Take All Myself

by ResFlower

Summary

"Are you sure? You want me to fuck you?" She teases the beginning of the toy into Catra and then pulls it out again.

She groans loudly. "Yes fucking get on with it!" She snaps, turning her head to glare at Adora over her shoulder. A lot of the effect is lost given her vulnerable position and how her hips keep pushing back, questing for friction.

Adora reaches forward putting her hand on the roots of Catra's hair, tugging so that she is looking Adora in the eyes, head pressed firmly to the bed.

"I'll fuck you when I want to and you're going to stay still and wait for me. Or do I need to spank you again?" She asks gruffly. She lets go of her hold on Catra's hair and moved her hand between Catra's shoulder blades, right where her name was embossed on the letterman.

She can see Catra's body tensing as she processes the words. She bites her lip indecisively, probably thinking about being a fucking brat to get spanked again. "I won't let you come when I spank you," Adora warns.

Adora steps into her bedroom. She isn't quite sure how well things are going to go tonight but she has some hopes. She stretches onto her tiptoes for a moment trying to shake the last of her nervous energy as she thinks about what's waiting for her.

Catra is inside, lounging on the bed, a perfect picture of disinterest as she refuses to meet Adora's stare. Adora knows better. She can see her fingers curling into the bedsheets and the twitch of her head as she forces herself to remain aloof.

"This isn't what I asked of you Catra." She notes as she pulls off her shorts, leaving her in just her briefs and a white undershirt. She'll make it hard for Catra to ignore her. She knows how the scene is meant to play out, but a thrill still shoots through her as Catra turns to her and eyes her defiantly.

"I don't have to do what you want me to do." She says arrogantly as she lays back, stretching out on the bed. She's naked except for Adora's letterman, which doesn't even cover her dark hardened nipples. She might as well be naked, which is the point. Adora drinks the sight greedily.

"If you aren't going to do what I ask for then maybe I should just punish you." She says offhand as if it didn't matter to her one way or another. She tries not to clench her thighs but it's a close thing. The idea of spanking Catra doesn't quite do it for Adora but having her under her command? That creates enjoyment in spades.

"Maybe you should." Catra breaks character, her eyes dilating as she watches Adora strip out of her shirt. She grins at her girlfriend, enjoying the way her eyes rove over her with obvious want.

Adora sits on the edge of the bed patting her lap. "Come here." She tries to make her voice commanding but she doesn't think it gets passed gentle. She can't help it, Catra looks so beautiful sitting up on her knees and slowly crawling over to Adora.

Catra obeys, laying onto Adora's lap face down, leaving herself exposed to Adora's eyes and touch. She knows Catra talked about this particular fantasy but it feels unbelievable to see her breathing shallow, aroused beyond belief and Adora has barely touched her yet. She takes in the sight of her flushed skin, her tiny whines and qivers. Adora would give her something to whine about.

She reaches out and touches the small of Catra's back with one finger, gently. She drags the finger up the jacket, outlining the words Cey on the back. She knows when Catra realizes what she's doing because she tries to hide her smirk on the sheets. Adora tugs Catra's face so she can see it while she is still laying vulnerable on her lap. She doesn't want to miss a moment of this.

"I'm going to spank you now . If you want me to stop, call out red." Her voice broke softly . "If you want anything to stop you can just call red alright?" She reminds softly . Catra nods her head, eyes still full of excitement.

Without further warning she brings her palm down on her right cheek, a loud smack vibrating in the air between them. Catra's body contracts, flinching at the sharp sting. But a moment later it relaxes, her eyes growing hazy as she leans her face into Adora's other hand. Adora takes a moment to watch the color rush in Catra's tanned skin where she hit her.

She alternates between softer hits and sharp slaps along her ass and the tops of her thighs. Catra stays mostly silent, occasionally hissing out at some of the tougher hits. The whole time she maintains eye contact with Adora unless her eyes are strewn shut in pleasure. While she spanks her, she uses her other hand to gently touch Catra's face, the line of her jaw , her beautiful nose, her high cheeks. Any part of her she can touch she does, whether it's with gentleness or brute strength.

Adora doesnt stop caressing and hitting until she can feel Catra dripping onto her lap. She runs her hands over her ass, letting her

fingers dip lower for a moment. Catra gives her a shuddering breath her hips jerking at finally being touched where she most wants.

"Oh baby you're so wet. You like that huh?" Adora marvels, forgetting for a moment that she's supposed to be punishing Catra.

Catra whimpers, defiantly trying to keep her noises from Adora. She looks down at the gorgeous woman in her lap. That just won't do.

Adora smacks her again, harder this time on her other cheek. She lets out a loud moan, eyes glazing over as she stares ahead now.

Adora then rubs the warm flesh from the small of her back where the jacket ends down to Catra's mid-thigh, carefully rubbing out all of the tender spots.

"You took your punishment so well." She breathes the praise onto her girlfriend, placing soft kisses on her face as she melts. "Are you ready for a reward?" She asks, not wanting to overwhelm her.

She looks up at Adora with bright curious eyes. Adora's deviating from what they'd initially agreed on but she's hoping that Catra won't mind too terribly.

"I'm always ready to be rewarded." She shoots back with a raised eyebrow, although some of her swagger is lost to her breathlessness.

From all of her twitching and half-bitten moans, Adora suspects that she could make Catra come just from spanking her alone. The thought tugs low at her gut. It would have to be an experiment for another day.

She teases two fingers inside of Catra feeling no resistance as she does so. She holds Catra's back down with the other hand, making sure she doesn't fly off of Adora’s lap.

"Take it Catra. You always take it so well." She compliments eyes bright as she takes in the sight of her fingers disappearing as she adds a third.

Catra's eyes roll into the back of her head, her hips moving back to meet Adora's thrusts. She turns Catra onto her side so that she can reach her clit, rubbing it gently while she pressed her fingers steadily into her.

"Adora. Fuck!" She curses as she closes her eyes, body tightening as she comes. Adora leans forward, folding herself over Catra and holding her as she comes down from her orgasm.

She gives Catra a few minutes, letting her catch her breath as she nuzzles into Adora's lap.

"Are you ready to be good for me?" She asks sternly , knowing this is what Catra really wants. To be punished and then to be good.

"Yes." She heaves. "I'll be good. I'll be *so* good. Please."

She gently lifts Catra off her lap and puts her down on the bed where she immediately sinks down.

"No sweetheart. On your knees for me." She says as she tugs on her hips.

Catra complies, her head still on the bed as she lifts her ass up to Adora. She looks obscene, her pussy shining and twitching from her last orgasm.

Adora couldn't help herself, she grabs both of Catra's thighs and squeezes them while she leans forward and starts licking her in earnest. Catra tastes so fucking good, she never wants to stop.

She listens to her gasps and moans knowing she's close already. She lets one of her hands reach higher and grab onto Catra's warm

ass palming it. Right as Catra starts tightening around her fingers and tongue she pulls away, ignoring Catra's frustrated whine.

"That's not how you really want to come is it?" She asks, as she wipes her face on a corner of the bedsheets. Catra looks back with dark eyes as Adora takes off her briefs and adjusts the strap she put on in preparation for the scene.

It was a bit uncomfortable when Catra was laying across her lap but it is well worth it now that Catra is staring at her with surprise and lust.

She runs the strap along Catra's slit, enjoying the way her legs tense at the feeling of it. "Whose is this?" She runs a finger through her slick again then grips her hip for good measure, rubbing the strap against her again.

"Yours." She answers softly , openly.

"Are you sure? You want me to fuck you?" She teases the beginning of the toy into Catra and then pulls it out again.

She groans loudly. "Yes fucking get on with it!" She snaps, turning her head to glare at Adora over her shoulder. A lot of the effect is lost given her vulnerable position and how her hips keep pushing back, questing for friction.

Adora reaches forward putting her hand on the roots of Catra's hair, tugging so that she is looking Adora in the eyes, head pressed firmly to the bed.

"I'll fuck you when I want to and you're going to stay still and wait for me. Or do I need to spank you again?" She asks gruffly. She lets go of her hold on Catra's hair and moved her hand between Catra's shoulder blades, right where her name was embossed on the letterman.

She can see Catra's body tensing as she processes the words. She bites her lip indecisively, probably thinking about being a fucking brat to get spanked again. "I won't let you come when I spank you," Adora warns.

Catra's face falls into a cute pout. "You did last time." She complains.

"I was being too nice to you and now look at you." She slaps her ass softly but Catra moans all the same. "Not listening to instructions or being a good girl like you said you would." That makes Catra stop, turning her face into the pillow she's lying on. "Be good for me or I won't let you come at all."

Catra looks like she wants to argue but thinks better of it. She's glad because Adora isn't sure if she can keep teasing her for very long.

She finally brings the strap to Catra and slowly slides in. She watches her girlfriend sigh and shoves herself backward, the toy disappearing into her inch by inch.

She sets a rhythm, holding Catra's hips as she presses forward and back. She can't help but stare at her name stretched across Catra's back as she pistles her with every thrust. Catra is hers, her love, her girlfriend, the only one who gets to see Catra like this is her.

"Harder Adora please." She begs, her hands splayed on the mattress trying to keep herself stable as Adora does as she asks.

"Who do you belong to?" Adora grunts with effort, legs shaking as she tries to keep a steady pace. She's distracted by the way Catra looks and how the strap hits her just right. The fog of pleasure is overwhelming now and she has no choice but to give into it.

"You." Catra sends back instantly before letting out a soft sigh. She digs her heels onto the carpet and moves faster, the movements outright shaking the bed and making it creak. She barely notices though—nothing can tear her from the sight of Catra whimpering into

her pillow, her arms clutching the sheets as she meets each of Adora's thrusts.

"I'm yours Adora. Please come for me." It comes as a needy whine and it takes Adora over the edge. She feels everything inside of her freeze and then releases before she falls over from sheer exhaustion.

She can't hold herself up anymore laying atop Catra, trying to keep her hips moving but not really succeeding. Catra laughs a little, wiggling as she moves so the strap slips out of her.

"Hey, I wasn't done with you." Adora's still gasping and her legs feel like jelly.

Catra eyes her critically. "Sure you weren't baby." She pulls Adora up full onto the bed and under the covers, snuggling into her.

"But you didn't come. You sure you want to stop?" Adora asks. She can probably pull some energy out from somewhere.

"Um did you miss my orgasm when I was literally screaming in your lap, or did you just not notice that part?" Adora rolls her eyes at the comment but shifts to hold Catra closer, nuzzling her hair. "I mean you know I don't always get there with penetration alone and honestly I'm kind of sore so I'm good to just snuggle."

She nods against the top of Catra's head. Her own orgasm caught her by surprise, and they'd been going for a while.

"You were amazing Cat. You're the best girlfriend I could ever hope for." They'd only been dating for six months but Adora was pretty sure found her soul mate. She rubs a hand down the length of Catras back, pulling her close and cuddling her.

"How was that for you 'Dora?" Catra asks once she'd caught her breath a little while later. Adora leans in and gives her a sweet kiss on the cheek.

"I really enjoyed it." She says pressing more kisses on her shoulder.

"No guilt?" Catra gives her a wary look.

Adora gives her an even one. "No guilt." She runs her fingers along Catra's scalp and thinks about it. "It helps a lot knowing that you love me and that you know I love you. That I don't want to hurt you or make you feel bad."

They'd talked at length about leaning into the rougher side of sex now that they'd been together for a while and Adora hadn't felt as weird as she had the first time they tried it. She'd finally felt confident enough that she would be okay trying a more set scene for the first time and she's so glad she did.

"Well, you definitely didn't make me feel bad." She smirks as she kisses Adora fully. She melts into the kiss. Everything they did today was fun, but she definitely missed being close to Catra and kissing her while she brings her over the edge. "You made me feel ridiculously good Adora. It was everything I imagined and more because it was with you."

She places a kiss on her forehead. "I'm really glad you liked it. I really liked it too. To be honest, I liked spanking you way more than I thought I would." She admitted. The last time had left her feeling so conflicted, but how could she feel bad when it was so obvious Catra was enjoying it?

Catra makes a noise of acknowledgment then leans back a bit to look at Adora more fully. "So, you going to take that thing off?" Catra's gaze goes down to the harness Adora is still wearing. It isn't a huge toy so she'd kind of forgotten about it.

"In a minute." Now that she's reminded of it, the harness is digging into her skin but she wants to lay with Catra for just a little longer.

"I love you." Her heart feels full as Catra looks at her with deep affection.

"I love you too, dummy ."She pulls at the letterman and removes it so she can lay flush against Adora. She hums as she runs her hands gently over Catra's body, soothing any knots or bruises she comes across.

"Y ou know, I'm yours too."Adora says seriously . "I don't want you to be mine if I don't get to be yours too."

"I know 'Dor . It'll be you and me, together at the end of the world." She laughs and places a soft kiss on her lips. Adora smiles, feeling her heart throb for Catra. She hopes it always does.

End Notes

I was in a bit of a writing rut this week and then this happened and I don't what to tell y'all. Everyone seemed a bit hung up on the jersey scene from the original story so I thought it might be good to write a scene that's a little less soft between them in this universe.

As always, comments and kudos make me the happiest clam. Follow me on Twitter (@KatesFlower1) for more sapphic content and some interactive challenges!

Next Week: Chapter 19 for Things that Stay/Things Left Behind (my Divorce AU). Buckle up y'all we are approaching the end FAST.
