Putty

by Jingujiwa

Summary

"What are you planning to do?" The question comes out more of a whisper without meaning to.

And then, as though she's trying to kill her on the spot, like her one goal all along was to take all the breath out of her body and leave her speechless, she utters a line of words Adora would have never in a million years believe that Catra would say.

"I'm going to service you."

And Adora chokes on air.

Notes

See the end of the work for notes

There's nothing, Adora thinks, that she loves more than Catra.

Catra, is without question the most beautiful and elegant woman to ever exist. And, despite her track record, is one of the kindest people Adora's ever known- saving the fact she still tries to build an emotional wall around herself that very, very few people are allowed to break past.

But not for Adora. Never Adora. Adora gets to witness all of her soft moments, her gentle moments, and her "less-than-perfect" moments. She gets to be with her for all of her highs and lows, gets to support her through it all, and gets to celebrate her relentlessly when she comes out the other end. She'll groan and complain while rolling her eyes, but Adora knows how pink her cheeks get.

She gets to re-learn all of her old tics- and the new ones, too. She gets to go to sleep peacefully every night without the threat of war looming over her shoulders. Knowing she is by her side again- this time for the long run, and getting to wake up to the most beautiful sight in all of Etheria. It's been five years since the war ended. They're established, they're in love, and they have their own life started just outside the woods of Brightmoon Castle.

Adora is currently on her way back home for the day. Having spent hours at one of the local villages chasing down the beast that has been terrorizing the small town and its crops, and quickly relocating it somewhere far enough away from other villages, she is tired, hungry, and exhausted. She wants nothing more than to crawl into bed holding her soft girlfriend. When she steps into their home Catra is already waiting for her by the door. She leaves her no time to react before she's grabbing her wrist and pulling her inside the cottage, slamming the door behind them. Any previous thoughts of slipping into bed for a quick nap with her girlfriend is quickly forgotten. Adora has hardly any time to speak a greeting or ask what's happening before her perfect, plush lips are on hers in a matter of seconds. She mumbles something short of Catra's name in the process, soon quickly lost in the soft

embrace of her girlfriend. After a few moments of hushed silence, Catra pulls away to stare at her intently, pupils dilated and focused on Adora’s flushed face.

“Uh, hi,” She finally stumbles out.

Catra smirks, pressing the palms of her hands against the blonde’s chest and leaning in closer, nose almost brushing hers. She can feel the heat radiating off of her just from the thin fabric of her turtleneck.

"You've been gone all day, 'Dora."

She supposes she has. She knows the sun had just risen when she left their cozy bed this morning and had spent some time getting dressed and making breakfast before leaving for the day, and now the sun in the sky seems to be setting as well. She also knows, at this point, where Catra wants this to go. Pushing her against the door, hands on her breasts, pointing out how long she's been gone- Adora may occasionally struggle with social cues, but never with her. Catra's ears are pricked forward in interest, her tail sways lazily behind her. She missed her, and she's horny.

She grabs one of the hands on her chest and brings it up to her lips to press a delicate kiss against the knuckles. "I didn't mean to take so long. Did you miss me?" Like she doesn't already know the answer.

Catra hums, head tilted up and appraising her with hooded eyes and dusted cheeks. Adora takes a moment to breathe in the sight of her. As she said, the most beautiful woman in Etheria. “Where do you want this to go, sweetheart?” She has her hand pressed against her cheek now, her thumb idly rubbing against the side of it as she looks into her vibrant eyes. Catra smirks again, this time wide enough to show her tapered fangs.

“Take me to bed,” She demands.

Adora smiles before kneeling to waist height and sweeping her right arm under Catra's knees, breaking her stance and catching her with her other arm before hoisting her up to her chest in a quick embrace. Catra lets out one of her cute shrieks as she grips Adora's shoulders and it's quickly followed by an equally cute giggle. Gods, everything about her is just effortlessly *cute* . Adora shoulders open the door to their bedroom and quickly shuts it behind them with her foot. She carefully drops Catra to the bed and begins to toe off her dirty boots that she will probably get accused of tracking through the house later, but who can hold her accountable when her girlfriend comes in hot like *that* . It's unfair. Meanwhile, Catra begins to push aside the mound of blankets and pillows they have lying on the bed to make herself more situated.

Adora snorts. "I'm putting a hold on buying any more pillows and blankets for the foreseeable future."

"No, you're not," She scoffs.

"You're a notorious pillow hoarder."

"Can't help it, I'm *nesting* ."

"Wh- that's not even a thing you do!"

Catra finally turns back to her to stick her tongue out and blow a raspberry. "Sometimes we do."

Adora can't help but notice the sultry undertone she keeps with the comment. She recognizes there's a hidden message there, but chooses to pocket it for the time being.

"You done getting situated, baby?"

"Almost," she says, sitting up on her knees. "Lay down, hot stuff."

Adora freezes pulling off her tightly knit shirt mid-way. "I- uh, what? I thought-"

Catra stands up on her knees more, pressing closer to Adora once again. She leans on the arms that are crossed her chest and still holding her shirt, tail swaying behind her playfully. "You thought- what? That I was gonna lay there and let you do all the work?" *Yes.* "Not today, Princess."

"You look pretty when you lay there," she blurts.

Catra blushes, eyes creasing but not letting her smirk drop as she looks at Adora. "Just come here, baby. This is about you."

Adora, despite her hesitance, steps forwards into her lover's beckoning hands. For a moment, Catra places them on her hips, resting them there before she caresses her hip bones with the pads of her thumbs. "Do you want to stand there or lay down?"

At this point, Adora has no idea what her girlfriend's plans are. She knows and trusts Catra will take care of her either way and would never put her in a position she knew would stress her out or make her uncomfortable. Still, Catra is clearly in one of her dominant moods, and so Adora intends to *relish* it to its fullest.

"I'll stand."

Catra grins, clearly undeterred. "So be it."

Her hands move suddenly, leaving their perch on the dips of her hips and finding new leverage on the hem of her trousers. She re-adjusts herself on the mattress, sitting on her side and leaning on the curve of her thigh by moving her legs behind her. She gives the blonde one last complacent, sultry look before her dexterous fingers are moving toward the button and pulling down the zipper, leaving her hand just above the bulge in her pants. Adora feels her breath quicken in par.

"What are you planning to do?" The question comes out more of a whisper without meaning to.

And then, as though she's trying to kill her on the spot, like her one goal all along was to take all the breath out of her body and

leave her speechless, she utters a line of words Adora would have never in a million years believe that Catra would say.

"I'm going to service you."

And Adora chokes on air.

"Just stand there and look pretty," she winks. She swears her cheeks have never been more red.

Catra moves her hand from the bulge in Adora's pants and pulls them down the side of her legs until they're resting lazily around her knees. Adora would probably feel more embarrassed about being in such a compromising position if she wasn't in the privacy of her own home facing the most unbearably sexy, exquisite, perfect goddess before her. But- gods, she's so pretty. And cute. And hot. She's just…*everything.* How could she focus on anything but her? She's dragged out of her thoughts when she feels the magicat's nimble fingers on the hem of her boxers, and they once again lock eyes. She lets the silence convey the words she's feeling but can't push out, and Catra knows her well enough to understand its meaning. Slowly, she pulls the boxers down as well, keeping eye contact as she does so. Her eyes are hooded and lethargic, and slits of the purest turquoise and the most expensive gold move to follow her cock as it slips out of her underwear, already semi-hard. As she lets them slide down to meet her pants, Catra gently glides the points of her nails up the curve of Adora's thighs, over the dips of her hips, and back down again, leaving a wake of goosebumps over her skin in the process. She cranes forward gently, pressing her cheek just to the side of her erection, and slides her palms around to rest just under the curve of her ass before squeezing there gently. She can feel the ghost of her sweet breath hit the length of it- which only serves to quicken its process, and the rumble of Catra's weak moan against her groin.

"I'm definitely going to take my time with you," she keens.

Adora can only usher out a weak ‘ *please´* in response.

Catra slides forward, pressing her soft lips against the base of her dick in a sloppy kiss, nose half buried in the unruly thatch of blonde hair there. She moans again, this time moving down slightly to follow a trail of kisses around the base before switching to the other side. She feels her breath quicken again at the sight of her girlfriend's eyes closed in focus and the length of her dick rested against her cheek for a single quick moment. This is the picture of a dream. Of midday fantasies her younger self had in the Horde with Catra, where she had to will herself to stop imagining scenarios of the magicat before her on her knees in the showers, or stolen away in the middle of a battle. Catra, who was too bold and too headstrong to even be on her knees for anyone, but now lays lazily on the bed before her. She wants nothing more than for her to take the length of her cock into her mouth in one fell swoop, pretty pink lips shining with spit as they're stretched around the base of it. She knows, however, that her lover very much intends to drag this out as long as possible. "Catra, *in* ," she groans, slipping her fingers into the long locks of wild hair at the base of her neck and squeezing.

Catra peaks up at her, still trailing wet kisses against the base of her dick. "I'm taking my time, 'Dora. Or did you forget already?" She quirks her brow in question.

Adora forgoes answering her and grunts, taking the hand that's tangled in her mane and pressing her face forward into the crevice of her dick, but not hard enough to hurt. Catra moans and Adora can feel the rumble of it against the skin there. At this point, she's fully hard as she continues to press open-mouth kisses around the base of her cock.

"Adora," she croons, running her tongue along the base. One hand comes up to gently cup underneath her, the other delicately lifting her shaft to give herself leverage before moving to lay on her stomach. "I need you."

Adora bites her lip as she looks at the magicat's blissed-out face. "Then take me."

She finally darts her tongue out and drags it along the base of her cock again and again. She stops for a moment at the underside of her shaft, pressing her lips there and sucking lightly for a brief second before letting it go with a wet sound. The brunette places one last kiss there before opening her perfect lips and placing the flat of her tongue on it, sliding it up from hilt to tip as slowly as possible- definitely to torture the blonde. Adora breathes heavily as her plush lips finally reach her head. The hand in her hair tightens in anticipation as another quick kiss is placed there before promptly pulling away.

"Cat…" she groans. The pressure she feels right now is unlike any other. She feels as though she's seconds away from bursting all over her face- a welcomed sight, *yes,* but knows Catra will drag it out longer than she already has if she lets go now. She knows Catra enjoys that, but it isn't her goal right now.

She hums in acknowledgment before placing her lips back to the tip, sucking there firmly and swiping the precum from it.

"Do you think of me when you're out?" She mumbles the question, lips hitting the tip of her shaft as she talks. Her eyes are still closed.

The blonde lets out a breath. "Always."

She swipes it against her lips, leaving an extra shine behind.

"Do you know what I did today?"

"Tell me."

She traces the tip of her tongue over the head.

"I fucked myself," *Oh* . "Pretended it was you filling me, even though it was some toy."

She realizes Catra is watching her again, searching for the reaction she knows she's going to get. Adora's face is on fire yet again, but she can do nothing but stare back at her in turn. Catra

just knows all of her buttons like that, she knows how to get her going. Just like Adora knows her like the back of her hand, Catra knows her just as well.

"Almost felt like the real thing."

Adora lets out a displeased grunt. "Nice try."

Catra giggles in turn, bringing the tip of her leaking shaft to her lips once again. "What? I'm not doing anything," she taunts.

Any smart remark Adora was preparing is lost the moment Catra envelopes the head of her shaft in her pleasantly warm mouth. Her knees buckle for a second before catching her stance, hand tightening its grip on the base of the brunette's hair. It definitely works for Catra if her deep-throated groan is anything to go by. She doesn't move down, no, but continues to suck on the head, one hand gripped on the base of her cock. Catra continues her ministrations, cheeks hollowing but never moving down the length. Just that same pressure of her tongue against its head again, and again, and again. Adora is revered by many, but she's putty in the hands of one.

The room is filled with a chorus of *'ah's'* and mangled words close to *'Catra'* as she works. "I'm gonna-"

She cums so hard it's almost embarrassing. Catra hasn't even fully taken her and she's already emptying into her perfect mouth, *spilling* into her and she's just taking it all. Adora looks down at her lover in awe as she continues to suck, never breaking eye contact. Adora's chest heaves as she comes down from her peak. "You're perfect," she whispers.

Catra's tail swipes behind her as she releases her with a wet *pop* . The smile she gives her is lethargic, and the weight of her shaft rests against her cheek.

"Far from it. You, however- I need more of."

Before Adora can ask what she needs, she's flipping onto her back underneath Adora, hands coming up to grip her thighs for perch.

"Use my mouth, Princess."

And god's, she loves this woman. She loves her more than anything Etheria can provide her, more than life itself. She inches forward, not quite ready to dive in so quickly, and brings her palms to cup the rosy cheeks of Catra's face. She's looking up at her from below, eyes dilated and eager, but not pushing Adora to hurry.

"How do you want it?" She settles on saying.

Catra doesn't hesitate. "Rough. I've been thinking about this all morning."

Adora hums, taking her pointer finger and tracing it across her glossy lips, taking a second to pull her bottom lip down. The magicat's eyes slip closed as she relishes the soft touches on her face.

"Open."

Catra's jaw falls lax as she keeps her fingers on her chin, thumb still playing with her bottom lip. She moves to press the tip of her cock against her lips.

"Rough, baby. Are you ready?"

She squeezes her thigh in affirmation, and she slips in. Catra grunts, furrowing her brows as her grip on Adora's thighs tighten, nails pricking the skin. Adora's only halfway in, not wanting to start too hard and too fast at risk of hurting her.

"Snap twice to stop, sweetheart."

At hearing no protest, she continues to slide into her, pressing all the way into the hilt. Catra's hands squeeze tighter, knees angling

up on the bed as Adora lets out a low groan while she plunges in. " *Oh* , Catra," she moans wistfully. "You're perfect."

Catra whines.

"You're such a good girl, you know that? How could I not think about you all day?"

Adora plunges in again slightly rougher this time. She can see her throat bob as she trusts.

"Good girl, taking all of me."

The sound Catra releases in response is downright *filthy.* Adora doesn't know what it is about sex with Catra that makes her so emboldened like this. She wouldn't necessarily consider herself a shy person. She never feels more confident than when she directs soldiers to follow a battle plan or strategy she conceived, and the presence she feels herself have on the field is downright exhilarating. But the problem lies in everyday affairs. Meeting people, striking up conversations with them, small talk? She just doesn't get it. Being here, in her own dwelling built of privacy and comfort and safety, she finds a new-found sense of bravado. It's just, Catra makes her feel *loved.* She knows that if she makes a mistake, if she somehow slips up, Catra may tease her- but she won't actually care. She's so patient with her, and she knows when she needs support, or if it's just something to laugh off. Catra simply makes Adora feel safe to come into her own and explore her desires. And if the magicat's reactions are anything to go by, she's doing *well.*

Adora continues to thrust into her mouth willfully. She can feel the grip of her hands on her thighs still, and how she's trying to keep her fingers slightly lifted to not pierce her skin. It still does, and the sting only excites her more. She brings her hand down and firmly places it on her bobbing neck, harsh breaths pushing out of her chest with each thrust, and begins to caress the skin there. She can feel her throat bulge with each push, each time the muscles on her neck tighten with each swallow, and the hot brush

of air from her nose on the back of her wrist. Their otherwise quiet room is filled with the distinct sound of soft ' *slaps* ' and moans from Catra's occupied throat. She can feel the pressure in her belly tightening once again. When she looks down, she sees that Catra's eyes are still closed, lost in pleasure, but her eyebrows are raised. She's close, too. Adora decides then that she wants them to meet at the finish line together. She leans over Catra's lithe body, keeping one hand on her throat, and reaches the other to the warm spot between her legs. Immediately, she begins to use her fingers to rub Catra's clit through her leggings in a harsh circular motion. Catra keens, letting out a high-pitched squeal and shooting her hands up higher to grip the backside of Adora's ass, nails definitely piercing skin this time. So be it. Adora likes it, it means she doing her job well.

Adora continues to rub in circular motions, warm moisture seeping through the fabric of her leggings more and more with each stroke of her fingers. She doesn't miss the way Catra's breath quickens either. Her legs can't seem to find the position they want to be in, switching between open and closed with each upward thrust of her hips.

" *Catra…"* Her name slips without her meaning to. Her heart simply wills it into existence.

Too soon for her liking the cord inside her snaps and a wave of cold pleasure washes over her entire body, leaving her crouching over as she lets loose a guttural open-mouthed moan. But to her extreme satisfaction, she finds that Catra has peaked as well, willowy frame arched off the bed as she pants heavily through her nose. Her hands leave Adora's body and without any words, she knows what she's searching for. She meets her halfway, twining their fingers together as they both come down from their highs.

Adora pulls out slowly once she stops cumming, tapping Catra's cheek lightly before doing so. She simply lets out a soft moan before opening her dilated eyes to look up at her, lips suctioning to make sure she takes every last drop with her as she goes.

The blonde smiles down at her dopily. “You’re amazing, you know that?”

Catra stretches. “Mm. Tell me something I don’t know,” She jaunts. Her voice is deliciously raspy.

“Cat, seriously. You’re so gorgeous. And beautiful. Incredibly sexy, divine. You’re so…good.”

Adora knows she set herself up for that one when Catra suddenly leers at her. “Oh yeah? What happened to your ‘ *good girl,’* Adora?”

Adora rolls her eyes dramatically, pulling her boxers back up in the process since the air around them was getting too cold for her liking. Catra raises her arms, making a grabbing motion with her hands to bring her back down closer to her. Adora relents- as if she wanted to fight it, anyway, and lets her girlfriend take her head into her hands. She bends back down, letting her nose bump awkwardly against Catra’s chin before placing an open kiss on her plump and well-fucked lips. They stay like that for a moment, breathing each other’s air and basking in the presence of their life built together.

The ‘ *I love you’* remains unspoken, but heard twice as loud.
