Hey, Adora

by EXG3D

Summary

Adora has had a rough few days and they cant wait to finally get back to Brightmoon Castle and sleep all day.

Unfortunately ... or fortunately? Catra has other plans in store.

Notes

This years smut swap is gifted to @trynserene , hope you enjoy this little piece!

Brightmoon Castle. Calm, peaceful;nothing like the nightmare that was Thaymor with all the cleanup and the people complaining about the broken buildings everywhere and when She-Ra would fix everything up. Adora sighed heavily at the memory, someone even had the audacity to ask them if they could just lift up their sword and say some magical phrase to return everything the way it was before. Iwish buddy , life doesnt have a magic reset button like that. Another sigh escaped Adora, shoulders dropping as their posture slightly slumps forward in exhaustion.

At least Ican relax a bit before the next "emergency call." There' s been a lot of those since we got rid of Prime.

They walk up the stairs of the grand castle, waving to each soldier they pass by and quickly gives a debrief to Captain Juliet before stating that theyll be taking a long nap and doesnt want to be disturbed the rest of the day. Adora then heads to their room, opens the door and lets out a loud sigh of relief, ready to finally relax. Except Adora's mouth is suddenly covered, their body pinned to the wall by what felt like another, slightly shorter, body. They squint slightly, trying to see in the solid black room, but to no avail, it's too dark and this person is too close to notice who it might be. Shuffling is heard and Adora prepares themself for what's to come, but is surprised when a soft and sultry whisper enters their ear.

"Hey , Adora"

Adora breathes out a sigh of relief, chuckling in the process.

"Catra, why do you have me pinned to the wall? And what are you doing in the dark? Y ou scared me there for a sec." A long clawed finger shuts up Adora as a snap is heard and candles illuminate the room. As Adora's eyes adjust to the sudden light, the first thing they notice are the clothes that Catra is wearing, or barely wearing.

The red hot color is the first thing that pops out, next is the silky lace material that hugged every curve in just the right way . Floral patterns

barely covering caramel skin, nipples slightly protruding against the soft silk. Adora's eyes slowly travel down this goddess's figure in front of them, ears flushing as crimson as the clothing their partner is barely wearing.

Catra smirks as Adora continues to silently admire her, then slowly removes her finger still on Adora's lips to replace them with her own lips, hovering mere centimeters away from each other. Adora's breath gets caught in their throat as they can feel Catra's breath on their lips. An involuntary whimper escapes Adora and they can feel Catra's smirk grow wider at the sound.

"You've been working hard Adora, I think you deserve some type of reward, don't you?"

Adora just lets out a groan, unable to properly speak at the moment. But Catra tsks at the noise, unsatisfied with the response she got.

"Use your words, princess."

Adora gulps audibly at the command, another groan escaping their lips.

"Yes, ma'am."

"Yes, ma'am, what?"

"I want a reward, please."

Catra smirks, "That's a good girl." And lips softly brush against lips, the smell of sugar and sweet berries embraces Adora and clouds their mind. As if a sexual beast takes over their mind and immobilizes them for a second, unable to do anything other than take in the fragrance completely consuming them. Catra deepens the kiss slightly, her tongue demanding entrance as she hungrily claims what's hers, Adora instinctively grabbing her ass and closing the minuscule gap that was between their bodies.

Tongues collide, fighting for dominance, hands slide down thighs as they easily lift the petite feline and usher themselves towards the bed. Catra wraps her hands around Adora's neck, moving her fingers through their recently shortened hair.

They are interrupted by a slight thud, and they both plop down on the ridiculously soft bed, almost encasing them both as if to eat them alive. Catra takes this opportunity to stop the kiss, causing Adora to whimper at the sudden emptiness. Catra scrunches her nose at the sound, finding it adorable that she can elicit such reactions from the She-Ra. She lightly pecks their nose as a consolation.

"Relax princess, the night is just starting."

A mischievous smile appears on her face and then suddenly she's on top of Adora, her hands grasping their wrists with a slight pressure. Adora raises their eyebrows from the sudden movement and before they knew it, hands were replaced with soft clamps. Adora chuckles lightly, realizing what's happening.

"Cuffs, Catra? You should know these can't hold me down." Catra continues to smirk, unfazed from Adora's statement. Adora's smile begins to falter.

"I know you're strong Adora, but I also know you're a people pleaser." She lowers her gaze, her voice dropping an octave as well, "and I know for a fact that you won't budge from those cuffs until I tell you to, like the good boy you are."

Adora instinctively whimpers at the relatively new term Catra has been trying out on them. She is the only one that knows about Adora's current struggles and they agreed to try out different words and phrases to see what they were more comfortable with. From that whimper, it was obvious Adora enjoyed it. Catra smiles, remembering to keep that in mind for the future.

She moves over to the nightstand, out of Adora's line of sight, before returning with a cloth of some kind. She then wraps it around Adora's

eyes, completely removing two of the senses now. The cloth feels silky on their face, the similar smell of sugar and berries penetrating their nostrils. Adora's lower body begins to contract from the alluring aroma. With two senses gone, it's causing their sense of smell to strengthen and lose more control from the perfume. Either that or Adora is just obsessed with how Catra smells and not seeing her is causing their senses to go wild.

Silence consumes the room for what feels like minutes. Adora can tell Catra hasn't moved in a while and but she was still there, the slight pressure of a body straddling around their hips evident. Adora wasn't the most patient person but they tried to be patient to see what Catra has in store for them. The longer they waited though, the stronger the scent surrounded them, as if inching deeper into their nose, traveling through their veins and into their brain. Taking complete control over them and slowly causing them to become more feral and less patient.

Adora grunts lowly, unable to take the silence any longer.

"Catra," barely a whisper .

Still silence.

"Catra," this time deeper and more demanding.

"Yes, Adora?"

"I can't take it anymore. Whatever it is you're planning, do it already ."

"Hmm, last I checked, I didn't take orders from you. So no"

Adora lets out an agitated groan, flexing their hands from frustration.

"Please"…

"Please?"

Catra looks down on Adora, slowly running her hands down from their chest down their torso, lightly scratching their skin and inching to where she's perched on top of Adora's hips. She lightly grinds onto Adora, eliciting a sharp breath from them, followed by a slow shaky exhale. That caused a smile to grow on Catra's face, loving the kind of control she has over her warrior when they're alone together. She runs her hands back up Adora's torso, laying onto them with nothing but a lacy piece of clothing separating their bodies. She hovers over Adora's ear, breathing lightly into it, knowing exactly what reaction shell get from them, before whispering 4 simple words.

"Beg for it, Adora"

The heat inside Adora begins to strengthen, begging for release somewhere, anywhere. Adora lets out a mix of noises they didnt even know they could make. All thought got thrown out the window when they saw Catra in that red lingerie, her intoxicating scent not helping anything except their urge to throw her around and have their way with her. But they had to be good tonight, hence the whimpering.

"Please" barely a whisper comes out of Adora, struggling to control themself.

Catra moves her hands up to Adora's neck, running her claws lightly through their hair, and this was the final straw for Adora. They moan from all the sensations coming together, unable to control themselves anymore. Catra notices this and slows her movement, not wanting to over stimulate them. She waits patiently until Adora comes back to reality, removing the blindfold and handcuffs to give them back full control.

A hum comes out of Adora after a little while, motioning for Catra it was safe now.

She slowly begins to run her hands through Adora's hair again, this time more therapeutic.Adora's eyes slowly shut, humming at the

calming motion.

"You like that?"

"Mm."That gets a slight smile from Catra.

"Cute. Ireally like the undercut, by the way . t suits you"

Adora smiles at the comment. A slight tint forms on their cheeks, still not used to compliments. "Thanks, Cat. t just feels more me I guess."

"Hmm."Catra hums in response. They lay like that for a minute, her plans for the night put on pause as Adora rests their head on Catra, enjoying the calm of it all. After a while, a yawn is heard under Catra, causing a chuckle to come out of her.

"Getting tired there?"

"Hmm, it' s just very relaxing what you're doing."

"I know ."

There's another minute of silence before Adora whispers out a few words. f it wasn't for Catra' s sensitive hearing, she might have missed it.

"Thank you, Catra. For everything"Catra softly smiles.

"Of course idiot, anything for you."
