend down, "You guys have already done so much. And I already feel so guilty about everything, since I'll never be able to pay you or anyone else back. Not anytime soon anyways…"
Glimmer grimaced as she looked at the webpage her friend was currently on and setting up, "This is all levels of wrong." She said and Adora just frowned at her screen in annoyance, "We can do a fundraiser or something else."
"I've already made up my mind Glimmer." Adora huffs out, "I'm going to sell my first time."
"But… what if whoever wins it is like a creepy old dude or some freak or psychopath or something?" Glimmer raises the questions, clearly concerned over the welfare of her friend, "You don't know what kind of people are out there…"
"I know." Adora nods defeatedly, "But I'm making it so it can't just be anyone, that's why I'm using this site. I'm also setting a minimum reserve price. If it doesn't get reached, then it doesn't happen."
"How much?"
"I calculated it up. To pay for all treatments, medications and any unforeseen expenses as well as someone to come and help look after my mom for the rest of her life…" Adora takes a breath in, "I'd need at least 2 million dollars. That's if she makes it into her 80s…"
"Oh, Adora." Glimmer pulls Adora in for a hug, "That's… a lot of money…"
"I know." Adora sighs, "Her health insurance doesn't cover much or any of the costs ever since she got let go and my job doesn't pay much either. And with the way things are… I might not even have a job much longer. Not with the new management coming in changing everything up."
Glimmer nods, "I wish we could do more…" then an idea sparks in her head, "What if we took out a loan or something?"

“No one is going to loan me money. I’m already up to my eyes in debt that I’m practically drowning.” Adora replies sullenly, “And I’ve exhausted every other avenue that I can think of.”
“Are you sure about this?” Glimmer looks Adora in the eyes.
“Yes.” Adora says, her finger hovering the button to submit the page when her friend quickly stops her, “Glim?”
“No.” Glimmer says, “If you’re going to sell yourself, it’s not going to be for a measly 2 million dollars.”
“What are you talking about?” Adora huffs out.
“It means, if you are going to do this for real, then you’re going to ask for a lot more money.” Glimmer tells her, “I’m talking about ‘fuck you’ money.”
Adora cracks a smile, “You’re just doing this so no one can bid.”
“Of course, I am.” Glimmer grins back as she edits the page Adora is on, “There. Much better.”
Adora laughs at the number, “No one is going to pay that.”
“If they want you, they’ll have to pay for it.” Glimmer smirks before clicking submit.

“Glim! Glim!” Adora shouts into her phone when someone actually does bid, “Did you see it?”
“Huh?”
“Someone’s actually bid!” Adora shouts out.
“Hang out, let me just… oh my stars!” Glimmer shouts back, “Girl! You’re going to be set for this life and the next!”
“I know!” then the number clicks higher, “What the…? Did you see that?”
“I think you’ve got a bidding war happening…” Glimmer watches as the numbers continue to rise, “Who the fuck has this much money?”
“Royalty?” Adora answers with a grimace, “Oh stars… that’s… this better not be some fake scam bid…”
“No, it isn’t.” Glimmer says with confidence, “It’s vetted, and the site takes a portion of your winning bid. Did you not read the terms and conditions first?”
“I did…” Adora says sheepishly, “But I don’t remember that part…”
“That’s the most important part! Wait hold on…” Glimmer pauses,

“Who is this bidder...?”
Adora looks at the username, *Wildcat69,* “I don't know... There’s only one person I can think of... but... she's dead...”

The pair watch with bated breath as the timer runs out and Wildcat69 eventually wins the bid as Adora swallows hard at having to enact the next part. But before she has the chance to gather her thoughts, a notification appears in her inbox to say that the bid was successful and then all that was required was the transfer of monies.
She takes a minute before opening up the messages, her thoughts clouded by the amount of money she was about to receive and then the dread at having to complete the… transaction. She takes a few more calming breathes in hopes to stamp out that dread, but it remains heavy in her gut as she starts to regret everything.
Adora goes to open the messages and finds that her ‘sale’ has been cancelled, a message about trading sex being illegal on the website as she feels herself go red, a mix of relief and anger inside.
“What? Did they not pay?” Glimmer asks over the phone when Adora hasn’t responded to the last few questions, “Is everything okay?”
“No, that’s not it.” Adora forwards Glimmer the message with a blush despite her friend not being able to see it, “They said that trading sex wasn’t allowed and cancelled the transaction... fuck… what am I going to do now?”
“Oh, there was nothing on the terms and conditions that stated that.” Glimmer can be heard tapping around in the background, no doubt looking over the site’s rules before Adora’s breath hitches, Glimmer catches it over the phone, “What? What’s wrong?”
“Wildcat69 just messaged me!” Adora frantically says as she nearly drops her phone, “What should I do?!”
“What does the message say?” Glimmer asks.
“Uh… it says, *hey Adora, I had to cancel your sale. You shouldn’t need to sell yourself physically. If you need money, just ask me.”*

Adora reads the messages, “What the hell does that mean?!”
“Sounds like a creep. Just block them.” Glimmer says, “They probably did that so they wouldn’t have to pay up.”
Adora feels like she’s about to cry, biting her bottom lip, “I’m so screwed, Glim… what am I supposed to do now?”
“Hold on, babe.” Glimmer starts to move around, “Bow and I will be there in as soon as we can. Do not respond to that that creep. Understand?”
Adora nods, “Yeah. See you soon.”

Wildcat69 has messaged you!

Adora rolls her eyes at the notification.
It’s the third one so far since the first one she told Glimmer about over an hour ago.
She hasn’t read any of them, but at the same time, this person was willing to pay a lot of money to… well, have sex with her. And Adora still needs money.
Rolling her neck and then her shoulders, Adora frowns down at her phone and then sighs.

KNOCK KNOCK

“Shit! Fuck!” Adora jumps at hearing someone knocking on her door.
“Adora! It’s Glimmer and Bow! Let us in!” Glimmer shouts out from the other side of the door.
“Coming!” Adora calls back as she gets off the couch and pads her way to the door, opening it up to her best friends who envelope her in a warm hug, “You guys really didn’t have to come…”
“Yes, we did.” Glimmer stares the blonde down, “You haven’t replied to them, have you?” Adora shakes her head, “And you blocked them?”
Adora bites her lip and sheepishly shakes her head again.
“Why not?” Bow asks, “After what Glim told me, this Wildcat69 person sounds like a total creep.”
“They’ve message three more times…” Adora holds her phone out

to her friends, “I haven’t read them.”
“Good. We’ll just delete them.” Bow takes the phone from Adora’s hand and goes to read the first message that’s already been opened, deleting it and then going to the second, “Oh… this is weird…”
“What is?” Adora asks.
“This Wildcat69 wants to meet up with you.” Bow replies as he reads through the other messages, “I think they might know you…”
“That’s impossible.” Adora brushes off, “If I knew who they were, I wouldn’t have to do this in the first place.”
“Maybe it’s someone from your past?” Glimmer suggests, “Someone you lost touch with or forgotten about? There was a period of your life where you don’t remember much from…”
“That’s because I don’t want to remember them.” Adora huffs out, “Before mom found me… things weren’t good at the place I was staying at.”
“I know.” Bow pats Adora reassuringly on the shoulder, “I wish we were there for you back then.”
Adora smiles sadly, “We didn’t even meet until mom came and got me. So, it’s not like you could have done anything back then.”
“Oh! Oh! They messaged again!” Glimmer holds up the phone, “They really want to meet up with you!”
“Do you think I should reply?” Adora asks biting her lip, “It’s just… I don’t know, weird, I guess. I mean, they were bidding on having sex with me…”
“But it looks like they are also the one’s that stopped the transaction.” Bow scrolls through the messages before giving it back to Adora, “From memory, there isn’t actually any rules stipulating the transaction of sex being against the rules. Sex work is legal here after all.”
“This wasn’t… isn’t sex work.” Adora goes bright red, “It was supposed to be like one time and that would be it. No big deal.”
Bow and Glimmer look at each other, the latter sighing, “Adora, it is a big deal. Not because of the whole hoo-ha on the value placed on a females first time, but because it’s just… a really intimate thing. I don’t want to see you get hurt just because of your need for money.”

Adora can feel the tears welling up behind her eyes, she really didn't want to do this in the first place and now she can't do it anyways, not since the site cancelled her sale, "I… I didn't want to do it like that either. But… I've got nothing else."
Bow and Glimmer instinctively throw their arms around their best friend once again as Adora lets loose a few tears, they stay in silence for a few moments until Adora settles.
"What does the message say?" Bow asks, "I didn't read the new one."
Adora takes a steadying breath in before unlocking her phone and going to the messages and finally reading them, her eyes widen, "They want to meet me at the Etheria Hotel tonight at 9pm." She looks at her friends, "What should I do?"
"Go. We'll be there as backup in case they try something." Glimmer says as she crosses her arms over her chest trying to be intimidating, "Don't worry, Adora. We're not going to let this creep scare you."
"I'm not scared." Adora frowns down at her phone, "I'm angry."
"Good. Keep it at angry." Glimmer goads, before checking the time, "We've still got a few hours before 9pm. Reply to them that you'll meet them there and that you're angry."
"Okay." Adora nods and starts typing a response.
"Oh! And tells them to wear something distinctive!" Bow adds, "Like, a scarf or something?"
"It's too warm for a scarf." Adora comments, "I know! I'll get them to wear a bow tie!"
The blonde squeals in delight at her idea as she quickly types out the final part of the message and then hitting send. Glimmer taps Bow on the arm, "I'm hungry. Let's grab something to eat before we confront this… Wildcat69."

The trio arrive at the ritzy and very expensive Etheria Hotel and quickly make their way to the lobby where there are plush chairs and couches scattered around the place. They check the time; 845pm. Still got a good 15 minutes to get into position as the trio sit down on the couches and talk shop.
"Okay, Bow and I will be right here in eyesight in case they try

something.” Glimmer tells her the plan, “If this creep is some fucking dickhead or creepy psycho, then I’m going to drag them out and beat them up in the street.”
Adora chuckles, “Uh, I don’t think that’ll be necessary, Glim. But thanks for the offer.”
“What? Think I can’t do it?” Glimmer challenges.
“No. I know you probably could.” Adora replies with a smile, “But, I’d rather you not get arrested. There’s security around this lobby. Maybe just get them to handle the situation if it goes south?”
“Adora’s right.” Bow jumps in, “I think security is definitely the better option here.”
“Ugh, fine. Have it your way.” Glimmer sulks a little, “But don’t blame me if they are too slow to react.”
“You have my permission to throw whoever this Wildcat69 to the ground if they try anything.” Adora compromises, “Just, try not to get arrested. Please?”
“I won’t.” Glimmer nods, “I’ll be gentle.”
“Sure, you will.” Bow laughs as he looks around, “So… we’re looking for someone in a bow tie?”
“Yes.” Adora nods as she does the same, “I doubt there’s going to be too many people around wearing them as it is.”
“That’s true.” Bow agrees, “What time is it?”

“I don’t know what to tell you, babe.” Glimmer flops her head back on the couch, “This Wildcat is a coward. Say they want to meet up and then flake out.”
“I mean, it’s only… 9.30pm…” Adora groans, “What was I thinking? This was stupid.”
“Maybe it’s for the best.” Bow consoles, “Just block them the next time they try to get in contact with you.”
“Yeah.” Adora agrees with a sigh, “In fact! I’m going to do that right now!”
As Adora pulls out her phone, unlocking it and then opening the app she hears a familiar voice rasp out behind her, startling her nearly off the couch.
“Hey Adora.”
Adora rights herself on the couch as her phone slides out of her

hand and to the carpeted floor in shock at the sight of the person standing in front of her wearing a black suit, white shirt and an untied bow tie, and all she can say is, "…Catra?"

"Catra?" Adora says again in shock as the magicat shoves her hands into the pockets of her pants, "What are you doing here?"
"What do you think?" Catra snarks back before growling out, "What the fuck were you thinking?"
"Hold up!" Glimmer shoots up from her seat, "Who the fuck are you?"
"Glimmer…" Bow holds the smaller woman back before waving in a friendly manner to the newcomer, "Hi, I'm Bow and this is Glimmer. Who may I ask are you?"
"Catra…" Adora says with a frown before repeating still not understanding why or how Catra is here right now, "I thought you were dea… What are you doing here?"
"Saving your dumbass from doing something stupid, idiot." Catra replies with just as much fire as Adora has in her eyes, "What the fuck, Adora? What in the world would possess you to do something so stupid?"
"It's not stupid! And I needed money!" Adora almost shouts back at Catra, "Now I'm screwed, because you got the site to cancel the transaction!"
"Why the fuck do you even need so much money?" Catra asks, a frown on her face as she ignores both of Adora's friends, "Why the fuck would you sell yourself?!"
"My mom's sick!" Adora does shout this time before gritting her teeth as Bow puts a hand on her shoulder and squeezes in an attempt to calm the blonde down, it works and Adora's shoulders

slump forward before the anger simmers to the top again, "She's really sick. And I can't afford to pay for her treatment or her medical bills or anything at all!"
Catra just tilts her head at the blonde, contemplating a response, "And you thought selling yourself was the best way to make money?"
"Judge me all you want, but I'm desperate, okay?" Adora huffs out.
Catra's stance softens as she simply says, "Okay."
"Okay?" Adora repeats confused, "Okay, what?"
"I'll give you the money for sex." Catra replies like it's an everyday statement, "Come on then."
"Uh, no way." Glimmer shoves Adora back behind her, "You are not fucking my best friend like this."
"Like what? She needs money. I have money." Catra shrugs as she pulls out the hotel swipe card and then turns to Adora, "Are you coming? I thought you said you were desperate."
Before Adora can answer, Catra turns on her heel and starts walking towards the lifts, "Hey! Wait!"
The blonde takes off after the magicat in the suit, they stand waiting at the lifts as Bow and Glimmer come up behind them.
Catra stares at them through the reflection of the lifts, "I'm not fucking all of you. Just Adora. You two can stay in the lobby."
"Show us the money." Glimmer demands, "Prove that you have the funds or we're leaving."
Catra rolls her eyes, pulling out her phone and unlocking it, "Are your bank details still the same?"
"Same from…?" Adora questions.
"Same from when we were kids living under that bitch of a faux mother's roof." Catra answers with a scoff.
"Uh, yeah. It is." Adora admits sheepishly, "Why?"
Catra doesn't reply, instead tapping on her phone a few times before pocketing it.

DING!

Adora pulls her phone out and looks at it, there's a notification about a deposit into her bank account. She eyes Catra before she opens up her banking app and her eyes widen in shock, "What?

How? Are you…?” Adora starts to sputter as she shows Glimmer her new bank account balance, before turning back to Catra, “How did you?”
“Proof enough?” Catra seethes as the lift doors open, she walks in and turns around to face the trio, “Coming?” before adding, “Just you. Not them.”
Adora swallows, “Uh…” she looks to her friends for what to do as the door start to close and in a split-second decision, she slips into the lift with Catra, grumbling out a quick, “Sorry guys!”
Catra swipes her card and pushes the button at the very top and Adora is surprised that it lights up in confirmation. The magicat pockets the swipe card once again and then shoves her hands back into her pockets to join it as she looks up at the numbers ascending on the panel showing the levels.
Adora bites her bottom lip, actively avoiding looking at Catra until the lift gets to the top floor and the doors open up. Catra casually steps out and begins to walk off towards the only door on the floor. Adora’s body hesitantly moves forward as she watches Catra open the door to the room, walking through and holding it open from the inside.
“Thank you.” Adora softly says as she walks through the door while the magicat lets the door shut on its own, Catra then goes over to switch on a few lights before heading to the fancy kitchen overseeing a lavish lounge room with a massive tv. The blonde’s jaw drops at the sight of the place, “Woah…”
Catra glances back but doesn’t react, instead opening the fridge and inspecting the contents and then reaching in to grab 2 bottles of beer. She opens both up and walks over to Adora and hands her one, “Here. Drink up.”
“Oh, no. Thank you.” Adora politely declines, “I uh, I don’t…”
“Whatever.” Catra takes the beer back and heads to another room, “Follow.”
Adora sighs but obeys. Following Catra into what she realises is the bedroom. The sight of the huge and luxurious bed has the blonde biting her lip nervously as Catra sets the bottles down on the bedside table.
“Relax.” Catra simply says as she disappears into a walk-in wardrobe.

Adora doesn't know what to do with herself as she gingerly sits on the end of the bed. A million thoughts run through her mind.

Does Catra plan on having sex with her tonight?

Does she have to go through with it since Catra has paid what the winning bid was?

Is this really happening?

How does Catra even have so much money?!

Catra returns with a bathrobe in her hand and throws it at Adora, "Put that on."
Adora looks at it and then back at Catra, swallowing hard again, "Uh… why?"
Catra raises an eyebrow at the blonde like Adora should know the answer to that question, "I paid."
"Catra. I…" Adora starts to stutter out words, "I uh…"
"What?" Catra goes back to the bedside table and takes a large gulp of beer before putting it back down and repeating, "I paid. And you were more than willing before to give it up. What changed?"
Adora looks around the room that's all of sudden becoming smaller by the second as she struggles to breathe, her eyes widen as she stares at Catra, "I… I can't…"
"Figured." Catra replies nonchalantly before picking up her first bottle of beer and chugging it, "You're such an idiot, idiot."
Adora's brain still hasn't clicked over as her body continues to panic and she starts to feel dizzy feeling like she can't seem to take a breath, "I… I…"
"Fuck!" Catra leaps over the bed and pulls Adora into her arms, "Don't you fucking faint on me!"
"I'm… I'm sorry…" Adora manages to get out as her breathing comes out in ragged breaths and her vision begins to get hazy, "I… I… can't…"
Catra's hands moves to Adora's face, two different coloured eyes staring straight into grey-blue ones as the magicat leans in, foreheads connected, "Breathe Adora. Fucking breathe, princess!"

The long-forgotten pet name has Adora's eyes focussing on Catra's, "What…? What did… you say?"
"I said, breathe, idiot." Catra narrows her eyes angrily at Adora, "Fucking breathe with me."
Adora grabs onto Catra's hands on her face and shuts her eyes tight, she finds herself focussing on Catra's movements and slowly Adora regains her rhythm, keeping her eyes closed to centre herself before opening them up to Catra's soft and concerned gaze staring back at her, "I'm sorry…" Adora mutters, "I'll give you the money back."
"No. Keep it." Catra replies, a slight grin on her face, "What's a couple of mil when I make billions?"
Adora's eyes widen at hearing that, "What?"
"You heard me." Catra replies without care before she removes herself from Adora's reach, pulling the blankets back on the bed and getting under, "I take it, fucking is off the table?"
"…yeah." Adora meekly replies.
"Okay." Catra shrugs and reaches for the remote for the tv, "Stay. Leave. I don't care."
Adora whips her head around at that statement with a frown, "Fuck you, Catra."
"No, that's what we were supposed to do. What I paid for actually." Catra replies flatly, "Have a good life, princess."
Adora glares at the magicat before she finds herself kicking off her shoes and crawling under the blankets, wrapping herself around Catra, 'Why?"
"Why what?" Catra replies unmoving as she takes another sip of her beer.
"Why did you veto my plan?" Adora asks softly.
"You're such an idiot." Catra repeats for the third of fourth time that night, "If you needed money so much, you should have fucking asked me, princess."
"I didn't know where you were!" Adora grips onto Catra's suit jacket before sitting up and frowning down, "And then you just disappeared when I came back to find you! Shadow Weaver told me you were dead!"
The last sentence is said in a sob as Adora grips onto Catra's jacket just a little more.

The magicat scoffs, “Of course she’d say I was dead.”
“Why didn’t you reach out to me?” Adora asks, the hurt in her voice evident, “I was coming back for you…”
“I waited.” Catra says in a murmur, “I waited for a year, princess. A year in that hell hole alone.”
Adora sniffles in response.
They lay there in silence for a while, the sounds from the tv the only noise in the room as Catra turns over and grabs the second beer, taking a long drink from the bottle before sighing, “You really were going to sell your virginity?”
Adora nods sheepishly, “You’re still in your suit.”
“Don’t change the subject, princess.” Catra chides, “What were you going to do if some… rich asshole prince bought you out and… and…” the magicat growls out instead of finishing her sentence.
“I… I don’t know.” Adora admits feeling foolish and guilty, “I don’t have many options left, Catra.”
Catra shakes her head, “Idiot.”
Adora tugs on Catra’s suit and the magicat looks down, “I’ll give the money back to you.”
“No.” Catra quickly says, “I’ve paid to be your first. And I plan to be your first.”
Adora frowns up at the magicat, her grip loosening as she contemplates running out, but clawed fingers hold her in place, “Catra… what are you…?”
“Not tonight.” Catra reassures the blonde, “Probably not tomorrow or even this week. Maybe never.”
“I don’t understand.” Adora says breathing out harshly, the confusion still on her face.
“It’s simple.” Catra retracts her claws and runs her fingers up and down Adora’s back, “I’m going to be your first. When that will be, well, that’s up to you. I am not going to force you to do anything you don’t want to do. But I *will* be your first.”
Adora’s breath shudders at the magicat’s possessiveness, “So… if I decide never to…”
“Have sex.” Catra finishes for the blonde.
“Yes, that.” Adora clears her throat, “Then you’d be okay with that.”

“Sure.” Catra replies, “This isn’t stopping me from fucking other people.”
Adora frowns down at the magicat, “No.”
“What, no? You don’t make the rules.” Catra challenges.
“No.” Adora repeats, “We make this fair.”
“How so?” The magicat quirks an eyebrow at the blonde.
“You can’t have sex again unless it’s with me.” Adora throws back at the magicat, a finger jabbing at Catra’s chest to emphasize the challenge, “Otherwise, the deal is off and I’m going to return the money you just sent me and I’m going to find another avenue to help my mom.”
Catra tilts her head in contemplation as Adora holds her nerve.
“Okay. Fine.” Catra agrees with zero intentions on keeping up her end of the contract, not that Adora would know.
Adora preens, “Good.”
“Should we make it official?” Catra jests, chuckling to herself at the absurdity.
“Yes.” Adora agrees despite it was an obvious joke as the blonde gets out of bed and walks over to the desk that has the hotel’s stationary on it and she scribbles down something on the notepad before coming back over to the bed, childishly jumping on it and making it bounce. Catra growls at her for having to steady the last of her beer in her hand to stop it from spilling, “Sorry.” Adora mutters as she scoots up and then holds the piece of paper out to the magicat.
“What is this?” Catra looks at the paper but doesn’t take it.
“Read it.” Adora simply says.
Catra rolls her eyes, taking the paper out from Adora’s hand and reading it.

I, Adora, promise my virtue to Catra as long as Catra promises her next sexual encounter is with Adora. If either breaks the rule, all monies will be given back.

“Your virtue? This is stupid.” Catra hands the paper back to Adora, “Why do you care if I break the rules? I get my money back *and* I get laid. I don’t see the downside on my part.”
“Because.” Adora says before a blush comes across her face, “If you’re going to be my first… then I want everything that goes

with it."
"No. What you want is a girlfriend. Which I am not." Catra replies, "Besides, you were happy enough to lose it to anyone in this world. Including dudes."
Another blush, "I didn't want to." And then Adora looks down sullenly, a few tears slide down her cheeks.
"Fuck." Catra groans, "I hate when girls cry."
Adora quickly wipes at her eyes and cheeks, "Sorry. You're right. It's stupid." She looks at Catra, "Is that why you outbid whoever the other person was?"
"Yes." Catra replies swiftly, "You're an idiot and I'm not letting anyone take advantage of that."
"You mean, anyone except you?" Adora says as she wipes her eyes again and sniffles out, "Thank you, I guess..."
Catra sees the paper slightly crumble in Adora's hands as the blonde tries to keep it together, the magicat groans out, taking the paper out of Adora's hands, reaching into her suit jacket for a pen before scribbling her signature onto it, "Happy now? Fuck… please for the love of the stars, stop crying."
Adora stares at the signed piece of paper, their contract, before smiling and sniffling out, "I'm trying!"
"Try harder." Catra says with no bite as Adora takes the pen out of Catra's hand and scribbles her name on the paper as well.
"Here." Adora holds the paper out to Catra, "You hold onto it."
"Why?"
"Because you've got nothing to lose." Adora says with red eyes.
"Very funny, Adora." Catra says at the blonde's pun, "Are you going to stay?"
"I probably shouldn't." Adora says, "My friends are waiting for me."
"Sure." Catra replies trying not to growl at the word *friends.*
As Adora gets up to leave, the blonde turns back, "Can I get your number? You know… in case?"
"In case?" Catra raises her eyebrow up at Adora, "In case you get horny and want to fuck?"
"No!" Adora says with her face turning bright red as Catra laughs at her reaction, "I just… I don't know, maybe we can hang out or catch up?"

Catra doesn’t make a move but yelps a little when Adora reaches into the magicat’s pant pocket to retrieve Catra’s phone, “Hey!”
“Shush you!” Adora chastises as she unlocks Catra’s phone, much to the magicat’s dismay, “Really, Catra? You need a better passcode.”
“Yeah, what’s wrong with it?” Catra sulks at the blonde being able to get into her device, “No one else has been able to figure it out.”
“Well, I have.” Adora waves the unlocked phone at the magicat before tapping it a few times and then handing it back to Catra, “There. Ball is in your court. I know how much you like being in control. So, call or text me.”
Catra’s jaw drops at the sudden shift in demeanour before she collects herself and replies, “Whatever.”
Adora shakes her head with a small smile as she gets off the bed once more, rounding it so she’s on Catra’s side, leaning down and presses a soft kiss on the magicat’s cheek, “Now, how do I get back down to the lobby?”

Chapter End Notes

I was pleasantly surprised by the interest in this fic.
Which meant I wrote this chapter super quick.
I reckon I will probably be upping the chapter count... but eh, we'll see.

thanks for reading, comments and kudos.

New message from Wildcat69!

Adora rolls her eyes at the message from Catra.

Wildcat69: Booty call?

"Stars no." Adora says to herself under her breath as she types back a response.

AdoraG: No. Call me?

Wildcat69: No. Not giving you my actual number. Booty call?

AdoraG: Again no. Y?

Wildcat69: Come over. Wear something sexy.

Adora's body heats up at reading that last message as she takes a deep breath and starts to type back a reply.

AdoraG: I'll come over. Nothing sexy though.

Wildcat69: Okay. I'll just get you naked instead.

Adora swallows hard, her body feels extremely warm now.

AdoraG: Not a chance.

Wildcat69: We'll see. Get your ass over here. I've left a swipe card with the concierge for you.

"Oh. That's… new." Adora says to herself as she breathes out.

AdoraG: I'll be there at 7pm

Wildcat69: Easy.

Adora stares at her phone screen until it goes black and then sighs, "Shit…" She taps on her phone to wake it up again and taps on Glimmer's name.
"Hey girl!" Glimmer answers, "What's up?"
"It's Catra." Adora simply says, "She wants me to go back to the hotel to meet her. In her room."
"To… hang out?" Glimmer asks.
Adora bites her bottom lip, "She said she wants to get me naked…"
"Stars…" Glimmer groans out, "She's acting like she owns you."
"Is she?"
"Yes! Of course she is!" Glimmer almost shouts into the phone, "Just because she *paid,* doesn't mean she gets to… you know!"
Adora bites her bottom lip again at the omittance of information from the last night that she didn't tell her best friends, "Uh, I actually made a pact with her last night."
"Uh huh." Glimmer replies unconvinced, "I'm assuming she didn't fuck you last night."
"No." Adora blushes, "We just… talked."
"Right. Talked." Glimmer repeats.
"We did!" Adora huffs out, "Nothing really happened…"
"She invited you upstairs to what? Just talk?" Glimmer scoffs out, "Did she come onto you?"
"Well, yeah." Adora admits like it was expected, "But I swear to you, nothing happened. Except that she threw me a bathrobe and told me to change into it… which I didn't!"
"Good." Glimmer nods despite Adora not being able to see it, "What is this pact that you made with her?"

"Uh…" Adora thinks of what to say, "Catra said that since she's paid… that she gets to have first dibs on me…"
"That's sick, Adora." Glimmer says in disgust, "Just because she gave you money doesn't mean she gets to control who you sleep with."
"I know, I know." Adora agrees as she bites her bottom lip again, "That's not the only thing…"
"What else? That you can't date or sleep with anyone else afterwards?" Glimmer scoffs out.
"No. That's… that's not it." Adora replies, "It's actually… I kind of…"
"What, Adora?" The impatience in Glimmer's voice evident.
"I uh, kind of made her promise not to sleep with anyone in the meantime…" Adora quickly spouts out, "Not until she uh… sleeps with me first…"
"You what?!" Glimmer does shout out over the phone and Adora has to pull her own device away from her ear, "Sorry…"
"Was that bad?" Adora asks sheepishly, "Maybe I shouldn't have said anything."
"No, babe!" Glimmer starts to laugh, "That's actually really… ingenious! What happens if she doesn't follow the rules?"
"I give her the money back." Adora answers.
"Oh… that's… not what I was expecting…" Glimmer says confused, "I thought you would have doubled it or something like if she cheated on you in a divorce…"
"No." Adora sternly says, "If she wants me. Then she needs to play by my rules too."
"But if she breaks the rules there's no repercussions." Glimmer says, "She gets her money back and you… well, I guess it puts you back at square one…"
"She won't break the rules." Adora replies quickly.
"How can you be so certain that she's not going to fuck someone else behind your back and then just lie about it?" Glimmer asks.
"Because she won't." Adora says confidently, "I know she won't break her word. Not after she signed the pact."
"And where is this contract?"
"I gave it to her." Adora replies and Glimmer gasps, "What?"
"You gave it to her?" The deadpan tone in her friend's voice

evident that she can't believe the blonde would be so foolish, "Why would you do that?"
"I… I trust her." Adora settles on.
"Even though she's invited you over so she can take what she's paid for?" Glimmer says flatly.
"Yes." Adora replies before she adds, "She also said that it was my choice when…"
"When you give her what she paid for." Glimmer finishes her sentence for her, "Oh, Adora… do you even want to sleep with her?"
"Look! It's not that bad!" Adora tries to reason, "She's not forcing me to do anything."
"No. Just seducing you to give in to her." Adora sighs, "Did she say anything else?"
"No. Just that she was going to be my first. And I agreed." The blonde replies, "So… I'm going to go meet her tonight at the hotel…"
"Okay. Do you want me and Bow there as backup?"
"No. I think I should be okay." Adora says trying to convince herself as well, "We're just going to catch up."
"Okay. But if anything happens, call us."
"I will." Adora promises, "I better get ready."
"Text our group chat when you get there and when you get home." Glimmer instructs.
"Of course." Adora smiles, glad she's got a friends lie Glimmer and Bow, "I'll text you when I get to the hotel, but I'm going to stop over at the hospital and see mom first."
"Be safe! And say hi to her from me and Bow!" Glimmer says.
"Okay. I will." Adora hangs up her phone and then looks at her wardrobe, contemplating what to wear when she goes sees Catra tonight after she goes to the hospital.

"Hey mom." Adora reaches out for her mother's hand and squeezes, before sitting down in the chair next to the bed, "How are you feeling?"
"I'm fine." Her mother brushes off any of Adora's worries before she coughs and turns to her daughter once she's caught her

breath, “Really, it’s not that bad.”
Adora’s brows furrow as she pats her mother’s back, “Do you want some water?”
“No, dear. Really, I’m okay.” She smiles back to Adora reassuringly as she takes a few deep breaths in and out, “Tell me how you’ve been. Let me live through you a little.”
Adora bites her bottom lip as she thinks about telling her what she almost got herself into if not for Catra’s intervention, the blonde tries to smile back, “Uh, it’s been alright…”
Seeing right through that, her mother gives her a tentative look before letting it go, “And, how is work?”
“Terrible.” Adora slumps over, “They’ve got some new management come in and they’re firing people left, right and centre. Even the people that have been there for way longer than I have are being let go.”
“Oh, that’s not good.”
“No. It’s really not.” Adora sighs again, “I… I’m afraid I’m not going to last very long…”
“Don’t worry, love.” Adora’s mom replies softly, “I’m sure you’ll be able to find something else. Something better. You know what they say.”
“When a door closes a window opens?” Adora says back questioning.
Her mother laughs, “No. You don’t have to be great to start, but you have to start to be great.” Adora smiles back as her mother looks her over, “Do you have a date tonight?”
“Hm?”
“You’re all dressed up, Adora.” Her mother points out, “Big date tonight with Mr. Right?”
“No. There’s no Mr. Right.” Adora quickly replies looking away, “And there will probably never be a Mr. Right.”
“Oh. So… a Mrs Right?” Adora’s mother teases and the blonde blushes before shaking her head, “Then… who are you meeting tonight dressed up like that?”
“I don’t know what you’re talking about.” Adora pretends to be unaware of the fact she is actually dressed up, in a red dress no less, “What’s wrong with how I’m dressed?”
“Nothing, love.” Adora’s mother smiles, “You look very nice. Like

you're going on a date."
"It's not a date." Adora rolls her eyes, "I'm just meeting… an old friend."
"Oh, yeah? Who?"
"Um… do you remember Catra?" Adora says with a slight blush.
"Catra? Let me think…" Her mother looks up in thought, "Oh, that's the cat-girl that wouldn't let go of you when I picked up from that… *home…* all those years ago?"
Adora nods.
"Oh, I thought you said she had passed on." Her mother says surprised.
"Turns out that Shadow Weaver lied." Adora sighs out.
"I'm so sorry, dear." Her mother reaches out and squeezes Adora's hand, "I wish we could have taken her too but that… woman… I'm sorry, Adora. I should have tried harder."
"It's not your fault." Adora pats her mother's hand, "We were barely getting by back then. I know how hard it was for you back then to just make ends meet."
"And I'm failing again." Adora squeezes her hand again as her mom tries not to cry, "I'm so sorry, Adora. Maybe you would have been better off without me."
"Don't say that, mom." Adora leans in and hugs her mom, "I would rather have grown up with you than without."
Her mom sniffles, "My life insurance should help you out when I die. It's not much, but hopefully it should cover all my medical bills."
"Don't worry about the money, mom." Adora says offhandedly, "I can handle it."
Adora's mother sighs, wiping at her eyes, "I know you can. But it's a lot of money."
"Mom. It'll be fine." Adora repeats, "Anyway, I have to meet Catra at 7pm."
"For your big date?" her mother teases with a wet laugh, "How is she?"
"Good." Adora replies quickly as she tries to hide her blush at the thought of this meet up being a date.
"Hm." Adora looks at her mother with a confused look on her face, "What?"

"What's with the *hm?"* Adora asks crossing her arms over her chest.
"You should wear your hair down." She suggests, "It'll make you look… sexier."
"Mom!" Adora's face goes bright red, "Ugh! I'm going to pretend I didn't hear that!"
Her mom starts to laugh again, "Go on then. Go get lucky!"
Adora grumbles before she leans in and presses a kiss on her mother's forehead, "I'll see you tomorrow, okay?"
"Okay." She nods before adding, "Wear your hair down, love."
"Ugh, okay." Adora nods reluctantly as her mother takes out her hair tie and hands it back to the blonde, "Thanks. I love you."
"I love you too." Her mother smiles back, "Now, go live so I can live vicariously through you!"

Adora waits in the elevator as it takes her up to the top floor of the hotel. She's already text Bow and Glimmer in the group chat to say she was in the lift going up to Catra's floor and then puts the phone back into her jacket pocket.
The doors open and she steps out and walks towards the only door on the floor, hesitating when she gets to the door. She takes the swipe card out but doesn't swipe it against the card reader as she stands on the spot, just staring at the perfect white door.

The door swings open and Adora yelps, jumping back about a foot in the air as Catra just stands there with a smirk on her face, holding the door open, wearing the same suit from yesterday, bow tie still undone.

"Shit! Fuck! You scared me!" Adora gasps out nearly throwing the swipe card at the magicat, "What the fuck, Catra!?"
Catra just looks at the blonde with an amused look on her face as Adora bends over to pick up the swipe card, standing back up to see the magicat smirk as she checks the blonde out, "Mm… you definitely glowed up."
Adora narrows her eyes at Catra, "Were you just looking at my ass?"

“Yes.” Catra admits casually, “Now, get your hot ass in here, princess.”
The magicat grins at seeing the blush on Adora’s cheeks, the blonde looking away from Catra’s gaze as she walks into Catra’s penthouse room as the magicat continues to watch her. Adora’s huffs out, “Will you stop objectifying me?”
“I’m not.” Catra replies as she shuts and locks the door, “I’m just admiring the woman that you’ve become.”
Adora watches as Catra licks her sharp teeth and the blonde swallows hard, “Whatever. Just, quit it please.”
“Sure.” Catra shrugs and leans back against the door.
“What am I doing here, Catra?” Adora asks as she stands in the middle of the room.
“Well, what do *you* want to do?” Catra asks right back, looking right into Adora’s eyes from where she stands, “You’re the one that willingly came up here. And dressed so… delectably…”
“Stop that!” Adora grunts out, “I came up here because I thought we could catch up. But clearly, you have other motives here.”
“Of course I do.” Catra replies, pushing herself off the door and walking up to Adora so she’s standing face to face with the blonde, her face so close that Adora can feel the magicat’s breath on her face, “Tell me, Adora… how much… experience have you really had?”
Adora’s breath hitches at the closeness as she tries to take a step back, only for Catra to pull her back in by the waist, “What are you doing?”
“I’m asking you a question.” Catra replies with a sly grin, “You know, catching up.”
Adora swallows hard, “Ask a different question.”
“Okay.” Catra nods, “How many people have you dated?”
Adora glares at the magicat, “No. Next.”
“Have you kissed anyone before?” Catra quirks an eyebrow up.
“Yes.”
“Really?” Catra’s ears twitch up in interest and Adora smirks, “Who?”
“You don’t know?” Adora asks back, smirk firmly in place.
“I wouldn’t be asking if I did know.” Catra replies with a low growl and Adora’s breath hitches when she feels claws prickling into her

skin, “Too much?”
“No, it’s fine.” Adora tries to remain stoic despite the surprise of Catra’s claws prickling her skin, before she leans into the magicat’s twitching ear, “I’m really disappointed, Catra…”
“Why?”
“Because.” Adora says as she leans back with a slight pout on her lips, “I’ve only ever kissed one person.”
Catra’s fur bristles as she ears point straight up in realisation, “Me?”
Adora nods.
“Fuck…” Catra breathes out, “I’m the only person you’ve ever kissed?”
“Yes.”
“But that was like…” Catra thinks back, “We were kids. Barely even teenagers.”
“I know.” Adora sighs.
“Huh.” Catra seems to preen to herself, “I guess I really will be your first for everything…”
“Shut up!” Adora blushes, “I’m not ready for… to lose…”
“Like I said. Totally up to you.” Catra shrugs before releasing her grip on Adora’s waist, “Can I get you something to drink?”
“You’re not trying to get me drunk, are you?” Adora asks.
“No.” Catra replies walking towards the fridge and opening it before grabbing 2 bottles and closing the door, “Getting you drunk is not part of the plan. I want you to remember when you give yourself to me.”
Adora swallows hard again, not knowing what to say as Catra holds out a bottle. The blonde looks down at it, “What is this?”
“Lemonade.”
“Oh.” Adora cracks the bottle and sniffs it, making Catra chuckle under the breath, “What’s so funny?”
“You don’t trust me.” Catra simply says as she drinks from her bottle.
“Can you blame me?” Adora says as she fidgets with the bottle in her hand, “You’ve been…”
“I’ve been what, Adora?”
“Inappropriate.” Is the word that Adora settles on, “Is bedding me all that you want?”

Catra shrugs again, “I’m leaving in a few days and thought we could just get this over with and then you wouldn’t have to feel guilty about taking my money.”
“Oh.” Adora finally takes a sip and is relieved to find that it actually is lemonade, “Where are you going?”
“Home.” Catra replies as she gestures for Adora to follow her into another room, “Hungry? I hope you don’t mind but I got some room service.”
Adora shakes her head, “No. I don’t mind at all.”
“Good.” Catra smiles briefly as she gestures for Adora to sit down before she picks the room phone up and says something into it before joining the blonde at the table, “It’s on its way.”
“Okay.” Adora takes another sip from her bottle, “So…”
“You look… stunning.” Catra says staring at Adora with a smirk on her face, “What happened to that signature hair style you love so much?”
Adora blushes at the compliment, “Mom said to wear it down.”
“Why’s that?”
“She thinks I’m on a date. With you.” Adora replies looking away.
“Have you been on many dates?” Catra asks as just stares at Adora.
“No.” Adora shakes her head.
“Why not? You’re fucking hot.” Catra says like it’s a fact,
“Though… I guess that makes me lucky.”
“How so?”
Catra shrugs, “I get to have you first.”
Adora’s nearly chokes on her drink as Catra just laughs, not making a move to help her.
There’s a knock on the door and Catra gets up, walking past Adora and then leaning over to whisper into Adora’s ear, “First we eat. Then if things go well… I’ll get to have you for dessert.”

Chapter End Notes

Mm... dessert...

I should really get back to my other unfinished fic... but this fic is like a shiny object to me right now...

“Oh, my stars, Catra!” Adora moans out as the magicat presses kisses on the blonde’s neck, “Mmm…”
“What’s wrong, Adora?” Catra asks as she nips on Adora’s ear, “Don’t like this?”
Adora turns her head so she can look into Catra’s eyes, biting her bottom lip, “Fuck…”
Catra grins as she returns to paying attention to the blonde’s jaw and neck and avoiding Adora’s lips, “I’m going to make this a night that you’ll remember forever…”
“Mm… fuck…” Adora repeats, closing her eyes and letting herself feel everything that Catra is giving to her.
“That’s the point.” Catra grins, licking up Adora’s neck.
“Wait…” Adora opens her eyes, pushing Catra back with one hand, her hand feels warm against the magicat’s chest, “Stop.”
Catra tilts her head, but there’s no anger in her eyes, “Are you okay?”
“Yeah.” Adora nods before swallowing down hard, “I just…” she looks up at Catra and magicat understands.
“Okay.” Catra says as she backs off, “You’re not ready.”
“Sorry.” Adora looks down, “I… I don’t know…”
“It’s fine.” Adora gazes up and back into Catra’s eyes, the magicat sitting back against the couch that Adora’s still half lying on, “We do this on your terms. As per our agreement.”
Adora sits up as well, her breath finally calming down from the excitement, “Are you… are you disappointed?”
“No.” Catra says, “Why would I be disappointed?”

“Because… you didn’t get what you’ve paid for.” Adora says softly.
“Adora.” Catra starts and then sighs, “You’re such an idiot.” The magicat gets up before Adora can form a response, “I’m getting another drink. You want anything?”
“What are you having?” Adora asks as she pulls the sleeves back up on her dress.
“There’s a pretty good minibar in here.” Catra shrugs, “Think I might get blotto tonight.”
“Catra.” Adora frowns down.
“What?”
“Nothing.” Adora sighs and then looks at the magicat in her white shirt, black suit pants and the bow tie still untied around her neck, “Are you wearing the same clothes from yesterday?”
Catra looks down at herself, “Yeah.”
“Why?”
“I didn’t exactly have time to pack before I came here to save your ass.” Catra replies as she makes her exit to the kitchen, Adora quickly following behind her, “Drink?”
“Water is fine.” Adora answers as Catra tosses her a bottle of expensive spring water, “No. I’m not drinking this. Those prices are ridiculously extravagant.”
“So?”
“So?” Adora quirks an eyebrow at the magicat confused, “Catra. You could be spending your money better than this.”
“I could be. Yes.” Catra nods as she pulls out a bottle of liquor that’s in mini bottle form, twisting the cap off and then sculling it, “What’s a couple of drinks? It’s included in the room price anyway.”
“It is?”
“Yeah. Well, this room anyway.” Catra puts the empty bottle on the counter before grabbing another one and twisting the cap off, “They also provide condoms and other… “
“Please don’t finish that sentence.” Adora groans out, “I don’t want to know what other services this room offers.”
“Well, I know for a fact that if I ordered a massage with a female masseuse, one of us will definitely get a happy ending.” Catra says with a smirk and a wink, “Not telling who that is though.”
Adora narrows her eyes at Catra, “I don’t want to know.”

The magicat laughs out, “Sure. Do you want to stay the night?”
“What?”
“Do you want to stay the night?” Catra repeats a lot slower, the smirk back on her face as Adora’s blushes in thought, “Don’t worry, princess. We aren’t fucking unless you want to. It’ll be just like old times except without the Shadow Bitch and the rag we called a blanket.”
“Uh… I don’t know if I should.” Adora replies.
“Okay.” Catra shrugs like it’s not a big deal, “How’s your mom? What’s wrong with her?”
Adora frowns back at the magicat with how blunt her questions are, “She’s sick.”
“Yeah, with what?” Catra replies as she walks out of the kitchen.
Adora huffs out as she follows the magicat, “Cancer.” And just as she’s about to say something else she realises she’s back in the bedroom, “Uh…”
“Relax, Adora. We aren’t fucking.” Catra says as she walks into walk in wardrobe.
“Then… what are we doing here?” Adora asks as she shuffles nervously in the doorway.
Catra returns, gone are her suit pants and shirt, instead she’s wrapped up in the hotel’s white robe, another robe in her hands, “Here.”
“Why does this feel like you’re trying to get me into bed?” Adora asks.
“Because I am.” Catra simply says as she shoves the robe into Adora’s hands, “To watch a movie and fall asleep. Unless you have work on Sundays?”
“No.” Adora says and she’s not sure if she’s saying no to working Sunday’s or the first thing that Catra suggests, not that the magicat is even paying attention, instead Adora watches as Catra pulls back the blanket and gets under the blanket before taking the robe off and placing it on the bedside table. Adora looks away, “What are you doing?!”
“Getting comfortable.” Catra says as she tucks herself in before reaching over and turning the tv on, “Quit being weird and get in bed, princess.”
“I am not being weird.” Adora protests with a grumble.

“Yeah, you are.” Catra replies, “And don’t you dare try getting in here with that dress on.”
“What’s wrong with my dress?” Adora frowns down at herself and then at Catra, “It’s not dirty.”
“Didn’t say it was.” Catra says as she puts on a movie, “But you might want to think twice about walking out of here in a dress that’s crinkled…”
“That just means I slept in in!” Adora whines, “I fall asleep in my clothes all time!”
“That’s kind of sad, Adora.” Catra looks at Adora like she’s thinking, “Will you just get in here already?”
“You just want me naked.”
“Of course I do.” Adora just stares at her and then back at the robe in her hands, “You’re in control here, princess. I just want to watch tv under the blankets.”
“I should get home though…” Adora thinks to herself.
“Bit late now, isn’t it?”
Adora looks at the time on the bedside table and is surprised to see that’s already past midnight, “How is it so late already?”
“Time flies when you’re having fun.” Catra says as she pats the empty side of bed next to her, “Turn off the lights before you hop in.”
Adora moves to the light switch and flicks the lights off before she contemplates what to do next, “If I get into bed with this robe on, promise me you’re not going to try anything.”
“Too tired to try.” The magicat sinks further into the bed with a content smile on her face, “And I’m a little too drunk to care right now.”
“Oh.” Adora watches as Catra’s eyes close, “Okay, then.”
“So... are you staying?”
Adora sighs out, “Yeah, okay. It’s too late to go home anyway.”
The blonde looks around and realises her jacket is outside, “Let me text my friends to let them know that I’m staying the night.”
Catra growls back in response while Adora rushes out to get her phone.

“Tell me about what happened after I… after I left.” Adora asks as she curls herself up in the blankets facing Catra, “Shadow Weaver told me you died from an OD.”
Catra blinks back at Adora sleepily, the lights from tv running across her face, “I took off one day without telling her.”
“Where did you go?”
“Dryll.”
“Really? But that’s so far away.” Adora keeps staring at Catra’s tired eyes, “How did you get there?”
“I stole a car to get away from that bitch.” Catra says quietly and almost in a whisper like anyone else apart from Adora would hear, “Drove it until I ran out of fuel before hopping on a freight train.”
Adora reaches out, her hand resting on Catra’s cheek.
“I got most of the way there before I was chased by the cops.” Catra admits before chuckling to herself and rolling onto her back, “I stole a cop car right from under their noses. Crashed it into a lake before getting out and swimming to the other side.”
“You hate the water.” Adora shuffles closer.
“I do. Still do.” Catra agrees with a slight smile, “But to get away from *her,* and the cops, fuck, I would have swam across the ocean if I had to.”
“You’re crazy.” Adora laughs softly, “What happened after that?”
“I hiked for about 3 days before I stumbled upon Scorpia’s cabin in the woods.” Catra smiles at the memory, “The big gal got on my nerves so bad with her positive outlook and friendly attitude. I thought it was all an act at the start but then realised that it was how she really is.”
“Scorpia…?” Adora repeats with a slight frown, “Were you two…?”
“No.” Catra replies, “But she wanted to. I didn’t. It was awkward as fuck for a while until we got to Dryll and I met up with Traps. And the rest is as they say… history.”
Adora yawns as she stretches a little under the blankets, a sleepy smile on her face as she remembers sharing a bed with Catra when they were much younger and a lot more innocent, “Traps?
“Entrapta.” Catra replies and it takes a second for Adora to realise who that is, the magicat chuckles upon seeing the look on Adora’s face, “Ah, there it is.”
“Wait. Like, Entrapta? Entrapta, Entrapta?” Adora asks sitting up

and completely forgetting that she took the robe off and the blankets fall around her waist, giving Catra a perfect view, the blonde is still deep in thought to notice, "How do you know Entrapta?!"
Catra grins at seeing Adora's breasts completely on display that the magicat doesn't even register the question. Instead, a happy trill comes out as she continues to stare at the blonde's chest.
Adora frowns at not getting an answer, "Are you even listening to me?"
"Nope." Catra replies as her eyes reluctantly leave Adora's breasts and then look into the blonde's eyes before drifting back down, "My mind is somewhere else right now."
"What?" Adora looks down and her eyes widen in shock as she quickly pulls the blanket back up to cover herself, a blush on her face as she tries to glare at Catra, "Stars…"
"Very nice. Very nice…" Catra remarks with a shit eating grin on her face, "Mm…. I can't wait to feel them in my hands."
"Hey!" Adora shoves Catra in the face, not hard but just enough to startle the magicat out of her stupor, "Keep acting like that and you won't be having sex ever again."
"Even with myself?" Catra quirks an eyebrow, "Is that against the rules?"
"You mean… like…" Adora's blush goes redder, "Uh, touching yourself?"
"Yeah." Catra shrugs under the blankets, "Is masturbating against the rules?"
"Uh…" Adora has no idea how to answer the question as Catra just waits patiently for an answer, "I uh, I guess not. Since you aren't exactly… uh, doing it with anyone else."
Catra keeps a neutral face, "I was just checking."
"Why?"
"Because."
"Because…?"
"Because if we don't fuck while I'm here, there's a good chance it'll be weeks, maybe months, hell it could be years until I see you again." Catra starts to explain, "And if I'm bound by that contract I signed, I just want to know I'm not losing out due to some technicality."

"Um…" Adora stomach sinks as she thinks about not seeing Catra again for so long and as such, fails to register the magicat's concerns, "You'd be gone for that long?"
Catra tilts her head at the blonde, "Well, I don't exactly live here."
"Right. Right…" Adora replies trying not to sound too glum, "Yeah, that… that makes sense."
"I don't plan to stay here in Bright Moon." Catra adds, "There's nothing here for me."
"What about me?" Adora asks meekly.
"What about you?"
"We just…" Adora starts as Catra just stares at her and then the blonde sighs, "Forget it."
"No. Tell me." Catra tugs on Adora's covers, the blonde glaring at the magicat and holding it in place, not willing to give the magicat a second eyeful, "What about you?"
"I've missed you." The admission has Adora turning over, her back to Catra, "But, it's fine. I get it. You just want to… collect on what you paid for and then leave."
This time it's Catra's turn to frown, "Princess." The magicat reaches out and pulls Adora back onto her back so she can talk to her face, "You really think I travelled for nearly 2 days to get here just so I could fuck you?"
"Didn't you?" Confusion fills Adora's face, "Why else would you be here?"
"I came in case I didn't win that fucking auction, idiot." Catra growls out, "Just… thank me for the money and I won't take your *virtue* from you. It's not like you want to do this anyways."
Adora's jaw drops in shock as Catra huffs out, angrily turning over so she's got her back to the blonde. The blonde turns over onto her side and hesitantly rests her hand on Catra's side over the blankets, "Catra?"
"What?" The magicat snaps out.
Adora sighs, "Thank you for… helping me with money."
"Whatever."
Adora grasps onto Catra's shoulder and turns the magicat back onto her back, just like when Catra did that to her not that long ago, "No. I mean it." Adora moves so she's right next to the magicat, lifting up Catra's blanket and sliding in under it so her

skin now touches fur, "And… for stopping me from doing something really foolish."
"What are you doing, Adora?" Catra asks as Adora's wraps an arm over the magicat's stomach, the blonde shuffles a little more and rests her head on Catra's shoulder as the magicat wraps an arm around her.
"Reliving my childhood." Adora replies with a little mirth in her voice, "Just… with less clothes, I guess." She lifts her head slightly and narrows her eyes at the magicat, "This is your fault by the way."
"What did I do?" Catra feigns innocence, "I did say I'd get you naked, didn't I?"
"I'm not naked." Adora argues amused, "I'm… half naked."
Catra breathes Adora's scent in, "Close enough."
Adora lets her fingers pet at Catra's side as she feels the familiar vibration of Catra's purr, "You're wrong, you know?"
"About what exactly?" Catra grumbles out sleepily.
"About me."
"Hm?" The magicat's breathing starting to slow as her body starts to get heavier.
Adora rubs her cheek against Catra's furry shoulder, "I do want you. I always hoped you would be the one for me."
Catra doesn't reply, her arm that's wrapped around Adora's shoulder feeling heavier as her purrs gets quieter until only the sound of the magicat breathing can be heard.
Adora tilts her head up and smiles, rubbing her cheek once more against Catra's shoulder as she whispers into the sleeping magicat's body, "I've always wanted you. And one day…" Adora doesn't finish that sentence, afraid to jinx it as she hides her face in the blankets and gets comfortable to fall asleep, smiling to herself when she thinks about how they used to fall asleep like this as children.

"How was your date, dear?" Adora's mother asks, smiling a little wider when she sees the blush on Adora's face, "Looks like it went well. Did you kiss her?"
Adora shakes her head, "Not… not exactly…"

Her mother quirks an eyebrow at the marks on Adora's neck, "Hm… Judging by those hickies on your neck, I'd say you did more than kiss…"
"Stars… Mom!" Adora groans as she pulls the up the collar on her work polo, "Nothing happened."
"Uh huh." Her mother definitely does not believe her, "I was young once. I know what hormones can do to you."
Adora groans again, this time at the imagery of her mother doing *those* things, "Please… I don't want to picture my mother *like* that."
"What? How do you think you were created?" Her mother laughs out loudly, "Though… I have to say, it was quite *magical."*
Adora rolls her eyes, "Gross."
"I miss your father." Her mom sighs, "Randor was such a good man, I just wish you got to know him."
"Me too." Adora grabs her mom's hand and squeezes.
"I'm still angry that we lost you. I should have known that nurse was crooked." She looks at Adora with intensity, "Always trust your gut, Adora. Always."
Adora nods, "I know, mom."
"I mean it." Her mother double downs, "If I had trusted my gut, we would never have let her take you away from us. I knew she was too good to be true."
"It's not your fault." Adora sighs, "But, you know what? Fuck her and fuck them. You still found me despite everything. And for that, I'm grateful."
"I love you, Adora." Her mother tries to initiate a hug but can't due to the tubes still connected to her, Adora obliges and leans in to embrace her mom, "We lost so much time. And now, look at me!"
"It doesn't matter. What matters is that you're here now." Adora says confidently, "And you don't need to worry about money anymore."
"Oh, why is that?"
Adora sputters as she realises she's said too much, she knows lying is not her strong suit so when she pulls back from the hug, she sends her mother a sheepish smile, "Catra is… well…"
"Catra? The girl you were with last night?" Her mother quirks an

eyebrow at her.
"Yes. That Catra." Adora confirms with a nod, "She's… she can help."
"Oh? Does she have contacts or something?"
"…or something." Adora replies looking away, "Anyway, she can help. She knows Entrapta."
"Entrapta that mad scientist?" Adora nods, "She's quite the inventor, isn't she?"
"Yes. Amongst… other things." The blonde pushes back a few strands of hair that have fallen out of her ponytail, "Catra knows her."
"I feel like there's something you're not telling me, love." Her mother says knowingly. Adora does her best not to make eye contact with her mother, knowing that if she does, she will admit to something she's not proud of, lucky for her, her mother lets her off the hook, "Tell Catra thank you for her help, from me."
"Yeah, of course." Adora nods again as they fall back into their normal conversation.

New message from Wildcat69!

Wildcat69: What are you doing tonight?

Adora looks at the message and purses her lips.

AdoraG: It's Monday. So, nothing.

Wildcat69: Do you have any more dresses?

AdoraG: Y?

Wildcat69: I need a date tonight.

Adora frowns down at the message this time as she thinks about what else she has that's fancier in her wardrobe.

AdoraG: Only my red dress that I wore the other night.

Wildcat69: I'll get you something. Come to the hotel at 6pm.

AdoraG: I haven't agreed to this yet.

Wildcat69: Be my date tonight and I will guarantee you free food and drinks.

AdoraG: Sold!

Chapter End Notes

I am definitely planning to up this chapter count!
I've got some more ideas in my head that I want to incorporate into here.

Thanks for reading, commenting and kudos!
I'm still very surprised by the interest in this fic - so thanks!

Chapter Notes

New chapter! Nice and quick!
Enjoy!

See the end of the chapter for more notes

“Ah, good. You’re finally here.” Catra opens the door with a wide grin as she looks Adora up and down, “You’re late.”
“I am not!” Adora protests as she looks at the time on her phone, “It literally just ticked over onto 6pm.”
“Sure, sure.” Catra brushes her off and gestures for the blonde to follow her inside, “Come on. It starts at 7pm and I know it’s going to take you forever to get ready. Did you bring a change of clothes or anything?”
Adora quirks an eyebrow at the magicat, looking Catra up and down, “Why? You’re still wearing the same clothes.”
“I am. But I’m still attired for where we are going tonight.” Catra proudly declares, “I might need to do a quick run through somewhere with cologne or something…”
“You can’t stand the smell of them.” Adora points out from memory before leaning in and sniffs her, “You don’t smell too bad though. I’d say you’re passable, smell-wise.”
Catra grins back before grabbing Adora’s hand and dragging her into the bedroom, before letting go and standing back from the bed as the blonde looks down at the two dresses lain down on the bed on display.
“So? What do you think?” Catra asks from a few steps back from the bed, “I wasn’t sure if you wanted red or black. So, I got both. Same style though.”
“You really didn’t have to…” Adora blushes as she looks over at the magicat.

“I did. You needed something to wear for tonight. I’m just providing.” Catra puts her hand up to stop the blonde from arguing with her, “Pick one and try it on. I’m pretty sure I got the size right… if not… well, we’ll have to go back to the shop to get the right size.”
“It’s already late.” Adora rolls her eyes at the magicat, but it doesn’t seem to be clear what she means when Catra just shrugs back like it’s no big deal, “All the retail shops are already closed.”
“Not for me they aren’t.” Catra simply says, “Margie was more than happy to keep her shop open for an extra hour for me, just in case.”
“Margie?”
“Just try on a dress, Adora.” Catra groans, “You’re wasting time.”
Hesitantly, the blonde steps forward and picks up the red dress, looking it over before seeing the price tag and gasps, “Stars! I can’t wear this!”
“Why? What’s wrong with it?” Catra steps forward concerned and inspects the garment for any abnormalities, “Margie said it was exceptional.”
“This dress costs $25,000!” Adora shows the price tag to the magicat who just looks at it bemused, “I can’t wear this.”
“Because it’s $25,000?” Catra repeats slowly and Adora nods, “It’s a gift. Just try it on. See how it feels.”
“No way! What if I rip it or drop food or drink on it?” Adora starts to panic, “There’s no way I can wear this.”
Catra shakes her head, taking the dress out of Adora’s hands and then ripping the tag off of it, effectively making it unreturnable, “There. Happy?” she hands the garment back to Adora, “Now you don’t have to worry about it getting ripped or whatever. Get changed. You’ve got 10 minutes. Let me know if it doesn’t fit, yeah?”
Adora takes the dress back and hugs it to her chest, “Uh…”
“Great.” Catra moves around the blonde and exits the bedroom, closing the door gently, “10 minutes, princess.”
Adora nods with a sigh, the feeling of the dress exquisite in her fingers as she puts it back down on the bed and starts to undress.

“Adora! It’s been 15 minutes! Get your ass our here already!” Catra calls out as she knocks on the door only to be startled backwards when the blonde swings the door open, “Oh, geez…”
“Sorry.” Adora sheepishly says as she stands in front of Catra nervously, “Well, it fits.”
Catra’s jaw drops at seeing Adora dressed up in the garment she picked out for her as she looks the blonde up and down and words seem a little hard to speak, “Uh, um, wow.”
Adora smiles softly back at the magicat, a light blush on her cheeks as she tries to tease Catra, “And here I thought you were all suave and confident.”
“Never said that.” Catra replies shaking herself out of her stupor, “Shoes?”
“What?”
“What shoes are you wearing?” Catra asks as she looks at Adora’s socked feet, “You cannot wear your sneakers out tonight.”
“Well, I don’t have anything else.” Adora replies, “You never mentioned bringing shoes.”
“Not to worry.” Catra grins like she knew Adora wouldn’t be prepared as she slips past the blonde and back into the bedroom, “Just don’t look at the price tags.”
“What did you do?” Adora narrows her eyes at the magicat amusedly.
“I got you a few… options.” Catra replies as she pulls out a few shoe boxes, “I’m not sure what you’re into. Heels? Sandals? Ballet flats…”
Adora takes a box and opens it while Catra opens the other two, the blonde stares for a moment while she thinks through the options, “Mm, definitely not heels. Not unless you want me to fall over tonight sober.”
Catra laughs putting the lid back on the box, “Okay, so heels are out.”
Adora nods as she looks between the strappy gold sandals or the black flats, “What do you think would go with this dress?”
Catra stares at Adora in thought before answering, “Personally, I think the sandals would look good.”
“Sandals it is, then.” Adora laughs as she takes the shoes out of the box and puts then on, “They fit perfectly.”

“That was the plan, Cinderella.” Catra grins, “Okay, are you ready?”
“Yes.” The magicat holds her hand out to Adora and the blonde takes it, “What about my wallet and phone and other stuff?”
“The dress has pockets, princess. Use them.” Catra replies as she waits for Adora to grab her things, “You can leave your keys and shoes here.”
“Then, how will I get back into my place without my keys?”
“You aren’t.” Catra answers and Adora tilts her head at the magicat.
“I have work tomorrow, you know.” Adora points out, “I still need to go home and get ready.”
“Ugh, fine.” Catra grabs her keys and puts them in her pocket, “I’ll hold onto them for you, okay? You’re shoes are staying though.”
“Okay, fine, Thank you for holding my keys.” Adora smiles as she watches Catra take her phone and tap on it a few times before pocketing it, “Who are you texting?”
“Margie.” Catra replies with another grin, “Said we were all good and that she didn’t have to keep the store open.”
“How did you manage to do that?” Adora asks as the pair step into the lift.
“I just asked her nicely.” Catra says with a glint in her eye when she looks at Adora before breaking out in a laugh, “No, I paid her a thousand dollars to keep it open for me until 7pm.”
“You’re crazy.” Adora shakes her head, a small smile on her lips in knowing that Catra had done something like this for her, “Where are you taking me?”
“I’ve got to meet a potential client at some fancy award’s dinner.” Catra replies, “Should be boring as batshit, but I heard the food is good at this place.”
“Is this like a date?” Adora asks tentatively, “Or am I just arm candy?”
“You’re *my* date.” Catra replies with zero intention of being clear as they get to the lobby, “I’ve got a car waiting. Come on.”

“Hey.” Adora tugs on Catra’s arm as they are waved through into the main dining room.

The magicat turns around with a confused look at the blonde as Adora leans forward and tugs on her bow tie, "What are you doing?"
"Doing this up." Adora rolls her eyes and actually ties it up properly, "You're unbelievable."
"Why?" Catra asks with a grin, Adora's fingers still on her tie.
"You've got this, but you don't know how to use it." Adora says with a smirk on her lips.
"I like it undone." Catra replies, "So, I think I'm using it just fine."
"See." Adora shoves Catra back playfully, "Unbelievable."
The pair laugh as Catra holds her hand out to the blonde, "Are you coming?"
"Yes." Adora responds with excitement, "I've never been to anything so fancy."
"Mm." Catra hums in reply as they walk towards the large crowd of people gathered around in the dining hall, "I wonder where we're seated tonight…"
"Who are you meeting with?" Adora leans in and whispers into Catra's ear, causing it to flick into her face as she yelps and rubs her face, "Catra!"
"What?" Catra feigns innocence while Adora glares at her without any heat, "You'll probably know her when you see her."
"Okay…" Adora replies looking around the room at all the prominent sports people, "What are we doing here anyway?"
"Mingling. Expanding business networks. Schmoozing." Catra says in quick succession before she slumps down, "I hate this part."
"Then why do it?"
"Because Traps is terrible with people and she needs… test subjects…." Catra replies as someone waves to her, and she just nods back at them, "Okay, game on."

"Ah, Catra! It's so good to see you again." A lizard man grunts out in a friendly manner, "I didn't know you would be here."
"Hey Rog." Catra greets back, "I wasn't planning to be in Bright Moon but… something came up."
He nods back with a smile, "If you've got time, we should catch up. The crew would love to see you again."

Catra smiles back, “Yeah, I’ll think about it.” She pulls Adora forward, “Oh, this is Adora. My date for tonight.”
Rogelio turns to looks at Adora and smiles, saying something to Catra that Adora can’t understand too well, the blonde whispers into Catra’s ear, “What did he say?” and then she hears the lizard man laugh and just quirks an eyebrow up.
Catra chuckles along with Rogelio, before she answers, “He said that I was batting way above my average in having you as my date.”
“Oh.” Adora blushes before addressing Rogelio, “Thank you.”
He pats her on the shoulder and grunts something out and then leaves, Catra waving him off with another chuckle.
Catra looks over and finds a seating board and pulls Adora towards it, “Great, lets get to our table so we can get settled for dinner.”

“That. Was so good.” Adora grins as she finishes up the last of her chocolate cake and starts to eye Catra’s crème brulee and says dramatically, “I don’t think I can go back to my boring everyday life now.”
Catra laughs, “Well, this is a one off, princess.”
Adora pouts, but then smiles when Catra slides her dessert over to her, “Are you sure?”
“Yeah. Sugar and my stomach don’t really mix too well.” Catra says as she slides Adora’s empty plate in front of her.
“I can ask if they have something else for you.” Adora looks around for a waiter.
“No. Don’t worry about it, babe.” Catra brushes Adora’s concern off, “Besides, I’m saving room for more drinking.”
Adora nods gratefully as she digs into her second dessert while Catra makes conversation with the other people on the table.

Adora yawns as she sits on her chair happily sated from dinner and dessert, she’s had some conversations with a few sports personalities but nothing too deep. She watches as Catra comes

back to the table with 2 more drinks in her hand, handing one to Adora and then taking a sip from the second one.
"It's a mocktail." Catra says to Adora.
"Oh, thank you." Adora smiles at the magicat as she takes a sip and the smile gets even wider, "Mm… this is really good. What have you got?"
"Not a mocktail." Catra replies as she sips from her glass, "Rum and coke."
Adora yawns again, "What time is it?"
"Nearly 9pm." Catra says as she polishes off the rest of her drink and stands up, "Wanna dance?"
"I'm way too full to dance." Adora says putting her drink down and patting her stomach to empathize the point.
"We'll slow dance." Catra says with a smirk as she holds her hand out for the blonde to take, "Come on, princess. If I'm not getting any, at least let me have this dance."
Adora sighs fondly and gets up, taking Catra's hand and letting the magicat lead her to the dance floor before wrapping her arms around Catra's neck, "If I throw up, it'll be your fault."
"You won't throw up." Catra confidently replies as they sway slowly to the music, "Wouldn't be exactly a winning situation for either of us if you did."
"Hm…" Adora says as she leans into Catra's neck and yawns, "Sorry… I've had a long day today."
"It's alright." Catra says softly, "I'll take you home after this song."
Adora hums back happily, "Okay."

"Excuse me." Someone taps Adora on the shoulder as she watches Catra move around room to say her goodbyes.
"Huh?" Adora takes a step back to see who's talking to her, "Hello?"
"Are you… Adora?" The woman asks and Adora tilts her head, "Oh, sorry. I'm Huntara. The footballer."
"Oh, yes. I know you, I've seen you a few times on tv." Adora smiles and shakes her hand, "Yes, sorry. I am Adora. It's so nice to meet you."
Huntara grins back like she knows something about the blonde, "I

must say, you look a lot better in person."
"Excuse me?" Adora frowns back at the comment, "What?"
The large purple woman shrugs, "I said you look a lot better in person."
"Okay…" Adora says unsurely, "…thank you?"
Huntara crosses her arms over the chest to show off her biceps straining against her sleeves, "So, how was it?"
Thinking that Huntara is talking about the event, she replies, "Oh, it's been really good tonight. The food was amazing, and the awards weren't that bad either, quite entertaining."
There's a beat of silence between the pair, then Huntara laughs out loud, her hands go to her knees as she continues to laugh.
Adora looks at her confused, "Uh, okay. But it really was good tonight."
"No. That's…" Huntara stifles her laughter, "That's not what I was talking about."
"No?"
"No." The larger woman straightens up and crosses her arms over her chest again, "I wasn't talking about tonight. But I was talking about *the night."*
Adora furrows her brows, still unsure what Huntara is referring to, "What night?"
"The night you fucked the highest bidder." The words send shockwaves through Adora's body as she feels everything inside of her heat up in embarrassment and guilt, Huntara stands there with a smirk on her face, "I got to say. I was very disappointed to lose though. I was *so* close."
Adora takes a step back, the conversation becoming very uncomfortable as she looks around for Catra in a panic, she clears her throat, "I… I don't know what you're talking about…"
"Don't be coy." Huntara says quite loudly, much to Adora's dismay at this exchange, "I know it's you… AdoraG."
"No. You must be mistaken." Adora looks away, swallowing hard as she continues to search for Catra, "I don't know what you are talking about."
"Oh, come on, blondie. I'm not stupid." Huntara pulls out her phone and taps it a few times to show her a screenshot of the auction that she lost and a zoomed in picture of Adora's profile,

“Tell me again that this isn’t you.”
Adora tries to reach for the phone, but Huntara holds it up in the air and out of her reach, a chuckle escaping her lips as Adora starts to plead, “Stars… please, get rid of that! Delete that!”
“Why should I?” Huntara smirks and then quirks an eyebrow up at the blonde, “Unless…”
“Unless what?” Adora huffs out unhappily.
“Unless you sleep with me too.” Huntara says much too casually that a few people catch it and turn their attention towards the pair before leaning in to whisper into Adora’s ear, “Or… I can just… out you to everyone here.”
“No. Don’t do that.” Adora quickly says, her hands fisting by her sides at the blatant blackmail.
“Okay.” Huntara smirks, looking at her phone and then back at Adora, “Tell you what, I’ll delete these if you come back with me tonight. I bet whoever won that auction was shit in bed anyway. I’ll show you how it’s done.”
Adora’s teeth grind together at the thought of leaving with the large woman, and just as she’s about to give Huntara a piece of her mind, Huntara growls out angrily as Catra snatches the phone out of the large woman’s hand, “What do we have here?” Catra says casually as she starts tapping away on the phone.
“Hey! Give that back!” Huntara lunges for Catra but misses, the magicat too fast as she finishes whatever she was doing and tosses the phone back, “Hey! What the fuck?!”
“Try that shit again and I will release that footage of you and that suspicious white powder you seem to be snorting.” Catra threatens, Huntara glares right back in anger, “Also, forget about the contract. I don’t know what Scorpia was on about, thinking that you’d changed.”
“You know your girl is a whore, right?” Huntara seethes out pettily, “Fucked the highest bidder for a few million.”
Catra growls as she turns her back on the larger woman, tugging Adora along with her.
“Run away with your slutty girlfriend!” Huntara calls out in an amused tone, “At least you won’t have to pay for it!”
Catra stops dead in her tracks as Adora runs right into the back of her.

The blonde knows this type of posturing, she squeezes Catra's hand trying to get her attention, "It's not worth it, Catra."
Catra doesn't look into Adora's eyes, instead she mutters out, "It is worth it."

WHACK! THUMP!

Huntara goes down in a heap, her hand on her reddened cheek as Catra stands over her in a predatory stance, growling out angrily. The crowd around them gasp as they all take a few steps back and watch on in a mixture of surprise and shock.
"Leave." Catra growls out, "And if I see you harassing anyone else, I *will* break your jaw *and* your career."
Huntara gets up as a few security guards come over, she glares at Catra and then a sly smile appears on her face, "The cat attacked me first. Everyone saw it. Get her out of here."
Catra tilts her head at the larger woman and then looks back to see the security guards, "Please escort Huntara out."
"What?!"
"Now." Catra orders with the same angry look on her face from when she punched the larger woman.
The guards rush forward and forcefully pull Huntara out of the dining room, escorting her out of the event as she shouts, "Let go! Kick her out! What the fuck is going on here?!"
As soon as Huntara is forced out, Catra is on her phone and talking to someone as Adora cautiously approaches.

"Do it." Catra says into the phone, "I don't care how long it takes you or how many laws you break, just do it. Okay. Bye."

"Who was that?" Adora asks as she taps Catra on the shoulder, the magicat turns around, "Also you didn't have to do that…"
"I did." Catra says more in a growl, "I can get most of that shit off the internet, but it will never be completely wiped."
Adora nods, completely taken aback by what Catra's is doing for her and all she can say is a quiet, "Thank you."
"Yeah." Catra replies with a sigh, "I'll get you home now."

The ride back to Adora's apartment is silent as they maintain the lack of eye contact and conversation. When the car comes to a stop, Adora sighs and hesitates to unbuckle her seatbelt.
"Well, goodnight, Catra." Adora says without looking over, "Thanks for a… mostly wonderful night."
"Adora." Catra says as Adora reaches for the door handle.
"Hm…mmphf!" Catra lips crash against Adora's in an intense kiss goodnight, with the kiss ending a little too quickly and the blonde almost falls into Catra's lap, "Uh… what was that?"
"Goodnight, Adora." Catra simply says as she brushes back a few strands of hair from Adora's face, "Until we meet again."
Slowly and in a daze, Adora nods as she gets out of the car. A smile on her lips as she waves to Catra once she's shut the door. The magicat waving back briefly as the car drives away.

New message from Wildcat69!

Wildcat69: Thanks for being my date tonight. I apologize for my outburst and hope you will forgive me.

Adora smiles at her phone as she lies in bed, her fingers touch her lips as she remembers Catra kissing her goodnight as she basks in the soft glow of her phone illuminating her bedroom.

AdoraG: Only if you come over tomorrow.

AdoraG: And bring my shoes back!

AdoraG: Also… I think I'm ready.

Adora bites her bottom lip in anticipation as she waits for Catra to reply.

Chapter End Notes

yes... I've upped the chapter count.
Do I have enough ideas for another 5 chapters? maybe.

I'm on the road again this week... so we'll see how motivated I am to write while on the road...

Thanks for reading, comments and kudos.

Catra looks at the last text from Adora.

AdoraG: Also... I think I'm ready.

She reads it over and over again.
A mixture of emotions wash over her in just the space of a few short moments as she tries to gather them and reel herself back in.
Elation is the first thing she feels upon thinking about Adora wanting her. She'll never admit it out loud, but Adora has been the one she's always wanted. Right from that first kiss to the last one in the car as she bid her goodnight.
Guilt comes next. This is totally out of obligation. She knows Adora is doing this out of obligation. That fucked up saviour complex of hers. Why the fuck did she have to give her the money *and* coax her up to her room. That was a truly bad idea.
Trepidation. What if she screws this up and makes Adora hate her after this? What if it's really bad and it puts the blonde off sex forever. She cannot have that hanging over her head for life.
She's about to go through the next stage of whatever the fuck she's feeling when she gets another text. Pulling the phone towards her she glances down at the notification.

Traps: Come back at once! I have made progress!

Traps: You can continue whatever silly endeavour or conquest afterwards. Come back now!

Traps: Oh, I forgot to add, please!

Catra growls, muttering under breath, "Great timing as always, Traps. Really fucking great timing…"

"You did what?!" Glimmer shrieks as Bow covers his ears before she rolls her eyes at him and lowering her voice back to normal, "Why would you write that?!"
"Because I think I am ready." Adora replies taking her phone back in a bit of a huff at being questioned.
"Are you though?" Bow asks squeakily as he steps forward, ever the concerned one, "Are you sure this isn't because she's already given you the money and you've already used some of it to pay off some medical bill?"
"Well, pfft… no?" Adora replies unconvincingly, "I… she did something yesterday…"
"What? I swear to the stars if she did something inappropriate…" Glimmer starts to threaten but Adora raises her hand up to stop that train of thought, "No? Then what?"
"She punched Huntara… last night on our… date?" Adora bites her bottom lip with a small grin pulling on her lips while remembering that moment, "Well, I'm not sure if it was a date or if I was just her date for this thing last night…"
"You went on a date, and she punched an international football player?" Bow asks with wide eyes before trying to understand the mechanics of that situation, "Why?"
"You know that other bidder?" Glimmer nods whereas Bow has no idea as he wasn't watching the auction at the time as Adora continues on, "That was Huntara."
"No shit! That username was so gross… Hunter4K… yuck!" Glimmer's jaw drops in shock, "What the actual fuck?!"
"I know!" Adora completely agrees before collapsing on the couple's couch, "Well, apparently she had screenshots of the page and recognised me last night."

"Oh." Bow and Glimmer sit down next to her, "Are you alright?"
"I felt so…" the blonde sighs out, "Stupid. I just feel so… dirty."
"Oh babe!" Glimmer and Bow wrap her up in a group hug, "If I was there, I would have kicked her ass."
"Me too." Bow adds and that makes Adora laugh.
"Yeah, and you guys would have been knocked down on your asses not to mention she looks like the type to press charges…" Adora thinks, "But thanks for the offer anyways. It isn't necessary though."
"What did she want?" Glimmer asks as they give Adora a little more space to breathe again, "What did she say?"
"She was trying to blackmail me into sleeping with her." Adora says bluntly, "Like I said, she pulled out the screenshots from the auction and was threatening to expose me, even though the whole thing was cancelled once Catra had won the auction!"
"What a bitch!" Bow scoffs out, much to the surprise of this friends, "What?! She is!"
Glimmer and Adora look at each other before breaking out in laughter, Glimmer patting Bow on the shoulder in good nature, "I love you, Bow!"
"I love you too." Bow replies with heart eyes, "But I stand by what I just said. I can't believe she'd do that. She is nothing like the persona in public!"
"Definitely not." Adora agrees.
"What happened after?" Glimmer asks, pulling them back onto topic.
"After trying to blackmail me?" Glimmer nods, "Well, Catra snuck up and grabbed Huntara's phone and deleted all those pictures."
"She did?" Bow says sounding a little proud of the magicat, "Good. I was going to say property damage probably wouldn't have been the best idea."
Glimmer looks at him somewhat confused before turning back to Adora, "You said Catra punched Huntara?"
"Yeah, she did." Adora nods before adding, "But that was because she was… was…"
"Was what?" Glimmer asks softly, gently squeezing Adora's arm, "It's okay."
"She called me a whore and a slut." Adora frowns down, her

hands fisting in her lap at the memory before she takes a calming breath, "I asked Catra to let it go, but… well, yeah. We were just trying to walk away after Catra had deleted the photos and told her to stop harassing us when she starting saying those things and Catra just… well… she just punched her."
"That…" Bow starts to stay before his eyes light up, "…is so awesome!"
"Gotta say, I wasn't expecting that magicat to do something like that. But kudos to her." Glimmer nods approvingly, "I can see why she got you all wet."
Adora blushes, "She… what?! Stars! Glimmer!"
Glimmer shrugs with a smirk on her lips, "Is that why you want to fuck her now? Because she totally defended your honour. Fuck, I'm surprised that you didn't throw that punch."
"I really wanted to." Adora swallows down hard, "But… I didn't want to get Catra into trouble since I was her date and all. I thought it wouldn't look good if I started a fight."
"What happened after? Did you guys get thrown out?" Bow asks, "Because that would be totally unfair!"
Adora smiles at her friends, "Actually… we didn't get thrown out."
"Oh?" Glimmer quirks an eyebrow up at the blonde.
"No. In fact… Huntara got tossed out by security." Adora happily declares, "Catra just told them to get her out and security did."
Glimmer and Bow start to laugh out loudly, Bow grinning widely, "That is so awesome!"
"I know!" Adora agrees, "And she was like, totally pissed off. Because Catra threw the punch!"
"Deserved it, in my opinion." Glimmer nods once she stops laughing.
Adora chews on her bottom lip before she tells her friends the real reason why she thinks she's ready, "Catra also talked to someone about wiping all that off the internet but said that they probably couldn't get rid of all of it. Also… something… something happened on the way home. When she dropped me off afterwards."
"Oh yeah?" Bow asks.
Adora nods, she's trying to hold back her excitement of telling her friends the news, "She kissed me."

"Oh, my stars!" Glimmer pulls Adora into a hug, which Bow quickly gets in on as well, "Congrats! Whoop! My girl is growing up so fast!"
Adora rolls her eyes at her friend, "That wasn't my first kiss, Glim."
"Sure, sure." Glimmer waves the comment off with a smile.
"How was it?" Bow asks, "The kiss?"
"Brief but really good." Adora finds herself giggling, covering her red face, "I was about to get out of the car and she pulls me back for a kiss and then she said goodnight and then I left."
"When are you going to see her again?" Glimmer releases Adora from their group hug, "She has to totally meet your mom before you have sex with her."
"What?! No way!" Adora shrieks, "I am not introducing Catra to my mom just to tell her… everything."
"She doesn't know?" Bow asks and Adora shakes her head, "Oh… then how does she think you all of a sudden are able to afford all the bills?"
"Does she even know about Catra?" Adora nods in confirmation to Glimmer's question, "Does she know that that Catra's basically gave you all that money? Obviously, she doesn't know it's in exchange for sex but hey-ho, right?"
"I don't… that's just really embarrassing." Adora admits sheepishly, "I can't tell her that. Like, ever."
"Okay…" Glimmer says, "So… I know you said that you think you're ready… but are you *really* sure?"
"Yes. I think so." Adora nods, "I've never felt like this with anyone else."
"I know, babe." Glimmer pats Adora on the thigh, "We don't want you to regret it, is all."
"I know." Adora tries to reassure her friends, "I know what I'm getting myself into."
"Do you, though?" Bow nudges Adora's side, "Because we know you. And we love you, Adora. But honestly, I think if you're going to just do this and Catra isn't going to reciprocate your feelings…"
"Feelings?" Adora eyes widen in shock, "It's just sex, guys!"
"Not for you." Glimmer points out, "Like Bow said, we know you and we love you." Adora nods a little bemused at what her friends

are trying to say as Glimmer continues, "We know that you don't do things half hearted. And… we don't want Catra to break your heart because you *give* this to her and then she ups and leaves again."
"I'm not *giving* her anything." Adora remarks, "It's… contractual."
"Wait… do you want more with Catra?" Bow tilts his head at the blonde, "Like… do you want her to be your girlfriend?"
Adora blushes at that, "I… I don't know. Yes? No? Maybe? I… it doesn't matter anyway. She doesn't want that."
"How do you know?" Bow asks softly.
"She said that she didn't want to be a girlfriend." Adora sighs.
"But she kissed you…" Glimmer points out and Adora's nods again, "Well, that's just confusing."
"I know…"
"Well, you'll just have to talk to her." Bow says determinedly. "You have to know where you stand with her."
"I know…" Adora repeats.
"She did say that you didn't have to pay the money back even if you didn't have sex with her, right?" Glimmer thinks back.
"Yeah. But I also made her sign a contract to say that she couldn't have sex again unless it was with me." Adora points out, "Now… I don't know what to think."
"Well, she did say that this was totally your choice though." Glimmer points out, "So… you may as well find out what exactly she's thinking. It's not like you've got anything to lose… money-wise that is…"
"Yeah, you're right." Adora agrees reluctantly, "I asked her to come over to my place tonight. But… she hasn't replied yet."
"I'm sure she'll reply soon." Bow says with a quiet confidence, "Maybe she's just busy right now."
Adora nods, "Yeah, hopefully."

New message from Wildcat69!

Wildcat69: Princess. I know I'm not forgiven, but I've been summoned back home quick smart. I will be back to accept what's rightfully mine in good time from you.

Wildcat69: By the way, I broke into your place and dropped off your shoes.

Wildcat69: You need better locks.

Wildcat69: Until we meet again.

Adora looks at the items left neatly in her bedroom as she pulls out her phone to look at the messages that she's missed due to being caught up with her mom in hospital. Looking at the messages, the blonde huffs out a little angrily as she types back a response.

AdoraG: You just left? What the fuck, Catra?

AdoraG: Also I don't want all the other stuff. I only wanted what was mine.

AdoraG: Send me your address so I can send them back to you.

She looks at the last message she's just sent and frowns down at it before gritting her teeth as she calms down a little.

AdoraG: When are you coming back?

She wants to add, 'I miss you' but instead deletes that message instead opting for a different option.

AdoraG: Mom wants to meet you.

AdoraG: She basically insisted on meeting you so you have to come.

AdoraG: You can't say no to a sick woman in hospital.

Catra looks at the flurry of messages on her phone as she's about to put her phone on flight mode, huffing out at the guilt trick tactic Adora is using on her. There's no way she's about to meet the parent of the woman she's planning on fucking. No way.

AdoraG: Please?

AdoraG: [img.1]

Catra groans out when she sees the pouty face selfie Adora has sent her, the flight attendant passing her pauses for a moment as Catra waves her off while the magicat types a response.

Wildcat69: I hate you.

Wildcat69: Fine. I'll meet your mom.

Wildcat69: I must be a bad influence on you if you are playing dirty.

And with that Catra puts her phone on flight mode and tucks it back into her pocket for the remainder of the trip which is about to start with the announcements coming over the speakers.

Adora can't help the grin on her face when she realises how easily Catra has given in. Maybe she doesn't have to return the extra stuff Catra had organised for her on their not-date last night. She hangs the extremely expensive and brand new black dress up in her wardrobe and tucks the shoe boxes underneath it, pulling out her sneakers and popping them onto her shoe rack, before she realises that Catra had actually broke into her home.
"Fuck." Adora groans as she goes to check her locks to see if they

or the doors have been damaged in anyways before wondering how the magicat had figured out her alarm code.

New message from Wildcat69!

Wildcat69: Last one, your alarm code was as easy to crack as my phone was for you, dumbass.

Adora can't help but laugh, of course Catra would be able to figure out her alarm code. It had been the magicat's birthday since forever, though she hopes Catra hasn't figured out that she uses that for most of her online accounts. She bites her bottom lip as she types back a few messages.

AdoraG: Have a good flight.

AdoraG: Let me know when you land.

AdoraG: And when you come back.

AdoraG: You can stay at my place to save money.

AdoraG: Not that you need to save money…

AdoraG: I miss you already.

Adora stares at the last message before panic begins to sink in at having texted that last message as she tries to recall and delete it from the thread. Unfortunately, this app doesn't let her, even with all the tricks she knows, which really isn't that many, but still, it's to no avail. It's out there now. Adora swallows down hard, she doesn't know where Catra lives or how long her flight is, so, for now, she'll just have to wait.
It's out there now she repeats to herself in her head.
Then another thought pops in her head and she has to giggle to herself as she says to herself out loud, "At least I didn't write, I love you."
The words feel comfortable on her lips when she thinks about

Catra and then it dawns on her, “Oh no…”
She unlocks her phones and video calls Glimmer and Bow on their group chat, the pair answer using Bow’s phone, both squeezing into the one frame.
“Hi Adora!” They pair greet happily, “Didn’t we just talk to you this morning?”
“Guys! Guys!” Adora frantically says ignoring the fact that she most certainly did talk to them just this morning as she blurts out, “I think… I think I’m in love with Catra!”

New message from Wildcat69!

Wildcat69: I've just landed

Wildcat69: I miss you too

Wildcat69: I'll call you when I have a chance and things settle down

Adora's eyes widen at the texts from Catra, a wry smile on her lips at seeing her words reciprocated as she thinks about what to text back.

AdoraG: You don't have my number. Do you?

AdoraG: I don't remember giving you my number...

AdoraG: Catra!!! Give me your number!

AdoraG: When are you coming back?

Catra chuckles at the messages from Adora as she tucks her phone back into her pocket and flops down onto her lush bed, happy to be back home in the house she bought (and paid off) with her first paycheck as she feels her phone vibrate in her

pocket, no doubt another message from Adora.
With a slight groan, the magicat rolls over and pulls her phone out and unlocks it to find another photo from Adora. Another selfie. Adora's put on the black dress and the pair of heels the magicat had bought for their date the other night as she poses with one hand on her hip while holding the phone up.

AdoraG: [img.2]

AdoraG: Would this convince you to come back sooner?

Catra screenshots that image and saves it to her phone before closing the app and then dialling up Entrapta.

"Catra!" Entrapta beams after barely a ring, "I thought you were going to get some sleep first…"
"I was. Uh, I am." Catra sighs out, "I've… it's a personal thing."
"Has it got something to do with you transferring a rather large amount of money into Adora's account?" Entrapta asks, "She has already spent some of the sum, paying off hospital bills, medications and a recent unscheduled treatment. I'm assuming this is the reason she had put herself onto that website."
"Yeah. Nail on the head, Traps." Catra confirms.
"So… what seems to be the problem?"
"Nothing. There's… there's no problem." Catra sighs again, "I just… I screwed it up. Like, royally."
"How so?" Entrapta asks, "It's not like you to force anything or anybody… right?"
"Stars, no." Catra growls out, "I haven't forced her to do anything."
"Oh… so?"
"So?" Catra repeats back, "So, she expects me to hold up my end of the deal is what's so."
"You don't want to sleep with her?" The question is said in confusion from her smart friend, "Wasn't that the whole reason she even started this?"
Catra groans out frustratingly at her friend's lack of social

awareness, “No. The whole reason wasn’t for her to go out and fuck some stranger for fun. It was so she could pay off her debts.”
Catra shuts her eyes and takes a deep breath in and out, “She thought this would be the quickest way to get the funds. She’d do anything for the people she loves. Unfortunately, I’m not one of those people.”
“Yes, you are.”
“What?”
“Yes, you are.” Entrapta repeats, “Did you not hear me? This connection is very stable so there should be no reason that you couldn’t hear me. Understanding however… you haven’t forgotten how to speak or understand this language… have you?”
The absurdity of Entrapta’s brain has Catra laughing in relief, “Don’t ever change, Traps.”
“I won’t.” Entratpa says bemused, “I don’t think I mentally could, well, not without some kind of brain injury... Not when I’ve already reached maturity and all.”
“Uh huh.” Catra replies, a grin still on her lips, “Well, I don’t think I’ve got to that level yet.”
“That’s because your species takes a little while longer to mature. But you’ll get there.” Entrapta explains happily, “When are you coming to the lab?”
“You mean the office?”
“Lab. Office. Same thing.” Entrapta says, “When?”
“Tomorrow.” Catra replies, “That flight took a lot out of me.”
“Why you don’t travel in first baffles me.” Entrapta says with what sounds like she’s scratching her head, “You have the means…”
“I know I have the means.” Catra replies, “And *you* booked the flight as first. I just gave it up to someone who looked like they needed it more than I did.”
“And it’s a very long flight. What are you punishing yourself for?” Entrapta asks, “You’ve got nothing to repent for.”
“I know. I just… it still doesn’t feel right.” Catra breathes out, “I think if I go up there… and then everything goes downhill. I don’t think I’m going to be able to come back down again, you know?”
“No.” Entrapta replies, “Why would anything go downhill?”
“Well, you know that saying?” Catra asks, and when she’s met with silence she continues, “What goes up, must come down?”

“Oh, you’re talking about gravity.” Entrapta surmises, “You are correct in saying that though, there will always be ups and downs. But that’s got more to do than just gravity. It is a way of life. But as long as our downs are less than our ups, we’ll be fine.”
“Anything can happen.”
“Indeed.” Entrapta agrees, “But we have contingency plans for most probabilities. And I’ve tested most of those options to check for flaws and faults. As I do with everything in the business.”
“And that’s why you’re the brains, Traps.”
“Thank you!” Entrapta beams again, “But we are a team, after all. My brains don’t sell the business like you or Scopria can.”
“Right.” Catra says.
“So… to come back to the original problem… do you love her?” Entrapta asks bluntly, “I was under the impression that the auction was cancelled after you won the bid.”
“It was.”
“Then?”
“She made me sign another contract.” Catra says, “One where *if* I have sex, the next person I would have to have sex with would be her.”
“She initiated this?”
“Yes.”
“Why?”
“No idea.” Catra chuckles back with a shake of her head, “She… I might have said something stupid.”
“You said that you would be her first.” Entrapta says knowingly, “Because you won the bid and already transferred the money.”
“I told you it was stupid.” Catra repeats as she rubs her temples, her eyes still closed, “Now she’s telling me that she misses me and she wants to know when I’m coming back.”
“What’s wrong with that?”
“I… I can’t just sleep with her. I can’t be her first, Traps.” Catra admits, “Not when she’s only saying and doing all this so she can feel better about taking my money.”
“I can’t believe I’m going to say this…” Entrapta replies with a hint of amusement in her voice, “You are such an idiot.”
“I know.”

New message from Wildcat69!

Wildcat69: What time do you finish work?

Wildcat69: Let me rephrase that, when is the best time to call you?

Adora checks her messages while waiting for her mom to come back from the bathroom as she types out a response.

AdoraG: You can call me any time.

AdoraG: Literally, not that you're gonna since you don't have my number…

AdoraG: I got let go this morning. Cutbacks apparently.

AdoraG: Now I'm unemployed and will have to start job hunting again.

"Who are you texting, love?" Adora's mom interrupts her, leaning over her shoulder and looking at the last texts, "Oh no. That's terrible! They fired you!?"
Adora sighs as she tries to hide her phone, "Yeah. Cutbacks, apparently."
Her mother grimaces and then frowns down before patting Adora on the shoulder, "You'll find something." Adora nods, "And in the meantime, the doctors said I can go home and recover."
"No, they didn't." Adora deadpans, knowing full well her mother is lying so she's not sitting in hospital and accumulating more bills, "You can't just up and leave in the middle of treatment, mom."
"What's the point, love?" Her mother takes a seat on her bed, wincing a little as Adora quickly gets up to help her get comfortable before returning to her seat, "Thank you." She says as the blonde nods back, "I've lived my life, Adora. Maybe it's time…"

"No. Don't you dare finish that sentence." Adora warns, "You are not giving up. We're already three quarters through the treatment and look at you. You already look so much better."
Her mother wants to argue with Adora, but just looks away feeling guilty at having burdened her daughter with all of this.
"I'll figure this out." Adora says reassuringly and as she's about to confess that she's got more than enough money to pay for all of it her phone rings, startling both women, "Shit! Fuck!"
"Language!" Her mother chastises and Adora looks away sheepishly.
"Sorry."
"Are you going to answer that?" Her mother asks looking at the phone ringing in Adora's hand, "It might be important."
Adora looks at the unknown number on her phone, "I don't even know who this is. I'm not answering it." The blonde vehemently replies, "If it's important, they can leave a message."
The blonde quickly silences the call and then looks back at her mom. The older woman looking back at her, "What happened? Why did they let you go?"
"New management." Adora replies, "Bunch of ass… dummies if you ask me."
Her mother smiles at the almost curse, "Sounds like it."
And then Adora's phone vibrates with a notification. She looks at it and realises it's a voice message from whoever tried to call earlier.
"I bet it's a scam caller or some telemarketer." Her mom predicts with a laugh, "Put it on speaker phone, I want to hear it."
Adora rolls her eyes, shaking her head with a smile, "Okay." She shuffles closer and sits on the edge of the bed, her mom pulling her back so that's she's being cuddled as the blonde pushes the play button.

New message from unknown caller ID: Hey, Adora. It's me. This is my number, for real. I, uh, I liked that photo you sent me. It was… mmm… very sexy… Anyways, call me back whenever. I don't have a schedule.

"Photo?" Her mom says with a shit eating grin on her face, "Who have you been sending sexy photos to, hm?"
Adora's face goes bright red as she struggles to get out of her

mother's strangely still strong arms, "No one! I don't know what you're talking about."
Her mother laughs, "I'm not letting you go until you tell me, Adora."
"Mom!" Adora shrieks before clamping a hand over her mouth at how loud she must have been, "Stop."
"Nah uh! Was it… that girl you went out on a date with?" Her mother slyly asks, "Catra, was it?"
"Maybe…" Adora replies as she all of a sudden nearly falls out of the bed, "Ugh, fine. Yes. That was Catra."
"Did you tell her I would like to meet her?"
"Of course." Adora huffs out before sitting back into her chair again, "But… she's gone."
"Gone?"
"She went home." Adora answers looking down at her phone before saving Catra's phone number into her phone and then locking the device.
"Aren't you going to call her back, dear?" Her mom asks with interest, "What did she mean she doesn't have a schedule? Does she not work?"
"I'm pretty sure she has a job." Adora replies with a chuckle, "I don't know what it is, but she brought me to this party or something that had a lot of famous people."
"That's interesting." Her mom nods before repeating, "Are you going to call her back?"
"Later." Adora tries to brush off her mom's insistence.
Her mom gives her a disappointed look as Adora taps the back of her phone with her fingers. The older woman then asks, "You said Glimmer sent you some photos of her and Bow's holiday?"
"Oh, yeah." Adora looks up with a smile, glad for the change of subject, "Wanna see?"
"Yes please." Her mother grins as she holds her hand out for Adora's phone, the blonde unlocking the device and scrolling through it until she finds the photos and hands the phone over to her mom, "Thank you."
Adora smiles back as she sits back down on the chair, grabbing the tv remote and turning the set on, looking for something to watch when she hears what sounds like a call being made, "Mom?

Who are you calling?”
Her mom just smiles back at her, holding her hand up to Adora to tell her not to interfere.
“Mom?” Adora tries again, this time standing up from her seat and walking over as her mother changes the device to the other side and further from the blonde, “Mom! Who are you calling?”

“Hey, Adora. Took you long enough.”

Adora’s eyes widen at Catra’s voice on the speaker as her mom clears her throat.

“Oh, hello, you must be Catra. I’m Adora’s mom, Marlena. I don’t think we’ve formally met.” Her mother starts to talk, “How are you?”

“Uh, I’m good.” Catra’s voice a little surprised at who’s she’s talking to, *“Is, is Adora there?”*

“Why, yes. She is.” Marlena grins at Adora while her daughter gestures for her to hand over the device with daggers in her eyes, her mother brushing aside Adora’s empty threats, “So, my daughter seems to have taken a fancy to you. What with the sexy photos and all.”

Catra chokes on nothing on the other side of the line, *“It, uh, it was just one. I swear.”*

“It’s alright, dear.” Marlena replies calmly, “Adora has told me so much about you.”

“She has?”

“Of course.” Adora’s mom laughs, “When I first found her, all she could talk about was Catra. Catra, Catra, Catra!” Marlena laughs again as she continues, “And then when we finally had enough money and a reliable car to go back, that… monster… told us you had died. Adora was just so sad.”

“She was?”

“Has she not told you any of this?” Marlena eyes Adora’s red cheeks.

“She did...”

“Anyway, she’s been so much happier since you came back into her life.” Adora tries and fails to reach for her phone as her mom slaps her hand away, “When are you coming back? She misses you.”
“I do not!” Adora protests with a pout.
“Stop pouting, Adora.” Marlena scolds lightly before stage whispering to the blonde, “I’m talking to your girlfriend right now.”
“She’s not my girlfriend!” Adora whines out.
That seems to stop Marlena’s teasing in its tracks, “Why not?” she looks at Adora and then back at the phone before repeating the question to Catra, “Why not, Catra? Is she not good enough for you?”
And before Catra can answer that, Adora manages to snag her phone back, “Aha! Got it!” she takes the call off speaker and holds it to her ear where she hears the middle of what Catra is saying.

“…she’s amazing and I… I’ll never be good enough for her. Not the other way around.”

“Catra?” Adora’s voice takes over the call, “I am *so* sorry about that!”
“Adora? Catra’s voice seems stunned, “Uh, hey.”
“My mom hijacked my phone.” Adora sticks her tongue out at her mom before turning her back, “Hang on, I’m just going to head out for a little privacy.”
“Awe, come on, Adora!” Marlena complains, “It’s so boring here. Entertain me just a little.”
“No.” Adora shuts her down, “I’ll just be outside for a few minutes.”
“Fine. Don’t let me live through you.” Her mother pouts out as Adora takes a few steps forwards and kisses her mom on the forehead, the older woman relenting, “Go. Talk to your girlfriend.”
And before she can retort her mother adds, “And tell that she can’t turn down a sick woman in hospital.”

Adora laughs, “I already told her that and she said she would come see you the next time she was in town.”
“Good.” Marlena says satisfied, “Okay, go.”
Adora nods and walks outside the room and shuts the door behind for a little more privacy.

“Catra?” Adora says into the phone, “Are you still there?”
“Yeah. I’m still here.” Catra replies, “Is everything alright? You said you’ve lost your job?”
Adora nods despite Catra not being able to see it, “Yeah. Got let go today.”
“That sucks.”
“It does. But it was a crappy job anyway.” Adora sighs, “I better get my resume updated and start the job hunt again.”
“Or…”
“Or?”
“Or you can, not.”
“Not, what?” Adora says confused.
“Princess, I don’t know if you’ve looked at your bank account lately, but I’m pretty sure you don’t need to work for the rest of your life.” Catra says flatly, “Well, as long as you don’t go out buying islands or gambling it away at the casinos.”
“No. I’m not living off that money.” Adora declares, “That money is for mom.”
“Stars… you really are an idiot.” Catra sighs, “I looked it up. At most, all her treatments are going to be in the hundreds of thousands, not millions.”
“You don’t know that.”
“Yes, I do.” Catra replies with a huff, “I looked up how much it costs for your mom’s treatments in that hospital as well as home care when she gets out. You’ve got more than enough to cover her expenses if she lives to a hundred.”
“That’s not the point.” Adora huffs right back.
“Then what is the point, Adora?” Catra says, “What do you want?”
Adora pauses, looking around, “I… I don’t know what you mean.”
“I’ve given you the money, and more. And I don’t expect anything back, you know that.” Catra starts, “Why can’t you just live?”

“Because it’s not right!” Adora almost shouts into the phone and then sighing, “What I want… doesn’t matter.”
And just as Catra is about to dispute that, Adora is shoulder checked by someone rushing into her mother’s room, “What?” she looks inside and sees a whole medical team in there along with a crash cart as her eyes widen, “No…”
“Miss! Miss! You can’t go in there!” A nurse pulls her back and away from the door.
“Let me go! That’s my mom!” Adora shouts out as another nurse comes around and pulls her back, “What’s going on?!”
The flurry of movement inside the room has Adora forgetting her phone call with the magicat as she just stares inside while the medical team work on her mom.

“Adora! Adora! What’s happening?!” Catra shouts into the phone, but all she hears is Adora screaming out pretty much the exact same thing. There’s an alarm going off in the background and a lot of noise and chatter, “Fuck!” The magicat growls out as she stares helplessly at her phone before getting up and off her bed.

Chapter Summary

Does Catra come back?

Chapter Notes

New chapter! Woo! Enjoy.

See the end of the chapter for more notes

Glimmer and Bow have left while Adora sits by her mother's side as the nurses come by every 2 hours to take their observations, the blonde moving out the way to let them do their jobs before resuming her spot, grabbing her mom's hand squeezing it, glad that's it warm again and not cold and clammy like the night before.
She's about to fall asleep when there's a ruckus outside the room, near the nurses reception.
It sounds like someone is arguing angrily with the staff and it makes Adora frown at how rude that person is, considering this place is a hospital and the staff here are literally saving lives.
She's about to stand up and go out to give whoever it is a piece of her mind when the door swings open and she whips her head around.
Adora's jaw drops at the sight in front of her as 2 nurses try to pull the uninvited guest out of the room.
"No, it's okay." Adora stands up from her seat, "Let her in. It's… it's fine."
Catra shrugs off the 2 nurses with a slight growl, "I told you."
The 2 nurses grumble under their breath as they walk away.
Adora looks at the magicat, she's still dressed in the exact same clothes as she was the first they met in the hotel lobby, and before she can even think about it, the blonde rushes over and pulls Catra into a hug, sobbing into her shoulder.
Catra wraps her arms around Adora's waist, pulling her closer, purring reassuringly like she used to do when they used to be

kids.
No words are spoken as the door closes behind the magicat and the pair just stand in front of it, arms wrapped securely around one another as Catra lets Adora cry it out while she continues to purr.

At some point, Adora falls asleep.
Catra pulling her onto the couch that's she's managed to drag into the room from the reception area, despite the death stares from the nurses, that was until she dropped a few big 'tips' for them to 'borrow' the couch for a few hours.
Unfortunately for the magicat though, when she had managed to get Adora onto the couch, the blonde would not let go of her. So, now Catra is currently spooning Adora on the narrow couch, right in the same room Adora's mother is recovering after an incident with a new medication that triggered an allergic response.

"Catra?" Marlena's voice croaks from the bed, "That better be you spooning my daughter…"
Catra's ears perk up at the sound of Adora's mother's voice, she tries to move but Adora pulls her back down, snuggling into her arms a little more as the magicat sighs before replying, "Hi Mrs G. Yeah, it's me."
Marlena turns her head and squints a little to get a better look before smirking a little, "Did you get dressed up in that nice suit to meet little ol' me?"
Catra looks down at herself, "Oh, I uh, I haven't actually had a chance to change since the last time I got here." The magicat sniffs herself, "Pretty sure I stink right now too."
That statement makes Marlena croak out a laugh, "Perhaps. But my nostrils are pretty much fried from all the chemicals in this room and in my body."
Catra grimaces a little, "How are you feeling, Mrs G?"
"Marlena, call me Marlena, dear." Adora's mom insists with a slight cough and wince, "Mrs G just sounds so… old."

This time Catra chuckles, her body shaking a little making Adora pout in displeasure, the magicat whispers, "Sorry, princess…" before looking back up and blushing slightly at Marlena and then repeating her question, "How are you feeling, Marlena?"
"I'm fine. Everybody just worries so much." Adora's mom tries to brush off the question, "It wasn't even that bad."
"I heard they had a crash cart brought in." Catra points out, "Kind of means it was a pretty big deal."
Marlena chuckles quietly, holding back the impending cough that's wanting to come out as she turns her head and raises her eyebrow at the position of Catra's hand on Adora's chest, "You're close with my daughter, I take it."
"Why do you say that?" Catra asks blinking her eyes a few times to wake herself up.
The sick woman gestures with her head towards where Catra's hand lays, "I can tell you that Adora does not easily seek affection. So, she must be very comfortable with you and have a lot of trust in you for you two to be this… close."
"Huh?"
"You're touching her." Marlena tries to clarify, but to no avail as she just simply says, "Your hand is on a very intimate part of her body right now, is all I am saying."
Catra unconsciously squeezes the hand on Adora's chest and immediately tries to move it as Marlena laughs from the other side as the blonde clutches onto the magicat's hand, holding it in place on where it was originally. Catra's whole body heats up at being caught in this position, by Adora's mom no less, as she whispers in panic, "Adora! Wake up!"
"Five more minutes…" Adora grumbles and gets a little more comfortable, effectively trapping Catra behind her, "Mm… warm…"
"You're done for." Marlena chuckles from her bed, "She won't let go when she gets like this. You probably already know that though, don't you?"
"Uh… I… we haven't slept together." Catra admits into Adora's hair.
"Haven't you?"
"No. Not… not like that." Catra clears her throat nervously, "She spent the night, but nothing happened, I swear."

“Do you plan to date my daughter?” Adora’s mom asks, “She really likes you, you know?”
“Date… I…” Catra stumbles over her words, she wasn’t planning on being interrogated by Adora’s mom today or ever as she sighs, “She’s… Adora is, special.”
“Don’t I know it.” Marlena sighs out and then looks over at her tired daughter sleeping peacefully on the couch in Catra’s arms, “She does so much. Not just for me. For everyone.”
Catra nods, looking down at Adora.
“I hate being sick. I hate that she struggles because of me.” Marlena huffs out, “I’m the parent. I’m supposed to be looking after her. Not the other way around. And here I am, failing her. And now she’s lost her job and she won’t let me help her out. I told her that I could just go home. I’ve lived my life…”
“Sorry to interrupt.” Catra speaks up feeling extremely uncomfortable, “But you are not going to die. Not if I can help it.” Marlena tilts her head at the magicat, staring at her like she’s trying to figure out if Catra is being serious or not and when she makes a decision, the older woman starts to laugh.
“What’s so funny?” Catra asks, her ears fold down in confusion.
“You sound just like her.” Marlena replies once she’s caught her breath before sighing out, “I don’t know how we’re going to afford my treatments. I lost my health insurance when I lost my job and couldn’t keep up with payments anymore. I’ve got barely any savings left and yet…” Another sigh, “Adora still won’t let me just… give up.”
“Of course she won’t. She’s never given up on anything.” Catra replies so quickly it even astounds her, “Not… not that I would really know.”
“But then, she said something quite… strange.” Adora’s mom mentions, “She said that I didn’t have to worry about money anymore.”
Catra just stares at the older woman.
“You wouldn’t happen to know anything about that, would you?” Marlena quirks an eyebrow at her, “You seem to show up and all my medical bills seem to have cleared up.”
“I uh, maybe it’s just coincidence?” Catra says completely unconvincingly, “Why would you think it has anything to do with

me?”
“Call it… mother’s intuition.” Marlena replies with a type of smugness that Catra is not accustomed to, “You mentioned that you don’t have a schedule? What is it that you do, Catra?”

Adora starts to stir in Catra’s arms, the blonde blinking her eyes open and seeing Catra’s eyes looking back at her and she can’t help but smile, “Hi.”
“Hey Adora.” Catra whispers back, ignoring the look on Marlena’s face from across the room, “Can I have my arm back?”
Adora looks to where Catra’s hand is currently held securely around her breast, the blonde has the audacity to giggle, not even embarrassed by the fact that her mother is in the room with them. That is until her mom clears her throat and her eyes widen and she quickly slips off the couch and almost falls to the floor, if not for Catra holding her in place before she can fall off.
“Careful, princess.” Catra says without thinking before her eyes widen as well in the slip of the tongue.
“Princess, huh?” Marlena teases from her bed as Adora scrambles off the couch and to her feet, while Catra swings her legs over and stretches out her back, “First sexy photos and now pet names? Are you sure you aren’t girlfriends?”
Catra looks at Adora confused again, “Uh, no…?”
Adora just looks down blushing, “Catra’s not my girlfriend. She’s… she doesn’t want one.”
“I didn’t say that.” Catra turns to look at Adora before glancing over at her mom and repeating, “I didn’t say that.”
“You did.”
“I didn’t. I said, what you want was a girlfriend.” Catra reiterates.
“Yeah, and you said that you wouldn’t want to be it.” Adora points out a little angrily, “Or don’t you remember?”
“Oh, I remember.” Catra replies nonchalantly, “But was before when I thought you were only after my…”
“Your what?” Adora seethes out, “Your money?”
Catra doesn’t respond this time as she looks around the room for an escape.
“I told you I didn’t want your money.” Adora sighs out, “I told you I would give it back. But you said not to and now I’ve spent some

of it and lost my job and can't pay you back."
"I gave it to you." Catra says calmly, "I won that auction. Fair and square."
"You also cancelled the auction." Marlena sits up slightly at hearing that, "You didn't have to give me anything. Since there is no transaction."
"Right." Catra replies now looking intently into Adora's eyes before breaking it and closing her eyes and gritting her teeth, "Well, my mistake then."
"What is going on?" Adora's mom asks from her bed.
"Nothing." Catra replies, "I'm… I'm just leaving. It was really nice to meet you Mrs G. And good luck with the rest of your treatments." Catra goes to open the door, looking at Adora, "The nurses will want that couch back, Adora."
And with that, Catra exits.
"Adora?" Her mom asks, breaking the blonde out of her thoughts, "What auction? Also… what money is she talking about?"
"Hang on, mom. I'll be right back." Adora rushes over and kisses her mom on the forehead before quickly exiting and following after Catra.

"Fuck. I'm such a fucking idiot." Catra mutters to herself as she goes down the emergency stairs after losing patience waiting for the lifts, "What the fuck am I doing?"
"Hey! Catra!" Adora calls out as she sticks her head into the stairwell a few flights above, the blonde spotting the magicat, "Wait!"
Catra looks up, contemplating whether to wait or not as Adora quickly makes her way down the stairs towards her, the magicat takes a breath and decides to wait, leaning up against the wall.
"You were just going to leave?! Again?!" Adora grits out, "What's wrong with you?!"
Catra looks up at the blonde, panting out at her as Adora tries to catch her breath, the magicat just stares back.
"Well?"
"Tell me, Adora." Catra says after a long moment of silence as she gathers her thoughts, "If I hadn't won that auction, would you still

have gone through with it?”
“I… I don’t know.” Adora replies honestly, “Not that we’ll ever know now.”
“But, would you though?” Catra presses on.
“No? Yes? I don’t know!” Adora groans out, “Why?”
“Exactly why.” Catra says, “I don’t know where I stand with you.”
Adora frowns back confused.
“No, listen.” Catra continues, “This is my fault anyway. I should have just cancelled the auction. Sent you the fucking money and left it at that.”
“What are you saying?”
“I’m saying… I screwed up.” Catra grunts out, “I really screwed up. Now you think you owe me your first time because I said something stupid. And look, it would be a fucking honour to be the one to have the privilege to be your first, but come on. This whole thing is tainted.”
Adora just stares back blankly.
“What I’m trying to say is…” Catra takes a deep breath in and out, “I want to be that for you. Your first and your last. And… it’s impossible now because when I think about it, all I can think about is that you’re only going to be doing this out of obligation just because I’ve given you all this money.”
Catra’s ears fold down again as they stand there in silence.

“You’re such an idiot.” Adora says as she crosses the small space and grabs Catra by the collar and brings her in for a kiss.

Pulling apart, Catra looks at Adora completely stunned, the blonde stares back with a goofy grin as the magicat clears her throat, “For the record, you’re the idiot.”
“We’re both idiots” Adora shrugs and leans in for another kiss and Catra reciprocates, “Also… does this mean I can be your girlfriend?”
Catra nods once, “I guess so.”
“Good.” Adora leans her forehead on Catra’s, “Also you have to come back up to help me put that couch back.”
Catra looks up and starts to laugh, “Yeah, okay.” She grabs Adora’s hand, “Better get to it before those nurses kick me out of the hospital for not keeping my word.”

“Ah, you’re back!” Marlena smiles at the pair now holding hands, “Have you two sorted out whatever it was you were fighting about before?”
“Sorry, Mrs G.” Catra sheepishly apologises before smirking at Marlena, “I mean, Marlena.”
“Call me Mrs G again and I will ban you from dating my daughter.” Marlena threatens lightly and Catra nods with a smile, “Good. Now, what is this auction you were arguing about before?”
“You want to tell her?” Catra asks as Adora blushes.

“I know! It was stupid!” Adora groans out after explaining the whole story from next to her mother on the bed before pointing at Catra, “Don’t you dare say it again.”
“You’re such an idiot.” Marlena says in Catra’s place and the magicat cackles at that as Adora groans again, “But… I understand and I’m sorry I put you in that position, Adora.” She turns to Catra, “So… you won the bid?”
“Yeah. But I cancelled the entire thing once I found out.” Catra quickly explains, “And I’m trying to get all of that data scrubbed off the internet. But… it’ll never be completely gone…”
“You can do that?” Marlena seems genuinely interested as Catra nods, “I’m assuming that’s where Entrapta comes in?”
“You know about Entrapta?” Catra asks back as Marlena nods proudly, “Well, yeah. I asked her to help me out with this.”
Marlena nudges Adora, “Keeper.”
Adora grins back, “I know.”
The older woman then holds her hand out to Catra, the magicat hesitantly takes it, “Thank you, Catra.”
Assuming she’s talking about helping out her daughter, Catra nods and replies, “All good.”
“I mean it, Catra.” Marlena squeezes Catra’s hand, “Thank you for taking the burden off financially for us, I don’t know how I’ll ever be able to pay you back. And thank you for stopping Adora from doing something she would have regretted.”
“Of course.” Catra nods, “Don’t worry about the money. Drop in

the ocean."
"Oh, and Catra?" Marlena adds still holding onto Catra's hand, "You better not break my daughter's heart."
Catra winces at the strength of Marlena's grip on her hand when she says the last sentence, the magicat grinning back despite the discomfort and the obvious threat, "I would never."
"Good." Marlena lets Catra's hand go, patting it lightly twice, "So, go. Get out of here. Go take her on a proper date please. Stars knows, she needs one."
Catra cackles out as Adora buries her face in her hands, "Mom!"
"What? It's true!" Marlena doubles down, "You haven't gone on a date in forever."
"I went on one with Catra!" She tries to argue and even the magicat knows that's not the complete truth, "Ugh, fine!" the blonde narrows her eyes at Catra, "Where are you taking me?"
"Excuse me?" Catra feigns, "Who says I'm taking you out?"
Marlena slaps the magicat on the shoulder making Catra laugh, "Hey!"
"Okay, okay!" Catra stands up laughing from the bed as both women glare at her, "You're putting me on the spot here… I've like literally just landed back in town and haven't even got changed since the last time I was here…" The magicat sniffs herself, "…and I'm going to need to take a shower."
"Where are you staying?" Adora asks.
Catra smirks at the blonde, "At your place."
Adora's eyes widen, "Huh?"
"You did offer." Catra grins mischievously, "Not to mention, it'll save me some coin."
Marlena makes an *ooh* sound, much to Adora's embarrassment, "Don't let me stop you, love."
"You are *not* helping." Adora groans out.
Her mother laughs out, "Please. Just go on a date already. And then tell me all about it after!"
"You want *all* the details?" Catra asks with a raised eyebrow.
"Stars, no." Adora quickly gets off the bed and grabs Catra's hand, "No details." She turns around to tell her mom, "We'll come back to visit you tomorrow, okay?"
"Okay." Adora's mom nods before asking, "Have you at least

kissed?”
Adora blushes as Catra just grins back and replies, “Yeah. But we kissed as kids.”
“How about…?” Marlena starts to ask but is quickly interrupted when Adora steps towards her quickly and kisses her cheek, “Hey!”
“Got to go, mom!” Adora tugs Catra towards the door, “Got a date to get to or whatever.”
“Oh, hang on.” Catra slips her hand from Adora’s as the blonde opens the door and looks at the magicat bemused. Catra smiles at Marlena, “Have a good night, Marlena. I’ll get her home before midnight.”
Marlena rolls her eyes as she watches Catra pick up the borrowed couch and bring it out of the room, “Have fun on your date!”
“Will do!” Catra replies as Adora waves to her mom before shutting the door.

Catra holds Adora’s hand in hers as they walk away from the hospital, the magicat turns to the blonde, “So… where do you want to do it?”
“Do what?” Adora asks happily walking hand in hand with Catra.
“Where do want to go to give me your virtue?” Catra asks with a small grin.

Chapter End Notes

Things are heating up...

I'm working on the next chapter as I post this... so hopefully this motivation rolls on...
but we'll see I guess.

Thanks for reading, comments and kudos!

It's a date

Chapter Summary

Catra stays the night at Adora's.

“Nice place.” Catra says as Adora shuts the door behind her to the blonde’s place, the magicat takes off her suit jacket and neatly folds it over the back of the couch as she looks around the small space, “I might have to get a change of clothes… mmphf!”
Adora pushes Catra back onto the couch, the magicat falling so she’s lying down and Adora eagerly crawls on top of her, kissing her desperately as Catra breaks the kiss for some air.
“Mmm…” Adora moans out into the kiss as Catra goes back in for another kiss before pulling back, the blonde looking down at her hazily, “What’s wrong?”
“We’re moving a little too fast, princess.” Catra says catching her breath as Adora just stares back at her confused.
“You said it was up to me.” Adora finally speaks, a pout on her lips as she pushes herself back and sits on her heels and bites her bottom lip nervously, “Do you not want to?”
“I do! I really do!” Catra says quickly, quelling Adora’s fears before sitting up herself and reaching out to gently cup her cheek, “I’m just… just really fucking tired, Adora.”
“Didn’t you nap too? At the hospital?” Adora asks confused.
“Not exactly.” Catra sighs, “I mean, don’t get me wrong. Spooning a beautiful woman on a fucking tiny couch is living the dream, but yeah, I’m still really fucking tired from the plane ride and arguing with those nurses about letting me stay in the room too, even though I’m not related.”
“Oh.”
“I was joking, you know…” Catra says.

“About?”
“About taking your virtue tonight.” The magicat yawns, “Talk about overreaching…”
Adora smiles, “Bed?”
“Yeah.” Catra agrees as she lets Adora pull her up and towards the bed, “Take me to where the love is made.”
Adora pauses when she hears Catra say the word *love,* spinning on the spot, “What did you say?”
“Take me to your bed?” Catra replies with another yawn, “I’m fucking tired.”
“No. That’s not what you said.” Adora questions again, “Say what you said before again.”
Catra quirks an eyebrow up at Adora, trying to figure out what the blonde is getting at when it finally clicks, and she grabs her, pulling Adora in by the waist and leans her forehead against Adora’s, tiredly closing her eyes, “I guess that’s the bed where love will be made?”
Adora bites her bottom lip again as Catra leans in and presses a chaste kiss on the blonde’s lips, “You love me?”
In her tired state, Catra sways a little and nods, the magicat isn’t quite sure if she’s nodding in agreeance or actually nodding off, “Do you have anything for me to sleep in or are you cool with me going in my furry suit?”
“Uh…” Adora brain blanks at thinking about Catra wearing… very little.
Catra chuckles under her breath, “Fur suit it is.” And then yawns again, one eye opening to see the door to the bedroom, “You know, I literally got to my place and was about to fall asleep after you screened my phone call…”
“I don’t usually answer numbers I don’t know.” Adora says, “Good thing you left a message otherwise I would have thought you were a telemarketer trying to sell me some miracle cure for acne or something.”
“Uh huh.” Catra nods as her brain finally registers the words Adora had just asked her, “Wait… did you just say you love me?”
“Of course I love you.” Adora rolls her eyes, “I thought we just had this conversation.”
“And I said it back?”

“Not exactly…”
“Did you say it to me?” Adora shakes her head, “But… it’s… true?”
Adora groans, “Why is this so hard?”
“What’s hard?” Catra asks, tilting her head, “That we love each other?”
Adora nods before she whips her attention back to Catra again, “What?!”
“Stars… you really are an idiot.” Catra rolls her eyes, “As sappy and stupid as it sounds, you’ve been the only girl I’ve loved since the first time you kissed me way back when we were kids.”
“I am?”
“Yes.” Catra breathes out, “You are an idiot.”
Adora shoves Catra with a laugh before bringing her back in for another kiss, humming out happily before she sniffs the magicat, “I think you need a bath…”
“I know I do.” Catra yawns again, “But it’s going to take too long for my fur to dry… I’ll just sleep on your couch… or floor… whichever one.”
“Don’t be silly.” Adora pulls the magicat into the bedroom as Catra thinks to herself, *finally,* , the blonde turns around and goes through her clothes to retrieve something for Catra to sleep in, “I hope these fit…” Adora eyes widen in surprise as she watches Catra strip off and then dive under the covers and into her bed, making herself comfortable.
“Quit being weird, princess.” Catra grumbles sensing the blonde’s eyes still on her, “Either turn off the light and join me or just turn off the light and let me sleep.”
“Um…” Adora’s brain still hasn’t come back online until she hears a growl and then a pillow hits her on the head, “Hey! No throwing!”
“Turn off the light…” Catra grumbles out again as she hides her head under the blanket.
Adora picks up the pillow, turns off the light and then whacks the magicat back over the head with it, a low growl is all she gets as a response as the blonde strips off too and climbs into bed as well.
“Finally.” The magicat mutters out as she pulls Adora into her so she’s spooning her once again from behind, “You smell nice.”
Adora smiles in Catra’s arms, “Is that because you don’t smell nice?”

“Shut up.” Catra nips at Adora’s bare shoulder and the blonde yips and then gasps when the magicat presses a soft kiss over the bite “Sleep…”

Wildcat: Scorp. I need my spare clothes. Are you home?

Scorpia: Sure am! Oh my gosh! Are you here?!

Scorpia: I should know that… I do look after your schedule…

Wildcat: I’ll be over in an hour.

Scorpia: Are you sure? It’s really late… but…can’t wait! Hugs!

Adora wakes up, it’s early in the morning, or really late at night, whichever way 2am looks to you. She wakes up to Catra getting dressed.
“Where are you going at this hour?” Adora frowns at the magicat, holding the blanket up to cover her chest.
“Going to see Scorp.” Catra replies in a whisper, “She’s got my spare clothes.”
“At 2 in the morning.” Adora deadpans and Catra nods, “Can it not wait until the sun comes up?”
“Uh… no?” Catra replies sheepishly as she smooths down her short hair, “I’m awake so… you know.”
“Can’t you be normal and just sleep when it’s 2am?” Adora reaches one hand out, the other holding the blanket up over her chest, “I really like falling asleep and waking up with you.”
“You just want to watch me undress again, princess.” Catra teases.
“I can barely see you as it is.” Adora huffs out, definitely disappointed that she doesn’t have the same vision the magicat has before she gets an idea and lets the blanket drop, “Would this convince you to come back to bed?”

Catra's eyes focus goes straight to Adora's breasts as her body moves on autopilot and she strips back off and gets back into bed, "Crap. Hold on." The magicat jostle around until she manages to grab her phone.
"Hey! No photos!" Adora quickly covers herself again.
"Uh, not my intention and also, no. No pictures." Catra says seriously, "I'm just texting Scorp that I'll be there at 7am."
Adora watches as Catra types away before locking her device and setting it on the bedside table, stretching out and yawning as Adora moves closer into the magicat's side, "You didn't just decide to come back into bed because you want to…"
"Fuck you?" Catra finishes Adora's sentence as the blonde nods, the magicat licks her lips but then yawns again, "I guess I'm not as 'up' as I thought I was." She flops back onto the still warm pillow, nuzzling into it, "Good call on the sleep thing, princess."
And before Adora can say anything else, Catra's fallen back asleep again.
She sighs, gently moving a few strands of hair off the magicat's face, before leaning in and pressing a kiss on Catra's forehead, whispering into the magicat's lips, "Goodnight, Catra."

"Ah, that's much better." Catra comes out of Adora's bathroom in her spare clothes that they collected from Scorpia's place early in the morning, the baggy clothes a far cry from the suit the magicat had been wearing. The magicat catches *that* look in Adora's eyes, "What?"
"Nothing." Adora quickly says and turns away after being caught staring.
"I don't live in a suit, you know that, right?" Catra says as she takes her phone off charge and scrolls through it a little before pocketing it, "Okay, are you ready?"
"Ready for what?" Adora asks.
"Our date." Catra replies with a smirk, "A lunch date is still a date."
"I guess…" Adora says unsurely, "I guess I could eat."
Catra grins back cheekily, "Yeah, me too."
Adora narrows her eyes at the magicat before rolling them, shoving Catra a little, "Get you head out of the gutter."

"What? I'm just hungry is all." Catra shrugs before she pulls Adora in for a kiss, "Mm… And I'm hungry to taste you too…"
Adora goes bright red and the magicat just chuckles under her breath, "Can we… can we just take it slow?"
"Of course." Catra softly says, "We can go as fast or slow as you want. And if slow means… not at all, then that's fine too."
Adora nods, "Thank you."
"Yeah." Catra nods back as the conversation lulls, the magicat clears her throat, "So… lunch?"

"This is stupid." Adora groans as she grunts out, lifting herself higher up on the wall, "You're supposed to be taking me out on a date."
"Who says I'm not?" Catra asks as she pulls the rope through to take the slack out of Adora's rope, "Dates aren't all wine and dine, princess. Also, *you're* stupid."
Adora looks down, sticking her tongue out before Catra lets a bit of the rope go slack making the blonde yelp at the sudden lowering, "Catra!"
Catra cackles, "Get up that wall, princess."
"Why?" Adora grips the holds tighter, "I thought you liked looking at my ass."
"Oh, I do." Catra replies, not caring at the few others in the climbing gym looking over and hearing their conversation, "But it'd look better without the shorts on."
"Catra!" Adora groans out in embarrassment.
Catra stops laughing and takes the slack on the rope again, "Keep climbing, babe." And as Adora starts to move the magicat adds, "The quicker you get to the top of this wall, the quicker we can get food."
"Why didn't we just get food?!" Adora grumbles as she looks up to see which path she should take, "I would have been happy to have just got food!"
"Nah, got to work for it." Catra smirks up as she leans back into her harness, "Besides, I still want my go."
"Then you should have gone first!" Adora grunts as she pulls herself up higher and then yelps, "Shit! Oof!"

Catra takes the slack quickly as Adora misses the hold and swings off the wall, "Grab the wall, Adora. You're not going to fall any further than this. I've got you."
Adora whimpers a little before she manages to get herself back on the wall, grabbing the hold in a death grip.
"Do you want to come down?" Catra calls up.
Adora shakes her head, "No. I… I want to finish this."
"Okay." Catra nods, "You can do this."
Adora takes a few deep breaths and then looks up once more, determined to reach the top this time as she starts to climb up again, "I can do this!" she grunts to herself, "Come on!"
Catra grins, watching the blonde scale the climbing wall all the way to the top, smiling even wider when Adora actually does make it to the top, "Whoop! Go Adora! You did it!"
"Yay! I did it!" Adora cheers as well before loosening her grip on the wall and falls with the slack on the rope, "Woah!"
"I got you!" Catra calls out calmly as the blonde grips onto rope since she can't reach the wall as the magicat lowers her back to the ground in a controlled fashion until Adora's feet touch the floor, "Got another one in you?"
Adora flops down to the ground, a grin wide on her face from the adrenaline and the feeling of triumph of conquering the wall, "No, my arms feel like jelly right now."
"So… no belaying for me then?" Catra asks towering over the blonde with a smirk.
"Give me a minute." Adora closes her eyes as Catra unties herself from the rope, walking past the blonde and to another spot. Adora raises her head to see where the magicat is heading, "Where are you going?"
"Self climbing system here." Catra points to wall behind her, "You rest. I'm going to get my climb on."
Adora sits up quickly, "Are you sure?"
"Yeah." Catra smiles genuinely, "You can belay for me once you've caught your breath, princess. I'm just going to warm up on these."
"Okay." Adora nods as she watches Catra clip herself into the self climbing wall.

“Where’s the best pizza place around here?” Catra asks as they walk out of the climbing gym, “I’m fucking starving.”
Adora giggles, grabbing onto Catra’s hand, “There’s a really good place not too far from my place.”
“Lead the way, princess.”

“Are you really going to stay here? With me?” Adora asks as she unlocks the door to her place and Catra slides in, pizzas in hand as the blonde shuts the door behind them, “Don’t you want to stay somewhere… nicer?”
“What’s wrong with your place?” Catra asks as she sets the 2 pizzas up on the coffee table in front of the couch and grabs the remote for the tv, “I think it’s nice. Cosy too.”
Adora grabs a couple of glasses and brings them to the table with the drinks they’ve bought, “Cosy is just another word for small.”
“Cosy is another word for… homey, lived in… cosy.” Catra corrects, “Besides, it’s probably really quick to clean too.”
“Uh huh.” Adora rolls her eyes, “What are we watching?”
“Dunno.” Catra says as she flips through the channels, “It’s an afternoon on a workday, so, there’s not exactly a huge variety of movies or anything.”
“Oh, oh! I love this game show!” Adora grabs Catra’s arm, “Go back!”
Catra pushes the buttons and switches back to the game show Adora is talking about, “Really? The Chase?”
Adora smiles, opening the boxes and grabbing a slice before sitting back and savouring it, “Mm… I haven’t had pizza in so long!”
“Cutting back a lot, huh?” Catra asks as she grabs a slice too, “I’ve always found this show funny.”
“Funny?”
“Yeah. Like you’re not even guarantee to win anything at all.” Catra points out, “Bet this show rakes a lot of money in without having to shell out much coin at all. Since most people don’t take the high offer the Chaser offers. And then, if they make it back,

they mostly get caught in the end and go home with zero."
Adora thinks about it for a moment before smiling, "I reckon it'd be fun to go on."
"And lose."
"No, we wouldn't." Adora protests, "Not with you, me, Entrapta and… Bow! We would make an unstoppable team!"
"And what makes you think I would even make it back to the team?" Catra quirks an eyebrow.
"You'd make it back, Catra!" Adora laughs, "You're like… so smart."
"Uh huh." Catra says unconvinced.
"You are!" Adora doubles down, "Remember in school? You used to have to help me all the time with my homework!"
Catra laughs at recalling the memory, "School was boring."
"School was hard." Adora corrects, "Maybe I shouldn't be on the team. I'm not so… smart. I mean, look at what I nearly got myself into. And you still had to save my ass."
"That's because your ass is hot." Catra grins back with a mouthful of pizza, "Plus, you shouldn't have to sell yourself just because you've been dealt a shitty hand."
"Doesn't change the fact, I probably wouldn't get as much money or make it back if I was on that show." Adora grabs another slice and takes a bite, "I'd just hold everyone back."
"Nah, I don't think so." Catra returns, "Most of these questions are like pop culture related or general knowledge type of stuff. You'd do well in the first round and then the multiple choice questions are usually pretty easy."
"Says you." Adora laughs, "I always seem to get those wrong."
Catra shakes her head, "Well, maybe one day we can take a crack at it and prove you wrong."
They eat and watch, shouting out answers and the magicat is right for the most part, Adora can answer the first round of questions (the money builder stage) and most of the multiple choice ones. Catra gets the final round of questions mostly answered, glad that she's not a Chaser as she does get a few wrong as well.

With full stomachs and mostly empty pizza boxes, Catra grabs Adora's remote again and flicks it over to a streaming service, typing in her credentials and logging in. The magicat turns to the blonde, holding the remote out to her, "Here. Pick whatever you want."
Adora takes her remote and starts to scroll through the app, "I didn't think my tv had this capability."
"It didn't. I've added a device to it so it can." Catra replies as she gets back off the couch and stretches, "I'll be back."
Adora nods as Catra makes her way to the bathroom.

Catra returns, she's swapped out her sweaty clothes and put on one of Adora's hoodies and a pair of baggy shorts, Adora smiles at seeing the magicat in her clothes, "You look so tiny in my clothes."
Catra looks down at herself and shrugs, "It's comfy."
"I like seeing you in my clothes." Adora adds before sniffing herself, "I'm going to go take a quick shower. After that rock climbing, I think I'm going to need it."
Adora hands back the remote, "Did you pick anything?"
"There's just so much to watch that I can't choose. You pick something." Adora leans in and wraps Catra up in a hug, kissing the magicat's cheek, "I'll be right back."
"Want me to join you?" Catra asks not looking away from the screen.
Adora flushes with the thought of showering with Catra, "Um… maybe next time…?"
"Sure, princess." Catra replies with a quick glance and wink over her shoulder, "Go get cleaned up."
Adora nods and heads to her room to collect some clean clothes and heads to the bathroom.

It's been a while since Catra could hear the shower running. She's picked out a movie for them to watch and now she's losing patience waiting for Adora to come back as she flops back onto the couch.
"Catra? Can you come in here please?" Adora calls out from behind somewhere.

“Are you in the bathroom?” Catra asks as she swings her legs back down to the ground and sits up properly.
“No. Bedroom.” Adora calls out and Catra nods.
“On my way.” Catra says as she pushes herself up to her feet and then walks towards the bedroom, pushing the door open, “Hey, Adora. What’s the probl… uh…”
Adora stands by her bed, wrapped in just a towel as she bites her bottom lip nervously and smiles at Catra, “Hi.”
“Hi.” Catra replies walking over to the blonde and wrapping her arms around her, letting her hands run up and down the expanse of towel, “What’s going on, princess?”
Adora throws her arms over Catra’s shoulders, burying her neck into Catra’s and breathing the magicat in, “I was just feeling…”
“Horny?” Catra finishes off the sentence for Adora who doesn’t reply, “Are you sure?”
“Can you just kiss me?” Adora grumbles into Catra’s shoulder.
“Can’t really kiss you if you’re faceplanted in my chest, princess.” Catra chuckles, the magicat pressing kisses onto wherever she can on Adora’s head, “This okay?”
Adora nods, lifting her head and coming eye to eye with Catra, “Kiss me?”
Catra smiles, leaning in and pressing her lips against Adora’s, the blonde moans softly into it as the kiss gets a little more heated, Catra’s hands moving to Adora’s ass, cupping the blonde’s cheeks before moving then under her thighs, making Adora yelp a little and breaks the kiss when Catra lifts her up into her arms and walks her over to the bed, “Bed?”
Adora nods again as the magicat gently lowers her down, pressing her lips back onto Adora’s while she does it until the blonde fully settles onto the bed.
“What next?” Adora asks catching her breath as her eyes dilate, “What do I do now?”
“Nothing.” Catra replies as she moves herself so that’s she’s on top of Adora, “Let me do the work, princess.”
Adora moans softly as Catra starts to kiss, nip and lick at her neck and jaw, “Fuck…”
“Not yet.” Catra grins as she leans down to kiss Adora’s lips, “Patience…”

The blonde's hands roam down Catra's back, reaching the bottom of the oversized hoodie, tugging at the hem, "Catra…"
"Hm?"
Another tug.
"What's up, princess?" Catra pretends to not know what Adora wants.
"Take this off…" Adora breathes out as Catra leans again for another kiss, "Please…"
"Such manners." Catra chuckles before lifting herself off and in one go, takes the hoodie off to reveal her chest, not wanting to waste a second of kissing Adora's skin, the magicat leans back in, only for Adora to push her away slightly, Catra frowns down a little, "What's wrong? Do you want to stop?"
Adora's shakes her head, but her eyes aren't focused on the magicat's. No. Adora's eyes are on the scars on Catra's chest and the blonde sits herself up and lets her fingers run over the scars, "I… I didn't know you got this done."
Catra looks down at her chest, "Oh, yeah." The magicat rubs the back of her neck, "I got top as soon as I could afford it. I never really felt comfortable before…"
"Oh." Adora's eyes meet Catra's, a sullen look on her face, "I'm… I'm sorry."
"What are you sorry for? It was my decision." Catra replies as she grabs Adora's hand and presses it against her chest, "I feel more like me this way."
Adora nods, trying to muster up a smile as she sighs, "I wish I could have been there for you, Catra."
"You're here now." Catra replies, "And I'm here for you."
"I just… wasn't expecting this." Adora admits as she cups Catra's face with her free hand.
"Well… now that you've seen me…" Catra smiles and kisses the hand on her cheek, "Can I see yours?"
"You've already seen them. Twice." Adora smiles brightly.
"Yeah, true…" Catra nods, "But… both times were sort of in the dark…"
"Undress me?" Adora says with a blush.
"Are you sure?"
"Yes." Adora replies confidently, "I'm sure. Undress me, Catra."

Catra lays Adora back down, covering the blonde with her own body as she continues to press kisses on Adora's exposed skin above the towel as she slowly runs her fingers on the top of towel as Adora tries to wiggle herself out of it, huffing out when Catra takes her time.
"Catra!" Adora whines, "Undress me!"
Catra cackles, "Geez, so impatient…"
Adora looks up with a sheepish smile and a nod, "Please?"
"Okay." Catra slowly unwraps the towel from around Adora's body, exposing the blonde's chest but leaving below her waist still covered, "Mm… can I?"
"What?"
"Can I touch you, Adora?"
"…yes. Touch me… please…" Adora breathes out, closing her eyes as she waits in anticipation for Catra to finally touch her properly. And when the magicat does, she gasps at the feeling of Catra's hands on her breasts, touching her nipples and then the blonde moans out when Catra closes her mouth around one, licking and sucking as Adora twitches, "…fuck… feels… feels so good."
"Mm…" Catra hums happily as she continues to lavish Adora's breasts, "Your breasts feel so good, Adora."
The blonde bucks her hips at the compliment, "More…"
Catra obliges and continues to work over Adora's breasts, "You're so beautiful…"
"Mm…fuck…" Adora moans out as she throws her arms over her head, giving the magicat more access, "…yes…"
Catra grins as she gives one last kiss to Adora's nipples before she starts to press kisses down her stomach, the towel still covering Adora's lower half as the magicat takes a big sniff in, her eyes dilating at smelling Adora's arousal, "Fuck… you smell so good."
Adora giggles nervously, "You smell nice too…"
"Do I?" Catra comes back up with a grin before that grin turns a little more serious and Adora's eyes turn concerned.
"What's wrong?" Adora's cups Catra's cheeks.
"It's just…" Catra starts and then throws her head back in a groan before bringing it back and rubbing her cheek against Adora's chest, effectively scent marking her, "I just want to make sure this is what you really want."

“It is.” Adora narrows her eyes at the magicat, “And I know what you just did.”
“And what did I just do?” Catra asks, trying to keep her bravado up.
“You scent marked me.” Adora answers correctly and then adds, “Are you… are you mated?”
Catra shakes her head, “No.”
“Are you going to…?”
“It’s too soon, Adora.” Catra sighs, “I can’t… I’m not going to take your virginity and then make you my mate.”
“You’re not taking it, Catra.” Adora pulls the magicat down so their foreheads are touching, “I want you to be my first.” As the magicat tries to pull away, Adora pulls her back in, “My first… and my only.”
Catra’s eyes widen as she swallows down hard, “Why me?”
“I’ve always loved you, Catra.” Adora smiles at the magicat, “Even when I thought you were dead. That’s why I never… why I’ve never been able to bring myself to get over you.”
“I’ve tried to replace you.” Catra admits looking away, “But… no one has ever measured up to you.”
“Well…” Adora tilts her head up and kisses Catra’s lips and then wraps her arms around the magicat’s neck, “Take me, Catra… I’m yours.”
Catra leans back down and kisses Adora harder this time, her fingers pushing the towel off Adora’s lower half, the scent of the blonde’s arousal fills the room as the magicat manoeuvres herself between Adora’s legs as she whispers into Adora’s ear, “Spread your legs for me, princess.”

“Spread your legs for me, princess.” Catra whispers into Adora’s ear, licking and nipping at the blonde’s earlobe making the blonde gasp and moan out.
Adora’s eyes stare into Catra’s, swallowing down hard as the magicat stares back reassuringly, a soft smile on her lips as she waits for Adora. A light blush comes across Adora’s face as she runs her hands down Catra’s back before breaking eye contact and looking down between their bodies, biting her lip, “Why?”
“Better access.” Catra replies with a grin.
Adora looks back confused.
“I want to taste you.” Catra clarifies before looking down briefly and then back into Adora’s eyes, “Down there.”
“Oh…” Another nervous gulp.
Catra catches on and gently cups Adora’s cheek, “Too fast?”
Adora nods, tears in her eyes at the thought of disappointing Catra, “I’m… I’m sorry.”
“Hey. None of that.” Catra scolds lightly as she uses her thumb to wipe away a tear that rolls down Adora’s cheek, “We can slow down.”
Adora looks away, drawing in a shaky breath before turning back to Catra, “I… I thought I was ready.”
“I don’t have to go down on you tonight if you don’t want me to.” Catra tells her calmly, “We can just make out or cuddle.”
The blonde sniffles and brings Catra down for a kiss, “I love you.”
“I love you too.” The words roll comfortably off Catra’s tongue as she kisses Adora again, “I can wait. No pressure, princess.”

“But I really want to.” Adora pouts and it makes Catra laugh at how absurd this whole situation is, “I want you. I just…” the blonde huffs out annoyed at herself, “I don’t know what I’m doing.”
Catra can’t help but kiss the pout off Adora’s lips, coming back up then working her way around the blonde’s neck and jawline before moving to her earlobe and sucking, “Do you want me to keep going?”
Adora nods.
“I’ll stay up top, okay?” Another nod, “If you want more, let me know.”
“Okay.” Adora bites her bottom lip as Catra comes up and looks into her eyes, “What?”
“If there’s anything you don’t like or aren’t comfortable with, just say so and I’ll stop.” Catra reassures the blonde, “I just want you to feel good.”
“Mm…” Adora moans out but manages to also confirm, “Okay. Just keep kissing me…”
Catra doesn’t reply, instead focussing on worshipping Adora’s body and making the blonde feel like she’s the only thing that matters in her world.

Catra’s rubs her cheek against Adora’s breasts and the blonde gasps from the contact, but it’s not enough as she taps the magicat lightly on the shoulder.
“What’s up, princess?” Catra grins after pressing a soft kiss on the side of Adora’s breast, her hands on Adora’s sides, thumbs rubbing circles on her skin.
“Can you…” Adora starts and then blushes a little.
Catra tilts her head up, “Can I…?”
“Can you… do that thing with your mouth again?” Adora manages to get out, her whole body feeling warmer at just requesting it, though Catra is about to make it just that little bit worse…
“Do what thing with my mouth, princess?” Catra cheekily replies as she presses kisses right next to Adora’s nipple and the blonde tries to move so it gets closer to Catra’s mouth, the magicat purposely moves her mouth higher and back on Adora’s neck, “I can do a lot of things with my mouth…”

Adora groans out, her body definitely feels a lot warmer now, "Catra…"
"Adora." The magicat chuckles into the blonde's neck at how shy she is being right now.
"Ugh! You're so annoying!" Adora groans out, "You *know* what I'm talking about."
"I do?" Catra pretends not to.
"Yes."
"Hm… I don't think I do." Catra grins back as her hand covers Adora's breast, her thumb lightly brushing over Adora's nipple making the blonde's breath hitch and eyes slam shut, "Am I getting closer?"
Adora nods as she twitches a little at the feeling of Catra's fingers on her, "…fuck…"
"Now, what did you want me to do with my mouth again?" Catra asks before burying her head in Adora's neck, kissing and licking her way up and down again, admiring the red marks she's leaving behind, "Do you have any idea how hard it is for me not to bite you right now…?"
Adora whips her head around to look at the smirking magicat, "No biting, not yet…"
Catra chuckles, "No?"
Adora shakes her head and then sucks in a breath when Catra leans in and sucks harder on her neck, making the spot redder, "Hey…"
"Yes?" Catra replies happily, "Can I help you?"
"Fuck…" Adora's eyes close again at the magicat's fingers playing with her breasts and whispers out, "Suck my nipples…"
"What was that?" Catra whispers into Adora's ear, knowing full well what was said thanks to her magicat hearing.
Adora turns and glares at the magicat in challenge, "I know you heard me."
Catra can't help the smile, she nods, "Anything you want, princess."
"Fuck!" Adora moans out as Catra goes to her unattended breast and sucks in Adora's nipple, her hand still fondling the blonde's other breast, "Oh… Mm… fuck…"
Catra grins as she watches the expressions of pleasure on Adora's

face with every lick and every suck. The magicat relishes in every sound that comes from Adora's lips, as well as the way her hips start to grind up and down against her, Catra wishing she had removed the baggy shorts, but then again, they *do* belong to Adora.

After spending a fair amount of time on each nipple, Catra hears Adora grumble something and the magicat gives both breasts one last kiss before coming back up and capturing Adora's lips in another kiss.
"Mm…" Adora smiles into the kiss.
"Hey, Adora." Catra grins down at the blonde's blissed out expression, "How you doing?"
"Really good." Adora replies as she runs her hands over Catra's back.
"Do you want me to do more?" Catra asks as she looks down at Adora's body under her, "Or should we call it an afternoon?"
Adora grinds herself up against Catra's leg unconsciously before looking up and blushing when Catra smiles down at her, "Don't look at me like that…"
"Like what?" Catra asks with a smirk before looking away in thought, "Like… Like I love you? Sorry, nope. Can't help that."
Adora can't help the dopey smile on her face, "I don't think I'm ever going to get used to you saying that to me."
"Oh, you'll get plenty used to me saying, 'sorry, nope,' to you." Catra replies and that earns her a hand to the face as she cackles out, grabbing Adora's hand and pinning it up and above the blonde's head, "Or… is it that I love you?"
"The second one, dummy." Adora rolls her eyes fondly at the magicat.
"So… should I keep going?" Catra asks again, leaning in and scenting Adora's cheek, "Or…"
"Or?" Adora closes her eyes and hums happily.
"Or… we can stop and we can go see your mom. Give her *all* the details from today." Catra says with a straight face before breaking out in a laugh while Adora groans out.
"Can you please not talk about my mom while we're in the middle of… this?" Adora throws the other arm up to join the one already

above her head, “It’s a total mood killer.”
Catra laughs, “Sorry, princess. My mistake.” The magicat leans in and kisses Adora again, “I’m glad she found you.”
Adora eyes soften, “And I’m glad I have her.” the blonde tilts her head up, trying to get another kiss and Catra closes the gap, “Mm… But I’m also really glad I’ve got you…”
“You’ve got me.” Catra repeats, “Now… where would you like me?”
Adora looks into Catra’s eyes, whispering her answer into the magicat’s ear, “Lower…”
Catra nods and starts to move down Adora’s body as Adora closes her eyes and just lets herself feel, “Tell me to stop if you need me to, okay?”
“…yes.” Adora replies breathlessly as the magicat presses chaste kisses under her breasts, over her stomach, her hips and then purposely moves down her thigh to her knee before switching to the other side, Adora’s arousal getting stronger by the second as Catra gets closer and closer to where the blonde wants her. Catra stops just above Adora’s soft untrimmed hair, pressing a kiss just above as she looks up at the blonde.
Adora’s eyes open in a haze as she looks down at the magicat when Catra stops everything, “What’s wrong? Is it…me?”
Catra shakes her head with a small smile, “Nothing’s wrong, Adora.”
“Then… why did you stop?” Adora asks trying to keep her hips still.
“Thought I’d check in.” Catra replies seriously, “Are you sure you want to keep going?”
“Yes.” Adora replies with certainty, “Yes, please.”
Catra smiles, quickly coming up and pecking Adora on the lips, “I love you.”
“I love you…oh! Fuck!” Adora’s body nearly arches off the bed when Catra’s tongue finally touches her, “Mm… fuck! Fuck! Fuck!”
Catra grins into Adora’s folds as she slowly laps up Adora’s slick from her slit, burying her face in hungrily as she gently sucks on the blonde’s clit, a trill rumbling through her throat as she does and the effect on Adora’s body is magnificent.
“Shit… Fuck…” Adora curses as she writhes around freely, her eyes

slammed shut as she grips onto her pillows, "Stars… fuck…"
Catra comes up for a breath, her ears twitch from the moans and whimpers from the blonde, "You're so fucking beautiful, Adora."
Adora's eyes open, staring at the magicat's drenched face and then those intense eyes, she can't help but flush, "You're only saying that…"
"I'm really not." Catra replies licking her lips suggestively, "You are gorgeous. Inside and out."
Adora smiles back, "So are you."
"I know." Catra replies with a shit eating grin as Adora shoves Catra's head back down between her legs, the magicat cackling as she quickly wraps her arms around Adora's thighs and pulls the blonde right into her face and gets back to work.
"Oh, fuck!" Adora nearly screams out at being manhandled as Catra doubles down her efforts, "Stars!"
Adora is thrashing around under her as Catra flicks the blonde's clit with her tongue faster and harder, she can feel the blonde's thighs tightening around her head and just when Adora is about to go over the edge, the magicat slows right back down again.
"Mm…" Adora pants out as her body relaxes a little, "Fuck…"
"Not yet…" Catra whispers into Adora's folds before she slides her tongue inside the blonde and moves it in and out with vigour.
Adora's back arches off the bed, unable to go anywhere thanks to the magicat's arms wrapped around her thighs as she feels her orgasm getting closer again, "Fuck… Don't stop… Don't stop…"
Catra nods as she continues to fuck Adora with her unique tongue (not that Adora would know that it was in fact unique), purring happily at the blonde's noises, taste and movements. She can feel Adora's walls starting to tighten around her tongue as she quickly pulls out and goes back to flicking and sucking on Adora clit.
"Ohh… mmm…. Fuck!!!!" Adora moans out louder as her eyes roll back into her head and she's white knuckling the bedsheets, her thighs tightening around Catra's head as she gets closer and closer until… "FUCK!!!!"
Catra keeps going as Adora writhes around, desperately trying to clamp her legs together, but it's no use, not with Catra's arms wrapped around them as the magicat continues to eat her out.
A loud whining noise escapes from Adora's throat as Catra finally

pulls back and releases Adora's thighs, sitting back on her heels to admire her efforts as she watches the blonde clamp her legs together, twitching with the last of her orgasm as she tries to catch her breath. Catra wipes her chin with the back of her arm as she gently spreads Adora's legs apart again, slotting her body in between them before crawling up Adora's body and scenting the blonde's cheek and neck.
Adora's eyes flicker open once she's caught her breath and she sees the satisfied look on Catra's face. The blonde rolls her eyes at the magicat before flopping back down on the bed, spent.
"So?" Catra props her head on her hand, "Are you okay?"
Adora nods emphatically, a wide grin on her face as she pulls Catra in for a messy kiss, "Fuck… I've never…"
"I know." Catra laughs.
In her blissed out state, Adora can't even blush or feel embarrassed, "That… that was amazing…"
"Compliments to the chef." Catra says licking her lips of Adora's slick before leaning down and slipping her tongue into Adora's mouth for another messy kiss, "You taste so good, princess."
Adora licks her lips at her own taste and scrunches up her nose, "I have no idea what you're talking about."
"Sure, you don't." Catra licks her lips again before rolling off Adora and onto the side, "So? Good?"
"Fuck…" Adora pulls Catra in for another kiss, "So good. Better than good."
Catra grins, a trill escaping her as well, "Good."
Adora looks down and frowns, "You're still dressed."
"Yeah." Catra agrees as she looks down at the baggy shorts she's still wearing.
"Well, that just won't do." Adora grins as she starts to pull them down, Catra rolls over on her back, lifting her hips up so the blonde can take off the offending article of clothing, "There… much better."
Catra quirks an eyebrow at the blonde as Adora just stares at the magicat newly exposed skin and fur. Catra pushes herself up onto her elbows, "Everything alright, Adora?"
The blonde nods, biting her bottom lip as she looks at Catra, "I… um… I don't think I'm ready for…" Adora swallows down hard,

trying to keep down her nervousness, "I, um…"
"Do you want me to show you again?" Catra asks as she sits up, pushing Adora back down onto her back, the blonde hisses a little and concern fills the magicat's face, "What's wrong?"
Adora scrunches up her face, "It's just… wet."
Catra looks down at the bed and there's a large wet spot where Adora was before, the towel that was under her completely soaked and the magicat can't help herself and starts to laugh, much to Adora's annoyance.
"Catra!" Adora whines, "It's not funny!"
"Sorry, sorry." Catra quickly apologises as she looks around, "Got any spare towels?"
"Drawer." Adora points to the dresser and Catra gets up and off the bed, the blonde giggling this time.
"Oh, grow up, Adora." Catra says with a grin as she walks stark naked across to Adora's drawer to grab a few towels before returning, "Move?"
"Okay." Adora shifts so she's on the other side of the bed while Catra lays down a fresh towel down.
"Back you go." Catra instructs, patting the new material and Adora shuffles herself onto the towel, lying on her side with her head propped on her hand, the magicat pushes Adora so she's on her back again, "How do you feel about penetration?"
"I don't know." Adora replies shyly, her legs squeezing together as Catra uses her knee to open them up again, "I've… uh, maybe next time?"
Catra nods, "I'll keep my hands to myself then."
Adora rolls her eyes at the magicat before her breath hitches when she feels Catra's thigh grind against her and she has to stop herself from moaning, "…fuck…"
"Ready?" Catra asks as she leans back down and kisses Adora again.
"Yeah." Adora breathes out as she wraps her arms around the magicat, pulling her closer so she can kiss her more, "Mm…"
"Oh, hang on." Catra quickly gets up again and goes towards her suit, digging around in the jacket pockets as Adora sits up and stares at the magicat in confusion.
"What are you doing?" Adora asks.

Catra drops her jacket and then grabs her suit pants and digs through the pockets of it as well until, "Aha! Got it."
The magicat comes bounding back to the bed, stopping just before the end of it as she reveals a piece of paper in her hand, Adora narrows her eyes at it before she recognises it and repeats, "What are you doing?"
Catra opens up their *contract* and grins at the blonde, ripping it up in half before scrunching it up and throwing it over her shoulder, "There. Contract is over. This next one is on the house."
Adora rolls her eyes and then pulls Catra down onto her and into another kiss, "Mm…" her eyes open and she shyly asks, "Does this mean… we're done?"
"Stars no, princess." Catra grins, "I told you before. I only want you and only you. No one else even comes close to you."
Adora beams up at the magicat, "I only want you too. My first and my only…"
"My… Adora." Catra whispers into the blonde's ear, kissing the blonde's lips before making her way back down between Adora's legs, "Now… be a good girl and let me make you feel good."
"…fuck…" Adora breathes out when she feels Catra's tongue inside her again.

"I don't think I can move." Adora breathes out, her forearm covering her forehead as she feels herself twitch below, "Fuck…"
"We just did that. Twice." Catra replies as she grabs one of the fresh towels and uses it to wipe her face before joining Adora back on the bed, pulling the blanket up to keep the blonde from getting cold, "How are you feeling?"
"Like I can't move yet." Adora replies with a giggle, the blonde looking over, "Do you want me to… you know?"
"Nah, it's okay." Catra replies as she presses her lips on Adora's, "I kind of got myself off that second time when you came."
"Did you?" Adora's eyes widen a little as Catra nods, "I… I didn't know."
"It's fine, princess." Catra rubs her cheek against Adora's face, "I wanted this to be for you."
Adora smiles back, making grabby hands for the magicat, "Come

here."
"Okay." Catra crawls up next to the blonde, wrapping an arm around Adora's stomach as she feels Adora's arms wrap around her, a soft kiss placed between her ears, "Mm… I'm going to fall asleep on these *pillows."*
"Hey!" Adora laughs at the magicat's description of her breasts, "They are *not* pillows, thank you very much."
"Mmhm." Catra hums dismissively, a purr starts up as she starts to scent mark the blonde's breasts, "Soft…"
"Catra!" Adora laughs, feeling ticklish from Catra's fur on her chest before the magicat is sated and sighs out happily, "I know this is going to sound stupid…"
"Hm?"
"But… I'm kind of glad I did that auction." Adora admits as her hand comes up and starts petting between Catra's ears, "Because if I didn't… I wouldn't have you here right now."
"Dumbass." Catra grumbles, "You're such an idiot."
"I know." Adora breathes out.
Catra kisses each of Adora's breasts before looking up and into Adora's sad eyes, "You're such an idiot with a fucking big heart."
The magicat comes back and kisses Adora softly on her lips, "And I fucking love you for it."
Adora smiles back dopily, "I love you too."
Catra leans in for another kiss, "Shower with me?"
Adora laughs out, "I can't feel my legs, Catra!"
"I can carry you." Catra grins at the blonde.
"Don't you dare!" Adora shoots the magicat a warning glare, "Just… give me a few more minutes. I don't want you to slip in the shower and we both die."
Catra chuckles at how dramatically Adora is being and then relents, flopping back onto Adora's pillowy chesty goodness and sighs happily, "Okay. I can wait."
"Thank you." Adora resumes petting Catra as they both fall asleep.

"Hey Mrs G… Marlena." Catra greets as she shuts the door once Adora's inside, "What's up?"
Adora's mom looks over the pair with a smug look on her face,

“You two look like you had a good time on your date.”
Catra nudges Adora playfully, “Adora’s not one for rock climbing, I’ll give you that.”
“You brought her rock climbing as a date?” Marlena asks surprised and Catra nods with a grin, the magicat’s face drops a little when Adora’s mom tilts her head at her before breaking out in a smile, “That’s such a coincidence!”
“What do you mean?” Adora asks as she pulls back the blankets on her mom’s bed and joins her in bed, “It was a stupid idea for a date.”
“Was it?” Her mom asks with a raised eyebrow.
“No.” Adora grumbles as Catra laughs, “It was… actually fun, once I got to the top.”
“She did really good.” Catra adds, “Only nearly dropped me twice.”
“You know…” Marlena grins at the magicat before nudging Adora with her shoulder, “My first date with your father was actually an outdoor hike and a rock climb. Oh, he was so outdoorsy!”
“Gee… you’re right, Marlena!” Catra clicks her fingers before turning to Adora, “I think I know a good spot for actual rock climbing. I’ve just got to make a few phone calls…”
“Woah!” Adora halts Catra’s thinking, “My arms still feel like jelly after this morning. Can we just do something less… extraneous?”
“I thought you said your legs were jelly after this afternoon.” Catra smirks and Adora flushes red.
“Oh, Adora.” Marlena gently massages what she can reach of Adora’s legs, “You need to stretch more, dear.”
“Uh huh.” Adora replies as she sends daggers to a cackling Catra, “I’ll remember that next time.”
“Good.” Marlena beams back before looking back at Catra, “No suit?”
“Not today.” Catra replies and Marlena seems a little playfully disappointed, “Do I need to dress up to meet you all the time?”
“I thought that was the default when meeting in laws.” Marlena replies offhandedly as she watches both Catra’s and Adora’s eyes widen, “What? What did I say?”
“In law?” Catra repeats a little slower, “Uh…”
“Mom!” Adora groans out.
Marlena laughs, “You two are so easy to rile up.”

Catra breathes out a sigh of relief before straightening back up again, walking over to the other side of the bed and taking Marlena's hand in hers, "So… if I was to ask for Adora's hand in marriage…"
"Wait, what?!" Adora whips her head to the magicat so fast her hair flicks her in the face.
Meanwhile Marlena doesn't take the bait, "In that case…" she looks Catra up and down, squeezing the magicat's hand and then thinking out loud, speaking to herself while looking at Adora, "Hm… let me think about this…"
Catra grins over at the blonde who's still in shock at hearing the word *marriage.*
Adora's mom continues to think out loud, "Hm… Catra and Adora…"
"Mom!" Adora groans again as her mom keeps say their names over and over again, "What are you doing?"
"Just going through a checklist in my head about whether Catra is good enough for you or not." Marlena simply replies as she sends Catra a quick wink and stage whispers, "I think you are." Before clearing her throat, "Has probably got a good job. Check. Will look after my daughter properly. Check. Is a completely whipped for my daughter. Check. Looks good in a suit. Check."
Catra cackles at the last one, "Do I look good in a suit?" Before she realises that second last comment, "I am *not* whipped!"
"Don't go fishing for compliments, dear. It's unbecoming." Marlena chastises with a smirk as she ignores the last statement, "Now, where was I?"
"Apparently you think she looks good in a suit." Adora reminds her with a slight eye roll.
Marlena grins back at her daughter, "You don't think she looks good in a suit?"
"What? Of course I do!" Adora quickly declares, making Catra cackle a little more, "Shut up! You're not helping!"
"Oh, princess." Catra says as she manages to stifle her laughter, "Just admit that you love me."
"I knew it!" Marlena whacks Adora in the arm, "I knew it!"
"Stars…" Adora tries to hide her face in her hands.
"What's wrong, love?" Marlena asks her daughter, "Is that a bad

thing? Do you not love her back?”
Adora looks over at Catra with a soft smile on her lips, “I love her. With all my heart.”
“I love you too.” Catra replies.
“Great! When are you going to propose to my daughter?” Marlena tugs on Catra’s hand.
The magicat laughs, “We’ve literally been on one date, Marlena.”
“Don’t give me that.” Marlena huffs out, “I want grandmagikittens already! Stars, that would be so cute!”
“Stars…” Adora’s face goes bright red at the idea of anything more than just dating as she replies offhandedly, “We only just had sex and you already want grand kids?”
Marlena’s eyes go wide at the admission before she turns to Catra and then back to Adora. The magicat shrugging, “You did say you wanted details.”
“Catra. Could you give me and Adora a minute please?” Marlena asks patting Catra’s hand politely.
“Sure.” The magicat nods, “I’m going to hit the vending machines. Want anything?”
“I’d ask for a chocolate bar but I’m sure the nurses wouldn’t be happy with me.” Marlena says with a quiet sigh before looking at the magicat cheekily.
“You got it.” Catra chuckles with a knowing nod and then turns to Adora, “I’ll get you something too.”
“Thanks.” Adora smiles back to Catra, grinning wider when she comes over and presses a chaste kiss on her lips before Catra heads out of room. The blonde turns back to her mom, “What’s up?”
Her mom throws her arms around Adora as the blonde yelps in surprise, “Oh, I’m so happy for you Adora!”
“Uh… thanks?” Adora replies with a chuckles as she wraps her arms around the mom, “What’s going on?”
“So… tell me everything! How was it?” Marlena releases her daughter and asks with curiosity, “I’ve heard magicat tongues are quite something…”
“Oh my stars!” Adora tries to pull back but her mom holds her in place with her freakishly strong arms, “Mom!”
“Oh, come on, Adora. We’re all adults here.” Marlena rolls her

eyes, “Usually Glimmer would dish everything to me, but it seems like you haven’t told her anything either.”
“For good reason it seems.” Adora replies with a blush, “Can we please not talk about Catra’s… tongue?”
“Come on, Adora!” Marlena whines, “Tell me something. Anything! I’m literally dying here!”
Adora frowns at her mom, “You are not dying. You’re getting better, remember?”
“I bet I’d get better a whole lot quicker if my daughter would give me some details of her date today.” Her mom tries to persuade her with a mischievous smile, “At least tell me she was at least considerate.”
“She was considerate.” Adora deadpans back to her mom who just rolls her eyes back at her, “Now, is this really why you asked Catra to step out of the room?”
“No.” Marlena sighs, “The doctors found something…”
Adora’s eyes widen at that, “What?”
“They found another mass growing in my liver.” Marlena tells her daughter sullenly before trying to lighten the mood a little as Adora just looks on in shock, “But they don’t know what it is and they’re running a few more tests to find out.”
Adora can’t help the sinking feeling in her gut as her mother wraps her up in her arms.
“Adora, love.” Marlena soothes her daughter, “I’m sure it’s nothing. You know how doctors are. Fussing over everything little thing.”
The words don’t bring any comfort to the blonde as she starts to cry into her mother’s shoulder.

“Hey guys.” Catra walks back in after knocking on the door and Marlena calling for her to come in, “You have no idea how handsy those nurses can be when they think I’m smuggling in the goods…” Catra abandons her line of thought when she sees Adora crying into her mom’s arms, “What… what’s going on?” she looks at Marlena, “What happened?”

Chapter End Notes

I've added 2 extra chapters as my brain gave me a few more ideas.
Hope that's alright with you guys... not that you've got a choice in my brain ideas... haha
Plus I'm having too much fun writing Adora and her mom's interactions...

thanks for reading, comments and kudos.

New message from Traps!

Traps: Catra! We have a new contract!

Traps: Come back to the lab.

Traps: Bring Scopria!

Traps: I can test out the new Emily!

Wildcat: DO NOT test out the new Emily without us!

Wildcat: Traps! I swear to the stars if you boot Emily up...

Scorpia: Not to worry, Wildcat!

Scorpia: We can trust Entratpa to have self control.

Scorpia: Right Entrapta?

Scorpia: Entrapta?!

Wildcat: Reply Traps!

Traps: Okay 😟

Catra looks up from her phone and over at Adora and her mom still in deep conversation with the doctor about a possible new growth on Marlena's liver. The doctor writes a few more notes into Marlena's file and puts it back on the end of the bed before leaving.
A nurse quickly comes in and flips through the chart before saying something to the pair and then quickly disappearing to retrieve something.
The magicat comes over, pocketing her phone and taking in a deep breath as she approaches the pair, she puts a reassuring hand on Adora's shoulder, the blonde quickly covering it with her own, "What did the doc say?"
"They need to run a few more tests." Adora replies, "They aren't sure what it is yet."
"Okay." Catra says before turning her attention on Adora's mom, "How are you feeling?"
"The same as before." Marlena replies with a soft smile, "I really don't feel any sicker. It's probably nothing."
"You don't know that." Adora sighs out before she turns to Catra, "She doesn't."
"I know." Catra pulls Adora into her chest and kisses the top of her head, "So, how long before they figure it out?"
Marlena shrugs, "The doctor said the labs are backed up so they're going as fast as they can, but there's a bit of a queue."
Catra taps her phone through her pocket, "I know this isn't the best time…"
"What's wrong?" Adora quickly looks up before she understands, "You have to go again."
"Yeah." Catra nods, "Bad timing. I know."
"Go. I'll still be here when you get back." Marlena tells her, "Don't worry about me. I've got Adora and Glimmer and Bow."
Catra musters up a wry smile, "You've got me and my friends too."
"Thank you." Marlena nods at her, "But, seriously. Go. It could be a while before they figure out what the mass is."
"Are you sure?" Catra asks as she squeezes Adora's shoulder, "Scorpia could probably… well, probably not…"
"Probably not what?" Adora asks.
"Stop Entrapta from booting up Emily." Catra replies with a

grimace, “And she’s been so excited to get this up and running…”
“What do you do, Catra?” Marlena asks with a quirk of an eyebrow at the magicat, “You’re not doing anything… illegal, are you?”
Catra quirks an eyebrow right back before breaking out in a laugh, “No. It’s not illegal if it’s sanctioned by… uh, ignore I just said that.” Catra looks around, before clearing her throat, “No. Not illegal.”
“Okay. What do you do?” Marlena asks again.
Catra steps in closer so she can speak in private with the pair, “We are chaos.”
“Huh?” Adora narrows her eyes at the magicat, “What does that even mean?”
“We cause chaos.” Catra repeats with a shrug, “Take it or leave it. I can’t really say more than that.” And as Marlena is about to ask another question, Catra raises her hand, “No, really. I can’t say more than that.”
“Fine. Keep your secrets.” Marlena faux glares at the magicat, “When are you leaving?”
Catra looks at her phone and a notification pops up almost instantly as she groans, “Tonight. I have to get going soon or I’ll miss my flight.”
Adora stands up and pulls Catra into a tight hug, “Go. Do whatever it is you do.”
“I love you, Adora.” Catra whispers into the blonde’s ear, “I’ll be back before you know it.”
“I love you too.” Adora sighs into Catra’s shoulder, “We should probably talk about how this whole… long distance thing is going to work.”
Catra grits her teeth together as she nods back, “Yeah.”
“Hey! Where’s my hug? I’m the one that’s sick here.” Marlena complains playfully, breaking the pair up with a chuckle, “Catra. Come here.”
“I’m not much of a hugger.” Catra replies as she reluctantly steps towards Adora’s mom and then makes an indignant squeak when she’s pulled down into Marlena’s arms, “Woah! How the…”
“She’s freakishly strong.” Adora answers the unfinished question.
“I am.” Marlena proudly declares as she squeezes Catra in her arms, “When are you coming back?”

Catra laughs as she manages to get free of the older woman's arms, "I haven't even left yet and you want to know when I'm coming back?" Adora's mom nods as Catra shakes her head with another chuckle, "Soon."
"Okay." Marlena seems somewhat satisfied with that answer, "Don't take too long. I don't want to deal with a mopey Adora."
"Mom!" Adora groans out but smiles, "I am not going to be mopey."
"Yes, you are." Marlena doubles down, "But that's what love does."
Catra grabs Adora's hand, lacing their fingers together, "If it makes you feel any better, I'm probably going to be just as mopey."
"It's not a competition." Adora rolls her eyes fondly at her girlfriend.
And just as Catra is about to say something else, her ring pings, the magicat groans, "That would be my ride."
"Already?" Adora asks surprised.
"Yeah. Traps is tracking me constantly." Catra replies as she taps on her phone a few times before pocketing it and pulling Adora in for a loving kiss, not caring at the sound of cooing from Marlena in the background before breaking apart, "Okay, I have to go or I'm going to miss my flight."
"Okay. Love you." Adora says again.
"And I you." Catra grins back as she backs her way towards the door and bows, "Til we meet again, my sweet princess."
Adora giggles, "Text me when you get to the airport!"
"Of course." Catra grins, "See ya, Mrs G."
"Hey!" Marlena shouts out as Catra cackles and exits before Marlena can get another word in. The older woman looking at Adora, "I'm banning her from seeing you for that."
The threat makes Adora laugh wetly as she realises that Catra's gone again, the blonde crawling back into her mom's bed as she nestles into her mom's arms, trying not to feel sad.

New message from Wildcat!

Wildcat: I'm at the airport. Taxi drivers are fucking crazy.

Wildcat: I'll be back before you know it, princess.

Adora reads the messages still curled up with her mom in bed, Marlena reading over her daughter's shoulder, "You should go home, dear."
Adora shakes her head, "Too lonely at home, mom."
"You're going to get kicked out of here soon, love." Marlena says softly, "Why don't you call Glimmer and Bow? Maybe stay with them tonight."
"Why are you trying to kick me out?" Adora asks with a frown.
"You need to sleep, Adora." Marlena tells her with a serious look on her face, "There's no point worrying about something when we don't know what it is."
"But I don't want to leave you alone."
"I'll be fine, Adora." Her mom reassures, "I promise to call you if I find out before you come back, okay?"
Adora nods.
"Also, you should reply to your girlfriend." Marlena arches an eyebrow at the daughter before waggling her eyebrows making Adora laugh, "I like her."
"I love her." Adora says with a smile on her face.
"I know."
"I should text Catra back." Adora says as she unlocks her phone.

Adora: I miss you already.

Wildcat: Sap!

Adora: Hey! Not cool! My lover just left me!

Wildcat: Lover huh?

Adora: Girlfriend?

Wildcat: Love of your life.

Adora: And yours.

Wildcat: Totally.

Adora: I knew you were whipped! Come back soon. I can't stand a mopey Adora.

Wildcat: Got it, Marlena.

Wildcat: Let me know what the doctors come back with when you find out.

Adora: I love you too just in case you weren't sure. You're family nowwww

Adora: Sorry, she grabbed my phone.

Adora: And yes, you are family.

Wildcat: Good to know. I'm honoured.

Wildcat: My flights getting called. I should have charged my phone… battery dying.

Wildcat: I'll text you when I land.

Wildcat: I love you, Adora.

Wildcat: And Adora's mom.

Wildcat: In a non-romantic way.

Adora laughs as she reads the last few texts, her mom does too when she sees it, giving the blonde a fond look.

Adora: Have a safe flight. I love you too! So does mom!

It's been a few days, closer to a week now, since Catra's had to return home and Adora is lounging out at home with Glimmer and Bow as they catch up on movie night.
As the credits roll, Glimmer turns to Adora, "When is she coming back?"
"She doesn't know yet." Adora replies a little sadly, "She said she

had to go offline for a little bit."
"Oh, okay." Glimmer nods as Bow gets up to stretch his back, "When was the last time you spoke to her?"
"She texted me yesterday." Adora says pulling out her phone to confirm, "I haven't heard from her since. Do you think she's alright?"
"I'm sure she's fine, Adora." Bow reassures her, "She'll be back before you know it."
"I hope so." Adora says trying to muster a smile back to her friends, "Ugh! I finally get her and then she has to leave."
"What are you guys doing about the whole… long distance thing?" Glimmer asks as Bow sits back down next to her, the sparkly girl throwing her legs over his lap as she gently massages her thighs, "She lives in Dryll, right?"
"Yeah." Adora nods, "I… we haven't had a chance to talk about it."
"Are you going to move there?" Bow asks, genuinely curious, "Because we'd support you no matter what you decide."
"I don't know." Adora sighs, "I can't just up and leave. My mom's still in hospital. I can't just leave her here all by herself. Not while they are still investigating whatever is growing on her liver."
"Still no results yet?" Glimmer asks and Adora shakes her head, "Surely it can't be that hard to diagnose."
"Well, apparently it is." Adora sighs again, "Plus they're backed up currently in the labs."

KNOCK KNOCK!

"Oh, that must be our pizza. I'll get it." Adora gets up to answer the door as Glimmer swings her legs off Bow's lap and grabs the remote to get the next movie ready while Bow gets up to grab some more drinks for the impending food.
Adora opens the door, ready to greet the delivery person when she stops in her tracks as she sees who has her pizza order in her hands, "Pizza delivery for..." Catra looks down for a name on the box before not finding one, "…Adora?"
Adora tugs Catra inside, the magicat nearly dropping the pizzas as Bow manages to quickly grab the boxes before they go tumbling to the floor as Adora kisses her girlfriend like they haven't seen each other for a lot longer than what it actually was.

"You're here…" Adora whispers out into Catra's lips as she leans her forehead on the magicat's, a smile on her lips, "When…?"
"I got in this afternoon." Catra replies back with her eyes closed as she breathes Adora's scent in, "I made a quick pit stop though."
"Yeah?"
"I brought along a friend or 2 back from Dryll with me…" Catra starts to say and is promptly cut off by Adora leaning in for another kiss, a grin on her lips when they part as the magicat continues, "Entrapta is looking into your mom's test results…"
"What? Really?" Adora pulls back in surprise.
"Yeah." Catra chuckles, "She's doing… something… I can't say too much. For uh, legal reasons…"
"Entrapta! Like Entratpa, Entrapta?!" Bow pops up next to the pair, the pizza safely deposited on the table as he looks at Catra excitedly, "You know Entrapta?!"
"Yeah." Catra laughs as Adora takes a step back but holds onto the magicat's hand, "We… we uh, go back."
"That… is so cool!" Bow exclaims.
"Well, you can probably meet her at some point." Catra shrugs, "We're going to be here for a few weeks."
"You are?" Adora asks happily.
"Yeah. So, I'm going to need a place to stay." Catra says with another shrug.
"Oh, you are so staying here. With me." Adora declares.
Catra looks over and sees Glimmer making her way over, "Hey Sparkles. How's it going?"
"Another suit?" Glimmer eyes the magicat's attire, "Do you not own anything else?"
"You don't like it?" Catra quirks an eyebrow.
"I *love* it." Adora cuts in, pulling Catra in for another kiss by her suit jacket, "Mm…"
"Gross." Glimmer scrunches up her nose at the pair, "Are we watching this movie or do you want us to go so you can… *get it on."*
Adora's eyes widen as a blush takes over her face, Bow pulling Glimmer into his side and grinning at the pair, "Well… we've got the pizza…"
"I'm fucking starving." Catra declares as she pulls Adora towards

the food, "Got anything to drink?"
"Yes." Adora smiles as she's about to get up to get one for her girlfriend, but Catra stops her, "What do you want to drink?"
"I can get it, princess." Catra smirks as she pushes Adora back down on the couch, "I'm guessing… water for you?"
Adora nods.
Catra turns to the other two, "What about you guys? Drinks?"
"Nah, we're good." Bow replies happily holding up 2 bottles of soda, "Grab one for yourself as well if you want."
"Are you sure? I'm good with water." Catra replies as Bow nods, "Okay, thanks dude."
"No worries!" Bow beams back at her while she goes to retrieve some drinks.
As Catra's in the kitchen, Adora leans forward, "I can't believe she's here!"
"I know, right?!" Bow and Glimmer reply at the same time.
"Do you think she's going to want to…" Adora makes a few hand gestures as Bow chuckles and Glimmer just looks on with a roll of her eyes, "You know… have sex?"
"Definitely." Glimmer deadpans back, "We won't stay too long. Promise. And then you two can get your sex on."
"Glim!" Adora whisper shouts as she flushes even harder.
"What? Come on, Adora." Glimmer chuckles, "You know you want to do it again."
"What are you guys whispering about?" Catra returns, handing Adora her glass of water as she sets her bottle down on the table.
"Oh, just the movie we're going to watch later." Glimmer tries to cover up their conversation.
"Uh huh." Catra replies opening the boxes and taking a slice for Adora who happily accepts it before getting one for herself, "Are you sure you're not talking about us possibly fucking after you leave?"
Adora almost chokes on her slice, "Catra!"
Bow and Glimmer turn beet red as they realise they've been caught.
The magicat cackles, "Sorry, princess. But your friends are too easy to rile up."
"Again, gross." Glimmer sticks her tongue out.

“How was your flight?” Bow changes the subject as the other couple grab a slice each and start eating.
“It was fine.” Catra answers and takes another bite, “I was lucky we had enough stuff to distract Trap’s from trying to take apart the plane while we were in the air and in it.”
“Stars…” Adora says thinking about that.
“I know.” Catra laughs, “Trap’s is a genius but she’s also completely nuts.”

“So…” Catra perches herself on the arm rest of the couch as Adora shuts the door behind her after bidding her friends goodnight, “Good surprise?”
Adora purses her lips for a second before walking over to Catra and pulling her off the couch and into her arms, pressing her lips on the magicat in a long and heated kiss before pulling back with a sigh, “Good surprise.”
Catra purrs happily, “How’s the job hunt going?”
“Terrible.” Adora groans out dramatically, “There’s just so much competition around and I’ve got zero call backs so far.”
“That’s sucks, princess.” Catra wraps her girlfriend in a tight tug, “I’m sure you’ll find something.”
Adora nods into Catra’s shoulder, before clearing her throat, “So…”
“So?”
“Wanna see my bed again?” Catra cackles at how shy Adora is when she asks, the blonde shoving the magicat slightly as she tries to school her blush before looking around, “Where are your bags?”
Catra shrugs, “Don’t have any.”
“Change of clothes? Toothbrush?” Adora asks confused as to why Catra has come back with nothing again.
“Nope and nope.” Catra grins, “I figured I’d sleep in your clothes and you’d probably have a toothbrush for me somewhere…”
“What about a change of clothes?” Adora says as Catra leans in and presses kisses on her neck, “Mm… hey… stop changing the subject…”
Catra chuckles into the kiss she’s pressing on Adora’s jaw, “It’s at the hotel. My stuff.”

“Oh?”
“Yeah, Trap’s is staying at the hotel for now or until she gets kicked out.” Catra replies as her hands go under Adora’ shirt, “Mm… you smell so good.”
“…fuck.” Adora breathes out before she frowns, “Wait, why would she get kicked out?”
“Did you forget the part about her taking things apart?” Catra laughs into Adora’s neck, “Don’t worry, it’s mostly her taking apart anything that’s got tech in it…”
“Oh, okay.” Adora relaxes back and lets herself enjoy having her magicat touching her, “When do you want to get your stuff?”
“…later.” Catra breathes out as she licks up Adora’s neck, her hands moving down the blonde’s body until she’s just below her butt and then Adora yelps out when Catra lifts her up, the blonde’s arms and legs automatically wrapping around the magicat as they head to Adora’s bedroom, “But… right now…”
“Hm?” Adora hums happily as she leans into a kiss while Catra walks them towards her bed.
“Well, as Sparkle’s said… lets *get it on.”* Catra grins as she lays Adora downs and starts to undress herself before getting Adora out of her clothes like she’s unwrapping a birthday present.
Adora pulls Catra down once they’re both naked, the magicat laying on top of the blonde, “I missed you so much.”
Catra smiles softly back, leaning in and pressing a chaste kiss on Adora’s nose, “Yeah?”
Adora nods.
“I love you.” Catra replies, this time kissing Adora’s lips as she feels the blonde’s hands wrapping around her back, “I love everything about you, princess.”
“Catra?” Adora looks up at the magicat breathlessly as the magicat scent marks her cheek.
“Hm?”
“Fuck me.”
“Whatever you desire.” Catra replies with another kiss on Adora’s lips.

Chapter End Notes

I know... I have to stop leaving chapters like this...
But hey, this fic gets updated every couple of days... so it's not like it's too long of a wait, right?
haha... perhaps that's a reflection of how much free time I have... hm... 🤔

Anyways, one more chapter left... or is it?
Heck, I don't even know... maybe? It did start off as 5...
Unfortunately it will come to an end... at some point when I decide to end it...

Thanks for reading, kudos and comments!

“Hey Adora.” Catra whispers into Adora’s neck, “What do you want?”
The blonde hums happily feeling the magicat’s lips pepper kisses across her skin, words are hard to speak right now and all she can muster up is a pathetic moan in place. Her hands roaming up and down Catra’s back as she tries to find purchase until the magicat pulls away and her eyes open up in surprise.
“Catra… what are you…?” Adora says coming out as more of a whine as she tries to pull the magicat back down unsuccessfully, “Come back here.”
Catra smiles and leans back in, pressing her lips back on Adora’s before yelping a little when the blonde flips them, Adora climbing on top and straddling the magicat as Catra looks up with a wicked grin on her lips.
“My turn.” Adora huffs out taking control for the first time as Catra just smirks back.
“Whatever you want.” Catra replies casually, “Just… let me sit up a little.”
“Oh, yeah, sure.” Adora’s confidence quickly dips as she gets off a little so Catra can readjust, the magicat manhandling the blonde to sit on her lap, “Hey…” Adora shivers a little when she feels Catra’s hand squeeze her hips.
“Okay.” Catra moves her hands to Adora’s waist, looking over Adora with soft eyes, “Beautiful…”
Adora blushes, pushing her hair back that’s fallen out of her ponytail as the magicat reaches up, “What are you…?”

“Your mom was right.” Catra says pulling out the elastic band from Adora’s hair and wrapping it around her own wrist.
“About what?” Adora looks down, her now free hair cascading around her face.
“You look sexier with your hair down.” Catra replies reaching up to cup Adora’s face.
That makes the blonde giggle as she looks down at herself, “Are you sure it’s not because I’m also naked *and* on top of you?”
“That helps.” Catra shrugs with a smile, “But then again… you have always been beautiful.”
“You’re just saying that.” Adora looks away, her face on fire from the compliment.
“No. I’m really not.” Catra gently guides Adora’s eyes back to her, “If your silly little auction wasn’t any indication that I wasn’t the only one that noticed…”
Adora groans, “Please… don’t mention that…”
“I was shocked to read that you weren’t already taken to be honest.” Catra continues on, “I wasn’t the only one looking, princess.”
“Catra.” Adora tries to sternly say but gasps a little when the magicat bucks her hips up a little to readjust her position, “Mm… fuck…”
The magicat leans in, pressing kisses on Adora’s neck again and moving down to her collarbones, one hand supporting the blonde to stay upright while the other cups her breast. Catra looks up from where she’s kissing Adora’s shoulder, “Is this okay?”
Adora nods, biting her lip as she takes in a deep breath, “…fuck… stop… stop distracting me…”
“Distracting you?” Catra chuckles as she makes her way down to her breast with her mouth before she’s gently pushed back, “What wrong?”
“Nothing.” Adora wraps her arms around Catra and leans forward to kiss the magicat making them lose balance and force the magicat back onto the bed, “Stop distracting me.”
Catra laughs, putting her hands behind her head and raising a challenging eyebrow up to the blonde, “Okay. I’m all yours.”
“Yes. You are.” Adora quickly and proudly declares, her fingers tracing over the scars on Catra’s chest before softly moving over

the magicat's nipple, Catra doesn't react much and Adora huffs out a little.
Catra catches it, she moves to grab onto Adora's hands, holding them over her chest, "My nipples aren't as sensitive. Not since I got the surgery."
"Oh." Adora chastises herself, she should have known, or even asked.
"It's fine, princess." Catra brings Adora's hands up to her face and kisses each of her palms, "Keep going? It feels good you being on top of me like this."
"Yeah?"
"Yeah." Catra nods, "The view is pretty fucking amazing too."
Adora looks down again and realises there's slick over where she's straddled on top of Catra, a feeling of embarrassment washes over her as she contemplates moving to another position not so visual, "Uh…"
"Stay." Catra requests softly, "It's hot. You're hot. And sexy. And beautiful. And… mine."
The last word has Adora's mind abandoning her other thoughts as she leans down and presses a kiss on Catra's lips before whispering into the magicat's lips, "And are you mine too?"
"Only yours, princess."
"Good." Adora preens, "I love you."
"I love you too." Catra replies softly, "Now… get to work."
Adora shoves Catra in the face, the pair laughing before Adora goes back to what she was planning to do before being interrupted, but then another thought pops into her mind and she sighs, "Catra?"
"Yeah?"
"What happens next?"
"Well…" Catra thinks, "I think a little more foreplay is in order before you can go down on me."
Adora tilts her head and realises that they definitely are not on the same page, the blonde throws her head back and laughs, "No. Not that."
"What are we talking about?" Catra props herself up on her elbows feeling a little confused, "I mean, if you aren't up for it yet, I'm happy to just make you feel good tonight."

“I wasn’t…” Adora shakes her head with a smile, “I think I’m up for returning the favour. But that’s not what I’m talking about.”
“Strange question to ask then, princess.” Catra pulls Adora down so the blonde drapes over her, “What happens next?”
“I meant like… relationship-wise.” Adora sort of elaborates.
“Uh… well, more dating is in the cards I think.” Catra replies unsurely, “And… I don’t know… a pet or a plant?”
“No, you idiot.” Adora laughs again, “I meant… how is this going to work? Long distance and all.”
“Oh…” It finally clicks in the magicat’s brain, “I… I didn’t really think that far.”
Adora sighs, “My mom is still sick.”
“I know.”
“I can’t just up and leave with you.” Adora declares a little sadly, “And… start over.”
“Why do you think you’d be the one having to move?” Catra asks gently stroking Adora’s hair.
“Because I’m the one that’s unemployed currently.” Adora breathes out, “Because I’m not the one contributing. And because… it’s not fair on you to have to up and move everything in your life for me.”
Catra’s silent for a moment before her body shakes in a chuckle, “You’re such an idiot.”
Adora frowns at that, her head coming back up to glare down at the magicat, “This time I’m not.”
“Yeah, you are.” Catra says, “You’ve made all these assumptions and you haven’t even bothered to ask me what I want.”
“But it’s just so obvious, isn’t it?”
“No. It really isn’t.” Catra replies pulling Adora back down so she’s lying on top of her again, the blonde’s weight comfortably grounding her, “Dryll is the only stable place I have.”
Adora huffs out, “Exactly! So, I can’t make you just leave.”
“Remember when I told you I didn’t have a schedule?” Adora nods, “Well, that’s because it’s true. I don’t have one. A schedule that is.”
“But you’ve had to leave twice already.” Adora points out.
“For work.”
“But you live there.”

“I can live anywhere.”
“But…” Adora tries to think of something else but is cut off by the magicat.
“Adora. You are confusing me somewhat.” Catra says a little amused, “Do you want to come and live with me in Dryll? Or do you want me to move over here? Or should we find some kind of middle ground?”
“I don’t know.” Adora settles on, “Are you even sure it’s me you want to settle on? You could have anyone…”
“Stop that.” Catra chastises, “If I have to mark you as my mate, I will.”
“You want to mark me?”
“Yes.”
“Then… what are you waiting for?” Adora pushes herself up challenging the magicat.
“It’s not time yet.” Catra replies with a shrug and then she sees a little disappointment in Adora’s eyes, the magicat reaching up and cups both of Adora’s breasts with a small grin, Adora looks down and cocks an eyebrow, “When it’s time for me to mark you, we’ll both know.”
“Hey…” Adora’s breath hitches as Catra swipes her thumbs over her nipples, the blonde quickly covering Catra’s hands with her own to stop the movement, before glaring back down at the magicat, “My turn, remember?”
“Oh, by all means.” Catra smirks up before rolling her hips up and making Adora moan out a little, her hands sliding back down to Adora’s waist, “Now… where were we?”
“…fuck.” Adora moans as Catra’s manages to grind up against her, “Catra…”
“Yes?”
Without a second thought, Adora starts to grind herself down harder onto Catra’s lap, leaning back with her hands on the magicat’s legs, giving the magicat an amazing view, eventually, Adora manages to breathlessly pant out, “Keep going…”
Catra chuckles before stilling her hips and Adora whines in protests, still grinding down but not getting the desired effect, the magicat’s hand moving from Adora’s hip to the her stomach and then slowly ventures lower, “I thought it was my turn…”

Adora huffs out, her hands move to Catra's chest once again, fingers swirling along the tuft of fur in the middle before tracing over the scars once again, "Okay."
Adora leans in and presses her lips against Catra's as the magicat reciprocates enthusiastically, and when Adora moves to her neck, the magicat finds herself scenting herself over the blonde's hair and purring happily.
"You're so cute…" Adora whispers into Catra's neck.
"Not cute…" Catra grumbles out by her purr gets stronger, making Adora giggle.
"Yes, you are." Adora smiles into another kiss into the magicat's neck, "Can I go lower?"
"Yeah." Catra smiles down at the blonde, "Go for it."
"Okay." Adora nods nervously, trying to hide it by kissing Catra's stomach but the magicat catches it and brings her back up, "I'm okay…"
"Adora." Catra cups Adora's cheek, "It's okay if you're not ready. I'm okay with you working up to this."
"I can do this." Adora declares, "Just…"
Catra's ears perk up, "Hm?"
"Talk me though it?"
"Sure." Catra smiles back reassuringly.
"Okay." Adora moves down between Catra's legs, "What do I do now?"
Catra chuckles, "What do you want to do, princess?"
"Catra!" Adora whines with a pout, "You're not helping!"
The magicat cackles, "Babe, do you want me to show you again?"
"No." Adora says a little too quickly before frowning up at the magicat, "I mean, yes. But not because I want you to… oh, shut up!"
Catra cackles a little more as Adora rolls her eyes up, the magicat becoming a little impatient and thrusts herself into Adora's face making the blonde yelp a little as Catra's slick lightly coats Adora's nose and lips.
"Hey!" Adora grumbles as she wipes the slick off her face, "Oh, you are so going to pay for that!"
Catra's laughter is cut off when Adora's tongue finally makes contact with the magicat's slit, "Oh, fuck…"

“Mm…” Adora hums as she begins to lap up the magicat’s slick, a little too quick as Catra grimaces a little.
“Slow down there, princess.” Catra pats Adora on the head.
Adora pauses and looks up at the magicat, “Sorry…”
“No, don’t be sorry, just…” Catra’s head flops back on the pillow when Adora’s tongue goes back on her, a lot slower and not as harsh, “That’s better… like that.”
“Mm…” Adora’s closes her eyes as she focuses.
Catra’s hand guides Adora up a little higher, “Up a little…mm… fuck… yeah, right there…”
Adora nods as she finds Catra’s clit and licks it up with a little more vigour when she feels the magicat’s hand gripping her hair just a little bit tighter.
“Fuck… that feels good, Adora.” Catra praises the blonde and that seems to make Adora work her over just a little but more, “Keep going, just like that… fuck…”
Adora’s jaw, neck and shoulders are starting to burn from the position she’s in, but the sounds and soft moans from Catra keep her going, the hand in her hair hurts a little with the way Catra is gripping it.
“Mmphf!” Adora tries to breathe out but it gets harder with the way Catra is grinding and fucking herself on the blonde’s face, all Adora can do is try to keep up.
Catra’s body tenses as she makes a keening noise before grunting out, “Fuck!” and then pulling herself off Adora’s face and tongue, Adora finally managing to take a breath, resting her cheek on the magicat’s furry thigh while Catra twitches from her orgasm.
“Was that alright?” Adora asks as she presses a kiss on the magicat’s thigh.
Catra hums happily before looking down at the blonde, “Fucking hell, Adora. That was… fuck…”
Adora preens, a wide smile on her lips at hearing that Catra liked what she was doing, “Fuck, Catra. That was… amazing.”
“Yeah.” Catra nods, stretching her arms, “Come here.”
Adora nods and crawls up Catra’s body, “Hi.”
“Hey, Adora.” Catra sits up and kisses Adora, tasting herself on the blonde’s lips, “My turn.”
Adora’s eyes widen as Catra manhandles the blonde so she’s back

on top of the magicat's lap, a playful glare on Adora's face as she leans forward, her hands on Catra's chest, "So…"
"So." Catra replies, before grinning up, "Stay. Don't move."
"What? Why… stars!" Adora nearly falls forward when Catra slides down under her, "What are you… oh, fuck…"
Catra watches as Adora's eye roll back as she moves her face down under Adora's slit, wrapping her arms around Adora's thighs and holding her into place before gently licking up the blonde's lower lips, savouring the taste of Adora's slick, "Mm… you taste so good."
"Fuck…" Adora manages to pant out as she leans forward, supporting herself on her hands before dropping down to her elbows as the magicat's tongue starts to work her over, "Cat… mmm… fuck… stars!"
"Mm…" Catra grins into Adora slit, pulling the blonde down onto her face to stop Adora from moving too far way.
Adora can feel herself getting closer as she struggles against Catra's hold on her thighs, "Fuck… fuck…"
"Mmhm" Catra hums happily as she finds Adora's clit and sucks on it making Adora's body tremble, before letting go and thrusting her tongue inside the blonde, the feeling of Adora's walls tightening around the tongue has her own body grinding up against nothing.
Catra pushes Adora back upright, the blonde reluctantly sinking herself back down onto Catra's face as she moans and whines louder and louder, "I'm… I'm… fuck… Catra… I'm…"
Catra releases one arm from around Adora's thigh and cups the blonde's breast, her other arm keeping the blonde in place as she continues to fuck her with her tongue.
It's not long before Adora cries out as her orgasm peaks and she bucks herself out of Catra's grip, the magicat pushing the blonde onto her back and kisses her while Adora tries to catch her breath, but it hitches again when Catra starts to grind down into her, a leg thrown over Adora's thigh as the magicat chases her own high.
"Catra… fuck…" Adora whines pathetically as Catra grinds down harder and faster against her and her thigh, "I'm… stars…"
"Ah… fuck!" Catra groans out as she reaches her peak while still

grinding up against Adora as the blonde quickly reaches her second orgasm in quick succession, wrapping her arms and legs around the magicat as she tries to recover.
After a little while and they've both calmed down, Catra looks down at a blissed out Adora, "Fuck, princess… that was fucking amazing."
Adora giggles, pulling Catra into a kiss and then scrunching up her nose playfully.
"What?" Catra asks pushing away a few sweaty strands of hairs off Adora's face.
"I don't get how you can like the way I taste… down there." Adora blushes when she says that.
"I don't *like* the way you taste down there, princess." Catra deadpans before going back in for another kiss, licking her tongue into Adora's mouth before whispering into the blonde's ear, "I *love* the way you taste."
"Mm…" Adora hums happily, a dopey smile on her lips.
Catra yawns, rolling off the blonde before quickly pulling Adora into her arms and spooning her from behind, "I love you too, by the way…"
"I know. I love you too." Adora replies with a smile.
"Mm… I'm fucking tired…" Catra yawns again, "You've tired me out, princess."
Adora scrunches up her nose and shifts a little uncomfortably, "Ugh… Catra!"
"What?" the magicat grumbles sleepily.
"It's wet."
"Sure is."
"No, the bed is wet." Adora huffs out.
"And?"
"Catra!" Adora whines and Catra grumbles again, "Please?"
"You want to go again?" Catra replies with her eyes closed and her arms still wrapped around Adora.
"No. Maybe." Adora replies as she pets Catra's arm, "I can't sleep on wet sheets…"
"Okay." Catra replies unmoving.
"Catra!" Adora whines again, this time rolling over so she's facing the magicat, "Up."

“Okay, fine.” Catra grumbles out and this time does get up, “Fucking should have put down some towels first…”
“Well, could of, would of, should of.” Adora replies with an eye roll as she gets off the bed too.
The pair get the sheets changed and then get ready for bed, the magicat grumbling when Adora decides she needs to put on pyjamas instead of sleeping naked like the magicat was planning to do. The blonde shoving some sleeping clothes into Catra’s arms, the magicat tosses the shirt over her shoulder but slides on the oversized shorts as they get back into bed to sleep.

“Catra!” Entrapta greets loudly from next to Marlena’s bed.
“Stars! Please take her away!” Marlena pleads playfully as Catra and Adora come through the door to her room, “She keeps setting off all the alarms.”
“Traps. What did we say about not taking apart the hospital machines?” Catra reminds her friend.
“Uh… not to?” Entrapta sheepishly replies, “But I’m upgrading them!”
“Hey mom. How are you feeling?” Adora goes to sit next to her mom in bed, “Any news?”
“Yes!” Entrapta answers in place of Marlena, shoving a chart into Adora’s chest before grinning at the blonde triumphantly.
Adora takes the chart and looks at it, “I don’t know what this means.”
“Neither do I.” Her mom agrees.
“Traps, where’s Scorp?” Catra pulls her friend away from Marlena’s bed, the magicat quickly nods to the older woman, “Hey, Marlena. Sorry about this one…”
“No, it’s fine.” Marlena smiles back, “Entrapta has been very… interesting.”
“I am interesting.” Entrapta declares.
“Uh huh.” Catra nods, “What did you find?”
“Oh, yes. Mrs G’s test results!” Entrapta beams and then looks at Marlena, “Catra said to insist on calling you Mrs G.”
“Oh, did she now…” Marlena faux glares at Catra, the magicat trying hard to keep it together and not cackle.

Entrapta comes over and sniffs her friend before looking for at Adora, "Ah, I see you haven't mated yet. Why not?"
"Traps…" Catra growls at the purple haired girl under her breath.
"What? Her mother seems quite invested in this as well." Entrapta shrugs before grabbing the clipboard with the chart on it back and then moving on without glancing over at Adora's reddening face, "I take it you have made good on the deal?"'
"Deal?" Adora perks up.
"There's no deal, Traps. Remember?" Catra reminds her friend, "I love her. I would have given her the money if she needed it even if she wasn't offering herself in the process."
Entrapta nods, "Now aren't you glad we kept tabs on her."
"What?!" Adora's voice goes up an octave, "Have you been spying on me?"
"No." Catra replies, "I told Entrapta not to do that."
"But aren't you glad that I did?" Entrapta asks with a grin knowing the answer.
Catra sighs, "We got lucky is all I'm going to say."
"Yeah, really lucky." Marlena adds with a chuckle before coughing.
"Mom. Are you okay?" Adora turns to her mom and grabbing a cup of water, handing it over and then asking, "What's wrong?"
"I'm fine, Adora." Marlena rolls her eyes at her daughter before looking between her and Catra, her eyes drift over to Catra, "Why haven't you married my daughter yet?"
Catra chokes on air at the question as Adora groans, "Mom!"
Entrapta even laughs, "Isn't that how it works in these type of relationships? What do they call it? U-Hauling?"
"Shut up…" Catra grumbles under her breath.
"I want my grandmagikittens already!" Marlena pouts playfully and Entrapta breaks out in a full belly laugh as Adora and Catra both blush at the thought, "I'm not getting any younger, dears."
"Okay… I have no idea how that would even happen…" Adora starts, her reddening face feeling extremely warm.
"It's totally possible!" Entrapta interrupts, "But first! Mrs G's test results!"
"Uh, okay." Catra replies thankful for the change of subject away from her and Adora's sex life and the possibility of offspring, "What did you find?"

Entrapta flips open the chart and shows it to Catra, the magicat taking it from her friend and starts to read it before handing it back, "So, it's treatable."
"Yes!"
"What is it?!" Adora groans out, clearly impatient at how long it's taken to get to this point.
"Calm down, love." Marlena pats Adora's thigh to calm her down.
"Mrs G has a small blood clot on her liver. It's easy enough to remove. We just need to get you ready for surgery." Entrapta says.
"Do her doctors know this?" Catra asks and Entrpata shakes her head, the magicat sighs, "*You* are not doing the surgery, Traps."
"Yes. I agree." Marlena sticks her hand up, "No offense Entrapta. I know you are a genius and all, but I think we should leave this to the professionals."
"Oh, okay." Entrapta looks down disappointed before perking back up, "Well, I better tell your doctors then!"
And before anyone can say anything, Entrapta has run out the door in search of the doctors.

"So, you two look loved up." Marlena observes the pair, "I see the suit is back again, Catra."
"Yeah." The magicat rubs the back of her neck.
"Same as yesterday's?" Catra nods, "You do own more than one set of clothes, don't you?"
Adora giggles as Catra rolls her eyes, "Yeah, I do actually."
"Hm."
"No, not hm." Catra huffs out, "I just haven't gotten changed yet."
"Oh, I see." Marlena smirks, "Spent the night with my daughter, did you?"
Catra nods.
"Don't need clothes for that, I guess." Marlena says off the cuff.
"Mom!" Adora blushes even harder, "Can we please not talk about me sex life…?"
Marlena and Catra both laugh, the magicat comes over grabbing Adora's hand in hers, "I love Adora, Marlena." She brings Adora's hand to her lips and presses a soft kiss on the back of it, "And I

have every intention to keep her in my life for as long as I live."
"Such declarations." Marlena puts a hand to her heart, "That's exactly how I felt when I met Randor."
"He sounds like he was a cool dude." Catra says and Marlena laughs.
"Yes, you can say he was." Marlena grins back, "And don't worry, I'm just teasing you two about the marriage and grandchildren. I'm just so happy Adora has someone. You. Especially."
"Thanks Marlena." Catra nods back before looking at Adora, the blonde staring back at the magicat with hearts in her eyes, "I'm lucky to have her. Even after everything."
"Adora?" Marlena turns to the blonde, "I know this really isn't the best timing, but I need to get my will done."
"Oh…" Adora mouths.
"Have you not already done one up?" Catra asks with a tilt of her head.
"No, dear." Marlena sighs, "I've been so busy and been putting it off."
"Okay." Catra nods, "How do you want to do this?"
"I guess a notepad would be a good start." Marlena smiles, "I think I feel better now that Adora has someone in her life that will love her as much as I do."
"Mom…" Adora says with a shaky breath, before reminding her mom, "I still have Bow and Glimmer. I'm not completely alone."
"I know dear." Marlena rubs Adora's thigh, "I guess I was just concerned that you'd always be their third wheel. I've always wanted you to have what I had with your father."
"I'll be right back." Catra tells the pair, "I'm sure I can scrounge up a notepad and pen for you."
"Thank you." Marlena smiles at the magicat and once Catra has left the room, "Adora?"
"Hm?" Adora looks into her mom's eyes.
"I know I don't have a lot to pass on to you and for that, I'm sorry." Marlena starts as Adora leans into her shoulder, Marlena presses a kiss on her daughter's hair, "But everything I have, belongs to you when I'm gone."
"Mom…"
"No, hear me out." Marlena continues, "We aren't going to live

forever and I’m glad that I won’t be leaving you in debt because my life insurance and what’s left of my health insurance will cover all of these costs. I just…”
Adora wraps her arms around her mom tighter.
“I just wish we could have… I just wish we had more time.”
Marlena chastises herself as she frowns down before sighing, “But, we can’t dwell on what could have been, right?”
Adora nods.
“So… I want you to live your life, Adora.” Marlena declares, “Don’t spend your time worrying about me and everyone and everything else. Be selfish. You’ve earned it.”
Adora shakes her head with a chuckle, “You don’t earn being selfish, mom.”
“Move to Dryll with Catra.” Marlena says and Adora’s eyes widen, “Be happy.”

“Are you ready?” Catra asks.
“Yes.” Marlena replies with a nod and a smile as she squeezes Adora’s hand, “Don’t worry about me. I’m a pro at this now.”
Catra chuckles lightly at the joke but she knows Adora worries anyways, “I’m sure you are.” The magicat replies grabbing Marlena’s other hand and giving it a squeeze, “We’ll see you later. I’ll have Traps here ready to take apart the rest of all the tech in your room when you return.”
Marlena rolls her eyes and laughs, “Don’t you dare.”
“Mom. I love you.” Adora leans in for a hug.
“I love you too, Adora.” Marlena replies reciprocating the hug and smiles, “It’ll be fine. I’ll be back here in no time.”
Adora nods, bad thoughts still on her mind as she tries to push them aside to be strong for her mom, “Okay. Just… I’ll see you soon.”
“See ya, Mrs G.” Catra grins as she’s wheeled off by the orderlies, glaring back at the magicat playfully until she’s out of sight and it’s just Adora and Catra left in the room, “So… I’m going to head back to the hotel to grab my stuff. Wanna come?”
Adora looks up, still caught in a daze, “Huh?”
Catra takes the cue and walks over, pulling Adora in for a hug, “She’ll be fine. Traps is going to be overseeing the whole thing.”
“I know…” Adora nods, “But… things happen… like, all the time…”
“You can’t think like that, princess.” Catra sighs, “You mom is fucking strong. The good thing is they caught the issue early and Traps managed to figure it out quickly so it won’t have a chance

to break off and clog up anything in her body."
"I'm just worried." Adora's words muffled into Catra's shoulder, "What if something happens? I can't lose her…"
"I know it's not the same…" Catra presses her lips against Adora's forehead as she breathes out, "But you've got me."
Adora looks up, tears in her eyes as she leans in and kisses her magicat on the lips, before breaking apart and leaning her forehead against Catra's, "I know. And… you've got me too. Always."
"Always." Catra whispers back as she pulls Adora back in for a tighter hug.

"Traps? Are you here?" Catra calls out before walking further into the penthouse and looking through the rooms and coming back out to Adora leaning against the kitchen bench, "I don't think she's back."
"I thought you said she was overseeing the operation." Adora says flatly.
"Oh, right." Catra recalls, "Okay, well, that means she won't be here for a while."
"Mm." Adora just hums back, not really paying attention to anything.
"Are you hungry?" Catra asks as she pulls out her phone and sends a text to her friend, "I can get some food sent up or something."
"No. I'm not hungry, thank you." Adora's gaze looks down.
"Okay." Catra nods, not really sure what to do, "What do you need right now?"
Adora shrugs.
"Do you want to talk about it or do you want something to distract you?" Catra throws out the options as she steps up to the blonde.
"I don't feel like having sex." Adora says.
Catra chuckles, "Yeah, that wasn't…"
Adora looks up at the magicat, "Yeah?"
"Yeah." Catra confirms, "I meant like we can watch a movie or walk around the park. I don't know… go rock climbing."
The last suggestion brings a small smile to Adora's lips, "No. No

rock climbing. My arms still hurt."
"It's been weeks, princess. How can you still be sore?" Catra laments, "I thought you were fit."
"I am fit. Just not climbing fit." Adora replies flexing her biceps, "I'm more of punching bag girl."
"Uh huh." Catra laughs out, "Do you want to go punch things then?"
Adora shakes her head, "I like your walking in the park idea though."
The magicat smiles, "Sure. Let me just get changed out of this suit."
"Do you have to?" Adora teases, "I mean… you look really good in it…"
Catra cocks an eyebrow up at the blonde, "Let me change out of this one and I'll put on a different one."
"Why?"
"So your mom will believe me when I told her I've got more than one set of clothes." Catra replies and Adora laughs, remembering the conversation from earlier, "What about you?"
"What about me?"
"Do you need to change too? We can stop off at your place." Catra says.
"Aren't we stopping off at my place anyway?" Adora asks back confused, "I mean… I thought you were going to stay with me…"
"Are you sure?"
"Catra." Adora rolls her eyes and wraps the magicat in her arms, "Stay with me. I hate sleeping alone especially when you're actually here in town."
"Oh, as long as you're sure." Catra grins back, rubbing her cheek against Adora's, "Let me quickly get changed and then I'll grab my suitcase and we can stop off at your place."
"Okay."

"Just so you know, I have no idea where we are going." Catra says as she leads the blonde out of her place and towards a park she saw on the maps.
Adora laughs a little, "Well, this is the way to a park."

“Oh, good.” Catra nods, “Guess my maps were right then.”
Adora checks her phone, frowning down at it before pocketing it.
“What’s wrong?” Catra asks.
“Nothing.” Adora replies, the frown still on her face as she huffs out, “Still nothing about mom.”
“I asked Traps to let me know when she’s out or if there’s any issues.” Catra says, “And she’s been sending me constant updates… a little too constant…”
Catra holds her phone out to Adora, “Catra… what?”
“Take it.” Catra nudges the phone at Adora.
“Thank you.” Adora smiles as she takes the phone and unlocks it to see messages, “Wow… you weren’t kidding. This is like an update every 5 minutes…”
“It was every minute until I asked her to tone it down.” Catra shrugs.
Adora starts reading through them and then looks back up at Catra, “She’s literally sent you the same message of ‘still in surgery’ for the last hour and a half… nothing else.”
“I know.”
“I guess no news is good news…?” Adora says as she scrolls down to the latest message, “Oh, she’s sent another one… still in surgery. Stars…” the blonde starts to type a message on Catra’s phone, the magicat peeking over.

Wildcat: How long is the surgery supposed to take?

Wildcat: The surgeon never said.

“Doesn’t help that they didn’t exactly believe Traps when she told them what the results meant.” Catra fills in the gap, “Not that I blame them when some random crazy woman starts to berate them about how slow and stupid they are…”
“Stars… she did that?” Adora says looking concerned, “You don’t think they’ll take it out on my mom, do you?”
“No, Adora.” Catra reassures, “I stepped in when Traps went a

little too aggressive. They understand after I explained to them about Traps… personality."
"Really?"
"No, not really." Catra quickly says, "I just told them who she really was and they changed their tune quick smart."
Adora laughs, "You pulled the, *do you know who she is,* schtick?"
"Totally" Catra grins, "They may be professionals, but some of them have really big fucking egos too. Being told that they're wrong or they don't understand the results kind of rubs people the wrong way apparently."

Traps: Don't worry, Adora.

Traps: They've removed the clot now and are stitching her back again now.

Traps: Good suturing technique if I may say so myself.

Traps: I think I will go talk to that surgeon with the needle once he has finished with Mrs G.

Traps: And get some tips on my own suturing style.

Traps: Still in surgery.

Adora groans as she gives the phone back to Catra, "Here. Entrapta said mom's getting stitched up now."
Catra looks through the messages and shakes her head with a grin, "I see she's still in surgery."
"Yeah." Adora nods, "Though, it seems like she's more interested in the surgeon suturing than the state of my mom."
"She cares. In her own weird way." Catra replies as she taps on her phone, "Hang on."

Wildcat: How's she looking?

Wildcat: Any complications or was it schmick?

Traps: Schmick! It was very fascinating!

Traps: I can't wait to try this out!

Wildcat: No. You are not a surgeon.

Wildcat: Also, I don't want you to stitch rats and birds together.

Wildcat: Pretty sure that's animal cruelty…

Traps: Hm…

Traps: I guess you're right.

Traps: I'm thinking of synthetic skin for my new robots.

Traps: What do you think?

Wildcat: Better.

Wildcat: Let me know when she's out of surgery.

Traps: Still in surgery.

Catra pockets her phone once more, "Have you let your friends know?"
"About us?" Adora asks quickly and Catra stares at her confused, "I haven't told them about… you know…"
"Being my future mate? Being mine?" Catra grins and Adora nods with a blush as the magicat chuckles, "No, I wasn't talking about that. I meant have you told them about your mom."
"Oh, right. Yes. I texted them." Adora says, "They're going to come see her when she gets out of surgery."
"Okay." Catra says as she feels Adora's fingers intertwine with her

own, “They seem like good friends.”
“They are.” Adora says as she squeezes Catra’s hand, “You don’t have to be jealous of them.”
“I’m not.”
“You totally are.” Adora giggles at the tease before leaning in and kissing Catra’s cheek, “You’re so cute when you’re jealous.”
“I’m not jealous.” Catra groans out, “Why would I be? I’ve got you. You’re mine.”
“Uh huh.” Adora hums as she stops and pulls Catra in for a longer kiss, “I am yours. And you’re mine. But my friends are also my family too.”
“I know. I know.” Catra sighs, “I just hate that I wasn’t there for you earlier.”
“Me too.” Adora sighs as well, “But, fuck the past.”
Catra’s ears perks up, “Yeah. Fuck cancer. Fuck that bitch Weaver. We found each other and there’s nothing she can do about it.”
“Well, more like you found me.” Adora points out with a soft smile, “I’m so glad that you did.”
“Me too.” Catra returns the smile, “Even if the circumstances weren’t the best… and it cost me a buttload of money…”
“Hey!” Adora playfully shoves Catra, “I told you I’d pay you back.”
“Too late now.” Catra sing songs, “I’ve already collected and there is definitely no take backsies now.”
Adora grabs Catra by the collar of her suit jacket and pulls her in for a more intense kiss, grinning at the magicat, “Well… I got a girlfriend out of it and a pretty memorable first time.”
“I am pretty amazing, aren’t I?” Catra jests, puffing out her chest as Adora elbows her in the gut, “Oof!”
“Don’t gloat.” Adora points her finger into Catra’s chest, “Besides, I have nothing to compare it to so how would I know if it was good or bad.”
Catra tilts her head, “Ask Sparkles if having 2 orgasms for your first time makes me amazing or not.”
Adora blushes, “No. I am not asking her that.”
“Actually… now that I think about it…” Catra pretends to think, “Most people when they fuck for the first time… it’s not generally that… amazing.”
“Whatever.” Adora rolls her eyes before yelping when Catra brings

her in for another kiss, “I’m glad I could make you feel good… twice…”
“Mm… me too.” Adora grins into the kiss, “You really are amazing…”
“Thanks. You are too.” Catra replies with another kiss, “And I’m really lucky that you let me be your first.”
“And last.” Adora adds, “Right?”
“Yes.” Catra smiles, “You’re it for me. And when the time is right… I hope that you’ll be my mate.”
“I’d like that.” Adora smiles back, “But… how will you know when the time is right?”
“We’ll know, princess. We’ll know.” Catra replies, rubbing her cheek against Adora’s, scenting the blonde as hers, “Okay, so… where the fuck are we now?”
Adora looks up and around, “There’s a lake just over that hill. Can we walk around it?”
“Of course, princess.”

“Have you been here the entire time?” Catra asks as she spots Entrapta typing away on her tablet in the chair next to where Marlena is recovering, “Have you eaten or drank anything all day?”
Entrapta shakes her head and Catra sighs.
“I’ll be right back.” Catra tells Adora, “Gotta feed the genius.”
Adora giggles, “Do you want me to come with?”
“Nah, stay.” Catra pecks Adora on the lips before looking over her friend, “And you, you don’t need to hack into her file. Adora’s already paid for the treatment and she can cover whatever else that comes up.”
Entrapta looks up with a sheepish grin before tapping on her device a little more, “Mrs G’s surgery went very well. I spoke to the surgeon that did her sutures and he seems happy with how everything went. But when I asked about getting some tips of suturing technique, he seemed to have a lot of other things to do.”
Adora looks over to Catra who just shrugs back.
“Anyways, I’ll catch him when he goes to his vehicle in the next

hour or so.” Entrapta surmises before getting up from the chair, “I’ll come with you. I want to show you where they keep the tiny foods so that when I come here next time you can have them ready for me.”
And before Catra can say anything, Entrapta has grabbed her by the elbow and led her out of the room.

“Hey mom.” Adora gently squeezes her mom’s hand as she pulls the chair up to the bed.
Her mom doesn’t reply, still asleep and recovering as Adora just watches Marlena sleep, relief floods her body at knowing her mom is okay and is recovering. She’s broken out of her thoughts when the door pushes open and she expects Catra and Entrapta to come back in.
“Adora!” Glimmer and Bow rush in, pulling the blonde into a group hug, “We got here as soon as we could.”
“Hey guys.” Adora smiles gratefully at her friends, “Thanks for coming. Mom’s still sleeping though.”
“How are you holding up?” Bow asks putting a calming hand on Adora’s shoulder.
“I’m okay, I think.” Adora replies, “Catra’s been really good.”
“Catra?” Glimmer quirks an eyebrow at the blonde, “How good has she been?”
“Glim!” Adora blushes, “I’m not going to tell you about… *that!”*
“Ugh, fine.” Glimmer pretends to be disappointed, before nudging Adora, “Was it good at least?”
Adora thinks back and sighs happily, “It really was.”
“Ooh!” Glimmer teases her best friend, “I’m so happy that your first time was so good!”
Adora blushes a little harder before she thinks out loud, “Wasn’t yours?”
Bow and Glimmer look at each other and blush.
“What? What’s with the faces?” Adora asks her friends with a tilt of her head.
“We were each other’s first times.” Bow answers for the pair, blushes still on their cheeks, “It was… good…?”
“It was fine, Bow!” Glimmer rolls her eyes before turning to Adora,

"It was!"
"Okay, okay!" Adora laughs, "You don't have to convince me."
"Good." Glimmer nods with finality, "Because it was. Good."
Bow smiles lovingly back at Glimmer, "It got way better."
"Oh, it sure did." Glimmer grins back at him.
"Gross." Adora sticks her tongue out this time, "And you say me and Catra are gross. At least we don't talk about… you know."
"Sex?" Glimmer says and Adora nods with a roll of her eyes, "Why? Nothing wrong with talking about it now that you've actually done it."
"Guys, can we not talk about this with my mom like… right here?" Adora gestures at her mother before yelping.
"Don't let me interrupt your conversation." Marlena's voice coming out hoarsely as Adora helps her sit up and fetches some water, "Thank you, love."
"Hi Marlena!" Bow greets with a grin and a wave.
"Hi Marlena." Glimmer says walking towards the bed and reaches out for Marlena's hand, squeezing it when the older woman accepts the hand, "So… what do you think of Catra?"
"Glimmer!" Adora groans, "She literally just got out of surgery…"
"It's okay, Adora." Marlena smiles at the blonde before turning back to Glimmer with a wicked smile, "I think I'm going to have a daughter in law soon."
Adora groans out as Glimmer and Marlena share a laugh, the sparkly girl then asks, "Looking forward to some grandmagikittens, huh?"
"Oh, they'll be so cute!" Marlena gushes.
"Guys! Seriously! Catra and I have only just started dating…" Adora grumbles.
"Yes, but she's already declared that she wants you to be her mate, has she not?" Marlena cocks an eyebrow at her daughter.
"Oh my stars!" Bow gushes out, "Is there a wedding on the horizon!?"
"Woah! No way!" Glimmer straightens back up, "Bow! When are you going to ask me?!"
"Uh…" Bow sheepishly grins back before taking in a deep breath and also straightening up, "I'm not going to ruin the surprise. You'll have to wait."

“Ugh!” Glimmer groans out before turning to Adora, “Has she asked you already?”
“Stars, no!” Adora quickly replies, “I think we’re going to take it slow. We haven’t even figured out how this is going to work, distance-wise.”
“Are you going to move for her?” Bow asks.
“I told her to go to Dryll.” Marlena interjects, “I told her to live her life and be happy.”
“If you move to Dryll, we’ll totally support you, babe.” Glimmer tells Adora, “And don’t worry about Marlena, we’ll look after her.”
“I don’t need looking after.” Marlena grumbles this time, “Once I get out of here, I’m free!”
Glimmer and Bow both share a laugh as Adora just frowns down, “Who says I’m going to be moving to Dryll?”
“Aren’t you, though?” Marlena asks.
“We haven’t discussed it yet.” Adora repeats, “Catra said she can live anywhere. She doesn’t have to live in Dryll.”

“You don’t want to live in Dryll?” Entrapta’s voice shrieks as Catra pins her ears back as they return to Marlena’s room, “Why not? Are you leaving me?”
“What are you on about, Traps?” Catra replies, “I never said I didn’t want to live in Dryll.”
“But Adora just said…” Entrata points out with a sad look on her face as she sips on her soda, “I thought we were a team…”
“We are a team. You, me and Scorp.” Catra replies, trying to reassure Entrapta, “But it doesn’t mean that I have to live in Dryll all the time. I don’t even live there most of the year.”
“Oh… that’s true.” Entrapta tilts her head.
“But you know me.” Catra smiles at her friend, “I’ll always come back when you need me. Always have, always will.”
Entrapta looks at the others in the room and nods her head to confirm that statement, “It’s true. Sometimes she’ll be on the other side of the world and still come back when I ask her.”
Catra chuckles, patting Entrapta on the shoulder, “I still have my place in Dryll though. So, I’m keeping that still.”
“It is a nice place.” Entrapta says as she finally looks around the

room, “Oh, hello. I don’t know you two. I am Entrapta.”
“Oh. My. Stars!” Bow’s eyes light up “You’re Entrapta!”
“Yes. I believe I already said so.” Entrapta replies confused before stage whispering to Catra, “Does he understand me when I speak?”
Catra doesn’t bother hiding her laughter as she pats her friend on the shoulder once more, “He’s just fan-girling over you.”
“You mean… *fan-boying.* ” Entrapta corrects with a raised finger before looking back at Bow and saying very slowly, “It’s nice to meet you.”
“Oh, my stars!” Bow repeats again when Entrapta speaks to him, his arms go to a half celebration as Glimmer rolls her eyes, “I love your robots! They’re just so cool!”
“Thank you!” Entrapta beams back now that she’s found common ground with the stranger, “But… who are you?”
Adora steps forward to do the introductions, “Entrapta. These are my best friends. Glimmer and Bow.”
Catra growls lowly behind them at hearing the words *best friends.*
Adora pulls the magicat into her by her suit jacket, “They’re my best friends. *You’re my girlfriend.* Trumps the best friend card.”
“Mine.” Catra growls out possessively, before leaning into Adora’s neck and scenting her, “Mine.”
“Hey! She was mine first!” Marlena interjects, “Quit hogging my daughter!”
“Oh, you’re mine too now.” Catra casually throws out to Adora’s mom, “Future in law and all.”
Marlena laughs softly, trying not to aggravate her newly stitched up wound before looking at Adora, “What have you got us into, love?”
“How are you feeling, Marlena?” Catra asks as her and Adora walk back to Marlena’s bedside, “Heard the surgery was pretty gnarly.”
Another soft laughter, “Don’t make me laugh!”
“I’m really not trying to…” Catra says with a wry grin, “Traps said it went well.”
“I sure hope so. I guess I’ll find out when the happy drugs wear off…” Marlena replies as Bow, Glimmer and Entrapta surround the bed and the older woman looks around with fondness, “You guys really didn’t need to worry about me.”

“Of course we did.” Glimmer replies, “You’re family.”
Catra turns to Entrapta before her friend can interrupt about that statement, “Sparkles means that in the way you, me and Scorpia are a family… in a way…”
“Oh…” Entrapta thinks about it before grinning down at Marlena, “I can get samples from everyone in here if you want to see if any of you are genetically related.” She looks at Bow and Glimmer and tilts her head before adding, “You know… just in case you happen to be first cousins or something…”
Glimmer scowls at Entrapta while Bow laughs and says, “No need. My father’s have that all down pat. We are definitely not related.” Then he turns to Adora, “What about you and Catra? Reckon you’ve got any crossover lineage?”
“Stars no.” Adora says as she looks at her mom, “Right?”
“Well, I’m human and Randor was a First One.” Marlena thinks back, “And I’m pretty sure there’s no magicat’s in our family tree. Though… I can’t be sure…”
“You don’t!” Entrapta cuts in after tapping on her device a few times and spins it around so everyone else can see it too, “See! Catra seems to be a very rare species indeed!”
“Great.” Catra replies, “Figures why I got dumped in that dump.”
Adora grabs Catra’s hand, Marlena grabs the other one as Adora squeezes the magicat’s hand, “Their loss is our gain, right?”
“Right.” Catra replies unconvincingly.
“Catra.” Marlena squeezes Catra’s other hand, “What’s done is done. We can’t change the past but we can look forward to the future.”
Catra takes in a deep breath and sighs out, nodding.
“And in *my* future…” Marlena begins before a mischievous look appears on her face as she finishes her sentence, “I see… grandmagikittens!”
“Mom!” Adora eyes widen and she blushes as Catra laughs out, shaking her head, “You can’t… you can’t keep saying stuff like that!”
“Oh, come on, Adora.” Glimmer grins as well, “Heck, I’m even looking forward to seeing how cute that’s going to be.”
“Me too!” Bow beams with heart eyes, a squeal that turns into a coo at the thought.

Entrapta nudges Catra, "I do not suggest you picking me as the guardian of said child or children in the future."
Catra looks at her friend incredulously, "And… why is that?"
"Because." Entrapta shrugs, "There's a very good chance they'll turn out just like me."
"A mad genius?" Catra supplies with the same look on her face.
"No." Entrapta shakes her head, "I wouldn't trust me to look after another being. I believe I will have to nominate Scorpia and Perfuma."
"Uh huh." Catra tilts her head still looking at her friend, "You'd be like the cool and wacky aunt." The magicat points her thumb over her shoulder at Glimmer and Bow, "Sparkles and Bow will probably fight Scorpia and Perfuma for that other title."
"Oh, I so would!" Glimmer confirms with a defiant nod.
"Speaking of children…" Marlena clears her throat, "When are you two getting hitched? It's been forever!"
Bow laughs nervously and Glimmer looks away.
"Stars… you two are unbelievable…" Catra grumbles under her breath.
"I'm just waiting for the right time!" Bow argues.
"Or Sparkles could just ask you." Catra suggests back to Glimmer with a shrug.
"Oh yeah?!" Glimmer arcs up but the intensity isn't there are she tries to hide her fluster of talk of marriage and weddings before jutting a finger at Catra, "What about you two? When are you getting hitched?"
"Calm down, Sparkles." Catra gently pushes Glimmer's finger back to herself, "You and Arrows have a good bunch of years over me and Adora. But I swear to the stars that if I get hitched to Adora first, you guys are off the godparent list."
Bow's jaw drops in shock, as he looks between Glimmer and the looming threat from Catra.
Glimmer glares back at the magicat, "You can't just…"
"Marry me, Glimmer!" Bow drops down to one knee and pulls out a ring from his pocket as Glimmer looks down at him and then the ring in shock, "I really really really love you and I also really really really want to be godparents to magikittens!"
Catra bursts out in laughter as Adora and her mom both look on

in shock.
“Bow… what…?” Glimmer stutters as her eyes continue to flit between Bow and the ring.
Bow’s body starts to slump with every second that passes that he doesn’t get an answer, he clears his throat, still on bended knee and holding out the ring, “Glimmer. I love you. From the first time I met you all the way to now. And even if you don’t want to marry me, I’ll… well, honestly, I’d be really sad. But at the same time… mmphf!”
Glimmer pulls Bow back up to his feet and plants a kiss on his lips to stop his rambling. When they break apart, she looks at him fondly, “I love you too! And yes! Fuck yes!”
“Language!” Marlena chastises with a grin.
“Sorry…” Glimmer quickly apologises before kissing Bow again, “Yes! I’ll marry you!”
Bow can’t help the grin spreading wider on his lips as he lifts Glimmer up and off her feet, swinging her around and cheering loudly, “Whoo! She said yes!!!”
Entrapta nudges Catra, a $50 note in her hand, “Here you go. You were right. Even though my data was a lot lower than I expected…”
“Data never lies, Traps.” Catra grins as she takes the $50 and pockets it, “Your data was right, but you should have met them first before agreeing to this.”
“What are you guys doing?” Adora asks the pair as she watches Catra pat her pocket where she’s slipped the note into.
“Being proven right.” Catra grins, pulling Adora into her for a hug, “Don’t worry princess, I will not be proposing in a hospital room.”
“We’ll see!” Entrapta says with a knowing look.

"…fuck…" Adora moans out between pants as Catra tightens her grip around the blonde's thighs, eating her out expertly as Adora unravels in her arms, "Ah… oh… fuck…"
Catra hums back happily in response as she experimentally circles a finger around Adora's opening, "Mm…"
"Catra…" Adora looks down when she feels the digit circling at her opening.
Catra continues to lick and gently suck Adora's clit, loving the sounds from above as she presses a kiss onto Adora's wet lips and looks up with a soft look on her face, "Yes?"
Adora gently cups the magicat's face before slumping back down on the bed, breathing out, "Just… be gentle…"
"Of course, princess." Catra whispers back with a slight nod as she goes back to focus on the blonde's clit again before dropping down slightly to plunge her tongue inside where her finger was circling. Adora whines out, her hips coming off the bed a little but kept under control by the magicat, "Patience, Adora. I'm just getting you warmed up."
Adora nods despite the magicat not being able to see it but she can definitely feel it when the bed shakes, eventually Adora whispers out, "Okay…" before moaning out again as she feels Catra tongue working her over again, plunging in and out until she feels like she's about to burst and then… "Catra! Keep going!"
Catra chuckles as she wipes her chin with the back of her hand, quickly making her way back up Adora's body and pecking the

blonde's lips before she's brought in for a sloppy kiss, the blonde scrunches up her nose at the taste of herself on Catra's tongue, the magicat grins into another kiss, whispering into Adora's lips, "Ready?"
Adora nods, her eyes still closed as she continues to move her lips against Catra's before her breath hitches at the feeling of Catra's finger sliding inside her, her eyes open as she takes in the new sensation.
"Are you okay?" Catra asks while peppering kisses across Adora's face and neck before looking into the blonde's eyes, "Adora?"
Snapping herself back into the moment, Adora nods her head, her mouth open as she pulls Catra into another kiss, "…okay."
"I'm going to start moving. Okay?" Catra says softly, waiting for confirmation from her girlfriend, "Let me know if you need to me stop, okay?"
Adora nods again, "Okay."
"Okay." Catra smiles softly and slowly pulls out and then slides back in smoothly, watching Adora's mouth form an 'oh' as the magicat continues the motion.

After a few minutes, Catra smiles, nipping and kissing Adora's neck while pumping one finger in and out of Adora. The magicat comes back up, "Want another?"
"Another?" Adora asks confused as she feels her body bounce less as Catra slows down her pace, "Another what?"
"Finger. Do you want another finger?"
"Oh." Adora says a little flabbergasted, "Uh, um…"
"It's okay." Catra reassures Adora, "I was just asking."
"Yes." Adora replies, "Can you…?"
"Another?" Adora nods, "Okay, I'll go slow okay."
"Okay." Adora says as she feels Catra slide out her finger completely and then feels two fingers prodding at her hole,
"Mm…" the blonde's brow furrows.
"Relax, princess." Catra presses a kiss to Adora's cheek before making her way back down to the between the blonde's legs, her tongue focussing on Adora's clit again, letting her arch up her back with a whine, "I got you, baby."
"Mm…" Adora moans out as Catra licks her clit a little faster before

she realises the magicat's fingers gently pushing inside her, "Oh, fuck!"
The blonde nearly comes from that action alone, her fingers and toes curled as her inner walls tighten around Catra's fingers. The magicat lets Adora get used to the feeling of two fingers stretching her walls as she continues to lick and suck on her clit, "Good?"
"Mmhm!" Adora's legs tremble as she unconsciously tries to grind down on Catra's fingers, the magicat getting the hint and pulls out most of the way before sliding back in, "Oh fuck!"
Catra grins in between Adora's legs as she ups the pace and intensity, giving the blonde a little reprieve from overstimulation and coming back up, licking and nipping at Adora's breasts instead, "Okay?"
"Fuck yes!" Adora grunts out, her teeth gritted together as her body tightens up, "Keep going!"
Catra nods with a slight chuckle as she starts to really work Adora over, the blonde's body bouncing a up and down with every thrust of Catra's fingers, "Are you close?"
Biting her bottom lip, Adora nods as she bites her bottom lip trying to not to fall over the edge just yet, "…stars… fuck… oh…"
And just as Adora's inner walls clamp down on Catra's fingers, the blonde's moan is swallowed up by Catra's kiss, she knows the blonde is trying to kiss back and fails, but it still makes the magicat smile especially when Adora turns her head so she can cry out a little more.
"Fuck… you're so fucking hot, princess." Catra whispers into Adora's ear now that her head is turned, Adora's legs have wrapped around the magicat as she continues to pant out through the aftershocks, "Good?"
Biting her bottom lip again, Adora nods into Catra's shoulder, "Mmhm…"
"Do you want me to pull out now?" Catra asks, her arm trapped between them as she relishes in the feeling of Adora's inner walls throbbing around her fingers, "Or…"
"No more… I can't…" Adora slowly unwraps her legs from around Catra's waist, "Fuck…"
Catra pulls her fingers out, Adora hisses slightly at the sensation

before relaxing back into the bed as Catra looks at the slick covering her digits and grinning, and just before she's about to get a taste of it Adora pulls her fingers away, "What?"
"Kiss me." Adora demands with as much fervour as she can muster in her blissed out state, her hands cupping Catra's face, pulling her back down.
Catra abandons her want to taste Adora's on her fingers for Adora's lips instead, "Mm… I love you."
"I love you too." Adora replies with a soft smile on her lips and her eyes closed.
Catra rolls off the blonde, pulling Adora into her front so she can spoon her girlfriend from behind and essentially cuddle and scent her at the same time, "How are you feeling?"
"Mm…" Adora hums happily as she wiggles herself back into her magicat, "Loved."
Catra trills at that, a purr stuttering up to life and full volume as she holds Adora closer and sighs out contently, "I could stay like this forever."
Adora nods tiredly before giggling when she realises what Catra had just said, "I can't. Bed's wet again."
"I put down towels this time, princess." Catra reminds Adora.
"Towels are wet then." Adora replies.
"Mm… sure are." Catra grins into Adora's back.
"Catra!" Adora whines.
"Adora." Catra says back a little more sternly, "Let me enjoy this for a few minutes, would ya?"
Adora huffs out, but relaxes back into Catra's arms, "Fine. A few more minutes. But if I get sick, you're going to have to look after me."
"Deal." Catra replies with a kiss to Adora's back, before adding, "I would be honoured to spend the rest of my life looking out and after you, princess."
Adora turns over, much to Catra's disdain, "Hi."
"Hey Adora." Catra quirks an eyebrow.
Leaning in for a kiss, Catra's hand rests on Adora's side as the blonde deepens the kiss, "Mm… I can't believe I get to do that still."
"Yeah, well…" Catra smirks as she looks Adora's naked body up

and down, “I can’t believe I get to have you like this.”
Adora does the same, her hand going to the tuft of fur on the magicat’s chest before tracing over the scars once more, “Well, I think I’m the lucky one here.”
“Debatable.” Catra grins.
“Nuh uh!” Adora playfully argues, pecking Catra’s nose, “I’ve had way more orgasms than you, so I think I’m winning.”
“If having more orgasms means you’re winning, than I will happy to be the loser here.” Catra concedes with a faux sigh, earning herself a shove as she laughs and then pulls Adora back in for a kiss, “So… do you want to add to that tally…?”
“Stars no.” Adora yawns, “But… I can return the favour…”
Catra presses a kiss on Adora’s lips and yawns as well, “Your yawn is making me yawn…”
Adora laughs, “I love you.”
“I love you too.”
“Great.” Adora grins before looking between the pair and Catra’s ear twitch knowing exactly what Adora is thinking about before groaning out and getting up and off the bed, holding her hand out for Adora to do the same, the blonde grinning brightly, “Thank you!”
“You’re so weird.” Catra rolls her eyes.
“I am not!” Adora argues as she grabs the wet towels off the bed and throws then into the laundry basket before grabbing sleeping clothes, tossing the pair of shorts to Catra before getting changed, “I just don’t like sleeping wet.”
Catra’s mind goes straight into the gutter with that as she holds back a snicker.
“Oh, grow up, Catra.” Adora throws her head back in a groan, “You know what I meant.”
“Sure did.” Catra shrugs as she puts the shorts on, “You want the bathroom first?”
“Thanks.” Adora leans in and kisses Catra on the lips before turning around to head to the bathroom to get ready for bed.

“So… have you proposed yet?” Marlena asks from her bed when Catra and Adora walk in to visit her, “I don’t see a ring on my

daughter's finger…"
"Mom!" Adora chastises as she rolls her eyes at the teasing.
"What? You're not getting any younger." Marlena says and Catra shares a laugh with her, "And you!" Marlena points towards the magicat, "You better lock this down. Adora is a well sought after woman, I'll have you know."
"Mom!" Adora repeats, her face getting redder with the continuation of this conversation, "I am not!"
"Not what, dear?" Marlena feigns innocence as Catra just laughs harder, "Not getting younger or not sought after?"
"Stars…" Adora groans as she reaches out for her mom's hand and squeezes it, changing the subject, "How are you feeling today?"
"I'd be better if they let me have those nice drugs. You know the ones that make you feel really happy?" Marlena replies with a slight huff, "But otherwise, I guess it's manageable."
"Traps been back?" Catra asks flipping through the chart on the end of the bed.
"Thankfully, no." Marlena replies with an exhale, "She's very smart and interesting. But she can also be a little…"
Marlena makes a gesture with her hand and Catra instantly fills in the blanks, "Much."
"Yes. She can be a little too enthusiastic." Marlena nods, "I feel bad at growling at her yesterday…"
"What for?" Adora asks.
"She brought in one of her robots and wanted to do her own examination. At first I thought, maybe it wouldn't be so bad…"
Marlena then turns to the pair, a serious look on her face, "That was before her robot started brandishing an array of… well, I'm going to say weapons, definitely weapons and not surgical tools."
"Uh… what?" Adora looks at Catra, the magicat shrugs back unconcerned, "She was going to operate on my mom?"
"I wouldn't put it past her. But the thought of blood on her hands does make her somewhat queasy." Catra replies.
"Anyways…" Marlena brings the conversation back, "She seemed pretty keen on testing out that… robot of hers."
"What did she call her? The robot, I mean." Catra asks.
"Why?"
Catra shrugs, waving her hand in the air for the older woman to

tell her.
"Uh… I think she called the robot… Darla?" Marlena replies unsurely.
"Ah, fu…arck." Catra groans out as she pulls her phone out, "Excuse me for a moment."
Adora and Marlena watch as Catra walks out of the room, the phone held up to her ear as she shuts the door.

"So, have you decided where you plan to live?" Marlena asks her daughter who has made herself comfortable on the bed with her, "Like I said, if you move to Dryll, I would be 100% behind you."
"No, mom." Adora replies squeezing her mother's hand, "We're still… kind of taking it slow."
"Uh huh." Marlena raises an eyebrow at the blonde, "Those marks on your neck say otherwise."
Adora blushes, quickly covering her neck with a hand as her mom chuckles, "Ugh, you're the worst."
"I'm your mother, Adora." Marlena reminds her daughter, "And I love you. And I also love that you've found someone that loves you just as much as I do. In a non-platonic way."
"You mean, romantically?"
"Of course." Marlena chuckles again, "It'd be extremely wrong for me to love you in that way."
"And extremely illegal." Adora adds and sticks her tongue out, "Also, gross."
"Yes. Very gross." Marlena agrees with the same look on her face, "So… things are going… well?"
"Very well." Adora says with a happy look on her face, "She's… she's so amazing."
"I can tell." Marlena nods her head, "Have you had anymore troubles with that… auction?"
"No. Not since Huntara." Adora frowns thinking back, "But if anyone else tries that again, I'm going to have to crack some heads."
"Them fighting words, princess." Catra says and Adora yelps a little from surprise, "Besides, there's no point getting yourself into more trouble if you don't need to."

"Says you." Adora poignantly glares at the magicat, "How is it far that you get to beat up someone on my behalf but I'm not allowed to?"
"Because."
"That's not an answer." Adora replies.
"Because." Catra repeats as she steps forward so she's at the end of the bed facing both Adora and her mom, "Because it's my job as your potential mate to defend you so that you don't get into trouble."
"Keeper." Marlena nudges Adora, "Randor would intimidate anybody that tried to talk down to or make me feel less than."
"Sounds like a cool dude." Catra grins, "And besides, I have the means to get myself out of trouble as long as I don't do anything… uh… illegal."
Adora stands up from the bed, hands on her hips and declares, "And I will do the same for you, Catra. They'll feel my wrath if anyone tries to hurt you."
"Ah, my hero." Catra puts her hand on her heart and pretends to gush before grinning back at Adora, "But, thank you. It means a lot."
"If I could stand up from this bed, I would declare the same." Marlena says with a huff, "But I'm still under doctor's orders for bed rest until the stitches heal a little more."
"Adora says your treatment is nearly done." Catra changes the subject, "Where do you live?"
"Oh, she lives about an hour away from the hospital." Adora replies in Marlena's place, "But I was thinking that she could move in with me when she got out. So, she wouldn't be so far from here if something happened."
"I am not moving in with you, love." Marlena says, "As much as I love you, Adora. Living with you again may actually kill me."
"Mom!" Adora glares at her mom, before turning to Catra, "I'm not *that* bad to live with…"
"For me you are." Marlena looks at the blonde, "I'm not as young and agile as you anymore. Not to mention I don't think you two want me cramping up your style. What with the magikittens needing to be conceived and all…"
Catra and Adora look at each other as her mom bursts out in

laughter, “Ugh… Mom!”
“You’re too easy to rile up, dear.” Marlena grins at her daughter, “But I’m serious about those grandkids or kittens.”
“Mom, I wouldn’t even know where to begin to tell you how impossible that is…” Adora shakes her head, “It’s not like Catra can just impregnate me…”
Catra makes a funny sound, clearing her throat to mask it.
“Do you need some water, dear?” Marlena asks.
“No, I’m fine.” Catra brushes it off and then her phone pings.

Scorp: Wildcat! Can you come to the BM hub to meet us?

Scorp: New prospective client Traps wants to scope out.

“What’s wrong?” Adora asks as Catra’s ears twitch as she reads the text, “It’s just Scorp asking if I can meet her and Traps at the BM hub. Prospective client or something.”
“Uh huh.” Adora nods, her mind going back to Huntara, “It’s not another… Huntara-type is it?”
“Stars, I hope not.” Catra sighs, “But, Traps wants to check it out. They got our contact somehow, so it’s worthwhile vetting I guess.”
“Did Huntara get your contacts?” Adora asks.
“No. That was Scorp reaching out.” Catra answers, “I’m not sure what she was thinking, honestly.”
“Are you going to reply?” Marlena points to the magicat.
“Uh, yeah.” Catra replies.

Wildcat: I can be there in an hour.

Traps: It only takes 32 minutes to get here from the hospital.

Traps: And I know you are at the hospital.

Scorp: 1 hour is fine.

Wildcat: Cool. See you then.

"Do you want me to come with?" Adora asks.
"It'd uh, actually be safer… I mean, better… if you didn't."
"Safer?" Adora and Marlena say at the same time looking back at one another.
"Catra… what is it that you do?" Marlena asks again, "You've never told us."
"And… that shall remain a mystery… for now." Catra replies with a cheeky grin, walking over and pressing a kiss onto Adora's lips before doing the same to Marlena forehead, "Let me keep my secrets for now about what I do. And in good time and when Traps finally gets her systems guarded properly, I will be more than happy to tell you. But until then…"
"Don't ask?" Adora concludes and Catra nods.
"Don't worry, it's nothing illegal…" Catra replies, "Will you two be alright here without me?"
The pair both nod in response.

Wildcat: Hey Adora, I'm going to be a little while.

Wildcat: Meet you for dinner?

Wildcat: I'm buying.

Wildcat: Also it's kind of fancy so that black dress I got you the other time would work really well.

Wildcat: Your choice of shoes.

Wildcat: Not sneakers.

"Who's texting you dear?" Marlena asks as Adora looks at her phone.
Adora smiles as she looks up from her phone, "Just Catra."
"Ooh!" Glimmer teases, "Is she sexting you?"
"Stars no." Adora rolls her eyes at Glimmer, "She's just updating me… and asked me out to dinner with her at some fancy place."
"Where?" Bow asks.
"I'm not sure." Adora admits as she types back a response.

Adora: You don't have to take me anywhere fancy.

Adora: I'm already your girlfriend.

Adora: I'm already impressed.

Adora: But dinner sounds great.

Wildcat: I'm wining and dining you, princess.

Wildcat: But I'm happy to take you rock climbing outdoors this time if that's what you prefer…

Adora: Nooooo! Dinner is fine.

Adora: I'm going to need to practise my climbing so I can beat you next time.

Wildcat: Fat chance, princess.

Wildcat: You'll never beat me!

Wildcat: Dinner tonight then.

Wildcat: I'll meet you at your place at 6pm.

Adora: Do you always have dinner early?

Wildcat: Yes. Means there's more time for other activities at night…

Wildcat: Gotta go. Love you.

Wildcat: See you later, princess.

Adora: I love you too.

Adora locks her phone and sighs out happily, looking up and around the room at the three faces staring at her, "What?"
"You two are just so cute!" Bow exclaims in a high pitched voice close to a squeal, "I'm so happy for you two!"
"Yeah, Adora." Glimmer agrees, "Who would have thought your half hatched plan to sell your virginity online would bring you back together with your childhood sweetheart."
"Uh, not sweetheart…" Adora corrects.
"Ugh, fine, not sweetheart." Glimmer groans out, "Childhood love."
Adora blushes at that, but the smile on her face just can't be stopped, "Me almost stuffing up my life inadvertently led me to the love of my life."
"Grandmagikittens! Whoo!" Marlena cheers out as Bow throws his arms up and cheers with her.
"You guys are ridiculous." Adora shakes her head with a laugh at her mom and friends, "Also, stop pressuring us."
"Sorry, sorry." Marlena apologises, a smile still on her face, "I'll really put the pressure on once you get married."
"I can't wait!" Bow squeals again in excitement, "Oh, do you think she's going to ask you tonight?"
"Bow!" Glimmer sighs out, "How about you think about us getting married first before other people?"
"Oh, right." Bow smiles back sheepishly, "Have you told your parents yet?"
"Of course I have. Haven't you told your family?" Glimmer asks right back.
"Uh…" Bow rubs the back of his neck.
"Bow…" Glimmer says with concern, "You have told them, right?"
"Uh… I've just…" He juts his thumb towards the door and pulls out his phone, "I'll be right back."
"What? Bow!" Glimmer calls out after him.

“They better answer this time…” Bow mumbles to himself as he heads outside of the room for a little bit of privacy.
“So, Glimmer.” Marlena starts up once the smaller woman comes back, “Have you two decided on a date or a venue?”
“Not yet.” Glimmer replies with a sigh, “I want to do the whole grand big wedding thing, since Bow’s got a huge family. But he wants to keep it small and private. Just our close friends and family.”
“You don’t seem too happy about that.” Adora says as she looks at her friend demeanour.
“Well…” Glimmer pulls up another chair next to the bed, “I kind of want to shout this out to everyone, you know. Really rub it into the faces of those that doubted me and Bow.”
“Uh…” Adora looks to her mom who simply shrugs back.
“But a small wedding and ceremony would be a lot more… intimate.” Glimmer smiles at the idea, “But at the same time, I’m only going to get married once. And I want to make it memorable.”
“Oh, Glimmer.” Marlena reaches out for Glimmer’s hand, “It’s a wedding. Your wedding. It’s going to be memorable no matter what you do. And to be honest, it doesn’t matter what anyone else thinks or says about how you go about it. As long as you and Bow are happy, that’s all that matters.”
Glimmer smiles back, squeezing Marlena’s hand before a mischievous look appears on her face, “But I also want to have a big wedding. Feel like a princess or whatever…”
“Awe.” Adora coos at her friend, “Mom’s right though. It doesn’t have to be big or crazy. As long as you and Bow love each other and your surrounded by people that love you, it doesn’t matter how big or small it is.”
“What about you?” Glimmer asks, “What are you going to do when you get married?”
“Uh…” Adora’s mind goes blank.
“Surely you’ve thought about it before.” Glimmer tilts her head at the blonde.
“Not… Not really.” Adora admits with a blush, “I, uh, just never saw myself as the marrying type.”
“Until Catra.” Adora’s mom provides helpfully.

Adora blushes, “Uh, yeah. Until Catra came along and it all just feels so… right.”
“That’s’ so amazing, Adora.” Glimmer says genuinely, “I’m glad your winning bidder turned out to be Catra and not some creep like Huntara.”
“I know. I got so lucky.” Adora agrees with a slight smile, “I just… I just wished she reached out to me earlier.”
“Mm.” Glimmer nods.
“Not because she’s rich!” Adora quickly says as she realises what she just said, “Because… I’ve missed her, been missing her for such a long time. And now that I’ve got her… well, I don’t want to let her go.”
“Then you shouldn’t, dear.” Marlena says, “You deserve to be happy and live a full life too Adora.”
“Don’t you start, mom.” Adora points her finger at her mom, “You are still a big part of my life. And with my friends and Catra as well, I guess, my family is finally complete.”
“I love you too, Adora.” Marlena says as tears well up in her eyes.
“Me too. And Bow too, when he comes back.” Glimmer adds.
“I love you guys too.” Adora pulls Glimmer and her mom into a hug.

“Awe, did I miss the group hug?” Bow pouts as he comes back in, the trio only just parting before he smiles at Glimmer, “Okay, everyone knows now.”
“Great.” Glimmer smiles back at him as he comes across and pulls her into a hug.
“Now we have to figure out when and where.” Bow groans into Glimmer’s shoulder and the smaller girl laughs.
“I’m sure we’ll figure out something.” Glimmer pats him on the shoulder.
“What time are you meeting Catra?” Bow asks as they part.
“She said she’ll meet me at 6pm at my place.” Adora replies as she looks at the time, “Oh, I need to go home and shower and change!”
“Want a ride?” Bow asks, knowing the answer is going to be yes.
“Yes, please!” Adora smiles at him and he nods back before she turns back to her mom, “I love you, mom.”

“I love you too.” Marlena replies, “Now, get! My next treatment is in half an hour and I could use some peace and quiet before I’m wheeled out to it.”

Adora looks at the time on her phone.

6.10pm.

She sighs, frowning down at it.

“Are you alright, Adora?” Bow asks as he looks up from cuddling on the couch with Glimmer.
“I’m sure it’s fine. She’s probably just running late.” Adora says, annoyance creeping into her voice, “It’s just not like her to be late and not let me know.”
“Uh, yeah it is like her to be running late. Did you forget the first time we met her at the hotel lobby? But… I’m sure she’s fine, Adora.” Glimmer says reassuringly, “She might be an ass, but she loves you and wouldn’t do anything to hurt you.”
“I guess your right.” Adora concedes.
“Besides, she’d be an idiot for standing you up when you look like that.” Glimmer adds with a wolf whistle, making Adora blush, “I can’t believe that dress costs 25 grand!”
“I know.” Adora smiles back, “But she wouldn’t let me return it either. In fact, she made it so that both dresses couldn’t be returned by ripping it slightly.”
“Smart.” Bow nods his head.

New messages from Wildcat!

Wildcat: Come to the hospital Adora!

Wildcat: Catra’s hurt!

Chapter End Notes

Hm... another cliffhanger...
But, that's sort of expected from me, isn't it? 😜 😌

Again, I will mention that no one dies in this fic.
Or do they? No. They won't. Trust me... I'm not making it any better, am I?

Ugh! One more chapter left... maybe...
Depends on how the next chapter goes really.

Thanks for reading, comments and kudos.

Shot!

Chapter Summary

Why and who shot Catra.

Chapter Notes

New chapter! Enjoy!

See the end of the chapter for more notes

"Where is she?!" Adora demands as she stands at the reception of the emergency room, "Where is Catra!?"
"Tell us!" Glimmer demands, stomping her foot next to the blonde.
"Guys! Please!" Bow tries to calm his friends down before turning to woman at the reception on the verge of shouting at them, "Sorry… they're both just really worried right now about our friend, Catra."
The woman at the desk sighs, "I get it. This is the emergency department. I totally get it."
"Thank you." Bow smiles sincerely, "Uh, would you be able to help us?"
"You mentioned a Catra?" The woman asks and Bow nods, "Last name?"
Bow looks at Adora who shakes her head, "Uh, no last name."
"Huh." The woman says as she starts to tap away on the keyboard.
"She's a magicat!" Adora steps up to the desk before swallowing down the almost shout, "If, if that helps."
"Oh, yes. We have a magicat." The woman at the desk tells them before she frowns at her screen, "But it appears that this Catra is currently in surgery."
"What?!" Adora screeches out.
"Adora!" Entrapta's voice pierces through the loud and busy room, "Adora! Over here!"
The trio look back at the woman at the desk, "Thank you for your help." Bow says with a smile and a nod before the three of them

head towards Entrapta.
"Entratpa! What happened?!" Adora rushes over, her hands on Entrpata's shoulders as she tries to get an answer as to what's happened to Catra.
"Oh… things went… very wrong." Entrapta grimaces.
"Entrapta!" Another booming voice comes through as a large woman barrels in and pushes Adora away, glaring down at the blonde, "Get your hands off my best friend!"
"Scorpia, it's alright." Entrapta reassures the large scorpini woman, "This is Catra's mate, Adora. And her friends."
"Mate?" Scorpia repeats with wide eyes as she stares down Adora and her face softens, "Oh, gosh. I am so sorry, Adora!"
"Uh, that's okay…" Adora says meekly, "She's not my mate… more like Catra is my, um, future mate…"
"I'm Scorpia! And me and Entrapta make two thirds of the Super Pal Trio!" Scorpia happily announces before her face drops and she looks at the purple haired woman, "She'll be alright, right?"
"I presume so." Entrapta hums out as Adora and her best friends just look on in a mix of frustration and confusion."
"What. Happened?" Adora grits out doing her best to remain calm, "The person manning the desk said she is in surgery…"
"She was shot." Entrapta simply says before Scorpia can stop her.
"What?!" The trio all shriek out at the same time.
"What. Happened?" Adora repeats, pinching the top of her nose, "Please…."
Scorpia steps in, "She was shot."
"Why?" Bow asks.
"Uh, can we talk somewhere else?" Scorpia looks around and despite how busy the emergency area is, no one seems to be paying attention, "It's… she wouldn't like us to discuss this in the open."
"Where do you suggest?" Adora asks.
"What about Mrs G's room?" Entrpata suggests beaming at the idea.

"Oh, hello." Marlena greets the group that walks in, "I didn't know we were having a party."

"We're not." Adora says as she quickly walks over and hugs her mum, sitting on the bed next to her as the rest of the group file in.
Noticing the glaringly missing group member, Marlena looks at the new stranger in the room, "Hello, I don't think I've met you before."
"Oh, gosh! I'm so sorry to barge in here like this…" Scorpia makes her way over as Marlena just stares at her, "I'm Scorpia. I'm here with Entrapta and Catra."
"Speaking of Catra…" Marlena looks up at Adora, "Where is that cat of yours?"
"In surgery." Adora replies as she looks around the group of people.
"What?!" Marlena shouts out in shock, "Surgery?! What happened?"
"That's exactly what we are trying to find out." Adora sighs out, grabbing her mom's hand and giving it a squeeze before turning to Entrapta and Scorpia, "Can you please… for the love of the stars… tell us how Catra got shot?"
"She was shot?!" Marlena repeats loudly as she looks at the pair.
"Uh… yeah, she was…" Scorpia says sheepishly as she nudges Entrapta to explain, "Entrapta! Quit playing with that!"
"Oh, sorry…" Entrapta releases the tube from her fingers and bounces towards the bed, "Hi Mrs G!"
"Entrapta." Marlena says as she pinches the bridge of her nose, "I need you to focus, please."
Entrapta nods with a grin.
"Tell us what happened." Marlena asks.

After a lot of explaining…

"So, I had to shoot her." Entrapta concludes, "I just hope the surgeons don't stuff up taking the bullet out and then stitching her back up again."
"Why did you shoot her?!" Adora groans out as there's a knock on the door.
It's a nurse, one that Catra had to butter up to get the couch from

when Marlena had the crash cart brought in, the woman clears her throat, "Uh, excuse me." She looks around the room, "Why are there so many people in here?"
"It's okay. They're with me." Marlena waves off the nurse's concerns.
"Uh… okay." The nurse nods unsurely but lets it go, "I have news about Catra."
Adora gets to her feet quickly, "What? Is she okay?!"
"Catra is fine. She's getting out of surgery now." The nurse tells them, "I thought you would like to know since she *tips* so well."
Adora and the rest of crew breathe out a sigh of relief, "Thank the stars!"
Entrapta steps up to the nurse and looks her up and down with a grin, "Hi! I'm Entrapta. Do you know if they still have the bullet?"
The nurse just looks at the purple haired woman confused, "Uh… I don't know about that one…"
"Who would know?" Entrapta probes a little more, "If not you… is there another nurse or practitioner I can speak to regarding getting that bullet back?"
"I'm pretty sure it's being kept as evidence as the magicat was shot." The nurse replies, "Generally when someone comes in with a gun shot wound, nine times out of ten it's due to a crime of sorts."
"That's not true." Entrapta tilts her head, "A lot of gun shot wounds are from accidental shootings."
"Ugh! That doesn't matter!" Adora growls out, Marlena squeezing Adora's hand and calming her down a little, "Where is she? I have to go see her."
"Ooh… unfortunately only direct family members and her emergency contacts have access to her while she's in recovery." The nurse says with a consolidating look on her face.
"But Adora's her mate!" Scorpia whines out.
"Yes!" Entrapta agrees, "So, she is a direct member by association!"
"A mate, huh?" The nurse says unconvincingly.
Adora nods, "Does… future mate count?"
"Can you prove it?"
With a sigh and a shake of her head, Adora shakes her head, "No.

I guess not."
"I'm sorry." The nurse replies with a sad smile before turning back to Marlena, "Also, you know the rules. No more than 4 people at a time for visitations."
"That's alright. We're going to go now." Scorpia grabs Entrapta by the shoulder and starts to move towards the door.
The nurse nods and waits outside as Entrapta quickly breaks off and goes to Adora, "I'll let you know where she is."
Adora nods as she watches Scorpia and Entrapta walk out and follow the nurse to where Catra is recovering after her surgery.

"I can't believe Entrapta shot Catra." Bow says now that all the information has settled in, "All because Catra gave her the signal. I wonder how many times she's been shot before."
"That's the first." Adora says and everyone looks at her before she realises what she's just said, "I mean… I didn't find any other scars on her body that looked like bullet wounds… uh, she never said… ugh! Just trust me. She hasn't been shot before."
"Does she have… other scars?" Marlena asks, concern lacing her voice.
"Uh…" Adora says, not wanting to say anything about the magicat's chest scars, "That's… kind of personal… for her! I mean…"
"Okay…" Glimmer says as she looks to Bow before sighing, "Still, what kind of fucked up…"
"Language!" Marlena cuts Glimmer off upon hearing that curse word, "What have I told you kids about swearing?"
"That it's bad." Bow dutifully answers and Marlena nods approvingly at him.
"That's right." Marlena says and Adora has to stifle a giggle knowing how much Catra swears, Adora's mom quirks an eyebrow at the blonde, "What?"
"Nothing. Nothing." Adora brushes her thoughts off before sighing out and then with a pout, "Why can't I go see her? I am her future mate after all."
"I'm sure you'll be able to see her soon enough dear." Marlena reassures Adora and just as the older woman says that, the doors

of the room slam open and a bed is pushed in, “What is the meaning of… oh, Catra!”

“Catra?” Adora spins around and sure enough, the unconscious magicat is wheeled in on another bed by Scorpia and Entrapta, an IV bag by her head as they spot a gaggle of hospital staff chase after them, “What is going on?!”
“Hey! You can’t do this!” A male nurse rushes in but immediately steps back when Scorpia looks down on him at her full height, he stumbles over his next few words, “Uh, she uh, she needs to go… uh, back to recovery…” he looks up at the serious look on Scorpia’s face and then adds, “…please?”
“Don’t worry!” Entrapta barges through, a huge grin on her lip, “She’ll be fine! I’ll look after her!”
“Is that a good idea?” Bow pipes up, “I mean… she did get shot…”
“But the bullet has now been returned to its rightful owner. Me!” Entrapta grins even wider, “So, she is no longer in a life threatening state!”
“Miss. Please.” Another nurse steps in, the same one from before that told them that Catra was out of surgery, “She needs to be under medical observation.”
“Hm…” Entrapta hums to herself before asking, “How well versed are you in magicat anatomy?”
“Uh…”
“Do you know what happens when a magicat is recovering from surgery of any sort?” Entrapta tilts her head at the medical staff, “Or what foods she can and can’t have?”
“Uh…”
“Because… I do!” Entrapta declares confidently, “And just because I was the one that shot her…”
“You what?!” Both nurses exclaim at the same time.
“She did.” Scorpia nods her head and crosses her arms over her chest, “And she has also done some other things… that may have caused her injury… but! She has always made sure that Catra had the best treatment.”
“That… is extremely concerning.” Adora frowns at Catra’s friends while she stands by her magicat, gently caressing Catra’s cheek,

“Is she… is she going to be okay?”
“She will be if we can get her back to recovery!” The female nurse huffs out.
“Enough with your human medical mumbo jumbo.” Entrapta brushes off the medical staff in her presence, “Catra’s best healing happens when she’s surrounded by love.”
“And friendship.” Scorpia adds with a definitive nod.
“Ugh… can you guys please shut up?” A raspy voice groans out from the bed, “My ears still hurt from the gun shot sound…”
“Huh…” Entrapta turns around, not even phased by Catra waking up midway through her argument with the hospital staff, “What kind of hurt? Ringing hurt? Or a stinging kind of hurt?”
“Not now, Traps…” Catra winces with her eyes still shut as she sniffs the room, the familiar smell of Adroa close by and she lets a small smile grace her lips, “Mm… hey Adora.”
“Catra!” Adora kisses her magicat softly, careful not to touch any of the tubes or bandages on her body, “You really scared me.”
“Sorry, princess.” Catra cracks one eye open before her sense of smell has her opening up the second eye, “Why am I in Mrs G’s room?”
“We brought you here because this hospital doesn’t know how to care for magicats!” Entrapta helpfully unhelpfully provides, “And this is the only other room I trust.”
“Did Mrs G say I could room with her?” Catra asks a little annoyed.
“Uh…” Entrapta turns to Marlena, “Can Catra stay in here with you for a few more hours, Mrs G?”
“Just a few more hours?” Marlena asks back, “Are you sure you don’t mean a few days? She was shot after all…”
“I was…” Catra recalls before she tries to sit up, only to be gently pushed back down by Adora, glaring a little at the blonde, “Fine. I’ll stay down.”
“Wa-pish!” Glimmer gestures a whipping motion and the occupants in the room laugh, “I totally knew you were the bottom!”
Catra rolls her eyes and Adora doesn’t correct her, not really sure what any of that means anyways as she leans in and presses another kiss to Catra’s lips, “How are you feeling?”

“I should only have a bruise and an acting award for best death scene if the bloody suit was actually bullet proof like we discussed.” Catra says directing the comment at Entrapta, “You totally screwed up my John Wick suit!”
“I have no idea what you are talking about.” Entrapta remarks, “It has amazing wicking technology. Have you not noticed how cooling it is?”
Catra’s about to pop a blood vessel until she hears Adora giggle at how the miscommunication of pop culture and perceived idolisation has resulted in her future mate being shot. The magicat squeezes Adora’s hand and looks up at the blonde, “What are you giggling about?”
“Nothing.” Adora lies.
“Sure, it’s nothing.” Catra looks up unconvinced, “You’re not giggling about me being whipped…”
With a smile, Adora presses another kiss on Catra’s lips, “Next time can you please double check before trying to fake your own death.”
“I didn’t think…” Catra begins and is quickly shut up by the sad look on Adora’s face as she concedes, “I’m sorry, Adora. I’ll go back to how we used to fake my death.”
“Excuse me?!” Marlena cuts in this time, “Why in the world are you faking your death?!”
“That’s… classified.” Scorpia replies, rubbing the back of her neck, “It’s… yeah, we can’t tell you.”
Catra gestures for Adora to come closer, and when the blonde is close enough, she whispers, “I’ll let you know when you’re my mate.”
“Not soon enough!” Marlena shouts out and Catra gives Adora a confused look, “I have excellent hearing!”
“You sure do, Marlena.” Catra grits out and winces in pain again, “Traps!”
“Yes!” Entrapta bounds over to Catra’s side, “What’s wrong?”
“New suit. Bulletproof. Got me?” Catra says, “Also keep the wicking stuff too. Keeps my fur from itching.”
“Yes! Of course! I’m not making that mistake again!” Entrapta grins, “I did or probably should have questioned you as to why you wanted me to shoot you when all your suit does effectively is

wick away sweat…"
"Stars… you were right." Marlena grumbles from her bed, "She's like the smartest dumb person I've ever met."
"Thank you!" Entrapta happily takes the semi-compliment, "Though, I think you should change dumb to…"
"Crazy?" Glimmer says.
"Insane?" Adora adds.
"Nuts." Catra grins up.
"Best friend!" Scorpia makes no sense.
"Zany!" Bow happily adds.
"Eccentric! Entrapta settles on before turning to the group, "Your suggestions have been noted and discarded. Apart from yours, Scorpia."
"Awe!" Scorpia pulls Entrapta in for a hug, "Best friends! Super Pals!"
"I'm still in pain… don't hug me." Catra warns.
"I love hugs!" Bow chimes in and joins in the hug when Scorpia signals for him to come over, "Mm… hugs!"
Glimmer rolls her eyes at them before yelping when she's pulled in too, "Bow!"
"Hugs!" Bow repeats and blindly reaches out for Adora but then gives up when he sees the blonde and Catra making out, "Marlena? Wanna join?"
"You'll have to bring it over her." Marlena reaches out for them to come to her, "Adora! Quit kissing your girlfriend and give us a hug too!"
"Mom!" Adora whines as she's dragged over and away from her future mate, "Guys! I was busy!"
"Make out later. Hug now." Marlena smirks as the rest of them hug around her, "Now, isn't that much better?"
"My hugs are better!" Catra shouts out.
"Prove it or it's not true!" Glimmer shouts back in a challenge.
"No." Catra quickly says, "Adora, back me up here."
"Uh…" Adora looks around at the group, "Well, Bow and mom give really good hugs too."
"Scorpia is a totally great hugger too!" Bow compliments the scorpini.
"Awe! You are too!" Scorpia gushes back, "Oh, and Adora's mom,

you are a great hugger too, even if you are stuck in this bed."
"Thank you." Marlena smiles before going back to Adora, "I guess Catra's not as great of a hugger as she claims to be."
"Naked hugger!" Catra shouts out and Adora's eyes go wide and her cheeks turn bright red, "Say it, princess!"
"Shut up!" Adora chastises covering her face.
"Well, duh!" Glimmer groans, "Of course you'd be the best naked hugger for Adora. She's never hugged anyone else naked." The sparkly girls turns to the blonde, "Right?"
"Stars… can we please change the subject?" Adora grumbles as she slips back to Catra's bed.
Catra grins victoriously, "Doesn't matter anyway. As long as you like my hugs, princess."
"I love your hugs, idiot." Adora rolls her eyes.
"Which ones?"
"All of them." Adora rolls her eyes again.
"Especially the naked ones." Catra grins widely before wincing, "Traps! Where are my drugs?"
"Hey! No fair! I want some drugs too!" Marlena mirrors the magicat's complaints, "Plus I'm way sicker than her!"
"Uh, I don't have anything of that kind…" Entrapta admits, "But I could go acquire some…"
"Woah! No." Scorpia quickly stops Entrapta from going out and stealing said drugs, "No."
"Oh, okay!" Entrapta beams back at Scorpia, "I'm bored."
"Right." Scorpia nods before looking over at Catra, "What about Wildcat?"
"What about her?"
"Doesn't she need any more… treatments? I mean, you did bring her in here after all…" Scorpia points out the IV bag still next to Catra's head.
"Oh, no. The IV bag is purely just for show." Entrapta smiles, "Her body is already in the process of mending. There is no need to interfere. All she needs is her mate and she'll be back on her feet in no time."
"Uh… okay." Scorpia says, "Are you sure?"
"Yes! Data never lies!" Entrapta says matter of factly, "Now, snacks!"

“Okay.” Scorpia turns to the room, “It was nice to meet everyone! We’ll see you soon Wildcat!”
Catra grumbles back a goodbye to her friends as Adora gets into the bed with her.

Catra wakes up with Adora cuddled into her as she remembers she’s actually in a hospital bed with Adora’s mom in the room too. Her ears twitch from the sounds of the machines hooked up to Marlena and then the soft snores of more people than just Adora and her mom.
Sniffing the air, she knows that Glimmer and Bow have fallen asleep on the chairs, while Marlena breaks the silence with a few light chuckles here and there as Catra realises that the tv is on.
“Hey, Mrs G.” Catra whispers out, she can’t lift her body up, thanks to Adora being on her and also a heavy sleeper, “How are you feeling?”
“I should be asking you that.” Marlena says, there’s a lilt of a smile in her voice, “How are you feeling?”
“Better.” Catra replies touching her chest and feeling the wound pretty much healed, “Your daughter is magical.”
“She really is, isn’t she?” Marlena smiles.
“She is.” Catra agrees and then the magicat clears her throat, “Can I ask you a question, Mrs G?”
“Depends.” Marlena says, “If you plan on constantly calling me Mrs G, then my answer is no.”
“Marlena.” Catra says firmly.
“Yes, Catra?”
“Were you serious?”
“About?”
“You being okay with me and Adora.” Catra tries to keep her voice steady.
“Of course I am.” Marlena confirms confidently, “I’ve never seen her so happy before you. So, let me give you this warning, once more.”
“I’m not going to hurt her.” Catra quickly says.
“Okay then. Good.” Marlena replies happily, “Also, stop scaring her *and* me with whatever it is that you do that requires you to fake

your own death."
"It uh, it won't happen again, Marlena." Catra says sheepishly, "I think Traps and I have a better… understanding of what we both need."
"I still don't like the idea of you getting shot with real bullets." Marlena sighs out, "Can't you use blanks and a blood pack like normal people?"
Upon hearing that, Catra can't help herself and starts to laugh, "I like the way you think, Mrs G."
"That's it." Marlena huffs, "Grandmagikittens are off the table now."
"Doubtful." Catra grins, "You can't wait to be a gran gran."
Marlena huffs out again, ignoring the second part of that comment, "You're right… I can't wait to see them. They are going to be so cute!"
Catra laughs again, this time stirring Adora a little before the blonde relaxes back and continues to sleep, "I love Adora. And I can't wait to have her as my mate."
"Propose already!" Marlena groans out dramatically, "Stop dragging this out. You know you want to!"
"I do. I totally do." Catra says, "But… not here. Not in a hospital."
"Why not?"
"I'm not losing $50 to Traps." Catra replies with another laugh.

Chapter End Notes

Dammit! I had to up the chapter count again!
Damn my plotless fic... haha
But... I guess that's your gain.
Also... no cliffhanger! 😁

Apologies for the slowness of this fic... but it's been teetering on 40+ degrees this week and I'm pretty sure I've been sunburnt and probably got some sort of heat related headache from being up towers all week.
Pretty sure it's not RF that's making me headachy...

Thanks for reading, kudos and comments.

“So… how are you feeling?” Entrapta asks as Catra decides to take a nap in the sunlight shining through the window of Entrapta’s Bright Moon lab.
The magicat’s ear twitches notifying her friend that she has in fact heard her, “Still hurts a little, but otherwise it’s a dull pain.”
“No, not the gun shot.” Entrapta comes over and sits cross-legged next to the magicat, “I mean about making Adora your mate. Officially.”
Catra’s head pops up and then she stares at Entrapta, “What are you not telling me, Traps?”
“Nothing…”
“Traps.”
“…it’s nothing…” Entrapta says a little nervously.
“Entrapta! Fucking spit it out!” Catra gets out of her comfortable spot and to her feet so she can tower over her friend.
“How much do you know about mating?” Entrapta turns her head to look up at the magicat.
“Not much.” Catra admits, “Why?”
“Well, I just don’t want you to be surprised when it happens.” Entrapta says cryptically.
“When what happens?”
“When you mate…” Entrapta starts gesturing with her hands as she tries to put what she knows into words, “Well, I can’t be

certain about the next part, but from all the research I've managed to obtain, you may be feeling a little more… amorous… when you get closer to wanting to mate."
"If you mean I'm going to be hornier, well, that's already a given." Catra replies as she goes back to her spot, "How much research have you done on my species?"
"There's not a lot." Entrapta admits, "Though there was something very interesting I did come across that seems a little unusual, though I've only heard of one case of it and I don't even know if it was factual."
Catra stretches back out again in the sunlight and yawns, "And what was that?"
"That you're going to change genitalia!" Entrapta happily answers.
"What!?" Catra jumps up in shock.
"…I did say I don't know if that was real or not." Entrata says.
The thought goes through Catra's mind before she smooths her fur down again after that statement and then she chuckles, "There's no way that would even be possible."
"Frogs can do it!" Entrapta points out.
"Do I look like a frog, Traps?" Catra deadpans.
"No…"
"Alright then." Catra gets comfortable again, "I'm going to nap now."

New message from Wildcat!

Wildcat: Date?

Adora: ?

Wildcat: Date night?

Adora: Now?

Wildcat: With me.

Adora: You're not making any sense.

Wildcat: I got shot before our date last time.

Wildcat: Do over.

Wildcat: Then maybe sex after.

Adora: What makes you so sure about the last part?

Wildcat: Confidence, babe.

Adora: We'll see about that.

Wildcat: Love you, princess.

Wildcat: Pick you up at 6pm from the hospital.

Wildcat: Dress comfy.

Adora: Better not be rock climbing again…

Adora: Love you too.

Adora: See you later.

"Hey mom." Adora greets as she walks into Marlena's room, "How are you?"
"Ooh!" Marlena wolf whistles at her daughter, earning herself a roll of the eyes, "Big date tonight?"
Adora blushes despite the fact that Catra's already her girlfriend, "Mom!" she looks down at herself, smoothing out the creases in her long sleeve shirt and jeans, "I'm not even dressed up this time."
"Adora." Her mom says a little disappointed, "What did I say about your hair?"
"I really don't want to recall that…" Adora reaches up and takes out the hair tie before handing it over to her mom, "Happy now?"
"Yes. Very much so." Marlena preens, "I knew you would inherit my gorgeous genes."

Adora laughs, coming over to press a kiss on her mom's forehead, "You're beautiful, mom. You put everyone else to shame whenever they are near you."
"Near us, dear." Marlena smiles back at her daughter, "What have you been up to today?"
"I went to a job interview this morning." Adora pulls up a chair.
"Oh yeah?" Marlena asks, "How'd it go?"
"Terrible." Adora replies with a sigh, "There was just so many other people there as well. We got broken up into groups to 'problem solve' a made up scenario."
"Oh, you do really well in groups." Marlena grins at her daughter, but the grin isn't reciprocated, "Right?"
"Well, I thought I was." Adora huffs out, "But it's a little difficult to work together when everyone in that group is an egomaniac."
"I guess you'd have to be in that situation to really know that everyone is really out for themselves…" Marlena says.
"Yeah. I got culled after the first exercise." Adora sighs again, "Couldn't even get a word in over all those… big mouths!"
"Oh, dear." Marlena holds her hand out for Adora's, squeezing it once she's got her daughter's hand in hers, "If they can't see how great you are, then they don't deserve you."
"Ugh, I hate this job market." Adora groans into her hands.
"Do you really even need to work anymore?" Marlena asks, "Did I hear it wrong when you said that Catra gave you a lot of money for your… for that auction?"
"Just to be clear, she didn't pay to sleep with me." Adora points out.
"Well… she kind of did."
"She sent me the money to make a point." Adora says, "Not to sleep with me."
"But… you kept the money…"
"She wouldn't take it back!" Adora whines out, "And don't say I could have just sent it back because I couldn't. I'd just lost my job and… and… and…"
"Woah!" Marlena squeezes Adora's hand, "Breathe, baby. It's okay."
Adora looks at her mom exasperated, "She didn't pay to sleep with me."

“Okay, love.” Marlena nods with a reassuring smile.
“She told me that I could keep the money even if I never slept with her.” Adora says, “It was my decision to make Catra the one. Not the other way around. It was my decision. And even if she didn’t give me the money… well, I honestly don’t want to think about what I almost got myself into…”
“Well, Catra is very lucky to have found you.” Marlena surmises.
Adora smiles out, “She was a total ass though when we first met again, though.”
“Was she now?”
“Yeah.” Adora laughs, “I brought Glimmer and Bow to the hotel lobby to meet her, not knowing it was her. We were just going there to confront whoever vetoed the auction and screwed up my auction.”
“That’s my girl. Always bring back up.” Marlena nods.
“Anyways, the only reason Catra even sent me the money is because Glimmer accused her of playing me, screwing up my chance to make up the money I needed to... well, to get by.” Adora recalls, “And just to prove a point, she sent the money through before inviting me up for ‘payment’.”
Marlena laughs, “And you willingly followed?”
Adora blushes again, pushing back a few hairs that’s fallen over her cheeks, “Well, that’s not why I followed.”
“Hm.” Marlena thinks to herself, “I’m going to have a talk with Catra about this.”
“No. Please don’t.” Adora pleads, “She was bluffing the whole time.”
“About the money?”
“No. Not about the money.” Adora says, “She was bluffing about… taking her winnings.”
“That better have been the case, Adora.” Marlena raises a questioning eyebrow, “Otherwise I am going to have to have words with her.”
Adora nods, “It is. When I… when I told her I couldn’t do it, she didn’t push it.”
“Hm…”
“In fact!” Adora stands up, “She actually told me that she didn’t care about it.”

“About the money? Or about the you?” Marlena scratches her head, “Because if she didn’t care about you…”
“I know… you’re going to have words with her.” Adora rolls her eyes at her mom, “No, she didn’t care about the money or if I slept with her or not. I had no doubts that she still cared about me.”
Marlena smiles, “Is that so?”
“Yes.” Adora replies confidently, “Why else would she come out of the woodwork and save my idiotic ass?”
The pair laugh as the door opens, “Speaking of ass…” Marlena looks over at the visitor, “If it isn’t my daughter’s hero…”
“Uh, hey Mrs… Marlena.” Catra saunters in with a grin, “What are you two laughing about?”
“Oh, nothing that concerns you.” Marlena smirks.
“Mmhm… sure.” Catra replies as she pecks Adora on the lips, “You look hot, princess. I love it when you’ve got your hair down.”
“Told you.” Marlena preens before looking at a grinning Catra, “I told her that she’d look sexier with it down.”
“Mom!” Adora groans out with a blush, “Can you please not?”
“And you.” Marlena looks at Catra, “That’s a nice suit.”
Catra looks down at herself, “Thanks, Marlena. Thought I’d go for a bit of colour this time.”
“Maroon suits you.” Marlena nods, “I love the untied bow tie too. Very on brand for you.”
“That’s because she doesn’t know how to do it up.” Adora stands up and tugs on the ends of it, before pressing her lips onto Catra’s, “Mm… where are you taking me tonight?”
“Can’t tell you. It’s a surprise.” Catra grins.
Marlena coughs, breaking the pair apart a little, “Sorry. Go on. I’m loving this vibe.”
Catra laughs, “How long before you get out of here, Marlena?”
“A few more weeks, I think.” Marlena replies with a smile, “Why?”
Catra shrugs with a smile, “Just want to be there when you get out.”
“It’s not prison, Catra.” Adora’s mom rolls her eyes.
“Could have fooled me.” Catra laughs.
“You were just in here!” Marelna argues.
“Sure was. And I’ve done my time for my crime.” Catra laughs out,

“Even got the scars to prove it.”
“I’ve got scars too!” Marlena sticks her hand up with a grin.
“You two are ridiculous.” Adora shakes her head with a smile.
“What are you talking about, princess?” Catra feigns shock, “Our scars are badass!”
“Yeah!” Marlena laughs as Catra hi-fives the older woman and Adora just looks on incredulously, “Don’t worry, Adora. We still love you, even if you don’t have badass scars like we do.”
“Okay first of all…” Adora stands up but completely forgets everything when Catra pulls her in and then dips her before pressing a kiss onto the blonde’s lips and then bringing her back up, “Uh… first… what was I saying?”
“Dinner?” Catra asks instead.
“Oh, yeah.” Adora replies with a lovesick look on her face.
“Have fun, guys.” Marlena says as the door opens again, “Oh, I think my dinner is here.”
Catra and Adora both move out the way as Marlena’s dinner is brought in and she’s sat up in the bed with the tray table in place.
“Smells good.” Catra says sniffing the air, “That’s definitely making me hungry.”
“Nope!” Marlena slaps Catra’s hand away when the magicat reaches for the cover on the plate, “Get out of here and let me eat and watch my shows in peace.”
“Fine.” Catra grumbles, rubbing the back of her hand, “We’re going. Enjoy dinner, Mrs G.”
And before Marlena can say anything, Catra runs out of the room leaving Adora with her mom.
“Catra! You’re banned from dating my daughter!” Marlena shouts out after the magicat as Adora giggles, “And you! Train her better!”
“Mom, it doesn’t work like that…” Adora laughs out.
“I trained your father to stop burping in public. You can train your mate to stop calling me old names.” Marlena points out.
“Ugh, fine. I’ll talk to her. “Adora concedes, “Though… you know how it’s like…”
“What?”
“You know…?” Adora continues, gesturing with her hand, “She’s only going keep getting worse if you keep acknowledging it.”

“Fix it, Adora.” Marlena orders with a finger.
Adora puts her hands up, a smile on her face that’s almost just as quickly reciprocated by her mom, “I’ll try. That’s the best I can do.”
“Go on then.” Marlena shoos her daughter away, “Have fun on your date.”
“Thanks mom.” Adora leans in and kisses Marlena’s forehead, “I’ll see you tomorrow.”
“Love you.”
“I love you too, mom.” Adora squeezes her mom’s hand before leaving.

“You know, dates don’t always have to include an activity.” Adora says as she misses the hole after putting the ball, “Damn it! I hate this game!”
Catra laughs, “And here I thought it would be relaxing.”
“Why couldn’t you have brought me axe throwing or the gym?” Adora huffs out and then groans again when she misses the hole again, “This is *not* relaxing, like, at all.”
“I can tell, princess.” Catra says as she watches Adora finally get the ball into the hole, “So… I think that was seven shots?”
“Don’t.” Adora glares at the magicat as she retrieves the ball, “Your turn.”
Catra nods, walking back to the starting point and sets her ball down, “You know this isn’t a competition, right?”
“I know.” Adora rolls her eyes, “Did you forget that I’m competitive?”
“No.” Catra says as she putts and it gets fairly close to the hole, “Ooh.. so close…”
“You’re totally hustling me, aren’t you?” Adora pouts and then groans out again when Catra manages to get the ball in the hole in two shots, “I get to pick the next date activity.”
“Fine by me, princess.” Catra says with a grin as she retrieves her ball, “We still have one more to go though.”
“Ugh… how much am I losing by?” Adora looks at the scorecard that Catra is currently writing in before her eyes widen and she furrows her brows, “How can I be losing by *that* much!?”

Catra laughs as they walk to the last hole, the magicat gesturing for Adora to go first, "You can still win, princess."
"Yeah, right." Adora scoffs as she sets her ball down on the marker and putts it and then… "Oh my stars! Did you see that?! Catra! Did you see that?!"
"Your hole in one?" Catra asks with a proud look on her face, "Yep, that was fucking amazing, princess."
Adora can't wipe the smile off her face at her achievement, picking the ball up and throwing it up in the air a few times as she watches Catra take her spot. The blonde watches eagerly as Catra lines up her shot and swings the putter.
The magicat sighs, "Damn, you made that look so easy, princess."
"Because it *was* easy." Adora gloats and it makes Catra laugh at her attempt at being pompous, "What? What's so funny?"
"You're so fucking cute." Catra laughs again as she lines up for her next shot and misses, "Darn."
"Come on, Catra." Adora cheers her girlfriend on, "You're so close."
"I totally am." Catra agrees as she looks up with a smirk, "So close…"
Adora rolls her eyes, "To the hole."
"Uh huh." Catra agrees, "And I hope to get even closer to the hole…"
The comment goes straight over Adora's head, "That's not the point, Catra." The blonde laughs as Catra misses again, "You're supposed to get it in the hole."
"And I totally will." Catra looks up and putts the ball without looking, the sound of it dropping in the hole has her smirking at Adora, "I think I just scored."
"Pfft, yeah, like a four!" Adora points out with a grin as she grabs the scorecard and scribbles down the scores and then starts adding them up.
"Well, what's the score, princess?" Catra says despite knowing the answer, the magicat trying to peek over Adora's shoulder only for the blonde to move away slightly making Catra chuckle as she gets nudged back a little, "It's just a score, babe."
Adora continues to total up the scores, concentrating hard before she punches the air and almost punches Catra as she celebrates,

“Yes!”
“What’s the score?” Catra asks rolling her eyes, “Who won?”
“You’re looking at her!” Adora throws her arms up in the air in celebration as Catra grabs the scorecard, “See! What’s my prize?”
Catra pulls the blonde in by the waist, Adora’s arms rest on the magicat’s shoulders as she’s brought in for a kiss, Catra rests her forehead on Adora’s, “Does that count?”
“Mm…” Adora hums out happily, “That’s a good start…”
“Hey!” Someone shouts from behind them, startling the pair, “Get off the last hole! You’re holding up the game!”
Catra growls out at the interrupter, the man and his child both quickly take a step back and pull their heads back in, “Uh… take your time… we can wait.”
Catra turns back to Adora, “Come on, let’s go home.”
Adora grins at the magicat, “You called my place home?”
“Isn’t it?” Catra asks as she takes Adora’s hand and pulls them off the course, “When you come to my place in Dryll, that’s also home. Hopefully you’ll think it’ll be home as well someday.”
“I’d like that.” Adora says once they return their gear, pulling Catra into her for another kiss, “Take us home, Catra.”

“So… about that prize…” Adora teases as Catra shuts the door behind them.
The magicat looks up at Adora, “Hm?”
“I think I know what I want.” Adora says excitedly, biting her bottom lip as Catra comes over and wraps the blonde up in her arms by the waist.
“Hm?” Catra repeats as she starts to scent mark Adora’s cheeks and then brings their lips together for a kiss, “And… what is it that you want, princess?”
Resting her head against Catra’s, Adora looks into the magicat’s eyes a little nervously, “I want…”
“Yes?” Catra smirks, “If you don’t tell me… I won’t know what you want.”
Adora breathes a shaky breath in and then says, “…strip.”
Catra’s breath hitches as her ears perk up and twitch at the word, a smirk appears on her face, “Okay.”

Adora reluctantly lets Catra step back, the magicat walks Adora back until the back of her knees hit the bed, “Hey!” Adora whines with a giggle as Catra lets her sit down, “What are you…?”
“Stay. Right. There, princess.” Catra orders and Adora quirks an eyebrow up at her but stays, “Good.”
“Well… go on.” Adora gestures, “Strip.”
Catra steps back and tilts her head, “Where do you want me to start?”
Adora lets her eyes flit over her magicat before she answers, “Your tie. Take that off.”
“You got it.” Catra grins as she slowly slides it out and throws it to Adora who catches it with a giggle, “Next?”
“Your jacket.”
“Jacket is…” Catra shrugs off her suit jacket, folding it up and placing it on the dresser, “Off.”
“Okay…” Adora grins, biting her lip excitedly, “Mm… your belt.”
“My belt? Really princess? My belt?” Catra says incredulously and then chuckles.
“Yes.” Adora nods, “The belt. Off. Now.”
Catra laughs as she unbuckles her belt and steps closer to Adora, “Care to do the honours?”
“Mm… thank you.” Adora grins as she takes the buckle and gentle pulls it through the belt loops, before rolling it up and giving it back to Catra, “Here.”
“Thanks.” Catra takes it back and places it on top of her jacket, “Shirt or pants, princess?”
“Mm…” Adora thinks as she eyes both items, “Shirt.”
“You got it, babe.” Catra grins as she starts to unbutton her shirt.
“Wait!” Adora almost shouts and Catra looks at her curiously, “Come here again.”
Catra steps forward and Adora stands up, “Yes?”
“Let me?” Adora asks a little shyly, Catra nods and the blonde slowly unbuttons Catra’s shirt as the magicat puts her hands on Adora’s waist for balance, “Mm…”
Catra starts to press kisses along Adora’s jaw and cheeks now that the blonde’s hands are occupied with undressing her, “You’re so fucking sexy, princess…”
“Hey… you’re distracting me…” Adora whines out breathlessly, her

fingers shaking a little with the sensation of Catra's lips on her, and when the last button is undone, she pushes it off the magicat's shoulders, "Mm… who's sexy now?"
"Still you." Catra nips at Adora's ear and then moves then to her neck, "Can I unwrap you too?"
"Not yet, tiger." Adora shivers, arching back a little to give Catra more room before she faux glares at the magicat, "Pants off. Now."
Catra smirks and reaches down, Adora yelps out when the magicat yanks down the blonde's pants, laughing, "You didn't specify who's pants, princess?"
"Oh, two can play that game!" Adora warns before doing the same to Catra who just laughs and steps out of them, leaving herself completely bare, the blonde's eyebrows reaching the top of her head, "Oh…"
"Oh, indeed." Catra grins as she pushes Adora back down on the bed and kisses her as she climbs on top, her thigh settling between Adora's as she slices through the blonde's underwear with her claw, "Mm… that's better."
"Huh?" Adora says in a daze as her eyes widen when Catra shows her the cut up underwear, "Catra!"
"What? It was in the way." The magicat shrugs before tossing it over her shoulder, "Now… where were we?"
Adora whimpers when Catra grinds her thigh against her, "Fuck…"
"Confidence." Catra whispers into Adora's ear, "Are you going to get the rest of your clothes off or am I going to have to buy you a whole new wardrobe?"

RIIIPPP!

"Hey! I didn't choose yet!" Adora whines out before gasping when the magicat tears away roughly at the now clothes turned to rags, "Catra…"
The magicat presses her lips and her naked body on top of Adora's, hands roaming freely over the now naked blonde, "You're so beautiful, princess."
Adora just smiles up at Catra, "You too."
"So… can I give you your prize now?" Catra jests as she moves down Adora's neck to her chest, "Or… would you rather we…

mmphf!”
Adora pulls Catra back down for another kiss, “Now, please.”
“Please, huh?” Catra smirks as Adora rolls her eyes and then her hips, “Mm… okay.”
As Catra foregoes her breasts, Adora’s breath hitches as the magicat settles between her legs, spreading them open before diving straight in. Adora’s moans out loudly at the initial contact, “Oh, fuck… mmm….”
Catra grins into Adora’s core, “You taste so fucking good, Adora.”
“Keep going…” Adora breathes out, opening her legs wider, “… please…”
Catra dives back in, licking up Adora’s slick before flicking her tongue on the blonde’s clit, her arms wrap around Adora’s thighs, holding her in place, “Mmphf…”
Adora’s muscles start to tighten, her hands gripping the bedsheets and her knuckles begin to turn white, “Oh… ah, ah… shit…” the blonde moans out as her head pushes back down on the pillow and she starts to grind against Catra’s face, “Put… put… oh stars! Inside… inside… tongue… fuck…”
Catra’s ear twitch slightly but follows and pushes her tongue inside Adora, loving the feeling of the blonde writhing and trembling under her as she continues to plunge her tongue in and out of Adora.
“I’m… I’m… fuck!” Adora then moans out even louder as her legs try to clamp around Catra’s head, her hands grab onto the magicat’s face as Catra continues until she feels a tap on her head, the magicat looks up at Adora who’s still panting out, “… fuck…”
“More?” Catra asks with a wet grin.
“I… I… Not now…” Adora shakes her head quickly as her legs relax and open up again, “Mm…”
“Good prize?” Catra asks with a smirk as she comes up, wiping her face with the back of her arm.
“Best prize.” Adora replies as she kisses the magicat on the lips chastely before flopping back down and wiping her forehead of sweat, the blonde grumbles out, “I can’t feel my legs…”
“Already?” Catra preens, “Another round?”
Adora snorts out a laugh, “I don’t think I can take it…”

“Okay.” Catra replies as she flops on her back next to Adora, turning over to look at the blonde, “I was thinking…”
“About?” Adora turns her head, her body still zinging with the after shocks from her orgasm, but she smiles back lovingly at the magicat.
Catra goes back onto her back, moving her hands under her head as she looks up at the ceiling when she replies, “Our future.”
“Oh yeah?” Adora reaches out one hand and starts to play with Catra’s chest fluff, swirling it in her fingers and tracing over the scars.
“Yeah. I was thinking that I could move in with you when I’m based here. And then vice versa for when you come to Dryll.” Catra says, still looking up at the ceiling, “I don’t want to give up my place in Dryll.”
“I get it.” Adora replies as she just rests her hand on Catra’s stomach, “But… what if I moved to Dryll with you instead?”
“Why?” Catra furrows her brows as she continues to stare up.
“Because I want to be with you.” Adora replies like it’s obvious.
“What about your mom and your friends and your… well, lack of job?” Catra asks this time turning her head to look at Adora, “It doesn’t make sense for you to go.”
“Well… I know mom doesn’t want to live with me…” Adora states slowly, “Her place… well, when she got sick, she got evicted from her place and all her stuff is in storage. I was thinking she could probably just stay here, since it’s closer to the hospital and my friends can keep an eye on her.”
“But… what do you want, Adora?” Catra turns onto her side and takes Adora’s hand in hers, “Where do you want to be?”
Without any hesitation, Adora says, “Anywhere with you.”

“You’re really cute.” Adora whispers into Catra’s chest as she lays on top of the magicat.
“Shut up, princess.” Catra grunts out lightly, “It’s too early to be lying to me.”
Adora faux gasps, “I would never lie to you!”
The blonde smiles when she feels Catra’s body shaking with a laugh that’s trying to get out, “If anyone is cute in this relationship, it’s you.”
“Nah uh.” Adora leans up and presses a kiss to the spot between Catra’s ears making the magicat purr involuntarily, “See. Point proven.”
“I hate you.” Catra grumbles as she tries to school the purr unsuccessfully.
“No, you don’t.” Adora laughs as she squishes her magicat’s cheeks, before she teases, “You love me. How embarrassing for you!”
Catra rolls her eyes and flips them, pinning Adora under her, “I could just leave right now.”
“You wouldn’t.” Adora challenges.
“I could though.” Catra leans in and nips Adora’s jaw, making the blonde gasp a little, “Leave you all… pent up.”
Adora smirks at the magicat, “I think I’d be okay… you however…”
Catra growls again, leaning in and kissing Adora hard as the

blonde smiles victoriously as she tries to kiss back, “I’m going to fuck you now.”
“Who’s pent up now?” Adora laughs as her future mate pulls her sleep shorts and underwear off in one go before Catra comes back up eyeing her shirt, Adora can feel Catra claws come out as she quickly sits up, “No. I’ll just…” the blonde shucks off her shirt and throws it on the floor, “Stop ripping up all my clothes.”
“No.” Catra grins as she pulls off her own top and bottoms before laying on top of Adora, scent marking the blonde and kissing the spots she’s marked, “What time is your job interview today?”
Adora looks down at Catra who’s still working her way across her chest with her mouth as she tries to think, “Um… 3pm?”
“You don’t know?” Catra smirks.
“3pm.” Adora says breathlessly before closing her eyes, “Can we not talk about it?”
“No.” Catra grins into the kiss she’s pressed on the blonde’s breast, “What are you going to wear?”
“I… I don’t know…mmm…” Adora’s breath hitches when Catra’s mouth sucks in a nipple, “Fuck…”
“We’re getting to that.” Catra grins again as she slowly licks around Adora’s nipple, “What’s this job interview for?”
“Hm?”
“The job interview, princess.” Catra prompts as she starts to play with Adora’s other breast, “Tell me about it or I’ll stop…”
“Empty threat…” Adora breathes out and then whines when Catra stops, “Catra? What the fuck? Oh… fuck…”
Catra moves back up to Adora’s neck, licks and kissing as she gets to the blonde’s ear, “Don’t worry, I’m not going to mark you up… not before your interview…”
“Mm…” Adora moans out softly, “Thank you…”
“So… back to your interview…” Catra sucks on Adora’s earlobe, “What are you going to wear? What’s the job for?”
“I’m a… oh fuck…” Adora moans out again.
“A what now?” Catra grins as she presses another kiss on Adora’s cheek, “You better not be doing another auction, princess…”
Adora’s eyes open and she rolls them at Catra, “And what exactly would I be selling now?”
“I don’t know…” Catra leans in and presses a kiss on Adora’s lips,

“You better not be selling those shoes I got you…”
“No, Catra.” Adora shakes her head with a giggle, “I’m not selling anything except for my amazing personality.”
“That’s… pretty irresistible.” Catra agrees with a tooth grin, “I’m glad that I get all that for free…”
“Mm… only you do.” Adora wraps her arms around Catra before looking at her wardrobe, “I think I’ve got a nice shirt with some pants…”
“If you’re talking about those pants that are on the floor over there…” Adora looks over and nods, “Then no. You are not wearing them.”
“I’m not going pantless, Catra!” Adora laughs.
“Not… not what I meant, princess.” Catra shakes her head, “I mean, those pants have been on your floor for almost a week.”
“So?”
“Seriously, Adora?” Catra chuckles, “You’ve worn them and then thrown them on the floor…”
“You threw them on the floor.” Adora corrects.”
“Okay, I threw them on the floor.” Catra repeats, “But my point still stands. You can’t wear them to your interview if I made you wet in them.”
“Oh my stars, Catra!” Adora goes red.
“How are you still embarrassed about this stuff, princess?” Catra laughs, “I’ve literally seen *and* tasted pretty much all of you…”
“Not all of me.” Adora points out, “Not… not the back door.”
“Fine, not your back door.” Catra grins down at the blonde, “Anyway, where was I?”
“I don’t have another pair of formal pants.” Adora pouts out, “You ripped my other 2.”
“Oh, shit. I did do that, didn’t I?” Adora nods, “Fuck… I have an idea.”
“What idea?”
“After I make you cum until you can’t no more…” Adora shivers at the thought as Catra continues, “And then I can take you… shopping…”
“You want to take me… shopping?” Adora quirks an eyebrow at the magicat.
“Sure.” Catra shrugs like it’s no big deal, “I can call ahead and

book out one of the shops for us."
"Catra, no." Adora laughs, "Can't we just go to clothes shopping like normal people?"
"Why?"
"Because." Adora pulls Catra down into another kiss, "I kind of like showing you off when… when we're out and about."
"You want to show me off?" Catra repeats a little perplexed, "No one wants to see a hybrid relationship, princess."
"Fuck them." Adora simply says, "Who cares what anyone else thinks? I'm proud to be hanging off your furry arm."
Catra laughs, "Such a furry…"
"Nope. Not a furry." Adora refutes as Catra just looks at her unconvinced, "Just… you're the only one that's ever caught my eye. You can believe me on that."
Catra relents, "Fine. We can go to the stores with… the public."
"Thank you." Adora grins, "Now… where were we?"
"Oh, right about…" Adora's gasps as Catra starts kissing her neck again, "Here."
"Fuck…" Adora moans out as she lets Catra slide between her legs, "I'm totally going to need to shower before this interview."
Catra's head pops back up and Adora laughs, the magicat growls as she spreads Adora's legs apart, "Laugh it up, princess…"
And just like that, Adora's laughter ceases as she sucks in a breath when Catra's tongue starts to slide against her slit, "… Catra… fuck…"
"Mmhm." Catra looks up and winks at the blonde, before really working her tongue over the blonde's clit.
"Right there…" Adora breathes out as she starts to fist the bedsheets, her back arching up into Catra mouth as she feels clawed hands holding tight onto her thighs, "Keep going… fuck… keep going…"
"Mm…" Catra hums into Adora's wet folds before plunging her tongue inside of her.
"Oh, fuck!" Adora curls forward as she grinds herself down on Catra's tongue, the magicat's tongue slips out and goes back to her clit, "…mmm…."
"Fingers?" Catra mumbles out while her tongue keeps flicking Adora's clit and the blonde nods. The magicat slides one finger

inside and is immediately met with a loud moan from the blonde, "Another?"
"Fuck…" Adora nods again, "Don't stop…"
Catra pumps two fingers in and out of Adora, her mouth working over the blonde's clit and her free arm holding onto Adora's thigh, a slight possessive growl radiates through the magicat's throat, enhancing the already overstimulated blonde as Adora comes.
"FUCK! Oh, fuck!" Adora screams out clamping her legs around Catra's head as she bucks herself off the magicat's fingers and tongue, "Mmm…. No more… mmm fuck…"
Catra grins, releasing Adora, wiping her chin with the back of her hand while she moves herself back up Adora's body, "You are so fucking hot, princess."
Adora pants out, her eyes flicker open as she wraps her arms and legs around Catra's form, "Mm… stay… cuddle…"
Catra chuckles, pressing a kiss onto Adora's neck before nodding, "Whatever you need, princess."

"So, this job interview…" Catra starts off as Adora grabs her hand and swings it playfully, "What is it for?"
"You don't know what I do?" Adora acts shocked as Catra rolls her eyes.
"You don't know what I do." Catra retorts.
"You won't tell me what you do." Adora points out, "You've never actually asked what I do."
"I know what you did." Catra replies smugly, "Loved the little apron though…"
"Shut up!" Adora groans, "They made us wear them at the hardware store!"
Catra laughs again, "I'm pretty sure that wouldn't have been your dream job though, right?"
"No." Adora shakes her head, "But, it paid the bills."
"Not really." Catra says knowingly, "If it did… we wouldn't have met again the way we did."
"It wasn't a bad job." Adora tries to sound positive, "I did like playing with all the tools."
"Uh huh." Catra nods, "So… what do you want to do?"

Adora pushes back a few loose strands of hair that have fallen out from her ponytail before responding, "I… I really don't know."
"Well, what do you like? I mean, aside from your fucking amazing hot magicat future mate." Catra smirks and that earns her a light slap on her shoulder.
"Well, I don't actually like you." Adora replies with her own smirk.
"Of course not." Catra grins back, "Because you're like, totally in love with me."
"Yes. Yes, I am." Adora agrees readily and brings Catra in for a kiss.
"Yeah, me too." Catra says looking into Adora's eyes, "You've made me fucking soft, princess."
Adora laughs, "You are soft." Before she leans in slightly, "Thank you for letting me see and feel it."
"Of course." Catra replies rubbing her cheek on Adora's, "Now… this dream job?"
"I don't know… I guess I want to do something that helps people?" Adora answer.
"Like a cop?"
"Stars, no." Adora laughs, "Maybe a fire fighter or a health care worker or something?"
"Ah…" Catra nods, "So… this interview?"
"Is not for any of those things." Adora replies.
"I bet you'd make a really fucking hot fire fighter." Catra grins, "Pretty sure there's some kind of physically test you have to pass, right?"
"Right." Adora nods, "Wait… how do you know that?"
"Because I tried out for it." Catra shrugs.
"Really?" Catra nods, "What happened? You didn't pass the physical test?"
"Oh, no. That part was easy." Catra laughs, "It was the… psychological part that got me."
"Huh?"
"They had a scenario about whether you should save the pet dog or the racist fucker that lived in the building…" Catra recalls, "Well, I chose to save the dog. Which apparently was the wrong answer."
Adora shakes her head with a chuckle, "Tough choices, huh?"

“Not tough at all, honestly.” Catra looks at the blonde, “I would have gone back for the person after… probably…”
“Hm…” Adora thinks to herself, “How do you know the person was racist?”
“I didn’t.” Catra grins, “I just rather deal with animals than people.”
“You’re ridiculous.” Adora shakes her head again with a laugh.
“So… dream job?” Catra prompts again.
“I was thinking… paramedic or something along those lines.” Adora replies, “Hopefully this job interview goes well and I can get my foot in the door.”
“Where is your interview?”
“At the hospital.” Adora says, “And yes, it’s sort of two birds, one stone.”
“And… what would you be doing at the hospital?”
“Admin.” Adora sighs out, “But, it’d be a start.”
“Okay. Cool.” Catra smiles, “Alright, well… let’s get you dressed for that interview then.”
Adora smiles back, “Okay. But I’m buying this myself.”
“Whatever you say, princess.” Catra grins wider.

“Good luck at your interview, Adora.” Catra squeezes the blonde’s arm, “I’ll be in your mom’s room, being an annoying little shit.”
Adora laughs, happy for the distraction, “Thank you. I really mean it.”
“I know.” Catra starts to walk backwards, “You’re going to crush it, princess. If they don’t hire you, I’ll buy this fucking place and fire whoever passed on you.”
Adora shakes her head and laughs again, “You can’t do that.”
“I can do that.” Catra replies with a wink before disappearing around the corner.

“Mrs G!” Catra bursts into Marlena’s room.
“Star!” Marlena puts her hand to her chest, “You scared me!”
“Did I?” Catra grins, “Anything good on tv?”

“It’s daytime tv, love.” Marlena replies, “Which means no.”
Catra laughs, “Want some company?”
“Is it you?”
“Yes?”
Marlena sighs out dramatically, “I don’t know, Wildcat…”
“Gross, please do not call me that…” Catra grimaces a little, “It sounds so… wrong… coming from your lips.”
“Are you thinking about my lips?” Marlena teases, “Because I’m not into you, sorry to say. Plus Adora would kill me.”
Catra laughs, “I mean… you are hot in a cougar sort of way…”
Marlena blushes as she tries to glare at the magicat, “A cougar that would eat you up, kitten.”
“Also gross.” Catra sticks her tongue out.
“Where is my lovely daughter?” Marlena asks looking around for Adora, “Is she not with you?”
“She’s got an interview.” Catra replies as she starts to push random buttons on the machine next to Marlena’s head.
“Cat. Please don’t push that…” Marlena starts to say.

BEEP! BEEP!

“Now you’ve gone and done it…” Marlena groans out as she covers her ears.
“Oops…” Catra grimaces as she pushes a few more buttons in an attempt to get it to stop as a nurse comes by and flips a switch, “Oh… I could have done that…”
“Please stop fiddling around with the machines.” The nurse says annoyed, “We’ve already had enough issues with the other woman that tried to make improvements to the machines in here.”
Catra nods, “Uh, yeah. I’ll stop mucking around with them.”
“Good.” The nurse does a quick check over Marlena just in case before writing something on the charts, “Also, please let us know if the other one that’s a bit wacky decides to come back.”
“You got it, doc.” Catra salutes sloppily to the nurse.
“I’m a nurse.” The nurse corrects before winking at Catra, “But I don’t mind the upgrade.” And as she exits the room she turns back, “Please don’t set off anymore alarms unless it’s an actual emergency.”
“You got it, boss lady.” Catra grins with a thumbs up, “Hey! Ow!”

“Will you stop that?!” Marlena scolds the magicat by throwing her old magazine at her.
“What? What did I do?” Catra rubs her arm, the spine hitting her in just the right spot, “I was only talking to her.”
“You were flirting with her.” Marlena glares at the magicat, “Don’t think I don’t know what you were doing.”
“Okay, first of all, no. I was not flirting with her.” Catra growls out weakly, “And secondly, I love Adora. She’s all I need. All I want.”
“Uh huh.” Marlena huffs out, “If you love my daughter so much, where’s the ring?”
Catra rolls her eyes as she walks over to the bed, “I love your daughter. And…” the magicat reaches into her pocket and pulls out a ring box, “I’ve been carrying this around ever since I could afford this.”
“You bought a ring even when you weren’t with Adora?” Marlena takes the box from Catra’s hand.
“It reminded me of her when I saw it.” Catra replies as Adora’s mom opens the box and gasps, “What? I know, it’s stupid…”
“It’s not stupid, Catra.” Marlena shakes her head, “It’s actually perfect.”
“It is?”
“Yes.” Marlena smiles as she shuts the box and holds it back out to Catra, “It’s exactly her style. Beautiful and stylish without being too… *look at me!”*
Catra laughs as she takes the box back and pockets it once more, “I’ve never thought about giving it to anyone but her.”
“She’ll love it.” Marlena smiles, “But seriously, stop flirting with other people.”
“Uh… okay.” Catra rubs the back of her head, “Even though I’m not.”
“Sure, you aren’t.” Marlena says, “Okay enough of that talk.”
“Great.” Catra claps her hands together, glad to be done with that conversation.
“Entrapta sent me the link to this very interesting video.” Marlena pulls out her phone to show Catra, “Can you tell me if this is actually her number and that it’s some dodgy scam?”
“Yeah, sure.” Catra takes a look at the phone number and reads it out a few times before nodding, “That’s her alright. Her gibberish

text is also right there too."
"Oh, I thought she must have just mashed the keys or something." Marlena says looking at the text, "Can you decipher it?"
"The last text basically says to watch it in private." Catra translates, "Knowing Traps, I wouldn't put it past her to send you some kind of explicit video."
"Oh, stars…" Marlena covers her face, "You don't think it's like…" she whispers the next word, *"Pornography?"*
Catra laughs, "No idea. Give it here? I'll check the title of the video."
Marlena gives the phone to Catra, "Well?"
"It's porn." Catra gives the phone back to Marlena, "Not human porn though."
"No?"
"No." Catra coughs before saying the next bit, "It's… magicat porn."
"What?!" Marlena screeches out before she looks around like someone might come in before whispering, "Why would she send this to me?"
"No idea." Catra replies with a shrug, "Not sure why she thinks you're even into that."
"I'm not." Marlena quickly says as another text message appears on her phone from Entratpa as she narrows her eyes at her screen, "What does this say?"
Catra takes a quick look and sighs, "She says that you should watch it with me as it might be… educational."
"Uh…" Marlena looks between her phone and Catra, "No, I don't think I'm going to watch it with you. That's… yeah, no."
"Thank the stars…" Catra sighs out under her breath.
"But!" Marlena puts her finger up, "I'll forward it to you."
And just before she can…

Ding

New message from Traps!

Traps: Link to video…

Traps: You should watch this with Adora.

Traps: It's very informative!

"I got it, Mrs G." Catra shakes her head and shows Marlena the link to the same video, "But, by all means, go ahead and watch it in your own time if you feel like it…"
"No thanks." Marlena laughs, "I don't think I want to think about you and my daughter in those… positions."
"Stars…" Catra looks away, this conversation got a whole lot worse, "Can we… change the subject?"
"Absolutely." Marlena accepts quickly, "Have you decided where you two are going to be based?"
"Do you mean where we plan to live?" Marlena nods, "Not yet. I like the idea of having two places to call home."
"You do?"
"Yeah. I mean, why choose when we don't have to?" Catra grabs a chair and pulls it up to the bed after pocketing her phone, "I like my place in Dryll. It's small and homey and mine and hopefully soon, Adora will also call it home as well."
"And… here?"
"Well, Adora loves living here." Catra smiles, "She wants you to move into her place when you finally get out of here."
"And where will you two live if I'm living there?" Marlena asks curiously.
Catra shrugs, "I'm not sure."
"Still in the works, huh?"
"You know it." Catra replies with a grin, "I want to live wherever Adora wants to live. If she wants to live in the suburbs or in an apartment or under a bridge when we are here, I'd be all for that."
"Under a bridge?"
"Well, I hope it won't come to that." Catra chuckles under her breath, "She's very stubborn when it comes to spending money on anything that's… what she deems, unnecessary."
"I think that's from years of scrimping." Marlena points out, "And you?"
"At the start I didn't spend at all." Catra admits, "But then, having all this money was just… lonely, especially when all I was doing

was working. Don't get me wrong, Traps and Scorp are great, but…"
"It gets lonely." Marlena concludes.
"Yeah." Catra nods, "And… sometimes a warm body in my bed just… well, it just wasn't what I was looking for."
"You really are soft for my daughter, aren't you?" Marlena teases but there's a softness to her voice, "No wonder she loves you so much."
"I'm not soft." Catra grumbles.
"Yes, you are." Marlena grabs Catra's arm and gives it a gentle squeeze, "There's nothing wrong with being soft for the people you love."
Catra just stares at Marlena who then rolls her eyes.
"You can be a hard-ass or an ass to everyone else, okay?"
Marlena shakes her head with a laugh, "As long as you're good to my daughter."
"Of course. I would never hurt her." Catra replies honestly.

The door opens and Marlena and Catra both turn to see Adora walking in, a suspicious look on her face at the pair, "What are you two up to?"
"Contemplating watching magicat porn together or not." Catra replies with a smirk as Marlena gasps in horror.
"Catra!" Marlena slaps Catra's shoulder.
"Um, what?" Adora looks at Catra, "Did you just say…"
"Magicat porn?" Catra repeats like its normal conversation, "Yeah, I did. Why?"
"Catra!" Marlena repeats with another slap, "We are not watching that together. Or separately. In fact! I am not watching it at all!"
Catra laughs, "Why not? Traps said it'd be educational."
Adora's eyes widen, "Why is Entrapta sending the both of you… porn?"
"Magicat porn." Catra corrects with a grin.
"Whatever. Why?" Adora breathes out, "Why is she sending you guys… *that?"*
"No need to be embarrassed, dear." Marlena finally finds her feet in the conversation, "It's not like we all haven't had sex before."

“Oh, stars…” Adora groans out, “Please… I do not want to think about… no.”
“And I also don’t want to think about you and Catra doing it either, but… here we are.” Marlena says matter of factly, “Besides, Entrapta said it would be educational. But, I think I’m going to watch this alone… with the lights turned down and headphones on.”
“Oh, stars…” Adora repeats again covering her face as Catra laughs.
“Want me to bring you some music to set the mood too?” Catra chimes in.
“Please… don’t encourage her…” Adora wraps her arms around Catra and hides her face in the magicat’s neck, “I don’t want to go to therapy because of this…”
Marlena laughs as Catra presses a kiss on Adora’s check, “Don’t worry, dear. I’m just teasing.”
Catra pulls back a little, “How did your job interview go?”
“Job interview?” Marlena perks up at the change of subject, “What job interview?”
Adora smiles, “I think it went really well.” She says to Catra before addressing her mom, “I interviewed for an admin job at this hospital. Kind of a foot in the door kind of thing…”
“Oh, that’s marvelous!” Marlena cheers Adora on, “So… when do you find out if you’ve got the job?”
“They said they’ve got a few more applicants to interview…” Adora replies, “So… maybe the end of the week?”
“You’ve got this, princess.” Catra presses a kiss on Adora’s cheek, “It’s all about confidence.”
Adora pulls away with a faux look of shock on her face, “And you didn’t think to tell me that before?”
Catra tilts her head at the blonde before Adora starts to laugh, “Oh, you little…”
“You should have seen your face!” Adora grins at Catra who just smiles back.
“I agree with Catra. You’ve got this, Adora.” Marlena agrees and the door opens again, “Oh, I’ve got my treatment now. Get going you two.”
“Are you sure?” Adora asks.

“Yes, love.” Marlena replies, “You know how long this takes.”
Adora nods, “Okay. I love you, mom.”
The attendant starts to get Marlena ready to get wheeled out for her treatment as she smiles at the pair, “I love you guys too. Now, get out of here.”
“Okay, okay!” Catra laughs, “We’re going.”
“Oh, Catra?” Marlena says as she taps on the attendant’s hand to pause for a moment.
“Yes, Mrs G?” Catra replies.
“I expect cliff notes on that magicat porn when you come back.” Marlena smirks as she taps the attendant and gets rolled away while watching Catra look at her stunned.

Chapter End Notes

Thought I'd get this out before xmas day - which happens to be tomorrow...

For your viewing pleasures

Chapter Summary

They watch the video Entrapta sent...

Chapter Notes

New chapter! Woo! Enjoy.

See the end of the chapter for more notes

New message from Wildcat!

Wildcat: Traps, why the fuck did you send me *straight* magicat porn???

Wildcat: How the fuck is that educational?

Wildcat: I didn't need to watch two magicats fuck when one of them is a dude.

Wildcat: Pretty sure I've got how it all works when it's in that configuration.

Wildcat: Not to mention when I walked in on you and what's his name... angry name with the pale face...

Wildcat: Seriously? At least you could have sent some of that weird shit you watch.

Wildcat: That would have been a little more entertaining than me and Adora watching fucking straight porn.

Traps: But it is educational!

Traps: Did you watch it all the way from the start?

Traps: Where they did the introductions?

Wildcat: It's porn. NO STORYLINE REQUIRED!

Traps: Care to disagree!

Traps: Storyline is very important!

"That was uh… um…" Adora looks at Catra with a slight blush, "I'm not too what that was…"
"That was Traps pranking me into watching straight porn." Catra replies in a huff, "She could have at least sent something funny like that video with three chicks and…"
"Nope!" Adora quickly covers Catra's mouth with her hand, "I don't need to watch weird porn and I certainly don't need to watch it with you."
"It's all fake anyways." Catra shrugs, "Like, why does every chick need to have size DD boobs? I prefer your boobs than a pair that would literally crush my head or I'd probably suffocate if I ever fell in between them."
Adora just stares at Catra, "I… I don't know what to say to that…"
"You've watched porn before this… right?" Catra asks the blonde seriously, "Like, I didn't make your first porn viewing… magicat straight porn, did I?"
Adora's face just flushes red as she shakes her head, not looking at Catra and just as she's about to say something else her phone pings.
"Hang on." Catra grabs her phone out of her pocket.

New message from Traps!

Traps: Watch it again.

Traps: FROM THE START

Traps: AND LISTEN TO THE DIALOG!

Wildcat: I'm not watching that again.

Wildcat: Not until you explain why.

Traps: Trust me

Traps: Data never lies!

Wildcat: THAT DOESN'T MAKE ANY SENSE!

Traps: JUST WATCH IT AGAIN!

Wildcat: You don't need to shout.

Traps: Sorry. Caps was on.

Traps: The video will explain it all if you watch it again.

Traps: Watch it again and then let me know when you have so we can talk about it.

Wildcat: You're weird

Wildcat: But… fine.

Wildcat: Also I'm not going to call you after we watch it again.

Wildcat: Give me a little bit and then I'll call.

Traps: Understood! I think you and Adora will want to mate after that.

Traps: Hence why you should call me first before you do the deed.

Wildcat: …

Wildcat: This is stupid. Also, who the fuck says do the deed nowadays?!

Traps: Just call me when you've watched it again.

Traps: Please.

Traps: puppyeyes.jpg

Wildcat: Really?! And I thought I was low.

Traps: Please.

Traps: puppyeyes.jpg

Traps: sadkitteneyes.jpg

Traps: dinosaurlittlearms.jpg

Wildcat: I hate that that last one made me laugh.

Wildcat: …

Wildcat: Fine. I'll call you before me and Adora end up fucking.

Traps: Talk later!

"Traps said to watch it again." Catra sighs, "This time we actually have to listen to the story or introductions at the start…"
"Can we…" Adora shifts a little in her spot and Catra's eyes widen.
"This shit really turns you on, doesn't it?" Catra sniffs the air while Adora pulls the blanket over her legs and looks away, "Nothing to be embarrassed about, princess. I'd be more concerned if some of this wasn't turning you on in some way."
"What about you?" Adora blurts out, giving up on the blanket, 'Doesn't this make you… riled up?"
"Riled up?" Catra laughs out, "No. Straight porn not so much."
"No?"
"No." Catra says with a neutral face before she laughs again, "Of course I'm fucking horny right now, we literally just watch 2 people fuck each other!."
Adora huffs out at the tease, "Can we watch this in bed instead?"

Catra raises an eyebrow at the blonde, “In bed?”
The blonde nods, “I mean, if you want to…”
The magicat looks away in thought before she grins back at Adora, “Can we watch it… naked?”
Adora shoves Catra with a laugh, “No.”
“Why not?” Catra groans out as she watches Adora get up and off the couch, reaching up to grab onto the blonde’s hand as she gets up as well, “We’re watching porn. It’s pretty much the next logical step, right?”
“Come on.” Adora tugs Adora into the bedroom, “Can you mirror the video from your phone to my tv?”
“Depends.” Catra shrugs, “What kind of tv have you got?”
“The normal kind?” Adora replies.
“Maybe.” Catra says as she lets Adora’s hand go and takes a look at the tv, “I don’t think I’ve ever noticed this in here before.”
“It’s always been there.” Adora points out, “I’m not sure how you never noticed it?”
Catra turns around and smirks, “Must be because there’s something much better to watch than tv in here.”
Adora rolls her eyes, “Worst line ever.”
The magicat cackles, slapping her thigh as well, “Hold on… I’ll just…” Catra points to the tv and then turns around and goes to her suitcase and digs through it until she finds what she’s looking for and plugs it into the USB port in the back, “Aha! That should do it.”
“What should do what?” Adora asks as she grabs her sleep clothes and tosses them onto the bed.
Catra smirks, “What should do it, you ask?”
Adora looks up after dropping her pants and then grabs her sleep shorts and nods.
“Well, hopefully I’ll be doing you.” Catra says smoothly.
“Stars…” Adora giggles at how bad Catra’s jokes are, “Are you done?”
“Not quite yet.” Catra looks around, “Where the remote?”
“Probably on the floor somewhere.” Adora replies looking on the other side of the bed, “Your side most likely.”
“My side?” Catra grins, “I didn’t realise I had a side on your bed.”
“Our bed.” Adora corrects, pulling her shirt off and unclasping her

bra, smirking at the magicat as she slides it off, “See something you like?”
Catra’s trills involuntarily and then grins when Adora tosses the bra at her, she brings it up to her nose and breathe it in, “Mmm… I don’t see anything I like…” Adora quirks an eyebrow up at her in question as she reaches forward to grab her top, leaning over slowly seductively as she does so, “I see someone I love.”
“Sap!” Adora grins out at the magicat, foregoing putting her shirt on as she crosses over to Catra and wraps her arms around her neck and then presses her lips on Catra’s for a soft kiss, “Mm… I love you too.”
Catra grins into the kiss, “Can we watch the video again half naked then?”
And before Adora can reply, Catra rips her shirt off, “Hey! I wanted to do that?”
“You wanted to rip my shirt off?” Catra teases as she grabs Adora by the hips and kisses her again, harder this time, “Mmm… if you want… you can rip my pants off?”
Adora moans into the kiss, she shivers when she feels Catra’s hands move over her breasts, the blonde pushes Catra back with a giggle, “Nice try! Half naked. Final offer.”
Catra throws her head back and groans, “Ugh, fine.” The magicat drops down to all fours and looks around Adora’s bedroom floor, “Where is the remote again?”
Adora thinks and then snaps her fingers, “I got it.” She walks over and pulls it out her dresser drawer and then holds it out to Catra, “Here.”
“Thanks.” Catra says and then looks Adora up and down and licks her lips, “Get in bed, princess.”
Adora sticks her tongue out at her magicat, “Turn off the lights once you’ve got it going.”
“Oh, princess… I’ve always got it going…” Catra smirks and then mimics Adora, sticking her tongue out in response, “Now… let’s see if I remember how to use this with this tv…”

15mins later…

“Well… ahem…” Catra clears her throat as she shuffles a little uncomfortably under the blanket next to Adora, “That was… uh… informative…”
“…yeah.” Adora swallows hard as the room goes to black once the video finishes and there’s nothing but the blank lit screen, her hands are fisted into the blanket as she squeezes her thighs together, “Do you think…?”
“No idea…” Catra blindly reaches for the remote and turns off the tv.
“Is that…?”
“No idea.” Catra repeats.
“What about…?” Adora turns her head to look at Catra, “Surely that’s like… an anomaly or something… right?”
“No idea.” Catra says once again before remembering something, “I’ve got to call Traps… speaking of…” the magicat shows the screen to Adora and then sighs, “I think I’ll talk to her outside. She probably wants to talk about… the video…”
Catra gets out of bed, flicks on the light and just before she answers her phone, Adora’s phone rings, the blonde quickly grabs it off the nightstand looking to her magicat, “Why is my mom calling me?”
“Better answer it.” Catra says, “It might be serious. I’ll be out there. Come grab me if it is, okay?”
Adora nods as they both answer they respective calls.

Catra’s phone call with Entrapta

“Traps, you said for me to call you.” Catra sighs into the phone, “So… why are you calling me?”
“I tracked that you’ve watched the video in it’s entirety.” Entrapta replies, “So? What do you think?”
“What do I think?” Catra replies flatly as she paces around Adora’s kitchen.
“Yes. That is what I asked.” Entrapta says somewhat confused, “I thought my question made sense…”
“It did.” Catra reassures, “I’m still… processing, I guess.”
“Oh.” There’s a beat of silence and then Entrapta asks, “Why? I

thought it was quite informative, didn't you?"
"Seems kind of… out there though." Catra replies as she stops and leans against the countertop, "It's not possible in mammals though. Fish, frog and snails maybe… but not mammals."
"Except for your species, it seems." Entrpata hums back in thought, "It is very fascinating!"
"Uh huh." Catra rubs the back of her head, messing up the back of her hair, "That video could be fake. Like most porn videos are."
"You think so?"
"I know so." Catra replies, "Wait, this is why you wanted me to call you after Adora and I watched that video again?"
"Yes!"
"Do you have any idea the amount of restraint I had to have to stop myself from pouncing on her and fucking her through the mattress?" Catra growls out, "It was fucking torture!"
"I'm sure it was." Entrapta says brushing off Catra's horniness, "I'm actually very surprised that you didn't act on those urges during the video."
"It's not the same the second time round." Catra shrugs despite her friend not being able to see it, "It's like… watching a scary movie the second time around and the jump scares don't have the same effect."
"There's no jump scares in that video." Entrapta says bemused, "Were you watching the right movie? I know I send you quite a few videos…"
Catra chuckles, "Yes. If the movie was about 2 female magicat's at the start and then one of them grows a fucking dick and then they go full… hardcore… then, yes. I'm sure we were watching the right movie."
"Did it make you feel something once you heard the start of it?" Entrapta muses, "Like… did you feel any… tingly sensations?"
"No. I felt…" Catra growls out, "I felt like I need to fuck my future mate."
"But… no… tingly sensations… down there?" Entrapta slowly says.
"No. None at all." Catra replies with a sigh, "Maybe it only works if both people are magicats?"
"Oh, that is a good possibility!" Entrapta beams at the new revelation, "I never thought about it that way."

“Also, what year is that video from?” Catra asks as she pushes herself off the countertop, “It looks like you got a copy from like 50 years ago and then took your phone out and recorded the recording.”
“That’s exactly what I did!” Entrapta says proudly, “The original footage is completely gone now, after I played that video, and *luckily* Emily recorded it for me since I was sort of… enamoured in the content.”
Catra pauses and raises an eyebrow, “Traps.”
“What?”
“Traps.” Catra repeats a little more smugly this time.
“What…?” Entrapta says a little more awkward.
“Did you get off to magicat porn?” Catra doesn’t get the quick response her friend is known for as the magicat starts to laugh, “Stars… you totally did, didn’t you?”
“Err…”
“Just admit Traps. You got off to magicat porn.” Catra jibes before adding, “Nothing wrong with it in my opinion.”
“Really?” Entrapta finally says, “It was quite fascinating…”
“It was…” Catra sighs, “I think I might have watched too much porn… all those years ago…”
“Oh, yes! The DVDs!” Entrapta laughs, “I have to admit, I did borrow some of them…”
“I know.” Catra grins, “Don’t think I couldn’t smell you when you finally returned them to my stash.”
“Oh… I completely forgot that you had that ability.” Entrapta mutters to herself, “On the positive side, I did wash my hands before I returned them.”
“I’m sure you did. Thank you for that.” Catra returns amused, “Anyways… I think we might have got off track.”
“Oh, right.” Entrapta comes back to the topic, “Uh… I need to do some more research. See if this gender swapping thing applies to magicats with other magicat mates or magicats and non-magicat mates.”
“Right. Well, let me know if you find out anything about… well, whatever this is.” Catra says.
“And let me know if you grow a penis in the meantime!” Entrapta shouts back into the phone before hanging up.

When Catra gets nothing but a ringtone, she chuckles under her breath and says, “You’re fucking out of your mind, Traps.”

Adora’s phone call to Marlena

“Mom! Are you okay? What happened?” Adora answers the call not realising it’s actually a video call, “Mom?”
“Adora!” Marlena gasps into the phone, “I know you’ve really grown into your body… and what you’ve got is really very nice… but… perhaps you could cover up a little… for me?”
Adora looks at her phone and then throws her phone onto the bed with a little scream as she quickly searches for a shirt, she grabs Catra ripped up shirt and throws it on, there’s still 2 buttons that didn’t break as she does them up and then grabs her phone back.
“Sorry, mom. I didn’t mean to flash you.” Adora blushes as he sits on the bed, holding the phone up to talk to her mom before she gets all serious again, “What’s wrong? Why are you calling me?”
“I’m fine, Adora.” Marlena reassures her daughter, “There’s nothing wrong.”
Adora breathes out a sigh of relief, “Thank the stars…”
“You worry too much, baby.” Marlena smiles softly at Adora through the phone, “If you want, come see me tomorrow.”
“You know I will.” Adora rolls her eyes, “Glimmer and Bow are coming too.”
“That’d be lovely.” Marlena says with a nod.
“Okay…” Adora slowly says, “Then… why the phone call?”
“Video call.” Marlena corrects with a grin, “Young people nowadays.”
“Mom!” Adora admonishes, “Just… tell me what’s wrong?”
“I already told you, dear.” Marlena smiles, “There’s nothing wrong.”
“Then?!”
“Oh, right. The reason I called…” Marlena says like she just recalled.
“Well?” Adora gets a little more comfortable on her bed, “You don’t call for no reason…”
“I watched the video, Adora.” Marlena leans into the phone in a

whisper, putting a finger to her lips playfully, "With headphones on."
Adora's looks at her mom, somewhat confused, "What are you talking about, mom?"
"You know, dear…" Marlena tries to prompt her daughter to get on her level, but when Adora doesn't, Marlena just sighs and mutters out, "…oblivious…"
"Mom!" Adora groans out this time, "What video?"
"The one that Entrapta sent me and Catra." Marlena replies like Adora should have known that, "Stars… that was… very educational…"
Adora's eyes widen at her mom's admission, "You watched it? You watched the…" she whispers the next part, *"magicat porn?"*
Marlena nods.
"Mom!" Adora drops her phone accidentally, quickly picking it back up as she glares into it, "You said you weren't going to watch it!"
"I wasn't." Marlena smiles back, clearly amused at her daughters growing fluster, "But then I got…"
"Got what, mom?" Adora throws her head back with a groan, "What did you get? And for the love of the stars, please don't say you got amorous…"
"Bored." Marlena finishes her sentence before she looks at Adora through the phone.
"So, what? You thought the best way to beat your boredom was to watch…" Adora whispers the last part into the phone again, *"… magicat porn?!"*
Marlena shrugs back in response.
"Mom!" Why would you do that?" Adora shrieks before clapping a hand over her mouth and looking at the door to see if Catra would come in.
"I got curious." Marlena says, "It was… fascinating."
Adora's not really sure how to respond to that, her mouth gaping is the only thing she can muster up at the thought of her mother watching that video too.
"Do you think…" Marlena starts to say.
"Nope!" Adora quickly yelps, "We are *not* going to discuss that…"
"Did you and Catra watch it too? Is that why you were… topless?" Marlena smirks back, "Where is that cat of yours…?"

“She’s on a phone call.” Adora replies.
“My money is on that she’s talking Entrapta.” Marlena guesses correctly, “I wonder what they are talking about? Perhaps a way to grow one?”
“Stars! Mom!” Adora does shout this time, “No. No more talk about…”
“Catra growing a penis?” Marlena quirks an eyebrow before laughing, “Oh, Adora.”
Adora hides her face behind one hand as she feels her whole face light up red, “She’s not going to… do that.”
“How do you know, dear?” Marlena asks honestly, “The narrative at the beginning was quite intriguing. Don’t you think?”
“Why?”
“Come on, Adora.” Marlena rolls her eyes, “2 magicat’s, probably mates… and then they have a connection so strong and want to create life together, and then one of them is blessed with the equipment to do it.”
Adora uncovers her face, “You make it sound like some big and grand love story…”
“Because it is.” Marlena replies, “When you look at it as a whole… it really is a love story. Don’t you think?”
Adora has to think about that, sure the two magicats at the start looked like they were in love and probably mates. No, they had to be mates. How else would it explain the sudden shift and change that happens to one of them and then to… consummate it in such a raw way.
She’s broken out of her thoughts when she hears her mom’s voice on the phone.
“Adora? Adora?” Marlena calls out.
“Huh, what did you say?” Adora looks back at the phone’s screen.
“I asked you if you thought that video Entratpa sent was in fact, a love story.” Marlena repeats, an amused glint in her eye, “Or did you and Catra skip all the narrative and when straight to the love scenes?”
Adora’s blushes again, clearing her throat at the question, “We uh, we watched it twice, actually…” the blonde runs her hand over her face, “Stars… why are we even talking about this?”
Her mother smiles into the camera, not the teasing one from

before but one that's more… honest, "I just wanted to know if grandmagikittens really would be a possibility. I didn't want to get my hopes up."
"Oh, mom…' Adora sighs, "I…" Another sigh, "I don't know, honestly."
"Hey! That's okay." Marlena quickly reassures her daughter, "It was just a silly thought. Besides, I'm not going to pressure you into anything you don't want to do."
"Catra and I have barely been together that long…" Adora tries to reason.
"Your father and I weren't together very long either." Marlena interrupts.
"That's not true. You said you knew him since forever." Adora reminds her mom.
"You have it mixed up, love." Marlena chuckles, "I said I've loved your father since forever. I think we knew it was the real thing after our first kiss."
Adora smiles, thinking back to her and Catra's first kiss, touching her lips at the thought, "I know what you mean…"
"Then, you know." Marlena grins back.
"Yeah, I guess I do know." Adora agrees happily.
Marlena yawns, "I think I might get some sleep, dear."
"It is getting late, mom." Adora points out, "I'll see you tomorrow, okay?"
"Look forward to it, Adora." Marlena waves to Adora through the phone, "Have a good night. Try not to stay up too late."
"I won't." Adora yawns back, waving back.
"That is unless you and Catra are creating some magical grandmagikittens!" Marlena adds before quickly hanging up with a laugh.
Adora only manages to glare back at her phone, the screen's gone blank as she rolls her eyes belatedly at her mom's last comment, "Stars…"

"Catra? Are you out here?" Adora says as she ventures outside.
"On the couch." Catra replies, turning her head when she sees Adora come closer, "Mrs G, okay?"

“Mom’s fine.” Adora replies as she takes a seat down on the couch next to Catra, resting her head on the magicat’s shoulder, “I’m tired. Can we go to bed now?”
“Sure, princess.” Catra leans in and presses a kiss onto Adora’s forehead, “Come on.”

“Why did Entrapta call?” Adora asks as she removes Catra’s torn up shirt.
“Why did you mom call?”
“I asked you first.” Adora drops the shirt to floor before pulling back the blanket on the bed and getting in, “Coming?”
“Yeah.” Catra gets into the other side after turning off the lights, turning onto her side to face Adora, “So, why did you mom call?”
Adora’s hands move to Catra’s shoulder, pushing her onto her back as she climbs on top and then whispers into the magicat’s ear, “She wanted to tell me she watched the video Entratpa sent her…”
“Is that so…?” Catra grins up trying to catch Adora’s lips, but the blonde pulls back teasingly, “And?”
“And… she asked if that was a possibility of happening…” Adora kisses Catra’s temple before moving to her cheeks, “She was wondering if you’d… grow…”
“Grow?” Catra repeats as she wraps her arms around Adora’s waist, pulling her closer, “Grow what… exactly?”
“You know what.” Adora glares down at the magicat making Catra laugh, “I can’t believe she actually watched it.”
“Seems on par with what I know about your mom.” Catra replies with another laugh.
“Ugh, you’re terrible!” Adora groans into Catra’s neck, “What were you talking to Entrapta about?”
“Same things.” Catra replies with a smirk, “Now… should we recreate some of those moves on that really old video?”
“Catra!” Adora laughs before leaning down looking a little more seriously, “You don’t have a dick.”
“Oh, I don’t need a dick to fuck you, princess.” Catra smirks again, she pulls Adora down and kisses her more intensely this time as her hands move to the elastic waistband of her sleep shorts, “So… what do you say?”

“Mm…” Adora moans out as she pulls Catra’s hands clear of her sleep shorts, “Naughty!”
“Naughty?” Catra grins, “That I am.”
Adora yelps when Catra flips them back over and loops her fingers under the waistband of Adora’s sleep shorts and under, yanking the both of them down in one go, throwing said items over her shoulder as she goes back up, draping her furry body over the blonde’s.
“Someone’s a little frisky…” Adora teases as she moves so Catra’s thigh is between her legs and then she playfully grinds on it, “Mm…”
“Someone’s really wet.” Catra tease right back as she captures Adora’s lips in a heated kiss, making the blonde moan out as she grinds her thigh back against Adora harder, “What part really made you horny?”
Adora’s eyes shut as she holds the magicat in place above her so she can grind against Catra’s thigh harder, “Mm… sitting next to you…”
“That’s it?” Catra smiles, “I make you horny?”
Adora nods, her eyes still shut as she moans again, breathing out the word, “…yes.”
Catra leans in and kisses Adora again, the blonde’s breath hitching as she tries to keep up. Catra pulls back and grins, “Want my tongue instead of my thigh, princess?”
“If… if you don’t mind.” Adora’s eyes open as her mouth stays open, still enjoying the feeling of Catra’s thigh against her, “I think I’m close already…”
Leaning down once more, Catra presses one more kiss onto Adora’s lips and then moves herself down to between Adora’s legs, breathing in her future mate’s scent, her head pops back up, “Ready?”
Adora nods, “Fuck yes…”
Catra wraps her arms around Adora’s thighs and leans in, her tongue sliding all the way up Adora’s slit as she savours the blonde’s juices, “Fuck… you taste so fucking good, princess.”
“Mm…” Adora moans out loudly, “Fuck…”
“Getting to that…” Catra murmurs under her breath before diving straight back in, her tongue giving a few more long licks before

she attaches her lips around Adora's sensitive nub, making Adora's back arch up, a grin on her face as she keeps up the licking and sucking.
"Fuck…" Adora repeats in another loud moan, "Fuck me… mate me…"
Catra's head pops up, "What?!"
Adora's brain is still in space as she pushes Catra back down, "Don't stop… I'm so close! Keep going…"
Catra lets that linger for a moment, until she feels Adora practically shoving her face back in and she can't help but abide, flicking her tongue faster and harder over Adora's hardening clit, her arms holding the blonde in place as Adora starts to writhe around more as she gets closer.
"…fuck…" Adora moans out, her back arches a little more and then she comes, "Fuck! Fuck! Oh… mmm…"
Catra lets Adora thrash around under her, not letting go despite the blonde trying to curl into herself while simultaneously trying to crush Catra's head between her thighs, the magicat unable to hold back a loud trill making Adora writhe around more with the extra vibrations coming from her body.
"Mm…" Adora finally bucks herself off Catra's face in the brief moment when the magicat loosens her grasps a little, "Fuck… mmm…"
Catra comes up and grins, face still wet with Adora's slick, "Hi."
Still breathing heavily, Adora grins as she looks over at Catra, "Hi. Fuck… I've never come that fast…"
"I am pretty fucking good." Catra preens before she wipes her face with the blanket and then reaches out cup Adora's face, "You said something before…"
"Hm?"
"Do you remember?" Catra asks softly, her thumb rubbing across Adora's cheek.
"Why?"
"I just want to know if you really want me to." Catra says.
Adora turns over, breath hitching a little as she does so, before pulling Catra in closer, "Mm… I want to be your mate, Catra."
Catra purrs out happily, "Great."
"Mmm…" Adora hums just as happily, pressing her lips on Catra's

forehead, the magicat looking up at her, “What?”
“I’ve got to talk to Traps about how that works…” Catra admits sheepishly, “Maybe she’s got… another video…”
“Stars…” Adora giggles, “Hopefully it’s not another porno.”
Catra smirks, “Actually, hopefully it **is** another porno.”

Does Entrapta send through another video?

Chapter Notes

Wow... it's been a while between drinks...
Sorry for the wait... I've got a few fics my brain is still braining on...
Anyways... enjoy!

I'm trying out a different format, let me know what you think?

Catra's ear twitches forward the closer her and Adora get to Marlena's hospital room, the magicat looks to the blonde, "Is someone in there with your mom already?"

Adora rolls her eyes at the magicat, "Bow and Glimmer are there, remember?"

"Nope." Catra shrugs and then grins, "I tend to zone out whenever you mention your glittery friends."

"Hey!' Adora slaps Catra on the arm, shaking her head with a giggle, "You might as well get used to them. They are my best friends after all and we're practically joined at the hip."

"Nope." Catra repeats, "You and I can literally be joined at the hip… well, crotch or whatever…"

Adora blushes, looking around to see if anyone overheard before glaring at her magicat, "Is that all you think about?"

“What?”

“Sex? Is that all you think about?” Adora tries again.

“When I’m with you or thinking about you…” Catra pauses for a moment, before looking at Adora with a smirk, “Definitely sex is high on my priority list of things to think about when I’m with you.” Catra looks over at Adora, “Don’t you think of me that way too?”

“Well, yeah, of course I do.” Adora admits shyly, “But… not like all the time though!”

“Liar.” Catra grins out as she nudges Adora, getting closer to Marlena’s door and hearing laughter from inside, “Hm, I bet they’re talking about us.”

“Not everything revolves around you, you know?” Adora raises an eyebrow at the magicat before she yelps when Catra pulls her into her and then pushes her against the wall next to the door to Marlena’s room.

“You revolve around me, princess.” Catra leans in, so close that their lips almost touch. The magicat smirks when Adora takes that as a kiss is coming, but instead, Catra pulls back and smirks, “You were saying?”

Adora huffs, shoving Catra back playfully before yelping again when Catra pulls her back in again and kisses her. When they pull apart, Adora breathes out, “You’re such an ass.”

“The best ass you know.” Catra replies proudly and then her ears twitch again hearing more laughter, “Come on, lets get in there and see what they’re saying about us.”

Adora sighs but let’s herself get dragged in behind the magicat.

“Adora! Catra!” Bow stands up, his face red from laughing and then from what looks like… embarrassment, “Uh, hey guys!”

Adora looks at him suspiciously, and then sees Marlena and Glimmer still watching something on her mom’s phone, “What are you guys watching?”

“Nothing!” Bow replies quickly before turning to Marlena and Glimmer and making the ‘cutting’ motion, and then mouthing, “Turn it off! Turn it off!”

Marlena laughs at Bow’s antics, “Oh, Bow. You are so innocent.”

“He looks it, doesn’t he?” Glimmer grins, “Doesn’t mean he’s all *that* innocent…”

“Gross.” Catra scrunches up her nose, “What you two do in your bedroom should definitely stay in there.”

“Who said it’s only in the bedroom…?” Glimmer taunts and Catra pretends to vomit, “Oh, come on, Catra! Like you haven’t done weird shit in bed.”

“Nope. Not talking about any of that. And definitely not with you or with Mrs G in the room.” Catra shuts down that conversation as she makes her way over to the bed and stands next to Marlena, “Hey, Mrs G.”

“Catra.” Marlena gives the magicat a death stare, “What did I tell you about calling me that?”

“Hm… I don’t remember.” Catra grins before swiping Marlena’s phone out of her hand.

“Hey!” Marlena reaches out for it only for Catra to take a few steps back and out of reach for her, “Give that back!”

“No way.” Catra grins as she unlocks it and looks up at Adora’s mom, “Really?”

"What?"

"You and Adora are unbelievable." Catra shakes her head, "Why have you got my birthday as your passcode too?"

"Adora set up my phone." Marlena huffs, crossing her arms over chest before preening a little, "Also, thank you. I am quite unbelievable."

Catra searches for the last app that was open on Marlena's phone and then looks up at Adora and grins, "Hey, princess."

"What's up?" Adora comes over to look at the screen in Catra's hand, her eyes widen as she whips her eyes over to her Marlena, "Mom! Why are you watching that again?!"

"It's educational. And Bow and Glimmer were curious." Marlena shrugs with a shit eating grin, "Besides, you don't send me any videos."

"I'm not sending you… *porn!"* Adora whispers the last word, "That's… no. That's just wrong."

"Are you into magicat's or something, Mrs G?" Catra teases Adora's mom who smirks right back.

"Well, do you know any hunky magicats?" Marlena asks in lieu, "If you do, send them my way. By the look of the equipment on this magicat in the video…" A lewd grin comes across Marlena's face much to Adora's shock.

"Oh, I know!" Glimmer readily agrees and then grins at Adora, "You're so lucky, Adora. Not just because that magicat's tongue looks so… mmm…" Glimmer shivers recalling it.

"I know, right?!" Bow joins in, "Maybe you could introduce me to a few magicats too? I'm not too fussed with either sex."

"Wait… what?" Catra asks as Adora takes her mom's phone and hands it back to her, "Aren't you two… together?"

“I wouldn’t be opposed to a third.” Glimmer shrugs.

“Me neither.” Bow nods, smiling at Glimmer.

“Sign me up too!” Marlena adds.

“Stars… please stop.” Adora covers her face with her hand.

Catra pulls Adora into her and presses a kiss on the back of the hand that’s covering her face, “Don’t worry, princess.” Adora splits her fingers so she can look through it at Catra, “It wouldn’t be same if you aren’t in love with one of us.”

“How do you know that?” Adora asks.

“Yeah, Catra?” Glimmer echoes.

Catra leans in and presses a kiss on Adora’s lips before replying to the room, while still keeping her eyes on the blonde, “Because I can feel it in my whole being.”

“What does that mean?” Glimmer huffs out.

Catra turns her head to Glimmer, “It means, yeah, it’ll probably feel good, but you won’t get to that…” the magicat waves her hand above her head, “That high. You know the one, Adora.”

Adora bites her bottom lip and closes her eyes when she remembers exactly what Catra is talking about, breathing out shakily, and then squeals out a little when Catra pulls her into a hug, holding her by the waist.

“You two are so cute!” Bow coos as he watches Catra and Adora press up against each other, the magicat holding Adora so lovingly, “When’s the wedding?”

“Wedding?” Adora asks and then blushes, “Uh… we haven’t really talked about it. Have we?”

Catra shakes her head, one hand coming off Adora's waist and patting her jacket pocket before returning, Marlena watching on with a small smile, "I told you, I'm not proposing in a hospital."

"Oh, so you are going to propose?" Glimmer smugly says and then adds, "Do it already. I want to see magikittens already!"

"Ugh! What is with all of you and magikittens?!" Catra grumbles out into Adora's shoulder, making the blonde giggle, "This is your fault, you know that, right?"

"What? How?" Adora gives a faux look of shock.

"Your friends and Mrs G are just… ugh." Catra groans out with a shake of her head and a grin, "Maybe I should take you away from them and back to my place in Dryll so I can have you all to myself."

"Oh, have you decided what you want to do, moving forward?" Marlena asks.

Adora shakes her head, "Well, it depends on whether I get this job or not."

"There's no rush." Catra shrugs and then her phone rings, "And… on that note…"

As Catra walks back out of the room to answer the phone call, Marlena reaches out for Adora's hand, "So… how was the exploration with Catra?"

"Oh, stars…" Adora turns a crimson hue as everyone else in the room laughs.

"Traps?" Catra answers her phone.

"Text!" Entrapta shouts back into the phone, making Catra grimace slightly before hanging up on the call.

“Why the fuck would you call me if you wanted to just text?” Catra grumbles as she switches over to text.

New message from Traps!

Traps: I found some more information!

Traps: It is very interesting!

Traps: And very visual too!

Wildcat: More porn?

Traps: Is it still porn if I consider it educational?

Wildcat: Yes. Very much so.

Wildcat: Lots of people have learnt things off porn.

Wildcat: Good and bad things.

Traps: What did you learn?

Wildcat: Nope. Not getting into that!

Wildcat: Unless…

Traps: Unless?

Wildcat: Information for information.

Wildcat: You tell me what you learnt.

Traps: Oh! Yes! I can do that!

Wildcat: Actually, on second thought

Wildcat: No. No dice. Not going to happen. Secret dies with me. And maybe Adora.

Traps: pouty face!

Wildcat: Your supposed to send that emoji…

Traps: Too pouty to send.

Wildcat: Uh huh… but not too pouty to send me what you found though… right?

Traps: Oh, definitely not!

Traps: magicatmatingrituals.vid

Traps: Enjoy!

Traps: Tell me your thoughts after!

Wildcat: Will do, Traps.

"Oh, where have you been?" Marlena eyes the magicat as she walks back in the room, "And… who have you been talking to?"

Catra raises a questioning eyebrow at Adora's mom, before a grin takes over her lips, "You know as well as I do, who I've been talking to. And I also know, even without needing to get confirmation from the so called… *horse's mouth."*

Marlena tilts her head at Catra, feigning ignorance, "I don't know what or who you are referring to when you say 'horse'."

"Uh huh." Catra replies unconvinced, "Hand it over."

"Hand what over?"

"Your phone." Catra holds her hand out.

Marlena contemplates her position for a moment before narrowing her eyes at the magicat and then rolling them before conceding,

“Okay, fine. You win.” She doesn’t bother handing over her phone, “How did you know?”

“If Traps is sending me magicat porn, there’s no doubt that she’s also sent them to you too.” Catra says flatly, much to Adora’s shock, the magicat turning to the blonde, “Well… since that’s out there…”

“Hang on! She did what?!” Glimmer shrieks.

“Oh, come on, Glim.” Bow chuckles, “We already knew before Catra even came back in.”

“I didn’t know!” Adora raises her hand with a ‘what the fuck’ look on her face at the other people in the room, “Why am I always the last to know?”

“Well, it’s a bit… weird to be watching pornography with your daughter.” Marlena says with a shrug.

“But it’s fine to watch with my best friends?!” Adora deadpans back.

“Okay, fine!” Marlena huffs out with a dramatic sigh, turning her head to address Adora fully and seriously, “Adora, do you want to watch this magicat pornographic video with me?”

Adora’s jaw drops at the very question, not expecting it at all deciding practically goading her mom into asking it, “Uh… no! Why would you even ask me that?!”

Glimmer and Bow both snicker as Catra pulls Adora into her arms, the magicat scenting her on her cheek to calm her, she turns to the room, “No, thank you, Mrs G.” she replies on behalf of Adora, “I think Adora and I will view this in the privacy of Adora’s place. Or my place.”

Adora whips her head to Catra’s, “Your place?”

Catra pulls back slightly, a fanged grin on her lips, “Yes, my place.”

"But…"

"Do you not want to see my place in Dryll, princess?" Catra asks and there's a hint of nervousness in her voice when she does, it's even more evident as her eyes search Adora's and her ears pinning down against her head as she waits for an answer.

Adora smiles back, "Of course I do."

"Yeah?" Catra's ears perk back up again in excitement.

"Yes." Adora smiles, leaning in and kissing her magicat, "I would love to see your home."

"I would love to bring you home." Catra replies with another kiss.

"And I would love if you two left all that *at home."* Glimmer adds with a gagging noise, "We get it, you're in love." She turns to Marlena, "Send me that link too, Marlena?"

Marlena laughs, "Stars, no."

Glimmer pouts, "Why not?"

"Sparkles, if you want to watch magicat porn, just look it up yourself." Catra says, "It really shouldn't be that hard to find."

"Actually… it is." Bow pipes up, much to everyone's surprise before yelping, "Eep! I mean, uh… I wouldn't know where to start…"

"Arrows…" Catra drawls, "My my…. You certainly are a dark horse…"

Bow blushes deeply as he stutters out a few more incoherent words as Catra and Marlena look at one another before they both break out in a laugh, Marlena having to wipe a tear from her cheek, "Bow, please stop. You keep digging and you're going to fall through to the other side of this world."

"No, go on, Arrows!" Catra goads.

Glimmer stands up, patting him on the shoulder in a reassuring way, “Don’t worry, Bow. There’s nothing to be embarrassed about.”

“She’s right.” Catra adds, as does Marlena, the magicat shrugging, “A little bit of curiosity isn’t too bad. Just don’t get into any type of voyeurism and we’ll be fine.”

Bow shakes his head in agreeance, “I would never do that. I promise!”

“Good.” Catra nods back at him, “Okay. So, Mrs G…”

“Marlena.” The other woman corrects much to her chagrin, “I will ban you from seeing my daughter if you keep that up.”

Catra puts her hands up, “My bad, Marlena.”

“Good.” Marlena replies happily, “Now, what were you going to say.”

“I was going to ask when your last treatment was going to be.” Catra says as she squeezes Adora in her arms, “We should talk about what to do when you are finally discharged.”

“Oh, right.” Marlena looks at Adora, “Honestly, I haven’t really thought too much about it.”

“What would you like to do?” Catra asks instead, “Where would you like to live?”

Marlena thinks about it, “I’m not sure. I don’t currently have anywhere to go once I get discharged.”

“Fair enough.” Catra says.

“You are always more than welcome to stay with us.” Glimmer offers sincerely, “We would love to have you stay with us.”

“Oh, thank you dear.” Marlena smiles as she turns to Glimmer, “You’re very kind.”

“It’s nothing, Mrs… Marlena.” Bow quickly corrects himself with an awkward grin, “The more the merrier!”

“Thank you again. Both of you.” Marlena says, “But I think I might find an alternative place to stay. Especially since the two of you will be getting married soon and then no doubt start looking at getting a family started.”

Catra snickers and Marlena glares at her.

“In any case, I think I might look at getting a small place on my own. Maybe a granny flat or something.” Marlena shrugs, “I really don’t want to be listening to my daughter or her friends… engaged in… reproductive acts.”

Catra laughs out loud this time as the others in the room curl in on themselves slightly, the magicat clears her throat once she’s got the laughter out of her system, “I can help you out with that, if you’d like.”

“You would?” Marlena replies.

“Of course.” Catra smiles back, “As long as I get to call you Mrs G again.”

“Oh, you!” Marlena breaks out in laughter, “I knew there would be a catch!”

Adora pulls Catra into her, “You would really help?”

“Yes, princess. I would really help.” Catra replies, “What’s the point of all this money if I can’t use it to help the people in my life that need it?”

“Good point.” Adora grins, “Also for the record, you probably don’t need to help out. Especially not after all that money you transferred into my account for mom’s treatment.”

“How much money?” Marlena asks.

“A lot.” Adora replies, “Enough to pay for a place outright.”

“Oh. That is a lot of money.” Marlena looks to Catra and jests, “Are you sure you didn’t pay to have relations with my daughter?”

“Mom!” Adora shrieks, “No! She didn’t pay to sleep with me!”

“Well, she kind of did.” Glimmer pipes up, “Just took longer than expected.”

“I said I’d give the money back, but she wouldn’t take it!” Adora argues with a pout, “And then… well…”

“Doesn’t matter.” Catra says, “Even if I hadn’t won that auction, I would still have cancelled that auction and offered the money to Adora. There’s no way I was going to let her sell herself because of the bad hand she got dealt.”

“Aren’t you glad I upped the number?” Glimmer gloats.

“So! Back to where you want to stay once you’re discharged…” Catra gets back on topic again.

Glimmer, not content to get back to topic then asks, “So, is it true? Can you change sex?”

“I’m not sure.” Catra replies, “Why?”

“Just wondering.” Glimmer hums out, “The video that Marlena showed us seemed to indicate that you could… grow one.”

“Well… I’m sure after viewing this latest video Traps has sent, it may become more evident.” Catra replies nonchalantly, “There’s still a few questions that haven’t been answered.”

“Such as?”

“Such as?” Catra repeats and Glimmer nods, the rest of group listen up, “Such as… if it’s possible with a human or first one.

Then comes the question about the whole mating thing."

"What of it?" Marlena asks.

"Well, how it works to start with." Catra looks at Adora, "If it's a bite or sex or I don't know, an exchange of blood or bodily fluids…"

"What do your instincts tell you?" Marlena asks leaning forward in her bed.

"My instincts…?" Catra repeats as she thinks before answering, "My instincts tell me… that we'll know the time is right when it's right."

"Alrighty…" Catra says as they walk into Adora's bedroom, "Shall we put on the video that Traps sent me about magicat mating?"

"Sure. But can I go take a shower first?" Adora asks and Catra nods, "Do you want to join me?"

Catra grins, shaking her head, "I would love to… but it's going to take forever for my fur to dry."

"Do you mean… fur-ever?" Adora asks with a smirk before snorting out a laugh.

Catra chuckles at her future mate, "You're such a dork."

"Sure am!" Adora grabs Catra and pulls her in for a kiss, "Okay, I'm going to go get cleaned up."

"Okay." Catra replies, "Guess… I'll go get your tv set up and then get changed."

"Okay." Adora presses another kiss on Catra's lips before stripping off her clothes and heading to the bathroom, but not before

looking over her bare shoulder and winking at her magicat, "Your loss."

Catra growls playfully back at the blonde, ready to pounce as Adora giggles and rushes off into her bathroom.

"Comfy?" Catra asks as Adora snuggles into her and nods, "Okay, let's see what Traps has sent us this time…"

"Oh… wow." Adora swallows down hard, "So… you're like a vampire…"

Catra turns her head and sees the smirk on Adora's face, "I'm not a vampire."

"I know." Adora giggles, "The mating bite kind of reminds me of Buffy."

"You look kind of like Buffy." Catra remarks, "But… you're heaps hotter. And… sexier… and… mine."

Adora shivers as Catra leans in and nips at her neck, "And your better than all those vampires on the show…"

"Mm…" Catra grins into the kiss she's pressing on Adora's neck, "Plus I'm furry."

"You mean…" Adora pulls back for a moment and cups Catra's cheek as she finishes her sentence, "Cuddly."

"Ugh…" Catra groans out, "Do not say that outside of these walls."

"Why not?" Adora pouts playfully, "You're super cute and fluffy and… mmphf!"

Catra pounces on Adora, shutting her up with a heated kiss on her lips, a low warning growl rumbles in her chest as the blonde

giggles, “I’m scary. Not any of that cutesy shit.”

“Nuh ah!” Adora refutes, “You are all that cutesy shit and more!”

Adora shrieks when Catra starts to really attack at her neck, licking and sucking harshly on it as Adora’s breath hitches, a low moan escapes her lips as Catra grins victoriously, “You were saying?”

“You’re still cute.” Adora doubles down, the magicat pulls Adora down the bed so she’s flat on her back as the blonde’s clothes are shredded off her body and thrown around the room, “Hey! What are you…oh! Fuck!”

Catra’s mouth goes straight for Adora’s nipple, sucking it in as her tongue swirls around it while a hand travels down Adora’s body, stopping just before where Adora’s wants it, “Tell me I’m cute again?” she challenges.

“Oh… mmm…” Adora moans out, “You’re… you’re… oh fuck…”

“Mmhm.” Catra releases Adora’s nipple and licks over her stomach, “I’m what, princess?”

Adora looks down, a hand on Catra’s cheek as she smiles and says, “Mine.”

“Damn straight.” Catra grins before diving straight in between Adora’s legs and eating her up.

“OH MY STARS! FUCK!” Adora screams out as her magicat works her up, the blonde’s toes curling as her legs fight against Catra’s hold on them, cursing at every lick and every flick as the magicat focusses on Adora’s clit.

Adora’s orgasm has her screaming out again, it’s pure music to Catra’s ears, despite the thighs threatening to crush her skull. But Catra isn’t done with her yet, and just when Adora thinks she’s coming down, the magicat shoves her tongue deep inside Adora’s entrance and the blonde’s sits up with her eyes rolled back before

she flops back down on the bed again, writhing around while Catra plunges her tongue in and out of her.

“Fuck! Catra… fuck!” Adora moans out as her legs begin to shake and when Catra can feel the second orgasm coming she pulls her tongue out, much to Adora’s surprise, the blonde looks down at her magicat, “Catra… what…? Oh… OH! FUCK!”

Catra’s tongue goes back to Adora’s clit as she thrusts 2 fingers into Adora and roughly thrusts in and out, feeling the blonde’s walls twitching and tightening around her fingers, she starts to purr out, the extra stimulation has Adora’s coming hard. Catra’s fingers pushed out as the blonde grabs onto Catra’s face, pulling her off her clit and weakly tries to get the magicat to come up to her.

The magicat obliges and drapes herself over a spreadeagled Adora, the magicat kissing Adora’s still panting lips, a tired smile on the blonde’s lips as Catra grins down.

“So… still cute, am I?” Catra asks with the same grin, fangs and all.

Adora’s eyes barely open as she tries to get over the aftershocks, “Cute…” her eyes catch Catra’s movement and quickly wraps her arms around the magicat to pin her to her own body, “And sexy… and fucking amazing…”

“You’re fucking amazing. And sexy. And cute.” Catra returns with a lick up Adora’s neck.

“Fuck…” Adora breathes out before she giggles, “Marry me?”

“What did you say?!” Catra pulls back and stares down at Adora.

Adora’s smile doesn’t fade as she brings Catra back down for another kiss and then repeats, “Marry me?”

“Uh…” Catra feels conflicted as she’s been wanting to ask Adora since forever, but at the same time, she’s completely surprised that Adora has asked her at all, and pretty much during sex no less, “Are you thinking straight right now?”

“I’m not straight.” Adora replies looking dejected, “But… I get it… you don’t want to marry me… I shouldn’t have assumed…”

“Adora.” Catra interrupts the blonde’s ramblings, “I really want to say yes…”

“What’s stopping you then?” She asks on the verge of tears, “I thought we were… you know.”

“I love you, princess.” Catra replies reassuringly, she moves so that her body is pinning down Adora’s, “And I really do want to marry you. It’s just…”

“Just what?” Adora looks up with hopeful eyes.

“It’s just…” Catra starts again, “I kind of wanted to be the one to ask you.”

“Is it because I asked while we’re… you know…” Adora looks between them.

“Well… kind of.” Catra replies with a sly grin as she leans down and kisses Adora’s on the lips before moving to the blonde’s ear, “I wasn’t planning on popping the question while we were fucking, princess.”

Adora’s about to refute but then something sticks in her brain, “Wait… hold on…”

Catra looks back into Adora’s eyes, “What’s wrong?”

Adora shakes her head, the smile coming back onto her face, “You were planning on asking me? And I beat you to it… oh…”

“Yes.” Catra replies with a roll of her eyes.

“Oh…” Adora repeats before she gets an idea, “Well… let me make it up to you then.”

“How so?”

Adora smiles wickedly into Catra’s eyes, “Lie down, Cat.”

“Oh.” Catra’s eyes widen and then an excited grin comes across her face, “Sure thing, princess.”

Once Catra is on her back, Adora slides herself on top of the magicat, pushing Catra’s legs out with her own as she drapes over the magicat and hums happily.

“Having fun there, princess?” Catra jests as she lets her fingers run through the blonde’s still sweaty hair.

Adora rubs her face over Catra chest happily, “Mm… soft…”

“So…” Catra says as she runs her fingers across Adora’s back, “I was thinking of taking you back to Dryll with me for the weekend.”

Adora looks up from where she’s nuzzling at Catra’s chest, “Hm?”

“Would you like that?” Catra asks with a tilt down of her head, “I’d love to show you where I live.”

“Which weekend?” Adora asks instead, “Because I don’t know if I’ve got this job at the hospital or not and mom, I’ll need to let her know as well. Oh! And Bow and Glimmer too!”

“Stars… it’s just for the weekend, Adora.” Catra chuckles, “I’m not taking you away from here forever.”

“Oh.” Adora calms down a little, “I knew that… but still…”

“The hospital said they’d get back to you by the end of the week. Your mom’s not going anywhere and as long as Traps keeps sending her magicat porn, I’m pretty sure she’ll be occupying herself and your best friends for a while trying to figure out my species anatomy.” Catra explains, “Besides, when was the last time you took a holiday or some time for yourself?”

“You mean apart from all the times I’ve been with you?” Adora smirks as Catra rolls her eyes, “Uh… I can’t even remember honestly. I’ve just been so busy and stressed and… yeah.”

“So… let me take you away for a few days and you can just relax and not worry about the world.” Catra offers, “Like I said, I’m sure you mom will be fine. She’s nearly finished her treatments and look, when we come back, we can look for somewhere for her to live once she’s discharged.”

Adora stares at Catra with tears welling in her eyes, completely floored by her magicat that’s basically come in and changed her life, “How did I get so lucky to have you?”

Catra shrugs, “Helps that you’re a dumbass with a hero complex.”

“Hey!” Adora swats at Catra’s shoulder making the pair break out in laughter, “But… really. Thank you. For… for everything.”

“Like I said, if you’d had asked me… well, scratch that, if you’d known I was still alive and how to reach me, you could have

asked me and I would have dropped everything to come and help you." Catra says like it's not the most generous and selfless thing to do, "Besides, I think I got a good deal out of this…"

A few tears do roll down Adora's cheek as she pushes herself up and wraps Catra up in her arm, leaning in and kissing Catra with as much gratitude and appreciation as she can muster up, "I love you, Catra."

Catra smiles back, "Yeah. I love you too."

The magicat scent marks the blonde, Adora giggles at the feeling before wiping her face of the tears, "Okay, stop distracting me. I was about to return the favour."

Catra raises both arms in the air, "Well, my apologies, princess." The magicat smirks, leaning in and nipping on Adora's neck, "But it's very difficult not being distracted by you…"

"Hey…" Adora breathes out and pushes Catra back down on the bed with a playful glare, "Let me… let me make you feel good."

"You already do." Catra replies and Adora melts, "But by all means… return the favour."

Adora presses one more kiss onto Catra's lips before moving down the magicat's body until she's between Catra's legs, pressing kissing along the magicat's thighs before pecking at the spot just above where Catra's clit is.

"Fuck…" Catra hisses out, "You're such a fucking tease…"

"What? Me?" Adora says innocently before smirking as she leans down and licks Catra from her slit to her clit, making the magicat moan out softly, "What was that? A tease?"

"Shut up, princess…" Catra grunts out, "Get back to work."

"Am I getting paid for this work…?" Adora asks before realising what she just said at the same time as Catra who pops her head

up in the same realisation, “Scratch that. Don’t pay me. That’s how all this started…”

Catra chuckles, “Dumbass…”

“You like my ass.” Adora hums as she dives back in as she wraps her arms around Catra’s legs and gets more comfortable.

“I love your ass.” Catra breathes out between gritted teeth, “Fuck… higher… right there… yeah… keep going…”

“Mm…” Adora hums as she tries to hit the right spots.

Catra’s body starts to relax a little and Adora frowns, the magicat sensing the change of mood, “Lower.” The magicat orders, “Slow down. You don’t have to go so fast. I’m not going to disappear…”

Adora rolls her eyes but obeys, slowing down and moving her tongue just a little lower, “Here?”

“Yeah…” Catra breathes out, “Right there…”

Adora nods and keeps a steady pace, she yelps a little when she feels Catra’s claws prickle slightly into her scalp, “Mm…”

“You’re doing so well, princess.” Catra encourages as she starts to grind against Adora’s face, “Fuck… keep going baby…”

“Mmphf…” Adora muffles back as Catra grinds down on her tongue and she struggles to keep up.

Catra’s breaths get heavier, her hand removed from Adora’s head and back onto the bedsheets, gripping and tearing through the thin fabric as she tightens her thighs around Adora’s head, “Fuck!” the magicat grunts out as her body starts to tremble and shake, pushing Adora off from her and panting, trying to get air in. The magicat chuckles at the sight between her legs, Adora’s face is red and covered in her slick, as she flops back down on the bed, “Fuck, princess… that was… fucking amazing…”

“Yeah?” Adora grins as she wipes her face with the bedsheet before crawling back up, “It wasn’t… bad?”

“Adora.” Catra turns her head to the blonde, “I fucking came.”

Adora just stares back, not knowing what that means.

“I don’t usually let anyone do that to me. And when they have… I’ve never got there.” Catra admits as she pulls Adora into her, the blonde preening, “Fuck… I love you.”

“I love you too.” Adora replies proudly, “I can’t wait until you marry me.”

“I still have to propose.” Catra reminds the blonde.

“Or you can take me up on my proposal…” Adora suggests with a cheeky smile.

“You don’t even have anything to propose with.” Catra points out, “Besides, I gave you that orgasm that had you proposing…”

Adora blushes, “Yeah? Well… like you’ve got something?”

“Wouldn’t you like to know.” Catra says as she presses kisses onto Adora’s chest, “Think you can go again?”

Adora nods, she’s worked up again after seeing Catra come undone in her arms and can’t stop herself from rubbing her thighs together. The blonde moans out a little when she feels Catra’s tongue on her nipple, “Fuck… fuck me, Catra…”

“You got it, princess.” Catra replies with a grin as she plays with Adora’s nipple with her tongue, “How do you want me to fuck you, Adora?”

Adora’s eyes open, she doesn’t even know when she had shut them, “Anyway you want me.”

Catra smiles up, releasing Adora's nipple and flipping them back over, before getting off the bed and walking over Adora's drawers, opening and rifling through them in search of something. Adora sits up and watches.

"What are you looking?" Adora asks.

"What do you use to get off?" Catra asks back.

"Uh…" Adora blushes, "I don't actually have anything…"

"Ah, that's cool." Catra closes the drawers, "I thought maybe you had a strap of something I could make use of…"

"No." Adora replies looking away from Catra's eyes, "I've never… yeah…"

"That's okay." Catra comes back to bed, "I don't have things like that either. Never really needed it."

"Yeah?"

"Yeah. I can get myself off just using my fingers." Catra shrugs as she looks down at naked blonde beneath her, "You are so beautiful, princess. So… mine…"

"Yours…" Adora rubs her thighs together again, "Catra…"

"Hm?"

"Please…" Adora breathes out as she reaches out for Catra to come closer.

"Yes, Adora?" Catra teases as she drapes herself over Adora, "Can I help you with something?"

"Yes…" Adora says, breath hitching when Catra's thigh puts pressure against her clit, "Fuck…"

"Fuck yeah…" Catra grins as she pulls Adora's ass onto her lap as she knees down in between her legs, "I love you. Everything

about you is so beautiful. And you taste so… fucking… amazing…”

“Catra…” Adora whines, “Stop teasing… mmm… fuck…”

Catra runs a finger through Adora’s slick, bringing it up to her lips and sucking it clean, “Mm… tasty…”

“Fuck… Catra…” Adora whines again, she bucks her hips up and Catra chuckles, “Fuck me…”

Catra doesn’t waste anymore time as she slips a finger inside Adora, the blonde’s breath hitching before the magicat leans down and licks Adora’s clit, her finger moving in and out at a slow pace the magicat relishes in the sounds from her future mate.

“FUCK!” Adora curses out loudly, a moan finishing off that word as she tries to get more friction, “More… please… more…”

“More what?” Catra detaches from Adora for a moment to ask.

“Fingers…” Adora manages to stutter out and then moans again when she feels Catra’s 2 fingers stretching her out, “Oh… ah… fuck… Catra…”

“Okay?” Catra asks as she watches Adora’s face contort and then the blonde nods, “Fuck you feel so good on my fingers, princess…”

“F-faster…” Adora begs, “Please…”

Catra nods and speeds up the pace of her fingers plunging in and out of Adora, she leans back down starts to lick and suck on Adora’s clit, her free hand, fondling at Adora’s breast as the blonde’s noises start to hit peak levels and she comes with shudder and scream.

“Stars! Fuck! Oh, oh… mmm….” Adora moans out as she grabs the hand on her breast, the over stimulation making it hard to breath as she tries to buck herself off Catra’s tongue and fingers, “Fuck… Catra… I can’t… I… oh…”

Catra grins, coming up for air, her fingers still buried inside Adora, enjoying the feeling of the blonde's walls clenching and tightening around them, "Fuck… you feel so good."

"Mm…" Adora shakes her head when Catra experimentally curls her fingers up and the blonde twitches and trembles, "No more… fuck… I can't…"

"Okay." Catra leans down and kisses Adora's clit chastely before slowly withdrawing her fingers, listening to Adora hissing out at the sensation, "Are you okay?" Catra asks once her fingers are out and she's licked them clean.

Adora nods, completely blissed out again and unable to move, "Fuck…"

"Yeah." Catra agrees as she lowers Adora back onto the bed fully, "Fuck."

"When's your flight?" Marlena asks when Adora tells her Catra wants to take her to Dryll for the weekend.

"Friday afternoon." Adora replies as she looks through the itinerary, "I've never been on a plane before."

"Oh, you'll love it." Marlena brightens up, "Take off and landing are the best parts."

"Hey, Mrs G." Catra saunters in after checking in with the nurses, "Watched anymore porn?"

Marlena stares at Catra with an eyebrow quirked up, "Entratpa hasn't sent me anything new as of yet. Frankly, I would prefer she didn't…"

"Oh, and why's that?" Catra asks as she presses a kiss on Adora's cheek.

“I don’t know about you…” Marlena leans forward towards Catra, “But it’s not exactly discreet in this environment…”

“Mom!” Adora’s eyes widen at that statement, “Gross!”

“Oh, come on, dear.” Marlena rolls her eyes at her daughter before stage whispering to Catra, “It’s like she’s never masturbated before.”

“Mom!” Adora’s groans out a second time.

Catra laughs, “Well… society doesn’t seem to be so comfortable with sex talk.”

“Isn’t that the truth!” Marlena nods in agreeance, “When are you returning home from Dryll?”

“Don’t worry, Mrs G.” Catra slyly grins knowing she’s getting away with the nickname, “I’ll have her back by Monday. In case she does get this hospital gig and all.”

“Oh! Yes.” Marlena remembers, “Have they let you know yet?”

“No. Not yet.” Adora sighs, “But it’s only been like a day or two. And they did say they’d let me know in a week’s time.”

“Okay.” Marlena nods before turning to Catra, “Will you be coming back with my daughter or will she be travelling alone when she returns?”

“I’ll travel back with her.” Catra replies, “I’ve got a few things to take care of in Dryll once I return again, but nothing that I can’t get started on the ride back.”

“Wait… you’re going to fly back with me and then fly straight back to Dryll?” Adora asks with surprise and then shakes her head, “That… that’s just crazy. If you have things to do, I’m fine to travel back alone, Catra. I don’t want you to burn out.”

“I’m not the one literally flying the plane, princess.” Catra tries to argue, “Besides, it’ll be fine.”

“No, Catra.” Adora puts her foot down, “I can come back on my own if you have things you need to do and stay longer.”

“Or…” Marlena interrupts and the pair look to her, “Or Adora could stay a few more days.”

“Mom!” Adora breathes out, “What about…?”

“Adora.” Marlena sternly says, “Look after yourself for once, baby. Stay in Dryll for a week or two for all I care. The hospital job can wait, I will have a word to them personally if I have to.”

Adora turns to Catra for support but finds none, “But… what if they need me to start right away?”

“It’ll be fine, Adora.” Marlena assures, “If they really want you, they’ll wait a few days.”

Adora frowns at that, “No, they won’t.”

“I’m sure they will.” Catra says with a grin, “Besides, if they don’t hire you because you can’t start straight away, then that’s their loss. You technically don’t need this job or the money.”

“I’m not leaching off you.” Adora huffs out.

“Who said you were?” Catra shrugs, “I’m planning to marry you, Adora. I want to take care of you. And your mom. And by extension… your friends…”

“Have you asked her yet?” Marlena asks.

“I asked her.” Adora says much to Marlena’s surprise.

There’s a beat of silence and Marlena breathes out harshly, “Well? What happened?”

“She turned me down.” Adora replies flatly.

“What?!” Marlena screeches, she points a finger at the magicat, “What did I say about breaking her heart?!”

“Does she look heartbroken to you, Mrs G?” Catra points out, Adora’s mom taking a good look at the blonde before shaking her head, “I said no because she asked me after I gave her a really good orga….mmmphf!”

Adora slams her hand over Catra’s mouth, “She doesn’t need to know how it happened!”

Marlena laughs, “I think I get the idea.”

“Stars…” Adora blushes as she removes her hand from Catra’s mouth who just grins at her, “Whatever… you still said no.”

“That’s because I’m planning to propose to you, dumbass…” Catra retorts before adding, “Not to mention you didn’t even get me a ring or anything to go with this proposal.”

“It was spontaneous!” Adora tries to argue only for her mom to laugh, “Hey! It was!”

“Gotta admit, I’ve never been proposed to while I still had someone between my le…mmphf!” Catra laughs again as Adora’s eyes widen and she covers Catra’s mouth again with her hand.

Marlena laughs too, “Stars… Adora.”

“What!? It was a spur of the moment thing!” Adora keeps arguing as she removes her hands from Catra’s mouth and glares at her, “I thought it’d be romantic!”

“It was.” Catra says, “But… I want to be the one that proposes.”

Adora crosses her arms over her chest and huffs, “It better be the best damn proposal ever, then.”

“No pressure, huh?” Catra pretends to pull on the collar of her shirt as Marlena laughs.

“I hope you video tape it for me if I’m not going to see it in person.” Marlena says, “Anyways, any movement on my grandmagikittens? I’ve already seen 2 videos… graphic and explicit and all, but… where?”

“Both those videos… didn’t really explain if it’d work between a magicat and a first one slash human.” Catra says as someone knocks on the door, “Oh, Traps is here.”

“Hello!” Entrapta bounces inside, a nurse behind her just in case does something to the machines in the room, Mrs G! Catra! Adora! Hello!”

“How many energy drinks have you drunk, Traps?” Catra eyes her friend, pulling her away from one of the machines in the room, “You look like shit. Have you not been sleeping?”

“No, no sleep! I’ve been really excited because I found this!” Entrapta pulls out a pen, holding it up in the air.

“A pen. You found a pen?” Catra furrows her brows, “And… why is that so exciting?”

“Oh, because I wanted to test a theory!” Entrapta takes out another device from her pocket and hands it over to Adora, “Touch the screen to turn it on. And then when I say, press the red button on the bottom.”

“Uh… okay…?” Adora takes the device and touches the screen, illuminating the device.

“I want to test the software I’ve added into the device.” Entrapta starts to explain, “Essentially, the camera should follow wherever I point this pen!”

Catra narrows her eyes at the pen, “Is that what I think it is?”

“A pen?” Marlena tilts her head in question.

“No…” Catra eyes widen, “Traps… don’t…”

“What?” Entrapta grins back obliviously and then clicks the pen on, “It’s also a laser pointer!”

Catra shuts her eyes quickly, “Fucking hell, Traps!”

“Red button, Adora!” Entrapta calls out and Adora quickly taps on it, she holds the device up and watches the screen’s camera following the red dot, a low growl emanating from Catra.

“Catra? Are you okay?” Adora asks.

Catra nods her head with another growl, “Just… tell me when she’s turned it off.”

“Um… okay…” Adora replies unsurely.

“Catra! There’s no need to be afraid of this pen.” Entrapta says as she clicks the light off and hands it over to Marlena, “I’ve turned it off now.”

“Thank you.” Catra breathes out in relief before she sees Marlena holding it, “Why… why did you give that to Mrs G…?”

“Just to hold onto.” Entrapta replies while Marlena looks at the pen.

“Why are you afraid of this, Catra?” Marlena asks as she inspects the pen further and then accidentally clicks it on, and then, “Catra! Get down!”

The magicat leaps over Entrapta and onto Marlena’s bed, clawing at the little red dot on the ceiling as Entrapta shouts out, “Click it off! Click it off!”

Catra follows the little red dot around the room while Marlena tries to turn it off, Entrapta coming over to help her. The older woman screeching out, “Why is it not the same button to turn if off?!”

Entratpa quickly takes control of the pen and clicks it off as Catra’s claws dig into the ceiling tiles of the room, her weight not

supported as the tile she's hooked onto along with the 3 around it all fall, making the magicat drop to the ground in a heap.

"Oof… fucking hell, Traps!" Catra laments, "Seriously!? You know it's a bad idea!"

"I'm sorry, Catra!" Entrapta quickly rushes over to check on her friend as the nurse rushes out to get someone and report the damage to the ceiling, "Maybe I should change the light from red to blue… or green…"

Catra just growls as Adora helps her up, "Are you okay, baby?"

"I'm fine." Catra brushes herself off, "I hate fucking lasers… stupid instincts…"

"You chase laser pointers?" Marlena asks somewhat amused, "I think I'm going to file that into my memory bank for later…"

"I cause a lot of damage when they are involved, trust me." Catra glares at Entrapta, "Remember the time I nearly clawed someone's eye out?"

"OH! Oh…" Entrapta grimaces, she looks to Marlena, "It's a very bad idea to have laser pointers and magicats around. They tend to do anything to get it, with total disregard for anyone or anything in the way…"

"Traps. Please just… put it away." Catra pleads.

"Okay." Entrapta pockets the pen and then takes the device back from Adora, checking through the footage, "On the plus side, my software works with the pen pointer."

"Great. Just use it when I'm not around." Catra grumbles.

"Will do!" Entrapta throws a thumbs up, "Oh, are we still leaving on Friday?"

"Yes."

“I better go get packed!” Entrapta announces before sprinting out, shouting out, “I’ll meet you at the airport!”

Catra looks at the damage in the room, “I’m going to go talk to the… to someone… about the damage. Be right back.” The magicat kisses Adora on the cheek with a sigh.

“Hey.” Adora catches Catra by the elbow, “I love you.”

“I love you too.” Catra smiles as she heads out the room to speak to the nurse that had just witnessed the destruction of the room.

“I’ve got your ticket, Adora.” Catra says as they approach the boarding gate, the magicat hands it to the attendant who scans it and then hands it back with a short and friendly ‘Welcome back’.

Catra grabs Adora’s hand, pulling the blonde forward and towards the bridge to board the plane, Adora looks over Catra’s shoulder, “Where are we sitting?”

“Row 12, seats A and C.” Catra replies as she shows the ticket to the attendant on the plane who signals for them to head down the right side, “You want to put your backpack in the storage bin on top?”

“Sure.” Adora says, handing her backpack to Catra who puts it up top before gesturing for Adora to take her window seat, “Comfy?”

“Yeah.” Adora nods as she looks out the window, “It’s nice that there’s 2 seaters.”

“It’s not too bad when you get to sit next to someone that you want.” Catra replies with a grin, “Nervous?”

“A little.” Adora says as she looks at Catra, “I’ve never been on one of these before.”

“I know.” Catra nods, “I’ll be right here with you the whole way, okay?”

Adora smiles as Catra grabs her hand and squeezes it, “How long is the flight to Dryll?”

“A few hours.” Catra replies, “You can get some sleep once we’re up in the air.”

“Okay.”

“And don’t worry.” Catra adds, “I’ll wake you up for food. But otherwise, relax.”

“It’s a bit hard since there’s not exactly a lot of leg room.” Adora points out, “But, at least I can fall asleep on you.”

“If you want, I can upgrade us on the way back.” Catra suggests, “More leg room. Food and drink on demand. Priority boarding.”

“No.” Adora says, “I’m not spending that much just so I can be comfortable for a few hours.”

“We’ll talk again when I take you on our honeymoon and the flight is a lot longer.” Catra jests as Adora’s smirks back, “What? What did I say?”

“You’ve already got our honeymoon thought out, huh?” Adora asks with a shit-eating grin.

“Maybe I have.” Catra replies haughtily, “You’ll find out once I get around to proposing, princess.”

“Okay.” Adora sighs out dramatically, “My mom thinks your going to propose to me in Dryll…”

“Smart woman.” Catra replies with a kiss on Adora’s lips as the announcements come on for the safety presentation and the buckling up of seatbelts, the magicat turns to Adora, “Ready to come home?”

“I can’t wait.” Adora replies cupping Catra’s cheeks and returning the kiss.

Chapter End Notes

I've upped the chapter count again.
There's still so much to go through... proposal, wedding, mating, magikittens...
ugh, will an extra 2 chapters be enough?!

Thanks for reading and continuing to read, comments, kudos, bookmarkers and subscribers!
I'm contemplating whether to write or not on my bday tomorrow... eh, we'll see.

"This is your place?" Adora asks with wide eyes as she looks at Catra's house, the magicat getting out of her car and stands next to the blonde to see what is so interesting to the blonde.

"Yeah? Why would I bring you to someone else's house?" Catra replies a little bewildered, "You must be really jetlagged…"

Adora rolls her eyes at the magicat when she realises Catra is just being an ass when she sees the blink and you'll miss it smile, she nudges the magicat, "Shut up."

Catra grins back widely now, "Wanna go see my room?"

"Oh, stars…" Adora laughs out at the cringy pick up line before she sighs dramatically, "Well, I guess that'd only be fair since you've already seen mine."

"I sure have." Catra says as she heads to the front door, taking out her keys, opening the door and holding it so Adora can go in, "After you m'lady."

Adora huffs out a laugh, "Terrible. Just… just terrible." She says and Catra grins back as the blonde finally sees the inside and… "Woah…"

Catra quickly shuts the door and puts her stuff down before standing next to Adora and looking at whatever has caught Adora's eye, "Ah, do you like it?"

"Catra…" she says not looking away from the painting that's caught her eye, "But... how did…?"

"I might have… taken a photo of you while you slept…" Catra replies as she tilts her head at the recent patient of Adora sleeping after the first time they'd slept together, "Don't worry, I made sure to keep it decent." The magicat leans closer to Adora, "No one gets to see all of you except me… and maybe your doctor."

Adora drops her bags and pulls Catra into a slow kiss, "Hmm… do I get to have one of you too?"

"No."

"Catra!" Adora whines out with a laugh and then pouts playfully, "Why not?"

"How would I take a photo of myself sleeping, princess?" Catra replies quirking an eyebrow up while Adora's brain catches up to that before slapping the magicat on the shoulder, "Hey! Ow! What was that for? Mmphf!"

Adora pulls Catra in for another kiss, her forehead leaning on Catra's as she keeps her eyes closed and hums happily, "I love you."

"I love you too." Catra whispers back before chuckling under her breath, "You want to know something stupid?"

"What?" Adora cracks open one eye.

"When I come home, I usually call out… *Honey, I'm home!"* Catra admits with another chuckle, "It's… it's stupid but… even when you weren't here, it felt like you were."

“I don’t think that’s stupid.” Adora replies sincerely, “I think it’s… so. Fucking. Cute!”

Catra groans out, throwing her head back as Adora laughs, “Why did I tell you that?”

“Because you’re totally in love with me.” Adora sticks her tongue out.

Catra comes back and grins at Adora, “That… that I am.” The magicat readily agrees, “You must be a witch or something. Because I’ve been Adora-bound.”

“That makes no sense.” Adora says laughing and then yawns, “I think that plane trip took it out of me. I’m ready for bed…”

“You slept for most the flight, princess.” Catra deadpans.

“But it wasn’t quality sleep!” Adora protests with a sleepy pout, “Even though sleeping next to…”

“On me.” Catra quickly corrects.

“Whatever.” Adora brushes that comment off, “It still wasn’t quality sleep. I sleep so much better in bed with you.”

“Naked in bed with me.” Catra adds with a grin.

“I don’t actually like sleeping naked…” Adora admits shyly.

“No?” Catra asks, guilt rising up in her mind, “Because I didn’t mean to make you do that if you were uncomfortable with it...”

“Catra.” Adora presses a kiss on the magicat’s cheek, “Stop being an idiot. You didn’t make me do anything. But… I think I’m just used to sleeping in at least underwear.”

“Oh.”

“It’s just… sticky, you know?” Adora waves her hands in the air a little, “Even after you clean me up. *AND* after I’ve cleaned myself

up. I don't know… maybe I'm just weird."

"No. I don't think so." Catra pulls Adora into her closer, "I mean, yeah, you are weird. But, so is everyone. Normal is not a thing, princess."

"Uh…"

"If you want to wear underwear to sleep in or whatever you need to make you comfortable, then go for it." Catra declares, "Clothes make me itchy, so… is that a problem for you, if I sleep naked?"

"Stars, no." Adora quickly quells Catra's worries, "I love your fur. It's probably why I didn't sleep well on the plane. I couldn't cuddle up to my naked magicat. And if that makes you comfortable to sleep in, then, I'm more than happy to have complete access to all of that fluff."

A trill escapes Catra's throat, yet, she can't find it in herself to be embarrassed or care as she leans in and kisses Adora again, "Come on, let's get you into my bed."

"Stars… your bed is so comfortable!" Adora lets herself sink into the middle of Catra's huge bed, "I'm going to need you to bring this with us when we get back home."

"This is home." Catra tilts her head at Adora as she adds, "Too."

Adora grabs Catra's pillow and hugs it, "So… I can call this my home too?"

Catra climbs onto the bed, wrapping herself up behind Adora's back and breathes out, "Yes. I want this to be your home too. Our home."

"Then… my place in Bright Moon is our home too, right?" Adora turns her head slightly to glance at the magicat.

“Yep. Until your mom decides to take it over.” Catra says with a laugh, “Actually, I don’t think she wants to live at your place. Might smell too much of sex and all, you know.”

Adora giggles, “Yeah, it’d be weird if she slept in my bed… after we’ve… you know.”

“Fucked in it?” Catra finishes off the blonde’s sentence, “Yeah, I would rather not have your mom’s scent in your bed either, it’d be… confusing to my senses.”

“Mm… don’t want you to be confused.” Adora yawns, “I should call her. Let her know we’ve landed and safe.”

“You didn’t text her already?” Catra asks.

Adora shakes her head, “I let Bow and Glimmer know on our group chat.” She turns slightly onto her back, “What about you?”

“Traps has me tracked.” Catra shrugs, “She’ll worry if I call. She’s paranoid like that. Scorp gets her updates from Traps.”

Adora giggles tiredly at that, “I’m glad that you’ve got such amazing best friends.”

“Amazing?” Catra gets up off the bed a little, “They’re fucking crazy and weird and… my kind of people.”

“Just like you then.” Adora teases making Catra growl out lowly, “What? I love you. Gotta be honest.”

“Uh huh.” Catra rolls her eyes and grabs Adora’s phone that’s charging on the bedside table, “Call Mrs G?”

“Okay.” Adora replies sleepily as Catra pulls up Marlena’s contact and dials the number.

“Adora?” Marlena’s voice answers the call a little groggily.

“Hey mom.” Adora breathes out tiredly as Catra puts the phone on speaker mode, “Just letting you know we got to Dryll, safe and sound. And now I’m in Catra’s bed…”

“Ooh! Are you two making my grandmagikittens?!” Marlena asks excitedly before she pause, “Adora? Do not put this on video mode. I don’t’ think I want to picture that… for real.”

“Gross, mom!” Adora finds herself waking up a little at that comment as her mom starts to laugh.

“Hey, Mrs G.” Catra says over the phone, “Adora’s falling asleep. No magikittens are in making tonight.”

“Nuts.” Marlena tries to sound disappointed but it’s quickly ruined by her giggling in the background, “Have you figured it out yet?”

“Nope.” Catra replies, “Honestly, I think it’d take a miracle for something like that happen, Mrs G.”

“Well, if anyone can make miracles happen, it’d be you. And Entrapta.” Marlena replies smugly, “But seriously though, I’m happy either way. I don’t need grandkids to be happy. Just as long as my daughter is happy. That makes me happy. Oh, also as long as the person that makes my daughter happy, is happy, then, that would make me even happier.”

“You said happy a lot.” Catra points out with a chuckle as she feels Adora’s body slump further into the bed, “…and princess is out.”

Marlena chuckles, “I don’t know how you do it, Catra.” The magicat makes a questioning noise as Adora’s mom elaborates, “She’s never slept well, even when I wasn’t sick. It was like she was always out to prove something to someone.”

“Hero complex.” Catra simply says as she takes Adora’s phone and puts it on her chest to keep talking to Marlena, “She was always out to protect me back before… well, you know.”

“I know. She loved you then and she loves you now.” A smile can be heard on Marlena’s voice, “I just wish she just looked after herself, be selfish once in a while, you know?”

“She’ll always put the people she loves first.” Catra agrees, “Even if it’s not good for her.”

“She hardly ever slept.” Marlena tells Catra, “I’d come back from work and she’d be up doing something. And I don’t mean playing video games or watching tv. It was like she couldn’t switch off. I tried getting her into some activities but she always saw through my plans, saying that we should save the money instead of playing sports or learning an instrument.”

“Let me assure you that she’s sleeping better nowadays.” Catra says, a smile on her face as she watches Adora doze off, “I’m just happy I couldn’t help, Mrs G.”

“You’ve done so much for her and me, Catra.” Marlena sounds like she’s on the brink of tears, “And… there’s no way I’ll ever be able to pay you back…”

“There’s nothing to pay back, Mrs G.” Catra sighs out, “But if you really do want to pay me back…”

“Hm?” Marlena hums back, “And what would that be?”

“Get better.” Catra says, “Keep getting better. And then keep being the mom that Adora looks up to.”

“You’re such a softy.” Marlena laughs wetly, she sniffles back a little, “I don’t know no one snapped you up.”

“I’ve only had eyes on one person my whole life, Mrs G.” Catra says dreamily, “And I’m lucky that she hadn’t been snapped up too.”

“Adora never had time for any of that.” Marlena laughs again, “You know… For a while, I thought maybe she was in one of those… what do you call it… a thropple?”

“Really?”

“Yes. She always hung out with Bow and Glimmer. And they are so close it’s a little… jarring.” Marlena says the last part in a whisper, “Don’t tell her I said this…”

Catra hold back her laugh, “You thought their little best friend squad was more than that?”

“Didn’t you?!” Marlena asks back.

“Stars, no.” Catra replies, “Though I have no doubts that Sparkles wanted your daughter. Some of those looks in the photos they posted had her looking at Adora… longingly.”

“You were stalking my daughter online?” Marlena voice flatly says.

“Yes, ma’am. I totally was.” Catra admits freely, “I kept tabs on her.”

“And you still let her think you died?”

“I had to.” Catra sighs, “I… I wasn’t in a good place. I wasn’t thinking right and… well, I was a coward.”

“You are many things, Catra.” Marlena sighs into the phone, “Reckless. Enduring. Stubborn. Crass. Idiotic. Destructive…”

“Are you going somewhere with this?” Catra interrupts a little miffed.

“Yes.” Marlena says with a hint of amusement, “Now… where was I?”

“…Idiotic, destructive…” Catra unhappily provides.

“Right.” Marlena laughs and continues on, “Destructive.”

“You’ve already said that.” Catra groans.

“I lost my place.” Marlena chastises, “Now be quiet so I can think.”

Catra rolls her eyes and breathes out loudly, “Go on.”

“Destructive. Smart. Stupid...”

“Hey!”

“A smartass. Annoying. Good looking. Charming. Trusting. Loyal…” Marlena pauses, “But you are not a coward.”

“Ha!”

“You let your friend shoot you because you thought Entrapta had made you a bulletproof suit but instead you got shot and scared the shit out of everyone.” Marlena points out, “You also beat up someone because they threatened Adora. See?”

“No.”

“Cowards wouldn’t do that.” Marlena breathes out exasperated, “Now you’ve made me tired.”

“You’re always tired, Mrs G.” Catra says and then adds, “Stop watching so much porn and get some sleep.”

“It’s not my fault Entrapta constantly sends me videos!” Marlena whines and Catra laughs, “Some of them have really interesting titles!”

“Uh huh.”

“I’m serious!” Marlena protests, “Does she send them to you too?”

“Of course.” Catra replies, “And I agree that some of those titles do not match the video attached to it.”

“I know!” Marlena nearly shouts into the phone.

“When she sent me Catwoman vs Elektra, I thought it was a weird superhero movie…” Catra smiles, “I should have known better that she would have sent me parody porn thinking it was research… they weren’t even magicats! They were dressed up like magicats!”

Marlena laughs, "Wait… is that racist? Or speciest? Or… I don't… something-ist?"

"No idea." Catra shrugs, "But they could have at least made the dialogue better."

"It's a porno, Catra." Marlena deadpans, "They aren't *those* kind of actors…"

Catra laughs again and Adora stirs a little, the magicat gently rubbing small circles on Adora's shoulder and the blonde settles again, "Okay, I'll have princess call you tomorrow when she's more awake. If we keep talking, I'm going to wake her up and she's going to be grouchy…"

Marlena laughs this time, "She's still getting a lot more sleep with you than without. So, I think I can deal with that level of grouch."

"I can't." Catra sighs, "But I've got stuff to do."

"Oh, okay." Marlena takes the hint, "Take care, okay?"

"You too."

"I love you two." Marlena says, "Tell Adora not to worry about me so much."

"Will do, but she's not going to." Catra replies knowingly.

"I know. But I have to say it. Being her mom and all." Marlena laughs again, "Okay, I'll talk to you next time."

"Bye Mrs G."

"Take care of Adora and yourself, dear." Marlena bids goodbye.

Catra wakes up to Adora pressing soft kisses against her face, the magicat smiling into it thinking to herself it's probably one of the best ways she's ever woken up, especially when she hears that

sweet giggle from Adora when her ears flicker, lightly batting the blonde in the face, indicating that Catra is coming back into consciousness.

A light purr emanates from Catra's chest as she finds herself snuggling her face deeper into Adora's neck, another giggle from the blonde who whispers, "Good morning."

"Mm…morning." Catra murmurs into Adora's neck, happily rubbing and scenting it as she wakes up, "What time is it?"

"Early." Adora replies as she runs her hand over the magicat's ear, "You're so cute when you sleep."

"You're so cute when you orgasm." Catra grumbles back.

"Shut up…" Adora turns away, the magicat can feel the blush moving from her face down to her neck and chest as Catra purrs louder, preening at eliciting such a reaction from the blonde, "I'm trying to do something here."

"What are you trying to do?" Catra presses a kiss on Adora's neck, making the blonde gasp out suddenly, "Or… maybe you're too slow and I'm going to do something."

"Hm?" Adora hums out before she's pulled under by Catra, the magicat pouncing on the blonde and attacking her neck with kisses before pulling off the blanket completely, "Mm… fuck…"

The magicat pauses and looks deep into Adora's eyes, "I love you, princess."

A soft smile adorns Adora's lips as she leans up and presses her lips against the magicat's, "I love you too." She says with such fondness it makes Catra's heart melt, her eyes rake up and down the magicat's body, "When did you get undressed?"

"I sleep naked, princess. Better for my fur." Catra glances down at herself briefly and then eyes Adora, "You however… are overdressed."

“Hm?” Adora smiles back teasingly, “Am I?”

“Yes.” Catra leans in and presses a kiss on Adora’s neck, “But… I can… rectify that…”

“Don’t rip my clothes please…” Adora breathes out when Catra presses another kiss onto her neck, “These are my comfiest sleeping clothes…”

Catra looks down at Adora’s clothes and smiles, “Okay.” The magicat quickly moves down and rubs her cheek over the fabric covering the blonde, purring up a storm at the softness of the material before coming back up and leaning in for another kiss on Adora’s lips, “Turn over, princess.”

“Hm?” Adora hums happily as she’s slowly moved onto her side by Catra, “You want to spoon me?”

“Yep.” Catra replies getting comfortable behind the blonde, wrapping her arm around Adora’s chest and sighing out happily, “How did I ever live without you?”

Pulling Catra closer to herself by the arm and then pushing herself back as much as she can, Adora turns her head, rubbing her face against any part of Catra she can reach and breathes out just as happily, “I don’t think I could live without you. Not, not anymore.”

Catra chuckles, shaking her head, “What have you done to me, princess?”

“Hey!” Adora whines out with a smile, “You’re the one that did it to me.”

“I sure did.” Catra happily takes the blame, “And I’m going to keep doing it until you get sick of me.”

“I could never get sick of you.” Adora rubs her head against Catra’s shoulder, “If anything, you’ll probably get bored of me first.”

Catra's eyebrows furrow at the thought, "How so?"

Adora sighs, looking away from Catra's eyes, "You've built up so much in your life, Cat. And I'm… well…" another sigh, "I'm unemployed. My mom's got cancer. I had pretty much no money and apart from Bow and Glimmer, I don't really have friends." Adora huffs out, "Fuck… that's just so sad…" she looks at Catra, "And yet… I wouldn't change it, my past or present for anything else."

"Not even me?"

"You're part of my present, idiot." Adora rolls her eyes before leaning in and resting her forehead on Catra's, "And… and I almost lost you too."

"You've never lost me, Adora." Catra reassures, "And I could never get sick of you."

"You so could." Adora replies, "I have nothing to offer you."

"I don't need anything from you, princess. Nothing that you don't already give me freely." Catra says softly, "Besides, you're temporarily unemployed. It's not like you're not trying. And, even though I think you're being dumb about getting a job despite the fact that you're bank account is now loaded…"

"That money is for mom's treatment. You know that." Adora huffs out but there's no bite to it.

"It's also for you, you know?" Catra tilts her head slightly to look at Adora, "But back to getting a job…"

"Uh huh."

"I think it shows a true judge of your character, princess." Catra says, "Most people, given all the money that you've got and even what I've got, would be satisfied with it and be happy to sit back and do nothing. But not you. Despite everything, you still want to

hold your own. And I… I'm just in awe at how much you've managed to deal with, including my so called death…"

"What are you getting at?" Adora asks leaning in closer at that line, trying to convey her thankfulness that Catra did not die.

"You're resilient, Adora. Strong. Compassionate. And… a dumbass for putting yourself out on the line the way you did." Adora gulps down at the thought, "But, what I'm trying to say… is…" the magicat takes a deep breath in, knowing she's never really said the next thing to anyone and actually meant it, "You can count on me. I'll always have your back. Even when you're wrong, so so wrong…" That makes Adora laugh, pushing back against the magicat, "I'll stand by you."

Adora quirks an eyebrow up at Catra, "I'm never wrong."

"Yep, like that." Catra smirks, "But… I hope you'll listen to me when I try to steer you in the right direction."

"Of course." Adora drops her eyes back lovingly at Catra, "And I hope it's the same way with you…"

"Yes." Catra says, "Because I'm a fuck up."

Adora laughs out louder, "You are not a fuck up."

Catra rolls her eyes this time, "Did you forget about the whole getting shot because Traps and I had a misunderstanding? Or bringing you to that gala and not thinking that other people might have caught wind of your auction? Oh, and punching Huntara in the face because of it?" the magicat swallows, "Or the fact I let you believe I was dead?"

Adora turns over and wraps Catra up in her arms and sighs, "You're not a fuck up, Catra. Those things that happened, they don't make you a fuck up. And I'm not angry about that last one. How can I be?"

Catra looks into Adora's eyes, trying to find the lie but doesn't find any as Adora continues.

"But… I guess, look at it this way." Adora pulls back and smiles at Catra, "Everything happens for a reason, right?"

The magicat groans, "Please don't start on that *higher power* bs, please…."

Adora giggles this time at how cute the magicat is when she gets like this, "No, I just mean that things happen for a reason. It's like… actions and consequences. Not the doing of some pie in the sky."

Catra chuckles back, "We should go see Razz. Best pies I've ever had. Since you've mentioned food and all…"

As if on cue, Adora's stomach grumbles, "Ugh, now you got me thinking about food."

They both laugh and then Catra presses a kiss onto Adora's lips, "We'll get to that… but first… turn over, princess."

Adora nods, pressing a kiss back before turning over so her back is to Catra's front as the magicat pulls the blonde in closer, wrapping her arm around Adora's chest again, Catra breathing Adora in as the blonde hums happily.

"You smell so good…" Catra whispers in Adora's hair, "I can't enough of the way you smell and taste…"

A shiver goes through Adora's body as she takes Catra's hand and brings it down to the hem of her shirt, guiding it under her shirt and up her body until she has the magicat's hand cupped over her breast, "Mm…"

Catra presses a few more kisses to the back of Adora's hand as she gentle squeezes her hand around the blonde's breast, giving Adora nothing more than that as she feels the blonde push herself back further into her front, the magicat grins, "More?"

Adora nods.

"Hold on." Catra grunts a little as Adora looks back and lifts herself up so Catra can slip her bottom arm under the blonde and fully wrap Adora up in both arms as Adora leans back in, enjoying being in Catra's arms, "Better?"

"Yes." Adora grabs Catra's other hand and rests it on her other breast under the shirt, "Mm…"

Catra breathes in Adora once more, a grin on her lips as she finally moves her thumbs and fingers over the blonde's nipples, Adora's breath hitches at the first movement and then sighs out happily, "I love you… You feel so good… I love the sounds you make…"

Adora breathes a little heavier as Catra continues to fondle her chest, "I love you too."

"I know." Catra breathes out and presses a kiss to Adora's shoulder, "You're so beautiful, princess. How did I get so lucky…?"

The slow build up has Adora a little frustrated, as she takes Catra's hand off her breast and drags it down her body, stopping at the waistband of her sleep shorts. Catra rubs soft circles over her hip as Adora's thighs rub together and then the blonde squeezes Catra's wrist and shoves it down her shorts, "Fuck… Catra…"

"What? I haven't done anything yet." Catra chuckles behind her as Adora moves her hand to exactly where she wants it and Catra takes a deep breath in, suppressing the groan that wants to come out, "Fuck… we haven't done anything yet and you're so wet already…"

"Shut up and fuck me…" Adora huffs out, pushing her head back into Catra's body.

Catra grins wider, pressing a kiss onto Adora's cheek as she lets her fingers wander around Adora's pussy, not bothering to move

the blonde's underwear to the side, frustrating Adora even more as she whines out, "What's wrong, princess?"

"Catra…" Adora whines as she takes it into her own hands, awkwardly pushing her shorts and underwear down, shimmying out of them until they are at least off one leg, taking Catra's hand and resting it over the top of her pussy, "…please…"

Catra nods into Adora's shoulder, "Anything you want, princess…"

Adora's breath hitches and she pushes herself back into the magicat, "Mm… fuck… ah… ah…"

"I haven't done anything…" Catra whispers into Adora's ear, but Adora's already too wound up to care as the magicat smiles, finally running her finger through the blonde's slick slit, "Mm… I want to taste you…"

Adora grips onto Catra's arm, forcing in place, "Not yet…"

Catra nods, understanding as she relinquishes her need to taste her blonde, instead gently sliding her finger up and down the blonde's slit before finding Adora's clit and drawing circles around it as the blonde lets out a few whimpers in response. Catra takes another deep breath in, the smell of Adora's arousal floods her senses and her eyes dilate as she moves her finger faster, loving the way Adora's body responds to every touch and every flick of her finger.

"More…" Adora breathes out.

Catra nods and ups the pace, wrapping her free arm tighter around the blonde, while she pulls the blonde's legs apart with her own, keeping them open as she feels the blonde concentrating, her brows creased as she chases her orgasm.

"Keep going…" Adora keens, "Keep… keep… fuck… keep going…"

Catra wraps her free arm tighter around Adora as she feels the blonde's climax approaching and then she feels Adora's fingers dig

into her arm, the magicat hisses out as Adora falls over the edge with a high pitched whine as her body curls forward. Catra quickly moves her finger from Adora's clit and slips it inside the blonde, letting Adora grind on it as her orgasms continues, her walls fluttering and tightening around Catra's finger.

"Fuck! Oh! Mm…. mmhgh!" Adora starts to pant out, thrashing around as much as can in Catra's hold, her hand moving down and gripping onto the magicat's arm between her legs as she manages to break her down free, clamping down hard around Catra's arm as well until her hips stop moving, "Mm… fuck…"

Catra experimentally curls her finger, making Adora whine out and shakes her head, "No?"

"No…" Adora breathes out but makes no move to let Catra withdraw her hand.

Catra's quite content, the feeling of Adora's warm walls around her finger and in her hand is enough for the magicat, pressing a kiss to Adora's shoulder, "Are you okay?"

Adora nods, her muscles finally relaxing as she turns over and kisses her magicat, "Mmhm."

Catra grins back as Adora slowly pulls Catra's arm out from between her legs, the slicks still on her hand as she looks at it and to Adora, then brings it to her mouth and licks it once, all the while staring at Adora, "Exquisite."

Adora laughs, turning over and looks down the magicat's body, "Can I return the favour?"

Catra smiles when she feels Adora's hand roaming over her chest, "What would you like to do, princess?"

"Make you feel good too." Adora says as her eyes come back up to Catra's.

“You already do make me feel good.” Catra returns with the same smile that melts the blonde, “Best I’ve ever been.”

Adora presses herself closer into Catra’s body as the magicat wraps her arms around the blonde, “I just feel like I’m taking more than I should be…”

“I love giving this to you.” Catra smiles down, quelling Adora’s fears and doubts, “And if you want to do more, I’d be happy to receive. But I don’t want you to feel like you have to because I’m more than happy to make you feel good.”

“Still…” Adora says with a sigh, “It still feels one sided… I should be doing more.”

“And that’s another reason why I love you.” Catra says, a hand cups the blonde’s face as she gently rubs her thumb over her cheek, “You don’t need to be selfless with me. If anything… I want you to be selfish with me.”

“Why?”

“Because I’ve followed your life, princess.” Catra states matter of factly, “And you give so much of yourself to everyone and everything. I think that’s what makes this so perfect. I want you to be selfish when it comes to me.”

Adora looks at the magicat confused.

Catra grins in reply, “So… let me be selfish with you, princess.” Adora just stares back, “Let me be the only one that gets to make you feel good. Let me be the only one you take from without needing to feel like you need to give back to me when it’s my choice to give you more.”

Adora sighs out, a small grin on her face as she shakes her head, “You’re ridiculous.” She pulls the magicat in for a kiss, before looking into Catra’s eyes once they break for air, “I am selfish with you, if you haven’t already noticed.”

Catra makes a *mrrp* noise in response and Adora giggles at the sound.

"I guess you haven't noticed how much I like keeping you to myself." Adora says, "I love being the centre of your universe, Catra. And I hope I'm the centre of yours."

"Definitely." Catra replies, "You're my sun. My moon. My stars..."

Adora leans in and kisses Catra again, "You are my everything, Catra."

The magicat purrs up a storm upon hearing that, before her phone buzzes and she groans out while Adora giggles at the action, "It's probably Traps. Fucking great timing…"

Adora reaches over and grabs Catra's phone off the nightstand and hands it to the magicat, noting the lack of called ID, "It's an unknown caller."

"It's Traps." Catra says as she answers the phone, "Traps."

"Catra!" Entrapta nearly shouts into the phone before reeling herself back in, "Sorry, when are you coming to my lab?"

"Give me a few hours, Traps." Catra replies as Adora reaches down for the shorts and underwear currently at the bottom of her right leg, watching as the blonde pulls them back up over herself, "Is it important?"

"Everything is important." Entrapta replies, "Just like breathing or your heart beating."

Catra groans out again, "What do you want, Entrapta?"

"Come to the lab and I'll show you!" The other woman perks up again, "Judging by your heart rate, whatever you and Adora were doing has now been completed. So… I am sure that I am no longer interrupting anything physical. Though, for some reason, your post sex activities seem to involve a lot of talking."

“What would you know about my post sex activities?” Catra huffs out.

“Well, from your previous forays into sexual relationships, you never seemed to stay longer than necessary.” Entrapta states like fact, “However, you seem to have changed all of that since being with Adora. And as much as I would love to study that, we have a more pressing matter involving a rather toxic online threat.”

Catra’s ears perk up in interest, “Stars… I hate how much data you have on me…”

“And Adora!” Entrapta adds, “Come by soon!”

And without waiting for a reply, she hangs up.

Catra turns to Adora, “Guess it’s time to get up.”

Adora grins, and looks down at Catra, “Nuh uh. Not until I get to return the favour!”

The magicat grins, “Oh yeah?”

“Yes.” Adora nods confidently, “Turn over. I want to try that thing that you did to me before.”

“You do?”

“Yes. Well except for the last little bit.” Adora says knowingly, “You are more than welcome to grind on my hand afterwards though.”

“Oh, I will be.” Catra laughs and turns over, pushing herself back into Adora’s front, “Whenever you’re ready, princess.”

“Catra! You’re here!” Entrapta greets the magicat as her and Adora both walk through the heavy metal doors of their lab, “And Adora! I’m so happy that you’ve come here too.”

“Hi Entrapta.” Adora waves as she takes in the lab that’s a mix between an office, as evident by the desks and computers set up along the far corner, a large screen with security footage broken up into 9 different panels plays on the wall that sits over the top of a console of sorts. Then there’s a room to the side, a glass room with a metal door, it’s fairly empty except for a table and chair inside. Then there’s the multiple desks on the inside that are filled with everything from tools to weird contraptions to notes and blueprints.

“Hey Traps.” Catra says as she guides Adora to the chairs where it looks like an office environment, the magicat gestures to the space, “We don’t exactly have an office. All our dealings are either online or in person at secure locations.”

“Oh.” Adora says unsurely, before looking around the room once more, “What is it that you do?”

“We take down dodgy scammers and the assholes that target the vulnerable.” Catra shrugs as she walks over to the large console in front of the screen, taps a few buttons and then the screen pulls up multiple files from operations that they’ve already completed, “These are the ones we have already taken down.” She points to the one on the right, “That one I took particular interest in.”

“Why?” Adora stands next to Catra and stares up at the screen, reading it, “Oh…”

“They were trafficking women, all types and species.” Catra says as she stares at the file, a smile come across her face, “Traps bombed their whole operation with a little virus she likes to call *the worm.* Basically killed off all their data and communications while the local police moved in and took them down. I only wished I could have been there instead of sitting here and coordinating their siege.”

“She did an amazing job in coordinating not just the local police but also the other groups as well!” Entrapta chimes in, nudging

the magicat from next to her, “We managed to find and locate all the victims and get most of them home.”

“Most of them?” Adora asks.

“Yeah, not every woman their had families that cared or missed them.” Catra replies, “They were the most vulnerable. They had nothing. No one.”

“What happened to them?” Adora asks.

“That’s Scorpia’s expertise.” Catra says, “She’s got a way with people, you know?”

Adora smiles.

“Yeah, she’s always been a people person.” Catra adds, “So, who else would be better than Scorp to help those that needed it the most. Well, those that wanted help anyways.”

“What happened to the ones that didn’t want help?” Adora asks next.

“Well, there’s nothing we can do for them if they don’t want help.” Catra shrugs, “I’ll give them our number and we just keep tabs on them.”

“Oh.”

“We’ve come to the understanding that we cannot help everyone.” Entrapta sighs out, “But we will do the best we can to help as many people as we can.”

Adora wraps her arms around the magicat, “What got you shot?”

“It was supposed to be a scare tactic for one of the traffickers…” The magicat glares lightly at Entrapta, “Guess it worked, even if it nearly damned killed me.”

“Without mistakes there can be no improvements.” Entrapta declares, nudging Catra again, “But I do feel bad about nearly killing you.”

“It’s fine. I’m fine.” Catra reassures, “Why did you need me in today?”

“Oh, right!” Entrapta darts off and then comes back with a key, “I’ve already dealt with the other problem, turns out I didn’t need to do much as it was already on the radar of law enforcement. But! This is for your… uh…”

“Thanks.” Catra swipes the key and pockets it, “So…”

“It’s ready to go!” Entrapta grins widely, even throwing a thumbs up in the process that makes the magicat shake her head as Adora looks between the pair, “I have work to do! And so do you!”

“This work isn’t going to get you killed, is it?” Adora asks looking at Catra.

“No. Well, I hope not.” Catra replies nervously before holding her hand out of Adora, “We better get going.”

“We?”

“Yeah, we.” Catra nods, “Come on.”

“Are you sure I should be going with you? I don’t want to get shot.” Adora says half joking and half serious as she looks to Entrapta for some kind of answer but gets none, “I’m not going to get shot, am I?”

“No.” Entrapta says, “This is more of a… personal matter of Catra’s.”

“Uh…” Adora says before Catra’s pulling her out of the lab.

“I’ll tell you how it goes, Traps.” Catra calls back as they rush out.

Entrapta just stares at the closed door and says, “I already know how it’ll go. Data never lies.”

Catra pulls up to the bottom of a locked gate and gets out, keys in hand as she unlocks the gates and pushes them open before returning to the car. Adora looks around, “Where are we?”

“Haven’s Peak.” Catra says as she drives inside, before getting out once again and shutting the gates before coming back to the car, “Our destination is at the top of this mountain.”

Adora looks up through the windshield of Catra’s car, “This place is… eerie…”

Catra chuckles, “It gets better at the top. Trust me.”

“Okay.” Adora nods, she rests her hand on Catra’s thigh, the magicat patting it a few times before putting both hands back on the wheel.

They come to a stop at the base where the nice road ends and Catra flicks a switch on the car, “This part is a little bumpy. Going to need both hands since I’m going to be 4 wheel driving.”

“Are you sure this is even drivable?” Adora narrows her eyes at what she can only describe as a track, and not a very good one at that, trees line both sides with jagged rocks and other growth all around.

“Yes.” Catra simply answers with a smirk on her lips before putting the car back in gear and moving forward.

“You can open your eyes now, princess.” Catra whispers to Adora when she finally stops and puts the car in park, “We’re here.”

Adora slowly opens her eyes and is surprised to see the trees have cleared and opens out to a small cabin located at the very top. The lights are on inside and there's smoke coming from the chimney, "What is this place?"

"Haven's Peak." Catra repeats driving towards the little cabin, and reserving the car to park in front of it, they unbuckle their seatbelts and walk towards the door, "Welcome to my second home in Dryll."

"Seriously?" Adora's jaw drops as Catra opens the door to a very homely looking place, "You have 2 houses?"

"I stumbled across this when we acquired Haven's Peak." Catra explains as she quickly checks the fireplace and then taps on the intercom by the front door, "Traps, we're here."

"Good! I'm glad you made it up there safely!" Entrapta replies statically, "I would like you to try my new modified vehicle to see how it handles that kind of terrain next time."

"Sure thing, Traps." Catra replies with a grin, watching Adora look around in wonderment, "Can you mute things on your end please. I'd rather you not hear what we get up to in here. And switch off all the internal cameras too. I don't want you recording me and Adora in here…"

"You got it, Catra!" Entrapta replies, "Are you still okay if I do a 3 second check every hour on audio?"

Sighing out, Catra replies, "Sure. But do not record it if you hear any explicit sounds or noises. Got me?"

"Got you!" Entrapta replies, "Have fun and good luck!"

"I will."

Adora turns to Catra and mouths, "Good luck?"

Catra chuckles, "Don't worry about it."

Adora sighs out as she steps in front of Catra, “What are we doing here?”

“I thought it’d be nice to bring you to my favourite spots.” Catra replies with a smile, “Actually, speaking of my favourite spots… I want to show you the view from the lookout.”

Adora nods and lets Catra bring her there.

“Catra.” Adora says as she cautiously steps towards the rocky ledge, the magicat within snatching distance in case she loses balance, “This is amazing.”

“I know.” Catra replies as she pulls Adora back to the safety, enough distance from the edge, holding the blonde in her arms from behind so that Adora can keep looking at the views on display, the magicat purrs next to here as Adora’s sighs happily.

“Who knew you’d be such a romantic…” Adora tires to joke.

“No one except you.” Catra replies with amusement in her voice, “I guess this is romantic, huh?”

“Mmhm.” Adora agrees, nodding her head as well, “Very romantic. You’ve already got the flowers.” She gestures to the ground in front of here, covered with native flora and then giggles, “You’re just missing a bottle of wine or something.”

“Oh yeah?”

“Yes.” Adora laughs again.

“I’ve got the wine.” Catra says.

“You do?”

“Yes.”

“Where?” Adora looks around.

“It’s around.” Catra replies with a chuckle, “But… I got something even more romantic than flowers and a bottle of wine.”

“What’s more romantic than this?” Adora leans back further into Catra’s arms.

“A ring.” Catra whispers into Adora’s ear, the blonde turns her head and sees a nervous smile on the magicat’s face, the words come out a little stuttered as Catra manages to ask, “Marry me, Adora?”

Adora turns around fully in Catra’s arms, wrapping her own around the magicat’s neck and pressing her lips onto Catra’s in a long and soft kiss, resting her forehead against Catra’s with a smile on her face.

Catra looks into Adora’s eyes, the nervousness still on her face as she swallows it down and asks, “Is that a yes?”

“Oh, fuck…” Adora realises and then laughs, pressing more kisses on Catra’s lips before she whispers into Catra’s ear, “Yes.”

Chapter End Notes

A bit of a longer chapter, but finally got to the bit with the ring!

I've been procrastinating on this chapter, but it's been in the back of my brain for a while so I finally managed to sit down and write it.
Thanks for reading, commenting, kudos, bookmarking and subscribing.

New messages from Wildcat!

Wildcat: You said yes, right?

AdoraG: To what?

Wildcat: Marrying me? Being my ball and chain forever?”

AdoraG: I think you mean... furever.

Wildcat: Can I take back my proposal? I think I made a mistake and you’re going to be insufferable...

AdoraG: Never! It’s too late, you’re already locked in!

Wildcat: Where are you, princess?

AdoraG: The lookout. Looking out.

Wildcat: Get your ass back into bed so I can fuck my future wife again.

AdoraG: But… the sunrise…

Wildcat: What is it with chicks and nature?

Wildcat: I'm coming…

Wildcat: I'm okay with outdoor sex…

AdoraG: No. I'm not.

AdoraG: I don't want wildlife watching me.

Wildcat: You're going to get fucked by the wildest of the wildlife in the wild…

AdoraG: Stars… can you bring my jacket?

AdoraG: It's freezing!

AdoraG: PLEASE!!!

AdoraG: Promise to marry you!

Wildcat: Fine. Be there soon.

"Your jacket, m'lady." Catra says as she drapes Adora's jacket over the blonde's shoulder and then looks out, "Mm… it's still dark."

Adora rolls her eyes, "The sun is starting to peek out. Just be patient."

"I am patient." Catra sticks her tongue out at the blonde, Adora barely able to make it out as the magicat takes a seat next to her future wife on the fallen tree, "It's too early for this."

The comment makes Adora laugh, letting herself lean up against Catra and resting her head on the magicat's shoulder, "Sunrise usually is early."

"Mm." The magicat hums as she wraps her arm around Adora, "Sounds legit."

Adora rubs her face on Catra's shoulder as she laughs again, and then points, "Look. It's coming up."

Catra presses a kiss on Adora's head and then rests her own on top, "Should we be looking directly at it? I heard its… blinding."

The blonde slaps the magicat on the shoulder playfully before sighing happily at the sight they are both witnessing and then winces a little, bringing her left hand up to inspect the ring Catra presented her with, "When did you get this?"

Shrugging, Catra takes Adora's ring hand in hers, bringing it to her lips to kiss the back of her hand as she replies, "A long time, princess."

"How long?"

"Too long." Catra says, no longer paying attention to the sun rising, "It's still not as beautiful as you, though."

Adora just hums happily as she goes back to watching the view, nuzzling herself deeper into her magicat.

"Have you told anyone yet?" Catra asks softly, the sun now lighting up the trees and the land before them as the magicat makes a move to get up, "Hungry?"

"No to the first thing and yes to the second question." Adora replies as she lets Catra pull her up, turning around and wrapping her arms around the magicat, "What do you suggest we eat?"

"I can get a campfire going and then we can cook up some eggs, toast and I think there may be sausage or bacon or something." Catra replies scratching the back of her neck, "There's a bunch of cast iron stuff in the cabin."

Adora grins widely, "Did you plan this?"

“Well, yeah.” Catra replies, “Figured might as well wow you with my lack of survival skills too.”

The blonde laughs, swinging their joined hands, “Well, let’s get cooking.”

“Yep, I should have brought more food.” Catra says to herself as Adora polishes off the last morsel of food on their plates, “Where does it all go, princess?”

Adora just grins with a mouthful of food before setting her plate down, “Does it matter?”

“No.” Catra shakes her head with a chuckle, “Guess you’ve got a high metabolism or something.”

“What about you?” Adora asks right back, “You ate just as much as I did…”

“Magicat genes, babe.” Catra quirks an eyebrow back at the blonde, “Besides I do exercise… sometimes.”

“Uh huh.” Adora replies unbelievingly, “Are we heading back today?”

“Nah, I thought it’d be nice to hang out here a little longer.” Catra says, “There’s a few trails I thought you might like.”

Adora nods, “Guess I should have packed a few more things, huh?”

“Don’t sweat it.” Catra replies as she collects their plates and cutlery, “I grabbed your bags. And there’s a few things in the cabin if you want to use them.”

“You’ve got clothes for me in the cabin?” Adora asks as she puts out the fire, “It better not be something ridiculous or stupidly expensive.”

"Never." Catra grins, "When have I ever don't something like that?"

"Should I remind you about the two dresses that would take me a year or more to pay off? Or the 3 pairs of shoes to go with them? Stars, I don't even want to know how much they cost." Adora smiles at the memory, "Or the fact that you paid a store to stay open in case the dresses didn't fit me?"

"I don't see how any of that is ridiculous, seems practical to me." Catra simple shrugs, a smile playing on her lips, "And no, I got you that 'active wear' stuff you seem to like so much."

"You like it too." Adora smirks back at the magicat.

"On you." Catra corrects, "I'm not complaining about how skintight it is…"

Adora sticks her tongue out at Catra before leaning in and whispering into the magicat's ear, "Maybe after you'll be able take off the skintight 'activewear' to feel my skin without all the clothes in the way…"

Catra shivers at the thought, "Mm… well, let's get all this cleaned up so I can get you hot and sweaty and then afterwards… *get you hot and sweaty…"*

Adora giggles out at that, "Mm… okay. I can't wait to check out the trails around here."

They finally manage to hike to the highest point of the mountain, Adora taking in the fresh air as she catches her breath while Catra decides to climb one of the trees to get a better vantage point of view.

Catra climbs back down, "Hey Adora."

“Hey.” Adora smiles back still out of breath as she takes in the view, “This place is amazing.”

“Climb up this tree. You’ll get to see even more.” Catra holds her hand out.

Adora looks at the tree, “And… how am I supposed to get up there?”

“I’ll help you.” The magicat grins, “I figured out a path you can climb. And I’ll catch you if you fall.”

Adora bites her bottom lip nervously, “Do you promise?”

“Of course.” Catra replies as Adora places her hand in the magicat’s, “I’d never let you fall.”

“Mhm.” The blonde hums out as the magicat looks up at the tree, “What am I looking at?”

“The path.” Catra simply says.

“What path?”

“That one.” Catra points to the corresponding branches, “And then that one, and then that one and then that one.”

Adora rolls her eyes, “Are you sure it can even take my weight?” the magicat just looks Adora over before the blonde shakes her head, “Don’t make fun of me. I don’t want to kill the tree or have the tree break and kill me.”

“Adora. You’re not going to break the branches or kill the tree or yourself.” Catra informs her matter of factly, “And those branches are more than strong enough to take your weight, provided you don’t bounce on them.”

“Ugh, fine.” Adora relents before reaching up to grab the first branch, “Give me a boost?”

“Sure.” Catra gets down on one knee, letting Adora use her leg as a step as she then pushes her up by the feet until she can hear the blonde grunt with effort and pull herself up onto the branch, “You good there?”

“Uh huh.’ Adora replies unsurely as Catra climbs the tree easily using her claws, the blonde scoffs out, “Show off…”

Catra grins back, “Come on, it’s not much higher from here.”

Adora looks up and sighs out when she looks down again, “How am I going to get down?”

“Quit pouting, princess.” Catra chuckles out, “Nothing’s going to happen to you.”

The blonde nods, “Okay. I trust you.”

“Great.” Catra grins again and guides Adora up a little higher until they get to a small clearing in the branches and the magicat makes sure she doesn’t fall, “Well. What do you think?”

Adora’s too busy taking in the views to answer as Catra just watches her future wife take everything in. She so enamoured with the view that she doesn’t realise that she’s moving forward and then yelps.

“Woah. Careful there, princess.” Catra steadies the blonde, “Watch your step.”

“Thank you.” Adora genuinely says before she presses a quick and cautious kiss on the magicat’s lips, “Everything feels so perfect.”

“You’re perfect.” Catra replies as gently squeezes the blonde’s waist, “Should we head down now?”

“Oh, hang on.” Adora pulls out her phone much to Catra chagrin, “I want to get a photo of us up here.”

Catra nods, “Do you want me to take it, so you don’t fall out of this tree?”

“Okay.” Adora says before she realises she’s got full mobile phone coverage, “Wait. I need to make a phone call first!”

“Wait, what?” Catra manages to say before Adora’s calling someone.

“Mom! Hey!” Adora grabs onto Catra’s arm for balance, “Wait, let me put this on video call mode… there! Can you see me?”

“Adora? Where are you?” Marlena asks staring back into the screen, “Are you in a tree? With Catra? That girl is a bad influence on you. You know better than to go climb trees after you literally fell out of one.”

“That was an accident!” Adora groans, “And I was trying to do a good thing.”

“You didn’t have to climb up the tree to retrieve that ball for the ‘kids’ down the street.” Marlena rolls her eyes, “They were teenagers and a lot taller than you. They would have been find getting it themselves.”

“You did what now?” Catra says a little shocked.

“I didn’t even break anything.” Adora huffs out, “And I got the ball down too.”

Marlena hums in response as Catra cuts in, “Hey Mrs G, guess what?”

“This better not be about that video Entrapta sent me yesterday…” Marlena warns.

Catra looks at Adora and then back to the screen, “I have no idea what you’re talking about Mrs G. What video? We haven’t had full mobile coverage until we got here. Though… I could text princess here...”

“Oh, never mind then.” Marlena brushes it off, “She must of only sent it to me…”

“Mom?” Adora asks confused, “What did she send you?”

“Oh, nothing. Just more… magicat and… I’m not sure… it was another type of hybrid mating…” Marlena replies scrunching her face up, “It was very… raw…”

“I’m going to ask Traps to stop sending you that stuff.” Catra declares, “Unless you don’t want her to stop…”

“Eh.” Marlena shrugs, “Beats the heck out of watching daytime tv.”

Catra laughs, “So… Adora has something to tell you…”

“Catra finally won that $50, huh?” Marlena smirks back into the camera.

“Oh, right. I forgot about that…” Catra thinks to herself before pulling out her phone and texting Entrapta.”

New message from Wildcat!

Wildcat: Traps, you owe me 50 bucks.

Wildcat: A crisp note will do just fine.

Wildcat: No weird denominations or small change.

Wildcat: It wasn’t funny the first or the last time it happened.

Traps: Sad face. ☹

Wildcat: You don’t need to type that and have an emoji…

Traps: 😊 happy face!

Wildcat: Be back at the lab tomorrow.

Traps: Ok!

"Mom! I'm engaged!" Adora brings up her ring hand to show her mom, "Can you believe it?!"

"Oh, I'm so happy for you, love!" Marlena gushes back through the phone, despite already knowing the news in the first place, "When's the wedding?"

"We haven't…" Adora looks to Catra who just shrugs back, "We haven't decided that yet."

"And where were you planning to get married and who are you going to invite?" Marlena starts to bombard Adora with a lot of questions, "Oh, and who's going to be your maid of honour and Catra, who's your best man or woman going to be?"

"Uh…" Adora takes in a breath before Catra takes the phone from Adora.

"I'm going to say, no idea to all of your questions for now, Mrs G." Catra grins, "When I get princess back home to you, we can start looking into all of those details. But for now, I think we're just going to enjoy a little peace and quiet until Adora tells everyone."

"You mean she hasn't told Glimmer and Bow yet?" Marlena says surprised.

"I haven't had any reception until I climbed up this tree." Adora replies, "Which reminds me…"

"It's okay, Adora." Marlena smiles back, "Congratulations. To both of you. Now, you better go tell those friends of yours before they hear it from someone else…"

“Bye mom, love you!” Adora waves at her mom, “I’ll be back soon!”

“Enjoy your time off, Adora.” Marlena rolls her eyes, “I’ll see you when you get back.”

“Bye, Mrs G.” Catra grins at Marlena.

“You better get used to calling me mom soon.” Marlena points a finger at Catra before they both laugh, “Actually don’t call me mom. It’s weird thinking about my two children having relations…”

“Ew, gross. No incest.” Catra sticks her tongue out teasingly, “Guess, you’ll just be Mrs G for life.”

“Eh, I think I’ve gotten used to it, since now *everyone* in the hospital except for Glimmer and Bow call me that.” Marlena sighs defeatedly, “I blame you and your friends for that.”

They share another laugh as Adora takes the phone back, “Love you, mom. Take care!”

“You too, Adora. I love you and Catra too.” Marlena waves to the phone, “Bye.”

“Bye.”

“Well, everyone knows now.” Adora says as she slumps onto the bed in only her bathrobe, fresh out of the shower, her hair still wet as she rolls over to the side and leans on one elbow, “What about you?”

“Traps owes me 50 bucks and Scorp owes her 50 bucks.” Catra replies as she drapes her own towel over the rack in the bathroom, “Scorp bet that I would propose in the cabin instead of the lookout.”

“Wait, I thought Entrapta had bet that you would propose to me in the hospital…” Adora frowns out, “Why would she take on another bet from Scorpia at a completely different location.”

“No idea.” Catra chuckles as she shakes out her now dry fur and slides her own bathrobe off, “Now… I think you are overdressed to be in bed, princess.”

“My hair is still wet.” Adora simply replies with a small smile, “It’s uncomfortable when it’s wet. Plus, I literally just got clean and you’re going to make me all dirty again.”

“Don’t worry, princess.” Catra grins out slyly, “I’ll clean you up good afterwards.”

Adora shivers at the thought of Catra’s tongue on her, “Mm… can we wait a little bit?”

The magicat shrugs, “Sure.” And then she flops onto the bed, “What do you want to do while we wait?”

Adora looks around the room and spots a book on the shelf, “Read to me?”

Catra follows the blonde’s line of sight and spots the book, “Oh, you are in luck. That is one of my favourite books.”

“It is?” Adora sits up so she’s against the headrest, “What book is it?”

Catra gets off the bed, forgoing her bathrobe while picking the book of the shelf and bringing it back to the bed, sitting next to Adora to show her the cover, “Do you like dinosaurs?”

“I’ve seen that movie, Catra.” Adora laughs out as she read the title, “And the second one too.”

“Yes. But the book is way… better.” Catra grins as she opens up the book, *“Prologue: The bite of the raptor…”*

“Stars…” Adora breathes out after the first chapter, “They didn’t have *that* in the movie…”

“No.” Catra chuckles, “I think if they did the rating would probably have to change.”

“Huh.” Adora says as she thinks about, “What else is in there that isn’t in the movie?”

“I… I don’t think I’m going to spoil this for you, princess.” Catra smiles back, “But I can tell you that Nedry does end up being killed by that Dilo. Though… it’s not as graphic in the movie compared what’s written in here…” Catra taps the book with a grin.

“Oh.” Adora scrunches up her nose, “It still ate him though?”

“Yep.” Catra replies as she shuts the book, “Do you want me to read more?”

The blonde yawns, shaking her head, “I feel like I could fall asleep to you reading to me. It’s nice, but I don’t want to miss out on what happens in the book.”

“Sleep?” Catra asks.

Adora nods, rubbing her cheek against Catra’s chest, “Is that alright?”

“Of course.” Catra replies pressing a kiss to the top of Adora’s now dry hair, “Sleep. I’ll wake you in the morning so we can head back to my place.”

The blonde nods again before falling asleep wrapped in Catra’s arms as the magicat puts the book down and smiles down at her future wife and mate.

Catra wakes up to Adora pressing kisses along her face and neck, the magicat can't help but smile when the blonde finally presses her lips against the magicats. Catra hums out happily into the kiss, "Morning, princess..."

"Morning…" Adora says as her words are muffled into Catra's neck, "Mm… you feel so good."

Catra's hands immediately move to Adora's body, reaching through the bathrobe she slept in as she pulls the blonde on top of her, wrapping her up in a warm embrace, "You feel really good too."

Adora nestles her face into Catra's neck and breathes out, "Mm…"

"Are you doing alright there, Adora?" Catra whispers into Adora's ear, "Got something on your mind?"

"Yeah." Adora lifts her head up so she can look down into Catra's eyes and then says, "You."

Catra grins, "I've got you on my mind all the time too."

Adora smiles back brightly, "I'm sorry I fell asleep last night…"

"Hey." Catra cups the blonde's cheek with a soft look on her face, "Why are you sorry? We don't need to be fucking like rabbits all the time." Adora muffles a laugh in Catra's neck, "And I'm not going to pressure you into anything you don't want to do. You know that."

"I do know that." Adora agrees and then sighs, "Can I make it up to you?"

"Nothing to make up for, princess." Catra smiles and then looks up in thought, "Though, maybe you should kiss me again…"

"Where?" Adora teases with a raised eyebrow and then presses a kiss on the magicat's cheek, "Here? Or…" she kisses Catra's neck,

“Here? Or…” the magicat chuckles as Adora starts to move down to her collarbones, “Here?”

“Come back up here, Adora.” Catra smiles down at the blonde and then points at her mouth, “Kiss me here.”

“Oh, is that where you want me to kiss you?” Adora feigns innocence and then she yelps when Catra pulls her down so she can press her lips on Adora’s, “Hey! No fair!”

They both end up laughing as Catra pushes the bathrobe off Adora’s shoulders and finally gets a good look at the blonde’s body, “Mm… you are so beautiful Adora.”

Adora flushes, hiding herself back into Catra neck at the compliment, the blonde’s hands starting to roam across the magicat’s chest, “You’re not so bad yourself.”

Catra’s eyes widen a little when she feels Adora’s hand exploring lower on her body until the blonde’s hand is resting in between the magicat’s legs, Catra bucks her hips up a little to get a little more contact and Adora pulls back teasingly making the magicat growl out, “Are you sure you want to tease me, princess?”

“Maybe a little.” Adora presses a kiss to Catra’s nose.

Another growl pulls out of Catra’s chest as she seizes Adora’s hand and presses it against herself, “There. You found what you were looking for.”

Adora’s raises an eyebrow, “So impatient.”

And as Catra is about to retort, Adora gently runs her fingers up and down the magicat’s slit making Catra gasp out a little at the sudden contact, “Fuck…”

“You like that, baby?” Adora presses a kiss onto Catra’s lips, “Want me to keep going?”

Catra nods, “Yeah, keep going.”

“Okay.” Adora smiles as she adjusts herself so it’s a little more comfortable as she starts to move her fingers with more intent, keeping the magicat’s legs open using her own thigh, “Mm… you feel so good.”

“Fuck… Adora…” Catra breathes out with gritted teeth as the blonde rubs the right spot, “There… keep going… there…”

“Here?” Adora whispers back and Catra nods vigorously, a proud smile on the blonde’s face, “I got you, baby…”

“Fuck…” Catra grits out as she claws at the bedsheets and not Adora’s back, her eyes lock onto her blonde’s neck and she licks her teeth, “Mm… keep going princess… right there… I’m close…”

Adora nods, Catra leans up and licks the blonde’s neck and Adora gasps, looking down with a faux glare at the distraction, “Keep that up and I’ll take my time…”

Catra grins back, before her eyes rolls back as she feels herself climaxing with gritted teeth as she quickly reaches down to stop the blonde’s motions, “Fuck…” she breathes out again, pulling Adora’s hand up to her and holding it against her chest.

“Good?”

“So good.” Catra breathes out with a grin before moving herself down a little so she can suck Adora’s nipple into her mouth, the blonde’s breath hitches and then she lets out a low moan. And before Adora can say anything, Catra’s moves Adora over the top of her so she’s now straddling the magicat, letting go of the blonde’s nipple for moment, Catra grins and says, “Beautiful.”

Adora rolls her eyes and then rolls it back when Catra runs her hand in between Adora’s legs, making the blonde fall forward, bracing herself on Catra’s chest as she shuts her eyes tightly, “Fuck… Catra…”

Catra leans up again and licks from one nipple to the other as she continues to tease the blonde’s folds, she pulls back for a second

and looks up at the blonde who is grinding against her hand, "I want to taste you, baby."

Adora's breathing is already heavy as she concentrates on getting herself off, her eyes open slowly but she makes no movement to go anywhere, "Mmngh!"

Unhappy with the lack of response, Catra jostles the blonde even more forward while she slides herself under the blonde's pussy, holds onto Adora's thighs and brings her down to her mouth.

"Oh FUCK! Catra!" Adora almost screams as she feels the magicat's tongue running up and down her slit before concentrating on her clit, "Mm… ah… ah… fuck…"

Catra grins up and into Adora's pussy, the blonde's head thrown back as she grinds herself down on Catra's tongue, the slick from the blonde licked up greedily by the magicat as she feels Adora's orgasm approaching.

"Wha…?" Adora eyes open when Catra's pulls herself up and out from under Adora and presses a messy kiss on Adora's lips while she buries two fingers inside the blonde, "Ngh! Fuck… oh, fuck… FUCK!"

Catra holds the blonde in place on her lap as she continues to roughly pump her fingers in and out of Adora, the blonde leaning into Catra's neck and biting down as Catra sheathes her claws from digging into the blonde's back, the magicat ignoring the pain as she continues to fuck her future wife and mate.

Adora pulls herself off Catra's neck and breathes out rapidly, "Stop, stop, stop…"

Catra stills her hand, her fingers still inside Adora as the blonde catches her breath and opens her eyes, her inner walls still twitching around Catra's fingers as she leans in and presses her lips onto Catra's, "Fuck…"

At first the magicat thinks it's just Adora's reaction to the orgasm and the fingers still inside her, but when she looks at Adora, the blonde just stares at the magicat's neck, "What's wrong?"

"You're bleeding…" Adora replies guiltily, "I'm… I'm so sorry, baby… I didn't mean to bite down so hard…"

Catra pulls her fingers out of Adora, the blonde shaking a little at the act before she slumps down and forward to inspect the wound, quickly grabbing Catra's hand to stop the magicat from touching it with her hand that's covered in the blonde's slick, "You bit me."

"I'm so sorry!" Adora repeats but then her concern turns to confusion when Catra starts to laugh, "What? Why are you laughing? This is serious!"

"You didn't bite through an artery. I think I'm fine." Catra brushes off Adora's concern, wrapping her arms around Adora's waist and leaning into the space between Adora's breasts and purring, "You can clean it up once I'm done here…"

"Catra!" Adora whines out, "We have to clean it now or it could get infected!"

"Mmhm." Catra hums out but makes not move to shift.

"Catra!" Adora tries again with a pout.

"Ugh, fine." Catra rolls her eyes and reluctantly lets Adora get off her, only so she can watch her blonde future wife bend over to retrieve the first aid kit before returning to straddling Catra's thighs as she cleans and bandages the bite she left, "Better?"

"Yes." Adora nods and then looks into Catra's eyes, "We'll have to monitor it in case it gets infected."

"Okay, princess." Catra agrees as Adora rests her forehead on the magicat's and sighs, "Thank you."

“What time do we have to go?” Adora asks as she wraps her arms around Catra’s neck, rubbing her cheek on her magicat, “I think I’m going to need to take another shower.”

Catra blindly reaches for her phone and then checks the time, “As long as we are out of her by midday, we’ll be fine.” Catra replies, “Come on, I’ll help you clean up like I promised.”

“Hey Traps.” Catra says as her and Adora walk into the lab, “How’s it hanging?”

“Up!” Entrapta points to some kind of contraption hanging from the roof and Catra just shakes her head at the response, “But… that’s not what you really meant, was it?”

“No, definitely not.” Catra replies, “How are we going on getting to those scammers?”

“Great!” Entrapta beams back, “I’ve managed to infiltrate their internal computer webcams and have loads of data to put each and everyone of them in jail!”

“That’s great.” Catra nods with a smile, “Where’s Scorp?”

“Oh, she’s getting scammed.” Entrapta simply says and Catra just nods in understanding.

Adora clears her throat, “Wait, what?”

The pair stare at the blonde, “It’s all good, princess.” Catra replies.

“It’s all part of the plan.” Entrapta grins back, “Scorpia is the type to be scammed after all.”

“Uh…” Adora says as she looks to Catra, “But…”

“We’ve got her computer tracked and any calls correspondence as well.” Entrapta starts to explain, “As soon as they ‘hack’ into the

dummy bank account, it'll trigger my trap!"

Entrapta starts to laugh maniacally as Catra grins and then looks to Adora, "Scorpia's not using her own computer or even her own accounts. We're essentially scamming the scammers. They'll get a huge shock when we drain their accounts as well as alerting the authorities."

"What happens to the money?" Adora asks raising her hand.

"The authorities unfortunately take most of it away, they're supposed to give it back to those that got scammed but, they aren't as good as me so… most of it doesn't make it back. But if it was up to me, we'd give all that money back to the victims."

"Why can't the money give it back?" Adora asks, a frown on her face.

"Because they can't sift through all this data as quick as Traps can." Catra replies before she stage whispers, "Don't worry. We only give the authorities a small amount quantity to sift through, the rest… well, Traps anonymously donates it back to its rightful owners."

Entrapta grins widely before it drops slightly, "Unfortunately we can't give all of it back… or the authorities will become suspicious at scammers having no money. We usually leave a couple of million in their accounts while I hack into the employees personal accounts and take back what I can without leaving them completely dead in the water."

"So… you're like… robin hoods?" Adora surmises and Catra scoffs, "No, not robin hoods?"

"Can I be Batman?" Entrapta shouts before she's about to say something else to Catra.

"Traps! No. Do not go there." Catra threatens, "If you even breath the word… catwoman… I'm going to claw you…"

Entrapta makes a face, “But that would be way too obvious!” and Adora giggles, “No, I was going to say if I was Batman, you could be Grundy!”

“No way! I am not Grundy!” Catra groans out, “That’s totally Scorp.”

“Oh, I guess you’re right…” Entrapta thinks as Adora continues to snicker, coming back from behind Catra and wrapping her arms around her as Entrapta thinks again, “Oh, I know! Superman!”

“Can’t fly.” Catra argues.

“Wonder Woman!”

“Stars, no.” Adora laughs out at the thought of Catra as Wonder Woman.

“Hawkgirl?”

“No. Again, can’t fly.”

“Green lantern?”

“Can’t. Fly.” Catra groans.

“So… I shouldn’t say Superman?” Entrapta thinks out loud.

“Nope, you’ve already said that.”

“Maybe you’re just not the superhero type…” Entrapta says a little deflated.

“I’m just… me.” Catra sighs and then the three of them jump when Scorpia comes bounding in excitedly.

“Wildcat! Adora!” Scorpia scoops the pair of them up in her arms and hugs them tightly, “I am so happy for you! Congratulations! I can’t believe my Wildcat is getting married!”

“Wildcat!” Entrapta shrieks out like she’s just had an ‘eureka’ moment, tapping away on her device and then revealing a picture of the superhero that looks like a… wildcat, “Got it!”

Catra narrows her eyes at the screen Entrapta holds in front of her and nods, “That’s fine.”

“Oh, there’s also a Firecat, if you want that as your alter ego!” Entrapta shouts out, swiping it over to the picture of Firecat, “Though, I think she might be a villain?” the purple haired woman shrugs and then turns to the Adora, “So, when’s the wedding? I need dates so I can block them out to make sure I’ve got systems in place when it happens…”

“We haven’t talked about it yet.” Adora says while Scorpia lets the pair down, “I don’t think we’ve done much about it apart from Catra proposing and me saying yes.”

Catra smiles widely at the memory as she looks to her two best friends, “Do you losers want to be my best people?”

“Both of us?” Scorpia says with hearts in her eyes.

“Pass.” Entrapta waves the offer off, “I don’t think I have the attention span for best person duties.”

Catra nods, expecting that in the first place as she turns to Scorpia, “Well, how about it, big gal?”

“Yes! Gosh! I am going to be the best person to you!” Scorpia gushes as she pulls Catra in for another hug, the magicat letting herself go limp in the scorpini’s arms until she’s let back down again, “I can’t wait to tell Perfuma!”

Catra laughs, “Cool.”

Adora looks at Catra, “Uh, we should probably talk about where and when, huh?”

“Yeah.” Catra smiles, “But, we can do that on the way back to Bright Moon.”

“We can?”

“Yeah. It’s a long flight back.” Catra stretches her arms over her head, before taking Adora’s hand, “Come on, I know this great place for dinner and then we can head back and you can pack for our trip back.”

Adora nods, a smile on her face, “Okay. But… can I leave some of my stuff at your place?”

“You want to leave stuff at my place?” Catra repeats with a smirk, “Sounds like you’re already moving in with me…”

Adora shoves the magicat playfully, “Well, you better get used to my stuff being everywhere since you’re going to marry me.”

Catra sighs dramatically, “The things I do for love.”

"Hey Mrs G." Catra greets as her and Adora enter Marlena's room, "I see you're getting out next week. Congratulations."

"You make it sound like I've been in prison." Marlena points out.

"Prison probably had better tv and you could have got yourself better drugs." Catra chuckles to herself as she watches Adora hug her mom, "So, I guess we need to talk about where you're going to go once you get out of here."

"You are more than welcome to stay with me, mom." Adora offers.

"Or… we can find you somewhere else." Catra suggests, "Anywhere in particular you want to stay or go?"

Marlena sighs with a shrug, "I've been in here for so long, I wouldn't even know where to go."

Catra nods as Adora pulls up a chair and sits by the bed, holding her mom's hand, "Well, we have a lot of options."

"Too many, I think." Marlena pulls out her phone, "Entrapta has sent me so many places that I'm overwhelmed by all of it."

"It's okay." Adora squeezes her mom's hand, "You don't have to decide right now. We can go look at a few places once you're

discharged. Like I said, you are more than welcome to stay with me for as long as you need."

"And listen to the two of you create a grandmagikitten? No, thanks." Marlena replies with a smirk, "But on the topic of grandmagikittens… how is that coming along? Entrapta has stopped sending me magicat videos and now is just sending me whatever she deems interesting…"

"Uh…" Catra reaches out for Marlena's phone, "Can I see what she's been sending you?"

"Nope. That's private." Marlena pulls the phone back and laughs, "Has she not being sending you videos too?"

"Not since we went back to Dryll." Catra replies, "So, back to you getting discharged…"

"Have the doctors given you some kind of plan for when you go home?" Adora asks.

Marlena shakes her head, "I think someone is supposed to come talk to me about transitioning from the hospital back to home."

"Okay." Catra nods as she nudges Adora, "Have you told her?"

"Huh?" Adora turns her head back to her magicat, "Told her what? She knows we're engaged."

Marlena squeals happily, before narrowing her eyes at Catra, "Took you long enough."

Catra laughs, "Well, I didn't want to just propose after fu… fun times…"

"I do not need that image in my head…" Marlena grimaces slightly, "Thanks to Entrapta, I have too many images in my head on things of that nature…"

"Why do you keep watching them again?" Catra asks with a grin.

Marlena shrugs, “Boredom, I think.”

“Sure.” Catra chuckles, “But that is not I was talking about. Did Adora tell you about the job?”

“Oh, did you hear back?” Marlena perks up, pushing herself so she’s sitting with a little help from Adora.

“Yeah, I did.” Adora nods, “And they offered me the job. I start next week.”

“That is amazing!” Marlena reaches out to hug Adora, “I’m so happy for you.”

“Thanks, mom.” Adora smiles back in return, “Unfortunately it means that I’m probably going to be starting when you’re going to discharged.”

“Nothing wrong with that, I wouldn’t really want my daughter to help me shower now, would I?” Marlena says, “Tell me again, is this a full time or part time role?”

“It’s supposed to be full time.” Adora replies, “But there’s a probation period of… I think 3 months? And then if it all goes well… they’ll offer a permanent position after that.”

“So, Mrs G.” Catra says pulling Adora’s mom back to their conversation of where she’s going to live once she’s out of hospital, “Any preferences on where you want to live when you get out of here?”

“I really don’t know.” Marlena sighs.

“Well, what if you didn’t stay in one spot?” Catra brings up.

“What do you mean?”

“Do you want to be tied down to one spot?” Catra asks as she fiddles with one of the machines in Marlena’s room.

“Cat, please don’t touch that.” Marlena chastises, “Remember the last time you did that?”

The magicat quickly withdraws her hands and shoves them into her pocket, “Yeah, don’t really want to get yelled at again by an angry nurse…”

Adora giggles at that, “Then keep your hands to yourself.”

Catra quirks and eyebrow before swiftly pulling Adora up and out of her chair and over her shoulder, slapping her ass as the blonde huffs out indignantly, “What was that about my hands, princess?”

“Catra! Let me down!” Adora laughs as she’s swung around in a circle by the magicat, “You’re going to make me throw up!”

“Hey, save that for your bedroom.” Marlena laughs out before thinking about it for a moment, “Actually, I don’t want to know about vomit play…”

Catra pauses and looks at Marlena incredulously, “Gross. You’ve been watching way too many videos from Traps.”

“I’m thinking of a small place. A studio or something. Low maintenance place.” Marlena surprises everyone when she says that out of the blue, “Location-wise… I guess I’d like to stay close to city. Metro area really.”

“Oh.” Adora mouths out as Catra turns her on her shoulder so she can see her mom, “You want to stay here, in the city?”

“Well, for now anyways.” Marlena shrugs, “Until I’m in the clear, I think I should stay close to here. And then when I’m completely in the clear… I’m thinking of travelling.”

“Sounds like a great idea, Mrs G.” Catra says with her back to the older woman.

“Catra. Can you please speak to me directly instead of me looking at your butt?” Marlena scolds and the magicat laughs out,

spinning with Adora still on her shoulder, “Better.”

“Yes. You’d much rather look at Adora’s ass.” Catra jests as Marlena sends her a look, “Okay, I’ll put your daughter down.”

“Thank you.” Marlena says as she watches Catra lower Adora down, “Now, the budget is quite.. tight… so being in the city or closer to the hospital will very likely be out of the question.”

“How much are you looking to spend?” Catra asks as she throws her arms Adora’s shoulders from the back, “And how far out are you willing to go?”

Marlena shrugs, “I had a look at my savings and… there’s really not a lot left.”

“Mrs G.” Catra leans her chin on Adora’s shoulder, “Don’t worry about the money. Adora’s got it covered.”

“I do?” Adora looks back at Catra and remembers, “Right! Yes. I do!”

“You mean the money you got from Catra after your… auction on yourself?” Marlena quirks an eyebrow at her blushing daughter who nods in confirmation and then looks to Catra, “How much did you give Adora?”

“It was for you, mom.” Adora cuts in, “I did what I did so that we could stay afloat. And if it wasn’t for Catra… I…” the blonde looks to her magicat, “I…”

“The money is for you Mrs G.” Catra finishes off Adora’s sentence, “Well, you and Adora. And I don’t want to hear about how you can’t accept it or whatever because you can. So, take it. Use it however you want. Well… maybe not however you want…”

Marlena chuckles, “I don’t know what you mean.”

“I mean, don’t hit the casino and bet it all on red or black or whatever.” Catra states, “That’s not the money is for. And don’t

spend it on booze and drugs…"

"Maybe a little booze." Marlena grins, "When I finally get out of here, I'm going to have a glass of something fizzy."

Catra laughs, "I'll be sure to check with your doc to see what you can and can't have in terms of booze." The magicat stepping forward and patting the older woman's hand playfully, "No point having some kind of allergic reaction or even chemical reaction to any drugs they are planning to give you on discharge."

"Hm… good point." Marlena hums in agreement.

"How about you stay with me for a little while until we find something for you?" Adora suggests, "That way you can actually have a proper look and feel of the place and the surroundings."

"She's got a point, Mrs G." Catra nods, "Can't get a feel of a place from photos online."

Marlena sighs, "Well, okay. I guess I could put up with the two of you for a little while I find my own place again."

Adora looks around her small apartment, putting her hands on her hips and sighs as Catra shuts the door behind them, their bags still packed and lain against the couch.

"What's wrong, princess?" Catra asks as she stands next to the blonde, mirroring Adora's stance.

"I'm just thinking where my mom would stay." Adora replies still looking around her apartment before she turns to Catra, "How would you feel about sleeping on the couch?"

Catra looks at her incredulously as Adora realises what she's just said.

“No! No, not like that!” Adora quickly tries to clarify, “I mean like together. How do you feel about sleeping on the couch, with me, together?”

“Why?”

“So my mom can have my bed while she stays here.” Adora bites her bottom lip sheepishly, “I can’t make her sleep on the couch…”

“Why would anyone need to sleep on the couch?” Catra asks.

“I don’t think she’d want to share a bed with the two of us.” Adora points out, “Plus I don’t have a spare room or anything.”

“Why don’t we put her up in a hotel or something until she finds a place?” Catra suggests and it makes Adora frown.

“A hotel?” Adora repeats and Catra nods, “That’s like… so expensive. I don’t have…”

“Yes, you do.” Catra reminds the blonde, “Stars, I’ll put her up in the hotel if you’d let me. That room that I stay in is practically mine and Traps. I can just ask Traps not to crash while your mom is staying there.”

“I can’t let you do that.” Adora whispers out feeling guilty at relying on Catra for this.

“Yes, you can.” Catra puts her hands on Adora’s shoulders, turning the blonde so they are facing each other, “Let me help you. Let me help your mom. And trust me, this isn’t really me doing you a favour. The room is there. And if we aren’t using it, your mom might as well. It’s got a virtual untouched room, or Traps’ room, room service, concierge, it’s accessible for pretty much anything, be it wheelchairs or crutches or whatever… mmphf!”

Adora pulls Catra in for a kiss, interrupting the magicat’s spiel and when they pull apart, Adora breathes out, “Thank you. You’re too much.”

“Is that a bad thing?” Catra asks, her ears flop down a little while waiting for a response.

“No. Definitely not.” Adora smiles, “Are you sure this is okay?”

“Yes.” Catra says with conviction and then grins, her ears perking straight back up, “But I’ll have to remind Mrs G not to get too used to it.”

“Thank you.” Adora repeats, “I’ll pay you back for it.”

“Not necessary.” Catra replies leaning her forehead against Adora’s, “You and your mom deserve to be looked after for once. And if I can give you guys a little respite, then that’s the least I can do.”

Adora looks at Catra, tears in her eyes on the verge of falling as she leans in again and presses her lips on Catra’s, “I can’t wait to be your wife.”

“I can’t either.” Catra whispers back with a small smile.

“We saw your mom today.” Glimmer says as they sit down for dinner, Bow and Catra bringing over the rest of the plates from the kitchen and then taking their seats, “She looks really good.”

“Yeah, she’s getting discharged at the end of next week.” Adora replies with a smile.

“That’s great.” Bow says mirroring the smile, “Does she know where she’s going to stay once she’s out? Since her place…”

“It’s all good, Arrows.” Catra reassures him vaguely, “We’ve got a few plans.”

“Like what?” Glimmer asks as she fills her plate up, “Because she is more than welcome to stay with us. We do have a spare room.”

“I know.” Adora nods appreciatively, “And thank you for offering. Mom knows you’d be happy to have her as well.”

“She turned us down though when we asked her.” Bow admits, “She said she’d bunk with you until she finds a place of her own.”

“Catra suggested she use her room at the hotel.” Adora blushes as she pops a piece of potato into her mouth.

“Sounds expensive.” Glimmer says looking over at Catra.

“Drop in the ocean.” Catra brushes it off as she tears off a piece of meat, “Besides, Traps and I aren’t currently using it, so, why not? It’s not getting used currently.”

“Wait. Hold up.” Bow puts his hand up, “It sounds like… you and Entrapta own this room at the hotel…”

“It’s the penthouse.” Catra says, “And yeah, we own the top floor.”

“You… You own the top floor…?” Glimmer repeats stunned, Catra nods, “Like… the whole floor of that fancy hotel?”

“Yes. That about sums it up.” Catra shrugs, “Helps that we bought it when we had the place built and then changed over from one of our labs to a now functioning and fairly successful hotel.”

“Unbelievable.” Glimmer mutters as she nudges Adora, “Why don’t you just stay there instead of Adora’s?”

“I like Adora’s.” Catra shrugs again, “It smells like her.”

“Uh…” Bow and Glimmer say together, not really sure what else to say to that.

“It’s a magicat thing.” Adora quickly explains, “Try not to think about it too hard.”

Glimmer nods but Bow has to think about it, before he grins at Catra, “It’s the whole scent marking thing, isn’t it?”

“Shut up, Arrows. Eat your dinner.” Catra growls out.

Bow nods back knowingly, a grin on his face knowing that he’s right, “So, it makes sense that you would not… mix similar scents in the same place, huh?”

“Bow.” Adora warns, “Can you please drop it?”

“Sure. Sorry.” He says apologetically, “It’s just so interesting!”

“Uh huh.” Catra flatly hums.

“Entrapta has been sending me videos!” Bow declares loudly and proudly before he grimaces thinking about them, “Very graphic and… uh…”

“Pornographic?” Catra finishes for him as he nods, she looks to Glimmer, “Have you been watching them too?”

Glimmer shrugs, “I did. But honestly, I’d rather be doing the deed than watching different types of hybrids do the nasty. And some of it, is frankly very nasty. Bordering really gross kink territory and even possibly illegal or against nature...”

“Are we talking about mouth or ass stuff?” Catra asks seriously before Adora nudges the magicat with her foot, “Ow! What? It was an honest question?”

“Can we please not talk about… *that* while we’re trying to enjoy dinner?” Adora pleads.

“Sorry Adora.” Bow softly says and then thankfully changes topic, “So, tell us about how Catra proposed and when the wedding is going to be so we can book some time off and help you with preparations.”

“Yeah, spill!” Glimmer smirks at the pair, “Was it romantic? Where did she do it? At dinner or in bed?”

Catra laughs at the last line, “I’ll let Adora tell you.”

“Your friends are exhausting.” Catra groans as she flops onto Adora’s bed, “So many questions…”

“They’re just excited.” Adora giggles as she joins Catra on the bed, cuddling up to her magicat, “Have you thought about how or when you want to get married?”

“I’m happy with simple.” Catra replies, “You, me, a court official or whatever and a few witnesses. Probably Traps, Scorp, Sparkles and Arrows. Oh, and your mom.”

“Oh.” Adora whispers out into Catra’s chest, she knows Catra would be happy with something really small, but, she’s only planning to get married once…

“You want something bigger.” Catra says like she’s reading Adora’s mind, “I’m okay with that if you want to go all out or whatever.”

Adora looks up, “I don’t want to go all out.”

“Okay.”

The blonde scoots up, “I’d like something a little… bigger…?”

“How big are you talking, princess?” Catra asks, “Like… a royal wedding type of big or… a venue with a band kind of big?”

“The latter one.” Adora giggles, “I am not royalty and as such don’t need something that big.”

“You are in my eyes.” Catra replies gazing lovingly into Adora’s, “My princess. My queen. My love.”

“Sap!” Adora tries to laugh it off but the look on Catra’s face doesn’t change as she softens as well, “You’re my everything too. My one. My only. My love.”

“Stars…” Catra rolls her eyes good naturedly, “What have we become? We’re like some lovesick people or something.”

“I’d rather be lovesick with you than pining over not having you.” Adora replies with a soft smile, “So, have any venues in mind?”

“There’s a few I’ve got in my mind.” Catra thinks, “There’s a real nice place in Dryll. Thaymore and Erelandia have really great wedding venues and I think there’s something here in Bright Moon that you might like.”

“Hm?”

“Or… Perfuma looks after a garden… of sorts.” Catra starts, “It’s not in Bright Moon though.”

“Perfuma is from Plumeria, right?” Adora asks and Catra nods, “You want to do an outdoor wedding?”

“Princess, I would wed you wherever.” Catra returns, “I just think an outdoor wedding, weather permitting, would be… nice.”

“Hm…” Adora hums out happily, cuddling back into the magicat, “That sounds perfect.”

“And we wouldn’t have to worry about the floral arrangements.” Catra adds, “Unless you have a specific theme or colour you want, that is. I’m sure Flower girl would be happy to accommodate for that or she’ll get that weird twitchy eye thing she gets around Traps sometimes.”

Adora laughs, “Okay.” She looks up, “Do you want a theme? Is that really a thing for weddings?”

“No idea.” Catra shrugs, “But it’s our wedding, so we can do whatever the fuck we want for it.”

“So… if I decide that I want it to be a… royal theme… you wouldn’t be opposed to it?” Adora grins up at Catra, “Or a fairytale theme where everyone has to have wings?”

“Stars…” Catra groans out playfully, “If you want a theme, then we can do a theme. If it’s a royal theme or a fairytale one, then we both better get to have swords and have a duel before we tie to knot.”

“Why?”

“So, we can decide who’s the top once and for all.” Catra smirks.

“You have zero training with swords, Cat.” Adora points out, “You’re going to lose and be forever the bottom.”

“I don’t mind being under you if you plan to ride me.” Catra grins and Adora blushes, “Also, I’m pretty sure I’d be able to sweep you off your feet in a duel of swords… *princess.”*

Adora pushes herself up, purposely pulling Catra’s arms over her head and pinning them down, as she whispers in Catra’s ear, “Really? You think you could beat me in a duel?”

“I know I could.” Catra boasts with a smirk on her face.

“Uh huh.” Adora quirks up an eyebrow challenging the magicat, “From my point of view… mmm… I think I’ve got the upper hand… woah! Hey!”

Catra flips them over and pins Adora’s arms over her head just like the blonde had just done before, “Ah, you forgot about my legs. Rookie error.”

Adora huffs out unhappily, “That was cheating.”

“No. Definitely not.” Catra grins down and presses her lips against Adora’s, “I think it’s time I enjoyed tasting my prize…”

Adora giggles as Catra starts pressing kisses along her jaw, her neck, her collarbones and then… “Ah… fuck… Catra…”

“Not yet, princess…” Catra breathes into Adora’s neck before pulling at the hem of Adora’s shirt, “Take off your clothes.”

“You too.” Adora’s eyes hazy with the thoughts of what’s about to happen next.

“I could simply rip all our clothes off…” Catra suggests with a purr and Adora has to look down at what she’s wearing first, and then what Catra’s wearing before she bites her bottom lip, “Is that a yes or a no?”

Adora looks down at what Catra’s wearing, it’s a very nice and definitely tailored maroon suit, a black shirt underneath and something Adora loves seeing her magicat wear, “No. I love that suit.”

Catra looks down, “My suit does it for you?”

Adora nods with a lustful look in her eyes, “Yes. So… unless you have another one… please don’t rip it…”

“Hm…” Catra gets off Adora and the bed, “Well, for my love and my future wife, I shall remove it without ruining it.”

Adora laughs while watching the magicat undress, once Catra’s jacket is off and she’s working on her shirt buttons she pauses and looks at Adora, waiting.

“What?” Adora asks with a smile on her face, not caring that she’s been caught staring, “Why did you stop?”

“You’re not keeping up with your side of the deal.” Catra resumes unbuttoning her shirt, shirking it off and throwing it on the chair in the room, “Now, I’m not ripping my suit off. But if you don’t start getting naked now, princess, I will rip through your clothes…”

“Geez, and you say that I’ve got no patience.” Adora grumbles out with a playful pout before undressing as fast as she can so she can watch Catra do the same, “There. Done. Now come back here.”

Catra drops her pants, stepping out of them and then prowling back to the bed, kneeling in between Adora’s legs and using her

hands to spread them further, getting a good look at the prize she is eagerly waiting to taste.

Adora's face burns red as she fists the bedsheets, her head flopping back onto her pillow as she bucks her hips, her legs still in Catra's grasps as she moans out, "Catra… stop teasing…"

The magicat purrs out, rubbing her cheek against the calf in her right hand, scent marking it, "What's the rush, princess?"

The blonde grinds up against nothing, whining out, "Catra…"

Catra gently lowers Adora's legs down, slowly moving herself up Adora's leg, scent marking her way up her right one until she's at the apex, the magicat takes a big breath in and licks her lips, her eyes dilate as she presses kisses all around where Adora needs her, "You smell so good…"

"Fuck…" Adora moans out over nothing but the air moving around, "Please… oh…"

Catra gets to work, her tongue licking a long stripe from Adora's opening to her clit as she wraps her arms tightly around the blonde's legs, holding her in place as she does the same movement another three more times before plunging her tongue inside.

"Oh fuck!" Adora's legs try to clamp down around Catra's head, "Mm… ah…"

Catra pulls back and goes for her clit, licking and sucking until the noises from the blonde go silent and the magicat knows she's close, holding her breath in anticipation of the orgasm on the brink of making itself known.

"FUCK! AH! Oh…" Adora bucks her hips violently as she orgasms, trying to get Catra to slow down or stop as she digs her fingers into her magicat's scalp, eventually panting out, "Stop! Stop! Stop!"

Catra pulls back quickly, a slick grin on her face, “Already?”

“Fuck…” Adora twitches around nothing as her hips move on their own accord, a giggle comes out of her throat, “You’re too… You’re too… fuck…”

“Too what, princess?” Catra asks, rubbing her cheek on Adora’s thigh.

“Fucking amazing.” Adora laughs out, “Fuck… that was… fast.”

“I aim to please.” Catra grins.

“Mm…” Adora closes her eyes happily, she smiles down at the magicat, “What can I do for you?”

Catra releases Adora’s legs and climbs up next to her, pressing a messy kiss on the blonde’s lips, “Up to you, princess.”

“Lay back.” Adora orders, wiping her own slick off her mouth as she rolls over and on top of Catra, pressing a kiss on the magicat’s cheek, “Let me make you feel good too…”

“Go for it.” Catra smirks as she gets herself comfortable while Adora presses kisses all over the magicat’s chest and down to her stomach before stopping just before the magicat’s core. Looking down, Catra sees Adora stop altogether, “What’s wrong?”

“Uh…” Adora looks back up at Catra a little sheepish and also somewhat gobsmacked.

“What is it, Adora?” Catra asks with a slight bit of concern, “What’s wrong?”

Adora moves so Catra can see and all she can say is, “Uh…”

Catra looks down and her eyes widen, “That’s an understatement…”

“But… how?” Adora stares down at Catra’s nether regions, “How is this… possible?”

“Magic.” Catra replies as she flops back, “Traps is going to have a field day when she finds out I magically grew a fucking dick.”

Adora stares down at the magicat's new… appendage and blushes, looking back to Catra, "Catra?"

"I'm sorry, princess." Catra sits up, and the looks down, "I had no idea this would happen. Like… ever."

"I know." Adora nods before looking down at Catra's dick, "I uh… I don't think I'm ready for… *that* yet."

"Oh. Right." Catra rubs the back of her neck, "Guess we haven't really done more than fingers, huh?"

Adora nods with another blush, "I… I've never…"

"I know." Catra softly says, cupping Adora's cheek in her hand, "And no pressure for you to do anything."

Adora nods into Catra's hand before looking back up, "Uh… um… I'm also not ready for… to be…"

"Don't worry, princess." Catra reads Adora's mind, "There's no way I'm ready for little ones running around yet. Especially *our* little one or ones."

Adora giggles, breathing out in relief, "So… what do we do now?"

Catra shrugs, “I’ve never had one of these before… obviously.”

“Should I? Do I? Uh…” Adora looks down again and gulps, “How do…”

Catra wraps her fingers around her own cock and instantly feels… sensitive, “Fuck… I think I’m going to need to get used to this first before… before I blow my load or whatever…”

Adora reaches down tentatively, she looks up at Catra, biting her bottom lip as her eyes focus on the magicat’s hand lightly stroking herself, “Do you want me to… uh, should I…?”

“You want to touch it? Feel it?” Catra asks looking up at the blonde.

Adora nods, looking away sheepishly.

“Sure, princess.” Catra replies taking her hand off and gently pulling Adora’s hand over by the wrist, “Just… slow. It’s super sensitive…”

Adora gulps down as she lets Catra lead her hand over until her fingers are brushing over the magicat’s shaft, “This is… really not what I was expecting…”

“That makes two of ussss… fuck…” Catra groans out at the feeling of Adora’s fingers wrapping around her new appendage, she looks up, “Is it supposed to feel like this?”

Adora giggles, her hand gently squeezing around Catra’s cock and nothing else, “I don’t know. I didn’t even think I’d ever even come into contact with one…”

“I knew I was a bit of dick, but this is ridiculous.” Catra flops down on her back before sighing out contently, “Keep going, princess. Your hand on me feels really good.”

“Oh yeah?”

“Mm… yeah.” Catra breathes out and closes her eyes, “I think you’re a quick learner, princess… you already got to know me pretty well without… *this.”*

Adora hums out and then looks at Catra with a surprised smile when the magicat moans out when she slides her hand up and down the magicat’s shaft, “You like that?”

“Oh fuck…” Catra groans out, “Shit… I didn’t know it could feel this good…”

“It feels good?”

Catra nods, “Really good.”

“What if I…” Adora looks down biting her lip again.

Catra’s hears the hesitation in Adora’s voice, “You don’t need to do anything, Adora. It’s new and I’m not going to stick it in you right now.”

Adora laughs this time, “Yeah, I’m definitely not ready for that… So, please don’t *stick it in me.”*

“Just… keep doing what you’re doing now.” Catra says through gritted teeth as she feels Adora’s hand pump her a little faster, “Yeah… just like that… maybe… a little faster…”

Adora nods, her hand getting warmer the faster she goes, watching her magicat start to come undone with each pump, “You nearly there?”

“Yeah…” Catra grits her teeth together before she arches up, “Oh fuck!”

Ropes of cum spurt out, most of it landing on the magicat’s stomach but a little gets into Adora’s cheeks as the blonde pulls back with a surprised look on her face, “Catra!”

“Shit! Sorry, princess!” Catra sits up and wipes it off with her fingers, “I… I didn’t mean to do that…”

Just as Catra’s about to wipe her cum from her fingers onto the bedsheets, Adora grabs the magciat’s hand and brings her fingers to her mouth. The magicat’s eyes widen as she watches Adora slip her cum covered fingers into her mouth and suck on them, the blonde shuts her eyes and lets out a small moan, “Mm…”

Catra gulps down, “Adora…”

“You taste the same.” Adora simply says as she opens her eyes and licks her lips.

“I do?”

The blonde nods, “Yeah.”

“Well… let me taste you again.” Catra pulls the blonde into her lap, Adora gasping a little when she rubs her core against Catra’s still erect dick, “I love you, Adora.”

“I love you too.” Adora smiles, leaning forward and capturing Catra’s lips with such force it pushes the magicat down, “I love you so much.”

“You’re so fucking sexy.” Catra breathes out into the kiss, their lips connecting again, slower this time as the magicat pulls Adora in closer, enjoying the blonde’s weight on top of her, “So… sexy.”

“You too.” Adora replies breathlessly.

“I want to taste you again, princess.” Catra repeats in a whisper, her breath brushing the blonde’s hair, “Let me taste you.”

“Mm… okay…” Adora says before nuzzling her face into Catra’s neck, “How do you want me?”

“Ride my face.” Catra requests with a quirk of her eyebrow, “I love watching you on top of me.”

Adora smiles, “You always want me to ride your face…”

“I love being under you.” Catra simply replies as she nuzzles her face into Adora’s neck, “And maybe one day… I’ll get to watch you ride me like the cowgirl you are…”

Adora snorts out a laugh, pushing at Catra’s face, “You’re terrible.”

“Terribly in love with the most gorgeous woman on this planet.” Catra gushes out with a grin before clearing her throat, “And I don’t expect you to be ready for the next stage of our lives just yet. Not until we are properly wed and you are finally my wife and I’ve had enough practise with this thing to make sure that I can properly satisfy my wife.”

“Stars…” Adora breathes out as she presses her lips onto Catra in a soft kiss, “Guess we’re going to need to get… protection…”

“Definitely.” Catra agrees, “Don’t want any… accidents to happen, right?”

“Right.” Adora nods with a wide grin.

“Say… I’ve got a way to get you off and not get your pregnant…” Catra says with a mischievous grin on her face, “I’ll fuck you with my tongue. No way to get pregnant that way.”

Adora rolls her eyes at her magicat, “You’re really intent on this position, aren’t you?”

“Always am.” Catra confirms proudly, “Now, get your ass up here and on my face already.”

The blonde laughs, pressing one more kiss on Catra’s lips before moving herself up and situating herself over the top of the magicat’s mouth, she slowly lowers herself down on top of Catra’s waiting tongue and then gasps upon the feeling of the magicat’s tongue slide inside of her, “Oh fuck… mmm…”

Catra lets Adora move herself up and down on top of her tongue, her hands sliding up and cupping her breasts as she watches the faces Adora makes as she takes what she wants.

"Mmphf-fuck…" Adora starts to grind herself on top of the magicat's tongue, her body leans all the way forward as she starts to pant out before she yelps out when she feels Catra's arms wrap around her lower back, holding her in place as Adora's hips stop moving and she feels Catra taking over, "Fuck… shit! I'm… fuck… stars… I'm… I'm… FUCK!"

Adora comes for a second time, bucking off and away from Catra's grasp as she flops on the bed next to her magicat, panting out whilst Catra licks her lips, wiping the slick from her face as she looks over to the woman she's just pleasured, "That was just as quick as your first one, princess…"

"Shut up." Adora grunts out with no bite, "It's not my fault… your tongue… is like… mmm…."

"I aim to please." Catra grins as she presses a kiss onto Adora's shoulder before rubbing her cheek against it, "So… when do you want to get married?"

New group message from AdoraG:

AdoraG: Please RSVP by the end of next week for our wedding.

AdoraG: Perfuma needs to know numbers.

AdoraG: Also dietary stuff too.

Wildcat: We've got a bus to get everyone to Plumeria.

Wildcat: Traps, DO NOT TAKE IT APART!

Traps: Sad face.

Scorp: I've got lots of tech for you to play with, Entrapta.

Scorp: Got a bunch from one of the companies we raided!

Sparkles: Raided?! WTF?!

Arrows: SO EXCITED!!!!

Sparkles: What about accom?

Traps: Sorted! I've got rooms booked at the hotel close to the gardens.

Traps: I've assumed sleeping arrangements.

Traps: According to my data…

Wildcat: If you don't want to share a room or a bed, tell Traps now.

Traps: Thanks!

Scorp: I'm staying at Perfuma's.

Wildcat: I know.

AdoraG: Bow and Glim, one room and one bed, right?

Sparkles: Yes.

Bow: Yes PLEASE!

MrsG: I'd like my own room please.

Wildcat: You don't want to share a bed with me and Adora, Mrs G?

MrsG: Keep that up and I'll ban you from marrying my daughter.

Wildcat: My bad.

Wildcat: Traps, give Mrs G the best room, pls.

Traps: You mean your room?

Wildcat: I thought me and Adora were camping out

AdoraG: What?!

Wildcat: No? Did you want a room with plumbing?

AdoraG: Catra!!!!

Wildcat: Just joking, princess.

Wildcat: I've got a surprise for you when we get there.

Wildcat: We aren't staying with the rest of these losers!

Sparkles: Hey!

Bow: Hey! What?!

Traps: Rude! Angry face!

Scorp: I'm not staying there… so… I'm not a loser!

Scorp: 😊

Wildcat: Still a loser.

Scorp: 😟

AdoraG: None of our friends are losers!

MrsG: Just Adora.

AdoraG: Mom!

Wildcat: Burn!

“Should we tell… someone about your… uh… new development?” Adora asks as they get ready for bed.

“Definitely not.” Catra replies shucking off her clothes and getting into bed, holding the blanket up for Adora to get in, “That’s private and between the two of us.”

Adora nods as she flicks off the light and gets under the blankets with Catra, she turns over and presses a kiss to the magicat’s lips, “I love you.”

“I love you too.”

Adora reaches out, gently swirling her fingers around Catra’s chest fluff, “Mm… mom seems happy to be put up in a lux hotel for a while until she finds a place.”

“Of course she would.” Catra laughs, “I threw in room service for her as well.”

Adora laughs as her fingers slide around Catra’s chest fluff, “You seem a little… underdressed…”

“I’m naked, princess.” Catra replies, “Feels better this way.”

“Mm…” Adora hums out as her fingers graze even lower and lower until they feel Catra’s new body part, “Do you think this is permanent?”

“I don’t know.” Catra replies as she leans closer to Adora, “Maybe it’ll magically undo itself when we finally have a kit running around.”

Adora hums out again, “How does it… feel?”

“Weird.” Catra replies with a sigh, “I’m not used to having it and I keep… knocking into things.”

A giggle escapes the blonde as she runs her hand up and down the shaft, “I’ve never seen one of these before… in real life that

is.”

“Figures, you’ve only ever had sex with me and I definitely didn’t have this the first time.” Catra shrugs, “It feels… different.”

“Reminds me of that magicat mating video Entrapta sent us the first time.” Adora says as her fingers wraps around the magicat’s shaft making Catra grunt out a little at the feeling, “Sorry…”

“No. That’s… that’s good.” Catra encourages, “The tip of it is pretty sensitive.”

“Yeah?”

“Yeah. It’s also weird using the bathroom.” Catra says with a bit of chuckle, “I’m not used to… used to it yet.”

“Hm…” Adora leans in and presses a kiss on Catra’s lips, “I’m not used to it either.”

Catra bucks her hips, grinding her cock into Adora’s hand as she tucks herself into the blonde’s neck, kissing and licking, Adora lifting her chin to give her magicat more room to mark and scent her, “Mm… fuck…”

Catra grins, her hands cupping onto Adora’s breasts over her sleep shirt, easily finding her perky nipples underneath the fabric as she plays with them, “Someone’s horny…”

“Shut up…” Adora breathes out, closing her eyes at the feeling of Catra’s fingers pinching and rolling her nipples, “You’re… you’re distracting me…”

“Am I?” Catra playfully asks.

“Mmhm…” Adora nods as she pushes Catra onto her back and faux glares at her, “I’m trying to do something…”

Catra grins as she feels the blanket pulled off her naked form, “Take your shirt off, princess. I want to see your tits.”

In one swift motion, Adora whips her shirt off and then leans down, giving the magicat the perfect view of her breasts, “Hm… now where was I?” Catra reaches out to touch Adora’s breasts, only for her hands to be pinned down to her sides, “No. Stay.”

The magicat growls but obeys, “Fine.” She looks up at Adora, “What’s the plan, princess?”

Adora resumes pumping her hand up and down Catra’s shaft, biting her bottom lip as she slowly moves her hand from the base to the tip of the magicat’s cock, her eyes widen as it twitches in her hand, she leans in and kisses around the base of it as the magicat shuts her eyes and tries to relax, “Is this okay?”

“Yeah. Feels good.” Catra replies.

“What about this?” Adora presses her lips softly to the tip of Catra’s cock in a chaste kiss and the magicat hisses, “How’s that?”

“Really good.” Catra breathes out.

“How about…” Adora licks around the head of Catra’s cock and the magicat lets out a soft moan, “Still good?”

The magicat growls out a little at the stoppages, “Fuck yes…”

“How about…” Adora wraps her lips around the head of it experimentally, quickly pulling off as Catra hips buck up slightly, “How’s that?”

“Yeah. Fuck… that’s… do it again?” Catra tries not to beg but it sure does sound like it.

Adora nods and wraps her lips around Catra’s tip and gently sucking on it before pulling off again, “Mm… you still taste the same…”

Catra chuckles, “I would hope so.”

“Well, you do.” Adora declares as she dives back in, licking and swirling her tongue over the head of Catra’s tip as she feels the magicat tense.

“More…” Catra grunts out.

“More?”

The magicat nods, her eyes still closed, “More…”

“Okay.” Adora moves herself so she’s in between Catra’s legs, her hands resting on the magicat’s hips as she takes more of Catra’s cock into her mouth and bobs up and down a few times shallowly.

“Fuck… that feels really good, princess.” Catra bucks her hips up at nothing as Adora wraps her fingers around the magicat’s cock again and pumps it faster now that it’s covered in her spit, “Oh… fuck… shit… come up here and kiss me, princess…”

Adora moves herself up, her hand still pumping Catra’s cock as she leans down and kisses her before gasping out when she feels Catra’s hand slip under her sleep shorts and over a slit, “Oh.. fuck…”

“You’re so wet, baby…” Catra whispers into Adora’s lips.

“Mmm…” Adora whimpers as she tries to concentrate on getting Catra off, “Hey…”

“Hey Adora.” Catra grins as she bucks her hips up, grinding her cock into Adora’s hand whilst slipping her own finger inside the blonde, “Mm… I can’t wait to feel you on my dick…”

Adora whines out, panting out a little as well as she shuts her eyes and buries her face into Catra’s neck, “Fuck… oh… shit… mmm…”

Catra breathes out hard, she’s very close and she can feel Adora’s inner walls tightening around her finger, “Are you nearly there?”

Adora nods vigorously, “Mmhm!”

“Me too.” Catra grits out, “Fuck… Adora… I’m… FUCK!”

“Ah, ah, ah… fuck!” Adora cries out, her walls gripping onto Catra’s finger as she grinds herself on it, working herself through the aftershocks as Catra shoots ropes of cum between their bodies until she finally relaxes and goes limp under the blonde.

Once Adora’s caught her breath she looks over at Catra dozing off next to her when she feels a stickiness on her stomach and looks down, “Catra!”

The magicat instantly wakes up, “Huh?”

“You came all over me.” Adora pouts and Catra thinks it’s adorable.

“Sorry, princess.” Catra holds Adora in place so she can see the mess, “Wow… that’s quite a bit, huh?”

“I better not get pregnant from exposure.” Adora warns.

“Mm… Yeah, that’d be rather moot.” Catra returns, “Come on, lets get cleaned up and then get some sleep.”

Adora gets off the bed, collecting the cum from her stomach and holding it in her hand, “You better shower too.”

“Was planning to.” Catra replies as she grabs Adora by the arm and leads her to the bathroom, “Better wash that off before you touch yourself, huh?”

“Yeah.” Adora replies as they start to get cleaned up again, “It was less messy before you had that.”

Catra laughs, “To an extent.”

“Yeah! But I couldn’t get pregnant before!” Adora whines out as the magicat brings her in for another kiss, “Do you think I should get on the pill or something?”

“If you want.” Catra replies, “Though, that would mean Traps will know about it.”

“Ugh…” Adora groans as she gets into the shower, “What about you?”

“Me?” Catra asks, “I’ll start wearing shorts to sleep. Just in case.”

“Wildcat! I can’t believe you’re getting married today!” Scorpia beams, pulling Catra into a bear hug, “I’m so happy!”

“You’re messing up my suit, big gal.” Catra grunts out though it’s more fondly than angry before patting Scorpia’s arm, “You can put me down now.”

“You got it!” Scorpia grins, “I’m so happy you choose me to be your best person!”

“Well, I asked Traps as well, but she said she wouldn’t have the attention span or the patience to stand in the same place for such a long time.” Catra shrugs, “But, yeah, thanks for being here, Scorp. Since I have no idea where Traps is right now…”

“Of course!” Scorpia gushes, “And when me and Perfuma get hitched, I hope you’ll be mine!”

“Definitely.” Catra nods with a wide grin, “Just tell me when and where.”

Scorpia beams back, “Oh, also don’t worry Wildcat, you’ll be in a suit when that happens.”

“Thanks.” Catra replies somewhat relieved and then looks around the venue, spotting Entrapta hiding within the floral

arrangements, taking notes, the magicat turns back to her friend, "Your girl did a really good job with getting this all set up."

"She's the best, isn't she?" Scorpia gushes out, "She was so happy when you gave her the opportunity to do this, Wildcat!"

"Cool. It's all good. Happy she took the job on such short notice." Catra replies with a smile as she spots Perfuma, giving the flowery girl a small wave, "Do you know what time it is?"

"Don't worry, Wildcat." Scorpia pats Catra on the shoulder, "Adora will be here."

"I'm not worried." Catra brushes the perceived concern off as she straightens up, "I'm so ready for this. I just hope she's…"

"She'll be here." Scorpia reassures as they go back to staring at the front, waiting for Adora's arrival, the scorpini turns around and sees Bow arrive and quickly take a seat, a smile wide on his face as he waves to her at the front, Scorpia waves back, nudging Catra, "Bow's here!"

"Uh huh." Catra replies keeping her eyes front on.

And then the music starts…

Catra turns around and sees Adora walking tall beside Glimmer, the sparkly girl in an elegant lavender dress, contrasting the long white dress that adorns Adora, she's even got a gold tiara on with her golden hair down, living up to her princess title that Catra gave to her.

The magicat can't help but smile widely upon seeing her soon to be wife walking towards her.

Eyes only on Adora.

Adora's smile mirrors Catra's as she makes her way to the front, her eyes gazing over the magicat's maroon suit, her favourite suit on her soon to be wife.

When Adora finally makes it to the front, Catra takes her by the hand and they face each other, a celebrant overseeing the proceedings, signalling for everyone to take their seats.

When it comes to their vows, Catra gestures for Adora to go first. The blonde nods and clears her throat as the world melts around them and she only sees Catra.

"Catra. I love you. I love everything about you. Who you were. Who you are. And who you will be." Adora smiles softly at her magicat, "And I will always be thankful that you were the one to save me. You're my knight and I'm your princess. And I hope that I will be able to make you as happy as you've made me ever since we were children and now. I can't wait to spend the rest of my life loving you and being with you as your partner and wife. I have never loved anyone in the way that I love you. And I hope that I can make you as happy as you make me every day. I really love you."

Catra smiles back fondly as Adora slips on the ring onto her finger at the end of her speech, the magicat gently brushes back a few tears from Adora's cheeks with her thumbs as the blonde chuckles wetly and gestures for Catra to go.

"Adora." Catra starts and has to take a breath before continuing, "I know you think I saved you but in actual fact, it was you that saved me. For every time things got tough. For all the times I thought I'd never make it. For all the times I wanted to give up. But if not for you… I… I shudder to think what would have happened."

Scorpia comes over and gently squeezes Catra's shoulder in reassurance and whispers, "You got this Wildcat."

"Thanks." Catra whispers back before turning back to Adora, "You are my princess. My queen. My life. My love. My home. I will forever be yours and promise to always look out for you… and your mom." Adora giggles at that, "But yeah, with you, I've found my family. And I know I should have known it from a long time ago but I'm stubborn and it takes a while for things to sink in. But you are my family and I hope you'll also be what makes anywhere I go… home. And I… I love you."

Adora is on the cusp of bursting into happy tears as Catra slips on the ring over Adora's finger and before they even get told to kiss, the blonde pulls her magicat, now wife into her for a long and loving kiss.

Cheers ring out as the couple turn around, beaming at their friends and all the people they call their family, walking over to them and receiving the warm hugs and congratulations before they head over where Perfuma is ushering them to for the next stage of the proceedings.

"So… should I carry you over the threshold… wife?" Catra grins.

"Mm… better not." Adora says after thinking about the day's activities and then grins before repeating giddily, "I'm your wife…"

"Damn right, you are." Catra nods in confirmation.

"Mm…" Adora hums out again before remembering the original question, "Oh, yeah, no. Don't carry me right now. You've had a bit to drink and I had a bit to eat. I feel like I might hurl if you pick me up too quickly."

Catra laughs, "I'm not drunk, princess."

"You may not be, but I'm still quite full." Adora rubs her stomach, "And all I really want to do right now is get into comfy clothes and relax on the couch next to my wife."

“No sex tonight, then?” Catra quirk an eyebrow up and then laughs when Adora just stares at her, “I get it, you’re going to throw up if we do anything… rigorous.”

“Maybe later?” Adora compromises, “Let me just… digest.”

“Whatever you want, Adora.” Catra takes her keys out and opens the door, “In that case, step over the threshold with me.”

“Okay.” Adora grabs Catra’s hand and then step through the doorway, the blonde wrapping her arms around her wife, “I can’t believe you flew us back to your place in Dryll…”

“Good surprise?” Catra asks as she flicks on the light after shutting the door.

“Very good surprise.” Adora leans in for a kiss, “But… what about our luggage?”

“It’s already in the bedroom, princess.” Catra whispers into Adora’s ear, “I had it sent ahead while we were getting hitched.”

Adora quirks an eyebrow up at her wife, “So thoughtful.”

“And don’t worry about your mom or our friends.” Catra says as she walks Adora backwards towards the bedroom, “They’ve got a free stay in Plumeria to do whatever they want to do. I’m sure Perfuma has a bunch of tours and destinations to show them.”

“Is this our… honeymoon?” Adora asks as she feels Catra unzip her dress, sliding it off her shoulders.

The magicat shakes her head, “No. This is home.”

“Mm…” Adora hums out happily, “Home.”

“Your place is also home.” Catra adds, “As are you.”

Adora pushes Catra’s suit jacket off and starts to work on the magicat’s buttons, “You’re my home too.”

“I know.” Catra grins as she unclasps Adora’s bra while the blonde unbuckles the magicat’s belt and then undoes the button on Catra’s pants, letting it slide to the floor to reveal the magicat’s cock. Catra leans in and presses a kiss on Adora’s lips, “Shorts and a tshirt for you?”

Adora nods, “Yeah.”

“Okay.” Catra steps out of her pants, picking up her clothes as well as Adora’s and placing them neatly over the back of an armchair, before walking over to grab their clothes and then leads Adora to the couch, flicking on the tv, “What do you want to watch?”

Adora chuckles as she puts on the shorts and tshirt from Catra, “I can’t believe we just got married and now we’re on your couch about to watch a movie.”

“And drink some bubbly.” Catra adds with a raised finger before handing over the remote to Adora, “You pick something, and I’ll grab the drinks. Be right back.”

Adora’s feeling much better now as she cuddles up into Catra on the couch as they watch a scary movie, the blonde hiding her face in her wife’s chest whenever the music starts to freak her out.

“Why did you pick a scary movie if you aren’t going to watch it, princess?” Catra asks as she combs her fingers through Adora’s hair.

“I didn’t know if was a scary movie!” Adora argues, “It didn’t look scary on the title screen!”

Catra grabs the remote and puts it back on the home page, quickly selecting a cartoon instead, “Better?”

Adora nods her head against Catra’s chest fluff, “Thank you.”

“You could have turned it off.” Catra points out and she can feel the blonde grin into her chest, “Unless this was your way of getting closer to me.”

Adora raises her head and grins, “I didn’t think I needed a reason anymore since I married you.”

“Of course you don’t.” Catra grins.

Adora moves so she’s sitting in Catra’s lap, straddling her, “Mm… I think I want to try…”

“Try?”

“I want to try… riding you.” Adora sheepishly says, a blush covering her cheeks at the request as Catra gulps down, “Is… Is that alright?”

Blinking her eyelids a few times before nodding, “That’s… that’s more than fine, princess.”

“Though… I’m not ready for…” Adora bites her bottom lip.

“I’ll wrap it up when it comes to it.” Catra reassures, “And I’ll make sure I’ll pull out as well before I come.”

Adora nods as she leans down and kisses her wife, “Mm… bedroom?”

“Hell yeah.” Catra grins, lifting Adora up in her arms and carrying her wife to the bedroom, she lays the blonde down gently on top of the bed, “I love you, Adora.”

“I love you too.” Adora smiles back as she leans up and kisses her wife before whispering into the magicat’s ear, “Go slow…”

“Whatever you want, princess.” Catra whispers her reply back before pressing her lips back on her wife’s.

Chapter End Notes

One more chapter to go!

I don't know if I'm excited to be getting close to closing this fic out or if I'm sad that it's coming to an end...

Thanks for reading, commenting, kudos, bookmarking and subscribing.

You've been along for the ride for this long... will you still be here for the last chapter?
Hopefully I'll have it written by the end of this week and thus ending this fic that was only supposed to be a few chapters long...

Ending are happy, right

"Okay, I think I've got it." Catra says glares at the rubber protection in her hand, doing her best to carefully put in on and then growling out when it rips again on her claws, "Stars…"

"Here, let me." Adora grabs a fresh packet, tearing it open and pulls out the condom, "Gross… it's sticky."

"It's lube. Catra replies wiping her hands of the goo onto the bedspread as she lays on her back, "It's supposed to make it easier to slide on into you."

Adora's cheeks redden as she rolls the condom over Catra's dick, before sitting back on her heels, "How's that?"

Catra looks down at her dick, "It's fine, I guess. Kind of like a glove?"

"Well, it's kind of is a glove, just not for your hands." Adora giggles as she wraps her fingers around Catra's member and pumps it a few times, causing the magicat to gasp and then moan out a little, "Mm… someone seems to like it when I do that…"

"Yeah…" Catra nods in agreeance, "I do… I really do…"

"I'm not putting my mouth on that." Adora declares as she takes her hand off to sniff the lube, "Doesn't look like it'd taste nice, and

it definitely won't taste like you."

Catra pushes herself up and looks at her wife, before sniffing it as well, "You're right. Reckon we should have got the flavoured ones?"

Adora laughs, shoving the magicat playfully, "Still no."

"So… I only get a blow job if I'm not wearing one of these?" Catra asks with a smirk.

With a blush on her cheeks still, Adora rolls her eyes, "How would you like eating me out if I smeared myself with lube *and* was wearing rubber underwear?"

"Not great. Not great, indeed." Catra shrugs her answer, "Also… where would you even get rubber underwear? I should ask Traps…"

"Oh, no you don't!" Adora quickly says, "She's already sending enough… questionable material to my mom and my friends."

Catra starts to cackle, "Yeah, when she's got her mind on something…" the magicat stops and stares at the blonde, "Come here, wifey."

Adora giggles at that as she comes face to face with her magicat, "Hm?"

The magicat cups Adora's cheek and brings her in for a kiss, "I love you."

"I love you too." Adora whispers back.

"Also, I'm loving the matching underwear…" Catra smirks as she looks Adora up and down, licking her lips, "Can I do the honours?"

Adora brings Catra in for another kiss and then nods, whispering into her wife's lips, "Don't rip them…"

“Wouldn’t think of it.” Catra replies with another kiss, “They’re way too sexy for me to tear up…”

That sends a shiver down Adora’s spine, “Okay.”

“Lie back.” Catra commands softly as she pushes herself up and quickly unclasps Adora’s lacy red bra, sliding the straps off her shoulder before kneeling next to her wife, “Mm… when did you even get these?”

“Not telling.” Adora smirks as she takes her bra off and drops it to the floor, “Now, quit stalling, Cat.”

“I’m not allowed to ogle my wife?” Catra says with a grin, her eyes roaming hungrily over Adora’s body, “What’s the rush?”

Adora bites her bottom lip as she watches Catra slowly slide her red lacy underwear down and off her legs, tossing it to the floor as well, the magicat breathes in Adora’s arousal and grins as she makes her way between Adora’s legs.

“Fuck… how did I luck out in my life?” Catra says with a smile as she once again takes in her wife in all her glory.

Adora pushes herself to sit up and pulls Catra down over her as their lips connect in another kiss, this one softer, conveying all their feelings into it before Adora pulls back, a fond smile on her face, “I love you. And you didn’t luck out. I did.”

“We both did.” Catra declares as she goes in for another kiss, this time more intense, moving from Adora’s lips to her neck and down her body until she stops at the blonde’s breasts, “I’m going to make you feel good first before we give my new body part a go, okay?”

Adora nods and then gasps when Catra sucks in a nipple, her other hand rolling and pinching the other one as the blonde moans out softly.

The magicat spends a long time worshipping and adoring her wife's breasts, grinning when Adora huffs out impatiently at Catra's teasing as the magicat presses a quick kiss onto her left nipple, "Hey Adora, how are you feeling?"

"Mm…" Adora hums out, "Stop teasing…"

"Want me to eat you out now?" Catra leans her cheek against Adora's breast with a mischievous grin on her face as her wife rolls her eyes and bucks her hips up, "I take that as a yes?"

"Yes. Fuck me already." Adora groans out as she faux glares at her wife.

Catra chuckles to herself, coming up so she can kiss Adora on the lips before whispering into her blonde's ear, "I love you, my fucking amazing and beautiful… wife."

Adora's eyes open and stare back into Catra's, a smile on her lips upon hearing Catra call her that, "I love you too. My Catra…"

"Ready?" Catra licks and nips at Adora's earlobe.

"Fuck… yes." Adora breathes out, turning her head again so she can kiss her magicat again, "Fuck me…"

Catra nods and moves her way down Adora's body, her hands running along the blonde's thighs as she slowly spreads them open, "Mm… you're so wet…"

"Shut up…" Adora tries to close her legs again.

"No." Catra holds them open before diving straight in as Adora's breath hitches, "Mm…"

"Fuck! Fuck… shit…" Adora moans out upon feeling her wife's tongue lavish her, "I'm not going to last long…"

"Come as much as you want, princess." Catra says as she quickly looks up with a grin and her face covered in Adora's slick, "I want

you to feel so good that you won't want to leave this bed."

And not long after that, Adora's orgasm hits her and she comes with a scream.

Catra pulls back, letting Adora recover as she strokes herself, pulling off the condom and pumping her cock as she watches Adora's body continue to twitch with aftershocks. She catches Adora staring at her and grins, "Not yet, princess."

Adora nods and breathes out a little relieved, "You might need to work me up… to that."

"Of course." Catra replies as she runs her fingers over her wife's thigh as she continues to pump her hand up and down her cock, "I guess we never spoke about the whole… wanting kids thing, did we?"

Adora frowns a little, pushing herself up and gasping a little at the movement thanks to the aftershocks still rolling through her body before she bites her bottom lip and shakes her head, "I… I haven't really thought about it to be honest."

"Is it something that you want though?" Catra asks, she's let go of her dick and sits back on her heels, "I know everyone else around us keeps asking for it, but, I don't want you to feel pressured."

Adora sighs, another shake of her head, "I always thought because I was…"

"Gay?"

"Yeah. That it wouldn't happen." Adora admits, "So, I figured what's the point of worrying about it if it wouldn't be able to happen naturally?"

"But what about now?" Catra asks.

"Well…" She looks at her magicat wife, "What about you? Do you want that?"

“I’ve come around to the idea.” Catra replies, “If you don’t want them, then it’s okay too.”

“I’ve never really thought of myself as…. motherly.” Adora says sheepishly, “It’s… it doesn’t feel right.”

“What about just being a parent?” Catra asks instead.

“I… I don’t know.” Adora replies biting her bottom lip again and looking away and then she asks back, “Are you disappointed?”

Catra tilts her head at the blonde and simply replies, “No. I’m not disappointed.”

Adora shakes her head, not believing that answer, “I’m… I’m sorry.”

Catra leans forward and envelopes her body over her wife, a soft gentle purr rumbling through her body as she breathes in Adora’s scent, rubbing her cheek against her wife, Catra looks up, having to cup her cheek so she can look into Adora’s eyes, “Princess. I’m not disappointed. You don’t need to be sorry about not wanting to have kids. If not now or ever, it doesn’t really matter to me.”

Adora eyes start to well up with tears, “But everyone…”

“Fuck everyone else.” Catra dismisses that thought instantly, “They don’t get a say in whether we want our family to include kids or not.”

“What about…?” Adora starts and is promptly cut off once again by her wife.

“Adora.” Catra says sternly before she sighs, “All I care about is you. You and your happiness. It doesn’t matter what other people think or say. If it doesn’t feel like the right time now or at all, then so be it. I’m not going to be angry or disappointed because if we are going to do this, then we need to be on the same page. I don’t want you to regret any of this.”

A tear rolls down Adora's cheek, "What if I never want to…"

"Then we never have any." Catra shrugs, "And if we do down the line, we can always adopt or foster or just be the cool adults to our friends' kids."

"Are… are you sure?" Adora asks shakily.

Catra nods, "Yes. You're the most important thing to me. Fuck everyone else."

Adora chuckles at that, "No."

"No?"

"No. Only you get to fuck me. No one else." Adora says with an air of seriousness that's broken by a giggle, "And only I get to have you."

"That's why we've put a ring on it, isn't it?" Catra quirks an eyebrow and the pair share a laugh, the magicat breathing out as she rubs her thumb along Adora's cheek, "Are you okay?"

"Yeah." Adora says with a wet laugh, Catra wipes off a few tears from her cheek, "Sorry for bringing down the mood."

The magicat rolls her eyes, "Quit apologising, princess."

"I can't help it!" Adora says exasperatedly before she leans up and presses her lips on Catra's, "I love you."

"I love you too." Catra returns, "Now… how can I make you feel good again?"

Adora smiles back up, her hand moves down their bodies until she finds what she's looking for and wraps her fingers around it, making Catra's breath hitch and then a low growl emanates from the magicat's chest, "I think it's my turn to make you feel good."

Catra looks down and then back up into Adora's eyes, "You already do make me feel good, princess." The magicat closes her eyes and takes a breath in when Adora speeds up a little, "Oh fuck…"

"Hm?" Adora pretends to not know what's she's doing, "Well, let me make you feel… better."

Catra has to grab Adora's hand and stop her movements, "You keep doing that and I'm going to cum all over you…"

Adora shrugs, "Just tell me when you're nearly there…"

The magicat releases her hold on Adora's hand, "Fuck… keep going, princess…"

Adora smirks, she pumps her hand up and down Catra's cock faster as she watches her wife come undone literally in her hand.

"Oh… fuck!" Catra quickly grabs her dick back from Adora and finishes herself off, blowing her load between them, landing warm sticky cum on Adora's stomach as she coax out the last of it out and then flops down on the bed, panting out, "Fuck…"

Adora runs a finger through the cum on her stomach, bringing it to her lips and tasting it, "Mm…"

Catra looks over, still catching her breath with a grin, "I'll grab a towel. Just… give me a minute."

Adora leans over and presses a kiss on Catra's lips, "I can get it."

The magicat watches as Adora gets off the bed and heads to the bathroom to retrieve a few towels, returning whilst cleaning her stomach. Catra stares at her wife and smiles, "Fuck, you're so beautiful."

Adora drops the towel on the floor and makes her way to her wife, leaning over and capturing Catra lips in another soft kiss, "You are too."

Catra grins, pulling Adora on top of her, the blonde yelping out at the act before she situates herself in Catra's lap, the magicat's cock resting under her slit as she leans forward again for another kiss. The blonde moans out as Catra's cock twitches under her, the magicat grinning, "Sorry, princess. It's got a mind of its own…"

"Mhm…" Adora replies with a giggle, "Sure it does."

Catra flips them over and Adora yelps once more, a faux glare on her face as she now lies on her back as Catra starts to work her over again, "You distracted me…"

"I did?" Adora breathes out as she tries to relax under the feeling of Catra's hands and tongue all over her skin, "I… oh, I don't know what you're… mm…. you're talking about…"

"I'm going to get you ready to take me, princess." Catra replies as she spreads Adora's legs open once more and lifts them onto her shoulder before leaning into taste her wife once more, "You taste so fucking amazing… I could eat you all day…"

"Then we wouldn't… oh fuck… wouldn't get anything…mmm… done…" Adora manages to say between breaths, "Mm… stars…"

"We've got time…" Catra whispers into Adora's folds before plunging her tongue in and out of her wife, "Mm…"

"Oh, oh…" Adora starts to grind herself down on Catra's tongue before the magicat pulls her tongue out and replaces it with a finger, her tongue moving to Adora's clit, "Oh fuck!"

When it feels like Adora's getting used to it, Catra slips a second finger inside, a grin on her face, "Fuck… You're so tight…"

"Ah… oh…" Adora's walls relaxing once it's gotten used to the slight stretch, "Mm… fuck…"

"Still good?" Catra asks after her fingers slide in and out smoothly from Adora's core, "Want more?"

Adora looks down, her mouth open as she swallows down and then says, “I want you…”

“You want me?” Catra asks tilting her head.

Adora nods, her eyes rolling back as Catra continues to pump her fingers in and out of the blonde, “I want you inside of me…”

Catra smiles, pulling her fingers out and licking them clean before reaching out for a fresh condom, “Help me put this on?”

Adora blindly reaches for the packet as Catra moves closer to where it’s easier for Adora put the condom on her, “Move down a little?”

“Sure.” Catra shuffles up so she’s closer to her wife, her cock hard with anticipation, “Is this alright?”

Nodding, Adora opens the packet and gives the wrapper to Catra before rolling the condom over Catra’s cock, “How’s that?”

“Yeah, it’s… it’s good.” Catra replies as she pumps her hand over her cock a few times before leaning down and pressing her lips against Adora’s, “Ready?”

“Yeah…” Adora nods as she flops back down on the bed, “How… How do you want me?”

“Just the way you are right now is perfect.” Catra replies as she moves down the bed and back in between Adora’s legs, pushing her knees further apart as she lines herself up, rubbing her tip against the slick on Adora’s pussy, “Let me know if you need me to stop or slow down.”

“Okay.” Adora breathes out, closing her eyes as she waits for Catra to move her hips forward, “Just… go slow…”

“Of course.” Catra softly says as she gently pushes forward, watching intensely for any pain on her wife’s face as she slowly

enters Adora, but the feeling of being inside her mate makes her eyes roll back a bit as she breathes in, “Fuck… you feel… stars…”

Adora’s mouth opens as she takes more of Catra’s cock, a low moan comes out as she tries to relax herself, “Stars… fuck… Catra…”

The magicat pauses, “Are you okay? Do you want me to pull out?”

Adora reaches out, shaking her head as her fingers drag across Catra’s arm, “No… keep… keep going…”

“Okay.” Catra softly says as she slowly pushes herself in more, the feeling of Adora’s walls closing in around her cock has her eyes rolling back again, “Fuck… you feel so good… so… tight…”

“Mm…” Adora moans out as Catra finally bottoms out, the blonde wrapping her legs around the magicat to bring her in as deep as possible, holding her in place as she adjusts to the feeling, “Fuck… Is it…?”

“Yeah.” Catra replies understandingly, “Fuck… Oh… hng…”

Adora opens her eyes, staring in Catra’s eyes, “Kiss me?”

Catra leans in and kisses her wife, it’s slow and full of love, the magicat doing her best to keep her hips still until Adora is ready, “Mm… fuck, princess…”

After a little a few moments, Adora whispers into Catra’s ear, “I’m ready.” She releases her legs from around her wife’s back, letting them relax back onto the bed as she feels Catra push herself up, the movement making Adora moan out, “Fuck…”

“Sorry….” Catra whispers before she’s finally in a comfortable position and finally starts to move. She starts with slow, smooth movements, “Is this okay?”

Adora nods, “Yeah… keep… keep going.”

Once Adora seems to be relaxed enough, Catra sits back on her heels so she can fully pull out and slam herself back in, watching as Adora's pussy takes her cock, the sound of skin slapping and fluids gelling filling the room until Adora's moans break through along with Catra's heavier breaths with each movement of her hips.

"Fuck... fuck… fuck…" Adora repeats as Catra pounds into her, the magicat grabbing her legs and wrapping them around herself as she leans forward so she can go deeper, hitting Adora in the right spots, "Oh fuck!"

"There?" Catra pants out and Adora nods, "Fuck, princess… You feel so good…"

"I'm coming… I'm coming…" Adora starts to repeat as Catra's rhythm gets faster and harder until her legs wrap around Catra's back harder as the magicat buries her cock as deep into Adora as she can, "Fuck! Ah, ah, oh… mm…."

Adora's walls twitch around Catra's cock as the magicat looks down at her wife, pressing a kiss on Adora's lips, "Fuck… you're so fucking sexy, princess…"

Before Adora can respond, she moans out when Catra pushes herself up and pulls out, "Mmm…fuck…"

"Sorry." Catra breathes out with a grin before flopping on the bed next to Adora, "That was…"

"You didn't come." Adora interrupts her wife as Catra shakes her head in confirmation that she did not come yet, "Lie back."

Catra quirks and eyebrow up at her wife, "Yeah?"

Adora rolls her eyes and pushes the magicat to lie on her back before climbing on top of her, pressing her lips against Catra's, "Mm… you want me to ride you?"

“My face?” Catra asks with a grin on her face.

“If you want.” Adora replies matter of factly before she yelps when she feels Catra’s hands on her side holding her in place, “What? I thought you wanted me to ride your face.”

Catra growls before bucking her hips up at making Adora moan out at feeling Catra’s cock under her, “Get on, princess.”

Adora laughs as she scoots back a little in Catra’s lap, wrapping her fingers around the magicat’s cock and stroking it.

Catra catches onto Adora’s nervousness, reaching up to run her hand up and down Adora’s thigh, “Are you okay?”

Adora nods, “Yeah. I just… I just need a minute.”

“Take all the time that you need, princess.” Catra says as she continues to rub Adora’s thigh, “If you want, I can take over again.”

Shaking her head, Adora looks down almost determined, “No, I want to do this.”

“Okay.” Catra replies as she relaxes on the bed, “Take your time.”

“Okay, I’m ready.” Adora declares as she firmly takes hold of Catra’s slippery cock and then pushes herself up and positions herself above, lining the magicat’s cock into herself, “Here we go…”

Catra about to chuckle upon hearing Adora psyching herself out, but before she’s got the chance, Adora lowers herself down, Catra’s cock disappearing inside her wife as she groans out at the feeling, “Fuck…”

“Mm…” Adora moans out as she sinks all the way down until she’s sitting on top of Catra’s lap, “Fuck… ah…”

Catra grunts out when Adora starts to grinds herself on top of her, her inner walls tightening around the magicat's member as she tries to take in the beautiful woman she's lucky enough to call her wife, fuck herself on top of her, "Fuck... you're so… oh… you're so fucking sexy…"

Adora mouth drops open again as her clits grinds against Catra's skin, "Fuck… I'm… I'm close…"

Catra nods, bucking her hips up making Adora moan out as she leans forward, the magicat holding her wife in place as she plants her feet on the bed and starts to thrust up, "Yes… fuck yes…"

"Oh fuck!" Adora cries out as she's held in place while Catra fucks her harder from underneath, "Stars! Oh, oh, oh… ah…fuck!"

"Fuck… I'm close…" Catra grits out as Adora buries her face in her wife's chest fluff, "I'm…"

Before Catra can finish that sentence, she feels Adora's inner wall clench and tremble around her cock as the blonde orgasms first, the magicat doing everything possible to remain inside her wife as Adora tries to buck off, "FUCK!" Adora cries out so loud that Catra can't help but preen before her own moan escapes her.

"Fuck!" Catra slams up one more time as she comes and then pulls Adora down as she feels herself unload into her wife, "Shit… fuck… Adora…"

Catra's thrusts up and down a few times erratically until she's finally done and then slumps down, her cock sliding out as Adora wraps her arms around her wife as she comes down too from the aftershocks.

Once they catch their breaths, Catra pulls her wife up for a kiss before dropping her head back down onto her pillow, spent, "Fuck, that was… fuck…"

"I know…" Adora pants out as she lets herself fully relax on top of her wife, "That was…"

"Fucking amazing." Catra finishes both their sentences, "I love you, princess."

"I love you too." Adora looks up with a smile, "I'd kiss you again but I don't think I can move yet."

Catra trills upon hearing that, a proud feeling in her chest as she holds her wife lovingly in her arms, "I need to take this off first…" the magicat looks down at her filled condom and then reaches to pull it off, "I'll be right back."

Adora hums as Catra presses a quick kiss on her forehead as she disposes of her condom before returning to Adora already asleep with a quiet snore as the magicat pulls on a pair of shorts before returning to bed to cuddle up with her wife.
She thinks to herself, *best wedding night ever.*

3 months later…

"Hey Mrs G!" Catra greets Marlena as they sit down for lunch at a fairly busy little café, "When's your flight?"

"Sunday." Marlena replies, "I'm so excited!"

"I can't believe you're going to Elberon with Entrapta, of all people." Adora says, "How exactly did that happen?"

Marlena shrugs, "No idea. One minute we're talking about robot wars on tv and the next minute she's booking us on a flight to Elberon to see the real thing being filmed."

"I'm surprised she's not bringing you a live taping of a porno." Catra jests, earning herself an elbow in the ribs from Adora, "Ow… what? I wouldn't put it past her."

Marlena stays uncomfortably silent for a moment as Adora's looks at her in confusion before her eyes widen, "Please tell me you're not going to watch a live filming of…"

Catra starts to cackle, "Yep, just what I thought."

"I wasn't planning on going with her because… well, why would I want to watch other people having sex?" Marlena starts to reason, "But then I thought, it probably wouldn't be good to leave her alone in a place like that in case… well, I really don't want to think about it."

"You think she'd… join in?" Adora asks somewhat mortified.

Catra laughs harder at the mere thought before she pulls her phone out, "Hang on. Let me tell her not to do that…"

New message from Wildcat:

Wildcat: Traps!

Wildcat: I need you to promise me you won't go to that live shoot with Mrs G.

Traps: It's just people having sex.

Traps: It's perfectly natural.

Wildcat: No. I'm okay with you watching that shit from the comfort of…

Wildcat: Wait, where do you watch your porn?

Traps: Practically everywhere!

Traps: Why?

Traps: Oh! Can I watch when you and Adora have sex?

Traps: And film it?

Traps: For data!

Traps: PLEASE!

Wildcat: NO!

Wildcat: Definitely no!

Wildcat: It will always be a no.

Traps: …okay.

Wildcat: Please don't take Mrs G to a live porno filming.

Traps: …okay.

Wildcat: I'm pretty sure there's other stuff you can do in Elberon that doesn't involve people having sex.

Traps: What if Mrs G wants to have sex?

Catra laughs as she reads that last text and shows it to Adora, the blonde's eyes widen, "No. Tell her no."

"What? What does it say?" Marlena tries to look over at the device.

Catra glances over at Adora, "Can I show her?"

Adora turns to her mom, "Entrapta is asking what if you want to… uh…"

"Want to what?" Marlena asks confused as to what is making her daughter blush, "What does it say?"

"Traps is asking what she should do if you want to have sex." Catra says with an amused look on her face.

"I'm not having sex with Entrapta." Marlena shrugs completely unconcerned, "Not my type."

Catra can't help herself and starts to laugh even louder, "I'll let her know."

New message from Wildcat:

Wildcat: Mrs G doesn't want to fuck you, Traps.

Wildcat: Tough luck.

Traps: Oh, was that a possibility?

Traps: I would have thought you would be unhappy if I did that.

Traps: I could have been your… step mother!

Traps: Laughing emojis!!!

Wildcat: Thank fuck for that not working out…

Wildcat: Also, Mrs G said you weren't her type.

Wildcat: This is NOT a challenge!

Wildcat: Your seduction skills are dodgy at best.

Traps: Worked on you!

Wildcat: We never fucked, Traps!!!

Wildcat: We only just slept next to each other.

Wildcat: What have you been telling people?

Traps: That we slept together.

Wildcat: Yeah, we did. Sleep NEXT to each other.

Traps: Slept together!

Traps: I never said we had sex.

Traps: Very useful data, indeed!

Traps: Tell Mrs G I'll see her at the airport!

Wildcat: Sure. Take care Traps.

Traps: You too!

"Uh, you're good. She's not going to *put the moves on you."* Catra says with a straight face before she bursts out laughing, "Anyways, I'm sure she'll find something else to do instead of watching porno's being filmed."

"Huh." Marlena thinks to herself, "What kind of moves?"

"Mom!" Adora groans out, "Can you please not?"

Marlena shrugs, "Okay. How's my grandmagikittens going?"

Adora sighs, Catra grabbing her hand and squeezing it and replying for the blonde, "We're not ready for that yet."

"Oh?"

"Yeah, it doesn't feel right." Catra says as Adora looks away.

"Oh, Adora." Marlena reaches out for her daughter's hand, "I'm sorry if I've put too much pressure on you. I was just…" Marlena sighs, "I'm sorry. I should have asked you first before assuming anything."

"It's okay." Adora says softly, "I'm just… just not ready for that kind of responsibility."

"Look." Marlena squeezes Adora's hand, "If it's not right for you, then it's not right. Don't feel pressured to do something you don't want to do. I don't want you to regret something as big as expanding your family because you feel obligated to do it."

Catra wraps her arms around Adora, "She's right, you know."

Adora nods, "Okay. Thanks mom."

"Okay, now, I'm starving. So, lets order something so we can have lunch." Marlena announces, happily changing the subject.

One year later…

"Stars… I don't know how Bow and Glimmer do it. I'm exhausted!" Adora declares as she flops onto their bed.

Catra laughs as she pulls off her grass stained tshirt and throws it into the laundry hamper, "Well, they have to do it. It's their kid."

"Still." Adora starfishes on the bed before she smiles up at her wife, "I'm so tired just from playing with them for a few hours, and they're still a baby!"

"Me too, princess." Catra replies as she drops her pants and steps out of them before joining Adora in bed, "But, it was fun being the cool adults."

"It was." Adora smiles as she looks down at Catra's still ever present bulge and then swings herself over so she's straddling her wife, "I think I'm ready."

"Ready?" Catra asks as she wraps her arms around Adora, pulling her closer into her chest.

“Yes.” Adora breathes out into Catra’s neck, “I think I’m ready to have one.”

“Have one?” Catra repeats before chuckling, “You’re ready to have a kid?”

“I think so.” Adora replies.

“Well.” Catra presses a kiss to the side of Adora’s head, “Let me know when you’re 100% sure.”

Adora nods, relieved that Catra doesn’t push it further.

Another year later…

“Fuck!” Catra groans out as she finally cums inside Adora, the blonde pushing herself down onto Catra’s cock as she squeezes the last of Catra’s seed into her, “Oh… fuck…”

Adora pants out, the aftershocks of her orgasm still rolling through her body as she holds Catra tighter, “Stars… I don’t think I’ve come that hard before…”

“Me too.” Catra slumps back on to the bed, “Give me a few minutes and we can probably go again…”

“You want to go again?” Adora asks as she presses soft kisses along Catra’s neck, “We’ve already done it twice already…”

“I can go… more.” Catra declares tiredly, “As much as you want, princess.”

“Well, I think I’m spent, baby.” Adora giggles, “Can we just cuddle now?”

“Fuck yes.” Catra wraps her arms around her wife, “Cuddling is good.”

Adora presses a kiss to her magicat's sweaty temple, "I think it might be time for bed."

Catra yawns upon hearing that and her ears twitch when she hears Adora giggle again, "Yeah. Better clean up first."

"Okay." Adora nods as she pulls herself off Catra's cock and flops onto the bed next to her wife, "In a bit when I can feel my legs again."

Catra turns her head and grin proudly, "That's so fucking hot."

AdoraG: And thank you to everyone in the chat 😊

Sparkles: When can we come over and meet your new addition???

Wildcat: Adora's literally just pushed a living being out of her…

AdoraG: Hey!

AdoraG: We'll let you know.

AdoraG: I'm going to get some more rest…

"Hey Adora." Catra rasps out as she sits on the bed next to her wife, wrapping an arm around her as they look over at their sleeping addition in Adora's arms, "You're amazing. You know that, princess?"

Adora smiles up from looking at her bub in her arms, "You are too."

"Can you believe we're here right now?" Catra sighs out, pressing a kiss on Adora's cheek before gently reaching out and caressing their newborn, "I had no idea they'd be so… tiny."

"Just like you." Adora says with a giggle and Catra rolls her eyes, the blonde leans into her wife's embrace, "I'm so glad you saved me from that auction so long ago."

"I'm just lucky that I won that bid and in that won in life." Catra replies as she holds her wife to her chest and hums happily whilst looking down at their new addition to their family, "Just… don't go on any more online auctions please."

Adora shakes her head and laughs softly, "Don't need to anymore. I've got everything I need right here."

Chapter End Notes

And... done!

25 chapters... when this started out as 5...
I really need to do outlines or something... or not. eh.

Thank you to everyone that's read, commenting, thrown some kudos my way, bookmarked and subscribed for this fic!
It's been a hell of a ...write. haha

I should probably go back and format the first however chapters... but honestly, I don't have the patience.
Anywho... until the next fic... see you then. or not.
I'm not the boss of you. 😂

End Notes

Thanks for reading and if you're feeling it, kudos are welcome too.
