Leashed Kitten

by KingBlaine

Summary

Adora doesn't want to be a weapon, so she found one way to ensure she doesn't remain a soldier until if/when she's needed. Fortunately for her, there's one person who'd love to make sure the plan succeeds without a hitch, a certain monarch to a recovering planet.

Notes

Chapter 1: Context

"Well this is unexpected."

After the fall of the Galactic Horde, Adora has had no purpose beyond acting as a soldier, something she wants no part in any longer. She's fought for far too long just trying to survive, much less help a rebellion that relies on her to defeat their greatest foes. Only a select few see her as more than a soldier, if not an outright weapon, and as such, she's taken drastic measures to ensure she never fights again. She can't take anymore, and if that means letting herself break, so be it.

In the former war room, now delegated the meeting hall, the Queen's rulers notice how "She-Ra" is now collared and leashed to her new mistress's seat, how she nuzzles into Catra's lap, trembling from her desire for her beloved's touch. This planet's ruler lightly traces her powerful nails across her beloved's skin, loving how she shivers from the lightest touch, making sure she never applies too much force.

"That's… an unconventional attire choice," an agricultural expert comments with surprise, still processing what they're seeing.

"Apparently I'm… legally Catra's slave, binding too," the former warrior murmurs, shuddering as Catra purrs softly, never letting up with the pleasure.

"But slavery's illegal, punishable by 50 years in prison!" the marine expert balls, not believing what they're hearing. "How is this possible?!"

"It's a long story," the feline monarch confirms, her hold on her good girl never wavering. "Long story short, yeah, I was unsure about enslaving my kitten too; it just seemed a bit too excessive without a good reason. It just so happens neither of us want her to be used as a weapon again, and what better way of proving it

by making her the last legal slave on the planet, thus making taking her from me without cause illegal?”

Adora continues to nuzzle into Catra’s lap, cooing from the tender fingers tracing across her skin. She’s safe, no need to fight, and nobody can take her. She’ll happily be her love’s slave for the rest of eternity if it means never fighting without cause, and knowing there’s nothing to fear beyond that brings peace she never knew she desired before.

”But… what about the populace?! Surely the public will be outraged their ruler will come off as a hypocrite!” a public relations officer points out, briefly shrinking down from Catra’s glare in their direction. “It’s just… we implemented anti-slavery decrees, your own decrees!”

”Good point. Let everyone else know Adora and I agreed on the slavery thing. Even went to a planet where it used to be legal just to make sure we got the right paperwork and proper understanding,” the feline woman retorts, not daring to argue before adding, “Folks are still rattled after *you-know-who* trashed the universe. As far as most people will care, someone keeping ‘She-Ra’ won’t care anyway. As long as there’s peace on a galactic scale, so be it.”

Her tone oozes with the unspoken dare, wanting someone to explain how she might be incorrect, how the universe doesn’t just want to heal. Unfortunately for the committee, their overall ruler is correct. It doesn’t matter to the populace whether or not She-Ra is free for the most part, most people don’t even know who she is without the transformation or if she even goes anywhere. The few who do and want her to remain a weapon have eyes on them, daring them to steal from Catra, and now Adora’s safe from both prying eyes and potential threats.

”Now then, what about the metal reserves? How long until miners will be hired as soon as possible?” the towering woman asks with intrigue, her fingers gently scritching her good girl’s hair. “We don’t want to suffer any shortages, not now.”

It takes a moment for everyone to get back on track, the former warrior unable to stop nuzzling and cooing from the affection.

By the time the meeting finally comes to an end, Adora is growing restless, her mind filled with ideas of lust and Catra. She wants nothing more than to be her good breeding kitten, refusing to act on her urges no matter how great they become. She doesn't dare express such desires until she's given the word, focusing on her queen's gentle hand to ensure she doesn't focus on anything but her mistress.

The door finally closes, leaving both the ruler and her personal slave alone as she tenderly confirms, "Nobody else is here. Good job staying obedient the whole time, kitten."

The queen helps her good girl to her feet, her right hand keeping a hand on her good girl, the other with a firm hold on her leash. Any need to yank has been rendered obsolete; her blonde love has been nothing but a good girl from the start. She watches as her good girl's lust grows by the second, shuddering with every step but refusing to let her desires take over. She wants nothing more than to make Catra proud, the soft purrs from above confirming she's doing excellently.

"Shhh… It's okay, kitten~ You're safe~"

A kiss to the top of the former warrior's head nearly brings Adora to her knees, nearly melting as the door to their chambers finally opens, allowing her to moan without complaint. There's no need to even fear exposure, wrapping her arms around her mistress's waist, shuddering as she buries her face into her warm bosom.

"*There's* my kitten! You're saving your real thoughts for me alone, aren't you~?" Catra trills, effortlessly lifting her up.

"D-Didn't wanna bother anyone else," the sub murmurs, struggling to think of anything beyond the woman keeping her safe.

"Babe, there's literally nothing anyone can do to stop me from spoiling you. You'll submit your restraint one of these days~" the dom purrs, carrying her to bed, the snacks and water already prepared. "Now, what's on your mind, kitten~?"

"...Gentle, please~"

The honesty results in a reward, Catra more than happy to press kisses to her good girl's cheeks first, her hands starting at Adora's cheeks before carefully trailing down. She can see the throbbing beneath her good girls pants, how she struggles not to spurt in an instant, and yet she's desperate to submit completely. She can resist for as long as she wants, nobody can change that the queen sees her beloved as a precious kitten. If every touch turns her into a puddle, then it's only fair she rewards good behavior by turning the former She-Ra into a lake.

"S-So good~" the shorter woman whimpers, shuddering as she submits by the second. "Catra~"

"No need to think about anything but whether or not Mommy's crossing a line~" her towering partner teases, her tone briefly turning stern. "I'm not crossing any lines, am I?"

"Of course not," Adora confirms in a small yet certain voice, more than eager to straddle Catra's lap like the good girl she hopes to be. "If you did, I would've said something. You'd do the same."

Her confirmation only incentivizes both women to further submit to their instincts, and with the rest of the day to them, there's no reason to delay for a second longer.

Chapter 2: First Course

Chapter Notes

If there's any errors, please let me know.

To Catra, stroking her good girl stupid never gets old. The way she squirms into her chest, how her suckles grow stronger the closer she gets to orgasm, the way her eyes water with tears of joy whenever she's called a good girl. Few people can be told they melt Queen Catra's heart, and yet the one person to do so consistently is the very slave in her lap.

"Shhh… Good girl~ Just let yourself submit, there's no need to do anything else but drink~" the feline ruler praises, one hand tenderly holding onto Adora's. "Just be a good girl and drink, and Mommy will make sure that needy cock or yours is drained soon enough~"

Her strokes are slow, deliberate, never quite fast just yet. Each finger is pointed out, claws refusing to even risk scratching her beloved's twitching cock. Adora suckles nice and deep, Catra's leaking nipple flooding her mouth before gulping it down into her stomach, which serves to feed her hunger and her lust by the second. The former warrior's sensitivity seems to grow with each passing moment, her hands reaching up to knead her mama cat's breasts. If she's gonna feel good, then Mommy should too.

"Oh~! Such a desperate kitten~ Don't worry, Mommy's loving turning you into a needy little mess~" her mistress purrs, her hand reaching down to massager her beloved's sack. "Mmm~ Looks like someone's got a bit of a cummy ache~ Is that why you're so desperate~? You need Mommy to drain these sensitive nuts, don't you~?"

All Adora can do is briefly nod before returning to drinking Catra's milk. She needs more, to know her love is here and that nobody can take her away. She knows it's a selfish way of thinking, but

while she's been a weapon, she remembers how her queen has been in danger before as well. She's not the only one who suffered; the least her beloved deserves is the chance to know she's safe as well, something the feline woman knows all too well. Just feeling her good girl suckle her warm milk and lightly pawing at her soft chest brings her all the relief the ruler could ever desire.

"Mmm~ Such a good girl~ You're being a good kitten, baby girl~" the towering woman praises, her own pawing at her slave's full sack bringing her closer to release. "Mommy's right here. You don't need to think right now, just let yourself submit to the pleasure you deserve~"

Such praise only makes the queen's personal slave melt further, nuzzling deeper as she suckles with what little strength she can muster. She can feel her body shudder and spasm as her twitching tip oozes pre-cum, only serving to lube up her aching member, desperate for her dom's tender touch. She can't think of anything but spraying her sperm all across her hand, to let her know her every action makes her devolve further into an addiction for her. Her weak grasp tightens only slightly, refusing to let Her Majesty think her efforts are for naught, even by proxy. She gave her a purpose beyond fighting, the least she deserves is to know her efforts mean something.

"Oh~ Look at you, someone doesn't want Mommy to be neglected, hmm~?" Catra coos, her hand reaching up along her good girl's cock. "Don't worry, you can let out all that pent-up seed inside me soon. For now, just let me spoil you a little longer~"

All Adora can do is nod, her stomach filling with the rich milk she's come to love. Warm, thick, creamy, just a little sweet, and all the more reason to drink. It's proof that both she and her love are safe, that everything they've done before has been worthwhile, and a reminder to not take her new life for granted. At least in this makeshift slavery, she knows where she stands and she knows she won't be thrown away. At least with her few friends in

the know-how, she can guarantee there's no mistake of why she became what she is now. Words alone cannot express her love for her queen, and she'll be her needy little pleasure slave for eternity if need be.

Catra, all the while, can't think of anything she'd want to do more than drain her good girl dry. Her stroking refuses to decrease in speed or tightness, wanting her good girl to not be overwhelmed too soon. As much as she wants to turn her into a puddle right away, to make her beg for Mommy to drain her dry, she knows that's not what Adora would want. What her beloved deserves is the chance to know she's safe no matter what, to know that as long as she's her slave, the remnants of the Galactic Horde itself can't even get near her. Her good girl's survived far worse, and until she's possibly needed again, she'll never suffer without a good reason, not so long as she draws breath.

A twitch catches the attention of the planet's monarch, her grin widening as she whispers, "You're about to cum, aren't you? Is Mommy's good girl ready to cum~?"

The slave can only nod, desperate as she unlatches, her belly full with milk and her eyes glazing over from lust as she whimpers, "Please~ M-Milk me, Mistress~ Please~"

"Not 'Mistress', *'Mommy',"* the dom lightly chides, helping her good girl sit up, keeping her ear to her chest, the queen's purr drowning out everything but her voice. "You're my kitten, not some random woman. Color?"

"Green... M-Mommy~"

"Just making sure, baby girl. Now cum~"

As much as Adora may try, she can only last for so long without spurting. Hot ropes pour out of her, Catra's palm catching everything with little issue as her remaining hand keeps her good girl's head atop her breasts. Her steady heartbeat is like a lullaby, more so when mixed together with the sound of her queen's

purrs, nearly sending the slave into a frenzy. She bucks her hips upward, heat encompassing her mind as she makes her desperation known, her mind melting as the stroking continues again and again, her tip pulsing with every drop that pours forth. All the smaller woman can do is whimper and spray with what little strength remains, only able to gaze upward at the woman who gives her her greatest reason to live.

"There we go~ Good girl~" the queen praises once more, kissing the top of her head before raising her cum-stained hand. "Now hold still, Mommy's going to make sure this mess doesn't go to waste~"

"Y-You don't need to~" Adora whimpers, unable to move.

"You're right. I could just wipe it away, but I don't like wasting my food," her dominant partner whispers, leaning down to whisper, "and Mommy won't ever throw away your seed~"

Soft gulps follow as Catra consumes every drop, a satisfied hum following as she listens to her good girl gasp softly from the sound. She never gets bored of the surprise, how even now listening to her own cum get swallowed never stops surprising her needy little slave. It just means Catra has more reason to milk her, and she'll make sure every drop is consumed or converted into energy before she even thinks she can go to waste.

"Now, let's take a minute to relax~" the queen purrs, embracing her beloved nice and close. "I don't want to overwhelm you, not until you're inside me~ I'm not overwhelming you now, am I?"

"I-I would've said so," the subby woman confirms, her slightly older partner sighing with relief upon hearing the confirmation. "Thanks for asking. I didn't t-think you'd consent to 'enslaving' me."

"Yeah, it's a little odd, but I'm not letting the Rebellion treat you like a tool," her queen murmurs, her tone filled with love to her

good girl. "My kitten deserves a happy ending, no matter what the extremists think~"

Adora can't help but wrap her arms and legs around her queen's torso, touched by such words as her desire and love for her continue to grow, unable to fully express her gratitude without figuratively melting further.

Chapter 3: Second Course

Chapter Notes

If there's any errors, please let me know.

If there's one thing Catra's come to love, it's breeding with her good girl. An ultimate act of trust and affection, the most clear-cut way both the slave and her mistress are able to show their love for one another is both absolute and mutual. The Queen keeps a gentle hand on her good girl's cheek, gently pulling her leash to guide her into position, her eyes never tearing from Adora's.

"You've been so good so far. I think someone deserves a little treat, maybe something to help empty that sack of yours~" the taller woman coos, lightly rubbing her thumb along her love's face. "Remember our safewords?"

"G-Green is good, Yellow's s-slow down, Red means s-stop, and Pink is m-more," the sub whimpers, nuzzling deep into her love's bosom. "I'm feeling Green. You?"

"Green as well, kitten," the queen confirms, licking her lips as she locks her legs around Adora's waist, her good girl's tip right against her entrance. "Either tap me or say something if it becomes too much. Mommy would never hurt you, remember that~"

And with a firm pull of her legs, Catra pulls her beloved inside, her beloved's soft gasp following as she spasms from the pleasure. Adora can only buck her hips like the good girl she hopes to be, wishing to show her beloved's efforts have all been worthwhile. She can't think of anything else she can do or say, barely able to even whimper as she looks up at her queen, who's smile is confident yet gentle.

"That's it, buck your hips~ My kitten needs to let out all that cum before she falls asleep~" she teases, feeling her love thrust

already, obedient as ever. "Yes, there you go~ Just fuck Mommy until you can't even think straight~ Just let your instincts take over and let yourself submit to what you're supposed to be~ What are you~?"

Adora doesn't dare let up, shuddering as she bucks and thrusts with all her might, clinging to her mistress with all her might. She can hear the occasional moan, proof the pleasure she feels is what her beloved is experiencing as well, proof everything's going perfectly.

"Y-Your kitten?" she moans, gentle hands grabbing her head and burying her between the feline woman's warm breasts.

"That's right~ Nobody owns you but me, at least legally. Even if someone were to take you from me, which is pretty much impossible, they'd have to fend me off," Catra purrs, tilting her head down so her beloved can hear her clearly, "*and nobody will take you away from me~"*

Just the idea that she can be protected is all she could ever want. To be wanted not for being a weapon, but because she's more than just that. Such ideas only serve to motivate Adora, tears of bliss streaming down her cheeks as she buries her face deeper into Catra's chest. The warrior doesn't want anything more than to be her dom's beloved kitten, and she'll tear through the entire universe if it means knowing her queen is safe. Her thrusts only grow stronger, the leg lock only tightening as Catra's own moans grow louder by the second.

"D-Damn~ Looks like I really have you going~" the taller woman coos, one hand keeping her good girl's head right where it belongs. "I think I'm cumming, and so soon~! Color?"

"Green~"

Just the idea of knowing Catra's cumming motivates Adora further, mewling as she bucks into her with what strength she can muster up. She can feel her clench around her, how her purrs are

drowned out by moans as her legs lock tighter around her sub's waist. She can try to deny it, but the slave knows she loves being her love's pleasure provider.

"S-So tight~" she murmurs, barely able to keep going, slowing down just to be safe. "Color~?"

"Green, kitten~! Flood me~!" the queen commands, her grin wide and her desire for her beloved unyielding. "Fuck, the perfect cock on my perfect girl~!"

Adora doesn't even consider disobeying, eyes wide as she fucks her beloved with all her might. She can feel her sack clench from the buildup of both seed and bliss, trying to resist for as long as possible, wanting her mistress to enjoy every second as well. Even as her legs unlock, giving her good girl the chance to pull out if need be, Adora's comfort doesn't diminish in the slightest. She's where she believes she belongs, her dom's powerful arms not once wavering.

"Kitten, cum~! Pump me full~!" the dom nearly pleads, knowing her beloved is doing her best. "Yes~! That's it, let it out~!"

In the end, Adora can only resist for so long. Her entire body as she finally allows herself to orgasm, eyes rolled back as she pours every drop of seed she has left deep inside her mistress. Her beloved's hold only tightens as she experienced a second climax, her beloved's face buried between her bosom to remind her she's safe all the while. She loves the feeling of her good girl submitting completely, knowing she'll never believe she's anything else but her beloved's. Catra's good girl becomes weaker, her thrusts losing their power as she finally drops, unable to move an inch more than needed.

"Such a good girl~ My kitten did so well~" the queen praises, tenderly placing kisses across the top of Adora's head. "Look at you, you can barely even see straight~!"

All the slave can do is pull out, but only barely. Her once-rigid cock is now completely soft, twitching from the stimulation as her dom keeps her in a tender embrace, purrs all the needy sub can hear anymore, her own hold little more than a hug.

”T-Too much~?” Adora murmurs, shuddering even from a gentle headpat.

”I was green, kitten~ You did amazingly~” Catra praises, reaching one hand to scritch her good girl’s hair, the other to trace along her back. “What about you?”

”Green~ Wanted you t-to like it too~” the submissive woman admits, shuddering as she briefly nuzzles deeper. “I did good~”

”Indeed you have~ Now, let’s clean up and then we’ll give you what you deserve~”

They know one thing for sure: that aftercare suddenly seems quite enjoyable.

Chapter 4: Dessert

Chapter Notes

If there's any errors, please let me know.

A warm shower to wash away both the sweat and the grime, a small meal to ensure neither of them suffer from exhaustion anymore than necessary, some warm pajamas to make snuggling all the more comfortable. It's simple, but they wouldn't have it any other way. A slave collar and accompanying leash are set on the table as Catra lightly traces her good girl's neck, softly laughing upon remembering the meeting earlier that day.

"Did you see the looks on their faces? Yeah I'm probably gonna get some crap for it, but slavery? Really?" she gloats, looking at the contract she and Adora signed once more. "None of them even mentioned the fine print."

Right at the bottom, Adora's slavery is confirmed to be little more than a relationship play title given legal writing. To both women, it's closer to a marriage contract dressed up as something far more insidious, a defense mechanism to ensure nobody tries to so much as approach the slave without risk. The mention of "dissolution of relationship upon either emphasis or abuse being reported to the nearest governing body" just emphasizes the truth of their bond.

"We're probably gonna look bad unless we show that part," the submissive woman murmurs, nuzzling into her love's shoulder. "Think we should mention that, just to make sure we're not really… you know?"

"To the other officials? Yeah, we should probably make sure of that. Last thing we need is another war, especially when there's nothing to rise against," the queen muses, her claws tenderly tracing her partner's back. "As for everyone else, we can wait a

few weeks, just to make sure nobody gets any ideas. You're still my kitten, after all."

Adora briefly smiles, nuzzling softly into her dominant partner's neck as she turns her into a blissful little kitten. Just the idea of being unneeded for war is all the motivation Adora needs to remain hers. She can't help but mewl softly, wanting to let herself submit further than before. She doesn't want to think anymore than she needs to, she trusts Catra to do whatever she feels is best.

"Look at you, such a needy little mess after everything~" the ruler teases, her hands reaching to cup her good girl's cheeks. "You've done so well after pumping me full~ Now, how about you rest your head where your favorite lullaby's just waiting for you~?"

The idea of hearing her favorite melodies makes Adora nod and nuzzle into Catra's chest once more. She doesn't dare move an inch more than she needs to, content to merely rest her ear atop where her mistress's heart thumps with slow, powerful thumps. Her love's tender purrs of bliss only serve to further amplify the bliss she feels. Her queen isn't just at peace, she's happy.

"…What did I do to deserve you?" Adora whispers, the need to sleep slowly creeping in.

"I don't know, something about saving the universe, and giving me more chances to turn around than I deserved," the ruler coos softly, holding her beloved extra tight. "Keeping you from being a weapon against your will? Honestly the least you deserve, all things considered."

Adora doesn't murmur a word more, only able to mewl on instinct, happy tears in her eyes as she nuzzles slightly into her partner's chest. She feels so safe, so loved, and at least in Catra's eyes, she earned her happy ending.

"…You deserve a happy ending too," the smaller woman comments, trying her best to stay awake. "You… could've stayed

bad, but you're trying to… be better and change things for the better. Bad people don't… really do that if you ask me."

Catra never thought too much about such a viewpoint, and the more she thinks about it, the greater her love for Adora grows still. She sees her mistress truly does want this planet to become something better, something untainted by the Galactic Horde any longer. There's so many things she could've done since its fall, and instead of being a tyrant, she wants to ensure something more peaceful alongside the Rebellion can be established. That she won't let her good girl become a tool only proves Adora's point, at least to the former warrior.

The queen doesn't dare utter a word as she embraces her beloved extra tight, touched by her words of comfort. If she truly earned her happy ending, then she's going to work as long as she must to prove she deserves it. Just as Adora risked her life many times to ensure the war finally came to an end, she too deserves her ending, and Catra refuses to let anyone take that away from her.

"…Love you, Catra."

"Love you too, Adora."

No more words are needed to be said between the two. All that's left is to snuggle up and embrace one another beneath the covers. The universe is healing, their friends no longer have to fight, and they themselves can both heal and ensure the coming future is in favor of this new peace.

Needless to say, everything's going to be alright.
