Champagne is Sweeter on Your Lips

by ResFlower

Summary

"It'll be weird, we won't have to see each other that often anymore." Catra comments idly , her voice carrying although she's still facing the opposite way.

Adora's fingers stutter on her back. She doesn't want to stop, could never want to be anything but Catra's ever again. She's as sure about it as she's ever been about anything else. But Catra would say if she wanted Adora, wouldn't she? She shouldn't alienate her friend in the hope of something more.

She's apparently been stuck in her own thoughts for too long because Catra turns around so they are face to face, lying on their side. "Adora?" She asks carefully . "You alright?"

Fuck it. Catra's staring at her with those big beautiful eyes and her heart feels like it's clenched into a fist and turning to ash in her chest. There's no avoiding this. "~~w~~hat if we still saw each other? What if we...wanted to?"

OR

Catra and Adora are FWB and Maids of Honor planning a Scorfuma wedding together. Smut prompt: "Fuck. Any chance you know where my underwear went?"

Notes

See the end of the work for notes

"Fuck. Any chance you know where my underwear went?" Catra's voice is hoarse, her breath coming in pants. They're still pressed close together, fabric in the way. Adora is too dazed looking at Catra to fret about things like where her underwear might be. She's so sexy; it's really unfair how hot she is, or that Adora has to endure a whole ceremony without touching her. "Adora." She snaps, clearly annoyed.

She tries to focus on Catra's question. "You're the one that used them to gag me." She points out. It had been incredibly hot, how Catra shoved her panties into Adora's mouth when the blonde was doing a miserable job at being quiet. She'd been wet before so they tasted like Catra and Adora had a thing for being gagged anyways. "I don't know where I spit them out. Honestly, you're better off not wearing them now."

Catra leans backward, tilting her head up and exposing her throat. "Fuck, I did not think this through at all." She groans.

Adora squeezes the hand she has wrapped around the brunette's waist. "It's fine. No one will know it's a long dress anyway. Let me help you straighten it out. It'll be alright." She promises.

She messes with the bottom of the dress, smoothing out any creases as best she can in the dark of the closet they snuck into. Adora manages to make Catra look mostly unruffled, only an extra curl or two out of place, but that can be from having to run around on the big day. There's no reason for anyone to suspect what they've been up to.

"Right as rain," Adora says before leaning forward to kiss her.

Catra puts a hand on her shoulder stopping her, a soft smile on her face. "Makeup, remember?"

Adora groans, letting one of her hands rest on the wall beside Catra's head. She almost forgot. She hasn't been able to kiss Catra

since they both got their makeup done earlier in the day. Adora thinks she sweat a lot of her makeup off, but she knows that starting to kiss now will ruin any attempts of salvaging any of it.

"Fine. Maid of honor's job is never done."Adora teases. She takes another moment to enjoy the way that Catra looks, the soft flush others will write off as exertion from the endless list of tasks they have to get through. Adora knows better. She probably doesn't look much better. "I'll go get the flowers that are missing and you can have a moment to yourself before we need to do the final run-through."She needs some air and space from the bridal party anyways.Adora isn't sure she'll be able to keep the dumb grin off her face.

Catra nods. "Thanks, Adora. You know, for the stress relief."She winks for good measure.

She shakes her head. "Anytime. I'm always happy to lend a hand." She'd fingered Catra quickly, using all the knowledge she had of Catra's body to try to get her off with the least amount of damage to the carefully coifed look they were supposed to keep together for another few hours. She mourns losing their closeness now, but they're probably already being missed by the bridal parties. "You know tonight, I think you're going to need help getting all those bobby pins out of your hair."

Catra raises an eyebrow. "Yeah?"

"Yeah. Why don't you stay in my room and I can help with that." Adora can already imagine how gorgeous Catra would look fully naked, her curls bouncing as she rides Adora's fingers again.

She looks like she's turning the idea over in her head. "Let's see how the ceremony goes. Don't need any runaway brides."

She rolls her eyes. "Please, Scorpia and Perfuma would never." Adora shrugs. "But have it your way. Let me know when you figure out what you want."

I will." Catra squeezes her arm softly. "See you."

The rest of the afternoon is a blur but Catra is never too far from Adora's mind.

The wedding is gorgeous and everything goes without a hitch. Adora only cries a little but she expected that. Scorpia and Perfuma are really sweet together. It doesn't take long after the ceremony for the wives to run off and they're free to do as they please.

That means Catra is sitting on her bed, still in her maid of honor outfit, sighing as she drops back on the bed. "Thank God they had a day of coordinator. I could not have made it through without that woman."

"She was helpful," Adora remarks as she kneels before Catra. She takes her foot and undoes the strap of her heel, gently removing the shoe. Catra groans when Adora runs her thumbs over the balls of her feet gently. "Sore?" She asks, although she already knows.

"So sore." Catra agrees with her eyes shut.

Adora presses a soft kiss on her ankle where the strap had been chaffing, before moving to the next foot and giving it the same treatment. She gives both feet a careful rub down, Catra moaning and groaning in relief. She looks like a mindless puddle, her whole body soft and relaxed on the bed, like she feels safe there. It makes Adora's heart swell, to see her like this.

"Careful, you might give me ideas." Adora jokes as she holds Catra's foot in her hand and softly rotates her ankle. Catra's noises are suggestive, but this mostly just feels a touch too intimate. She doesn't want to stop though.

Catra snorts, her eyes flashing up to Adora's. "Yeah, you promised to do my hair too." She says with a raised eyebrow.

Adora sighs as if it's a hardship before getting up and sitting next to Catra, who turns so Adora can get to the pins. She places a soft kiss on Catra's neck, enjoying her stuttering breath. "The updo suits you, you know?" She can't help but point out. Adora loves Catra's curls, the thickness and length of them always make her stop to stare. For the wedding, the curls are piled atop her head in a way that both looks beautiful and free.

She carefully pulls out the pins, watching for Catra's winces as she gets to the more stubborn ones. Slowly, Catra's hair starts to cascade down her back, long curls that are a little stiff from the hair spray. Adora softly runs her hand through the curls. She then gets her fingers closer to the scalp, using the pads to rub there. Catra leans her head back. "Fuck, that feels so good." She's practically limp in Adora's arms as she continues to knead Catra's head.

"I'm glad you like it," Adora says simply .

The whole moment is a lot gentler than anything they've done recently. It almost reminds her of the few dates they did go on before deciding they were better as friends. She could imagine if they'd decided on something different then, that they'd have days where Adora touching Catra like this would simply be a given. The thought makes her heart twinge and she shoves it aside. She lets her hands wander from Catra's hair down her shoulders until she's running a finger up Catra's collarbone.

"Anything else you wanted?" She lets her lips brush the corner of Catra's jaw .

She bites her lip and leans further back into Adora's arm. Over Catra's shoulder, she can see her cleavage the deep vee of the dress distracting Adora all night.

Catra turns her head and catches Adora's gaze. "What do you think?"

She doesn't bother answering, instead leaning forward and kissing her. Catra turns so that she's facing Adora and kisses her deeply, her hands wrapping around the blonde's shoulders. She tastes like the champagne that they toasted with, and Adora quickly gets lost in the sensation.

"Let me get you out of this dress." Adora breathes out as she reaches back, her hand finding the zipper on the back of Catra's dress. She can feel Catra's nod, her lips trailing Adora's neck as she tugs, the fabric growing slack around her. Adora looks down and curses. "Fuck, you aren't wearing a bra?" She suddenly remembers that Catra isn't wearing underwear either, hadn't been wearing it all when she was smirking at her during the ceremony and she groans.

"I didn't feel the need." She huffs out, not bothering to move her lips from Adora's skin as she replies. Adora lets her hands slip down, and palms Catra's tits. Catra groans, arching her back into it which makes Adora smile. "Fuck, take off your clothes too." Her voice is a deep grumble that shoots straight through Adora.

"Unzip me?" She asks, not wanting to stop touching the brunette to try to get at the fastener. Catra makes quick work of it, finding the zipper quickly before shoving the dress halfway down Adora's body.

Now when they pull close, they're chest to chest and bare. It feels so good, even just this, to kiss Catra and feel her breasts touching Adora's. It has no business feeling this good; it's like she's back in high school and has never made it past second base. Catra's hand are insistently shoving Adora's dress further and she breaks the kiss for a moment to stand, the dress pooling by her feet. She turns to dive back in but she's caught staring at Catra, whose staring at her.

Adora isn't sure she's ever been looked at this way by another person. It's not just want on her face—Adora's been wanted plenty, she's not a stranger to that—it's focus and devotion. Adora knows from experience, Catra doesn't half-ass a thing. She commits to it fully, and being with her is groundbreaking and a revelation each time.

So now she's caught in Catra's eyes, in how good she looks leaned back on Adora's bed, legs half parted as her eyes rove Adora from the fabric at her feet to her eyes and back. Her knees feel a little weak, her body on fire under the gravity of the stare that keeps pulling her in, demanding her undivided attention.

"Catra."She whines out, not sure what else to say . It's a lingering moment and she should feel embarrassed at how needy she's being with her friend, but she can't find t in her to give a single damn.

The brunette doesn't move, doesn't stop staring~~it's~~ as if she hadn't heard Adora speak at all. "Y ou're so beautiful."She finally says. "Come here and let me spoil you."

Adora kneels on the bed, inching forward so they're both properly laying together. "What if I want to spoil you?"She can't help but ask.

Catra shakes her head. "Y ou already have. Let me touch you."

It's a reqest and Adora can hardly turn it down, not when her panties are clinging to her and Catra looks like she wants to eat her alive. She lets the brunette kiss her, moving her until she's flat on her back. She meanders down Adora's body, leaving soft bites and heated kisses everywhere she can reach. Catra spends what feels like an endless amount of time touching Adora's tits with her hands and her lips, tweaking the nipples until Adora is crying out.

"Y ou have such soft skin,"Catra murmurs as she sets to leave a hickey on the fleshy part of her breast. It's a dull pain that leaves Adora panting, her legs widening apart, hoping to catch Catra's attention. Adora knows it works when she feels the brunette's smirk pressed again her torso. "Y ou need something, Adora?"

"Please, touch me."She spits out, beyond ready to have another orgasm. The tryst in the closet had been fun and dirty, but she didn't get nearly as much time as she wanted with Catra.

"Hold still for me then. Think you can manage?" Catra's hands start wandering lower but they stop before they reach where Adora wants her.

"Yes. Anything you want." She promises. Adora would give Catra the world if she just keeps moving and gives her some relief.

Catra doesn't seem interested in teasing any further, her hand coming down and slipping into her panties. She takes in a sharp breath and lets out a soft grunt as she feels Adora's sodden flesh. Her eyes lock with Adora as she sits between her knees, her breath rougher than it was a few moments ago. "Fuck, you're so wet." She leans down and tugs the underwear off.

There's something really vulnerable about having someone stare right at her pussy. Adora usually has to fight the urge to clamp her legs together whenever someone wants to go down on her. Somehow with Catra, like everything else, it's different and better. There's never any thought that she could find Adora lacking. Catra makes her feel both beautiful and safe to not be perfect. So her legs are relaxed, wide open as she lets Catra see her like this, open and vulnerable for her.

"Fuck." She breathes out, her eyes darting between Adora's face and the rest of her body that's pliant in Catra's hands. She bows her head, the flat of her tongue gently moving against Adora's clit. It makes Adora shut her eyes, her body arching without her say-so. Catra's touch is like a live wire, it leaves all of her shooting sparks. One of her hands reaches out so she can touch the other woman's curls, gently holding her in place. "You taste so good, princess." She murmurs before really moving, her fingers coming under her chin to enter Adora.

She knows she's noisy but she can't help it. Every touch and lick feels so good. Without the errant thoughts that usually plague her when Adora lets someone go down on her, she's only left with thoughts of how amazing it feels to be taken care of, how hot Catra looks with her face buried between her legs. The vibrations of the

groans that tell her that Catra enjoys this almost as much as she does.

"Catra." She moans out, not bothering to keep it from her . She knows Catra likes it when she's uninhibited; when she lets herself do what she wants. Doing this with Catra has made her realize she likes it too. She doesn't want to hold back from tugging on her hair and begging for more. "Please, right there." Her hips are jerking up as she tries to catch the movement that is slowly making her lose her mind. She finds it again, her hip snapping forward when Catra's tongue hits her the right way. "That, that. Please." She begs, her legs shaking.

She can't really keep doing the controlled movement that makes her see stars, but Catra moves both her hands beneath her ass and helps her do it, her face covered in Adora's wetness. It only takes a few more jerks before she lets out a hoarse yell, Catra's name the only word on her lips. Her body releases all the tension that had been tightly coiling in her, her legs shaking and her shoulder almost lifting off the bed.

When she comes to, Catra is gently pulling away after kissing her clean. She climbs up so that she's laying next to Adora. She can immediately tell from Catra's movements that she's keyed up. "Let me touch you now?" Adora's voice sounds groggy even to her own ears. She's sleepy, her orgasm and the rest of the day catching up to her, but she wants to do this. Wants to feel Catra come apart for her.

"You sure?" Catra's voice is tight and strained, clearly fighting the desire there.

Adora pulls Catra in for a kiss, tasting herself there. "Yes. I want to make you feel good." She wants to make Catra as safe and as happy as she makes Adora. She wants her friend to be boneless and share in the afterglow with her. "Please."

Catra just about velcros herself to Adora, grabbing her hand and shoving it down until it's between Catra's thigh. "I don't need much."

The admission is a needy whimper and it makes Adora's core clench. "Just touch me and talk to me?" Catra asks hopefully.

"Of course." Adora starts moving her fingers in practiced circles, reveling in the way Catra shoves her face in Adora's neck, hiding a whine. "Such a pretty girl making pretty noises for me." Adora marvels, putting a soft kiss on her head. "You ate me out so well. You looked sexy eating me out. I just about came from just the way you looked at me." Adora's not much for dirty talk, but she knows Catra likes it, so she just picks thoughts running through her head, hoping it'll be enough, that Catra will like them.

The brunette lets out a sharp gasp and she starts rocking her hips against Adora's slippery fingers. Her arm wraps around Adora's waist and there's so close. She loves when Catra is this close when they're having sex. "You look so sexy right now. I want you so much, Catra." That's probably too much, too desperate, but Adora's beyond caring. She needs Catra to feel wanted, like the center of the universe. It feels that way to Adora. "I want you to come for me, baby. I want to make you feel half as good as you made me feel. Please?"

Catra's eyes are strewn shut and she's almost sobbing. Adora can barely move her hand from how hard Catra is rocking, unsteady jerks that tell her Catra is close. She doesn't have to do much, just watches in awe as Catra moves once, twice, a third time, and then shakes hard, gripping Adora close as she rides her orgasm. Adora places soft kisses on her head, on her cheeks, along her jaw, murmuring *good girl* against her skin.

When Catra opens her eyes again, she places a soft kiss on Adora's lips before turning so her back is facing Adora. It's a lazy roll and she feels the sleepy sigh that Catra lets out. "Fuck that was good." She murmurs, pressing her ass back into Adora's hip.

The emotions that fill her gut at Catra's quiet contentment barely fit inside her. She wants to crush the brunette into her chest, to let the

emotion spill over into her so she can share it. It's too much for what they are to each other.

Instead, Adora looks at Catra's back. She has so many freckles and moles, light smatters on her shoulders, and darker spots on her lower and middle back. Adora can't help but trace them, her fingers gently gliding from one to another, a soft rhythmic activity that fills her cup. It's almost like the caress of just her finger can disguise the depth there in a way that a crushing hug would easily give away.

"It'll be weird, we won't have to see each other that often anymore." Catra comments idly, her voice carrying although she's still facing the opposite way.

Adora's fingers stutter on her back. She supposes that's true~~th~~ey'd started sleeping together as a byproduct of the wedding planning, of being available and convenient to each other. Because they knew that they could have fun without consequences.

And yet now, the thought of stopping, of not touching Catra ever again, makes Adora's stomach drop. She'd been avoiding thinking about it for ages now~~ho~~w slowly their wedding planning coordinating sessions grew in length, filled with small talk and vents and later soft touches and kisses that ended in trembling sighs and half-choked whines.

Adora doesn't want to stop, could never want to be anything but Catra's ever again. She's as sure about it as she's ever been about anything else. But Catra would say if she wanted Adora, wouldn't she? She shouldn't alienate her friend in the hope of something more.

She's apparently been stuck in her own thoughts for too long because Catra turns around so they are face to face, lying on their side. "Adora?" She asks carefully. "You alright?"

Fuck it. Catra's staring at her with those big beautiful eyes and her heart feels like it's clenched into a fist and turning to ash in her chest.

There's no avoiding this. "What if we still saw each other? What if we...wanted to?" She asks gingerly . Adora doesn't think all of how she feels is one-sided, but there's no real knowing either. As much as she feels she's gotten closer to Catra in the months they'd been sleeping together, sometimes the brunette is beyond unreadable to her. Catra's eyes are wide as she looks at Adora, lightly biting her lower lip. Adora sighs. "You remember how when we first met we went out?" She tries instead.

"Yeah." Catra's voice sounds far away . Adora can't tell if the spacey quality is there or if it's just the blood rushing in her ears.

"I'd like to try again. If you'd like that." Adora fumbles through it, hoping that she's not demolishing the friendship she's built with Catra. They'd first called it quits early on because they had too many friends in common and felt too different to work out. Now, Adora feels like those differences just make them fit together . They've grown and their relationship has deepened to the point where Adora feels like they'd be jumping headfirst into something real. Substantial. The kind of thing that could maybe get them walking down the aisle together again, just not as maids of honor .

Adora doesn't say that though. She waits, breath caught in her lungs, hoping that Catra wants this too. The brunette reaches out, her hand reaching out to push Adora's hair behind her ear. Her hand lingers on Adora's cheekbone, the touch warm and comforting. "I'd really like that." She manages with a soft smile. "As much as I'm glad the wedding is over and life can go back to normal, I wasn't looking forward to losing this." She admits in a soft whisper .

"Thank fuck." Adora blurts out. It makes Catra let out a full belly laugh, her shoulders shaking as she presses closer to Adora. Adora takes advantage, wrapping her arms firmly around Catra like she's been wanting to. "I really like you, Catra." Adora's never felt more comfortable with someone, has never wanted someone this deeply ever before.

The brunette's eyes soften, her split eyes impossibly beautiful in the low light of the hotel nightstand lamp. "I really like you too."

Adora leans forward and kisses her, soft and slow and intimate just like the rest of their night has been. She lets her hand rest in the middle of Catra's back, wondering how many freckles she's touching right now. She wants to memorize them, to know Catra, and make her feel cared for and safe. "We should go to sleep, yeah?" Adora offers tentatively. During their fling, they've never stayed the night together. She's hoping that'll be different.

Catra searches her eyes before pressing a soft kiss to her lips. "Yeah, I think we should." She settles closer to Adora, pulling the blonde's hands on her naked body so that she's laying on Adora's chest, head pressed beneath her chin.

Adora presses a soft kiss to the crown of her head before turning out the light. She nuzzles Catra close and smiles to herself, thinking about how much fun they'll have explaining their joint attendance at the bridal party brunch tomorrow.

End Notes

Why is this soft?! IDK. It just decided it was soft. I have no control over these things lol. I really like it though :)

Kudos and comments are great. I appreciate them. You can find me on Twitter and Tumblr.
