Please, bully me harder, Jinx!

by Tanisz2d

Summary

Jinx is a menace, and everyone knows it, but her mafioso father wont let the school expel her . Fortunately, she limits her bullying to an old money blonde girl, by the name of Lux. And Lux, for her part, wishes Jinx would go a LOT farther. On an otherwise normal day, Lux gets her wish.

Notes

I wrote this in a feverish haze. I dont know what Im doing, I just couldnt be alone with my thoughts. All characters are 18 or older when the sexy stuff happens.
The school operates vaguely on japanese rules. Students have a classroom and desk that's theirs, and teachers move from room to room. I wrote it like this because... I dont know why I wrote it like this.

See the end of the work for more notes

Piltover preparatory high school, or Piltover Prep (or P.P. If you were immature) had a reputation as the best school for college prep on the continent. Their chemistry, engineering, physics, mathematics, biology, psychology, and even theater programs were all award winning and nationally recognized. They even had a boxing club that had produced no fewer than three heavyweight world champions.

If you had the test scores (or the money) to attend, there was no better place to start your career! Especially if you ignore the massive amount of money laundering they do.

Yes, it was widely considered an open secret that the prestigious school had more dirty money flowing through it than students. But so long as the respect kept coming, and the tax collectors stayed away, no one really cared.

Luxanna Crownguard, of the wealthy and venerable Crownguard family, had tested in, regardless of what the rumors said. Her brother, on the other hand, had been a football star who got in on the "family scholarship" as the students called it. But Lux? Lux was in line to be valedictorian when she started her senior year. As a member of the cheer team, debate club, *and* student council, she was poised to become the most respected student in her year, just like mother wanted.

However, and this was a very significant however', Lux's rising popularity had drawn the eye of one blue haired devil hiding among the students. A devil named Jinx. She had been kept in check by her older sister, Vi, but now that the pink haired boxer had graduated

(and taken the heavyweight kickboxing title already), she was an unfettered force of chaos. And Lux was her favorite plaything.

It had started with a shared schedule. Despite her complete disregard for rules, and an attendance record that would more accurately be termed an absence record, she consistently got top marks on nearly all exams, and reliably placed in the top three of most events and contests. As a result, in their senior year Lux shared a classroom with Jinx. Yes!The universally respected honors student shared class 3-A with the school's most famous delinquent!

At first it was small, Jinx dropped things in front of her and made her stop while the blue haired hellion picked them up, or blockaded her desk or locker, using massive headphones as an excuse to ignore her.

Soon though, it escalated. It became things like leaving graffiti all over Lux's desk, or knocking her into the walls, or forcing her to drop her things and kneel to pick them up, and all the while Jinx was laughing at the "girl who got in on mommy' s money."

Lux reported it to principal Heimerdinger, of course, but it turned out that Jinx's father was one of the school's main "donors", and not a man to be casually crossed. So, the school couldnt do a single thing about the bullying.

But, Lux could grin and bear it. She was going to be top of her class! Regardless of obstacles!

The turning point came nine days before Lux's eighteenth birthday. Jinx knocked Lux's books to the floor, as usual, but when Lux kneeled down to retrieve them, Jinx had roughly grabbed her by the hair and forced her face into the bullies crotch. She had held her there for some time.

"Aww, looks like blondie likes it!" She had teased, to the visible amusement of some students, and discomfort and sympathy of others.

And she hadn't been wrong! Lux had made no move to remove herself from her position in the delinquent's groin. In fact, it had been an enlightening experience for Lux! Lux was late to class that day , for the first time in her life, because she was stunned by how much the experience had excited her.

Every day after that Jinx bullied her in the same, tired ways, but Lux's eyes had been opened. Every bump and bruise, every inconvenience and humiliation, every forced show of submission filled Lux with an irresistible carnal delight.

Jinx was no mere devil! She was a flat-chested succubus! The days in Jinx's presence became a sweet agony, and it made the week-long vacation her family gave her for her eighteenth birthday a dry and dismal period of waiting, no, *yearning* for her return to the arms of her precious tormentor.

When the day to return finally came, she was ecstatic to be reunited with her blue haired succubus, but.well. Someone, or something, had calmed her. Tamed her. Jinx had backed off considerably. Oh the torment of not feeling her calloused hands in her hair!Oh the pain of being deprived of the genius young woman's humiliations!Oh woe!Oh the misery!

Lux had done the only thing she could think to do!She began flaunting her wealth and lineage. She wore expensive jewelry , and silken stockings(, and designer underwear, just in case). She prominently displayed the Crownguard crest on her locker and her school bag. She even attended her classes in her cheerleader uniform!

And it had worked, in its way. Jinx returned to defacing her property, and disparaging herfamily and accomplishments, but still Jinx did not touch her!How infuriating!How maddening!How absolutely frustrating(, in every sense of the word)!Lux was at a loss for how to proceed!She could not even think clearly for the unfulfilled lust that was now bubbling in her blood!Her succubus had stopped!

Desperate for release, Lux had begun purchasing … *adult* toys over the internet. Vibrators and dildos (and buttplugs) could assuage her boiling need for a time, but it wasnt enough!It was never enough! And it was never when Lux needed it most!

One day, not long after new year's, Lux had made a bold choice. She was going to bring one of her dildos with her to school, to alleviate her need during the ever tortuous lunch hour. It was on this day that her fortunes finally turned.

On a fairly typical, if unseasonably warm, morning, Lux walked the familiar shortcut through the gardens, hyper aware of the shameful weight of the sex toy in her bag, when she stumbled across the object of her obsession, Jinx, smoking behind a tree. It wasn't unusual to spot her smoking, she seemed to delight in the transgressive aspect of it, but it was unheard of for her to do it in the gardens.

Jinx, of course, spotted Lux as well. How could she not? Lux was standing in the open, staring.

Jinx pondered her for a moment, before grinding out her cigarette (Lux hastily reassed it as a joint when she caught the smell of it,) on a work hardened fingertip. "See something you like, rich bitch?"

Even the low grade insult from the delinquent sent a thrill down Lux's spine. "I'm fairly certain having weed on campus is grounds for expulsion." She didn't mean it. She would never do anything to risk her ability to be bullied by Jinx, she was simply poking for a reaction.

And a reaction she received! Jinx eyed the doobie in her hand with a cheshire grin. "Well, it's a good thing I don't have any on me," she declared, sidling up to Lux, "you, on the other hand," Jinx's arm shot forward, tugging Lux's bag off her shoulder. She fought for it, of course, but growing excitement kept her limbs weak. "Should be more careful about what you keep in your bag." Jinx finished, opening Lux's school bag to hide her drugs in it.

Instead of a convenient hiding place, when Jinx looked into the bag, she saw Lux's secret indulgence. "blondie, why the fuck do you have a dildo in here?"

The absolute embarrassment of the situation was almost too much for Lux to handle. She began shuffling in place, rubbing her thighs together as her wetness began to make a mess of her panties. "I uhh..just give me my bag back. Please?"

Jinx, being neither blind nor stupid, did not miss the motions, or their significance. "Lift up your skirt."She commanded. Lux protested weakly and tried to reach for her bag, but was kept at arms length by the blue-haired succubus. "Lift up!Y our fucking skirt!"She repeated.

Lux's panties had begun to cling to her wet lips, tugging, sliding, pulling ever so slightly every time she moved. It was a horrific (and addictive) feedback loop. The wetter she got the more she felt it. The more she felt it the more embarrassed she became. The more embarrassed she became the wetter she got.

Lux did as instructed, and lifted her skirt to show her dearest tormentor, her beloved demon, her precious bully what she did to Lux. Her succubus observed the growing wet spot on her panties with what could only be described as delighted astonishment. It was much akin to the look of a starving dog presented with an entire cow to eat. Or to the expression Lux herself had made when Jinx first shoved her face into crotch.

"Spread your legs."She commanded, and Lux obeyed. Jinx, however, was not satisfied with the width she spread herself, so she kicked Lux's feet further apart, leaving her standing awkwardly in a wide stance, still raising her skirt for the flat-chested devil's inspection.

The cool breeze over her privates, which Lux could feel in tortuous detail through her sopping undergarments, combined her helpless position, and, most importantly, Jinx's attention made Lux ever more excited. The soaked and silky material clung to every detail of her wet and waiting sex, and a drop of her feminine excitement began beading on the outside of her panties. Jinx observed its fall to the grass with fascination. "Holy shit."

The first bell interrupted their interaction. Lux internally cursed it to a thousand eternities in the deepest bowels of hell. Jinx considered for a moment. Lux knew that her succubus could afford to ditch, but if Lux tried it there would be people searching for her.

Jinx quickly transferred Lux's toy to her own bag, and left her print in Lux's. "Third floor bathroom across from the art room. Lunch time. Dont be late."She commanded before beginning to rush off to their classroom.

"Can I put my skirt down now?"Lux pleaded, and even the act of pleading further excited her.

"Hmmmm" Jinx exaggeratedly pondered. "I'm gonna… saaaayyy" she stretched every word as far as was possible, leaving Lux exposed for her inspection just a little longer, "yes."

Lux lowered her skirt and retrieved her bag, it felt unnaturally light without her secret toy in it. When she too rushed to not be late to class her soaked panties clung to her with every motion, a constant and tantalizing reminder of what had just transpired.

There were four periods until lunch. Four hours and fifteen minutes (including break times) before her time alone with Jinx.

Except, even when they shared a classroom, Jinx behaved differently. Instead of her usual bullying she meticulously avoided actually touching Lux, and instead watched her with burning intensity, and that cheshire grin.

The attention, the anticipation, the knowledge that Jinx had her toy in her bag, it all came together to ensure Lux never had the opportunity to calm herself enough to stop her excited wetless from staining her chair. She dared not move a muscle, even during their between class breaks, lest she risk the entire class seeing her shame. And that prospect! That *risk!* Oh that delicious fear only fanned the flames of her lust higher!

When the lunch hour *finally* arrived, Jinx shot off like a rocket. Lux followed at a more measured pace, despite her desires. When she

arrived at their agreed upon meeting place of the little used restroom, Jinx wasted no more time, to Lux's delight.

No sooner had she entered than her succubus was upon her. Jinx's hand went up her skirt to roughly grope at her still soaking sex, the brief contact was enough to make Lux weak in the knees instantly. "Holy fucking shit." She said, inspecting the wetness on her fingers. "You're *still* this horny?" She presented her soiled fingers to Lux's mouth, and she quickly and delightedly sucked her own excitement off her bully's hand.

Jinx pulled back, leaving Lux whimpering quietly. The flat-chested demon reached into her bag to retrieve Lux's dildo, wrapped in a bandanna. "Show me what you were planning to do with this."

"Well. I was planning on going into a stall." Jinx kicked the nearest one open and gestured for Lux to enter. "Then I was going to sit down, and think about you."

Jinx leaned against the stall door while Lux sat, preventing it from closing. "Well, I'm here. What now?"

"Then I was going to take my toy," she held up the dildo for clarification, "and pleasure myself while thinking about you."

Jinx presented her with that smug grin again. "Well? Get to it!"

Lux moved to obey. She pulled down her soaked panties, a sticky string of her wetness connecting her to them for a split second, and left them hanging from the ankle she braced against the wall so she could present herself to Jinx. Making eye contact with her succubus, Lux slid the dildo into herself. "I was going to to" she panted and moaned, "I was going to fuck myself while I thought about you."

Jinx was watching her intently, ond hand drifting to the waistband of her own skirt.

"I was going to think- fuck!" She shouted in pleasure as she brushed a particularly sensitive spot, "to think about the way you push me around!"

Jinx's hand had moved under her skirt, and she had clearly begun rubbing herself while she watched Lux masturbate with her dildo.

"I want you to abuse me! Hurt me, humiliate me, fuck m-" Jinx snatched Lux's panties off her ankle and shoved them into her mouth, forcing Lux to taste her own excitement.

"Fuck you're loud. Quiet down or well be caught!" She leaned over to rub herself harder, biting back a moan of her own.

Lux whimpered and moaned into her panties, tears of joy filling her eyes as she watched Jinx watch her. She was *so close* when the bathroom door creaked open with a timid call of, "excuse me, you can't do that in here."

"Fuck off or die!" Jinx responded without looking away from Lux. It worked, and the would be interloper did indeed fuck off.

The dildo, Jinx's attention, the close call, it was too much for Lux. She screamed into her makeshift gag as she came, before collapsing bonelessly on the toilet. That was the best orgasm she'd ever had.

Tragedy of tragedies; Lux was too out of it to see Jinx cum. The first indication that Jinx had finished she received was the flat-chested succubus pulling the dildo out of her cunt. Lux whimpered at its exit, given how sensitive she still was.

Jinx pulled the panties out of Lux's mouth and wrapped them around the still soaking dildo, "I'm keeping these."

"Okay…"

"And you're going back to class without underpants." She continued.

"kay"

Jinx squinted at her non-reactions. " ***And*** you're coming to school tomorrow without panties."

"yes ma'am."

Jinx continued to eye her with suspicion. "Whatever . Lunch is almost over, pull yourself together."

Jinx left, presumably to eat something and return to the classroom, and Lux slowly pulled herself up. She did her best to uncrumple her clothes and make her hair look less freshly-fucked, but there was only so much she could do.

The lack of panties was a fresh distraction. It was a truly delicious feeling of vulnerability and humiliation. She positively loved her succubus for forcing that feeling upon her. When she arrived at class she saw that Jinx had moved her desk next to her own, displacing her usual neighbor. She was struck with a dilemma then. If she sat on her skirt she would likely leave a wet spot on the garment, for all to see, but if she moved her skirt aside, she would risk having the material of her chair directly on her privates. However, she had a solution, she provided a sanitizing wipe from her bag and diligently cleaned her chair before sitting in her seat just before the class bell rang. What do you know? Her mother's germaphobia came in handy, for once.

Jinx was so close! It was delightful! It was maddening! It was enough to reignite the flames of lust in Lux. She could distinctly feel the material of her seat against her bottom. That constant reminder of her humiliating position did not let her lust die, and, without her panties to contain it, her wetness began to drip onto her chair.

Lux, lost in her lust and still somewhat dazed from her intense orgasm, spent the rest of that day completely out of it. She did not hear one word the teachers said, she did not understand one iota of what went on the whiteboard. It wasnt until the final bell rang that she even noticed how much time had passed.

"Well, see you tomorrow blondie!" Jinx said with malicious delight. "And **dont** forget what I told you!"

Lux nodded. She was planning to get a copy of the class notes from a friend, but when she moved to put her notebook away she saw that the last three classes had been filled in with an uneven but still legible hand.

The next day, she came to class without underwear, as instructed, and, as the day before, Jinx dragged her to the third floor bathroom to watch her pleasure herself.

It became the new norm for them. Jinx would spend most of the morning riling her up, she'd cum her brains out during lunch, and after school Lux would catch up using the notes that 'mysteriously' appeared in her book. And yet, Lux was not satisfied. She yearned

for further humiliation, to be exposed, to be mistreated where everyone could see. She wanted her succubus to unmake her and parade the pieces around before putting her back together.

In time, Jinx seemed to catch on to the fact that Lux wanted to go further. Weeks into their.W ell, to call it a relationship might be stretching the term.W eeks into their dalliance Jinx issued a new command.

"No panties tomorrow . And be sure you're the first to arrive in class."

Lux wanted to know what she was planning, of course, but didnt want to spoil the surprise!So, as ever , she unquestioningly obeyed. She arrived a full thirty minutes before class, to find, to her surprise, that someone had arrived before her anyway. When that someone was revealed to be Jinx herself Lux was quite relieved. That relief was *very* short-lived, as she was then presented with the reason Jinx had wanted her to show up so early anyway.

"W ell?What are you waiting for?T ake a seat, class is starting soon!" Jinx giggled.

On Lux's chair, fixed in place, was a dildo. It was rather average sized, a bit shorter than the one Lux typically used on herself, but that was to be expected, given its intended purpose of being her seat.

"You cant be serious!" Lux protested despite the wetness already beginning to run down her thigh.

"I said: T ake. A. Seat." Jinx repeated firmly . Lux moved to obey, positioning herself above the chair and slowly lowering herself. She aligned the dido with her entrance, but hesitated at the last second.

"Jinx, Im not sure about thii i -" Lux was cut off by Jinx pressing down on her shoulders, forcing her onto the dildo, she moaned in delight at the rough treatment and sudden penetration. The dildo was the perfect length for Lux to sit fully on the chair without penetrating herself too deeply for comfort. Had she the capacity for thought, Lux would be impressed by Jinx's preparations.

"Perfect!" Jinx declared, "Just a few more adjustments and itll all be ready." She reached around Lux to adjust her skirt, pulling it up just enough that everyone would be able to see a sliver of Lux's ass, and, if they knew where to look, her wetness leaking onto the chair.. "Dont worry too hard, rich bitch." Jinx sat down at what had recently become her desk, next to Lux. "All you have to do is keep your cool.for the next eight hours."

It was delightful torment. It was monstrous pleasure. It was blatantly sexualt harassment, and possibly assault. It was everything Lux had wanted. She leaned forward just a bit and felt the dildo shift. She lifted herself up to adjust her chair and immediately fell back down when her knees weakened from the pleasure. She tried again, several more times, and successfully situated herself at her desk, before continuing her bouncing. She even managed to work herself to her first orgasm of the day before a student came in, even if Jinx

had to cover her mouth with her hand to keep Lux from screaming and ending the fun early.

They got odd looks for being there so early, but Jinx did whatever she felt like, and everyone knew it, so no one questioned them. The first class passed like flowing tar. Every second Lux was accurately aware of how exposed she was. Her last tattered shred of decency was waging brutal war on the overwhelming pleasure of the truly mortifying position she was in. Eventually, far too late for comfort, the bell rang to signal the end of the first period. Lux didnt think she could survive six more of those. Let alone lunch.

Lux was shocked by a calloused hand stroking the inside of her thigh. "Say the word, and Ill get you out of this."Jinx whispered in her ear.

Surprising. Baffling. Perplexing. All these things and more. Still, the knowledge of a way out gave Lux the comfort she needed to lose herself to the pleasure. "No. Im fine."She told Jinx.

The second period passed faster than the first. Lux was starting to enjoy the experience more than she feared it. In the third period she even risked shuffling around a little, only when the teacher had everyone's attention, of course. During the fourth period, she got a little too bold, and pushed herself into orgasm. Jinx had to muffle her mouth with her hand again, and Lux was absolutely sure everyone noticed anyway. AND she left bite marks on Jinx's hand!

Lux was without ideas for how she was going to handle lunch break. Many of her classmates ate lunch in the classroom, after all. Jinx

once again demonstrated her forethought by producing not one, but *two* lunch boxes from her backpack. "Eat up blondie. It' s probably not poison."She said before tearing into her own lunch. Lux tried her best to remain still as she ate, but Jinx, in animated (and one-sided) conversation, would frequently lean against, lightly push, or otherwise jostle Lux, sending jolts of pleasure though her body . Jinx played her like a fiddle, to such a degree that she found herself biting down on Jinx's hand for a third time before lunch break was over.

Midway through the fifth period, Lux hit her limit. She couldn't think, couldn't speak, she was barely aware of what was happening anymore, and barely had the capacity to worry about it. Jinx, of course, noticed how she stopped responding to her teasing, and reacted almost immediately. "Yo!Teach!Im taking Lux to the infirmary."She declared, reaching under Lux to subtly detach the dildo from the chair.

Lux of course, didn't know this was occurring, nor did she know that Jinx gently carried her to an infirmary bed and intimidated the nurse into going home for the day. All Lux knew was that he found herself with a glass of water and an energy bar, lying in a curtained off bed in a sunlit room.

Lux didn't question the circumstances, or where exactly Jinx was, until she heard footsteps and the crack of a can being opened. Jinx pulled the curtain aside, and seeing that Lux was responsive again, greeted her as politely as Lux had come to expect, "Sup, bitch?" She chugged what Lux hoped was soda, but, knowing Jinx, was probably beer.

Lux did her best to organize her thoughts, but it was very difficult. She was still foggy and scattered. Thoughts bubbled up, and she had no filter to stop them. "Have you cum today, Jinx?"

"Nope." She casually responded, taking another swig of beer. "Why? You volunteering to help with that?" She asked mockingly.

"Yes." Again, Lux was too slow to stop her own mouth. "I want you to sit on my face."

Jinx stared quietly, chugged the rest of her beer, and said, "Well shit, twist my arm, why don't ya?"

Lux shiffled herself down to give Jinx room to position herself. Jinx, for her part, wasted no time in removing her skirt and panties, revealing her own wet sex. From the look of it, Jinx had enjoyed Lux's show almost as much as Lux had. When Jinx placed herself above Lux's face, she was treated to a positively delightful view of her soaked cunt and asshole. Lux observed (to herself, her mouth was too occupied drooling in anticipation) that Jinx's asshole was the exact same color as the surrounding skin. She must have gotten it bleached…

When Jinx's wet folds made contact with Lux's mouth, all other thoughts left her. Her entire brain (or what little of it she had coaxed into functioning) was consumed by Jinx's taste. Sweet as candy, almost entirely opposite her personality. But her taste was entirely secondary to her pleasure, so Lux willed herself to focus on that. Her

tongue probed downwards from her chin, and found Jinx's clit fairly quickly. "Oh Fuck! You move fast, blondie!" Jinc giggled on top of her. "Also, nice view ," Jinx said while reaching down to undo Lux' s shirt and shove her bra out of the way. "I've gotta see this more often."

Lux quickly and determinedly mapped out what made Jinx feel the best. She didnt like having her tongue inside. She liked it when Lux grabbed her ass. She didnt mind Lux licking the outer folds of her sex. She *really* liked it when Lux played with her clit. She was neither as fast nor as precise at hitting Jinx's buttons and she was hitting Lux's, but regardless, Jinx's wetness soon multiplied to the point that it was running down Lux's chin and over her face to pin her sweat in her hair. "F-fuck. Blondie, I'm..I'm fucking close!" Lux did all she could to push her over the edge, and was rewarded with a vigorous gush of Jinx's sugar sweet slickness.

Jinx collapsed on the bed next to her. "Fuck. That was good." She panted, before looking over at Lux's face. "Hey , blondie, you gotta let me know how that tastes."

Lux licked her lips, "Sweet. Surprisingly ."

"No no." Jinx admonished, "You gotta let me know," She grabbed Lux by the collar and roughly dragged her closer, "How it tastes." She finished before pulling Lux into a kiss.

The unexpected tenderness of the gesture caught Lux entirely off guard. "Jinx! That was my first kiss!" She pouted. "Now I can't have it somewhere romantic!"

Jinx started laughing loudly. "We've fucked how many times? And you're worried about a *kiss??"*

"You big bully." Lux accused.

"Yeah yeah." Jinx waved her off. "Say, rich bitch. We have tomorrow off, do you wanna catch a movie or something?"

Surprising. Baffling. Perplexing. Etc. "Jinx... are you asking me on a date?"

"Yeah." She replied flatly. "I mean, we've fucked so many times, and I don't actually hate you anymore." She sat up to look Lux in the eye, "Don't get me wrong, I still hate your pompous ass family, but not you. So, what do you say, Lux?" The use of her actual name caught Lux off guard, "Be my girlfriend?"

Lux thought about it for a moment, before realizing she already knew the answer. "Okay. But only if you promise to keep 'bullying' me like this!"

“Of course, rich bitch.”

End Notes

I ain't kidding about the feverish haze bit. I wrote this furiously during a six hour period where my head hurt too much for me to sleep.
